

## Myth Beyond 1691

### Chapter 1691 Deep Mind (2)

"Think about it. Why did he instruct Yun Yi to kidnap me and place me in the Azure World? And why did he deliberately make Yun Xia feel guilty and guide her to stay in the Azure World?" Master Bai threw out a series of questions.

Yun Lintian was so numb that he didn't know how to respond. The Beyond Heaven King's series of arrangements terrified him. This wasn't just a foresight or a prediction, but more like he had traveled through time to see the future.

"He also knew the Dragon Princess would sacrifice her soul to protect the Azure World. Moreover, with the Dragon Sealing Formation, it was impossible for any world to connect to the Azure World. Obviously, he left a small backdoor behind, allowing the Abyssal World to invade. He wanted to use these people to train you." Master Bai spoke further.

"Honestly. I am fully aware of his immense power, but I didn't realize it was to such an extent. I suspect that he had long entered the legendary realm, but for some reason, he was unable to unleash his full power."

"Legendary realm?" Yun Lintian repeated with puzzlement.

"We called it the True God Realm or the Celestial Realm." Master Bai responded. "At first, we always thought it was just a fantasy. There shouldn't be a realm above the God Emperor Realm."

"However, the appearance of the Primordial God Tribe has essentially confirmed it. All of them were stronger than any God Emperors here. Even the weakest among them wasn't inferior to me at my peak."

Master Bai paused briefly and spoke in a deep voice. "The only explanation is that the so-called True God Realm does exist."

Yun Lintian was stunned. Although he had speculated about it for a long time, hearing it from Master Bai was an entirely different feeling. This made the joy of becoming a Divine King completely disappear from his heart.

"Did you know that the leader of the Primordial God Tribe back then was only a general within that group? There are many stronger individuals above him. Even so, he alone could easily kill everyone here." Master Bai continued speaking.

"Yun Tian relied on his extraordinary strength to compete with him on equal footing. Unfortunately, we were too incompetent to share his burden. In the end, he was besieged and ambushed from behind, leading to his demise... If it weren't for him, the Divine Realm would have been enslaved by now."

Yun Lintian and the others fell silent upon hearing this. Especially Yun Qianxue and the others. This was the first time they became aware of the Beyond Heaven King's background and the unprecedented calamity in the past.

Yun Qianxue and the others looked at Yun Lintian with concern. They felt they were no different from Master Bai and the other seniors in the past. They were simply powerless and unable to share his burdens.

"The good thing is that you are definitely stronger than Yun Tian at the same level. Your ceiling is also higher. As long as you can become a god emperor, there is a chance to turn the situation around." Master Bai spoke with a solemn expression.

"The downside is that we are useless again. I don't think I can take another step towards the legendary realm, and there is nothing I can do."

He looked at Yun Qianxue and the others. "All of you have monstrous potential, but time waits for no one. You will need at least five thousand years to become a god emperor, but we only have a hundred years at most. It is an impossible task."

"What if we find a place with a slower time flow, like the Heavenhold Secret Land?" Yue Chuntao suddenly asked.

"It's possible, but I can't think of one." Master Bai shook his head. "Time has always been something humans cannot control, no matter how powerful we are. Only those primordial gods in the legend can do, I guess."

Everyone fell silent, and the atmosphere became heavy. Their future seemed shrouded in a dark mist, making everyone unable to see the path clearly.

"There is no need to worry about it for now. We will do our best to buy you some time here. What happens next is sometimes out of our hands. We should focus on what we can do right now." Yue Hua broke the silence.

"Heh. You better do it." A sneer resounded from above, and a red figure slowly appeared in everyone's sight.

"Hongyue?" Yun Lintian was surprised. "You have successfully reconstructed your body now."

Hongyue landed on the ground. Her figure no longer looked illusory as she had fully regained her physique.

She looked at Yun Lintian and said. "A Divine King? Not bad. It comes in handy in the current situation."

"You still need to recuperate further." Yue Hua looked at Hongyue and said softly. "I have prepared enough resources for you. You can take it from the treasury."

"Hmph! Do I need you to tell me?" Hongyue snorted disdainfully. She had only regained half of her original strength, and it would take a few more years to return to her peak again.

She turned to Yun Lintian and said. "Open the gate for me."

Yun Lintian didn't say anything and summoned the Gate of Beyond Heaven. The sight of the gate surprised Yue Hua slightly.

Hongyue quickly entered the Land of Beyond Heaven and made her way directly to the Soul Pond.

"It's been a while." Jin Huian, who was immersed in the pond, glanced at the newcomer and spoke.

Hongyue was startled to see Jin Huian here. She glanced at her briefly and frowned. "Did he use the Sun to prolong your soul?"

"Yes. There was nothing I could do to stop him... Aren't you in the same situation?" Jin Huian replied truthfully.

Hongyue went silent for a moment and sighed. "I don't know if this is a good thing."

As she spoke, she slowly sank into the pond and began to absorb it.

Meanwhile, Yue Hua entered the Land of Beyond Heaven. Like the others, the first thing she noticed was the Dragon God Clan's members. However, her reaction was mild compared to the others, as if she had expected this beforehand.

"This place... The laws are almost complete." Yue Hua said to herself as she looked around. "Can I take a look at the Azure World?"

"Yes." Yun Lintian nodded and summoned another gate that led to the Moon Garden...

#### Chapter 1692 A Gift

Ren Yuan floated in the absolute darkness somewhere in the Western Divine Region, his gaze fixed on the empty expanse before him.

A moment later, the space distorted, causing ripples in the air. A spatial tunnel gradually formed until it stabilized.

A cold and gloomy aura immediately emanated from the tunnel, enveloping the already dark world in an even deeper darkness and chill.

However, Ren Yuan's expression didn't change in the slightest, as if he had anticipated this outcome.

Suddenly, a black figure emerged from the tunnel. He wore a black robe, and his face was incredibly cold, just like Ren Yuan's.

If Yun Lintian were here, he would immediately recognize this person. He was none other than Mo Tian, the leader of the Seven Great Devils!

Previously, Mo Tian sent his avatar to the Azure World to capture Yun Lintian but ultimately failed. Since then, he had never shown up again.

Mo Tian looked at Ren Yuan and said with a cold smile. "I thought you cared about the Divine Realm, but it seems I had misjudged you... Heh. As expected from a man who sneaked up on the Beyond Heaven King."

Ren Yuan didn't seem to care about Mo Tian's sarcasm. He opened his mouth. "I have restrained twenty god emperors. You can do whatever you need to do here. However, you better not go overboard. Trust me. You don't want me to make a move."

Mo Tian's eyes narrowed slightly. He stared at Ren Yuan coldly for a while and said. "Without the Primordial God artifact, you are basically nothing. Yet, do you still have the audacity to say this to me? Haha. Maybe you need someone to remind you of your past when you were nothing but a rat lurking around in a sewer."

Ren Yun's expression still remained unchanged. However, a cold aura slowly emanated from his body. It looked simple, but it caused Mo Tian to frown.

