

Myth Beyond 1511

Chapter 1511 The Simple Answer

Ning Yue's expression changed. She hurriedly said. "Brother, I don't want to leave you."

Yun Lintian turned his head to look at her and said with a smile. "What I am going to do next is very dangerous. It's not suitable to bring you along. I will feel at ease knowing you're safe and sound in the Divine Moon Clan."

Ning Yue wanted to say something but remained silent in the end. Even if she had already reached the Divine Spirit Realm, it was still not enough to share his burden. She was disappointed in herself.

Seeing her dejected appearance, Yun Lintian said softly. "Practice well. You will have a chance in the future."

Ning Yue reluctantly nodded and said. "You must protect yourself well, brother."

"Don't worry. I don't have the habit of throwing my life away." Yun Lintian chuckled.

"I'll cook." Ning Yue said and quickly rushed to a kitchen with red eyes. She had been lonely for years and finally had someone to rely on. Although she knew this separation was temporary, it couldn't prevent her from crying.

Yun Lintian watched Ning Yue run away with a soft sigh. How could he not know her feeling? It was just that he had no choice here. Going to the Mystic God Realm this time was no different from entering a tiger den. Without the Land of Beyond Heaven, he didn't dare to bring her along.

At this moment, Yue Chuntao appeared silently beside Yun Lintian and sat in Ning Yue's seat. "What's your plan?"

Yun Lintian shifted his gaze back into the sky and said. "There's no plan. It's either kill or be killed."

Yue Chuntao naturally didn't believe it. She poured herself a cup of watermelon juice and said. "The Mystic God Emperor is one of the oldest god emperors. His vision and insight can be ranked at the top. Grandma Hua once told me that if there was someone who could outsmart the Heavenly Desolate God Emperor, it must be him."

Yun Lintian listened to her silently.

"Shen Yan is young and eager for success. Regarding business talent, she is definitely the best among the Mystic God Emperor's descendants. However, being good at business alone is not enough to take over the Mystic God Realm. This is why she has to resort to other means." Yue Chuntao said further.

"You know her well?" Yun Lintian asked curiously.

Yue Chuntao shook her head. "I only met her once. But among her generation, she is the best candidate to take the position. It would be a pity if she died because of this."

"What does it have something to do with me?" Yun Lintian asked plainly.

Yue Chuntao took a sip of the watermelon juice and looked at the gloomy sky. "Have you ever wondered why the Beyond Heaven King chose you to inherit his legacy?"

Yun Lintian went silent. It would be a lie if he had never asked this question to himself. I think you should take a look at

"The moment I was born, I was destined to inherit the Moon Princess position. While I don't hate it, I still want to know why it has to be me... I kept asking myself over and over, but I couldn't come up with the answer." Yue Chuntao said gently.

"One day, I sneaked out, traveling around the places before stopping at a small village in a random middle-realm star. It was a lovely and peaceful village with a few low-level practitioners. Every day, the villagers would gather and have a meal after working hard in the field for the entire day. It was a simple yet beautiful sight to behold. I will never forget that warm feeling for the rest of my life."

"Later, the village encountered a food crisis because of a natural disaster. I decided to help them and go to the nearby city to bring enough food back... However, when I returned, everyone was no longer there... They were killed by bandits."

Yue Chuntao turned to look at Yun Lintian, who happened to look at her and said calmly. "It was at that moment did I find the answer... It doesn't matter why I am chosen. What matters is how I use the power I got... I will use my power to help and protect people I deem worthy."

Yun Lintian remained silent, but his mind thought of the question. His answer was actually simple—he wanted to protect the people around him. That was something he was determined for from the beginning.

"I believe that we have the same thinking on how to use the power we inherited." Yue Chuntao said further. "However, we have different duties. You may know it once you unravel the mystery behind the Beyond Heaven King's downfall. And I think it won't be that far."

"To unravel it, you needed a lot of helpers, and the Mystic God Realm is one of the best candidates. Especially in this situation where you are surrounded by enemies... I'm not asking you to spare Shen Yan's life or anything, but you should think of the big picture."

"They are businessmen, and they won't throw away a good asset like your fourth sister easily. No matter what, her life will be guaranteed. After all, they needed her for the last resort in case you stormed in, and they couldn't handle you."

Yun Lintian turned to look at the sky and said. "I am fully aware of this point, but thanks for sharing your thoughts with me... As for Shen Yan, it was my own stupidity for giving her a chance to take advantage of me. However, if we talk about a true heir candidate, I think there's a better option."

Yue Chuntao was slightly surprised and said with a smile. "That's actually not bad."

"When are you going to leave?" She asked.

Yun Lintian thought for a moment and said. "In a few days... Wait until I reach the threshold."

A strange light flashed through Yue Chuntao's eyes when she heard this. A moment later, she seemed to think of something, and the corner of her mouth slowly curved up. "It must be a beautiful scene to see."

Yun Lintian offered no comment. He said. "I'll leave Yueyue to you during this time... But, don't run around."

Yue Chuntao rolled her eyes annoyingly upon hearing the latter sentence.

"Let's eat." At this moment, Ning Yue came over with various delicacies...

Chapter 1512 Departure (1)

Yun Lintian was unhurried to leave, as the Shen Clan gathering event would start in a month. He spent most of his time traveling around the Heavenhold Realm with Ning Yue and Yue Chuntao while practicing at night.

Two weeks later, Yun Lintian's strength had finally touched the threshold. With another push, he could start a breakthrough right away. However, he stopped training and enjoyed precious time with the two girls.

"Miss, Priestess told us to leave as soon as possible." Inside a dining hall, Yue Qi walked over and said in a low voice.

Yue Chuntao didn't care about it. She gnawed on chicken drumsticks while giving him a side glance.

Yue Qi smiled helplessly and said further. "Miss, it will be a full moon soon."

Yue Chuntao put the drumsticks down and responded annoyingly. "Can't you see what I am doing?"

Yue Qi was about to say something but perceived a killing intent from her. He immediately shut up and retreated silently.

Ning Yue took a sip of water and asked curiously. "What's with the full moon, Sister Taotao?"

"It's nothing." Yue Chuntao replied. "Our Divine Moon Clan's people use the moon energy mainly in practice, and the full moon is the peak period."

"I see." Ning Yue nodded slowly.

"I'll leave soon." Yun Lintian looked at them and said.

Ning Yue's expression froze as she looked at him silently. The reluctance in her eyes explained everything.

Yue Chuntao glanced at him and asked. "Ready?"

Yun Lintian nodded slightly. "I'll have to trouble Senior Yue again."

"You don't have to be polite. Grandma Hua is more than willing to help you." Yue Chuntao took the last bite and said. "She should have something to talk with you later."

"Alright." Yun Lintian responded.

The three quickly finished the meal and returned to the Heavenhold Sect.

Inside the Sacred Hall's basement, Tian Yuhan looked at Yun Lintian and said. "Everything has been prepared."

"Thank you for everything. If there's a chance, we will see each other again." Yun Lintian said sincerely.

"We will." Tian Yuhan said faintly.

Yun Lintian took a deep breath and said. "I'm leaving."

