

Myth Beyond 1541

Chapter 1541 Incarnation Of The Heavenly Law

At the center of the storm, Yun Lintian's entire body blended with the surrounding sea of lightning. The Thunder symbol on his Divine Core brightly lit up, madly absorbing the power of the heavenly tribulation lightning.

Yun Lintian's profound vein and meridians constantly expanded. Even though Yun Lintian hadn't completely broken through to the first level of the Divine Tribulation Realm, he could feel his strength had improved several times. Dealing with a peak Divine King without using his trump card shouldn't be a problem for him now.

Booom! Booom! Booom—

At this moment, a loud and continuous rumble boomed out of the sky, which had become even more crazier. Everyone present was just about to involuntarily lift their heads to look at the sky when an earth-shaking thunderclap suddenly resounded.

CRACK!!

If the previous thunderclap made everyone's soul shudder, this one immediately sent their soul flying away. Even the two God Emperors present felt the same.

All of a sudden, another sixty-four heavenly tribulation lightning flashed across the sky and struck Yun Lintian. The heavenly might within it instantly shattered the golden barrier around the arena, including the combined barriers of the two God Emperors.

"Leave immediately!" Shen Feng shouted, and everyone in the arena hurriedly rushed out, leaving Shen Huang and Shan Mujin behind.

"He's probably dead by now." Shan Lou said after leaving the arena. "It's a pity we can't get the Beyond Heaven King's legacy."

"No. He's still alive." Shen Yimu said solemnly. "I can sense his aura is getting stronger."

"How could it be possible!?" Shan Lou was stunned.

Shan Jinhao and the others frowned deeply. This heavenly tribulation was beyond their comprehension, as well as the abnormality Yun Lintian displayed today. As much as they didn't want to believe it, many of them could sense Yun Lintian's aura within the deadly sea of lightning... He was indeed still alive.

"What on earth is this heavenly tribulation?" Shen Er uttered in doubt.

BOOM! CRACK!!

All of a sudden, the lightning shone crazily. With just a single glance upward, one would be able to see countless bolts of lightning chaotically crackling about in those black clouds.

Half of these lightning bolts were purple, half of them were scarlet, and there seemed to be an innumerable amount of lightning bolts wreaking havoc across the sky at any given moment. As the devastation spread, it was accompanied by extremely dense thunderclaps, which shook the very heavens themselves.

The black clouds that covered the sky began to violently surge like boiling water, the violent movements resembling a feral beast that had escaped its bindings as they tossed and turned in the sky.

An invisible aura, which grew more and more terrifying and oppressive with each passing moment, seemed to cover the entire Central Divine Region.

CRAAAAAACK—I think you should take a look at

Countless lightning bolts shook the sky at every instance, as the crazily flashing lightning webbed the entire sky like a dense spiderweb. The black clouds began to slowly sink amidst their violent tossing as if they were carrying the sky with them as they collapsed toward the earth.

Furthermore, it was at this moment that the very space around the Mystic Ancient City started to faintly tremble.

"This... What the hell is this...?" Shen San looked at the sky in horror.

He could very clearly sense the space around the Mystic Ancient City... No, the space around the entire Mystic God Realm had started to shudder, but what was a million times more terrifying than this was an oppressive might, which had become even stronger than the previous one, descending from the heavens, and it was getting closer and closer.

It was an oppressive might that caused even the hearts of the two God Emperors to shake...

BOOM—

Amidst the aura and sounds, which seemed to signal the end of the world, the sky suddenly ruptured open, and a beam of purple and scarlet light shone down from the crack as it shot toward the arena and landed in the area where Yun Lintian was supposed to be.

The area, which was illuminated by the purple and scarlet light mixed together, gradually began to increase and slowly formed a luminous purple and scarlet region amidst the roiling black clouds. Streaks of purple and scarlet lightning flashed within it as it quickly began to grow denser and denser.

No matter how everyone looked at it, it was no different from a domain. The only problem was that it was a domain formed by the heavenly law!

There was no such a thing in the records. At least, Shen Huang and Shan Mujin had never seen it before in their lifetimes.

Underneath this oppressive might, the divine practitioners around the Mystic God Realm felt their bodies go limp and soft as their very souls trembled and shuddered uncontrollably. It was as if they were tiny bugs facing the boundless sky, as they could barely resist the urge to prostrate themselves in worship.

Extreme reverence, extreme terror, and extreme shock. It felt as if their souls were being directly wrenched from their bodies, but even their souls, which were shocked to the point where everything felt fleeting, also noticed an extremely terrifying reality.

In the middle of the lightning region, amidst the dense lightning, a half-purple-half-scarlet figure seemed to be weaving through it. As that figure slowly grew clearer and clearer, the audience could see it was actually a lightning dragon!

"What the..." Everyone exclaimed in shock. This bizarre heavenly tribulation had never failed to shock them again and again... A lightning dragon made of the heavenly tribulation? What kind of existence was that?

"Roar—" The lightning dragon let out a world-shaking roar upon locking onto Yun Lintian. Afterward, it instantly fell from the sky, rushing toward the target as if it wanted to kill him at all costs.

At this moment, Yun Lintian suddenly opened his eyes and raised his head to face the incoming dragon. There seemed to be a voice that came out of nowhere and informed him that this was the incarnation of the heavenly law itself.

He let go of the Heaven Piercing Sword and opened his palms, welcoming the dragon. "Come!"

Chapter 1542 Divine Tribulation Realm

The lightning dragon was furious to see Yun Lintian open his arms, welcoming it. It let out an even more frightening roar and blasted onto Yun Lintian, causing the surrounding space to distort crazily.

At this moment, the Thunder within Yun Lintian's body emitted a thunderous sound and a thunder power. The lightning dragon reflected in his eyes had grown closer and closer. It inched closer and closer until it was practically within reach, its enormous mouth yawning open, revealing countless teeth made of purple and scarlet lightning, before it violently bit down on Yun Lintian's whole body.

At this moment, an image of the White Tiger God appeared behind Yun Lintian as he used bare hands to violently grab the lightning dragon's mouth.

BOOM—

Yun Lintian's hands fiercely grabbed onto the lightning dragon's mouth as an explosion burst out, and the purple and scarlet brilliantly filled the air. The terrifying lightning ruptured and exploded all across the entire arena, which was sealed by Shen Huang's newly conjured protective barrier.

The barrier shook violently, and countless cracks could be seen in it. Shen Huang urged his power to the maximum, trying his best to limit the explosion within the arena.

BANG!

In the next moment, the heavenly might shattered Shen Huang's barrier directly. Since the barrier was gone, the explosive power within the arena quickly spread out like an ocean tide, swarming over everything within the Mystic Ancient City.

Countless people had no chance to scream as the disaster swallowed them up, and they died instantly.

On the Shen Clan side, Shen Feng and the other Divine Emperors stepped up and erected a multi-layered barrier to protect everyone.

Everyone turned ghastly pale when they saw the barrier explode one after another. They had never felt a smell of death this close before. At the same time, they immediately realized that Shen Huang's decision to compromise was the wisest one he had ever made.

