

Myth Beyond 1491

Chapter 1491 Gathering Of God Emperors (1)

Yu Wuying didn't say anything about this question, and Zi Wei could see the unwavering determination to protect Yun Lintian in her eyes. Once he made a move here, she wouldn't hesitate to follow. A battle between two God Emperors would undoubtedly cause a massive disturbance to the entire Eastern Divine Region, which was not good for them.

Zi Wei said further. "The agreement in the past was invalid the moment he stepped into the Divine Realm. I want to see how many people continue to stand on your side. The temptation of the Beyond Heaven King's inheritance is difficult to resist."

"Are you talking about us?" Suddenly, a lazy female voice resounded from the depth of the starry sky.

When Zi Wei glanced over, he saw Murong Mengyi and Hong Hualian slowly float over.

His eyes narrowed slightly as he said. "I thought you two were going to hide further."

"Don't pretend to be smart here. I know you have never caught our presence." Hong Hualian laughed. "It's been more than ten thousand years, yet you still act like an expert. Not everyone is as fool as your stupid worshippers, do you know that?"

Zi Wei's expression didn't change in the slightest as he was used to Hong Hualian's sarcastic remarks.

Murong Mengyi arrived a few meters away from Yu Wuying and said. "It's been a while, Sister Ying."

Yu Wuying looked at her and said softly. "Thank you for coming."

She knew that the purpose of Murong Mengyi and Hong Hualian for coming here was to prevent Zi Wei and the others from fighting here.

?h? ? ? ?h? ? ?

"What are you talking about? We are good sisters, aren't we?" Hong Hualian said while coming to Yu Wuying's side.

She then turned around to look in Zi Wei's direction and said. "We have already shown up. How long are you two going to stay there?"

"Hahaha. We met again, two fairies." An old man appeared in everyone's sight with laughter. This person was no other than the Eastern Ocean God Emperor, Hai Bolin, whom Murong Mengyi and Hong Hualian met outside the Azure World last year.

Behind him was the Star God Emperor, Xing Wanshen. He floated above everyone without saying a word.

"You actually dared to send your avatar over again, Xing Wanshen?" Hong Hualian glanced at him and said gloatingly. "It seems you have spent a lot to make up for the injury last time. Tsk, tsk, tsk. The Star God Realm is indeed rich."

Xing Wanshen ignored her and glanced at the barrier around the Heavenhold Realm with a frown. The last time his avatar got destroyed by the Dragon Sealing Formation outside the Azure World left a severe backlash on his true body. This time, his avatar was far weaker than before. It was impossible for him to break this barrier by himself.

Hai Bolin stroked his beard and said with an amiable smile. "I know that everyone doesn't want to cause trouble here. How about we play a simple game here? Whoever loses has to retreat."

"Don't try to play a trick here, old fossil. We're not afraid to fight all of you." Hong Hualian curled her lips. "Besides, who gives you the confidence that you can beat us?"

"It's me." A childish voice suddenly resounded, and a ten-year-old-looking boy clad in white slowly emerged from the void. I think you should take a look at

Hong Hualian and Murong Mengyi's expressions changed when they saw the harmless boy; he was the Thousand Faces God Emperor, Qian Guimo. He played a significant role in the Beyond Heaven King's downfall in the past.

"The three of you are beautiful as always. I couldn't help but want to take those faces away. It will definitely be a good collection." Qian Guimo licked his lips as he stared at Murong Mengyi and the other two greedily. His voice was childish but sent a chill running down everyone's spine.

The Thousand Faces God Emperor was well known as a psychopath who loved collecting people's faces. He would peel his enemy's face after killing them, and the way he did was so disgusting that everyone would run away as soon as they saw him.

His notorious deeds were condemned by the Beyond Heaven King, and he was suppressed for tens of thousands of years because of this. It was also why he bore a grudge against the Beyond Heaven King.

The appearance of Qian Guimo changed the situation directly. Under his coercive aura, the three of Murong Mengyi felt as if there was a mountain above their heads.

"What do you think about my proposal? We can solve it without shedding a single drop of blood here. It's a good thing for both sides," Hai Bolin said with a smile.

Murong Mengyi glanced at Hai Bolin and asked. "Have you ever thought about why the news of him spread so fast? Who was the first person to find out?"

"It doesn't matter." Hai Bolin stroked his beard. "Once we catch him, everything you said will be meaningless."

Murong Mengyi turned to Zi Wei and then Qian Guimo as she spoke. "It seems both of you have no idea as well. Why don't you ask Hai Bolin and Xing Wanshen about what happened last year?"

Qian Guimo glanced at Hai Bolin and said. "Tell me."

Hearing this, Xing Wanshen frowned slightly. "Why are we wasting time here when we can suppress them directly?"

Qian Guimo curled his lips as he glanced at Xing Wanshen. "We? Don't count me as your comrade. Besides, I'm not talking with a coward who doesn't dare to bring his true body over."

Xing Wanshen looked at Qian Guimo coldly and chose to remain silent in the end.

Hai Bolin smiled and said. "It's nothing. We met the Dragon Princess there. More precisely, she activated the Dragon Sealing Formation to chase us away."

"Oh? So the rumor is true, huh?" Qian Guimo was surprised.

He turned to Murong Mengyi and asked. "Are you trying to use her name to suppress me?"

Murong Mengyi replied plainly. "All of you obviously know that Ren Yuan was behind this. While he likes to hide behind the scene and manipulate things, counting how much hatred he has for the Beyond Heaven King, don't you feel it strange for him to do this?"

On the side, Hong Hualian covered her mouth and giggled. "Obviously, he treats you all as cannon-fodders, yet you still obediently come here. Hehe. I don't know what to say anymore."

Chapter 1492 Gathering Of God Emperors (2)

Hai Bolin was as calm as ever. The words from Murong Mengyi and Hong Hualian didn't seem to affect him in the slightest.

He revealed his signature smile as he spoke. "With the news spread out, the Dragon Princess should be anxiously coming here by now. But where is she?"

Qian Guimo and the others frowned slightly upon hearing this. Everyone knew how obsessive Long Qingxuan was for the Beyond Heaven King. It was unlikely she would stand by and watch his successor being surrounded like this.

Where did she go?

Hai Bolin chuckled and continued. "And even if she did come later, no one knows how much she has recovered. Don't forget that the Dragon Sealing Formation is a forbidden formation that requires a sacrifice. She spent most of her time in the lower realm. I don't think she can return to her peak state."

He stroked his beard and said confidently. "Actually, the fact that she didn't appear until now had explained everything. She simply isn't ready to show up."

"As expected from a former merchant like you. You can surely sell everything." Hong Hualian curled her lips. "But a merchant is a merchant at the end of the day. Except for having good selling skills, you aren't aware of other things at all."

Hai Bolin stopped stroking his beard and looked at Hong Hualian strangely. His mind spun rapidly, trying to figure out the meaning behind her words.

"Seeing how stupid you are, I will give you a hint." Hong Hualian said with a meaningful smile. "Did you forget what I am good with?"

