

Myth Beyond 1801

Chapter 1801 Miscalculation

Facing the immense force from Ren Yuan, Yun Lintian didn't dare to be careless. He directly burned the Black Turtle God's blood origin while controlling the seven swords to form a shield in front of him.

Instantly, a greenish turtle-shelled barrier appeared in front of Yun Lintian, with the seven swords behind it.

BOOM!

The terrifying spear slammed into the turtle-shelled barrier, creating a ground-shaking explosion. The surrounding space violently shook, and countless spatial rifts could be seen everywhere.

Although Yun Lintian managed to block Ren Yuan's attack, his entire body was numb to the point where he couldn't feel anything.

The impact sent him flying a great distance.

At the same time, Qin Juehai was blasted away by Hongyue's attack. The armor on his body was clearly torn to pieces. It could be seen how powerful Hongyue's attack was.

"Black Turtle God's bloodline?" Ren Yuan's eyes narrowed slightly. He regained his balance and launched another attack on Yun Lintian.

This time, Yun Lintian immediately borrowed the crown's power. His aura instantly soared. The Heaven Piercing Sword broke free from Qin Juehai's hand and rushed towards Yun Lintian instantly.

All seven elemental swords suddenly fused together, creating a massive sword that emitted seven different colored lights.

With the Heaven Piercing Sword in one hand and the combined seven swords in the other, Yun Lintian crossed the blades in front of him, and his aura surged violently.

"Cloud Extermination."

Yun Lintian uttered, and a white mist instantly burst out from his body, filling the entire area.

Ren Yuan immediately lost sight of Yun Lintian. Even his spiritual sense couldn't locate him. His attack completely missed the target and collided with a massive asteroid in the far distance with a resounding impact.

Ripp!

All of a sudden, the space behind Ren Yuan ripped open, and Yun Lintian emerged from the void, swinging the swords towards him.

Ren Yuan's expression turned icy. His aura suddenly burst forth, creating a shield around himself.

Bang! Bang! Bang! BOOM!

Yun Lintian continued to slash at the barrier repeatedly. His speed was incredibly high, to the point where his arms turned into shadows.

The next moment, cracks gradually appeared in Ren Yuan's barrier, causing him to frown.

CRACK!

Before Ren Yuan could make a move, the sound emanating from the barrier was unlike any previous world-shaking explosions. It was the unmistakable sound of something breaking, a most dreadful noise.

In that instant, Ren Yuan discovered that the barrier around him suddenly shattered altogether, which should have been impossible.

However, Ren Yuan had no time to think about it, as Yun Lintian had already swung his swords towards him.

A cold glint flashed in Ren Yuan's eyes. Crimson lightning suddenly sparked from within his body and surged toward Yun Lintian.

Yun Lintian's expression changed dramatically when he saw this. "The World Annihilating Heavenly Tribulation?"

That was right. Yun Lintian would never forget this heavenly might that nearly killed him back then. The lightning that Ren Yuan released was obviously the Heavenly Tribulation's lightning.

The Thunder's symbol within Yun Lintian's body lit up in that split second. The purple jewel on the crown also emitted a brilliant purple light, accompanied by sparks of purple lightning.

CRACK!! BOOOM—

The two thunderstorms collided, creating a loud, deafening crack that caused everyone's eardrums to burst.

The world was immediately divided into two sides, crimson, and purple.

Dozens of kilometers of space violently swelled up with Yun Lintian and Ren Yuan at the center, and it looked like it was about to burst.

Ren Yuan's disfigured face turned a shade of black, and his lips, nostrils, eyebrows, and every muscle on his face throbbed.

He made a careful calculation to understand Yun Lintian's fate. Everything followed his scheme almost perfectly. In his plan, Yun Lintian must have fallen into his hands by now.

However, he couldn't understand why the power of the Heavenly Desolate Orb was ineffective against Yun Lintian. Even though Yun Lintian inherited Yun Tian's legacy, they were obviously not the same person.

"Very good, Yun Tian. I have underestimated you." Ren Yuan said with a grimace.

What he despised the most was losing to Yun Tian. He had already taken down Yun Tian, and his successor should be just a small pawn in Ren Yuan's hand. Unexpectedly, Yun Tian was still able to surprise him.

Yun Lintian gritted his teeth as he exerted his strength into the lightning field. Ren Yuan genuinely deserved to be the number one powerhouse in the Divine Realm. Even with the crown, the Thunder, and the Black Turtle God's blood origin, Yun Lintian could barely compete with him.

"Lintian... Cough!" Hongyue wanted to help, but her injury was too severe. She coughed up blood just as she was about to make a move.

"Kill her." Qin Juehai uttered coldly.

Jian Lu unleashed his power and charged at Hongyue once more. The sword in his hand emitted a horrifying red light as he swung it at her.

"Hongyue!" Yun Lintian shouted and swiftly launched one of his elemental swords toward Jian Lu.

At the same time, he directly ignited the White Tiger God's blood origin.

The purple lightning field suddenly intensified, pushing the crimson lightning field back.

The sword flew toward Jian Lu at lightning speed, and its terrifying force could not be underestimated.

Jian Lu had no choice but to force himself to defend it.

BANG!

Jian Lu was knocked back by the impact, which allowed Hongyue to make her move.

A red light suddenly flashed in front of Jian Lu, causing his face to turn ashen.

Puff!

Jian Lu's body was cut in half by the sinister red light. His eyes were still wide with shock as he died.

Qin Juehai's face darkened as he witnessed the scene. Jian Lu was his right-hand man. It was a big loss this time.

Qin Juehai quickly raised his sword, preparing to make a move. Suddenly, he sensed an overpowering aura emanating from the west.

