

Myth Beyond 1721

Chapter 1721 Everlasting Love

Lan Qinghe looked at the Gate of Beyond Heaven with a hint of surprise. With a flash, she arrived in front of the gate and reached out to trace the four mythical beasts engraved on it.

"Do you know how he created this?" Lan Qinghe asked.

"No," Yun Lintian shook his head. "I have no clue about everything he has done so far. It feels like something is preventing me from understanding it."

"What's wrong? Is there anything special here?" He asked in doubt.

Lan Qinghe caressed the picture of the White Tiger and said. "In the Nine Heavens Realm, there once existed a formidable entity known as the Purple Void God. As her name suggested, she was well-versed in the spatial element, and no one could come close to her. Even the Chaos Goddess herself."

"Unfortunately, she met her demise because of an unworthy man."

"Unworthy man?" An idea flashed across Yun Lintian's mind, but he quickly dismissed it.

However, there appeared to be a subtle change in Master Bai's expression. He looked at Lan Qinghe attentively, waiting for her explanation.

Lan Qinghe turned to look at Yun Lintian and said. "That unworthy man was none other than Yun Tian."

"What...?" Yun Lintian's mouth gaped in shock. Although he had thought of it earlier, he was certain it shouldn't be him. After all, the gap of strength between the Beyond Heaven King and the Purple Void God was too great.

Yun Lintian regained his composure and asked. "How?"

Before Lan Qinghe could say anything, Master Bai suddenly spoke. "I knew it... This bastard's charm has always been irresistible. He could easily seduce any woman in the universe."

Yun Lintian found it incredible. There were many exceptional women who fell for the Beyond Heaven King, but Yun Lintian didn't dwell on it much, considering that the Beyond Heaven King was the most powerful individual. It was common for a woman to be attracted to someone stronger.

However, it should be impossible for the Purple Void God to fall for him. No matter how hard he thought about it, he couldn't find even the slightest possibility for it to happen.

Lan Qinghe spoke with a hint of displeasure. "I have no idea either. They met once, and she didn't hesitate to sacrifice everything for him. It was too bizarre."

"You... don't know?" Yun Lintian was even more confused.

"When I saw her again, she had already given everything to him." Lan Qinghe shook her head. "I wished I could kill him with my own hand at that time, but... alas. Fate is something that not even a true god can resist or change at will."

Yun Lintian fell silent for a moment and asked. "What does it have to do with the gate?"

Lan Qinghe responded gently. "The world behind this gate is created by her power... Have you ever wondered why you could access the Land of Beyond Heaven wherever you wanted?"

Yun Lintian frowned slightly. Except for its own restrictions, it was true that he could enter the Land of Beyond Heaven at any moment and in any place. Even in a place with heavy restrictions like this world were no exceptions.

Lan Qinghe pointed her finger at Yun Lintian's chest, and the words "Heaven," "Nether," and "Mortal" on his chest shone brightly. At the same time, the Spatial Wheel immediately appeared above his head, spinning silently.

"These words represent the three realms, Heaven, Netherworld, and Mortal Realms. It means anyone who inherits the Spatial Wheel will be granted the ability to traverse between the three realms." Lan Qinghe explained calmly.

"It is her power."

Yun Lintian was stunned. He immediately understood everything. Basically, the Spatial Wheel was essentially created using the power of the Purple Void God.

He suddenly felt a tremendous pressure weighing down on his shoulders. From the moment Yun Lintian first encountered the Beyond Heaven King's relics, Yun Lintian had never pondered their origins. He only knew that they were made of elemental sources and nothing else.

Yun Lintian had always taken them for granted and never felt burdened when he received them... However, things were different now.

Lan Qinghe stared at the Spatial Wheel and let out a soft sigh. "There is also another meaning behind them. It was her vow to him... She would always be by his side whether in Heaven, the Netherworld, or the Mortal Realm."

Bang!

There seemed to be a sledgehammer smashing into Yun Lintian's heart, causing him to clutch his chest. Longing, love, and unwavering determination — all these myriad emotions flooded his mind at once.

An image of a mesmerizing woman with long purple hair appeared in Yun Lintian's mind. Her entire body exuded a profound sense of loneliness, causing Yun Lintian's heart to ache just by looking at her.

The woman seemed to notice Yun Lintian's presence. She turned around slowly to look at him. Her facial features were obscured by an unknown mist, leaving only her delicate lips visible.

She smiled at Yun Lintian, and the entire space was frozen.

"Yun Boy?... Oi!? What's wrong with you?" Master Bai landed on Yun Lintian's head and pecked him a few times when he saw Yun Lintian frozen in place.

The image of the woman disappeared completely as Yun Lintian regained his senses. The lingering pain in his heart told him that everything wasn't an illusion.

Yun Lintian raised his head and said. "I saw her."

Lan Qinghe was surprised. "You saw her?"

Yun Lintian nodded. "I couldn't see her face clearly, but she was very tall and had purple hair... She appeared to be very lonely... But why did I feel pain?"

Lan Qinghe stared at Yun Lintian for a while and spoke softly. "You have inherited his power. It is normal for you to feel the connection between him and those around him."

She let out a long sigh and muttered to herself. "What a foolish woman."

Yun Lintian took a few deep breaths, and the pain gradually disappeared. The images of Yang Ningchang and Lynn flashed through his mind. Perhaps they would feel the same as the Purple Void God after he "died."

"Open it." Lan Qinghe said.

Yun Lintian didn't say anything further and pushed open the gate.

When Lan Qinghe stepped into the Land of Beyond Heaven, she immediately discovered the flaws in the laws here.

Swoosh!

Suddenly, Lin Xinyao, Jin Huian, and Yun Qianxue appeared in front of her.

Lan Qinghe glanced at Lin Xinyao Jin Huian and finally fixed her gaze on Yun Qianxue.

"No wonder..."

Chapter 1722 News

Yun Qianxue looked at Lan Qinghe cautiously. She could sense that the woman standing before her was the strongest person she had ever come across. However, she didn't quite understand what Lan Qinghe had said.

Yun Lintian stepped into the Land of Beyond Heaven, followed by Zhang Yu and Gui Xuan in her arms.

Zhang Yu was surprised to see this scene. She didn't expect Yun Lintian to have a pocket world like this.

"Lake..." Gui Xuan's childish voice resonated in Zhang Yu's mind as he gazed at the lake adorned with the Celestial Buddha Lotuses in the distance.

Zhang Yu didn't say anything and swiftly arrived above the lake before submerging Gui Xuan into the water. Her appearance startled many disciples around the lake.

Yun Qianxue was relieved to see Yun Lintian. She stepped forward and said. "Welcome back."

Yun Lintian gently caressed her hair and said. "I'm back."

Behind the mist, Lan Qinghe wore a strange expression as he looked at the two.

Jin Huian stared at Gui Xuan, who was swimming in the lake and said. "That... Gui Shen's descendant?"

"Indeed." Master Bai said with a hint of sadness. "He's gone. There's nothing we can do."

Jin Huian went silent for a moment and spoke gently. "This is good too."

Lan Qinghe waved her hand, causing Gui Shen's lifeless body to soar out from under the lotus pond and land on the lake before sinking deep into the bottom of the lake.

"He should rest in this place." Lan Qinghe spoke softly.

