

Myth Beyond 1651

Chapter 1651 Decision

Although Yun Lintian knew that the Dragon Sealing Formation could protect the Azure World, he wasn't naive enough to believe it would exist forever. Once something happened, the Azure World would be gone entirely.

Moreover, there was no way to guarantee that everyone here was a good person. Perhaps they would quickly sell the location of Azure World once they entered the Divine Realm.

Yun Lintian must find a solution to this before leaving.

"Don't worry, Emperor Yun. We wouldn't do anything to harm our home." Someone in the audience spoke, and the others quickly followed.

Yun Lintian smiled, as he didn't care much about their oaths. He said further. "I will provide a small amount of resources and a storage ring for anyone who wishes to leave. Although it cannot help you establish your life over there, it should be sufficient to survive in the initial stage."

"Due to the immense expanse of the Divine Realm, traversing between realms is exceedingly difficult. It may take you a decade or even a hundred years just to reach the next realm. Not to mention the pirates you may encounter along the way."

"To ensure everyone's safety, I have decided to transport everyone to the nearest realm when you depart from here."

Everyone was surprised by Yun Lintian's generosity and compassion.

Yun Lintian looked at everyone and said. "All of you have to come in batches. The first batch will be ready in a month, and a year later for the next batch. You should prioritize spending quality time with your family and friends during this period. After all, no one knows if you can come back again."

All the top powerhouses fell silent. They had contemplated this matter for over a decade and finally decided to enter the Divine Realm. However, when the opportunity appeared in front of them, they suddenly became scared of a new beginning. Some of them even considered giving up.

Yun Lintian went silent, giving everyone time to think.

"Grandpa..?" Lei Feifei looked at her grandfather with worry.

Lei Yongzheng smiled and said. "I want to go there because I desire to live longer and spend more time with you in the future. At the same time, I want to find a safe place for the descendants of our Divine Thunder Palace. If I don't do it, your brother or you will have to do it anyway. Instead of both of you taking a risk, I would rather go myself."

Lei Zhenxiang and Lei Feifei fell silent. They knew it was impossible to persuade Lei Yongzheng to stay now.

"You can wait for me, great-grandpa." Lei Ming suddenly said. "I will grow up quickly and go to the Divine Realm on your behalf."

Lei Yongzheng laughed and affectionately rubbed his great-grandson's head. "Thank you for your concern, but this is my responsibility."

Having such a wonderful great-grandson, Lei Yongzheng had no regrets at all, even if he had to die in the Divine Realm.

"Father, do you really want to go?" On the other side of the stand, Yan Tianming looked at his father and asked.

Yan Yaoting smiled faintly and said. "I have figured it out over the years. There is no benefit for me to stay here any longer."

He patted his son's shoulder and said. "The Blazing Sun Palace will be under your care. If you encounter any trouble, you can seek assistance from the Misty Cloud Sect. There is no need to feel ashamed about it."

"Don't worry, father. I will definitely take good care of our Blazing Sun Palace." Yan Tianming said solemnly.

"Good." Yan Yaoting chuckled softly and subconsciously caressed the wooden box in his hand. Inside the box were the seven swords he had studied for the past decade. n()OVelb1n

On the nearby stand, Nantian Xuanyu turned to Nantian Xiulan. But before she could say anything, Nantian Xiulan spoke first. "There's no need to persuade me. I must find Lord Phoenix."

Nantian Xuanyu opened her mouth, but no words came out in the end. Since the Divine Phoenix left, Nantian Xiulan seemed to have lost her sense of purpose in life. She had constantly been contemplating entering the Divine Realm, but due to Yun Lintian's regulations, she could only suppress her desires.

However, the situation was different now. She must find the Divine Phoenix, even though she knew she couldn't help her much.

Meanwhile, Qing Xiaoting and Jian Feng were different. Jian Feng knew that one day, his master would definitely ascend to the Divine Realm, so it was futile to say anything.

"I don't know how my sect is doing now." On the side, Tao Kang said with a hint of nostalgia. Although he repeatedly stated that he was no longer a disciple of the Bliss Mountain Sect, he couldn't help but think about it.

"Are you going back?" Qing Xiaoting asked.

Tao Kang frowned slightly and shook his head. "My sect is located in the Northern Divine Region. It will take a long time to get there. It is even more difficult with my current strength."

He turned to Qing Xiaoting and asked. "What about you?"

Qing Xiaoting said calmly. "I will follow my sword."

Tao Kang glanced at her and shook his head slightly. He'd better leave this sword maniac alone.

Similar scenes occurred around the stadium. Many top powerhouses had firmly decided to go to the Divine Realm, no matter what. They didn't want to stay here and die as useless oldies.

Yun Lintian glanced at everyone and said. "That's it. All of you can go back and think about it carefully. Once you have made your decision, come to find me at the Misty Cloud Sect next month."

"We thank Emperor Yun for your guidance." Everyone stood up and said in unison.

Yun Lintian waved his hand and sent a sound transmission to Lei Yongzheng and the people close to him, inviting them to a teahouse.

Inside a private room, Yun Lintian looked at the familiar faces and said with a smile. "Everyone is still the same."

"But you have become stronger." Nantian Xuanyu said with a smile.

"What is your strength now, Brother Yun?" Fan asked curiously.

Guchang slapped his son's head and scolded him. "Don't be rude."

Yun Lintian laughed and said. "It's fine, Senior. It's not something I cannot tell everyone. I am currently at the eighth level of the Divine Transformation Realm."

Hiss—

Everyone gasped in shock. Especially Tao Kang. As the Divine Realm's native, he naturally understood the power concept better than anyone here. Yun Lintian had only been gone for twelve years, yet he had already become one of the top practitioners. It was truly unbelievable.

"There's no need to be surprised. I am different from others. That's why I was able to improve my strength quickly." Yun Lintian said faintly.

"I invited everyone here to tell you this. I will send all of you to the Moon God Realm."

Chapter 1652 Recognize

"Moon God Realm?" Lei Yongzheng was puzzled.

Tao Kang seemed to be thinking about Lin Xinyao and said. "It seems you have established a good relationship with them."

He then turned to look at everyone and explained. "The Moon God Realm has lost their previous Moon God Emperor, but no one dares to underestimate their strength. Especially the Priestess of the Moon. She is the most respected figure in the Divine Realm."

"The environment there is one of the best among the thirty-four God Realms. As long as you stay there, you don't have to worry about not having a suitable place to practice."

Everyone was surprised to hear this. They had never been to the Divine Realm before and naturally had no idea about the environment there. Even though Yun Lintian had told them about it, they hadn't experienced it themselves, after all.

"I will send everyone to the Moon God City. All of you can stay there and practice with ease." Yun Lintian said. "However, I must warn everyone about something. Do not disclose our connection, as I am currently regarded as an enemy by everyone in the Divine Realm."

Tao Kang and the others were stunned, staring blankly at Yun Lintian.

Nantian Xiulan took a deep look at Yun Lintian but remained silent. Among them, she was clear of Yun Lintian's true identity. It was not surprising to hear this.

Yun Lintian handed everyone storage rings and said. "There are enough resources for you to practice for a hundred years. If you want more, you can consider starting a business there. I will ask the Moon Princess to take care of everyone."

Lei Yongzheng and the others looked at the rings in their hands and clenched them tightly. There was no need for them to exchange grateful words.

Yun Lintian looked around and couldn't find his master, as well as Yang Chen and his close friends. "Where is my master?"

