

Myth Beyond 181

Chapter 181 - Free Treasure

Rumble!

The surrounding mountains were shaking violently and started to crumble as the Thunder Valley was collapsing. On the outside, the guards hurriedly reported the situation to Fu Tiangang. Two minutes later, Fu Tiangang, Han Bingling, and other clan heads arrived at the Thunder Valley entrance.

"What happened?" Fu Tiangang asked the guards.

One of the guards said. "We have no idea, City Lord. After the last roar, everything started to collapse."

"The wall is dissipating." Han Bingling said while looking at the lightning wall.

Everyone used their Spiritual Sense to check on the wall and found it was the case.

"This place will soon collapse within ten minutes. Prepare your men." Han Bingling told Fu Tiangang.

Fu Tiangang hurriedly called his men, and other clan's heads were also doing the same.

Han Bingling stared at the lightning wall with a thoughtful expression. Her intuition told her Yun Lintian had something to do with this incident... Just who exactly are you? This question always remained in her mind since she first met Yun Lintian.

Yun Lintian drifted along a shaking path while spreading his Spiritual Sense. When he first used it, he discovered his Spiritual Sense could cover at least 10 kilometers. This number was insane. One had to know, an average Origin Profound practitioner's Spiritual Sense could only cover around 1 kilometer at best, but Yun Lintian's Spiritual Sense was ten times of that.

"Hmm?" Several profound beast's remains appeared in Yun Lintian's Spiritual Sense, making him halt his tracks and looked at them carefully.

"They are already dead?... I see. This is her solution, huh?" Yun Lintian remembered Bai Xiaoyun said she had a solution to deal with the profound beasts. Now he understood. The deafening roar of earlier must have killed all of them.

"Free meat!" Yun Lintian laughed heartily and quickly went to the profound beast's remains before storing them away. These profound beasts were all the Ruler Profound Beast. Their bodies were full of treasures. Everything could be sold at a high price, whether it was their skin, meat, or Profound Beast Core.

Linlin jumped down from Yun Lintian's arms and used her tiny paws to drag some of the profound beast's remains toward Yun Lintian.

"Linlin, just stay obediently." Yun Lintian saw Linlin dragging the profound beast's remains as her petite body swaying. He simply couldn't bear to see such a cute tiger cub working hard.

Linlin tilted her head cutely and then sat near Mumu, waiting for Yun Lintian to finish his work.

While Yun Lintian was busy, Mumu's ears suddenly perked up as she looked in the west direction. In her line of sight, two figures emerged behind a tree shade and stopped, looking at Yun Lintian.

As he was new to Spiritual Sense, Yun Lintian forgot to retain his Spiritual Sense all the time and failed to notice the newcomers.

"Big Brother Yun, people are coming." Linlin reminded Yun Lintian through her mind.

Yun Lintian paused his movement and spread his Spiritual Sense out. His Spiritual Sense collided with the newcomers' in the next moment, and he immediately recognized their identities. "Lin Xinyao?"

The newcomers were no other than Lin Xinyao and Fu Tianya. Lin Xinyao tried to communicate with Mumu during this period, but she couldn't connect with Mumu no matter how hard she tried. Driving by worries, she quickly traced along Yun Lintian's path and coincidentally arrived here.

"Mumu?" Lin Xinyao was overjoyed when she saw Mumu in the distance.

Before she could move, Fu Tianya suddenly stopped her. "Fairy Lin, we should be cautious first. I don't know who that person is, but his Spiritual Sense is extremely strong."

Lin Xinyao was surprised and looked at Yun Lintian with incredible expression. She clearly remembered Yun Lintian was only the fifth level of Essence Profound Realm last time they met. How could he have the Spiritual Sense now? Did he already reach the Spirit Profound Realm? Not only that, Fu Tianya said Yun Lintian's Spiritual Sense was extremely powerful. Could it be the current situation was caused by him?

Lin Xinyao said. "I know him. He's not our enemy." Following that, she immediately walked toward Yun Lintian while carrying Su Xiao on her back.

Fu Tianya frowned and observed Yun Lintian carefully. He was certain there wasn't such a person at the entrance. How could he appear here? However, since Lin Xinyao said this, he had no choice but to follow her.

"You are safe." Lin Xinyao greeted Yun Lintian.

Yun Lintian nodded his head in reply. He looked at Su Xiao on Lin Xinyao's back and asked curiously. "What happened to her?... Her Profound Vein got destroyed?"

Lin Xinyao briefly explained the situation to Yun Lintian, causing him to feel guilty. After all, he couldn't deny that Su Xiao became like this; a part of it was because of him. If he did not choose to run back then, perhaps Su Xiao wouldn't have to stop Lei Jun's bodyguard.

Yun Lintian took out a bed and said. "Place her here. I will treat her."

Although Lin Xinyao was aware of Yun Lintian's medical profound art, she was skeptical about whether Yun Lintian could restore the damaged Profound Vein. In the end, she placed Su Xiao on the bed and stepped to the side.

"What are you going to do?" Fu Tianya frowned and tried to stop Yun Lintian.

Yun Lintian's brows raised in dissatisfaction as he looked at Fu Tianya. "Who are you? Step aside if you want to help her."

"You can help her? Ridiculous! Everyone in this world knows there is no way to restore the damaged Profound Vein. Even Palace Master Du cannot do it. Who are you to say such a big word? From the look of it, you are only seventeen. Do you think you are better than Palace Master Du?" Fu Tianya did not know why he hated Yun Lintian after seeing him for the first time. Just looking at Yun Lintian's face, he somehow wanted to give him a beating.

Chapter 182 - Genius Doctor

Yun Lintian furrowed his brows and looked at this handsome man in front of him. He turned to Lin Xinyao and suddenly understood something. With faint laughter, he said. "I see."

In Yun Lintian's opinion, this Fu Tianya was probably a simp and thought he had something with Lin Xinyao. That was why he was so hostile toward him.

"What are you laughing about?" Fu Tianya said with dissatisfaction.

"Of course, I'm laughing at you." Yun Lintian chuckled. "I don't know who Palace Master Du you are talking about is, but I am definitely better than him."

"Ridiculous!" Fu Tianya was angry. "Palace Master Du is recognized as the world's number one spirit doctor by the masses. You said you are better than him? What a big word!"

Lin Xinyao looked at Fu Tianya strangely. Although she didn't think Yun Lintian was better than Du Xiaotian, she believed he wasn't a person who likes to brag. At the same time, she didn't understand why Fu Tianya was so hostile toward Yun Lintian and even broke out of his usual calm character.

If Yun Lintian knew Lin Xinyao's currently thought, he would laugh out loud as the reason was simple, it was because he was simping her.

Yun Lintian did not bother to argue with Fu Tianya and took out several silver needles. Before Fu Tianya could react, Yun Lintian had already pierced all of them on Su Xiao's body.

"You!" Fu Tianya was furious as Yun Lintian ignored him.