His expression changed subtly. Without hesitation, Qin Juehai transformed into a streak of light and vanished into the void.

Ren Yuan had also sensed the same aura. His eyes flickered slightly as he made a calculation in his head.

A moment later, Ren Yuan stared at Yun Lintian and said. "I will wait for you outside."

Following that, Ren Yuan's figure faded into the void and disappeared entirely.

At the same time, a white streak rushed into the scene. It was none other than the Fleeing Cloud Profound Ark.

Chapter 1802 Mystery

Yun Lintian's body was flooded with a wave of exhaustion. He didn't have time to adjust or familiarize himself with his strength and was forced to fight arguably the strongest person in the Divine Realm.

It was already miraculous that he could withstand Ren Yuan's power up to this point.

Jin Long and Xian An leaped off the profound ark and extended their spiritual senses over the area.

"They run fast enough." Xian An said with a frown.

She arrived at the scene only a second later, but Qin Juehai and Ren Yuan had perfectly escaped her perception. This level of speed was simply unbelievable.

"Are you alright?" Jin Long looked at Yun Lintian and asked.

"I'm fine." Yun Lintian said.

He took a step forward and stood beside Hongyue.

"Let me help you." Yun Lintian grabbed Hongyue's hand and infused his wood energy into her body, as well as Linlin and Qingqing in her arms.

"How long did I sleep?" Yun Lintian asked.

"It's not long," Hongyue replied while carefully observing Yun Lintian. "What happened?"

"It's a long story. We will talk about it later." Yun Lintian spoke and briefly looked around. "Where is Master Bai?"

Hongyue lowered her head slightly and stayed silent.

A sense of unease arose in Yun Lintian's heart. He turned to look at Jin Long and Xian An, waiting for a response.

"He's dead." Xian An said calmly. "He used his own life to take down five Devil God Emperors."

Yun Lintian's body trembled. His face turned pale as he spoke. "How...?"

Jin Long waved his hand and brought Master Bai's lifeless body over. "He made a pact with death, and his soul was taken to the Netherworld. There is a possibility that he is still alive."

Yun Lintian's pupils shrank as he muttered. "Netherworld... God of Death."

"God of Death?" Hongyue was puzzled.

"I have learned about the thirteen Primordial Gods and their successors." Yun Lintian took a deep breath and began to explain.

"The God of Death is known as the Endless Abyssal Devil God by later generations. He is the ruler of the Netherworld. It is very likely that he is still alive."

Hongyue and the others were astonished.

"Yao Huang is the inheritor of the Heaven Devouring Devil God, the God of Darkness. Meanwhile, Ren Yuan is the inheritor of the Heavenly Desolate God, the God of Heaven." Yun Lintian said further.

"There should be more inheritors of the other Primordial Gods that we have not yet discovered in the Primal Chaos, or perhaps there are more in our Divine Realm."

Hongyue, Jin Long, and Xian An exchanged surprised glances. It was unbelievable to think there were inheritors of the Primordial Gods out there.

Yun Lintian withdrew his hand and walked over to Jin Long. He carefully lifted Master Bai's small body and gently froze him with his power.

After learning that there was a chance Master Bai was still alive, the sadness in Yun Lintian's heart immediately disappeared. At the same time, he was determined to visit the Netherworld later.

"The situation here is not good. Yao Huang has released his army to the world. The Divine Realm will soon descend into chaos." Xian An spoke. "My people are currently trying to slow them down."

Yun Lintian raised his eyebrow slightly. His current condition was not suitable for engaging in another battle. Not to mention, many people were watching him in the dark.

"Let's go back first." Yun Lintian spoke.

His words surprised everyone. Hongyue and the others thought that Yun Lintian would immediately join the fight.

"That would be the best." Hongyue felt relieved. She was afraid that Yun Lintian would act impulsively. It seemed that he had changed, learning how to control his kindness.

This made Hongyue even more curious about what happened to Yun Lintian during his state of enlightenment. And where did he learn about the Primordial Gods?

"You can ask your people to return." Yun Lintian spoke with Xian An and Jin Long.

"They will be fine." Jin Long responded.

"Alright." Yun Lintian nodded gently. "Let's go."

He immediately boarded the profound ark, followed by everyone, and set off toward the Moon God Realm.

Ren Yuan returned to his residence and went straight to his secret room. The room was spacious and filled with a variety of scrolls, books, and ancient artifacts.

He rummaged through the pile of books and picked up a sheepskin-bound book with the words "God's Lineage" on the cover.

Ren Yuan quickly flipped through the book. The book's contents mostly focused on the tribes of gods under the rule of the Primordial Gods. If Yun Lintian were here, he would undoubtedly learn a lot from it.

After flipping through the book for a while, Ren Yuan frowned deeply. "There is nothing here... What kind of existence is he?"

According to ancient records, all living beings in the Primal Chaos lived under the rules of the Primordial Gods, and it was impossible for them to escape their powers.

Yun Lintian was such a freak existence that Ren Yuan couldn't comprehend. The Heavenly Desolate Orb could even be used on the other Primordial Gods, but it was utterly ineffective against Yun Lintian.

This was a mystery that Ren Yuan had to solve before taking his next step.

"Yun Tian... What have you done?" Ren Yuan said with a gloomy expression.

Yun Lintian's group finally returned to the Moon God Realm a few days later. Along the way, they encountered some ancient beasts and eliminated all of them.

However, there were too many of them in other places. Yun Lintian couldn't possibly take care of all of them by himself.

He believed that it would require the assistance of all the top powerhouses in the Divine Realm to deal with them, which was nearly impossible to request.

"Welcome back." Yue Hua said as Yun Lintian and the others disembarked from the profound ark.

