

Myth Beyond 1701

Chapter 1701 Deep Sea Python

Li Gen's expression changed dramatically when he saw the massive figure. "Deep Sea Python... How could it appear here?"

The black figure appeared as a gigantic snake with menacing black scales covering its body and a long horn protruding from its head. It exuded a terrifying aura, causing Li Gen and his wife to feel suffocated.

"Finally, something good to eat." Master Bai stared greedily at the python.

Yun Lintian was surprised when he noticed that the black python had reached the second level of the Divine Emperor Realm.

He glanced at Li Gen and asked. "Have you seen it before?"

"No, but I have heard of it. Usually, the Deep Sea Python would stay at the deepest part of the ocean and rarely appear." Li Gen shook his head. "The rumor says that it is protecting the greatest treasure in the ocean."

"The greatest treasure?" Yun Lintian raised his eyebrows slightly. Could it be the Black Turtle God's blood origin?

Bang!

"Roar!" The black python landed in the water, creating powerful tidal waves. Its crimson eyes glared at Yun Lintian, filled with murderous intent.

Li Gen trembled and asked anxiously. "What should we do?"

"Relax." Chen Lin tightly grabbed her husband's hand. She could see that Yun Lintian didn't seem to take the python to heart. The earlier attack had already proven it.

Although she couldn't see his realm, Chen Lin felt Yun Lintian must be a high-level Divine Emperor. Otherwise, he wouldn't be this confident.

In the far distance behind Yun Lintian's group, Hei Jin spied on the scene with his Spiritual Sense and was shocked to see the Deep Sea Python there.

What surprised him even more was how Yun Lintian effortlessly blasted the python away. This made him reconsider whether he should take action.

"What do you think?" Hei Jin glanced at a black-robed man named Su Heng beside him.

"His aura clearly indicates that he is at the first level of the Divine King Realm, yet the attack he unleashed earlier was on par with the peak of the Divine Sovereign Realm. I'm afraid his identity is not something we can afford." Su Heng analyzed the situation rationally.

"So?" Hei Jin asked further.

"We should contact the Dark Sea Palace and let them handle him." Su Heng responded calmly. "This piece of meat is too big for us to chew. Let someone break it into pieces first."

Hei Jin nodded in agreement. "You can contact them."

"Yes." Su Heng immediately took out a peculiar black jade and began to contact the Dark Sea Palace's people.

Yun Lintian didn't care about the python at that moment. He asked Li Gen and Chen Lin. "Do you have any enemies?"

Li Gen immediately understood something and replied quickly. "It must be Hei Jin. Those customers who have previously visited my shop should go to Hei Jin and inform him about you."

"I see." Yun Lintian nodded slightly and asked Master Bai. "Didn't you mention this person earlier? Do you know him?"

"He was my sailor the last time I visited this place." Master Bai replied truthfully. "He is a greedy person and is afraid of death. No need to pay attention to him. You better take care of this little snake for me first."

Yun Lintian turned to look at the python, and a purple sword appeared above his head, emitting sparks of purple thunder.

"Roar!" The Deep Sea Python let out a deafening roar and slapped its tail on the ocean. A gigantic tidal wave immediately appeared, rushing towards Yun Lintian at full speed.

This time, the tidal wave was several meters higher than the previous one. It looked like a colossal mountain moving forward.

Yun Lintian pointed his finger towards the oncoming tsunami, and the purple sword rushed forward in a flash. The purple sparks surrounding the blade intensified, growing stronger and larger, giving it the appearance of a formidable thunderbolt.

BOOM!

The sword collided with the water wall and forcefully dispersed it everywhere. The tidal wave instantly collapsed, and the sword continued moving towards the black python.

The Deep Sea Python angrily swung its tail towards the oncoming lightning sword, releasing a terrifying black light. The immense power brought by the attack caused the surrounding space to distort wildly.

In that split second, Yun Lintian exerted more strength, causing the purple thunder sparks around the sword to immediately explode as the sword collided with the python's tail.

BOOOOM—

A massive explosion occurred, producing a tremendous magnitude that swept everything in that area.

The sea was tumultuous, causing Yun Lintian's boat to soar and crash against the water as if it were on the verge of sinking at any moment.

Hei Jin and his crew were not an exception. They quickly joined hands to stabilize the ship.

"Roar!!" The python was furious that it had failed to destroy the sword and could only send it flying.

Immediately, the python dove into the water and rushed towards Yun Lintian at the fastest speed. A series of tidal waves immediately followed, releasing terrifying pressures.

Li Gen and Chen Lin clenched their hands tightly, their faces filled with anxiety. Once the python decided to attack from below, there was nothing they could do to defend against it.

However, Yun Lintian wasn't in a hurry. He opened his hand, and a golden sword appeared in the air. With a ding sound, the golden sword sharpened and plunged into the water, followed by the lightning sword.

The two swords drew closer to each other, spinning in the air as they rushed towards the python like bullets.

Seeing this, the python opened its mouth, and the surrounding water immediately formed into a water lance, charging at the oncoming swords.

BOOM!

Another explosion resounded, causing multiple water columns to shoot into the air.

Yun Lintian waved his left hand to create a barrier, blocking the rushing tidal waves. At the same time, he pointed two fingers from his right hand at the python and uttered. "Kill!"

The two swords seemed to combine into one, releasing terrifying lightning. The once black water had now transformed into a vibrant purple hue, illuminated by the sparks of thunder, as the swords converged towards the python's head. The python couldn't react in time because their speed was insanely fast.

BANG!

The combined swords broke through the natural water barrier surrounding the python and pierced its head, causing a thunderous explosion.

"AOUUUU!" The python let out a painful cry that echoed throughout the entire space as it struggled fiercely, creating a massive whirlpool.

"So sturdy?" Yun Lintian was surprised that this attack failed to kill the python.

He rolled his fingers gently, causing the two swords to immediately separate from each other and penetrate deeper into the python's skull...

Chapter 1702 Underneath The Ocean (1)

"Roar!" The python screamed in agony as the swords pierced its skull even deeper. It unleashed everything it had, causing the ocean to churn upside down.

A massive tidal wave surged into the air and crashed down upon Yun Lintian's group.

Yun Lintian raised his hand slightly, and a violent storm immediately burst out, sweeping the tidal wave away.

At the same time, he exerted even more power on the two swords embedded in the python's head, causing it to explode instantly.

"What are you doing, brat? Why did you destroy its head? Do you know how delicious it is?" Master Bai shouted angrily. "Hurry up and pull over."

Yun Lintian rolled his eyes and skillfully maneuvered his swords to pull up the python from the depths of the ocean.

Master Bai looked at the headless python with a heartache. Such a delicacy was completely ruined. If he knew this, he would take action himself.

Meanwhile, Li Gen and Chen Lin looked at the scene, dumbfounded. They couldn't believe that one of the strongest sea monsters had been killed so easily.

Hei Jin and his crew were no different. Their eyes widened in shock, and they stood there in a daze.

Hei Jin regained his composure and shouted. "Quick! Turn around!"

Su Heng and the others woke up from their trance and quickly turned the ship around, fleeing for their lives.

