

Myth Beyond 1611

Chapter 1611 Identity Exposed

As Lou De approached Yan Yin, he suddenly felt something and said with a frown. "This aura... Gong Su?"

"Gong Su?" Chi Jixing, the Red Fall Devil God Emperor, furrowed his brow upon hearing this name. The name was extremely familiar to him.

"Have you ever heard of the Crimson Nefarious Demon God?" A skinny man named Xie Songshan beside Chi Jixing asked.

Chi Jixing's expression changed dramatically. "It's him!?"

Xie Songshan stared at the illuminated area behind Yan Yin and spoke in a deep voice. "There is a trace of his presence lingering within. It seems he has already left."

"How could it be possible?" Another man by his side expressed doubt. Gong Su was known as one of the most powerful devils in this place. Even though Yan Yin wasn't much inferior to him, it was almost impossible for him to lure Gong Su to this place and kill him.

Lou De glanced at Kong Xun and thought about the previous ragged pants. Could it be that Gong Su was killed by it?

Thinking about this, Lou De halted his tracks and looked at Yan Yin. "So, Gong Su is gone?"

Yan Yin responded with a smile. "What do you think?"

Xie Songshan glanced at Jiang Shuren and the others and said. "Why did you stay with them, Yan Yin? This is not like you at all."

"Do I look like your father?" Yan Yin curled his lips. "I don't have to answer you, do I?"

Xie Songshan's face darkened. "Do you want to die that badly?"

"Heh. Xie Songshan. I have beaten your ass off every time we've met, yet you still have the audacity to say this to me? Why? Is it just because you came with your pack this time that you became courageous?" Yan Yin sneered.

The temperature dropped drastically as soon as Yan Yin's voice fell. Xie Songshan's aura gradually permeated the entire area.

Lou De frowned slightly and glanced at him. "Relax. This is not a place to fight."

This area was too close to the light zone, and no one could guarantee that they wouldn't be thrown into it.

Xie Songshan snorted coldly. "I'll let you go this time."

"Well, I was kind of expecting that. After all, you only know how to bark but not bite." Yan Yin laughed contemptuously.

"Bastard!" Xie Songshan was furious.

Chi Jixing turned to look at Yu Zhilan and the others, expressing doubt. "All of you are the first protectors of your own realms. Why would you come here?"

He suddenly had a thought and said. "Don't tell me you come with the successor of the Beyond Heaven King Realm?"

Lou De and the others behind him were immediately stunned upon hearing this. Especially Lou De. He recalled Yun Lintian's appearance and how Jiang Shuren, Yu Zhilan, and Kong Xun did their utmost to protect him. Without a doubt, Yun Lintian must have a special identity.

Lou De turned to look at Chi Jixing and asked. "How do you know about it?"

Chi Jixing explained. "The entire Divine Realm and the Great Devil Realm know that the current Rain God Emperor, Shrouding Sky God Emperor, Eternal River God Emperor, and the Violet Thunder God Emperor are disciples of the Beyond Heaven King. Except for the Violet Thunder God Emperor, the other three are still loyal to him."

He paused briefly to take a deep look at Yu Zhilan and said. "Why would they take a risk by sending their second-in-command generals over here?"

Lou De and the others immediately understood. They had been staying here for a long time and had no idea about the disciples of the Beyond Heaven King.

Lou De quickly scanned the surroundings and said. "It seems that he has already entered the tower."

"Who are you talking about?" Xie Songshan frowned slightly.

"There is indeed a young man coming with them. That person should be the successor of the Beyond Heaven King you said." Lou De spoke. If he had known it earlier, he wouldn't have let them escape in the first place.

"So, he's really here." A strange light flashed in Xie Songshan's eyes upon hearing this.

"Let's go." Lou De waved his hand and left. However, he didn't go too far but found a nearby place to settle. Since he could live forever here, waiting for Yun Lintian to come out wasn't a problem for him. Even if he had to wait for a hundred thousand years, he could easily afford it.

Chi Jixing squinted his eyes at the tower briefly and followed Lou De behind. There was a hint of anger in his heart at the moment.

When Chi Jixing first arrived here, he was immediately ambushed by Lou De and died at his hands. If it weren't for his injury, Chi Jixing would have had a chance against Lou De.

However, since Chi Jixing was a devil, Lou De decided to leave him be and allow him to be resurrected instead of devouring him. And because of this, Chi Jixing completely missed a great chance to enter the tower forever... How could he not angry?

Unfortunately, he couldn't do anything much at the moment.

Yan Yin stared at Lou De's group for a while and sat back in his seat. He was, in fact, relieved inwardly. If a battle were to break out, he would be the one who suffers here.

"Those people must have already noticed it." Wan Mu said with a hint of concern in his voice.

Lou De's group wasn't the only group in this place. There were others whose strength was not inferior to Lou De's. Once they came together, it would be even more difficult for Wan Mu and Yan Yin to stay here.

"What's wrong, old man? Didn't you trust that little guy so much before? Why are you worrying now?" Yan Yin glanced at Wan Mu and said, with a hint of sarcasm.

Wan Mu didn't say anything and turned to look at the tower in the distance.

"Ugh..." Yun Lintian groaned as he slowly opened his eyes. The first thing that came to him was the soreness and pain all over his body, making it impossible for him to move.

Swoosh!

The Heaven Piercing Sword was delighted and hovered around Yun Lintian's face, expressing its concern.

Yun Lintian was relieved to see the sword here. He thought that it couldn't come back from the outside.

Yun Lintian's mind moved, and a bottle of healing pills appeared beside his hand. "Can you feed me?"

The Heaven Piercing Sword swiftly shattered the bottle and brought the pills to Yun Lintian's mouth.

After swallowing the pills, Yun Lintian asked. "How long did I sleep?"

Chapter 1612 Recovery

The Heaven Piercing Sword wrote a sentence on the ground to answer Yun Lintian's question.

"A full week?" Yun Lintian was stunned. He had been sleeping for a whole week, but his injury didn't recover much.

Yun Lintian quickly checked his body and saw his organs, bones, and muscles in a terrible state. His wounds were terrifying beyond words. There wasn't a single part inside or outside of his body that was unhurt. The bloodlines of the divine beasts were also dormant. It would take a long time for them to recover.

A wry smile appeared on Yun Lintian's face. He didn't expect his injury to be serious to this extent. If he were an ordinary practitioner, he would certainly have died a long, long time ago. This was likely the first time in his second life that he had experienced such a severe injury.

The healing pills gradually took effect, and Yun Lintian began to regain his strength. He pulled himself up to a sitting posture before closing his eyes, focusing on recuperation.

When he began absorbing the divine energy, he suddenly realized that his fractured bones emitted a radiant golden light and rapidly healed themselves. At the same time, he could feel that his bones had become stronger after recovering.

"The Dragon God Marrow is truly remarkable." Yun Lintian muttered to himself and continued to recover.

Another week passed by quickly, and Yun Lintian's injury was almost completely healed. Except for the bloodlines of the divine beasts, everything else was pretty much fully recovered.