"She is at the academy." Yan Tianming answered. "Yang Chen and the others, as well."

"I see." Yun Lintian nodded slightly. Perhaps none of them had any intention of leaving. That was why they didn't come to the conference.

"Emperor Yun, are there any other profound beast clans like ours over there?" Bi Xian asked.

"Please don't address me by that title. Just call me by my name like you used to, Senior." Yun Lintian said. "Yes. There are many profound beast clans in the Divine Realm. More precisely, there is the Heavenly Fox God Realm in the Western Divine Region."

Bi Xian and her daughter were stunned. Both of them knew their Heavenly Fox Clan might inherit the Heavenly Fox bloodline from the Divine Realm, but they didn't expect it to be true. Moreover, it was a God Realm even.

"Unfortunately, I didn't have time to visit the Western Divine Region. I don't know much about them." Yun Lintian said further.

Bi Xian took a deep breath and said. "I want to go there. Can you help me?"

Yun Lintian replied without hesitation. "There is a portal to the Heavenly Fox God Realm. It shouldn't be a problem."

"Thank you." Bi Xian said gratefully.

"What about the Golden Python Clan?" Jin Yang quickly asked.

"And the Deep Sea Naga Clan." Yu Rongxi echoed.

Yun Lintian shook his head. "I'm not sure about it, but I have never heard of them so far."

Tao Kang added. "Indeed. I have never heard of them. Maybe they are small clans."

Jin Yang and Yu Rongxi were disappointed upon hearing this.

"Don't worry. You can slowly find information about them later." Yun Lintian comforted them.

Jin Yang and Yu Rongxi nodded slightly but said nothing more.

Yun Lintian turned to look at Yan Yaoting and asked. "How is your study going, Senior?"

Yan Yaoting shook his head and said. "I caught a glimpse of the sword's power but couldn't comprehend it."

Yun Lintian said nothing and glanced at the wooden box behind Yan Yaoting.

Shua!

Suddenly, all seven swords broke out of the box and flew towards Yun Lintian, hovering around him.

Yun Lintian glanced briefly at them, and the seven swords shook violently. At the same time, the rust gradually disappeared, revealing their exquisite appearances.

Clang!

The seven swords vibrated, releasing their unique auras: fire, water, wind, lightning, wood, earth, and metal.

Yun Lintian nodded slightly and said. "They are indeed the swords of the Sword God."

"Sword God?" Yan Yaoting was puzzled.

"The term 'Sword God' refers to the Sword God Emperor of the Sword God Realm. He was the number one sword practitioner in the Divine Realm." Tao Kang took the initiative to explain. "I didn't expect to see his swords here."

Yan Yaoting and the others were surprised.

Yun Lintian waved his hand slightly, and the Heaven Piercing Sword suddenly appeared in the air, causing the seven swords to tremble. It was as if they had met their elder.

"I knew it..." Tao Kang's eyes widened in disbelief as he saw this scene. He had been suspicious about the identity of the Heaven Piercing Sword, but he couldn't be certain about it. Now, everything happened before his eyes. It was indeed the Sword God's number one sword.

The seven swords seemed to receive an instruction from the Heaven Piercing Sword. They quickly approached Yun Lintian, bowing their blades towards him.

At the same time, Yun Lintian could sense their requests to establish a connection. Obviously, they took the initiative to submit to him.

Yun Lintian wasn't in a hurry. He turned to Yan Yaoting and said. "Senior, I may have to take them away. I will do my best to compensate you."

Yan Yaoting waved his hand and said. "You don't have to compensate me. I just have no fate with them."

"Thank you." Yun Lintian said heavily as he accepted the seven swords.

After recognizing them, the seven swords immediately transformed into seven small pendants, which hung alongside the necklace of the Heaven Piercing Sword.

Yun Lintian then continued to answer their questions one after another before heading to Moonlight Peak.

Upon arriving, Yun Lintian immediately spotted a beautiful woman sitting beside a creek.

A smile appeared on his face as he said softly. "Big Sister Yingyue."

Jiang Yingyue turned around and smiled at him. "Welcome back."

Jiang Yingyue had now reached the fifth level of the Divine Foundation Realm. It could be seen that she hadn't forgotten to practice over the years. As a result, her temperament had undergone a significant transformation, becoming more beautiful and elegant than before.

Before Yun Lintian could say anything, he suddenly felt something rushing towards him. When he turned to look, Nantian Fengyu had already flown over and clung to him like a koala.

"Bad junior brother! You didn't even come back to look at your fifth sister." Nantian Fengyu pouted. Her voice was filled with resentment.

Chapter 1653 Looming Calamity (1)

Qingqing and Linlin were annoyed by Nantian Fengyu but chose not to say anything.

Yun Lintian gently patted Nantian Fengyu's back and said. "I'm sorry. I wish I could have returned earlier, but it couldn't be helped."

"Hmph! I don't care about it. You must bring me along this time." Nantian Fengyu snorted angrily.

"Yes, yes. I will bring you along." Yun Lintian quickly said.

"Welcome back, junior brother." Long Feiyan walked over and said.

"You have become stronger once again, third sister." Yun Lintian greeted her with a smile. Perhaps it was because of Long Feiyan's bloodline that she had already reached the ninth level of the Divine Foundation Realm. This progress was very impressive.

As for Nantian Fengyu, she had already broken through to the second level of the Divine Spirit Realm. It was extremely incredible.

"It's all thanks to the resources you have provided." Long Feiyan said with a smile.

During this period, Jiang Yingyue, Long Feiyan, Nantian Fengyu, and Lin Zixuan frequently stayed in the Land of Beyond Heaven to practice, and they also acquired a lot of resources from there.

"Where is Master?" Yun Lintian asked.

"She should be back from class soon." Jiang Yingyue said.

"The class?" Yun Lintian was surprised.

"Master has started teaching students again since you left." Jiang Yingyue explained.

"That's good for her." Yun Lintian was genuinely happy for Lin Zixuan.

"Brother Yun!" Suddenly, Yang Chen descended from the sky, accompanied by Hua Wanru, Qin Yaran, and the others.

Yun Lintian looked at them with a smile. "All of you have improved a lot."

The weakest among Yang Chen's group was already at the first level of the Divine Ascending Tribulation Realm, which was considered a remarkable rate of progress.

"No matter how much we have improved, it is impossible to catch up with you, Brother Yun." Yang Chen said with a smile.

Yang Chen had already reached the fourth level of the Divine Foundation Realm, yet he couldn't even catch a glimpse of Yun Lintian's strength.

"Brother Yun, how is the Divine Realm?" Bai Yun asked. "We didn't attend the conference because we have too many questions to ask you privately."

Yun Lintian laughed slightly and said. "Let's set the table and talk about it."

Immediately, everyone set the table and pulled out several delicacies before listening to Yun Lintian's experience.

"It's horrifying." Lan Shuiying spoke after listening to Yun Lintian's narration. "I never thought a God Emperor would be this powerful. A single wave of their hand could shatter our Azure World."

"Indeed." Bai Qingyi echoed. A hint of fear could be seen in his eyes. "I don't want to go anymore."

"It's not that exaggerated. Normally, you will have a slim chance of meeting them." Yun Lintian said. "However, the competitive environment over there is indeed more challenging. Although I hadn't directly experienced one, I often saw a few robberies."

