

Myth Beyond 1671

Chapter 1671 Destined Enemy (1)

"Why don't you kill them?" Nantian Fengyu asked curiously.

Master Bai glanced at her and said arrogantly. "Do you spend your time killing ants?"

Nantian Fengyu didn't know how to respond.

Master Bai continued speaking. "Listen. Little Red Chicken Girl. When we consider ourselves superior, we don't care about insignificant people like them. You will understand what I said today when you become a bigger red chicken."

"Who is the Little Red Chicken Girl? Hmph!" Nantian Fengyu snorted in dissatisfaction.

Master Bai chuckled and turned to Yue Chuntao. "By the way. How is Senior Yue?"

"Grandma Hua is doing well." Yue Chuntao said with a hint of sorrow in her eyes.

Master Bai noticed the sadness in her eyes and chose not to say anything more. He made a rough calculation in his heart and realized that Yue Hua's days were numbered. Perhaps she would be gone within a few years.

Yun Lintian remained silent, as he was also powerless in this matter. No matter how powerful the relics were, it was impossible to prolong one's life indefinitely.

"Oh?" Master Bai suddenly glanced to his left side. "Go over there, boy. There is a good thing."

Yun Lintian was puzzled but still swam in that direction.

As Yun Lintian and the others drew closer, they could feel the change in temperature. It had become hotter, and the intensity of the fire element had also increased.

Soon, Yun Lintian saw a golden stone floating in the molten lava, radiating intense heat.

"Golden Burning Jade?" Yue Chuntao was surprised.

The Golden Burning Jade was one of the best fire treasures in the Divine Realm and was extremely rare. It must be in a suitable environment and at the right temperature to take its form. No one had ever seen it in the past ten thousand years.

"It's only a few thousand years old." Master Bai was disappointed. The Golden Burning Jade before him was too young and could not be used to enhance Yun Lintian's strength.

Master Bai used his power to pull the jade closer and push it towards Nantian Fengyu. "Take it and grow up quickly."

Nantian Fengyu wasn't polite and put it away.

"You can leave it to the volcano within the Land of Beyond Heaven for a few years. It will become much better." Yun Lintian said.

Nantian Fengyu nodded gently.

"Go this way." Master Bai pointed to the east, and Yun Lintian immediately set off once again.

A few minutes later, Yun Lintian's group quickly arrived in another pocket space. However, there was only one person here.

The person was a muscular man with a bare chest. His aura was tranquil, like a spring pool. With a glance, Yun Lintian could see that he was a body practitioner, and his strength had already reached the peak of the Divine Emperor Realm.

The man calmly opened his eyes and looked at Yun Lintian's group. "Did you take the jade away?"

Yun Lintian stared at him and replied calmly. "Yes. I took it away."

"Put it down and leave." The man spoke calmly, without displaying any emotions.

"Hoh. How arrogant." Master Bai looked at the man with great interest. "This aura. Are you a disciple of that Old Monk Cang?"

"Old Monk Cang...?" Yue Chuntao muttered to herself. A moment later, she seemed to think of someone. The Old Monk Cang, in Master Bai's words, should be none other than Cang Songqi, the Tranquil Mountain God Emperor of the Northern Divine Region.

The man looked at the white owl in surprise. It was at this moment that he noticed Master Bai's strength.

He stood up and clasped his hands together. "I am indeed his disciple. My name is Cang Shang. May I know your esteemed name, Senior?"

"You are not qualified to know." Master Bai said calmly. "Just tell your master I will visit him later and let him prepare a few jars of Thousand Nights Wine."

Cang Shang was stunned. The Thousand Nights Wine was the ultimate treasure of Tranquil Mountain. A droplet of it was more precious than millions of best-graded Divine Stones. How could this white owl ask for a few jars?

Master Bai appeared to see through his thoughts. He chuckled and said. "Just tell your master this, and he will understand. A few jars of wine cannot even pay the debt he owed me over the years."

"Oh. By the way. I was the one who took away that golden jade. Do you want to take it back?"

Cang Shang quickly shook his head. "Since Senior took a liking to it, I naturally don't dare to ask for it. Please forgive my ignorance previously."

"Good. It seems your master taught you well. You will have a bright future." Master Bai praised, causing Cang Shang's face to twitch.

Cang Shang hesitated and asked cautiously. "Does Senior plan to visit the Golden Crow God Temple?"

"Yes. Why?" Master Bai admitted generously.

"There are some changes around the temple over the years. The barrier has become more powerful. Moreover, there was a group of people coming recently. These people are mostly god emperor's descendants." Cang Shang said with a serious expression.

"Oh? Who are they?" Master Bai asked curiously.

"I have recognized two of them so far. They are the Everlasting Soul God Emperor's eldest son, Ling Zemin, and the Infinite Void God Emperor's son, Zhan Huan." Cang Shang replied truthfully.

"Heh." Master Bai let out a cold sneer upon hearing these familiar names. "Very good. I will collect some interests first."

His words were plain, yet everyone could feel chills running down their spines. It seemed that there was something going on between Master Bai and these two god emperors.

"Ling Zemin." Yun Lintian was surprised to hear that name. Both of them had recently separated, and now they were about to meet again. It looked like they were destined.

"Do you want to come with us?" Master Bai asked.

Cang Shang was surprised by Master Bai's unexpected invitation. Without hesitation, he responded. "Please take care of me, Senior."

"Lead the way." Master Bai said, and everyone quickly followed Cang Shang into the sea of lava.

While Yun Lintian's group was rushing towards the Golden Crow God Temple, Ling Zemin and Zhan Huan were leisurely sipping wine not far away from the temple.

"It's still getting more intense." Ling Zemin frowned as he looked at the blazing flames in the distance.

Zhan Huan glanced at the flames and said. "Perhaps something big is about to happen."

At that moment, Ling Chao walked over and said. "I just received the report. Our people recently discovered Yun Lintian's presence in the Northern Divine Region a few days ago. His goal should be this place."

Chapter 1672 Destined Enemy (2)

Zhan Huan looked at Ling Zemin and said with a smile. "How lucky. He literally walked into you before you could even execute your plan."

Ling Zemin frowned and asked. "Who is with him?"

"It's the Moon Princess." Ling Chao replied.

"Yue Chuntao?" Zhan Huan was surprised. "Well. It's not surprising, considering the past relationship between the Red Moon Princess and the Beyond Heaven King."

Ling Zemin thought for a moment and said. "Be prepared to escape at any moment."

Zhan Huan smiled playfully. "Didn't you say you could defeat him a while ago?"

Ling Zemin ignored Zhan Huan's teasing and said to Ling Chao. "Spread the news about him as fast as possible."

"It has already started." Ling Chao responded.

Ling Zemin nodded and lowered his head, pondering his plan. The reason he had to be cautious was Yun Yi's existence.

Since Yun Yi had been exposed to the world previously, many factions immediately gave up on targeting Yun Lintian. They couldn't afford to oppose him. That left only the top factions, such as the Heavenly Desolate God Realm, and those who held grudges against the Beyond Heaven King in the past.

This was why Yun Lintian didn't encounter anyone during his journey to the Neverending Burning Hell.

Zhan Huan's eyes flickered slightly as if he had something on his mind.

"We can rest here for a while." Yun Lintian looked at Yue Chuntao, who was sweating profusely and made a decision. As they dived deeper, the heat became so intense that even Yue Chuntao started to sweat.

