

Myth Beyond 1681

Chapter 1681 Divine King (3)

The normally calm world within Yun Lintian's profound vein descended into chaos as the divine energy surged into them was being distorted and shattered.

Furthermore, this chaos did not gradually recede; instead, it intensified with every passing second. The once vast and powerful divine energy had been shattered into countless fragments, dispersing into an endless sea of radiant light.

In the end, the space within his profound vein world began to fill with an increasing number of cracks, eventually covering the entire profound vein world. If this continued, Yun Lintian's profound vein world would be on the brink of collapse and could fall to pieces at any moment.

However, Yun Lintian was exceptionally calm. Although he didn't know what was going on, something inside his heart told him that everything would be fine as long as he persisted further.

Sometimes, Yun Lintian felt as if he had been dumped in the middle of an erupting volcano. Sometimes, he felt as if he had been submerged in a sinister and destructive sea of lightning. And sometimes, he felt as if he had fallen into an endless, dark abyss.

However, his heart and soul were completely calm, and not a ripple appeared within them. He silently sensed the changes in his divine energy, the changes in his profound vein, and the changes in the entire world.

The Neverending Burning Hell continued to shake violently, causing panic among everyone. As much as they wanted to rush out of this place, they didn't dare to move. They feared they would be reduced to nothingness upon coming into contact with these violent eruptions.

Yue Chuntao was calm. She could feel the earth-shattering shake, but the space where she stood was relatively safe due to Master Bai's barrier.

"What's going on here?" Cang Shang couldn't help but ask.

"That's the Beyond Heaven King's successor for you." Zhan Huan said calmly. "You have probably been staying here for too long and have no idea what has happened in the outside world during this period. The last time he appeared, the Sea of Stars had completely gone."

Cang Shang looked at Zhan Huan in disbelief. "What do you mean? Gone, like forever gone?"

"Yes. Completely gone." Zhan Huan replied. He looked at the temple in the distance and spoke again. "It's probably the same here."

Cang Shang subconsciously swallowed. He had been practicing the Tranquil Heart for countless years, and nothing could surprise him. However, this news was like a thunderstruck that he couldn't avoid being stunned.

Boom! Crack!!

At this moment, Yun Lintian's profound vein world had finally shattered. Amidst the shattered world, the divine light emitted by the countless fragments glittered, resembling a sea of stars that adorned the night sky.

All the symbols on Yun Lintian's Divine Core immediately ignited, unleashing various shades of radiance. This radiance quickly flushed through the fragments, causing them to glow with a strange and fantastic vitality.

In that instant, all of the stars in Yun Lintian's profound vein world started dancing as a countless amount of divine energy that existed between heaven and earth converged to form innumerable currents of energy. It was as if all the birds in the world were paying homage to a phoenix as they flocked towards Yun Lintian's body.

Gusts of wind suddenly started blowing inside the Neverending Burning Hell, surging towards Yun Lintian from all directions.

Master Bai's expression changed slightly. He quickly projected a barrier to cover everyone, leaving Yun Lintian outside alone.

"I have never seen such an intense divine energy flow." Jin Huian spoke with an incredible expression. "It feels as though all the energy in the world has converged in this place."

"Indeed." Master Bai echoed. "He has never failed to surprise me. I wonder what kind of phenomenon he will cause when he steps into the Divine Emperor Realm in the future."

"His profound vein... This is no longer the Beyond Heaven Profound Vein we know." Nantian Fengyu said with a solemn expression.

Master Bai and Jin Huian had also noticed this, but they couldn't find any explanation. Perhaps no one in the world could find an answer.

Inside the multicolored radiant world, Yun Lintian remained calm and composed despite being utterly clueless about the situation. Nothing was changed except for his hair, which had slowly grown longer and was now scattered on the floor.

The multicolored lights continued to flow around his entire body. These lights obviously represented the relics, but they were completely different from the power he had released before.

The divine energy was still surging, and the divine lights surrounding his body gradually grew stronger as time passed. It was as if his entire being had transformed into a sacred mountain, evoking an irresistible urge for everyone to kneel down.

Master Bai, Jin Huian, and Nantian Fengyu glanced at each other in shock. Each one of them was the pinnacle of existence in the world, and no one could make them feel otherwise. Even the Beyond Heaven King couldn't evoke this sacred feeling...monopoly novelfullb00k But Yun Lintian could actually do it. Just what exactly was he?

Yun Lintian continued to remain in this peculiar state for another two weeks, and finally, his expression began to change. His perception had changed, becoming broader and more powerful. His perception of his divine energy, body, and the world around him had all changed.

An aura that he had never experienced before surged through his profound vein, gradually spreading throughout his entire body, reaching every vein and permeating every inch of his flesh.

All the fragments within Yun Lintian's profound vein world started to gather, joining together piece by piece until it became a vast and profound world. All the multicolored lights quickly spread out in all directions, giving vibrant vitality to the newly formed world.

Yun Lintian felt as if he had just witnessed the birth of the universe.

Buzz-

Suddenly, the Beyond Heaven King's Crown appeared on Yun

Lintian's head on its own. All the jewels on the crown were brightly lit, emitting their own colors. Following that, an immense pressure gradually surged from within the crown and spread out, filling the entire temple, the Neverending Burning Hell, and continuing to expand into the Northern Divine Region.

BOOOOM-

With a colossal explosion, as if the Dragon God itself were roaring towards the sky, all the lights surrounding Yun Lintian ruptured, and an immensely terrifying energy wave erupted from his body.

His aura surged abruptly, intensifying several times over in an instant. It was evident that he had officially stepped into the first level of the Divine King Realm!

Chapter 1682 Announce To The World

In the outside world, countless star realms were completely destroyed by numerous ancient beasts. Wherever these beasts passed, that place would become a desolate and lifeless realm of darkness. Not a single sign of life could be seen.

At this moment, numerous ancient beasts had arrived in the Northern Divine Region. Their dark eyes resembled a bottomless abyss swept around various stars, looking for the next prey.

However, all of them immediately came to a halt as they sensed a strange yet majestic aura emanating from the far north. This aura made them cower, not daring to look at it directly.

"What's going on?" Several practitioners who were preparing to defend their homelands noticed this strange phenomenon.

"The aura... Do you feel it?" Someone among them spoke out, and the others began to sense the approaching divine aura.

"This... What kind of aura is this? Why do I feel like I want to kneel down?" One after another, everyone felt the urge to kneel down and bow their heads in reverence to the aura.

Inside the Clear Spring God Realm, Shui Fang looked up at the starry sky with a sense of doubt. He could naturally perceive the majestic aura.

Standing beside him was a dignified middle-aged man. He was Shui Ru, the Clear Spring God Emperor. He glanced towards the north and spoke. "The aura comes from the direction of the Neverending Burning Hell."

Shui Fang was stunned and immediately thought of Yun Lintian. The news of Yun Lintian entering the Neverending Burning Hell had already spread to every corner of the Divine Realm.

However, that place was filled with numerous powerful criminals, and none of them dared to go. Coupled with the unsettling situation in the Divine Realm, everyone chose to ignore him and prepare to defend their homelands.

"It's Brother Yun." Shui Fang spoke in a low voice. "Only he can produce this kind of strange phenomenon."