"But it's also fine if you don't want to go. All of you can go to the Misty Cloud Sect to practice. The environment there is not inferior to that of mid-level stars."

"What?" Bai Qingyi and the others were stunned.

Yun Lintian smiled and said. "I'll show you later."

He turned to look at Yang Chen and continued speaking. "I had met some people from the Sun God Realm. I don't think it's suitable for you to go there."

"I will listen to you, Brother Yun." Yang Chen nodded firmly.

At that moment, Lin Zixuan gradually came into Yun Lintian's view, causing him to rise and welcome her. "Master."

Lin Zixuan smiled and said. "Welcome back."

Compared to when Yun Lintian left, Lin Zixuan's complexion had improved significantly. She seemed to embrace her new purpose in life and live by it. At the same time, her strength didn't improve much over the years. She had only reached the peak of the Divine Ascending Tribulation Realm.

When Yun Lintian saw his master's happy complexion, he immediately knew that she would never be able to leave the Azure World in this lifetime.

"You can talk first. Come to me when you're finished." Lin Zixuan said and walked towards her hut, followed by Jiang Yingyue and Long Feiyan.

"Your master has been teaching many students lately." Lan Shuiying spoke. "She is now considered the number one teacher here."

Yun Lintian nodded slightly. He could see that she was genuinely happy as a teacher now.

After conversing with everyone for a considerable amount of time, Yun Lintian politely excused himself and made his way to meet Lin Zixuan.

When Yun Lintian walked into the hut, Lin Zixuan poured a cup of tea for him and gestured for him to take a seat.

"I've heard about your experience. It's been hard on you." Lin Zixuan said softly. She couldn't imagine how difficult Yun Lintian's past decade had been.

"I'm fine, Master. It's not the first time I've been in this situation." Yun Lintian smiled.

Lin Zixuan went silent for a moment and sighed. "I feel ashamed that I cannot help you with anything."

"There is no need to feel bad, Master. This is something I have to face by myself." Yun Lintian said softly.

Lin Zixuan looked at him and said. "I will practice more from now on."

Yun Lintian wanted to say something but held back when he saw her determination. He nodded gently and said. "Come to the Moon Garden, Master."

"Yes." Lin Zixuan responded readily.

"By the way, Fourth Sister is doing fine now. She has become a true successor to the Mystic God Emperor." Yun Lintian spoke.

"That's good for her." Lin Zixuan was relieved to hear this and genuinely happy for her disciple. Wu Qingcheng's future was now limitless.

"Do you have something that you haven't told us?" Jiang Yingyue suddenly asked.

Yun Lintian was taken aback and fell silent for a moment before explaining. "There will be a major catastrophe coming soon. It could cause the entire Divine Realm to descend into chaos."

Yun Lintian then proceeded to explain the incident involving the Primordial God Tribe and the potential invasion of the Great Devil Realm.

Upon hearing this, everyone glanced at each other solemnly. Once something happened, the Azure World would undoubtedly be caught in the storm. At that time, everyone here would be nothing more than lambs waiting to be slaughtered.

"We will accompany you to the Divine Realm." Lin Zixuan suddenly spoke.

Yun Lintian and the others were surprised.

"We don't want to wait and die." Lin Zixuan said further. "No matter how good the environment here is, it's not comparable to the Divine Realm. If we want to improve our strength quickly, we must go there."

Chapter 1654 Looming Calamity (2)

Yun Lintian took a deep look at Lin Zixuan and knew it was impossible to persuade her at this moment. He said. "We will leave in a month. The place I will send everyone to is the Moon God Realm... Master. Your brother is safe and sound over there."

Lin Zixuan was surprised and quickly asked. "How is he?"

"Although he and his wife have lost all their privileges, they are doing well." Yun Lintian explained briefly. "You will see them later."

Lin Zixuan was relieved to hear this.

"What about Senior Lin?" Yun Lintian suddenly asked.

"I will talk to him later." Lin Zixuan replied.

Yun Lintian stayed with his master for a while before heading to Heavenly Cloud Mountain.

Upon arriving, Yun Lintian saw a beautiful young woman walking over with a big bamboo basket on her back. He smiled gently and asked. "Niuniu?"

The woman, Yun Niu, was startled for a second but then smiled brightly. "Brother Yun!"

She had heard about Yun Lintian's return two weeks ago and had been pestering her grandmother to see him. Unfortunately, Yun Xia didn't let her go in the end.

"You have grown into a beautiful young lady now." Yun Lintian sighed softly. "Time surely flies."

Yun Lintian left this world for a decade, but many things had changed. The little girl from the past had now blossomed into a stunning young lady.

Yun Niu blushed and said shyly. "Don't tease me, Brother Yun."

Yun Lintian laughed slightly and asked. "Are you going to make dinner?"

"Yes," Yun Niu replied. She glanced at a few fish in her basket and continued speaking. "I'm going to make fish stew today. Do you want to join us?"

"Of course." Yun Lintian said, taking over the bamboo basket from her before heading towards the village in the distance.

When Yun Lintian appeared with Yun Niu, the villagers quickly gathered around and greeted him one after another. These people were originally refugees from various parts of the Central Continent, and thanks to Yun Lintian, they finally found a safe place to stay.

"Why did Grandma Yun live here?" Yun Lintian asked curiously. Usually, Yun Xia would stay at the top of the mountain and rarely interact with anyone.

"Grandma often came to the village to teach people how to practice, and we would stay here from time to time." Yun Niu explained.

"I see." Yun Lintian was surprised to hear this and glanced at the villagers. These people probably didn't know how lucky they were to have a Divine Emperor personally teach them.

Soon, Yun Lintian and Yun Niu arrived at a bamboo hut at the back of the village. The hut was very small, and the decorations were simplistic and tidy. However, they also emitted an indescribable sense of tranquility and coziness.

Yun Xia wasn't surprised by Yun Lintian's visit. She glanced briefly at Yun Niu, who quickly excused herself and went to the kitchen.

"The Divine Transformation Realm's eighth level. Your progress is a bit faster than I thought." Yun Xia said as soon as she invited Yun Lintian to sit down.

"At least I didn't disappoint you, Grandma." Yun Lintian got straight to the point. "Grandma, I have met Senior Yun Yi."

"What did you say?" Yun Xia's expression changed for the first time. "Are you sure it's him?"

Yun Lintian didn't explain anything but transmitted a memory fragment to her.

After witnessing the memory, Yun Xia's entire body trembled. Her eyes, clouded with emotions, were filled with tears. There seemed to be an inexplicable relationship between Yun Yi and her.

Yun Lintian poured himself a cup of tea and calmly sipped it, waiting for Yun Xia to adjust her mood.

A moment later, Yun Xia calmed down and said. "He should be waiting outside."

"Yes." Yun Lintian nodded slightly.

Yun Xia said nothing, and her figure disappeared from the place.

"Eh? Where is Grandma?" Yun Niu came out of the kitchen and was surprised upon seeing Yun Lintian alone.

Yun Lintian smiled and said. "She will come back soon. Come. Brother will show you my skills today."

With that, he walked into the kitchen with Qingqing and Linlin.

Although puzzled, Yun Niu didn't dwell on it and followed Yun Lintian.

At this moment, Yun Xia appeared in the starry sky outside the Azure World. She carefully concealed her presence and searched the area.

"You shouldn't come out." A male voice suddenly resounded, causing Yun Xia to tremble.