Yun Lintian opened his eyes and prepared a hot bath for himself. While lying in the tub, he began to ponder his next step. With his current condition, it was difficult for him to fight Ling Zemin and Xing Liuxian at the same time. Especially when he had no divine beast bloodlines to rely on. He must find a way.

The Heaven Piercing Sword leaped into the bathtub and swam around like a child. This scene caught Yun Lintian's attention.

"It seems I have to rely on you to defeat them later." Yun Lintian spoke softly.

He gained a lot of insights from the previous battle. The shadow was obviously more proficient than him when it came to utilizing his power. It could launch a more effective series of attacks than Yun Lintian himself. If it weren't for his ability to use items from his interspatial ring, Yun Lintian might have lost in the end once both sides had recovered.

The Heaven Piercing Sword seemed to sense Yun Lintian's concern. It jumped out of the water and slowly circled around his head, as if reassuring him to relax.

"Thank you." Yun Lintian chuckled and gently patted the sword.

He sighed softly and continued speaking. "It would be great if I could enter the Land of Beyond Heaven. I don't know how they are doing now."

It had been more than a year since he arrived in the Divine Realm. In addition to the thirty years he spent inside the Heavenhold Secret Land, Yun Lintian was now feeling a bit homesick.

While pondering this, Yun Lintian subconsciously cast a glance at the Gate of Beyond Heaven in his mind, causing the gate to tremble unexpectedly.

Yun Lintian was stunned and hurriedly tried to open it. However, despite Yun Lintian's vigorous efforts, the gate remained completely immobile, not budging an inch after the initial shake.

"Ah..." Yun Lintian let out a sigh and gave up. He didn't know why the gate had shaken earlier, but it didn't matter now. In the end, he couldn't open it.

A while later, Yun Lintian cleaned himself up and put on a new robe. He then took out various materials and began refining an enhanced version of thunder beads.

The gold bead he used to finish the shadow off previously was the thunder bead he improved during his time in the Heavenhold Secret Land. Although he couldn't harm Divine Emperors like Ling Zemin and Xing Liuxian, it could be used to interrupt them if it was used at the right time.

Yun Lintian spent another two days refining a large number of talismans and thunder beads. At the same time, he took this opportunity to put on the white armor made from the bones of the God Forsaken Tribesman, which Yun Xia had spent her time refining.

Before leaving the Azure World, Hongyue advised him to use it only when necessary, as the aura of the God Forsaken Tribesman would attract a lot of attention from all sides.

Yun Lintian didn't know much about the God Forsaken Tribe because there was no record in the library. And Hongyue wouldn't tell him about it. Because of this, Yun Lintian had never used it once since receiving it. He was afraid it would attract more unnecessary trouble than he already had on his hands.

"I should have put it on previously." Yun Lintian patted his forehead lightly. He was so focused on the battle that he completely forgot to use the items in his ring. When he realized it, the battle was already at its end.

This time, Yun Lintian planned to use the armor at the critical moment. After all, he had no way to utilize the souls and bloodlines of the divine beasts given his current condition. He could only rely on artifacts and items to fight against them.

A while later, Yun Lintian packed up and checked his condition once more before standing up and searching for a path to follow.

He looked around the perfectly restored hall and didn't see any doors here. How could he proceed to the next floor?

Suddenly, the star-shaped mark on the back of Yun Lintian's hand shone brightly, and the wall at the end of the hall shook abruptly, revealing an entrance to a stairway.

Yun Lintian looked at the star mark in surprise. It was said that he could leave the Sea of the Stars once he completed the mark, but he had no idea how to do it. Perhaps he needed to reach the top floor first.

Without further thought, he left the hall and began ascending the staircase. When he reached the end of the path, he could see a towering, magnificent white gate made of precious jade. There was also a star mark on it.

Yun Lintian glanced at it briefly and pushed open the gate. The star-shaped mark on the gate and his hand suddenly shone, resonating with each other.

Creak...

The gate slowly opened, revealing a small gap wide enough for Yun Lintian to walk through.

Yun Lintian took a deep breath and entered.

"How could it be you?" Xing Liuxian's voice suddenly resounded the moment Yun Lintian appeared in the hall...

Chapter 1613 Undercurrent (1)

When Xing Liuxian and Ling Zemin heard the sound of the gate opening, both of them assumed it would be either Yang Zhen or their protectors who had arrived. However, the moment Yun Lintian walked into the hall, they were completely baffled. Even in their wildest imaginations, they would never guess it was Yun Lintian.

Xing Liuxian suddenly had a thought. Yun Lintian definitely had a hidden identity. Perhaps he employed life-saving techniques passed down from his elders to overcome his opponents and reach this point, similar to what Ling Zemin and he did. And since Yun Lintian's strength was very low, his opponents would also be weak. It was even easier for him.

However, Ling Zemin didn't think it was that simple. There must be something huge behind Yun Lintian.

When Yun Lintian walked through the gate, he didn't look at Xing Liuxian and Ling Zemin, but at the light pillar in the center of the hall. The connection between him and the light pillar became extremely strong in that moment. Without a doubt, it was the Light Pole he had been looking for.

Seeing Yun Lintian staring at the light pillar, Xing Liuxian frowned slightly and exchanged a glance with Ling Zemin. They had decided to get rid of him.

Yun Lintian retracted his gaze and turned to look at Ling Zemin and Xing Liuxian. The three of them stared at each other in silence. Neither Xing Liuxian nor Ling Zemin wanted to take action first because they didn't know what cards Yun Lintian had in his hand.

"Forget it. How about we go together?" Xing Liuxian turned to look at Ling Zemin and asked, breaking the long silence.

"Sure." Ling Zemin responded calmly.

Boom!

Immediately, their auras burst out, and the space around Yun Lintian compressed, locking him in place.

Yun Lintian had long anticipated this. The moment Ling Zemin's voice fell, he had already thrown a few thunder beads towards them.

The expressions of Xing Liuxian and Ling Zemin changed slightly when they saw the golden beads flying towards them. They had no idea what they were and thought it must be something Yun Lintian used to defeat his opponents.

Immediately, they sent their divine energy out to deflect the incoming thunder beads.

Boom! Boom! Boom!

The thunder beads exploded one after another, and the power emitted from the explosions immediately made Xing Liuxian and Ling Zemin realize that they had been deceived.

At this moment, Yun Lintian had already executed Shadow Step and rushed towards the light pillar. In the blink of an eye, he appeared beside the Light Pole and extended his hand to touch it.

Ling Zemin and Xing Liuxian were stunned upon seeing this scene. Especially Ling Zemin. He had tried several times to approach the light pillar, but he would get booted out every time. How could Yun Lintian do it? Unless...

In that instant, they had figured out Yun Lintian's true identity. He was none other than the successor of the Beyond Heaven King!

"We have been deceived from the beginning to the end." Xing Liuxian was shocked. Who would have thought that the man everyone had been searching for was actually right under their nose?

Ling Zemin's expression turned ugly. He had planned everything from the beginning but ended up losing to Yun Lintian in the end.

Before coming here, his father had warned him to be cautious of the successor of the Beyond Heaven King. However, he didn't expect that Yun Lintian would arrive so quickly. After all, Yun Lintian's strength was too weak to pass through the Star Graveyard and enter the tower... Unexpectedly, the harsh reality in front of him slapped him in the face.

