

Myth Beyond 1641

Chapter 1641 Exposed (1)

As Yun Lintian's group approached the stadium, they noticed an increasing number of people heading in the same direction. Fortunately, the stadium was big enough to accommodate all of them.

From their conversations, Yun Lintian learned that today was the final round, and there was a show match between a disciple of the Misty Cloud Sect and disciples from various palaces.

"So many people." Jia Shiyu looked around excitedly. This was her first time attending such an event.

Hu Li couldn't help but feel sad when she saw the excited expression on her daughter's face. In these ten years, Jia Shiyu didn't have a good childhood like other children. She blamed herself for making her daughter's life difficult.

Yun Lintian noticed this and said. "Everything will be fine from now on. There's no need to dwell on the past."

"Yes." Hu Li wiped away the tears and responded with a smile.

Jia Shiyu looked at her mother and tightly held her hand, trying to comfort her.

Soon, the three of them arrived at the stadium entrance and joined the queue.

At this moment, the crowd suddenly gasped and began discussing something amongst themselves while looking in a specific direction.

"It's Fairy Lin Xuan." Someone among the crowd exclaimed.

Yun Lintian followed the voice and saw a group of young practitioners dressed in the Profound Sky Divine Academy attire. The person in the front was a delicate young woman with a good temperament.

Yun Lintian suddenly felt a sense of familiarity, as if he had seen her somewhere before. "Lin Xuan... It's her?"

Suddenly, Yun Lintian remembered that he had encountered a family of three in the past. This woman was once a little girl whom he met on the way.

After twelve years, she had already reached the eighth level of the Earth Profound Realm. This progress was extremely fast.

"Do you know her, Master?" Jia Shiyu asked curiously. Her eyes filled with admiration as she gazed at Lin Xuan. She hoped she could one day become a powerful and beautiful practitioner like her.

"I have met her before, but she has probably forgotten about me by now." Yun Lintian replied with a faint smile.

Lin Xuan suddenly noticed something and turned to look at Yun Lintian. For some reason, she felt an inexplicable familiarity with him. It was as if she had seen him somewhere before.

"What's wrong, Senior Sister Lin?" A handsome young man beside her asked, looking towards Yun Lintian.

"It's nothing." Lin Xuan replied calmly and approached the guard at the entrance.

The young man took a deep look at Yun Lintian before quickly following her.

Yun Lintian watched thoughtfully as they entered the stadium through a VIP channel. This kind of VIP privilege seemed to have been established after he left. Who did it? n--o)/v-)e/(l).b.-l)-n

Naturally, Yun Lintian had no objections to it. He just wanted to know who came up with this idea.

"It's Young Master Lei!" Someone suddenly exclaimed once more.

This time, a ten-year-old boy with a confident smile walked over, accompanied by an elder. Looking at his robe, it was obvious that he came from the Divine Thunder Palace, and his status should be very high to have a Monarch Profound Realm protector following him.

The young man, Lei Ming, stopped in his tracks and respectfully cupped his fists towards everyone. "I'm sorry, everyone. Please forgive me for using a private channel. I was already late."

"No problem, Young Master Lei. You don't have to tell us about this." Many people in the crowd quickly responded.

Lei Ming bowed his head gently and said. "Thank you for your understanding. I will take my leave first. See you inside."

With that, he quickly walked into the stadium through the VIP entrance.

Yun Lintian stared thoughtfully at Lei Ming. For some reason, this little guy resembled Lei Zhenxiang. Could it be that he was Lei Zhenxiang's son? Who was the mother?

At this moment, another group of people walked over. The man in the front was none other than Yan Tianming, the true successor of the Blazing Sun Palace. Besides him, there were two beautiful women, Su Yun and Chu Xian. It seemed that they had become lovers now.

Yan Tianming cupped his fists and greeted everyone before walking towards the VIP channel. Before entering, he suddenly felt something and turned to look in Yun Lintian's direction.

He briefly paused his gaze on Yun Lintian before walking away.

"His perception has improved a lot." Yun Lintian nodded approvingly. Yan Tianming seemed to have been practicing hard during these years.

While waiting in line, Yun Lintian noticed an increasing number of "VIP" individuals approaching. Most of them were either young masters or young mistresses of the existing Nine Palaces and top factions.

What surprised Yun Lintian the most was a young man named Tianqi Jing from the Sky Qilin Clan. He was the youngest son of Tianqi Junlai. This person was arrogant, exerting his status to the maximum.

"It seems that the old man hasn't learned anything during this period." Yun Lintian shook his head slightly. He thought that Tianqi Junlai would teach his descendants better, but it seemed he expected too much. He felt sorry for Tianqi Zongwei for having such a descendant. His sacrifice was indeed in vain.

Time passed, and it was finally Yun Lintian's turn. He paid for the best available seats for the three of them and quickly entered the avenue.

"Wow. So huge!" Jia Shiyu exclaimed in shock when she saw the interior of the stadium. It was incredibly vast and teeming with people.

Yun Lintian smiled and led everyone to their respective seats in the eastern stand.

"Do you want beer and snacks, Sir?" As soon as the three of them were seated, a young girl walked over with a tray full of snacks and asked them with a bright smile.

Yun Lintian smiled and placed an order. "Give me potato chips, two glasses of beer, and a glass of fruit juice."

The girl quickly handed the snacks and drinks to Yun Lintian, received the money, and went to serve other customers.

Yun Lintian handed Hu Li a cup of beer and orange juice to Jia Shiyu. "Try it."

"Thank you, Master." Jia Shiyu was happy and took a big sip of orange juice, while Hu Li politely took a sip of beer. Her eyes lit up with joy.

Swoosh!

Suddenly, a stunning woman in a white robe descended from the sky, her face hidden behind a delicate white veil. Her appearance was akin to a fairy descended from heaven.

There were also a little girl and a small white cat on her shoulders.

A smile appeared on Yun Lintian's face when he saw them. They were none other than Yun Chenyu, Linlin, and Qingqing...

Chapter 1642 Exposed (2)

"It's Fairy Yun!" Many people exclaimed excitedly. Clearly, they came here for this moment.

"She is so beautiful." Jia Shiyu murmured in a daze. Although she couldn't see Yun Chenyu's face clearly, she knew that she must be exceptionally beautiful. Just her detached temperament was more than enough to make the moon shy.

Yun Lintian looked at his disciple with a smile. When he left, Yun Chenyu was still a little girl, but now she had grown up into a mature woman. Her strength was not low either. She had already reached the peak of the Monarch Profound Realm, on the verge of making another breakthrough.

Yun Lintian concealed his aura completely, making it impossible for Qingqing and Linlin to notice him. Looking at the two cuties, Yun Lintian almost exposed himself and pounced on them. He missed them so much.

Yun Chenyu landed on the highest seat in the northern stand and sat down calmly. Meanwhile, Qingqing slipped off her shoulder and sat on her lap instead, happily munching on snacks. As for Linlin, she was sleeping soundly, completely oblivious to her surroundings.

"It's been a while, Fairy Yun." Tianqi Jing, who was seated a few seats away from her, said with a charming smile.

Yun Chenyu responded with a nod but remained silent.

Tianqi Jing had long been accustomed to her cold temperament. He said further. "There will be a moon-gazing festival next week. I wonder if I have a chance to look at the moon with you, Fairy Yun."

Yan Tianming, Lei Ming, and other VIPs glanced at Tianqi Jing and said nothing upon hearing this. It seemed that this wasn't the first time Tianqi Jin had done this.