Yun Xia turned around and saw Yun Yi calmly looking at her. Tears welled up in her eyes as she spoke. "Brother... Is it really you?... You're not dead?"

Yun Yi's eyes softened slightly when he saw this. "Do I look like a ghost here?"

Yun Xia wiped away her tears, and as she did, her appearance gradually transformed into that of a beautiful woman. If Yun Lintian and Yun Niu were here, they would be surprised by her appearance. Her countenance was no less impressive than any of Yun Lintian's women.

"I miss you so much." Yun Xia said softly and swiftly flew towards Yun Yi.

Yun Yi wanted to push her away, but he held back in the end and allowed her to hug him. He gently patted her back without saying anything.

The two of them were not blood-related siblings, but they grew up together since they were young. Their relationship was not inferior to that of real siblings. When Yun Xia heard about Yun Yi's departure, she felt an overwhelming urge to throw herself at the enemy. However, in the end, she was stopped by others.

Yun Xia left Yun Yi's embrace a while later and asked him. "How did you...?"

"It's a long story. In short, Master secretly sent me to the Great Devil Realm, where I spent most of my time waiting for the awakening of his successor." Yun Yi explained briefly.

He wiped away the tears on Yun Xia's face and spoke again. "You must have been very lonely all these years."

Yun Xia shook her head and said. "I still have our people by my side. Unlike you..."

"You know that I always love being alone." Yun Yi interrupted her with a chuckle.

"What about the other brothers?" Yun Xia asked expectantly.

Yun Yi shook his head. "No more. They had truly perished along with Master."

Yun Xia was disappointed upon hearing this.

"We don't have much time here. I have to tell you something." Yun Yi quickly said. "The barrier around Devil Valley is about to break. It should be within the next few months. At that time, I will take him to the valley."

Yun Xia's face immediately sank. She naturally understood the implications... The disaster was about to strike!

Chapter 1655 Looming Calamity (3)

"Did someone do it?" Yun Xia asked solemnly. From what she knew, the chances of the barrier around Devil Valley breaking were extremely low. Reaching this point was almost impossible unless someone was deliberately interfering with it.

Yun Yi responded. "Master often told me about this. The Devil Valley is like a ticking time bomb waiting to explode. When his successor appears, the barrier will be gone."

"Master had long anticipated this?" Yun Xia was surprised.

"Honestly speaking, I believe it was Master who did it." Yun Yi spoke. "He once entered the valley and left the Dark Pearl behind."

Yun Xia was shocked upon hearing this. "But why?"

Yun Yi shook his head. "You also know it's impossible to guess our Master's mind."

Yun Xia frowned deeply. Without a doubt, there was a reason behind this, and there was no way for her to guess what it was. Why would he want to destroy the Divine Realm?

There were numerous ancient beasts inside Devil Valley, and each one of them had the potential to rival a god emperor. Once they emerged, the entire Divine Realm would descend into chaos. Countless people would die.

"But his strength..." Yun Xia shook her head, her expression heavy. She thought Yun Lintian finally had a chance to catch up with the enemy as long as he maintained his current pace of progress. Unfortunately, it was still far behind at this point.

"Trust our Master. Since he could foresee many things ahead of time, this must also be his purpose." Yun Yi said calmly. He had never doubted the vision of the Beyond Heaven King, as it had been proven correct many times in the past.

"I will leave with you." Yun Xia said with a serious expression.

Yun Yi shook his head and said. "No. You must stay here. Although Dragon Princess is here, her alone is not enough."

"Brother..." Yun Xia wanted to say something but was interrupted midway.

"No need to say anything further. Everyone has their own role to play." Yun Yi said.

Yun Xia fell silent for a moment and resigned herself to her fate. "Understood."

Yun Yi patted her head gently and spoke softly. "Live well."

Yun Xia bit her lip and locked eyes with Yun Yi. She knew what was coming next for him. As the protector of Yun Lintian, he was bound to face enemies from all directions.

"Go back." Yun Yi retracted his hand and said. "Don't tell him about this. Wait until he takes the initiative to leave."

"He will send people to the Moon God Realm in a month." Yun Xia spoke. "He will definitely notice something during that time."

Yun Yi nodded in response.

"Be careful, Brother." Yun Xia said softly and reluctantly returned to the Azure World. She also didn't forget to revert her experience back to that of the old woman.

Yun Yi watched as his beloved sister walked away, then tilted his head to look in a specific direction. He stared at it for a while before his entire being faded into the void.

Bang! Bang!

The barrier around Devil Valley trembled violently due to the impact from within.

Bi Zhelan stared at the barrier, deep in thought. A hint of worry could be seen in her eyes. Once the barrier broke, the Western Divine Region would be the first to bear the brunt. She didn't want to witness such a scene.

"Master, we should evacuate as soon as possible." A beautiful woman, who was standing on the side, said. She was the first guardian of the Heavenly Fox Clan, Bi Shi.

Bi Zhelan remained silent for a long time before making a decision. "Send our people to the Moon God Realm, and all the elders will remain behind with me. We have to protect our home until the end."

Bi Shi replied solemnly. "Understood."

Bang! Crack!

The barrier trembled once again, and a small crack could be seen in it. An eerie aura slowly permeated, sending a chill down the spines of Bi Zhelan and Bi Shi.

At this moment, a terrifying beast's eye emerged from behind the crack. It stared coldly at Bi Zhelan and Bi Shi until the barrier slowly repaired itself.

"That..." Bi Shi didn't know what to say at the moment because the aura emanating from the eye was horrifying. Even she, who was at the peak of the Divine Emperor Realm, couldn't calm down.

Bi Zhelan took a deep breath and said. "Go."

Bi Shi regained her composure and quickly left.

Bi Zhelan stared at the barrier for a moment before turning around and vanishing from the area. She needed to make further preparations for the impending disaster.

"You're back, Grandma." Yun Niu quickly greeted Yun Xia while carrying a few dishes in her hands.

Yun Xia looked at her and said. "I will send you to the Land of Beyond Heaven later. You have to stay there and practice diligently from now on."

"Ah?" Yun Niu was stunned. "What's wrong, Grandma?"

Usually, Yun Xia wasn't strict about her training. Why did she suddenly say this?

Yun Lintian walked out of the kitchen and glanced at Yun Xia. "What happened, Grandma? Did he say something?"

Yun Xia shook her head slightly and said. "Since the environment inside the Land of Beyond Heaven has improved, it's time for

Niu'er practices hard. She has been fooling around for too long."

After hearing this, Yun Niu turned to look at Yun Lintian with a pitiful expression. She didn't want to practice hard at all.

Yun Lintian had a suspicion in his heart, but he knew that Yun Xia would never tell him. He gently patted Yun Niu's head and said. "It's fine. There are many people around your age over there. You will have more friends this way."

"Really?" Yun Niu's eyes lit up. The unwillingness in her heart had disappeared entirely.

"Yes. You will see it soon." Yun Lintian smiled. "Let's eat first."

After the meal, Yun Lintian calmly sipped tea while waiting for Yun Niu to clean the dishes.

"Show me the armor." Yun Xia suddenly said.

Yun Lintian nodded and took out the white armor he had never used.

Yun Xia took it away and tapped her finger on it a few times. Immediately, the armor released a tyrannical aura, but Yun Xia quickly suppressed it.

"I have unlocked a few seals suitable for your current strength. It is capable of withstanding an attack from any peak Divine Emperor. However, the energy consumption is quite huge. You must learn how to use it effectively on your own." Yun Xia explained.

