

## **Myth Beyond 1621**

### Chapter 1621 Transformation (1)

During the past ten years, Ling Zemin had not only observed Yun Lintian but also dedicated himself to rigorous practice. With the great environment here, he had made a small breakthrough in his strength, bringing him one step closer to the God Emperor Realm. He was fully confident in his ability to subdue Yun Lintian here.

The surrounding light fluctuated from time to time as if it were about to disappear at any moment.

Ling Zemin cast a fireball and threw it at the light barrier. Surprisingly, the fireball passed through the barrier for a few meters before being blasted into nothingness in the next moment. Without a doubt, the light barrier was gradually weakening. It wouldn't be long before it completely disappeared.

After a moment of contemplation, Ling Zemin started setting up a killing formation around the hall in an attempt to prevent Yun Lintian from escaping.

Yun Lintian was sitting on the ground, his eyes closed. He had been in this position for the entire ten years without moving an inch.

Brilliant light spirits were floating around his body, occasionally emitting soft giggles as if they were in an exceptionally cheerful state.

The light spirits here were by no means ordinary light spirits. Each of them was formed by the purest light energy radiated from the Light Pole and possessed a high level of consciousness, close to that of complete souls. Even if one was a profound practitioner who only practiced light profound arts, it was still extremely difficult to approach these light spirits, let alone communicate with them.

However, the fact that these light spirits appeared here and lingered around Yun Lintian indicated that his affinity with the light element had now reached the highest realm possible.

Inside Yun Lintian's body, all his veins and meridians were flooded with a torrent of dazzling white light. Everything inside him, whether organs, muscles, or bones, glowed dazzlingly as if they were about to turn into crystals.

The light element represented the birth of life. In the entire Divine Realm, there were no more than three individuals who could fully harness the power of the light element. The first was naturally the Beyond Heaven King, and the second was Goddess Yao Xi. Both of them were embodiments of light and creation. At the same time, they were the most formidable adversaries for devils and demons.

The bloodlines of the divine beasts within Yun Lintian were nourished by the purest light energy emanating from the Light Pole. Not only did they recover from the dormant state, but they also improved significantly. They had become purer and thicker. Yun Lintian could even call himself a divine beast at this point.

Buzz—

All of a sudden, a muffled sound echoed from within Yun Lintian's body. The torrent of light stopped moving for a brief moment and then abruptly surged forward like a broken dam.

At the same time, Yun Lintian's original tranquil aura surged violently, causing Ling Zemin to stop his movement.

"Another breakthrough?" Ling Zemin's expression turned gloomy. He had been watching Yun Lintian steadily progress towards the peak of the Divine Tribulation Realm. He had never seen anyone who could make a breakthrough faster than Yun Lintian before in his entire life.

For the first time in his life, Ling Zemin felt that the world was unfair.

Yun Lintian was completely unaware of his surroundings. Beneath his depleted five senses, the rate at which the surrounding divine and light energy surged into his body several times faster than before.

His meridians and profound veins crazily expanded, greedily absorbing everything as if a whale had opened its mouth.

Fifteen minutes... half an hour... an hour passed. Yun Lintian's aura continued to surge without a sign of stopping.

Ling Zemin's face distorted in anger upon seeing this scene. He finished arranging the formation and activated it without hesitation.

BOOM!

All of a sudden, a powerful aura erupted within the hall, and numerous sharp divine lights burst forth from the formation nodes, hurtling towards Yun Lintian from every direction.

Boom! Boom! Boom!

The deadly divine lights bombarded the diminishing light barrier around Yun Lintian one after another, creating deafening explosions. The entire hall trembled violently, but Yun Lintian remained unmoved. It was as if everything that had happened around him had nothing to do with him.

The channeling of the Primordial Beyond Heaven Scripture caused the light and divine energy within the tower to enter Yun Lintian's body through his pores at a rate that surpassed human comprehension. Moreover, it was accelerating as time went by.

Ordinary practitioners had to use their divine energy to lead the surrounding divine energy to enter their bodies and refine them before letting their profound veins absorb it. However, Yun Lintian was directly guiding the energy into his profound vein and divine core without undergoing a refining process.

As more and more energy entered Yun Lintian's body, the flow of the energy within his body became faster to the point anyone would see it stand still with their naked eyes. It was too fast for human eyes to notice its movement.

Yun Lintian's consciousness completely sank as he focused on attacking an invisible barrier that led to the next realm.

At the same time, Ling Zemin continued to control the killing formation, relentlessly attacking Yun Lintian without taking a break.

As time passed, the barrier of light surrounding the Light Pole gradually weakened, enabling Ling Zemin's attacks to reach within a few meters of Yun Lintian's location.

Ling Zemin was delighted and exerted more strength into the formation, continuing to bombard Yun Lintian.

Buzz—

At that moment, another muffled sound echoed within Yun Lintian's body. Yun Lintian's consciousness was abruptly stunned as the divine and light energy within his body surged even more, resembling a raging stream forcefully rushing back into his profound vein and divine core.

At the same time, the barrier that had been preventing him from entering the next realm suddenly cracked and shattered completely shortly thereafter.

At Yun Lintian's divine core, it seemed as if something had exploded, causing the inner world of his divine core to become chaotic. The entire area was filled with a pale white mist that moved about erratically, constantly dispersing and gathering. Sometimes, it flashed with a blue glow. Sometimes, it surged with flames. Sometimes, it shimmered with purple lightning. Sometimes, it was completely gray.

Just like a small world that had suddenly fallen apart due to a calamity...

Chapter 1622 Transformation (2)

The chaotic scene within Yun Lintian's divine core continued for a long time. In the end, everything completely fell apart, and all the divine energy in his divine core and profound vein dispersed, rushing away...

Yun Lintian was stunned stupidly by this scene. The dispersion of the divine energy... This meant that one's profound strength had gone down the drain. To any profound practitioner, this was unquestionably a nightmarish scene.

Despite the shock, Yun Lintian suddenly discovered streaks of strange starlight shining at the center of his divine core before quickly fading away. It was like a nebula in the dark sky, shining weakly, yet it was exceptionally mysterious.

An unusually mysterious feeling suddenly spread within Yun Lintian's body and mind. This feeling was peculiar and indescribable. It was a feeling as if everything was being upgraded, as though one's entire body and soul were in a world completely different from before. As if they were savoring the aura and hearing the voices of another realm.

Within his divine core, the eight colors - red, blue, yellow, green, dark green, gold, purple, and gray, lit up one after another. The strange nebula at the center was also spinning slowly. With each round, it would grow larger, and the glow of the stars would also become brighter.

At the same time, the peculiar sensation within Yun Lintian's body grew even more intense. His veins, skeleton, blood, hair, and every single cell throbbed with intensity. Even his consciousness was constantly capturing various images.

These images began from his life on Earth, where he fell in love with Xia Yao, formed a mercenary team with his brothers, lost his life, and woke up in the Misty Cloud Sect...

All the training, every breakthrough, every unusual encounter, every danger, every peril, every life-and-death situation. The images continued to appear one after another.

