

## **Myth Beyond 1631**

### Chapter 1631 Star Energy Source

Yun Lintian arrived at the entrance of the Nine Heavens Staircase, which had previously been invisible to everyone. He didn't hesitate to step in and appeared on the top floor.

However, the ball of light that had existed to give away a reward was no longer there. The pressure had vanished entirely.

Yun Lintian glanced around briefly and then directly jumped down from the top floor. He descended for half a minute until he reached the bottom of the staircase.

At this moment, a ball of light suddenly appeared on the first floor. Yun Lintian was taken aback by the scene and reached to touch it.

Rumble—

All of a sudden, the entire staircase trembled and shrank in size until it became a miniature version.

At the same time, the firmament above the staircase began to shake and crumble gradually.

Yun Lintian grabbed the miniature staircase, which immediately merged into his body, appearing in his mind like the tower.

Yun Lintian quickly spread his divine sense and discovered that many people were still there. He also saw a few familiar faces, such as Bai Xue, Gu Chenlei, and Quan Zhenkang.

Without further hesitation, Yun Lintian swiftly flew towards them. Since stepping into the Divine Transformation Realm, his speed had improved drastically. It was even more terrifying when he used the Shadow Step.

A moment later, he appeared above the floating island where Bai Xue and the others were staying. His appearance immediately stunned everyone.

"Ah? Brother Ye?" Bai Xue exclaimed in surprise.

Gu Chenlei and Quang Zhenkang were also surprised. Since Yun Lintian left, he had never appeared again. They thought that he had perished somewhere a long time ago.

"I will send everyone out." Yun Lintian raised his hand, and the star mark shone brightly. Immediately, the practitioners below were enveloped in white lights and disappeared from the place, leaving Bai Xue and Gu Chenlei behind.

"Brother Ye..." Bai Xue was once again stunned. She felt that her brain was insufficient to comprehend the situation before her. What was going on? How could Yun Lintian send people away at will?

"I deliberately left the two of you behind because of your unique identities. I'm afraid something will happen to you when you go out." Yun Lintian said. "I can transport you to a safe location away from the Sea of Stars, but I need to know which direction you want to go."

Gu Chenlei regained his composure and quickly spoke up. "We won't hide it from you, Senior Ye. We came from the Maya Forest within the Wood Spirit Realm, located in the Western Divine Region."

"The Western Divine Region?... It's quite a distance away." Yun Lintian frowned slightly.

Although he didn't know much about people like Gu Chenlei, who were spirit plants, he guessed they must be targeted by practitioners once they left this place. Perhaps it was because of the Tree of Life within his body that gave him intimate feelings with the two. He didn't want to see them die in vain.

"We brought a sacred ark with us. We secretly cruised through the Northern Divine Region to reach this place." Gu Chenlei said. "We will have to trouble Senior Ye to send us to the Northern Divine Region."

Yun Lintian thought for a moment. The fact that Gu Chenlei and Bai Xue went around the Central Divine Region proved that they were indeed trying to avoid being discovered.

"Alright. I will send you as far north as I can." Yun Lintian said. "I suggest that both of you should go back as soon as possible. Don't rest on the way. The situation outside is not good."

"We understood." Gu Chenlei and Bai Xue responded solemnly.

Bai Xue opened her palm, and a small maple leaf appeared. "Please accept this, Brother Ye. It will guide you to the Maya Forest when you visit the Wood Spirit Realm later. We hope that we can repay you this gratitude at that time."

Yun Lintian waved his hand gently, and the maple leaf floated towards him. He glanced at it and then put it away. "I'll visit your place when I have time. By the way, my name is not Ye Xiaolong, but Yun Lintian."

"Yun Lintian...? Why do I feel familiar with this name?" Bai Xue furrowed her brow, deep in thought.

Without further hesitation, Yun Lintian waved his hand, sending the two away. "Good luck."

"Don't forget to visit us, Brother Yun." Bai Xue hurriedly shouted as her figure disappeared from the place.

After sending the two away, Yun Lintian flew around the area, searching for the practitioners and sending them out until he was the only one remaining.

Rumble—

At this moment, the fragments of the firmament drifting apart suddenly came to a halt before colliding with each other, breaking into pieces.

However, Yun Lintian could perceive an immense star power emanating from the clash, which continued to grow significantly.

At the same time, the connection between him and this place grew stronger. Yun Lintian had also slowly found the source of the connection. It came from the brightest star in the sky, just below the shattered firmament.

The star grew brighter and brighter as the clash of fragments continued. The surrounding star energy had also increased drastically.

"The source of the star energy?" Yun Lintian was surprised. This star energy source wasn't on the same level as the relics of the Beyond Heaven King, but it was definitely the purest source he could possibly find. Perhaps this was what the Beyond Heaven King had truly left behind for him.

Yun Lintian didn't think about it further and rushed towards the star energy source, extending his hand to touch it.

Instantly, a surge of star energy flooded his body like a broken dam, spreading to every corner of his being. Yun Lintian's divine core spun rapidly, madly refining the massive star energy.

Bang!

Yun Lintian's profound strength suddenly broke through the threshold, and he stepped directly into the second level of the Divine Transformation Realm. Moreover, it continued to rise without any sign of stopping.

While Yun Lintian was immersed in the wave of star energy, a strange phenomenon appeared in the sky within the Land of Beyond Heaven.

At this moment, the sky turned dark, and countless stars appeared one after another in the darkness.

Hongyue came out of the villa and raised her head to look at the sky in surprise. "Star energy source? Where did he find it?"

Chapter 1632 The Change In Environment

Madam Leisure appeared beside Hongyue and said. "There is one place where he can find it. The Sea of Stars."

Hongyue immediately remembered the existence of the three Forbidden Lands. She said in surprise. "So, the Light Pole is in that place?"

There were a few relics whose locations Hongyue didn't know, and the Light Pole was one of them. Without a doubt, it must be located within the Sea of Stars. Otherwise, Yun Lintian wouldn't have gone to such a dangerous place.

"Even so, it should be impossible for him to obtain the star energy source." Madam Leisure said in doubt. "The Star God Emperors from the past to the present have been attempting to extract the source from that place, but none have succeeded. Even though they sent many people into it, they still had no clue."

Hongyue frowned slightly and asked. "What are you trying to say? It should be easy for him to refine the star energy source and leave it behind for Lintian, right? After all, he did it with other sources."

"Although you are close to the Beyond Heaven King, you have no idea how many secrets he has been hiding." Madam Leisure shook her head. "Do you know how he made all of the relics?"

Hongyue frowned deeply and shook her head. She indeed had no idea how he made them.

"I can safely say that without my Master's help, there would have been no way for him to refine all of them." Madam Leisure said in a deep voice. "And I can also tell you that the star energy wasn't one of them. I was there when both of them created the final forms of the relics."

Hongyue was shocked upon hearing this, and her expression abruptly changed as she thought of something. "Yao Xi...She...?"

"Yes. Master used all of her Divine Life Lineage." A touch of sadness appeared on Madam Leisure's face. "Even though they both went to the Sea of Stars together later, it was impossible for them to refine the star energy source. Master had already depleted her power before that."

