

Myth Beyond 1561

Chapter 1561 Future (1)

"You don't know?" Yue Chuntao was surprised to hear this. Although they had been together inside the Heavenhold Secret Land for thirty years, Yun Lintian had never spoken about this matter seriously.

Yun Lintian shrugged. "As I told you, when I knew it again, I already found myself in the sect."

Yue Chuntao nodded while staring at Yun Lintian thoughtfully.

"You're finally back, Miss." At this moment, Yue Qi appeared in front of them and heaved a sigh of relief. He was under tremendous pressure during this period, and if Yue Chuntao didn't come back early, he was likely to be demoted.

Yue Chuntao grinned mischievously and said. "You've worked hard."

Yue Qi smiled bitterly and bowed his head toward Yun Lintian. "We have met again, Young Master Yun."

Yun Lintian was taken aback by Yue Qi's politeness. Although Yue Qi was usually polite when he spoke to him, it wasn't to the point he needed to lower his head like this. In any case, Yue Qi was a genuine Divine Emperor. It should be beneath him to give a bow to someone weaker.

Yun Lintian hurriedly helped Yue Qi up and said. "There's no need to be polite, Senior. I am a junior, after all."

Yue Qi smiled and said. "The Beyond Heaven King is a benefactor of the Divine Realm, and his successor deserves respect. This came from the bottom of my heart."

Yue Chuntao rolled her eyes and said. "Stop flattering. Tell me. Why are you here?"

Yue Qi quickly replied. "Priestess is waiting for everyone currently. I'm here to invite everyone back."

Yue Chuntao frowned in puzzlement. "What's the hurry?"

"I don't know." Yue Qi shook his head. "Let's go, Miss?"

Although Yue Chuntao was dissatisfied in her heart as she hadn't played enough, she still followed Yue Qi back to the Divine Moon Peak.

The Divine Moon Clan's territory wasn't large compared to other realm kings' territories. It was even smaller than the Heavenhold Sect. Moreover, all the buildings here were simple. There weren't much of luxury decorations. If Yun Lintian didn't know beforehand, he would think it was the countryside or something.

The Divine Moon Peak was located at the center of the area. It was the tallest peak and was shrouded with curtains of moonlight. When Yun Lintian saw it for the first time, he thought he was on Earth and watched the northern lights right now.

Along the way toward the mountain, people would come to greet Yue Chuntao and seize this chance to observe Yun Lintian up close. His image had been circulated long before, and most people here knew about his identity.

The friendly attitude of the Divine Moon Clan's people made Yun Lintian believe Lin Xinyao's parents would be treated better here than what Wu Qingcheng and Wu Liwei faced in the Shen Clan.

"By the way, where are Xinyao's parents?" Yun Lintian asked. He had talked about Lin Xinyao's matter with Yue Chuntao before, and she was naturally aware of it.

"I will bring you to see Auntie Xirong later." Yue Chuntao replied and started speeding up, rushing to the top of the mountain.

Yun Lintian had no choice but to follow her with Ning Yue.

On the top of the mountain, moonlight auroras intertwined in the sky, right above the peak. It made Yun Lintian feel like he had just stepped into a fairyland.

The simplicity and elegance of everything gave Yun Lintian peace of mind, as a simple wooden hut could be seen standing alone here with a small fishpond and a pavilion nearby.

Standing beside the pond was Yue Hua. She looked at the moonlight in the night sky as if looking into the future.

When Yue Chuntao and the others arrived, Yue Hua lowered her head and turned to look at them.
"You're here."

"Junior Yun Lintian greets Senior Yue." Yun Lintian cupped his fists and said politely.

Yue Hua nodded gently and said with a smile. "The fact that you didn't use the item I gave you proved that your plan went smoothly."

"Thank you, Senior. I believe Senior should have expected this beforehand, and the life-saving item you gave me should be prepared for an unexpected enemy who lurked around in the darkness." Yun Lintian refused to believe that Yue Hua didn't know about his plan from the beginning.

He took the moon-shaped jade out and handed it to Yue Hua. "Please take it back, Senior."

Yue Hua shook her head and said. "Keep it to yourself. You will need it soon."

Yun Lintian's expression became serious upon hearing this. "Then, I won't be polite."

"Follow me." Yue Hua waved her hand and brought everyone to the small pavilion beside the pond.

After everyone sat down and served the tea, Yue Hua looked at Yun Lintian and said. "You probably have already learned about the past incident from Shen Huang and have many questions on your mind. I can answer one or two questions for you."

Yun Lintian took a sip of tea and organized his words. "I wanted to know how exactly the Beyond Heaven King passed his legacy to the Azure World."

"He had reckoned about his ending ahead of time and entrusted someone to put his inheritance there after he was gone." Yue Hua answered. "This person has a special identity, and I cannot tell you anything much, as it will affect the overall layout."

Yun Lintian frowned slightly. If he guessed correctly, the person she said should be that mysterious woman who created the mythical realms in the Azure World... Could she be the woman named Yao Xi? Or the Beyond Heaven King's confidant?

Yun Lintian put this doubt aside and asked further. "The second one is, are we going to face the Primordial God Tribe's people again in the near future? And the purpose of the Beyond Heaven King leaving his legacy behind was to deal with them, right?"

"It is inevitable. They will come back again." Yue Hua replied calmly. "And yes, one part of his purpose is to let you protect the Divine Realm."

"What's the other part?" Yun Lintian asked quickly.

Yue Hua took a deep look at Yun Lintian and said. "Giving you the power to protect your people."

Yun Lintian was stunned. "What do you mean, Senior?... Wouldn't this mean he knows about me? How could it be possible?"

Chapter 1562 Future (2)

Yue Hua went silent for a moment and explained. "What you had seen during this period was a glimpse of the true power. Looking back at the moment you faced the Hidden Mountain God Emperor. What he displayed was a tiny portion of his actual strength."

"These people are called God Emperors not because they are more talented than anybody solely, but because they are literally a god among emperors. Each one of them possesses a unique insight of their profound path. Their instinct and perception are beyond the pinnacle."

"The Beyond Heaven King was regarded as the king of gods. His power defined the ceiling of this world. No one had a better understanding of the overall situation of the world than him. Even before I caught a glimpse of the catastrophe back then, he was already aware of it."

Yue Hua paused briefly and said further. "Hence, it was normal for him to prepare everything ahead of time, including looking for his successor. You would never know how long he had been observing you."

Yun Lintian was shocked inwardly. He had overestimated the Beyond Heaven King again and again but discovered that he still underestimated him. The Beyond Heaven King's story had never failed to amaze him whenever he heard about it. It was no wonder he could become the king among gods.

At the same time, Yun Lintian thought of his cheap father back to Earth... Could it be he was one of the Beyond Heaven King's confidants? Was he truly his father?

Suddenly, Yun Lintian felt that his entire life was a movie directed by someone. He was the leading actor in the show, and the director designed a plot for him to play through without him knowing.

Yue Hua said nothing and calmly sipped a tea, waiting for Yun Lintian to digest the information.