Tian Yuhan didn't say anything further. She touched the Heavenhold Pearl, and the sky of the Heavenhold Realm began to tremble. The original invisible barrier had slowly opened up until it disappeared completely.

She turned to Yun Lintian and said. "You can go."

Yun Lintian cupped his fists and stepped into the Heavenhold Pearl with Ning Yue, followed by Yue Chuntao and Yue Qi. The four of them gradually disappeared along the blue light.

However, no one noticed a slight change in the Heavenhold Pearl the moment Yun Lintian walked into it.

Watching Yun Lintian's group disappear into the light, Tian Yuhan stared at the place for a while and turned around, preparing to leave.

In that instant, a strong force shot out of the pearl and wrapped around Tian Yuhan's body. Before she could react, the Heavenhold Pearl shrank into a thumb-sized bead and drilled into Tian Yuhan's forehead.

Tian Yuhan was stunned and involuntarily closed her eyes, falling into an enlightening state...I think you should take a look at

A blue light suddenly flashed in the starry sky outside the Heavenhold Realm, and Yun Lintian's group emerged from it.

Ning Yue looked around carefully and said. "It's so beautiful."

Yun Lintian observed the surrounding and nodded slightly. "Indeed."

At this moment, Yun Lintian saw an amiable old woman float over. Without a doubt, she was the Priestess of the Moon, Yue Hua.

"Junior Yun Lintian greets Senior Yue." Yun Lintian bowed his head slightly and said politely.

"Little Girl Ning Yue greets Senior Yue." Ning Yue hurriedly followed.

Their real names were known by Yue Chuntao during their time together inside the secret land. Hence, Yue Chuntao didn't feel anything strange about it.

Yue Hua took a deep look at Yun Lintian for a moment and said gently. "Your demeanor is better than his back then, as well as your talent. If I hadn't seen you with my own eyes, I couldn't believe it at all."

Yun Lintian smiled faintly without saying anything. What Yue Hua said naturally referred to the four divine beasts' bloodlines and souls inside his body. At the same time, he was surprised that she could see through his secret at a glance. It seemed he had to find a better method to conceal his secret later.

As if she saw through his thoughts, Yue Hua said with a faint smile. "I have a special constitution. It allows me to see many things."

"I see." Yun Lintian nodded gently.

Yue Hua turned to look at Ning Yue and said. "The thing inside you is one of a kind. You have to hide it well."

"Thank you for your concern, Senior." Ning Yue replied respectfully.

"Senior knows it?" Yun Lintian asked curiously.

Yue Hua shook her head. "It is just my guess. After all, no one has ever seen it before."

Yun Lintian frowned slightly. He thought that the small sprout in Ning Yue's body was a part of the Tree of Life, but as her strength grew, it didn't show anything resembling the Tree of Life at all. This made him doubt about it.

Yue Hua glanced at Yue Chuntao and asked. "Did you have enough fun?"

Yue Chuntao curled her lips. "If it isn't for Yueyue, I don't even bother to go back."

"Please forgive me, Priestess. I am incapable of bringing her back." Yue Qi knelt one knee in the air and said respectfully.

"Get up. We can talk about it when we go back." Yue Hua said faintly.

She turned to Yun Lintian and said. "I know about your plan. Are you sure that your trump card is strong enough to subdue them?... While the Mystic God Emperor is unlikely to take action, he has twenty-three Divine Emperors under him, and thirteen among them have already stood at the peak level."

Yun Lintian was unfazed. He said firmly. "I wish nothing more than seeing them come to me at once. It will be easier."

Yue Hua stared at Yun Lintian momentarily and waved her hand, sending a moon-crescent-shaped jade to him. "Crush it when you couldn't handle it."

Yun Lintian could feel a tremendous power inside the jade. He put it into his interspatial ring and said gratefully. "Thank you for giving me a life-saving mean, Senior."

Yue Hua didn't say anything in return, but one could see a strange color inside her eyes as her gaze fixated on Yun Lintian's interspatial ring...

Chapter 1513 Departure (2)

"Grandma?" Yue Chuntao noticed the strange expression in Yue Hua's eyes. It was rare to see something like that from her, who had witnessed everything in the Divine Realm.

Yue Hua didn't retract her gaze as she muttered. "That's how it is..."

Yun Lintian and the other two looked at her in doubt.

Yue Hua finally shifted her gaze away and said. "They have come. It's time to leave."

As her voice fell, several figures appeared outside the moonlight barrier. The leader was none other than Nie Wuji. After talking with the Violet Thunder God Emperor, he managed to pull other God Emperors from the Southern Divine Region along.

"That old woman's power has worn out a bit over these years. It doesn't seem like a person with a half-step away from the grave at all." A middle-aged man in dark blue attire said. He was the White Night God Emperor, Ye Bai.

On the side, a charming woman in white looked at the moonlight barrier calmly and said. "Our target is that person's successor. There's no need to confront Senior Yue."

Ye Bai turned to look at the woman and said with a smile. "Then, why are you here, Xin Guanting? You know that it is unavoidable if she wants to protect him."

The charming woman was the Serene Heart God Emperor, Xin Guanting. She glanced sideways at Ye Bai and said. "I'm not an ungrateful bastard like you."

"Heh. If I'm an ungrateful bastard, then you're a supreme hypocrite." Ye Bai chuckled.

"Can we hurry up and get things done?" A young man in green said coldly. He was the Infinite Poison God Emperor, Du Gouliang.

Ye Bai stopped smiling and turned to Hai Bolin. "Do you want to make a move, Brother Hai? After all, you are familiar with this area."

Hai Bolin cursed inwardly. Familiar? Familiar my foot! However, he knew it wasn't the time to fool around. He took out the Eastern Ocean Gourd and injected his god emperor power into it.

A moment later, a powerful tsunami broke out of the bottle gourd and clashed against the moonlight barrier.

BOOOM!

A terrifying explosion spread out, and the moonlight barrier was instantly cracked before shattering into pieces under the impact.

Nie Wuji was delighted when he saw this. However, he didn't dare to rush forward before the other God Emperor here. He looked at Hai Bolin and said. "Uncle Hai's strength is really scary. You can actually break the barrier in one shot."

Hai Bolin didn't care about Nie Wuji's flattering words. He looked at the shattered moonlight barrier with a frown.

"It's too easy, right?" Ye Bai asked suspiciously. Although Yue Hua's divine strength was inferior to Hai Bolin in general, the barrier shouldn't be this easy to break. It was as if Yue Hua deliberately allowed him to pass.

Du Gouliang's figure flashed as he rushed forward without hesitation.

Ye Bai and Hai Bolin glanced at each other and hurriedly followed suit.

Seeing Xin Guanting didn't move, Nie Wuji looked at her and asked attentively. "Senior?"

"Let's go." Xin Guanting put away her suspicion and chased after everyone.

Nie Wuji glanced at Nie Xu and waved his hand. "What are you waiting for? Hurry up."

Nie Xu grabbed Nie Wuji and boarded the Dark Sea Ark before following Xin Guanting closely.

Du Gouliang's speed was extremely fast. In a minute, he had arrived at the perimeter of the Heavenhold Realm. Suddenly, his expression changed slightly, and he stopped in the place, looking toward the depth of the starry sky ahead of him. I think you should take a look at

At this moment, Yu Wuying slowly emerged from the void. Her magnificent eyes fixated on Du Gouliang as she said coldly. "Leave."