Jin Huian was surprised and looked at Lan Qinghe curiously.

"She is a true god." Master Bai said through a voice transmission. He then told Jin Huian about the five realms beyond the God Emperor Realm.

Jin Huian lost her composure for the first time upon listening to Master Bai's narration. The way she looked at Lan Qinghe changed dramatically.

"This is Senior Lan Qinghe." Yun Lintian introduced her to everyone.

"Junior Lin Xinyao greets Senior Lan." Lin Xinyao bowed her head and said politely.

"You have grown up. Not bad." Lan Qinghe said softly. "However, it's not good to grow up in a greenhouse. I will prepare a sparring partner for you."

"Thank you, senior." Lin Xinyao didn't understand why Lan Qinghe suddenly cared about her. They didn't know each other beforehand.

"Junior Yun Qianxue pays her respects to Senior Lan." Yun Qianxue cupped her fists and said calmly.

"As for you," Lan Qinghe turned to look at Yun Qianxue. "You are her successor. I assume that you are already aware of what you should do."

"Yes." Yun Qianxue replied. "I'll have to trouble Senior Lan to find an opponent for me."

"No problem. There are a few idle god emperors on my side. They are enough for you for the time being." Lan Qinghe responded.

"Many thanks." Yun Qianxue said politely.

Yun Lintian looked at the two with doubt. For some reason, he felt that they knew each other before... Perhaps it was because Yun Qianxue practiced the Chaos Goddess Sutra?

Lan Qinghe sent a sound transmission to Xiao Ju, who was dispersing everyone at the foot of the mountain and instructed her to bring some female god emperors along.

"How is the situation?" Yun Lintian looked at Yun Qianxue and asked.

"Those ancient beasts have emerged once again. They are more violent this time." Yun Qianxue said with a serious expression. "Grandma Yue said that some Devil God Emperors have crossed over and driven these beasts out of the valley."

Yun Lintian furrowed his brows tightly. He suddenly remembered what Nie Lou had said earlier. He noted that Yun Yi was being chased by some Devil God Emperors. Now he understood why.

"How did they cross over this time?" Yun Lintian said in doubt.

"Someone opened the path for them." Lin Xinyao answered. "Without a doubt, it was the Heavenly Desolate God Emperor."

Yun Lintian's face turned cold upon hearing this. Although he knew how insidious Ren Yuan was, he didn't expect him to open the house to the enemy like this. Millions of innocent people would be implicated.

"That bastard." Master Bai's eyes filled with murderous intent. The scene where millions of people were being slaughtered by the enemy back then was still vivid in his mind.

"Let's check the situation first." Yun Lintian said and summoned another gate that led to the Moon God Realm.

Lan Qinghe glanced at the gate and approached, attempting to pass through it. However, there seemed to be an invisible barrier preventing her from leaving.

Yun Lintian was slightly surprised. He thought the Gate of Beyond Heaven would be an exception for her. It turned out that she couldn't leave.

"What is this restriction?" Yun Lintian couldn't help but ask. What kind of restriction could confine a true god like her to a place?

Lan Qinghe was a bit disappointed that she couldn't leave. She spoke softly. "You must come back soon. It's pointless for you to go out with your current strength. It is obviously a trap for you. Don't be foolish like Yun Tian."

"I'll be right back." Yun Lintian nodded and walked through the gate.

Lan Qinghe stopped Lin Xinyao and Yun Qianxue. "Come with me."

Lin Xinyao and Yun Qianxue exchanged a brief glance before swiftly following Lan Qinghe out.

Watching Lan Qinghe leave, Jin Huian said. "The legend is actually true. Immortality does exist."

"I was shocked as well." Master Bai spoke. "There are more than forty god emperors on her side. Do you want to take a look?"

Jin Huian was surprised once again. "Let's go. I want to see what the abode of immortals looks like."

As she finished her sentence, she quickly left with Master Bai.

Yun Lintian appeared on the Divine Moon Peak and saw Ning Yue and Yue Hua standing there.

"You're back, Big Brother Yun." Ning Yue was delighted to see Yun Lintian and hopped over.

Yun Lintian patted her head and said. "I will take you to a place shortly. Go call everyone over."

"Really?" Ning Yue's eyes lit up. She quickly dashed away in a flash.

"Looks like you have encountered someone from beyond our realm." Yue Hua said calmly. Her cloudy eyes seemed to see through everything.

"Yes. She is a genuine true god." Yun Lintian didn't hide anything. "I want to bring everyone to her place. The environment over there is much better than this place. Do you want to meet her, Senior?"

"Yes." Yue Hua responded. "I have something to talk to her."

Chapter 1723 Divine Moon

"Venerable Xiao, may I know what the Saintess wants from us?" At the foot of Orchid Mountain, Xian An curiously asked Xiao Ju.

Earlier, Xiao Ju descended from the mountain and woke everyone up. Xian An thought that this year's preaching had come to an end, but Xiao Ju surprisingly told her and Jin Long to stay behind.

Jin Long glanced expressionlessly at Xian An. Since Saintess Orchid wanted both of them to stay behind, it would be impolite to ask this question.

Xiao Ju looked at Xian An and said calmly. "Follow me."

Xian An and Jin Long were stunned. Orchid Mountain was the most sacred land in the world, and no one had ever climbed it. They didn't expect Saintess Orchid to allow them to go up.

When they regained their senses, Xiao Ju had already walked away. Xian An and Jin Long quickly followed her closely.

On the other hand, Yun Lintian assembled all the individuals from the Azure World and transported them to the Land of Beyond Heaven before leading them to Orchid Mountain.

"This place... Incredible." Yun Lingwei looked at the enchanting fairyland in front of her with a hint of astonishment.

The scenery in the Land of Beyond Heaven was already heavenly, but it paled in comparison to the breathtaking beauty of Orchid Mountain.

Yang Chen and the others were stunned by the scene. They couldn't help but subconsciously circulate their energy, attempting to absorb the divine energy in their surroundings.

"It is several times more abundant than the Moon God Realm." Yue Chuntao was amazed. She didn't expect there to be such a heaven-defying place beneath the Death Sea.

On the side, Yue Qi turned to look at Yue Hua, waiting for her decision. If possible, he would like to bring the other Moon Guardians along.

Yue Hua looked at Lan Qinghe and said calmly. "I sincerely appreciate your generosity."

Lan Qinghe beckoned Yue Hua to sit down and then turned to look at another maidservant beside her. "Take them to the back of the mountain."

"Yes, Master." The maidservant spoke and led Yun Lingwei and the others away.

At this moment, Xiao Ju arrived at the pavilion and bowed deeply. "I have brought them here, Master."

Xian An and Jin Long were shocked when they saw Yun Lintian here. Especially Xian An. She was dissatisfied with Yun Lintian previously for not showing respect to Saintess Orchid, but it seemed that she had completely misunderstood him.

"We pay our respects to the Saintess." Jin Long and Xian An quickly bowed their heads.

Lan Qinghe looked at them and said. "I want you to become sparring partners for him and his people during this period. You can tell me directly if you don't want to."

Xian An and Jin Long were even more stunned upon hearing this.

Jin Long quickly calmed down and said. "This junior obeys the Saintess' order."

"This junior as well." Xian An hurriedly echoed.