Within these images, it was as if Yun Lintian had walked through his two lifetimes once again. Sixty years...From the perspective of the profound way, sixty years from the combination of his two lifetimes were but a very short period of time. However, Yun Lintian had achieved many things that most practitioners in the entire universe couldn't even accomplish in their lifetimes...

Inside his soul's ocean, the Azure Dragon, White Tiger, Vermilion Bird, and Divine Phoenix were soaring and emitting joyful cries. Their ethereal bodies gradually solidified and expanded in size.

Ling Zemin suddenly stopped his attack and looked at Yun Lintian in astonishment because he sensed a change within his body. It was as if a dormant dragon was about to awaken.

Thinking of this, a burst of light flashed across Ling Zemin's eyes as he performed a soul technique. His goal was to disrupt Yun Lintian's breakthrough.

Ling Zemin's soul power surged and silently rushed towards Yun Lintian. Just as the power was about to penetrate the thin barrier of light surrounding Yun Lintian, an image of the Azure Dragon suddenly appeared behind him.

Ling Zemin's pupils shrank. His mouth widened in shock, and his face turned pale. In the entire Divine Realm, the Everlasting Soul God Emperor was regarded as the strongest soul practitioner, but those in the previous generation knew this was not the case. The strongest one was the Primordial Azure Dragon God—the one true king.

"Roar." The Azure Dragon let out a faint roar, causing Ling Zemin's soul power to disperse instantly.

"Cough!" Ling Zemin coughed up fresh blood, suffering from a direct backlash.

Ling Zemin trembled in fear as he stared at the projection of the Azure Dragon. He wanted to run away as fast as he could, but his body no longer listened to him.

In the world of Yun Lintian's divine core, the nebula slowly grew as it rotated quickly, and the twinkling stars within it also gradually became more concentrated. The eight colored radiances shone brilliantly at the same frequency as the inner world within his divine core underwent a transformative change. The sensations within every corner of his body also changed as his perception of the world distinctly shifted.

His consciousness replayed the scenes in his head repeatedly, as though it was bidding farewell to his past... declaring that he was now about to step into a whole new world where he would have a brand new life and newfound power.

This was the process that every practitioner had to go through once they reached the Divine Transformation Realm. After completing this process, the practitioners could rightfully consider themselves as true divinities.

Outside the tower, the light barrier had also undergone a significant transformation. Its area began to shrink, allowing Lou De and the others to draw closer to the tower.

"What should we do now?" Yang Zhen said with an unsightly expression as he watched the light barrier gradually shrink.

Moreover, it wasn't only Lou De's group outside the barrier. There were also many black individuals coming in the past ten years. These people tacitly joined together; their goals were obviously Yang Zhen, the others beside him, and Yun Lintian.

As for Yan Yin and Wan Mu, even if they wanted to do anything, they couldn't resist Lou De and the others with just the two of them.

"Have you thought about it?" Lou De looked at Yan Yin. "Join us, and we will leave this place together... Don't forget that you have no other choice either."

Yan Yin furrowed his brow deeply. He placed his hope on Yun Lintian, but the current situation seemed impossible for Yun Lintian to defeat these people. Especially when the light barrier was about to disappear.

"Trust him." Wan Mu said through a sound transmission. "Even if you don't trust him, you should trust Yun Tian. He won't let his successor face all this alone without leaving some means behind."

Upon hearing this, all hesitation in Yan Yin's heart completely disappeared. He took a deep breath and said to Lou De. "Sure. Let's go together."

Wan Mu was slightly surprised but soon understood Yan Yin's intention. He just wanted to buy some time.

Lou De, of course, could see through Yan Yin's mind, but he didn't care about it. Yan Yin and Wan Mu were nothing but little bugs in his hand that he could crush at any time. He kept them alive because he intended to use them against Yun Lintian later.

"Hehe. Welcome." Lou De chuckled and shifted his gaze to the diminishing light barrier ahead...

Chapter 1623 Transformation (3)

Inside the tower, the light and divine energy surrounding Yun Lintian's body ceased rotating and silently retracted back into his body. The world within his divine core had changed entirely from its formerly

misty state to a vast area resembling a boundless starry sky. The specks of stars twinkling within it emitted a mysterious and powerful aura.

Within the vast expanse of the starry sky inside his divine core, countless stars were born, culminating in a pillar of radiant light that emerged from the central region. The pillar of light was exactly the same as the Light Pole within the tower.

At the same time, a symbol of the Light Pole emerged at the center of Yun Lintian's divine core, indicating that it had fused entirely with him.

The starry sky within Yun Lintian's divine core seemed to come to life, brimming with a divine aura. The surrounding stars shone even more brightly, brimming with vitality.

The Divine Transformation Realm was the final step in shedding the mortal body and becoming a divinity. It was the stage at which one's vital energy transformed into divinity, resulting in a significant increase in the lifespan of the divine practitioner.

Now, even if Yun Lintian did nothing further, he could easily live up to seventy or even eighty thousand years old.

This transformation had a significant impact on the bodies of other practitioners, but it didn't affect Yun Lintian much. This was because Yun Lintian had already transcended the category of mortals a long time ago.

This was a massive transformation to others, but to him, it was just another increase in strength.

What excited Yun Lintian, however, was his mastery of light elemental. With the combination of the Tree of Life and the divine light energy, it wouldn't be an exaggeration to say that Yun Lintian could preserve anyone's life, even if they were on the verge of death.

Moreover, the light element was the purest element in the world. It could be used against any curses and devils. With this, Yun Lintian didn't have to be afraid of any devils in the future. He had become the bane of a devil.

Yun Lintian's perception of divine energy had undergone a complete transformation. Previously, he couldn't sense it clearly, even when exchanging blows with a divine king and above.

However, what he felt from his body right now was like another domain of power. Even though it was just one breakthrough, from the tenth level of the Divine Tribulation Realm to the first level of the Divine Transformation Realm, he felt that his strength had not just doubled but might even have increased more than tenfold.

It was, of course, just his feeling. He had no idea to what extent he could unleash his strength. He needed to conduct a test.

This unprecedented advancement in power caused Yun Lintian's heart to surge for a long period. His confidence and arrogance had consequently increased to such an extent that he felt as though he was already powerful to the point of omnipotence.

While Yun Lintian was immersed in his joy, he had no idea that his breakthrough had caused a drastic change in the situation both inside and outside the tower.

The light spirits surrounding Yun Lintian sang joyfully as if they sent a congratulation to him. They danced around Yun Lintian for a while and plastered themselves onto his body before slowly disappearing into it.

At the same time, the light barrier around Yun Lintian gradually dissipated. The light pillar at the center of the hall shook and started diminishing at a visible rate.

On the outside of the tower, the light pillar that had originally pierced into the sky began to shake and blur as if it was on the verge of disappearing at any moment.

Furthermore, the light barrier that was constantly shrinking became thinner and thinner to the point that it almost completely disappeared.

"It's time." Lou De said with a faint smile upon seeing this scene.

"Hahaha!" Xie Songshan laughed excitedly. He had already envisioned himself escaping from this place and returning to the Great Devil Realm.

"Go!" The other devils immediately rushed towards the tower, launching their attacks at Jiang Shuren and the others.