"I have something to do that day. Please forgive me." Yun Chenyu replied calmly. Perhaps it was because she had to maintain relationships with the other top factions that she was willing to interact with Tianqi Jing.

Since Yun Lintian left, everyone's focus shifted to her. As Emperor Yun's one and only disciple, Yun Chenyu's influence had reached its peak. Every action she takes would affect people. Hence, she had to set a good example for everyone to see. At the very least, she must not let her master down.

"That would be a pity." Tianqi Jing sighed with regret.

Yan Tianming glanced at him and said. "I think you should give up, Brother Tianqi."

Tianqi Jing chuckled. "Why should I? Have you ever considered giving up on pursuing your two wives, Brother Yan?"

"It's different." Yan Tianming shook his head. "My wives were clearly interested in me."

Tianqi Jing curled his lip. "Fairy Yun might not be interested in me now, but who can tell about the future?"

Yan Tianming furrowed his brow and was about to say something. He was interrupted by Chu Xian first.

"It's fine. There's no need to argue with him." Chu Xian said softly through a voice transmission. "Fairy Yun isn't an ordinary woman. She knows how to deal with it."

Yan Tianming took a deep breath and looked away.

Yun Lintian saw this scene and inwardly shook his head. There was nothing wrong with Tianqi Jing pursuing Yun Chenyu, but the way he approached her was truly annoying. If it weren't for the fact that Yun Chenyu didn't want to cause a problem, she would have been cut into a thousand pieces by now.

At this moment, a stunning woman emerged on the stage, clutching a petite book in her hand. When she appeared, everyone immediately cheered up. She was obviously a well-known figure.

The woman, Xuan Wu, smiled charmingly and said. "Welcome, everyone! Are you ready to witness an exhilarating battle?"

"Ready!" The crowd shouted in unison. It was so loud that people outside the stadium could hear it clearly.

Xuan Wu said further. "Everyone here is lucky today because there is a special showcase for all of you! Please welcome our guests to the stage!"

Immediately, ten people walked into the stadium and headed straight for the stage. When everyone saw them, they cheered excitedly. These people were obviously true disciples of the leading factions around the world.

Each one of them was extremely young, no older than twenty-five years old, but their strength had already reached the peak of the Saint Profound Realm. It was evident how talented they were.

Yun Lintian looked at them with great interest. There was a disciple from the Misty Cloud Sect among them. He couldn't remember her name, but she should be among the last batch of disciples he recruited before leaving.

"From the looks of it, I don't think I need to introduce them anymore." Xuan Wu said jokingly. "Alright. Since that is the case, let's start, shall we?"

"Yes!" The audience shouted loudly. They couldn't wait any longer.

"The first battle. Please welcome Yun Ning from the Misty Cloud Sect and Lei Zan from the Divine Thunder Palace." Xuan Wu said loudly.

As she finished her sentence, she and the other eight people quickly walked away, leaving behind a beautiful woman and a handsome young man.

The young man, Lei Zan, cupped his fist and said. "Please enlighten me, Fairy Yun."

"Please." Yun Ning cupped her fists and responded politely.

"Be careful." Lei Zan spoke, and his aura burst forth, filling the entire stage with lightning.

Yun Ning was calm and composed. She gently waved her hand, and immediately a blizzard blew over.

The battle between the lightning and the blizzard immediately started.

The two kept exchanging blows from time to time, and Yun Ning finally emerged as the victor.

"Master, can I become like her in the future?" Jia Shiyu turned to look at Yun Lintian and asked with anticipation.

Yun Lintian smiled and said softly. "As long as you are willing to work hard, you will definitely become stronger than her."

"Really?" Jia Shiyu's eyes lit up. "I will definitely work hard."

The interaction between the two provoked ridicule among the people nearby. In their eyes, Yun Lintian was clearly deceiving the little girl.

Yun Lintian ignored them and continued watching the battle between the contestants.

Two hours passed by in the blink of an eye, and the outcome of the Azure Cloud Convention had been revealed. The winner this year was a woman from a small sect. Her talent was unparalleled among her peers.

"Please invite Fairy Yun to present a reward to the winner." Xuan Wu said and politely smiled at Yun Chenyu.

Yun Chenyu got up and flew to the stage with Qingqing and Linlin.

Before she could say anything, Linlin suddenly opened her eyes and looked towards Yun Lintian.

Swoosh!

In that instant, Linlin jumped off Yun Chenyu's shoulder and dashed towards Yun Lintian. Her actions startled everyone.

"Big Brother Yun!"

Chapter 1643 Exposed (3)

Seeing Linlin flying over, everyone around Yun Lintian panicked. They had no idea what was happening. Although Linlin rarely appeared in public, her identity was known to everyone.

Yun Lintian looked at Linlin with deep emotion. He had already hidden everything, yet Linlin could still recognize him when she came closer.

He stood up and opened his arms to welcome her.

Linlin flew straight into his embrace and rubbed her face against his chest vigorously. Their actions left everyone gaping, staring at them in bewilderment.

At that moment, Qingqing blinked her eyes a few times and hurried towards Yun Lintian in a swoosh, throwing herself into his embrace.

"Why don't you tell us, Big Brother Yun?" Qingqing pouted resentfully. Yun Lintian had obviously returned some time ago but chose to conceal it.

Yun Lintian rubbed their back and said apologetically. "I'm sorry. I just wanted to quietly observe the world first."

"Mhm." Linlin didn't care about it. She continued to press against his chest as if she wanted to be a part of him.

Jia Shiyu and Hu Li stood on the side, stunned. They had no idea what was happening at the moment.

"Fairy Yun...?" Xuan Wu asked uncertainly. When she turned to Yun Chenyu, she suddenly noticed that Yun Chenyu's veil was already wet with tears.

Yun Chenyu said with a trembling voice. "It's my master."

"Your master...?" Xuan Wu was momentarily confused, but then her eyes widened in disbelief. "You mean... That person is Emperor Yun?"

Perhaps she was so shocked that she subconsciously raised her voice, making it audible to everyone in the stadium.

"Emperor Yun?... He is back?" The audience looked at each other in shock.

"Master?" Jia Shiyu regained her senses and asked timidly.

Yun Lintian looked at her and smiled. "I'm sorry. I have been hiding my identity all this time." n-)0Velb1n

Suddenly, his face distorted slightly, and he regained his original handsome appearance. The revelation stunned everyone once again, even though they had already anticipated his identity. After all, seeing is believing.

Those who had earlier ridiculed Yun Lintian shrank back in horror. If Yun Lintian wanted to retaliate, there was nothing they could do.

Jia Shiyu and Hu Li stared at him, dumbfounded.

"You are... Emperor Yun?" Hu Li stuttered. Unlike her daughter, she had seen Yun Lintian's appearance before. Without a doubt, it was him.

"My master is... Emperor Yun?" Jia Shiyu muttered to herself, lost in a daze. She had often heard about Emperor Yun before. It was said that the world had become peaceful like this because of him. She didn't expect that such a noble person would become her master.

"Disciple Yun Chenyu pays respect to her master." Yun Chenyu flew over and knelt before Yun Lintian.

Yun Lintian looked at her with a gentle smile and spoke softly. "Get up. You are doing well."

Yun Chenyu shook her head and said solemnly. "It's all thanks to the Master's teachings."

Yun Lintian smiled faintly and opened his arms to Jia Shiyu. "This is your junior sister. Jia Shiyu. I have accepted her as my disciple today."