On the side, Yue Chuntao and Ning Yue didn't know how to describe their feelings at the moment. Especially Yue Chuntao. She grew up listening to the Beyond Heaven King's story, and her admiration for him was relatively high. This was also one of the reasons she could recognize Yun Lintian's identity in almost an instant.

After listening to Yue Hua, she admired the Beyond Heaven King even more for his foresight. Even Yue Hua, who had a unique ability to look into the future, was one step slower than him... He was indeed worthy of being the king of gods.

"No wonder he could preserve the divine beast's bloodlines." Yue Chuntao muttered to herself.

Yun Lintian took a deep breath to adjust his messy thoughts and asked further. "I heard that the Beyond Heaven King, along with the Red Moon God Emperor, the Rainbow God Emperor, and the Ancient Xia God Emperor, were killed inside the Primordial God Forsaken Land. Where did their bodies go to?"

Yue Chuntao spoke first before Yue Hua answered. "When God Emperors face their endings, none of them will leave their bodies behind as they could be used against their people. The Beyond Heaven King and the others must be the same. Especially when they faced a great enemy like Ren Yuan."

Yue Hua added. "The Primordial God Forsaken Land is extremely vast and seemingly boundless. As far as I have confirmed, our Red Moon Princess had detonated herself completely to buy time for the others."

"As for the Beyond Heaven King, the Ancient Xia God Emperor, and the Rainbow God Emperor, in fact, no one besides Ren Yuan, Qian Guimo, Zi Wei, and Ling Yongheng had seen it with their own eyes. And I couldn't find their traces as well."

"However, their auras had wholly disappeared from the world, and Ren Yuan was completely at ease. There is no other better explanation than they were already dead."

Yun Lintian lowered his head slightly, pondering over this matter. Hongyue's case should be valid as she only had her divine soul left.

Meanwhile, Xia Nongyue's case was easy to guess. She had left her Moon Garden in the Azure World, as well as sealed the Scarlet Soul God Emperor inside the cave. This had proven that she was pretty much alive after the incident... The only problem was, how did she manage to fool Ren Yuan? And where did she go now?

As for the Rainbow God Emperor, Yun Lintian knew completely nothing about her. It was impossible to guess.

The Beyond Heaven King... This one was full of mysteries. Even now, Yun Lintian still didn't know much about him. What he knew was only his deeds in the past.

Yun Lintian let out a long breath. He hit the wall once again, and it was impossible for him to know more. After all, even Yue Hua and Shen Huang, the two oldest existences, didn't even know about it.

He raised his head to look at Yue Hua and asked. "Lastly, how much time do I have?"

"A hundred to two hundred years. It could also be shorter or longer. Anything is possible when it comes to the future." Yue Hua said with a touch of solemnness on her face. "This time, they would come back stronger than the last. With our current strength, the entire Divine Realm is powerless to go against them."

Yun Lintian felt heavy immediately. At the very least, he needed to step into the Divine Emperor Realm before the enemy came. He didn't know how far he could reach with this bit of time.

"Just do your best. Even if we fail at the end, at least we have tried." Yue Hua said calmly. "The fate of the Divine Realm should not be on your shoulders alone. Everyone here has to take responsibility."

Yun Lintian took a deep breath and said. "I'll try my best. If I couldn't defeat them, my people would also be in danger. I can't accept that."

"I'll try my best to help you, brother." Ning Yue clenched her fists with determination.

"Hmph! I really want to see how strong they are." Yue Chuntao snorted angrily, but the determination in her eyes was evident.

Yue Hua looked at the three and smiled. For some reason, she had a hunch that they would be the ones who change the fate of the Divine Realm in the upcoming future.

Yun Lintian thought for a while and decided to tell Yue Hua about it. "Senior, I have something to tell you."

Yue Hua and the others looked at him curiously.

Yun Lintian said with a serious expression. "The Red Moon God Emperor is still alive."

"What!?"

Chapter 1563 Sacrifice

Yue Chuntao exclaimed in shock. Her eyes widened in disbelief as she stared at Yun Lintian.

Meanwhile, a trace of astonishment appeared on Yue Hua's usually unwavering face. She had personally confirmed herself that Yue Hongyue was gone entirely. Not a single hair of hers was left behind. How could she still be alive?

Yue Chuntao hurriedly asked. "Where is she now?"

Yun Lintian didn't answer directly but recounted the situation from the beginning. "Back to the Azure World, there were various mythical realms created by a mysterious woman. Each mythical realm held the Beyond Heaven Relics. It was when I entered the mythical realm called Frozen Moon that I met her."

"The Red Moon God Emperor was leaving only a divine soul at that time. She had no physical body and would disappear after I took the Moon Relic away."

Yue Chuntao's expression changed. "Don't tell me she has already...?"

Yun Lintian shook his head. "Didn't I just tell you that she is still alive? I gave her a portion of the Moon Relic's power to stabilize her soul. She's currently living inside the Land of Beyond Heaven. Unfortunately, I can't open the gate to the place right now."

Yue Chuntao was relieved and suddenly thought of something. "You asked me to find those rare ingredients because of this?"

Yun Lintian nodded admittedly. "Indeed. I want to reconstruct her body."

"How is she?" Yue Hua asked after a short silence.

Yun Lintian took a deep look at Yue Hua and asked. "May I know whether Senior was the one who forced her sister to sacrifice in the past?"

Yue Chuntao subconsciously looked at Yue Hua in doubt. "What is it?"

Yun Lintian offered no explanation and waited for Yue Hua to speak.

Yue Hua slowly closed her eyes and said. "It was me."

"Why?" Yun Lintian asked.

"The two of them weren't supposed to be born as twins." Yue Hua explained. "Because of that, they had to share the moon's power, and none of them would become a God Emperor."

"At that time, the Divine Moon Clan was nothing but a relatively stronger clan in this place. If there was no God Emperor, we would cease to exist. The only way to survive was to transfer one's power to another, which would mean death for that one."

"As an elder sister, Hongyue volunteered to sacrifice herself." Yue Hua sighed and said further. "Unexpectedly, Lanyue disguised as her and sacrificed herself. It was already late when I knew it."

Yun Lintian went silent immediately upon hearing this. In fact, he should be the one who got involved in this, as a portion of Lanyue's power had become a part of the Moon. This was also why he chose to return her power to Hongyue back then.

"Lanyue? Twins?" Yue Chuntao felt extremely confused at this moment. She had never heard such a name before. Not to mention, she had never known the Red Moon Princess had a younger sister.

Yun Lintian looked at her and said. "Like you heard it. The Red Moon God Emperor had a younger sister called Yue Lanyue. They were twins."

Yue Chuntao turned to look at Yue Hua in doubt. "Why did you conceal this matter?"

Yue Hua opened her eyes, and there was a touch of pain in them. "I'm not trying to cover my action, but it's her wish. She doesn't want anyone to mention Lanyue's name again."

"Grandma... You... How could you do that?" Yue Chuntao stared at her beloved grandmother in disappointment.

