

## **Myth Beyond 1741**

### Chapter 1741 The Reemergence of Red Moon (1)

Hongyue arrived at the Rain God Realm in the Eastern Divine Region and secretly concealed herself within the void. She had visited the Heavenhold Realm on the way here and discovered that the barrier was up, which meant they were safe for the time being.

In the starry sky outside the Rain God Realm, Yu Wuying stood proudly, holding the Rainmaker Sword in her hand. Her expression remained calm even though she was surrounded by enemies.

In the distance, the Violet Thunder God Emperor and a middle-aged man in black stared at her coldly. Apparently, the battle had just started.

Zi Wei glanced at the middle-aged man and said. "Don't forget that we have made an agreement. You must hand her over to me."

The middle-aged man, Li Ke, didn't even look at Zi Wei as he spoke. "You should worry about defeating her first. From what I see, you do not have such an ability."

Zi Wei was angry but didn't show it on his face. He turned to Yu Wuying and asked. "Are you not worried about Kong Hui and Jian Taiyu? Both of them will definitely die today."

Yu Wuying remained expressionless as she replied. "If you want to come, just come. Why is there so much nonsense?"

Zi Wei's face darkened, and violent sparks of thunder appeared around his body. As much as he didn't want to admit it, he was indeed no match for Yu Wuying if they were to engage in a direct confrontation. It was why he had to cooperate with Li Ke, who was supposed to be an enemy of the Divine Realm.

However, it didn't matter much to him. Zi Wei had betrayed his master, the Beyond Heaven King, before. Why should he care about colluding with an enemy?

As long as he could eliminate Yun Lintian and the people who stood on his side, everything would be in Zi Wei's hands. He could write anything in history, and people wouldn't know the truth.

Rumble—

All of a sudden, several lightning bolts shot out of the void above Yu Wuying. The power inside each of them was capable of destroying any ordinary Divine Emperor.

Yu Wuying shook her wrist gently, and torrents of rain immediately poured down from the depths of the starry sky, sweeping the thunderbolts away completely.

At that moment, Li Ke raised his hand and released a shapeless, odorless, and colorless poison towards Yu Wuying.

Yu Wuying frowned slightly when she noticed this. She couldn't perceive anything approaching her through her spiritual sense.

In the void, Hongyue's expression turned solemn as she witnessed this. Although the poison Li Ke released was invisible, she could sense its terrifying might through intuition.

However, she refrained from showing up. In her opinion, there must be someone lurking in this place besides her. She must find this person first before taking any action.

Yu Wuying's aura surged as she swung the Rainmaker Sword forward. The torrents of rain intensified, creating a chaotic atmosphere as it rushed towards Li Ke.

Li Ke didn't seem to care about it. He thrust his palm forward, unleashing a terrifying surge of dark energy.

BOOM—

The two great powers collided and exploded. They entirely canceled each other.

Zi Wei seized this opportunity to raise his trident, causing violent sparks of thunder to fill the entire space, enveloping Yu Wuying.

A sense of crisis arose in Yu Wuying's heart. It wasn't coming from Zi Wei's attack but rather from Li Ke's previous strange movement.

Yu Wuying turned solemn as she brought her sword to the front, and her aura exploded.

Instantly, the raging thunder sparks around her body froze before shattering into pieces.

"It's useless." Li Ke smiled faintly.

Suddenly, Yu Wuying's pupils shrank as she sensed something invading her body. The skin on her arm glowed a sinister black, appearing horrifying.

Yu Wuying's body started shaking uncontrollably as a soul-piercing coldness gradually invaded her arm, spreading up to her shoulder. Obviously, she had been poisoned!

Any god-emperor would have natural protection on their body, capable of nullifying poison. However, the poison that Li Ke had released somehow managed to break through the protection and enter her body. Yu Wuying had never encountered it before.

Without hesitation, Yu Wuying raised her sword and severed her left arm from her shoulder. She quickly used her icy powers to freeze the wound and stop the bleeding.

At the same time, she unleashed her aura, preventing the surrounding poison from entering her body again.

lightsNovel com Li Ke nodded approvingly. "Decisive enough. It's no wonder you have achieved such a great height at such a young age... Are you sure you don't want to submit to our king?"

Meanwhile, Zi Wei was excited when he saw this scene. Yu Wuying's strength would certainly drop significantly after losing an arm. The chance of defeating her had now become higher.

Yu Wuying raised her head to look at Li Ke and pointed her sword towards him.

Buzz—

All of a sudden, the entire space was filled with a torrential rainstorm that completely obstructed everyone's view.

"She has activated her domain." Zi Wei spoke in a deep voice. His face was filled with vigilance as he tightly gripped the trident.

On the side, Li Ke was exceptionally calm. Although Yu Wuying's domain was exceptionally powerful, it still did not make him take her seriously.

He raised his hand, and a peculiar black talisman appeared between his fingers. His dark energy surged as he spoke. "Break."

The talisman suddenly emitted a sinister black glow and expanded before shattering in the midst of the rainstorm.

Immediately, the raging rainstorm began to slow down, allowing everyone to see a clear view of their surroundings once more.

In that instant, Yu Wuying had already arrived in front of Li Ke and swung her sword down towards his head.

Li Ke's eyes narrowed slightly. His hand suddenly transformed into a demonic claw as he threw a punch forward.

BANG!

The two energies clashed loudly against one another. The impact was so shrill that space distorted violently. Then, the darkness from Li Ke's demonic claw quickly devoured Yu Wuying's aura and flung her into the distance.

"Die!"

Zi Wei had been waiting for this moment for a long time and naturally didn't want to miss it. He appeared above Yu Wuying and blasted her with the trident surrounded by terrifying violet lightning.

BOOM—

Chapter 1742 The Reemergence of Red Moon (2)

As Zi Wei's trident shot downward, a halo of violet lightning instantly spread five hundred kilometers away. It was evident how much energy he put into this attack.

Yu Wuying reacted swiftly as she spun in the air and swung her sword upward, surrounded by torrential rain. Her aura surged violently, transforming the entire area into a region of rainstorms.

Thunder and rain collided, creating a massive explosion in space.

The impact sent Zi Wei and Yu Wuying flying in opposite directions.

Zi Wei was furious that he couldn't defeat Yu Wuying with this strike but was helpless to change the situation. He managed to stabilize himself in midair and looked at Yu Wuying.

The impact was much greater on Yu Wuying's side. She spun several times in the air before stabilizing herself.

However, the moment she stopped moving, a sense of imminent danger emerged in her heart.

In that instant, a silver knife emerged from the void behind her and hurtled towards her heart.

Yu Wuying instinctively activated her movement technique to evade the sneak attack. Unfortunately, the distance was too close. She could only avoid the vital point.

Puff!

The silver knife pierced her back and struck her ribcage, causing blood to gush out.

"This is for making me lose one of my favorite faces." A cold female voice resounded as a figure appeared behind Yu Wuying. This person was none other than the Thousand Faces God Emperor!

Yu Wuying unleashed her power once more and broke free from Qian Guimo, retreating several kilometers away. Her face was pale as a white sheet, devoid of its usual luster. Her aura weakened visibly, and her vitality gradually left her body.