Mo Tian revealed a cold smile and unleashed his aura to confront Ren Yuan.

Boom!

The two auras collided in the air and reached a deadlock.

"That's all you got? Come on. Show me something." Mo Tian taunted.

"It's more than enough to crush you." Ren Yuan spoke calmly, and his aura began to push forward.

Mo Tian's expression changed slightly. He quickly exerted his power and discovered that Ren Yuan's aura became even stronger. He couldn't push it back, no matter how hard he tried.

"You... You have actually stepped into that realm?" Mo Tian uttered with a hint of astonishment.

Crackle!

Ren Yuan's aura pressed forward and immediately overwhelmed Mo Tian's aura, causing Mo Tian's entire body to sink downward.

"Remember what I told you." Ren Yuan looked down at Mo Tian as if he were looking at an ant. His voice was always calm from the beginning to the end.

In the next moment, Ren Yuan turned around and vanished from the place.

Mo Tian was already drenched in sweat at that moment. He raised his head to look at Ren Yuan's original position, wearing a gloomy expression. Although he didn't know whether it was true, Ren Yuan must have been at least a half-step into the legendary realm.

"You hide it very well." Mo Tian muttered to himself.

At this moment, several black figures emerged from the tunnel and looked at Mo Tian in surprise.

"What's wrong, big brother?" Mo Yan asked curiously when she saw Mo Tian's appearance.

"Be careful of Ren Yuan. We have all greatly underestimated him." Mo Tian said in a deep voice.

Mo Yan and the others exchanged glances in surprise upon hearing this. It seemed that something had happened earlier between Mo Tian and Ren Yuan, and the outcome was evident.

"I will go to Devil Valley. All of you should spread out and look for Yun Lintian. There is no need to confront him at the moment. He is definitely being protected by those people." Mo Tian continued speaking. "He will eventually come to us."

"Yes, big brother." Mo Yan and the other five Devil God Emperors responded in unison.

Mo Yan waved her hand, and thousands of Devil Emperors immediately poured out of the tunnels, rushing towards the Central Divine Region...

\*\*\*

Yue Hua stood in the Moon Garden and gazed down at the prosperous world below, filled with a sense of appreciation. Although the Azure World was a lower realm, the well-being of everyone here was comparable to that of a god realm. They could live happily without much threat. It was a rare sight to see.

"Senior." At this moment, Long Qingxuan appeared behind Yue Hua and called out.

Yue Hua turned around to look at her and said with a smile. "Your father must be happy to see you safe and sound."

Long Qingxuan smiled faintly but said nothing.

Yue Hua turned her head to gaze at the city below and asked softly. "Do you regret it?"

Long Qingxuan remained silent for a while and then spoke softly. "I didn't."

Yue Hua smiled and said. "This world is worth protecting. There is indeed nothing to regret."

The two fell silent for a moment, and Long Qingxuan asked. "Senior, are you going to...?"

"Yes." Yue Hua turned to look at Long Qingxuan and said with a calm smile. "My fate was sealed the moment I decided to sacrifice Lanyue."

A hint of sorrow emerged in Long Qingxuan's eyes upon hearing this.

If Hongyue were here, she would be extremely shocked to know that Yue Hua had been aware of the identity swapping between Lanyue and Hongyue from the beginning to the end.

More precisely, Lanyue had always been the sacrificial target from the start. Yue Hua created a situation to make Hongyue hate her, giving Hongyue a reason to continue living.

At this moment, Yun Niu hurriedly ran over. She wanted to enter the Land of Beyond Heaven to meet Yun Lintian.

"Ah?" Yun Niu noticed Yue Hua and Long Qingxuan. She paused her steps and bowed her head. "Disciple Yun Niu greets two seniors. I'll take my leave first."

With that, she quickly ran through the gate.

Yue Hua stared at the disappearing Yun Niu for a long while and sighed. "It is truly unbelievable."

Long Qingxuan looked at her with puzzlement. "Senior?"

Yue Hua turned to Long Qingxuan and said. "You should personally teach her."

Long Qingxuan was even more confused. She didn't see anything special about Yun Niu.

Yue Hua smiled and said. "She is a gift he left behind for you."

Chapter 1693 Unknown Factor

"A gift?" Long Qingxuan frowned in doubt.

"I cannot tell you at the moment, but the truth will slowly be revealed in the near future. Besides, there is no harm in teaching her. She has the potential to be a god emperor." Yue Hua said gently.

Long Qingxuan tried to recall all the encounters between her and the Beyond Heaven King in the past, but she couldn't remember anything related to Yun Niu. How could she become "a gift" from him?

Yue Hua sighed and said. "I have glimpsed into numerous mysteries throughout my life, unraveling the secrets of the universe. However, the Beyond Heaven King has always been the unknown factor I cannot see through."

"Every word and every action he did had unfathomable meanings behind them. Even now, I still have no clue about the game of fate he is playing, and it will remain a mystery until his successor reaches a certain level that he has set."

She paused briefly to glance at the Gate of Beyond Heaven and continued speaking. "Yun Lintian is the second unknown factor. His fate is shrouded in something I cannot even pry into its corner. However, my intuition tells me that he will be the fate breaker, the man who breaks all the games of fate and changes everyone's destiny.

"Look at the people around him. Many of them were destined to lead ordinary lives, but fate brought them together, and their destinies were completely transformed."

"Originally, the threads of karma between them were relatively thin, and this life cycle was supposed to be their final cycle of destiny. However, Yun Lintian somehow changed everything. The connections between him and the people around him have become incredibly strong. Even if we were to break them now or in the future, they would eventually reunite at some point."

Yue Hua took a deep look at Long Qingxuan and spoke calmly. "That includes you."

"But I..." Long Qingxuan wanted to speak up, but Yue Hua interrupted her first.

"Do you remember what I told you in the past?" Yue Hua spoke. "You and the Beyond Heaven King have no destiny. No matter how hard you try, you will end up separate and never meet again."

"However, it is different for you and Yun Lintian. Both of you are destined. I can see it clearly without using my power."

Long Qingxuan slowly closed her eyes, feeling a wave of pain wash over her. In the past, she stubbornly tried to be with the Beyond Heaven King, but there was always something that came up to separate them. Even if she didn't believe it, it had already happened in front of her.

"There are many things in the world that cannot be forced. Destiny and feelings are some of them." Yue Hua said further. "This is probably why he left this gift behind to compensate you."

Long Qingxuan remained silent for a while before opening her eyes. She looked calmer at this moment. "I understand. Thank you for telling me, Senior."

"I don't have much time left, and I don't want to see you stuck in the same place forever." Yue Hua said with a faint smile.

Long Qingxuan asked. "What should I do next?"

Yue Hua raised her head to look at the moon in the sky and said. "Ask your heart about it."

Long Qingxuan's eyes flickered briefly. She bowed her head respectfully before turning around and silently walking away.

At this moment, Master Bai flew over and landed on a nearby tree. He looked at Yue Hua and said. "Why are you wasting your breath preaching to her?"

"It's because I want to change her fate... Even though the chance is almost zero." Yue Hua replied calmly.