When he was about to stop Yun Lintian, Lin Xinyao quickly came forward. "Young Master Fu, let him try."

Facing Lin Xinyao, Fu Tianya reluctantly let Yun Lintian treat Su Xiao. However, he did not forget to threaten Yun Lintian. "If something happened to her, I will make you pay with your life."

A cold glint flashed across Yun Lintian's eyes. In this aspect, he was similar to the protagonists in the novels — he hated being threatened the most. However, he did not respond and calmly focused on restoring Su Xiao's Profound Vein.

Although Yun Lintian could not wholly control the wood element, with the help from Beyond Heaven Profound Vein, the amount of wood energy he gathered was many times higher than before. In a short time, Su Xiao's Profound Vein was already connected by half.

Lin Xinyao and Fu Tianya's expressions changed drastically when they discovered the change in Su Xiao's body. If it continued like this, they believed Yun Lintian could definitely restore the damaged Profound Vein.

Fu Tianya felt uncomfortable when he saw this. He didn't expect this youth had actually achieved something that Du Xiaotian could not do it. No matter how unwilling he was, he could not deny the fact in front of him.

Yun Lintian soon discovered his treating speed had increased tremendously with the help of Spiritual Sense. He felt as though he was a country bumpkin who saw the world first time. This Spiritual Sense was unquestionably powerful.

Twenty minutes later, Yun Lintian had completely restored Su Xiao's Profound Vein, and he even secretly tempered her Profound Vein. When she started to practice again, she would become stronger than before.

Yun Lintian retrieved all the silver needles and stood up, preparing to leave. "Done. She can start practice after a week."

Lin Xinyao checked Su Xiao's condition and was shocked by the discovery. At this moment, Su Xiao's Profound Vein had all connected together as if nothing happened on it before.

Lin Xinyao bowed her head and said. "Thank you. I owed you again."

Yun Lintian waved his hand and picked Linlin up, leaving from this place.

Fu Tianya looked at Yun Lintian's back with complicated emotion. He wanted to say something, but the word was stuck in his throat. When he thought about it again, he realized how impulsive and unreasonable he was. This made him ashamed and blamed himself for failing to control his emotion.

Lin Xinyao calmly watched Yun Lintian leaving without the intention of stopping him. Earlier, Mumu told her crucial information, and she understood Yun Lintian needed to leave here as soon as possible.

Lin Xinyao turned to Fu Tianya and said. "Young Master Fu, I have to trouble you to keep this matter secret."

Fu Tianya was surprised slightly and nodded. "Understood."

"It's gone. Everyone, go." Han Bingling immediately ordered her people to enter the Thunder Valley when she saw the lightning wall entirely vanished.

Including Fu Tiangang and other clan heads, all of them quickly moved toward the Thunder Valley in a flash.

"Master, I can't locate Young Master's position." A man in a white robe beside Ming Chuan said.

Ming Chuan frowned slightly, and a bad premonition appeared in his heart. When the lightning wall disappeared, he tried to contact his son, Ming Wu, several times, but there was no response from Ming Wu.

"Spread out." Ming Chuan ordered his men, and he had also rushed into the Thunder Valley.

Han Bingling noticed Ming Chuan's urgent movement and looked at him with a thoughtful expression. According to Fu Tiangang's report, she suspected the Ming clan had something to do with the Poison Valley. The only thing left was concrete evidence.

"Muyue, follow him." Han Bingling sent a sound transmission to Han Muyue on the side, and the latter instantly vanished from the spot.

Han Bingling took a transmission jade out and contacted Lin Xinyao. "Xinyao, are you alright?"

A moment later, Lin Xinyao responded. "Master? How did you contact me?"

"You didn't know? The lightning wall around the Thunder Valley has already disappeared." Han Bingling replied.

"I see." Lin Xinyao immediately understood the situation.

"Anyway, have you seen any suspicious person?" Han Bingling asked. She wanted to confirm whether Lin Xinyao had seen Yun Lintian over there.

"Suspicious person?" Lin Xinyao suddenly thought of Yun Lintian, but she determined to keep his identity secret. She lied. "I don't see anyone."

Han Bingling frowned slightly... Could it be she guessed it wrong for all this time?

"Right, Master. I have to tell you something. Ming Wu and Qi Yuanfeng are members of the Poison Valley. Young Master Fu has already killed Ming Wu, but Qi Yuanfeng managed to escape." Lin Xinyao said.

Han Bingling's expression immediately turned cold when she heard this.

Chapter 183 - The Change In The Land Of Beyond Heaven

"I've sent Muyue to pick you up. You should stay in a place for a while." Han Bingling said.

"Understood, Master." Lin Xinyao responded. She hesitated briefly and said. "Master, there's another thing I have to tell you."

"Go ahead." Han Bingling's mind was occupied by the Ming clan's information.

"Master, Sister Su was attacked by Lei Jun's guard." Lin Xinyao said.

Lin Xinyao's words immediately brought Han Bingling's attention back as she asked coldly. "Really?... Heh, I didn't expect he would dare to do this... How's Su Xiao now?"

"She's fine now, Master. However, she has lost all of her profound strength." Lin Xinyao spoke while trying to hide Yun Lintian's secret.

"That serious?... Alright, Master knows what to do. We will talk about it later." Han Bingling replied and put the transmission jade away.

She then took the transmission orb out and contacted Lei Zhenxiang.

When the call connected, Lei Zhenxiang's face immediately appeared on a light curtain above the orb. With a smile, he greeted jokingly. "Miss me?"

However, when Lei Zhenxiang saw Han Bingling's cold expression, he suddenly had a bad premonition. His expression turned serious, and he asked. "What happened?"

Han Bingling laughed coldly. "Why don't you contact your good nephew and ask him what did he do?"

Lei Zhenxiang frowned and asked. "Did he offend you? If that's the case, I apologize on his behalf. He's still young and inexperienced. I hope you can forgive him."

"He attacked my people, and now she's crippled. Do you think I will forget it just a mere apology from you?" Han Bingling replied.

Lei Zhenxiang's expression changed drastically. "I'll ask him first." He then disconnected and tried to contact Lei Jun.

Han Bingling put the orb away and looked at the Thunder Valley before her, falling into deep thought.

"Phew... This should be far enough." Yun Lintian arrived at a plain forest several kilometers from the Thunder Valley.

He checked the surrounding with his Spiritual Sense and found nothing. He then chose a relatively secluded place, setting up a formation, and sat down, replenishing his profound energy.

"Are you hungry, Linlin?" Yun Lintian took a bed out and placed Linlin on it.

Linlin tilted her head cutely and said. "I'm a bit hungry, Big Brother Yun."

Yun Lintian smiled dotingly. "What do you want to eat?"

Linlin replied. "I want to eat profound beast's meat."

"Alright, I'll make it right away." Perhaps it was because their lives were connected together. Yun Lintian grew fond of her in a short time and genuinely treated her as his sister.