Hai Bolin's expression changed drastically upon hearing this. Before he could do anything, he suddenly heard his subordinate's urgent voice in his mind. "Master, something happened! A group of rebels suddenly appeared out of nowhere. All of our major cities have been destroyed directly."

?h? ? ? ?h? ? ?

"What!?" Hai Bolin, who was usually calm, lost his composure instantly. He glared at Hong Hualian and said gloomily. "Very good, Hong Hualian. You're very good!"

Each word of his contained boundless anger ready to erupt at any moment.

Hai Bolin didn't expect Hong Hualian to plant her people in his home without him knowing. Although his Eastern Ocean God Realm wasn't that weak, it was entirely different when it was caught off guard like this.

Hong Hualian brushed her hair behind her ear and said charmingly. "Don't give me a compliment like that. I'm flattered, you know?"

Qian Guimo and the other two God Emperors could guess more or less about what happened from Hai Bolin's reaction. Without a doubt, his house was being robbed right now.

A hint of uncertainty appeared in the depths of Zi Wei's eyes. He had completely forgotten that both of them controlled most of the brothels and dancing halls in the Divine Realm. He wasn't sure whether Murong Mengyi and Hong Hualian had arranged something like this for his realm.

"Since you used an underhand method, don't blame me for doing the same." A cold glint flashed through Hai Bolin's eyes, and a blue bottle gourd appeared in his hand. Instantly, a torrent of water shot out from the bottle gourd and formed into a massive tidal wave, engulfing the Heavenhold Realm.

Murong Mengyi had already expected this. A white wheel silently appeared in her hand as she threw it out. The wheel expanded rapidly, spinning and launching a barrier to stop the wave.

At the same time, Xing Wanshen made his move. His entire body was radiated with starlights and solidified.

However, before he could make a move, a water arrow suddenly traveled across the void and smashed into Xing Wanshen's chest. With a bang, his avatar, which was already weak, exploded into pieces directly. I think you should take a look at

Standing above, Qian Guimo looked at Yu Zhilan, who was retracting her bow with great interest. Her reaction speed could easily be on-par with a God Emperor. Once she truly stepped into the God Emperor Realm, she would undoubtedly become a renowned figure.

"A beauty with talent like this should be kept in my collection." Qian Guimo licked his lips. His small body blurred slightly and reappeared behind Yu Zhilan without causing any energy fluctuation. He then reached out to grab her right shoulder and crush it.

Bang!

Qian Guimo's speed was insanely fast that even Hong Hualian couldn't react. Yu Zhilan's shoulder was shattered directly under his hand.

"Ugh!" Blood spurted out as Yu Zhilan groaned in pain.

"Keke... What a nice melody. I want to hear it more." Qian Guimo licked the blood on his finger. His eyes were full of pleasure as he watched Yu Zhilan retreat to the distance.

Hong Hualian's expression changed drastically. Her Divine Sense always locked on Qian Guimo but failed to intercept him.

Immediately, a fire lotus appeared on her hand, and when she was about to throw it out, a violet thunderbolt abruptly emerged from the void and rushed toward her. Hong Hualian had no choice but to use the fire lotus to repel the incoming thunderbolt.

"Your opponent is me." Zi Wei stared at Hong Hualian coldly as his entire body was covered with violet lightning sparks.

Hong Hualian's expression turned solemn. Qian Guimo alone was already too much for her to handle. With Zi Wei joining, she wouldn't be able to fight on both sides.

"Leave Qian Guimo for me." Suddenly, Yu Wuying's voice resounded from behind.

Before Hong Hualian could reply, she saw Yu Wuying appear behind Qian Guimo like a ghost. Her speed was even faster than Qian Guimo's earlier movement. She held a deep blue sword covered with water in her hand as she thrust toward Qian Guimo's heart.

BOOOM—

The water around Yu Wuying's sword transformed into a spiral torrent, blasting against Qian Guimo's heart and directly opening a bloody hole in his chest.

Qian Guimo turned his head in difficulty to look at Yu Wuying. A streak of blood could be seen pouring out of the corner of his mouth as he struggled to speak. "You..."

Just as Yu Wuying was about to finish him off, Qian Guimo's neck suddenly snapped in half, and his body was reduced into a blood mist directly.

"Watch out!" Hong Hualian shouted anxiously at Yu Wuying while repelling several thunderbolts.

At this moment, a similar ten-year-old-looking boy appeared behind Yu Wuying as he said playfully. "You've destroyed my favorite face. How are you going to compensate me?"

Chapter 1493 Rain God Emperor's Might

If one looked closely, one would see the current Qian Guimo's face was entirely different from before, and his body was also shorter. Even his voice changed as well. It was as if he had become a totally different person.

In Qian Guimo's tiny hand, a black-as-ink knife could be seen. He didn't give Yu Wuying a chance to react as he had brought the knife toward her heart, where she had attacked him earlier.

Puff!

The black knife mercilessly pierced Yu Wuying's heart from behind, causing her body to tremble.

"Got you." Qian Guimo licked his lips when he saw this scene.

When everyone thought Yu Wuying was finished, her body suddenly exploded, turning into water droplets.

Qian Guimo's expression froze, and he suddenly felt a cold sensation from behind. His instinct kicked in, and he activated his movement technique in almost an instant.

Puff—

Blood mist erupted from Qian Guimo's left shoulder and sprayed all over the place. His face darkened as he saw his arm fly into the air. Under the blood mist that had spewed out of his shoulder, a black light that could devour everything erupted out of his body, covering everyone present and various middle-realm stars that had been pulled into an incomparable calamity.

Great shock appeared in the hearts of Zi Wei and Hai Bolin. Especially the former. He had never thought Yu Wuying's strength was so great. She was able to keep up with one of the most powerful God Emperors in the Divine Realm and even hurt him!

Amidst the darkness, Yu Wuying's god emperor surged up as she pointed the sword toward the sky. The sword was a famous divine artifact called the Rainmaker. It was a god-emperor among artifacts, powerful enough to cause all the artifacts in the universe to bow before it.

?h? ? ? ? ? ? ?

The water current around the sword spun crazily and shot toward the sky before blooming into a rainstorm.

BOOOM—

The rainstorm and darkness collided in midair, producing a divine explosion and instantly splitting the world in two. Half of it was filled with a heavy rain, the other half was dark and devoid of light.

The space in an entire five thousand-kilometer radius around them instantly exploded, creating wild spatial currents which crashed about like wild and stormy waves.

Hiding in the darkness, Qian Guimo stared at Yu Wuying coldly. He, along with the Heavenly Desolate God Emperor, the Everlasting Soul God Emperor, and the Violet Thunder God Emperor, were renowned as the four strongest God Emperors of the era. But who would have thought that Yu Wuying's strength wasn't inferior to him at all?

"As far as I could remember, you were his closest disciple. It seemed he taught you a lot of tricks." Qian Guimo said coldly. "You have been concealing your strength for so long. You're not regretted exposing it here at all?"

In his opinion, Yu Wuying could continue to stay low-profile and wait for an opportunity to deal a fatal blow to him and the Beyond Heaven King's enemies at a critical moment later. Exposing it at this moment was no different from throwing her trump card away for nothing.