Naturally, they wouldn't give up easily. They must wait until the people from the Dark Sea Palace arrive first.

Yun Lintian looked in Hei Jin's direction and said. "They are running fast enough, huh?"

Li Gen and Chen Lin heaved a sigh of relief upon hearing this. Although they knew Yun Lintian was strong, it was better to see Hei Jin retreat.

"But they won't give up easily. I guess they will contact those people again." Li Gen said with a frown.

"Who?" Yun Lintian asked curiously.

"The Dark Sea Palace." Li Gen replied. "Many people here have joined the Dark Sea Palace to earn a living and become their observers. Whenever an outsider like you comes here, they will report directly to the Dark Sea Palace."

Yun Lintian was slightly surprised and gave Li Gen a deep look. "Considering your previous condition, I'm quite surprised that you didn't choose to join them."

"Even if I join them, they won't help my wife. On the contrary, they will use her to control me." Li Gen said while looking at his wife with tenderness. "I don't want her to be in their hands."

Chen Lin gently squeezed her husband's hand, expressing her affection. The two of them were fortunate enough to be born with talents, and as a result, their lives were fulfilling. Everything was good until Chen Lin got poisoned during her previous ocean trip.

There were several instances when Li Gen desired to join the Dark Sea Palace in order to rescue his wife. However, he was well aware that it was impossible for them to help him. Hence, he could only grit his teeth and wait for a good opportunity. Fortunately, Yun Lintian appeared.

"No wonder Hei Jin was able to reach the peak of the Divine Sovereign Realm in this kind of environment." Yun Lintian said.

09:32

Li Gen and Chen Lin were also highly talented. Both of them were early-level Divine Kings. Yun Lintian didn't know how they had reached this point without bowing their heads to the Dark Sea Palace.

As if she could see through Yun Lintian's thoughts, Chen Lin took the initiative to explain. "Although the environment here is not good, it is completely different beneath the ocean. Normally, we would come here once a month to practice. Coupled with the resources we acquired from our customers, it took us more than twenty thousand years to reach this point."

Linlin looked at her suspiciously and asked. "Why don't they kill you?"

Chen Lin responded. "We have our trump card. Although we can't defeat Hei Jin, it shouldn't be a problem to leave him half-dead. Moreover, outsiders cannot kill us. Otherwise, the curse will transfer to them."

"Oh?" Yun Lintian was surprised. "This place is really strange. Do you know the origin of this place?"

Li Gen shook his head and said. "We have no idea either. Some say it has been like this since the Primordial Era. Others said it was changed a million years ago."

"This place is as old as the Devil Valley." Master Bai took his eyes off the python and said. "I have come here a few times in the past to find some fish to eat, but later, I discovered the ancient aura in the Black Immortal Palace. This aura is similar to the one in the Devil Valley. You will understand later."

Yun Lintian didn't pursue this matter any further and changed the topic. "Why did this python come to the surface?"

"Who knows?" Master Bai spread his wings. "Maybe it knows I am coming and wants to offer itself to be in my stomach."

As he spoke, he sprinkled a variety of seasonings on the python and then ignited some flames to grill it. Soon, the air was filled with a delicious aroma.

"This one smells good." Qingqing's eyes lit up as she gazed at the grilled python.

"This is mine." Master Bai glared at her, which caused her to pout angrily.

Yun Lintian was speechless. "You shouldn't give her some. What kind of senior are you to fight a girl for food?"

Master Bai sneered. "What senior? I'm two years old this year."

"Big Brother Yun." Qingqing looked at Yun Lintian pleadingly.

Yun Lintian couldn't resist her cuteness. He raised his hand and cut a chunk of the python's meat with lightning speed.

"How dare you, brat!?" Master Bai was so angry that he wanted to snatch it back.

Yun Lintian waved his hand to block him and said. "I will tell Senior Jin later and see how she handles this situation... Also, remove the Divine Emperor Core and give it to Linlin."

"F*ck!" Master Bai immediately surrendered to Yun Lintian's move and reluctantly cut out the python's divine core.

Qingqing nibbled on the grilled meat happily and didn't forget to make a face at Master Bai. "Coward."

"For the sake of being a senior, I'll let you go this time." Master Bai glared at her angrily and threw the divine core to Linlin.

"Didn't you just say you were two years old this year?" Yun Lintian teased.

"Hmph!" Master Bai snorted and opened his mouth, devouring the grilled python in one bite.

Li Gen and Chen Lin glanced at each other in silence. Why did it suddenly turn into a picnic outing?

Yun Lintian looked at them and said. "Let's go. I will use my power to propel the boat. Just tell me the direction."

Chapter 1703 Underneath The Ocean (2)

A few days later, a group of formidable practitioners arrived at the Death Sea Realm.

When Hei Jin saw this, he quickly approached and greeted them. "Hei Jin welcomes Elder Nie to our humble abode."

Standing in front of him was an old man with sharp eyes and an extraordinary aura. He was one of the great elders of the Dark Sea God Realm, Nie Lou.

There were also ten people behind him, and each one of them was at the early level of the Divine Emperor Realm.

Nie Lou looked at Hei Jin and asked. "Are you sure it was him?"

Hei Jin quickly replied. "Yes. This young man is exactly as Elder Nie said. He has a little girl, a cat, and a bird with him."

When Su Heng contacted the people of the Dark Sea Palace and informed them about Yun Lintian's characteristics, they told him that a representative from the Dark Sea God Realm would personally handle this matter. This made Hei Jin and Su Heng realize that Yun Lintian's background was more powerful than they had initially believed.

A cold glint flashed across Nie Lou's eyes when he heard this. Without a doubt, this young man was Yun Lintian.

Before arriving here, Nie Lou had doubts about Yun Lintian's identity. He didn't believe that Yun Lintian was capable of killing the assassins from the Blood Fiend Organization. It was certain now.

He couldn't help but marvel in his heart at how powerful Yun Lintian had become in just a few months.

"Prepare the ship." Nie Lou spoke coldly.

"Please follow me." Hei Jin didn't dare to be careless and quickly led Nie Lou and his group to the beach before heading towards Yun Lintian's location.

In the far distance, Yun Lintian utilized his wind power to propel the boat forward at the highest speed possible. It had been like this for a few days now.

Along the way, he encountered numerous fish monsters, and their numbers continued to grow as he ventured deeper. According to Li Gen, these monsters had never been this active. In their heyday, they

would stay in the deep ocean all the time. Undoubtedly, there must be something happening down there.

"Are we close?" Yun Lintian looked at Li Gen and asked.

Li Gen frowned slightly, trying to sense the direction before replying. "It should take a few more days to get there."

Yun Lintian was a bit disappointed, but there was nothing he could do.

Rumble—

Suddenly, a massive explosion could be heard from beneath the ocean, causing the water's surface to churn violently.

Yun Lintian released his divine energy to stabilize the boat and scan the area, searching for potential enemies.

"Look at the water." Chen Lin suddenly said.

Yun Lintian and the others glanced at the ocean beside the boat. They discovered that the original dark water had become even darker, resembling ink.

"The dark aura is growing stronger." Yun Lintian frowned slightly.