Shui Ru looked at his son and asked. "How is your relationship with him?"

"It isn't close, but I think we can treat each other as friends." Shui Fang replied truthfully.

"That's good. You did a good job this time." Shui Ru gave rare praise. "Your wanderings have finally paid off."

Shui Fang smiled wryly. Obviously, his old man was still dissatisfied with him wandering around the world.

The majestic aura continued to expand from the Northern Divine Region to the Central, Western, Eastern, and Southern Divine Regions. Wherever the aura passed, all the ancient beasts would cower and retreat directly towards the Devil Valley. This strange scene stunned every being in the Divine Realm.

Hong!

All of a sudden, a dazzling divine light appeared in the starry sky, and an image of a crown emerged from behind. Everyone in the world could see it as long as they raised their heads to look at the sky.

"The Beyond Heaven King's Crown?" Hongyue, who was engrossed in reconstructing her body, paused and furrowed her brow as she gazed at the image of the crown in the sky.

The same reactions occurred everywhere among those who recognized the Beyond Heaven King's Crown. They immediately thought of Yun Lintian. Especially the enemies of the Beyond Heaven King in the past. Although they had no idea what was happening, it was definitely not a good sign for them.

"Master." Inside the beautiful garden, Chun Yue lowered her head and respectfully said to Ren Yuan.

"He has never changed. Always does things in a high-profile manner." Ren Yuan calmly sipped a tea and said. "He is telling the world that their master has officially returned."

Chun Yue furrowed her brow tightly. Yun Lintian's progress was incredibly fast. It had been a few months since he had made a breakthrough, and now he had done it again.

"Master, should we do something?" Chun Yue asked cautiously.

Ren Yuan put the teacup down and said calmly. "It's not our turn to worry. Some people can no longer sit still."

A strange light flashed in Chun Yue's eyes as if she had suddenly remembered something.

Ren Yuan got up and stretched his waist. "I'll take a walk for a while."

Chun Yue raised her head in surprise and found that Ren Yuan was nowhere to be seen...

Bang!

Inside a somber palace, a middle-aged man dressed in black angrily threw his cup to the ground. His face contorted with fury as he stared at the image of the crown in the sky.

"Why must it be right now!?" He spoke in a hoarse voice.

"Please calm down, Royal Father. Your injury has not yet recovered." Nie Wuji expressed his concern.

The man, Nie Weisheng, the Dark Sea God Emperor, took a deep breath and said. "I'll leave the sect's affairs to you. Don't let me down."

He turned around and left. His footsteps were extremely heavy. It was evident how angry he was.

"Yes, Royal Father." Nie Wuji bowed deeply.

After his father left, he turned to look at the crown in the sky and murmured. "I hope he doesn't come here."

Inside the Golden Crow God Temple, Jin Huian, Master Bai, and Nantian Fengyu stared intently at Yun Lintian. The aura unleashed from the crown was precisely the same as the aura of the Beyond Heaven King. It was as if he was announcing to everyone that the master of the Divine Realm had finally returned.

"But why?" Master Bai suddenly spoke with doubt. "Why did he announce it to the world? This will do harm more than good to Yun Boy."

Nantian Fengyu curled her lips. "Heh. I suppose that some things cannot be changed even if they have already vanished from the world."

"It suits his personality well." Jin Huian chuckled. "I guess those people cannot sit still now."

Master Bai frowned slightly and appeared to understand the Beyond Heaven King's intention. However, he still disagreed with such an approach.

Although Master Bai had always been a high-profile person himself, it was because he had the ability to back it up. Yun Lintian was different. He had just become a Divine King. It was unwise to attract so many enemies at once.

"Why are you making that face? Isn't this your typical habit?" Jin Huian glanced at Master Bai.

"I admit that it is indeed cool, but I am more concerned about myself. This means I have to work hard to shoo those flies away from Yun Boy. How troublesome." Master Bai complained.

Jin Huian pursed her lips and said nothing.

At this moment, Yun Lintian opened his eyes, and all the divine lights around him quickly receded, completely disappearing.

He took a deep breath and clenched his fists, feeling the newfound strength.

"So good."

Chapter 1683 Stabilize

Yun Lintian could feel the immense power coursing through his veins. Every joint and muscle in his body brimmed with unprecedented vitality, emitting popping sounds. If the previous version of him was rated five out of ten, the current version of him was a perfect ten. He felt that no one in the world could be his match.

Yun Lintian raised his hands, and three balls of flames emerged in the air. The first was as calm as the boundless ocean, the second was full of gentleness and vitality, and the third was as fearsome as torrential waves. The flames were the Phoenix flame, the Vermilion Bird flame, and the newly acquired Golden Crow flame.

"The three most powerful flames in the world have perfectly converged within one entity. There has never been such a thing in the entire history of the Divine Realm." Master Bai muttered as he stared at the three balls of flame.

"You have unexpectedly refined my blood origin and soul within a short month. When the blood of the Golden Crow enters the body of other living creatures, it should be as formidable to conquer as a ferocious beast. It could even cause the creature to burn directly, yet you can handle it perfectly. It seems the power of the Sun is more powerful than we thought." Jin Huian took a deep look at Yun Lintian as she spoke.

Jin Huian's voice sounded dull, and Yun Lintian could detect hints of weakness. Her ethereal figure had also slowly faded as if she could vanish at any moment.

Yun Lintian emerged from the state of excitement and turned to gaze at her. "Thank you, Senior."

"You have to practice the volume of the Light The World as soon as possible. Combined with the Sun, your fire attribute attack will become extremely strong. Even the Sun God Emperor won't be able to withstand it." Jin Huian said calmly.

"I will." Yun Lintian responded solemnly.

"You have obtained the Light Pole, but you still cannot comprehend the Law of Life. There seems to be something wrong with it. Perhaps you need to reach a high level of the Primordial Beyond Heaven Scripture first in order to activate it." Jin Huian said further.

"The Law of Life?" Yun Lintian was startled. He, of course, knew about the Law of Life but had no idea how to comprehend it. There was no clue whatsoever that he could find. The Library didn't have it either.

"Maybe you need the Dark Pearl first." Nantian Fengyu said with a frown. "Unfortunately, Yun Tian didn't leave anything behind regarding the two great laws."

Yun Lintian turned to look at her with doubt. "Are you...Senior Divine Phoenix?"

"Who else?" Nantian Fengyu curled her lips.

Yun Lintian was surprised. Although he was aware that Nantian Fengyu possessed a special soul, he didn't expect that the Divine Phoenix could possess her like this.

In the past, the Divine Phoenix appeared in Nantian Fengyu once, but Yun Lintian wasn't there to see it.

Yun Lintian frowned slightly and asked. "I don't know whether I should go to Devil Valley immediately or find the Black Turtle God's blood origin first."

"You don't have to think about it. The answer will appear in front of you later." Master Bai suddenly said.

Yun Lintian looked at him with puzzlement but refrained from asking any questions.

Swoosh!

All of a sudden, Jin Huian's illusory figure swayed and started to fade.

Master Bai's expression changed drastically as he shouted anxiously. "Huian!"

Yun Lintian was startled by Master Bai's intense reaction. He immediately understood that their relationship was that of lovers.