She looked at Hongyue and said. "I have already prepared everything you need for recovery."

Hongyue snorted coldly and ignored Yue Hua.

"We need your help." Yun Lintian looked at Yue Hua and said.

Yue Hua held the highest prestige among the powerhouses in the Divine Realm. It should be possible to ask them for help when she came forward.

"I can try, but you shouldn't get your hopes up." Yue Hua replied calmly. "The Divine Realm has long lost its unity."

"Thank you." Yun Lintian expressed his gratitude.

He summoned the Gate of Beyond Heaven and continued speaking. "Come with me, everyone. I have something to talk about."

Chapter 1803 Reincarnation

Yun Lintian, Yue Hua, Hongyue, Madam Leisure, Lauya, and Long Qingxuan were gathered in the room.

Yun Lintian looked at Long Qingxuan, and the scene of her poisoning herself and dying appeared in his mind again. He didn't know how many cycles of reincarnation she had experienced, but in this life, she had truly become the most noble princess in the world.

Unfortunately, Yun Tian and Long Qingxuan didn't seem to become lovers as she had prayed for. What was even more complicated was that Yun Lintian had a relationship with her that they shouldn't have.

Yun Lintian didn't know how he should feel at this moment. Especially when he knew everything. He felt like a third wheel, taking her away from her lover. Although she forced him, as a man, he must take responsibility for it.

The problem was that he didn't know how to solve this situation.

"What would you like to say?" Long Qingxuan asked when she saw Yun Lintian look at her with a complicated expression.

Yun Lintian let out a long breath and asked. "Do you remember the first time we met? You called me a prince."

Long Qingxuan frowned slightly and shook her head. At that time, her soul was still wounded, and her memory was hazy. If Yun Lintian hadn't told her this, she wouldn't have known it at all.

Hongyue looked at her and said. "You have indeed called him a prince. In fact, this wasn't the first time. In the past, when Yun Tian was still around, you would often mention a prince during your deep sleep."

Long Qingxuan furrowed her brow. She couldn't remember it, no matter what.

Hongyue turned to Yun Lintian and asked. "Do you know something?"

Yun Lintian nodded. "After obtaining the Dark Pearl, I immediately lost consciousness and later found myself in a strange world... It was the past life of Yun Tian."

Hongyue and the others were astonished.

"What do you mean?" Hongyue asked with a frown.

"As you can see, Yaoyao has undergone reincarnation and has become the present Lin Xinyao. Yun Tian is the same. He has undergone numerous cycles of reincarnation." Yun Lintian explained.

"What did you see?" Long Qingxuan quickly asked.

"In this life, he was a prince of a fallen dynasty." Yun Lintian answered. "His wife was Yao Xi, and his maidservant was Qing Xuan."

"Yao Xi? Qing Xuan?" Hongyue said with surprise as she glanced at Madam Leisure and Long Qingxuan.

"Although I have never seen Goddess Yao Xi, it should undoubtedly be her. While Qing Xuan is naturally you, Dragon Princess." Yun Lintian explained.

Madam Leisure and Long Qingxuan found it unbelievable when they heard this.

"At that time, you often called him 'prince,' just like you called me when we first met." Yun Lintian said to Long Qingxuan.

"Qing Xuan had fallen in love with Prince Yun Tian, but she didn't dare to dream high due to her lower social status. Before taking her last breath, Prince Yun Tian wished she would become the noblest princess in her next life."

Everyone fell silent after hearing this. It was because they could see that Long Qingxuan had truly become a noble princess.

"As for Prince Yun Tian and Princess Yao Xi, they perished in the flames thereafter." Yun Lintian further stated.

After speaking, Yun Lintian raised his hand slightly, and the crown appeared in the air. "What surprised me the most was that the crown did exist at that time."

Everyone looked at the crown with surprise.

"Did you find the origin of the crown?" Yue Hua asked.

Yun Lintian shook his head. "I believe that this is not his first life. The crown should have been passed down long before that."

"This is strange." Madam Leisure suddenly spoke. "My master is an inheritor of the Divine Lineage. She told me herself that she wouldn't be able to undergo reincarnation."

Yun Lintian frowned slightly. "She was just an ordinary person at that time. Maybe it was later that she inherited the power."

"Reincarnation is another mystery that no one can comprehend. I believe that even the Primordial Gods themselves don't know how it works." Yue Hua said calmly.

"What happened next?" Hongyue asked.

"Later, I saw another Yun Tian. He is Prince Yun Tian in his next life. He was a talented practitioner in this life and became even more powerful after discovering the crown." Yun Lintian spoke.

"However, something big happened in this life. When he was about to break the world's boundaries and ascend to a higher realm, he was ambushed by someone. Later, I learned that this person was the Devil Ancestor. He may have lived in the Primordial Era."

"Devil Ancestor?" Hongyue frowned.

A strange light flashed through Yue Hua's cloudy eyes. "It seems that what I saw back then was indeed true."

Everyone turned to look at her, waiting for further explanation.

Yue Hua paused for a moment before speaking. "Around two hundred thousand years ago, a devil came to the Divine Realm. This devil called himself Mo Jun and claimed to be the first ancestor of all devils."

"When I saw him, I caught a glimpse of an unknown distant future. It was the world engulfed by darkness, with a devilish eye looking down from above."

Yun Lintian was shocked. He quickly said. "It was identical to what I saw in Yun Tian's past life."

"What happened to Mo Jun?" Lauya asked.

"For some reason, he couldn't withstand the aura of the Primordial God Forsaken Land and was reduced to nothingness." Yue Hua replied.

Yun Lintian was puzzled. "How is that even possible?"

"Perhaps you will understand when you visit the forsaken land yourself." Yue Hua said.