At this moment, the expressions of Li Gen and Chen Lin changed slightly. They glanced at each other subconsciously to confirm their mutual feelings.

"Please stop the boat. The Black Immortal Palace is beneath us." Chen Lin spoke.

"What?" Yun Lintian was confused.

"We have no idea what just happened, but we can feel that the place has appeared beneath us." Li Gen explained.

"Has this event ever occurred before?" Master Bai asked.

"No. This is the first time." Li Gen replied. "Not only the palace but also the other places we usually visit. Their locations have been shifted."

While they were speaking, the ocean had finally calmed down and returned to its original state.

Yun Lintian thought momentarily and glanced at Li Gen and his wife. "Do you want to go back? Since the palace has come to us, we can go down ourselves."

Li Gen and Chen Lin exchanged glances briefly, then shook their heads.

"We will go with you. We haven't completed our duty yet." Li Gen said firmly.

"Alright." Yun Lintian nodded gently. "Let's go down."

Li Gen tapped the boat, causing it to instantly transform into a spherical shape, enclosing everyone.

"Let me set up the barrier." Yun Lintian said and raised his hand slightly. A bright white light flashed, and a thick white barrier materialized around the sphere.

Li Gen was slightly surprised and quickly moved the boat downward.

The first thing Yun Lintian saw was a pitch-black world with nothing else. He tried to use his Spiritual Sense but discovered it was useless here, just like when he was on the surface.

"There may be some monsters coming. Please be careful." Li Gen said and proceeded to steer the boat downwards.

The boat gradually sank into the darkness. Yun Lintian looked around briefly and thought of the deep sea documentaries he had watched back on Earth. Anything beneath the sea was indeed scary.

"Hmm?" Suddenly, the water on Yun Lintian's right hand stirred slightly, and a giant creature's mouth rushed out of the darkness. Its terrifyingly sharp teeth looked capable of crushing anything in the world.

"Demon Shark!" Master Bai's eyes lit up. He raised his right wing slightly, and a white light immediately shot out, rushing towards the oncoming creature.

Bang!

"Ouhhh!" A painful cry could be heard as the creature was struck by the intense white light. Its entire body immediately turned, revealing its terrifying size of one hundred meters.

The shark was pitch black like its surroundings, but there was a silver line running across its belly. The entire body of the creature exuded a terrifying aura, causing Li Gen and Chen Lin to turn pale.

Master Bai pointed his wing forward, and another streak of white light shot out, enveloping the entire shark and rendering it immobile.

"Boy, hurry up and go to the place. I want to grill it." Master Bai tapped Yun Lintian's head, urging him to make a move.

Yun Lintian was speechless. He unleashed his power, causing the boat to descend at the fastest speed possible.

"There are more." Master Bai's eyes lit up, and saliva spilled out of his mouth as he saw another shark emerge from the darkness. He didn't hesitate to capture it, as he had done previously.

Yun Lintian looked at the scene and asked. "Are there other beasts here more powerful than the previous python?"

Li Gen shook his head. "To be honest, I don't know about it."

"There's a rumor about a tentacle monster." Chen Lin suddenly spoke.

"Tentacle monster?" Yun Lintian had a strange expression. "Perhaps it's an octopus?"

Chapter 1704 Underneath The Ocean (3)

"Yes. But it also doesn't look like an octopus." Chen Lin replied. "From what I heard, many people had seen numerous tentacles emerging from the ocean. These tentacles might look like octopus tentacles, but they are shaped like swords instead."

"More importantly, they didn't randomly attack anyone. As long as we don't approach them, these tentacles will ignore us. That's what the rumor said."

Yun Lintian nodded slightly and asked Master Bai. "Do you have any clue?"

Master Bai wore a solemn expression at the moment. "I didn't see it the last time I came here. However, I think I know what it is... It should be Gui Shen's right-hand servant, Zhang Yu."

Yun Lintian was surprised. "Isn't it good, though?"

"No. It's the opposite." Master Bai replied. "Zhang Yu is a stubborn woman who is blindly loyal to Gui Shen. Do you think such a person will let you easily take away her Master's blood origin?"

"Of course. I can beat her. But considering the relationship between Gui Shen and me, I don't want to interfere with this matter. You have to solve it yourself. By the way, she is a half-step God Emperor. And in this aquatic domain, I don't think you stand a chance against her."

Yun Lintian was stunned and sighed inwardly. "Well, let's find her first, and then we'll see."

Li Gen and Chen Lin were shocked to the core at that moment. What did they just hear? The tentacle monster was actually an acquaintance of Master Bai. What was happening here?

At the same time, they finally understood Yun Lintian's purpose for coming here. He turned out to be searching for the Black Turtle God's blood origin. Although neither of them had ever heard of the Black Turtle God, it wasn't difficult to guess how powerful it was.

"Compared to Senior Jin, who is stronger between her and Senior Gui?" Yun Lintian asked out of curiosity.

"It depends on how they choose to fight. Huian's power lies in destruction, while Gui Shen excels in defense. Both of them have never fought before. I cannot provide you with an accurate answer." Master Bai replied casually.

"However, in my opinion, Gui Shen is stronger. You have no idea how he protected everyone from those people in the past. Even ten god emperors couldn't break his defense."

Yun Lintian didn't seem to be surprised much. According to legend, the Black Turtle had always been famous for its defensive power.

"What about Senior Long? Since he is the leader of all divine beasts, he must be the strongest one, right?" Yun Lintian asked further.

Perhaps it was because there was nothing to do at the moment, Master Bai didn't find it disturbing and answered the question. "Before Ren Yuan and the Primordial God Tribe emerged, Senior Long was the most powerful individual beneath Yun Tian. But I believe they could go toe-to-toe if Senior Long got serious."

"Oh?" Yun Lintian was surprised. "Why?"

"Did you forget the Dragon Soul God in your body?" Master Bai rolled his eyes.

Yun Lintian was taken aback and immediately understood. The Beyond Heaven King didn't possess a dragon soul, making it difficult for him to defend against it. The Primordial Azure Dragon God could use this advantage to land a blow on him.

"Speaking about this. Senior Shen told me that the Beyond Heaven King didn't possess any divine beast's bloodlines. Is it true? As far as I can recall, it appeared that he had refined the bloodline of the Primordial Azure Dragon God before." Yun Lintian asked in doubt.

"He did indeed possess the bloodlines of a divine beast, but for some unknown reason, they had disappeared." Master Bai replied with a frown. "I tried asking him about it multiple times, but he refused to disclose any information."

"Disappeared? What do you mean by that?" Yun Lintian was even more puzzled.

"Who knows?" Master Bai shrugged. "As you can see, he hid so many secrets from all of us. If it weren't for you, we wouldn't have known many things."

Yun Lintian furrowed his brow, trying to figure it out, but ultimately gave up. He sighed. "To be honest, I truly don't understand why he had to make everything so complicated."

"Indeed." Master Bai agreed. "But that's how he was. He was always full of mysteries that no one could comprehend. Perhaps only Yao Xi could understand it."

"Anyway, everything will eventually be revealed at some point. You don't have to think about it too much."