If Yun Lintian used this power directly at them, the Shen Clan would perish for real. The hundreds of thousands-year-old clan would be gone in a single strike.

In the sea of lightning, Yun Lintian gritted his teeth, exerting all of his strength in wrestling the lightning dragon. His tiger eyes stared sharply into the lightning dragon's eyes.

"Heavenly law? Let's see who will come out at the end!" Yun Lintian let out a roar, and his aura surged through heaven. He forcibly pulled the lightning dragon to the side and smashed it to the ground.

BOOOOM—

It was as if the world was falling apart. The arena collapsed directly as the explosion came out. The impact directly smashed countless buildings within a thousand kilometers into ruins.

The explosion lasted for half a minute before it started dissipating. The sea of lightning also began to disappear as if it was devoured by the air itself. The purple and scarlet light across the sky slowly dimmed.

Light and warmth that had been felt in a long time radiated from the sky above. All the survivors subconsciously glanced at the sky and discovered the black clouds quickly shrank and dissipated completely, as if nothing had happened before.

Everything that had just happened seemed like an illusion that had just been shattered.

Everyone was rooted in place for a long time before anyone came to their senses.

In the area where the arena had previously been now lay an empty hole a hundred kilometers wide. One could not see to the end of the pitch-black darkness of that empty hole.

The last bits of purple lightning remained in the air above that empty hole. The original purple and scarlet lightning slowly receded, and soon everyone nearby could clearly see the figure of a person emerging from the empty hole. I think you should take a look at

"He... He's still alive...?" Shan Lou, who slumped on the ground, stared at the figure in disbelief. Everyone around him also wore the same expression.

The figure was, of course, Yun Lintian!

Yun Lintian's body was completely bare, and only that layer of purple lightning acted as clothes. There were no visible wounds on his body whatsoever. His black hair had grown several times longer, and those long locks chaotically danced as the lightning that played about his body illuminated them.

Meanwhile, the Heaven Piercing Sword hovered around his body in delight as if it was happy for its master.

Zzzi—

Yun Lintian clenched his fists tightly, generating thunder sparks around them. He could feel the immense power run through every corner of his body. It was a familiar yet unfamiliar feeling.

"So this is how it feels." Yun Lintian muttered to himself. The vigorous power inside his body reminded him that he had officially stepped into the first level of the Divine Tribulation Realm.

Crack!

There was a sound of breaking space, and a condensed but absolutely deadly storm flew toward Yun Lintian, followed by the terrifying pressure to surround Yun Lintian from all directions.

The expressions of Shen Huang and the others changed dramatically as they saw Shan Mujin rush to Yun Lintian in almost an instant.

When a God Emperor attacked, no one beneath him could resist. Especially a sneak attack like this. Hence, in everyone's eyes, Yun Lintian had already become a fish in Shan Mujin's hand.

Even if Shen Huang wanted to make a move, it was too late now.

The corner of Shan Mujin's mouth curled up slightly as he reached his hand out to grab Yun Lintian's neck.

In that instant, Yun Lintian suddenly turned his head to look at Shan Mujin. There was no fear or agitation on his face at all.

His beastly eyes stared straight into Shan Mujin's eyes as Yun Lintian abruptly opened his mouth, letting out a deafening roar.

Roar—

An azure light shot out of Yun Lintian's body and transformed into a gigantic Azure Dragon image in the sky, followed by a draconic cry that took everyone's soul away.

Shan Mujin's eyes widened in shock, and his hand abruptly stopped midair as his entire body froze in place.

In that split second, Yun Lintian grabbed the Heaven Piercing Sword and thrust it into Shan Mujin's heart. Following that, an immense power erupted within Shan Mujin's body, sending Shan Mujin flying instantly.

A streak of blood could be seen spurting out of a hole in Shan Mujin's chest, splashing in the air...

Bang!

Chapter 1543 Fighting A God Emperor

Shan Mujin heavily crashed onto the ground. Blood gushed out of the hole in his chest like a leaking water bucket. His heart was shattered into pieces, but a God Emperor's vitality was beyond anything in this world. Even if his organs were gone, he could generate them back later.

However, the commotion caused by Shan Mujin didn't affect anyone in the scene. Everyone kept staring at the Azure Dragon God's soul in the sky as if they completely lost their souls. Even Shen Huang was no exception.

Yun Lintian immediately arrived above Shan Mujin and smashed the Heaven Piercing Sword down toward the latter's head. The blade emitted a golden brilliance mixed with a cold sword intent, causing the surrounding space to tremble.

"Argh..." Shan Mujin's wail of terror rang out as what consciousness he had left registered the impending danger. Hence, he unconsciously stretched out his arm to block the incoming attack.

Puff!

Shan Mujin's arm that extended to block the attack was mercilessly cut and smashed aside as the Heaven Piercing Sword fiercely slammed toward Shan Mujin's head, and a beam of fire light exploded forward with his head as the focal point.

However, before the sword touched Shan Mujin's head, Shan Mujin suddenly regained his sense, and his aura, which was like countless mountains combined, burst out ferociously.

BANG!

The terrifying outburst sent Yun Lintian flying like a cannonball and crashed into a pile of debris several kilometers away.

At the same time, the Azure Dragon God's soul in the sky had vanished, and everyone immediately regained their senses.

"HOW DARE YOU BLEED THIS GOD!?" Shan Mujin's roar reverberated throughout heaven and earth. Everyone in the Mystic God Realm could feel a frightening killing intent press down from all over the place.

Since Shan Mujin became a God Emperor, he had never been injured even once. Who would have thought that a person who managed to hurt him was a mere Divine Tribulation Realm trash?

Even if Shan Mujin shredded Yun Lintian into countless pieces, he wouldn't be able to wash this humiliation away for the rest of his life.

Just as Yun Lintian got up from the ground, Shan Mujin had already slammed his palm covered with an apocalyptic storm toward him. Anyone who received this blow would undoubtedly become nothing in a flash.

"Stop!" Shen Huang shouted as his aura surged, trying to stop Shan Mujin. However, his action was a split second late. Even if he did stop Shan Mujin in time, the impact of Shan Mujin's attack would still kill Yun Lintian.

Surprisingly, Yun Lintian didn't move in the slightest. His pupils abruptly flashed azure, and the dragon roared above the Mystic Ancient City once more.

Roar—

The second activation of the Dragon Soul stunned everyone present. However, Shan Mujin somehow managed to resist it. He had almost completely lost consciousness, but his hand continued to move toward Yun Lintian by the killing desire in his heart.

The God Emperor's power released by Shan Mujin did crumble away more than half of it, and the rest continued to slam downward—it was more than enough to kill Yun Lintian.

In that instant, Yun Lintian burst into a Phoenix flame as he leaped into the air. He raised the Heaven Piercing Sword that released a sword intent to the fullest and smashed toward Shan Mujin's head. I think you should take a look at

The Sun inside his body shone brightly, causing the Phoenix flame to burst out even more power. All the surrounding debris was directly melted into molten lava by the scorching heatwave released from the Phoenix flame.

Rising Phoenix!

Scree— BOOM!!