Yue Hua looked at the moon in the sky and said. "You might not believe it, but the moment I opened my eyes to this world, I immediately found the goal of my life. In this life, I am nothing but a messenger of fate... All I did was for the sake of our clan and the Divine Realm."

Yue Chuntao went silent after listening to this. In fact, she knew very well how hard Yue Hua worked for the clan and the Divine Realm, but she couldn't help feeling disappointed to know that Yue Hua sacrificed Lanyue.

Meanwhile, Yun Lintian fully understood Yue Hua's actions in the past. Sometimes, people needed to make sacrifices to protect the majority. Yun Lintian might choose to do the same if he had no other choices.

He took a deep breath and said. "I don't know why I can't open the gate to the Land of Beyond Heaven. I guess that I have to reach the Divine King Realm first. But you don't have to worry about Hongyue. She's living well there."

Yue Hua lowered her head and looked at Yun Lintian strangely. "The relationship between you two seems to be good."

Yue Hua also looked at Yun Lintian curiously. The fact that Yun Lintian actually called Hongyue by her name proved that they had a good relationship.

Yun Lintian didn't hide anything. "She's like a master to me. Without her, I would have died many times."

Yue Hua smiled faintly when she heard this.

"How is her personality?" Yue Chuntao asked. Yue Hongyue was no longer here when she was born, and she was rather curious about this fearsome "Red Moon Slaughterer."

"Well, she has a hot temper and always urges me to practice. I got scolded often." Yun Lintian said with an embarrassing smile.

"Oh? I thought she would be a ruthless and cold character." Yue Chuntao was surprised.

"She is definitely cold and ruthless when facing an enemy." Yun Lintian said.

He paused briefly and looked at Yue Hua. "In fact, it's not just her, but I have seen the Ancient Xia God Emperor, Xia Nongyue, as well."

Yue Hua was surprised. "Her aura has obviously disappeared from the world... Is she a part of the relics?"

Yun Lintian shook his head. "There were a few traces of her left behind. Her Moon Garden is there. And she was the one who sealed the Scarlet Soul God Emperor over there. Hence, I believe she's still alive somewhere."

"Could she be inside the Primordial God Forsaken Land?" Yue Chuntao raised her thoughts. She had visited that place before, and it was extremely vast. It was almost impossible to find someone there.

Yue Hua thought for a moment and said. "Perhaps we should visit the Ancient Xia God Realm to find out."

Yun Lintian was surprised as he asked. "It still exists?"

Chapter 1564 Ancient Xia Clan

Yun Lintian thought that the fall of Xia Nongyue would affect the entire Ancient Xia God Realm badly. But from Yue Hua's words, it didn't seem to be the case.

"The Ancient Xia Clan has a long history, and Little Girl Nongyue isn't the first God Emperor. After she left, a new generation of Ancient Xia God Emperor immediately took over. And because of this, I am sure that Little Girl Nongyue must have perished long ago." Yue Hua explained briefly.

Seeing Yun Lintian's puzzled expression, Yue Hua said further. "The inheritance of the Ancient Xia Clan is unique. Once the previous Ancient Xia God Emperor perishes, her God Emperor's power will return to the clan, and they can let someone inherit it."

"I see." Yun Lintian nodded. He didn't expect there would be such a convenient inheritance like this. With this, the Ancient Xia Clan didn't have to worry about having no God Emperor. It was no wonder they could last for a very long time.

He thought for a moment and said. "I'm afraid it's not good to go there. After all, I have no relationship with them. Moreover, I don't even know what their attitude is."

Yue Hua nodded thoughtfully. "Little Girl Nongyue was the apple of everyone's eye back then. They should resent the Beyond Heaven King more or less for dragging her down."

"It seems his charms were off the chart." Yun Lintian said while shaking his head.

Although he had a lot of women and owed many love debts, Yun Lintian didn't think he could be compared with the Beyond Heaven King. After all, each of the Beyond Heaven King's women was one of the top powerhouses. They could, in fact, live alone but fell to him wholeheartedly. This had proven how charming he was.

"Indeed." Yue Hua smiled faintly. "He was a dream lover of every young woman back then."

She then looked at Yun Lintian and said meaningfully. "You are no less than him in this aspect."

"Brother is the most handsome man." Ning Yue, who was silently listening to everything, suddenly said with a bright smile.

Yun Lintian smiled helplessly. "Thank you for the compliment, but I'd rather be less charming. I can't deal with many women."

"Do you?" Yue Hua's eyes were like torches as she spoke. "You have the Primordial Azure Dragon God's bloodline and marrows in your body. Dealing with a hundred women shouldn't be a problem for you."

Yun Lintian was rendered speechless.

Yue Hua said further. "I will entrust Chuntao to you. You must treat her well in the future. Understand?"

"What—Wait." Yun Lintian was stunned by the sudden turn of the event.

"Hmph! I told you before that you will be my husband. What are you surprised for?" Yue Chuntao snorted angrily.

Yun Lintian couldn't come up with a word at the moment. Did he just get into an arranged marriage?

Meanwhile, Ning Yue looked at the two, and there was a hint of disappointment in the depths of her eyes. In fact, her feeling for Yun Lintian was apparent, but Yun Lintian instead treated her as a younger sister. Ning Yue didn't know what she should do in this situation.

Yun Lintian turned to Yue Chuntao and said. "We should learn about each other first and will talk about it again later."

"Why?" Yue Chuntao frowned in dissatisfaction. "Is it because I'm not beautiful enough?"

Yun Lintian shook his head. "I always advocate free love and don't like a forced love like this. I know you have never been in love before and don't know what love is. I want you to understand it before we can talk about becoming a couple."

Yue Chuntao frowned deeply and reluctantly accepted it. "Alright."

Yue Hua took a sip of tea and watched everything with a faint smile.

Yun Lintian changed the topic. "By the way, Senior. I want to ask about the four people who are responsible for the downfall of the Beyond Heaven King. Is there anything I need to be aware of?"

Yue Hua put the teacup down and said. "Among the four, Ren Yuan is rather proud but with a meticulous mind. He won't do anything to you right now because he wants to test your limit. To him, the current you is a plaything in his hand, existing to entertain him."

Yun Lintian's eyes narrowed slightly, but he wasn't angry or anything as he was indeed an insignificant ant dancing in Ren Yuan's palm at the moment.

"The Thousand Faces God Emperor, Qian Guimo, is playful but ruthless. His thousand faces art is almost flawless. He can change his appearance or even gender at will. It is very difficult to find him among the crowd. When you continue to travel around, he will certainly appear around you. So, you must be careful." Yue Hua said further.

"The Violet Thunder God Emperor, Zi Wei, is highly ambitious. After studying under the Beyond Heaven King for a long time, he still wants to get his teacher's power. However, he's currently being restrained in the Eastern Divine Region. You don't have to worry about him much."

"As for the Everlasting Soul God Emperor Ling Yongheng, this person is the most dangerous among the four. He always does things silently, and with his unmatched soul power, few people can handle him."

Yue Hua took a deep look at Yun Lintian and continued. "Even though you have four divine beast's souls inside your body, do not let your guard down."