Without further hesitation, mysterious runes appeared in Ling Zemin's eyes, and his mental power surged forth.

Bang!

When Ling Zemin's power collided with the light barrier, he was immediately propelled backwards, crashing into the wall behind him and spitting out a mouthful of blood.

Xing Liuxian glanced at Ling Zemin without saying a word. At the same time, he felt an indescribable pleasure in his heart at the sight of Ling Zemin's miserable appearance. Among the children of the God Emperors, Ling Zemin had always acted haughtily, as if he were superior to everyone else. It was rare to see him suffer.

Yun Lintian glanced briefly at Ling Zemin and paid no further heed. It was obvious from the beginning that the two of them couldn't reach the Light Pole. Otherwise, they would have taken it away a long time ago.

He took a deep breath and closed his eyes, feeling the connection within his heart.

Buzz—

Suddenly, the Beyond Heaven King's Crown appeared on Yun Lintian's head, accompanied by multicolored lights that shone brightly from the eight jewels on the crown.

At the same time, the Light Pole released a blinding white light, transforming the entire hall into a world of white.

Xing Liuxian and Ling Zemin were instantly blinded. They couldn't open their eyes, and their spiritual senses weren't working either. If Yun Lintian wanted to take their lives at this moment, they would have no way to resist.

Fortunately, Yun Lintian had already entered a state of enlightenment. He found himself standing in his realm of consciousness, with a faint white light lingering around.

Yun Lintian looked around briefly, searching for someone. Usually, someone would appear when he entered this world of consciousness.

"Looking for me?" An ancient voice of a man resounded, and a blurred figure appeared in front of Yun Lintian.

Yun Lintian looked at the man and said. "Let me guess. You must be someone related to the Beyond Heaven King again."

He still remembered the man he had seen during his last breakthrough. That person kept saying something strange and used the word "us." Hence, Yun Lintian believed that the person in front of him was one of "us."

The man didn't seem to hear Yun Lintian. He spoke. "You arrived here in such a short time. It seems like all the plans are playing out perfectly well."

Yun Lintian was taken aback. Everyone he met in the past would say that his progress was extremely slow, but this man was opposite.

"However, your current strength is insufficient to handle the Light Pole. It will take you a long time to fully absorb it." The man said further. "Unfortunately, I don't think you can make it in time."

Yun Lintian was confused. "What are you talking about?"

Chapter 1614 Undercurrent (2)

"Your next destination is Devil Valley, and it will be too late for you to go there." The man spoke calmly. "Something is bound to happen."

Yun Lintian frowned slightly and expressed his dissatisfaction. "Can you please stop playing riddles for once and tell me directly?"

The man went silent for a moment and said. "In short, something inside that place is about to emerge. You are the only person in the entire Divine Realm who can resist it. The power of the Light Pole will play a significant role in this battle."

"However, you may not be able to go out on time. Perhaps the world has already turned into ruins when you leave this place."

"Something inside Devil Valley?" Yun Lintian furrowed his brow.

As far as he could remember, there was a rumor about an ancient devil god residing inside the valley. Additionally, there were numerous formidable ancient creatures. The consequences would be unimaginable once they came out.

He took a deep breath and asked. "How can I improve the absorption process? You must know it, right?"

"Unfortunately, no." The man said plainly. "The Light Pole and the Dark Pearl are the most powerful relics. It took the Beyond Heaven King more than a hundred thousand years to refine them. Even though your physique is much better than the others, it will still take you a long time to assimilate their powers."

"The others? Who are you talking about again?" Yun Lintian asked curiously. "The man I met last time also said something similar."

"You will eventually know it sooner or later." The man replied calmly. "Once the truth surfaces, I hope you can withstand it."

Yun Lintian's brows knitted together. He couldn't decipher what the man was saying. The truth? What truth was he talking about?

"You are more fortunate than the others. Do not waste this opportunity." The man spoke further. "Our fateful enemies are about to return. You must do your best to obtain the Dark Pearl and comprehend the Great Laws of Life and Death as soon as possible. Only then will you have the ability to dictate your fate."

"The Great Law of Life and Death...?" Yun Lintian frowned deeply.

"My time is up." The man said. "I wish you good luck... Perhaps you can do it... No, you are the only one who can do it."

As his voice fell, the man gradually faded and disappeared completely, leaving Yun Lintian standing there with a pensive expression.

Since the Beyond Heaven King perished at the hands of the people from the Primordial God Tribe, the fateful enemies that the man was referring to should be them. However, Yun Lintian somehow felt that there must be something more beyond this. Perhaps it was an enemy from another universe?

Another point was, who were "the others" in his words? Could it be that the Beyond Heaven King had many other successors? But if that were the case, why would all the relics still be here? They should have taken all of them away a long time ago, right?

The more Yun Lintian thought about it, the more confused he became. He couldn't figure out the full meaning behind the man's words.

"Phew..." Yun Lintian let out a long breath and set this matter aside. Even if he racked his brain today, it was impossible for him to find the answer.

He sat down on the ground and closed his eyes, trying to make contact with the Light Pole. A moment later, he felt a surge of power rush into his body, spreading to every corner.

On the outside, Ling Zemin and Xing Liuxian struggled to regain their sight, but their efforts were in vain. They still couldn't open their eyes, even with the help of their divine power.

Buzz—

Suddenly, the surrounding lights flashed and transformed into a river of light, shooting towards Yun Lintian. At the same time, every pore of Yun Lintian's body opened up, welcoming the light into his body.

Sensing the change in their surroundings, Ling Zemin and Xing Liuxian gradually opened their eyes. Immediately, they saw Yun Lintian standing there motionless, his entire body enveloped in a beautiful river of light, which made him look like a god.

Ling Zemin quickly extended his spiritual sense and discovered that it still couldn't penetrate the light barrier in front of him.

"Damn it!" Ling Zemin lost his composure. He was extremely upset that Yun Lintian was being shielded by the power of the relic, leaving him helpless as he watched him snatch everything away. It was as if there was the world's most exquisite delicacy in front of him, but he couldn't indulge in it.

Meanwhile, Xing Liuxian tried to sense the star energy in his surroundings. His expression immediately darkened when he discovered that the star energy had completely disappeared. He couldn't practice here anymore.

He thought for a moment and reached a decision. It was pointless for him to stay here.

Xing Liuxian turned to look at Ling Zemin and said. "I'll leave now."

Ling Zemin glanced at him coldly but said nothing.

Xing Liuxian didn't care about Ling Zemin's thoughts. He made contact with the star-shaped mark on the back of his right hand, and his body was immediately enveloped in a white light. In the next moment, he disappeared from the place.

Ling Zemin watched as Xing Liuxian disappeared and cursed under his breath. "I should have killed him earlier."

At first, Ling Zemin planned to kill Xing Liuxian here once he confirmed that there were no other people on the top floor. Unexpectedly, Yun Lintian's appearance ruined everything.

Ling Zemin gazed intently at Yun Lintian and settled down in the corner of the hall, patiently awaiting Yun Lintian's awakening.

Swoosh—

Suddenly, a white light flashed, and Xing Liuxian appeared at the entrance of the tower.