"It's time for me to go." Jin Huian said. Her voice was faint as if it came from another dimension. "With both of you by his side, I believe he will succeed."

"No! Don't go, Huian!" Master Bai shouted and desperately released his power, trying to stabilize Jin Huian's soul remnant.

Jin Huian looked at him and smiled. "Have you forgotten what you said to me previously?"

"No... I don't want you to disappear again." Master Bai was on the verge of tears.

Nantian Fengyu watched everything unfold silently. It was beyond her capability to do anything with this situation. Although they had been rivals for ages, Nantian Fengyu felt extremely uncomfortable seeing Jin Huian slowly fade away like this.

"Big Brother Yun?" Linlin spoke softly. She knew that Yun Lintian would definitely take action.

Yun Lintian took a deep breath and raised his hand. Instantly, a miniature sun appeared above the temple, emitting a terrifying heatwave several times more intense than the surrounding flames.

The Sun symbol appeared on Yun Lintian's forehead, emitting a crimson radiance that enveloped Jin Huian.

Jin Huian was startled and quickly said. "Stop! Do you know what you are doing?"

Obviously, Yun Lintian attempted to harness a fraction of the Sun's power to strengthen her soul. It meant that his power was going to permanently drop, just like when he used the Moon on Hongyue.

Nantian Fengyu frowned, but she didn't say anything.

Meanwhile, Master Bai was overjoyed and looked at his lover hopefully.

Yun Lintian responded as he continued to unleash his power. "You gave me your precious blood origin, and soul. It's natural for me to repay you, Senior."

"You..." Jin Huian turned to Nantian Fengyu and shouted. "What are you doing, Feng Yu? Stop him immediately!"

Nantian Fengyu glanced at Jin Huian and gave her a smile. Suddenly, her dignified aura gradually changed, and her expression softened. Evidently, the Divine Phoenix had left her body.

Nantian Fengyu was taken aback and looked around in confusion. How did she end up here?

"You..." Jin Huian was speechless at this scene.

"Just accept it obediently." Master Bai smiled with delight.

Jin Huian glanced at him and sighed. "Fine. I will reluctantly stay for a bit longer."

At this moment, Jin Huian's illusory body solidified and stabilized completely. She had become similar to Hongyue. Even though she couldn't unleash her power like she could at her peak, she could maintain this state for a hundred thousand years without any issues.

Moreover, she could reconstruct her body as long as she had enough materials...

Chapter 1684 Clarification

Master Bai had already thought of gathering materials at this moment. He looked at Yun Lintian and said. "Good job, Yun Boy. Now, give me the Golden Jade. It is one of the materials used to rebuild her body."

Yun Lintian retracted his power and said. "No problem. I plan to throw it into the volcano in the Land of Beyond Heaven later."

"Good boy! Hahaha!" Master Bai laughed happily. "It would be even better if you could find the other materials."

"Can't you stop being shameless?" Jin Huian gave him a fierce glare, causing Master Bai to shrink back.

Jin Huian turned to Yun Lintian and said, with a serious expression. "While I appreciate your help, you better stop being kind like this in the future. You should be aware of your duty at this point. Any action that makes you weaker is akin to giving the enemy a handicap."

Yun Lintian replied with a smile. "Understood."

Jin Huian frowned slightly as she knew Yun Lintian didn't take her words to heart. However, there was nothing she could do about it. "Junior brother?" Nantian Fengyu suddenly said in confusion.

"You can't remember anything?" Yun Lintian was surprised and spoke. "This is Senior Golden Crow God."

Nantian Fengyu looked at Jin Huian with a frown. She didn't know why she didn't like this beautiful woman.

"Looks like that woman didn't let her see it." Jin Huian took a deep look at Nantian Fengyu. "She is still as cruel as before."

Yun Lintian was puzzled. "What do you mean, Senior? Is there a problem?"

Jin Huian shook her head. "This is not something with which I should interfere. You can ask her about it later. However, I don't think she will tell you."

Yun Lintian furrowed his brow and looked at Nantian Fengyu in confusion. For some reason, he had a bad feeling in his heart, but he couldn't figure out where it came from.

Nantian Fengyu seemed to understand what Jin Huian was trying to imply, but she didn't show any reaction on her face. She turned to Yun Lintian and said. "I want to stay here."

Yun Lintian didn't agree immediately. He turned to Jin Huian. "Senior, can this temple remain as it is?"

"It's not a problem. She can stay here at ease. No one will be able to break in." Jin Huian responded. "I chose this place for this specific reason."

Yun Lintian was relieved to hear this. Now, he could open the Gate of Beyond Heaven at will. He decided to set up another one here for Nantian Fengyu.

Without further thought, he waved his hand, and a smaller version of the Gate of Beyond Heaven appeared in the center of the hall. He then pointed his finger at Nantian Fengyu and extracted her aura imprint before placing it on the gate.

"You can stay here as long as you want, Fifth Sister. This gate belongs solely to you. No one can open it except for you. You can also store it away once you enter it. Just in case formidable enemies appear later. However, you won't be able to come back here again if you do it." Yun Lintian explained.

"Alright." Nantian Fengyu smiled brightly.

"How convenient." Master Bai sighed enviously. "I really don't know how Yun Tian created such a peerless treasure."

"How many gates you can create?" Jin Huian asked.

"Currently, my limit is five gates." Yun Lintian answered.

"Five? That's a lot." Jin Huian was surprised.

Yun Lintian suddenly said. "From the look of it, it appears that only Senior and the people around the Beyond Heaven King are aware of the Land of Beyond Heaven."

"It doesn't make sense, right? Such a large piece of land has gone missing for no apparent reason, and no one seems suspicious about it." Jin Huian responded.

"In fact, there were originally two Lands of Beyond Heaven. The one that existed in the Divine Realm, home to the Beyond Heaven King that everyone knew about, and another one he had secretly created. The one inside your body."

"The original Land of Beyond Heaven in the Divine Realm had been destroyed by the Primordial God Tribe's people. Hence, no one doubted it. In their minds, the Land of Beyond Heaven had long been gone."

Yun Lintian immediately understood everything. He couldn't help but be curious about the ceiling of the Beyond Heaven King's power. The current Yun Lintian was definitely incapable of creating a perfect small world like the Land of Beyond Heaven, and he also didn't think it would be possible in the future... How did he manage to do it?

"Yun Tian's strength has always been unfathomable. Not many people knew about his ceiling. His talent for creating artifacts and profound art was even more incredible. The relics and the Land of Beyond Heaven inside your body are solid evidence. Products at n0velfullb00k No one in the world could produce them like he could." Jin Huian spoke as if she could see through Yun Lintian's thoughts.

Yun Lintian nodded slowly.

Jin Huian looked at him and continued speaking. "I thought that my blood origin and soul could help you reach at least the middle level of the Divine King Realm, but your profound vein is too vast."

"From the look of it, I don't think Gui Shen's blood origin and soul can make him a Divine Sovereign. Maybe the Dark Pearl could." Master Bai said with a frown.

According to everyone's estimation, Yun Lintian would reach the peak of the Divine Emperor Realm once he absorbed all the relics, bloodlines, and souls. However, the reality was nowhere close to it... Yun Lintian's profound vein was indeed strange.