His voice wasn't loud, but everyone could hear it. Immediately, everyone's gaze fell onto Jia Shiyu, causing her to shudder in fear. Everyone was envious of her for having such a master. Her future would be limitless from now on.

At the same time, the audience made an effort to etch Jia Shiyu's appearance into their memories so that they wouldn't accidentally offend her in the future.

Yun Chenyu was surprised and turned to look at her junior sister. She removed her veil, revealing her flawless face. "Nice to meet you, Junior Sister Jia. We will be fellow disciples from now on."

Jia Shiyu was overwhelmed by the sudden turn of events. She stammered while bowing. "Junior Jia Shiyu greets Senior Sister Yun. P-Please take care of me."

Yun Chenyu smiled and reached out to hold Jia Shiyu's hand.

"This is her mother. Hu Li." Yun Lintian said further.

Hu Li quickly bowed her head. "Woman Hu Li pays her respects to Fairy Yun."

Yun Chenyu helped her up and said softly. "There is no need to be polite, Aunty Hu. We will be a family from now on."

"Ah... Yes." Hu Li didn't know how to respond at that moment.

Yun Lintian waved his hand gracefully, bringing everyone to the center of the stage.

Xuan Wu and the female winner were overwhelmed. They wanted to kneel, but Yun Lintian stopped them.

"No need to do that. I don't like this type of ceremony." Yun Lintian said, using his divine energy to stop them.

He looked at the woman and asked. "What is your name?"

The female winner replied hurriedly. "This junior's name is Ruan Qing."

"Surnamed Ruan? It's quite rare." Yun Lintian smiled. "You are very talented. Do you want to join the Misty Cloud Sect?"

Everyone immediately looked at her enviously upon hearing this. The Misty Cloud Sect stood at the pinnacle of the world. It was everyone's dream to join it.

Ruan Qing was stunned. Her expression kept changing for a while until she gritted her teeth and said. "Please forgive me, Senior. The sect has taken me in when I was at the lowest of my life. I don't want to betray them."

When her words were spoken, everyone couldn't help but silently scold her for her foolishness. This woman didn't know what was good for her. Even Ruan Qing's elder, who was following her, became anxious at that moment.

To everyone's surprise, Yun Lintian laughed gently and said. "I would look down on you if you were to accept my invitation immediately. A person must know how to be grateful for their benefactors. You are a very good person."

Yun Lintian raised his finger, and a beam of white light immediately shot out towards Ruan Qing. Instantly, Ruan Qing felt that everything about her had undergone an enormous transformation. Countless pieces of knowledge kept pouring into her mind, causing her to close her eyes.

A moment later, Ruan Qing opened her eyes and bowed deeply. "Thank you, Senior."

"This is what you deserve." Yun Lintian said gently. "From now on, your sect will be protected by the Misty Cloud Sect. In the future, the disciples of your sect can come to my sect to practice."

Ruan Qing bowed even deeper. "I thank Senior on everyone's behalf."

The audience was completely numb at the moment. They couldn't be more envious of Ruan Qing now because it was completely out of reach. Yun Lintian's rewards were what everyone could dream of in their lifetime.

Yun Lintian raised his head slightly to look at the crowd and said calmly. "Everyone, I'm back."

Instantly, his voice reverberated throughout the entire Azure World...

Chapter 1644 Home

Everyone who had been close to Yun Lintian in the past was stunned upon hearing his voice. Especially Yun Qianxue and the others at Moon Garden.

Inside the pavilion near the waterfall, Long Qingxuan opened her eyes and glanced towards the Central Continent. "His strength has improved a lot over the years."

Suddenly, Hongyue appeared beside her and said. "Unfortunately, it's still not enough."

Long Qingxuan didn't say anything, but her silence showed that she shared the same opinion with Hongyue.

"I don't know why he came back this soon," Hongyue said in doubt.

Long Qingxuan raised her head towards the sky, and her eyes flickered slightly. "A dark aura has finally come."

Hongyue raised her eyebrows in surprise... Dark aura... Could it be...?

Yun Lintian said further. "I have returned earlier than expected, and I have a lot of things to discuss with everyone. I will hold a conference here in two weeks, and I would like to invite all the top factions."

As soon as Yun Lintian's voice fell, all the top powerhouses from around the world immediately prepared to set off. They knew that the chance of entering the Divine Realm had finally come.

Yun Lintian turned to Yun Chenyu and said. "Let's go back."

"Yes." Yun Chenyu responded promptly.

At this moment, Yan Tianming, Lei Ming, and the other VIPs walked over and bowed their heads. "We pay respect to Emperor Yun."

Yun Lintian waved his hand, helping them up. He looked at Yan Tianming and said with a smile. "Your strength has improved a lot. How is your father?"

"Father is doing well. He has been studying the swords he found in the tomb these years." Yan Tianming replied respectfully.

Yun Lintian nodded slightly and glanced at Lei Ming. "I have never seen you before. Are you Big Brother Lei's son?"

Lei Ming bowed his head and said. "Yes, Emperor Yun. My father is Lei Zhenxiang."

"Who is your mother?" Yun Lintian asked curiously. He knew that Lei Zhenxiang had been infatuated with Han Bingling in the past. Who did he marry in the end?

"My mother is Ren Mingzhu." Lei Ming replied respectfully.

"Ren Mingzhu...? Oh. I see." Yun Lintian immediately understood. Ren Mingzhu was the princess of the Blue Moon Whale Clan and appeared to have a strong affection for Lei Zhenxiang.

"Concentrate your mind." Yun Lintian said and pointed his finger at Lei Ming. A white light shot out from the tip of his finger and struck Lei Ming's forehead.

Immediately, Lei Ming's entire body was immediately enveloped in white light, and all his profound channels were fully opened. At the same time, his affinity with the lightning element had improved significantly.

A moment later, Lei Ming suppressed the excitement in his heart and bowed his head. "Thank you, Emperor Yun."

Yun Lintian said with a smile. "No need to be polite... By the way, who came up with this Emperor Yun?"

"We have no idea as well." Yun Chenyu took the initiative to answer. "It seems everyone has come up with it by themselves."

"I see." Yun Lintian sighed. He didn't like this kind of title. "So be it."

He then gazed at Tianqi Jing, causing him to tremble.

Tianqi Jing's face turned pale, and his entire body was drenched in sweat right now. He feared Yun Lintian would hold him accountable for shamelessly wooing his disciple.

"How is your father?" Yun Lintian asked with a faint smile.

"Report to Emperor Yun. Father is doing well. He has already retired and is currently enjoying his life." Tianqi Jing quickly replied.

"Retired?" Yun Lintian was surprised. "Since he has already retired, why couldn't he teach his descendants properly?"

As soon as these words fell, the entire stadium instantly fell into an eerie silence. Everyone was sweating for Tianqi Jing.

"This... I..." Tianqi Jing trembled uncontrollably.

Yun Lintian chuckled and said. "There is nothing wrong with pursuing someone you like, but you must also consider their feelings. Moreover, your father should know that I don't like someone who uses their status to suppress others. I find it quite strange to see your arrogance today." n--OVeLB1n

Tianqi Jing's legs softened, and he fell to the ground with a thud. It was over now. Yun Lintian must have seen everything from the beginning.

Yan Tianming and the others looked at him with pity.

Yun Lintian said further. "In fact, I don't care about it as long as you don't cause trouble for others. Let your father come to see me next week."