"Cough!" Yu Wuying spat out a mouthful of blood. She used her power to seal the wound, but it wasn't enough to suppress it.

Qian Guimo savored the taste of the bloodstain on his knife with pleasure. He had long wanted to exact revenge on her and finally achieved it.

Zi Wei didn't expect Qian Guimo to appear at this moment, but he no longer cared about it. At least Yu Wuying was now severely injured.

Without hesitation, his aura surged as he charged towards Yu Wuying like a thunderbolt.

Yu Wuying tightened her grip on the Rainmaker Sword, her eyes becoming firm as she watched Zi Wei rushing over. She didn't know if she would survive the day, but she had to personally kill Zi Wei before she left.

Qian Guimo could see the firm determination on Yu Wuying's face and chose to step aside. Obviously, Zi Wei was going to suffer soon.

At this moment, Zi Wei suddenly felt a chill running down his spine. He happened to notice Yu Wuying's expression and screamed in his heart... Not good!

However, he charged forward with full momentum, making it difficult for him to stop midway. His slight hesitation weakened his speed, allowing Yu Wuying to launch her attack.

Yu Wuying stepped forward and swung her sword at Zi Wei. Her aura surged violently, causing the already raging rainstorm to become even more intense.

Her entire body was enveloped in torrential water, giving her the appearance of a rain goddess who had descended to the mortal world.

The Rainmaker cut through the space and arrived at Zi Wei's head. It was extremely fast and precise to the point where Zi Wei couldn't defend against it properly.

Zi Wei's expression changed drastically as he hurriedly thrust the trident towards the oncoming sword. His aura erupted, giving birth to a field of lightning.

"Just die already!" Zi Wei roared and thrust the trident forward with all his strength.

BOOM—

The two god emperor artifacts clashed with each other, causing the entire region to shake violently as if the world was about to come to an end.

Zi Wei was instantly enveloped in the raging rainstorm and was hurled into the great distance. His arms were contorted in exaggerated shapes, while his entire body was drenched in blood.

A long cutting wound could be seen on his chest. Yu Wuying's strike was so sharp and powerful that his armor was unable to protect him.

"Master!" Zi Yunlei rushed to Zi Wei's side and quickly infused his power into the latter's body to alleviate the injury. He heaved a sigh of relief when he saw Zi Wei still breathing.

"Take me... away. Cough! Cough!" Zi Wei weakly uttered while coughing up blood nonstop.

Hearing this, Zi Yunlei quickly jumped onto their profound ark with Zi Wei in his arms and swiftly drove away.

Hongyue frowned slightly as she watched Zi Wei run away. However, she didn't have time to care about it because her priority was to save Yu Wuying's life.

Yu Wuying was sent flying a great distance. Her entire body was devoid of divine power, and burning wounds could be seen all over the place.

The rainstorm gradually subsided as Yu Wuying descended slowly, like a falling leaf. Her vision became hazy as she gazed into the vastness of the starry sky.

"Master... This disciple has failed to avenge you. I hope you can forgive me when we meet later..." Yu Wuying mumbled under her breath as she slowly closed her eyes, resigning herself.

"Haha! You finally have this day. Don't worry. I will use your face well." Qian Guimo laughed happily as he extended his hand and pulled Yu Wuying towards him. He wasn't going to let Yu Wuying die easily.

Li Ke frowned slightly when he saw the scene. Although Yu Wuying was defeated today, she was indeed worthy of being recruited into his camp.

Buzz—

Just as Li Ke was thinking, an image of a blood-red moon suddenly materialized in the starry sky, casting a crimson hue over the surroundings. A terrifying murderous intent filled the space, causing Li Ke and Qian Guimo to shudder involuntarily.

Qian Guimo's expression changed dramatically when he saw this familiar scene. His eyes were filled with incredulity as he uttered. "Impossible! She... She has clearly gone! How could she...?"

Qian Guimo recovered quickly and tried to grab Yu Wuying, but he realized that she had already disappeared from the place.

At this moment, a petite girl dressed in red emerged from the red moon, carrying Yu Wuying in her arms. Her long, red hair danced freely in the air, adding a sense of innocence to her appearance.

However, beneath that innocent appearance was a terrifying murderous aura...

"Yue Hongyue!" Qian Guimo exclaimed in shock.

Chapter 1743 The Clues (1)

Qian Guimo was shocked to the core when he saw the petite girl in red. A trace of fear emerged in his heart as the unforgettable memory flashed through his mind.

The Red Moon Slaughter, Yue Hongyue, was the most fearsome figure in the past. Anyone who heard about her would be afraid and go to great lengths to avoid her. Qian Guimo was no exception.

Hongyue looked down at Qian Guimo and said coldly. "I haven't seen you for a few years, and you have become arrogant. It seems you have forgotten about the past."

"You... You were clearly dead back then. How could you still be alive?" Qian Guimo's voice trembled slightly.

The first thing that came to his mind was to escape from this place as soon as possible. However, he didn't know what kind of trap Hongyue had set up.

The terrible experiences in the past left a shadow in Qian Guimo's heart. Back then, Qian Guimo crossed paths with Hongyue and accidentally offended her. Since then, he would be beaten by her whenever they met, to the point where he didn't dare to leave his house for years.

Even when Hongyue was in dire straits and faced a dead end, Qian Guimo didn't dare to make a move on her. His decision was actually correct, as Hongyue managed to kill a few God Emperors before falling.

It could be said that the only person in the world who could make him afraid was Hongyue.

In the distance, Li Ke stared at Hongyue with a frown. Although he had lived in Devil Valley for hundreds of thousands of years, he still had some knowledge about the Divine Realm's situation. If he remembered correctly, the Red Moon Princess had long fallen under Ren Yuan's hands... What could possibly bring her back from the dead?

Meanwhile, Yu Wuying opened her eyes and looked at Hongyue in astonishment. If she wasn't being held by Hongyue, she wouldn't believe it was real.

"Senior..." Yu Wuying wanted to ask something but was interrupted by Hongyue.

"We will talk later. Suppress your injury first." Hongyue said, and then she let go of Yu Wuying.

Yu Wuying stuffed a few healing pills into her mouth and started to circulate the last remnants of her divine energy.

"I have long heard about the Red Moon Princess's prestige. It wasn't exaggerated in the least bit." Li Ke said calmly.

Hongyue glanced at him and sneered. "How dare a filthy beast like you talk to me?"

Li Ke was about to say something, but his expression changed drastically. He quickly unleashed his power as a beam of red light streaked towards him through the space.

BOOM—

The red light collided with the black barrier that Li Ke had created and exploded. The impact immediately sent Li Ke flying a great distance.

Qian Guimo's body trembled involuntarily. The small trace of doubt in his heart had now completely vanished. The woman in front of him was definitely the true Red Moon Slaughter!

His figure immediately transformed into a shadow and vanished into the void.

"Where are you going?" Hongyue revealed an evil smile when she saw the scene.

Instantly, the enormous red moon behind her shone brightly, transforming the entire area into a world bathed in a blood-red hue.