"Alas... Fate strikes once more, huh?" Master Bai sighed. "By the way. What do you mean by her and Yun Boy being destined? They are clearly on a different wavelength. Are you attempting to match them? Your hobby has never changed, eh?"

Yue Hua looked at Master Bai with a smile. "Sometimes I wonder if you are truly a god emperor."

"What do you mean?" Master Bai asked with dissatisfaction.

Yue Hua said nothing and turned around to gaze at the bustling city below, leaving Master Bai perplexed.

Inside the Land of Beyond Heaven, Yun Lintian sat in a pavilion near the lake, savoring momentary tranquility.

At this moment, Yun Niu ran over with a bright smile. "Big Brother Yun!"

Yun Lintian turned to look at her and said. "Niuniu? I thought you went back to the mountain with Grandma Yun."

Yun Niu ran into the pavilion and sat beside him. "Grandma has been very strict with me lately. I secretly slipped out when I heard the news about you."

Yun Lintian chuckled softly and gently patted her head. "You have already grown into a young woman. Why are you still naughty like before? Be careful. Grandma Yun will spank you later."

"Hehe." Yun Niu stuck her tongue out in a cute manner.

"Hmm?" Suddenly, Yun Lintian felt something strange inside Yun Niu's body. He subconsciously used the Eyes of Heaven to look at her, but in the end, he couldn't see anything in particular.

Yun Niu poured herself a cup of tea and tilted her head in confusion to look at Yun Lintian. "What's wrong, Big Brother Yun?"

Yun Lintian retracted his hand and smiled. "Nothing. I was thinking about something earlier."

"Oh." Yun Niu took a sip of tea and asked. "How long are you planning to stay here this time?"

"I will leave soon." Yun Lintian replied truthfully. "There are many tasks that I need to complete, and I am currently pressed for time."

"I see." Yun Niu was disappointed. "I wish that I could go with Big Brother Yun."

"Practice hard. I will take you on a tour of the Divine Realm later." Yun Lintian said softly.

"Deal!" Yun Niu responded happily.

The two of them continued to chat about various topics. Yun Niu mainly discussed the current situation in the Azure World.

"Right. Something strange happened last week. The world had suddenly turned dark for a few hours without any apparent reason. However, the strange phenomenon later disappeared and never occurred again." Yun Niu suddenly spoke.

"Oh?" Yun Lintian immediately thought of those ancient beasts. He didn't expect them to reach the Eastern Divine Region this quickly.

"Do you know something, Big Brother Yun?" Yun Niu asked curiously.

"Something did happen in the Divine Realm, but it has been temporarily dealt with. I have to go back to end it permanently." Yun Lintian explained.

Yun Niu's expression turned serious, and she said. "You must be careful, Big Brother Yun."

"I will." Yun Lintian smiled gently and stood up. "It's time for me to go."

#### Chapter 1694 Ambush

A few hours later, Yun Lintian, Yue Hua, Yue Chuntao, and Master Bai returned to the Divine Moon Peak.

When they emerged, Yue Qi immediately stepped forward and made a report. "The situation has become strange. Those ancient beasts somehow returned to Devil Valley and never emerged again. Only a few of them are still wandering around."

Yue Hua nodded gently. "Continue to monitor the situation."

"Yes." Yue Qi responded readily and swiftly retreated.

"Did they go back?" Master Bai was surprised. "Could it be because of the crown symbol previously?"

"No doubt about it." Yue Hua replied. "He bought us more time."

"The crown symbol?" Yun Lintian was puzzled.

"When you were engrossed in your breakthrough, the crown appeared on your head and unleashed its power. It displayed an image of the crown in the sky, visible to everyone in the entire Divine Realm. For some reason, those beasts are afraid of it and ran back to Devil Valley." Master Bai explained.

Yun Lintian was stunned. He didn't feel anything at that time.

Without further hesitation, he summoned the Beyond Heaven King's Crown and gazed at it with curiosity.

Yue Hua stared attentively at the crown and said. "His aura has long since disappeared."

"Yeah." Master Bai nodded in agreement. "Looks like it was indeed his arrangement... Seriously. Just how many things did he prepare behind us? I wouldn't be surprised if he left something behind to handle those bastards from the Primordial God Tribe."

Yun Lintian couldn't see anything special in the crown, so he put it away. He looked at Master Bai and Yue Hua. "Does this mean I can go to the Death Sea?"

"Yes. It should be like that." Master Bai nodded slightly. He landed on Yun Lintian's head and continued speaking. "Let's go. I haven't been there in a long time."

"Well, I need to set up a gate here first." Yun Lintian said, raising his hand. Immediately, another relatively smaller Gate of Beyond Heaven appeared in front of him.

"You can open it any time, Senior." He said to Yue Hua.

Yue Hua responded. "The transmission node to the Southern Divine Region was damaged during the recent invasion of the ancient beasts. You have to go there by yourself."

"No problem." Yun Lintian replied.

"Let me go with you." Yue Chuntao said eagerly. She had never been to the Death Sea before, as Yue Hua prohibited her from going there.

"You have to stay here." Yue Hua looked at her calmly and said.

"Why?" Yue Chuntao pouted angrily.

"The situation has changed now. You have to stay here and practice hard." Yue Hua said mercilessly.

"What? Practice again?" Yue Chuntao was so angry that her body trembled.

"Just listen to her, Little Moon Girl. Your strength is not sufficient to go there and will only be a burden to us." Master Bai spoke.

Yue Chuntao snorted coldly. "Fine."

With that, she turned around and flew away in a flash.

Master Bai turned to Yue Hua and said. "I think your teaching is wrong. Why do all of your moon princesses have this stubborn personality?"

Yue Hua smiled and offered no explanation.

"Let's go, Yun Boy. I can't wait to eat those demon sharks." Master Bai said while drooling.

Yun Lintian summoned the profound ark and swiftly drove it away under Yue Hua's gaze. This time, he didn't bid farewell to his women, as they could see each other at any moment.

After departing from the Moon God Realm, Yun Lintian determined a direction and steered the profound ark towards the Southern Divine Region at maximum speed.

Just as Yun Lintian was setting the table, preparing to give Linlin and Qingqing some snacks, Master Bai suddenly gazed at the starry sky ahead and said with a playful smile. "I'm convinced. There are still some idiots who are not afraid of death left after all this time."

Yun Lintian frowned slightly and slowed down the profound ark.

Bang!

A ripple of divine energy spread out in the starry sky above, resembling water ripples, and soon formed a colossal barrier that isolated Yun Lintian from the outside world.

At the same time, a group of ten people emerged from the void. All of them wrapped themselves in black garments from head to toe, and there seemed to be an artifact preventing Yun Lintian from prying into their true appearances.

Ten people were not a large number, but they were all incredibly powerful. Seven of them were peak Divine Sovereigns, while the remaining three were early-level Divine Emperors.

"It has been thousands of years, but their method has never changed. Heh." Master Bai said disdainfully.

"Who are they?" Yun Lintian asked.