"I know, but it's difficult to stop thinking about it." Yun Lintian responded.

The two continued to chat as the boat sank deeper and deeper, disappearing into the bottomless abyss...

A few hours later, Li Gen stopped eating and said. "We are about to reach the seabed."

Yun Lintian turned to look around briefly and asked. "Is it usually this deep?"

"No. The place we often visit is only about five or six hundred kilometers deep. This place is obviously more than three or four thousand kilometers." Chen Lin answered. "That's why no one dares to come here."

A moment later, the boat gradually landed on a stable seabed. Yun Lintian stood up and raised his hand. A bright white light immediately shot out, illuminating the surroundings.

There was abundant vegetation surrounding this place, and Yun Lintian could see a variety of precious plants among them. However, he didn't see any signs of lifeforms here.

He exerted more power and expanded the area of the white light. In the next moment, he immediately noticed a large silhouette in the far distance on his right side. It looked like a massive structure.

"That's the Black Immortal Palace." Li Gen spoke.

"Let's go." Yun Lintian said, and he steered the boat towards the building.

When they arrived in front of the building, Yun Lintian could see a gigantic gate made of an unknown black material. It emitted a solemn aura, causing one's heart to tremble.

"The gate will open at random intervals. Sometimes, it takes a day or two. The longest period is one week." Li Gen said.

Rumble—

As Li Gen's voice fell, the colossal gate slowly moved and opened. This scene stunned Li Gen and Chen Lin. It was as if the gate had intentionally opened for them.

"Go." Master Bai urged as he dragged the two Demon Sharks closer. He couldn't wait to grill them.

Yun Lintian stared at the gate through the Eyes of Heaven but didn't notice anything unusual. Without hesitation, he swiftly maneuvered the boat through the gate...

Chapter 1705 Secret Land

The first thing Yun Lintian saw when he stepped into the palace was a vast hall that he couldn't see the end of on the other side. He turned around to look at the entrance and discovered that all the water had been magically blocked by an invisible barrier, which prevented it from entering the hall.

The atmosphere here was eerily solemn. Yun Lintian felt as though he had stepped into an abandoned temple of the gods.

"We have come here a few times in the past and couldn't find anything except for an abundant aura." Li Gen spoke.

"Then why is everyone afraid of this place?" Yun Lintian asked curiously.

"First of all, it's too risky to come to this place because the location is too deep and filled with dangers. Secondly, anyone who stays here for a long time will eventually experience a mental problem. We don't know what causes it, but there were many people who lost their sanity and committed suicide after returning to the shore." Li Gen answered.

"Losing their minds?" Yun Lintian was puzzled and turned to Master Bai. "Do you know about it?"

"As I mentioned before, this palace is incredibly ancient. It's even older than the Death Sea Realm itself. The lingering aura in this place should belong to a being beyond a god emperor. It's normal for an average person to be affected by it." Master Bai answered while grilling the Demon Sharks.

"I wanted you to come here because I believe that it is the reason why Gui Shen chose this Death Sea Realm to bury himself. Since we have no idea where to find Gui Shen's blood origin, it's better to start from this place."

Yun Lintian immediately understood. He thought for a moment and Yun Lintian immediately understood. He thought for a moment and said. "Qingxuan told me to find the Immortal Grass, which would provide us with a clue."

"Immortal Grass?" Master Bai frowned slightly. "Usually, this grass will appear in a location with abundant vitality. It's obviously opposite of this place. Are you sure it's the Immortal Grass?"

"There's no mistake." Yun Lintian confirmed. He had also doubted it the moment he came to this realm. "Maybe there is one here?"

Master Bai didn't say anything else. Since Long Qingxuan told Yun Lintian this, there might be something he overlooked.

He spread his Spiritual Sense out, covering the entire hall. However, he couldn't find anything in particular. There was nothing but an empty space here.

"I remember that there used to be a small altar here. Where did it go?" Master Bai turned to Li Gen and his wife.

"We are not sure either." Li Gen had a look of doubt on his face. "In the past thousand years, I have never heard anyone talk about it."

Yun Lintian had also scanned the place using the Eyes of Heaven. Suddenly, a thread of green light appeared in his field of vision. It seemed to come from the end of the hall.

"I found something." Yun Lintian said and waved his hand, creating light barriers to protect everyone. "Follow me."

With that, Yun Lintian quickly followed the green thread further into the hall. Li Gen and Chen Lin hurriedly chased after him.

Master Bai frowned slightly and opened his mouth to devour the grilled Demon Sharks directly, which made Qingqing pout angrily.

Soon, Yun Lintian discovered that the green thread was actually flowing out through a tiny crack in the ground. If it weren't for the Eyes of Heaven, Yun Lintian would never have been able to notice it.

Peng!

Yun Lintian stomped on the ground and said. "There seems to be a space below."

Master Bai flew over and landed on Yun Lintian's head. He glanced at the tiny crack on the ground and said. "Step back."

Yun Lintian, Li Gen, and Chen Lin took a few steps back. Master Bai raised his wing slightly, and an intense beam of white light immediately shot towards the ground.

Bang!

The ground shook violently, as if the entire hall was about to collapse at any moment. It was evident how powerful Master Bai's attack was. However, when everything settled, everyone could see that there was not a single scratch on the ground where the attack landed.

Master Bai frowned slightly and launched another attack towards the ground. This time, it was several times stronger than the previous one. Surprisingly, the ground remained intact as ever.

"What the hell?" Master Bai lost his composure. His earlier attack was powerful enough to kill an early-level Divine Emperor, yet it failed to leave a single scratch on the ground.

"Let me try." Yun Lintian said, and the Heaven Piercing Sword appeared in his hand.

He raised the sword slightly, and his entire body immediately exuded a powerful aura. The Golden Crow's flames immediately ignited on the blade as he stabbed into the tiny crack in the ground.

Boom!

The ground shook violently, and a long crack could be seen on the tile, revealing a green space below.

Master Bai's face twitched slightly when he saw this scene. He couldn't understand why Yun Lintian could succeed while he couldn't.

Yun Lintian stabbed the cracked tile a few more times, creating a hole big enough for one person to fit in.

At that moment, a powerful surge of vitality burst out from the crack and swept over everyone. They couldn't help but let out a soft hum, enjoying a sense of comfort.

"What a powerful aura." Li Gen exclaimed in surprise.

Everyone peered through the hole and saw a world of green below. The land below was lush and green, filled with various vegetation. Li Gen and Chen Lin could see many valuable herbs that could be easily sold at a high price.

"Sure enough." Master Bai muttered. It was as he had expected, there was something here.

"Let's go down." Yun Lintian said, after carefully checking the situation below.

Yun Lintian jumped down, followed by Chen Lin and Li Gen. When everyone landed safely on the ground, they were stunned by the scenery in front of them.

The place they were standing on right now was a green hill, full of grass and trees, surrounded by a mountain range. There was also a river flowing down from the mountain and passing through a dense forest.

Yun Lintian could see various small animals such as birds, deer, and rabbits all over the place. It was a stark contrast to the lifeless ocean above.

"The aura here..." Master Bai frowned deeply as he sensed something...