Qian Guimo's figure immediately appeared several kilometers away. His face fell as he quickly unleashed his power to the fullest, increasing his speed.

"Get back here," Hongyue uttered as she raised her hand and made a grasping gesture.

A heavy and stifling pressure instantly filled the air. Qian Guimo could feel the space around him constricting, causing his speed to slow down.

A sense of impending danger gripped his heart. He knew that he would be screwed if he didn't leave right now.

Qian Guimo's aura surged as he thrust the silver knife into the empty space before him.

Bang!

Instead of tearing the space open, Qian Guimo felt like he had just stabbed a steel wall. His arm went numb directly as the silver knife shook uncontrollably from the impact.

Qian Guimo's soul involuntarily tensed up upon seeing this scene. He realized that he had definitely messed up this time.

Qian Guimo turned around and discovered that several balls of red light had already surrounded him. His heart instantly turned cold.

"I had let you go many times in the past because of his request, but I won't do it again this time." Hongyue smiled coldly, her eyes glowing with a brilliant red light.

The terrifying pressure crushed down upon Qian Guimo, causing him to suffocate.

"NO! You can't kill me if you want to know about Xia Nongyue and Cai Xieren!" Qian Guimo shouted as he desperately resisted the overwhelming power around him.

Hongyue raised her eyebrows slightly upon hearing this.

Seeing Hongyue's reaction, Qian Guimo quickly added. "You can't read my memory. You should know that."

The Thousand Faces God Emperor had his own unique ability. He could transfer his memories to the other "faces" he had created at will. It would be pointless for Hongyue to kill him and read his memories.

Hongyue stared straight into his eyes and spoke mercilessly. "Even if I can't read your memories, I can still torture you until you spill everything out. Do you want to try it?"

Qian Guimo gritted his teeth and said. "You can't use the past to judge me. I am different now. Even if you torture me to death, I will never utter a word. You can only let me go this time, and I will tell you everything."

Qian Guimo was afraid that Hongyue didn't buy it, so he quickly added. "I also have a clue about Goddess Yao Xi. Even Ren Yuan doesn't know about this."

Hongyue stared at Qian Guimo for a while and said. "I'll let you live for a while."

As her voice fell, the balls of light around Qian Guimo transformed into several red threads, completely enveloping his body and immobilizing him.

Qian Guimo tried to get rid of them a few times, but it was futile. It seemed he had no way to escape now.

Hongyue shifted her attention back to Li Ke and asked. "Who is your king?"

Li Ke scanned the surroundings earlier and discovered this was Hongyue's domain. It was impossible for him to leave unless he defeated Hongyue.

He looked at her and said calmly. "My king is not someone you can mention casually."

"Really?" Hongyue curled her lips, and her aura surged...

Chapter 1744 The Clues (2)

Li Ke's expression darkened. He raised his hand, and a few black talismans appeared between his fingers.

With a bang, the talismans shattered into pieces, unleashing a massive surge of dark energy.

"Useless tricks." Hongyue sneered disdainfully when she saw this.

She raised her arm, and a muffled explosion rang out in the red moon behind her. The image of the red moon suddenly swelled up and released explosive energy, causing the entire space to tremble as if millions of universe-destroying storms were rampaging wildly.

Qian Guimo's face turned pale when he saw this scene. The strength Hongyue currently displayed was far greater than in the past. Obviously, she had improved significantly over the years.

Qian Guimo immediately realized how naive he was to think that he had a chance of escaping from her. He couldn't go against her in the past, and the present was no different... What on earth had she done over the years?

Blood-colored divine light exploded violently from Hongyue's body. Her hair rose above her head, becoming even redder. The red sleeve on her right arm was immediately torn to pieces.

When the incomprehensibly dreadful energy wave appeared, Li Ke and Qian Guimo felt as if their bodies were being repeatedly crushed by a colossal hammer. They let out painful groans as they watched the divine light shoot out of Hongyue's hand.

Li Ke's entire body shuddered uncontrollably. His instincts screamed at him, urging him to run as far as he could. However, it was impossible for him to run in this situation.

A black wheel-shaped object appeared in Li Ke's hand as he infused all of his power into it. The wheel abruptly burst into a gloomy black light, transforming into the gigantic silhouette of a man.

The man had no distinctive features, as everything was black. Only his crimson eyes could be seen.

Li Ke knelt down and said. "I am incompetent and willing to accept any punishments. Please help me, my king."

The man glanced at the approaching divine light and raised his hand, pointing his finger towards it.

An oppressive might, so great that it made space tremble, emerged at the tip of the man's finger. In the next moment, a massive beam of black light shot out, hurtling towards the red light.

BOOOOM—

Everything within a radius of tens of thousands of kilometers was shaking violently.

The once blood-red world was now enveloped in an endless expanse of darkness.

When everything settled down, a bright red light emerged from the darkness. It was a barrier that Hongyue had created.

At that moment, Hongyue stood behind the red barrier with Yu Wuying. Her eyes fixated on the black figure in the far distance. From this exchange, she was certain that this person was above the God Emperor Realm.

The black figure stared at Hongyue for a while and then spoke. "Unfortunately, you have only inherited a minuscule portion of the Primordial Moon God. You will never be my opponent. So, give up and join me. I will bring peace to the world as you wish."

Hongyue frowned slightly as she asked. "Shouldn't you introduce yourself first?"

"My king..." Li Ke wanted to remind the man but was interrupted first.

"It's fine. She will know it sooner or later." The man said calmly. "My name is Yao Huang. Similar to you, I am an inheritor of the Primordial Heaven Devouring Devil God."

Hongyue and Yu Wuying were shocked upon hearing this. According to the records, the Primordial Heaven Devouring Devil God was one of the most powerful gods in the Primordial Era. It was said that he could destroy any universe by simply waving his hand.

Who would have thought that the inheritor of such a powerful devil god had been hiding in the Divine Realm all this time?

Hongyue and Yu Wuying immediately understood everything. It was no wonder that those devils from the Great Devil Realm made relentless attempts to breach the protective barrier around Devil Valley. They must know about this.

"Although the Primordial Heaven Devouring Devil God was a devil, he was not someone who derived pleasure from killing and desired to annihilate the world. On the contrary, he was a peace-loving person in nature." The man, Yao Huang, stated.

"However, the situation forced him to make a choice, and the Primordial War was something he couldn't avoid."

Hongyue stared at Yao Huang for a while and said coldly. "A peace-loving person? Don't make me laugh. How many innocent people have your people killed during these days?"

"What is the difference between us?" Yao Huang suddenly asked. "Millions of people have died at your hands in the past."

"Of course. They deserved to die." Hongyue responded.

"Deserved to die?" Yao Huang nodded slightly. "It depends on people's perspectives. To them, you are a bloodthirsty killer, but to you, they are criminals. So, what is right and wrong here?"

Hongyue furrowed her brow tightly. "Don't play a riddle here."

"Our views may differ, but I believe we can discuss this and find a resolution." Yao Huang said. "In the past, the Primordial Moon God and the Primordial Heaven Devouring Devil God were good friends. If possible, I don't want to be your enemy."