"They are bounty hunters from the Blood Fiend Organization. The self-proclaimed number one assassin group." Master Bai replied.

"Oh?" Yun Lintian had heard about them before from Tian Hualing. "Do you know their master?"

"Who else, if not that bastard Nie Weisheng?" Master Bai chuckled. "He loves creating organizations for fun. I guess he didn't have friends to play with when he was young, so he had to raise these people to fulfill his dream of being a gang leader."

Yun Lintian was speechless. As far as he knew, the Dark Sea Palace and the so-called Black Tides were under the Dark Sea God Emperor. And now, there was also this Blood Fiend Organization... Perhaps there were even more factions than he was aware of.

"Do you want me to make a move?" Master Bai asked.

"No. I haven't fully grasped my strength yet." Yun Lintian responded.

Immediately, seven swords appeared in the air behind him, pointing towards the ten black-robed people.

"Kill." The man in the front uttered, and everyone immediately surged towards Yun Lintian.

Rumble!

All of a sudden, the space around the profound ark distorted crazily, and Yun Lintian felt as though he had been thrown into a raging sea.

Yun Lintian waved his hand to store the profound ark away and unleashed his aura.

Immediately, all seven swords emitted their respective elemental powers and shot out in all directions.

The swords cut through the air and went straight towards the opponents. Their speed was so terrifying that the black-robed men couldn't react.

BOOM! BOOM! BOOM!

Each sword struck its target and sent the seven Divine Sovereigns flying as if they were swatting flies.

The expressions of the remaining three Divine Emperors changed drastically upon seeing this.

Yun Lintian pointed his finger at the three, and the seven swords flew towards them in a flash.

The three Divine Emperors hastily gathered their divine energy and prepared to confront the swords.

Yun Lintian's eyes narrowed slightly, and he uttered. "Come."

Roar—

Instantly, all seven swords transformed into seven elemental dragons, letting out deafening roars that reverberated throughout the entire space...

#### Chapter 1695 Swords Manipulation

Facing the seven elemental dragons, the three Divine Emperors didn't dare to underestimate them. They unleashed over seventy percent of their strength in this attack, causing the surrounding space to shake violently.

The three of them drew their weapons and struck at the approaching dragons, leaving behind long black marks in the air.

Bang! Bang! BANG!!

Four out of the seven dragons were sent flying instantly by the attacks, while the remaining three dragons successfully rammed into the Divine Emperors, forcing them to retreat.

Yun Lintian moved his fingers gently, causing all the seven elemental dragons to swiftly converge and charge towards their opponents once more.

"Are you testing your mental prowess?" Master Bai looked at the seven dragons thoughtfully.

"I didn't have much opportunity to combine the powers of space and mental in battle. I just want to give it a try. This attack was inspired by my third aunt. She originally possesses a Void God Physique, and her manipulation of spatial power is exceptional." Yun Lintian explained.

"Oh?" Master Bai was surprised. "Do you know that it is impossible for a person with no background to have such a physique?"

Yun Lintian frowned slightly and asked. "What do you mean?"

It means her background is not as ordinary as it appears. If I guess correctly, she must have some connection to the Infinite Void God Realm." Master Bai explained.

Yun Lintian was stunned. "How sure are you?"

"Ninety-nine percent." Master Bai replied confidently. "Maybe she's an illegitimate descendant of the Infinite Void God Clan."

Although curious, Yun Lintian knew it wasn't the time to delve into it. He commanded the seven dragons to consecutively assault the opponents, forcing the three Divine Emperors into a defensive position.

At this moment, the other seven Divine Sovereigns had already stabilized themselves from the previous attack, and they quickly charged at Yun Lintian once more. This time, they formed a formation to surround Yun Lintian from all directions.

Immediately, the White Dragon Spear appeared in Yun Lintian's hand as he raised it and spun it above his head. The Flames of the Golden Crow instantly ignited and formed a dome of fire, blasting out in all directions.

BOOM!

The combination of the powers of the seven Divine Sovereigns was incredibly strong, but it couldn't withstand the explosion caused by the Golden Crow's flames. The formation they had created was instantly shattered, and some of them were engulfed in flames, resulting in painful screams echoing throughout the space.

Master Bai looked at the scene and said in surprise. "You haven't yet comprehended the power of the Golden Crow God's Light The World, but you are already able to unleash the Golden Crow's flame at this level... I am truly at a loss for words to describe you."

At this moment, Yun Lintian tightly gripped the spear and hurled it towards the remaining Divine Sovereigns. The spear transformed into a fire dragon, opening its mouth and swallowing the opponents one after another.

At the same time, he didn't lose focus on the seven swords and continued to launch a series of attacks on the three Divine Emperors.

Upon witnessing the tragic scene, the three Divine Emperors immediately realized that something was gravely amiss. Yun Lintian's strength was far beyond what they had expected... Several times stronger.

Moreover, Yun Lintian didn't even use his other trump cards here. He simply controlled his weapons and unleashed some of Golden Crow's flames so far.

The three of them glanced at each other and appeared to reach a consensus. They had to run now.

Without further hesitation, the Divine Emperors forcefully thrust their weapons forward, causing all seven dragons to be sent flying. Afterwards, they quickly activated their movement techniques and retreated at the fastest speed.

In the blink of an eye, they had already traveled for more than five thousand kilometers.

"Since you have already come here, why don't you stay here forever?" Yun Lintian curled his lips.

He raised his hand slightly and extended two fingers towards the opponents. His aura abruptly burst forth, causing the seven swords to vanish instantly.

Soon, the seven swords emerged from the void and descended upon the heads of the three Divine Emperors, resembling dragons descending from the heavens.

"Spread out!" The group leader shouted, and the three of them quickly spread out while swinging their weapons upward, attempting to block the oncoming swords.

Right at the moment before they could touch the seven swords, all the swords silently disappeared, as if they were ghosts, and reappeared behind them.

Puff! Puff!

Two out of the three Divine Emperors were instantly pierced by the swords. Their eyes bulged as if they couldn't believe what had just happened to them. These swords seemed to vanish and reappear directly in their bodies.

One of them was instantly engulfed in crimson flames and purple lightning, while the other one turned into an ice statue with several earth spikes protruding from his body.

Bang!

The ice statue suddenly exploded into countless particles in an instant. Meanwhile, the other Divine Emperor was reduced to ashes, scattering in the air.

The group leader was the strongest among the ten assassins. He managed to escape the deadly strike by relying on a defensive artifact on his body. However, a streak of blood could be seen flowing out of his mouth. His face turned pale as he clutched his stomach in pain.

"Hmm?" Yun Lintian was slightly surprised. The wind, wood, and metal swords had clearly stabbed into the man's body, but they had failed to take his life.

"He has a Divine Emperor-level armor. Looks like he holds a high position in the organization." Master Bai said.

Yun Lintian furrowed his brow slightly and exerted more power. All seven swords immediately surrounded the man, forming a prison of blades. Once the man moved, they would stab him directly.

The man stared coldly at Yun Lintian, and his lips twitched slightly.

Master Bai's eyes narrowed slightly as he spoke. "He is committing suicide."