"What comes next?" Hongyue asked.

"Oh. I forgot to mention that in this life, Yun Tian's wife was Cai Xieren." Yun Lintian spoke.

At this point, Hongyue and the others no longer found it strange.

"Both of them were killed by the Devil Ancestor before they could do anything. In his third life, Yun Tian, Xia Nongyue, Yun Yi, Yun Xia, and Lou Lan successfully ascended to the higher realm." Yun Lintian said.

"However, it wasn't the Divine Realm but a place called the Primordial Devil Realm."

"Primordial Devil Realm..." Yue Hua muttered to herself. She seemed to be thinking about something.

"Lou Lan as well?" Hongyue was surprised slightly.

"Did she appear here?" Yun Lintian asked, as he had never heard anyone mention her name.

"She is Nongyue's childhood friend. However, she died protecting her during the previous war."
Hongyue replied.

Chapter 1804 Special Star

Yun Lintian sighed after hearing Hongyue's explanation. Lou Lan had become Xia Nongyue's friend as she had wished, and she performed the duty of a protector, just as in her previous life.

"In this life, Yun Tian found the Tower of Fate, one of the Beyond Heaven Relics. Inside the Tower of Fate, there were countless records spanning millions to billions of years in the past." Yun Lintian spoke.

"I also found the record of the thirteen Primordial Gods."

Yun Lintian began to narrate about the Primordial Gods and the Creator. He also expressed doubt about the Primordial War.

"That's why you said Ren Yuan is the inheritor of the God of Heaven." Hongyue immediately understood.

"This is the first time I have heard about their titles." Madam Leisure spoke. "Even my master has no knowledge of them."

"Indeed. What could possibly make them fight among themselves?" Lauya said doubtfully.

The Primordial Gods were the supreme beings in the Primal Chaos. Each of them possessed an immeasurable amount of authority and power. Logically, there was a meager chance that they would strive for their personal gains, as they already had pretty much everything they needed.

"And where did the Creator go?" Long Qingxuan expressed her doubts.

Everyone glanced at each other and fell silent. This matter was completely beyond their ability.

"Unfortunately, there were no further records." Yun Lintian sighed in pity.

"What happened afterward?" Madam Leisure asked.

"The Devil Ancestor appeared once more and destroyed the Tower of Fate. Yun Tian and the others also perished along with the tower." Yun Lintian said.

Hongyue frowned and said. "How did the Devil Ancestor know his every move?"

"I am also curious about this. He seemed to anticipate everything and wait for Yun Tian to arrive ahead of time." Yun Lintian said in doubt. He tried to figure it out multiple times but failed to find a suitable answer.

Hongyue glanced at Yue Hua and said. "Perhaps he has the same ability as you?"

Yue Hua shook her head and said. "Divination is not always accurate. No matter how powerful he was, he wouldn't be able to predict everything accurately. His actions indicated that he was fully aware of Yun Tian's fate."

"What do you mean?" Hongyue asked with a frown.

"It's possible that they have known each other for a long, long time. The Devil Ancestor should know why Yun Tian kept experiencing reincarnation. He couldn't prevent Yun Tian from going through the cycles and chose to stop Yun Tian from becoming stronger." Yue Hua shared her thoughts.

"Perhaps the Primordial God Tribe's incident wasn't a coincidence."

Everyone frowned deeply upon hearing this.

"What I am even more curious about is Yun Tian's true identity." Yun Lintian suddenly said. "Honestly, after seeing his past lives, I still cannot figure out his identity. Why him? What makes him so special? There is no sign or hint at all."

He raised the crown and continued speaking. "And who is the original owner of this crown?"

Everyone glanced at the crown again and remained silent. They had no idea either.

At first, everyone thought that the Beyond Heaven King had forged the crown, but Yun Lintian's experiences clearly showed this wasn't the case. Their perceptions of Yun Tian changed completely. He had become a mystery to them again.

"If the cycles continue, it means that another Yun Tian must appear in the future. Why did I become his successor then?" Yun Lintian further expressed his doubt.

Madam Leisure opened her mouth but closed it without saying anything.

Among everyone here, Madam Leisure was the closest to the truth, as her master was Yao Xi. Sometimes, Yao Xi would answer her questions about the Beyond Heaven King.

However, Madam Leisure could no longer understand the motives of the Beyond Heaven King.

Why did he insist on finding a successor so much back then, knowing that he would eventually return? Was he trying to find someone to stall time for him? Madam Leisure furrowed her brow deeply.

Yue Hua looked at Yun Lintian and asked. "Does this mean that the Tower of Fate no longer exists?"

"It should be somewhere out there." Yun Lintian shook his head. "When Yun Tian and the others died, the Tower of Fate somehow reconstructed itself and escaped."

"Do you know where it is?" Hongyue quickly asked. In her opinion, the Tower of Fate could possibly provide her with answers to everything.

"The Azure World." Yun Lintian replied calmly. "The Tower of Fate escaped from the Primordial Devil Realm and appeared in the ancient Azure Continent. Judging from its aura, I am certain it is the Azure World we know."

"Azure World?" Hongyue and the others found it unbelievable.

Yun Lintian looked at Hongyue and asked. "You always told me that the Azure World is special. Why is that?"

"Although I told you that, in fact, there are many things I don't understand myself," Hongyue replied.

"For example, the age of the Azure World. It is a very ancient world that could date back billions of years. It is unusual for an ancient world like that to be merely a lower realm star."

"As you can see, the world's history is being erased in some way. Even the Shen Clan, the record keeper, can only trace it back to ten thousand years ago."

"It's strange indeed." Yun Lintian nodded slightly.

"It should also be Yun Tian's hometown." Madam Leisure suddenly spoke.