Yu Wuying didn't say a word. Her god emperor's power surged up once more, and the rainstorm instantly devoured the darkness, pushing toward Qian Guimo.

Qian Guimo's face darkened. He raised the knife and stabbed the air before him. In that instant, a gigantic force burst out, stirring up spatial storms in the darkness and rushing toward the rainstorm.

Spatial storms were already something that was peerlessly terrifying, but under Qian Guimo's god emperor power, they were several times more terrifying than any spatial turbulence caused by nature. I think you should take a look at

BOOOM—

The moment two terrifying forces collided, an explosive detonation, which engulfed everything, gave birth to a cosmic storm—the most terrible disaster known to all living creatures!

The cosmic storm began to wildly and crazily stir up the starry sky, engulfing everything in its path.

Hong Hualian and Murong Mengyi's expressions changed drastically. They instantly appeared before the Heavenhold Realm and released their powers to conjure several layers of protection around themselves and the middle-realm stars behind her.

Meanwhile, Zi Wei and Hai Bolin didn't hesitate to withdraw. They used everything they could to get out of there.

Amidst the explosive cosmic storm, Yu Wuying pointed the Rainmaker toward Qian Guimo. The spiral water current around the sword erupted, and the rainstorm around her grew heavier, tearing the entire space.

BOOOM! Crack!

The rainstorm crashed directly into the cosmic storm and entirely engulfed the latter in one fell swoop. After that, extremely dreadful spatial storms ripped themselves into countless pieces and spread across the starry sky before disappearing along with the previous calamitous darkness Qian Guimo released.

The following shockwaves lasted for a full minute, and when everything returned to its original calm state, Qian Guimo, Zi Wei, and Hai Bolin were no longer there.

Yu Wuying stood calmly in the rain as her Divine Sense spread over a vast area. Unfortunately, she couldn't find a single trace of Qian Guimo. It was as if he had just disappeared into thin air. Evidently, he intended to run the moment he made the final attack.

"Master." Yu Zhilan flew over and bowed respectfully. The wound on her shoulder was still there but no longer bleeding.

"Go back and treat your wound first." Yu Wuying glanced at her and said calmly.

"Understood." Yu Zhilan responded readily and disappeared from the place.

Yu Wuying's figure flashed and appeared beside Hong Hualian and Murong Mengyi. She looked at them and said sincerely. "Thank you for coming."

"Didn't I say before we are sisters? There's no need to be polite between us." Hong Hualian smiled charmingly. "Too bad. We let them go too easily."

"Qian Guimo's injury is not light. It will take him a long time to recover." Murong Mengyi said. She turned to Yu Wuying and asked. "What's your plan?"

Now, Yu Wuying had exposed her true strength, and it would certainly spread to every corner of the Divine Realm soon. At that time, Ren Yuan and the others would pay attention to her, and the advantage would be gone.

"Hmm?" Just as Hong Hualian was about to say something, she suddenly perceived someone was approaching them.

At this moment, a white-haired old woman clad in purple slowly appeared in everyone's sight. The bright moonlight could be seen around her body, leaving a gorgeous trail behind...

Chapter 1494 Priestess Of The Moon

The old woman didn't have a distinctive feature. If it wasn't for the moonlight around her, anyone who saw her would think she was an ordinary old woman.

The expressions of Murong Mengyi, Hong Hualian, and Yu Wuying changed slightly when they saw this person. They obviously recognized her identity.

The old woman stopped tens of meters away from the three and sighed softly as she looked at the surrounding traces of battle.

"We greet Senior Priestess of the Moon." Murong Mengyi and the other two came forward and said respectfully.

The old woman was the Divine Moon Clan's priestess, Yue Hua. She was a respected figure across the Divine Realm and was the main reason no one dared to attack the Moon God Realm after the departure of Hongyue.

Yue Hua's profound strength might not be comparable to a top God Emperor, but her power lies in divination. In the past, she had predicted many invasions of foreign forces and gave everyone sufficient time to prepare. It could be said the Divine Realm could still exist today because of her contribution.

She looked at the three and said apologetically. "Sorry. I was late."

"This is our duty." Murong Mengyi said. "I didn't expect Senior to come here personally."

Yue Hua glanced at the Heavenhold Realm that was covered with thick layers of barrier and said. "That little girl is over there."

Murong Mengyi and the other two were surprised. "Taotao is here? Why did she come here?"

"I did a divination to find her husband. As you see, my lifespan is about to reach the end of the rope. I need to prepare for the next generation." Yue Hua said with a smile as if it was nothing special.

??????.

Murong Mengyi and Hong Hualian glanced at each other and seemed to have the same idea... Yue Chuntao's future husband was Yun Lintian? It was too coincidental, right?

"Alas... Fate is surely mysterious." Yue Hua sighed softly. "I hope she doesn't attach her life to him as Hongyue did to that man."

Murong Mengyi and the other two could say anything in this regard. They were no different from Yue Hongyue. It was just that they were lucky enough to survive.

"Anyway, she is a part of the reason I came here." Yue Hua said calmly. "Fortunately, his successor is safe and sound. Otherwise, our Divine Realm will certainly cease to exist in a few years."

The expressions of Murong Mengyi and the other two changed drastically upon hearing this.

"Senior means...?" Hong Hualian didn't dare to speak her thoughts out loud.

"A greater calamity is coming. This time, it's several times worse than the previous one... All I see is endless darkness. Not a single shred of light can be found." Yue Hua's cloudy eyes filled with worries as she spoke this.

Murong Mengyi and the other two were shocked.

Yue Hua said further. "As much as I hate him, I have to admit that I'm inferior in terms of vision. He had planned everything from the beginning." "I think you should take a look at

She turned to look at the three and continued. "His successor is a seed of hope he left behind. I will use my old bones to protect him... Even if I have to kill again."

Her voice was plain, but Murong Mengyi and the others could feel a chill running down their spines. No one knew Yue Hua's strength better than they did. It was true that Yue Hua was expertized in divination, but it could be used in a battle. In the past, she had singlehandedly killed five foreign God Emperors on the same level as Ren Yuan.

Unfortunately, her power required her lifespan. That was why she couldn't continue to fight to the end of the previous battle.

Yue Hua looked at Murong Mengyi and asked. "Have you met him before? How's his personality?"

"I have never interacted with him directly myself, but my granddaughter is his senior sister. From her words, Yun Lintian is an extremely cautious person and will run if he can't fight the enemy. At the same time, he's overprotective when it comes to the people around him. He's willing to work hard instead of letting them take a risk." Murong Mengyi replied.

"It can be said Yun Lintian is an opposite pole of him."

A rare frown appeared on Yu Wuying's face when she heard this. She suddenly felt Yun Lintian was unworthy of carrying the Beyond Heaven King's inheritance.

The Beyond Heaven King, in her eyes, was a man of dignity. He would never run away from his opponent, even if he couldn't beat them. At the same time, he would never overprotect his people. After all, the world was cruel. They had to learn to protect themselves. No one would be there for them all the time.