She took a deep breath and continued speaking. "Master told me to keep it a secret forever, but I no longer wanted to comply."

Hongyue fell into silence immediately. The Divine Life Lineage was Goddess Yao Xi's divine power. It had been passed down from generation to generation since the Primordial Era... She actually dedicated herself to refining the relics using everything at her disposal. What was she thinking at that time?

"This is why I don't like him." Madam Leisure spoke. In fact, she harbored a deep hatred in her heart for the Beyond Heaven King, as he had taken everything away from her master. However, she felt powerless and unable to do anything.

"Then why did you...?" Hongyue looked at Madam Leisure in a complicated mood.

"Yun Lintian has nothing to do with him. I have no reason to hate him." Madam Leisure explained. "Speaking about this, he is a victim of fate. You cannot imagine how difficult it is for a young man in his twenties to bear the burden of responsibility he never asked for. His destiny has been determined since he first opened his eyes to the world."

"Although I have only known him for a short time, I can see that he is a carefree person who seeks a peaceful life. His life should be filled with leisure as he desires, but he is burdened with this absurd destiny."

She paused briefly and sighed softly. "Honestly, if I were him, I wouldn't do as good as he does. I probably freaked out and called it quits a long time ago."

The scenes from the past flashed across Hongyue's mind like a movie. Since she met Yun Lintian, he didn't even have a good time to rest. He constantly moved from place to place and was always under pressure. Although he often complained about it, there was not a single time he intended to give up.

Hongyue didn't notice it at all. She continued to put pressure on him and urge him to move forward as quickly as possible... No one had ever asked him if he wanted to be the successor of the Beyond Heaven King. He was forced to do it from the start. It was indeed unfair to him.

While the two remained silent, the intensity of the divine energy within the Land of Beyond Heaven had increased significantly and continued to rise without stopping.

At the same time, the energy of the star began to surge, gradually blending into the environment. With this, everyone here could practice star energy-related profound arts more easily. They no longer had to suffer from a lack of star power.

Buzz—

All of a sudden, a blinding light emerged in the sky, illuminating the entire Land of Beyond Heaven. The power of the nine elements formed a gigantic cyclone around the area, swirling with immense star energy.

The phenomenon lasted a full minute before gradually subsiding, returning to its original calm state.

However, everyone in the Land of Beyond Heaven could clearly feel the change in the environment. Without a doubt, the environment had become significantly better.

The Profound Spirit Liquid in the lake, divine stones beneath it, the Serene Bamboo forest, the Heavenly Sandalwood forest, the medicine garden, crops, and livestock — the quality of everything here had improved dramatically.

The Land of Beyond Heaven had entered an entirely new realm!

"This is no different from a mid-level star." Master Bai spoke in astonishment. He had already awakened from the prolonged slumber and resided here most of the time.

The disciples of the Misty Cloud Sect here were also stunned by the change and became ecstatic. They had been waiting a long time to enter the Divine Realm to improve their strength. It seemed that they didn't need to go anymore.

"Can he contact us?" Yun Qianxue turned to Lauya and asked.

Lauya closed her eyes briefly and then opened them. "I can feel his presence now. But it is very faint. We must first wait until he refines the star energy source and looks at it again."

Although Yun Qianxue was disappointed to hear this, she remained more optimistic than before. At least she knew that he was doing well up there.

\*\*\*

Outside the Sea of Stars, several people emerged one after another. Some of them cried tears of joy as they finally came out of the prison.

Boom!

All of a sudden, the star river shook violently once more and started to alter its shape. The commotion immediately startled everyone, including the God Emperors hiding in the void...

Chapter 1633 Emergence (1)

The star river quivered violently, bending and stretching into various shapes. It seemed as if the river was on the verge of being ripped apart at a certain point. At the same time, it gradually shrank in size, becoming smaller over time.

In the void, the Everlasting Soul God Emperor looked at the scene with a hint of doubt. From the looks of it, the Sea of Stars was obviously being refined by someone.

"What's going on, Father?" Ling Zemin asked in confusion. "Is it going to move?"

Ling Yongheng didn't reply but instead asked a question. "Did you see him use the star power once?"

"Star power?" Ling Zemin shook his head. "No. He had never used it."

Ling Yongheng frowned slightly upon hearing this. Indeed, the Beyond Heaven King was sometimes called the king of all elements, but Ling Yongheng knew that the star element was his biggest weakness compared to the other elements.

Moreover, he was certain that the Beyond Heaven King did nothing to the Sea of Stars while he was there. He left only his relic behind and nothing more. How could Yun Lintian refine the core of the Sea of Stars?

If that were the case, Yun Lintian's talent must be even higher than that of the Beyond Heaven King himself. Not to mention, he possessed the Dragon God's Soul and the White Tiger God's Soul. Who could be his opponent when he reaches the highest realm in the future?

It was at this moment that Ling Yongheng realized the potential threat from Yun Lintian. Before this, everyone believed that he was nothing more than a carrier of the legacy of the Beyond Heaven King. No matter how powerful he was, it was impossible for him to surpass his predecessor.

Ling Yongheng glanced in Chun Yue's direction and muttered to himself. "Did you know about this, Ren Yuan?"

Ling Zemin was even more puzzled upon hearing this.

In the distant void, far away from Ling Yongheng, Kong Hui frowned deeply as he stared at the trembling star river. He was worried about the safety of Kong Xun and the others.

"My Lord." Suddenly, Kong Xun's voice resounded in Kong Hui's mind.

Kong Hui was taken aback and glanced at Jiang Taiyu and Yu Wuying beside him. The two of them had also received voice messages from their subordinates.

"We were sent out by Young Master Yun, but he chose to stay behind. He seems to have something to do at that place. We are currently hiding in a mid-level star on the region's outskirts. We are afraid that our appearance will cause trouble." Kong Xun explained.

Kong Hui was relieved to hear this and quickly replied. "Thankfully, all of you are safe. You can stay there first."

As he spoke, he exchanged glances with Yu Wuying and Jiang Taiyu, and the three tacitly reached an agreement.

"Hand everything over!"

At this moment, several practitioners who had been camping here moved forward and confronted the people who had just emerged from the Sea of Stars.

Quan Zhenkang was among them. He stepped forward to clarify. "Listen to me first, everyone. We were trapped on a deserted island for a whole decade, and there wasn't much to gain. Moreover, we basically used up everything. If you don't believe it, you can check it yourself. I'm more than happy to let you search my body."

"Bullshit! Do you think we are stupid?" One of the practitioners shouted loudly. "Don't listen to him. Everyone, let's attack."

Swoosh!

Immediately, the surrounding practitioners released their power and rushed towards Quan Zhenkang's group. A battle broke out immediately.

Kong Hui glanced at the person who spoke and said. "It seems they can't wait any longer."

Obviously, someone instigated this matter behind the scenes, and it was not difficult to guess their identity. The goal was to incite a riot and lure Kong Hui, Jiang Taiyu, and Yu Wuying to intervene. If things were to go as expected, they would seize this opportunity to escalate the conflict.

"You two stay here." Yu Wuying spoke and stepped out of the void.

Kong Hui and Jiang Taiyu exchanged strange glances as if they sensed what was about to unfold.