Hongyue scoffed. "If that's the case, why don't you hand over the Dark Pearl?"

"I cannot." Yao Huang replied calmly. "No one deserves it."

"See? Everything you said earlier is meaningless." Hongyue pursed her lips.

Yao Huang sighed softly and said. "It's inconvenient to talk here. We will meet again."

As he finished his sentence, his figure transformed into a black mist and wrapped around Li Ke before disappearing without a trace.

Hongyue could only watch as the black mist vanished.

She turned to look at Qian Guimo, whose appearance was extremely miserable and pulled him over.

"Tell me what you know," Hongyue said.

Qian Guimo endured the pain and spoke without fear. "You must let me go first."

Hongyue stared into Qian Guimo's eyes for a moment before releasing him.

"I'll give you one chance. If you cannot convince me, you can die." Hongyue spoke coldly.

On the side, Yu Wuying calmly observed everything. As much as she wanted to kill Qian Guimo, she knew that Hongyue must have her own plan.

Qian Guimo took some healing pills and said. "When Cai Xieren died, her body mysteriously disappeared in front of everyone. It was as if someone had taken her away. I have a record here."

Chapter 1745 The Clues (3)

Hongyue carefully observed Qian Guimo's microexpressions and didn't notice anything suspicious. He appeared to be telling the truth.

"What do you mean by disappearing?" She asked coldly.

"Do you remember that when the four of you escaped to the Primordial God Forsaken Land, Cai Xieren was the first to stay behind and buy you time?" Qian Guimo asked and took out a profound imaginary stone.

Buzz—

A light projection appeared in the air, displaying a scene where a beautiful woman with a skirt in rainbow colors was surrounded by several god emperors.

Hongyue immediately recognized the woman. She was none other than Cai Xieren, the Rainbow God Emperor.

"All of you deserve to die." Cai Xieren looked at everyone and spoke coldly.

"We have no choice. It's either joining them or getting killed." One of the god emperors spoke. "Why don't you give up and join us? You should think about the people behind you."

Cai Xieren glanced at him, and her aura surged, causing the man's expression to change drastically.

"What are you doing? Kill her!" The man shouted, and a few god emperors nearby immediately rushed towards Cai Xieren. Their auras exploded, sealing off all the escape routes.

A long, rainbow-colored ribbon appeared in Cai Xieren's hand. She shook it gently, and the entire space was instantly filled with a brilliant rainbow.

"Be careful!" The Eastern Ocean God Emperor warned when he saw this scene.

All of a sudden, Cai Xieren's entire body glowed brilliantly, and her aura continued to soar as if there were no limits.

"Kill!" Cai Xieren roared.

She waved the ribbon forward, and space itself disintegrated.

The approaching god emperors remained utterly still, but countless blood vessels had popped open in their eyes due to their utter despair.

Qian Guimo and the others stared at the scene in shock. They couldn't understand how Cai Xieren managed to unleash such a fearsome power. It was a power that seemed to transcend human limits, a power that belonged in the domain of the gods.

At the same time, they were inwardly relieved that they didn't charge at her blindly. Otherwise, their fates would be the same as those of the few god emperors on the forefront.

"I will wait for all of you down there..." Amidst the rainbow radiance, Cai Xieren's hoarse voice echoed in everyone's ears, causing them to shudder uncontrollably. It was a voice filled with deep hatred and vengeance.

When the radiance slowly subsided, Cai Xieren's lifeless body could be seen floating in the air and starting to disintegrate.

In that instant, a surge of power appeared out of nowhere. It wrapped around Cai Xieren's body, pulling her into the void and vanishing entirely from everyone's sight.

"What is going on?" The White Night God Emperor asked in confusion.

Everyone glanced at each other in dismay. They had no idea what had just happened.

Meanwhile, Ren Yuan frowned slightly as though he were contemplating something. A moment later, he waved his hand and said. "Chase."

All the god emperors present didn't dare to disobey him and quickly followed the Beyond Heaven King's group into the depths of the empty and desolate space.

The light projection gradually dimmed and disappeared.

Qian Guimo grabbed the imaginary stone and said. "As you can see, it is evident that someone pulled her away.

Hongyue frowned deeply. Everyone in the projection had clearly surrounded Cai Xieren to prevent her from escaping, but to her surprise, this mysterious person managed to snatch Cai Xieren's body right in front of them. It wasn't something that even she or the Beyond Heaven King could do.

Who was that person?

Hongyue was certain that such a scene had happened to her as well. When she lost her life, someone must have taken her away like that.

Qian Guimo noticed the doubts in Hongyue's eyes and became suspicious. It seemed like Hongyue herself had no idea about it.

"Do you have another record about me?" Hongyue asked.

"Of course." When he heard this question, Qian Guimo was sure that Hongyue didn't know what had happened to her.

He took out another imaginary stone and infused it with his divine energy.

Buzz—

Another light projection appeared in the air, but to everyone's surprise, nothing was displayed on it.

Hongyue's face sank as she spoke coldly. "Are you playing tricks on me?"

Qian Guimo hurriedly said. "No. I didn't do anything. This is clearly the stone I recorded. How could it disappear?"

He quickly took out another imaginary stone, and a similar scene occurred. There was nothing displayed on the projection screen.

"How could it be...?" Qian Guimo was confused. These two stones were the records of the deaths of Hongyue, Xia Nongyue, and the Beyond Heaven King. He couldn't understand how it had become empty.

Hongyue stared at Qian Guimo momentarily and believed he wasn't lying about it. She suddenly thought of the mysterious disappearance of her memories. Whoever erased her memory must be the one behind this.

The mysterious woman who brought forth the mythical realms to the Azure World appeared in Hongyue's mind. Although she wasn't sure if they were the same person, there must be a link between them.

Qian Guimo was afraid that Hongyue wouldn't believe it. He quickly said more. "Based on your reaction, you seem to have no idea about anything. Let me explain it to you."

"Unlike Cai Xieren. When you died at the hands of Ren Yuan, your body had completely disintegrated. Not even a soul was left behind. At that time, I thought you had completely gone, but it was obviously not the case."

He paused briefly and then continued speaking. "Later, we chased Yun Tian and Xia Nongyue to the deepest part of the forsaken land."

"Primordial Abyss?" Hongyue interjected.

The Primordial Abyss was known as the most mysterious and dangerous place within the Primordial God Forsaken Land. It was said that no one had ever come out alive once they entered it.

In the past, countless bravadoes entered this place, but only a few of their body parts managed to return.

Hongyue had been to this place once but only stopped at the entrance.

"Yes. It's the Primordial Abyss." Qian Guimo nodded. "At that time, Ren Yuan forced everyone to enter, and later, we managed to catch up with both of them."

"Xia Nongyue sacrificed herself to buy time for Yun Tian, but her body fell into the depths of the abyss afterward."

Chapter 1746 The Clues (4)

"She fell into the abyss...?" Hongyue frowned deeply. How did Xia Nongyue leave her trace behind in the Azure World if that were the case?

"I don't need to lie to you about this one." Qian Guimo responded.