Yue Hua let out faint laughter after listening to Murong Mengyi. "Maybe he knows a person like him won't last long while carrying his power on his shoulders. Alas, I had told him many times that his overly unyielding side would be his downfall."

"Well, the little guy he found seems to be more flexible. This is a good thing."

Hong Hualian curled her lips and said. "He's the Beyond Heaven King, after all. Without this unyielding trait, he would never go beyond heaven."

"Well, you're right." Yue Hua smiled.

Yu Wuying didn't want to continue on this topic. She suddenly asked. "Please enlighten us, Senior. What should we do next? Those people will never give up on him."

Yue Hua took a deep look at Yu Wuying and asked. "Disappointed?"

Yu Wuying remained silent for a moment and answered truthfully. "Since he chose him to be his successor, this person must have something. Although I'm disappointed, his personality doesn't affect my determination to protect him."

Hearing this, Yue Hua sighed in lament. "I've unraveled countless mysteries in my entire life, but this one will be something I will never understand... How could all of you fall for him?"

Murong Mengyi, Hong Hualian, and Yu Wuying subconsciously looked at each other. They themselves had no idea as well. Perhaps they were attracted by Yun Tian's strength?

It was like Yue Hua said. They would never understand it.

Yue Hua shook her head slightly and said. "All of you can go back. I'll stay here. That Little Boy Yue Qi told me they are currently training inside the Heavenhold Secret Land and will come out a year later."

Chapter 1495 Hypocrite

"The Heavenhold Secret Land..." Hong Hualian muttered. "If I remember correctly, a year outside equals a year inside. I don't know how much his strength will be improved."

She had learned a lot about Yun Lintian's deeds in the lower realm. His progress speed was monstrously faster than anybody she had ever seen so far. Not even Ren Yuan or the Beyond Heaven King himself could compare with it.

Hong Hualian had a hunch that the world's pattern would change again when Yun Lintian came out of the secret land later. It would definitely enter a full war mode.

Murong Mengyi looked at Yue Hua and asked worriedly. "Are you sure, Senior? I'm afraid Ren Yuan will never let this chance go."

It wasn't that she looked down on Yue Hua's strength, but rather knew about Ren Yuan's personality well. Once his initial plan failed, he would resort to a more violent method to achieve his goal. Perhaps he would call tens of God Emperors over to trap Yue Hua.

"Don't worry about it. He's too busy to come here." Yue Hua said with a faint smile.

Murong Mengyi was puzzled. She couldn't figure out the meaning behind Yue Hua's words. What could hinder Ren Yuan from coming?

"I'll let someone station around here. Senior can call me anytime." Yue Wuying said gently and decisively left. She was also worried about Zi Wei as he might take this chance to attack the Rain God Realm.

Hong Hualian cupped her fists and said respectfully. "Then we will take our leave first. Take care, Senior."

"Take care, Senior." Murong Mengyi cupped her fists and left with Hong Hualian.

?h? ? ? ? ? ?h? ?.

Watching the three disappearing into the depth of the starry sky, Yue Hua glanced at the empty space far away from her left side and said. "Since you're here, why don't you show up?"

Suddenly, a shadowy figure emerged from the void. The figure had no feature. It was simply a human-shaped shadow.

"Why do you have to join in this mess, Senior?" A plain male voice resounded from the shadowy figure.

"You should ask yourself this question. A dignified Everlasting Soul God Emperor who always advocates the righteousness, but keeps swallowing his own word left and right every time." Yue Hua sighed.

"Unfortunately, there are too many blind people in this world. They can't see your hypocrisy clearly."

The shadowy figure was one of the current strongest four god emperors, the Everlasting Soul God Emperor Ling Yongheng. He was renowned for his righteous and benevolent character. Every time he held preaching, there would be millions of people attended it. It could be said he was a spiritual leader of the Divine Realm.

However, most people here had no idea what sinister deeds he did behind the scenes throughout the years. His tentacles extended to every corner of the Divine Realm. The victims under his hand were too many to count. More importantly, he had also played a part in the Beyond Heaven King's downfall.

Ling Yongheng asked nonchalantly. "I'll ask Senior again. Are you really going to participate in this mess?"

"You keep saying it is a mess, but I don't think so," Yue Hua responded calmly. "On the contrary, you and your greed are the true mess here."

"It seems Senior has seen something." Ling Yongheng ignored her latter part and said faintly. "I think you should take a look at

"I have nothing to hide," Yue Hua said truthfully. "There will be a greater disaster coming in a few years later. This time, none of you can withstand it."

Ling Yongheng went silent. He had never doubted Yue Hua's words regarding a calamity prediction. Since she said this, it would definitely happen.

Yue Hua said further. "He's the Divine Realm's hope. Once he's gone, this place will be gone too."

Ling Yongheng spoke after a short silence. "I never doubted Senior's divination, but I believe there is no certainty when it comes to a future. Just like the last time."

"It doesn't matter to me what you believe in. It's not my duty to convince you. But it's true that there's no such thing called certainty in this world. Everything can be changed." Yue Hua responded calmly. "However, how did you know what happened in the past was out of my prediction?"

Without waiting for Ling Yongheng to reply, she said further. "This time will be no exception."

Ling Yongheng took a deep look at Yue Hua without saying anything. If he was honest with himself, he would admit that he had always had an uneasy feeling in his heart since the downfall of the Beyond Heaven King. It kept bothering him, but he couldn't find a source.

However, Yue Hua's words today gave him an answer. The source of his uneasy feeling must be the incoming calamity she saw.

"You should go back by yourself." Yue Hua glanced at him and said calmly.

Ling Yongheng let out a sigh and said. "You are truly unfathomed, Senior. Whenever I see you, I always feel like I am looking into a bottomless well. At the same time, I feel as if I'm being stripped naked."

"Alright. I won't participate in this for the time being." He said further. "But if he fails to live up to Yun Tian, I will definitely take his life away... Yun Tian's god-like power should not be in a weakling's hand."

Yue Hua smiled faintly and didn't bother to say anything further. Ling Yongheng's words represented his hypocrisy well. He was obviously greedy for the Beyond Heaven King's power but spoke as if he did it for the sake of the Beyond Heaven King.

"Farewell, Senior." The shadowy figure swayed slightly and disappeared from the place.

When Ling Yongheng's avatar departed, Yue Hua looked around, and those who were hiding in the starry sky gave up and left directly. Even Ling Yongheng didn't dare to confront her. What was the point of them staying here further?

Seeing there was no one around anymore, Yue Hua raised her hand slightly, and a moonlight condensed above it. She gently threw the ball of moonlight into the starry sky above her head. The ball of moonlight grew and turned into a bright moon that spanned several thousand kilometers, lighting up the starry sky.

The moonlight from the moon quickly wrapped around various middle-realm stars nearby, including the Heavenhold Realm, providing them layers of protection.

"Cough..." Yue Hua suddenly coughed, and a trace of blood slowly flowed out of her mouth. She wiped it off and murmured. "I hope there's enough time."