All of a sudden, the temperature in the surroundings dropped drastically, and rain began to pour down from the depths of the starry sky.

All the practitioners immediately stopped their actions and instinctively raised their heads. They immediately saw Yu Wuying standing there, looking at them coldly. Her face was obscured by a peculiar white mist, which prevented them from seeing her features clearly.

"It's the Rain God Emperor!" Some people among them immediately recognized her identity.

"All of you should leave." Yu Wuying spoke calmly, but everyone could feel an inexplicable chill run down their entire bodies.

The man who spoke earlier suddenly stepped forward and said. "Is Rain God Emperor going to—"

Bang!

Before he could finish his sentence, his entire body turned into an ice sculpture and shattered.

The entire space fell into a deathly silence immediately. They didn't expect Yu Wuying to kill the man directly.

"Leave or die." Yu Wuying's voice turned cold.

Immediately, everyone turned around and fled. They didn't doubt her words in the slightest.

"You are indeed decisive enough." Suddenly, a cold female voice resounded from the void, and Chun Yue gradually emerged before everyone's eyes.

She gazed deeply at Yu Wuying and continued speaking. "As expected from Yun Tian's most favored disciple. You are quite strong."

Yu Wuying's aura gradually surged when she heard Chun Yue mention the name "Yun Tian." In the entire Divine Realm, only a handful of people dared to call the Beyond Heaven King by his name directly. As Ren Yuan's maidservant, Chun Yue naturally followed her master.

"Don't worry. It's not the right time to fight." Chun Yue smiled faintly and completely ignored Yu Wuying's intimidating aura.

She turned to the Sea of Stars and spoke again. "Wait for him to come out first, and I will play with you by then."

Yu Wuying's eyes turned incomparably cold as she suddenly shook her wrist, sending a sharp water sword towards Chun Yue. The water sword broke through space in a flash and went straight towards Chun Yue's head.

In that instant, Chun Yue merely glanced at the oncoming water sword and raised her finger to block it.

Ding!

All of a sudden, the water sword stopped midair as there seemed to be an invisible force that firmly grabbed it.

Chun Yue smiled and said. "You should listen to me."

Bang!

Immediately, the water sword exploded, scattering into the rain and disappearing completely...

Chapter 1634 Emergence (2)

"Hiss..." Xing Liuxian gasped in shock upon seeing this scene. Although Yu Wuying's attack wasn't powerful, he definitely couldn't casually block it like Chun Yue did. It was evident how powerful she was.

Xing Wanshen's expression turned solemn as he stared at Chun Yue. This woman seemed to have reached the pinnacle of the Divine Emperor Realm, yet her combat abilities were on par with those of a God Emperor. It could even be said that she was an unofficial God Emperor.

However, Xing Wanshen believed that Yu Wuying could defeat her if a battle were to break out.

Yu Wuying stared coldly at Chun Yue and took no further action. It wasn't that she was afraid of her, but rather that too many people were staring at them at the moment. She didn't want to be exploited by them.

Seeing that Yu Wuying had stopped her actions, Chun Yue smiled faintly and shifted her attention to the Sea of Stars.

At this moment, the star river had shrunk to less than half of its original size. Several stars inside had also begun to lose their light, dying down one after another. The surrounding star energy had also weakened gradually.

Xing Liuxian looked at the scene with a frown. "What happened?"

Xing Wanshen's face darkened slightly as he finally figured out what was happening. Obviously, the Sea of Stars was being refined by Yun Lintian.

The Star God Realm had been attempting to refine the Sea of Stars for many generations, yet they couldn't even find a starting point. When Xing Liuxian managed to hit the tower's top floor, Xing Wanshen thought that he would obtain something valuable. However, the result turned out to be completely nothing.

It was fine that Xing Liuxian got nothing, but now, the Sea of Stars was on the verge of disappearing completely. How could Xing Wanshen accept this?

Suddenly, Xing Wanshen stood up and darted towards the Sea of Stars. His action immediately startled everyone present.

Yu Wuying frowned slightly when she saw this.

"Leave it to me." Jiang Taiyu's voice resounded in her mind, and his figure emerged from the void, following Xing Wanshen into the Sea of Stars.

"Father..." Ling Zemin looked at his father cautiously. He naturally didn't want to miss this opportunity.

Ling Yongheng thought for a moment and said. "It's useless. This trip is a complete failure."

Ling Zemin wanted to speak for himself but didn't dare. He lowered his head and remained silent in the end. In his opinion, Yun Lintian was simply lucky. If it weren't for the relic and bizarre light power he possessed, Yun Lintian would have been captured by him long ago.

Ling Yongheng glanced at his son and said. "A failure is a failure. You can't blame others for it. Before leaving, I had already warned you to be cautious around him, but you, like others, greatly underestimated him."

Ling Zemin took a deep breath and admitted. "I'm sorry, father. I shouldn't blame others."

"You have been living too comfortably for thousands of years. I will send you to the Neverending Burning Hell to temper yourself." Ling Yongheng said calmly.

Ling Zemin was inwardly shocked. However, he had no choice but to obey. "Understood."

"Let's go back. There's nothing to see here." Ling Yongheng took one last glance at the Sea of Stars and waved his hand, taking Ling Zemin away.

Chun Yue glanced briefly at the departing Ling Yongheng and then turned her gaze back to the shrinking star river.

Inside the Sea of Stars, Yun Lintian was immersed in the immense star energy. His profound strength continued to rise rapidly, and he had already reached the fifth level of the Divine Transformation Realm. This level of speed was even more terrifying than before.

Xing Wanshen appeared within the Sea of Stars and promptly extended his spiritual sense outward. Immediately, he found Yun Lintian in the far distance.

A cold glint flashed across his eyes as he pointed his finger at Yun Lintian. The surrounding star energy quickly gathered at the tip of his finger before transforming into a beam of starlight, shooting towards Yun Lintian.

Yun Lintian was completely unaware of the imminent danger as he fully immersed himself in refining the star energy.

A cold smile spread across Xing Wanshen's face upon witnessing this scene. He did not intend to kill Yun Lintian but aimed to cripple him.

Before the beam could hit Yun Lintian, Jiang Taiyu appeared before him like a ghost, accompanied by a water curtain.

Boom!

The star beam struck the water curtain and exploded instantly.

Xing Wanshen's face darkened. He opened his palm, and a longbow made of starlight appeared. It was his God Emperor artifact, the Shooting Star Bow.

Xing Wanshen quickly pulled the string, and an arrow made of starlight materialized. When he released the string, the star arrow swiftly shot towards Jiang Taiyu. It broke through the void and transformed into a gigantic shooting star.

Jiang Taiyu's expression turned solemn. He raised his sword slightly, and his aura surged. All of a sudden, a mighty torrent of water burst out from the tip of the blade. It transformed into a massive river, overwhelming the oncoming star arrow.

BOOOM—

The two god emperors' powers met halfway, creating a thunderous explosion reverberating throughout the space.

Xing Wanshen shifted his position and fired another arrow at Yun Lintian. This time, it was even more powerful than before.

The star arrow shot through space, drawing in the energy of the stars along its path, thereby enhancing its own power. The arrow grew larger and brighter as it flew straight towards Yun Lintian.