An ear-piercing phoenix's cry resounded, followed by an earth-shattering explosion. The Heavenly Piercing Sword blasted into the storm Shan Mujin created and went straight toward Shan Mujin's head.

Right at the moment Yun Lintian could burn Shan Mujin's head into ashes, a massive aura suddenly burst out of the center of Shan Mujin's eyebrows like a tsunami and blasted the approaching Phoenix flame, including Yun Lintian, away.

Yun Lintian groaned in pain as he flew away uncontrollably and crashed onto the ground once more. Blood gushed out of his mouth as his face turned pale. The activation of the Dragon God Soul had consumed most of his mental power. He didn't think he could repeat the same trick for the third time in this situation.

At the same time, Yun Lintian couldn't help being marveled at a God Emperor's life-preserving means. If it was someone else, Yun Lintian believed he could kill him by now. Let alone commit a second attempt.

Shan Mujin was so furious at this moment. His eyes stared at Yun Lintian as if swallowing him alive wasn't enough. Shan Mujin must smash Yun Lintian into pieces, grind his bones into powder, and sprinkle them around the Divine Realm to let everyone step on them. Otherwise, the humiliation and fury in his heart would never go away.

"That's enough!" Shen Huang's aura descended. He wouldn't allow Shan Mujin to make a move for the third time.

Shan Mujin's face sank as he turned to look at Shen Huang. "Are you sure you want to stop me?"

Shen Huang said indifferently. "You can try."

Shan Mujin glared at Shen Huang deeply upon hearing this. This was Shen Huang's territory, and it would be unwise for him to go against Shen Huang here. Especially with his current condition.

"Father, we should go back first." Shan Jinhao stepped forward and said. Since the situation reached this point, he had no reason to stay here further.

Shen Yifei and Shan Lou had also come forward, preparing to leave with Shan Jinhao. After all, they knew that Yun Lintian and Wu Qingcheng would target them.

Shan Mujin took a deep breath and said. "Good! Very good!"

He turned to look at Yun Lintian, who got up to his feet and said coldly. "Do you think he can protect you? Heh. It won't be long before this place turns into ruins."

Yun Lintian wiped the bloodstain out of his mouth and responded. "I have no intention of having someone protect me in the first place. On the contrary, you should find someone to protect you during this period. Your injury is not light at all."

Shan Mujin's face darkened immediately. He wanted to slap Yun Lintian to death, but it was impossible now. He could only snort coldly and waved his hand, disappearing from the place along with Shan Jinhao and the others.

Seeing this, Yun Lintian heaved a sigh of relief inwardly and turned to look at Shen Huang. "Let's talk about our business."

Chapter 1544 Aftermath

Shen Huang glanced at Shen Feng and said. "I'll leave this place to you."

"Understood." Shen Feng responded readily.

Shen Huang turned to look at Yun Lintian and said. "Follow me to a place."

"Grandpa!" Suddenly, Shen Yu stepped out and hurriedly said. "I can't accept this. Please reconsider your decision."

Shen Yimu wanted to stop Shen Yu, but it was too late. Even though he couldn't accept the fact that Wu Qingcheng would become the matriarch of the Shen Clan, he didn't dare to go against Shen Huang's decision in the slightest. To him, Shen Yu's action was no different from asking for a beating.

Shen Huang glanced at Shen Yu and asked. "I'll let you fight him. As long as you defeat him, I'll give this position to you."

Shen Yu's face turned unsightly instantly. Yun Lintian had already displayed his heaven-defying battle prowess. Even a God Emperor like Shan Mujin was knocked back two times. What about him?

Seeing Shen Yu remain silent, Shen Huang swept his gaze over everyone and said calmly. "Our Shen Clan always prioritizes interest first. We always respect those who bring the most value to our clan. Have you all forgotten about it?"

Shen Yu wanted to argue that Wu Qingcheng was simply lucky to meet Yun Lintian but held back in the end. Anyway, luck was also a part of one's strength.

Meanwhile, Shen Yan looked at Yun Lintian in a complicated mood. This position should belong to her, but her arrogance and overconfidence cost everything. Had she treated Yun Lintian sincerely from the beginning, she believed that Yun Lintian wouldn't go this far to put Wu Qingcheng in the position.

A self-deprecating smile appeared on Shen Yan's face. She shook her head and walked away.

"Your Magnificence, please help Third Young Master." Shen San suddenly came forward with Shen Yin in his hand. The poison had already spread to every corner of Shen Yin's body, turning his entire body green.

Shen Huang pointed his finger at Shen Yin, and a blue light shot out toward the latter. In the next moment, Shen Yin's skin gradually returned to normal, but there was still a residual poison in his body.

Yun Lintian was slightly surprised to see this scene. The poison he made was capable enough to make even a Divine Emperor difficult to suppress. Shen Huang could actually suppress it with a flicker of his finger... A God Emperor was indeed something.

Yun Lintian didn't say anything and disappeared from the place before returning with Wu Qingcheng and Wu Liwei a few minutes later.

Wu Qingcheng and Wu Liwei looked at the scene in shock. The magnificent city was now turned into piles of debris. The moment the first heavenly tribulation lightning struck down, Wu Qingcheng immediately took her father away from the city. This move allowed them to survive the disaster.

Wu Qingcheng looked at Yun Lintian and asked. "What's going on?"

Yun Lintian took the Mystic Seal out and handed it to Wu Qingcheng. "Congratulations. You are a matriarch of the Shen Clan now."

"What!?" Wu Qingcheng was baffled. It was until Yun Lintian stuffed the seal in her hand that she regained her sense.

Wu Liwei was even more shocked. Both father and daughter were nothing but a pair of ants not long ago. Why did they suddenly become a phoenix now? I think you should take a look at

"Let's go." Yun Lintian didn't explain much and brought the two away, following Shen Huang back to the Shen Clan.

After they left, Shen Yu couldn't endure anymore and turned to look at Shen Feng. "Father, you have to do something. How could we let trash like her ride on our heads?"

"Patriarch, we are not convinced here," Shen Yimu also said. "Even if she sat in the position, no one would listen to her command. At that time, our Shen Clan would certainly fall apart."

"That's right. We don't accept her." Shen San echoed.

The same went for the other elders. Most of them couldn't accept the fact that they were going to have a kid like Wu Qingcheng as their master soon.

Shen Feng glanced at everyone and said calmly. "If it wasn't for her, all of you wouldn't stand here right now."

Shen Yu was still unconvinced as he retorted. "He clearly borrowed the heavenly might. Otherwise, he wouldn't be able to threaten us."

"Borrowed the heavenly might?" Shen Feng looked at his eldest son sharply. "Why don't you try to borrow it for me to see?"

"I..." Shen Yu immediately choked on words. If he could borrow it, why would he stand here? He would sit in the patriarch position a long time ago.

"Still, Wu Qingcheng and Yun Lintian are different persons. No matter how close they are, he won't be there for her forever." Shen San quickly argued.

Shen Feng turned to Shen San and said. "You are the Third Elder of the Shen Clan who has lived for tens of thousands of years. Yet your mind is no different from a child."