Yun Lintian nodded heavily. "I will."

"The jade I gave you can protect you against a God Emperor's blow one time at most. You must use it carefully." Yue Hua said with a serious expression.

She made the moon-shaped jade she gave Yun Lintian from a portion of her divine power. And she couldn't create another one with her current half-step-to-the-grave-state. It was the only thing she could do for Yun Lintian.

"I understood." Yun Lintian responded solemnly.

He then took the Fruit of Immortality out and handed it to Yue Hua. "Please take it, Senior."

Yue Hua's face was calm as she saw the fruit. "It's useless to me. I have already eaten one before."

Yun Lintian was taken aback and didn't know what to do. With his current strength, he was unable to extend someone's lifespan at will without using the fruit.

Swoosh!

Suddenly, Yue Qi appeared and quickly reported. "Report to Priestess. Something is happening in the Eastern Divine Region. The Sea of the Stars appears and permanently stays there."

Chapter 1565 Good News

"What do you mean by staying permanently?" Yue Chuntao asked upon hearing Yue Qi's report.

"It doesn't disappear like before and constantly expands outward." Yue Qi explained. "There's no spatial fluctuation around the place. It's likely to stay there for a very long time. At this moment, there are many people camping around it, waiting to see the change."

The appearance of the forbidden land always attracted a large amount of courageous practitioners. Even though they knew the chance of them coming out alive was close to zero, they would still risk their lives for it. They didn't want to miss a fate-changing chance like this.

"In the past, countless people had gone into the Sea of the Stars, and no one managed to come out aside from him, Ling Yongheng, and Little Girl Yao Xi. However, many discovered that most of these people were still alive through a soul lamp they left behind. With this, everyone believes something is preventing them from coming out." Yue Hua added.

"Has Senior ever checked on it before?" Yun Lintian asked.

Yue Hua shook her head. "I didn't, but an elder of our clan did. Her name is Yue Jinjian. She volunteered to go there. Her soul lamp is still brightly lit. It means she's alive inside. I didn't want anyone to take a risk again, so I didn't send anyone over."

"Brother... Are you going?" Ning Yue tugged Yun Lintian's sleeve and asked worriedly.

Yun Lintian replied honestly. "I have to. There's the relic inside."

"Can you bring me with you?" Ning Yue asked expectantly.

Yun Lintian looked at her and sighed softly. "I can't. It is a dangerous place, and I don't even know whether I can come out. Moreover, moving alone is better for me. I can escape without worrying. We never know what kind of place is inside. What if we get separated directly once we enter?"

Ning Yue bit her lips and lowered her head in disappointment, but she could understand Yun Lintian's reason. She was just afraid that she wouldn't be able to see him again.

Meanwhile, Yue Chuntao frowned deeply and turned to Yue Hua. But before she could speak, Yue Hua said first. "You can't go."

"Why?" Yue Chuntao was unwilling.

"You will drag him down." Yue Hua said straightly. "Obediently practice here."

Yue Chuntao bared her white teeth angrily but still complied with Yue Hua's words in the end.

"I want to see my parents-in-law before leaving." Yun Lintian said.

Yue Hua looked at Yun Lintian strangely.

Seeing this, Yun Lintian explained. "They should be Auntie Xiurong and Uncle Lin. Their daughter is my wife. Her name is Lin Xinyao. She possesses the Divine Moon Profound Vein."

Yue Hua and Yue Qi were surprised to hear this. Fate was truly magical. They didn't expect their clan to have a relationship with Yun Lintian this way.

"Divine Moon Profound Vein..." A strange light flashed through Yue Hua's eyes as she repeated. "What's the profound art she is practicing?"

"It is something Hongyue gave her." Yun Lintian replied.

Hearing this, Yue Hua raised her head to look at the moon, and the auroras began to waver. Her eyes shone brightly with purple light as if she was looking into the future.

A moment later, Yue Hua coughed up a mouthful of blood as she lowered her head. However, there was no pain but a trace of delight on her face.

"Grandma! Why are you using your power again?" Yue Chuntao exclaimed. It was clear Yue Hua used her power to glimpse at Lin Xinyao's fate, which would consume her already-limited lifespan further.

Yun Lintian quickly arrived by Yue Hua's side and grabbed her wrist, injecting the Tree of Life's power into her body. However, he soon discovered her internal organs had deteriorated to the point they would crumble at any moment.

At the same time, Yue Hua had a hundred years of lifespan at most.

Yue Hua raised her hand to stop Yun Lintian and said. "No need. It's useless on me."

However, Yun Lintian had no intention of retracting his hand and continued to inject his power into her body, stopping her internal organs from deteriorating further.

Seeing this, Yue Hua didn't stop him anymore and said. "I didn't expect that our Divine Moon Clan would have three God Emperors at the same time... Everything is worth it."

Yue Chuntao and the others were immediately stunned by her words.

"What do you mean, Grandma?" Yue Chuntao asked in confusion. From what she knew, the number of the God Emperors was limited because of the Divine Realm's laws. It could not be more than thirty-four God Emperors. How could the Divine Moon Clan have three at the same time?

"Hongyue, you, and Lin Xinyao. All of you will become God Emperors in the near future." Yue Hua revealed. "At that time, the laws will be abolished, and many new God Emperors will be born. This is what I saw."

Yue Hua turned to look at Yun Lintian deeply. "The key is you... You're born to break every law in the universe."

Yue Chuntao and the others were stunned again and subconsciously looked at Yun Lintian.

Meanwhile, Yun Lintian was puzzled. How could he break the law of the Divine Realm that even the Beyond Heaven King couldn't do it?

However, he didn't doubt Yue Chuntao and Lin Xinyao becoming God Emperors at all. With their talents, it would be a joke if they couldn't become one.

"You don't have to doubt yourself. You will understand it when the time comes." Yue Hua said further when she saw Yun Lintian's doubting expression.

Yun Lintian nodded gently and retracted his hand. "Please refrain from using that power in the future. I'm afraid Senior won't be able to withstand it next time."

Yue Hua smiled faintly and said nothing. She was fully aware of her condition. If it was related to the clan, she wouldn't hesitate to use it again.

"I would like to see Auntie Xiurong. Can you bring me there?" Yun Lintian looked at Yue Chuntao.

"Follow me." Yue Chuntao said after getting permission from Yue Hua.

Chapter 1566 Ugly Son-In-Law Meets Parents-In-Law

A beautiful woman in a purple robe was carefully cleaning the table inside a small wooden hut. Her face was flawless, with eighty percent resembling Lin Xinyao. If Yun Lintian were here, he would immediately know right away that she was Lin Xinyao's mother, Yue Xiurong.

Creak...

The wooden door was open, and a handsome man walked into the hut with a bunch of firewood on his back and a pack of mooncakes on his right arm.

When Yue Xiurong heard this, she turned to look at him with a charming smile. "Welcome back."

The man, Lin Zixun, put the firewood down and smiled at his wife. "Thank you for your hard work."

Yue Xiurong glanced at the mooncake in Lin Zixun's hand, and a touch of sadness appeared in her eyes as she knew why her husband bought the mooncake today. It was because today was their daughter's birthday.