"What about him?" Hongyue asked further.

Yu Wuying also looked at Qian Guimo with anticipation. She wasn't there when the Beyond Heaven King fell and truly wanted to know what happened that day.

Qian Guimo frowned slightly as he spoke. "It was a bit... bizarre. He was at the end of his rope and had nothing left in him when he caught up with him."

"Ren Yuan tried to keep everyone out and took action himself. He used the Heavenly Desolate Orb to restrict Yun Tian's movement and attempted to extract his profound vein and soul."

"However, everyone suddenly noticed that Yun Tian had no profound vein. More precisely, he was just an ordinary mortal, and all his important memories were completely erased."

Hongyue and Yu Wuying were stunned. Especially Hongyue. She was sure that the Beyond Heaven King's profound vein remained intact when they were escaping together. How did he manage to do it?

At the same time, Hongyue was quite sure that the mysterious person who had abducted Cai Xieren and wiped her memory was responsible for this. This person and Yun Tian must work together somehow.

Hongyue tried to recall everything, but she couldn't think of anyone who could possibly be the mysterious person. And since this person was so powerful, why bother going to such great lengths to set up all of this instead of saving Yun Tian?

As long as Yun Tian was still alive, he could make a comeback at any moment. There was no need to find a successor at all.

Hongyue's mind spun rapidly. She felt that she had almost discovered the truth behind everything, but there was a thin layer blocking her.

Qian Guimo further stated. "Ren Yuan wanted to detain him and gradually uncover the truth about the mysterious vanishing of his profound vein. However, Yun Tian somehow managed to free himself from Ren Yuan's restraints and detonated himself."

"How? He didn't have any strength at all." Yu Wuying couldn't help but ask.

Qian Guimo shrugged. "Who knows?... He was still the mighty Beyond Heaven King, after all. Even if he were at the end of the road, he could perform some tricks that no one could comprehend. I guess it was some sort of explosion talisman."

"Ren Yuan stood closest to Yun Tian, but he couldn't even prevent him from exploding. I bet he still hasn't figured it out yet."

"Yun Tian also left behind a message stating that his successor would return to seek revenge. This leads to rumors about his legacy being left behind."

"Later, we discovered the existence of the Azure World. However, with the Dragon Sealing Formation and Yue Hua's intervention, no one dares to enter. Of course, there were some greedy people who weren't afraid of death and tried to sneak in, but they all ended up getting killed."

Qian Guimo paused for a moment and then continued speaking. "What surprised me the most was Ren Yuan's attitude. Since he returned from that trip, he seems to be ignoring everything and staying in his place. Many people urged him to take care of the Azure World, but he remained silent."

"Well, I guess he doesn't want to risk his life against the Dragon Sealing Formation. No matter how powerful he is, I don't think he can go against the deadliest formation that has ever existed.

Listening to Qian Guimo's narration, Hongyue roughly gained a general understanding of the entire situation. Basically, the Beyond Heaven King and the mysterious person collaborated to orchestrate everything for Yun Lintian.

Perhaps Hongyue herself, Cai Xieren, and Xia Nongyue were all part of it, but she couldn't remember much of anything.

At first, Hongyue believed that her memories would return once she reached her peak again, but it didn't seem to be the case... How could she retrieve them?

Qian Guimo observed Hongyue's expression and was convinced that she had no idea about any of this. It was strange coming from one of the closest people to the Beyond Heaven King... What game were they playing?

At this moment, Qian Guimo no longer seemed to have any desire to plunder the inheritance of the Beyond Heaven King. He was rather curious about the mystery behind everything.

Hongyue set everything aside and stared at Qian Guimo with a cold expression. "What else do you have?"

"No more." Qian Guimo spread his arms.

"Do you think I will let you go because of this useless information?" Hongyue's eyes filled with murderous intent.

Qian Guimo shuddered involuntarily, but he forced himself to speak. "This information was considered part of my collection and was useless to begin with. However, when I saw you again, I immediately knew that you would definitely take it."

"Furthermore, there is no deep hatred between us in the first place. You know in your heart that my role in Yun Tian's demise is insignificant compared to Zi Wei, Ren Yuan, and Ling Yongheng. At most, I could be regarded as a betrayer of the Divine Realm."

He took a deep breath and continued speaking. "I also bet on your character. Everyone in the world might regard you as a bloodthirsty killer, but I know that you are not that kind of person. Otherwise, you wouldn't be able to become Yun Tian's confidante, considering how kind he was."

"Oh. Really?" Hongyue revealed an evil smile. Her aura surged as a long red line flashed before Qian Guimo.

Qian Guimo's pupils shrank. He didn't expect Hongyue to make a sudden move.

He hurriedly circulated his power, but it was too late.

Ripp—

Instantly, Qian Guimo's limbs were severed, and he had a deep gash across his chest.

Qian Guimo turned ghastly pale as blood spurted into the air. He felt pain throughout his body, but he managed to suppress the urge to scream.

He glared angrily at Hongyue but didn't dare to say anything.

"I will collect some interests first," Hongyue said coldly. "The next time we meet, it will be your end."

Qian Guimo gritted his teeth and activated his movement technique, vanishing into the void.

Hongyue turned to look at Yu Wuying and said. "Regret?"

Yu Wuying shook her head. "Senior must have your reason for letting him go."

Chapter 1747 Urgent Situation (1)

Hongyue smiled faintly and said. "He cannot die. At least not now. With the severed limbs, it will take him at least a few years to recover. It is enough to keep him off the chessboard for a while."

Yu Wuying hesitated briefly and asked. "Senior, you..."

"You want to know how I am still alive, right?" Hongyue pursed her lips. "To tell you the truth, I have no idea either... However, without Lintian, I would have been truly gone."

Yu Wuying was even more confused.

"There shouldn't be any more idiots coming here again. Take this opportunity to rest, and I'll contact you again." Hongyue spoke. "Something big is about to happen soon. We need everything in this war."

"Understood." Yu Wuying responded with a solemn expression.

The arrival of Yao Huang made her realize that a danger of similar magnitude to the incident with the Primordial God Tribe was likely to occur soon.

"I don't know the situation on Taiyu and Kong Hui." Yu Wuying said worriedly.

"I'll take a look at them," Hongyue said.

Suddenly, Hongyue clutched her chest, and her face contorted in agony.

"Senior..." Yu Wuying's expression changed as she hurriedly stepped forward.

Hongyue raised her hand to stop her and said. "I'm fine. I've expended too much energy on the previous attack. It will be fine after a while."

Hongyue hastily reconstructed her physical body, and her soul had not fully adapted to it yet. In fact, it would take her a decade to fully recover and return to her peak. However, she didn't have that luxurious time.

"Let me go with you, Senior." Yu Wuying said.

"Alright." Hongyue didn't refuse. She summoned the Eclipse Ark and headed towards the Shrouding Sky God Realm.

BOOM! BOOM! BOOM!!

Outside the Mystic God Realm, Shen Huang was engaged in a battle with a frail old man. This person was Lou Ni, one of the ancient god emperors from Devil Valley.