"Very good." Lan Qinghe said calmly and turned to Yun Lintian. "Go ahead."

Yun Lintian cupped his fists. "Many thanks."

Yun Lintian walked towards Jin Long and Xian An before speaking. "I'll have to bother two seniors during this period."

Jin Long took a deep look at Yun Lintian and nodded slightly.

"What about me?" Xian An asked. "You don't want us to spar with you at the same time, do you?"

Yun Lintian shook his head and said. "No. There are my people at the back of the mountain. Please come with me."

Jin Long and Xian An had no objections and followed Yun Lintian to the back of the mountain.

After Yun Lintian's group left, Lan Qinghe asked Xiao Ju to pour two cups of tea for Yue Hua and herself.

"How did you acquire your power?" Lan Qinghe took a sip of tea and asked. "The Moon Divination originated from the Primordial Moon God. The rumor says that when she died in the Primordial War, her body broke into five pieces and disappeared into the river of time. From what I know, two of them have been discovered so far... You are the third one."

Yue Hua calmly savored the tea and replied. "When I was born, my mother happened to be outside, and there was no one around her. In order to bring me into this world, she gave her all and was prepared to sacrifice her life."

"It happened to be a full moon on that day. When my mother was on the verge of losing her life, she suddenly witnessed a meteor plummeting from the moon towards her. Before she knew it, she had already found herself in the house. Someone had rescued both of us in time."

"My mother thought it was a hallucination, but deep down, she knew it wasn't. When I turned one year old, my mother noticed that my body emitted a faint glow under the moonlight. At that moment, she realized there was something mysterious about the meteor she saw."

"When I was five years old, I started experiencing visions of a future event."

"Was it the current Moon God Realm?" Lan Qinghe asked.

"Yes." Yue Hua replied calmly. "Later, I followed the future vision I had seen and established the Divine Moon Sect."

Lan Qinghe went silent for a moment and asked. "Where did the Moon Princess come from?"

A strange light flashed in Yue Hua's eyes as she spoke. "A mysterious woman brought them over and told me I would know what to do... In my vision, I had to sacrifice one of them to make their power complete."

Lan Qinghe took a sip of tea and said. "I feel bad for him."

Yue Hua was naturally aware of who the "him" in Lan Qinghe's words referred to. She said calmly. "Everything happens for a reason. We cannot change it."

"Tell me. What do you want?" Lan Qinghe asked softly.

Yue Hua replied. "I would like to leave my people in Senior's care. They are implicated by me."

"I can promise you." Lan Qinghe responded gently.

Yue Hua bowed her head deeply. "Please accept my deepest gratitude."

Lan Qinghe waved her hand to help Yue Hua up and said. "Since I am already involved in this matter, it is my duty to do something."

She let out a sigh and said. "Maybe he could actually do it."

Yue Hua took a deep breath and said with a serious expression. "I believe he will."

Chapter 1724 Training

BOOM!

At the back of the mountain, Yun Lintian was sent flying and crashed heavily onto the ground. Blood spurted from his mouth, and he had multiple wounds on his body.

Jin Long retracted his hand and said. "You have no clue about your own power. All you did was blindly exert your power and hope it could blast your opponent."

Yun Lintian got up from the ground and recalled his previous battle with Jin Long. He discovered that Jin Long hadn't even used one-tenth of his strength. However, it was more than enough to subdue him.

"A dragon bloodline holder like us possesses an overwhelmingly dominant power in both physique and soul. Instead of using one of them at a time, you should learn how to utilize them together." Jin Long said further.

He raised his fist and struck forward. Immediately, Yun Lintian felt a terrifying pressure as the space around him began to compress. At the same time, Yun Lintian could feel an oppressive power pressing down on his soul.

Jin Long retracted his fist and said. "Try it again."

Yun Lintian took a deep breath, and the pressure around him disappeared. He clenched his fist, channeling his divine energy, and threw a punch. He also didn't forget to infuse his soul power into it.

Roar—

A lightning dragon shot out of Yun Lintian's fist and rushed towards Jin Long with its mouth wide open.

"Not enough." Jin Long shook his head, causing the lightning dragon to shatter halfway through. "Try to find a balance between them."

Yun Lintian frowned slightly. He closed his eyes and felt the power within his body. In the past, he would often exert his power without much thought as long as he believed it was sufficient to handle the enemy.

However, Jin Long's method was different. He had absolute control over his power. Whether he wanted to overpower his opponent from the left, right, or in their soul, Jin Long could do so effortlessly and flawlessly.

Yun Lintian opened his eyes and threw another punch. This time, the lightning dragon possessed sufficient soul, elemental, and divine power. It caused the surrounding space to distort under immense pressure.

Jin Long was slightly surprised. He didn't expect Yun Lintian to find the balance so soon.

He immediately threw a punch at the oncoming lightning dragon, clashing with it head-on.

BOOM!

A deafening explosion occurred, causing the surrounding protective barrier to shake violently.

When the dust settled, Jin Long was completely unharmed, while Yun Lintian fell to the ground once again.

"Do you see it?" Jin Long asked. "When you find the balance and control in your attack, you will be able to produce twice as much power as the usual amount. Make this your habit, and you will gain an advantage over your opponent."

Yun Lintian got up from the ground and cupped his fists. "Many thanks, Senior. I have learned a lot."

"This is just the beginning." Jin Long said. "I'll give you an hour, and then we can start again."

"No need. We can continue." Yun Lintian said as a green light flashed around his body. His wounds and fatigue immediately disappeared.

Jin Long was surprised. He had never seen anyone who could recover in an instant like this... What kind of power was that?

"Very well. Come." Jin Long said calmly.

Yun Lintian took a deep breath and resumed his attack on Jin Long.

While Jin Long and Yun Lintian were sparring, Lin Xinyao, Yun Qianxue, Han Bingling, and the other women were also engaged in combat with Xian An.

Bang!

Xian An waved her hand and sent Lin Xinyao and the others flying in one fell swoop.

She looked at them and said mercilessly. "Did all of you live in a cave all this time? "You have definitely never fought anyone in your life."

Yun Qianxue stood up from the ground, her eyes turning cold. A deep blue light suddenly flashed, causing the space around Xian An to freeze.

Xian An glanced at it and flicked her finger slightly. With a loud bang, the icy space shattered abruptly, causing Yun Qianxue to cough up blood.

"Your power is somewhat unique, but you have no idea how to use it properly... Now I can see why the Saintess wanted us to teach you." Xian An said calmly. Although she held a disdainful opinion of these women deep inside, she didn't have the courage to display it too much.

"Are you alright?" Lin Xinyao asked with concern as she helped Yun Qianxue to her feet.

"I'm fine." Yun Qianxue said calmly. "We are too weak."

Lin Xinyao smiled faintly. "We do. But it doesn't mean we will never become stronger."

She turned to Xian An, and her aura suddenly changed. Her body emitted a purple glow as Lin Xinyao thrust her palm forward.

Xian An raised her eyebrows slightly upon discovering a unique power in Lin Xinyao's attack. It was a combination of spatial elements, water elements, and moon energy.

At the same time, Xian An realized that all of these women possessed the ability to manipulate multiple elements. It was a rare sight.

"I see." Xian An muttered and flicked her finger at the oncoming attack.