Chapter 1706 Green Mountain Village

"What's wrong?" Yun Lintian asked when he heard Master Bai speak.

"I feel like I have felt this aura before." Master Bai searched through his memory but couldn't recall anything. It was frustrating when he clearly knew something but couldn't recall it no matter what.

"Don't tell me your memory has been erased like Hongyue?" Yun Lintian could only think of this.

"It's possible." Master Bai frowned in annoyance. "There shouldn't be any connection between me and whatsoever in this place. Why would someone erase my memory?"

Yun Lintian extended his Spiritual Sense and discovered that the space here was incredibly vast. He could still see a land beyond the edge of his Spiritual Sense.

Moreover, all the living beings here were harmless creatures. Most of them had a better physique than ordinary animals, but they didn't possess any profound energy.

Yun Lintian raised his head to look up and saw a clear sky with fluffy clouds and a shining sun. It wasn't just a simple underground terrain but rather a complete world.

Master Bai glanced at the crack they had just come through and raised his wing, covering it with his barrier.

"Let's check it out." Master Bai said.

Yun Lintian nodded and flew towards the distant forest.

Li Gen and Chen Lin regained their composure and promptly followed suit. This was their first time seeing such an abundant landscape. If possible, they would like to stay here forever.

While Yun Lintian's group was investigating the strange world, Nie Lou's group had already arrived above the Black Immortal Palace's position.

"Strange. How could the location change?" One of Hei Jin's crew members spoke in doubt. He clearly remembered that the Black Immortal Palace was far away from this place.

"It must be because of the previous earthquake." Another person said.

Nie Lou looked at Hei Jin and asked. "What is it?"

"We have arrived above the Black Immortal Palace now. However, its location should not be here. It somehow changed the location." Hei Jin explained.

Nie Lou raised his eyebrow slightly. "What else did you detect?"

Hei Jin frowned for a moment and then shook his head. "Nothing more. The palace must be down here."

"Let's go down." Nie Lou said calmly.

Hei Jin signaled his crew, and the ship promptly transformed into a smooth, white sphere. Afterwards, the ship gradually sank into the ocean...

On Yun Lintian's side, he was currently scanning the dense forest, trying to find a clue.

"There is a group of people over there." Chen Lin suddenly spoke and pointed in the direction of the river.

Yun Lintian was slightly surprised because he couldn't perceive anything with his Spiritual Sense. Why did Chen Lin see it?

"They are ordinary people." Li Gen said with a peculiar expression.

"I can't see it." Yun Lintian frowned.

"Perhaps it is because we are natives here." Chen Lin came to a conclusion.

"Let's take a look." Yun Lintian nodded and walked toward the river in the far distance.

Bang! Bang!

As Yun Lintian's group approached the river, they noticed a group of people cutting the trees with their axes. With a glance, they could see that these people were ordinary people without a profound strength.

When Yun Lintian's group appeared, these people were surprised but did not retreat. On the contrary, they approached Yun Lintian's group with warm smiles.

"Are you travelers? Where are you from?" A kind-looking middle-aged man asked, wiping sweat with his clothes.

"We come from a far distance in the west. May I know where this place is?" Yun Lintian asked politely.

"Ah. You come from the west? No wonder all of you look powerful." The middle-aged man said, with a look of realization. "My name is Su Shan. This is a fairy forest."

"Fairy forest?" Yun Lintian repeated in doubt.

Su Shan smiled and explained. "There is a legend about a fairy living in this forest. We call it according to the legend."

"All of you must be tired from traveling such a long distance. Why don't you come with us to a village?" Su Shan said with a kind smile.

Yun Lintian found nothing suspicious about Su Shan or anyone else here. They appeared genuine and honest.

"We will have to trouble you, Uncle Su." Yun Lintian said politely.

"No trouble, no trouble." Su Shan waved his hand dismissively. He turned to the others and said. "It's time to go back, everyone. We will continue tomorrow."

The other people stopped their work and packed up, preparing to go back.

Yun Lintian and the others followed Su Shan closely and soon arrived at a relatively large village.

There were many children running happily on the streets. A group of elderly people could also be seen sitting under a big tree, playing chess. Many young women were either cooking or doing laundry. The scene appeared extremely harmonious and peaceful.

Yun Lintian felt as though he had returned to a rural area on Earth.

"You're back, Uncle Su?" A young woman with a basket full of mushrooms greeted Su Shan warmly. She glanced at Yun Lintian's group and asked in surprise. "They are...?"

"They are travelers from the west." Su Shan explained. "I will take them to my place first."

"Oh." The woman nodded slightly and warmly smiled at Yun Lintian's group. "Welcome to Green Mountain Village. I hope you have a pleasant time here."

"Thank you, sister," Qingqing responded politely, but her eyes were fixed on the mushrooms in the basket.

The woman noticed this and chuckled softly. "I'll make mushroom soup for you later."

"Really? That's great!" Qingqing was happy.

"Sorry. My sister is a foodie." Yun Lintian said apologetically.

"Don't worry. It's normal for a young girl of her age." The woman waved her hand. "My name is Lan Ya. You can come to me if you need anything."

"I'm Ye Xiaolong. Thank you, Sister Lan." Yun Lintian responded politely.

Lan Ya waved her hand and walked away.

"They are very nice." Li Gen said in a low voice.

Chen Lin held the same opinion. She now had the desire to live here.

"Do you find anything strange?" Yun Lintian asked Master Bai through a sound transmission.

"No, everything is normal, and these people are real." Master Bai replied. "However, it feels too ordinary, which makes me sense that something is off."

"Indeed." Yun Lintian agreed. He looked at the rows of houses with a frown...

Chapter 1707 Saintess Orchid

Yun Lintian and the others followed Su Shan's lead and soon arrived at a large wooden house.

Su Shan opened the door and shouted. "Wife, I'm back. We have a few guests today."

Soon, a middle-aged woman walked out of the kitchen and smiled at Yun Lintian. "Welcome, everyone. Please take a seat first."

"This is my wife, Ying Shang." Su Shan said with a smile and invited everyone to take a seat.

"Are there any other villages nearby, Uncle Su?" Yun Lintian asked after sitting down.

"Yes. There are more than twenty villages in this area. If you go further north, you will find a city." Su Shan replied.

He paused momentarily to look at Yun Lintian's group before asking. "I suppose that all of you are here for the Divine Preaching."

"Divine Preaching?" Yun Lintian was confused.

Su Shan was surprised and asked. "You didn't come here for that?"

"To be honest, we have been living deep in the mountains all this time. This is our first time venturing out to explore the world. There are many things we don't know about. I hope Uncle Su enlightens me." Yun Lintian quickly stated.

Su Shan looked at the ordinary bird and feral cat on Yun Lintian and nodded in understanding. "So, that's the case. Firstly, do you know the difference between the West and the East?"

Yun Lintian inferred the implications of Su Shan's previous words and made some guesswork. He replied. "As far as I can see, there isn't a single practitioner here. Is this the difference?"

"Yes," Su Shan replied. "The entire world is divided into the West and East. While the West is full of practitioners, we, people in the East, are unable to practice for the rest of our lives."