Yun Lintian was taken aback. He transformed into a black shadow and materialized in front of the man. However, the man had already taken his last breath as blood flowed from his seven orifices. His eyes were filled with unwillingness.

Yun Lintian was shocked. "How could he...?"

Yun Lintian could understand if the man was a low-level practitioner, but he was a genuine Divine Emperor, belonging to the top one percent of the Divine Realm. How could he be willing to kill himself just like that?

"There is nothing to be surprised about. He will die anyway since he failed to kill you." Master Bai said indifferently.

Yun Lintian regained his composure and spoke. "Well. It's a bit unexpected."

He searched through the man's body and found nothing except for the damaged divine armor.

"They were truly prepared to die." Yun Lintian muttered and took out the profound ark, resuming his journey...

Chapter 1696 Sea of Death (1)

The Southern Divine Region was relatively spacious, comparable to the Central Divine Region and the Western Divine Region. It ranked second in terms of population. At the same time, it was rich in resources and rare treasures. Most of the precious treasures in those auction houses came from this place.

"The dark aura here is far stronger than in other places." Yun Lintian looked at the gloomy aura around him.

"Devil Valley is not far away from here. It's normal to be like this." Master Bai said and glanced at some fragments floating around the area. "Thankfully, the Dragon Princess moved the Azure World away."

Yun Lintian nodded in agreement. The Azure World was originally located in the southeastern part of the Southern Divine Region. It was within the scope of the invasion by the ancient beasts.

He looked at a few mid-level realms in the far distance and said. "What is the point of ruling over ruins?"

Although Yun Lintian could understand the intention of those god emperors for not taking action in this situation, he strongly disagreed with their approach. Once these lower and mid-level stars were gone, their god realms would definitely be affected to some extent.

"How do you think they became god emperors?" Master Bai asked. "Whether in the lower realm or the Divine Realm, most top powerhouses attain their status through selfishness. The higher they can reach, the more selfish they become. It is a law of nature."

He glanced at the devastating stars in the distance and continued. "It doesn't matter if these stars are gone or not, as long as they can survive."

"I know. After all, no one wants to help others for nothing." Yun Lintian responded. "It's just that I don't think I could stay on the sidelines and do nothing."

"You are too young, and you have obtained your power more easily than others. It is normal for you to have this sense of responsibility for others." Master Bai said calmly. He seemed to gaze into the distant past.

"When I was young, I was born with no talent, and my profound vein was destroyed by my clansmen because I refused to give them the food I found. Afterward, I lived in constant fear, surviving on tree bark and insects to prolong my life. I was determined not to die before I could exact my revenge."

"During those fifty years, I did everything I could to treat my profound vein. I didn't hesitate to risk my life for a small opportunity, hoping it could change my destiny. The experiences during that time shaped me into a selfish person. I had never helped anyone, even when I had the opportunity."

"Fortunately, the heavens took pity on me. When I escaped from my enemy, I accidentally stumbled upon a magical place called Maya Forest. In there, I found a cure for my profound vein, and the trajectory of my life began to change since then."

"Maya Forest?" Yun Lintian was surprised. "I encountered two people who were originally plants during my journey in the Sea of Stars. They told me that they came from the Maya Forest."

"Really?" Master Bai was surprised. "This means you have fate with that place. Try to go there when you have the opportunity."

"What kind of magical place is that?" Yun Lintian asked curiously.

"It is the purest land in the Divine Realm." Master Bai spoke. "In there, everyone lives in harmony. There is no suffering or anything."

Yun Lintian was surprised and asked further. "How do you get in?"

"You can't. Unless someone from inside invites you in." Master Bai shook his head.

Yun Lintian opened his palm, and the small maple leaf Bai Xue had given him appeared in the air. "You mean this?"

Master Bai stared at the maple leaf in astonishment. "You are really... Ugh. I truly have no words to express. Your luck is simply defying the heavens. This maple leaf represents the highest level of courtesy from the people in the Maya Forest. The one you met should be a child of the forest ruler."

Yun Lintian was taken aback. "Forest ruler? She mentioned something about her master. Is her master the ruler of the forest?"

"Without a doubt." Master Bai said confidently.

"This person must be very strong, right? Why haven't I heard his or her name yet?" Yun Lintian asked in doubt.

"She is indeed strong, but her power is not for destruction but for creation. As for why you've never heard her name, it's because not many people know about her. Even Ren Yuan may not know about it." Master Bai explained.

Yun Lintian was surprised. "I will visit that place when I have the opportunity."

"You should." Master Bai responded.

A week later, Yun Lintian finally arrived at the Death Sea Realm. It was an independent realm with an incredibly vast territory. More than ninety-nine percent of the area was covered by the black ocean, with only a single massive landmass located on the western side.

Yun Lintian looked at the dark ocean below and felt a churn in his stomach for an unknown reason. The aura here was dreadful as if there were millions of corpses beneath the black water.

Moreover, Yun Lintian discovered that his Spiritual Sense could not penetrate the ocean's surface. It was as if there were a barrier blocking him.

"Do not lower the profound ark. Once it touches the water, it will break directly." Master Bai warned.

"Then, how do we go down?" Yun Lintian asked with puzzlement.

"Go to the land over there. You have to find a sailor and a boat." Master Bai replied.

Yun Lintian didn't understand why he needed a sailor and a boat. He set aside his curiosity and swiftly steered the profound ark towards the distant continent.

"Put the profound ark away. Remember. Do not reveal your wealth, no matter what." Master Bai said and released his power to alter the appearances of Linlin, Qingqing, and Yun Lintian. Linlin turned into a feral cat, while Qingqing and Yun Lintian were transformed into beggars.

Yun Lintian put the profound ark away and flew forward, landing on the ground.

In front of him stood a massive city. More precisely, it was like a massive refugee camp. Everyone here was poorly dressed, and they appeared to have not eaten anything for ages.

When Yun Lintian appeared, the people in this area briefly glanced at him and paid no further attention.

"Why do I feel offended by their stares?" Yun Lintian chuckled softly.

"Go to the east side and find a tavern called Breath of Death." Master Bai instructed.

Chapter 1697 Sea of Death (2)

The ground here was black, and the sky was an oppressive grayish-white color. The air was gloomy and hazy. No matter how Yun Lintian looked at it, it wasn't a place suitable for any living organisms to inhabit.

Yun Lintian walked through the narrow and dirty streets. Along the way, there were countless beggars, ranging from young children to the elderly. Most of them didn't even have proper clothes to wear, and they were sadly thin. Compared to the slums on Earth, this place was several times worse.

Yun Lintian looked at a group of young children lying around on the streets with sympathy. He wanted to help them, but Master Bai stopped him first.

"Do not be softhearted here. Once you become involved with them, you will never be able to leave this place." Master Bai said solemnly.

"Why is that?" Yun Lintian asked in doubt.

"They are cursed." Master Bai glanced at the people around him and continued speaking. "The entire Death Sea Realm itself can be regarded as a forbidden land. Any living beings born here will be bound by an unknown curse, preventing them from ever escaping this place for the rest of their lives."