Jiang Taiyu's eyes lit up with blue light as his aura surged through the sky. At the same time, a colossal waterfall suddenly descended from the void, ramming into the oncoming star arrow.

BOOM!!

The entire space shook violently as if the world were coming to an end.

Jiang Taiyu emerged from the explosion, moving at breakneck speed and arriving in front of Xing Wanshen. He swung his sword down, and several torrents of water abruptly emerged from the void, bombarding Xing Wanshen from all directions.

"Hmph!" Xing Wanshen snorted coldly, and dazzling starlight erupted from his body.

Boom! Boom! Boom!

The torrents of water crashed into Xing Wanshen one after another, but they were all completely deflected by the sudden explosion of starlight.

Jiang Taiyu was about to launch another attack, but his pupils shrank as he caught a glimpse of a beam of starlight through the corner of his eye. The beam was actually shooting towards Yun Lintian.

"Fool!" Xing Wanshen scoffed.

Chapter 1635 Emergence (3)

Jiang Taiyu hurriedly turned around and unleashed a torrent of water towards the beam of starlight. However, his attack was much slower. It would never be able to catch up to the beam.

Xing Wanshen smiled coldly as he watched the beam break through the space, rushing towards Yun Lintian's abdomen. He had already seen how Yun Lintian became crippled.

Jiang Taiyu's expression turned unsightly. He had utterly underestimated Xing Wanshen's cunningness. No matter how desperate he was, it was impossible to stop the beam now.

However, before the beam could reach Yun Lintian, a strange white mist suddenly materialized in front of him, completely halting the beam's progress.

A man emerged from the white mist and turned to look at Xing Wanshen. With a faint smile, he spoke. "You are still as shameless as ever."

Xing Wanshen's expression changed dramatically. His eyes widened in disbelief as he stared at the man. "How could you...?"

Jiang Taiyu was also shocked to see the man. This person was supposed to have died a long time ago. How did he appear here?

The man was none other than Yun Yi, the leader of the Cloud Keepers!

Xing Wanshen's expression kept changing as if he had figured something out. "So, you have been staying by his side all this time? No wonder..."

Yun Yi smiled, offering no explanation. He flicked his finger lightly, causing the freezing beam of starlight to be instantly obliterated, breaking into numerous particles of light.

Xing Wanshen quickly raised the Shooting Star Bow and condensed several star arrows.

Jiang Taiyu swiftly turned around and swung his sword, attempting to interrupt him.

However, before either of them could complete their actions, Yun Yi had already appeared behind Xing Wanshen, accompanied by a white mist. He raised his hand slightly, and the white mist immediately transformed into a sharp, white sword.

Yun Yi swung the sword towards Xing Wanshen's neck without hesitation. Everything he did happened within a split second. It was unbelievably fast, beyond comprehension.

Riip!

The white sword cut through the layers of starlight that Xing Wanshen had conjured to block it and swiped at his neck, leaving a red mark.

Blood splashed in the air as Xing Wanshen activated his movement technique and reappeared several kilometers away. His face turned grim as he reached to grab the back of his neck. If he were a split second slower, his head would be flying in the air by now.

"Your strength has improved a bit over the years." Yun Yi said nonchalantly. He didn't seem to care about the fact that his attack had failed to take Xing Wanshen's life.

Xing Wanshen snorted coldly. "Hmph! Looks like you have forgotten how all of you were killed back then. Let me remind you of it."

"Be careful. He has practiced inside the Heavenly Desolate Realm for the last ten thousand years." Jiang Taiyu said as he returned to Yun Lintian's side.

Yun Yi didn't reply. His eyes turned cold, and a boundless murderous aura gradually emanated from his body, causing the hearts of Jiang Taiyu and Xing Wanshen to sink.

Suddenly, the world darkened as black clouds gathered overhead, accompanied by a suffocating pressure. At the same time, the white mist surrounding Yun Yi gradually turned black, emitting a bloodthirsty aura.

"You..." Xing Wanshen's eyes bulged. The aura Yun Yi released was similar to that of devil god emperors. He had never known before that Yun Yi possessed a devil power. What was happening here?

Without further thought, Xing Wanshen raised both of his arms into the air. A dazzling starlight ring erupted from his body, blinding anyone who looked at it as he attempted to block whatever was about to come.

Yun Yi raised his sword, which had turned completely black, and the swirling black mist around him suddenly intensified.

"Kill." He uttered coldly and swung the sword downward. A curtain of black mist trailed behind the blade as a long scar appeared in the air before him.

Xing Wanshen's face twitched uncontrollably as he felt a sharp aura break through the space and arrive before him, followed by a tearing sound in the air.

Xing Wanshen hurriedly brought down the ring of starlight, blocking the incoming attack.

**BOOOM!**

The starlight ring shrank rapidly and shattered a moment later. The space-tearing power did not stop there. It continued to assault Xing Wanshen's starlight barrier and collide with his body, breaking numerous bones and inflicting a deep gash from his chest to his waist.

Before Xing Wanshen could even register the pain, darkness abruptly engulfed his vision, and Yun Yi's black sword struck his skull.

For a moment, Xing Wanshen caught a glimpse of Yun Yi's pupils and noticed they were chillingly indifferent. Then, his consciousness crumbled and scattered into a chaotic array of white and black colors.

Like a marionette without its puppeteer, Xing Wanshen hurtled towards the floating island below him, resembling a cannonball in flight.

Boom!

It looked and sounded as if the sky itself was falling when Xing Wanshen's body split the island in half, shattering it into countless fragments. His figure continued to descend at a frightening speed and collided with the nearby floating islands one after another.

Jiang Taiyu was shocked silly by the scene. Although Xing Wanshen's strength couldn't be ranked in the top five among the God Emperors, he was still considered a top-tier God Emperor. It was nearly impossible to witness him being defeated with just one strike...But it had happened now.

Just how powerful had Yun Yi become? And what was this black aura? When did he become a Devil God Emperor?

Yun Yi was about to follow Xing Wanshen when he suddenly sensed something and raised his head to look in that direction.

At that moment, Chun Yue emerged from the dark clouds and cast her gaze over everyone present, pausing when she reached Yun Yi. "Master is right. You are still alive and have been hiding in the Great Devil Realm all this time."

As her voice fell, Yun Yi had already appeared before her and thrust the sword forward.

Facing such a terrifying power, Chun Yue remained calm. A strange bamboo sword suddenly appeared in her hand, and she swiftly swung it forward.

BOOM—

Chapter 1636 Emergence (4)

The black and bamboo swords collided, causing the entire space to tremble. Countless spatial rifts were rippling chaotically all over the place due to the impact.

Yun Yi and Chun Yue were forced to retreat from each other, and they kept staring at each other intently once they had stabilized themselves.

Yun Yi's eyes narrowed slightly as he spoke. "I have been observing you for these years, and you have rarely revealed your tail. But now I finally figured out who you are."

He paused briefly and continued in a deep voice. "You have inherited the power of the Primeval Willow God Emperor."

Jiang Taiyu was stunned upon hearing this. The Primeval Willow God Emperor was one of the original thirty-four God Emperors. He was also one of the oldest among them. However, he mysteriously disappeared from the Divine Realm over a hundred thousand years ago, leaving no trace behind.