Seeing his wife's sad face, Lin Zixun walked over and hugged her. "I told you many times that it's not your fault. Why are you still feeling guilty?"

Tears appeared in Yue Xiurong's eyes as she spoke. "I did a cruel thing to our daughter and even lied about my real name. She must hate me when she knows about it."

When Yue Xiurong accidentally entered a spatial storm and appeared in the Azure World, she concealed her real name by using Yue Xiqian's name instead because she didn't want anyone to find her trace there as it would bring disaster to the world.

She had also sealed Lin Xinyao's Divine Moon Profound Vein in order to let her live a peaceful life over there. Although everything she did was to protect Lin Xinyao, it was undoubtedly cruel. Yue Xiurong could never forgive herself for the rest of her life.

"I want to see her. Why don't we go back?" Yue Xiurong said while sobbing.

Lin Zixun sighed softly and patted his wife's back in silence. It wasn't that they didn't want to go back, but everything they did for Lin Xinyao would be in vain once they returned to the Azure World.

A moment later, Yue Xiurong became determined and said. "I don't care anymore. I will beg the Priestess to bring her back. We can at least have the opportunity to see our daughter every day, even though she will be restricted here."

Lin Zixun tightened his embrace and said. "Calm down, wife. You have to hold on."

Obviously, this wasn't the first time Lin Zixun faced this situation. Yue Xiurong often clamored to bring Lin Xinyao over, but it was because her emotions became unstable. It would be better in a short period.

At the same time. Lin Zixun blamed himself for being mediocre. If his talent was better, he wouldn't have to be afraid of anyone like this.

As a Moon Princess at that time, Yue Xiurong didn't listen to Yue Hua's warnings and went out before encountering an ambush and disappearing into a spatial storm. Upon returning to the Divine Moon Clan, Yue Xiurong and Lin Zixun were immediately punished by Yue Hua and confined to a remote area.

They were not mistreated or anything while being restricted here. It was just that Yue Xiurong had been demoted to an ordinary clan member.

"Auntie Xiurong." At this moment, Yue Chuntao, Yun Lintian, and Ning Yue arrived at the hut.

Lin Zixun and Yue Xiurong were taken aback by the visitors as normally, there wouldn't be anyone coming here.

"It's Moon Princess." Yue Xiurong wiped the tears out of the corner of her eyes and prepared to open the door.

"Let me." Lin Zixun said and went to open the door.

"Junior Lin greets Moon Princess." Lin Zixun quickly bowed his head when he saw Yue Chuntao.

Yun Lintian took this chance to see his father-in-law. Although Lin Zixun wore an old robe, his appearance and temperament could be considered top-notch. It was no wonder Yue Xiurong would fall for him.

"Please get up, Uncle Lin." Yue Chuntao said.

"May I know why you came here?" Lin Zixun asked cautiously.

"We are here to see both of you." Yue Chuntao pointed at Yun Lintian as she spoke. "More precisely, it's him who wants to see you."

"See us?" Lin Zixun turned to look at Yun Lintian in puzzlement. He didn't seem to know this young man before. Why did he come here?

Yun Lintian stepped forward and bowed his head slightly. "Junior Yun Lintian greets Uncle Lin. I came here to see both of you as your son-in-law."n0veLUSb.c0m

Yun Lintian's words were like a thunderbolt struck at Lin Zixun's mind. "W-What did you say? My son-in-law?"

At this moment, Yue Xiurong rushed out and grabbed Yun Lintian's shoulders. "Young man. Did you meet our Xinyao? Where's she now? Is she alright? Nothing bad happens to her, right?"

Yun Lintian was stunned by Yue Xiurong's series of questions, but it showed him how much she cared for Lin Xinyao.

He took a deep breath and said. "Calm down, Aunty. You don't have to worry. She's doing well over there."

Hearing this, two streaks of tears immediately flowed out of Yue Xiurong's eyes as she kept repeating to herself. "That's good. My daughter is good."

Lin Zixun walked over and held his wife's shoulder. "Calm down, wife."

Yue Xiurong turned to hug Lin Zixun and asked. "Did you hear it? Our daughter is doing well."

Lin Zixun smiled and said softly. "I heard it."

He turned to look at Yun Lintian apologetically. "I'm sorry. Her emotion is always becoming unstable when it comes to our daughter's matter."

"I understand." Yun Lintian said with a smile.

Seeing this scene, Yue Chuntao quietly pulled Ning Yue away, giving Yun Lintian space.

"Please come in first." Lin Zixun said and led Yun Lintian into the hut.

He poured a cup of tea for Yun Lintian and said. "We don't have a good tea here. Please bear with it."

"You don't have to be polite, Uncle. We are family." Yun Lintian said and took a sip of tea.

Lin Zixun was relaxed upon hearing this and took a good look at his son-in-law. With a glance, he could see this young man was definitely a top-talented individual. Whether it was his appearance or demeanor, Lin Zixun was satisfied with him.

At this moment, Yue Xiurong calmed down and asked. "Can you tell me about my daughter? How's she doing over the years?"

Chapter 1567 Recount

Yun Lintian took a profound imaginary stone out and placed it on the table. The stone emitted a curtain of light, which immediately displayed the image of Lin Xinyao.

Yue Xiurong's expression froze, and her eyes glued on the beautiful woman on the projection. Tears gradually welled in her eyes again as she spoke in a trembling voice. "This... This is our daughter?"

Lin Zixun was no better. Myriad emotions appeared on his face as he stared at Lin Xinyao. "Yes... She must be our Xinyao."

Both of them seemed to forget about breathing at the moment.

Yun Lintian gave them a moment before recounting the situation from the first time he met Lin Xinyao. Naturally, he didn't tell them about Xia Yao's identity.

After listening to the narration, Yue Xiurong couldn't help crying again. It turned out that because of her action, Lin Xinyao was restrained and suppressed everywhere.

Lin Zixun patted his wife's shoulder and comforted her. "She is fine now. Why are you crying again?"

"Blaming me for making her life difficult." Yue Xiurong said chokingly.

Lin Zixun sighed softly and turned to look at Yun Lintian. "Thank you for helping our daughter."

"This is what I should do." Yun Lintian said gently. "Please forgive me that I didn't bring her along."

"Don't be sorry. You're doing it to protect her. We appreciate your kindness and consideration." Lin Zixun said with a smile. "The Divine Realm is full of dangers. It is difficult to travel in a group."

Although Lin Zixun hadn't gone out after coming here, he understood the Divine Realm well. Every inch of land here was filled with danger, and he was nothing but the lowest prey at the bottom of the food chain.

Lin Zixun didn't know how strong Yun Lintian was, but he believed it was impossible for Yun Lintian to protect Lin Xinyao while traveling around the Divine Realm. After all, Yun Lintian was extremely young.

Yue Xiurong calmed down and wiped the tears away. Her gaze when she looked at Yun Lintian changed drastically. It had become what a mother-in-law looked at her son-in-law now.