"Y-Yes!" Tianqi Jing got up from the ground and stammered in response.

Yun Lintian paid no further attention to him and shifted his gaze to Lin Xuan. "It's been a while. You have grown up into such a beautiful young lady now."

Lin Xuan was excited upon hearing this. She didn't expect Yun Lintian to remember her. She quickly knelt on one knee and said loudly. "Little Girl Lin thanks Emperor Yun. Without you, there wouldn't be me today."

"Get up." Yun Lintian helped her up. "How are your parents?"

"They are living a good life here." Lin Xuan answered.

"Very good. I will visit them later." Yun Lintian said gently. His voice was soft, but his words were weighty. Everyone looked at Lin Xuan in astonishment, wondering who this beauty was to be favored by Emperor Yun.

Meanwhile, the handsome young man beside her turned pale, no different from Tianqi Jing. He had been staring at Yun Lintian before entering the stadium. He could only pray that Yun Lintian wouldn't mind him.

Yun Lintian turned to Xuan Wu and said. "I will have to trouble you to close this convention."

"That is my duty." Xuan Wu felt flattered.

Yun Lintian smiled and said to everyone. "I will leave first."

With that, he disappeared from the place with Yun Chenyu and the others, leaving everyone gasping in shock.

"Do you think about how strong Emperor Yun is now?" Someone in the audience asked in a low voice.

"Who can tell?" Another person beside him said, swallowing nervously. Yun Lintian could actually disappear without a slight energy fluctuation. It was beyond everyone's comprehension.

"Master, how strong you are now?" On the way to the Northern Continent, Yun Chenyu asked curiously.

"I am currently at the eighth level of the Divine Transformation Realm." Yun Lintian replied gently.

Yun Chenyu was gaping in astonishment. She was naturally aware of the eight stages of the Divine Profound Realm. She didn't expect Yun Lintian to achieve such great heights in just a decade.

"I'm lucky to meet many kind seniors. Without them, I would have died many times." Yun Lintian said further.

Yun Chenyu nodded gently and wondered who these seniors were.

"Here we are." Yun Lintian smiled as he saw the Moon Garden in the distance ahead...Finally, home.

Chapter 1645 Seal (1)

Yun Lintian didn't conceal his aura when he arrived at the Moon Garden. As soon as he landed, several figures immediately surrounded him. Yun Qianxue, Lin Xinyao, Han Bingling, Shen Liqiu, Mu Qiuxue, and the others. Basically, everyone was here except for Hongyue and Long Qingxuan.

Everyone kept staring at Yun Lintian without saying a word, but their eyes were filled with a myriad of emotions.

Yun Lintian looked at everyone and spoke gently. "I'm back, everyone."

"Welcome back." Yun Qianxue wiped the tears from the corners of her eyes and spoke softly.

"It's good that you're back." Han Bingling said with a smile.

"Hmph! You actually know how to come back." Shen Liqiu snorted resentfully.

Mu Qixue didn't say anything but continued to stare at him.

Lin Xinyao smiled and said. "We are relieved to see you return safely."

She turned to look at Jia Shiyu and Hu Li and asked. "Who are these two?"

"This is my new disciple, Jia Shiyu, and her mother, Hu Li. I just recognized her today." Yun Lintian replied.

"Little girl Jia Shiyu greets all seniors." Jia Shiyu quickly bowed her head.

"New disciple?" Han Bingling was surprised. She didn't expect that the first thing he did after returning was to accept a new disciple.

"Let's go in first." Yun Qianxue spoke and invited everyone to an inner hall.

Yun Chenyu didn't follow them. She brought Jia Shiyu and Hu Li to explore the sect.

"What happened to the Gate of Beyond Heaven?" Shen Liqiu was the first to ask after everyone had taken their seats.

Yun Lintian shook his head and said. "I have no idea. I can't open it even now."

"Really? That's weird." Shen Liqiu frowned deeply.

"Let's talk about your experience over the years first. How is the Divine Realm?" Han Bingling asked.

Yun Lintian thought for a moment and began to recount. "After leaving the Azure World, I was ambushed by someone and nearly lost my life."

Everyone tensed up immediately upon hearing this.

"Fortunately, I somehow managed to get to the Heavenhold Realm and was rescued by a kindhearted little girl named Ning Yue. It could be said that without her, I would probably be a cold corpse somewhere by now." Yun Lintian said further.

"At that time, I was in a half-crippled state and could not use my profound energy. However, someone in that place wanted to kill me with poison, but it actually helped me regain my power."

"You were so unlucky." Shen Liqiu couldn't help saying.

"Where is that girl now? She is your benefactor." Han Bingling asked.

"She is fine. I left her in the Moon God Realm." Yun Lintian replied.

"Moon God Realm..." Lin Xinyao repeated softly.

Yun Lintian looked at her and said. "I met your parents. They are doing well there."

"I see." Lin Xinyao nodded slightly. At the same time, she had mixed emotions towards her parents in this life. She didn't know how to face them at the moment.

"What happened next?" Shen Liqiu asked.

"Afterwards, I left that place with Ning Yue and went to a larger city in search of a suitable location for training. Later, I met a young mistress of the Mystic Auction House named Shen Yan, and she gave me a suggestion to enter the Heavenhold Secret Land." Yun Lintian explained.

"Later on, I had the opportunity to enter the Heavenhold Secret Land with the permission of the Heavenhold Realm King. Over there, time flowed slower than outside. I stayed inside for thirty years."

He paused briefly and said. "Oh, by the way. I happened to meet the current Moon Princess, named Yue Chuntao. After learning my identity, she simply stayed with me all the time."

The women here had strange expressions upon hearing this. How they looked at Yun Lintian indicated they were thinking of something bad.

Yun Lintian wiped the nonexistent sweat from his forehead and quickly said. "Don't look at me like that. There is nothing between us."

"Really?" Han Bingling curled her lips.

"Really!" Yun Lintian nodded vigorously.

Yun Qianxue smiled and said. "What about next? And why did you come back so soon?"

Yun Lintian nodded and explained. "During my time in the Heavenhold Secret Land, my identity was somehow leaked to the outside world. At that time, several God Emperors came to find me. If it weren't for Senior Yue and the other seniors, I would have died long ago."

Everyone's face turned serious immediately upon hearing this.

"I didn't want to implicate the Heavenhold Realm and chose to leave. Before departing, I received news about my fourth sister from one of Shen Yan's subordinates. In short, her life wasn't good there, and Shen Yan basically wanted to use me as her pawn to fight for her throne." Yun Lintian said further.

"So, she is a scheming bitch." Shen Liqiu snorted coldly. At first, she had a good impression of Shen Yan because he helped Yun Lintian, and they shared the same surname. Now, she couldn't wait to slap this woman.

"I then decided to visit the Mystic God Realm to help my fourth sister." Yun Lintian said.

Everyone didn't say anything as they knew Yun Lintian's personality. It was impossible for him to stay away and watch Wu Qingcheng being bullied.

"At that time, I was about to break through to the Divine Tribulation Realm. So, I planned to use the Heavenly Tribulation as my weapon." Yun Lintian said. "And it worked well. I forced the Mystic God Emperor to reach a compromise and appoint my fourth sister as the successor. Shen Yan and the other candidates no longer had a chance."

"Good job!" Shen Liqiu clapped her hands happily.