"Unseal me!" Ling Chao shouted anxiously.

Jiang Shuren didn't hesitate and quickly removed the seals from Ling Chao and Ling Qian. At this moment, everyone must stand together.

BOOM!

The thin light barrier in front of Jiang Shuren and the others shook violently under the attacks from the group of devils. Fortunately, the barrier was still working. However, Jiang Shuren and the others knew it was only a matter of time before it crumbled.

Yang Zhen gazed at the scene, his face showing deep anxiety. "What should we do now? Damn it! I should have waited outside back then."

He regretted it. He should have stayed outside the tower and let Ling Zemin and the others enter first. If that were the case, he could take this opportunity to hide inside the tower.

Jiang Shuren glanced at Yu Zhilan and Kong Xun and said through a sound transmission. "We will enter the tower later."

Yu Zhilan and Kong Xun exchanged glances with Jiang Shuren, indicating their agreement with her.

"Let's fight." Shui Fang gripped his sword tightly. Since he had no way out, he could only fight to the end.

In the far distance, Yan Yin looked at the scene solemnly. If something were to happen to Jiang Shuren and the other two, the deal he made with Yun Lintian would undoubtedly become invalid. Perhaps he would lose the chance to leave this place forever.

Just as he struggled with whether to take action, Wan Mu suddenly spoke. "Look at the tower."

Yan Yin was surprised and raised his gaze slightly to look at the tower.

At this moment, the entire tower started to tremble, and the light pillar on the top slowly dissipated utterly. The barrier of light around the tower had disappeared entirely.

However, before the surrounding devils could make a move, the ground suddenly shook as if the world was about to crumble.

"What happened?" Yan Yin asked solemnly.

"If I guess correctly, the light pillar has been absorbing the energy from the stars in this place all this time and formed a natural balance between both sides. Once it disappears, the balance between them will naturally disappear." Wan Mu said with a frown.

Rumble—

Chapter 1624 Eruption (1)

The entire world shook violently, and the people below the firmament also felt it. Bai Xue and Gu Chenlei, whom Yun Lintian encountered when he first arrived at the Sea of Stars, looked on in terror at the crumbling scene. Both of them had been stranded here for ten years and had survived numerous calamities. Were they going to die here in the end?

The surrounding stars quivered. Some emitted bright lights, while others faded completely. It felt as though the world was on the brink of destruction.

On the outskirts of the Sea of Stars, the entire river of stars trembled and became distorted. Several spatial rifts appeared sporadically around it as if the Sea of Stars was on the verge of vanishing.

The expressions of Kong Hui and Jiang Tanyu turned solemn. They had witnessed the disappearance of the Sea of Stars before, but he had never seen such a scene. What exactly happened inside?

Yu Wuying spoke on the side. "Call your people."

Kong Hui and Jiang Taiyu immediately understood. During these ten years, they had discovered many people lurking around this place. These people came from various factions around the Divine Realm, and their goal was naturally Yun Lintian.

On the opposite side of the starry sky, Xing Wanshen stood in the void, calmly observing the scene. Since his son returned ten years ago, he had secretly spread the news about Yun Lintian to every corner of the Divine Realm.

"Father, Rain God Emperor, and the others have already mobilized their people." Xing Liuxian spoke.

"It doesn't matter." Xing Wanshen said calmly. "We are here to watch. Someone will eventually take action on our behalf."

Xing Liuxian nodded slightly and gazed at the shaking river of stars. In fact, he didn't quite agree with his father's idea of spreading the news, but he knew it was useless to voice his opinion. At the same time, he didn't understand his father's intentions. It seemed as though he had no intention of capturing Yun Lintian at all.

"Hmm?" Xing Wanshen raised his brow slightly as he sensed something. "He actually sent her over."

Xing Liuxian was confused. "Who is it, father?"

"Ren Yuan's maidservant." Xing Wanshen answered.

Xing Liuxian's pupils shrank. Ren Yuan's maidservant was none other than Chun Yue, the second-in-command under him. Since Yun Lintian entered the Divine Realm, Ren Yuan always ignored him. Why did he make a move now?

Xing Wanshen took a deep gaze in a specific direction, contemplating something.

\*\*\*

"Keep the three of them alive and kill the rest." Lou De glanced at Jiang Shuren and said.

"Hehe. I have been waiting for this moment." Xie Songshan licked his lips as his gaze shifted between Dong Xiu and Yang Zhen.

He raised his hand slightly, and his aura surged.

Boom!

A beam of black light abruptly burst from Xie Songshan's palm with a loud explosion and shot towards Dong Xiu.

"Run! Young master!" Dong Xiu shouted as a long sword appeared in her hand. Her entire body was engulfed in scorching flames. A ring of flames emerged along the blade as she swung it horizontally at the oncoming black light.

BOOOM—

The ring of flames was instantly engulfed by the black light, creating a massive explosion that swept everything in its area.

"Puff!" Dong Xiu coughed up a mouthful of blood. She glanced at Yang Zhen and shouted. "What are you looking for? Run!"

Yang Zhen's eyes flickered a few times as he hesitated. In the end, he clenched his teeth and unsheathed his crimson sword. "I won't run. How could I leave you behind?"

"You..." Dong Xiu looked at her young master with a complex expression. She didn't know whether she should be happy or angry.

"Die." Xie Songshan said with a grin as his right hand arched into a claw.

In that instant, everything around Dong Xiu and Yang Zhen suddenly came to a halt. The shaking ground and flying debris halted their movement entirely. It was as though everything in the universe had come to a standstill.

At the same time, a beam of black light, which appeared to consume all surrounding colors, shot out from Xie Songshan's claw. As it pierced through space and shot towards Dong Xiu and Yang Zhen, it appeared as an ancient devil god bringing calamity to the world.

Dong Xiu and Yang Zhen watched in horror as the black light approached them. They tried their best to muster their strength but couldn't even move an inch.

"Hah!"

All of a sudden, a loud grunt could be heard, and Shui Fang appeared in front of them. He swung his sword downward with all his might at the beam of devilish light.

BOOOOOM!!

A massive explosion occurred, and the impact immediately sent Shui Fang, Dong Xiu, and Yang Zhen flying away like broken kites. Their entire bodies were instantly soaked in blood. Especially Shui Fang. His entire arm bent in an exaggerated shape, and the sword was nowhere to be seen.

"Tsk. Quite tough, huh?" Xie Songshan clicked his tongue in dissatisfaction. He didn't expect such an outcome.

"Stop playing around." Lou De said in a deep voice.

Although Xie Songshan was dissatisfied in his heart, he didn't dare to say anything and immediately rushed towards Shui Fang and the others.

Jiang Shuren frowned deeply at the scene. The life and death of Shui Fang and the others, in fact, had nothing to do with her, but she felt uncomfortable watching them die here.

"You still have time to worry about others?" Chi Jixing chuckled as he flew over.

As soon as his voice dropped, Chi Jixing suddenly felt a chill running down his spine. A bone-chilling wind abruptly blew past him, filling the surrounding space with ice particles.