"Thank you for taking care of her over the years. I'm glad to know that there's a reliable man by her side." She said softly. Her tone was obvious, she thoroughly approved of Yun Lintian.

"You're too polite, Aunty." Yun Lintian responded.

"What Auntie? Call me mom." Yue Xiurong said with a delighted smile.

"Mom." Yun Lintian quickly said.

"Good. Although I didn't have a chance to accompany Xinyao, I would try to make up by raising our grandchildren for her. Please hurry up and have a few," Yue Xiurong said happily.

Yun Lintian was taken aback and didn't know how to respond for the time being. Having a child was something very far away from him. Especially in the current situation. He didn't want his children to live in danger the moment they were born.

Lin Zixun saw through Yun Lintian's embarrassment and said. "Wait until our daughter comes over first, and we can discuss it again."

"Yes, father." Yun Lintian was relieved.

"You said that you're my elder sister's disciple. How is she now?" Lin Zixun asked. He was missing his beloved elder sister so much and felt guilty for causing trouble to her.

"She's doing very well. There's nothing for her to worry about anymore." Yun Lintian replied. "Moreover, the Lin Clan has become one of the strongest clans in the Azure World."

Lin Zixun was surprised and asked. "How's the relationship between her and my father? Have they reconciled?"

"I believe they have reconciled now. I have seen them converse often before I left." Yun Lintian answered.

Lin Zixun was relieved to hear this. "My father is tough on the outside, but I know he loves my sister very much."

Yue Xiurong filled the tea for Yun Lintian and asked. "By the way, how did you know the Moon Princess?"

"It's a bit complicated." Yun Lintian said. "I met her inside the Heavenhold Realm, and we became friends since."

Yun Lintian didn't want his parents-in-law to worry much about the world's situation. Hence, he decided to conceal the Beyond Heaven King's matter from them. Once they became stronger, they would eventually know about it.

Thinking of this, Yun Lintian suddenly understood why Hongyue and the others didn't want to tell him many things back then. They just wanted to protect him from worrying too much.

Yue Xiurong said with a smile. "The Moon Princess is mischievous in nature. I heard that she often sneaked out."

When she spoke this, it reminded her of herself in the past. At that time, she also often sneaked away from the clan and traveled around.
n0veLUSb.c0m

Suddenly, Yue Xiurong asked. "Do you have other women besides Xinyao?"

Yun Lintian, who was sipping tea, almost choked upon hearing this question.

Seeing this, Lin Zixun smiled and said. "It's normal for a practitioner to have a few partners. You don't have to be embarrassed."

Yun Lintian coughed slightly and said in embarrassment. "I have four more."

"It seems your charm is very good." Yue Xiurong laughed gently.

The three continued to talk about various topics but mostly focused on the Azure World's situation. Yue Xiurong and Lin Zixun expressed their thoughts of returning to take a look in the near future, and Yun Lintian promised to bring them back.

An hour passed unknowingly, and Yun Lintian felt it was time for him to get into the topic.

Yun Lintian looked at the two and said. "Father, mother. I have a way to improve your talents. However, you have to start from the beginning again. I wonder if you are interested?"

Yue Xiurong and Lin Zixun looked at each other in surprise before Yue Xiurong asked. "Can you tell us more about it?"

Yun Lintian thought for a moment and said. "As you know, I am a doctor. I have a way to transform your profound vein. After transforming, your profound vein will have an affinity with every element in the world."

"What!? There's such a thing?" Yue Xiurong exclaimed in shock. Her profound knowledge was higher than Lin Zixun, and she knew very well what it meant to have such a profound vein. Whoever had it would have a limitless future.

"It's not that mom doesn't believe you, but are you sure?" Yue Xiurong asked again.

"Yes. I have done it many times." Yun Lintian replied with a confident smile.

Yue Xiurong and Lin Zixun glanced at each other before replying in unison. "We're interested."

Chapter 1568 The Sea Of The Stars (1)

After two hours, Yue Xiurong and Lin Zixun's profound veins underwent a complete transformation under Yun Lintian's hand.

Lin Zixun looked at his profound vein and said in astonishment. "What kind of this profound vein? If I hadn't seen it myself, I wouldn't believe there was such a heaven-defying profound vein in the world."

Before this, Lin Zixun's profound vein was slightly above average and could be considered mediocre at best in the Divine Realm. However, his current profound vein was something beyond anything he knew. Even a Divine Emperor here might not have it.

On the contrary, Yue Xiurong seemed to think of something and looked at Yun Lintian deeply. As a former Moon Princess, she knew a lot of things from the past to the present. The only one who could achieve this miraculous feat in the entire Divine Realm's history was the Beyond Heaven King.

Thinking of this, Yue Xiurong immediately understood everything and was certain about Yun Lintian's identity as the Beyond Heaven King's successor. It was no wonder Yun Lintian could come here.

The Divine Moon Clan usually prevented an outsider from entering. That was why Yue Xiurong had a doubt in her heart at first. Now, everything was clear.

Since Yun Lintian didn't want to tell her about this, Yue Xiurong naturally didn't expose it. "Thank you for helping us. With this, becoming a Divine Emperor is as easy as drinking water."

Yun Lintian smiled and asked. "Do you need a profound art?"

Yue Xiurong shook her head. "We will practice our clan's profound art. Before this, it was impossible for him to practice, but it's different now."

Yun Lintian nodded gently and handed two storage rings to them. "There are enough resources here for both of you to reach the Divine Origin Realm at the very least. Please accept it."

Yue Xiurong took the rings and asked. "Are you leaving?"

Yun Lintian replied truthfully. "I have to go somewhere to improve my strength. If there's no mistake, I should return within twenty years."

Yun Lintian didn't know how long he would stay inside the Sea of the Stars, but twenty years should be enough in his opinion.

Yue Xiurong said understandingly. "The life of a practitioner is difficult. I hope everything will be in your favor."

As someone who lived for more than ten thousand years, Yue Xiurong understood the life of a practitioner well. It was a marathon, and anyone would leave behind once they stopped for a moment.

Lin Zixun looked at his son-in-law and said solemnly. "Be careful out there. Think about your wives more when you're going to do something. Don't let them wait forever."

"I will." Yun Lintian responded with a serious expression. "Then I will take my leave first. Father. Mother."

Lin Zixun and Yue Xiurong nodded and sent Yun Lintian out of the hut.

Watching Yun Lintian walking away, Lin Zixun suddenly said. "He had an unusual identity, right?"
n0Velusb.c0m

Yue Xiurong said softly. "It's not just unusual. I can only say that the entire Divine Realm is his enemy."

Lin Zixun's pupils shrank upon hearing this, but he soon calmed down. "Let's practice hard. I hope we can help him a bit."

Yue Xiurong didn't say anything and entered the hut with him. They would devote themselves to training from today onward.

After leaving Yue Xiurong's hut, Yun Lintian met Yue Chuntao and Ning Yue halfway and returned to the Divine Moon Peak to see Yue Hua.

"I just got the news that some Devil God Emperors have crossed over. Their goal is likely to be you." Yue Hua said.