"After that, I visited the Moon God Realm before leaving for the Sea of Stars." Yun Lintian continued. "The Sea of Stars is one of the three forbidden lands in the Divine Realm. I got a clue about the relic, and it was being kept inside."

"Later, I met a lot of enemies and friends inside the Sea of Stars and finally obtained the relic called the Light Pole. Finally, I decided to return home to avoid the spotlight for a while."

Everyone heaved a collective sigh of relief. They were genuinely happy for Yun Lintian.

"How long do you plan to stay here?" Yun Qianxue asked.

"Maybe a month. I'm not sure about that." Yun Lintian answered truthfully. "The situation in the Divine Realm is not good because of me. I don't want to trouble those seniors for too long. They worked so hard to protect me all this time."

Han Bingling quickly asked further. "Can you bring us along with you?"

Yun Lintian hesitated briefly and said. "I have such a plan."

Before everyone could be happy, Hongyue's cold voice suddenly resounded. "Do you want them to die that badly?"

Chapter 1646 Seal (2)

Hongyue slowly entered the hall and stared at Yun Lintian with a cold expression. "You just said that the situation up there isn't good, yet you still want to bring them over. Are you planning to kill them and find new women?"

Yun Lintian was speechless at Hongyue's accusation.

He explained. "I plan to send them to the Moon God Realm. The environment there is several times better."

"Why are you certain the Moon God Realm can protect them?" Hongyue's eyes sharpened.

Yun Lintian opened his mouth, but no words came out. There must be a trump card behind the Moon God Realm. Otherwise, Ren Yuan and the others wouldn't have been so cautious in taking action against the Moon God Realm over the years. However, he knew that he was, in fact, completely clueless.

"I can tell you that those people don't dare to mess with the Moon God Realm because of that old hag. They fear she will use her last bit of power to drag them to hell with her." Hongyue curled her lips and said disdainfully. "I'm quite surprised that she isn't dead yet."

Yun Lintian wanted to say something but knew that he wasn't in a position to speak. Yue Hua was the one who suggested sacrificing Hongyue back then but instead ended up sacrificing her sister, Lanyue. It wasn't surprising that Hongyue hated her so much.

"Who helped you?" Hongyue asked.

"Aside from Senior Yue, there were the Rain God Emperor, the Shrouding Sky God Emperor, and the Eternal River God Emperor." Yun Lintian answered. "Oh, there were the Endless Dream God Emperor and the Red Lotus God Emperor as well."

"Heh. At least they know how to be grateful." Hongyue pursed her lips. "What about the enemies?"

"Well, the first one I met was the Hidden Mountain God Emperor. Later, it was the sons of the Everlasting Soul God Emperor and the Star God Emperor. Before coming here, there was a strange woman who seemed to possess a god emperor's power. I don't know her name. Another one was a female god emperor. This person's movement was swift, and she used a knife as a weapon." Yun Lintian explained with a frown.

"Strange woman?" Hongyue frowned slightly. "What is her power?"

"She could unleash a lot of willow vines." Yun Lintian said. "However, it was evident to me that she had only reached the peak of the Divine Emperor Realm."

A strange light flashed in Hongyue's eyes upon hearing this. "The other woman should be Qian Guimo, the Thousand Faces God Emperor. This pervert can change his physical appearance and face into anything."

Yun Lintian was shocked. "No wonder I felt like she wasn't really a woman."

"How did you escape from both of them?" Hongyue asked further.

Yun Lintian replied without hesitation. "It was Senior Rain God Emperor who blocked the Thousand Faces God Emperor. And the man who blocked that strange woman was someone surnamed Yun. I have no idea who he is, but he has been secretly protecting me."

"Surnamed Yun?" Hongyue was surprised. "Show me the picture."

Yun Lintian conjured a fragment of memory and transmitted it to Hongyue.

After examining the memory, Hongyue's eyes narrowed slightly, and she muttered to herself. "So... that's how it is."

"Who is he?" Yun Lintian asked in doubt. He speculated that this individual might be someone like Grandma Yun, a remnant of the Beyond Heaven King.

"Yun Yi," Hongyue replied calmly. "He was the first guardian under the Beyond Heaven King. His strength was second to him back then."

Yun Lintian was gaping in shock. "No wonder he is so strong... But he didn't die back then?"

"He was supposed to die, but I guess the Beyond Heaven King secretly sent him away," Hongyue responded.

Yun Lintian nodded slightly and gazed directly into Hongyue's eyes. "I already knew about the battle back then. Can you tell me what happened inside the Primordial God Forsaken Land after you fled to that place?"

Hongyue shook her head. "I can't tell you... More precisely, I have no idea either."

Yun Lintian was taken aback. "How is it possible?"

"When we ran to that place, Xieren was the first to stop the enemy and buy us some time. Later, it was me." Hongyue furrowed her brow. "I managed to kill the Imperial Saber God Emperor and injure the Dark Sea God Emperor. Afterwards, I fell under Ren Yuan's Heavenly Desolate Orb."

She looked at Yun Lintian and said. "When I regained consciousness, I found myself inside the Frozen Moon Mythical Realm with a message from that mysterious woman. She must be the one who saved my soul, but it was hard to believe."

Yun Lintian frowned deeply. "So, the Ancient Xia God Emperor was the last one who stayed with the Beyond Heaven King?"

He always thought that Hongyue knew everything from the beginning to the end, but that wasn't the case.

Hongyue nodded. "Based on the evidence you have discovered in this world and the Moon Garden you are currently standing on, we can conclude that she has successfully escaped from that location."

"Wouldn't this mean that there was a chance the Beyond Heaven King was still alive?" Shen Liqiu suddenly expressed her doubt.

"It's impossible." Hongyue shook her head. "The evidence is inside Lintian's body. The Beyond Heaven Profound Vein and the Relics."

Han Bingling touched her chin and asked curiously. "Is it possible that Lintian is the reincarnation of the Beyond Heaven King?"

As soon as her words came out, everyone immediately shared the same idea.

Yun Lintian was stunned. He wanted to deny it, but the fact that he was a product of "reincarnation" struck on his throat... Could he be the reincarnation of the Beyond Heaven King? If that were the case, everything would seem to make sense.

He looked at Hongyue and said with a serious expression. "Did you hide something from me again?"

"Yes and no," Hongyue replied.

"What do you mean?" Yun Lintian frowned.

"A part of my memories is completely sealed, or rather, it has been erased," Hongyue explained.
"However, I know you are not his reincarnation because both of your souls are nothing alike."

She glanced at Lin Xinyao and continued speaking. "Unlike her. She possesses the same soul as her previous life. So are you."

Yun Lintian felt like his head was about to explode. Was there anyone who could tell him everything here?

"Everything I know about you mostly comes from the message that woman left behind. Coupled with the existing memory, I can make some guesses about you." Hongyue looked at Yun Lintian. "So the chance of you being his reincarnation is zero. You are you."

"Ah... I'm so confused." Shen Liqiu simply gave up.

Chapter 1647 Seal (3)

Yun Lintian immediately understood some of Hongyue's actions back then. There were times when she was surprised by his abnormal power. She seemed to truly have no idea about it. Everything was based on her guess.

"Do you know why I am being chosen?" Yun Lintian asked.

Hongyue nodded and then shook her head. "I definitely knew about it before, but that part of the memory is no longer there. I guess the Beyond Heaven King has been observing you for a long time before choosing you."

She paused briefly and then continued speaking. "You have personally experienced it yourself. Those dreams you saw back then are not just a dream. They are fragments of the memory of your past lives. You have gone through countless cycles before this life. So did everyone here."