While Yun Lintian was busy cooking, a significant change was currently occurring in the Land of Beyond Heaven.

Rumble!

The usually clear sky in the Land of Beyond Heaven had turned dark. Black clouds were gathered together, accompanied by thunder roarings that shook the entire space.

"Brings the children into the building first." Yun Ruanyu stood beside the Misty Lake and told Cang Xiao and others.

Cang Xiao hurriedly gathered all the children and brought them into the residence building.

"Is something happens to Lintian?" Yun Qianxue looked at the dark sky with worry.

"I don't think..." Just as Yun Qingrou was about to answer, several lightning streaks suddenly descended on the Misty Lake like a group of snakes falling from the sky.

Crackle!

The lightning streaks turned into countless lightning chains, spreading throughout the entire lake like a spiderweb.

"Retreat!" Yun Ruanyu saw the lightning chains were about to reach the shore. She hurriedly backed off along with others.

"Do you feel the aura gradually rising?" Yun Huanxin said as she perceived the profound energy in this place had increased tremendously.

"Look!" Before anyone could reply, Yun Qingrou noticed a strange phenomenon occurred around the crop fields as well as the medicine garden.

At this moment, all the plants were entirely covered with dense flashes of lightning. Everyone thought these plants would turn into ashes in the next moment, but they were all wrong. To everyone's surprise, the plants were started to shine, emitting brilliant light and brimming with vitality.

"Lightning refinement?" Yun Qingrou was shocked. She recalled the information she had read before. The so-called lightning refinement was the process of using the lightning element to expel the impurity within the target's body. It could be used on anything, whether a plant, human, or even a pill.

Yun Qingrou explained the lightning refinement to everyone, and Yun Ruanyu immediately understood. "This place is growing." She stared at the sea of lightning and continued. "Perhaps Lintian has obtained the lightning element source."

"It's possible." Yun Qingrou agreed.

"The mist over there is dissipating." Yun Meilan suddenly said when she noticed the area behind the mountain that was usually covered with a white mist was now becoming clearer.

Everyone followed Yun Meilan's gaze and saw a rocky land appeared behind the mountain. When they looked closer, they immediately discovered these rocks were actually ore. More precisely, they were the Essence Iron ores.

"Essence Iron!?" Yun Lingwei was dumbfounded for a moment and became excited. "Great! We can make weapons as much as we can now."

Before this, Yun Lingwei was depressed because of the lack of Essence Iron, and she simply could not go out to find it as her strength was too low. But now, the emergence of this Essence Iron land had perfectly solved this problem.

"It slowing down now." Yun Ruanyu looked at the sky and said.

In five minutes, the dark clouds began to dissipate along with the lightning. The thunder roarings were gradually quieter until they disappeared completely.

When everything returned to its original calm, Yun Ruanyu and others immediately spread out to check the places.

"This... Profound Spirit Liquid has become richer!" Yun Ruanyu exclaimed as she scooped the Profound Spirit Liquid up from the lake. It was now at least two times richer than before.

"Everyone magical plant and spirit corp have reached the perfect grade!" Yun Qingrou exclaimed in shock while looking at a bunch of shiny plants in front of her.

Chapter 184 - Rich Return

Yun Lintian was oblivious to the situation in the Land of Beyond Heaven. He was now happily feeding Linlin and pondered about his next move.

He had around six months until the Sky Throne Profound Academy's recruitment date. With his newly gained strength, Yun Lintian was naturally qualified to apply for the assessment, but he still felt a bit lacking. Although Yun Lintian believed he could handle any opponent with the Dragon Fist alone, he still need to learn more profound arts. Especially a spear profound art to use with the White Dragon Spear.

With so many profound beast's remains in his possession, Yun Lintian did not have to wander around like before. He could now stay in the Land of Beyond Heaven and practice peacefully.

Thinking of this, Yun Lintian turned to Linlin and said. "Linlin, big brother will bring you to a place."

Linlin was currently licking her paws to clean the food stain. She stopped her action and asked curiously. "Where is it, Big Brother Yun?"

Yun Lintian smiled mysteriously and summoned the Gate of Beyond Heaven out. '

"This...?" Linlin was startled by the sudden appearance of the giant silver gate. Her gaze immediately attracted to the white tiger image that was engraved on it.

Yun Lintian followed her gaze and saw she was looking at the white tiger. He said. "This is the image of your fellow clan mens. The White Tiger God."

"I know, big brother." Linlin nodded her head. A trace of confusion emerged within the depth of her eyes. She tried to think of something, but she couldn't recall it in the end.

Yun Lintian did not notice this. He lifted Linlin up and entered the gate.

"What....?" Yun Lintian was taken aback when he appeared in the Land of Beyond Heaven. He discovered this place had gone through the earth-shattering transformation. The obvious one was the richness of profound energy in this place had increased significantly. As for others, Yun Lintian had slowly discovered it one by one.

"Lintian?" Yun Qianxue saw Yun Lintian and was relieved, as Yun Lintian was fine.

"Qianxue." Yun Lintian greeted and walked toward her.

"Grrr..." Suddenly, Linlin let out a low growl while staring at Yun Qianxue hostilely.

It was at this moment, Yun Qianxue noticed the little tiger in Yun Lintian's arms. She looked at Linlin and said. "What a cute little tiger."

Yun Lintian saw Linlin showed hostile posture toward Yun Qianxue. He hurriedly said. "Linlin, this is big brother's closest family member. Her name is Yun Qianxue."

When Linlin heard this, she gradually lowered her stance, but still looking at Yun Qianxue vigilantly.

Yun Lintian was confused on why Linlin was hostile toward Yun Qianxue. When they met Fu Tianya and Lin Xinyao, she never showed anything like this. Why now?

Linlin snuggled in Yun Lintian arms while her eyes moving, looking around like a curious baby.

Yun Qianxue seemed to understand something and smiled helplessly. If she guessed correctly, Linlin should have felt her feelings for Yun Lintian, and thought she was trying to snatch Yun Lintian's love from her. It was understandable, but Yun Qianxue found it strange.

Yun Lintian asked. "What happened here?"

Yun Qianxue explained the earlier situation to Yun Lintian and asked. "Did you obtain the lightning element source?"

Yun Lintian nodded. "Yes, I got it... I see, this is the reward that old man has said." He thought of his father's words in the book about something would happen after he obtaining one of the Beyond Heaven Treasures.

Yun Lintian thought he needed to check the place out. He brought Linlin and Yun Qianxue toward the medicine garden. Along the way, many disciples greeted Yun Lintian respectfully and looked at Linlin curiously. Yun Lintian smiled back at them and gave a brief introduction of Linlin to them.

"You are back." When Yun Lintian and Yun Qianxue arrived at the medicine garden, Yun Qingrou immediately greeted him.

"You've worked hard." Yun Lintian said and looked around the place with a surprise. "How come these plants turn to be a perfect grade?"

Yun Qingrou replied. "It's because of the lightning refinement."