Yun Lintian and the others were slightly surprised. However, it became possible because the Tower of Fate went to the Azure World, and one of Yun Tian's past lives appeared there.

"Wouldn't this imply that he was the one who erased the history of the Azure World?" Yun Lintian frowned.

"Very likely." Hongyue looked at Madam Leisure and asked. "What else do you know? And why did you hide it from me?"

"It was my master's order." Madam Leisure replied. "But since everything has led to this point, I don't think I should continue to hide it."

"When I listened to Yun Tian's life experience from my master, she told me that the lower realm star he came from is very special. It holds many secrets of the ancient past. She didn't directly tell me where it was and forbade me from discussing it with others."

"Later, after I arrived in the Azure World, I immediately realized that it should be his hometown because of the mysteries within that place.

Chapter 1805 Helpless

Hongyue and Long Qingxuan fell silent after hearing Madam Leisure's explanation. One person was brought to the Azure World by a mysterious woman and had a part of her memories erased, while the other sacrificed a portion of her own soul to protect her beloved one's legacy.

In fact, the two of them always had this question on their minds. They didn't understand why the Beyond Heaven King chose the Azure World to leave his legacy behind.

Now, everything seemed to make sense if it was his hometown.

"Except for my master, no one in the world knows his grand plan. There must be a reason why he decided to erase the entire history of the Azure World." Madam Leisure continued speaking.

"Honestly, we don't even know his motives. I always thought that he did everything in order to prepare for the enemy, similar to the Primordial God Tribe. But after hearing Lintian's experience, what I thought was nothing but a trivial matter." Hongyue glanced at Yue Hua as she spoke.

"The Primal Chaos is vast and endless. The appearance of the True God, like Senior Lan, gave me a general idea. In the near future, a war between true gods is imminent." Yue Hua looked at everyone and said.

"A war between true gods?" Yun Lintian asked with a frown.

"Presumably, there are thirteen inheritors of the Primordial Gods in the Primal Chaos. Each one of them has their own blessings and destiny to fulfill. However, they are not the true Primordial Gods at the end of the day." Yue Hua gave Yun Lintian a meaningful look without offering any further explanation.

Yun Lintian immediately understood Yue Hua's message. Take Ren Yuan, for example. He was the inheritor of the God of Heaven. It was impossible for him to be content with being a tiny God Emperor in the Divine Realm.

In the future, Ren Yuan and the other inheritors would eventually vie for hegemony.

This could also be the Beyond Heaven King's motives.

Yun Lintian's heart grew heavy once again upon realizing this. The scope of the battlefield expanded with each new truth he discovered. It made him feel like he would never be able to keep up with the pace.

Now, he no longer had a relic to quickly boost his power after obtaining the Dark Pearl. His strength was currently only at the peak of the Divine King Realm. Yun Lintian couldn't see the future path at all.

"You may have experienced a lot of turmoil in your short life, but ultimately, you are still less than a hundred years old. It can't even count as a tiny bit of their ages."

"Anyone in your position would have collapsed long ago after experiencing all of this. You should be proud of yourself for coming this far. Whatever awaits you on the path ahead, I believe you can go through it as you have done many times before."

Yun Lintian was touched by everyone's support. He took a deep breath and spoke sincerely. "Thank you. I won't let anyone down."

Hongyue took the opportunity to change the topic. "What happened next?"

"Not long after, another Yun Tian appeared alongside Jian Yun. He regained the memories of his past lives after acquiring the crown. And then, someone woke me up." Yun Lintian replied.

"Jian Yun as well?" Hongyue was surprised.

"Oddly enough, I didn't see your previous life." Yun Lintian looked at Hongyue with a strange expression. Everyone related to the Beyond Heaven King had appeared except for Hongyue.

Hongyue snorted disdainfully. "Don't group me with those brainless women. I'm not his lover."

Long Qingxuan gave Hongyue a sidelong glance but didn't say anything.

"Oh?" Yun Lintian was surprised. "Then why...?"

"He was the only hope of the Divine Realm at that time. I naturally did my best to help him." Hongyue replied.

Yun Lintian stared at her intently, unsure if she was telling the truth.

He tried to recall Hongyue's words about the Beyond Heaven King in the past and discovered that she had never expressed her feelings for him. Perhaps it was true that she didn't have any feelings for Yun Tian.

"Let's stop it here for now. You should take this time to fully absorb the Dark Pearl." Hongyue said further.

"By the way, you should tell Senior Jin about Senior Bai."

Chapter 1806 Separation

Inside the Land of Beyond Heaven, Jin Huian was currently focused on recovering her soul and preparing for the reconstruction of her body.

Yun Lintian hesitated for a long time before walking towards the Soul Pond.

"You have returned. It seems like this trip is going rather smoothly." Jin Huian opened her eyes when she sensed Yun Lintian's presence.

"Yes." Yun Lintian looked at her with a sense of guilt. He had prepared many words, but when he faced her, he couldn't bring himself to start.

Jin Huian turned to look at Yun Lintian and said calmly. "What happened to him?"

Yun Lintian took a deep breath and bowed deeply. "I'm sorry, senior."

Jin Huian's illusory body swayed when she heard this. She fell silent for a while and then asked. "How did it happen?"

"He made a pact with death to kill five Great Devils." Hongyue silently appeared beside Yun Lintian. "It was my fault. I shouldn't have stayed behind with him."

Jin Huian closed her eyes as she muttered. "I knew it. You must have done something stupid behind my back... Why did you hide it from me?"

She knew how guilty Master Bai felt for his people. They were killed by the Great Devils, and he could only watch them die. This incident had become a deep scar in Master Bai's heart that he would never be able to erase.