"Senior, can you find the location of Senior Black Turtle's blood origin?" Yun Lintian suddenly asked, knowing that Gui Shen should be the true name of the Black Turtle God.

"It's difficult." Master Bai shook his head. "Gui Shen had always been the best at aura concealment among us. If he wanted to hide, no one could find him... But you don't have to worry about it. He must leave some clues for you."

"He should be somewhere in the Death Sea." Jin Huian spoke. "Qingxuan told me that." Yun Lintian nodded slightly.

"Qingxuan?" Jin Huian looked at Yun Lintian with a strange expression. "It seems that your relationship with her is not ordinary."

In the entire world, only a handful of people dared to call the Dragon Princess by her true name. Not to mention her name alone, like Yun Lintian did... What happened between them?

Yun Lintian knew that he had slipped his tongue and quickly said. "I didn't know her identity at first and called her that."

"Really?" Jin Huian narrowed her eyes as if she wanted to see through him.

Yun Lintian quickly changed the topic. "I think it's time for me to leave. I will have to trouble you to stay in the Land of Beyond Heaven first, Senior."

With that, he summoned another Gate of Beyond Heaven and entered directly under Jin Huian's curious gaze...

Chapter 1685 Unknown Future

"This place is almost complete." Jin Huian looked thoughtfully at the beautiful scenery of the Land of Beyond Heaven.

She could feel that the laws here were almost complete. When Yun Lintian obtained the Dark Pearl, this place would definitely transform into another god realm similar to the original Land of Beyond Heaven.

She turned to look at the Dragon God Clan's people in the far distance and said to herself. "I didn't expect to see them here."

"They came from Long Er's bloodline. Obviously, Senior Long had foreseen the situation a long time ago and deliberately exiled Long Er." Master Bai explained. "I have to admit that his vision is unique in the world."

"Long Er?" Jin Huian was surprised. "No wonder their bloodlines are extremely pure."

Swoosh—

Suddenly, Long Qingxuan silently appeared in front of them. "It's been a while, Senior Jin."

Jin Huian had a peculiar expression on her face when she saw Long Qingxuan. It was because she had discovered that Long Qingxuan had already lost her "purity." She could immediately connect all the dots. It was no wonder Yun Lintian dared to call her by her name directly and would become frustrated.

"Indeed. It's good that you have fully recovered now." Jin Huian responded gently.

"Do you know the location of Gui Shen?" Master Bai suddenly asked. "We cannot waste our time finding him."

Long Qingxuan shook her head. "I received a message from an unknown person stating that Senior Gui's legacy is hidden in the Death Sea."

"Unknown person?" Jin Huian was puzzled.

"I don't even know who left me this message or how this person did it. There was no aura or anything." Long Qingxuan replied with a hint of confusion.

Jin Huian and Master Bai glanced at each other in surprise. They immediately recalled what the Divine Phoenix had said previously. Could the person who sent a message to Long Qingxuan be the mysterious woman who was likely to be Yun Lintian's mother?

"How troublesome. Why didn't this person just tell you the specific location directly? What was the point of doing this?" Master Bai shook his head. "Now I know how annoyed Yun Boy felt. Everything is full of riddles."

"The situation in the Divine Realm is not good. The Western Divine Region is on the verge of collapse and being completely overrun by those ancient beasts." Long Qingxuan continued speaking. "The wall of the Divine Realm has also become increasingly unstable. There should be someone causing a commotion from the outside."

"Lintian's strength is far from sufficient. Even if he has gathered all the relics and bloodlines, it is still not enough." Jin Huian frowned deeply. "I really don't know if Yun Tian has predicted this."

The three of them fell silent as the future seemed shrouded in fog.

At that moment, Yun Lintian slowly walked over with Linlin and Qingqing after tossing the Golden Jade into the distant volcano.

Long Qingxuan noticed this and disappeared from the place, leaving Master Bai confused.

"Why did she leave?" Master Bai was puzzled.

"You really didn't see it?" Jin Huian looked at him strangely as she asked.

"See what?" Master Bai blinked in confusion.

"Sure enough. Men never pay attention to details." Jin Huian shook her head.

Master Bai: "???"

Yun Lintian was relieved to see Long Qingxuan leave. He walked over and said. "I'll leave now. What about Ling Zemin and Zhan Huan? How do you deal with them?"

"You can let Zhan Huan go. As for that bastard Ling. Let me handle it." Master Bai said with a mysterious smile.

"Alright." Yun Lintian nodded and walked through the gate, with Master Bai following closely behind. As for Jin Huian, she would stay here for the time being to further stabilize her soul.

Yun Lintian appeared in the hall and saw Nantian Fengyu practicing diligently. He placed a storage ring in front of her and said. "There are your favorite food here. We will leave first. Take care of yourself, Fifth Sister."

Nantian Fengyu opened her eyes and said. "I know."

Yun Lintian didn't say anything further and left the temple directly.

"You finally came out." Yue Chuntao pursed her lips upon seeing Yun Lintian. "I was bored to death."

"Sorry. It took longer than I had expected." Yun Lintian smiled apologetically.

"Divine King..." Cang Shang looked at Yun Lintian, his expression filled with astonishment.

It had been a month, yet Yun Lintian was able to step into the Divine King Realm from the eighth level of the Divine Transformation Realm. Cang Shang had never heard or seen such a rapid progress speed before.

Meanwhile, Shan Huan didn't seem to be surprised by it. After all, common sense couldn't be applied to the Beyond Heaven King and his successor to begin with.

Master Bai, who had transformed into his owl form, glanced at Zhan Huan and said. "I will let you go this time. Don't forget to remind your father to compensate me."

Zhan Huan was surprised. Even though he knew Master Bai wouldn't kill him, he didn't think he would let him go this easily.

He responded quickly. "Thank you, Senior, for letting me go. I will definitely tell him."

Master Bai said nothing, but the seal in Zhan Huan's Divine Core immediately disappeared.

Feeling the power returning to his body, Zhan Huan heaved a sigh of relief and glanced at the unconscious Ling Zemin. "I believe that his father must be aware of the situation. Please be careful, Senior. My father once told me that his strength has improved over the years with the guidance of the Heavenly Desolate God Emperor."

"Don't worry about that. Now, open the gate for me. We will leave this place." Master Bai said nonchalantly.

"Yes." Zhan Huan responded quickly and channeled his power, creating a spatial gate.

Master Bai glanced at Cang Shang and asked. "Do you want to go back?"

"Yes. I need to go back to see my master." Cang Shang replied.

"I will visit your master later." Master Bai said and unleashed his power, lifting Ling Zemin from the ground.

Yun Lintian didn't say anything and walked into the spatial gate, followed by Yue Chuntao and the others.

The next moment, Yun Lintian found himself standing outside the Neverending Burning Hell. He immediately summoned the profound ark, preparing to set off.

"Hmm?" Suddenly, Yun Lintian discovered that the dark aura around this place was several times thicker than before. It was as if a large group of devils had just passed through here.

On the side, Yue Chuntao's expression turned solemn as she realized that the barrier around Devil Valley must have been broken by now.

"Let's go back first." Yue Chuntao said.

Yun Lintian nodded and drove the profound ark away under the gazes of Zhan Huan and Cang Shang...