"Lightning refinement?... I see." Yun Lintian immediately understood. It turned out the Thunder had refined everything in this place.

Yun Lintian thought of something and took out all the magical plants he got from the Thunder Valley. "These are the rewards from this trip."

"Star Soul Flower, Spirit Cleansing Jasmine, Thunder Ginseng?" Yun Qingrou was shocked upon seeing these rare treasures. When she saw Yun Lintian brought a strange tree out, her mouth widened open as though she had seen a ghost. "This... don't tell me..."

Yun Lintian saw the usually calm Yun Qingrou became like this. He was mused and nodded his head. "That's right. This is the Divine Thunder Tree."

Yun Qingrou's lips moved several times, but no words came out in the end, as she was too shocked. This was the first time in her life to see such a divine tree with her own eyes. She was already shocked to the core when she saw the Celestial Buddha Lotus back then. However, this Divine Thunder Tree was entirely different. Although both of them might be regarded as the same rank, Divine Thunder Tree was definitely rarer and more valuable.

"Can you take care of this?" Yun Lintian asked.

Yun Qingrou regained her composure and nodded heavily. "Leave it to me. However, I need Lingwei to help me set up the lightning gathering formation."

"Alright, trouble you." Yun Lintian said.

Yun Qingrou was about to move the Divine Thunder Tree, she suddenly discovered Linlin in Yun Lintian's arms.

"Lintian... this... It..." Yun Qingrou became stuttered as she recognized Linlin's true identity.

Yun Lintian wasn't surprised that Yun Qingrou could recognize Linlin at first glance. After all, she was a bookworm, similar to Yun Ruanyu.

At first, Yun Lintian planned to introduce Linlin to everyone at the same time, but it seemed he had to confirm to Yun Qingrou first.

"Well, that's right. She is the legendary White Tiger.." Yun Lintian replied calmly.

Chapter 185 - Compensation

Yun Qingrou and Yun Qianxue were having a hard time accepting the truth. They could not believe the legendary divine beast, White Tiger, was actually appeared in front of them.

Yun Lintian saw their expression and couldn't help chuckles. "I'll explain about her later when everyone arrives. I'll go back to the villa first."

"Ah... Oh, okay." Yun Qingrou regained her composure and replied while her gaze was still fixated on Linlin.

Yun Lintian turned around and brought Linlin and Yun Qianxue to the villa. Along the way, he briefly recounted the outside situation to Yun Qianxue.

"The situation is not optimistic. Poison Valley has infiltrated everywhere. I don't think Frozen Moon Palace can do anything against it, even with the help from Divine Thunder Palace." Yun Lintian said.

"It seems you have something against Frozen Moon Palace?" Yun Qianxue smiled faintly.

Yun Lintian shook his head. "It's not that I have something against them, but I think Han Bingling is neglecting many things. She could have removed the roots directly, but she still didn't do it until now. Maybe she is waiting to gather evidence first. If that's the case, it's simply ridiculous. In this world, we don't need evidence at all. All we need is absolute strength." He paused for a moment and added. "This is just my opinion. I didn't talk with Han Bingling much recently, so I don't know her plan."

Yun Qianxue said nothing, but a smile on her lips grew wider. As long as Yun Lintian did not have a good opinion of Han Bingling, she would be happy.

The three of them arrived in the living room and were immediately greeted by Yun Ruanyu.

"You've worked hard." Yun Ruanyu said.

Yun Lintian smiled and told her to gather everyone in the next hour. He then went to his bedroom with Linlin in his arms, preparing to take a good nap.

"Why don't we talk about it first, Palace Master Han." At the Thunder Valley entrance, Lei Zhu stood before Lei Jun and facing Han Bingling. When he heard the news from Lei Zhenxiang, he hurriedly came back, preventing Han Bingling from killing Lei Jun.

"Talk?" Han Bingling curled her lips. She pointed at the unconscious Su Xiao beside her and said. "Do you think we can still talk after you've done this to her? If she's not lucky enough, she would have become a complete cripple by now." Her voice was incomparably cold and filled with fury.

"Aren't you too unreasonable? Lei Song has gone missing as well. I believe she killed him. Don't you think we're the ones who suffer here?" Lei Jun retorted fearlessly.

"Even what you've said is true, aren't you the one who started this? Tell me, Lei Jun, why did you attack my disciple?" Han Bingling stared at Lei Jun coldly.

"I didn't..." Lei Jun was about to explain that he only wanted to keep Su Xiao busy without the intention of fighting to death like this, but he was interrupted by Lei Zhu.

"Stop talking!" Lei Zhu said. His facial expression did not change in the slightest as he continued. "How about this? Why don't Palace Master Han state your condition first? We will try our best to give you compensation."

Lei Jun frowned and said. "Why would we have to compensate them?"

"Shut up!" Lei Zhu bellowed. "You still haven't reflected yet?"

Lei Jun's body shrank slightly. Although he was furious, he did not dare to refute Lei Zhu.

Han Bingling suddenly smiled charmingly. "Are you sure?"

Lei Zhu replied calmly. "I never go back on my word."

Han Bingling stared at Lei Zhu for a moment and said. "Very good... I want ten thousand of the best grade Divine Thunder Beads as well as a thousand of Thunder battle armors."

"Impossible!" Lei Jun blurted out, but he quickly closed his mouth when he saw Lei Zhu stared at him.

Lei Zhu thought for a moment and said. "I don't have that many Divine Thunder Beads with me right now. How about Palace Master Han wait for a week? I'll send someone back to get them."

Han Bingling nodded her head. "Sure."

Lei Zhu said nothing further and prepared to leave with Lei Jun. However, Han Bingling suddenly said. "Wait. I have an urgent task for your Thunder Guards."

Lei Zhu turned around and asked expressionlessly. "Please do tell."

Han Bingling looked in the Thunder City's direction and said. "I want to exterminate the Ming clan... Well, leave Ming Chuan behind."

Lei Zhu's brows raised slightly, and nodded. "I'll do it right away." Following that, he flew away with Lei Jun.

Han Bingling stared at Lei Zhu's back for a while before turning to Lin Xinyao and said. "Let's go back first. This place will become a mess soon." Before she left, she turned to Fu Tianya and said. "Thank you for helping Xinyao."

Fu Tianya felt particularly good about this. He hurriedly replied humbly. "This is what I should do."

Han Bingling nodded with a smile and brought Lin Xinyao, Mumu, and Su Xiao to the Moon Shifting Profound Sky Ship that was waiting for her behind the group of clouds in the sky.

Fu Tianya kept staring at Lin Xinyao's back, and the corner of his mouth involuntarily curled up into a smile.

Fu Tiangang patted Fu Tianya's shoulder and chuckled. "What are you looking at? She's already gone."

Fu Tianya came back to his sense and was embarrassed by his grandfather's tease.

"You did a good job this time. I'm proud of you." Fu Tiangang praised.