At that moment, Yu Zhilan silently appeared behind Chi Jixing, thrusting her icy sword towards his heart. Her movements were extremely fast and precise.

Chi Jixing instinctively reacted as a red light exploded out of his body.

Boom!

Yu Zhilan's ice sword stabbed into the powerful burst of red light, creating a massive explosion that sent both Yu Zhilan and Chi Jixing flying.

Kong Xun reacted quickly. He clasped his hands together and created a golden barrier to protect Yu Zhilan, enabling her to regain her stability.

"Die!"

All of a sudden, several devils appeared above Kong Xun and lunged towards him.

Kong Xun's expression turned solemn as he hurriedly created several layers of a golden barrier above his head.

BANG—

## Chapter 1625 Eruption (2)

The heavy explosion reverberated throughout the area, causing Kong Xun's barriers to shatter into fragments. Under the power of several devils, a massive crater could be seen beneath Kong Xun's feet as he was mercilessly pinned to the ground.

"Ugh..." Kong Xun, who possessed the strongest defensive power, couldn't withstand the devils' attacks. Groans of pain continued to escape from his mouth, even as he desperately tried to hold off them.

Crack... Crack!

Kong Xun's bones had started to crack, emitting cracking sounds intermittently. His eyes had turned completely bloodshot as he stared at the massive black light bearing down on him.

Seeing this scene, Jiang Shuren quickly summoned the Four Rivers Mirror and activated it without hesitation.

BOOM!

Instantly, torrents of water shot out of the mirror and rushed towards the devils above Kong Xun.

"Hmph!" One of the devils sneered and waved his hand, sending an ancient sword towards the oncoming torrents.

Woosh!

A black energy sword shot into the torrents of water, tearing a long streak through the surrounding space.

Jiang Shuren's expression changed slightly. She swiftly manipulated the mirror and unleashed a deluge of water torrents to deflect the energy sword. At the same time, she flung out the sleeve of her robe, and a long sword appeared in front of her. After that, she smacked her palm against the blade.

Bang!

The sword transformed into a water sword, slicing through the air and hurtling towards the devil.

Puff!

The water sword shot into the devil's chest as the boundless energy of Jiang Shuren violently exploded within him. The attack had carved a terrifying and bloody hole in the devil's body, propelling him away.

The other devils nearby were stunned. All of them here were at least on the same level as Jiang Shuren, but she could defeat one effortlessly.

Jiang Shuren's intervention allowed Kong Xun to take a breather. He seized the opportunity to create a golden energy shield and pushed it towards the devils above him.

Bang!

The group of devils was pushed away, and Kong Xun quickly activated his movement technique, retreating to a far distance.

At the same time, he caught a glimpse of Xie Songshan, who was about to launch an attack to finish Dong Xiu, Yang Zhen, and Shui Fang off.

Without hesitation, Kong Xun gathered his power and conjured a thick golden barrier around Xie Songshan. "Sealing Sky!"

Xie Songshan was forced to stop his movement. He glanced at the golden barrier around him and said coldly. "It seems like you want to die first."

Xie Songshan clenched his fist tightly. A massive black energy gathered around him before he thrust his fist at the barrier.

BOOOM—

The energy that had exploded from Xie Songshan's fist was immensely powerful. As a result, the collision between the black energy and the barrier naturally generated a massive shockwave. The repulsive force of this collision was strong enough to send Shui Fang and the other two flying. The three of them spun through the air, with sprays of bloody mist trailing behind them.

The golden barrier was directly shattered in the process, and Kong Xun immediately suffered another backlash. His face turned pale as a white sheet, and blood could be seen flowing out of his eyes, mouth, nose, and ears.

The power gap between a God Emperor and a peak Divine Emperor was worlds apart. A God Emperor might be unable to kill the peak Divine Emperors in one strike, but they could undoubtedly inflict severe injuries upon them. Logically, it was almost impossible for any Divine Emperor to withstand the full power of a God Emperor.

"Jieha!" The devils immediately flocked over and launched their attacks on Kong Xun. This time, they made sure that Kong Xun had no way of resisting them.

"Old Xun!" Jiang Shuren shouted anxiously. She desperately urged the mirror to release more torrents of water.

"Die!" At that moment, Chi Jixing roared as he hurled his crimson spear towards Jiang Shuren.

A sense of danger rose in Jiang Shuren's heart. She hastily executed her movement technique to avoid the incoming red spear. And because of this, she was unable to assist Kong Xun.

Kong Xun's expression turned grim. He knew it was impossible for him to defend himself in this state. The only thing he could do right now was take out the pants.

The devils' expressions changed drastically when the pants appeared in his hand. Endless fear could be seen in their eyes as if they had encountered their worst nightmares.

Immediately, they halted their tracks and frantically retreated as if their lives were on the line.

Lou De glanced at the pants and shouted. "What are you afraid of? The residual power inside the pants has already dissipated."

The devils were taken aback and immediately realized it was the case. The pants in Kong Xun's hand were no different from an ordinary rag now.

Without further hesitation, they swiftly charged at Kong Xun once more.

Jiang Shuren managed to stabilize herself, but before she could react, Xie Songshan silently appeared behind her like a ghost and threw a punch.

"Die!" Xie Songshan grinned wickedly. His fist was covered in a powerful black aura.

Jiang Shuren instinctively brought the mirror to her behind, welcoming the punch. It was the only thing she could do at the moment.

BOOOM—

Xie Songshan's fist collided with the mirror, and the impact immediately sent Jiang Shuren flying like a cannonball.

Several bones in Jiang Shuren's body were broken, and blood streams could be seen flowing out of her mouth. Without the mirror, she would undoubtedly perish from that blow.

"Tsk! As expected from a god emperor artifact." Xie Songshan glanced at his bleeding fist and clicked his tongue with annoyance.

Chi Jixing saw this chance and wanted to launch another attack on Jiang Shuren to finish her off. However, Yu Zhilan once again appeared behind him, wielding her sword. This time, her movement was several times faster than before.

Chi Jixing's face darkened. He was a dignified God Emperor, but he allowed Yu Zhilan to sneak up on him twice in a row. It was unacceptable.

All of a sudden, his entire body turned red as he spun around, reaching out to grab the oncoming icy sword.

Bang!

Chi Jixing firmly grasped the ice sword, causing Yu Zhilan to freeze in place.

"Fine. I'll kill you first." Chi Jixing spoke coldly as he controlled the red spear and shot it at her.

Swoosh!

Chapter 1626 Eruption (3)

Yu Zhilan quickly released her grip on her sword and swiftly conjured multiple layers of ice shields in front of her, ready to confront the incoming red spear.

Bang!

The ice shields were shattered directly under the lethal force of the spear. Before the red spear could touch Yu Zhilan, her entire body suddenly turned into a mist of water and disappeared from the place.

Chi Jixing raised his eyebrow slightly upon seeing this scene. Yu Zhilan was certainly different from any peak Divine Emperors he had met before.

"Your Rain God Realm is really deep." Chi Jixing glanced at Yu Zhilan, who was standing several kilometers away. Previously, he was forced to flee by the Rain God Emperor, and now the Rain God Realm's protector was also exceptionally powerful.