Jiang Taiyu didn't expect the Primeval Willow God Emperor's power to appear here in Chun Yue.

"As expected from the former number one spy. Your eyes are very sharp." Chun Yue admitted honestly. She didn't reveal much of her power earlier, but Yun Yi could discover it immediately.

Yun Yi didn't say anything in response. His master, the Beyond Heaven King, once instructed him to search for a clue about the Primeval Willow God Emperor, and he successfully found him. However, the Primeval Willow God Emperor had long passed away, and his inheritance had also disappeared.

He searched the entire Divine Realm many times for his inheritance, but it never emerged even once. Not until he noticed Chun Yue's abnormal strength many years ago did he realize something. And today, his doubt had been confirmed.

"Ugh... Cough!" Xing Wanshen struggled to get up. His whole body was drenched in blood, barely looked human. Blood poured from the gash on his chest like a leaking water bucket.

He raised his head to look at Yun Yi, coughing up mouthfuls of blood. A hint of fear, anger, and unwillingness filled his eyes. With his current strength, it was impossible for him to seek revenge.

"Please... help me..." Xing Wanshen turned to Chun Yue, struggling to speak. He had completely abandoned his dignity and begged a "maidservant" of Ren Yuan in order to survive.

Chun Yue smiled disdainfully. She didn't understand why her master wanted to keep this loser alive for all these years. In her eyes, he had no value except for his status as the God Emperor.

At this moment, Yu Wuying emerged from the dark clouds and cast a brief glance at everything in the scene before shifting her gaze to Yun Lintian. This was the first time she met him face-to-face.

Xing Wanshen's face grew paler as soon as he saw Yu Wuying. No matter how powerful Chun Yue was, he didn't think she could go against three God Emperors while protecting him.

"It's been a long time, Senior." Yu Wuying looked at Yun Yi and said respectfully.

Yun Yi responded gently. "Take care of him."

As his voice fell, his aura abruptly surged, and the black mist around him swirled madly.

Rumble—

The dark clouds in the sky shook violently, and bolts of black lightning could be seen flashing intermittently.

Chun Yue raised her eyebrows slightly and pointed her bamboo sword toward the sky. Instantly, a powerful aura erupted from her body, and a dark green energy bolt shot out from the tip of her blade, piercing through the dark clouds.

Countless willow vines began to sprout and spread rapidly across the sky, appearing to seal the black clouds.

Yun Yi swung his sword down, cleaving through the space around Chun Yue.

Chun Yue curled her lips and lowered her bamboo sword, releasing a formidable sword aura.

**BOOOM!!**

The space within a radius of five thousand kilometers from the point of impact shattered, and a pitch-black darkness engulfed the entire region.

Yu Wuying and Jiang Taiyu quickly conjured defensive barriers around themselves and Yun Lintian, firmly blocking the impact.

Meanwhile, Xing Wanshen shuddered from head to toe as the terrifying explosion sent him flying once more.

When everything gradually calmed down, Yun Yi and Chun Yue stood in their original positions, gazing intensely at each other. The outcome was evident. They ended up with a draw again.

Buzz—

Before they could continue, the surrounding star energy suddenly shook and flew towards Yun Lintian all at once. Yun Lintian's body seemed as if a whale had opened its mouth, swallowing everything in one fell swoop.

At the same time, his strength broke through the fifth, sixth, and seventh levels, finally stopping at the eighth level of the Divine Transformation Realm. This scene immediately stunned everyone present.

Rumble—

All of the floating islands within the Sea of Stars started to crumble and break apart into countless fragments. The barrier that had divided the Sea of Stars from the outside world had also disappeared. Everything was directly exposed to everyone outside.

Kong Hui and the others lurking around the place quickly focused on the young man behind Yu Wuying.

At that moment, Yun Lintian opened his eyes and swiftly scanned his surroundings. Except for Yun Yi, he was utterly clueless about the other people here.

"Go!" Yun Yi shouted and unleashed his power.

Chun Yue was no exception. She didn't hesitate to swing her sword down, unleashing her true power.

"Come with me." Yu Wuying said and grabbed Yun Lintian, rushing out immediately.

"Where are you going?"

Suddenly, a cold female voice resounded, and a figure appeared beside Yu Wuying out of thin air. This person was none other than Qian Guimo, the Thousand Faces God Emperor, who was now using a woman's face.

Qian Guimo stabbed her dagger into Yu Wuying. His fast and precise movements forced Yu Wuying to repel it.

Bang!

Yu Wuying was forced to retreat several kilometers, and the impact also sent Yun Lintian flying a great distance.

Qian Guimo smirked coldly and immediately broke through the void, arriving beside Yun Lintian. "Got you."

However, when he reached out to grab Yun Lintian, a golden barrier suddenly emerged between them, completely blocking his path.

At the same time, Jiang Taiyu appeared above Qian Guimo, accompanied by a terrifying waterfall.

"Tsk. How annoying." Qian Guimo clicked his tongue in dissatisfaction and swiped his dagger upwards.

BOOM!

The waterfall was directly blasted away by a powerful strike.

Qian Guimo quickly shifted his position and arrived in front of Yun Lintian.

Just as he was about to reach out, he suddenly saw Yun Lintian throw a punch at him. It was a punch that resembled a white dragon!

Roar—

Chapter 1637 Emergence (5)

Qian Guimo didn't expect Yun Lintian to actually dare to attack him. A sneer emerged on his face as he raised his hand, welcoming Yun Lintian's punch.

As Yun Lintian's fist shot forward, the white dragon coiled around his arm suddenly let out a deafening roar, and a terrifying power erupted, causing Qian Guimo's face to change slightly. n-(Ovelb1n

Boom!

Qian Guimo felt as though he was being crushed by a mountain. His entire arm trembled violently, and the numbness quickly spread throughout his whole body. At the same time, he was instantly sent flying a great distance.

Qian Guimo thought he could easily block Yun Lintian's attack using minimal divine energy, but the outcome was completely unexpected. This was the result of underestimating his opponent!

Yun Lintian retracted his arm and glanced at his bleeding fist with a frown. A God Emperor's physique was truly impressive. At least, it wasn't a level where he could compete head-on with his own physique.

Jiang Taiyu arrived next to Yun Lintian and said. "Let's go."

Yun Lintian didn't say anything and allowed Jiang Taiyu to take him away. After all, his own speed was far inferior to his.

Qian Guimo stabilized himself and was about to chase after Yun Lintian. All of a sudden, a sharp sword beam shot down from above, forcing him to dodge it.

Shua!

The sword beam managed to cut Qian Guimo's sleeve as he twisted his body to avoid it.

However, Yu Wuying materialized in front of Qian Guimo and thrust her Rainmaker Sword, which was infused with energy that intensified with each passing moment.

Qian Guimo's expression darkened. He flicked his wrist slightly, and a dense black mist immediately materialized in front of him, effectively obstructing the incoming sword energy.

Boom!

The Rainmaker Sword struck the black mist forcefully, causing it to disperse instantly.

Qian Guimo seized this opportunity to change his position and thrust his dagger forward, aiming for Yu Wuying's chest.