The protector of Xing Liuxian walked up immediately and said. "Welcome back, young master."

Xing Liuxian nodded slightly and cast his spiritual sense out to check the surroundings. Immediately, he found Yu Zhilan and the others on the outskirts of the light zone.

"No wonder he was able to come here." He muttered to himself. With the support of Yu Zhilan, Jiang Shuren, and Kong Xun, it was not surprising that Yun Lintian could proceed through the Star Graveyard safely.

"Young Master Xing. Have you seen our young master?" Ling Chao came over and asked.

Xing Liuxian replied truthfully. "He's on the top floor... with the successor of the Beyond Heaven King."

Ling Chao and the others were slightly surprised.

Xing Liuxian turned to look at Yan Yin and then at Lou De. "Are they here for him?"

Chapter 1615 Undercurrent (3)

"Yes." Xing Da, the protector, responded. "They have already discovered the identity of the successor to the Beyond Heaven King and are waiting for him to come out."

He then glanced at Yan Yin and Wan Mu. "The two of them stand on Yun Lintian's side. They are in the same group as Jiang Shuren and the other two."

Xing Liuxian was surprised. "Why did they do that?"

Xing Da shook his head. "I have no idea either. Perhaps they believe that Yun Lintian can lead them out of this place."

Xing Liuxian touched his chin and looked at Lou De with a pensive expression. No one knew what he was thinking at that moment.

"Why did you come out, Brother Xing?" Yang Zhen flew over with Dong Xiu.

Xing Liuxian glanced at him and asked. "You failed?"

His simple question was like a sharp knife stabbing into Yang Zhen's heart. The anger that had already subsided a long time ago erupted once again. He glared at Xing Liuxian and said. "Yes. What's wrong with it?"

Xing Liuxian shook his head and said. "There is nothing wrong with it. The trials are indeed difficult."

"Wait a moment. You can still remember what happened inside, Young Master Xing?" Dong Xiu quickly asked.

Xing Liuxian was slightly taken aback and immediately realized this. "Indeed. I can remember everything."

"Did you pass all the trials?" Yang Zhen hurriedly asked.

"Yes," Xing Liuxian replied truthfully. "It seems that whoever can pass the trials will have their memory intact."

"Which also means that the Everlasting Soul God Emperor knows everything." Dong Xiu added and glanced at Ling Chao.

She had been suspecting this point from the beginning, but she had no evidence to prove it. Now, it was clear as day. Ling Zemin knew everything about this place, including the trials within the tower.

Yang Zhen was immediately furious. He glared at Ling Chao and another elder beside him, and said coldly. "Very good. Do you think my Sun God Realm is easy to bully?"

His entire body exuded a fiery aura, ready to burst forth at any moment.

Ling Chao's face sank. If possible, he didn't want to fight Yang Zhen and Dong Xiu here, even though he weren't afraid of them. It would not benefit him.

He responded calmly. "We came here to protect our young master and I have no idea about the trials inside the tower. Otherwise, why would we be here?"

"Furthermore, our young master never forced you to join us from the start. It was you, Young Master Yang, who decided to come with us. And don't forget that without our young master, you wouldn't have been able to reach here."

Ling Chao paused briefly and continued in a deep voice. "Of course, if you are determined to fight here, we will accompany you until the end."

His aura seeped out, slowly confronting Yang Zhen's aura.

The atmosphere tensed up, as if a volcano was about to erupt.

"Calm down, Brother Yang. There's no need to fight here. It will bring us no good." Xing Liuxian stepped forward and said.

"Do you want to intervene?" Yang Zhen glanced at him with a cold expression.

"No. Don't forget that I was deceived as well." Xing Liuxian shook his head slightly. "However, we are not in the situation where we can waste our energy pointlessly. I can leave at any moment, but what about you?"

Yang Zhen's expression became unpleasant upon hearing this. The fact that he had to stay here forever made him even angrier.

Xing Liuxian further stated. "Look at those people outside. Each one of them was originally a terrifying God Emperor, but they had become like this. Do you know why?"

Yang Zhen frowned slightly. "What do you want to say?"

"They could have stay here around the tower after failing to beat the trials, but they chose to go out and end up losing their lives. Don't you think it doesn't make sense here?" Xing Liuxian spoke. "The reason is simple. They were unwilling to stay here forever and wait until the last day of their lifespans."

He took a deep look at Yang Zhen and spoke calmly. "Let me ask you. Are you willing to stay here until the last day of your life?"

Yang Zhen immediately calmed down. He, in fact, wasn't so stupid that he wasn't aware of the situation.

"What do you want?" Yang Zhen asked coldly.

Xing Liuxian smiled upon hearing this. "It's understandable that the Pill Emperor chose to stand by Yun Lintian's side. After all, we know the relationship between him and the Beyond Heaven King. But what about that person beside him?"

Yang Zhen glanced thoughtfully at Yan Yin in the far distance.

"If I guess correctly, he should be a Devil God Emperor. What made him choose to associate with Yun Lintian, who was supposed to be his enemy?" Xing Liuxian asked.

"It's like what Xing Da said. He believes that Yun Lintian can help him escape from this place."

"You believe it?" Yang Zhen furrowed his brow.

"It is very likely to be true." Xing Liuxian nodded slightly. "I have seen Yun Lintian earlier and the way he interacted with the relic. I am quite certain that he has the ability to take everyone out of this place once he fully absorbs the relic."

He raised his head slightly to gaze at the beam of light atop the tower. "Moreover, I reckon that the light barrier here will be gone afterwards. At that time, this place won't be safe anymore."

Yang Zhen's heart turned cold upon hearing this. Once the light barrier was gone, he would become a lamb waiting to be slaughtered by those people on the outside.

"So, the only thing you can do right now is to capture those three and force Yun Lintian to take you away." Xing Liuxian said in a deep voice. "Of course, you can choose to befriend them. But I doubt Yun Lintian would bring you along, considering how you treated him in the past."

Ling Chao wanted to give Xing Liuxian a big thumbs up after listening to him. Without a doubt, Yang Zhen would definitely accept the offer.

"Young Master Xing is really good at scheming." Dong Xiu suddenly said, looking deeply at Xing Liuxian.

Xing Liuxian glanced at her and responded calmly. "I'm not scheming against Brother Yang, but rather pointing a way out for him. Of course, if you have a better idea, feel free to speak up."

Dong Xiu immediately fell silent. She admitted that there was no other good way here...

Chapter 1616 Undercurrent (4)

"Young master. You have to think about it carefully." Dong Xiu looked at Yang Zhen and said through a sound transmission.

Yang Zhen frowned deeply. He didn't know if Yun Lintian could take him out of this place, but if he didn't do anything, Lou De and the others would eventually find him and kill him. Hence, the situation forced him to either accept Xing Liuxian's suggestion or find another solution on his own.

Seeing that Yang Zhen was deep in thought, Ling Chao quickly added to the conversation. "We are willing to help you capture them. Anyway, we also have to go out. With the five of us, they are no match for us."

Yang Zhen glanced at Ling Chao but remained silent. His mind spun rapidly, weighing the pros and cons of each choice.