"Isn't this dangerous?" Li Gen suddenly said. "Any practitioners can easily come here to cause trouble this way."

Su Shan shook his head and explained. "They don't dare to harm us. Otherwise, they will be killed by Saintess Orchid."

"Saintess Orchid?" Yun Lintian was curious.

"Saintess Orchid is revered as a saint among mortals. Her divine presence brings blessings to all of us mortals." Su Shan said with a reverent expression on his face. "It is because of her that we can live in peace."

Yun Lintian asked further. "Is she the one who delivers the Divine Preaching? And what is the Divine Preaching?"

"Yes." Su Shan answered. "On the seventh month of every year, Saintess Orchid will descend from the Orchid Mountain to give us a preaching. Anyone who attends the event will be blessed with her divine power. In the past, there were many people who could attain divinity by listening to her preaching."

Yun Lintian and the others were stunned. Achieving divinity just by listening to someone's preaching? Such a thing was beyond a miracle. However, they knew Su Shan had no reason to fabricate a story.

"If you want to attend the event, you can wait for two days. Our village will go there." Su Shan said with a smile.

"Then we would like to trouble Uncle Su." Yun Lintian said.

He was curious about the so-called Saintess Orchid's identity. From the looks of it, this person didn't seem bad. Otherwise, she wouldn't waste her time preaching to mortals. And whatever her scheme was, ordinary people like Su Shan and the villagers here at least benefited from it.

"No trouble." Su Shan waved his hand dismissively. "Many people, like you, have come here in the past. It is our duty to help you. I'll take everyone to your residence after the meal. You can live here with ease."

"Thank you, Uncle Su." Yun Lintian said politely.

After enjoying a hearty meal, Su Shan led Yun Lintian's group to a spacious house located at the rear of the village. Judging from its appearance, this place seemed to have been specifically designed for hosting guests.

"There are no other travelers here. You can choose your room by yourself." Su Shan said with a smile as he opened the door for everyone. "You can come to me anytime if you need something."

"Understood." Yun Lintian nodded and escorted Su Shan out.

After checking the surroundings and confirming that no one was around, Yun Lintian set up an isolation barrier and gathered everyone.

"What do you think about this?" Yun Lintian asked.

"This place is full of weirdness." Master Bai spoke first. "First, we cannot detect these people through our spiritual senses, but Li Gen and Chen Lin can."

"Secondly, the aura in this place is clearly conducive to practicing. There are hundreds of people here, and it is impossible to have zero talented individuals."

"Lastly, this Saintess Orchid is very suspicious. I have lived for countless years, and this is the first time I have heard of someone who could elevate people to divinity through their preaching. No matter how powerful she is, I don't think it's possible."

The Beyond Heaven King was held as the most powerful being in the Divine Realm, possessing numerous miraculous powers. However, he was unable to grant divinity through mere conversation. Master Bai refused to believe it.

Yun Lintian nodded in agreement and glanced at Li Gen and Chen Lin. "What about you two?"

The husband and wife glanced at each other briefly before Chen Lin spoke. "We feel like we have come home."

"Oh? Can you explain more?" Yun Lintian asked with great interest.

"It's a feeling coming from the depths of our souls." Li Gen explained with a frown. "At first, we thought it was because we had never been to a place so full of vitality like this, but later, we discovered that this feeling of being at home was extremely strong."

Chen Lin echoed. "It feels as though this place is our true home, while our home above is a foreign place."

Yun Lintian touched his chin and said. "Is it possible that your ancestors actually originated from this place, and for some reason, they were sent to the land above?"

"Very likely." Linlin suddenly spoke. "They have a familiar aura."

Linlin's perception was exceptionally keen, and she could see a similarity between Li Gen and the villagers here. Although it was faint, it was definitely the same.

Chen Lin and Li Gen glanced at each other and fell into deep thoughts... If it were true, what had caused their ancestors to end up in the dead land above?

Chapter 1708 Gigantic Creature

Yun Lintian felt that their conjecture was likely to be true. Li Gen and Chen Lin must be from this place. Everything was pointing in this direction.

"Do you want to stay here?" Yun Lintian looked at Li Gen and Chen Lin.

Li Gen replied honestly. "We do."

Yun Lintian nodded gently and said. "If there is nothing dangerous, you two can stay here."

"Thank you, Senior." Li Gen and Chen Lin said gratefully. If it weren't for Yun Lintian, they wouldn't have discovered this place.

"If possible, I want to bring everyone up there to this place." Yun Lintian said further. "But before that, we must first unravel the mystery of this place."

"You are very kind, Senior." Chen Lin spoke from the bottom of her heart.

Yun Lintian shook his head and said. "I feel uncomfortable to see such a tragic scene and do nothing. Especially those children. They didn't choose to be born but have to bear this tragic fate."

Li Gen sighed and said. "We are powerless to do anything. I have tried to help them before, but it's not something I can do it alone."

Li Gen occasionally gave food to those people, but he had limits. He couldn't possibly help everyone all the time.

"There were many outsiders who tried to help them, but it was like trying to fill a bottomless abyss with stones. It's never-ending." Chen Lin spoke softly. "Many of them had also ended up being brutally killed by those evil beings, such as Hei Jin."

Yun Lintian could understand the situation. Outsiders could not harm the natives here as they would be cursed. On the contrary, the natives could kill the outsiders without facing consequences. It was a difficult battle.

"Let's take this opportunity to look at the village." Yun Lintian proposed a plan.

Everyone nodded in agreement and walked out of the house, strolling around the village.

Wherever Yun Lintian's group went, they would be warmly greeted with kindness by the villagers. Everything looked genuine here.

Yun Lintian separated from Chen Lin and Li Gen and went to a small park in the village. There were many elderly people and children gathered here to talk and play.

Yun Lintian was affected by the warm and relaxed atmosphere and joined in the fun. Qingqing went to play with a group of children while Linlin was surrounded by young girls. As for Master Bai, he was playing chess with a group of grandfathers here.

Yun Lintian looked at the scene and once again began to miss Earth. Although Yun Lintian had been living in this world for a long time and everything was several times better than on Earth, he still missed his life on Earth. If possible, he would like to go back one day.

"It's possible. That day will come." Suddenly, a gentle female voice resounded in Yun Lintian's ears, causing him to jolt awake.

Yun Lintian looked around the place solemnly but didn't find anyone.

Who are you?... Yun Lintian asked in his mind.

"Come to Orchid Mountain in two days, the bearer of fate." The female voice resounded.

Yun Lintian was certain that this person was the Saintess Orchid. What made him feel threatened was her incomprehensible power. He had encountered many top powerhouses, but none could make him feel as powerless as she did.

"Relax. I'm not your enemy. On the contrary, I am on your side." The female voice echoed once more. She obviously perceived Yun Lintian's vigilance.

Shouldn't you explain something to me if that's the case? Yun Lintian continued to speak in his mind.

"Something cannot be explained in just one or two sentences. Wait until we meet, and I will answer all the doubts in your heart." The female voice resounded.

Yun Lintian didn't say anything further and gradually calmed down. With her power, it shouldn't be difficult to kill him. There was no need to be afraid of her.