The two of them had exchanged more than a thousand moves, but neither showed any sign of backing down. They were clearly on the same level.

Bang!

Shen Huang threw a punch at Lou Ni's chest, and the latter quickly blocked it. The impact forced Lou Ni to retreat a few kilometers.

Lou Ni steadied himself in the air and gazed at Shen Huang with a subtle smile. "As expected from one of the oldest emperors. Although your vitality has declined significantly, you can still maintain a high level of strength. No wonder. No one has dared to mess with you over the years."

Shen Huang retracted his fist and said. "You should go back before it's too late. Once he learns that his senior sister is in danger, you will have no way to survive."

"Thank you for your concern, but I came here for this purpose. It would be better for the Beyond Heaven King's successor to show up." Lou Ni responded, and a horse whisk appeared in his hand.

Shen Huang stared at Lou Ni for a while and said. "You are clearly being used as a pawn but still chose to come here."

"Being used?" Lou Ni chuckled softly. "Do you really think that those trashes can order us around?"

Shen Huang frowned, and there was a subtle change in his eyes. "Looks like your master has awakened."

Although Shen Huang had never entered the Devil Valley, he had heard a thing or two about the ancient devil god that resided there.

"Correct." Lou Ni didn't hide anything. "It won't be long before my master takes over the Divine Realm. It will be too late for you to surrender at that time."

Shen Huang didn't say anything further. A long red halberd appeared in his hand, filling the entire area with an overwhelming killing intent.

Lou Ni narrowed his eyes as he stared at the halberd. "Killing God Halberd? I didn't expect it to fall into your hands... That's good as well. I can present it to my master later."

Lou Ni shook his wrist, and the whisk in his hand swiftly sliced through the air, aiming directly at Shen Huang's head.

Shen Huang gripped the halberd and swung it upward, creating a long red line in space.

**BOOM!**

The two god emperor's artifacts collided, releasing a terrifying power that shook the space.

Lou Ni and Shen Huang moved simultaneously and continued to launch attacks against each other. Compared to the previous battle, it had become significantly more intense.

Inside the Mystic God Realm, Wu Qingcheng looked nervously at the scene. She devoted herself to training in the past decade, and her strength had already reached the Divine Spirit Realm. Unfortunately, it was clearly not enough to accomplish anything.

When Lou Ni appeared, Wu Qingcheng knew that she didn't have much time left. However, there was nothing she could do. It was already a miracle for her to achieve such heights in just a decade.

"This person is very strong." Shen Feng said solemnly.

"I can go with him." Wu Qingcheng suddenly spoke. "His goal is to be with me."

Her words immediately silenced everyone present.

"Absolutely not." Wu Liwei quickly interjected. "I have already contacted the Moon God Realm. They will definitely come over."

Wu Qingcheng looked at her father and said with a faint smile. "I'm useless. This is the only thing I can do for our realm."

"No, you must stay." Wu Liwei shook his head. He knew that once Wu Qingcheng left, it would mean death for her.

Behind them, Shen Yan and the others, who were unconvinced by Wu Qingcheng being the true successor, exchanged secret glances with each other. To them, it was the best outcome for Wu Qingcheng to die.

Wu Qingcheng could feel it, but she didn't care about them. Originally, she decided to take the position because she wanted to utilize the power of the Mystic God Realm to assist Yun Lintian, but it appeared inadequate at this point.

BOOM!!

At this moment, Shen Huang was compelled to defend against Lou Ni's relentless attacks and was ultimately sent flying. He let out a painful groan and quickly regained his balance.

However, Lou Ni's whisk had already arrived in front of him, and Shen Huang had no time to react.

With a bang, the whisk was ruthlessly smashed into Shen Huang's shoulder, inflicting a deep wound.

"Grandpa!" Wu Qingcheng shouted anxiously upon seeing this scene.

Chapter 1748 Urgent Situation (2)

"I'll go out." Wu Qingcheng said and was about to rush out, but was stopped by Shen Feng.

"He will be fine." Shen Feng said. "You will distract him."

"But..." Wu Qingcheng wanted to refute this, but Shen Feng continued speaking.

"Stay here." Shen Feng said and unleashed his power to restrain Wu Qingcheng.

"I don't want Grandpa to sacrifice himself here." Wu Qingcheng struggled to speak.

Shen Feng ignored her and turned to the first elder. "Activate the barrier."

"Yes." The first elder quickly responded and left.

Shen Feng looked at his father in the distance and fell into silence. Before Shen Huang left, he had instructed him to imprison Wu Qingcheng if she attempted to leave.

At first, Shen Feng didn't think Wu Qingcheng would sacrifice herself for the sake of the Mystic God Realm that had harmed her, but he now believed it.

Shen Huang quickly launched a counterattack with the halberd, but Lou Ni pulled the whisk away and perfectly avoided the attack.

Shen Huang didn't follow up. He glanced briefly at the wound on his shoulder and made a rough calculation in his mind. To defeat Lou Ni, he had to go all out. The problem was that he couldn't sustain his peak state for a prolonged period.

Lou Ni seemed to see through Shen Huang's thoughts and said. "You don't need to try. You will never be my opponent."

Shen Huang raised his head gently and shook the halberd. His eyes were filled with determination as his aura steadily rose.

"If you insist." Lou Ni smiled coldly. Instantly, his aura soared, enveloping the entire space in darkness.

Under Lou Ni's terrifyingly dreadful energy field, a devilish light immediately shone around the whisk. When Lou Ni flicked his hand, a devilish light suddenly traversed through space and arrived in front of Shen Huang.

Shen Huang's aura exploded. An ear-piercing ringing sound echoed from the halberd as he thrust it forward.

RUMBLE—

At this moment, the Mystic God Realm in the far distance and the nearby stars are violently heaved. Some of them were instantly blasted into pieces by the massive explosion.

BANG!

A deafening sound reverberated through the heavens as Shen Huang was forcefully propelled and collided with the nearby asteroids. His entire body was instantly drenched in blood, and his arms were broken.

The Killing God Halberd was also sent flying into the depths of the starry sky. The red light around it appeared dim, on the verge of extinguishing.

"Grandpa!"

"Master!"

"My Lord!"

Upon seeing this scene, everyone in the Shen Clan shouted one after another. Their faces paled as white sheets as they couldn't believe what they saw.

Although Shen Huang's strength wasn't the same over the years, he remained one of the most powerful god emperors. But now, he had been defeated in a single strike!

"Let me go!" Wu Qingcheng struggled hard, trying to break free.

"Let her go, patriarch." The clan elder spoke. "We must not lose our master."

"Father, she brought this disaster. Let her take responsibility for it." Shen Yin spoke.

Shen Yan and Shen Yu didn't say anything, but the looks in their eyes were obvious. They shared the same opinion as Shen Yin's.

Shen Feng swept his gaze over everyone, causing them to shiver. "All of you are still worrying about your own benefits in this situation... My father is right. This Shen Clan has been rotten to the core."

Hearing this, Shen Yin and the other clan elders lowered their heads in silence.