"You can take your time." Xing Liuxian said, and walked towards Lou De.

Yang Zhen and the others looked at Xing Liuxian in confusion. They didn't know what he was going to do.

When Lou De saw Xing Liuxian approaching him, a look of curiosity crossed his face. He was going to see what this little guy wanted.

"Star energy... He should be the descendant of the Star God Emperor." Xie Songshan spoke.

Xing Liuxian stopped in his tracks right at the edge of the light barrier and gazed at Lou De. "My name is Xing Liuxian. The Star God Emperor is my father. I am here to make a deal with all the seniors here."

"A deal?" Lou De curled his lips. "Do you know the consequences of making a deal with a devil?"

His aura gradually seeped out and lingered in front of the barrier. As soon as Xing Liuxian stepped out, he would immediately lose his life.

Facing the coercive power, Xing Liuxian's expression remained calm and composed. He got straight to the point. "The successor of the Beyond Heaven King is currently absorbing the relic inside the tower. He will definitely leave once he completely absorbs it. Moreover, he is likely to have an ability to bring everyone out of this place."

Xing Liuxian looked directly into Lou De's eyes and continued speaking. "We can cooperate."

Lou De was surprised to hear this. "How sure you are?"

Xing Liuxian replied truthfully. "Ninety percent."

Lou De stared at Xing Liuxian for a while and motioned with his chin. "Go on."

Xing Liuxian explained. "According to the information we have, Yun Lintian, the successor of the Beyond Heaven King, is a sentimental person. In order to help his senior sister, he didn't hesitate to go to the Mystic God Realm and confront the Mystic God Emperor directly. We can see how much he cares about the people around him."

He glanced at Jiang Shuren and the others. "The three of them came here to protect and escort him to the tower. With his personality, it is unlikely that he will leave them behind. I am going to capture them and force him to bring everyone out."

"I want to ask seniors to take care of the Pill Emperor and the other person."

Xie Songshan frowned and asked. "You must know that we cannot go inside the barrier. How can you guarantee that Yun Lintian will bring us out?"

"Once we capture those three people, we will ask him to leave the barrier. At that time, the Pill Emperor and that person would definitely try to help him." Xing Liuxian spoke calmly. "Whether you are willing to believe it or not, it's up to all of you, seniors. In any case, we will leave this place."

Xie Songshan's face darkened slightly. He felt threatened by Xing Liuxian. If it weren't for the barrier, he would have caught this bastard and torn him into pieces by now.

Lou De thought for a moment and said. "Let's wait until he comes out, and then we can talk about it again. Taking care of those two isn't a problem for me."

"Besides," He paused briefly and glanced at Jiang Shuren and the other two. "It's not certain whether you can subdue them."

"Alright." Xing Liuxian nodded gently and walked away.

"Do you believe him, Brother Lou?" Xie Songshan asked.

Lou De looked at him and said with a faint smile. "It seems you didn't listen to him at all."

"What do you mean?" Xie Songshan was puzzled.

"Don't you think it's strange that he knows about Yun Lintian's situation when he had just left the tower?" Lou De asked.

Xie Songshan immediately realized something. "Come to think of it... How did he remember the situation inside the tower?"

"He has successfully completed all the trials and can leave this place at any moment." Lou De spoke. "In the past, we always believed that anyone who emerged from the tower would have their memories wiped clean. But it didn't seem to be the case for someone who could defeat the trials."

"So, that's how it is." Xie Songshan was enlightened.

"Since he could leave on his own, why would he care about others?" Lou De said. "It's simple. He just wants to capture Yun Lintian by borrowing our hands. And if something goes wrong, he can simply leave."

Xie Songshan's expression sank. "This little bastard. Don't let me catch him later."

"So, are we going to join him?" Chi Jixing asked attentively.

"Let's wait and see." Lou De said with a mysterious smile. "There should be something interesting later."

Chi Jixing had a pensive expression. It seemed that Lou De noticed something more than what he said.

In the far distance, Jiang Shuren watched as everything unfolded and said. "It appears that they are plotting something against us."

Shui Fang looked at Xing Liuxian thoughtfully. "Judging from the way he came out, he's likely to pass all the trials."

He turned to Wan Mu and asked. "Senior, is it possible for a person who successfully conquered the trials to remember everything?"

Wan Mu thought for a moment and said. "It is indeed possible. In the past, the Beyond Heaven King, Goddess Yao Xi, and Ling Yongheng came out almost at the same time. Although they had never mentioned anything about what happened inside the tower, they appeared too complacent, showing no concerns like people who has their memories wiped out."

Shui Fang frowned slightly and spoke in a deep voice. "Then we're in trouble. If my guess is correct, Xing Liuxian must have encountered Brother Yun inside the tower and believes that he has a way to take us out of this place."

"They are going to capture us to threaten him." Yu Zhilan spoke calmly. A cold glint flashed in her eyes as she looked at Xing Liuxian...

Chapter 1617 Battle Of The Peak Divine Emperors (1)

Xing Liuxian returned to the entrance of the tower and glanced at Yang Zhen. "What is your decision?"

Yang Zhen briefly swept his gaze over Xing Liuxian and Ling Chao before speaking. "We can do it. However, I won't be the one to start first."

"No problem." Xing Liuxian smiled faintly. To him, it didn't matter who started first, as long as he could subdue Jiang Shuren and the others.

Yang Zhen's decision greatly surprised Dong Xiu. When she was about to ask, Yang Zhen's voice suddenly echoed in her mind. "Do not go all out. We will side with the winner."

Dong Xiu immediately understood Yang Zhen's intention. In her opinion, it was quite risky to oppose Jiang Shuren, Kong Xun, and Yu Zhilan. The three of them were the second-in-command figures in their respective realms. It wasn't easy to defeat them. Not to mention, Shui Fang was likely to join the battle.

Xing Liuxian glanced at Ling Chao and said. "I will leave Kong Xun to the two of you. His defensive prowess is too troublesome for me. I'll take care of Jiang Shuren and Shui Fang."

He then turned to Yang Zhen. "Yu Zhilan will be your opponent."

Yang Zhen nodded slightly. "Go ahead."

After a brief discussion, Xing Liuxian promptly approached Jiang Shuren's group.

"Here they come." Jiang Shuren spoke.

Jiang Shuren, Kong Xun, Yu Zhilan, and Shui Fang immediately stood up, ready to confront Xing Liuxian's group.

Xing Liuxian halted his tracks five kilometers away from Jiang Shuren's group and said. "I suppose all of you are already aware of our intention. We can prevent a violent conflict as long as you willingly comply with our demands. Don't worry. All of you are great figures of the Divine Realm. We won't do anything to you."

"This does no good for both of us." Shui Fang suddenly said. "Presumably, you have the ability to leave this place at any moment. In fact, you can leave directly. As for Brother Yang and the others, I can convince Brother Yun to take everyone away."

Xing Liuxian shook his head. "You are too naive, Brother Shui. You should have been aware of what our people did to the Beyond Heaven King back then. As his successor, it is impossible for Yun Lintian to help his master's enemy."