Chapter 1496 Improvement

"It's really difficult for me." Inside the Heavenhold Secret Land, Yun Lintian lazily laid on a rocking chair, basking in the sunlight. A year had passed, but for him, who spent most of his time practicing, it felt like time moved slowly. Every minute was like a year.

On the side, Yue Chuntao lazily chewed a breadstick and said. "How did you practice in the past?"

"Through battles and the relics." Yun Lintian replied casually. The time he stayed in the place and meditated in the past could be counted on one hand. That was why it was difficult for him to do nothing but meditate during this year.

"Oh, no wonder." Yue Chuntao responded. Compared to fighting and boosting his strength through a heavenly treasure, meditation was indeed boring. Especially for a young man like Yun Lintian.

"How about sparring?" Yun Lintian glanced at her and asked.

"No. You can ask Tian Yuhan about it." Yue Chuntao continued to eat snacks without caring. She came here for a vacation. Why would she work hard?

"That's it." Yun Lintian nodded and continued to look at the bright sky.

The entire area was filled with a lazy atmosphere leaking from the two.

In the distance, Ning Yue had just finished her training session and walked over. Seeing the two act like corpses, she couldn't help shaking her head.

During this year, Ning Yue never stopped training. She spent twenty hours a day on the training grounds and alchemy room. With the superb environment and tons of resources, her strength had already reached the peak of the Saint Profound Realm, a half-step away from the Monarch Profound Realm.

Moreover, her foundation was rock-solid. Her battle prowess was also abnormally high. She could easily defeat any middle-level Monarchs and be on par with a high-level one. As long as she continued with this pace, she would undoubtedly reach the Divine Origin Realm and above a hundred years later.

"Brother, do you want to take a look around?" Ning Yue arrived beside Yun Lintian and asked. "There will be a small competition below."

Yun Lintian didn't even move his body as he replied. "No. It's too boring."

??????, ???????.

Ning Yue rolled her eyes and sat in a vacant chair beside him. She poured herself a cup of water and drank elegantly.

Yun Lintian glanced at her and sighed slightly. "Our Yueyue is getting more beautiful again."

Ning Yue didn't even reach her coming of age yet, but her current appearance was like an eighteen-year-old girl. She grew taller and started to emit a feminine charm. Without a doubt, she would become a peerless beauty a decade later.

Ning Yue glared at him and said sternly. "When are you going to resume your training, brother? You have been lazing around for a whole month now, you know?"

It was not just her strength that had improved; the relationship between Ning Yue and Yun Lintian had also become more of a brother-sister. They would joke and play around without restraint. It was contrasted to a year ago.

"Ah... My Yueyue is not cute anymore. Time surely flies." Yun Lintian lamented like an old man.

Ning Yue gave him a punch and said. "Come, brother. I want to test my strength."

As much as Yun Lintian wanted to refuse, he couldn't say anything now, as Ning Yue had already dragged him into a vacant space nearby.

"Alright, alright." Yun Lintian said helplessly.

He stretched his waist lazily and asked. "Sword?"

"Mhm!" Ning Yue nodded and held a wooden sword firmly. I think you should take a look at

"Come. Don't hold back." Yun Lintian massaged his neck slightly and said.

Ning Yue took a deep breath and pointed the wooden sword at Yun Lintian. Her aura gradually surged. Suddenly, a bright green light flashed across Yun Lintian's eyes, and a pale green beam appeared before him. Everything happened in a split second.

"Not bad. Fast enough." Yun Lintian complimented as he raised his hand to slap the green beam away, sending it straight to a forest behind him. With a boom, several trees nearby were shredded into pieces.

At the same time, Yun Lintian discovered his legs were bound by a few thick vines, making him unable to move.

"Oh?" He was slightly surprised because Ning Yue did it so seamlessly, which meant her proficiency in using profound arts had already reached a high level.

At this moment, all signs of light instantly dimmed, covering the entire area in darkness. The darkness seemed to encompass and swallow everything, leaving Ning Yue in all her glowing splendor.

Ning Yue appeared before Yun Lintian with a bright green light surrounding her. A green arc descended from the sky and split into tree roots that struck Yun Lintian's head.

Yun Lintian raised his eyebrows slightly to look at the incoming sword intent. He had no intention of blocking it.

The wooden sword swept past Yun Lintian's head and smashed onto his left shoulder along with the condensed profound energy.

Bang!

There was a loud explosion, and the ground beneath Yun Lintian instantly sunk in, creating a meter-deep crater.

When the dust settled, Ning Yue's wooden sword was stuck on Yun Lintian's shoulder without moving. At the same time, there was no wound on his shoulder except for a tear on his robe.

Yun Lintian glanced at his shoulder slightly and said. "Not bad. You've managed to leave a scratch on my shoulder this time."

Meanwhile, Ning Yue felt numb all over her arm. When her sword touched Yun Lintian's shoulder, she felt like she had just hit a steel wall. It gave her the feeling that she would never break it, no matter how hard she tried.

Although this wasn't the first time Yun Lintian let her attack his body without defending, she was always amazed by his unbreakable physique.

"Your domain has improved a lot. It can block an opponent's perception for a short period. Your sword intent has also become several times sharper. An average monarch won't be able to block it." Yun Lintian expressed his thoughts.

Ning Yue retracted her sword and took a deep breath. "I'll work on it more."

Yun Lintian smiled and patted her head dotingly. "Just take a day off. Resting is also counted as another form of training."

Ning Yue hesitated briefly and said. "Alright."

In the distance, Yue Chuntao clicked her tongue. "He's really good at deceiving girls."

Swoosh—

Tian Yuhan suddenly appeared in the scene and looked at Yun Lintian. "Come with me. I have something to tell you."

Chapter 1497 Urgency

Looking at a huge blue orb slowly rotating in front of him, Yun Lintian asked. "So, what's wrong with it?"

The blue orb was the core of the Heavenhold Secret Land. All the heaven and earth aura, including the time ability, originated from it. Yun Lintian didn't know why Tian Yuhan brought him here.

"The core is gradually weakening. It's started an hour ago." Tian Yuhan replied.

"Weakening?" Yun Lintian looked at the core again through the Eyes of Heaven and saw the energy flow inside decline bit by bit.

"The core of this place and the Heavenhold Pearl are connected. Clearly, something happened outside." Tian Yuhan said further.

"What could possibly cause this?" Yun Lintian asked. He didn't know much about the Heavenhold Pearl.

"The only possibility is the realm is being attacked. And the attacker's strength must be strong enough. A top-level Divine Emperor at the very least." Tian Yuhan explained.

Yun Lintian frowned slightly. "Could it be the Dark Sea Palace?... That's not right. No one can contact with the outside world."

On the side, Yue Chuntao suddenly thought of something after listening to this. She closed her eyes, and a moon symbol on her forehead shone brightly.

Yun Lintian and Tian Yuhan looked at her curiously.

A moment later, Yue Chuntao opened her eyes and looked at Yun Lintian with a serious expression. "Your whereabouts have been leaked."