Lin Xinyao and Yun Qianxue weren't surprised, but Han Bingling and the others were stunned.

Hongyue looked at them and said. "There is no such thing as coincidence in this world. All of you being here means you have some connection with him in the past. This isn't the first time you met."

"Why...?" Shen Liqiu was puzzled.

"Every twist of fate has its own purpose," Hongyue said gently. "It's not something I can pry into. I believe that each of you will play a role in the upcoming battle."

Han Bingling and the others fell into silence. A sense of urgency emerged in their hearts once again. With their current strength, it was impossible for them to help Yun Lintian.

"Is there a way to regain your memory?" Yun Lintian asked.

Hongyue shook her head. "Unless we meet that woman again."

"It's a dead end again." Yun Lintian sighed. He believed that asking Hongyue would provide all the answers.

"What about Qingxuan? Did she know about it?" Yun Lintian didn't want to give up.

"She's even more clueless about this matter." Hongyue shook her head. "She had been kept in the dark over those years because her father didn't want her to interact with the Beyond Heaven King."

"Who could she be? To arrange everything in such a perilous situation, her strength must be at least on par with the Beyond Heaven King, right?" Yun Ruanyu, who had been silent all this time, suddenly voiced her thoughts.

"Can you take a guess?" Yun Lintian looked at Hongyue and asked.

"I definitely knew her, and because of this, she erased my memory about her completely," Hongyue replied. "However, I don't think there is anyone who can be comparable to the Beyond Heaven King. Qingxuan has no idea either."

Yun Ruanyu turned to look at Yun Qianxue and said. "Do you think it was that person?"

Yun Qianxue thought for a moment and said. "It is very likely."

"Are you referring to the woman who sent Lintian to our sect in the past?" Yun Lingwei asked. "Yeah. I think it must be her."

Yun Lintian subconsciously rubbed the interspatial ring upon hearing this... Could it be her?

"I saw when you were ambushed outside the Azure World, and I can tell you that the attacker's power was undoubtedly one of the strongest I have ever witnessed," Hongyue said. "The power inside the ring alone was not enough to protect you. Obviously, someone took action to save you and send you to the Heavenhold Realm."

"You didn't see it?" Yun Lintian asked.

Hongyue shook her head. "The moment the golden palm hit the barrier, the connection between you and the Land of Beyond Heaven was completely severed."

"Is it because of this that I cannot open the gate?" Yun Lintian asked.

"No," Hongyue replied. "The gate has been sealed."

"Sealed?" Yun Lintian was confused.

"There are many people in the Divine Realm who can see it at a glance. The Beyond Heaven King placed the seal on it for this case. You must reach a certain level, having enough strength to fight them first before opening it." Hongyue explained. "It should be at least the Divine King Realm."

Yun Lintian immediately understood. Once he reached the Divine King Realm, he would have the ability to evade a God Emperor. "Maybe I should make a breakthrough before returning to the Divine Realm."

"You should." Hongyue nodded slightly. "The environment inside the Land of Beyond Heaven has improved drastically since you obtained the Light Pole and the star energy source. It is similar to a mid-level star now."

Yun Lintian was surprised to hear this. What if he obtained the Dark Pearl later? Wouldn't it become a God Emperor Realm's level?

Suddenly, Yun Lintian raised his hand, and the small tower and staircase appeared. "I got these two from the Sea of Stars. They will be useful for everyone."

Hongyue looked at them with surprise. Although she didn't know what they were, she could sense their formidable auras. They were clearly peerless treasures.

"The Nine Heavens Staircase can strengthen our determination, while the Reincarnation Tower enables us to challenge powerful adversaries. There are some god emperors inside." Yun Lintian explained briefly.

"God Emperors?" Han Bingling and the others were stunned.

"Don't worry. The strength of your opponent will be adjusted based on your level. They will be a whole realm higher than you and increase exponentially as you climb higher." Yun Lintian said.

"You're telling us not to worry about it?" Shen Liqiu was speechless. Just a single enemy from a higher realm was more than enough to defeat her. Let alone two higher realms.

Yun Lintian chuckled. "It seems you have been living too comfortably for these years. Where is your previous ambition?"

Shen Liqiu snorted and refused to answer.

"That is good. We lack good opponents." Yun Ruanyu said. They used to spar with Hongyue for training these days, but it wasn't enough. With the tower, they could truly test their limits.

Yun Lintian looked at Hongyue and asked. "Do you want to return to the Moon God Realm? They are currently searching for materials to reconstruct your body."

Hongyue furrowed her brow slightly and asked. "How is the current Moon Princess?"

"She is quite strong. Definitely stronger than those eldest sons of the God Emperors I've met. However, there seems to be something preventing her from breaking into the God Emperor Realm." Yun Lintian replied.

Hongyue subconsciously glanced at Lin Xinyao as if she had just remembered something.

Yun Lintian noticed this and asked. "Is it possible to have two God Emperors at the same time?"

Hongyue responded. "Theoretically, it's possible. However, the Divine Realm has its limits. Once there are too many God Emperors, it will trigger a catastrophe. For example, a crack in the wall of the Divine Realm. At worst, you will be eliminated during the breakthrough."

"Moreover, making a breakthrough is not as easy as you think. You will need everything in order to achieve it."

Chapter 1648 Resting

"So this is why there have always been thirty-four God Emperors." Yun Lintian said gently.

"Indeed." Hongyue nodded slightly. "Once I rebuild my body and regain my peak strength, it will be difficult for me to remain in the Divine Realm. My presence will be intolerable over there. This is also why Qingxuan and Yun Xia chose to stay here instead."

Yun Ruanyu suddenly thought of something and said. "Could it be that the Beyond Heaven King created the Land of Beyond Heaven for this purpose?"

The Land of Beyond Heaven was an independent realm. Although it didn't have a comprehensive law at the moment, it had been continuously evolving in that direction. The previous improvement had proven everything. It wouldn't be long before it became a complete world, similar to the Divine Realm.

Hongyue glanced at her and praised her. "Smart. However, no matter how powerful and convenient, it will be useless once its host dies. This is why you shouldn't reveal its existence too soon."

Yun Lintian nodded slowly. He finally understood everything. With the Land of Beyond Heaven, Long Qingxuan and Hongyue wouldn't need to stay in the Divine Realm and risk being suppressed by the laws all the time.

"It also means that I will encounter this problem later." Yun Lintian frowned slightly.

"You have come this far, yet you still don't know what you are capable of?" Hongyue looked at him with contempt. "To deal with a god emperor, you only need to attain the Divine Sovereign Realm. At that time, you can kill as many of them as you want, freeing space for yourself and others. Don't tell me you're going to spare all of them?"

"You are right." Yun Lintian rubbed his temples slightly. "I am focusing too far ahead, thinking about those people from the Primordial God Tribe."

"Let's stop here." Yun Qianxue suddenly said. "You have been under pressure for a long time. It's time for you to take a good rest."

Everyone had no objections. They could see how exhausted Yun Lintian was at the moment.

"Well, I want to look at the Land of Beyond Heaven a bit." Yun Lintian said and left with everyone, heading towards the Land of Beyond Heaven entrance.

Upon entering the Land of Beyond Heaven, Yun Lintian could feel the drastic change in the environment. The aura here was undoubtedly on par with the Heavenhold Realm.

At the same time, Yun Lintian could see countless stars in the dark sky. This place had become increasingly complete.