"What's wrong, Big Brother Yun?" Linlin walked out from the group of young girls and leaped onto Yun Lintian's shoulder.

"Someone spoke to me. She should be the Saintess Orchid." Yun Lintian explained.

Master Bai flew over and landed on Yun Lintian's head. "I can't feel anything. This person is clearly above me... She is likely to be in the legendary realm."

Yun Lintian thought for a moment and said. "She told me to meet her in two days. We will know it at that time."

"We are lucky. The palace is open." Hei Jin looked at the enormous building in front of him and said. "They must be inside."

"Let's go." Nie Lou waved his hand, and the ship swiftly moved forward.

Rumble—

All of a sudden, the entire seabed shook violently, causing Nie Lou to come to a sudden stop and look around with great vigilance.

"What's going on?" Nie Lou turned to look at Hei Jin. However, at this moment, Hei Jin's face turned pale as he gazed up at something above the palace.

"Elder Nie..." One of Nie Lou's subordinates stared in shock at a black figure hovering above the palace.

Nie Lou quickly followed their gazes, and his eyes widened in shock.

What appeared in his vision was a humongous creature that resembled a Kraken. Its tentacles were as sharp as swords, wrapping around the Black Immortal Palace. The Kraken's scarlet eyes stared at Nie Lou's group with murderous intent, causing everyone to freeze in place.

Roar!

The Kraken let out a deafening roar and swung its tentacles towards the ship.

Nie Lou returned to his senses and shouted. "Get in!"

Immediately, everyone unleashed their powers to block the oncoming attack while urging the ship forward.

BOOM!

All the barriers that everyone had conjured were instantly shattered by the sharp tentacles. A terrifying whirlpool immediately formed, trapping Nie Lou and the others.

Hei Jin and Su Heng glanced at each other and reached a consensus. They promptly unleashed their powers and propelled their crew members toward the approaching tentacles.

"Arghhh!" The crew members were caught entirely off guard, and they had no time to react. They were sliced directly into pieces.

"Elder Nie, now!" Hei Jin shouted and urged the ship towards the gate.

A long sword appeared in Nie Lou's hand as he brandished it forward, releasing a terrifying might.

The swirling whirlpool surrounding the ship immediately split open, allowing it to swiftly enter the gate.

BOOM! BOOM! BOOM!

The Kraken was extremely furious and slapped the palace from left to right. However, it was unable to extend its tentacles into the palace.

Nie Lou and the others heaved a sigh of relief when they saw this.

"What the hell was that?"

Chapter 1709 Intruder

Nie Lou and his people gasped for breath. All of them were Divine Emperors, the most powerful beings in the world, but they couldn't overcome the fear instilled by the Kraken.

Especially Nie Lou. He was a veteran who had participated in the Primordial God Tribe's incident, yet he couldn't remain calm.

"We don't know what it is or where it comes from. It has been living here for a long time now." Hei Jin wiped the sweat off his forehead and began to explain. "This is strange because normally, it wouldn't take the initiative to attack. There must be something here that provoked it."

Nie Lou scanned the area with his Spiritual Sense upon hearing this and soon made a discovery.

In a flash, Nie Lou arrived at the crack on the floor that Yun Lintian had made and discovered a powerful barrier blocking it.

Hei Jin and the others came over and were confused by the scene they saw.

"What's below?" Nie Lou asked.

Hei Jin shook his head. "I have no idea. This is the first time I have seen this. In the past, there was a small altar at the center of this place, but I don't see it now. Perhaps those people did something here."

Nie Lou frowned slightly and carefully observed the barrier. Without a doubt, it was a barrier created by a god emperor... Who was the God Emperor besides Yun Lintian? Was it Yun Yi?

Master Bai's identity remained secret, known only to the Infinite Void God Emperor and the Tranquil Mountain God Emperor, who were aware of his return. Both of them also didn't dare to spread it out. It was impossible for Nie Lou to know it.

"Are you sure there are no other people besides him?" Nie Lou asked with a serious expression.

"I am sure." Hei Jin hurriedly replied. "There are Li Gen, his wife, a young man, a young girl, a bird, and a cat."

Nie Lou frowned deeply. Since that was the case, the identities of the little girl, the bird, and the cat seemed suspicious. However, he couldn't think of anyone.

"Step back." Nie Lou said, and everyone quickly retreated.

Nie Lou tightly gripped his sword, his aura surging violently as he swung the sword "Hmm?" Master Bai, who was playing chess, suddenly frowned and looked toward his barrier.

down upon the barrier.

BOOOM!

"Hmm?" Master Bai, who was playing chess, suddenly frowned and looked toward his barrier.

"What's wrong? Are you giving up?" An old man sitting opposite him asked curiously when he noticed the change in Master Bai's expression.

Master Bai spoke. "I have something to do. I'll come back later. Remember. I didn't lose this match."

With that, he flapped his wings and flew towards Yun Lintian in the distance, under the old man's confused gaze.

Master Bai landed on Yun Lintian's head and said. "Someone is coming. Judging from the aura, it should be those bastards from the Dark Sea God Realm."

"Wouldn't this place be in danger?" Yun Lintian frowned slightly. If those people were to see this place, they would undoubtedly destroy everything here.

"With that person presiding over this place, it shouldn't be a problem." Master Bai said.

"You should take care of them." A female voice suddenly resounded in Yun Lintian and Master Bai's minds.

Master Bai's heart sank. With his strength, if he didn't allow anyone to send a voice transmission, no one could do it. However, this woman could effortlessly bypass the mental barrier in his mind.

His intuition told him this person was far stronger than those Primordial Tribe God's people.

On the contrary, Yun Lintian had long stopped fearing the woman. He asked. "Isn't this your territory? You should take care of it."

Master Bai glanced at Yun Lintian in amazement. This brat wasn't afraid of the woman at all?

"I'm responsible for protecting this place, but none of you are under my jurisdiction." The woman replied. "With the Little White Owl here, dealing with them is as easy as flipping a hand."

Master Bai's face darkened. This was the first time someone dared to call him Little White Owl. Unfortunately, he couldn't beat this woman and could only suppress the dissatisfaction in his heart.

"Your temper is opposite to your heart, Little White Owl. What was this called again?... Ah. I remember now. It's said to have a mouth as sharp as a knife but a heart as soft as tofu." The woman spoke further.

"Damn it! Do you dare to show your face?" Master Bai cursed angrily.

Meanwhile, Yun Lintian was slightly surprised because this was a famous saying on Earth. Through the previous conversation, she also showed that she knew about planet Earth. It seemed that this person had lived there before. n)-Ovelbln

Yun Lintian stood up and said to Master Bai. "How about half and half?"

"Fine." Master Bai agreed without hesitation. "I need to punch someone to vent my anger."

"Hehe. Good luck." The woman laughed gently.

Yun Lintian called Qingqing and Linlin over before heading towards the barrier.

At this moment, Nie Lou launched a series of attacks on the barrier until a crack appeared.

"Come over and break it." Nie Lou paused for a moment and called his people over.