"Of course. I can leave right away, but I am doing this for the sake of our relationship." Xing Liuxian glanced at the light barrier and said further. "When Yun Lintian completely absorbs the relic, this barrier

is very likely to disappear. You know what kind of a consequence is waiting for you. I don't think Senior Pill Emperor can protect you."

Shui Fang was about to refute, but Jiang Shuren stopped him.

"There's no need to waste your breath talking to him." She said. "His goal is obviously to capture Yun Lintian by using us as hostages."

Yang Zhen frowned slightly upon hearing this and glanced at Xing Liuxian.

"Well, I admit that I do indeed have such a plan." Xing Liuxian admitted graciously. "We can share benefits equally."

Ling Chao furrowed his brow and exchanged a glance with Ling Qiao beside him. They appeared to have the same intention.

"Let's fight." Jiang Shuren spoke calmly, and torrents of water erupted from the ground beneath her, coiling around her body.

Xing Liuxian curled his lips and glanced at Ling Chao. "Let's go."

Boom!

Instantly, several auras burst forth and everyone rushed to the sky.

Clang!

There was a deafening noise and a one and half meter wide blue cauldron appeared in Xing Liuxian's hand.

"Star Gathering Cauldron?" Kong Xun was slightly surprised. This cauldron was one of the three ultimate treasures of the Star God Realm. He didn't expect Xing Liuxian to bring it along with him.

At the same time, a black light flashed and long black staff appeared in Ling Chao's hand. The moment it appeared, the entire space was instantly covered with a terrifying aura of soul suppression.

Holding the cauldron with his left hand, Xing Liuxian uttered gently. "Go."

Swoosh!

Immediately, a myriad of starlights burst out of the Star Gathering Cauldron and transformed into a brilliant storm of starlight, aimed directly at Jiang Shuren.

Jiang Shuren raised her eyebrow slightly. She opened her hand, and a palm-sized blue mirror appeared on it. However, it was a mirror with four sides.

With a bang, four river torrents shot out from the four sides of the mirror and surged towards the approaching starlight storm.

"Four Rivers Mirror?" Xing Liuxian frowned slightly upon seeing the mirror.

Boom!

The storm of starlight and the four river torrents collided, producing a massive explosion.

While the two were fighting, Xing Da launched a series of attacks on Shui Fang. Several shooting stars streaked towards Shui Fang like a meteor storm.

Shui Fang's expression turned solemn. A long, white sword appeared in his hand, and a flash of sword light followed. Under the influence of his surging divine aura, the blade of his sword immediately fluctuated like a stream of water, as astonishing force was generated from it.

As Shui Fang waved his sword, the space before him was instantly sealed off by the sword aura, trapping all the shooting stars inside like a heavy downpour.

Shui Fang held nothing back. He immediately rushed to Xing Da as soon as he sealed his attack.

"Get down." Shui Fang shouted and swung his sword downward. A white light spilled down the blade, instantly transforming into an enormous curtain of water as it fell onto Xing Da.

The force emanating from the water curtain was not that bad, but it didn't make Xing Da feel the slightest pressure. After all, water attribute attacks were publicly recognized as having the least offensive power. What he needed to be cautious of was the sword intent produced by Shui Fang.

Xing Da's aura surged as he thrust his palm forward. Instantly, a surge of star energy erupted from his palm, transforming into a beam of radiant starlight and hurtling towards the approaching water curtain.

Boom!

The water curtain was torn in half directly by the star energy beam, and Shui Fang was forced to execute his movement technique to avoid it.

Xing Da immediately seized this opportunity and sent out another beam towards Shui Fang, who had just reappeared a few kilometers away.

Shui Fang knew that he couldn't avoid this time. He quickly gathered his divine power into the sword and swung it at the oncoming energy beam.

BOOOM!!

Chapter 1618 Battle Of The Peak Divine Emperors (2)

The beam of starlight was directly cut in half by Shui Fang's sword attack. Shui Fang swiftly ascended into the air and executed a horizontal slash with his sword. Following a series of tearing sounds, a powerful torrent of water sliced through the air and crashed down upon Xing Da.

"Star Annihilation!" Xing Da's aura surged, and a burst of starlight blasted out from within his body, creating a dome of light.

BOOM!

The torrent of water was instantly blasted away by the explosive power of the stars, causing Shui Fang to be sent flying.

Xing Da quickly followed and clenched his fist, punching Shui Fang in the chest. His entire arm was covered with brilliant starlight, making it look like a falling star.

Boom!

Xing Da's fist ruthlessly smashed into Shui Fang's chest. But when Xing Da thought Shui Fang would be rendered powerless, he suddenly felt that something was amiss.

The impact from Xing Da's punch instantly shattered Shui Fang into pieces. Instead of blood mist, Shui Fang's remains were transformed into a splash of water.

It was at this moment that Xing Da realized he had been tricked.

At that moment, Shui Fang emerged behind Xing Da like a ghost. His divine aura erupted like a volcano when he swung the sword down.

BANG!

An enormous sound resounded, as if a massive balloon had exploded, causing all the air in the surrounding area of several kilometers to be instantly depleted.

At the same time, Xing Da's figure could be seen hurtling away like a cannonball, leaving a long streak of blood trailing behind before crashing heavily into the ground.

This scene immediately caught everyone's attention. Especially Xing Liuxian. He didn't expect Xing Da to make such a grave mistake against Shui Fang.

"Where are you looking?" Jiang Shuren's voice resounded, capturing Xing Liuxian's attention.

At the same time, several water torrents shot out of the mirror in Jiang Shuren's hand and surged towards Xing Liuxian in all directions, resembling water pythons.

Xing Liuxian frowned slightly and infused his divine energy into the cauldron. Streaks of starlight were released, blasting directly into the oncoming torrents of water.

Boom! Boom! Boom!

A series of explosions echoed as the two great powers clashed.

Xing Liuxian used this opportunity to observe the battlefield and noticed that Yang Zhen and Dong Xiu were merely letting Yu Zhilan move around freely. His expression faltered slightly. It wasn't that he hadn't expected Yang Zhen to do this, but he believed that Yang Zhen would choose to cooperate with him more. After all, there was no guarantee that Yun Lintian would bring him out of this place.

At the same time, he glanced at Xing Da, who was struggling to get up. No matter how he thought about it, it was almost impossible for Xing Liuxian to win this battle.

Without further thought, Xing Liuxian hurled the cauldron at Xing Da. "Get in!"

Xing Da was startled for a second and quickly allowed the cauldron to swallow him.

Xing Liuxian's figure flashed and reappeared beside the cauldron. He quickly scanned everyone with his gaze and spoke. "I'll be waiting for all of you outside."

Following that, the star-shaped mark on the back of his right hand shone brightly, and Xing Liuxian's figure immediately disappeared from the place.

Jiang Shuren's expression changed drastically, but it was too late for her to stop him. She could only watch as Xing Liuxian vanished from the place.

"Bastard! He could clearly take everyone with him." Yang Zhen cursed angrily when he saw this scene. Xing Liuxian could obviously use his cauldron to bring everyone out of this place, but he chose to keep it a secret.

Without hesitation, Yang Zhen quickly said to Yu Zhilan. "Stop. I was simply putting on an act. I have no intention of fighting all of you."