Chapter 1686 Emergence Of Ancient Beasts (1)

Yun Lintian chose to return along the same path he had taken previously. Along the way, he could sense that the surrounding atmosphere wasn't quite right. It seemed to be enveloped in layers of gloom that he couldn't explain.

"Strange." Yun Lintian muttered. "Has the Divine Realm been invaded by devils recently?"

Master Bai glanced expressionlessly at the gloomy aura lingering in the air. He could immediately recognize that this aura belonged to ancient beasts. It was several times more powerful and intense than the ancient beasts in the Chaotic Sea Region. It was normal for Yun Lintian to not recognize it.

"Hmm?" Suddenly, Yun Lintian's sight was met with a broken ship. The ship was so seriously damaged that it could shatter at any moment. On the ship, there was a group of people who appeared to be severely injured.

When these people noticed Yun Lintian's profound aura, they immediately became vigilant.

Yun Lintian piloted the profound ark towards them and halted at a suitable distance. He gazed at them and immediately frowned upon noticing a lingering dark aura surrounding their bodies.

"What do you want?" A young man on the ship mustered his courage and asked cautiously. He gripped a broken sword tightly, ready to attack at any moment.

Yun Lintian waved his hand and threw a few jade bottles toward them. "There are healing pills inside. All of you can take them first. I just want to know what happened. Did you encounter any devils?"

The young man grabbed all the bottles and briefly examined their contents. He hesitated for a moment, then handed them to his comrades. "There shouldn't be any poison."

The others glanced at each other hesitantly before taking the pills. A moment later, their injuries gradually recovered, and the dark aura inside their bodies also dissipated bit by bit.

The young man heaved a sigh of relief when he noticed the change in his body. He looked at Yun Lintian and bowed respectfully. "Thank you, Senior, for helping us. We did indeed encounter a group of devils."

Yun Lintian frowned slightly. "How many devils are there? And what were those upper realms doing? Why didn't they come out to deal with it?"

The young man smiled wryly. "Everyone can't even help themselves right now. How could they have time to care about others? As for the devils, they are not devils from other realms but rather a horde of devilish beasts."

"Beasts?" Yun Lintian was stunned. "Where did they come from?"

"We don't know. They seemed to appear out of thin air." The young man shook his head. "Our realm has been destroyed by them, and we are the only ones who managed to escape in time. We are planning to seek refuge in an upper realm."

"They could destroy your realm?" Yun Lintian was surprised.

"Yes. They are at least at the Divine Sovereign level. All of them." The young man said with a lingering fear in his voice. "There are also some divine emperors among them."

The young man hesitated briefly and then continued speaking. "There is a rumor circulating at the moment. It said that these creatures emerged from a location known as Devil Valley."

Yun Lintian was shocked upon hearing this. He turned to Yue Chuntao and noticed that she was relatively calm.

"You know about this?" He asked.

"Yes." Yue Chuntao admitted. "Grandma Hua told me to hide it from you because it would distract you."

Yun Lintian furrowed his brow. He wasn't angry with Yue Hua because he could understand her intention, but he was worried about Lin Xinyao and the others. The timing was completely messed up at this point. This meant they couldn't practice in peace as they had intended.

"Here. Take this to repair your ship. Good luck." Yun Lintian threw a storage ring to the young man and quickly piloted the profound ark away at top speed.

The young man looked in shock at the piles of materials inside the ring. He had never seen such a vast amount of resources in his entire life.

He looked at the profound ark disappearing from sight and muttered. "Who is he?"

Yun Lintian rushed back to the Moon God Realm at full speed. On the way, he could see signs of destruction everywhere. Many lower realms were reduced to scattered dust, while some middle realms were left in a state of devastation.

"Where are those beasts?" Yun Lintian frowned deeply as he didn't see a single beast in sight.

Yue Chuntao was also surprised. "Perhaps they are being forced to retreat?"

"Ridiculous. How could those ancient beasts be easily forced to retreat?" Master Bai sneered. "They have been imprisoned for who knows how many years. It's impossible for them to pass up an opportunity to vent their anger and resentment."

Yun Lintian quickly asked. "You seem to know them well. Did they come out before?"

"No. They have never come out. We went in." Master Bai replied calmly.

"How did you get in?" Yun Lintian was taken aback. As far as he knew, the barrier was so special that no one could pass through.

Suddenly, Yun Lintian thought of something and slapped his forehead. "That's right. The Beyond Heaven King could definitely go in. Otherwise, how could he leave the Dark Pearl behind?"

He asked further. "Why didn't he just kill all of them?"

"How else could he nurture the Dark Pearl if he were to kill them all?" Master Bai rolled his eyes. "I can tell you that there are at least ten god emperors and fifty peak Divine Emperors among them. There are also over two hundred divine emperors and a thousand divine sovereigns."

Yun Lintian's eyes widened in disbelief. Yue Chuntao was the same.

"This... It's too exaggerated." Yun Lintian couldn't believe it.

"And this happened more than forty thousand years ago. I don't know how strong they have become now." Master Bai said with a rare solemn expression.

Yun Lintian and Yue Chuntao glanced at each other in astonishment.

Yun Lintian took a deep breath and asked. "I heard that it was the former dwelling of a primordial devil god. Is it true?"

"Yes. There is a trace of the aura from the Primordial Era inside that place. However, we didn't see anything about the alleged primordial devil god. It should have died a long time ago." Master Bai answered.

Yun Lintian felt a sense of relief upon hearing this. At least, there wasn't an existence above a god emperor. There was still a chance to handle this catastrophe.

Roar—

All of a sudden, a terrifying cry of a beast could be heard from a distance ahead. When Yun Lintian looked over, he saw five strange beasts as black as ink chasing after a group of people...

Chapter 1687 Emergence Of Ancient Beasts (2)

"All peak Divine Sovereigns." Yue Chuntao said with a frown. Although these five beasts were Divine Sovereigns, the aura they released was more frightening than it should have been. It was as if they were at a middle level of the Divine Emperor Realm.

These beasts reminded Yun Lintian of the ancient beasts in the Chaotic Sea Region back to Azure World. However, they were several times more powerful.

"What are you going to do?" Yue Chuntao asked.

"This is an opportunity for me to test my power." Yun Lintian said and quickly piloted the profound ark towards them.

"Roar!" One of the bird-like creatures opened its mouth, and a thick black beam shot out towards the group of practitioners.

"No!" The practitioners turned pale. They desperately tried to escape, but their speed was too slow. No matter how hard they tried, it was impossible to avoid the black beam.

At this moment, the fire and lightning swords appeared in the air behind Yun Lintian. He pointed his finger at the black beam, and the two swords immediately shot out, piercing through space and colliding with the beam.

BOOOM!

A massive explosion occurred, causing the surrounding space to ripple. The shockwave immediately swept the group of practitioners far away.

All five beasts promptly ignored the practitioners and turned their attention to the newcomer.

"Take care of those people." Yun Lintian spoke and jumped off the profound ark, flying towards the beasts.

Sitting on Yun Lintian's head, Master Bai said. "Their necks are their weakness. Try to aim at that spot."

Yun Lintian raised his hand slightly, and the fire sword immediately flew towards him.