"Because the environment here is not suitable for growing anything. The only way for them to find food is to go to the danger-filled Death Sea. There are only a few people with talents, and these people certainly won't take care of others. Hence, most people here keep giving birth to children in the hope that their children will be born with talents and take care of them."

Master Bai sighed. "If they don't have talents, they will be raised like livestock."

Yun Lintian's face darkened, and his heart grew cold. He had always been sensitive to children, and the situation here was unbearable for him.

"I can understand your feelings because I was the same back then. However, there is nothing we can do about this situation. Even if you help them right now, the situation will never change. Once you leave, these people will be targeted in the end." Master Bai said.

Yun Lintian scanned the people around him using the Eyes of Heaven and noticed peculiar black dots on their bodies. They looked similar to the black worm in the Star Graveyard but much stronger.

He felt the urge to try, but he wasn't sure if he could help them. It would also be risky to expose himself here.

"Find a sailor and a boat first. You can consider how to help them once you obtain Gui Shen's blood origin." Master Bai gently tapped Yun Lintian's head to remind him.

Yun Lintian could only suppress the uncomfortable feeling in his heart as he walked towards the tavern.

Soon, Yun Lintian arrived at the tavern called Breath of Death. It was one of the few buildings here that looked relatively decent, even though it was made of strange mud and gloomy wood.

Yun Lintian didn't see anyone around here. It was as if no one dared to approach this place. Obviously, the owner must be a powerful figure in this area.

Without further hesitation, Yun Lintian pushed the door open and entered. The first thing he saw was a row of tables and a long counter at the end of the hall. The atmosphere here was eerily gloomy, seemingly filled with an aura of death.

There were a few people sitting separately, eating some strange black meat that Yun Lintian had never seen before, and he definitely didn't want to try it.

When Yun Lintian appeared, all eyes immediately focused on him. More precisely, they were looking at the cat and bird on him. In this place, any living beings were considered delicacies. Especially animals such as dogs, cats, and birds.

"Can we kill them, Big Brother Yun? I don't like their stares." Qingqing pouted in dissatisfaction.

"Ignore them. Go to the counter and ask that man." Master Bai spoke.

Yun Lintian briefly glanced at the people and headed straight to the long counter.

Behind the counter stood a middle-aged man with a long beard. He looked healthier compared to everyone he had ever seen here.

"What do you want?" The man asked while cleaning a glass.

"I'm here to find a sailor and a boat to go to the Death Sea." Yun Lintian replied.

Silence blanketed the hall as everyone turned to look at Yun Lintian with strange expressions.

The man set the glass down and gazed deeply at Yun Lintian. "Do you know what you are talking about?"

"Name your price." Yun Lintian said calmly.

The man stared at Yun Lintian for a long while and said. "Come with me."

With that, he walked into a nearby door.

Yun Lintian glanced at the people in the hall and noticed everyone staring at him as if he were a piece of fine steak. He ignored them and followed the man into the backroom.

Pa!

The man closed the door and led Yun Lintian to the second floor.

"My name is Li Gen," The man said while opening a door for Yun Lintian.

"Ye Xiaolong." Yun Lintian responded and entered a room. It was a study room furnished with a desk and a worn-out sofa.

Li Gen went to sit behind the desk and gestured for Yun Lintian to take a seat. "It's been a long time since I've seen a customer like you. Tell me. How did you know about this place?"

Yun Lintian sat down and took out a set of tea and pastries. "Is it important?"

Li Gen briefly looked at the spirit tea and sweet pastries in front of him, then took them without hesitation.

"I can't remember the last time I tasted such a good tea and snack." Li Gen carefully savored the taste of the tea and pastry.

After a while, he put down the teacup and said. "Of course. It's not important. However, you need to tell me about your destination first so that I can calculate the price."

"Black Immortal Palace." Master Bai suddenly spoke.

Li Gen looked at the ordinary-looking bird on Yun Lintian's head in surprise. He shook his head and said. "I won't go there. You can find someone else."

"A hundred million high-grade Divine Stones." Master Bai said calmly. "I can also give you the Heart of Fire."

Li Gen's expression changed dramatically. He looked at Master Bai with caution. "Who are you? How do you know about my condition?"

Chapter 1698 Sea of Death (3)

"Not only do I know about your condition, but I am also aware of your wife's situation. A few thousand years have passed. I guess your wife won't be able to last a few years." Master Bai said calmly.

Li Gen's mind spun rapidly as he tried to figure out Master Bai's identity.

"Don't waste time guessing my identity. Just tell me. Are you willing to go?" Master Bai asked plainly. "I came to you first because of your love for your wife. Otherwise, I would go to Hei Jin in the first place. He would never reject my offer."

Li Gen stopped thinking and asked with a solemn expression. "I can agree with your offer, but you have to treat my wife first. You should know that going to the Black Immortal Palace is extremely dangerous. All of you could die there."

"No problem." Master Bai responded readily. "This little boy here is a genius doctor. Treating your wife's disease is just a matter of flipping his hand."

Li Gen frowned slightly and looked at Yun Lintian with doubt.

"Since you need the Heart of Fire, it means your wife has been afflicted with a cold poison. It's not difficult to treat it." Yun Lintian said calmly.

Li Gen gradually calmed down and said. "It's not an ordinary cold poison, but the Undying Cold Poison."

"Take me to see her." Yun Lintian said and got up.

Li Gen hesitated for a moment but then became determined. Anyway, this was probably the one and only chance he could get in this cursed place.

He stood up and tapped on the wall to his left. The wall immediately opened, revealing a secret passage that led to a bedroom.

When Yun Lintian walked into the room, he was immediately hit by a chilling gust of wind. The entire room seemed to turn into a massive freezer, and the chilling aura emanated from a disheveled woman lying on the bed in the center of the room.

Li Gen quickly stepped forward and channeled his divine energy to warm his wife's body.

The woman slowly opened her eyes and gave her husband a weak smile. "Is it closing time already?"

Li Gen grabbed his wife's hand and said softly. "No. I brought someone here to treat you."

The woman, Chen Lin, was surprised and tilted her head to look at Yun Lintian briefly before turning back to her husband. She said with worry. "Are you going out again?"

Li Gen smiled and lovingly patted her hand. "It's fine. Their destination is not far away."

Chen Lin pursed her lips and remained silent. She knew that her husband had lied to her.

Li Gen turned to Yun Lintian and asked. "Can you treat her?"

Yun Lintian nodded slightly. "No problem."

He then waved his hand slightly, and a few silver needles immediately pinned onto Chen Lin's body. Yun Lintian waved his hand again, sending a strand of wood energy into her body.

The next moment, droplets of dark blue liquid gradually emerged from the needles, transforming the already freezing cold room into an icy abyss.

Yun Lintian glanced around the room, and a ball of warm fire materialized in the air, instantly dispelling the surrounding coldness.

Li Gen was dumbfounded by the series of actions Yun Lintian had taken. When he turned to look at his wife again, he immediately noticed a drastic improvement in her complexion. The cold aura inside her body had also dissipated at a noticeable rate.