"Hmm?" All of a sudden, a terrifying cold aura invaded Chi Jixing's hand. He glanced at the ice sword in his hand and noticed that it emitted a chilling aura, which made him release his grip on it.

"A god emperor artifact?" Chi Jixing frowned deeply as he watched the sword fly towards Yu Zhilan.

Yu Zhilan grabbed the sword and glanced at Kong Xun and Jiang Shuren. The two of them were in peril, and it was impossible for her to rescue them both at the same time.

Moreover, Ling Chao and Ling Qian were also facing another group of devils and their hands were tied. Counting on them was hopeless.

Just as the devils were about to crush Kong Xun to death, scorching flames suddenly descended from the sky and engulfed them.

"Arghhh!" The devils were completely caught off guard and were unable to defend themselves.

Lou De glanced at Wan Mu, who withdrew his hand, and asked with a smile. "Can't wait anymore?"

Wan Mu didn't reply. He stepped forward and appeared beside Kong Xun, injecting his power to alleviate his injury.

Swoosh!

All of a sudden, a black lance cut through the space and rushed towards Xie Songshan in the far distance.

Xie Songshan's eyes narrowed slightly. He clenched his fist and threw a punch.

Bang!

The black lance was blasted away. However, Yan Yin suddenly appeared beside Xie Songshan and threw a punch at him.

"Heh. You're slower than before." Xie Songshan sneered and lashed out his leg at Yan Yin.

Boom!

Both of them blasted each other away and quickly stabilized themselves in midair.

Yan Yin opened his hand, and the black lance swiftly flew into it. He said coldly. "It's more than enough to kill you."

"Really? Come. Show me." Xie Songshan said teasingly.

Yan Yin's aura surged, instantly shrouding the entire space in darkness. At this moment, no one could see their figures or hear their voices. All of them had been completely consumed by darkness.

Xie Songshan's expression changed dramatically. "You actually..."

"Kill!" Yan Yin roared and thrust his spear forward.

Instantly, a dense column of black light, which appeared as absolute darkness as if it originated from the depths of a bottomless abyss, shot out. The black beam pierced through the heavens and earth, rushing towards Xie Songshan.

Feeling death approaching, Xie Songshan let out a roar and unleashed all his power. A massive black hammer materialized in his hand as he forcefully swung it forward with all his might.

BOOOOM—

The world-shaking explosions resounded. Everything caught in the blast radius was sent flying.

Xie Songshan roared at the top of his lungs as he desperately blocked the black beam. His arms began to fracture under the impact, and soon his entire body splintered. His face turned ghastly pale, and his eyes filled with fear.

Xie Songshan believed that Yan Yin would never be able to unleash his full power again, as he had recently died once. Unexpectedly, he had completely underestimated him.

The streak of black light suddenly broke through the air and impaled Xie Songshan's body, completely obliterating him.

Rumble—

The black beam drilled into the ground behind Xie Songshan, creating another deafening explosion. Wails of shock and terror reverberated through the air as everyone desperately fled from the scene.

Wan Mu seized the opportunity to rescue Shui Fang, Dong Xiu, and Yang Zhen, while Yu Zhilan quickly escorted Jiang Shuren to a safe distance.

A while later, the darkness gradually dissipated, unveiling a scene of devastation. Everything was in ruins in the aftermath of the previous apocalyptic blast, and Xie Songshan was nowhere to be seen.

"Puff!" Yan Yin coughed up black blood as he fell to the ground.

He didn't want to use this move at first, but he had no choice. His strength was far inferior to fight Lou De head-on. Hence, he decided to eliminate Xie Songshan first. Even if Xie Songshan were to come back to life later, his strength would greatly decline.

Lou De looked at Yan Yin and said. "Seriously. You're really dedicated."

A black mist gradually emerged around Lou De as he continued speaking. "Well, I guess Yun Lintian will be extremely grateful and may even shed tears when he sees how dedicated you are."

Yan Yin rose from the ground with the help of his lance and uttered. "If it weren't for this, I would have chewed your head off a long time ago."

Lou De smiled faintly and waved his hand. "As my plaything today, you better not disappoint me."

Suddenly, several gray bones appeared from the ground beneath Yan Yin.

Yan Yin had long anticipated this. He quickly waved his lance to shatter the bones.

"Watch out!" Shui Fang suddenly shouted as he saw a long bone silently emerge from the ground behind Yan Yin.

Yan Yin instinctively kicked at the approaching bone. However, a sense of impending danger surged in his heart, and he immediately realized that it was too late now.

Puff!

All of a sudden, another sharp bone shot out of the ground and pierced into Yan Yin's chest. At the same time, several other bones appeared and pierced his entire body, lifting him into the air.

Blood spurted all over Yan Yin's body as he was rendered powerless.

Wan Mu frowned slightly, and his aura surged. He was ready to rescue Yan Yin.

"Where are you going?" Chi Jixing's cold voice resounded from the sky as dark and red flames descended upon Wan Mu and the others.

Wan Mu had no choice but to conjure a barrier to protect everyone.

Boom!

The barrier was engulfed in flames and soon dissipated. Wan Mu quickly glanced at Yan Yin and saw that Lou De was already standing beside him. It was too late now...

Chapter 1627 Eruption (4)

Lou De's hand transformed into ferocious bone claws as he lashed at Yan Yin's arm.

Puff!

The entire right shoulder of Yan Yin was mercilessly torn, causing him to groan in pain. Black blood gushed out, staining the ground with its dark hue.

Lou De licked the blood off his claws and said with an evil smile. "I told you to be obedient, but you didn't listen."

"Pooh!" Yan Yin spat saliva at Lou De and shouted angrily. "Obedient? Obedient my ass! Stop this nonsense and kill me already."

Lou De wiped the saliva off his face, and his eyes gradually grew cold. "Kill you? No, it will be too easy. You still have some values."

"Heh! You are wrong if you think you can use me against Yun Lintian." Yan Yin scoffed.

"Who said that I would use you to threaten him?" Lou De chuckled. "I will take you out later and make you my obedient dog. Hehe."

Yan Yin's face darkened. "Bastard!"

He naturally knew what Lou De wanted to do. It was none other than branding a slave imprint on his soul.

Because Yan Yin could return to life at any moment here, the slave imprint was useless. Lou De had to wait until they left, and the curse was no longer present.

Puff!

Lou De waved his claws again, tearing Yan Yin's other arm apart. He seemed to enjoy this kind of process, like a cat playing with its food.

"Forget it." Lou De suddenly lost interest in Yan Yin. He glanced at Wan Mu and asked. "Are you sure you want to protect them?"

Wan Mu's expression turned solemn. He wasn't Lou De's opponent but had to buy time for Yun Lintian.

He glanced at Yu Zhilan and said. "The three of you can enter the tower. I'll find an opportunity for you."

Yu Zhilan glanced briefly at the injured Jiang Shuren and Kong Xun and made a decision. At least she couldn't let them die here. As for Shui Fang and the others, there was nothing she could do.

"Go. You don't have to worry about us." Shui Fang took the initiative to speak.

Yun Zhilan took a deep look at him and nodded slightly. "Take care."