Chapter 1656 Golden Crow And Black Turtle

Yun Lintian received the armor from Yun Xia and slowly put it on himself. Immediately, a bright white light flashed, and the armor quickly adjusted its size to fit his body.

The armor gave Yun Lintian a sense of security and the illusion that no one could harm him again.

"It's so handsome." Qingqing smiled brightly as she gazed at Yun Lintian without blinking.

Meanwhile, Linlin stretched her paw out to touch the armor a few times and said. "It's powerful."

Yun Lintian stepped back and infused his divine energy into the armor. Immediately, a faint white barrier appeared around him. It was so faint that one couldn't see it with the naked eye.

"This barrier... It should be able to withstand an attack from a God Emperor." Yun Lintian said uncertainly.

Before Yun Lintian could say anything further, a white light suddenly shot towards him.

Bang!

Immediately, Yun Lintian was sent flying out of the hut and smashed into a hill in the far distance. The nearby villagers looked at him dumbfounded.

"Cough!" Yun Lintian coughed a few times and climbed out of the hill. He quickly checked his body and saw a bruised wound on his chest. However, there was nothing more than that.

Yun Lintian immediately understood the capabilities of the armor. If it were his body alone, his bones would undoubtedly have been broken by the earlier attack.

He channeled his divine energy to treat the wound and took a step forward, returning to the broken hut in a flash.

At this moment, Yun Xia remained calmly seated in her seat as if nothing had happened.

Yun Lintian looked at her and said with a wry smile. "You should have told me first, Grandma."

"Do you think your enemy will tell you beforehand?" Yun Xia responded calmly.

"Ugh..." Yun Lintian was at a loss for words.

"As you can see, it's not enough to protect yourself from an attack by a god emperor." Yun Xia said further. "Wait until you reach the Divine Sovereign Realm, and then it should be possible to unlock all the seals."

Yun Lintian nodded slightly and put the armor away.

Yun Niu came out of the kitchen and said. "Wait a moment, Brother Yun. I will pack my things first."

With that, she went to her room and quickly packed her belongings.

"What about you, Grandma? Do you want to come with us?" Yun Lintian asked.

"No," Yun Xia shook her head slightly. "Tell me before you leave."

"Alright." Yun Lintian nodded and left the mountain with Yun Niu, returning to the Moon Garden.

"Wow. The scenery here is so beautiful." Yun Niu said with excitement. This was her first time visiting the Moon Garden.

"There's a better place." Qingqing curled her lips.

"Really?" Yun Niu was taken aback. "Where is it?"

Yun Lintian was about to say something, but he suddenly caught a glimpse of Long Qingxuan in the far distance.

He turned to Qingqing and Linlin. "Take Niuniu to the Land of Beyond Heaven first. Brother has something to do."

Linlin glanced at Long Qingxuan and responded. "Mhm."

With that, the two of them quickly took Yun Niu away.

Yun Lintian took a deep breath and walked toward Long Qingxuan. For this woman, he had no idea how to treat her. Technically, he should regard her as his woman, but Long Qingxuan obviously had no feelings for him.

Yun Lintian halted his steps a few meters away from her and said. "Congratulations on finding your fellow clan members."

With her back facing him, Long Qingxuan said calmly. "You shouldn't come back."

Yun Lintian didn't know how to respond to this. He could only remain silent.

"Whom did you meet inside the Sea of Stars?" Long Qingxuan asked.

Although puzzled, Yun Lintian quickly recounted his experience inside the Sea of Stars.

Long Qingxuan fell silent after listening to his narration. She remained silent for a long time, to the point where Yun Lintian didn't know if she had fallen asleep.

"You must leave as soon as possible. Go to the Death Sea in the Southern Divine Region and find the Immortal Grass. It will help you find a trace of the Black Turtle God's blood origin." Long Qingxuan suddenly spoke. "It is a shortcut for you to enhance your strength."

"Black Turtle God..." Yun Lintian muttered to himself.

Among the divine beasts he had encountered so far, the Black Turtle God and the Golden Crow God were extremely mysterious. He always believed that they had perished in the Primordial God Tribe's incident, but it appeared that this was not the case.

Similar to the Dragon God and the others, it seemed that they had left their inheritances somewhere.

"In the far north, there is a place called the Neverending Burning Hell. When you arrive there, the Divine Phoenix and Vermilion Bird bloodlines in your body will guide you to the location of the Golden Crow God's blood origin." Long Qingxuan continued speaking.

"Once you fully refine these two bloodlines, your strength should reach at least the mid-level of the Divine King Realm."

Yun Lintian had a pensive expression. Compared to the Black Turtle God, he might as well head to the Neverending Burning Hell first. After all, it seemed easier to find the Golden Crow God's blood origin.

A moment later, he took out the Soul Pearl he had obtained from the Nine Heavens Staircase and handed it to Long Qingxuan. "I got this from the Sea of Stars. It should be useful for you."

Long Qingxuan's soul had almost completely recovered since she did that with Yun Lintian. With this pearl, she would be able to recover faster.

Long Qingxuan turned around and took the pearl. Her eyes were closed, as usual, as she spoke. "Don't worry about this place. I will stay here... Go ahead."

Yun Lintian hesitated briefly and said. "I hope you can notify me if you encounter any danger. Also, please do not push yourself too hard. Just leave if you cannot handle the enemy. Your life is more important."

With that, he turned around and quickly left, fearing that she would slap him.

Long Qingxuan watched as Yun Lintian ran away and glanced at the pearl in her hand. The corner of her mouth curved up slightly.

A month passed by very quickly. During this period, Yun Lintian spent his time helping everyone with their training and breakthroughs. He wanted to ensure they were prepared before going to the Moon God Realm.

"Everyone is here." Inside the Land of Beyond Heaven, Yun Ruanyu approached Yun Lintian, who was sitting on the bank of the lake.

Yun Lintian tilted his head and said. "It's time already?... Well, let's go."

Chapter 1657 Returning To The Divine Realm

On Misty Cloud Peak, more than a thousand people had gathered here. These individuals were the ones who decided to enter the Divine Realm today. Some of them were not even monarchs, but they wanted to seek better opportunities up there.

Yun Lintian looked at the familiar and unfamiliar faces and spoke calmly. "I believe all of you have already thought it through before coming here. So, I will not confirm it again."

"The place where I will send all of you is called the Rising Sun Realm. It is a mid-level star and relatively abundant in resources. Moreover, it has a transportation hub to other realms."

He waved his hand, and a bunch of storage rings flew towards everyone. "As I mentioned before, these resources should be enough for the early stage. You have to rely on yourself for the rest."

"We thank Emperor Yun for your generosity." Someone in the crowd spoke, and the others quickly followed.

Yun Lintian nodded and continued speaking. "Remember, do not reveal your origin no matter what. This is for your safety."

He opened his hand slightly, and the profound ark that Yu Wuying had given him appeared in the air above everyone. "Let's go up."

With that, he jumped onto the profound ark with Linlin and Qingqing. Yun Qianxue, Lin Xinyao, Yun Ruanyu, Lin Zixuan, Lei Yongzheng, Bi Xian, and the others had also followed suit.

All of the original elders of the Misty Cloud Sect, including Yun Lintian's senior sisters and friends, basically left on this trip with Yun Lintian.

When everyone boarded the ark, Yun Lintian double-checked everything and steered the ark towards the sky.