Bang!

Lin Xinyao's attack collapsed halfway through.

However, Xian An suddenly sensed something from behind. A streak of purple light shot out from a spatial rift and rushed towards her.

"Cheap trick." Xian An curled her lips, and her aura exploded.

Boom!

Lin Xinyao and the others were immediately sent flying before crashing to the ground from the impact.

"That's all you've got?" Xian An looked down at them. "You can use your weapons if you need them. I don't mind."

"This is not a spar anymore." Ning Yue, who was watching from the sidelines, said angrily. Xian An was clearly attempting to humiliate Lin Xinyao and the others.

"But she is indeed strong." Yue Chuntao spoke calmly. "They will benefit from it."

Ning Yue pursed her lips, looking at Xian An with dissatisfaction.

"What? Are you dissatisfied with me?" Xian An glanced at Ning Yue. "Why don't you come too?"

"Hmph!" Ning Yue stomped her foot, causing her aura to surge.

All of a sudden, the orchids on the mountain swayed, emitting a powerful aura.

"What...?" Xian An's expression changed dramatically. She felt as though she was surrounded by countless god emperors.

In the pavilion, Lan Qinghe's hand paused midair as she turned to look in Ning Yue's direction. "The World Tree?"

Chapter 1725 New Disciple

Everyone at the scene looked at the glowing orchids in astonishment. They could feel the terrifying pressure in the air, crushing their very souls.

Ning Yue was dumbfounded. She had no idea what was happening at the moment. She simply wanted to unleash her divine power, but the orchids inexplicably responded.

Buzz—

All of a sudden, multiple streaks of green light shot into the sky, causing a stir across the entire world. The clouds scattered, and the wind blew. A moment later, all the green beams combined into one pillar of light and descended towards Xian An.

"Not good." Jin Long and Yun Lintian exclaimed in unison. The two of them activated their movement techniques and rushed towards Xian An.

Xian An's face turned pale. Her eyes widened in shock as she stared at the approaching green beam.

"Retract your power!" Yue Chuntao quickly said to Ning Yue.

"I-I can't control it!" Ning Yue panicked. She had already stopped circulating her divine energy, but the green beam continued to move.

Yue Chuntao's heart sank. She didn't care about Xian An's life or death, but it would not be good to kill someone here. After all, she didn't know if Lan Qinghe would hold Ning Yue responsible.

Just as Yue Chuntao was about to unleash her power, Lan Qinghe suddenly appeared and waved her hand. The pillar of green light immediately disappeared without a trace, and the orchids returned to their original calm state.

Everyone breathed a sigh of relief upon seeing this scene.

Xian An didn't even notice that her entire body was drenched in cold sweat at that moment. The fear she hadn't felt for countless years still lingered in her heart.

She was certain that she wouldn't survive such an attack.

"Thank you for saving my life, Saintess." She bowed deeply to Lan Qinghe.

"Stand down." Lan Qinghe spoke.

With a flash, she appeared in front of Ning Yue and placed her finger on the latter's forehead.

"It's really the World Tree... How did it appear here?" Lan Qinghe muttered under her breath. A hint of confusion appeared in her eyes.

Yun Lintian arrived beside Ning Yue and asked with concern. "Are you alright?"

"I-I am fine, Big Brother Yun." Ning Yue stammered. Her face was as pale as a white sheet.

Yun Lintian felt relieved. He turned to Lan Qinghe and asked. "What happened?"

Lan Qinghe retracted her finger and asked Ning Yue. "Do you know what is inside your body?"

"I-I don't know." Ning Yue shook her head quickly.

Lan Qinghe turned to Yun Lintian and asked. "How did you two meet?"

Yun Lintian knew that Lan Qinghe must know something about the sprout inside Ning Yue's body. He quickly told her about Ning Yue's experience and how they met.

Lan Qinghe went silent for a moment and then suddenly burst into laughter.

Everyone looked at her in a daze, unsure of what she was laughing at. Especially Xian An and Jin Long. This was the first time they heard Saintess Orchid laugh.

"I see... I see." Lan Qinghe talked to herself.

She calmed down and attentively looked at Ning Yue. "I want to accept you as my disciple. Are you willing?"

Everyone was shocked when she spoke. Who was Lan Qinghe? This was a genuine True God!

Ning Yue was dumbfounded. Her mind went blank as she hadn't expected to hear this.

Yun Lintian frowned slightly and asked. "Why?"

"She and I are destined. Our meeting here is not a coincidence." Lan Qinghe answered vaguely.

At that moment, Yue Hua approached and glanced at Ning Yue. "If you want to help him, you should accept it."

Ning Yue regained her composure and instinctively glanced at Yun Lintian, seeking his opinion.

Yun Lintian furrowed his brow. He couldn't understand why Lan Qinghe wanted to accept Ning Yue as her disciple, but he believed it shouldn't be bad.

He looked at Ning Yue and said. "Just follow your heart. No one can force you if you don't want to."

Ning Yue bit her lip and lowered her head, deep in contemplation.

"What is she doing? This is obviously a fate-changing opportunity." Xian An muttered. Her eyes were filled with envy as she gazed at Ning Yue.

Meanwhile, Jin Long looked at Yun Lintian and Ning Yue with a pensive expression. He was curious about their backgrounds.

A moment later, Ning Yue raised her head to look at Lan Qinghe before dropping to one knee. "Disciple Ning Yue pays respect to her master."

"Very good. You are my second disciple. I will take you to visit your senior sister when we have a chance in the future." Lan Qinghe said softly and helped Ning Yue up.

"Congratulations, Master. You have accepted a good disciple." Xiao Ju and the other maidservants nearby said in unison.

Yun Lintian stared at Lan Qinghe and said. "Although I know I am a weakling in front of you, I will definitely hold you accountable if you dare to harm her."

Xian An looked at Yun Lintian as if he were an idiot. "Has he gone insane?"

"Don't worry. She is my disciple. How could I mistreat her?" Lan Qinghe wasn't angry and did take Yun Lintian's words seriously.

Yun Lintian nodded gently and turned to Lin Xinyao and the others. "Let's take a rest first."

"Roar!" A ferocious roar shook the entire sky of the Heavenhold Realm. Several ancient creatures could be seen flying everywhere.

On the land below, numerous cities and towns lay in ruins, reduced to piles of debris, with human bodies scattered all over the place. It was a scene of tragic devastation.

Inside the Heavenhold Sacred Hall, Tian Xue bowed her head and spoke. "Report to the elders. All of the major cities have fallen now. Everyone is running to our place. I'm afraid we cannot accommodate all of them. What should we do?"

Tian Jia frowned deeply and said. "Close the border."

"No." Tian Hualing quickly interjected. "We must help all of them."

"Help them? How?" Tian Jia glared at her. "Do you see those beasts? We don't even know if we can block them. What's the point of taking those people in at this critical moment?"

Tian Hualing looked at Tian Jia and said solemnly. "If the Sect Master were here, she would never allow you to do it."

Tian Jia pursed her lips and remained silent.

In the past decade, Tian Yuhan had never stepped out of the secret room, and no one knew her condition was...

Chapter 1726 Heavenhold Crisis

Tian Hualing ignored Tian Jia and spoke to Tian Xue. "Tell everyone to prepare themselves. We will be opening the barrier soon."