Cang Shang was not an exception. His skin turned red from the intense heat.

Qingqing and Linlin were the same. They were drenched in sweat and appeared utterly exhausted.

Meanwhile, Yun Lintian and Nantian Fengyu had no problems. They could reach the Golden Crow God Temple in one go if they wanted.

Yun Lintian quickly set up an isolation barrier and released a cool breeze to alleviate the heat.

He conjured two ice tubs and placed Qingqing and Linlin inside them.

"Can I go back, Big Brother Yun?" Qingqing said with a pitiful expression. She didn't want to stay here anymore.

Yun Lintian used his power to alleviate the conditions of Qingqing and Linlin and said. "Bear with it for a while. Big brother will give you a big meal later."

Once Qingqing returned to the Land of Beyond Heaven, he would not be able to open the gate by himself.

Qingqing pouted and huddled herself in the ice tub.

Master Bai jumped out of Yun Lintian's head and landed on the edge of the ice tub. He looked at Cang Shang and asked. "How long have you been staying here?"

"Around two thousand years." Cang Shang replied as he wiped himself with a cold energy.

"When did it happen?" Master Bai asked further.

Cang Shang furrowed his brow as he replied. "It has become increasingly hot in the past sixty years. However, it has accelerated several times in the past decade."

Master Bai went silent for a moment and said. "So, that's how it is."

"What is it?" Nantian Fengyu asked curiously.

"That old woman definitely knew everything and chose to wake up this time. It must be his arrangement again." Master Bai said with a serious expression. "I'm really curious about how he calculated all of this. Even Senior Yue couldn't have predicted this far, right?"

While Cang Shang was puzzled, Yun Lintian and the others immediately understood. In short, the Golden Crow God must know the specific time of Yun Lintian's appearance, and it was likely that this information was given to her by the Beyond Heaven King.

The increase in temperature in this place was undoubtedly linked to the awakening of the Golden Crow God's blood origin.

Yun Lintian was also eager to know how the Beyond Heaven King had arranged everything so precisely. It was as if he had ridden a time machine to look at the future with his own eyes and plan everything out perfectly.

He looked into the relics in his body, but none of them could grant him the ability to glimpse into the future. How exactly did he do it?

Although curious, Cang Shang knew it was inappropriate to ask. He took a deep look at Yun Lintian and wondered about his background. What surprised him the most was how comfortable Yun Lintian could be in this scorching environment despite his low strength.

Cang Shang had never left this place for over two thousand years, so he naturally had no idea about the outside world. There was no way for him to correctly guess Yun Lintian's identity.

"Senior, how is your relationship with her?" Yue Chuntao suddenly asked.

"Our relationship?" Master Bai raised his head to look at the wall of lava in the distance. His mind slowly drifted into past memories buried deep in his heart.

"There isn't much to say. We have known each other for a very long time." Master Bai spoke calmly.

Yue Chuntao could sense a hint of sadness and reluctance in Master Bai's voice. Without a doubt, his relationship with the Golden Crown God must be very close.

At the same time, Yue Chuntao thought of the heroic deeds that Master Bai had done in the past.

During the war with the Primordial God Tribe, the entire Divine Realm was engulfed in chaos, and death was rampant. Especially commoners whose lives were worthless like grass. Millions were being killed daily, and no one had time to care about their plight.

However, Master Bai didn't hesitate to send his people out and bring hundreds of millions of people from around the Divine Realm to his realm. He also didn't hesitate to sacrifice the White Owl God Realm's God Emperor artifact in order to create an absolute barrier to protect them.

Master Bai could have used this artifact to save his own life in a critical moment, but instead, he chose to use it on unrelated people. His heroic actions were deemed useless by many, but also earned respect from many people.

Even in the final moments of his life, Master Bai still utilized everything he had to safeguard these people, allowing them to live in tranquility until their last day.

Yue Chuntao admired Master Bai greatly when she read about him and his actions.

Everyone fell silent for a long while until Master Bai spoke. "Let's get moving."

Yun Lintian and the others had rested enough and were ready to continue moving.

Yun Lintian's group continued to move through different pocket spaces until they reached the deepest part of the Neverending Burning Hell.

When Yun Lintian stepped into the vast space in front of him, he immediately recognized a familiar face.

"You arrived here faster than I expected." Ling Zemin stared coldly at Yun Lintian...

Chapter 1673 Destined Enemy (3)

Buzz—

As soon as Ling Zemin's voice fell, the space around Yun Lintian's group distorted, and a black dome immediately surrounded them.

Yun Lintian furrowed his brow as a powerful suppression fell upon him, threatening to take his life.

"Do you like the meeting gift I prepared for you?" Ling Zemin smiled coldly. "You were fortunate to be shielded by the lingering power of the Beyond Heaven King back then. I really want to see if you can still be lucky this time."

On the side, Zhan Huan attentively observed Yun Lintian's group. He could recognize Cang Shang and Linlin, but he had no idea about the white owl and the little girl on Yun Lintian's shoulders. For some reason, he had a foreboding in his heart.

"Be careful. This is the Immortal Killing Divine Formation." Yue Chuntao spoke through a sound transmission. "I need to exert a lot of energy to resist it."

"Unfortunately, you ran fast enough in our previous encounter." Yun Lintian glanced at Ling Zemin and said. "From your posture, I can see that you're preparing to run again. It seems Young Master Ling is well-versed in the art of running. How admirable."

Ling Zemin's expression darkened, but he was still able to control his emotions well. "Heh. That's all you can do? Let's see if you are as good as your mouth."

He gently snapped his fingers, and a crisp clicking sound resonated in the air.

BOOOM—

A massive explosion tore through the air. It sounded as if the entire universe had imploded as if all the mountains in the world had collapsed.

Yue Chuntao and Cang Shang stepped forward and released their auras, conjuring thick barriers to block the oncoming attack.

Boom! Boom! Boom!!

Frightening explosions rocked the barriers like peals of world-destroying profound thunder. Numerous black lights continued to flash, bombarding Yun Lintian's group as if the world were about to collapse.

The surrounding sea of lava erupted, trembling violently everywhere.

At the same time, Ling Chao stepped forward. His eyes shone brightly with gray lights as his soul power expanded, enveloping Yun Lintian's group.

Yue Chuntao and Cang Shang felt a sharp pain in their heads. They hastily defended their souls against Ling Chao's attack, resulting in the weakening of the barriers.

Crack!

A crack appeared in the barriers and started to spread under the relentless bombardment.

Seeing this scene, Linlin quickly stood on Yun Lintian's shoulder and opened her mouth.

Roar—

Ling Chao's mind shook, and his eyes lost their focus. This distraction allowed Yue Chuntao and Cang Shang to recover and strengthen the barriers.

Zhan Huan's eyes narrowed as he stared at Linlin. There was a rumor about the princess of the White Tiger God Clan, and he didn't quite believe it at first. Only when he heard about Yun Lintian's unique ability did he become certain the rumor was not baseless. And now, the evidence was in front of him.

Yun Lintian raised his hand gently, and the red sword appeared. Terrifying crimson flames immediately ignited on the blade as Yun Lintian pointed his finger at Ling Chao.

The searing sword shot out immediately, rushing towards Ling Chao at the fastest speed. With Ling Chao's current condition, it was impossible for him to defend himself.

Ling Zemin snorted coldly and raised his hand, releasing a powerful aura to block the incoming sword.