In the far distance, Yun Xia and Yun Niu silently watched as the ark slowly disappeared into the clouds.

"Grandma, will Big Brother Yun come back?" Yun Niu asked. There was a hint of sadness in her eyes. She didn't want to part with him.

"He will." Yun Xia replied calmly. "Let's go back. You have to practice more today."

"Mhm." Yun Niu responded softly and obediently followed Yun Xia to the Moon Garden.

The profound ark slowly passed through the Dragon Sealing Formation and departed from the Azure World.

"So, this is the outside world." Lei Yongzheng said softly as he gazed at the starry sky before him. He had imagined various scenes in his mind, but the reality was simple yet mysterious.

"Our star is actually this small." Yu Rongxi spoke as she gazed at the Azure World. Compared to the thousands of stars in the starry sky, the Azure World was an insignificant presence. She couldn't imagine how large those high-level stars were.

Everyone was fascinated by the novel scenery and whispered to each other from time to time.

Yun Lintian looked at everyone and said. "I'll increase the speed now. Try your best to conceal your aura."

With that, he immediately injected Divine Stones into the ark and pushed the speed to its maximum.

Inside the cabin, Hongyue and Madam Leisure gazed at the starry sky through the window. Their expressions were not good, as if they were troubled by something.

"This aura..." Hongyue frowned deeply.

"Without a doubt, it's the aura of Devil Valley." Madam Leisure said solemnly. "The fact that it has reached the Eastern Divine Region proves that something has happened to the valley's barrier."

"Had Yao Xi spoken about this?" Hongyue asked.

"She once said that the barrier would eventually disappear." Madam Leisure replied. "But I didn't expect it to happen so soon."

Hongyue fell silent. She decided to return to the Moon God Realm this time because she wanted to reconstruct her body as soon as possible. It seemed that time was not enough.

"Hmm?" Madam Leisure suddenly noticed something and looked outside.

At this moment, a group of pirate ships formed a blockade in the path ahead. When the pirates saw Yun Lintian's profound ark flying overhead, they quickly dispersed, ready to encircle it.

"It's a high level ark. This person must be very wealthy." One of the pirates spoke while licking his lips. His eyes fixated greedily on the approaching majestic ark.

Lei Yongzheng and the others could feel a terrifying pressure emanating from the fleet of ships in the far distance. It made everyone realize how weak they were.

Yun Lintian squinted his eyes at the group of pirates. He didn't expect to meet them so soon.

"Control the ark. No need to lower the speed." He spoke to Yun Lingwei and walked to the deck.

Yun Lintian instructed everyone to step back and then opened his palm. Immediately, a long red sword appeared in his hand. It was the fire sword, one of the seven swords.

"What is he going to do?" One of the pirates noticed Yun Lintian's movements. "Don't tell me he is going to attack us?"

"Hah. Looks like we encountered a group of idiots." Another pirate sneered.

However, the pirates suddenly saw Yun Lintian raise his sword, and horrifying flames immediately ignited around the blade, extending to the starry sky above.

"What the...?" The pirates were shocked when they realized the power emanating from the sword.

"Kill." Yun Lintian stared at them coldly and swung the sword horizontally.

Instantly, a terrifying flame arc swept through space towards the pirate ships.

BOOOM!

Before the pirates could react, their bodies and ships were instantly cut in half and set ablaze.

Shrill screams could be heard everywhere as the pirates were engulfed in flames, turning into human torches. They tried their best to suppress the flames, but their efforts were futile. The flames could not be extinguished at all!

"What a terrifying sword intent." Yan Yaoting sucked in a breath of cold air as he gazed upon the tragic scene. Obviously, these ships had their own defensive mechanism, yet they couldn't even handle Yun Lintian's strike.

Meanwhile, Yang Chen and the others looked at Yun Lintian with admiration. They finally realized how powerful Yun Lintian was.

Yun Lintian put the sword away and returned to the cockpit as if nothing had happened.

Everyone glanced at each other and silently surveyed the corpses and remnants of the ship scattered around the area as the profound ark sailed past them. Perhaps these pirates would be them in the future.

A week passed by in a flash. During this period, Yun Lintian encountered several groups of pirates, but none of them could stop him.

The profound ark sailed swiftly and finally arrived in the Rising Sun Realm.

Yun Lintian found a place near a major city to land.

"As you can see, the city ahead is one of the four major cities in the Rising Sun Realm. You can stay there to familiarize yourself with the environment first before going elsewhere. I wish you good luck."

Chapter 1658 Reunion (1)

"Thank you for bringing us here, Emperor Yun. We will leave first." The group of people spoke and quickly left the profound ark, heading towards the city in the far distance.

"I don't know how many will succeed in the end." Bai Qingyi said softly.

"Brother Yun has helped them greatly. It's much better than the ascenders of the past. If they couldn't survive this, there was nothing we could do." Lan Shuiying spoke.

Yun Lintian didn't say anything. He watched everyone enter the city and immediately set off towards the Moon God Realm.

After the group of people left, the atmosphere in the profound ark became relaxed, and everyone gathered together, finding a topic to discuss to pass the time.

"Who is the strongest God Emperor in the Eastern Divine Region, Brother Yun?" Bai Yun asked. He had always been curious about the thirty-four God Emperors and wanted to learn more about them.

"Well, I have met three of the Eastern Divine Region's God Emperors so far. It is difficult to say." Yun Lintian didn't hide anything. "However, I believe that the Rain God Emperor is the strongest one."

Yun Lintian had a good impression of Yu Wuying, and the strength she displayed back then was in no way inferior to that of the Thousand Faces God Emperor.

"I wish I could meet them later." Bai Yun sighed softly.

"Why do you want to meet them, brother?" Bai Qingyi looked at him with a strange expression.

"Don't you wonder about the most powerful beings in the Divine Realm?" Bai Yun responded.

Bai Qingyi rolled his eyes and said. "Of course, I'm curious. But how could it be easy to meet them?"

Yun Lintian smiled and said nothing further. The topic changed, and everyone continued to discuss it further.

A few days later, the profound ark finally entered the Central Divine Region. Yun Lintian immediately sensed a peculiar aura in the starry sky, prompting him to instinctively scan his surroundings using the Eyes of Heaven.

"Dark aura?" Yun Lintian frowned deeply when he saw a trace of a dark aura lingering around the space. This aura was obviously similar to that of the devils he had encountered in the past, but it was heavier and more ancient.

"What is it?" Yun Qianxue noticed Yun Lintian's solemn expression and asked him.

Yun Lintian shook his head and said. "I don't know. Maybe some devils had traveled past this place and left their auras behind."

"Devils?" Lei Yongzheng was puzzled. "How did they manage to reach the Divine Realm?"

"I'm not sure about it." Yun Lintian replied.

"They sneaked through the crack in the wall." Madam Leisure's voice resounded, capturing everyone's attention.

She walked slowly onto the deck and continued speaking. "There will come a time when the wall of the Divine Realm weakens, and they seize this opportunity to pry it open."

"In the past, all the God Emperors had jointly set up a watcher group to monitor the Divine Realm's wall and prevent these devils from entering. Unfortunately, they have disbanded due to conflicts between the God Emperors."

"No more?" Yun Lintian asked.

"Of course. There are still some people who keep their eyes on the wall, but it's impossible for them to cover the entire Divine Realm." Madam Leisure explained. "Compared to the past, it seems easier for devils to cross over now. I'm not surprised to see one soon."