A few minutes later, Yun Lintian waved his hand to remove the needles and collected the dark blue liquid in a jade bottle.

He set up a table with various delicacies and told Li Gen, "Let her have something first. She will recover in a few hours."

Li Gen and Chen Lin were dumbfounded at the moment. The poison that had plagued them for thousands of years was suddenly gone just like that... Why did it look so easy?

Chen Lin regained her composure and stood up from the bed, bowing deeply to Yun Lintian. "Thank you, Senior, for saving us."

"This is part of the deal." Yun Lintian said and set up another table for Qingqing and Linlin.

Li Gen and Chen Lin glanced at each other, unsure of what to say at that moment. They sat down beside the table and began to indulge in the delicacies in front of them.

Half an hour later, Chen Lin and Li Gen were completely satisfied with their meal. This was definitely the best meal of their lives. They didn't know if they would be able to have it again in the future.

"Done?" Yun Lintian looked at them while feeding Linlin a garlic breadstick.

"Yes." Li Gen responded.

Yun Lintian threw a storage ring at Li Gen and said. "This is your remuneration."

Li Gen didn't even look at it and said. "I cannot accept it. But don't worry, I will definitely take you to the place."

"Just take it. We have already agreed to this deal previously." Yun Lintian said calmly. "I put some extra food inside."

Li Gen clenched the ring tightly and bowed deeply. "Thank you."

"Let's go." Yun Lintian waved his hand to put away the tables and chairs.

Chen Lin stood up and said to her husband. "Let me go with you."

Li Gen quickly shook his head. "No, you have to stay here."

"I know that you are going to the Black Immortal Palace." Chen Lin said with determination. "I'm not going to stay behind."

Li Gen opened his mouth, but no words came out in the end.

Yun Lintian calmly looked at them without saying anything. From their reactions, it seems that the Black Immortal Palace must be the most dangerous place here.

"Fine." Li Gen sighed.

Chen Lin turned to Yun Lintian and said. "Please give us a few minutes to make a preparation."

Yun Lintian nodded. "I will wait on the first floor."

Ten minutes later, Li Gen and Chen Lin descended from the second floor, dressed in new outfits. It couldn't be called attire, as it was no different from ragged clothes.

Seeing Yun Lintian's confused expression, Chen Lin explained. "These clothes are made from underwater plants. They have a high resistance to black water.

While speaking, Chen Lin handed a bunch of clothes to Yun Lintian. "All of you should wear them too."

Yun Lintian looked at the ragged clothes in his hand with surprise, as he didn't see anything special about them... Were they really that good?

Chapter 1699 Sea of Death (4)

Li Gen looked at the customers in the hall and said. "The shop is closed now. You don't have to pay it today."

The customers glanced at each other and turned to stare at Yun Lintian with a hint of greed. The moment Li Gen announced, they knew that Yun Lintian was an outsider who had come here to hire him.

"Do you need a crew member, Boss Li?" One of the customers asked boldly.

"Yes, Boss Li. We won't take much. Just ten thousand Divine Stones are enough." Another person echoed.

Li Gen looked at the speakers and said calmly. "I am going to the Black Immortal Palace. Of course, you can come with me."

When everyone heard the words "Black Immortal Palace," they immediately shrank back with a hint of fear in their eyes. They also looked at Yun Lintian as if he were an idiot.

Seeing that no one spoke again, Li Gen continued. "Let's go. You can take all the food away."

The customers could only reluctantly leave with the plates in their hands. No matter how greedy they were, they didn't dare to gamble with their lives. What was the point of earning money if it ultimately leads to death?

Li Gen locked the door and walked to a tool room behind the building.

When Yun Lintian entered the room, he immediately saw a big sailing boat constructed from bones. With a glance, he could see that they were human bones.

Chen Lin noticed Yun Lintian's expression and quickly explained. "This must be Senior's first time coming here. The black water in the ocean is highly toxic, and only the indigenous people's bones can withstand it."

"In the past, people did not know how to venture into the ocean until they discovered floating bones. Everyone simply uses the bones of the deceased to build a boat since then. It's the only way for us to access the ocean."

Yun Lintian nodded slowly and asked. "Then what's the use of these clothes?"

"It will protect us for a period of time, providing us with enough time to climb back onto a boat." Chen Lin answered.

Yun Lintian didn't ask anything further and watched as Li Gen stored the boat in his ring.

"Let's depart." Li Gen said and opened the back door, leading everyone toward the ocean.

While Yun Lintian's group was leaving the building, a thin man from the previous customers had already made his way to a black building not far from Li Gen's tavern.

"Why are you here?" A guard stared at the newcomer and asked coldly.

"My lord, we have something to report to Lord Hei. It's about Li Gen. He got a new customer." The thin man said.

The guard frowned slightly and said. "Follow me."

The thin man was delighted and quickly followed the guard into the building.

The two of them arrived on the third floor, and the guard knocked on a black door at the end of the corridor. "My lord, I have brought someone here. He said that Li Gen has just acquired a new customer."

"Come in." A hoarse voice resonated from inside.

The guard looked at the thin man and said coldly. "Just tell him what you know. Don't talk nonsense."

"I know, I know." The thin man nodded enthusiastically.

The thin man entered the room and saw a middle-aged man clad in a black robe staring at him with a cold expression. He hurriedly bowed his head. "The little man greets Lord Hei."

Hei Jin, the man in black, placed ten mid-grade Divine Stones on the table and said. "They are yours as long as you tell me about Li Gen."

The thin man greedily stared at the Divine Stones and quickly spoke. "A young man who appears to be no older than sixty visited Li Gen's shop this morning. His actions were very strange, and he was obviously an outsider."

"I don't know what they were talking about, but Li Gen immediately closed the shop an hour later. At first, some of us thought it would be an easy job like before, and we were eager to go with him. However, Li Gen told us their destination was the Black Immortal Palace."

A cold glint flashed through Hei Jin's eyes when he heard the latter part. He asked. "What did the man look like?"

"He must use a disguise technique. I cannot see through him. There was also a little girl, a feral cat, and a bird by his side." The thin man answered. "No matter how I looked at him, he didn't appear powerful."

Hei Jin asked further. "That's it?"

The thin man nodded heavily. "There is nothing more, sir."

Hei Jin stared at the thin man momentarily, then threw the Divine Stones at him. "Take it and leave."

"Thank you, sir." The thin man was overjoyed and quickly picked up the Divine Stones before hastily leaving.

After the thin man left, the guard glanced at Hei Jin and noticed him motioning with his chin. A sinister smile appeared on the guard's face as he briskly walked away.

Hei Jin tapped his finger on the table for a moment and said. "Su Heng. Call our crew and prepare the boat. We are going fishing today."

"Yes, My Lord." A cold voice resonated from somewhere in the room.

Hei Jin leaned back slightly and muttered to himself. "It has been a long time, and finally, someone has appeared."

\*\*\*

Li Gen led Yun Lintian and Chen Lin to the beach, which was a few kilometers away from the camp. There was no one living in this place, and it was eerily quiet.