"Understood." Tian Xue responded promptly and swiftly left the hall.

Tian Jia frowned in dissatisfaction but didn't pursue this matter further. "What about the Rain God Realm?"

"We cannot contact them. I suppose they are currently facing a similar situation." Tian Hualing said solemnly.

Hearing this, Tian Jia glanced at the secret passage behind the throne and shook her head.

Since Yun Lintian left, Tian Yuhan entered the secret room and never came out again. There was also a strange barrier blocking everyone from entering the place. It had been like this for more than ten years now.

Furthermore, the sealing barrier of Heavenhold Realm had also disappeared. If it weren't for the protection of the Shrouding Sky God Emperor, this place would have turned into ruins a long time ago.

It wasn't until a month ago that the protective barrier inexplicably disappeared, allowing these ancient beasts to invade this place.

At first, the invaders were only a group of low-level beasts, and Tian Hualing was able to eradicate them. Unfortunately, as time passed, an increasing number of formidable ancient beasts arrived, causing the Heavenhold Realm to deteriorate into its current state.

Roar!

All of a sudden, a deafening roar reverberated from above, causing Tian Hualing and Tian Jia's expressions to change drastically.

Immediately, they rushed out and looked up at the sky.

At this moment, more than ten ancient beasts at the peak Divine Sovereign level could be seen in the sky. A black mass thronged beneath them. In fact, they were entirely surrounded by a black horde.

Each one of these beasts exuded a terrifying aura that caused everyone in the Heavenhold Sect to tremble involuntarily.

Suddenly, a young man dressed in black emerged from the group of beasts and scanned the crowd before finally fixing his gaze on Tian Hualing and Tian Jia, the two strongest individuals present.

"Who among you is the realm king?" The young man asked. "Oh. I was rude. Let me introduce myself first. My name is Wu Jun."

"As long as you bring your people to surrender to me and vow to serve me faithfully, I will stop immediately."

"Peak Divine Emperor." Tian Hualing spoke through a sound transmission.

Tian Jia's heart sank. Both Tian Hualing and she were only at the second level of the Divine Emperor Realm. It was impossible to fight against this man.

Tian Hualing looked at Wu Jun and said. "You should instruct your people to cease their actions first, and then we will talk this out."

Wu Jun curled his lips and said. "Don't you find it ridiculous to say this? I didn't come to negotiate with you."

His aura gradually emanated from his body as he spoke, enveloping the entire Heavenhold Sect.

Tian Hualing's face turned solemn as she spoke. "If that's the case, why are you speaking in the first place?"

Buzz—

Suddenly, a terrifying blue barrier appeared around the Heavenhold Sect's territory, and those low-level beasts were instantly pushed away.

Wu Jun didn't seem to care about the barrier. He stared at Tian Hualing and said. "You are not the realm king. Where is she?"

Before coming here, Wu Jun received information about the Heavenhold Pearl. The only one who could control the pearl was the current realm king. Wu Jun wanted to find her, make her submit to him, and control this ancient artifact.

Tian Hualing ignored him and turned to look at the other elders. "Lead everyone to the safe place."

"Yes." The elders responded and left quickly.

Wu Jun frowned slightly and pointed his finger towards the blue barrier. An immeasurable amount of dark divine energy was released into the air through the tip of his finger all at once.

BOOM!!

The entire barrier shook violently, but it managed to withstand Wu Jun's blow.

"Interesting..." Wu Jun curled his lips as he saw this scene. "How about this?"

He clenched his fist and threw a powerful punch, unleashing a devilish might that was several times stronger than the last.

BOOOOOM!! CRACK!

An earth-shattering explosion occurred, causing the barrier that had previously withstood Wu Jun's attack to instantly crack, on the verge of shattering.

Tian Hualing and Tian Jia's expressions changed dramatically. Wu Jun was obviously the peak Divine Emperor. He shouldn't be able to break the ultimate barrier that even a god emperor would find hard to deal with... But the scene in front of them spoke for itself. The barrier definitely couldn't withstand another blow.

Both of them drew their weapons and gathered their powers, preparing to fight.

"Ho. It's quite tough." Wu Jun was surprised to see that the barrier managed to survive.

He opened his hand, and a long black sword appeared. He swung his sword downward and uttered. "Break."

Under the formidable power of the peak Divine Emperor, the barrier that was on the verge of breaking appeared incredibly fragile and feeble. With a loud bang, the barrier cracked open and shattered into pieces.

Countless practitioners below were terrified by the scene.

"RUN!" Tian Hualing shouted and rushed towards Wu Jun with Tian Jia.

The practitioners regained their senses and fled as fast as they could.

Wu Jun ignored the two and glanced at the people who were running. He beckoned to the ancient beasts around him. "Kill them."

"Roar!" The ancient beasts were delighted and rushed towards the group of practitioners in the distance.

Tian Hualing's expression changed. She swung her sword at the group of beasts, attempting to block them.

"Didn't you come for me? Why did you change your mind?" Wu Jun said with a smile and swung his sword at Tian Hualing.

The space before him was torn open as a black arc rushed towards Tian Hualing.

Seeing this scene, Tian Jia gritted her teeth and unleashed all her strength to intercept the attack.

BANG!!

Tian Jia was sent flying by the impact and crashed heavily to the ground. Blood gushed out of her mouth like a fountain. Her internal organs were damaged.

With a single blow, Tian Jia was rendered powerless instantly!

Tian Hualing turned around and saw the black sword appear in front of her. She instinctively blocked it with her sword, but it was too late.

BOOM!

Blood splashed in the air as a long cutting wound appeared on Tian Hualing's chest. Her figure fell from the sky like a fallen leaf...

Chapter 1727 Struggle

Bang!

Tian Hualing crashed heavily to the ground. Her entire body was drenched in blood, and her face was colorless.

"Hualing!" Tian Jia exclaimed in shock. She struggled to get up from the ground, but the injury on her body was too severe.

Wu Jun raised his sword and licked the bloodstain from its blade. "Not bad. The taste is better than I thought."

"Arghh!" Wails and screams could be heard everywhere as many disciples of Heavenhold Sect were being slaughtered by the ancient beasts.

"Cough!" Tian Hualing coughed up blood. Her limbs twitched as she attempted to move her body. She no longer felt pain as her mind was consumed with worries.

As the great elder, her duty was to protect everyone. However, she ultimately failed to fulfill her job duties. It was unacceptable.

"Why are you still struggling?" Wu Jun looked at Tian Hualing with a smile. "Why don't you tell me where your sect master is?"

"Ugh!" Tian Hualing coughed up another mouthful of blood as she slowly rose to her feet. Blood gushed out from the wound on her chest, resembling a leaking water bucket, but she appeared indifferent to it.

Her eyes were firmly fixated on Wu Jun as her divine energy slowly gathered.

Wu Jun raised his eyebrow slightly. "So tough?"

Tian Jia had also risen from the ground and approached Tian Hualing's side, utilizing her divine energy to stop the bleeding on Tian Hualing's wound.

"Let's go." Tian Hualing uttered. "We cannot let them continue."

Tian Jia's face turned grim, but her eyes were filled with determination. "Let's do it."

Immediately, their auras burst forth, causing all the ancient beasts in the scene to halt their movement.