"It's true that Yun Lintian wouldn't stay here to help her all the time, but as long as he's still alive, he could come back at any moment. And you can see how abnormal his strength is. Once he steps into the Divine Sovereign or even just the Divine King Realm, who could be his opponent? Not to mention the strange dragon soul he displayed earlier."

Shen Feng paused briefly and said further. "It wasn't that all of you here had never experienced the might of the Beyond Heaven King in the past. His successor is even more freaky than him. His Magnificence saw this potential and decided to invest in him through Wu Qingcheng."

Shen San's face became unsightly after being scolded. However, Shen Huang's words were like a slap waking him up from his delusion. Once Yun Lintian reached the top, wouldn't the Shen Clan benefit from it? And even if he died halfway, they could abolish Wu Qingcheng at that time.

"Patriarch is indeed right. I am too shortsighted." Shen San said.

"I'm no longer a patriarch." Shen Feng said calmly. "Remember, no matter what happens in the future, Wu Qingcheng is a descendant of our Shen Clan. She has our Shen Clan's blood running in her body. This is an undeniable truth."

Everyone immediately went silent. They weren't stupid enough to not know the meanings behind Shen Feng's words. If they dared to touch Wu Qingcheng openly or in secret, they would undoubtedly be punished.

Shen Feng said nothing further and signaled everyone to take care of the aftermath...

Chapter 1545 Interception

"Father, we cannot give up like this." Inside a profound ark, Shan Lou said to Shan Jinhao unwillingly. "You know that little bitch Wu Qingcheng, and I have a grudge. I'm afraid she will settle the account with me sooner or later."

"That's not something you should worry about." Shan Jinhao replied calmly. "Whether Wu Qingcheng can take the position is unknown. And even if she did, it would take a long time for her to convince all of them from top to bottom."

ρ α Π dasNovel.com After staying in the Shen Clan for several years, Shan Jinhao knew more or less about the situation inside the clan. With Wu Qingcheng's pitiful strength, it was almost impossible for her to convince those old foxes in the clan in a short time. It would keep her busy for many years to come.

"As for Yun Lintian, his situation isn't optimistic. The stronger he becomes, the more danger he will face. There are many people keeping an eye on him, after all." Shan Jinhao said further.

He looked at Shen Yifei and asked. "What's your plan? In fact, you don't have to come here at all."

Shen Yifei frowned slightly and said. "My stubborn old man is difficult to predict. Even though he will never hurt me, it doesn't mean he will let me live comfortably there. Not to mention my good daughter. Don't look at her low strength. In fact, she is shrewder than my brother's children. With father behind her, she will soar to the sky sooner or later."

Just as Shan Jinhao wanted to say something, his expression changed drastically as he perceived something dangerous.

Inside the main room of the profound ark, Shan Mujin, who was closing his eyes and recuperating, suddenly opened his eyes and glanced toward the outside coldly. "Heh. Look like the two of you have been waiting for me all this time."

At this moment, Murong Mengyi and Hong Hualian emerged from the void and surrounded the Hidden Mountain Profound Ark. Their auras covered the entire starry sky, preventing the profound ark from going forward.

"No, no, no. You're mistaken. We didn't wait for you here. It's more like you are running into us." Hong Hualian said playfully.

The moment Yun Lintian's news spread out, Murong Mengyi and Hong Hualian immediately rushed over and observed the situation in secret. Everything that happened inside the Mystic God Realm couldn't escape their perceptions.

"Who are they?" Inside the profound ark, Shan Lou asked in puzzlement.

"Endless Dream God Emperor and Red Lotus God Emperor." Shan Jinhao said with a solemn expression.

"W-What?" Shan Lou was shocked stupidly.

Hong Hualian glanced at Shan Jinhao and then at Shen Yifei. "Hehe. I often heard that Senior Shen's only daughter is a talented woman. Well, a rumor is a rumor, after all. I really don't understand why you abandoned a gold like Wu Qingcheng and Wu Liwei to pick up cow dung like him."

Shen Yifei's face darkened, but she didn't refute it, as arguing with a God Emperor would be unwise.

Shan Mujin stepped forward and appeared in the starry sky outside the profound ark. He stared at the two women coldly and said. "Let them go, and I will accompany you two here."

Hong Hualian curled her lips and said mockingly. "What is this? Is the sun going to rise from the west today? A heartless Hidden Mountain God Emperor actually cares about his descendants."

She paused briefly and said further. "Of course, we are not a cruel person like you who killed even a newborn baby just because you want to cut the roots completely." "I think you should take a look at

The cruelty of the Hidden Mountain God Emperor made his name resound throughout the entire Divine Realm. Millions of people had died in his hand, both directly and indirectly, throughout the years. It was said that he didn't even spare a newborn kid just because he didn't want to leave a potentially hidden danger.

Shan Mujin ignored Hong Hualian's mocking as he glanced at a few Divine Emperors inside the profound ark and said. "Go. Send your young master back."

"My Lord..." The Divine Emperors didn't want to leave as they were worried about Shan Mujin.

Shan Mujin frowned and said coldly. "Do you want me to repeat it again?"

"Understood." The Divine Emperors could only give up and drove the profound ark away.

Hong Hualian and Murong Mengyi naturally kept their word and allowed the profound ark to leave. It was beneath them to resort to a lowly means like threatening an opponent's family, to begin with.

After the profound ark left, Shan Mujin turned to Hong Hualian and asked icily. "Who wants to die first?"

Hong Hualian's smile receded as she said. "Shan Mujin. Your actions back then caused many of my people to die. It's time for you to pay the price."

Her voice filled with boundless killing intent that caused the surrounding space to tremble. It could be seen how deep her hatred for Shan Mujin was.

"Heh. This is why your strength hasn't improved much over the years. You care too much about those significant ants." Shan Mujin grinned coldly.

"Die!" Hong Hualian uttered coldly, and thirty-six crimson lotuses instantly bloomed in the starry sky around Shan Mujin. The lotuses had nine layers, and each layer had a total of nine petals burning as bright as flames.

The instant the thirty-six crimson lotuses bloomed, the surrounding space trembled even more violently, and countless spatial rifts could be seen everywhere.

Shan Mujin's brows sank upon seeing this. If it was his heyday, he wouldn't worry about these two women at all.

Shan Mujin suddenly raised his palm, and the word "mountain" appeared brightly on his forehead. Following that, a thick yellow divine light burst from his body and formed a mountain-shaped barrier around him. It was the strongest defensive barrier he could create so far.

He even went on to make a second, a third, all the way to a twentieth barrier, as it looked like twenty mountains stacked on each other.

Shan Mujin chose to defend instead of attacking because he was well aware of Murong Mengyi's soul technique. It was too difficult to attack while guarding against her in this situation.

While Shan Mujin stacked barriers like he had gone crazy, the thirty-six crimson lotuses were blooming at an extraordinary rate. When the petals of every lotus came into contact with one another, their fiery auras connected, and a pillar of crimson flame suddenly gushed into the air, spreading across the starry sky...