With Master Bai's strength, he was destined to fail in seeking revenge. The only option he had was to make a pact with death. Coincidentally, the Great Devils appeared in front of him. Master Bai knew it was his final opportunity to seek vengeance for his people and did it without hesitation.

Yun Lintian took out the small ice coffin containing Master Bai's lifeless body and gently placed it in the soul pond.

Jin Huian opened her eyes and gazed silently at Master Bai before gently stroking the coffin.

Yun Lintian hesitated for a moment before speaking. "There is a possibility that he is still alive. He was taken by the Death Messenger to the Netherworld. I am planning to go there to find him."

"You shouldn't." Jin Huian said. "The Netherworld is a realm of death that even a true god can visit at will. With your current strength, it will be no different from suicide."

Yun Lintian shook his head and said. "Of course, I know this. But I must go there and bring him back. Furthermore, I have something I need to verify. It's about the Endless Abyssal Devil God, the God of Death."

Yun Yi nodded. "Master told me about it, but I didn't think much of it."

Yun Lintian looked at the former heroic general Yun Yi in front of him and said. "You were a very cool general. Too bad I couldn't help you in defeating your enemy."

Yun Yi revealed a rare smile and said. "Let's talk about it."

Yun Lintian smiled and started to recount everything he had seen.

Yun Yi calmly listened to Yun Lintian while eating. His expression remained largely unchanged after learning about his past lives.

"It looks like I didn't disappoint my master." Yun Yi chuckled.

Yun Lintian smiled as he took the last bite of rice.

Yun Yi finished his bowl and said. "I'll help you break through."

Yun Lintian nodded. "I'll have to trouble you."

The two of them left the villa and went to Lan Qinghe's place. They found a suitable place to settle and begin the breakthrough.

Yun Lintian sat on the ground with his eyes closed. The crown appeared on his head, emitting multicolored lights. The black part of the crown then began to emit dark energy, transforming the surroundings into a world of darkness.

Yun Yi quickly erected a barrier to contain the dark energy and said. "The dark element is different from the others. It can influence your mind and evoke negative emotions. You must focus on your mind."

Yun Lintian calmed himself and began communicating with the Dark Pearl within his body.

Buzz—

All of a sudden, a massive wave of dark energy flooded over Yun Lintian's body. It was several times more ferocious than the last time.

All the negative emotions immediately surfaced in Yun Lintian's mind. He suddenly felt like a waste, worthless trash who couldn't stand on his own two feet.

"Use the light energy to suppress it." Yun Yi said upon seeing Yun Lintian's uncomfortable expression.

Fortunately, Yun Lintian was able to maintain consciousness. The Light Pole's symbol immediately illuminated his Divine Core. Instantly, a gentle light energy appeared within Yun Lintian's body, washing away the negative emotions in his mind.

After dealing with the uncomfortable feelings, Yun Lintian started to refine the dark energy. His Divine Core started to spin and grow increasingly faster...

Chapter 1807 Laws of Death

The gentle white light gradually swallowed the surrounding darkness and soon occupied half of the area, dividing the world into black and white.

Yun Yi looked at the enigmatic scenery with surprise. The Beyond Heaven King had demonstrated the full power of the crown to him once. He felt that the force Yun Lintian released was much purer despite his own strength being far inferior. n--OveLb1n

At this moment, Lan Qinghe silently appeared within the barrier. She looked at Yun Lintian and said. "It's too early for him to understand the great laws of life and death."

Yun Yi looked at her and asked. "Why is that?"

"He indeed possesses a monstrous comprehension. Understanding the great laws should be easy for him. However, the environment here is not suitable for him." Lan Qinghe spoke.

"Since the departure of the God of Life, the Primal Chaos has lost its balance and is constantly consumed by the aura of death. However, something has happened in the Netherworld that stopped the aura from spreading further.

"Nevertheless, there is no longer a pure land left in the Primal Chaos that contains the fragment of the great laws of life."

She turned to look at Yun Yi and continued speaking. "If I guess correctly, your master had already tried everything he could on the Tree of Life in order to create a pure land, but he ultimately failed because of the lack of the life aura."

Yun Yi nodded in agreement. "He often left his avatar behind. I was wondering where he went back then. Later, I discovered that he spent most of his time traveling around the Primal Chaos in search of a

trace of the God of Life, but he couldn't find anything. In the end, he told me that the Tree of Life is our only hope."

"The Tree of Life still has a long way to go to reach a true god level." Lan Qinghe said calmly.

Yun Yi hesitated briefly before asking. "Do you know what happened to the Death Sea Realm?"

"The heart..." Yun Yi suddenly said.

"It's better to leave it with me here." Lan Qinghe spoke.

Yun Yi hesitated momentarily but ultimately decided to tell Lan Qinghe about the thirteen Primordial Gods he had learned from Yun Lintian.

After listening to Yun Yi, Lan Qinghe frowned deeply. "So, that's how it is."

There weren't many records of the thirteen Primordial Gods. Lan Qinghe knew of a few gods, such as the Primordial Moon God, the Primordial Sun God, and the God of Life, from the ancient records she found.

"Given that the Endless Abyssal Devil God is the God of Death and the Netherworld falls under his domain, Yun Lintian's journey to the Netherworld appears exceedingly perilous." Lan Qinghe said with a frown.

"Unfortunately, no one can help him."

Yun Yi's expression became solemn. Even now, he still couldn't understand his master's plan. The Beyond Heaven King appeared to have great confidence in Yun Lintian, believing that Yun Lintian could achieve everything he couldn't... Why was that?

Yun Yi glanced at Lan Qinghe but chose not to ask anything. He believed that Lan Qinghe should know something about this matter.