BOOM!

The searing sword smashed into Ling Zemin's aura and was immediately sent flying.

However, Ling Zemin wasn't happy because he could feel the immense power of the sword. Compared to their previous encounter, Yun Lintian had become significantly stronger once again.

Meanwhile, Zhan Huan stared at the blazing sword with a frown. It looked familiar as if he had seen it somewhere before.

Yun Lintian shook his wrist slightly, and wind and lightning swords materialized in the air before shooting towards Ling Chao.

At this moment, Ling Chao had already regained consciousness. When he saw two swords coming, he immediately clenched his fist and punched out.

BOOM!

The surrounding space distorted crazily as the swords and Ling Chao's fists collided. The impact immediately sent the swords flying, forcing Ling Chao to retreat several steps.

"Seven Elemental Swords." Zhan Huan finally recognized the true identity of the swords. They were none other than the legendary Seven Swords of the Sword God!

Ling Zemin and Ling Chao were also surprised. They were already aware of Yun Lintian's possession of the Heaven Piercing Sword, but they were taken by surprise when they discovered that he also had the seven elemental swords in his hands.

Ling Zemin's heart became even more imbalanced upon seeing this. He couldn't understand why Yun Lintian could have all the good things in the world. This was beyond unfair now.

Crack! BOOOM—

Yue Chuntao and Cang Shang seized the opportunity when the killing formation started to weaken and launched a counterattack against it. Their auras surged and blasted the surrounding black dome into pieces directly.

Ling Zemin's eyes flickered slightly, and a long black sword emerged in his hand. He swung the sword forward, his aura surging, sending a beam of black light that appeared to transcend time and space. It instantly crossed the distance and shot towards Yue Chuntao's throat.

Yue Chuntao had just expended a large amount of her divine energy to break the formation and was unable to defend herself in a timely manner.

In that instant, several layers of a crimson barrier made of phoenix flames appeared in front of Yue Chuntao, ready to intercept the black beam.

Bang! Bang! Bang!

The barriers were constantly being shattered by the black beam, but it gave Cang Shang enough time to assist Yue Chuntao. He quickly conjured a shield to block the black beam.

Boom!

The black beam smashed into Cang Shang's barrier and was completely dispersed in the next moment.

At the same time, Yun Lintian manipulated the three swords to attack Ling Zemin. However, Ling Chao intercepted the swords and sent them flying once again.

"Let's go." Ling Zemin realized that he had missed all opportunities to deal with Yun Lintian, and it was time to leave before Yun Lintian and the others could retaliate.

Zhan Huan had been harnessing his power for a while now, trying to create a spatial portal to escape.

The space before him distorted and revealed a spatial rift shaped like a door.

Zhan Huan took a deep look at Yun Lintian and stepped forward.

However, before he could move, Master Bai, who was silent all this time, suddenly spoke. "Why are you in such a hurry to leave?"

Chapter 1674 Grudge

The expressions of Zhan Huan, Ling Chao, and Ling Zemin changed drastically as soon as Master Bai's voice fell. At the same time, the spatial rift in front of them started to distort and then disappeared altogether.

Following that, the three of them were immediately enveloped by a terrifying force, rendering them unable to move even an inch.

They turned their gazes towards the white owl perched on Yun Lintian's head, causing their bodies to shudder inexplicably.

Master Bai first looked at Zhan Huan and said. "You are similar to your father. You are overly confident in yourself. The fact that you came here alone says it all. I wonder how he would feel knowing that his son has fallen into my hands. Keke!"

He turned to Ling Zemin and continued speaking. "As for you. Your father has been hiding in his cave all his life, yet you don't seem to inherit his ability in the slightest. Are you sure that you are his son?"

Ling Zemin trembled, and his face flushed red with anger. No one had ever insulted him like this before.

Meanwhile, Zhan Huan's mind spun rapidly as he tried to figure out Master Bai's identity. Suddenly, a certain name flashed across his mind, and his eyes widened in disbelief. "You are the White Owl God Emperor!"

As his words fell, Ling Zemin and Ling Chao looked at Master Bai in shock. The White Owl God Emperor had perished long ago, and many people had seen it with their own eyes. How could he still be alive and appear here?

Cang Shang turned to look at Master Bai in astonishment, and he immediately understood why Master Bai claimed to be a friend of his master.

He had heard a lot about the story of the White Owl God Emperor from his master ever since he became his disciple. Even before he left for this place, his master still talked about it. It was evident how close the two were in the past.

Meanwhile, Yun Lintian was surprised by these people's reactions and became curious about Master Bai's past.

Zhan Huan struggled to speak. "Junior Zhan pays his respects to Senior White Owl God Emperor. This junior has no eyes and blindly offends Senior. Please forgive this junior for his ignorance."

Zhan Huan indeed held a high status and was a peak Divine Emperor. However, all of these things were useless in the presence of a god emperor like Master Bai. He had to lower his stance and admit his mistake directly.

Moreover, he didn't think there were any grudges between his father and Master Bai. At most, he would face minor punishment. Master Bai wouldn't take his life.

Master Bai glanced at Zhan Huan and chuckled. "Don't think that I won't dare to kill you."

Zhan Huan's heart sank. He tried his best to calm down and said. "As far as I know, there is no grudge between Senior and my father. I don't believe that someone as noble and kind-hearted as Senior would harm this junior without any justification."

"Why do you think we don't have any grudges?" Master Bai sneered. "That bastard damaged some decorative stones in my backyard when he parked his profound ark back then and refused to compensate. If this is not a grudge, then what is it?"

Yun Lintian: "..."

Yue Chuntao: "..."

Nantian Fengyu: "..."

Cang Shang: "..."

Zhan Huan was speechless. Master Bai actually held a grudge against his father because of a few pebbles. If Zhan Huan were to die because of this, he would probably become the biggest laughingstock in the Divine Realm.

"Hmph! I will deal with you later." Master Bai snorted and turned to Ling Zemin. "What about you? Do you have anything to say?"

Ling Zemin's lips twitched slightly, but no words came out in the end. He truly had no idea what to say, as Master Bai and his father seemed to have some grudges.

Meanwhile, Ling Chao took a deep breath and said. "I believe there was a misunderstanding between Senior and my Master in the past. My Master had never acted against Senior and those commoners."

Master Bai's eyes narrowed slightly as he asked. "Really? Do you even believe what you are saying?"

Ling Chao responded firmly. "Yes. Senior might have forgotten that I was also there. My Master had emphasized to us many times that we must help the commoners as much as possible. We had also never attacked or approached Senior's place. Everything that had happened back then had nothing to do with us."

Master Bai laughed and said. "Of course. I wasn't senile back then to not know this. I naturally know that all of you had never participated in that incident."

A glimmer of hope emerged in Ling Zemin's heart upon hearing this. Judging from Ling Chao's appearance, he didn't seem to lie about it. This meant there was a chance of redemption in this situation.

However, Master Bai's following words immediately plunged him into the depths of despair.

"More precisely," Master Bai's voice turned cold. "Ling Yongheng didn't do anything at all and watch the whole world burn... The only thing he did so far was wait to fish some benefits out of the chaotic situation."

"What was even more disgusting was he actually bit our saviors on their backs and joined the enemy's side. Tell me. What would you do when you meet such a person's son?"

Ling Zemin's face turned pale directly. His eyes were filled with despair as he knew that it was over. Master Bai would never let him go.