Everyone had no objections and directed their attacks towards the barrier. With a loud bang, the barrier shattered into pieces, and a powerful aura of vitality immediately washed over their faces.

Hei Jin and Su Heng stared in shock at the green world below. They had never seen such a scene before in their entire life.

Nie Lou was also surprised by the scene. He didn't expect that there would be a world beneath this place. It wasn't just an ordinary world, but a complete world!

"Let's go." Nie Lou said and beckoned his people to go down.

Everyone quickly jumped down and found themselves in a vibrant world brimming with vitality.

"This..." Hei Jin's eyes almost popped out. The scene in front of him was beyond his comprehension.

"What a powerful aura." Nie Lou frowned deeply. The world here was even better than his Dark Sea God Realm. If he could take over this place, the Dark Sea God Realm would undoubtedly become the most powerful entity in the Divine Realm.

"Hmm?" Nie Lou suddenly sensed something and looked into the distance ahead.

At this moment, Yun Lintian flew over and halted his tracks a few kilometers away from Nie Lou's group.

"That's him." Su Heng quickly said.

Nie Lou's eyes narrowed slightly as he discreetly signaled his people to surround Yun Lintian...

Chapter 1710 Vengeance Stone

Yun Lintian calmly swept his gaze over everyone and was surprised to see many Divine Emperors present.

While Yun Lintian looked at them, Nie Lou also scanned the surroundings vigilantly. However, no matter how carefully he looked, he was unable to detect any god emperor's aura here.

Nie Lou shifted his gaze onto Qingqing, Linlin, and Master Bai. He could see that they were at the Divine Origin Realm... Could it be that there was no god emperor here?

Naturally, Nie Lou wasn't naive enough to believe his judgment entirely. After all, the barrier earlier was undoubtedly created by a god emperor.

"I thought that you were hunted by those devils. It seems you have deceived everyone perfectly." Nie Lou said loudly. "Why don't you show yourself, Yun Yi? I know that you are here."

Hei Jin and Su Heng tensed up and looked around vigilantly. Although they didn't know who Yun Yi was, this person must be as powerful as Nie Lou.

Yun Lintian looked at Nie Lou with puzzlement but soon understood something. Nie Lou probably thought that Yun Yi was around here.

Master Bai looked at Nie Lou as if he were an idiot and said impatiently. "Let's wrap up quickly. I need to go back and finish the match with that old man."

Immediately, Master Bai's aura surged and enveloped the entire space.

Nie Lou's expression changed drastically as he looked at the "ordinary bird" on Yun Lintian's head in astonishment.

Instantly, a blood-colored stone appeared in Nie Lou's hand. When he infused his divine energy into it, a crimson radiance immediately erupted, transforming the entire space into a blood-soaked realm.

"Vengeance Stone?" Master Bai snorted disdainfully. "Hmph! Do you think you can play such a trick in front of me?"

All of a sudden, Master Bai's entire body glowed with a bright white light, giving him the appearance of a celestial deity.

A giant white owl's eyes emerged in the sky, fixated on the bloodstone in Nie Lou's hand.

"You are... The White Owl God Emperor! How could you still be alive!?" Nie Lou screamed in shock when he saw the scene.

Meanwhile, Hei Jin and the other Divine Emperors were shaking uncontrollably. They felt as though they were being stared at by an apex predator that they would never be able to escape from.

"Go to hell." Master Bai uttered coldly.

Rumble—

The surrounding space abruptly shook violently as a terrifying pressure enveloped Nie Lou's group.

"Stop it! Are you not afraid of this!?" Nie Lou roared and raised the bloodstone high, constantly infusing it with his divine energy.

"This master has slapped those bastards from the Primordial God Tribe before. Even if Nie Weisheng is here, he will have to run with his tail between his legs in front of this master. Do you think I'm afraid of this stupid stone?" Master Bai sneered.

"Argh!" Hei Jin and Su Heng were the weakest members of Nie Lou's group. They couldn't withstand the pressure, and their bodies began to collapse.

Yun Lintian raised his brow slightly and said. "Don't kill them. You will get the curse."

Master Bai snorted in dissatisfaction and sent Hei Jin and Su Heng flying into the distance.

Puff!

The Divine Emperors surrounding Nie Lou all spurted mouthfuls of blood while clutching their chests in agony. Their internal organs began to deteriorate, along with their profound veins.

Yun Lintian was amazed by Master Bai's power. This was probably the first time he had seen Master Bai being serious.

He looked at the bloodstone in Nie Lou's hand and wondered how it could make Master Bai unleash his true power.

"The Vengeance Stone is a cursed artifact from the Primordial Era. Whoever is marked by it will face endless torment at the soul level. Even a god emperor could not avoid it. Clearly, this person prepared it specifically for any god emperors by your side." The woman's voice echoed in Yun Lintian's mind.

Yun Lintian was shocked. There was actually such a sinister object.

"How to deal with it?" He hurriedly asked.

"Open your eyes and take another look." The woman spoke.

"Open my eyes?" Yun Lintian was slightly puzzled and soon thought of something.

He quickly opened the Eyes of Heaven and stared at the bloodstone. Immediately, he saw an immense power of darkness within. It looked like a portal to hell.

"Any curses in the world always have a dark element as their foundation." The woman said gently.

Yun Lintian immediately understood everything. He opened his palm, and the Heaven Piercing Sword immediately appeared.

The next moment, his aura surged, and a brilliant white light enveloped the sword.

"Go." Yun Lintian uttered and pointed his finger at the bloodstone in Nie Lou's hand.

Nie Lou tried his best to resist Master Bai's power. When he saw the streak of white light shooting towards him, he instinctively conjured a defensive barrier to block it.

Bang!

Unexpectedly, the barrier was instantly shattered, allowing the Heaven Piercing Sword to rush directly towards the bloodstone.

Nie Lou was caught entirely off guard, but his reaction was godly. He knew that Yun Lintian's target was the stone. Hence, he quickly moved it away.

However, at the critical moment, Yun Lintian suddenly hooked his finger upward, and the Heaven Piercing Sword swiftly changed its direction, accurately striking the bloodstone as if it had anticipated its final position in advance.

CRACK!

The bloodstone immediately cracked, and the dark energy inside poured out uncontrollably.

Yun Lintian swiftly waved his finger, and the white light around the sword instantly burst forth, trapping all the dark energy in an instant.

"You..." Nie Lou couldn't believe his eyes. Yun Lintian's reaction was even faster despite his already insane reaction. Even a god emperor might not be able to do it... How could it be possible?

Yun Lintian exerted his power, attempting to eradicate the dark energy entirely.

Nie Lou hurriedly swung his sword towards the Heaven Piercing Sword, attempting to deflect it.

"Did you forget about me?" Master Bai said coldly.

Countless feather-shaped streaks of light immediately filled the entire space, ruthlessly bombarding Nie Lou and his people.

"UWAAAA!" The Divine Emperors screamed miserably as their bodies were torn apart by the bombardment.

Meanwhile, Nie Lou used everything he had to block Master Bai's attack, but he could only last for a few seconds before deep-cutting wounds began to appear all over his body.

Blood splashed everywhere as Nie Lou looked as if he were about to die at any moment...