"Roar!" One of the five beasts raised its claw, summoning a devilish lightning bolt that appeared out of nowhere and struck Yun Lintian from above.

Yun Lintian didn't even look at it. He raised his left index finger, and the lightning sword immediately pierced through the space, hurtling towards the black lightning.

The lightning sword unleashed terrifying bolts of lightning, leaving behind purple ripples in the space it traveled. The lightning sparks crawling across its blade were as intense as a tidal wave.

Boom—

There was a dull noise of impact, and Yun Lintian simply flew through the ripples of the explosion, charging towards the nearest beast. The red sword in his hand erupted with the Golden Crow's flames as he raised it and swung forward.

The nearest beast paused for an instant, but it didn't show any intentions of avoiding. A powerful black aura abruptly burst out of its body as it let out a roar and charged towards the oncoming attack.

BOOOM—

The searing sword struck the beast's head with force, causing the Golden Crow's flames to rapidly spread and consume the creature's entire body.

"Roar!" The beast roared in pain and struggled to extinguish the flames.

Yun Lintian didn't give it a chance and quickly swung the sword once more at the beast's neck.

Puff!

Instantly, the head of the beast flew into the air, accompanied by a gush of dark blood.

Master Bai was surprised by Yun Lintian's overwhelming power. He was aware of the beast's sturdy body, which was why he instructed Yun Lintian to aim for its neck initially. However, Yun Lintian was able to subdue it with a single strike and kill it with the following slash... What kind of power was this?

Yun Lintian didn't waste time and immediately moved towards the remaining beasts. His entire right arm was engulfed in the flames of the Golden Crow as he raised the sword once more and slashed at the next target.

Boom!!

There was a tremendous explosion, and the beast was instantly smashed, flying while being swallowed by the Golden Crow's flames.

"Roar!" The other three beasts didn't hesitate to launch their attacks on Yun Lintian. A rapidly expanding whirlpool of black aura appeared around him before shrinking, causing the surrounding space to distort wildly.

The combination of the powers of the three Divine Sovereigns was no joke. It could easily destroy any Divine Kings in an instant.

However, Yun Lintian was not an ordinary Divine King. He squinted his eyes slightly, and his aura immediately surged, causing the shrinking black aura to tremble violently before shattering into countless particles.

"So, this is his full power." In the far distance, Yue Chuntao looked at the scene with surprise.

Yun Lintian had unleashed his aura to its fullest extent without relying on any external assistance, and it easily matched that of a high-level Divine Emperor. If she hadn't seen it with her own eyes, she would never have believed it.

A Divine King who could emanate an aura similar to a high-level Divine Emperor... Who would believe such a claim?

Master Bai was no exception. He knew Yun Lintian was a freak who couldn't be judged by common sense. However, Yun Lintian had never failed to surprise him, even though he had repeatedly overestimated him.

What kind of monster did you find, Yun Tian? Thought Master Bai.

In that instant, Yun Lintian raised his sword, and a two-hundred-meter-long sword projection emerged in the air. Following that, he swung the sword horizontally toward the three beasts.

The three beasts let out a roar in unison, and their bodies were instantly covered with a thick black mist.

However, the sword projection, covered with the Golden Crow's flames, swept through the black mist like a hot knife cutting through butter and smashed into the three beasts in one fell swoop.

BANG!

The three beasts were instantly cut in half and engulfed by the flames of the Golden Crow. They didn't even have a chance to let out a painful cry and were reduced to ashes immediately.

Yun Lintian took a step forward and reappeared in front of the last remaining beast, which was struggling in the gold-reddish flames. He swung his sword once more, cleanly cutting off its head.

Master Bai raised his wing slightly, and five divine beast cores immediately flew towards him. He looked at the black beast cores and said. "They are on the verge of losing their power. You better restrain your hand next time."

As he spoke, he threw one of the beast cores into his mouth and chewed it like a snack.

He then handed the remaining four beast cores to Linlin. "Take it. Your growth is too slow."

Linlin didn't say anything and took all the beast cores.

Yun Lintian briefly scanned his surroundings with his Spiritual Sense before returning to the profound ark.

"Thank you, Senior, for saving us." A middle-aged man among the group of practitioners spoke up quickly.

Yun Lintian looked at the man with a strange expression because his aura felt familiar. It reminded him of the aura of Azure World...

Chapter 1688 The First Batch Of Ascenders (1)

Yun Lintian nodded and asked. "Where are you from?"

"We came from the Myriad Star Realm. Unfortunately, we were ambushed on our way back and ended up here." The middle-aged man replied.

"Myriad Star Realm?" A strange light flashed in Yun Lintian's eyes upon hearing this.

The man in front of him was at the first level of the Divine Tribulation Realm, and his age was over five thousand years. With the lingering aura of Azure World in his body, it was obvious that he was among the first group of people to ascend to the Divine Realm.

Yun Lintian glanced around briefly and discovered that some of these people also possessed the aura of the Azure World.

He turned to the man and asked. "What is your name?"

"This junior's name is Ji Shou." The middle-aged man quickly replied.

However, Yun Lintian could discern a subtle change in the man's eyes. Obviously, he lied about it. His real name should be something else.

"Well, if you don't mind, you can come with us first. We are currently heading to the Moon God Realm." Yun Lintian said with a smile.

Ji Shou and the others were startled. The Moon God Realm was one of the most powerful realms in the Divine Realm. On a normal day, Ji Shou and the others could only dream of going to such a place.

Ji Shou suppressed the excitement in his heart and asked cautiously. "As far as this junior knows, the Moon God Realm has closed its borders and doesn't welcome anyone. May I ask if Senior is a member of the Moon God Realm?"

Yun Lintian pointed at Yue Chuntao and said. "She is the Moon Princess."

Ji Shou and the others were stunned and instinctively turned to look at Yue Chuntao.

"We pay our respects to the Moon Princess." Ji Shou and the others quickly bowed their heads in respect. However, their eyes were filled with uncontrollable excitement. They didn't expect to encounter such good fortune while experiencing a disaster.

Yue Chuntao was puzzled, but she didn't ask anything. She waved her hand and said. "Get up. You can come with us."

"Thank you, Your Highness!" Ji Shou and the others said in unison.

"Let's go." Yun Lintian turned around and piloted the profound ark towards the Moon God Realm at the highest possible speed.

Two days later, Yun Lintian finally arrived at the Moon God Realm. Along the way, Yun Lintian encountered some low-level devilish beasts, but it wasn't a problem for him.

Without hesitation, Yun Lintian swiftly piloted the profound ark into the Moon God Realm, heading towards the Divine Moon Peak.

Ji Shou and his friends looked around with delight. They could already feel the abundant aura here. It was a thousand times better than the Myriad Star Realm. Their minds had already drifted towards a prosperous future. As long as they stayed here, achieving a Divine King wouldn't be a question.

"It seems like those beasts didn't come here." Yun Lintian spoke with doubt.

"They are not foolish enough to target any god realms." Master Bai explained. "Every god realm has its own trump cards. You should avoid entering the enemy's territory in the future."

Yun Lintian nodded slightly and asked. "By the way, why didn't I see any beasts in human form?"