"No, you can't leave me here." Yang Zhen quickly interrupted. His face was filled with anxiety. He didn't want to die here.

Shui Fang looked at him and said. "We still have some values. They won't kill us easily."

As he spoke, he glanced at Dong Xiu. Yang Zhen was the son of the Sun God Emperor, so there was a chance that Lou De wouldn't kill him. However, Dong Xiu was different. She was merely a servant and held no worth in Lou De's eyes except for becoming his food.

Dong Xiu bit her lip and said nothing. He was naturally aware of this fact.

"No. You can't do this!" Yang Zhen shouted at Yu Zhilan. His face was filled with a mixture of pleading and anger.

Yu Zhilan turned her head away and remained silent.

Wan Mu waved his hand, and a gigantic red cauldron appeared. He placed his palm on the cauldron, and the dragon patterns on it immediately ignited with crimson flames.

"Go!" Wan Mu shouted and struck the cauldron, unleashing a barrage of fire dragons towards Chi Jixing and Lou De.

Without hesitation, Yu Zhilan grabbed Jiang Shuren and Kong Xun, and they rushed towards the tower in a flash.

"Heh." Lou De sneered while waving his hand.

Bang! Crack!

All of a sudden, the ground split open as a crack in space was violently torn apart. Pale gray bones flashed through the opening space like streaks of light, shooting towards the tower.

With a resounding crash, the entrance to the tower was entirely obstructed by a barricade of bones, effectively barring anyone from gaining entry.

Yu Zhilan's aura surged as she brandished her ice sword towards the gray wall.

BOOOM—

The wall of bones shook violently and started to crack. However, it quickly fixed itself with remarkable speed and returned to its original appearance.

Yu Zhilan didn't give up. She exerted all her power into the sword and swung it down. A terrifying blue light flashed, and space was split in half.

Unfortunately, she couldn't break it in the end.

Jiang Shuren and Kong Xun tried to help her, but their efforts were futile. They couldn't break through the wall at all.

"Give up. You will never break it." Lou De spoke with an evil grin after effortlessly deflecting Wan Mu's attack. His aura gradually surged, enveloping the entire space.

The expressions of Yu Zhilan and the other two changed drastically. Lou De's strength was on par with Gong Su's, or even stronger.

Yu Zhilan quickly unleashed her power, attempting to escape from this place.

"Stay there." Lou De uttered coldly.

Immediately, several bones protruded from the ground and formed a prison made of bones around Yu Zhilan and the other two, securely trapping them inside. No matter how hard Yu Zhilan tried to break it, it didn't budge an inch.

Lou De glanced at Chi Jixing and beckoned with his chin. "Take those people down."

Chi Jixing took a glance at Ling Chao and Ling Qian. Dark and red flames immediately erupted from within his body as he hurled the spear towards them.

Ling Chao and Ling Qian hurriedly unleashed their powers, desperately attempting to intercept the approaching red spear with all their might.

BOOOM—

The divine shields they had just formed instantly shattered into fragments under the strike, causing Ling Chao and Ling Qian to spit out mouthfuls of blood.

Before they could react, several columns of flames suddenly descended from the sky, instantly engulfing them.

"Arghh!" Ling Chao and Ling Qian screamed in agony as their skin rapidly melted.

Lou De frowned slightly and waved his hand, extinguishing the flames around the two. These two people were useful. It would be a pity for them to die like that.

He waved his hand once more and created another bone prison to lock the two up.

Chi Jixing was dissatisfied with Lou De's actions but chose to remain silent in the end. He turned to Wan Mu and said coldly. "Do you want to fight?"

Wan Mu's face twitched slightly, and he was rendered speechless.

\*\*\*

Inside the tower, the light barrier surrounding Yun Lintian had completely disappeared.

A cold glint flashed through Ling Zemin's eyes when he saw this. He stomped his foot, activating the killing formation once more.

Boom!

## Chapter 1628 Overwhelming Power (1)

Countless divine lights burst out of the formation nodes around the hall, filling the entire space with a menacing aura. The divine lights quickly shot towards Yun Lintian, aiming to take his life.

Right at the moment before the divine lights could touch Yun Lintian, he suddenly opened his eyes. A divine energy that had just entered the Divine Transformation Realm abruptly burst out from within his body, forming a ring of light.

BOOM!!

A deafening explosion occurred, causing all the divine lights to be blasted away, including Ling Zemin.

The massive ring of light spread out outside the tower with a loud bang. The once crumbling world gradually stabilized. All the debris was floating silently in the air, and everything seemed to return to its originally calm state.

Lou De and the others raised their heads to look at the scene in astonishment.

"What's going on?" Yang Zhen was stunned.

"It must be Brother Yun." Shui Fang said confidently.

Wan Mu heaved a sigh of relief upon seeing this. Yun Lintian seemed to have already completed the absorption process. Although he didn't know the extent of Yun Lintian's power, he must have a way to handle the current situation. It was impossible for the Beyond Heaven King to leave nothing behind for him.

Lou De narrowed his eyes slightly. He was waiting for Yun Lintian to appear in front of him.

"Hoo!" Yun Lintian let out a long breath. He felt as though he had been sleeping for ages. The excitement brought by the breakthrough had already subsided.

He clenched his fists slightly, feeling the newly acquired power. Soft white light gradually emerged around his body, enveloping him like garments.

At the same time, his perception of the world had changed significantly. The light and other elements in the air had become exceptionally clear. Several times better than before. He felt as if he had entered an entirely new realm.

Yun Lintian slowly got up from the ground and glanced at Ling Zemin, who was struggling to stand back up.

"So, you have been waiting for me all this time?" Yun Lintian said with a faint smile.

Ling Zemin's expression darkened. A strange light suddenly flashed across his eyes, and his mental power surged.

Yun Lintian felt a sharp pain in his head, causing him to groan slightly. Immediately, an azure light flashed, and a colossal image of an azure dragon appeared behind him, accompanied by a thunderous roar.

Roar—

Ling Zemin's mind shook, and blood quickly flowed from his ears. He thought that he could use this opportunity to sneak up on Yun Lintian and ultimately destroy his mind in one swift action. He didn't expect Yun Lintian to react quickly.

A crystal skull suddenly appeared in Ling Zemin's hand, releasing a strange gray fog that filled the entire hall.

Yun Lintian frowned slightly upon seeing this scene. The Heaven Piercing Sword quickly expanded and landed in his hand as he swung it horizontally. A golden arc was released as the blade cut through the gray fog.

However, Yun Lintian soon discovered something strange as no sound or explosion followed.

"You have been drawn into my Eternal Soul Domain. It's impossible for you to leave now." Ling Zemin's voice resounded. His voice carried a hypnotic power, causing Yun Lintian's mind to tremble.

Yun Lintian furrowed his brow, and his eyes lit with azure lights. The Azure Dragon immediately let out another roar, shaking the entire space.

"It's useless. You should surrender and obediently become my servant. I need someone to wash my shoes recently." Ling Zemin's voice resounded with a hint of mockery.

A flame of anger rose within Yun Lintian's heart, but he soon calmed down. Obviously, he was affected by Ling Zemin's peculiar hypnotic voice.