Yu Zhilan stared coldly at Yang Zhen and showed no intention of stopping.

Shui Fang quickly reminded her upon seeing this scene. "You must carefully consider the consequences of killing him here."

As much as Shui Fang hated Yang Zhen, he wouldn't go to the point of killing him. It would bring no benefit to anyone and end up provoking the Shun God Emperor's wrath.

The balance of power among the God Emperors within the Divine Realm was currently stable. Once the balance was disrupted, war was inevitable. At that time, foreign enemies, such as the devils, would take advantage of the situation to invade the Divine Realm.

If Yang Zhen were to die here, the Sun God Emperor would undoubtedly unleash his full power against the Rain God Emperor, triggering a chain reaction. It would be a loss for the Divine Realm. Shui Fang didn't want to see such a situation.

It was also for this reason that Xing Liuxian had no intention of killing anyone here.

Yu Zhilan briefly stared at Yang Zhen before shifting her gaze onto Ling Chao and Ling Qiao.

Boom!

Her aura erupted, and a bone-chilling wind immediately spread throughout the entire space.

The expressions of Ling Chao and Ling Qiao immediately turned unsightly. They didn't expect Xing Liuxian to leave just like that.

Kong Xun looked at the two and said. "You better surrender."

Ling Chao and Ling Qiao knew it was useless to insist further in this situation. No matter how strong they were, it was impossible for them to fight against six people at the same time.

Ling Chao took a deep breath and said. "We admit defeat."

"Let me place a seal on you." Jiang Shuren spoke. "Of course. You can choose to resist. I am quite bored here."

Ling Chao's expression turned ugly. Once his divine power was sealed, his life would be completely in Jiang Shuren's hands. Who would want such a thing?... Unfortunately, he had no choice here.

"Alright." Ling Chao said unwillingly. "But you have to unseal us when the barrier disappears."

"No problem." Jiang Shuren nodded slightly and approached Ling Chao and Ling Qiao, sealing their powers.

"Can you help us convince Yun Lintian, Brother Shui?" Yang Zhen looked at Shui Fang and said pleadingly.

"I'll try my best." Shui Fang responded.

"Alright." Yang Zhen reluctantly spoke. It could only be like this.

Outside the Sea of Stars, several people were still coming and going in this area. After Yun Lintian and the others entered, the Sea of the Stars had inexplicably ceased expanding and remained stationary. It had been like this for months now.

Buzz—

At this moment, the space around the edge of the Sea of Stars distorted, and Xing Liuxian slowly emerged from it. This scene immediately stunned everyone nearby...

Chapter 1619 Looming Dark Clouds (1)

"That... Young Master Xing?" A person said uncertainly.

"He could come out?" Another person spoke in shock.

"Young master." Several figures quickly flew out of the Star Destroyer Warship and delightedly greeted Xing Liuxian. With this, their young master would become the fourth person in the entire history of the Divine Realm to emerge from the Sea of Stars. This kind of achievement would be regarded as legendary, which significantly boosted the prestige of the Star God Realm.

Xing Liuxian opened the cauldron and released Xing Da. "Let's leave this place first."

Xing Liuxian was aware of Yu Wuying and the other God Emperors present here. If he didn't leave immediately, he would definitely be stopped here.

Without hesitation, Xing Liuxian leaped onto the warship and swiftly departed from the scene.

"Are we just going to let him go like that?" In the void, Jiang Taiyu turned to look at Yu Wuying and asked.

"They will come back." Yu Wuying responded calmly.

"It's strange that he is the first one to come out." Kong Hui spoke with a frown. "There must be something unexpected happening inside. I wonder what it was."

Logically, Ling Zemin and Yun Lintian had the highest chance of coming out first. Ling Zemin had the advantage of his father's experience, while Yun Lintian was the successor of the Beyond Heaven King. Unexpectedly, Xing Liuxian, who appeared to have no connection to the matter, was the first to successfully escape from the Sea of Stars.

"Did you see Xing Da earlier?" Jiang Taiyu said. "He has suffered quite an injury, and Xing Ruihong is nowhere to be seen. From the looks of it, they seem to have just escaped from a catastrophe."

Kong Hui nodded gently and added. "The aura on Xing Da's wound is similar to that of the Clear Spring Sword Art. It seems that they have turned against each other. And—"

As he spoke halfway through, Kong Hui suddenly noticed something and turned to look towards the south.

"This aura..." Kong Hui's expression changed dramatically.

"Something happened in Devil Valley." Jiang Taiyu spoke with a severe expression.

Yu Wuying frowned slightly. "You two stay here."

"No, Sister Yu. It's too dangerous." Kong Hui quickly stopped her.

"It's fine." Yu Wuying said, and the Rainmaker Sword appeared beneath her feet. Instantly, her entire body transformed into a streak of blue light, racing towards the south.

Kong Hui wanted to stop, but it was too late. "I hope nothing happens in the end."

"Let's contact Priestess Yue." Jiang Taiyu said and quickly took out a blue transmission jade.

Devil Valley was located within the Cold Abyss Mountain. It was situated between the Southern Divine Region, the Western Divine Region, and the border of the Great Devil Realm. Normally, no one would dare to approach this place, as the dark aura here was incredibly strong. It had the power to corrupt the mind of any practitioner if they were careless.

Gray clouds covered the sky, and a chilly wind swept through the land. At this moment, a red-robed woman and a black-clothed man stood in front of a gigantic black barrier.

The two of them were Zeng Mi and Shao Gao, the Crimson Sparrow Devil God Emperor and the Blood Fiend Devil God Emperor. Both of them had secretly arrived in the Divine Realm at the same time as Chi Jixing, with their sights set on Devil Valley.

Boom!

A powerful force suddenly hit the black barrier, causing it to shake violently.

"Tsk. This barrier is surely tough. Even our Nine Hells Cannon cannot leave a scratch on it." Zeng Mi clicked her tongue as she patted a black cannon beside her.

She glanced at Shao Gao and asked. "Didn't you say it has entered its weakest state?"

Shao Gao didn't reply. He raised his hand to touch the trembling barrier, and his aura surged. A bloody light flashed and spread to the barrier surface before a vast explosion erupted.

BOOM!

The barrier trembled violently, and a small crack could be seen. A dreadful black aura gradually seeped out, causing Zeng Mi and Shao Gao to shudder.

"What a scary aura." Zeng Mi said, her eyes filled with a hint of fear. She was a Devil God Emperor who had lived in the dark aura for ages. However, the aura emanating from Devil Valley could still make her heart tremble with fear.

Before Shao Gao could open the barrier, the crack quickly repaired itself and returned to its original state.

He frowned slightly and retreated to Zeng Mi's side. "Continue. The source of the darkness within it won't be able to endure for much longer. Even if we cannot break it today, the barrier will eventually disappear on its own in a few years."

Zeng Mi took a deep breath and muttered. "I shouldn't have come with you."

As she spoke, her aura surged, and she channeled her devil power into the black cannon. A menacing black energy gathered within the cannon, unleashing a powerful black beam towards the barrier.

BOOOM—

The black barrier shook violently, causing several cracks to appear in it. At the same time, the dark aura inside quickly seeped out like tentacles, spreading all over the place.