Buzz—

Suddenly, the surrounding aura surged and gathered around Yun Lintian, allowing him to absorb it.

It was a sign of a breakthrough.

Lan Qinghe waved her hand, and all the orchids on the mountain suddenly bloomed, releasing a massive surge of divine energy.

Yun Lintian was unaware of what was happening outside. At this moment, he felt as if a miniature universe was expanding inside his body. His profound vein seemed to become a bottomless pit that could never be filled. All the divine and dark energy from the surroundings and the Dark Pearl were simply vanishing into this unfathomable abyss...

Chapter 1808 Boundless World

"If the Divine King governs a small town, the Divine Sovereign essentially governs the entire country. The gap between them is like night and day." Lan Qinghe's voice echoed in his mind.

"The higher you climb, the more extensive the territory you need to manage. To control a larger territory, it required more energy. Every step on the profound path is always like this."

Yun Lintian gradually calmed down. He continued to focus on refining the Dark Pearl and ignored whatever was happening in his profound vein. He no longer followed the flow of the energy.

Soon, the surrounding dark energy grew stronger and began to resist the light energy. The world returned to its original balance of black and white, with half being black and the other half white equally.

The Dark Pearl's symbol had also appeared on Yun Lintian's Divine Core, alongside the other nine symbols.

Buzz—

All of a sudden, all the jewels, including the crown's body, emitted their distinctive lights, illuminating the entire world.

Everyone in Lan Qinghe's world could see the sky transform into a multitude of colors. At the same time, all the elements in the air had increased significantly.

A similar scene also occurred in the Land of Beyond Heaven.

At this moment, Lan Qinghe's expression changed dramatically. She could feel the restraint that bound her to this place loosen a bit. If it continued at this rate, it would take her a few hundred years or less than a hundred years to be free.

"The laws and orders are comprehensive." Lan Qinghe spoke softly. "The Primal Chaos is composed of the ten primary elements, fire, water, wind, earth, wood, lightning, metal, space, light, and darkness, with time serving as the catalyst."

She paused for a moment to take a deep look at Yun Lintian and said to Yun Yi. "I didn't expect your master to have such keen insight."

"What do you mean, senior?" Yun Yi was puzzled.

"You will see in the near future." Lan Qinghe said. A trace of sympathy was evident in her eyes as she looked at Yun Lintian.

"The fate bearer..." She sighed softly.

"How is that place?" Yun Yi asked curiously.

"The environment there is definitely better than the current Divine Realm, but it also comes with greater dangers. No matter how powerful the Chaos Goddess is or how much everyone respects her, she won't be able to control everything." Lan Qinghe said.

"There is also one thing that I am not sure about."

"What is it, senior?" Yun Yi quickly asked.

"I have heard the rumor that the Chaos Goddess has been missing for thousands of years now. It was said that she had gone to other places." Lan Qinghe said.

Yun Yi frowned slightly upon hearing this.

"But her god power is still there. It means that she is completely fine." Lan Qinghe further stated.

"Is there anyone who can threaten a true god?" Yun Yi asked curiously.

"Of course, there is." Lan Qinghe replied. "When you travel more in the future, you will come to understand that the Primal Chaos is boundless. I might seem powerful to you right now, but in reality, there are many people who are stronger than me."

Yun Yi felt a heaviness in his heart upon hearing this. Even though he was aware of the vastness of the Primal Chaos, he couldn't fully imagine it from his current vantage point. Only when he experienced it himself could he understand it.

At this moment, the sky gradually returned to its original clear and bright state. The multicolored lights had now receded back to the crown.

Yun Lintian was enveloped in a faint multicolored light, giving him the appearance of a young god.

A moment later, he slowly opened his eyes. The first thing he discovered was a shift in his perception. He felt as if the world had become smaller.

"Congratulations. You have taken another step forward on your profound path." Lan Qinghe said gently.

Yun Lintian got up from the ground and said. "Thank you for helping me."

He knew that Lan Qinghe had given him full access to all the divine energy in this place.

"Come with me." Lan Qinghe spoke.

Chapter 1809 Formidable Background

Standing above the Dead Sea, Lan Qinghe gazed at the lingering aura of death in the air and spoke. "Do you feel it?"

Yun Lintian concentrated his mind and soon felt a dreadful aura several times stronger than any dark aura he had ever encountered. This aura felt more like a curse, slowly draining people's vitality.

"Is this the law of death?" Yun Lintian asked.

"Yes. But it's just a trace of it." Lan Qinghe replied. "If you want to fully understand the laws, you must find a place where the aura of death is heavily concentrated. The Netherworld is definitely the best option."

"Even now, I still don't understand the usage of these laws. What would happen if I fully comprehended the great laws of life and death?" Yun Lintian asked curiously.

"I cannot answer you because, except for the Primordial Gods, no one has ever fully grasped the great laws. However, according to the ancient records, the great laws are the epitome of power in the Primal Chaos. This means that anyone who fully comprehends them will be able to wield the same power as the Primordial God." Lan Qinghe explained.

She looked at Yun Lintian and continued speaking. "These people will have the ability to become a Primordial God."

Yun Lintian was stunned. Excluding the Creator, the Primordial Gods were the most powerful beings in the entire Primal Chaos. Once a new Primordial God appeared, the Primal Chaos would have a true ruler.

"When you go to the Nine Heavens Realm later, you must visit a place called the God Tomb. It is a place where many true gods have fallen. To access the innermost chamber of the tomb, you must understand one of the four great laws. I believe that there are many things from the Primordial Era inside." Lan Qinghe continued speaking.

"Perhaps you could unravel the mystery of the Primordial War from that location."

"God Tomb..." Yun Lintian repeated softly.