Du Gouliang frowned slightly. "The rumor is not wrong. Your strength has indeed surpassed Zi Wei's."

Swoosh!

Ye Bai, Hai Bolin, Xin Guanting, and Nie Wuji arrived at the scene one after another, and everyone looked at Yu Wuying with a frown. The intimidating aura from her gave them a sense of oppression they hadn't felt for a long time. It was as if they were currently facing a great enemy.

"When Brother Hai told me about you, I didn't believe it in the slightest... Who would have thought that you actually hid it for so long without us knowing?" Ye Bai said with a smile.

"Leave." Yu Wuying repeated coldly.

Ye Bai laughed slightly and said. "Although you're strong, can you hold all of us alone?"

"Be careful." Hai Bolin said solemnly. He had witnessed Yu Wuying's might once. He naturally didn't dare to underestimate her, even though they had more people on their side.

"She..." Xin Guanting had a strange feeling in her heart when she looked at Yu Wuying. It was an uneasy feeling she never had before. Her intuition seemed to tell her that it was a mistake to come here.

Sii—

Suddenly, the entire area was covered with downpours that seemed to come out of the void. The surrounding temperature dropped significantly below zero degrees, freezing the whole space.

"Hmph!" Ye Bai snorted coldly, and his god emperor's power surged. He stretched his hand out, and a fiendish white claw immediately flashed.

Boom!

Instantly, the thick rain curtain was separated by the claw, and the space behind it collapsed.

At the same time, Du Gouliang flickered his finger slightly, sending a small needle through the gap Ye Bai created. The needle was extremely small, but it was bathed with deadly poison.

Yu Wuying didn't move an inch from where she was, and she stared at the incoming needle indifferently. She raised her Rainmaker Sword and pointed at Du Gouliang.

It took her only an instant to complete the simple movement, but for some reason, it appeared unnaturally slow to everyone who saw it. Then she casually thrust forward.

However, the energy released from the sword was a terrifying cold aura that stifled everyone's breath at the same time.

BOOM!

A frightening water torrent gushed forward, and the world shook. The poison needle was blasted into nothingness directly, including Ye Bai's fiendish claw.

The torrent traveled through the curtain of rain and bent into a spear shape, thrusting toward Ye Bai.

Ye Bai's face sank. The might within this water spear wasn't something he could confront head-on. It was something beyond his imagination!

Instantly, his entire body transformed into a white light and disappeared from the place, causing the water spear to miss the target.

However, when Ye Bai reappeared in a far distance, he suddenly saw the original water spear explode and turn into countless water needles, rushing toward him from all directions!

Chapter 1514 A Complete Suppression

Seeing this scene, Ye Bai gritted his teeth and shouted at Du Gouliang and the others. "What are you waiting for!?"

At the same time, he released his power and sent a punch out, cutting a hole in space and slamming into the incoming water needles.

BOOM!

A huge, deafening explosion erupted, and the impact blasted several water needles away.

However, there were also several water needles that managed to avoid the impact and arrived at Ye Bai before smashing into his body. The needles broke through his profound defense and sunk into his body, causing him to groan in pain.

Blood gushed out through his wounds and scattered in space. It was hard to believe that a powerful God Emperor like Ye Bai was injured by a simple attack like this.

In the far distance, Nie Wuji's face turned solemn when he saw this scene. He couldn't help taking another look at Yu Wuying. Thankfully, he didn't barge in alone previously. Otherwise, he would certainly die in her hand.

Du Gouliang frowned slightly. His god emperor's power erupted, and a green mist immediately appeared around him before expanding out under the torrent of rain. Every droplet of rain that came into contact with the green mist was instantly evaporated.

Yu Wuying's attention turned to Du Gouliang. She raised the sword and made a slash gesture.

Instantly, the surrounding rain formed into a huge torrent, rushing toward the green mist.

Du Gouliang's eyes were lit up with green light, fixated on the incoming torrent. He quickly waved his hand, and the green mist immediately separated in half before attacking the torrent from both flanks.

Boom!

The pistol torrent was instantly engulfed by the green mist and exploded within it. It was completely suppressed!

"Watch out!" Hai Bolin suddenly cried out as he saw Yu Wuying appear behind Du Gouliang like a ghost.

In that instant, the Rainmaker Sword in Yu Wuying's hand had already streaked down on Du Gouliang like a torrent of rain.

Du Gouliang's pupils shrank as he instinctively mobilized the green mist around his body toward his back, welcoming the incoming strike.

Bang!

Du Gouliang gave a muffled groan as he was sent flying. More than half of the green mist surrounding him crumbled into nothing. The amount of blood that burst out of his lips was absolutely terrifying.

Yu Wuying was about to follow up when a colossal tide suddenly appeared beside her and overwhelmingly fell down.

BOOM!

The tide engulfed Yu Wuying entirely, but Hai Bolin didn't believe this would defeat her. He frantically released more of the ocean tides, constantly falling upon Yu Wuying one after another.

Suddenly, a blue gleam of space appeared within the water tides. With a ding sound, the first layer of the tide was frozen, then the second layer, the third layer...all the way to the newly released tide a hundred meters away from Hai Bolin.

BANG!

The next moment, all the frozen tides were shattered into a shower of dreamlike, bluish fragments, causing Hai Bolin's face to turn unsightly.

Before Hai Bolin could make another move, the Rainmaker Sword had already arrived in front of him, carrying a terrifying cold and sharp aura seemingly able to cut everything in the world. I think you should take a look at

Hai Bolin had no choice. He hurriedly brought the bottle gourd forward, welcoming the sword.

BOOM!

Two divine artifacts collided, producing a shocking blast to sweep the surrounding space. Those middle-realm stars nearby were shaken violently by the impact as if they were about to explode into pieces.

Hai Bolin was sent flying while spitting blood non-stop. His both arms carried the bottle gourd earlier were bent in strange shapes, and white bones could be seen piercing out of the skin.

The physique of a God Emperor was extremely tough and full of vitality, but Hai Bolin's arms were actually broken by the collision!

Yu Wuying spun in the air a few times and halted her track in space. The pure, lustrous bits of ice surrounding her and her sword only added to her mysterious and phantasmal appearance. She wasn't harmed in the slightest.

Ye Bai, Du Gouliang, and Xin Guanting stared at her in shock. All of them were God Emperors, but why was the gap between them and Yu Wuying so huge? Had she set foot in the "legendary realm" already?

Although Ye Bai and Du Gouliang hadn't released their full strength yet, the outcome of the previous clashes was obvious to all. They were not her opponents!

Ye Bai looked at Xin Guanting and shouted angrily. "Why don't you move!?"

It was a shame that he was a genuine God Emperor but completely lost his temper in front of Yu Wuying. It was even worse when he saw Xin Guanting stand there and do nothing.

Xin Guanting ignored Ye Bai completely. She took a deep breath and said to Yu Wuying. "Out of the four half-disciples of that person, Zi Wei has always been dominating. But I always know there's something unusual about you... My intuition didn't deceive me."

Yu Wuying glanced at her and said nothing.