Yun Lintian frowned deeply. "Is it normal for them to come over easily like this?"

"No," Yue Chuntao was the one who answered. "It's obviously someone inviting them over."

Yun Lintian immediately understood. It should be the Heavenly Desolate God Emperor who did this.

"The other God Emperors are going to watch on the sideline, right?" Yun Lintian asked.

"Most of them are likely to stay aside." Yue Hua said calmly. "When you go to the Eastern Divine Region this time, you can contact the Rain God Emperor. She will provide you with protection. I have already told her."

Seeing Yun Lintian's doubting expression, Yue Chuntao added. "She's reliable. A few God Emperors came for you during your stay in the Heavenhold Realm, and they were chased away by her. It could be said you owed her this."

"I see." Yun Lintian nodded gently. "I'll disguise myself and go there in a low-profile manner. I'll rush into the Sea of the Stars directly."

"You can use a teleporting formation to a middle realm there." Yue Hua said. "Good luck."

"I'll leave first, Senior." Yun Lintian cupped his fists and prepared to leave.

"Brother..." Ning Yue held Yun Lintian's arm, unwilling to let go. She became even more worried when she heard about the Devil God Emperors.

Yun Lintian patted her head gently and said. "Practice well. I'll bring you along next time."

"Mhm!" Ning Yue nodded and reluctantly let go of his arm.

Yun Lintian turned to Yue Chuntao and said. "Don't run around with Yueyue again."

Yue Chuntao pouted. "What do you mean by running around? I just sent her to see you last time."

Yun Lintian chuckled and turned around, leaving directly under everyone's gaze.

The news of the Sea of the Stars' appearance spread to every divine region in a short time. Countless profound practitioners from all directions ran to the Eastern Divine Region and camped around the place.

However, these people had no intention of rushing in directly. They were waiting for someone to start first.

Day after day passed by, and the Sea of the Stars was constantly expanding without a sign of stopping. This scene made every Eastern Divine Region's profound practitioner grow anxious. Especially the practitioners from the realms not far away from the Sea of the Stars. If it continued to expand like this, their homes would be swallowed sooner or later.

In the depths of the starry sky, Yu Wuying, Jiang Taiyu, and Kong Hui were watching the scene with frowns on their faces. During this period, they tried to come up with a solution, but there was nothing they could do to stop it from expanding.

"Do we really need to contact Ling Yongheng?" Kong Hui said unwillingly.

The Everlasting Soul God Emperor Ling Yongheng was one of the three survivors from the Sea of the Stars, and he was likely to know something. It was just that he was the enemy of their master. Kong Hui didn't want to talk with him in any case...

Chapter 1569 The Sea Of The Stars (2)

Jiang Taiyu rubbed his temples while saying. "Look like we really have no choice here. And we don't know how much he can help."

If possible, Jiang Taiyu didn't want to talk with Long Yongheng. Let alone ask for help. However, the current situation was beyond his ability. Compared to the hatred in his heart and the safety of the Eastern Divine Region, he'd choose the latter without hesitation.

"What do you think, Sister Yu?" Kong Hui turned to look at Yu Wuying.

At this moment, Yu Wuying suddenly received a message from Yue Hua. A trace of surprise appeared in her eyes as she said. "He's coming."

"He?" Kong Hui was puzzled.

"His successor." Yu Wuying said calmly.

"Hmm?" Kong Hui was surprised. "Why does he come here?"

"He comes here for the Sea of the Stars." Yu Wuying responded. Her eyes were deep as she stared at the Sea of the Stars in the distance. "It seems Master left something for him in there."

The expressions of Kong Hui and Jiang Taiyu changed slightly upon hearing this. They had been on the Beyond Heaven King's side for thousands of years, and they naturally knew what the thing he left inside the Sea of the Stars was. It should be the relic, without a doubt.

Jiang Taiyu let out a long breath and said. "So everything is in Master's calculation."

"Master is really a god." Kong Hui sighed in admiration.

After knowing about the relic, everyone immediately understood that the appearance of the Sea of the Stars must be within the Beyond Heaven King's prediction.

"Where is he now?" Kong Hui asked.

"He will be here soon." Yu Wuying replied.

While the three were talking, Yun Lintian quietly arrived at the Blue Orchid Realm, a middle realm in the Eastern Divine Region. He spent time buying supplies along the way before leaving the realm and heading toward the Sea of the Stars.

Driving his modified profound skyship, Yun Lintian looked at the scenery along the way while enjoying good food. At the same time, he also saw a few ships heading in the same direction.

An hour later, Yun Lintian suddenly saw a group of skyships gather ahead. More precisely, they were stopped by another group of skyships.

Looking at those strange sword-shaped flags, Yun Lintian frowned slightly and slowed the ship down while approaching them.

At this moment, a middle-aged man with a long scar on his cheek stood on a huge ship and looked at various ships in front of him coldly. "You know what to do if you want to pass here. Hand over everything you have."

To Yun Lintian's surprise, no one made a complaint and obediently handed their storage rings to the middle-aged man's subordinates.

"You don't know them, are you?" Suddenly, a young man clad in white drove his small ship over and arrived at the side of Yun Lintian's ship.

"Who are they?" Yun Lintian looked at the man and asked.

"They are the famous Dark Sword Pirate Group." The young man said calmly. "These bastards have been wantonly robbing people around the Divine Realm for ages. With a Divine Emperor standing behind them, they are surely not afraid of anything."

A strange expression appeared on Yun Lintian's face as he said. "You don't seem to be afraid of them at all."

The young man smiled and cupped his fists. "I'm Liao Fang, a wandering practitioner. I'm not afraid because I have nothing in my pocket."

Yun Lintian chuckled upon hearing this. He cupped his fists. "I'm Ye Xiaolong, a wandering practitioner as well."

"So it's Brother Ye." The young man, Liao Fang, said. "Are you heading to the Sea of the Stars?"

"Yeah. I want to join the fun." Yun Lintian nodded and looked at the group of pirates ahead. "What a bad luck."

"You don't seem to care about it as well." Liao Fang said with a smile.

Yun Lintian shrugged. "I have few taels and good food with me here. It's not worth much."

Liao Fang glanced at the various delicacies on Yun Lintian's table and sighed. "Hopefully, they won't take them away."

"Hey! Both of you. Come here." At this moment, a skinny pirate noticed them and shouted.

Yun Lintian and Liao Fang glanced at each other briefly and tacitly drove their ships toward the skinny pirate.

The skinny man seized the two from head to toe and said. "Hand everything over."

Liao Fang threw a small pouch at the skinny man and said. "That's all I have."

The skinny man glanced at a few Divine Stones inside the pouch and clicked his tongue in dissatisfaction.

Yun Lintian removed a storage ring he usually used to deceive others from his finger and threw it at the skinny man. "Let me keep these dishes here."

The skinny man glanced at the contents inside the ring and saw a bunch of Divine Stones and medicines before shifting his gaze to the delicacies on the table. "Give them to me."

Yun Lintian's face darkened. "But I have already eaten. Do you still want them?"