Shen Yu saw that the momentum gradually weakened. He took a deep breath and said. "Once Grandpa falls, the Mystic God Realm will cease to exist. If there is an opportunity to change the situation, we should seize it no matter what."

He looked at Wu Qingcheng and continued speaking. "Besides, she volunteered it herself. We shouldn't stop her good intentions."

"He is right. Let me go." Wu Qingcheng spoke. "I don't want to implicate Grandpa."

Shen Yu smiled inwardly when he saw this. Since Wu Qingcheng wanted to seek death, why should anyone stop her?

"I'll go with you." Wu Liwei spoke.

"We will go too." Little Xia and the others, who came from the Azure World, echoed.

"No, all of you have to stay here and wait for Lintian to take you away." Wu Qingcheng shook her head.

Before Wu Liwei could speak, Shen Feng suddenly interrupted. "None of you are going to leave here."

Shen Feng stared at everyone and continued. "This is my father's will. Whoever disobeys will be killed on the spot."

His entire body exuded a killing intent, causing everyone to shiver uncontrollably.

Shen Yu's face darkened. He glanced at the other elders and said through a sound transmission. "Everyone, help me stop my father. I will take her away."

The clan elders hesitated when they heard this. However, if they didn't send Wu Qingcheng away, they would also perish.

A bunch of cowards!...Shen Yu cursed inwardly when he saw the hesitation on their faces.

On the side, Shen Yan looked at the scene thoughtfully. As much as she wanted Wu Qingcheng to die, she would never reveal herself again. After being taught by Yun Lintian last time, she was afraid that he would come here again and make everyone suffer the consequences.

Hence, the best choice for her was to stay on the side and do nothing.

The clan elders glanced at each other and reached a mutual decision. They raised their heads to look at Shen Feng and said. "Please forgive us, Patriarch."

As they spoke, their aura surged, filling the entire hall.

Shen Feng's face turned cold as he unleashed his aura. "Ungrateful bastards."

The clan elders immediately surrounded Shen Feng and launched their attacks.

Shen Feng had no choice but to assume a defensive stance.

At this moment, Shen Yu seized the opportunity to attack Wu Liwei and the others before reaching Wu Qingcheng's side.

Wu Qingcheng had no way to resist Shen Yu in this situation and was forcibly grabbed by her neck.

lightsnovel Without hesitation, Shen Yu immediately soared into the sky and headed out.

"Stop!" Shen Feng roared, but he could not extricate himself from the suppression.

"Qingcheng!" Wu Liwei shouted and quickly rushed out, followed by Little Xia and the others.

"Stop struggling, patriarch." The clan elder spoke.

Shen Feng stared at them coldly and said. "Even if they let us go, do you think Yun Lintian will let you go?"

Chapter 1749 Urgent Situation (3)

The clan elders glanced at each other but said nothing. They were aware that they had greatly offended Yun Lintian by doing this. Counting how much he cared for Wu Qingcheng, he would definitely seek revenge on them.

"It doesn't matter." Shen Yin said. "He was able to overpower us last time due to the Heavenly Tribulation. I don't believe he can do it again."

"Idiot!" Shen Feng scolded. "I can tell you that he can now kill everyone here. Even if he doesn't come forward himself, there are many god emperors on his side. Do you really think that he won't ask them to take action? How ridiculous!"

Shen Feng was furious. The Shen Clan was widely regarded as the top expert in information gathering. However, they were actually clueless about Yun Lintian's current situation... It seemed the clan was fated to become extinct.

Shen Yin's expression froze, as did the clan elders. They glanced at each other in disbelief.

The latest news they received was that Yun Lintian had reached the first level of the Divine King Realm. No matter how powerful he was, they didn't believe that he could go against the Shen Clan alone.

"I... He..." Shen Yin didn't know what to say at the moment.

He naively thought that Yun Lintian would never ask anyone to come forward for him, just like he had done in the past. That was why he didn't think Yun Lintian could do anything against the Shen Clan.

"Oh. No." The clan elder returned to his senses and looked as Shen Yu dragged Wu Qingcheng away. They wanted to stop it, but it was too late now.

The Mystic God Realm had never experienced such pressure since the Primordial God Tribe. Many of them here were solely focused on survival. They completely lost their composure because of it.

Had they thought harder earlier, they would have realized that Wu Qingcheng was the reason they could still exist to this day. Once they lost her, the Mystic God Realm would become nothing more than an eyesore in Yun Lintian's eyes.

At that time, Yun Lintian didn't need to hold back anymore.

Shen Feng broke free from the restraints and gave them a cold stare. "All of you should pray that nothing will happen to her."

With that, he soared into the sky and chased after Shen Yu.

Shen Huang got back to his feet and spat out a mouthful of blood. His aura was unstable, with a hint of dark energy lingering. Lou Ni's attack not only left a deep wound on his body but also infused him with dark energy, preventing him from recovering.

Shen Huang took a deep breath to suppress the pain and opened his palm, retrieving the halberd.

"You really want to die, don't you?" Lou Ni looked at Shen Huang with a faint smile. "It would be a pity to kill you like this."

The dark aura around him swirled up when he finished his sentence. Lou Ni was ready to launch another attack.

Shen Huang managed to suppress the dark energy within his body and prepared to unleash his trump card.

"Stop!"

Suddenly, Shen Yu flew over with Wu Qingcheng in his grasp. "This is Yun Lintian's senior sister. Take her away and leave."

Shen Huang was startled when he saw this. He immediately became angry. "How dare you?"

Shen Yu hurriedly explained. "This is her intention, Grandpa!"

Wu Qingcheng looked at Shen Huang and said. "I'm sorry, Grandpa. I have implicated you."

"Nonsense! Go back immediately!" Shen Huang shouted angrily and waved his hand, pushing Wu Qingcheng away.

However, Lou Ni immediately intervened and blocked Shen Huang's power.

He said to Shen Huang. "You are really fortunate to have such a lovely granddaughter."

Lou Ni turned to Wu Qingcheng and asked. "But why do you think I will let everyone go?"

Wu Qingcheng broke free from Shen Yu and took a step forward. Blood slowly leaked out of the corner of her mouth as she spoke. "You are much stronger than anyone here, and it wouldn't be a problem for you to defeat everyone. However, it is evident that you are intentionally prolonging things. Without a doubt, you are waiting for my junior brother to show up."

"You can take me away and leave the Mystic God Realm alone. Otherwise, I will kill myself here, and you will have nothing to use as leverage against my junior brother."

Lou Ni's eyes narrowed slightly. He could see that Wu Qingcheng was prepared to die at any moment as long as he made the slightest move.

Lou Ni turned to Shen Huang and said. "You really have a wonderful granddaughter. She is smarter than all of you here."

"Don't you dare to touch her!" Shen Huan said coldly, and his aura surged violently. He was ready to die together with Lou Ni.

Wu Qingcheng looked at him and said with a smile. "I'll be fine, Grandpa. He will not do anything to me. You should go back and take a rest. Let me handle this."

"You!" Shen Huang felt anxious when he saw the determination in Wu Qingcheng's eyes.

"We will go with you." Wu Liwei and the others caught up with Wu Qingcheng.