"I shouldn't be here. His legacy has nothing to do with me in the first place." Xin Guanting sighed softly. "I will forever withdraw from this matter."

She then turned to look at Ye Bai and Du Gouliang. "Both of you should also give up on this matter. This is a piece of advice from me."

Without saying anything further, she turned around and left directly, leaving Ye Bai and the others staring at each other in dismay.

Nie Wuji swallowed hard. He had always been arrogant, but he felt like a speck of dust in front of her.

On the side, Nie Xu immediately drove the Dark Sea Ark away without hesitation.

"Bastard!" Ye Bai was so angry that he almost vomited blood when he saw this scene. If it wasn't for Nie Wuji, who brought his father's name out, he wouldn't have listened to a kid like him and come here... Of course, the main reason was his greed for the Beyond Heaven King's legacy.

He took a deep breath and gave Yu Wuying a look before leaving without a word. This trip was ultimately fruitless.

The green lights in Du Gouliang's eyes flickered a few times, and he said coldly. "We will meet again."

As he finished his sentence, he turned around and left.

Yu Wuying slowly turned to look at Hai Bolin and discovered the latter had long gone.

She scanned around the place briefly before rushing toward the Heavenhold Realm.

Chapter 1515 Escape (1)

"The Rising Sun Realm is ten minutes away from here. However, it will take a while to reach the capital city." Yue Chuntao explained while traveling through the starry sky.

In order to show Yun Lintian's trace, they didn't use the Eclipse Ark and simply flew to the destination.

Yun Lintian looked at various stars nearby with great interest. He was attacked last time while heading to the Heavenhold Realm and had no time to take a look around properly.

Rumble—

All of a sudden, an explosive sound could be heard from a very far distance, causing everyone to look in that direction.

Yun Lintian could see a burst of energy ripple vividly at the end of his sight. Clearly, there was a battle breaking out over there. At the same time, a terrifying shockwave blasted over, causing the surrounding stars to tremble.

Yue Hua raised her hand gently, and a moonlight barrier immediately surrounded everyone, blocking the incoming shockwave.

Yun Lintian glanced at the trembling barrier in surprise. The battle was so far away, but the shockwave could actually cause the stars and the strong barrier to tremble. The combatants must be insanely powerful.

Yue Chuntao looked at the scene and said. "This is a battle between God Emperors. However, they are clearly using ten to twenty percent of their power. Otherwise, these stars would become dust by now."

Yun Lintian and Ning Yue were shocked. Just ten percent could already shake the stars. What about fifty percent? Wouldn't the entire space collapse directly?

"This is how God Emperors usually fight. They won't use their true power unless it's a life-and-death battle. Especially in a location like this." Yue Chuntao explained further.

Yun Lintian nodded thoughtfully. The stronger one person could be, the more fear of death they could have. Especially God Emperors. They were existences who stood at the top of the pyramid. Seeing them fight each other to death in a normal situation was almost impossible.

Boom!

All of a sudden, several violet thunderbolts flashed from the void and blasted into the shaking moonlight barrier.

Yue Qi's expression changed drastically. He hurriedly created another barrier inside before the thunderbolts broke through Yue Hua's barrier.

Yun Lintian could feel extremely dreadful lightning energy all over the place, pressing on his head and making him suffocate.

Meanwhile, Ning Yue's face turned pale as a white sheet. Blood could be seen leaking out of her mouth as she held Yun Lintian's arm tightly.

Yue Hua released her power to dispel the lightning field and glanced toward the east.

At this moment, Zi Wei slowly emerged from the void with violet lightning sparks around his body. He looked like a god of thunder at this moment.

His cold gaze fixated on Yun Lintian as if he wanted to imprint this image on his soul. He could also feel a familiar breath from Yun Lintian's body. It was almost identical to his half-master, the Beyond Heaven King. There was no doubt about it. This young man was his successor.

"A dignified Violet Thunder God Emperor actually ambushed a group of juniors. It's truly something." Yue Chuntao curled her lips and said mockingly.

Zi Wei was unbothered. He said plainly. "Hand him over, and I will let all of you go."

As his voice fell, another five peak Divine Emperors emerged from the void, surrounding Yun Lintian's group. They were the elders of the Violet Thunder God Realm.

Yue Chuntao's smile slowly disappeared. She didn't expect Zi Wei to go all out like this. One had to know that the Violet Thunder God Realm had a total of nine peak Divine Emperors. Five of them were actually mobilized in order to catch Yun Lintian. I think you should take a look at

At this moment, the luminous moonlight flashed through Yue Hua's eyes. A moment later, she sent a sound transmission to Yue Chuntao and Yue Qi. "Take the one on the leftmost and bring him away. I'll take care of the rest."

Yue Chuntao and Yue Qi didn't doubt her words or worry about her safety. They immediately rushed out with Yun Lintian and Ning Yue.

Zi Wei frowned slightly and signaled his people to form a formation.

The two Divine Emperors on the leftmost side joined hands and blocked Yue Chuntao's group, but before they could release their power, a brilliant moonlight abruptly flashed, and a terrifying force immediately sent them flying.

"Go!" Yue Qi shouted and let Yue Chuntao bring Yun Lintian and Ning Yue out of the circle while he himself forcefully suppressed the two Divine Emperors, giving Yue Chuntao enough time to escape.

Zi Wei looked at the scene coldly. The thunder sparks around him suddenly flashed, and all the space within five hundred kilometers was distorted violently.

At this moment, a huge purple calligraphy brush silently appeared in Yue Hua's hand. She swiftly made a few strokes midair, and the word "explosion" appeared in the vacant space before her. Following that, the explosion word burst out with brilliant moonlight, forming a sea of purple brilliance and sweeping the thunder sparks away.

BOOM—

Two majestic powers collided, and the remaining three Divine Emperors were swept away by the impact directly.

Meanwhile, Zi Wei's expression sank. He raised his hand, and a violet thunder barrier appeared around him, entirely blocking the shockwave.

Zi Wei's Divine Sense quickly spread out when the shockwave passed, but Yun Lintian was nowhere to be seen now. It was as if he had disappeared into the void.

He slowly turned to Yue Hua and said coldly. "I want to see how long you can last."

The thunder sparks around him swirled fiercely, and his aura filled the entire space. Obviously, he was going to subdue Yue Hua today.

Yue Hua's expression was calm. She slowly retracted the brush and stood there silently, without a word. Her cloudy eyes were filled with a glowing moonlight as if she had seen through the past and present.

Yue Qi returned to Yue Hua's side and said. "We should leave now, Priestess."

"Not yet," Yue Hua said calmly.

Zi Wei signaled the two Divine Emperors in the distance, and they immediately rushed after Yun Lintian's group. To everyone's surprise, Yue Hua had no intention of stopping the two.

Rumble—

Violet lightning sparked violently, distorting the space and posing a threat to everything around.

"Die." Zi Wei uttered coldly, and the countless thunder sparks abruptly transformed into thunderbolts, rushing toward Yue Hua and Yue Qi in all directions.

Just as Zi Wei's attack was about to hit Yue Hua, a melancholy sigh echoed from the void, followed by a deep male voice.

"That's enough, Brother Zi."