In that instant, Yu Wuying twisted his arm slightly and swung her sword sideways to block the dagger.

Chii!

An incredibly grating, tearing sound echoed in the air.

Yu Wuying's face was cold and impassive. Not even a shred of emotion could be seen. She raised her sword and made another strike, unleashing an immense amount of sword energy that caused the surrounding space to distort wildly.

Qian Guimo's face turned grim. His figure suddenly blurred and split into several individuals who looked exactly like him.

Bang!

Yu Wuying's sword energy swept over a few "Qian Guimo" and mercilessly reduced them to nothingness.

"Wait until I have fully recovered, and I will make you pay the price." All the Qian Guimo spoke in unison, and suddenly, their bodies exploded.

Boom!

Yu Wuying raised her sword slightly, conjuring a divine barrier to block the explosions completely.

When the explosions subsided, Qian Guimo was nowhere to be seen.

Yu Wuying briefly scanned the area with her spiritual sense and quickly pursued Yun Lintian, Jiang Taiyu, and Kong Hui.

Meanwhile, the battle between Yun Yi and Chun Yue had finally reached its limit after both had exchanged blows for a while. They continued to hold their hands, unwilling to reveal their true powers. Ultimately, it ended in a draw.

"Although I failed to capture him, this trip is worthwhile." Chun Yue said calmly as her body was covered with willow vines. Her goal was indeed Yun Lintian, but revealing Yun Yi's existence to the world wouldn't be a loss.

Moreover, she had learned one or two things about Yun Yi from this battle. This trip was not in vain at all.

Yun Yi stared at her coldly but remained silent. The black mist around him continued to swirl, making him look like he was hiding in the black clouds.

"We shall meet again next time." Chun Yue didn't waste her time further. Her figure blurred and disappeared from the place without a trace.

Yun Yi scanned the surroundings for a moment before vanishing from the place.

\*\*\*

"Do you have a specific place you want to go?" Jiang Taiyu asked as he flew forward.

"Let us introduce ourselves first." Kong Hui suddenly spoke. "I am Kong Hui, the Shrouding Sky God Emperor, and he is Jiang Taiyu, the Eternal River God Emperor. As for the beautiful woman who helped you earlier, she is Yu Wuying, the Rain God Emperor."

Kong Hui's voice was full of sincerity. Normally, it would be impossible for someone of his status to introduce himself to a junior like this.

Yun Lintian was surprised and quickly cupped his fists. He said respectfully. "Junior Yun Lintian greets Senior Kong and Senior Jiang. Thank you for saving my life."

"This is what we should do." Kong Hui said with a smile. "Speaking about this, we are considered fellow apprentices. You probably know about this. We are half disciples of the Beyond Heaven King."

"I have heard about it." Yun Lintian replied with a smile.

Swoosh!

Suddenly, Yu Wuying emerged from the void and appeared beside everyone.

"Junior Yun Lintian pays respect to Senior Yu." Yun Lintian quickly cupped his fists and greeted her respectfully.

Yu Wuying took a deep look at him and asked. "What's your plan?"

Yun Lintian thought for a moment and said. "I'm planning to return to the Azure World for a while to refine my strength. And I have something to do over there. After this, I will go to the Moon God Realm and probably stay there for a period of time."

After obtaining the Light Pole and the star energy source, Yun Lintian could feel the changes within the Land of Beyond Heaven. However, no matter how hard he tried, it was impossible for him to push open the gate.

He wanted to go back to take a look as well as discuss something with Hongyue. It was also time to bring Yun Qianxue and the disciples of the Misty Cloud Sect over.

Yu Wuying nodded slightly. "It's good as well. You have attracted too much attention recently."

She waved her hand, and a small profound ark appeared beside her. Although it looked small compared to the other profound arks, it was well-designed and made of various high-end materials.

"You can use this profound ark." Yu Wuying said.

The sight of the profound ark greatly surprised Yun Lintian. With a glance, he could see that it was significantly better than his current one.

"Thank you, Senior." Yun Lintian accepted it directly.

"We will not follow you. You can go alone from here." Yu Wuying spoke. She did this in order to conceal the coordination of the Azure World.

Chapter 1638 Homecoming (1)

Yun Lintian immediately understood Yu Wuying's intention. She was aware that her presence might bring unnecessary trouble to the Azure World. It could also lead to the disclosure of the world's location.

"This profound ark has the ability to conceal its aura, and its speed is not bad." Yu Wuying explained briefly.

"Alas. You are really extravagant, Sister Yu." Kong Hui looked at the profound ark and sighed softly.

Obviously, Yu Wuying had spent a lot of money and resources to build it. Although he could not be compared to the God Emperor's arks, it was enough for Yun Lintian's use.

"Go ahead. It's safe now." Yu Wuying spoke.

"Then, I will take my leave first." Yun Lintian knew that he had to leave quickly. He jumped into the profound ark and drove it away directly.

Watching the profound ark disappear from his line of sight, Jiang Taiyu turned to Yu Wuying and asked in doubt. "Why don't you tell him about Devil Valley, Sister Yu?"

Recently, the barrier around Devil Valley had started to crack from time to time. It wouldn't be long before it crumbled completely. It could be next month or next week. No one could have predicted it.

"Let him take a good rest first." Yu Wuying responded. "Moreover, it's not his turn to take care of our problem."

Jiang Taiyu immediately fell silent. Indeed, it was not Yun Lintian's duty to take care of this problem. Perhaps because of Yun Lintian's identity, Jiang Taiyu subconsciously regarded him as the Beyond Heaven King, who usually presided over the Divine Realm.

"I'm quite surprised." Kong Hui suddenly said. "Zi Wei and Qin Juehai didn't come. This is very strange."

Before this, Qin Juehai had been searching everywhere for Yun Lintian, but he suddenly went missing, as if he had given up. Zi Wei was the same. Usually, he wouldn't miss such an excellent opportunity to capture Yun Lintian. What made them stop all of a sudden?

"Recently, those southern people have been very active. It looks like they are going to do something big." Jiang Taiyu raised his concern.

Suddenly, Yu Wuying sensed something and looked in a specific direction. Jiang Taiyu and Kong Hui had also perceived it.

"All of you are the new generations of the Eternal River, Rain, and Shrouding Sky God Realms. I seem to have some impressions of all three of you." At that moment, Wan Mu emerged gradually from the depths of the starry sky and approached Yu Wuying and the others.

Following behind him was Yan Yin. The two of them were sent to a distant place and hurried towards the Sea of Stars in order to repay Yun Lintian's gratitude. Unfortunately, they came late, and the battle had already ended.

"You are...Senior Pill Emperor?" Kong Hui had an incredulous expression as he saw the old man. Although Wan Wu's appearance had changed greatly, he still had his original detached temperament. Kong Hui had seen Wan Mu a few times in the past and could recognize him.

Jiang Taiyu was also surprised. Logically, Wan Mu should have already been dead a long time ago. How did he appear here?

They were busy with the battle earlier and had no time to ask Jiang Shuren and Kong Xun for the details. Hence, they had no idea what had happened inside the Sea of Stars.