Wu Qingcheng looked at her father and let out a soft sigh. "Why must you do this?"

"You are my daughter. How could I let you face danger alone?" Wu Liwei said as he arrived at Wu Qingcheng's side.

Little Xia and the others had also stepped forward, surrounding Wu Qingcheng.

Wu Qingcheng didn't stop them anymore and turned to look at Lou Ni. "The choice is yours."

"Interesting..." Lou Ni pursed his lips. Before coming here, he was instructed to capture Wu Qingcheng and leave the Mystic God Realm alone. That was why he didn't really want to kill Shen Huang.

Unexpectedly, Wu Qingcheng could see everything clearly. Lou Ni wondered how Wu Qingcheng could be so confident that he wouldn't do anything to Shen Huang and the Mystic God Realm.

"Very well. Come with me." Lou Ni smiled.

Wu Qingcheng nodded and flew towards Lou Ni, followed by Wu Liwei and the others.

"No!" Shen Huang was unwilling and charged towards Lou Ni.

Lou Ni snorted disdainfully. "You should cherish your granddaughter's efforts."

He swung the whisk at Shen Huang.

"Don't hurt him!" Wu Qingcheng screamed, but it was too late.

Bang!

Shen Huang was immediately sent flying again by the powerful attack.

"Grandpa!" Shen Yu shouted and quickly rushed to help Shen Huang.

Chapter 1750 Dying Wish

Shen Huang spat out a large mouthful of blood. He was too anxious to go up and unable to suppress the dark energy within him. Coupled with the strand of Primal Chaos' power deep within him, Shen Huang was powerless to defend against Lou Ni's attack.

Upon seeing that Shen Huang was still alive, Wu Qingcheng felt relieved. She looked at him and said. "This might be our farewell. Thank you for everything, Grandpa."

As she finished her sentence, she immediately rushed towards Lou Ni without looking back.

"Come back..." Shen Huang struggled to speak as he watched Wu Qingcheng go further. His entire body was flooded with a sense of powerlessness. He ultimately failed to protect his beloved granddaughter.

"This is good for us, Grandpa. You don't have to be sad." Shen Yu comforted him.

"Get out!" Shen Huang pushed him away angrily.

Shen Yu spun a few times in the air and regained his balance. His eyes filled with resentment as he looked at Shen Huang.

Wu Qingcheng's mind was preoccupied with Yun Lintian's image. She had become his burden once when she was imprisoned by the Shen Clan, and she didn't want Yun Lintian to come for her again.

She had already made up her mind to take her own life once she left this place.

Although it's short, I am really happy to become your senior sister. You must live well, Lintian... Wu Qingcheng spoke in her heart as she flew towards Lou Ni.

"Don't worry. We will accompany you." Wu Liwei said softly.

Wu Liwei was fully aware of Wu Qingcheng's intention to die. He blamed himself for being useless. The only thing he could do was accompany his daughter to the netherworld.

Lou Ni glanced at Wu Qingcheng and the others with a faint smile.

Buzz—

All of a sudden, the empty space behind Lou Ni distorted, and a long sword protruded, thrusting towards his heart.

Lou Ni's expression changed dramatically. He quickly fortified himself with dark energy and summoned a black mist to shield against the incoming attack.

BANG! Puff!

The sword penetrated the black mist and pierced through Lou Ni's protection, stabbing him in the back.

At the same time, a powerful aura erupted from within Lou Ni's body, causing his chest to burst open.

The impact immediately sent Lou Ni flying, leaving a long trail of blood behind. A large, fleshy hole could be seen in his chest. His eyes were filled with bewilderment as he couldn't believe someone could conceal themselves to such an extent.

Lou Ni didn't have any time to think about it. He immediately performed the forbidden technique in an attempt to escape. Although he didn't know who this person was, it was clear that he had no ability to fight in his current condition.

Lou Ni was instantly enveloped in a black mist and disappeared into the void.

Just as he was about to retreat completely, a black figure silently appeared in front of him and swung a sword towards his neck.

Lou Ni was shocked. He failed to detect this person's presence once, and there shouldn't be a second time. Yet, he failed again.

Lou Ni had an incredible reaction speed. In that split second, he quickly gathered everything he had to protect his neck.

Bang!

The sword struck Lou Ni's neck. More precisely, it hit a thick layer of black barrier around his neck, and was unable to proceed forward.

At this moment, Lou Ni got a clear look at the face of the person in front of him. He spoke coldly. "It's you!"

The man in front of him was none other than Yun Yi.

A month ago, Yun Yi intervened to prevent the ancient beasts from advancing towards the Moon God Realm and the Mystic God Realm. His identity was soon discovered by everyone in Devil Valley.

Later, he was chased by Mo Tian and the other great devils and vanished from everyone's view.

Lou Ni had never thought that Yun Yi would appear here.

Before Lou Ni could react, Yun Yi swiftly unsheathed another sword, thrusting it toward Lou Ni's abdomen, targeting his Divine Core.

Lou Ni gritted his teeth and unleashed all of his power.

**BOOM!**

An explosive aura burst out from Lou Ni's body, and his figure immediately transformed into a hundred-meter-tall wolf-like creature. There were two long horns on his head, and his tail was unmistakably that of a cobra.

"Damn you!" Lou Ni was furious and slapped Yun Yi. He felt humiliated for being forced to reveal his true form.

Yun Yi's expression turned solemn. He crossed the swords together on his chest, and instantly, black clouds swirled around him. The next moment, he swiftly slashed both swords forward, cleaving open the space before him.

**BOOM!**

The swords collided with Lou Ni's claw, and both sides were forced to retreat several kilometers.

However, Yun Yi recovered faster. In an instant, he had already arrived above Lou Ni's head and made another slashing motion towards him.

Lou Ni opened his mouth and let out a deafening howl.

"AWOOOO!"

The entire space trembled violently. Wu Qingcheng and the others in the distance immediately clutched their heads, groaning in pain.

However, the howl had no effect on Yun Yi. He continued to exert his power in the attack and finally landed a blow on Lou Ni's head.

Puff!

A cross-shaped mark appeared on Lou Ni's head, and blood immediately spurted out like a fountain, accompanied by his agonizing scream.

Yun Yi quickly dodged the black blood and reached Lou Ni's chest, launching another attack.

Puff!

Another cross mark appeared on Lou Ni's chest, exposing his organs.

Yun Yi didn't stop there. He activated his movement technique and arrived behind Lou Ni. The swords in his hands glowed brightly under the black lights as he relentlessly slashed at Lou Ni's back, one after another.

Puff! Puff! Puff!

The sound of flesh being cut echoed throughout the entire space. Every time the sword landed, black blood would gush out.

"Arghhh!" Lou Ni screamed in pain. He attempted to gather his strength but failed repeatedly under Yun Yi's relentless assaults.

"Die!" Yun Yi uttered coldly and exerted all of his strength to behead Lou Ni.

Splash!

A long, deep wound appeared on Lou Ni's neck, and his head was on the verge of falling off.

Yun Yi made a second attempt and finally severed Lou Ni's head completely...