Lei Yongzheng and the others tensed up when they heard this. Their current strength couldn't even be compared to that of ants. Once they encountered devils, they would undoubtedly perish.

"Is there a way to locate them?" Shen Liqiu asked.

"As you can see, this place is incredibly vast. Even if you have a method to track them down, it's unrealistic to search the entire Divine Realm." Madam Leisure answered calmly.

She looked at Yun Lintian and continued speaking. "The Beyond Heaven King had created a monitoring system, but it was destroyed in the previous war. Perhaps you can recreate it later."

Yun Lintian nodded slowly. During the past month, Yun Lintian frequently spent time in the library to expand his knowledge and learn new arts. Unfortunately, most of the crucial information-related books were missing. It was as if the Beyond Heaven King had deliberately hidden them from him.

He couldn't understand why the Beyond Heaven King did that. What was the benefit of doing this?

"It's not easy at all." Yang Mengli sighed.

"This matter is too far from us. It should be the God Emperors who have to beware of this problem."
Hua Litong spoke.

Everyone nodded in agreement.

Three days later, the profound ark slowly approached a massive star resembling a radiant moon. Its light covered a large area in the starry sky. When Yun Lintian's group drew closer, everyone could feel a majestic aura emanating from the star.

"This is the Moon God Realm." Yun Lintian spoke.

"It's so huge." Shen Liqiu exclaimed. This star was several times larger than the other stars she had ever seen.

Lin Xinyao looked at the Moon God Realm with a hint of complexity in her eyes. She had been preparing herself to meet her "parents" for the past month but still felt strange when she was about to see them.

Yun Lintian seemed to notice this and reached out to hold her hand, silently offering his support. He could understand her current feelings.

"Stop. Our Moon God Realm does not welcome travelers. Go back immediately." Suddenly, a cold female voice resounded, and a beautiful woman slowly emerged from the void.

"Divine Emperor..." Yang Chen muttered to himself. Without a doubt, the woman standing before everyone was a genuine Divine Emperor.

Yun Lintian raised his head to look at her and removed his disguise. He cupped his fists and said. "I'm sorry for coming without informing you in advance. My surname is Yun."

When he said this, Yun Lintian took out the hairpin that Yue Hua had given him.

The woman immediately recognized Yun Lintian's identity. Especially the aura of Yue Hua in the hairpin. Without a doubt, he was the real Yun Lintian.

"Please follow me." The woman's voice softened a few degrees.

Yun Lintian didn't say anything further and controlled the profound ark, following her into the Moon God Realm.

"The aura..." The first thing everyone noticed upon entering the Moon God Realm was the overwhelming presence of divine energy. As someone from the lower realm, they could feel the difference clearly. The aura here was thousands of times better than that of the Azure World's...

Chapter 1659 Reunion (2)

The profound ark slowly approached the Divine Moon Peak under the guidance of the female Divine Emperor. Along the way, Han Bingling and the others were captivated by the enigmatic scenery and the magnificent environment. As long as they practiced here, it wouldn't take them long to reach the Divine King Realm. Perhaps five hundred years were more than enough.

Inside the cabin, Hongyue gazed upon the familiar yet unfamiliar scenery with a tinge of emotion. It had been several years since she left this place, and she was certain she had no chance of returning. But here she was.

No matter how much Hongyue resented Yue Hua, the Moon God Realm was her home—a home that belonged to her and her sister.

"It didn't change much." Madam Leisure spoke. "It seems that no one dares to approach this place during your absence."

Hongyue sneered. "Those bastards are nothing but cowards. How could they dare to come here?"

Madam Leisure looked at her and asked gently. "According to Yun Lintian, the current Moon Princess is quite talented. How are you going to deal with her?"

Hongyue glanced at her and replied calmly. "I have no intention of reclaiming my position."

Madam Leisure wasn't surprised by Hongyue's answer. She spoke. "It will be Xinyao's problem then."

Hongyue turned to look at the scenery outside without saying anything.

The title of Moon Princess might seem ordinary, but it played a significant role in controlling the Moon God Realm. Whoever inherited the title would become the master of the realm, with everyone under their command.

If Lin Xinyao wanted to become the Moon Princess in the future, she must compete with Yue Chuntao for it. This was the tradition of the Moon God Realm.

Soon, the profound ark slowly landed at the foot of Divine Moon Peak, and Yun Lintian and the others quickly disembarked.

"Please wait here for a moment." The female Divine Emperor spoke, and her figure disappeared from the place.

Yun Lintian looked at everyone and said. "This place will be your training ground from now on. All of you can stay here at ease."

"It's amazing." Shen Liqiu looked around and sighed. "No wonder people here can become so strong. Even a fool can become a top practitioner in this environment."

"Indeed." Lei Yongzheng echoed. He had lived for thousands of years, but he still couldn't suppress the excitement in his heart when faced with such a situation.

"The Moon God Realm is currently in a closed state. All of you can only stay here." Yun Lintian explained.

"Where else should we go? With this kind of environment, I don't think we want to leave again." Hua Litong spoke. Her statement gained everyone's approval.

Yun Lintian wanted to say something further, but he suddenly sensed something.

At this moment, Ning Yue flew over at the fastest speed. Her eyes were fixed on Yun Lintian as she cried out. "Big Brother Yun!"

Her appearance immediately caught everyone's attention.

"Yueyue." Yun Lintian said softly.

Ning Yue's appearance hadn't changed much from a decade ago, but her temperament had improved significantly. Her strength had also reached the peak of the Divine Origin Realm, on the verge of stepping into the Divine Tribulation Realm.

Inside the cabin, Madam Leisure and Hongyue glanced at each other in surprise. They could sense the unusual aura emanating from Ning Yue's body.

"It's really the World Tree." Madam Leisure said. She would never forget the aura of the World Tree that she had been watching for thousands of years.

Hongyue said in doubt. "She is clearly not your junior sister. How could the World Tree appear in her body?"

Madam Leisure frowned deeply. She had no idea either.

Ning Yue landed in front of Yun Lintian. Her eyes were filled with tears of happiness as she spoke. "Welcome back."

Yun Lintian gently patted her head and said. "I'm back. You have grown up a lot, huh?"

Ning Yue wiped away the tears and smiled. "I'm still weak and unable to help Big Brother Yun like I used to."

"Your progress speed is already considered a miracle. You don't have to belittle yourself." Yun Lintian said softly.

He turned around to look at everyone and said. "This is Ning Yue. Ning Yue, these people are Big Brother's friends and family."

Ning Yue was surprised. She quickly bowed her head and said respectfully. "Hello, everyone. I'm Ning Yue. Please take care of me."

"Since you are Lintian's sister, you don't have to be polite with us." Han Bingling stepped forward and helped Ning Yue up. "We will be a family from now on."

As she spoke the latter part, she didn't forget to give Yun Lintian a meaningful smile.

Yun Lintian suddenly felt a chill running down his spine.

Ning Yue was moved when she heard this. The word "family" had become an unforgettable pain ever since she lost her parents. She didn't expect to have someone who cared about her again one day.

"Heh. You don't seem to be missing an arm or a leg." A sneer echoed from the far distance as a small figure flew over. This person was naturally Yue Chuntao.

"Fifth Sister?" Long Feiyan looked at Yue Chuntao and blurted out.