Chapter 1516 Escape (2)

Riip!

As soon as the male voice fell, a golden line flashed across the space and instantly blasted the thunderbolts around Yue Hua away.

Zi Wei slowly turned to look at the newcomer and said coldly. "You shouldn't meddle with my business, Kong Hui."

A middle-aged man in a plain white robe stepped out of the void with his hands behind his back. His entire body exuded no aura as if he was a mortal. The man was the Shrouding Sky God Emperor, Kong Hui.

Kong Hui said calmly. "I'm doing this for your own good. You have betrayed our teacher once, and I don't want to see you go deeper into this."

He then turned to Yue Hua and said politely. "Junior Kong Hui greets Priestess Yue. Please forgive me for being late. I was in a slumber in the past year."

Yue Hua returned with a slight nod and nothing else. She didn't leave immediately because she saw Kong Hui appear in her divination.

"For my own good?" Zi Wei smiled coldly. "Who are you to teach me, Kong Hui?"

Kong Hui shook his head slightly. "In the entire Divine Realm, the one person who can teach you is no longer here. Brother Zi should know it well."

Zi Wei's face darkened upon hearing this.

"As I said earlier, I'm here to stop you from going deeper on this path." Kong Hui said further. "Besides, Priestess Yue is a benefactor of everyone here. How would people look at you after knowing you had attacked her?"

"Do I look like I care about them?" Zi Wei responded coldly.

"You may not, but your descendants will." Kong Hui said calmly. "You should take time and travel around more to see how people talk about you, Brother Zi. Even if you could blame Ren Yuan for the past incident, people are not easy to fool... Are you sure you want your descendants to carry the infamy for eternity?"

"Enough!" Zi Wei spat coldly as he launched himself into the sky. The violet thunder sparks around him erupted, turning the entire space into a terrifying field of lightning.

"Alas... Why must you be stubborn?" Kong Hui sighed softly. He raised his hand slightly, and golden light immediately shot toward the space above him before turning into a vast golden dome and filling the entire space.

Boom! Boom! BOOOM—

Wave after wave of incredible God Emperor power exploded against the surface of the golden barrier. If this had not been the barrier that had been formed by one of the most powerful defensive God Emperors in Kong Hui, it would have been destroyed in a single wave of attacks.

"You forced me." Zi Wei raised his hand slightly, and a thunderbolt abruptly struck onto it before transforming into an exquisite violet-colored trident. It was one of the top divine artifacts, Thunder God Trident of Annihilation.

Rumble—

The moment the trident appeared in Zi Wei's hand, it brought a million bolts of lightning along, mercilessly bombarding the golden barrier.

Kong Hui's expression turned serious. The golden light radiating from his body suddenly grew dull and dim, as if it was about to dissipate completely.

In that instant, a dazzling golden light exploded from within Kong Hui's body, blinding everyone in the scene. The original golden barrier suddenly grew thicker and stronger. It even started to reflect the incoming thunderbolts back to Zi Wei and the other Divine Emperors.

"Do you want to continue, Brother Zi?" Kong Hui calmly looked at Zi Wei, whose face brimmed with killing intent. I think you should take a look at

Zi Wei's strength might be stronger than his, but Kong Hui's Shrouding Sky Sealing Technique was no ordinary. It would take Zi Wei a long time to break it.

Zi Wei gripped the trident tightly and said nothing. In fact, he was fully aware that he could no longer attack Yue Hua the moment Kong Hui appeared. After all, Kong Hui was known for his defensive power for a reason.

Kong Hui sighed and said further. "You should go back before Sister Yu returns. It will bring no good for our Eastern Divine Region then."

Zi Wei stared at Kong Hui and Yue Hua for a while and waved his hand, vanishing into the void with the other three Divine Emperors.

Kong Hui shook his head and retracted the barrier. He turned to Yue Hua and said. "May I ask for advice, Priestess Yue?"

Yue Hua looked at him and said calmly. "Stay true to your heart, and everything will be fine... The new era has come."

Kong Hui fell into deep thoughts when he heard this. A moment later, he said firmly. "Thank you for telling me this. I have failed to repay my teacher's grace in the past. I will try my best to help his successor this time."

Yue Hua nodded gently and turned to look toward the south. At this moment, Yu Wuying appeared in everyone's sight and arrived beside Yue Hua a few breaths later.

She scanned the surroundings briefly, and her gaze paused on Kong Hui. "You've come."

"Sister Yu." Kong Hui greeted her politely. At the same time, he was startled by Yu Wuying's powerful aura. Clearly, she was stronger than Zi Wei. "You have hidden it too well."

Yu Wuying didn't respond to this. She turned to Yue Hua and asked. "Where's he, Senior?"

"Our duty ends here. The rest depends on him." Yue Hua said calmly.

Yu Wuying went silent for a moment and said. "I know what to do."

Yue Hua nodded gently. "It's time for me to go back. Some people were harassing my place during this period."

"Do you need my help?" Yu Wuying asked attentively.

Yue Hua shook her head. "It's a bunch of nuisances. They have been handled already."

As she spoke, she put the brush away and took a broom out before sitting on it.

"I'm leaving." Yue Hua said gently and drove the broom away with Yue Qi.

Yu Wuying turned to Kong Hui and asked. "Can you help me seal the Heavenhold Realm? I owe you a favor this time."

Kong Hui smiled and said. "Why are you being polite?"

He turned around and pointed his finger toward the Heavenhold Realm in the far distance. Immediately, a golden light shot out of the tip of his finger and turned into a golden sphere, covering the entire Heavenhold Realm. With this, a God Emperor must think twice before attacking it.

"I will know immediately if any god emperors appear." Kong Hui said.

Chapter 1517 Escape (3)

"That's the Rising Sun Realm." Yue Chuntao said as she looked at a crimson-colored star in the far distance ahead.

Yun Lintian glanced at the surrounding area and said. "You can bring Yueyue away now. I better go alone from here on."

Just as Yue Chuntao was about to say something, she suddenly perceived two powerful auras from behind. Without a doubt, they must be the two Divine Emperors under Zi Wei's command.

Rumble—

Several thunderbolts emerged from the void and shot toward Yue Chuntao's group, causing the space on their paths to distort violently.

Seeing this, Yue Chuntao turned around and raised her hand. An image of a purple moon appeared behind her as a soul-shaking power spread through the air.

Boom!

Instantly, all the incoming thunderbolts were swept away by the moon's power before shattering into pieces and disappearing.

At this moment, the two Divine Emperors took this chance to catch up with Yue Chuntao's group. Without hesitation, they called thunderbolts from the void to surround Yue Chuntao's group once more. This time, it was several times more intense.

"Go! You don't have to worry about Yueyue." Yue Chuntao uttered, and the purple moon image behind her shone brightly, releasing a terrifying cold aura.

The surrounding space distorted crazily, creating countless spatial rifts. All the incoming thunderbolts were directly frozen as the cold aura touched them.

"Be careful." Yun Lintian said to Yue Chuntao and turned to Ning Yue. "I'll find you later."

As he finished his sentence, his figure turned into a shadow and rushed toward the Rising Sun Realm.

"Brother..." Ning Yue bit her lips, watching Yun Lintian's figure go farther with teary eyes.