Li Gen quickly scanned his surroundings before retrieving the boat and placing it onto the dark water. The moment the boat landed, it caused the black water to splash onto the beach.

Yun Lintian stared attentively at the beach where the black water had landed. He quickly noticed the water evaporated into a black mist, emitting a pungent smell.

"How disgusting." Qingqing pinched her nose and said with an expression of disgust.

Yun Lintian waved his hand to disperse the smell and asked. "How long does it take to get there?"

"It should take approximately two months at a normal speed." Li Gen answered.

"Two months? That's quite long." Yun Lintian frowned slightly. "Let's go."

As he spoke, he quickly boarded the boat.

Li Gen and Chen Lin quickly followed suit. They grabbed the bone paddles and quickly set off.

After Yun Lintian's group left for a few minutes, Hei Jin and his companions arrived at the location. They gazed in the direction Yun Lintian had gone.

"Put the boat down." Hei Jin waved his hand, and his subordinates immediately launched a massive ship into the dark ocean...

## Chapter 1700 Grilled Fish

Standing on the boat, Yun Lintian looked attentively at the dark water below, attempting to use his Spiritual Sense to investigate it. However, no matter how hard he tried, there seemed to be a barrier preventing him from doing it.

"Don't waste your time. It's blocked by some ancient laws. I can't recognize it either." Master Bai spoke.

"Ancient laws?" Yun Lintian frowned slightly. "It looks like the Law of Death to me."

"Oh? Did you see it somewhere before?" Master Bai asked with great interest.

"Inside the Sea of Stars, there was a place called the Star Graveyard. Anyone who died in that place would be revived and live there forever." Yun Lintian explained.

Master Bai was surprised. "There are a few places with the Law of Death, but most of them are incomplete. The Star Graveyard you talked about seems to be complete."

"It was only a small fraction of the actual law." Yun Lintian said. "Otherwise, I wouldn't be able to eliminate it."

While speaking, he pointed his finger at the dark ocean below, and a beam of white light immediately shot out, landing on the sea's surface.

Puff!

The white light immediately pierced the ocean's surface and disappeared into the abyss below. At the same time, a black mist immediately rose from the water's surface and then vanished.

This scene greatly surprised Li Gen and Chen Lin. Yun Lintian's power could clearly neutralize the toxicity of the dark water, just like the dark soil on the beach.

"It's worked." Master Bai said. "It is easier to reach the palace this way."

Yun Lintian thought for a moment and said. "Let's use the profound ark."

"It's useless." Master Bai quickly stated. "Why do you think I told you to find a sailor in the first place?"

"Is there any mechanism here?" Yun Lintian asked in doubt.

Chen Lin took the initiative to explain. "Many people came here in the past, and all tried to use their ships to reach their destinations from the sky. However, when they tried to land on the water, they would immediately appear not far from the land. The only way to get there is by sailing across the ocean like this."

"I see." Yun Lintian was slightly surprised. He used the Eyes of Heaven to scan the surroundings but couldn't find anything. This place was filled with a lot of weirdness.

He looked at Chen Lin and asked. "The Black Immortal Palace should be located beneath the ocean, correct? How do we get there?"

Before Chen Lin could reply, Lin Gen suddenly tapped on the boat, causing it to quickly change shape into a spherical ball, enclosing everyone.

"We will use our power to seal the holes and dive into the ocean like this." Li Gen answered and then restored the boat to its previous shape.

Yun Lintian was amazed by the boat's function. It could actually turn into a submarine.

"And without us natives, there is no way to reach the palace." Chen Lin explained further. "Only we could find it through our minds."

Yun Lintian touched his chin and said. "This entire realm seems to be tailor-made for the natives here, but it also renders them unable to thrive. It's really strange."

Bang!

All of a sudden, the boat swayed, and a massive figure leaped out of the ocean next to the boat, soaring into the sky. The figure looked like a giant tuna with black scales. It opened its mouth wide, trying to take a bite out of Yun Lintian.

"Demon Tuna!" Li Gen's expression changed dramatically.

He quickly stepped forward and prepared to take action. However, he suddenly saw Yun Lintian point his finger at the oncoming tuna, and a golden-reddish flame immediately shot out, engulfing the demonic fish directly.

The tuna struggled for a brief moment before falling lifelessly.

Yun Lintian waved his hand and pulled the grilled tuna towards himself.

"It smells terrible." Qingqing, the foodie, disapproved of this grilled fish. She pinched her nose and turned her head away, displaying a look of disgust.

Yun Lintian looked at the tuna carefully and said. "Strange. How could it live in the water without any problems?"

Li Gen regained his senses and said. "This Demon Tuna is a highly-ranked demonic fish here. It has an innate ability to live in the dark depths of the ocean. This was the second time I saw it so far."

"Looks like there is a situation underwater. Normally, this Demon Tuna wouldn't come to the surface to look for food like this." Chen Lin said with a serious expression.

Yun Lintian nodded slightly and asked Master Bai. "Do you want to eat it?"

"Give it to me." Master Bai said and opened his mouth, devouring the entire grilled tuna in one swift motion.

This scene terrified Li Gen and Chen Lin. They knew that Master Bai wasn't an ordinary bird, but they didn't expect him to be this terrifying.

Master Bai frowned slightly. "This one is too weak, and it's not as delicious as a Demon Shark.

Li Gen and Chen Lin were even more shocked upon hearing this. The Demon Shark was the apex predator in the Death Sea. The weakest among them was at least a Divine Sovereign... What kind of monster was this bird?

"You didn't even add any salt and spices. How could it be delicious?" Yun Lintian rolled his eyes. "But the smell is indeed very unpleasant. I will probably have diarrhea if I eat it."

"Wait until you see the Demon Shark. I can guarantee that it's the best fish you can have." Master Bai said while drooling.

Li Gen and Chen Lin were rendered speechless by their conversation.

At this moment, Linlin, who had been sleeping soundly on Yun Lintian's shoulder all this time, suddenly opened her eyes and gazed into the distance ahead.

"Something is coming," Linlin said.

Yun Lintian quickly followed Linlin's gaze and saw a twenty-meter-high black tsunami rush towards him.

Li Gen and Chen Lin turned pale upon seeing this scene. They hurriedly prepared to change the boat's shape and dive into the ocean to avoid the tidal wave.

"No need." Master Bai stopped Li Gen and spoke to Yun Lintian. "Boy, blast it away."

Yun Lintian asked suspiciously. "Is it necessary?"

"Just do it." Master Bai urged impatiently.

"Alright. Alright." Yun Lintian responded lazily and took a step forward, clenching his fist.

Li Gen and Chen Lin tightly grabbed each other's hands, anxiously watching the incoming tidal wave.

When the tidal wave drew closer, Yun Lintian swiftly threw a punch forward, and a gust of wind transformed into a dragon that soared out from his arm, hurtling towards the water wall.

BOOOM!!

The tidal wave was instantly swept away by the storm brought by the wind dragon, and a massive black figure could be seen soaring into the sky...