Zhan Huan looked at Ling Zemin with pity. Fortunately, his father chose to fight the enemy until the end and never joined the enemy's side.

Boom!

"Young master, run!" Ling Chao suddenly shouted and unleashed his full power all at once. The entire space trembled violently, and everyone could feel their minds suppressed.

Ling Zemin reacted quickly and shattered an escaping talisman.

However, before he could succeed, the talisman in his hand was suddenly snatched away.

"You!" Ling Zemin turned to look at Zhan Huan in disbelief.

Zhan Huan played with the talisman in his hand and said. "Please accept your death, Brother Ling."

As he spoke, he used his power to confine Ling Zemin, preventing him from moving.

Ling Chao became anxious and was about to launch an attack on Zhan Huan.

"Keke! What a loyal dog." Master Bai spoke as a bright white light shot out from his wing, enveloping Ling Chao directly.

"Ugh!" Ling Chao felt as if he was surrounded by mountains in all directions. His body then began to crumble...

Chapter 1675 Golden Crow God (1)

Puff! Puff!

Ling Chao's body began to crumble. His shoulders became deformed, and his legs started to bend in exaggerated shapes. No matter how hard he tried to resist, he couldn't stop it.

"Argh!" Ling Chao grunted in pain. However, his attention was solely focused on Ling Zemin. It didn't matter if he died here, but his young master must not fall into the hands of Yun Lintian.

Suddenly, two gray-colored flames lit up in his eyes, and the restraints around Ling Zemin's body were shattered.

Bang!

Zhan Huan was caught off guard and sent flying. He immediately suffered a backlash, coughing up a few mouthfuls of blood.

"R-Run..." Ling Chao uttered in difficulty.

Ling Zemin gritted his teeth and quickly shattered a newly pulled-out talisman.

Yue Chuntao didn't expect Ling Chao to come up with such a trick in this situation. She quickly moved, but it was too late. Ling Zemin was already enveloped in a white light.

"I'll return this humiliation a hundredfold when we meet next time." Ling Zemin uttered coldly. His voice was filled with boundless anger.

"Oh no." Nantian Fengyu exclaimed anxiously as she saw Ling Zemin's figure slowly disappear.

Meanwhile, Yun Lintian furrowed his brow in deep concentration. He didn't make a move because he believed that Master Bai had absolute control here... Could it be that he was wrong?

Just as Yun Lintian was about to make a move, the white light surrounding Ling Zemin had completely vanished. However, Ling Zemin was still standing there, his eyes widened in confusion.

Ling Chao's face was filled with despair when he saw this scene. Obviously, Master Bai had secretly locked the entire area, preventing anyone from leaving.

"You..." Ling Chao uttered.

Bang!

Suddenly, his body exploded, and blood splattered everywhere. A splatter of blood landed on Ling Zemin's face, jolting him back to reality with its warm sensation.

"Ah..." Ling Zemin's voice caught in his throat as he stared fearfully at the mist of blood in front of him.

Swoosh!

At that moment, a gray light suddenly shot out of the blood mist and rushed towards Ling Zemin. If one looked closely, one would notice that the light had a similar appearance to Ling Chao.

"Heh." Master Bai sneered, and a white light immediately shot towards Ling Chao's illusory figure.

"Argh!" Ling Chao screamed in agony as his body contorted wildly before vanishing completely.

"Remember. When facing someone from the Everlasting Soul God Realm, it is crucial to completely annihilate their souls. Otherwise, they can rebuild their body again." Master Bai spoke.

Yun Lintian was slightly surprised. He suddenly thought of Tang Suyin, who possessed the Imperishable Soul. It looked similar to this.

Master Bai shifted his gaze to Ling Zemin and said with a playful smile. "What should we do with him?"

Ling Zemin shuddered and quickly shouted. "My father will never let any of you go!"

"That's good. I will never let him go as well." Master Bai chuckled.

As his voice fell, a white light emerged from Master Bai's wing and shot straight into Ling Zemin's abdomen, completely sealing his Divine Core.

Ling Zemin's face turned ghastly pale as he felt his energy being sealed. Right now, he was no different from an ordinary human.

"Why don't we just kill him?" Nantian Fengyu asked.

"He is Ling Yongheng's son. Ling Yongheng definitely placed some life-saving means on him." Yue Chuntao responded. I think you should take a look at

She glanced at Master Bai and said further. "However, I believe that Senior can deal with it."

Master Bai chuckled softly. "Of course. Ling Yongheng's small trick is nothing in front of me, but I'm not in a hurry to deal with it. It will be useful later."

He turned to Zhan Huan, who got up from the ground and said. "Don't resist."

Zhan Huan was taken aback and sighed inwardly. However, he wasn't worried about it much. "Yes, Senior."

Master Bai immediately sealed Zhan Huan's Divine Core afterward.

"Is this your father's idea?" Master Bai asked.

Zhan Huan shook his head and said. "No, Senior. It's all my idea. Senior should know how much my father respected the Beyond Heaven King."

Zhan Huan acted against Yun Lintian simply because of his own desire. After all, who wouldn't be tempted to obtain the legacy of the Beyond Heaven King?

Master Bai sneered. "I will visit him later. He better prepares a compensation for my decorative stones."

Zhan Huan's face twitched slightly as he replied. "Yes, Senior. My father will definitely pay for it."

Master Bai glanced at Ling Zemin, who was kneeling on the ground, and said with disgust. "What an eyesore. Knock him out."

"Yes." Zhan Huan walked towards Ling Zemin and raised his fist. "I'm sorry, Brother Ling."

Bang!

Ling Zemin was struck on the back of his head and immediately lost consciousness.

Zhan Huan shook his hand slightly, trying to alleviate the pain. Life was certainly difficult without divine energy. If it wasn't for the fact that Master Bai cast barriers around him and Ling Zemin, both of them would have become ashes by now.

"All of you stay here." Master Bai said and glanced at Qingqing and Lingling. "You two as well."

Qingqing pouted angrily, but before she could say anything, Lingling had already dragged her away.

Master Bai looked at the wall of flames, glowing with a reddish-gold hue, ahead and said. "Go over there, boy."

Yun Lintian nodded and flew towards the wall under everyone's curious gaze.

"Hah. That old woman surely knew where to leave her blood." Master Bai snorted. Although he wore a look of contempt on his face, his heart was filled with complex emotions. There was also a hint of anticipation.

"Looks like you two were very close." Yun Lintian said casually.

"Close?" Master Bai snorted coldly. "You don't know what you are talking about, brat. I couldn't wait to kick her away whenever I saw her."

"Oh? Why didn't you do it then?" Yun Lintian asked. Suddenly, he thought of something and said further. "I see. You were probably weaker than her."

"Me? Weaker than her? Don't make me laugh, brat! I just didn't want to hit a woman." Master Bai laughed angrily, but there was a hint of shame in it. Yun Lintian's statement was obviously on point.

Yun Lintian chuckled and focused on the wall of flames in front of him. As he drew closer, the surrounding flames magically stepped aside, paving a path for him.

"This..." Cang Shang's pupils contracted. He couldn't understand how Yun Lintian did it.

In the past, countless bravadoes were instantly reduced to ashes by just approaching the flames, but Yun Lintian was completely fine. Who on earth was he?

"It seems that Brother Cang doesn't know about his identity." Zhan Huan said with a smile. "He is Yun Lintian, the successor of the Beyond Heaven King."