One of the two Divine Emperors quickly gathered all his divine energy into his right fist and rushed toward Yue Chuntao like a tornado. His figure broke through the cold aura and appeared before her, sending his fist that was wrapped with terrifying thunder sparks toward Yue Chuntao's head.

Yue Chuntao's eyes abruptly lit up with bright purple moonlight, and a faint layer of moonlight immediately appeared around her and Ning Yue, stopping the Divine Emperor's fist from reaching her.

BOOM!

The Divine Emperor's fist struck the moonlight barrier, and the entire world shuddered beneath its explosion. Space shattered, and countless spatial rifts constantly rippled all over the place.

Suddenly, Yue Chuntao's divine energy erupted greater and stronger than it was before as she sent out a punch toward the Divine Emperor in front of her.

The distance between the two was too close that the Divine Emperor couldn't conjure his profound defense in time.

Boom!

There was a thunderous impact, and the Divine Emperor's chest crumpled inward like some sort of balloon. Not only that, the terrifying energy sent him spinning through the air and smashed into some meteorites nearby.

Rumble, rumble, rumble...

The meteorites were shattered one after another as the Divine Emperor crashed into them without stopping.

Yue Chuntao didn't spare a glance at him. Her Divine Sense quickly spread out, and her expression changed drastically when she discovered the other Divine Emperor was no longer there.

"Damn it!" Yue Chuntao cursed angrily. Obviously, the other Divine Emperor used this chance to activate a movement technique to avoid her Divine Sense and chase after Yun Lintian.

"Sister Taotao..." Ning Yue's face turned pale when she realized the problem.

Yue Chuntao didn't say anything. She turned around and pulled Ning Yue along toward the Rising Sun Realm. I think you should take a look at

At this moment, Yun Lintian had already plunged into the Rising Sun Realm's boundary barrier and arrived above a huge city. His Divine Sense swept through the people below quickly, alarming all of them.

"Who is that? He actually dares to use Divine Sense so brazenly." The citizens looked at Yun Lintian in puzzlement.

Yun Lintian didn't care about them much. He landed on the ground and asked an uncle nearby. "Uncle, is this the Rising Sun Sect's capital city?"

The uncle was taken aback and hurriedly answered out of fear. "No. You need to go in the north direction, and you will see the Rising Sun Sect's territory."

"Is there a way to reach there faster?" Yun Lintian asked further.

The uncle pointed to a tall building at the end of the street. "You can use a teleporting formation there."

"Many thanks." Yun Lintian cupped his fists and rushed toward the tall building.

Just as he was about to enter the building, a powerful aura suddenly covered the entire city, causing everyone to suffocate.

Yun Lintian looked at the sky and saw the Divine Emperor who chased after him previously stand there with his eyes locked on him. The overwhelming aura from the Divine Emperor pressed down upon the entire city, making all the citizens fall to their knees.

Yun Lintian's expression changed drastically. He took a quick glance at the people around him and inside the hall. Some of them were still a kid, and mortals could be seen around.

Without hesitation, he activated the Shadow Step and left the city directly. Otherwise, these people would certainly die.

The Divine Emperor stared at Yun Lintian's departing figure coldly. His figure flashed and reappeared above Yun Lintian. "Come with me obediently."

Yun Lintian's face sank. The Divine Emperor's speed was obviously several times faster than his. It was impossible for Yun Lintian to outpace him.

However, he had no intention of stopping. He continued to rush toward the Rising Sun Sect's capital city with everything he had.

"Stubborn." The Divine Emperor uttered coldly. He raised his hand and made a grasping gesture.

Instantly, the space around Yun Lintian compressed, making him unable to move forward.

The Divine Emperor immediately pulled Yun Lintian toward him and opened his palm, trying to grab Yun Lintian's neck.

However, the moment Yun Lintian arrived two meters away from the Divine Emperor, his aura abruptly burst out as he punched the latter's palm.

The Divine Emperor snorted coldly and released his power to meet Yun Lintian head-on.

BOOM—

The two clashed violently, and everything within fifty kilometers of the point of impact was instantly razed to the ground.

Yun Lintian was sent flying, and before he managed to stabilize himself, the Divine Emperor had already appeared beside him and extended his hand out. "Stop struggle—"

Roar—

As the Divine Emperor was about to grab Yun Lintian's neck, a world-shattering tiger's roar resounded, causing him to stand still in place without moving.

Yun Lintian quickly seized this chance to send the Dragon Fist toward the Divine Emperor's chest!

BOOOOOM—

Chapter 1518 Escape (4)

The Divine Emperor was sent flying several kilometers as a thunderous impact rang out. He fell from the sky like a meteor before smashing into the ground hard.

Boom! Boom! Boom!

The earth split, and the dust clouds floated. The ground was plowed at least fifteen kilometers before the Divine Emperor's body finally came to a stop.

Yun Lintian didn't care about it. The moment he punched the Divine Emperor's chest, he immediately turned around and rushed toward the capital city with everything he had.

Bang!

A few seconds after Yun Lintian left, the earth suddenly ripped in half as the Divine Emperor shot to the sky before falling slowly back to the ground. His face was ashen, and streaks of blood could be seen leaking from his mouth.

"Cough! Cough!"

He coughed up a few mouthfuls of blood and glanced at his chest, which was crumpled inward with a gloomy gaze. As one of the peak Divine Emperors of the Violet Thunder God Realm, he was actually injured by a mere Divine Origin Realm practitioner. This was unacceptable!

His Divine Sense immediately chased after Yun Lintian like a tentacle from hell, and soon, he locked onto Yun Lintian's aura.

With a step forward, his figure vanished from the place directly.

At this moment, Yun Lintian frantically rushed toward the capital city. His speed had already exceeded his limit, and he even used the power of the White Tiger God to push his speed beyond his realm. In a minute, he had traveled more than four thousand kilometers.

When he caught a glimpse of a vast city ahead, a powerful Divine Sense suddenly locked on him.

Yun Lintian gritted his teeth and charged into the city like a tornado. The city guards at the gate wanted to stop him, but they were sent flying directly.

Yun Lintian swiftly scanned the city and discovered the Mystic Auction House. Without hesitation, he rushed into the building and took the token Qin Mei gave him. "I want to use the formation."

Yun Lintian's sudden appearance startled everyone inside. An old man clad in a white robe glanced at the token in Yun Lintian's hand and immediately frowned.

"Where did you get the token from?" Asked the old man.

"If you don't want to die, you better take me to the formation." Yun Lintian glanced at him and said coldly.

The old man frowned even more, but before he could ask anything, he suddenly felt a terrifying pressure enveloping the entire building.

"A Divine Emperor?" The old man was startled.

Yun Lintian didn't care anymore. He immediately barged into the inner hall and looked for the formation himself.

"You..." The old man was so angry and wanted to stop him, but a sense of fatal danger suddenly emerged in his heart. He turned around and saw the Divine Emperor appear in the hall with a cold face.

"You are...?" The old man asked attentively, but the Divine Emperor didn't care about him.

The Divine Emperor's Divine Sense quickly swept the entire building, and he disappeared in a flash after discovering Yun Lintian's position.