Yun Lintian's expression changed drastically. His mind spun rapidly, recalling the mistakes he made. However, no matter how hard he thought, he was certain his identity didn't leak out. At least, the ones who knew it, like Shen Yan, Qin Mei, and Xu Chang, should have no reason to leak it.

?, ? ? ? ? ?.

Meanwhile, Tian Yuhan remained silent. Although she was curious about Yun Lintian's true identity, she didn't want to inquire about it. However, it didn't mean she could stop thinking... What was his identity to make a top Divine Emperor attack the Heavenhold Realm without hesitation?

Yue Chuntao explained. "From what I heard, the news came from the Central Divine Region."

"From the Central Divine Region?" Yun Lintian was even more puzzled.

Suddenly, the scene where the mysterious giant hand attacked him on the way toward the Heavenhold Realm appeared in his mind... Could it be that person? But who was that?

Yue Chuntao's eyebrows raised slightly as she said. "The news spread very fast. If it were you, would you tell others about it?"

Yun Lintian shook his head. If he knew about the Beyond Heaven King's successor, he would never tell anyone and try to snatch it himself. Why would he attract more unnecessary competitors?

Yue Chuntao nodded slightly. "That's right. The one who spreads the news is either stupid or extremely confident in himself. Looking at the entire Divine Realm, only one person dares to do this."

She paused for a second and said. "The Heavenly Desolate God Emperor."

Yun Lintian was stunned, including Tian Yuhan.

Yue Chuntao said further. "He likes to hide behind the scenes and manipulate things as if he's playing games. He probably wants to see you struggle in his palm by telling the world about your trace." "I think you should take a look at

At this moment, Tian Yuhan couldn't suppress the curiosity in her heart anymore as she asked. "Who exactly are you?"

Yun Lintian didn't reply. He was thinking of a way to get out of this predicament. He was aware that his identity would eventually expose one day, but he didn't expect it to be this fast.

The first thing he would do after leaving the secret realm was to depart from the Heavenhold Realm as soon as possible so that he wouldn't implicate Tian Yuhan. As for where he should go next, he would need to ask Hongyue about it.

After practicing for a year, Yun Lintian's profound strength had already reached the peak of the Divine Spirit Realm. However, he still couldn't contact the Land of Beyond Heaven. It was as he had expected; maybe he needed to reach the Divine Tribulation Realm first.

Yue Chuntao turned to Tian Yuhan and said. "He's the Beyond Heaven King's successor."

Since the situation had already reached this point, it was necessary for Tian Yuhan to know Yun Lintian's true identity. Furthermore, Yue Chuntao didn't believe that Tian Yuhan had ever guessed about it. After all, Yun Lintian had revealed the White Tiger God's bloodline before.

It was as Yue Chuntao expected; Tian Yuhan recovered from the initial surprise in almost an instant. She took a deep look at Yun Lintian and said. "I did guess about it, but I just couldn't believe that a successor of the legendary figure appeared in front of me."

Everything made sense instantly after knowing Yun Lintian's identity. It would be surprising if those Divine Emperors didn't come here for him.

"How long could it last?" Yun Lintian looked at her and asked.

"Half a year if there's no God Emperor coming." Tian Yuhan replied truthfully. "I believe Hualing has already activated the protection."

"Half a year... That would be around fifty years here." Yun Lintian's eyes flashed with determination. He couldn't slack off anymore. Within these fifty years, he had to reach the Divine Tribulation Realm at the very least.

Yue Chuntao looked at his serious expression silently. In fact, she could tell him about Yue Hua but decided against it. This could be a good motivation for him.

"I'll go back first. You can tell me if there's a further situation." Yun Lintian said and left directly.

Tian Yuhan turned to Yue Chuntao and asked. "I want to ask you a favor. Can you contact my people?"

"You don't have to worry." Yue Chuntao said. "Your Heavenhold Realm is currently under Grandma Hua's protection. You can practice at ease."

Tian Yuhan was surprised. "Grandma Hua... You mean the Priestess of The Moon?"

"It's her." Yue Chuntao nodded admittedly.

Tian Yuhan was shocked. Yue Hua was a legendary figure and the highest senior of the Divine Realm. It was unexpected that she came here personally.

"However, her appearance might not be good news." Yue Chuntao said. She knew very well that it was impossible for Yue Hua to come here just to protect Yun Lintian, counting how much she hated the Beyond Heaven King.

"You mean...?" Tian Yuhan seemed to guess something.

"She must have seen something, and Lin Tian is the key," Yue Chuntao said directly.

Chapter 1498 Divine Origin Realm (1)

Yue Hua's divination was known to all. Every time she spoke out about her divination, it was never wrong. Since she thought Yun Lintian must be protected, there should be something bigger waiting in the future.

Thinking of this, the experiences of her master, and all the previous Heavenhold Realm Kings, emerged in Tian Yuhan's mind. There were several invasions from foreign forces, and the Heavenhold Realm would be placed in a frontline troop every time.

Tian Yuhan's master, the previous Heavenhold King Realm, suffered a severe injury from the most recent incident and lost her life after passing the position to her. Since then, Tian Yuhan vowed to change the fate of the Heavenhold Realm with her own hands.

Unfortunately, the reality was harsh. No matter how hard she devoted her life to training, she was unable to step into the Divine Emperor Realm. If it wasn't for the appearance of Yun Lintian, she probably had no chance in her life.

Yue Chuntao didn't say anything further. She could guess more or less about Tian Yuhan's thoughts. Whenever wars broke out, commoners were the ones who suffered first, followed by weak practitioners and lower-ranked realms.

The Heavenhold Realm might be special because of the Heavenhold Pearl, but it couldn't escape being grouped in a weakling category in the eyes of others. It had been displayed many times in the past.

Tian Yuhan closed her eyes for a while, and when she opened them again, her mind became clear. What she needed to focus on right now was to improve her strength as much as she could.

She looked at Yue Chuntao and said. "Can you be my sparring partner?"

Yue Chuntao nodded slightly. "Alright."

Although she was lazy, Yue Chuntao needed to step up as well. Once something happened, her Divine Moon Clan couldn't escape anyway.

After returning to his residence, Yun Lintian told Ning Yue that he would go into seclusion for a long time and let her practice by herself. The resources he gave her last time should be enough for her to reach the peak of the Divine Ascending Tribulation Realm.

Although she was curious, Ning Yue didn't ask anything much. It was good to see Yun Lintian become motivated again.

After sending Ning Yue away, Yun Lintian went to his room and skimmed through the resources in his hand. In the past year, he had consumed more than a hundred billion high-graded Divine Stones, and there were around three hundred billion left, which was obviously not enough.

"Unfortunately, these pills are useless to me." Yun Lintian glanced at a mountain of pills in his interspatial ring and sighed helplessly.

The Beyond Heaven Profound Vein could absorb any type of energy and transform them into divine power. However, because of the Tree of Life's existence, all the pills that contained vitality would be transformed into wood energy and absorbed by the Tree of Life to improve its growth. While it could indeed raise his profound strength, it wasn't effective as it should be.