Since Yun Lintian couldn't utilize the power of the Dragon God Soul to confront Ling Zemin. What about the White Tiger God Soul?

Instantly, his eyes turned golden, and an image of a white tiger emerged alongside the Azure Dragon.

Roar—

The combined roars of the two beast gods instantly shook the entire tower, dispersing the gray fog.

Ling Zemin, who was hiding inside the fog, turned pale immediately. Blood gushed out of the orifices on his face, and the crystal skull in his hand trembled incessantly as if it were on the verge of exploding at any moment.

"Found you." Yun Lintian uttered as he discovered Ling Zemin's location. He immediately swung the Heaven Piercing Sword forward, unleashing a terrifying golden arc.

Ling Zemin hastily unleashed his divine emperor's power to create a defensive barrier in front of him. However, because his mind was affected by the roars, his reaction was a split second slower.

The golden arc sliced through the air and struck Ling Zemin's chest, leaving a long gash.

Bang!

Blood splashed out as Ling Zemin was sent flying before fiercely crashing into the wall behind him.

Yun Lintian silently appeared in front of Ling Zemin like a ghost and swung his sword down, intending to finish him off in a single strike.

Ling Zemin's heart shook when he saw this scene. He instinctively brought the crystal skull forward to block the oncoming strike and activated the star-shaped mark on the back of his right hand.

BOOM—

The sword collided with the crystal skull, and the repulsive impact immediately forced Yun Lintian to retreat.

At the same time, Ling Zemin's entire body was enveloped in a white light, and his figure gradually faded away before disappearing entirely from the place.

Yun Lintian frowned slightly and was about to activate the star-shaped mark in order to track Ling Zemin. He suddenly caught a glimpse of a rectangular object floating in the center of the hall.

Yun Lintian quickly approached the object and examined it closely. The rectangle object was actually a miniature version of the tower. Without a doubt, it must be the core of the Reincarnation Tower.

Without hesitation, Yun Lintian reached out to grab it. Immediately, the tower transformed into a wisp of light and drilled into his palm, disappearing.

At the same time, Yun Lintian saw a small tower appearing in his mind. A connection between him and the tower had also been established. It was as if he had become one with the tower.

"Is this what he left behind?" Yun Lintian muttered to himself in doubt. He believed that it was the Beyond Heaven King who deliberately placed it inside the Light Pole.

However, he had no time to think further. With a flash, his figure disappeared from the place before reappearing outside the tower.

"You have finally appeared."

Chapter 1629 Overwhelming Power (2)

Lou De's smile brightened as soon as he saw Yun Lintian. However, he wasn't in a hurry to attack him.

Yun Lintian scanned the field and noticed that Yu Zhilan and the others were trapped inside bone cages. Meanwhile, Yan Yin was extremely miserable. Both of his arms were missing, and blood gushed out of his body like a leaking water bucket.

Fortunately, no one died.

Yun Lintian shifted his gaze to Ling Zemin, who was also locked up. Obviously, Ling Zemin could have left this place, but he chose to remain here. He must want to see how Lou De deals with him.

"I heard that you have a method to bring us out." Lou De spoke. "Why don't you show me?"

"Leave now. No need to care about us." Yu Zhilan's voice resonated in Yun Lintian's mind. "We cannot let these people out."

"Relax. I got this." Yun Lintian replied.

After obtaining the Light Pole and seeing Lou De and the others again, Yun Lintian immediately understood why the Beyond Heaven King had spared them.

Before this, the black worms inside Yan Yin's body were a form of dark energy infused with a hint of the Great Laws of Death. Unfortunately, Yun Lintian lacked the strength to eliminate them.

However, with the ability to manipulate the element of light, Yun Lintian could sense that these black worms were nothing more than ordinary worms. He could easily crush them at any moment. It was a sense of superiority, like hunters looking at their prey.

Yun Lintian glanced at Lou De and said. "Let them go, and I will take you out."

Lou De's expression turned strange. "Do you think you are in a position to bargain with me?"

"Yes," Yun Lintian responded calmly. "I can assure you that I can leave at any moment. Once I leave, you will miss the opportunity to escape from this place. As for the life and death of these people, I would say that you're overthinking it. They have nothing to do with me."

"You!" Yang Zhen was furious upon hearing this. "How could you say that?"

Yun Lintian glanced at him and said sarcastically. "Oh, I was wondering who you were. It turned out to be Young Master Yang... What's wrong? Did I say something weird? Why should I help you? Do we know each other well?"

"You... You!" Yang Zhen was so furious that he didn't know what to say. More precisely, he indeed had nothing to say. He was neither Yun Lintian's friend nor family. Why should Yun Lintian help him?

"You should leave, Brother Yun." Shui Fang said with a smile. "Tell my father that I have failed him."

"I will." Yun Lintian nodded slightly.

Lou De frowned upon seeing this scene. Once Yun Lintian left, everything would be useless.

"Let me try." Chi Jixing's aura surged, and black and red flames immediately ignited on his body.

Lou De raised his hand to signal him to stop. "Back off."

He took a deep look at Yun Lintian and said. "Since that is the case, they no longer have any values."

Swoosh!

Suddenly, several bones protruded from the ground beneath Yu Zhilan and the others, threatening to kill them.

In that instant, Yun Lintian's figure flashed and arrived behind Lou De.

Lou De sneered. "I know you wouldn't let them die."

As his voice fell, Lou De's expression changed drastically when he sensed a deadly threat emanating from Yun Lintian.

At this moment, the Heaven Piercing Sword in Yun Lintian's hand was enveloped in a dazzling white light, emanating a serene yet formidable aura. However, this gentle aura was extremely deadly for Lou De.

Yun Lintian mercilessly thrust the sword towards Lou De's heart from behind.

Lou De's entire body was instantly covered with bone armor, timely blocking Yun Lintian's attack.

Boom! Crack!

The bone armor on Lou De's back was shattered into pieces under the attack. At the same time, the sword firmly pierced into Lou De's back, penetrating his heart all the way through his chest.

"Explode." Yun Lintian uttered, and a blast of white light burst out from within Lou De's body, blinding everyone present.

Lou De felt his entire body was being wholly ravaged from the inside out. He desperately mustered his demonic power, but it was futile. Nothing could be found.

The black worms inside Lou De's body were ruthlessly killed one after another when the light current touched them. Within a few seconds, every worm had been completely obliterated.

Yun Lintian exerted more strength and swung the sword down towards Lou De's devil core. With a loud bang, the devil core cracked and started to disintegrate as Lou De's devil power continued to drain from his body.

"No!" Lou De shouted desperately as he felt death approaching. It was the first time in his life that he had been afraid of death.

Unfortunately, no matter how hard he shouted, his devil power and vitality continued to drain from his body. His skin became dry. His muscles and bones began to shrink. His original corpse-like appearance had worsened.

Boom!

The Heaven Piercing Sword mercilessly shattered Lou De's divine core and cleaved his entire body in half, ending Lou De's life.

The generational devil had died just like that...