Cang Shang's mouth gaped in shock.

Chapter 1676 Golden Crow God (2)

At first, Cang Shang thought that Yun Lintian was Master Bai's disciple and that he probably had some sort of protective gear to shield himself from the scorching heatwave. Who would have thought that he was the successor of the Beyond Heaven King?

"It was no wonder that both of you wanted to harm him." Cang Shang glanced at Zhan Huan.

Zhan Huan smiled wryly. "I shouldn't be greedy."

In fact, his father had warned him many times to stay away from Yun Lintian's affairs, but he couldn't resist the greed in his heart. Fortunately, he didn't participate much in the previous attack. Otherwise, he would have definitely become a lifeless body by now.

Yun Lintian was surprised when he saw the flames surrounding him part ways.

"Ah. You are probably the most spoiled brat in the entire history of the Divine Realm. Everyone directly shoves everything into your mouth." Master Bai sighed when he saw the scene.

Yun Lintian didn't say anything but continued to move forward. The wall of flames quickly parted, revealing a gap for him to pass through. When Yun Lintian walked in, the wall immediately returned to its original state.

"As expected." Zhan Huan muttered to himself. This place was indeed made for Yun Lintian. He should not have any illusions from the beginning.

Meanwhile, Nantian Fengyu's eyes flickered slightly as if she were deep in thought.

Yue Chuntao glanced at her and furrowed her brow slightly. For some reason, she felt that there was something wrong with Nantian Fengyu since they returned from the Azure World, but she couldn't figure it out.

"Hmph! Bad Big Brother Yun!" Qingqing pouted and angrily took a bite of the cake in her hand. She was angry that Yun Lintian had left her behind.

Linlin patted her head but said nothing.

Yun Lintian continued moving until he reached a burning building. There was nothing noteworthy about its appearance except for the intensity of the flames here. Although the flames couldn't harm Yun Lintian, the intense heatwave still caused him to sweat profusely.

Crack!

All of a sudden, the gate of the building slowly opened on its own, and the flames that had initially blocked the way quickly moved aside.

"Let's go in." Master Bai urged.

Yun Lintian took a deep breath and entered the building.

In front of them was a spacious hall, and on the wall was a slowly revolving profound formation that burned with golden fire. Four chains of golden fire could be seen hanging from the four corners and tightly wrapped around a golden ball of flame floating in the center of the hall.

The golden ball emitted a terrifying heatwave, causing Yun Lintian to come to a sudden halt.

Master Bai's eyes had never left the golden ball since the two of them entered this place. Myriad emotions flashed across his eyes. It was evident how deep the connection between him and the Golden Crow God was.

Clang!

All of a sudden, the chains of flame broke into pieces, freeing the golden ball from any restraints.

"You have finally arrived."

A woman's voice suddenly sounded in the air above Yun Lintian. Of course, this wasn't the first time Yun Lintian had heard such a divine voice. The voice of the Divine Phoenix was prestigious, while the voice of the Primordial Dragon God was vast and boundless, making people unable to help it but want to kneel and worship on the ground.

However, the voice that sounded at this moment made Yun Lintian shiver uncontrollably. The blood in his body instantly turned violent. It was as if he were thrown into an endless sea of flames. I think you should take a look at

At that moment, a figure with a reddish-gold hue appeared above the golden ball. It was the figure of a stunning woman dressed in a golden robe. Her entire body radiated nobility and pride. It was as if nothing in the world could get into her eyes.

"It's been a while, Jin Huian." Master Bai spoke calmly.

The woman, Jin Huian, looked at Master Bai and said. "You are still alive, Bai Junjie?"

"Surprised? How could a handsome man like me die so easily?" Master Bai grinned.

Jin Huian landed on the ground and said. "You are shameless as usual."

She turned to look at Yun Lintian. "Eighth level of the Divine Transformation Realm. Your progress speed is a bit slow. However, you came here at the right time. It should be enough for you to turn the tide."

"Turn the tide?" Yun Lintian was puzzled.

"Really? I think he is not ready yet." Master Bai frowned slightly.

"He has to." Jin Huian glanced at him. "When did you become a coward?"

Master Bai snorted coldly. "I just don't want to ruin all of our efforts."

Jin Huian ignored him and turned to Yun Lintian. "Are you ready?"

Yun Lintian was about to say something, but his whole body suddenly shook violently as a loud bang went off in his brain. His consciousness quickly faded.

His vision was filled with an endless golden sea of flames, but these flames were not within his sight. They were burning deep in his heart and mind, all the way to his profound vein and divine core.

Instantly, everything inside Yun Lintian's body turned into the color of pure gold. At the same time, a scorching sensation invaded every cell of his body, causing him to frown in agony.

Yun Lintian possessed the Sun, the Divine Phoenix's bloodline, and the Vermilion Bird's bloodline, which granted him an exceptionally high resistance to fire. However, even with these advantages, it was not sufficient for him to withstand the power of the golden flames.

All of the parts of his body and all of his organs were burning, but he did not feel anything at all, as his consciousness could no longer feel the presence of his body.

These flames had started to spread towards his soul, burning towards the depth of his soul.

"Concentrate. Trying to refine all of them as much as possible." Master Bai's voice resounded in Yun Lintian's mind, causing him to concentrate on refining the unfamiliar power within his body.

At this moment, Master Bai had already transformed into his human form and was standing beside Yun Lintian.

After ensuring that Yun Lintian was fine, he turned to Jin Huian and spoke softly. "At least God gave me a chance to see you again."

His eyes were filled with sorrow and boundless tenderness as he gazed at her.

Jin Huian stared at Master Bai's face for a moment and let out a sigh. "This is our fate."

The two of them kept staring at each other in silence. But in that silence, there were numerous unspoken words between them...

Chapter 1677 Doubt (1)

After a prolonged period of staring at each other, Master Bai finally spoke. "I'm sorry. I couldn't protect you back then."

Jin Huian's eyes softened as she spoke. "Since when do I need your protection?"

Master Bai went silent momentarily and then spoke with a serious expression. "There must be a way to preserve your soul. Lintian must have a way."

Jin Huian shook her head. "Don't be delusional. Both you and I know very well that it is impossible."

"No. He can preserve the soul of the Red Moon Princess. He can definitely do it again." Master Bai refused to accept the truth.

Jin Huian stared at him for a moment and calmly said. "Bai Junjie. You are a dignified White Owl God Emperor whose name causes everyone to tremble. How did you become like this?"

Master Bai opened his mouth, but no words came out.

"I'm quite disappointed. Yun Tian put in so much effort to save your life, not because he wants you to end up like this." Jin Huian said as her eyes turned frighteningly cold. "Wake up. You have your duty to fulfill, and so do I. The responsibility on everyone's shoulders is more important than an illusory feeling between us."

Master Bai trembled, and his face turned pale.

Jin Huian shifted her gaze elsewhere and continued speaking. "The moment those people appeared, we could no longer enjoy our lives as we did before... Forget about me and move on."

"No!" Master Bai immediately refuted. "I will never forget you."

He took a deep breath to calm down and continued speaking. "Wait for me there. I will find you when everything ends."

Jin Huian's illusory figure trembled slightly but soon calmed down.

She turned to look at Master Bai and said calmly. "Very good. I hope that you won't let anyone down."

Master Bai's face turned solemn. "You will see it."