Chapter 1546 Black Tortoise Runic Shell

The blooming red lotus looked beautiful enough to intoxicate a person. Its enchanting light gently dyed the surrounding space crimson. But as gentle as it might seem, the giant lotus was capable of annihilating countless stars and skies into nothingness.

Shan Mujin's figure could no longer be seen as everything around him had been buried by the silhouette of the gigantic fire lotus. The unimaginably terrifying heat and power caused Shan Mujin's heart to sink, even though the stacked barrier stood between it and him.

Heaven Annihilating Red Lotus was one of the strongest moves of the Red Lotus God Emperor. There was a saying circulating in the Divine Realm that once the lotus bloomed, everything would become dust.

Among the fire-attributed practitioners around the world, Hong Hualian stood at the top alongside the Sun God Emperor. Although both of them were slightly inferior to the legendary existences in the Divine Phoenix, the Golden Crow, and the Vermilion Bird, they had already surpassed any humans in the Divine Realm's history.

BOOM!ηOVelusb.Com

All of a sudden, the giant red lotus exploded into a gigantic tide of flame to engulf Shan Mujin entirely.

The heat crumbled and burned the five outermost layers of the stacked mountain barriers directly, and it didn't stop at that. It continued to burn more and more barrier layers until it reached the final three barriers.

Shan Mujin's expression was ashen. He injected more of his god emperor's power into the barriers, but the sea of fire didn't seem to incline in the slightest. On the contrary, it had become even fiercer.

Suddenly, Shan Mujin felt a sharp pain in his soul, and the barriers were shattered directly, letting the sea of fire blast onto him.

"Urgh!" Shan Mujin groaned painfully. The pain inflicted by the crimson flames was so terrible that nearly every muscle in his body was twitching violently. His clothes made of the sturdiest silk in the Divine Realm were burned away like crazy, and his long hair also began to catch a flame.

Shan Mujin was so furious at this moment. He knew that he had to go all out now. Otherwise, he would definitely die here.

Rumble—

ρ α Π dasNovel.com Suddenly, Shan Mujin's aura rose sharply, and a black turtle shell with a strange runic pattern appeared before his chest. At the same time, a dark green light brightly lit from the shell and covered Shan Mujin's entire body, chasing the surrounding sea of flames away.

Murong Mengyi's expression solidified when she saw the turtle shell. "Black Tortoise Runic Shell?"

The shell in front of Shan Mujin's chest was a legendary artifact of the Black Tortoise God Clan. Since the Black Tortoise God Clan disappeared during the incident back then, this artifact had also mysteriously vanished.

Murong Mengyi didn't expect it to fall into Shan Mujin's hand.

Shan Mujin, whose half body burnt, got a chance to take a breather. He looked at Hong Hualian and Murong Mengyi with killing intent. "You shouldn't force me."

Boom!

The space suddenly collapsed as if countless mountains exploded altogether. A spatial storm was born and crazily swallowed the sea of flames while blasting toward Hong Hualian and Murong Mengyi.

Without a doubt, this was Shan Mujin's true power!

One of the reasons that the God Emperors rarely used their true strength to fight each other was that it might cause a spatial storm like this to damage the Divine Realm's wall. And once a crack appeared on the wall, a foreign enemy could use this chance to come in.

Hence, it had become an unwritten rule among the God Emperors. I think you should take a look at

The expressions of Hong Hualian and Murong Mengyi turned solemn. Both of them tacitly conjured a huge formation to suppress the spatial storm and force Shan Mujin to stop.

However, Shan Mujin had no intention of holding back in the slightest. He conjured two rock spears a little over five meters long in front of him and roared. "DIE!!"

The rock spears tore through the spatial storm and shot toward Murong Mengyi and Hong Hualian at insane speed.

"Let me." Hong Hualian stepped forward as a giant paper fan appeared in her hand. This was her god emperor artifact, the World Illuminating Fan.

In the next moment, her aura soared through the roof, and she quickly fanned the fan forward.

Instantly, two streaks of crimson flames appeared in the air and formed two fiery tornadoes rushing toward the incoming rock spears.

BOOOOM—

Space collapsed and collapsed again as the two great powers collided. From a distance, it looked like dozens of giant caves had been drilled through the starry sky. It was as if the distortion and destruction would never end.

Murong Mengyi came to Hong Hualian's side and waved a blue ribbon that silently appeared in her hand forward. A beam of blue light suddenly cut through the spatial storm and formed a blueish curtain around the two women, protecting them from the destructive impact.

Two seconds later, Murong Mengyi's expression changed drastically as she uttered. "He has escaped."

While the space trembled crazily, Shan Mujin's aura was nowhere to be found now. It was as if he had vanished into thin air.

Hong Hualian stared at the collapsing space in front of her with a gloomy expression. This was the best chance in countless years to kill Shan Mujin.

Unexpectedly, Shan Mujin had the Black Tortoise Runic Shell in his hand. Even if the two attacked together, it was difficult to break its defense. It allowed Shan Mujin to escape.

The two said nothing and quickly released their powers to calm the collapsing space. It took them nearly two minutes to suppress everything and return to its original peaceful starry sky.

"I have underestimated him." Hong Hualian said regretfully. If she knew this, she would use her full power from the beginning.

Murong Mengyi shook her head and said. "He's one of the current strongest people after all. Not to mention we haven't recovered our peak states."

"What's next?" Hong Hualian put the bad mood aside and asked.

Murong Mengyi glanced in the Mystic God Realm's direction and said. "Oddly enough. Those who lurked in the dark didn't come out in the end... But that's fine as well. With that person around, Yun Lintian's safety is pretty much guaranteed. We should go back and focus on recuperating this time."

"It seems to be the only way." Hong Hualian said with a soft sigh.

The two took one last glance at the Mystic God Realm before disappearing into the void.

Chapter 1547 The Great War (1)

"Nine stages heavenly tribulation and a dragon soul?" Inside the garden, Ren Yuan listened to Chun Yue's report in surprise. "Where did he get the dragon soul from?"

Every dragon that reached the Divine Transformation Realm would form their very own dragon soul. It was a unique soul belonging to that dragon. Once it was gone, the dragon would die.

Throughout the Divine Realm's history, Ren Yuan had never heard of any mortal that possessed a dragon soul. Even if Yun Lintian inherited a dragon bloodline, it should be impossible for him to have a dragon soul.

Chun Yue frowned deeply while expressing her opinion. "Is it possible that there are other dragon gods besides the Dragon Princess?"

Ren Yuan took a sip of tea with a thoughtful expression. He was certain that no descendants of the Dragon God Clan were left behind besides Long Qingxuan. Otherwise, his people monitoring the world would have found it long ago.

"His dragon soul is very unique, unlike anything I've seen before." Chun Yue said further.

As a number one maidservant of the Heavenly Desolate God Emperor, Chun Yue had encountered the entire dragon gods several times, and she could remember their auras well. The dragon soul Yun Lintian displayed didn't belong to any of those. It was unlikely that someone gave it to him.

"More importantly, his White Tiger God's bloodline is highly pure. I felt as if I faced the White Tiger God Bai Xiaoyun herself." Chun Yue said.