"Hmm?" Suddenly, Yun Lintian noticed a group of unfamiliar people in the far distance. What surprised him the most was their bloodline. These people obviously possessed dragon bloodlines.

"They are the descendants of the Primordial Dragon God Clan." Yun Qingrou explained. "Senior Qingxuan brought them here a decade ago."

Yun Lintian was confused as he turned to Hongyue. "As far as I know, the Dragon God Clan has been completely wiped out."

"These people were left behind by Senior Long. He seemed to anticipate such a situation ahead of time." Hongyue explained.

"Ah? Headmaster?" Suddenly, a young girl walked over and exclaimed in shock when she saw Yun Lintian.

"This... Doudou?" Yun Lintian was surprised. The young girl in front of him was none other than Doudou, a girl who had once had her legs severed. She had become a little beauty now.

"I didn't expect the Headmaster to remember my name." Yun Doudou was very happy.

"Your strength has improved a lot." Yun Lintian smiled.

"Hehe. Compared to my other sisters, I'm still falling behind." Yun Doudou replied. She bowed her head to everyone and continued speaking. "I will take my leave first."

With that, she ran away in a flash, as if she couldn't wait to share the news of Yun Lintian's return with her sisters.

"This little girl." Yun Qingrou shook her head, smiling.

Yun Lintian walked around the Land of Beyond Heaven and encountered many familiar faces. They had grown up a lot over the years, and many had already attained the first level of the Divine Foundation Realm.

"Currently, we have 983 disciples in the Divine Foundation Realm. Among them, 445 disciples are at the peak of the Divine Foundation Realm, while the rest are at the middle and early levels." Yun Ruanyu explained.

"So fast." Yun Lintian was surprised. This kind of progress was not much different from those talents in the God Realms.

"It's all thanks to the resources here." Yun Ruanyu said and glanced at Misty Lake. "The lake has produced a lot of mid-grade Divine Stones over the years. They are sufficient for us to make a breakthrough."

Yun Lintian nodded slightly. Yun Ruanyu and the others had also reached the peak of the Divine Foundation Realm. They were on the verge of breaking into the next realm.

Yun Lintian found a suitable location for the Nine Heavens Staircase and the Reincarnation Tower. Afterward, he gathered everyone and provided an explanation of how to use these two treasures.

Immediately, many people rushed into the tower and climbed the staircase.

Naturally, Yun Lintian had placed several restrictions inside the tower. Once challengers reached a critical danger level, they would be kicked out immediately. Moreover, there was no limit on entries. They could enter as many times as they wanted, and their memory wouldn't be erased.

As for the Nine Heavens Staircase, Yun Lintian had increased its strength twice, making it much more difficult for challengers.

"These two things are really good." Yun Huanxin spoke. She had tried the staircase earlier and discovered its benefits.

Yun Lintian smiled and said. "Don't push yourself too hard."

After arranging everything, Yun Lintian returned to the villa and had a big meal with everyone.

"Who do you choose today?" Han Bingling asked while sipping a red wine.

Yun Lintian glanced at her seductive posture and felt his blood boil.

"Let Yaoyao take care of him today." Shen Liqiu said.

Lin Xinyao didn't feel embarrassed at all. She smiled and said. "Then I won't be polite."

The women glanced at each other and chuckled.

Yun Lintian didn't say anything. He quickly picked up Lin Xinyao and ran to his bedroom on the second floor amidst everyone's playful gaze.

"It seems he hasn't tasted meat for a long time." Shen Liqiu curled her lips.

"I'm quite surprised he didn't find a woman during these years." Han Bingling said gently.

"Maybe that little girl Ning Yue and the Moon Princess have something with him." Shen Liqiu said with a meaningful smile. "I refuse to believe they don't have any feelings for him after staying with him for so long."

Everyone glanced at each other and smiled knowingly...

Chapter 1649 Great Power

Sitting inside a pavilion near the lake, Yun Lintian leisurely sipped tea while feeding snacks to Qingqing and Linlin. His life was going so well these days.

In the past week, he spent most of his time "reminiscing" with his women from day to night without taking any breaks. The long-pent-up emotions had been completely vented.

"What will you be discussing at the upcoming conference?" Han Bingling asked.

"I want to give everyone a general understanding of the Divine Realm and let them decide whether they want to go up." Yun Lintian answered. "We can't keep them locked up here forever, right? At least, it's better to let them know beforehand."

Han Bingling nodded gently and asked further. "Have you ever met anyone from our world?"

Yun Lintian shook his head. "The Divine Realm is incredibly vast, and I haven't had the opportunity to visit many places. There is a very slim chance of me meeting them. Besides, I don't even know what they look like."

In fact, Yun Lintian wanted to find the Longevity Monarch, but he simply had no time to care about it.

"It seems that they are not doing well." Shen Liqiu curled her lips.

"Honestly, if I hadn't prepared my own resources before going there, I would have struggled as well." Yun Lintian put the teacup down and said. "When everyone arrives there later, all of you will be at the bottom of the food chain. It is extremely difficult to gain a foothold there. So, I'm not surprised if those people are not doing well."

"Moreover, people like us from the lower realm are hardly comparable to the natives there. They have lived there since birth, bathing in the abundant divine energy from the start. As long as they have some talent and resources, their strength will grow rapidly."

He paused briefly and then continued. "If possible, I would like to open this place and let others come in. Training here is much better than going to the Divine Realm."

Han Bingling and Shen Liqiu fell into silence.

Yun Lintian looked at them and continued speaking. "At first, I had planned to bring everyone to the Moon God Realm, but I have changed my mind now. I am currently being targeted from all directions, and it is too risky to involve all of you. Wait until I can open the gate first, and then I will let everyone go."

"It should be like that." Hongyue suddenly flew over and landed in the pavilion. She looked at Yun Lintian and said. "Come with me."

Yun Lintian was slightly confused but still followed Hongyue out. The two of them quickly headed to the Tree of Life in the far distance.

"My king." When they landed, Lauya immediately appeared.

Madam Leisure was also present.

Yun Lintian smiled and said. "It's been a while."

Hongyue looked at her and said. "Tell him."

Lauya nodded gently and asked. "My king, have you encountered the World Tree?"

"The World Tree?" Yun Lintian was puzzled. "I don't think so."

"Really?" Hongyue asked in doubt. "Think about it again. It should be a sprout or a branch."

Yun Lintian frowned slightly as he thought about the peculiar sprout inside Ning Yue's body. "There is a small sprout inside Ning Yue's body. Is it the World Tree?"

"Without a doubt," Hongyue said. "You should bring her here."

"What's going on? And what is the World Tree?" Yun Lintian asked curiously.

Hongyue proceeded to tell Yun Lintian about the World Tree and how Yao Xi had planted it in her backyard, only for it to go missing later.

Yun Lintian digested the information and said. "Is it possible that Ning Yue's parents are related to Senior Yao?"

"It is difficult to tell unless we see Ning Yue." Madam Leisure said.

Yun Lintian nodded slowly. "So, there is nothing we can do at the moment."

"The emergence of the World Tree can be a sign of something," Lauya spoke. "It can be interpreted as the start of a new era. I believe that something big is about to occur soon."

Yun Lintian frowned deeply. "Senior Yue said I have approximately a hundred years or less before the new calamity arrives."

Hongyue furrowed her brow and asked. "Did she tell you anything else about it?"