"It's all because of grandpa's teaching." Fu Tianya bowed his head slightly.

Fu Tiangang laughed. "You little boy, you only know how to coax an old man like me."

Fu Tianya grinned. The two laughed for a while, and Fu Tianya asked with a serious expression. "Grandpa, do we have to participate in this?"

Fu Tiangang shook his head. "Since Palace Master Han has given this duty to Leader Lei, we don't need to do anything much."

Fu Tianya nodded and turned his gaze toward the Thunder City.. Under this calm weather, who would have thought a storm was about to come.

Chapter 186 - Introduced A New Member

"Uncle, why?" Along the way back, Lei Jun asked as he didn't understand why Lei Zhu had promised to compensate Han Bingling.

Lei Zhu glanced at him and said. "This is what Palace Master told me to do."

Lei Jun's brows knitted together and said. "Is he trying to please her? Heh, he doesn't know that she is not interested in him at all?"

Lei Zhu said nothing in this matter, but he had the same idea as Lei Jun. In the Divine Thunder Palace, everyone knew how obsessed Lei Zhenxiang was toward Han Bingling. While everyone urging him to get a partner and giving birth to an heir, Lei Zhenxiang always avoided this topic and said he was still young.

"Also, that idiot Lei Song. I clearly told him to stop Su Xiao, but he chose to fight to death instead. What an idiot." Lei Jun cursed in dissatisfaction.

Lei Zhu turned to Lei Jun and asked. "Who is that person you were after?"

Lei Jun shook his head and said. "I don't know, but he is close to Xinyao."

A frown appeared on Lei Zhu's face, and he said. "You said he is proficient in Thunder Art?"

Lei Jun nodded his head. "Yes, Uncle. He could control lightning at will. I believe his talent is no worse than mine. What I don't understand is that his strength is too low. It's contradicting with his talent."

Lei Zhu didn't say anything further and sped up toward his residence.

In the bedroom, Yun Lintian opened his eyes after taking a long nap. He changed into a sitting posture, leaning against the head bed, and looked at Linlin, who curled her body like a ball beside, sleeping soundly beside him.

Seeing this, Yun Lintian couldn't help reaching his hand to stroke her head a few times before getting off of the bed and headed toward the living room.

At this moment, Yun Qianxue, Yun Ruanyu, Yun Meilan, Yun Qingrou, Yun Lingwei, and Yun Huanxin had already gathered in the room.

"Wake up? Come, take some water." Yun Qianxue greeted Yun Lintian with a smile and handed a glass of water to him.

Yun Lintian received the glass and took a sip before sitting down on the sofa and said. "I have something to tell everyone today. The first thing is I'll stay here for four months and help everyone completely

transform their Profound Vein. Secondly, if you can reach the Origin Profound Realm after four months, I'll bring some of you out with me on the next trip. Lastly, we will prepare to fight Poison Valley from now on.

Everyone in the room glanced at each other and expressed their understandings.

Yun Lintian then told them about the outside situation as well as his experiences during these days.

"You've met Qi Yuanfeng?" Yun Qianxue asked.

Yun Lintian nodded. "Yes. Apparently, he is a disciple of the Ming clan's previous patriarch. That's why the strength of the Qi royal clan has skyrocketed in recent years."

Everyone had suspected this before, but they didn't expect the backer of the Qi royal clan was actually a powerful clan in Thunder City. It was no wonder Qi Yuanfeng and Qi Qianxing's strength had increased significantly.

"Where is he now?" Yun Qianxue asked. Her eyes flashed with a trace of killing intent.

Yun Lintian understood her mood very well. He said. "I don't know. Maybe he is still residing in Thunder City... I know what you want, but we can't deal with him at the moment. There are a few Monarchs in the Ming clan. I believe they will protect him."

Yun Lintian had no idea the Ming clan was the members of Poison Valley and was about to face the Thunder Guards.

Yun Qianxue took a deep breath to calm herself down after hearing the word, 'Monarch.' With the protection from a Monarch, she was powerless to do anything.

Yun Lintian then went on about his experience in Thunder Valley, including the origins of Linlin.

Everyone went silent after listening to Linlin's story. Shock and unbelievable were written all over their faces. They couldn't believe the legendary Divine Beast had actually resided within the Northern Continent. Not to mention now it had become Yun Lintian's companion. If it wasn't because they were conscious enough, they would think they were dreaming right now.

Yun Qingrou took a deep breath and said. "Did you fuse with the White Tiger God's Blood Origin?"

Yun Lintian nodded his head. Although he hadn't tested the power yet, he could feel his body was brimming with vitality, as though his body had stepped into a whole new level.

"Can you show it to me?" Yun Qingrou said. As a doctor, she was always curious about this topic. As far as she knew, the Profound Beast Bloodline could only pass down through copulation. But it seemed the Divine Beast Bloodline was entirely different.

Yun Lintian did not know how to invoke the bloodline power. When he was about to explain that he had no idea, Linlin suddenly appeared in the room and jumped into his laps, looking at everyone vigilantly.

Everyone's gaze was immediately attracted by Linlin.

"So cute!" Yun Lingwei exclaimed and could not wait to squeeze Linlin's soft cheeks.

"Grrr!" Linlin stared at Yun Lingwei and glowed, appearing frightful.

Yun Lintian was helpless as he didn't know why Linlin was so hostile toward everyone here. He stroke Linlin's head and patiently said. "Linlin, everyone here is big brother's closest family members. I hope you can get along with them well in the future. Can you do it?"

Hearing this, Linlin understood and lowered her hostile stance while sending a sound transmission to Yun Lintian. "Understood, Big Brother Yun."

Yun Lintian smiled and did not ask the reason. He looked at everyone and introduced. "Her name is Yun Linlin. From now on, she will become a part of our sect."

"Yun Linlin. What a cute name." Yun Lingwei was excited. She took her beloved cake out and placed it before Linlin while saying. "Hello, Linlin. My name is Yun Lingwei. I love making pastries. If you want to eat something in the future, you can come to me."

Linlin looked at the cake curiously and then turned to Yun Lintian as if she asked whether it could be eaten.

Chapter 187 - Five Elements Spear Art

Yun Lintian smiled and encouraged Linlin. "Go ahead. Try it. It's delicious."

Hearing this, Linlin jumped onto the table and sniffed the cake a few times with caution. After hesitating for a moment, she gently licked the cake, and her eyes were immediately lit up by the overwhelming sweetness.

Everyone watched Linlin enjoyed the cake without saying anything. Yun Lintian looked around and saw their dotting expressions. He couldn't help but laugh slightly. Whether it was Earth or this place, women could not resist a cute thing.

Yun Lintian stroked Linlin's head and told her. "Eat slowly. In the future, if you need anything, you can tell your sisters here. Understood?"

Linlin raised her head to look at Yun Lintian and nodded her head gently before continuing to wolf down the cake.

Yun Lintian left Linlin for others to take care of. He went to the Library to see whether he could find a suitable spear profound art.