Jin Huian took a deep look at him and suddenly sensed something. "Huh? Why didn't you tell me that she is here?"

Master Bai turned to look towards the entrance.

On the outside, Nantian Fengyu seemed to have transformed into a completely different person. Her childish temperament was nowhere to be seen and had been replaced by a noble aura.

Yue Chuntao looked at her with puzzlement, unable to comprehend what was currently happening.

Zhan Huan and Cang Shang were no exceptions. They could clearly feel the change in Nantian Fengyu's body.

Nantian Fengyu wore a cold expression at this moment. She turned to look at Linlin and Qingqing. "You two. Come with me."

"Eh? Who are you, big sister?" Qingqing tilted her head and asked in a cute manner.

Meanwhile, Linlin certainly knew something. She picked up Qingqing and jumped onto Nantian Fengyu's shoulder.

"Wait." Yue Chuntao wanted to say something, but Nantian Fengyu suddenly flew towards the wall of flames at an astonishing speed that surpassed her realm.

As Nantian Fengyu drew closer, her terrifying aura immediately blasted away all the surrounding flames.

"This..." Zhan Huan was stunned. He was a genuine Divine Emperor but couldn't even go near that place. Let alone blast it away like this... What was going on here?

Yue Chuntao frowned deeply and decided to stay here instead of chasing after Nantian Fengyu. She could see that Nantian Fengyu was no longer "herself" but had transformed into someone else... Who was this person?

Suddenly, a bold idea emerged in her mind, and her expression changed dramatically. She was aware of the Divine Phoenix bloodline in Nantian Fengyu's body. It was definitely the purest one she had ever seen. Since that was the case, Nantian Fengyu should be either the direct descendant of the Divine Phoenix God or... the Divine Phoenix God herself!

"Incredible..." Yue Chuntao muttered to herself. It seemed that all the records she had read in the past were all lies. Everyone in the Divine Realm was deceived by the Beyond Heaven King and the other seniors.

At that moment, Nantian Fengyu soared past the wall of flames and entered the building directly.

"It's been a while, Feng Yu." Jin Huian immediately spoke upon seeing Nantian Fengyu.

Nantian Fengyu landed on the ground and briefly glanced at Yun Lintian before shifting her gaze to Jin Huian. "Looks like the wound back then wasn't small."

"Obviously." Jin Huian responded. "Don't forget I don't have the Nirvana Phoenix like you. It's normal for me to lose my divine body." nove-lb.1n

She seized Nantian Fengyu from head to toe. "This body is not bad, but don't you think it's too small?"

As she spoke, she deliberately straightened her back, revealing her majestic mountains.

Master Bai almost drooled when he saw this.

Nantian Fengyu, who was possessed by the Divine Phoenix, curled her lips. "So what? At least I can be touched."

The two women stared at each other, and Master Bai could smell the scent of gunpowder in the air. It felt as though a bomb was about to explode at any moment.

"Can you two please stop fighting for once?" Master Bai said cautiously.

"Shut up!" Both Nantian Fengyu and Jin Huian glared at him in unison, causing Master Bai to shrink his neck.

How scary... Master Bai wiped the nonexistent sweat off his forehead and decided to remain silent from now on.

"Where is your true body?" Jin Huian glanced at Nantian Fengyu and asked.

"The Primordial God Forsaken Land." Nantian Fengyu replied simply.

Jin Huian frowned slightly. "Don't tell me you're searching for them?"

Nantian Fengyu didn't reply and remained silent.

Jian Huian's face darkened. "You shouldn't waste your time like this. They are no longer there."

Nantian Fengyu shook her head and said. "I'm not trying to find them. I have been bothered by the incident that happened in the past. There must be an answer."

"Which one?" Master Bai asked curiously.

"Do you remember what Yun Tian said before he left?" Nantian Fengyu asked.

Master Bai frowned and said. "If I remember correctly, he talked about the gateway to the outside world, and we have to wait until his successor reaches the Divine Sovereign Realm first to find out."

He looked at her and asked. "Are you thinking the so-called gate is hidden in that place?"

"If it were not there, then there wouldn't be any other places." Nantian Fengyu replied in a matter-of-fact tone. "I believe that Yao Xi, Xia Nongyue, Cai Xieren, and he have entered that gate."

"Impossible." Master Bai refuted. "I don't know about others, but Yun Tian is definitely dead. Otherwise, how could he pass his profound vein to Yun Brat?"

"It's him we're talking about. You will never know what he has been hiding from us all this time." Nantian Fengyu responded. "I wouldn't be surprised if he is still alive."

Chapter 1678 Doubt (2)

Master Bai and Jin Huian glanced at each other in confusion. They couldn't deny Nantian Fengyu's words, as there was indeed a possibility that the Beyond Heaven King was still alive somewhere. After all, no one had ever seen his body with their own eyes.

"What made you think he is still alive?" Jin Huian asked.

Nantian Fengyu looked at Yun Lintian, who was enveloped in golden flames and said. "His entire existence is shrouded in mystery. Back then, Yun Tian told us that his successor would be born with a celestial physique capable of harmoniously containing everything in the world within his body. However, I always have this feeling that something is missing here."

She turned to Jin Huian and Master Bai. "I don't have anything to support my claim. It's just my feeling."

Jin Huian and Master Bai furrowed their brows tightly.

"Moreover, aren't you curious about the mysterious woman we met back then?" Nantian Fengyu said further. "Based on my year-long investigation, it is clear that this person is not from the Divine Realm. And her concern for Yun Lintian isn't something an ordinary person can have. Looking at how protective she is. Only a mother would do something like that."

"Are you saying that she is Yun Boy's biological mother?" Master Bai's expression changed dramatically.

"Maybe." Nantian Fengyu wasn't sure either. "What surprised me the most is that she can come and go to the Azure World at will, and Qingxuan's formation cannot detect her presence."

"We all know that only a native of the Azure World can enter or leave at will." Master Bai shook his head and continued speaking. "No. It is impossible for her to be a native of the Azure World. Perhaps her strength is beyond our comprehension, and the formation cannot do anything against her."

The three of them fell silent, and the only sound that could be heard was the crunching sound from Qingqing.

Qingqing munched a crispy rice cake while looking at everyone with enthusiasm. She had no idea what they were talking about, but she found it interesting.

When everyone fell silent, she tilted her head to look at Yun Lintian and spoke. "Oh. Big Brother Yun is on fire. Isn't it hot enough already?"

"Just eat your snacks quietly." Linlin gently patted her head and said.

"Oh." Qingqing nodded and took a big bite of the rice cake, making a loud crunching sound.

Jin Huian shifted her attention to Qingqing and Linlin. "Sister Bai's daughter? And who is this?"

"Little Girl Qingqing is a true spirit born from the Storm." Master Bai explained.

Jin Huian was surprised. "No wonder."

Qingqing tilted her head and looked at her cutely, raising her rice cake. "Do you want some, beautiful sister?"

Jin Huian smiled gently. "No, you can keep it to yourself."

"I know. I just asked out of manner. Big Brother Yun will definitely praise me." Qingqing nodded and continued eating the rice cake, leaving Jin Huian speechless.

BOOM!!

At that moment, Yun Lintian's heart and soul exploded as if struck by lightning from the heavens. Endless golden flames cascaded like roaring waves during a storm, fiercely surging into his mind.