Wu Jun frowned slightly. He could see that the two of them were planning to detonate themselves.

"Do you think I will let you do it?" Wu Jun sneered and raised his left hand, making a grasping gesture towards Tian Jia and Tian Hualing.

Instantly, a pitch-black light flashed across the space, forming a black dome around Tian Jia and Tian Hualing.

The two women immediately groaned in pain as their entire beings were suppressed, rendering them unable to harness their divine energy.

"What...?" Tian Jia uttered in confusion. She had never encountered this kind of absolute suppression before. Even though Wu Jun was the peak Divine Emperor, it didn't mean he could completely suppress her and Tian Hualing like this.

"Stop your futile struggle." Wu Jun was unhurriedly killing them. "Since you don't want to tell me, I can only let you listen to the music for a while. Perhaps you will change your mind later... Hehe."

"Bastard..." Tian Jia uttered angrily. The music in Wu Jun's words was none other than the screams and wails of the disciples of the Heavenhold Sect.

"Ugh!" Tian Hualing tried her best to overcome the suppression, but her efforts were futile. On the contrary, it worsened her injury to the point where a pool of blood was formed beneath her.

Wu Jun ignored them and turned to look at the sacred hall behind the two. A moment later, he raised the black sword high in the air before slashing it down towards the building.

Countless streaks of black light fell, shooting towards the sacred hall like inky meteors. They easily pierced through the Heavenhold Sacred Hall, which had stood proudly in cold silence since ancient times, and demolished it swiftly, reducing it to a pile of rubble.

Tian Hualing and Tian Jia's expressions turned pale and ghastly upon witnessing this scene. Their bodies shook violently as they struggled to break free from the suppression.

"How is it? It's beautiful, right?" Wu Jun chuckled.

"Hmm?" Suddenly, he noticed something strange beneath the debris. Wu Jun waved his hand to blow the pile of rubble away and discovered a secret passage on the ground.

"Oh? It turned out she had been hiding here all this time." Wu Jun sneered. He took a step forward and arrived in front of the passage.

Wu Jun looked into the passage and saw a strange blue barrier preventing him from seeing further.

Immediately, he pointed the black sword at the barrier and uttered. "Break it for me."

A thick black light shot out from the tip of the sword and collided with the barrier. With a loud bang, the entire space shook violently, causing fleeing people in the distance to stumble and fall.

"Eh?" Wu Jun was slightly surprised when he discovered the barrier was completely unharmed.

He frowned slightly and launched another attack, but the result was the same. He couldn't even leave a trace on the barrier.

Tian Jia and Tian Hualing were relieved to see this scene. At least their sect master was safe.

Wu Jun frowned slightly and extended his hand, pulling Tian Jia and Tian Hualing towards him.

He looked at them and said coldly. "Open it."

Tian Jia smiled disdainfully. "Aren't you powerful?"

Wu Jun's face darkened. He reached out to grab Tian Jia's neck and exerted his strength, causing her to suffocate.

However, there wasn't a hint of fear in Tian Jia's eyes. On the contrary, she mockingly stared at Wu Jun.

"Do you want to die that much?" Wu Jun said with a sinister smile. "Don't worry. I will make sure that you do not die easily."

He looked Tian Jia up and down and said. "You are still a virgin. It would be a pity for you to die like this... Let's see. I will let you experience a pleasure between a woman and a man... Well, I mean between a woman and a beast."

Tian Jia's face turned ghastly pale upon hearing this.

Wu Jun laughed and continued speaking. "You see. Those beasts haven't had any females for countless years. I am sure that they will be happy to have a virgin like you."

Tian Jia struggled hard, trying to kill herself, but her divine strength was completely sealed.

Wu Jun turned to look at Tian Hualing and said. "Do you want to tell me now?"

Tian Hualing stared coldly at Wu Jun and said. "You won't live long."

Wu Jun's expression turned cold. It was simply a waste of time talking to these two as they were so determined to die.

He frowned slightly and waved his hand, hurling Tian Jia towards the barrier.

Surprisingly, Tian Jia's body passed through the barrier and disappeared into it.

Wu Jun's eyes brightened when he saw this. He grabbed Tian Hualing and walked toward the barrier.

BOOOM!

Chapter 1728 Heavenhold (1)

As soon as Wu Jun touched the barrier, a powerful force abruptly burst out from inside, blasting him and Tian Hualing away.

Tian Hualing spun several times in the air before crashing to the ground. However, she didn't care about her injury as she struggled to look at the barrier.

The aura earlier was so familiar to her... It was obviously Tian Yuhan's aura!

Wu Jun managed to stabilize himself in the air and looked at the barrier with caution. The aura wasn't inferior to his in the slightest... But how could that be possible?

He clearly remembered that the Heavenhold Realm King was only at the early level of the Divine Emperor at most. How did she become so powerful in just a few years?

Rumble—

All of a sudden, a brilliant blue light shot out of the passage and soared into the sky, accompanied by a terrifying surge of pressure.

All the ancient beasts in the Heavenhold Realm stopped their movements and raised their heads to gaze at the turbulent sky. Their hearts trembled for an unknown reason. Their instincts told them to run as soon as possible.

Wu Jun stared at the sky with a deep frown. Before he could move, another blue light suddenly shot from the barrier towards him.

Wu Jun's expression changed drastically as he hurriedly brought the sword forward, blocking the oncoming blue beam.

BOOM!

Wu Jun was instantly sent flying hundreds of kilometers. His arm shook uncontrollably, and his eyes widened in shock.

"A God Emperor's power!?" Wu Jun uttered in disbelief.

At this moment, the barrier inside the passage vanished, and two figures slowly walked out. The first one was Tian Jia, who had been thrown into the barrier earlier, and the other was the Heavenhold Realm King, Tian Yuhan!

However, Tian Yuhan's temperament had changed entirely compared to a decade ago. She became more feminine and charming. There was also a mysterious aura surrounding her. It was as if she didn't belong in this world.

"Sect Master..." Tian Hualing was delighted.

Tian Yuhan looked at Tian Hualing and waved her hand. Immediately, the wounds on Tian Hualing's body were sealed and no longer bleeding.

Tian Jia stepped forward and helped Tian Hualing up from the ground.

"We are saved. Our sect master has successfully become a God Emperor." Tian Jia spoke excitedly.

"What?" Tian Hualing was stunned and looked blankly at Tian Yuhan. Her brain was incapable of comprehending the situation... What was going on here?

In the past, they were already happy to have a divine emperor in the sect. But now, there was actually a god emperor here... Wouldn't this mean that their Heavenhold Realm would become a god realm?

"Help everyone first. Leave the rest to me." Tian Yuhan said calmly.

She swept her gaze over the ancient beasts in the scene and raised her hand. Immediately, her divine energy surged from her body, unleashing a bone-chilling wind that swept in every direction.

"Roar!" All the nearby ancient beasts let out roars and hurriedly ran away as fast as they could.

However, before they could move, the cold wind had already caught up to them and turned them into ice statues one after another.

BANG!

Instantly, the ice figures shattered into countless ice particles. This similar scene happened across the Heavenhold Realm.

Wu Jun, who had survived Tian Yuhan's attack, looked at the scene in horror. The strength Tian Yuhan had displayed earlier reminded him once again that she was a genuine god emperor.