"Never mind. It's better than nothing." Yun Lintian let out a long breath. He grabbed a bunch of pills and stuffed them into his mouth in one go. At the same time, he didn't forget to circulate the Primordial Beyond Heaven Scripture.

Ten minutes later, Yun Lintian stuffed more pills into his mouth again. This process continued for a whole week until he finished all his pills. I think you should take a look at

Yun Lintian's current face was pale as a white sheet. He was sick from taking too many pills. His jaws were sore from chewing, and his throat was in pain as if being stabbed by countless blades.

However, his profound vein was brimmed with abundant wood energy. It was almost the only type of energy he had in his body currently. Yun Lintian could feel that he was ready for a breakthrough.

Without hesitation, he threw millions of Divine Stones to the ground and crazily absorbed all of them. His profound vein long stopped expanding, began to move again.

At this moment, Yun Lintian could feel a layer of barrier. He put all his concentration on running his profound art, attacking the barrier with everything he had.

The original dark room was filled with a dazzling light from the Divine Stones, and that light was madly rushing into Yun Lintian's body. Sweats could be seen on Yun Lintian's forehead, and his eyelids kept moving. He struggled hard to break the barrier.

As the original dazzling light became smaller and dimmer, Yun Lintian waved his hand again, taking out another batch of the Divine Stones, lighting the room once again. This process kept repeating from time to time.

Time slipped away quietly. In a blink of an eye, another week had passed. At this moment, Yun Lintian was surrounded by a mountain of empty Divine Stones, leaving a small gap for him to breathe.

Buzz—

Suddenly, a muffled sound could be heard inside Yun Lintian's body. It was a sign of the barrier being breached. Following that, the abundant energy trapped inside Yun Lintian's profound vein broke out and rushed to every corner of his body as the profound vein quickly expanded.

At the same time, all eight symbols on Yun Lintian's Divine Core lit up as the core began to rotate. With a bang, the entire room and the empty Divine Stones were blasted into dust directly. All the heaven and earth aura inside the secret land rushed toward him crazily. More precisely, it was pulled toward him.

The commotion caused everyone in the secret land to stop what they were doing and collectively look in Yun Lintian's direction in shock. This commotion was far stronger than the moment Tian Yuhan became a Divine Emperor... What happened here?

Yue Chuntao, Tian Yuhan, and Ning Yue appeared a hundred meters from Yun Lintian. They looked at Yun Lintian, who was in the center of a terrifying energy vortex, in astonishment.

Yue Chuntao observed Yun Lintian's condition carefully and said. "I'm afraid the Beyond Heaven King himself doesn't have this size."

Tian Yuhan nodded in agreement.

Meanwhile, Ning Yue's face reddened as she said in a low voice. "How could you two focus on it in this situation?"

Yue Chuntao and Tian Yuhan glanced at her speechlessly. They talked about Yun Lintian's profound vein, yet this little girl thought of something else.

Yue Chuntao didn't bother to explain. She focused on Yun Lintian's Divine Core. At this moment, the spinning Divine Core inside Yun Lintian's body gradually expanded its size and grew thicker...

Chapter 1499 Divine Origin Realm (2)

Yun Lintian's profound vein and Divine Core continued to transform rapidly. The process lasted a whole day, and an explosive sound echoed inside his body.

Boom!

At this moment, a layer of sparkling and translucent multi-colored light burst out of Yun Lintian's Divine Core, mixing with the energy vortex and transforming into a huge cyclone.

Yue Chuntao and everyone in the secret land could feel all the elements around the place become richer. Even the weakest person with zero affinity here could perceive every element clearly.

"The Beyond Heaven King was known to master all the elements in the world. This power is really exaggerated, as people said." Yue Chuntao said.

Tian Yuhan asked. "How's his current strength?"

"It's hard to tell," Yue Chuntao replied. "The Beyond Heaven King was said to be invincible in the same realm and could also fight across the realms. However, I think Yun Lintian is even stronger than him in the same realm. Don't forget that he also has divine beast bloodlines... I don't know where his ceiling is."

Tian Yuhan went silent. She recalled the time Yun Lintian used Rending Heaven to stop her. At that time, she could already feel a breath of death. What if he used the Heaven Piercing Sword back then? Even if she didn't die, she would certainly get a severe injury.

On the side, Ning Yue looked at the multi-colored brilliance with great interest. For some reason, she felt a gentle touch from it. It was as if she was currently rolling on a flowerbed.

In Yun Lintian's consciousness world, he saw a blurry figure standing a few meters away. His sense told him this figure was a man.

While Yun Lintian looked at him, the man also seemed to observe him. The two looked at each other silently for a while until Yun Lintian spoke first. "Senior?"

"Senior?" The man responded in a deep voice, but it was a kind of gentle tone. "I'm not your senior."

"Then, who are you?" Yun Lintian asked.

"Is my identity that important?" The man responded.

Yun Lintian opened his mouth and didn't know what to say.

"Twenty-three years old of bones and fifty-seven years old of soul. This is a bit strange... So, you have gone through two lifetimes." The man seemed to speak to himself. "Divine Origin Realm's first level... It's too slow."

Yun Lintian's lips twitched slightly, but he chose to remain silent.

"Eight elements... Passable." The man mumbled further.

He pondered for a moment and said. "You're too weak. You better find the remaining three relics as soon as possible."

"Three?" Yun Lintian was stunned. There were only the Light, and the Darkness left. Where did the third one come from?

"You don't know?" The man was surprised. "You must be the most clueless person among us."

"Among us?" Yun Lintian caught the word.

The man ignored him and said. "The remaining three are The Light Pole, The Dark Pearl, and the Tower of Fate. With your current strength, you should be able to handle the Light Pole at most. So, go find it first."

"Light Pole, Dark Pearl, and Tower of Fate..." Yun Lintian repeated in a low voice. This was the first time he heard these names. I think you should take a look at

"Oh?" The man suddenly exclaimed. "You actually have four Divine Beast Bloodlines and Souls? And there's the Dragon God's one. How did you get them?"

Before Yun Lintian could answer, the man said further. "Never mind. I'll look into your memory."

Suddenly, Yun Lintian felt a pain in his soul, as if there was a blade piercing into it.

A moment later, the man muttered to himself. "So that's how it is..."

Yun Lintian was relieved from the pain and looked at the man. "Who are you exactly?"

At first, he thought this person was the Beyond Heaven King, but it didn't seem to be the case. From Yun Xia's words, the Beyond Heaven King was a calm and steady person. The man in front of him was obviously the opposite.

"That's how it is... Hahaha! I finally know it!" The man suddenly burst into wild laughter as if he had just discovered a peerless treasure.

Yun Lintian frowned slightly. What the hell was going on here?

The man laughed for a good while and looked at Yun Lintian. "Since you're him, whatever I say will be useless in the end. So, I won't waste time talking about other things. Just remember. Find the Light Pole first and then the Dark Pearl. Once you find both of them, you have to master their powers as much as possible. Only this way will you have the capital to fight them."

He paused briefly and sighed. "My luck is not as good as yours. Otherwise, I wouldn't lose to them."