In an instant, only endless flames remained in his mind and nothing else. That last glimmer of clarity was akin to withered leaves being swept away by tornadoes, vulnerable to being crushed into minuscule shreds at any moment.

Compared to the Divine Phoenix and the Vermilion Bird, the flames of the Golden Crow were several times more tyrannical. Yun Lintian felt that he could be reduced to ashes at any moment if it weren't for the power of the Sun.

"Big Brother Yun?" Qingqing got up and tried to approach Yun Lintian, but Linlin stopped her.

"Stay here. He will be fine." Linlin said gently.

"Oh." Qingqing continued to eat the rice cake, but there was a hint of worry in her eyes, and her eating speed significantly reduced.

"You really don't hold back at all." Master Bai glanced at Jin Huian.

"He can't waste his time here." Jin Huian spoke calmly. "If I guess correctly, something is about to happen out there."

Nantian Fengyu responded. "The barrier surrounding Devil Valley is about to crumble."

Jin Huian wasn't surprised by it. "At least he has already obtained the Light Pole. He should be able to hold on."

"Unless those people come over." Nantian Fengyu added. "I don't think it's as simple as it appears."

Roar—

All of a sudden, a dragon's cry resonated from within Yun Lintian's body.

Yun Lintian immediately regained consciousness. The Sun's symbol on his Divine Core instantly lit up, releasing an immense power to suppress all the golden flames within his body.

At the same time, his Divine Core spun rapidly, refining the blood origin of the Golden Crow God bit by bit.

Jin Huian was surprised to see this. "He can actually suppress my power within a short period of time. It appears that he has undergone many similar experiences."

"I have never understood his power." Nantian Fengyu spoke with a hint of doubt. "Originally, he should be able to go against an enemy with a full realm higher than his own. However, in reality, he can fight against enemies who are two or three realms higher. It is beyond my comprehension."

"Indeed. Even Yun Tian, at his peak, couldn't do this." Master Bai nodded in agreement. "Where did Yun Tian find him?"

"I'm going to give him my soul." Jin Huian suddenly spoke.

Master Bai wanted to say something but knew it would be futile.

Jin Huian's body glowed with golden flames, and a flame resembling a Golden Crow flew out of her body. It soared directly into Yun Lintian's forehead, disappearing entirely within it.

The next moment, Yun Lintian suddenly noticed another foreign presence in his consciousness. It was a tyrannical Golden Crow, flapping its wings and hovering around the area while unleashing terrifying golden flames.

Boom!!

A dull rumbling emanated from within Yun Lintian's soul, and the golden flames erupted violently.

Yun Lintian immediately realized something and communicated with the souls of the Dragon God, the Divine Phoenix God, the White Tiger God, and the Vermilion Bird God.

Instantly, the four of them appeared in his sea of consciousness, surrounding the Golden Crow.

Scree—

An incredibly resonant and piercing cry of the Phoenix echoed powerfully as the Divine Phoenix soared into the sky. Its long feathers trailed behind, leaving a beautiful trail of crimson flames.

The surrounding Golden Crow flames, seemingly engulfed by violent winds, were all forced into a corner of the soul, unable to break out.

"Scree!" The Golden Crow struggled and unleashed even more tyrannical flames, causing Yun Lintian's entire soul domain to be engulfed in a golden hue...

Chapter 1679 Divine King (1)

Yun Lintian's soul domain was constantly bombarded by the flames of the Golden Crow, causing his entire body to tremble violently. The Dragon God, the Vermilion Bird, and the White Tiger God were all watching from the sidelines, allowing the Divine Phoenix God to handle the situation.

Scree—

The Divine Phoenix God Soul floated in the middle of Yun Lintian's soul domain, arrogantly gazing at the flames of the Golden Crow that enveloped it. In the next moment, an incredibly bright crimson-scarlet radiance burst forth from the Divine Phoenix God Soul, colliding with the surrounding Golden Crow's flames.

Boom! Boom! Boom!

Yun Lintian's soul domain shook violently as if the world was on the brink of destruction. The golden and crimson radiance collided with each other, unwilling to yield. As much as Yun Lintian wanted to command the other god souls to help, they didn't listen to him at all.

On the outside, Nantian Fengyu glanced at Jin Huian and said. "You cannot fight me."

"Heh. Let's see who comes out on top in the end." Jin Huian curled her lips.

All of a sudden, the flames of the Golden Crow in Yun Lintian's soul domain surged dramatically, overpowering and pushing back the flames of the Divine Phoenix.

"Don't be arrogant." Nantian Fengyu sneered.

Instantly, the flames of the Divine Phoenix grew larger and more intense, overpowering the flames of the Golden Crow.

Jin Huian's expression changed slightly. She looked at Nantian Fengyu with a hint of disbelief. "You actually... give him your life?"

Nantian Fengyu smiled faintly. "Can't I?"

Jin Huian didn't know what to say at that moment. Compared to the others, the Divine Phoenix God was pretty much alive. She had died once and was reborn through the power of the Nirvana Phoenix. As long as the Divine Phoenix God continued to live, she could easily regain her full power and revive her clan.

However, Jin Huian could see that the Divine Phoenix God Soul in Yun Lintian's body was the True Nirvana Phoenix Soul. This meant that the Divine Phoenix God would lose the ability to be reborn forever.

Jin Huian stared at Nantian Fengyu for a while, then sighed. "I can see that the owner of this body has a deep affection for him, and he definitely treats her as an important person. Are you sure you want to do this?"

Nantian Fengyu offered no answer and remained silent.

Master Bai looked at Nantian Fengyu and spoke in a deep voice. "You better stop it. You can see how much he cares about her."

Nantian Fengyu raised her head slightly. "This is her fate, and she has already accepted it."

"You..." Master Bai wanted to curse, but he held back in the end. He sighed. "He will definitely hate you."

"It doesn't matter. As long as I can increase a small chance of winning, I am willing to pay any amount." Nantian Fengyu replied calmly.

Jin Huian and Master Bai stared at her silently, their hearts filled with complex emotions.

At this moment, the flames of the Divine Phoenix started to engulf the flames of the Golden Crow, gradually increasing in speed as time went on.

The Golden Crow God Soul struggled hard, but its efforts were futile. It could not break the siege, no matter how hard it tried.

An hour later, the flames of the Divine Phoenix completely engulfed all the Golden Crow's flames, surrounding the Golden Crow God Soul and suppressing it.

Yun Lintian knew that the opportunity had arrived. He immediately unleashed his soul power, attempting to subdue the Golden Crow God's Soul.

"Scree!" The Golden Crow God Soul stubbornly resisted, but it couldn't do much under the suppression of the Divine Phoenix God Soul. In the end, it could only yield to Yun Lintian and become a part of his soul domain.

Yun Lintian instantly felt that his soul had entered a whole new realm. His soul domain expanded rapidly, as well as his soul power.

At the same time, a piece of information surfaced in his mind. It was a complete volume of the "Golden Crow God's Light The World."

Yun Lintian wasn't in a hurry to look at it. He shifted his focus to the Golden Crow God's blood origin and resumed the refining process. His Divine Core spun rapidly, crazily refining and absorbing the immense power flowing through his veins.

"So fast." Master Bai was stunned by Yun Lintian's progress. He was actually able to subdue the Golden Crow God Soul within an hour.

"His soul power has more potential than Yun Tian's. I can't imagine the height of his ceiling." Nantian Fengyu took a deep look at Yun Lintian.