The more she thought, the further confused she became. The level of Yun Lintian's abnormality was several times higher than the Beyond Heaven King himself. It was as if everything that broke commonsense in the world gathered within his body.

Chun Yue looked at her master and asked cautiously. "Master, do you want to make a move now?"

Ren Yuan put the teacup down and looked at her. "Do I have to repeat it again?"

Chun Yue hurriedly knelt down and said frighteningly. "Chun Yue doesn't dare. Please forgive me."

Ren Yuan continued to look at her and said emotionlessly. "Yun Tian's successor is nothing but a bug that I can crush at any moment. Killing him too soon will affect my great plan. Since he showed the ability to fight those people, I should use him well. Don't you think so?"

"Yes, Master. Chun Yue is shortsighted." Chun Yue quickly replied.

"Get up." Ren Yuan said. "You have been by my side for a long time. This low-level mistake shouldn't happen. What's in your mind?"

Chun Yue didn't get up as she answered truthfully. "Chun Yue just wanted to eliminate his successor as soon as possible. There's nothing else."

Ren Yuan took a deep look at her and said. "No one in this world can kill me except myself. If I were to die, it would be in my own hand. Your worry is unnecessary."

Chun Yue bit her lips and said nothing.

Ren Yuan turned to look at the night sky and said further. "In this life, I hope to stand above the various heavens and walk along the river of time. If I am doomed to fail, so be it. At least, I have tried."

Chun Yue lifted her head to look at the handsome man whose entire body exuded loneliness. The scene where they first met came to her mind. I think you should take a look at

At that time, she was nothing but a dying little girl who lived in a slum, waiting to die. Ren Yuan was like the light from heaven, chasing away the darkness around her. It was at that moment she vowed to accompany this man to the final moment of her life.

She had witnessed everything about Ren Yuan's journey—from a weak young master to a top talented disciple of a sect all the way to proclaiming the Heavenly Desolate God Emperor's title himself.

Chun Yue knew very well how difficult and lonely Ren Yuan was to reach this position. If possible, she wanted to eliminate every potential danger from his life. Even a tiny possibility must be dealt with. That was why she wanted to kill Yun Lintian as soon as possible.

"Find someone to investigate the disappearance of Shan Gusun. This kind of movement is highly similar to those Cloud Keepers." Ren Yuan suddenly said. "If it was them, sending their clues to those devils."

A strange light flashed through Chun Yue's eyes as she replied. "Understood."

Inside an ordinary hut on a mountain behind the Shen Clan manor, Yun Lintian, Wu Qingcheng, and Wu Liwei sat opposite Shen Huang, who was pouring cups of tea for them.

If anyone saw this scene, they would definitely go insane. A God Emperor actually poured a cup of tea for others. It was probably the first time in the Divine Realm's history.

Wu Qingcheng and Wu Liwei were rather nervous. They hadn't yet completely digested the huge information. Especially Wu Liwei. He couldn't understand how Yun Lintian managed to force the Shen Clan to bow their heads. No matter how heaven-defying Yun Lintian's strength was, it should be impossible, right? Not the mention that bizarre heavenly tribulation. What on earth exactly happened?

Meanwhile, Wu Qingcheng was relatively calmer compared to her father. She was deeply moved by Yun Lintian's actions and vowed to support him well after taking over the Shen Clan. Even if she had to send everyone to their death, she wouldn't hesitate in the slightest.

"There's no need to be nervous. I am your grandfather." Shen Huan distributed the teacups and said to Wu Qingcheng with a kind smile.

A strange feeling appeared in Wu Qingcheng's heart upon hearing this. In her entire life, she only had her father by her side. And now a grandfather took the initiative to recognize her, she didn't know how to react.

"Why are you giving in, Senior?" Yun Lintian took a sip of tea and asked. "I know you have many trump cards in your hand. It seems like you have already expected this result."

Yun Lintian thought it would take him to use every trump card to subdue the Shen Clan. Unexpectedly, Shen Huang gave in very quickly without even trying to resist.

"I'm old. I don't have much time left in me." Shen Huang replied with a smile. "This clan existed because of me, and it will be gone when I'm gone. You're the future and final investment I am betting on."

He looked at Wu Qingcheng and said meaningfully. "It would be perfect if you two have a child."

Wu Qingcheng and Yun Lintian were taken aback.

Yun Lintian suddenly thought of something and said. "So you're using me to establish an authority over her as well as forcing an outsider like Shan Jinhao away?"

Chapter 1548 The Great War (2)

"That's one aspect." Shen Huang replied to Yun Lintian's question. "Don't look at how powerful the Shen Clan currently is. In fact, we are declining. Just like my daughter said, there won't be the next God Emperor here."

He looked at Wu Qingcheng and said further. "Since she's deeply involved with you, her future is limitless. A God Emperor is no longer impossible."

Wu Qingcheng was stunned and subconsciously said. "Me? My profound talent is mediocre at most. How could it be possible to become a God Emperor?"

Shen Huang laughed slightly and took a sip of tea, offering no explanation.

However, Yun Lintian seemed to understand something. Shen Huang must know about the ability of the Beyond Heaven King's Crown. Otherwise, he would be this confident.

With the help of the Beyond Heaven King's Crown, Wu Qingcheng's potential would be limitless, like Ning Yue and other people in the Misty Cloud Sect.

Thinking of this, Yun Lintian asked. "Since Senior seems to know the Beyond Heaven King well, can you tell me what exactly happened in the past? Honestly, I've been trying to find the answer after inheriting his power, but no clue so far."

Hearing this, Shen Huang continued to sip the tea a few times before looking at Yun Lintian deeply. "You must have encountered many people involved in the past incident. However, all of them refused to tell you about it. Am I correct?"

Seeing Yun Lintian nod, Shen Huang said further. "The reason is simple. Once you know it, you will never be able to live the way you are living right now. You will constantly be under huge pressure."

Yun Lintian frowned deeply and said. "I'm thinking oppositely. To me, knowing everything ahead of time is the way to relieve the pressure."

"Senior is not talking about a danger or a pressure you have to shoulder." Wu Liwei suddenly chimed in.

Everyone turned to look at him in surprise.

Wu Liwei turned to look at Wu Qingcheng with tenderness in his eyes as he spoke further. "You know, for us parents, we always want to see our children grow up worry-free. I believe those people around you are the same. They didn't want to tell you everything just to let you enjoy your time growing up."

Shen Huang nodded in agreement. "Indeed."

He turned to look at Yun Lintian and asked. "Do you still want to know?"

Yun Lintian immediately went silent. Although Yun Lintian's life after coming to this world wasn't entirely carefree, he had enough leisure time. While under constant threat, he could still have free time to enjoy the world's beauty along the way... If this was the reason Hongyue and the others didn't want to tell him, he could understand them and appreciate their goodwill.

However, Yun Lintian didn't want to let them down. Even though he had to live a desperate life, he must know it now.

A moment later, Yun Lintian raised his head to look at Shen Huang and said firmly. "Please tell me." I think you should take a look at

Shen Huang stared straight into Yun Lintian's eyes for a while and said. "Very well. Let me be the person who broke your peaceful life."