"Welcome back, Master." Upon he stepping into the Library, Lynn's voice immediately rang out.

"It's been a while, Lynn." Yun Lintian greeted back. "Can you help me find a suitable spear profound art?"

"Master, please give me permission to see your current data." Lynn responded.

"Sure." Yun Lintian sat on a comfortable chair behind a counter and replied.

A moment later, a series of data appeared on a big screen on the wall. When Yun Lintian looked carefully, he found interesting data. He asked. "What is this power rating?"

"The power rating is the estimation of Master's current power." Lynn replied.

"What does it mean by sixty points?" Yun Lintian looked at the number 60 behind his power rating.

"According to the standard of this world, one hundred is the maximum rating, equivalently to the peak level of the Monarch Profound Realm. Master's current strength is equal to the peak level of the Earth Profound Realm." Lynn explained.

"I see." Yun Lintian immediately understood how the power rating worked. 0-10 should be equal to the first level of Essence Profound Realm to the peak level of Essence Profound Realm. And this applied to other realms.

"Interesting, I can actually fight the peak level of Earth Profound Realm?" Yun Lintian found it strange as he thought he could only fight the fifth level of Earth Profound Realm at most.

"The list has been completed. Please take a look, Master." Lynn said, and several spear profound art names appeared on the screen.

Yun Lintian skimmed through the list for a long time and finally chose the Divine Rank profound art called Five Elements Spear Art.

The Five Elements Spear Art was created for everyone to use it. Whether the practitioner had water based profound vein or fire based profound vein, all of them could practice this spear art with no problem.

Yun Lintian chose this seemingly ordinary spear art because he would possess more elements in the future, and he did not need to change to a new one later. More importantly, Yun Lintian found this

spear art was tailor-made for a dual elements practitioner. He could mix two elements together to increase the power output.

Currently, Yun Lintian had mastered the fire and the lightning element. Without a doubt, the combination between these two elements was immensely powerful and solely focused on destructive power. Yun Lintian believed he could easily kill anyone below the fifth level of Earth Profound Realm with this mixed element attack.

While Yun Lintian was busy studying the Five Elements Spear Art, Yun Ruanyu and others discussed the sect's notion. Since Yun Lintian told them to prepare to fight with Poison Valley, they had to come up with a new teaching method to increase every disciple's strength and knowledge in the short time possible.

"This time, Lintian has obtained many heaven and earth treasures. We will need around two months to use them." Yun Qingrou said. She had finished planting all the new magical plants earlier and estimated they would be ready in two months.

"We're lagging behind him now. We need to increase our practice intensity." Yun Huanxin said. At first, she thought Yun Lintian's strength would be around Spirit Profound Realm after the previous trip, but who would have thought he was already in the fifth level of Origin Profound Realm.

Right now, the strongest among them was Yun Qianxue, as her strength had just reached the sixth level of Spirit Profound Realm. Meanwhile, others were breaking through to the Spirit Profound Realm not long ago.

"Is there a way to increase our strength in a short time?" Yun Qianxue turned to Yun Qingrou.

Yun Qingrou shook her head. "You must know that our current profound veins are different. Our current practice speed is already considered a miracle. I don't think we can increase it further."

Everyone looked at each other and sighed, one after another. It seemed they could only practice honestly further and hoped the new change within the Land of Beyond Heaven could increase their practice speed.

"Alright, don't be disappointed. From today onward, we will stop teaching and focus on practice. I'll leave the sect's matter to Chan'er and others." Yun Ruanyu said, and everyone agreed.

Yun Qianxue stood up and said. "I'll go practice now. If there's nothing important, don't call me." Afterward, she walked out of the villa.

Yun Ruanyu and others looked at each other and did not know what to say. They understood the pressure Yun Qianxue was facing very well. She wanted to be helpful to Yun Lintian as soon as possible, but the gap between her and Yun Lintian suddenly increased further.

"I'll go take a look at the medicine garden." Yun Qingrou said and left.

In the end, only Yun Lingwei and Yun Ruanyu were left in the living room to take care of Linlin.

"This is Thunder City?" A handsome young man looked at the majestic Thunder City's gate in amazement. Behind him were three women wearing plain white clothes with veils covering their faces.

"Brother Chen, look." One woman tugged the leading young man's sleeve to look at a group of black smoke within the city.

If Yun Lintian was here, he would be shocked because this group of people was no other than Yang Chen, Yang Mengli, Hua Wanru, and Hua Litong!

Chapter 188 - Petrified

Yang Chen followed Hua Wanru's gaze and saw the black smoke floated to the sky like a black pillar. He frowned slightly and drew closer to a city guard.

"Brother, can you tell me what happens over there?" Yang Chen asked and stuffed a gold coin into the guard's hand.

The guard's expression changed slightly, and he quickly put the gold coin away. He looked around carefully and whispered. "The Ming clan is now over. All of them were killed an hour ago."

"The Ming clan?" Yang Chen was confused.

The guard looked at Yang Chen and the three women behind. He then understood Yang Chen was a newcomer. He said. "The Ming clan is one of the most powerful clans in Thunder City. For more details, you find it yourself."

"I see. Thank you, brother." Yang Chen politely thanked the guard and brought the women into the city.

"Where are we going next?" Hua Litong looked around at the bustling streets and asked.

"We should find a place to live first. I think the situation here is not good. We better leave tomorrow." Yang Mengli expressed her thoughts.

Yang Chen thought for a moment and said. "Let's go with sister's plan. We will buy a map first."

Afterward, Yang Chen's group went to a store nearby and bought a map. Later, they chose the Blue Moon inn to stay.

It had been half a year since the four of them left the Heavenly Fortune Nation. At first, it was Yang Chen who wanted to go out in order to fulfill Yan Qi's last wish. However, Yang Mengli, Hua Wanru, and Hua Litong insisted on coming with him. In the end, he had no choice but to bring them along.

Since the disappearance of the Misty Cloud Sect, the Qi royal clan, and the Luo clan had exerted their strength to suppress other clans. The life of the Hua clan and the Yang clan was not good during these months. Although the Qi royal clan did not kill them off, they were utterly suppressed and did not have a chance to grow further.

With this, Yang Gouming knew there was no future for his clan. He decisively decided to send Yang Chen and Yang Mengli away. Coincidentally, Yang Chen wanted to go out, Yang Gouming didn't have to persuade his son at all.

When the four of them arrived at the Blue Moon inn, they were surprised as there was a free room for them. Without thinking further, they immediately booked two rooms and went to the dining hall.

"Have you heard about the Ming clan?" One of three practitioners on the nearby table said while sipping his wine.

"Yes. I heard that the eldest young master of the Ming clan has committed an unforgivable crime in the direct disciple of Frozen Moon Palace. That's why they have been killed." A stout man who sat opposite said excitedly.

"Heh, what a stupid young master." Another man on the right said.