Yun Lintian looked at her and said. "She said that the Moon God Realm will have three God Emperors, you, Chuntao, and Xinyao. At the same time, the laws of the Divine Realm will cease to exist, giving rise to a succession of god emperors."

"Well, she also said that I was born to break all the rules in the universe. I don't quite understand this part... Why do I feel like everything is revolving around me?"

Although Yun Lintian was aware of the great power he held, he did not consider himself to be the center of everything. He alone couldn't possibly change the destiny of the entire Divine Realm. Even the Beyond Heaven King couldn't do it.

"Because you hold great power in your hand." Madam Leisure suddenly spoke. Her gaze was deep as she looked at Yun Lintian. "I have been reading novels recently. You are similar to the protagonists in those novels. The story naturally revolves around you."

Yun Lintian opened his mouth but couldn't utter a single word. He couldn't deny that he was nothing like those protagonists because it was obvious that he was.

"Even if you are not the protagonist in this story, you play a significant role in it." Madam Leisure said further. "Your presence will have an impact on the story." noVe-lb/1n

Yun Lintian remained silent, his brows tightly knitted together. To his understanding, the Beyond Heaven King clearly left his power behind to fight the Primordial God Tribe... Could there be something more beyond that?

"You don't have to think about it much. All you need to do is increase your strength as much as possible before the enemy returns." Hongyue looked at him and said.

Yun Lintian sighed and said. "I understand. Although I don't actually care about the reason behind it, I can't ignore it. I've always wondered why the Beyond Heaven King chose me to inherit his power."

He looked at everyone and said. "My sole purpose in striving forward is to protect everyone around me. Whatever comes next doesn't matter to me. At worst, I will just stay here forever."

Hongyue, Lauya, and Madam Leisure glanced at each other but said nothing. They could understand Yun Lintian's mood. To shoulder such a duty was not an easy task.

"I will practice now." Yun Lintian said, and his figure disappeared from the place under everyone's complicated gaze...

Chapter 1650 Warning

Buzz—

The divine energy inside the Land of Beyond Heaven surged towards Yun Qianxue, and her entire body greedily absorbed it. Under Yun Lintian's guidance, Yun Qianxue finally advanced to the first level of the Divine Spirit Realm within the next hour.

"Congratulations, Sister Qianxue." Han Bingling walked over and said with a smile. During this week, Yun Lintian suddenly went into seclusion and consistently assisted everyone in their breakthroughs. She didn't know why he suddenly changed his mode.

Yun Qianxue opened her eyes, and a deep blue light flashed within them. She could feel that her perception had stepped into a whole new realm. It was no wonder why anything below the Divine Spirit Realm was considered insignificant.

Yun Lintian retracted his hand and said. "You should try to stabilize your foundation in the tower first."

"Thank you." Yun Qianxue said softly.

At that moment, Yun Ruanyu approached and spoke. "Everyone has arrived now. You can go there anytime."

Yun Lintian nodded slightly. "I'll go now."

With that, Yun Lintian left the Land of Beyond Heaven and took Qingqing and Linlin to the grand teleportation formation, heading to the Azure Cloud Divine City.

Inside the Azure Cloud Stadium, people from various factions were already waiting for Yun Lintian's arrival. In fact, these people had been trying to contact Yun Lintian during these two weeks, but he

simply disappeared from public view. Even if they went to the Misty Cloud Sect, they couldn't meet him at all.

"Emperor Yun has arrived!" Suddenly, someone shouted loudly, and everyone quickly rose to their feet.

Yun Lintian walked into the stadium and quickly swept his gaze around the place. He could see many familiar faces here, as well as some new ones. This conference brought together all the top-notch experts in the Azure World.

"We pay respect to Emperor Yun." Everyone shouted in unison.

Yun Lintian's figure flashed, and he arrived at the highest seat in the stadium. He sat down and said. "Long time no see, everyone. Please sit down."

"His strength... Unfathomable." Lei Yongzheng sat down and said in a low voice.

"Indeed. I don't know how strong he is now." Lei Zhenxiang said, looking at Yun Lintian in a complicated mood.

In the past, they could still sense Yun Lintian's strength, but now, Yun Lintian seemed like an unfathomable abyss to them. It was impossible to judge or see the bottom.

At this moment, Tianqi Junlai didn't sit down. He stepped forward and bowed deeply. "Please forgive me, Emperor Yun. I have failed to teach my youngest son."

Many people looked at him with a hint of gloating. They had witnessed how Tianqi Jing had pestered Yun Chenyu over the years and knew that this moment would come one day.

Yun Lintian looked at him with a half-smile. "Looks like Patriarch Tianqi has been living too comfortably in recent years. Look, you have even gained some weight."

Tianqi Junlai was sweating profusely at the moment. He said hurriedly. "I have long retired from worldly affairs and let my people take care of the clan. Of course, this is not an excuse. I am willing to accept punishment."

While speaking, he didn't forget to push his son, Tianqi Jing, forward and forced him to kneel down.

"It's good to know how to enjoy your life." Yun Lintian chuckled. "Forget it. It is not my responsibility to teach you. However, I hope that you can think more about Senior Tianqi. He had sacrificed his life for the world. I don't want to see his sacrifice go to waste."

"Thank you for showing mercy. I won't let it happen again." Tianqi Junlai said and quickly dragged his son back to his seat.

Yun Lintian raised his head slightly to look at everyone and said. "First of all, I'm sorry for taking up everyone's precious time today. I hope all of you don't mind about it."

"What I want to share with everyone today is my experience in the Divine Realm over the past decade."

Everyone took a deep breath to calm themselves down upon hearing this.

Yun Lintian said further. "Considering that most people here have no idea about the Divine Realm. I will start from scratch."

"The Divine Realm is divided into five regions, similar to our Azure World. Northern, Southern, Eastern, Western, and Central Divine Regions. These five regions are also divided into four levels: Lower, Middle, High, and God Realms. Our Azure World can be classified as the lower realm."

"Among them, the God Realms hold absolute authority over everything. There are a total of thirty-four God Realms. You can think of them as the rulers of the Divine Realm."

He paused briefly and then continued speaking. "When you leave here, the chances of you ending up in these God Realms are very low. So, you don't have to think about it. I suggest you find a middle realm to stay and practice."

At this moment, someone in the audience asked. "Emperor Yun, could you please enlighten us about the competitive environment there?"

Yun Lintian replied calmly. "Overall, it's more brutal than this place. Especially if they know that you are coming from a lower realm. You may have become their slaves."

Everyone glanced at each other solemnly upon hearing this.

"There is discrimination in the Divine Realm. Many natives there think of themselves as belonging to a higher class than us from the lower realm. So, all of you should try your best to conceal your origins." Yun Lintian explained briefly.

"As for the overall environment, it is several times better than our Azure World. However, it also comes with a more difficult challenge. You may have a hard time finding resources."

Many people here started hesitating after hearing this point. They were considered the top powerhouses here but would be nothing once they entered the Divine Realm. It was difficult for them to accept it.

Yun Lintian didn't care about their reactions and recounted his experience roughly. Naturally, he didn't talk about his secrets but rather the general experience of living in the Divine Realm.

Finally, he swept his gaze over everyone and said. "I will open the channel for anyone interested in entering the Divine Realm. Even if I leave later, all of you can go to my sect, and someone will open it for you."

His voice became deeper as he said further. "Lastly, I warn everyone to keep your origins secret even if you are about to lose your life. Once the position of our world is exposed, the consequence will be unimaginable."