At this moment, Yun Lintian found a secret formation in the deepest area of the inner hall. He didn't know whether it was the formation he was looking for, but he didn't care about it anymore.

Fortunately, when he drew closer to the formation, the token in his hand suddenly shone, indicating it was the right one.

Seeing this, Yun Lintian jumped into the formation, and the formation immediately lit up with white light. A white spatial vortex appeared around Yun Lintian and swiftly wrapped around him.

Bang! I think you should take a look at

The Divine Emperor blasted the door away and rushed into the room. When he saw Yun Lintian was wrapped in the white light, he hurriedly sent a thunderbolt toward him.

"See you later." Yun Lintian said with a cold smile and vanished into the white light.

BOOOM!

The thunderbolt was a split second late. Yun Lintian was no longer there when it struck the formation. With a loud explosion, the Mystic Auction House and several nearby buildings collapsed directly, alarming the entire city.

At this moment, a middle-aged man clad in red appeared above the city. He was the current Rising Sun Realm King, Huo Ke.

He looked at the Divine Emperor with a frown. "What do you mean by this, your excellency?"

Although the other party was a Divine Emperor, Huo Ke dared to confront him. After all, this was his realm. If Huo Ke took a weak stance, he would damage his prestige, and nobody would take the Rising Sun Realm seriously anymore.

The Divine Emperor was angry, to begin with. Huo Ke's questioning words were like a fuse, fueling the already blazing flame in his heart.

The sky darkened immediately, and thunderstorms emerged all over the place. Huo Ke's expression changed drastically. He anxiously activated the city formation and shouted. "STOP!"

Rumble—

Countless thunderbolts suddenly descended from the sky, threatening to erase everything below.

"Hmph! You're surely shameless."

In that split second, Yue Chuntao's voice echoed from the void, and a moonlight barrier abruptly appeared above the city, entirely blocking the thunderbolts.

BOOM!

The sound of the crack of a million thunderbolts filled the entire space, and countless people within a thousand kilometers were instantly falling to the ground. The world also shuddered visibly at the impact.

The Divine Emperor's heart sank. In a normal situation, he could barely confront Yue Chuntao, and it was even more impossible with an injury.

Without thinking further, his figure flashed as he rushed toward the sky, escaping with all his might.

"Where are you going?" Yue Chuntao stared at the flashing figure with icy eyes. She waved her hand, and hundreds of rays of moonlight cut through the sky, swarming toward the Divine Emperor in all directions.

The Divine Emperor grunted, and the thunder sparks around him suddenly blasted out, forming a sea of lightning to welcome the incoming attacks.

BOOM—

Hundreds of explosions rocked the star realm and deafened the ears of everyone.

The Divine Emperor was sent flying and smashed onto the ground. Before he could react, a sharp ray of moonlight had already pierced into his chest, right on top of his wound. Blood arrows shot out of his mouth as his face distorted in pain.

Yue Chuntao didn't waste her time. She pointed her finger at the Divine Emperor and sent a deadly ray of moonlight toward him.

As the ray traveled halfway through, the space around the Divine Emperor suddenly distorted into a spatial rift before sucking him into it and disappearing as if nothing had happened.

Yue Chuntao's brows knitted together as she looked at the sky coldly. Someone had messed up with her without her knowing...Who was it?

Chapter 1519 Mystic God Realm (1)

Among the God Emperors in the Divine Realm, a person who could manipulate space perfectly like this was the Void God Emperor, but Yue Chuntao didn't think the Void God Emperor had any motivations to help a Divine King from the Violet Thunder God Realm... Who was it then?

"Sister Taotao, is brother...?" Ning Yue looked at the debris below and asked in a trembling voice.

"He's fine." Yue Chuntao responded.

Ning Yue patted her chest in relief upon hearing this.

At this moment, Huo Ke floated over and cupped his fists. "Huo Ke greets Senior. Can you tell me what this is all about?"

Yue Chuntao glanced at him and said. "The one earlier is an elder from the Violet Thunder God Realm. He chased after someone here."

Huo Ke frowned deeply and wanted to ask something further, but Yue Chuntao suddenly said. "I advise you to keep this matter a secret. Otherwise, your Rising Sun Realm will be in chaos."

Yue Chuntao's gaze fell on the old man below. "Especially you. If I know you report this matter to your headquarters, I will personally take your head. Understand?"

The old man shuddered under Yue Chuntao's intimidating aura. Although his heart was unwilling, he could only comply in this situation. "I understand."

Yue Chuntao didn't say anything further. She waved her hand and brought Ning Yue away, leaving Huo Ke and the old man glancing at each other.

The white light faded, and Yun Lintian found himself standing inside an empty, spacious hall. He first scanned the surroundings before changing his appearance and concealing his aura when he saw no one around. Since there were roughly two weeks before the Shen Clan gathering event, he had to stay incognito for the time being.

Yun Lintian came to the entrance and probed with his Divine Sense. If there was no mistake, this place should be the Mystic Auction House somewhere in the Mystic God Realm.

Seeing there was no one outside, Yun Lintian slowly sneaked out and moved along the corridor until he arrived at another spacious hall with rows of seats and a stage in the middle. Without a doubt, it was an auctioning hall.

What surprised Yun Lintian was he didn't see anyone around, no matter how carefully he scanned the place. It was as if this place was an abandoned building. He didn't know whether he was lucky or the building was left empty to begin with.

Without thinking further, Yun Lintian rushed to the entrance and saw the bustling scene outside. It was a street full of people coming and going.

After confirming the position, Yun Lintian quickly slipped into the crowd and blended with them.

Through the crowd's conversations, Yun Lintian could roughly guess the location he stood in. It was the Mystic Ancient City, the biggest city of the Mystic God Realm. The hall he appeared in was one of many branches inside the city, and it was normal to be left empty as no one dared to go in anyway.

After walking around for an hour, Yun Lintian found a relatively cheap inn to stay. Inside the dining hall, Yun Lintian sat at a table near the window and ordered some dishes and a jar of wine before observing the surroundings.

Even though the inn was cheap, Yun Lintian could see many well-dressed practitioners here, and their strength varied from the Divine Spirit Realm to the Divine King Realm. Logically, they should be able to afford a better inn. Obviously, this wasn't a normal situation. I think you should take a look at

"I didn't expect it would be so lively here." A young man in white on a nearby table sighed softly.

A young girl sat opposite him, took a gulp of wine, and said in doubt. "I don't understand why there are so many here. Does Senior Brother Lou know about this?"

The young man, Lou Feng, explained. "They are here because of the Shen Clan's gathering event. They are hoping to get a glimpse of the Mystic God Emperor."

"Ah?" The young girl, Ji Qing, was surprised. "Since it's the clan gathering event, it should be held in private, isn't it?"

"It usually did. But this time is different. I heard they are going to announce a true heir this time. It will be opened for the masses to witness." Lou Feng said. He was a true disciple of a famous sect nearby and came here to take a rest after leaving a secret realm. He didn't expect to encounter a big event like this.

Ji Qing's eyes lit up. "Can we take a look?"

Lou Feng frowned slightly. They were supposed to go back to the sect tomorrow. It was inappropriate to stay here for two weeks.