As he spoke, he gently patted Linlin's head and wondered when Linlin would be able to take on a human form. Usually, profound beasts could shape-shift once they reached the Saint Profound Realm, but for some reason, Linlin was unable to do so.

The beasts he encountered along the way were also the same. They were clearly above the Divine Transformation Realm, but they continued to remain in a beast form, which was quite strange.

"Taking on a human form is not suitable for everyone." Master Bai answered. "Some of them have to meet a certain condition first. Linlin is a bit unique. Her bloodline is so pure that assuming a human form would impede her advancement. She must first step into the Divine Emperor Realm to do it."

"As for those god emperor level beings in Devil Valley, all of them could assume a human form. You must be careful when you meet them in the future. They can be deceptive sometimes."

"I see." Yun Lintian nodded slowly.

Soon, the profound ark slowly arrived at the base of the Divine Moon Peak. At that moment, Yun Qianxue and the other women had already been waiting for them.

Yun Lintian jumped off the profound ark and smiled at his women. "I'm back."

"It's good that you're back. We were worried about you." Shen Liqiu was the first one to speak.

"Your temperament has changed significantly." Han Bingling gazed deeply at Yun Lintian.

Since Yun Lintian became a Divine King, his temperament had become more detached. It emitted an otherworldly aura as if he didn't belong in this world.

"Congratulations on becoming a Divine King." Yun Qianxue said softly.

"Thanks." Yun Lintian looked at everyone and said. "It's only been a month, but all of you have improved a lot. Looks like bringing you here was the correct decision."

Everyone here had already reached the middle level of the Divine Spirit Realm. It took them only a month to reach this level from the early stage of the Divine Spirit Realm. This rate of progress was nothing short of miraculous.

Yun Lintian was sometimes envious of them. They could simply stay in a conducive environment and absorb the aura to enhance their strength. Meanwhile, he had to rely on relics and bloodlines. Otherwise, it would take him a hundred times longer than Yun Qianxue and the others here.

"Where is Fengyu?" Han Bingling asked.

"She stays behind in the Neverending Burning Hell to practice." Yun Lintian replied.

Behind Yun Lintian, Ji Shou, and the others looked at several fairies with a hint of greed. They had seen many beautiful women, but none of them could compare to the enchanting fairies before them.

However, they quickly concealed their greed, fearing Yun Lintian would discover it.

Yun Qianxue noticed this, but she didn't reveal anything on her face.

"I encountered them on my return journey and invited them to come with me." Yun Lintian explained briefly. "Where is Senior Lei? I want to ask him something."

"Let me call him." Mu Qiuxue said, and her figure disappeared in a flash.

A moment later, she returned with Lei Yongzheng.

Before Yun Lintian could say anything, Lei Yongzheng's expression changed, and he stared at Ji Shou. "Chang Shou!?"

Ji Shou's expression also changed when Lei Yongzheng appeared. "Lei Yongzheng!? How did you manage to appear here?"

The atmosphere tensed up instantly...

Chapter 1689 The First Batch Of Ascenders (2)

Lei Yongzheng's aura gradually emanated from his body as he gazed at Ji Shou, or rather, Chang Shou. His eyes filled with a murderous intent as he spoke. "What a coincidence to see you here. It seems like fate is determined to take your life."

Chang Shou's expression changed dramatically. He wasn't foolish for not understanding the current situation. Without further hesitation, he quickly retrieved an escape talisman and shattered it.

"Why are you in such a hurry to leave?" Yun Lintian suddenly spoke and raised his hand. Instantly, the space around Chang Shou compressed, trapping him in place.

Chang Shou was shocked to the core and looked at Yun Lintian in disbelief. He had never seen anyone who could stop the escaping talisman like this before.

"You..." Chang Shou wanted to say something, but he knew it was useless now. His life and death were in Yun Lintian's hands.

"Who is he, Senior Lei?" Shen Liqiu asked curiously.

"Longevity Monarch." Lei Yongzheng replied. "He was the one who caused trouble for our Azure World."

"It's him?" Shen Liqiu and the others were surprised. They, of course, had heard about Longevity Monarch. Especially his evil deeds.

The other people behind Longevity Monarch were terrified. These people had participated in the incident and left the Azure World along with Chang Shou.

Yun Lintian was also surprised. He didn't expect the person he met on the way to be the Longevity Monarch.

"Is this all you got after leaving a big trouble behind? I thought you would have become a big shot by now." Lei Yongzheng looked at Chang Shou coldly.

"What's wrong with it?" Chang Shou retorted. "All I did was for myself. Aren't you the same?"

"That's right. You had your chance, but you didn't take it. How could you blame us?" The people behind Chang Shou echoed.

In their opinion, the Azure World must have become ruins by now, and Lei Yongzheng probably escaped to this place. They looked at him with jealousy. Lei Yongzheng's luck was so good that he was taken in by a big shot.

Lei Yongzheng's face darkened. These people were definitely corrupt to the core. They still had the audacity to refute.

"Where is our founder? Did you hear about her?" Yun Qianxue suddenly spoke.

Chang Shou looked at her in surprise and appeared to have a sudden realization. "Are you a disciple of the Misty Cloud Palace?"

Yun Qianxue didn't reply, but she continued to stare at him.

"I will tell you as long as you let us go." Chang Shou started bargaining.

"Heh. Do you think you are in a position to bargain with us?" Han Bingling sneered coldly. "Even if you don't speak, there are many ways to obtain information. Do you want to try it?"

Chang Shou trembled. He just wanted to try his luck, but it was obviously futile.

"I'll tell you." One of the people behind Chang Shou said.

"Shut up!" Chang Shou roared angrily.

"It's you who should shut up!" The man retorted angrily. "If it weren't for you, how could we have fallen into this situation?"

"Bastard!" Chang Shou was so angry that his whole body trembled. He wanted to slap the man badly, but he couldn't move an inch.

The man ignored him and cupped his fists. "It's been a long time, Brother Lei. Let me explain it to you."

"Go on." Lei Yongzheng motioned with his chin.

"In fact, this bastard Chang Shou had already been aware that the spatial passage would lead to the Abyssal World, yet he chose to do it anyway. We were completely deceived by him." The man spoke.

"When we realized that there was a problem, we tried our best to close the passage, but he launched attacks on us, allowing those Abyssal Monarchs to come over."

"The number of these Abyssal Monarchs was too large. They completely blocked the passage, preventing us from closing it. We wanted to go back, but we couldn't break through their blockade. In the end, we had to leave and go to the Myriad Star Realm in search of an opportunity."

The man paused briefly and said, with a hint of guilt. "As much as we wanted to go back, the distance was too far, and we didn't have any means of transportation."

"As for Yun Wushuang's whereabouts. She appeared three thousand years ago as a dazzling genius. However, her talent and beauty attracted the attention of many powerhouses. They did send invitations to her, but she mercilessly refused. In the end, she was hunted down by these people and vanished without a trace."

"The latest rumor I heard about her was around two thousand years ago. It was said that she was captured by the Heavenly Desolate God Emperor."

Yun Qianxue's expression changed dramatically upon hearing this. "Is it reliable?"

The man nodded heavily. "You can ask around. She was extremely famous back then."