"No matter what his background is, it is a good sign that he is growing stronger than Yun Tian." Jin Huian spoke.

As her voice fell, her illusory figure swayed gently as if she was about to disappear at any moment.

"Huian!" Master Bai shouted anxiously. His eyes were filled with helplessness as he was unable to do anything in this situation.

Jin Huian stabilized her soul remnant and said. "Why are you shouting? I can still hold on for a while."

Master Bai took a few deep breaths to calm himself down. "That's good."

Nantian Fengyu looked at Jin Huian and said calmly. "I suppose this is a farewell."

"Aren't you waiting for this moment?" Jin Huian snorted disdainfully. "However, I believe that your farewell will be even more interesting."

Nantian Fengyu pursed her lips and remained silent.

Boom!

All of a sudden, Yun Lintian's aura burst forth, causing the entire pocket space to tremble. He had successfully reached the ninth level of the Divine Transformation Realm.

"What a terrifying speed!" Master Bai couldn't help but say. "He makes breakthroughs effortlessly, like drinking water. I don't know what to say anymore."

As his voice fell, another bang could be heard, and Yun Lintian took another step to the tenth level of the Divine Transformation Realm, leaving Master Bai speechless.

At that moment, Linlin waved her paw, and a mountain of the best-graded Divine Stones appeared around Yun Lintian.

As soon as the Divine Stones appeared, some of them immediately turned into a pile of dust as Yun Lintian completely sucked the energy inside dry.

Master Bai, Nantian Fengyu, and Jin Huian glanced at each other speechlessly upon seeing this scene. Yun Lintian's body had transformed into a massive black hole, devouring everything around him. And its speed was incomprehensible.

The three of them could be considered among the oldest individuals in the Divine Realm, yet they had never witnessed such a spectacle before...

Chapter 1680 Divine King (2)

"The aura has become stronger once again." Outside Devil Valley, a beautiful woman with fox ears spoke as she gazed at the distant black barrier. She was a member of the Heavenly Fox God Clan stationed here.

During this period, she could clearly feel that the dark aura in the air was constantly growing stronger. The surrounding area had already transformed into a dark world. If it weren't for the protective artifact within her body, she would have likely lost her mind a long time ago.

Crack!

Suddenly, a crack appeared in the barrier, causing the woman to frown deeply. She had witnessed such a scene numerous times, and each time it happened, the barrier would eventually repair itself.

Crack! Crack!

Another few cracks emerged, and an intense dark aura quickly flew out, causing the already black world to become even darker.

The woman furrowed her brow as she had a foreboding feeling in her heart. Compared to the past, the cracks this time seemed to last longer. Driven by the uneasy feeling, she quickly retreated further while staring at the barrier without blinking.

Crack!

The cracks gradually expanded, spreading farther and farther. One meter... ten meters... a hundred meters—the cracks became increasingly wider, on the verge of destruction.

The woman's expression changed dramatically. She immediately contacted Bi Zhelan. "Master, the barrier is about to shatter soon!"

A second later, Bi Zhelan's voice resounded from the other side. "Leave immediately!"

Without hesitation, the woman turned around and ran with all her strength. She didn't forget to send a message to various god realms, warning them to be ready.

Crack! Crack!! CRAAACK!!

As soon as the woman left, the barrier wholly crumbled, unleashing an extremely ominous aura.

At the same time, numerous colossal silhouettes could be seen soaring out from the depths of the Devil Valley. Their terrifying auras caused the surrounding space to distort wildly before transforming into a violent spatial storm.

The stars seemed to stop spinning and moving. All sounds and elements in the world had gone completely quiet...

On top of the silhouettes, a colossal figure resembling a massive bird opened its wings and mouth, emitting a thunderous roar.

ROAR—

Instantly, the numerous figures around it charged forward, rushing in all directions...

A month passed by very quickly. On the outside of the temple, Zhan Huan calmly sipped his tea while observing Ling Zemin, whose appearance was indescribably miserable.

"Why are you so stubborn, Brother Ling? Just accept your fate and enjoy the last moments of your life."
Zhan Huan said with a faint smile.

Ling Zemin glared at Zhan Huan with his bloodshot eyes. His face was filled with anger as if he couldn't wait to devour the man in front of him. "Don't give me a chance... I will definitely..."

"How noisy." Yue Chuntao expressed her dissatisfaction and knocked Ling Zemin unconscious. "I really don't know why Senior Bai wants to keep him alive."

"Well, technically, he does indeed have some values." Zhan Huan said. "Although the Everlasting Soul God Emperor often appears indifferent towards his son, he undoubtedly cares about him. Otherwise, he wouldn't have sent Ling Chao to protect him."

Yue Chuntao glanced at him briefly and said. "What about you? What kind of value do you have?"

"Me?" Zhan Huan chuckled. "I hold no value in Senior Bai's eyes. My father doesn't love me. Perhaps I'm even more worthless than the decorative stone he damaged."

Yue Chuntao scoffed and paid no further attention to him. She gazed at the temple in the distance, her curiosity piqued. She wanted to know what was happening there.

During this month, Yun Lintian had been stuck at the peak of the Divine Transformation Realm and couldn't take a further step. However, his momentum continued to rise. It was as if he was waiting for something to take effect.

"What happened? He couldn't be experiencing a bottleneck, right?" Master Bai looked at Yun Lintian with a puzzled expression.

"No," Jin Huian frowned. "Although it's slow, his profound vein is still expanding."

"We cannot use our common sense to judge him." Nantian Fengyu spoke gently. "I have witnessed his breakthrough a few times in the past. And every time, he would cause a heavenly phenomenon that Yun Tian couldn't even do. I believe something similar will happen soon."

Bang!

All of a sudden, Yun Lintian's aura exploded, causing the entire temple to tremble. However, what followed was a complete stillness. There was no movement or sound. It was as if the whole world was frozen in time.

The strange phenomenon lasted a full minute, and then time started flowing again.

At this moment, Yun Lintian's divine energy flowed out endlessly. However, the divine energy released from his body did not simply dissipate. Instead, it coiled and swirled in the air around him as if it were being restrained by something and formed into invisible energy clouds.

In a short amount of time, all of his divine energy had been depleted, leaving his profound vein empty and hollow. Nevertheless, Yun Lintian didn't feel any exhaustion. On the contrary, it actually made him more refreshing.

The Divine King Realm was a realm that many profound practitioners never even dreamed of entering in their entire lives.

There were also numerous profound practitioners who possessed an enviable innate talent that was unmatched by anyone else. Within a mere century or even a few decades, they had already reached the Divine Transformation Realm. Yet, they found themselves stuck at the bottleneck of becoming a Divine King and ended up unable to break through it despite trying for their entire lives.

If the Divine Transformation Realm was meant to transform his mortal body into a divine body, stepping into the Divine King Realm was equivalent to completely changing everything in his body to a higher divine existence—qualifying to become a king of his own realm.

BOOM—

The world within Yun Lintian's profound vein emitted an explosive sound that lasted for a very long time. It was as if all the mountains in the world were collapsing... As if countless storms were wreaking havoc everywhere.

At the same time, the entire Neverending Burning Hell experienced a strange phenomenon. The volcanoes and seas of flames were boiling and erupting, causing chaos and upheaval everywhere.

"Here it comes." Linlin's eyes glowed with excitement. She felt happy for her Big Brother Yun...