"Please, senior brother. Qing'er hasn't gotten enough rest in the past years. Can we go back later?" Ji Qing said pleadingly.

Looking at his junior sister's pitiful appearance, Lou Feng couldn't bear it and said. "Alright. Let me tell Master first."

"Yay! You're the best, senior brother." Ji Qing was delighted and hurriedly refilled the wine for Lou Feng.

Listening to this, Yun Lintian frowned inwardly. He initially planned to barge into the gathering event directly, but it seemed he had to think about it again. A battle was bound to happen, and he didn't want to implicate these people... Especially when he used his trump card.

After eating and drinking enough, Yun Lintian immediately returned to his room and meditated, thinking about his plan.

"He went to the Mystic God Realm?" Inside a majestic palace, Zi Wei looked at the injured Divine Emperor below in doubt. He absolutely had no idea why Yun Lintian chose to go to the Mystic God Realm. Did he try to take advantage of the Mystic God Emperor's neutral position?

"Yes, Master. I saw it with my own eyes." The injured Divine Emperor said solemnly. He would have almost died under Yue Chuntao's hand if it wasn't for a helper Zi Wei invited over.

Zi Wei leaned back slightly, pondering over the matter. In fact, it was a good choice for Yun Lintian to go there, as it wasn't a place where any God Emperor could visit. After all, the Mystic God Emperor wasn't easy to mess with. However, he felt there should be something more than that.

"Did you send people to check on the Heavenhold Realm?" He glanced at another Divine Emperor on his left side and asked.

"The Shrouding Sky God Emperor has deployed his barrier there. We cannot enter the realm." The Divine Emperor, Zi Fu, replied.

Zi Wei's face darkened as killing intent flashed across his eyes...

Chapter 1520 Mystic God Realm (2)

Zi Fu suddenly said. "Master, we should wait and see this time."

Zi Wei glanced at him and seemed to understand the meaning behind Zi Fu's words.

"I'll leave this matter to you." He said.

"Understood." Zi Fu responded readily.

A day later, after Yun Lintian left the Heavenhold Realm, the news about him went to the Mystic God Realm spread out to every corner of the Divine Realm. It was so fast that everyone knew someone was behind this. But even so, many people were willing to take a risk and rush to the Mystic God Realm.

Inside the Shen Clan manor, Shen Feng sat calmly in the main seat and listened to the discussion among the clan elders.

Today, numerous practitioners flocked into the Mystic God Realm like no tomorrow. Various major cities were crowded, and small towns were no exception. Because the Mystic God Realm took a neutral stance and had no rule of limiting people, these low-level practitioners weren't afraid of anything.

"Father, we should implement a rule and temporarily close the boundary. I've just received the news that these people forcefully occupy many small villages. It would damage our reputation if this continued." A handsome young man with eighty percent resembled Shen Feng, said with a serious expression. He was the eldest young master of the Shen Clan, Shen Yu.

"I agree with big brother, and we should find the Beyond Heaven King's successor as soon as possible." A lean young man clad in green, Shen Yin, said while glancing at Shen Yan, who sat opposite him. He seemed to know something.

Shen Yan was unfazed and remained silent on this matter.

Shen Feng tapped on the table gently, and everyone immediately went silent. His gaze fell on Shen Yan, and he asked. "What do you think we should do?"

Everyone's eyes immediately fixated on Shen Yan. The elders who supported her were delighted and hoped she could deliver a great solution, while the others looked at her indifferently.

Shen Yan pursed her lips and said. "The Beyond Heaven King's successor can be a double-edged sword. If we make it right, he can bring great benefits to us. I'll leave this decision to you, father. As for those people, the easiest way to deal with them is to kill chickens to scare monkeys. Let them know we are neutral, but it doesn't mean they can take advantage of us."

Shen Feng took a deep look at Shen Yan and turned to an elder on his right side. "Send people to deal with them. We won't close the boundary as it will affect our businesses."

"Understood." The elder, Shen Yimu, responded readily and went out.

Shen Feng shifted his gaze back to Shen Yan and said. "I'll leave his successor's matter to you."

Shen Yan's brows raised slightly. Without a doubt, Shen Feng must know everything already. Otherwise, he would let her take care of such an important matter.

She responded calmly. "I'll try my best."

Shen Feng nodded and waved his hand dismissively. "That's it for today. We should focus on our great event."

"Yes, Patriarch." Everyone said in unison as they watched Shen Feng walk away.

Shen Yin stared at Shen Yan and said. "I heard that second sister is close to that woman who claimed to be my aunt's daughter. I'm wondering what your intention is?"

Hearing this, everyone looked at Shen Yan in doubt. All of them here were considered higher echelons of the clan, but they didn't know much about Wu Qingcheng's matter. Whether Wu Qingcheng was Shen Yifei's daughter or not, they didn't dare to pry into her business. I think you should take a look at

Shen Yan glanced at him and said plainly. "It's none of your business."

As she spoke, she got up and left directly.

Shen Yin quickly said before Shen Yan walked out of the hall. "Their existence caused a bad rumor to spread around. I advised my second sister to get rid of them as soon as possible. If you can't do it, I'll help you."

Shen Yan didn't even pause for a moment. She continued to walk further and disappeared from everyone's sight.

Seeing this, Shen Yin curled his lips with a sneer.

Meanwhile, Shen Yu looked at Shen Yan's disappearing back with a thoughtful expression. Although he didn't think Shen Yan would be his opponent in the race for the true heir position, he admitted that her recent actions gave him a strange feeling. It was as if a storm was brewing somewhere, preparing to descend at any moment.

Shen Yin turned to look at his big brother and said with a smile. "I hope it will be a pleasant competition, big brother."

Shen Yu nodded gently. "I hope so."

Shen Yin chuckled and left with the other elders.

After leaving the main hall, Shen Yan went straight to a small house behind her courtyard. When she arrived, she saw Wu Liwei practicing calligraphy under a big tree. Every stroke from his brush radiated with melancholy and loneliness.

The arrival of Shen Yan didn't affect Wu Liwei's mood at all. He continued to write further without caring about anything around him. During this period, he realized many things and accepted reality well. Though he still loved Shen Yifei deep down, he no longer yearned to be with her.

Shen Yan looked at him for a while and entered the house.

At this moment, Wu Qingcheng was having a bowl of noodles, and when she saw Shen Yan, she merely glanced at her and continued to move the chopsticks.

Shen Yan didn't mind about it. She found a chair nearby and sat calmly, waiting for Wu Qingcheng to finish.

A while later, Wu Qingcheng drank the last drop of the soup and said with a satisfied smile. "Junior brother's recipe is really the best."

Since she had nothing to do here, she could only practice her culinary skill. This bowl of noodles, she made it according to the recipe Yun Lintian gave her back then.

She drank a mouthful of water and looked at Shen Yan. "Has he arrived?"

Shen Yan replied calmly. "I came here for this matter. I want you to find him."

Hearing this, Wu Qingcheng laughed slightly. "I don't remember that I have to find him."

"Your people." Shen Yan said. "I can help your people."

The smile on Wu Qingcheng's face gradually receded. She and her father didn't come here alone but her people too, such as Little Qiu and Little Xia. All of them were brought away, and their fate was still unknown...