Tian Yuhan's gaze locked onto Wu Jun, causing him to shudder. The arrogance he previously showed was no longer there.

Without hesitation, Wu Jun activated his forbidden technique in an attempt to escape.

Tian Yuhan took a step forward, and a god emperor's power exploded. In a flash, she appeared before Wu Jun and thrust her palm forward.

Great shock instantly seized Wu Jun's heart as he hastily brought his sword forward, attempting to replicate the same trick.

BOOM! CRACK!

A loud cracking sound echoed as the black sword in Wu Jun's hand shattered into pieces under Tian Yuhan's attack. It was unbelievable that a divine artifact was destroyed by her bare hand.

Wu Jun coughed up blood directly from the impact. He tilted his head to look at the sky and screamed. "Master, help me!"

Buzz—

All of a sudden, the sky shook as a devilish might fell down.

Tian Yuhan was enveloped by a soul-penetrating killing intent, but her expression remained calm and composed.

She raised her head to gaze at the sky and unleashed her aura.

BOOM!

The two most powerful auras collided in midair, creating a divine explosion.

Tian Hualing and the others were blown away directly by the impact. Fortunately, no one died as a result of it.

At this moment, a seductive woman emerged from the clouds. Her figure was enchanting, easily captivating men and causing them to lose themselves.

She looked down at Tian Yuhan and said with a seductive smile. "I didn't expect to see a god emperor in this small place... How interesting."

Tian Yuhan remained silent and continued to stare at the newcomer.

The woman, Guan Wen, scrutinized Tian Yuhan from head to toe and said. "Your power is very strange. It doesn't look like you have achieved it on your own."

She paused briefly and then continued speaking. "Once upon a time, there was a formidable figure known as the Heaven Sealing God Emperor. This person's strength wasn't strong, but the artifact in her hand was... If I remember correctly, that artifact was called the Heaven Sealing Pearl."

"When she died, the Heaven Sealing Pearl had completely vanished, and no one could find a trace of it. There were many rumors, such as it being destroyed by her enemy or her changing its appearance and hiding it somewhere."

"Well... The latter one seems possible to me."

Wu Jun was enlightened upon hearing this. He stared at Tian Yuhan and said. "The Heavenhold Pearl... It must be the Heaven Sealing Pearl."

Tian Yuhan took a deep look at Guan Wen and said. "You came at the right time."

Guan Wen raised her eyebrows slightly. "Why? Are you going to use me as a sparring partner?"

Tian Yuhan didn't say anything but opened her palm. Suddenly, a blue orb materialized in the air.

Rumble—

The Heavenhold Realm abruptly shook, and a powerful barrier immediately spread across the entire space.

Guan Wen's expression changed slightly as she looked up at the barrier.

"Let's begin." Tian Yuhan said calmly.

Chapter 1729 Heavenhold (2)

Guan Wen's eyes narrowed slightly. She had encountered many formidable opponents, but the current Tian Yuhan was veiled in layers of mystery, rendering her unable to discern his true power.

In her opinion, the Heavenhold Orb in Tian Yuhan's hand was undoubtedly the Heaven Sealing Pearl, and Tian Yuhan had somehow inherited the power of the pearl. It was the reason she was able to become a god emperor in a short amount of time.

However, the appearance of Tian Yuhan made Guan Wen realize something. Originally, it would have been extremely difficult to give birth to a new god emperor due to the laws of the Divine Realm. It was obvious that the laws had changed.

A strange light glittered in her eyes as Guan Wen spoke. "Let me see how powerful the ancient inheritance is."

A terrifying devilish aura erupted from Guan Wen's body, distorting all space and devouring all light within the Heavenhold Realm. Within a split second, the entire world plunged into darkness, terrifying every living being.

"Retreat." Tian Yuhan said and stepped forward. The brilliant blue light of the Heavenhold Orb shone even brighter. It appeared as a radiant candle in a gloomy world.

Tian Jia and Tian Hualing quickly retreated and led all the disciples away. None of them were qualified to participate in this battle.

"Are you ready?" Guan Wen said with a playful smile.

She pointed her finger at Tian Yuhan, and a ring of dark energy appeared between her fingers. The immense power of the high-level God Emperor suddenly enveloped Tian Yuhan.

However, all that Tian Yuhan had to offer was calmness. She raised the orb gently, and several streaks of blue light burst forth, rushing towards Guan Wen from all directions.

"Heh." Guan Wen sneered. She flicked her finger lightly, causing the ring of dark energy to suddenly explode outward, colliding with the approaching blue rays.

BOOM—

It took an instant to turn the most sacred land of the Heavenhold Realm into ruins. All the buildings and mountains collapsed one after another due to the impact.

Even Wu Jun couldn't resist it and had to constantly retreat as far as he could. The battle between two god emperors wasn't something that a peak Divine Emperor like him was qualified to join in.

"Not bad." Guan Wen curled her lips. "But it isn't enough to defeat me."

A dark gleam suddenly flashed across Guan Wen's eyes, and a storm of darkness immediately swept across the entire space.

Tian Yuhan quickly unleashed her power in response, summoning a gigantic blue dome that enveloped the territory of the Heavenhold Sect. This dome effectively prevented the storm from exploding outward.

Bang!

The barrier shook violently as the storm struck. It managed to withstand the terrifying force in the end.

Seeing this scene, Guan Wen opened her palm and made a grasping gesture.

Immediately, two devilish claws appeared and grabbed Tian Yuhan.

Tian Yuhan didn't seem to react, but a blue barrier suddenly appeared around her, blocking the claws.

Boom!

The devilish claws ruthlessly struck the barrier but were unable to break through it.

Guan Wen didn't waste her time. Her aura surged, and a pitch-black skeletal claw appeared in the sky, descending upon Tian Yuhuan.

BOOOM—

The skeletal claw hit the barrier above Tian Yuhuan's head, causing a massive explosion. Columns of darkness shot all the way to the sky, and the ground was transformed into a giant pit of hell.

Amidst the darkness, a blue light suddenly shot out of the giant pit, soaring towards the sky and exploding like a massive firework.

The skeletal claw was instantly shredded into pieces and disappeared completely.

At this moment, Tian Yuhuan could be seen standing unharmed at the center of the pit.

"Oh?" Guan Wen was surprised to see that Tian Yuhuan was safe and sound. "As expected from the ancient inheritance. This barrier looks more powerful than the renowned Shrouding Sky Barrier."

Guan Wen opened her hand, and a long black whip appeared. It looked more like a giant black python than a whip.

Without hesitation, Guan Wen swung the whip towards Tian Yuhuan, leaving a long, tearing streak in its path.

Tian Yuhuan infused more divine energy into the Heavenhold Orb, causing the blue barrier around her to instantly thicken, ready to withstand the ferocious whip.

BOOM—

An explosion as dark as purgatory detonated, causing the barrier to tremble violently, on the brink of shattering.

Guan Wen continued to strike the barrier, creating a crack with each whip.

Boom! Boom!! BOOM!!

The barrier managed to withstand and repair itself every time the whip landed. No matter how fast Guan Wen moved, she was unable to break through the barrier, which annoyed her.

"That's all you can do? Keep defending?" Guan Wen said with displeasure, but her hand never stopped moving.