"Why are you talking so much? I said, hand them over." The skinny man said coldly.

Yun Lintian shook his head and used his divine energy to send the delicacies to the skinny man's side.

The skinny man took a bite and nodded in satisfaction. "Not bad."

"Can we go now?" Liao Fang asked.

"Wait here." The skinny man said and drove his ship away.

"How troublesome." Yun Lintian sighed depressingly. If it wasn't for the sake of concealment, he would kill these people and rush out already.

"Don't worry. It won't be long. Although they are pirates, they have their own principles. That's why those people aren't worried much." Liao Fang comforted.

Zzzoom!

Suddenly, a loud noise could be heard from above, causing everyone to turn their head around.

Far off in the distance behind them, there was a huge profound ark high up in the starry sky. More precisely, it was a huge palace that was slowly flying over. It looked fifty kilometers long at a glance.

When the palace came closer, the feeling of coercion it gave off was as vast as the sun rising in the sky, hastening the heartbeats of others and frightening their souls.

"Sun God Palace? It seems they also want to join the fun." Liao Fang said in surprise.

"Sun God Palace?" Yun Lintian repeated in doubt.

"It's the Sun God Emperor's profound ark. Maybe it's his eldest son, Yang Zhen, who came." Liao Fang explained briefly.

Chapter 1570 The Sea Of The Stars (3)

As the Sun God Palace drove over, the middle-aged man, the pirate group leader, came back to his senses and quickly shouted at his people. "Hurry up. Let everyone go."

"Go! Go!" All the pirates shouted anxiously and started driving their ships away.

Inside the Sun God Palace, a handsome young man leaned comfortably in his chair while enjoying an exotic fruit a beautiful maidservant served him.

He seemed to notice a commotion below and asked. "What happened down there?"

The beautiful maidservant beside him glanced outside briefly and said. "It's a bunch of pirates. They were probably robbing people earlier and now fleeing."

She turned to look at the young man and asked. "What should we do, Young Master?"

The young man, Yang Zhen, waved his hand casually. "Let them disappear."

The beautiful maidservant, Dong Xiu, smiled sweetly. "As your wish, Young Master."

As her voice fell, several rays of sunlight shot out of the Sun God Palace and blasted toward everyone below, including Yun Lintian's group.

The expression of everyone changed drastically, and most of them subconsciously cried out in horror when they saw this scene.

"That bastard." Liao Fang uttered coldly and flicked his wrist, throwing a bunch of blue beads toward the incoming sunrays.

With a bang, the beads exploded, forming a giant water dome covering everyone.

BOOM!!

The sunrays smashed into the water dome and exploded directly. The impact caused everyone under the dome to fly away, but their life was pretty much safe.

However, the pirates weren't lucky as they were too far from the water dome, and the powerful sunrays killed them directly.

"Hmm?" Dong Xiu frowned slightly as her Divine Sense firmly fixated on Liao Fang.

"What is it?" Yang Zhen glanced at her and asked curiously.

"There's an extraordinary figure among them. He could defend against our sun cannon." Dong Xiu replied softly.

"Oh?" Yang Zhen was curious and spread his Divine Sense out. When he saw Liao Fang, a smile appeared on his lips. "It turned out to be Brother Shui. Please forgive me for my rudeness earlier."

His voice resounded from the palace, and everyone below could hear it.

Liao Fang's face darkened as he responded. "Brother Yang is surely domineering as usual."

"Since we are going in the same direction, why don't you come with me, Brother Shui?" Yang Zhen asked.

"Forget it. You can leave." Liao Fang waved his hand dismissively.

"Alright. I'll be ahead first." Yang Zhen chuckled and signaled his servant to drive the palace forward.

"Is he the elder young master of the Clear Spring God Emperor?" Dong Xiu asked curiously.

"It's him." Yang Zhen replied casually. "This man has a weird hobby. He likes to drift around and make friends with random strangers."

The Clear Spring God Emperor was one of the Northern Divine Region's God Emperors. His strength was mysterious, but many believed he was only second to the Everlasting Soul God Emperor.

Dong Xiu curled her lips and said. "He's so kind."

Yang Zhen chuckled and offered no further comment.

Watching the Sun God Palace drift away, everyone at the scene returned to their senses and cupped their fists toward Liao Fang. "Thank you for saving our lives."

Liao Fang waved his hand and said. "All of you better go now. Be careful on the way."

Everyone glanced at each other and drove the ships away after expressing their gratitude to Liao Fang again.

Liao Fang turned to look at Yun Lintian and scratched his head in embarrassment. "Well, I have lied to you earlier. My actual name is Shui Fang."

Yun Lintian smiled and said. "It's fine. Everyone has their own secret."

Shui Fang nodded slightly and asked. "Brother Ye has also concealed your strength, right? You didn't seem to bother against the earlier attack."

Yun Lintian shook his head and said. "How could I not bother? I planned to use my life-saving card earlier, but Brother Shui was faster. Thank you for saving my life."

Shui Fang took a deep look at Yun Lintian as if he didn't believe it.

"Let's go, shall we?" Yun Lintian asked and controlled the ship toward the destination.

Shui Fang stared at Yun Lintian's back and muttered to himself. "Look like I have found my peers."

With that, he quickly drove the ship to follow suit.

The crowd around the Sea of the Stars was growing bigger and bigger, and many people from the upper realms had also joined the scene.

At this moment, the Sun God Palace appeared from a distance, and everyone was surprised to see it. They didn't expect to see people from the God Realm here.

"Why did he send his son over?" In the void, Kong Hui looked at the Sun God Palace in surprise. He naturally recognized the person inside with a glance, and the "he" in his words was referred to the Sun God Emperor.

"Have you heard about him recently?" Jiang Taiyu asked.

Kong Hui shook his head. "He has never appeared in public in the past twenty thousand years. His injury wasn't light back then."

Jiang Taiyu touched his chin thoughtfully. "This is strange. He should have recovered a long time ago with the Sun God's power. Maybe something really happens to him."

Kong Hui frowned slightly and said nothing.

At this moment, the Sun God Palace stopped in the starry sky above, and no further movement could be seen. It seemed the people inside had no intention of showing themselves.

Gradually, people began to shift their focus elsewhere and no longer paid attention to the Sun God Palace.

A few hours passed unknowingly, and Yun Lintian finally arrived at the scene, with Shui Fang closely behind.

"So beautiful." Shui Fang exclaimed in admiration as he looked at the river of myriad stars in the distance ahead.

Meanwhile, Yun Lintian stared attentively at the Sea of the Stars without saying anything. However, his heart became restless at the moment as he felt a long-lost connection between him and the relic again. Undoubtedly, the Light Pole was inside this place!

"You're here, Brother Shui. May I invite you for a drink?" Suddenly, Yang Zhen's voice resounded, and everyone turned to look at Shui Fang curiously.

"Bastard." Shui Fang cursed in a low voice. This Yang Zhen obviously did it on purpose to make him the center of attention.

While everyone was looking at Shui Fang, Yu Wuying's gaze firmly fixated on Yun Lintian as if she had seen through his disguise...