Roar—

All of a sudden, a series of ferocious roars resounded from within the barrier. The roars seemed to emanate from the deepest depths of hell, causing Zeng Mi and Shao Gao's minds to tremble in fear.

"W-We should go." Zeng Mi stammered. Even a Devil God Emperor like her was afraid of something beyond the barrier.

Shao Gao was relatively calmer compared to her. When he was about to say something, he suddenly sensed a powerful aura from a far distance behind him.

"Heavenly Fox God Emperor?" Shao Gao frowned slightly as he saw a woman emerge from the void.

She was a charming woman with a shoulder-revealing robe. A fox's ears and tail could be seen on her body. She was incredibly captivating to the core. This was the Heavenly Fox God Emperor, Bi Zhelan.

Bi Zhelan glanced at the barrier with a solemn expression. Once the barrier broke, the consequences would be unimaginable.

She shifted her gaze onto Shao Gao and Zeng Mi. Without uttering a word, her aura erupted, filling the entire space with intimidating pressure.

"Damn. She doesn't even talk." Zeng Mi cursed inwardly and released her aura, preparing to fight...

Chapter 1620 Looming Dark Clouds (2)

Boom!

A dull noise suddenly resounded as a powerful force descended from the sky towards Zeng Mi and Shao Gao.

"Hmph!" Zeng Mi snorted coldly, and a crimson feather appeared between her fingers. She gently shook her wrist, causing the feather to shoot out and transform into a fiery sparrow. The sparrow then quickly rushed towards Bi Zhelan.

At the same time, Shao Gao thrust his palm out and whipped the air currents into a reddish-black storm, firing it straight at Bi Zhelan.

A burst of white light flashed across Bi Zhelan's entire body. Her fox's tail suddenly expanded and transformed into nine tails. Her aura rose through the clouds as a jade fan appeared in her hand. Afterwards, she swiftly stabbed the folded fan forward.

Riip!

The combined devil energy of the two God Emperors was torn apart like nothing more than a fragile curtain.

Before Shao Gao and Zeng Mi could react, the powerful force from Bi Zhelan followed through and sent them flying.

"Damn it! She is dead serious here." Zeng Mi cursed under her breath as she stabilized herself. If it weren't for the fact that she had spent a large amount of her power to mobilize the Nine Hells Cannon, she wouldn't have to be afraid of Bi Zhelan at all.

Shao Gao was no exception. He had spent most of his power to break the barrier previously and was unable to fight Bi Zhelan head-on in this situation.

The two exchanged a glance and came to a decision. They quickly unleashed another wave of power towards Bi Zhelan and swiftly turned around, fleeing instantly.

Bi Zhelan unfolded her jade fan and waved it gracefully, conjuring a mighty storm to repel the approaching surge of devil energy.

BOOM!

The three great powers collided, unleashing a terrifying wave of energy that swept through the area.

When the commotion subsided, Shao Gao and Zeng Mi were no longer there.

"Cough!" Bi Zhelan coughed up a mouthful of blood. Her face turned slightly pale as she wiped the bloodstain out of the corner of her mouth.

In fact, Bi Zhelan had been troubled by a long-standing hidden injury from the previous war. Once she exerted her power, the injury would worsen and further damage her foundation. She spent a lot of resources over the years, but it was futile.

However, the entire Western Divine Region would undoubtedly face a catastrophic calamity if she hadn't come here. At that time, she wouldn't have had a chance to even muster her power.

Swoosh!

Suddenly, a massive purple ark flashed across the sky and came to a halt above Bi Zhelan. It was the Eclipse Ark of the Moon God Realm.

Yue Hua floated out of the Profound Ark and descended slowly to Bi Zhelan's level.

"Little Girl Bi pays respect to Senior Yue." Bi Zhelan cupped her fists and said respectfully.

Yue Hua nodded gently and said. "You have worked hard."

"I have no choice." Bi Zhelan shook her head slightly.

Yue Hua took her Moon Writing Brush out and inscribed the word "recovery" in the air before sending it to Bi Zhelan.

A warm current immediately flooded Bi Zhelan's body, nourishing her damaged organs.

"I can only help you this much." Yue Hua sighed softly.

Bi Zhelan responded respectfully. "Thank you, Senior."

"Don't give up. Someone will definitely be able to help you." Yue Hua spoke.

"Senior means... His successor?" Bi Zhelan asked cautiously. She naturally heard the news about Yun Lintian during this period.

"Yes. Wait until he comes out later." Yue Hua nodded slightly.

"But..." Bi Zhelan bit her lips, unable to speak further. A trace of guilt could be seen in the depths of her eyes at the moment.

"He is not Yun Tian. You don't have to feel guilty." Yue Hua said calmly. "The matter between you and Yun Tian has nothing to do with his successor."

Bi Zhelan lowered her head slightly and fell silent. Her mind seemed to drift into the distant past.

Yue Hua glanced thoughtfully at the black barrier surrounding Devil Valley. "Twenty years... This time, we have no way to prevent it."

Bi Zhelan turned to look at the barrier with a solemn expression. It seemed that the calamity was inevitable.

Boom!

Suddenly, the barrier shook violently as if something were hitting it from the inside.

"Roar!" A ferocious cry could be heard as the barrier continued to shake.

Yue Hua stepped forward and wrote the word "seal" in the air before sending it to the black barrier. Instantly, a brilliant moonlight erupted and shrouded the entire black barrier. The cries of beasts gradually subsided afterwards.

"We have to find someone to watch this place. Those devils are likely to come back again." Yue Hua spoke. "All we can do right now is to delay it as much as possible."

"Could he do it?" Bi Zhelan asked.

Yue Hua shook her head. "If he couldn't do it, then no one could."

Bi Zhelan frowned deeply upon hearing this.

Swoosh!

At this moment, a streak of blue light broke through the void, and Yu Wuying immediately appeared in the sky.

She briefly glanced at the black barrier before turning to Bi Zhelan. "Senior Bi."

"It's been a while, Wuying." Bi Zhelan responded softly.

"I will watch this place." Yu Wuying said calmly.

Bi Zhelan was surprised and said. "You don't have to. I know you have a problem on your hands. You should take care of it first, and I will send my people to station here."

Yu Wuying thought for a moment and said. "We will set up a formation here."

"Good. We can travel back and forth in no time with it." Bi Zhelan nodded in agreement.

Inside the Sea of Stars. Ten years passed by in the blink of an eye. Yun Lintian had been in a state of enlightenment all this time. His body greedily absorbed the Light Pole's power, and his divine strength gradually increased.

In these ten years, his strength had already reached the peak of the Divine Tribulation Realm and hit the threshold of the Divine Transformation Realm.

At the corner of the hall, Ling Zemin watched with growing anger as Yun Lintian's strength gradually improved. He had been trying to prevent Yun Lintian from absorbing the Light Pole these past years, but no matter how hard he tried, he could not get close to him.

"Hmm?" Suddenly, Ling Zemin noticed that the surrounding light had dimmed a little. It felt as though the light could vanish at any moment.

A cold glint flashed in his eyes... Has the time finally come?