"Do we need to avoid first?" Wu Liwei asked.

Shen Huang shook his head and said. "Both of you have already been involved in this. You will know it sooner or later anyway."

He then looked at the night sky outside and started recounting. "In your perception, the Divine Realm must be vast and boundless, but in fact, it is just a huge world that contains countless stars inside. It is not boundless as you think. It has a boundary, and there are other similar worlds around it. For example, our neighbor, the Great Devil Realm."

"Once in a while, these neighbors would come here through a crack somewhere in the Divine Realm's boundary. Every time they came, there would be a large-scale war. However, it was nothing more than an annoying event, as they couldn't pose a real threat to us most of the time."

"As an undisputed leader of the Divine Realm, the Beyond Heaven King spent great efforts to take care of everyone. He gathered all the god emperors and created an alliance among us. Whenever there was an enemy, we would stop fighting each other and deal with the enemy first. This was a tacit agreement we agreed upon."

Listening to this point, a picture of a kind and mighty man appeared in the minds of Yun Lintian, Wu Qingcheng, and Wu Liwei. With his status and power, the Beyond Heaven King didn't need to care about the life and death of the Divine Realm at all. Even if the Divine Realm was gone, he could take his people to live somewhere.

Yun Lintian knew about this point more than anyone here. The Beyond Heaven King could simply take everyone to live inside the Land of Beyond Heaven to avoid a catastrophe at any moment.

"He's indeed a great man. Throughout my life, I had never admired anyone until I met him." Shen Huang said with a trace of admiration in the depths of his eyes. "Unfortunately, his ending wasn't good."

ρ α Π dasNovel.com Shen Huang sighed and continued. "Forty thousand years ago, a huge crack appeared in the Divine Realm's boundary on the Western Divine Region's side. The enemy at that time was insanely powerful. Even all of our god emperors combined couldn't be their opponents."

Yun Lintian and the other two were shocked upon hearing this. What kind of existence was that?

"They called themselves a Primordial God Tribe. They claimed that the Divine Realm was originally their home, and we existed to serve them." Shen Huang said with a heavy expression.

"A Primordial God Tribe?" Yun Lintian repeated with a deep frown. "Are they related to the Primordial God in the legend?"

Shen Huang shook his head. "No one knows, but their strength was a whole level above us. In the entire Divine Realm, the Beyond Heaven King, Senior Azure Dragon, Senior Vermilion Bird, Senior White Tiger, Senior Divine Phoenix, Senior Golden Crow, and Senior Black Tortoise were the only ones who could contend with them."

"They were the original strongest God Emperors at that time. Without their sacrifice, we would have been enslaved by those enemies long ago."

Buzz—

Suddenly, the Blood Origins of the Vermilion Bird, White Tiger God, Divine Phoenix, and Azure Dragon God inside Yun Lintian's body shook violently. It was as if they could remember the past event...

Chapter 1549 The Great War (3)

An azure-colored light lit up in Yun Lintian's right eye, while his left eye filled with a Phoenix flame. Vermilion flame surrounded Yun Lintian's body while purple-colored thunder sparks intertwined with it. These things came out on their own, and Yun Lintian couldn't control them.

The appearance of the four divine beasts' powers startled Shen Huang and the other two. Especially Shen Huang. This was his first time seeing the four divine powers inside one body. Even the Beyond Heaven King could never achieve this.

Yun Lintian circulated his divine energy, trying to calm the four divine powers down. It took him a full minute to return to normal.

"Azure Dragon, White Tiger, Vermilion Bird, and Divine Phoenix..." Shen Huang stared at Yun Lintian as if looking at a monster. "With this alone, you have already surpassed the Beyond Heaven King."

Yun Lintian asked in puzzlement. "What do you mean?"

Shen Huang said with a strange expression. "It seems you have no idea about him."

Yun Lintian shook his head. "To tell you the truth, I didn't even know what he looked like. All I know is his name."

Shen Huang went silent for a moment before explaining. "There must be a reason those around you don't want to tell you this. I'll respect their will. However, I can only tell you that the Beyond Heaven King didn't have any divine beast's bloodline in his body."

"Although you're not the first human that has integrated with a divine beast's bloodline, you're definitely the first and only one with multi-bloodlines inside your body, and all of them seem to coexist perfectly."

Yun Lintian was stunned. He always thought it was a normal thing for the Beyond Heaven King. After all, the power inside Yun Lintian's body was coming from the Beyond Heaven King's legacy... What happened here?

"Perhaps the Beyond Heaven King had never tried it?" Yun Lintian said in doubt.

With how kind the Beyond Heaven King was, he definitely won't visit those divine beasts and ask for their Blood Origins. Perhaps this was why he didn't have multi-bloodlines like Yun Lintian.

Surprisingly, Shen Huang denied it. "He had tried it before. In those years, he kept finding a way to make humans inherit a divine beast's bloodline perfectly as he foresaw a danger."

"All you here should be aware that we humans are much inferior in physique and lifespan compared to those divine beasts. The Beyond Heaven King wanted to eliminate this weakness. Unfortunately, he ended up with a failure after countless tries."

Yun Lintian's brows raised slightly. Did the Beyond Heaven King commit a disgraceful act by forcibly taking those Blood Origins for his experiment? If it was the case, Yun Lintian would no longer respect him.

Shen Huang seemed to see through Yun Lintian's thoughts. He smiled and explained. "All of those divine beast's blood were voluntarily given by the divine beasts themselves. While humans have the weakness I said earlier, divine beasts also have their own weaknesses. It is very difficult for them to have a descendant. Especially a high-level one."

"Once humans could perfectly inherit divine beasts' bloodlines, the reproduction problem of the divine beasts would be fixed as humans are easier to have a descendant by nature." I think you should take a look at

Yun Lintian nodded slowly. He seemed to understand everything now. However, he still didn't know why the Beyond Heaven King couldn't inherit multi-bloodlines like him. And how could he do it then?

Since he came to this world, Yun Lintian had checked on himself many times and was certain that his physique was nothing special. He didn't have any "cheats" on his body except for the Beyond Heaven King's legacy... What made him special, then?

Moreover, whether it was the White Tiger God, Divine Phoenix, Vermilion Bird, or Azure Dragon God, all of them seemed to be aware that he could inherit their bloodlines with no problem... How did they know it?

Yun Lintian's brows knitted tightly. He felt there was a thin layer preventing him from knowing the answer. It was so close yet so far. This kind of feeling was extremely annoying.

A moment later, he shook his head and put this matter aside first. "Let's continue. What happened in the end? And how did the Beyond Heaven King fall?"

Shen Huang's expression became heavy as he said. "The battle between us and the Primordial God Tribe continued for a hundred years. We had exhausted every possible means of pushing them back. The fact that we could drag the battle for so long was already beyond a miracle."

"During that period, many people chose to submit to the enemy both directly and indirectly. In their opinion, the Beyond Heaven King and the other Seniors would definitely lose in the end. Hence, why didn't they yield to the enemy ahead of schedule?"