Meanwhile, Yu Wuying kept her eyes on Yan Yin. She obviously recognized his identity. The Demonic Calamity Devil God Emperor was quite famous back then.

"Don't look at me like that. I am a good man here." Yan Yin chuckled.

"Our lives have been saved by Little Friend Yun, and we were initially rushed over to help him. Fortunately, he has all of you around." Wan Mu explained.

"Senior, how did you...?" Kong Hui asked in doubt.

"It's a long story. You should ask your people about it later." Wan Mu said with a smile. "By the way, can you tell me about the general situation here?"

"Senior, your disciples have established the Divine Alchemy Association since your departure. You can contact them directly. I'm sure they would be excited to hear it." Kong Hui said politely.

"Oh? You mean Little Mu and Little Lan?" Wan Mu was surprised.

"Yes. They have now become God Emperors on their respective realms." Kong Hui responded.

"I knew they would succeed." Wan Mu stroked his beard with a happy smile.

He turned to Yan Yin and asked. "What about you?"

Yan Yin waved his hand and said. "Don't worry about me. I will find a place to hide for a while. With my current strength, it's really uncomfortable to run around."

"You can come with me." Wan Mu said generously.

"Forget it." Yan Yin shook his head and said jokingly. "I'm afraid your little disciples will harm me."

Wan Mu smiled and said nothing more.

"Right. I seem to sense a familiar aura in the southern direction. Did those people from the Great Devil Realm recently come over?" Yan Yin looked at Kong Hui and asked.

Kong Hui exchanged glances with Yu Wuying before speaking. "They have indeed come over. Their goal is to destroy the barrier around Devil Valley, and they have almost succeeded."

The expressions of Yan Yin and Wan Mu changed drastically upon hearing this.

"They haven't given up yet, after all these years?" Yan Yin said to himself with a frown. He remembered those old fogeys had always been obsessed with such an idea over the last millenniums. It was unexpected that they had finally succeeded.

"A calamity is about to come again." Wan Mu muttered to himself.

\*\*\*

The profound ark surged towards the Azure World at an alarming speed. Yun Lintian held nothing back and continued to burn the Divine Stones. His heart had already flown to the Azure World. He didn't know how it was right now.

It had been approximately twelve years since he had departed for the Divine Realm. If he counted the thirty years he spent inside the Heavenhold Secret Land, Yun Lintian had been away for forty-two years. It was even longer than the time he spent on the Azure World itself.

Soon, Yun Lintian spotted a familiar star in the distance, and his heart filled with excitement.

Upon arriving above the Azure World, he stopped the profound ark and put it away. According to Hongyue, a native of the Azure World could pass through the Dragon Sealing Formation without any issues. However, he was uncertain about a profound ark.

Without further hesitation, Yun Lintian rushed into the azure-colored star at full speed.

"I'm back!"

Chapter 1639 Homecoming (2)

Looking at the familiar scenery and inhaling the familiar air, Yun Lintian was overwhelmed with emotion. Perhaps this was what it was called: "There was no other place like home." Although the scenery in the Divine Realm was much more beautiful and the environment was several times better, Yun Lintian preferred this place.

Yun Lintian wasn't in a hurry to return to the Moon Garden. He chose to visit the Azure Cloud Divine City first.

He soon arrived quietly inside a city and disguised himself as an ordinary-looking practitioner.

The atmosphere of the city hadn't changed much over the years. Yun Lintian could see many ordinary people without profound strength on the streets, and they appeared to have a positive mentality, suggesting that their lives were going well.

Yun Lintian nodded inwardly upon witnessing this scene. He was afraid that the rules he had set would be ignored once he left, but it seemed he was overthinking it.

The streets were bustling with people coming and going. When Yun Lintian arrived at a food street, he saw numerous stalls on both sides, bustling with customers. There was a lively dancing show on the bustling beer avenue in the middle of the street, accompanied by blasting music. It made Yun Lintian feel like he had returned to Earth for a second.

"It seems that everything is running normally." Yun Lintian spoke to himself.

Yun Lintian didn't think about it much and found a relatively small restaurant to grab a meal.

Upon entering the restaurant, a girl who appeared to be around ten years old quickly approached Yun Lintian and greeted him nervously. "Welcome, Sir. Do you want a private room or a table here?"

Yun Lintian looked at the little girl in surprise. Her appearance was delicate, like that of a young flower, and her skin was remarkably smooth. Evidently, she was born into a relatively good family. However, her right leg was lame, making it difficult for her to walk.

What surprised Yun Lintian even more was her profound vein. She possessed a rare quadruple-attributed profound vein, but it was blocked by something, preventing her from embarking on the profound path.

Yun Lintian smiled and said. "I will take a table here."

"Please follow me, Sir." The little girl was delighted and quickly led Yun Lintian to a table next to the window.

"This is the menu. Please take a look first and call me when you are ready to order." The little girl handed a menu to Yun Lintian and walked away.

Yun Lintian glanced briefly at the menu and was surprised to see many familiar names. These dishes were clearly from Earth's cuisine. Where did they learn it from? novE)IB/1n

Plop!

Suddenly, a plopping sound could be heard, followed by a cracking sound, capturing everyone's attention.

Yun Lintian turned around and saw the little girl falling to the ground, with various dishes scattered all over the place.

"You fell again, Shiyu!?" An angry voice resounded as a middle-aged man walked out of the kitchen.

The little girl, Jia Shiyu, was frightened and quickly stood up, repeatedly bowing her head. "I'm sorry! I'm sorry, Manager Cai. I will pay it."

"Pay? Do you know how much debt you have accumulated over the years? Even if you work for another ten years, it will be impossible to pay all of them." Cai Fen, the woman, was so angry that her body trembled. This clearly wasn't the first time the little girl had caused this problem.

"I'm sorry." Jia Shiyu bit her lip, trying to hold back her tears.

"You!" Cai Fen pointed at the little girl and didn't know what to say anymore. "If it weren't for the fact that I took pity on you, I wouldn't have hired you in the first place... Forget it. You can leave."

"No," Jia Shiyu said anxiously, stumbling forward and attempting to grasp Cai Fen's leg. "Please let me work here. I need money to pay for my mother's medical treatment. Please, Manager Cai. Don't fire me."

"Go away!" Cai Fen waved her hand and pushed the little girl away, causing her to fall to the ground again.

Tears of grief flowed out of Jia Shiyu's eyes. She tried her hardest to hold them back, but it was futile.

The other diners watched the scene in silence. It wasn't that they didn't want to help her, but they didn't dare to intervene in other's business.

At that moment, Yun Lintian approached Jia Shiyu and knelt down to wipe the food stain off her body. "Are you alright?"

Jia Shiyu raised her head to look at him and stubbornly nodded, trying to appear strong.

"Meeting you today is an arrangement of fate." Yun Lintian said with a smile and helped her up.

He turned to Cai Fen and asked. "How much is her debt? I will pay it for her."

Cai Fen frowned slightly and said. "Two thousand gold coins."

Yun Lintian handed her two gold notes and waved his hand, clearing all the mess on the ground. This scene surprised everyone a little. It turned out that this young man was a practitioner.

"Sir." Jia Shiyu was startled by the scene. She didn't know why Yun Lintian had helped her.