Yun Lintian frowned deeply. From what he knew, Yun Wushuang possessed unparalleled talent, so it was normal for her to become a dazzling genius here. However, it shouldn't be to the point where Ren Yuan pays attention to her... There must be something missing in between.

"What about the other people from the Misty Cloud Palace?" Yun Qianxue asked further.

The man furrowed his brow as if he were trying to recall something. "Around two thousand years ago, a group of people who appeared to be disciples of the Misty Cloud Palace emerged in the Southern Divine Region. They were later captured by the Dark Sea Palace."

"However, I didn't know if it was true because I heard it from others. Precisely, they said that this group of people appeared to possess a similar aura as Yun Wushuang. That's why I believe they are the disciples of the Misty Cloud Palace."

"Dark Sea Palace?" Yun Qianxue frowned slightly. She had no idea what it was.

"It is an organization under the Dark Sea God Realm." Yun Lintian explained.

Yun Qianxue looked at him and said. "When I returned to the sect after leaving the Eternal Frozen Cave, I met a remnant soul of the Second Ancestor. She said that she was both alive and dead somewhere in the Divine Realm. Maybe she had truly been captured by them.

Yun Lintian frowned slightly. If that were the case, the Second Ancestor was likely to be captured, as the man had said. Yun Wushuang was also likely to be captivated by Ren Yuan.

Yun Lintian didn't know how to handle this matter at the moment...

Chapter 1690 Deep Mind (1)

"It is possible to find the Dark Sea Palace, but I suspect that your people may already be in the hands of the Dark Sea God Emperor by now. Although Nie Weisheng is currently recuperating from his injury, he still has many Divine Emperors under his command. It's not an easy task for you at the moment." Yue Chuntao expressed her opinion.

"In my opinion, you should wait for it first. Anyway, your people won't die easily after surviving for this long."

"The problem is, we have no idea if they are still alive." Yun Lintian said with a frown.

"Think about it. Why did they capture your people? Because of their beauty? I don't think so." Yue Chuntao asked. "There are millions of beauties here, and many of them are definitely more talented than them. Why should they specifically target your people?"

"They want to use them to lure Senior Yun." Mu Qiuxue suddenly spoke.

"Yes." Yue Chuntao nodded. "Since there were many people who wanted to get this Yun Wushuang, Nie Weisheng was definitely one of them. This bastard is a pervert through and through. How could he miss such a high-quality beauty?"

"As for whether Yun Wushuang was captured by Ren Yuan. I cannot be sure either. However, if that were the case, then you are in trouble." Yue Chuntao looked at Yun Lintian with a serious expression.

"He is known for his cunning mind, and he must have foreseen something ahead of time. Just like when he waited for the Heavenly Desolate Orb to appear. There's a high chance that he is already aware of the connection between you and Yun Wushuang."

Yun Qianxue and the others were shocked when they heard this. They didn't expect the Heavenly Desolate God Emperor to be this powerful. He could actually envision the distant future and make all the necessary preparations ahead of time.

"But I hadn't even met her before. How could he be so sure that I would help her?" Yun Lintian frowned slightly.

Yue Chuntao curled her lips. "It doesn't matter. He knows that you will definitely try to rescue her. Are you really going to watch and do nothing?"

Yun Lintian opened his mouth, but no words came out in the end. Indeed. Even though he didn't know Yun Wushuang personally, he would eventually try to help her when an opportunity arose.

At the same time, he experienced the terror of the Heavenly Desolate God Emperor for the first time. This person probably had the most formidable mind among the adversaries he had encountered thus far. Yun Lintian felt like he was being read by him like a book, even though they had never met.

"Now you know how powerful he is." Yue Chuntao said in a deep voice.

"You don't have to help her." Yun Qianxue suddenly spoke, causing everyone to look at her in surprise.

"Our sect's founder is a proud person. She will never allow us to help her." Yun Qianxue continued speaking. "You should focus on your goal."

Yun Lintian felt uncomfortable in his heart. As much as he wanted to help Yun Wushuang, it was unwise for him to go against the Heavenly Desolate God Emperor at this time. He could only wait until he reached the Divine Emperor Realm first.

"You are overthinking." Lin Xinyao spoke softly. "We still can't be sure if she was captured by him. Perhaps she is currently hiding somewhere."

"Yeah. Sister Yao is right." Shen Liqiu echoed. "And even if it turns out to be true, she will be even safer. He won't kill her easily. Wait until you become stronger, and then we can find a way to take her back."

Yun Lintian went silent for a moment and said. "Don't worry. I know what to do."

He glanced at Chang Shou and said. "Now, how are we going to deal with him?"

Chang Shou shuddered and quickly pleaded. "Please spare my life. I had no intention of harming the Azure World. I was forced by the situation."

"Forced by the situation? Heh. You really know how to speak, as usual." Lei Yongzheng laughed coldly. "Let's seal his divine strength first. He still holds some values."

Yun Lintian nodded and waved his hand, completely sealing the divine cores of Chang Shou and the others, leaving behind those who had nothing to do with Chang Shou.

The man who provided them with the information was also spared.

"Many thanks, Senior." The man bowed his head sincerely.

"I will let Senior Lei take care of you and everyone." Yun Lintian said.

Lei Yongzheng didn't say anything further and waved his hand, taking Chang Shou and the others away.

"Let's go." Yun Lintian said, and he headed to the top of the Divine Moon Peak.

When they reached the top and met Yue Hua, Master Bai immediately spoke. "It's been a long time, Senior Yue. I'm glad to see that you're still alive and kicking."

Yue Hua didn't appear to be surprised by Master Bai's presence. It was as if she had always been aware that he wasn't dead from the start.

"You have recovered faster than I thought. This is a good sign." Yue Hua spoke calmly.

"Well, thanks to those ancient beasts down there. And, of course, Yun Xia. Without her, there is no way for me to kill them." Master Bai revealed the information.

A strange light flashed through Yue Hua's cloudy eyes when she heard this. A moment later, she sighed. "I cannot compare to him. His vision is far better than mine."

"Hah. I thought it was a coincidence, but now I know that I was wrong." Master Bai let out a long sigh. "He never ceases to amaze me."

Yun Lintian was puzzled by their conversation. "What are you talking about?"

Master Bai flew off Yun Lintian's head and landed on a nearby wooden table. "Summon the Spatial Wheel for me.

Yun Lintian nodded and opened his palm. Instantly, a small black wheel appeared in the air, emitting spatial power.

"Do you know why the Spatial Wheel, the most powerful relic, can last so long in a place with almost zero spatial element like the Chaotic Sea Region?" Master Bai asked.

Yun Lintian thought for a moment and said. "If I remember correctly, it constantly absorbed the dark aura in that place."

"Yes. And where did the dark aura come from?" Master Bai asked further.

"Where did the dark aura come from?" Yun Lintian frowned slightly.

Master Bai quickly stated. "Simple. The majority of the dark aura emanated from the ancient beasts that resided within. And where did these beasts come from? Of course, it was the Beyond Heaven King who put them there."

Yun Lintian was stunned and discovered that it seemed to be the case.

"And why did he put them there instead of utilizing alternative methods so you wouldn't have to risk facing them?" Master Bai continued speaking. "Of course, he prepared them for me."

Yun Lintian was completely dumbfounded this time...