Han Bingling and the others had also glanced subconsciously at Nantian Fengyu and Yue Chuntao. Although their facial appearances were not the same, the vibes they emitted were almost identical. If they didn't know beforehand, they would think that both of them were long-lost siblings.

Nantian Fengyu stared at her "twin" with a frown. For some reason, Yue Chuntao gave her an irritating sensation. Unfortunately, she was too weak to confront her.

Yue Chuntao slowly landed and scanned her gaze over everyone. A look of surprise appeared on her face when she noticed Lin Xinyao. "This must be Aunty Xiurong's daughter."

"Junior Lin Xinyao greets the Moon Princess." Lin Xinyao bowed her head gently.

Yue Chuntao waved her hand to help Lin Xinyao up and said with a smile. "I don't like such a ceremony. Since you are Aunty Xiurong's daughter, it means you are a member of the Divine Moon Clan. Naturally, you don't need to be polite."

She turned to Yun Lintian and said. "So, you returned to your home. Heh. Yueyue has been thinking of you day and night, yet you haven't even informed her."

Yun Lintian opened his arms. "It couldn't be helped. The situation wasn't good at that time."

"Hmph!" Yue Chuntao snorted coldly. "All of you, come with me."

Chapter 1660 Reunion (3)

Yun Lintian's group quickly followed Yue Chuntao's guidance to reach the top of the Divine Moon Peak. When they arrived, they could see Yue Hua standing there, gazing at the moon.

Yue Hua exuded no aura, but her unique temperament caused Han Bingling and the others to instinctively lower their heads.

"Grandma." Yue Chuntao called out softly.

Yue Hua lowered her head to look at everyone and said calmly. "Welcome to the Moon God Realm. My name is Yue Hua. You can call me Grandma Yue directly."

"We pay our respects to Grandma Yue." Yun Qianxue took the lead in speaking, and everyone quickly followed.

"All of you are very talented." Yue Hua turned to look at Yue Qi. "Bring everyone to their respective residences first."

"Yes." Yue Qi responded promptly. He looked at everyone and said. "Please come with me."

Yun Lintian spoke to everyone. "Take a good rest first, everyone. We will talk again tomorrow... Xinyao, stay here."

Yue Qianxue and the others were aware of the situation and left with Yue Qi.

"May I see my younger brother?" Lin Zixuan suddenly asked.

Yun Lintian looked at Yue Qi and said. "She is my master and Uncle Lin's older sister. Please bring her to Uncle Lin's residence, Senior."

Yue Qi was surprised and gazed deeply at Lin Zixuan. To become Yun Lintian's master, there must be something special about her. He responded. "No problem."

After Yue Qi and the others left, Yue Hua turned to Lin Xinyao and greeted her with a warm smile. "I'm glad that you have decided to come here. With your Divine Moon Physique, you will definitely become a God Emperor in the near future." nove/lb-1n

Before Lin Xinyao could respond, a cold snort suddenly resounded from behind. "Hmph! You are still trying to deceive people as usual."

Yue Hua trembled slightly upon hearing the voice. She raised her head slightly to look at the ethereal figure that appeared in her cloudy vision, and time seemed to stand still for her.

Hongyue slowly descended and landed beside Yun Lintian, with Madam Leisure following closely behind.

Yue Chuntao's eyes widened in astonishment as she stared at Hongyue. "You are... the First Moon Princess."

Although she had never seen Hongyue's picture before, it wasn't difficult to guess her identity. Not to mention, Yun Lintian had previously told her about Hongyue.

Hongyue glanced at Yue Chuntao and said calmly. "Not bad. Your talent is slightly better than Yue Meng's."

Yue Meng, in Hongyue's words, was a former leader of the Moon Guardian and had the opportunity to become a God Emperor. Unfortunately, she lost her life while trying to buy time for Hongyue during the incident involving the Primordial God Tribe.

Yue Chuntao regained her composure and promptly dropped to one knee. "Junior Chuntao pays respects to the First Moon Princess."

Hongyue said calmly. "Get up. Looks like this old hag never taught you about the meaning of the Moon Princess's title... Remember. You are not allowed to kneel again for the rest of your life."

Yue Chuntao was stunned and did not know what to do at that moment... What did Hongyue just call Yue Hua? Old Hag?

Meanwhile, Yun Lintian, Lin Xinyao, and Madam Leisure silently watched everything unfold.

Yue Hua took a deep breath and spoke in a deep voice. "You have finally come back."

Hongyue curled her lips. "I came here to see how you die. How is it? Have you prepared your own coffin? If not, I am more than happy to provide one for you."

The atmosphere became tense. The outsiders like Yun Lintian and the others could only hold their breath at the moment.

Yue Hua didn't appear to be affected by Hongyue's harsh words. She opened her hand, and a storage ring appeared. "I have already prepared everything for you."

A hint of surprise appeared in Hongyue's eyes. She was well aware of how difficult it was to obtain these materials. Yue Hua could actually gather all of them within a decade.

"It seems like you've spent a lot of energy, heh? How did you obtain them? Using your so-called status to beg around?" Hongyue said in contempt.

"No. Grandma Hua used her power to trade for them." Yue Chuntao suddenly spoke up. She didn't want Hongyue to further insult Yue Hua.

However, Hongyue didn't seem to appreciate it. She laughed and said. "Hahaha! I didn't expect the dignified Priestess of the Moon Yue Hua to stoop to this level. You actually become someone's dog just to exchange for these things?"

"You..." Yue Chuntao was immediately angry. She didn't expect the First Moon Princess, whom she respected, to be like this. Did she know that Yue Hua had to exchange her lifespan in order to use her power? Why couldn't she appreciate it?

Yue Hua raised her hand to stop Yue Chuntao and calmly said to Hongyue. "Take it. You must have already known about the upcoming calamity."

Hongyue stared at Yue Hua for a while and said coldly. "Very good."

She waved her hand, and the storage ring flew towards her.

"Your residence is still there. No one has entered it since you left." Yue Hua said further.

"Hmph!" Hongyue snorted coldly and swiftly flew away.

Yue Chuntao couldn't hold back any longer and said angrily. "How could she be like this?"

"It's my fault. I deserve it." Yue Hua said calmly.

"Even so, she should have treated you better." Yue Chuntao didn't back down.

Yue Hua ignored her and focused her attention on Lin Xinyao. "Can you show me your power?"

Lin Xinyao glanced at Yun Lintian and saw him nod. She stepped forward, and her entire body was immediately enveloped by a majestic moonlight.

Yue Chuntao was slightly surprised. Obviously, Lin Xinyao's affinity with the moon energy was not inferior to hers in the slightest. It was even better, somehow.

A smile appeared on Yue Hua's face as soon as she saw the scene. She said. "The Divine Moon Physique and the profound vein transformed by the power of the Beyond Heaven King... I cannot fathom the extent of your capabilities."

Lin Xinyao retracted her power and said humbly. "Junior is simply lucky. Everything I have today was bestowed by my parents and husband."

Yue Hua shook her head. "No matter how good a sword is, it will always be useless in the hand of a monkey. Without your effort, you will never reach this point. You don't have to look down on yourself."

"Since you have already learned everything. I have nothing to teach you. You can stay here and practice at ease. I try my best to provide you with resources."

"Thank you, Grandma Yue." Lin Xinyao responded politely.

Yue Hua nodded slightly and shifted her gaze onto Madam Leisure. "You have the aura of Little Girl Yao Xi's place. Who are you?"