"Tell me. What happened to your mother?" Yun Lintian asked.

Jia Shiyu wiped away the tears and hesitated briefly before speaking. "She has been suffering a strange disease and cannot move."

"Have you tried visiting the Morning Rain Pavilion? As far as I remember, they can provide free medical treatment." Yun Lintian asked.

The Morning Rain Pavilion was set up by Yun Lintian's disciple, Yun Chenyu. It had also provided free medical care for everyone.

"This little brother, you might not know this." A middle-aged man nearby suddenly spoke. "Everyone has gone to the Morning Rain Pavilion to seek treatment, and the queue is very long. Sometimes, it may take a year or even longer.

Yun Lintian frowned slightly upon hearing this.

"I went there before. They told me to wait for two years." Jia Shiyu said.

"Forget it. Let's visit your mother." Yun Lintian put this matter aside and said.

Jia Shiyu was stunned and didn't know what to say.

"Don't worry, little girl. No one can commit a crime here. Have you forgotten about it? You can go with him with ease." The middle-aged man gave her a reminder. "Besides, I don't think this little brother is a bad person. Otherwise, he won't help you in the first place."

Hearing this, Jia Shiyu mustered up the courage and bowed her head. "Thank you for helping me, Sir."

Yun Lintian smiled and grabbed her lame leg, injecting his power into it.

A moment later, Jia Shiyu's eyes widened in disbelief as she realized that her leg had completely healed!

Chapter 1640 Destined

"Your leg is fine now." Yun Lintian retracted his hand and spoke gently.

Jia Shiyu regained her senses and instinctively began to walk around.

Everyone was immediately stunned to see Jia Shiyu walking briskly as if she had never been injured.

"This..." Cai Fen didn't know what to say at the moment. Yun Lintian was clearly a formidable practitioner. She was afraid that he would hold her accountable later.

"Thank you, Sir. I will definitely repay this kindness." Jia Shiyu bowed deeply.

"It's nothing." Yun Lintian said with a smile. "Let's go."

"Mhm!" Jia Shiyu nodded firmly. Her eyes were filled with hope. With Yun Lintian here, her mother must have recovered.

Under Jia Shiyu's guidance, they arrived at a ten-story apartment building and went straight to the second floor.

"Mom. I'm back." Jia Shiyu opened the door and happily ran to the living room.

Yun Lintian followed behind and saw a thin woman lying on the bed. Her face was ghastly pale, and her eyes were sunken. It seemed as though she could pass away at any moment. n-(OVeLb1n

With a glance, Yun Lintian could see that she was suffering from poisoning. The poison was quite deep, and an ordinary doctor wouldn't be able to identify it.

"You're back." The woman weakly tilted her head to look at her daughter and smiled. Her eyes were filled with worry. She was afraid that her daughter would be alone after she left.

"Mom, you will be fine soon. I came back with this sir." Jia Shiyu said and quickly walked around, showing her mother. "Look. My leg is fine now."

The woman was surprised and noticed Yun Lintian. She struggled to stand up.

"Lie down." Yun Lintian arrived beside the bed and stopped her. He grabbed her wrist and injected the power of the Tree of Life into her body.

Immediately, the woman's appearance visibly improved at a rapid rate. Her sunken eyes were nowhere to be seen, and her thin body gradually regained some flesh. Her dry skin had also been moisturized.

The woman was shocked to the core by the change in her body. She glanced at Yun Lintian subconsciously and asked. "Who are you...?"

After speaking, she immediately realized her mistake. "I'm sorry. Please forgive me."

Yun Lintian retracted his hand and said. "It's fine. I understand your mood."

"Mom. You have recovered!" Jia Shiyu was delighted and threw herself into her mother's arms, sobbing tears of joy. The grievances she had accumulated over the years had now completely disappeared.

The woman hugged her daughter tightly, and her heart was filled with emotions. After a while, she patted her daughter and turned to Yun Lintian. "Thank you, Senior. I will do my utmost to repay this kindness."

Yun Lintian waved his hand dismissively. "You don't have to do it. It's just a matter of raising my hand for me."

He looked at Jia Shiyu and continued speaking. "Moreover, your daughter and I are destined to meet today."

"By the way, how did you end up like this?" He asked.

The woman took a deep breath and said. "My name is Hu Li. We were ambushed by bandits on our way here ten years ago. My husband risked his life to help me escape. Due to the poison, Yu'er was born with a disabled leg."

"Bandits?" Yun Lintian frowned slightly. He had clearly stated before leaving that a bandit would not be allowed to exist. How did it happen?

Seeing his puzzled expression, Hu Li explained. "After Emperor Yun departed from the world, a period of turmoil ensued. These people didn't adhere to Emperor Yun's rules and began looting indiscriminately. During that period, many people had left their hometowns, searching for a better life in this city. They had ultimately become victims of these bandits."

"Why don't you use train or carriage services?" Yun Lintian asked.

"The train is always full due to the large number of people." The same goes for the carriage services in every town." Hu Li explained.

"What about those bandits? Are they still active?" Yun Lintian asked.

Hu Li shook her head. "I have no idea about it."

Yun Lintian nodded slightly. It seemed like he left too soon, and these people thought they could do something.

"What about your plan?" Yun Lintian asked.

Hu Li looked at her daughter and smiled. "It's time for me to take care of my daughter now. She has been working hard for me for too long... It's been tough on you, Yu'er."

Jia Shiyu raised her head and said. "It's not difficult at all."

Tears welled up in Hu Li's eyes. How could she not know what her daughter had been going through during these years?

Yun Lintian looked at them and said. "Do you know that your daughter has a great talent?"

Hu Li shook her head in confusion. She had no idea about it.

"Since fate has brought us together, I want to accept her as my disciple. Are you willing?" Yun Lintian asked.

Hu Li and Jia Shiyu were stunned. Both of them naturally knew the significance of becoming disciples of a formidable practitioner like Yun Lintian. It was just too unexpected.

Hu Li regained her composure and quickly spoke up. "Hurry up, Yu'er. Pay respect to your master."

Jia Shiyu quickly knelt to the ground and said. "Disciple Jia Shiyu pays respects to Master."

"Get up." Yun Lintian smiled and reached out to touch her head. "Close your eyes and concentrate."

Buzz—

Immediately, a white light flashed from Yun Lintian's hand and completely enveloped Jia Shiyu's body. Her profound vein began to transform, and all her profound entrances were opened entirely.

After obtaining the Light Pole, Yun Lintian was able to quickly transform a target's profound vein without any risk or pain during the process.

A while later, he withdrew his hand and said. "I will take you to the sect later. Come with me."

Hu Li and Jia Shiyu quickly packed their belongings and followed Yun Lintian outside.

Walking down the street, Yun Lintian suddenly heard a voice from the crowd. "Hurry up. The next round is about to start soon."

"Let's go! I heard that Goddess Yun is also present today." Another voice resounded.

"Goddess Yun?" Yun Lintian was surprised. He didn't know to whom they were referring.

"There seems to be a competition in the city today, Master." Jia Shiyu spoke.

"Oh." Yun Lintian nodded slightly. The competition should be the Azure Cloud Convention.

"Let's take a look at it." He said and strode towards the stadium.