Tian Yuhan remained silent and focused on protecting herself.

"Fine!" Guan Wen's patience reached its limit. The dark aura around her suddenly exploded as she swung the whip at Tian Yuhan, creating a black scar in space that stretched hundreds of kilometers long.

It was as if she had carved a deep abyss of darkness into the world.

The heavens and the earth split apart under the might of the whip, and the once intact blue dome that enclosed the battlefield was shattered. The dark storm quickly swept through, engulfing the entire territory of the Heavenhold Sect in all directions.

Seeing this scene, Tian Jia, Tian Hualing, and the other elders unleashed everything they had to create a barrier in order to protect everyone.

However, just as the dark storm was about to reach the barrier, a familiar blue dome suddenly appeared in the air once again, preventing the storm from advancing any further.

Guan Wen frowned deeply. She wasn't afraid of engaging her opponent head-on, but it was a different story when her opponent continuously blocked her attacks one after another like this.

"That damn power." Guan Wen uttered in dissatisfaction. She had never seen a defensive power created by an artifact as powerful as this one. It was an exaggeration at this point.

As the dark storm faded slightly, Tian Yuhan could be seen standing unharmed within the protective blue barrier.

She raised her head to look at Guan Wen and said. "It's my turn."

Her voice was plain, but it sent a chill down Guan Wen's spine.

Suddenly, the Heavenhold Orb in Tian Yuhan's hand shone even brighter, instantly dispelling all the surrounding darkness.

"Seal."

Rumble—

Chapter 1730 Heavenhold (3)

The entire Heavenhold Realm was instantly transformed into a world of dazzling blue light, overwhelming everyone's vision.

Guan Wen swiftly conjured a dark barrier around herself while observing the situation cautiously.

Swoosh! BANG!

All of a sudden, a beam of blue light shot out from the void and struck Guan Wen's barrier.

Guan Wen was momentarily startled because she couldn't sense it in time. When she noticed it again, the blue ray had already hit her barrier.

Swoosh! Swoosh! Swoosh!

The next moment, an increasing number of blue rays of light emerged from the void and struck Guan Wen's barrier, causing her to tremble.

Guan Wen knew that being passive in this situation was not good for her. She quickly swung the whip around, deflecting the incoming rays.

However, as time passed, too many blue rays were coming, and it became impossible for Guan Wen to block all of them.

At the same time, Guan Wen discovered she couldn't tear through the space and leave this place. It was as if every possible retreat route had been sealed.

BOOM!

A blue ray shattered Guan Wen's defensive barrier and struck her back, sending her flying.

Guan Wen groaned slightly, and her eyes flashed with a murderous intent. Her power exploded as she swung the whip towards Tian Yuhan. This time, the attack was several times more powerful than the previous one.

Tian Yuhan was as calm as ever. She simply reinforced the barrier and took the blow directly.

BANG!

A long crack appeared in the barrier, but that was all Guan Wen could do. Before she could make another move, the barrier had already repaired itself.

"Damn it. That's enough!" Guan Wen cursed under her breath. Her seductive expression was no longer visible and had been replaced by ferocity.

All of a sudden, the dark aura around her swirled up, and her body began to distort. Guan Wen transformed into a gigantic black harpy with wings spanning over a hundred kilometers.

"Die!" Guan Wen uttered coldly.

Countless pitch-black feathers appeared in the air and rushed towards Tian Yuhan and everyone within the Heavenhold Sect's territory.

Tian Jia and the others went pale upon seeing this scene. They could feel that death was near.

Tian Yuhan furrowed her brows slightly, and her aura exploded even stronger.

The Heavenhold Orb in her hand started spinning, releasing numerous streaks of blue light that eventually formed into a massive blue barrier spanning across the sky.

Bang! Bang! Bang!

The black feathers smashed into the barrier, and a few of them successfully penetrated it. Fortunately, they landed in locations where no one was present.

Tian Yuhan released the orb, allowing it to hover in the air at chest level. She then raised her hands to block both sides of the orb and started spinning it.

As the orb spun faster, the barrier grew stronger and stronger, to the point where the feathers shattered upon contact with it.

"Go." Tian Yuhan uttered in a low voice, and the barrier suddenly shrank in a flash, transforming into a blue orb in the sky.

The next moment, a thick blue beam shot out of the orb, rushing towards Guan Wen.

Guan Wen's expression changed slightly. She opened her mouth, and a horrifying black beam shot out.

BOOM—

The two beams collided midair, causing the entire Heavenhold Realm to tremble. Countless spatial rifts could be seen everywhere, and the space above the sky was torn apart.

Guan Wen knew that her opportunity had arrived. She didn't hesitate to activate a forbidden technique and vanished into the rift.

"Hehe... We will meet again." Guan Wen's voice reverberated through the sky, but her figure was nowhere to be seen.

Wu Jun was shocked and hastily cast the forbidden technique.

However, before he could make a move, another blue beam had already descended upon him.

His eyes widened in terror, and he screamed. "NO!"

BOOM!

Wu Jun was instantly engulfed by the blue beam and turned into nothingness directly, leaving behind a massive crater on the ground.

Tian Yuhan gazed at the sky for a moment before reaching out to grasp the Heavenhold Orb. Immediately, a blue barrier appeared around the Heavenhold Realm, preventing anyone from entering or leaving.

"Is it over now?" Many survivors stared blankly at the sky.

"It's over. We are saved." Someone in the crowd said.

"Mom... Wake up!" Miserable cries soon replaced the temporary silence, and everyone began to gaze at the devastating scene.

Their friends, families... everything was gone.

"I'm sorry I couldn't come out faster." Tian Yuhan's voice reverberated throughout the entire world. "To provide compensation for everyone, the Heavenhold Sect will now be open to anyone who wishes to improve their strength."

"We will rise again."

Everyone fell to the ground and started sobbing. Some of them might blame Tian Yuhan in their hearts, but most people understood the situation. The enemy was formidable, and it wasn't easy for her. It was already good enough that they could still survive.

Tian Yuhan's aura gradually calmed down as she put the orb away.

"Sect Master." Tian Hualing and the others dragged their weary bodies over and saluted Tian Yuhan.

Tian Yuhan looked at them and said apologetically. "I'm sorry, everyone."

"What are you saying, Sect Master? Without you, we wouldn't be standing here." Tian Jia said, and the other elders echoed.

Tian Yuhan swept her gaze over the lifeless bodies scattered around the place and said with a heavy expression. "Give them a proper funeral. If their families are still alive, we will compensate them as much as possible."

"Yes." The elders and disciples responded in unison before dispersing.

"Master, your strength...?" Tian Hualing looked at Tian Yuhan with doubt.

"You have heard it." Tian Yuhan didn't hide anything. "The Heavenhold Orb is, in fact, the artifact of the Heaven Sealing God Emperor. Our Heavenhold Realm originated from her."

"That's great!" Tian Jia said with a hint of excitement. "We will soon become a god realm."

Tian Yuhan shook her head and said. "It's not that simple... My power is temporary."

Tian Jia and Tian Hualing were stunned.

Tian Yuhan further stated. "I am not the best candidate to inherit the legacy of the Heaven Sealing God Emperor. It was because the orb sensed the impending danger that it selected me. I could barely utilize its true power."