Yun Lintian, Wu Qingcheng, and Wu Liwei frowned deeply upon hearing this. Although these people's actions disgusted them, they could understand why they did it. For these people, it was nothing but a matter of changing a master. It wouldn't affect their lives much... Why would they give their lives away for nothing when they could avoid it?

"It was until one day, a leader of the Primordial God Tribe called Di Wu brought out a Primordial God Artifact, Heavenly Desolate Orb, to defeat us."

"The Heavenly Desolate Orb?" Yun Lintian interrupted with a look of shock on his face.

Shen Huang confirmed. "Yes. It's the Heavenly Desolate Orb in Ren Yuan's hand currently."

"Hold on. Are you saying that the Heavenly Desolate Orb didn't exist before forty thousand years ago? Does this mean the Heavenly Desolate God Emperor appeared not long ago?" Yun Lintian asked in doubt.

"You're right." Shen Huang replied. "Before the war, Ren Yuan was originally a tenth-level Divine Emperor of an upper realm called Illusory Heaven Realm. His talent could be considered slightly above average at most, but his ambition was higher than heaven."

"He used every possible means to climb in the profound path. Even if he had to kill millions of innocent people, he didn't care about it at all. While he is indeed evil, I have to admire his perseverance."

Shen Huang paused briefly and said. "There are countless heavenly geniuses in this world, but most of them can't preserve their original intention and ambition. The higher they reached, the more relaxed they would become."

Chapter 1550 The Great War (4)

Shen Huang said further. "Ren Yuan was born in a relatively wealthy clan, but his mediocre talent at that time resulted in him being treated like garbage and not favored by his clan."

"And because he was a son of the clan head at that time, he naturally became a target of everyone. Those people tried to kill him many times, but he managed to keep his life every single time through his intelligence."

"By relying on his meticulous schemes, he climbed step by step and became a disciple of a prominent sect there. From then on, he continued to rise until he became the Illusory Heaven Realm King. It could be said his path was full of blood and bones."

Shen Huang avoided talking about Ren Yuan's cruel deeds in detail, as young people like Yun Lintian and Wu Qingcheng wouldn't like it.

Yun Lintian nodded slowly and asked. "From what I know, he played a great role in the Beyond Heaven King's downfall. What did he do?"

Whenever Hongyue mentioned the Heavenly Desolate God Emperor's name, she would emit a terrifying killing intent. Yun Lintian wanted to know what exactly he did to the Beyond Heaven King.

Furthermore, Ren Yuan was only at the tenth level of the Divine Emperor Realm. How could he harm the Beyond Heaven King and other powerhouses?

"Let me continue, and you will eventually understand it." Shen Huang said. "From the records I found, the Heavenly Desolate Orb was born from the power produced at the very beginning of the Primordial Era. Even though billions of years have passed and its power has declined, it is still a Primordial God Artifact. Just one-tenth of its original strength is enough to deal with us all."

"The Heavenly Desolate Orb brought out by Di Wu immediately changed the tide of the battle and suppressed everyone, making it a one-sided massacre."

ρ α ndasnovel.com As he continued, Shen Huang's face was filled with anger and killing intent. "The situation at that time was tragic. Countless people died on that day, including many God Emperors. At that time, Senior Azure Dragon, Senior Vermilion Bird, Senior Divine Phoenix, Senior Black Tortoise, and Senior White Tiger God sacrificed themselves to provide the Beyond Heaven King a chance to finish Di Wu."

"The Beyond Heaven King landed a fatal blow on Di Wu and knocked the Heavenly Desolate Orb off Di Wu's hand before sending him out of the Divine Realm. At that critical moment, Qian Guimo, Zi Wei, Ling Yongheng, and those in the Southern Divine Region colluded with each other and caught the Beyond Heaven King off-guard."

"They jointly attacked the Beyond Heaven King and caused him to miss a chance to finish Di Wu. However, the Beyond Heaven King was the king of all beings, after all. How could he fall easily? While dealing with Di Wu's people, he also gave Qian Guimo and the others a retaliation."

"The scene was extremely chaotic. Everyone turned against each other, and the original alliance was no longer there. At that time, no one noticed that Ren Yuan had quietly snatched the Heavenly Desolate Orb away."

"Oddly enough, Ren Yuan somehow managed to establish a connection with the orb, and the power inside the orb allowed him to step into a God Emperor Realm in one fell swoop."

"It was also at that moment he activated the orb's power to suppress everyone." "I think you should take a look at

Shen Huang paused briefly and said in a deep voice. "Ren Yuan's appearance caught everyone completely off guard. He forced everyone to submit with the orb's power, and anyone who did not would be killed on the spot."

"At that time, the Beyond Heaven King's body was full of injuries, and he seemed to be on the brink of death. But even so, Ren Yuan couldn't defeat him no matter what and even got retaliated to the point Ren Yuan had to give up and ask those who submitted to him to surround the Beyond Heaven King."

Shen Huang suddenly opened his robe, revealing a long, deep scar on his chest.

Yun Lintian and the others stared at the scar in shock. What kind of attack left such a hideous scar on a God Emperor's body for so long?

Shen Huang said further. "Normally, I wouldn't join a battle between factions in the Divine Realm, but I couldn't withstand these people's shamelessness. The enemy hadn't been dealt with yet, they were already looking for their own benefits. Even I, who was selfish for all my life, had to give them a bow regarding this."

"I joined the Beyond Heaven King's side and fought with Ren Yuan and his people. Unfortunately, we had already exhausted everything in the battle with the Primordial God Tribe. Coupled with the orb's power, we were quickly suppressed and killed one after another."

"When everyone was about to be killed, the Beyond Heaven King's aura suddenly burst out. He seemed to use all the Beyond Heaven Relics to blast Ren Yuan and the others away. At the same time, he quickly sealed the crack in the Divine Realm's boundary and killed the remaining people of the Primordial God Tribe."

Shen Huang's eyes were full of gratitude and admiration as he spoke. "Even though he was facing a fatal danger, he didn't forget to help the Divine Realm first. I couldn't find a word to describe how great he was."

"What happened next?" Wu Qingcheng couldn't help urging.

Shen Huang's face gradually turned heavy again. "The Beyond Heaven King was completely exhausted afterward. Ren Yuan and the others used this chance to attack him. However, the Red Moon God Emperor Yue Hongyue, the Ancient Xia God Emperor Xia Nongyue, and the Rainbow God Emperor Cai Xieren brought the Beyond Heaven King away at the crucial moment." ηOVelusb.CoM

"They ran all the way to the Primordial God Forsaken Land. Unfortunately, Ren Yuan and the others caught up with them at the end and killed them inside that place."

Yun Lintian lowered his head slightly after listening to this point. He started connecting all the dots together, and everything made sense now. However, there were a few points that he couldn't find an answer to.

He raised his head and asked. "Since he died over there, how could he leave his legacy behind?"

Shen Huang took a deep look at Yun Lintian and said. "This is what I am curious about as well. When we knew it again, the news about the Beyond Heaven King's legacy had already circulated in the Divine Realm. I believe you are closer to the answer than me."