"Who are they?" Yun Lintian asked.

"They are our fateful enemies. You will never escape from them." The man responded. "Alright. My time is up. Good luck. Because you needed it."

"Wait!" Yun Lintian hurriedly said, but the man had already disappeared without a trace.

"What the..." Yun Lintian couldn't help cursing. Why did these people love playing riddles with their words so much? Couldn't they just tell him directly?

"Us? Our fateful enemies?... Is he a friend of the Beyond Heaven King or something?" Yun Lintian fell into contemplation.

A moment later, he shook his head and muttered. "Forget it. I will find the Light Pole first."

On the outside, the elemental vortex began to slow down, and the rich elements around the secret land dropped significantly, returning to their original level.

At this moment, Yun Lintian's Divine Core stopped rotating, and the eight symbols on it gradually subsided. Moreover, his profound vein finally reached the limit and stopped expanding. The surging energy inside his body slowed down to the normal level.

Yun Lintian slowly opened his eyes. The first thing he felt was his body brimming with strength, and his soul power became several times stronger. It was like he had stepped into a new world.

Crackle—

His bones and joints produced crackling sounds of rejoicing as he got up from the ground. At the same time, Yun Lintian felt he had grown taller. It was almost two meters from a hundred and eighty-five centimeters.

"Congratulations." Tian Yuhan came over and said.

"B-Brother, put on your clothes first." Ning Yue covered her face and said shyly.

Chapter 1500 Divine Origin Realm (3)

Yun Lintian was taken aback by Ning Yue's words and quickly wore a new robe. However, the size was smaller, and the long robe had become a knee-length robe instead.

Ning Yue looked through the gaps between her fingers and said in surprise. "You've become taller, brother."

"Yeah. Unexpectedly." Yun Lintian checked on his body carefully. Not only did he become taller, but his bones and muscles also strengthened significantly. He felt that he could punch a mountain bare fist with no problem.

Obviously, the Dragon God's Marrow in his body had become stronger.

"Do you want to test your strength?" Tian Yuhan asked.

Yun Lintian nodded. "Alright."

Tian Yuhan's figure flashed and appeared a hundred meters away. She pressed her palm forward, creating a layer of ice barrier. "This barrier possesses fifty percent of my strength."

Yun Lintian stepped forward, and his figure immediately appeared before the barrier. He then swung his fist without using any profound strength toward the barrier.

Bang!

The ice barrier trembled slightly, and nothing happened.

Yun Lintian nodded slowly. His physique had improved drastically judging from this full-force punch. If it was before, he didn't think he could shake the barrier with his bare fist like this.

"Next, I'll use all my divine energy into this punch." Yun Lintian said.

Tian Yuhan motioned with her chin, telling him to do it.

Yun Lintian inhaled, and his divine energy surged, condensing around his entire arm. He let out a long breath and punched at the barrier.

BOOOOM—

A deafening sound echoed throughout the entire secret land. Everyone below could feel the ground shaking violently.

When the dust settled, Yun Lintian retracted his arm and looked at the countless cracks on the ice barrier thoughtfully. He punched with all his strength but only managed to slightly damage a weak Divine Emperor's barrier. This outcome was already considered heaven-defying.

"Do you want to try again using your profound art?" Tian Yuhan asked.

"Let me come. You can't handle it." Yue Chuntao flew over and said.

Tian Yuhan didn't say anything and retreated to the side.

"Your brute strength alone is enough to defeat any low-level Divine Kings and injure high-level Divine Kings when using your divine energy. In short, your current battle prowess is barely on a Divine King level." Yue Chuntao looked at him and said.

"That's at least three full realms higher. Even the Beyond Heaven King at his peak might not be able to do so."

"I'm still inexperienced. In a real battle, I should be able to beat a Divine Transformation Realm practitioner without using other power. For a good Divine King, I have to borrow an external power in a weapon or even use a trump card." Yun Lintian said.

He was aware that the strength he had currently was mainly coming from the Dragon God's Marrow. If he encountered a top Divine King, he would certainly rely on his trump cards like the bloodlines and others. I think you should take a look at

As for opponents in a Divine Sovereign Realm, his brute force was out of the question. He would need to use a profound art or a divine beast's soul, just like when he killed the Dark Sea Palace's people.

Back in the discipleship ceremony, Tian Shaoqing used only ten percent of his power when he attacked Yun Lintian as he believed it was enough to kill him. It was because of that Yun Lintian could send Tian Shaoqing flying. Otherwise, Yun Lintian would have to use the White Tiger's roar to deal with him.

Yue Chuntao said in agreement. "It's true... I'll use ten percent of my strength first, and we can continue to increase later. You can go all out. There's no need to worry about me."

As she spoke, Yue Chuntao raised her small hand, and a barrier conjured from a purple-colored moonlight appeared in front of her.

Yun Lintian took a deep breath and said. "I'll use the Dragon Fist this time."

After that, Yun Lintian stepped forward and swung his fist toward the moonlight barrier. A fire dragon appeared, coiling around his arm, letting out a ferocious dragon's cry.

BOOOOM—

The moonlight barrier shook violently as the fire dragon smashed into it. The impact immediately swept all the debris nearby away, causing the entire mountain to shake.

Yue Chuntao looked at a tiny crack in the barrier with a trace of surprise. One had to know that ten percent of her strength was far stronger than Tian Yuhan's full strength, yet Yun Lintian could create a crack in the barrier. He could definitely shatter Tian Yuhan's full-power defense.

However, Yun Lintian had spent all of his energy on this punch. It was impossible for him to continue if it was a real battle.

"Not bad," Yue Chuntao said, giving Yun Lintian time to recover.

Yun Lintian let out a long breath and stuffed a bunch of energy-recovering pills into his mouth while thinking of his current strength. At the end of the day, he couldn't fight any Divine Emperor with this. From the look of it, he needed to reach the Divine King Realm first to have a chance against them.

As for a God Emperor. It would be lucky if he could only run from them.

However, Yun Lintian was satisfied with his progress. There were at least three decades here for him to practice. The problem was his resources were not enough.

He looked at Yue Chuntao and asked. "Do you have Divine Stones? Can I borrow all of them first?"

Yue Chuntao opened her arms and said. "Do I look like a rich young lady to you?"

Yun Lintian was speechless. He thought Yue Chuntao pretended to be poor, but it seemed she was indeed poor...

"Hey, hey. What's with that look? I am rich, alright? It's just that I left money to Yue Qi." Yue Chuntao felt insulted by Yun Lintian's sympathetic gaze.

Tian Yuhan walked over and handed him a storage ring. "This is all I have with me."

Yun Lintian was about to refuse, but Tian Yuhan spoke further. "Even if I use all of them, it won't make me reach the middle level."

"Thank you. I'll pay you back when we go out." Yun Lintian didn't insist further and accepted the ring.

Tian Yuhan said nothing and returned to the distance, standing beside Ning Yue.

Three hours later, Yun Lintian recovered more than eighty percent of his divine energy. He got up, and the Heaven Piercing Sword appeared in his hand. "Let's do it."