The surrounding blinding light began to dissipate, and everyone slowly regained their sight. Their eyes widened in disbelief when they saw Lou De's remains on the ground. Especially Chi Jixing and the revived Xie Songshan.

"H-How...?" Xie Songshan stammered in shock. Yun Lintian was clearly at the first level of the Divine Transformation Realm. How could he defeat Lou De?

"Light represents creation and life. It's a natural enemy of darkness and death." Wan Mu talked to himself. He now fully understood the intention of the Beyond Heaven King.

Shui Fang and the others heard this and immediately understood what happened.

Ling Zemin's face turned ugly when he saw this scene. He thought he could borrow Lou De's hand to subdue Yun Lintian, but the outcome was completely unexpected.

Without further hesitation, he used the crystal skull to put Ling Chao and Ling Qian away, then activated the star-shaped symbol, vanishing from the place.

Yun Lintian didn't care about him. He turned to look at Chi Jixing and raised his sword.

Instantly, the flames of the Vermilion Bird ignited on the blade and flew towards Chi Jixing and the other devils.

Scree—

Chapter 1630 Wiped Out

The Vermilion Bird soared high, unleashing flames of crimson and green that engulfed the entire sky. At the same time, a blinding light was unleashed from the Heaven Piercing Sword, illuminating every corner of the Star Graveyard.

Chi Jixing, Xie Songshan, and the other devils, except for Yan Yin and Wan Mu, could feel a sensation deep within their bodies as the fiery and radiant aura engulfed them. Their strength rapidly left them as if they had reverted to their original state before coming here.

"You can remove the curse! You really did it!" Yan Yin was excited by the scene. He felt relieved that he had made the right choice back then. In the end, his bet paid off handsomely.

Swoosh!

All of a sudden, Yu Zhilan and Wan Mu acted quickly. They launched their attacks on Chi Jixing and Xie Songshan.

Unable to muster their powers, Xie Songshan and Chi Jixing were severely injured in one fell swoop.

At the same time, Yan Yin used his foot to kick the black lance, sending it towards Xie Songshan.

Boom!

The black lance ruthlessly pierced Xie Songshan's buttocks, impaling him to the ground.

"Argh!" Xie Songshan screamed and convulsed in pain.

"Told you. I can beat your ass anytime." Yan Yin grinned wickedly, leaving everyone speechless.

Ding!

Yu Zhilan appeared in front of Chi Jixing and thrust her icy sword forward, piercing Chi Jixing's heart through his back. An icy aura erupted, and layers of frost began to form on Chi Jixing's body.

"You..." Chi Jixing's eyes bulged. He could feel his profound veins, meridians, and everything inside his body gradually freezing. A few seconds later, Chi Jixing had completely transformed into an ice statue.

Yu Zhilan flicked her wrist slightly, causing the ice statue to shatter instantly into countless ice particles. The notorious Red Fall Devil God Emperor had officially fallen.

Meanwhile, Wan Mu slapped his cauldron, sending a barrage of fire dragons towards the fiendish devils in the far distance, instantly reducing them to ashes.

"We... We are safe." Yang Zhen muttered in a daze. The immense mountain that had been weighing down on his chest had now vanished.

Dong Xiu heaved a sigh of relief. At least her young master wouldn't have to die here. The only thing she regretted was Yang Guan's death. Losing a peak Divine Emperor was not a trivial matter. She didn't know what kind of punishment awaited her when she returned to the Sun God Realm.

Yun Lintian swung his sword again to finish off Xie Songshan.

"Thank you for saving my life, Brother Yun." Shui Fang came forward and bowed his head slightly, expressing his sincere gratitude. He was the son of a God Emperor, but he was willing to bow his head to his savior. It was evident how good his personality was.

"Thank you, Young Master Yun, for saving our lives." Dong Xiu bowed her head deeply. At this moment, the arrogance in her heart had long disappeared.

Meanwhile, Yang Zhen reluctantly said. "Thank you. I will definitely repay it."

Yun Lintian nodded and said nothing. He landed in front of Yan Yin and spoke. "Thank you for keeping your promise."

Yun Lintian knew that without Yan Yin, Yu Zhilan, and the others, they would definitely suffer more than this.

"I didn't help much." Yan Yin shook his head.

Yun Lintian placed his hand on Yan Yin's chest, and a gentle light immediately illuminated. At the same time, several green vines shot out of his arm and wrapped around Yan Yin's body.

A gentle current slowly seeped into Yan Yin's body and killed all the black worms, revitalizing his physique. Yan Yin's arms gradually regrew, bit by bit, under the power of the Tree of Life.

"Amazing." Wan Mu stroked his beard while attentively staring at Yun Lintian. "The Tree of Life is the most powerful wood-attributed treasure in the world. After combining with the power of light, it can produce such a healing effect. It is not an exaggeration to say that it is a miracle."

A moment later, Yan Yin's appearance ultimately returned to its glory days, transforming into a handsome young man. His skin was no longer as dry as a corpse. He had fully recovered at this moment.

Yun Lintian retracted his palm and said. "It will take a significant amount of time to regain your peak strength."

"Hahaha! I, Yan Yin, am back!" Yan Yin laughed wildly.

Yun Lintian ignored him and approached Wan Mu. "Thank you for protecting everyone, Senior."

Wan Mu shook his head. "I didn't do anything much. I am too weak."

"Let me help you." Yun Lintian reached out and repeated the healing process on Wan Mu. At the same time, he raised his other hand and sent several vines towards everyone.

A while later, everyone had completely recovered. All of their injuries had disappeared.

"This is truly defying heaven." Kong Xun said in astonishment as his body brimmed with vitality. It was as if he had returned to his youth.

"Indeed." Jiang Shuren nodded in agreement. "I don't think the Beyond Heaven King had this power, did he?"

Kong Xun frowned slightly and shook his head. "He rarely revealed his hand back then. It's hard to judge."

Yun Lintian retracted his hand and said. "I will send everyone out first."

Everyone glanced at each other and had no objections. They weren't worried about Yun Lintian because they knew he could leave at anytime.

Jiang Shuren glanced at Yan Yin and hesitated to speak.

Yun Lintian noticed this and said. "You don't have to worry about him. I believe he won't harm anyone when we go out."

"Hmph!" Yan Yin snorted in dissatisfaction. "Don't worry. I won't kill anyone in the Divine Realm. Of course, unless they provoke me first."

"He is not a bad person." Wan Mu vouched for Yan Yin. "What is good or evil cannot be judged by where one originates from."

Jiang Shuren took a deep breath and said. "I understand. Please forgive me."

Yun Lintian closed his eyes momentarily and felt the entire Sea of Stars. Since he left the tower, he could feel a strong connection between himself and this place. It was as if he had become the owner here.

He opened his eyes and spoke to everyone. "Many people are waiting for us outside. I will send everyone to a very far distance."

"Sure." Jiang Shuren and the others nodded in agreement.

Yun Lintian raised his hand, and the star mark shone brightly. Immediately, everyone except Yun Lintian was enveloped in white light and gradually disappeared from the area.

After sending everyone away, Yun Lintian shifted his attention towards the Nine Heavens Staircase and proceeded in its direction...