"It's also a good place for you. The aura inside the tomb emanated from the remains of numerous true gods from the Primordial Era. Now that you no longer have the relics to quickly enhance your strength, you must find a place to continue your progress." Lan Qinghe spoke.

Yun Lintian touched his chin, pondering for a long time. He looked at Lan Qinghe and asked. "Can you give me a suggestion, senior? Should I go to the Nine Heavens Realm directly or the Netherworld first?"

Lan Qinghe looked at them and said. "Remember. Do not disclose your origin to anyone. Don't let anyone know that you come from the Divine Realm."

"Why?" Yun Lintian asked curiously.

"The Divine Realm is special." Lan Qinghe explained. "In the ancient records I found, it is the first realm that appeared in the Primal Chaos. It used to be extremely vast in the past, with countless True God Tribes living in."

"The Primordial God Tribe is one of them. They are the first tribe ever under the rules of the Primordial Gods. I don't know how strong they really are, but I can imagine that there are several true gods sitting behind them."

Yun Lintian and Yun Yi looked at each other with astonishment. They didn't expect the Divine Realm to have such a formidable background.

"No wonder those people wanted to come back." Yun Lintian said with a frown.

"Not just them." Lan Qinghe said calmly. "There are other True God Tribes as well. This is why you cannot reveal your origin, even if it means you have to die."

"This is bad." Yun Yi's expression became solemn. "If this matter has spread, those bastards will undoubtedly attract adversaries to the Divine Realm for their own gain."

Yun Lintian immediately recognized the hidden danger. The last time, many God Emperors here chose to submit themselves to the Primordial Go Tribe. What would happen if they discovered the outer world and the history of the Divine Realm?

One word. It was a disaster!

"Someone should have already known it." Lan Qinghe said calmly.

"Ren Yuan?" Yun Yi and Yun Lintian said in unison.

"What do you think he has been doing all these years?" Lan Qinghe asked.

Yun Yi frowned deeply as he answered. "Since he is the inheritor of the God of Heaven, he must know something about the ancient past. He could have chosen to leave the Divine Realm to pursue the higher realms, but he didn't."

He paused for a moment and then continued. "There must be something within the Divine Realm that made him reluctant to leave."

Chapter 1810 True Intention

"What could possibly be?" Yun Lintian frowned. He couldn't think of anything that would make Ren Yuan stay behind.

Yun Yi and Yun Lintian turned to look at Lan Qinghe, waiting for her explanation.

"Based on my observation, he seems to be waiting to see the next move of the Beyond Heaven King." Lan Qinghe spoke.

"My master's next move?" Yun Yi was perplexed.

"He should have noticed the abnormality in your master's actions during those years and might know something." Lan Qinghe explained.

"I am not sure about the true purpose of your master's plans, but I am certain that he has never considered Ren Yuan a threat. Otherwise, with your master's wisdom and profound insights, he would have killed Ren Yuan long ago. There is no way he will let him grow."

"Ren Yuan must be aware of this point and probably wants to know why. As an inheritor of the Primordial God, Ren Yuan certainly has his own pride. How could he allow anyone to look down on him?"

"It must be." Yun Yi immediately responded upon hearing this. "I always find it strange how obsessed Ren Yuan is with my master. They clearly had no prior interaction with each other."

Yun Lintian slowly nodded in agreement. According to Hongyue, Ren Yuan appeared to have a strong obsession with the Beyond Heaven King for an unknown reason. Lan Qinghe's analysis was pretty much on point.

If it were him, Yun Lintian also wanted to know why the Beyond Heaven King let him go.

"So, this is why he didn't take any action against me until the last moment." Yun Lintian said.

Initially, Yun Lintian believed that Ren Yuan looked down on him, but this was clearly not the case.

"Moreover, there are numerous mysteries within the Primordial God Forsaken Land." Lan Qinghe looked at Yun Lintian and continued speaking.

At that moment, the dying people on the continent suddenly felt a warm breeze blowing over them. They could feel their "life" beginning to return to them.

At the same time, the arid land below them swiftly regained its vitality. Many trees and plants began to sprout wildly. Rivers could be seen flowing down from the once barren mountains, creating a vast river of fresh water.

"It's a miracle! God has finally forgiven us!" Many people exclaimed. They fell to their knees and kowtowed repeatedly.

Lan Qinghe looked at the scene with surprise. It was obvious that Yun Lintian had grasped a hint of the great laws of life. It seemed that the Tree of Life within his body was stronger than she had thought.

Soon, the once lifeless continent was teeming with vitality. The earlier aura of death had now disappeared from the area.

Yun Lintian retracted his finger and wiped the sweat from his forehead. "Too bad, this is my limit. I cannot entirely remove the aura of death from this realm."

"This is already a miracle." Yun Yi said.

Yun Lintian turned to Lan Qinghe and said. "Actually, I heard about the story of you and Sen Lou during my breakthrough. I hope this helps you a little bit."

Lan Qinghe took a deep look at Yun Lintian and said softly. "Thanks."

"By the way, where are they now?" Yun Lintian finally inquired about Lin Xinyao and the others.

"I sent them to a secret realm. You won't be able to meet them for at least a decade." Lan Qinghe replied.

"I see. Thank you for helping them." Yun Lintian expressed his gratitude.

Even though he had grown stronger, he couldn't help Lin Xinyao and the others improve their strength. Without Lan Qinghe, there was no way they could catch up with him quickly.

"It's a small matter." Lan Qinghe responded.

"What is your next plan?" Yun Yi asked.

"I need to consolidate my strength and wait for Linlin and Qingqing to recover. After that, I will clean up the ancient beasts and Yao Huang." Yun Lintian said with a serious expression.