Yang Chen and others looked at each other when they heard this and found this matter was strange. Although they didn't know much about this young master of the Ming clan, they won't think he was stupid enough to do something on the Frozen Moon Palace's direct disciple. Wasn't this simply courting death?

Just as Yang Chen and others were discussing in a low voice, they heard a commotion at the inn entrance, making them turned their heads to look in the direction.

A seductive woman came to their sights, followed by a young woman with a white rabbit on her shoulder. They were naturally Han Bingling, Lin Xinyao, and Mumu.

"She's not simple." Hua Litong said in a low voice. With her Illusory Flower Soul, she could perceive the depth of one's strength by a glance. When she looked at Han Bingling, her soul seemed to freeze on the spot, as though she was thrown into an ice cave.

"Hmm?" Han Bingling suddenly halted her step and turned to look in Hua Litong's direction.

When their gaze met, Han Bingling smiled charmingly and strode toward Hua Litong.

Yang Chen and others' expressions abruptly changed as they didn't know why Han Bingling walked toward them. Especially Hua Litong, she started to panic as she believed she had offended Han Bingling.

Before Han Bingling arriving at Yang Chen's table, Hua Litong took the initiative to apologize. "My apologize, Senior. Please forgive me."

Han Bingling paused and chuckled while touching her face. "Am I that scary?... You don't have to be nervous. I'm not going to kill you." Her gaze swept over Hua Litong, Hua Wanru, Yang Mengli, and then paused on Yang Chen. Her eyes brightened up as she said. "Sun Overlord Profound Vein? How come such a rare profound vein appear here?"

Yang Chen's facial complexion turned cold when he heard this. The Sun Overlord Profound Vein was his greatest secret that he inherited from Yan Qi. In the past, no one could identify it, but this woman had actually done it with a mere glance.

"Who are you?" Yang Chen said in a deep voice. His right hand was immediately placed on the hilt of this sword.

Everyone in the dining hall was dumbfounded by Yang Chen's question. Was there anyone here who did not know Han Bingling?

Han Bingling smiled charmingly and said. "You've reminded me of someone. That boy is also cautious as you. However, he's not stiff like you." She paused for a moment and turned to Hua Litong. "Illusory Flower Soul? This is quite rare. Why don't all of you follow me to a place?"

"No, thanks." Before Yang Mengli could say anything, Yang Chen spoke first with a cold expression.

Yang Mengli wanted to slap her brother's head at this moment. Didn't he see this woman possess a distinctive identity? Even they wanted to refuse her, Han Bingling could easily force them. What was the point of rejecting her then?

Han Bingling curled her lips. "Well, let me introduce myself first. I am Han Bingling, the current Frozen Moon Palace Master. Would you mind having a meal with me?"

Yang Chen and others were prettified on the spot upon hearing this.

Chapter 189 - Coincidence?

"Gulp!" Yang Chen swallowed salivas nervously. This was his first time meeting such a lofty figure, and he even offended her earlier. Right now, he only hoped she didn't take it to heart.

Han Bingling saw their nervous expressions. She laughed slightly. "What do you think?"

Yang Mengli was the first one to react. She hurriedly said. "It's my honor to have a meal with Palace Master Han."

Han Bingling nodded and looked at the other three. "Follow me."

Yang Chen and others looked at each other and followed Han Bingling to the third floor. They didn't expect such a powerful figure would be this approachable.

When they arrived in a private room, Yang Chen and the three women didn't dare sit down until Han Bingling told them.

"All of you don't have to be nervous. I'm not scary as you think." Han Bingling leaned against the chair comfortably while Lin Xinyao poured everyone a cup of spiritual tea.

Yang Chen and the three women took a deep breath and sat down before politely receiving the cup of tea from Lin Xinyao.

"Can you introduce yourself?" Han Bingling lazily sipped the tea and asked.

Yang Chen looked at his sister and saw the latter nodded her head. He then turned to Han Bingling and said. "My name is Yang Chen. This is my sister, Yang Mengli and my friends, Hua Litong and Hua Wanru. We come from the Yang clan and the Hua clan of Heavenly Fortune Capital City."

Han Bingling's brows raised in surprise. "Heavenly Fortune Nation? The one that rules by the Qi royal clan?"

Yang Chen nodded his head. "Yes, Palace Master."

"I see. What's the situation over there before you left?" Han Bingling asked.

Yang Chen didn't understand why she wanted to know this. After all, Heavenly Fortune Nation was nothing but a mere small nation, unworthy of Han Bingling's attention.

Yang Mengli seemed to guess something. She replied. "The situation over there is not good. The Qi royal clan has colluded with Poison Valley and suppressing everyone. Before we left, both of our clans were utterly suppressed by them and were banned from doing business."

Since Han Bingling knew Qi Yuanfeng was a member of Poison Valley, she did not surprise when she heard this. She asked. "How did you know they were colluding with Poison Valley?" She didn't believe Poison Valley would expose their identity like that.

Yang Mengli hesitated for a moment and replied. "It started with my father was hit by a hideous poison called Five Leaves Soul Extinguished poison. Later, my father was cured by our benefactor, and he had secretly investigated on this matter until he discovered the movement of Poison Valley behind the Luo clan."

"The Luo clan is one of the most influential clans in the capital city. At first, we thought the Luo clan's ambition was to overthrow the Qi royal clan with the help of Poison Valley. Apparently, they had conspired together."

Han Bingling nodded. "Tracing the Poison Valley's movement is not easy. Your father is a talented individual." She paused for a moment and asked. "I'm curious. Who is that person? To be able to cure the Five Leaves Soul Extinguished poison, this person's medical profound art must be unprecedented high. I didn't know before there is such a powerful figure in our Northern Continent." When she talked about this, Yun Lintian's figure appeared in her mind.

Before Yang Mengli could say anything, Yang Chen had spoken first. "Indeed, Brother Yun's medical profound art is exceedingly high." His face was full of admiration when he thought of Yun Lintian.

Yang Mengli was speechless. She wanted to slap her brother's head badly as he should protect Yun Lintian's secret.

"Brother Yun?" Han Bingling was surprised and began to think this brother Yun was Yun Lintian. "He's not an old man?"

Yang Chen shook his head. "No, he's only sixteen at that time. He should be seventeen right now."

Under the veil, Lin Xinyao's expression changed drastically. She immediately guessed the person Yang Chen was talking about was Yun Lintian... He comes from Heavenly Fortune Nation?

The same question appeared in Han Bingling's mind, but she was skeptical. It was hard to believe a heavenly talent like Yun Lintian came from a small nation like Heavenly Fortune Nation.

Lin Xinyao could not resist the curiosity in her heart. She immediately asked. "What is his full name?"

When Yang Chen and the three women heard Lin Xinyao's voice, they were all startled for a moment. They never heard such a pleasant voice before, and this made them wanted to see her face.

Yang Chen came back to his sense and replied. "His name is Yun Lintian."

"It's him!" Lin Xinyao was now certain the person in Yang Chen's words was the same as Yun Lintian she knew.

Han Bingling was also surprised, but she did not show it. In Lin Xinyao's mind, Han Bingling did not know Yun Lintian's existence.

"Oh? Do you know him, Xinyao?" Han Bingling pretended to ask with surprise.

Lin Xinyao nodded her head. "Yes, Master. He was the one who expelled Abyssal Poison out of my body back then."

"It's him? What a coincidence!" Han Bingling had an exaggerated shock expression, making Lin Xinyao looked at her weirdly.

Hua Litong caught the conversation between Han Bingling and Lin Xinyao. She hurriedly asked. "Senior, did you see Brother Yun? Do you know where he is now?"

Yang Chen, Yang Mengli, and Hua Wanru also became energetic. Although they knew Yun Lintian wouldn't die easily, they couldn't help but become excited upon hearing this.

Lin Xinyao responded. "I had met him outside of Thunder City several days ago. I don't know where he goes right now." She didn't forget to hide Yun Lintian's secret that she encountered him in Thunder Valley.

Yang Chen was excited and could not wait to leave the city right away to find Yun Lintian.

"Calm down. We will find him together later." Yang Mengli pressed Yang Chen's shoulder.

Yang Chen calmed down and looked at Han Bingling, embarrassingly.. He forgot Han Bingling was still here, and it would be rude if he left like that.

Chapter 190 - Han Bingling's Invitation

Han Bingling didn't mind about it and asked. "It seems the relationship between you and him is quite good? How did you meet each other?"

Lin Xinyao was also looking at Yang Chen curiously. She wanted to learn more about Yun Lintian's origin.

Yang Chen recollected his words for a moment and replied. "We've met by chance. At that time, my clan has issued the Heavenly Yin Iron as a reward for anyone who could cure my father's illness. Coincidentally Brother Yun has come to the capital city to find Heavenly Yin Iron, and my sister was the first one to meet him."

Yang Mengli took this chance to continue the narration. "My servant heard the news about the appearance of a genius doctor. I wanted to try my luck and went to see him. I didn't expect that he actually saw my illness with a glance and promised to treat me. Later, I brought my brother, whose Profound Vein destroyed by the enemy, to see him, hoping there would be a miracle." She took a deep breath and continued. "And yes, the miracle happened."

This time, Han Bingling was genuinely shocked. She asked uncertainly. "Are you saying he can restore the damaged Profound Vein?"

Yang Mengli nodded firmly and pointed at Yang Chen. "He's the evidence."

Han Bingling looked at Yang Chen for a while and turned to Lin Xinyao with a meaningful gaze.

Lin Xinyao seemed to understand this and was panicked a little. Han Bingling must have suspected Su Xiao's condition.

Seeing her disciple flustered slightly, Han Bingling immediately figured out, Lin Xinyao had definitely met Yun Lintian in Thunder Valley. She put this matter aside and turned to Yang Chen. "Can you tell me more about him? Who is his master?"

Yang Mengli thought there was nothing to hide anymore, and perhaps Han Bingling could help her find Yun Lintian. She answered truthfully. "I don't know if Palace Master Han has ever heard about the Misty Cloud Sect?... Brother Yun is the Young Master of the Misty Cloud Sect. Rumors said he is the son of the Sect Master Yun Qianxue."

"Misty Cloud Sect?" Han Bingling furrowed her brows. This was the second time she heard this name. When Fu Tiangang reported her days ago, this name always lingered in her mind, but she couldn't recall anything about it.

She asked further. "Isn't this sect already gone?"

Yang Chen suddenly got angry. His eyes were overflowing with killing intent. "It was the Qi royal clan who did it."

"From the information I got, Profound Sword Sect, Sacred Flame Sect, and the Qi royal clan had colluded together to deal with Misty Cloud Sect. However, something went wrong. Profound Sword Sect and Sacred Flame Sect had been thoroughly destroyed instead, and the Misty Cloud Sect had vanished since then. My speculation is that they are still alive somewhere in this continent." Yang Mengli added. "And it seems I am right."

Han Bingling tapped on the table, pondering how to deal with the Qi royal clan. When Qi Yuanfeng revealed his tail, Han Bingling had already sent her subordinates to Heavenly Fortune Nation. The result would come a day later.

"Palace Master Han, please help us find Brother Yun." Yang Chen suddenly stood up and bowed deeply.

Han Bingling looked at Yang Chen and then turned to Lin Xinyao. "I will give this task to you."

Lin Xinyao was taken aback and reluctantly nodded her head. For some reason, she felt as though Han Bingling had conspired with something on her. Meanwhile, Mumu's ears perked up, opening her eyes to look at Yang Chen's group. A strange light flashed across her eyes when she discovered Yang Chen's Profound Vein.

Han Bingling changed the topic as she asked. "I'm curious. How did you have Sun Overlord Profound Vein? As far as I know, this unique profound vein belongs to the Yan clan of the Blazing Sun Palace. Don't tell me you are an illegitimate descendant of them?"

Yang Chen's expression kept changing several times before replying. "Please forgive me, Palace Master Han. I can't tell you about this."

Han Bingling took a deep look at Yang Chen and nodded. "Alright, I understand." She turned to Hua Litong and said. "Are you willing to join my Frozen Moon Palace?"

"Huh?" Hua Litong was instantly dumbfounded.

Han Bingling chuckled. "You've possessed Illusory Flower Soul, one of the most powerful souls in this world. You're bound to have unlimited potential. Everyone in this Northern Continent knows that I am always cherishing a talented youth like you. Since we've met today, you can forget about escaping from my palm."

Hua Litong came back to her sense and replied resolutely. "I am willing to join Frozen Moon Palace, but I have a condition. I want my sister and Sister Yang to join as well. If it is impossible, then I have to refuse Palace Master Han's kindness."

Han Bingling did not get angry hearing a junior put on a condition like this. On the contrary, she felt Hua Litong was worthy of being her disciple, as she was loyal to her friends.

Han Bingling smiled charmingly. "Sure. The three of you will join my Frozen Moon Palace."

"Thank you, Palace Master Han!" Hua Litong hurriedly bowed her head.

Meanwhile, Hua Wanru and Yang Mengli looked at each other, did not know what to say.

Yang Chen naturally understood the two's thoughts. He said. "Wanru, big sister. Both of you should accept Palace Master Han's kindness."

"But..." Hua Wanru wanted to say something, but she was interrupted by Yang Chen.

"No but. I have told you before that I have a mission to fulfill. My journey is destined to fill with dangers. It would be better for me to travel alone... Don't worry. When the time comes, I will go find all of you." Yang Chen said calmly.

Yang Mengli and Hua Wanru stared at Yang Chen silently. Both of them knew Yang Chen was determined to fulfill Yan Qi's last wish.. With their current strength, they were powerless to help him. Since it was like this, why wouldn't they join Frozen Moon Palace to increase their power?
