

Myth Beyond 1811

Chapter 1811 Recuperation

Boom! Boom! Boom!

A series of explosions occurred as two figures exchanged blows. They continued to fight without showing any signs of backing down.

"Your physique has become at least twice stronger." Jin Long spoke as he casually punched Yun Lintian's abdomen.

Yun Lintian twisted his body to avoid the attack and simultaneously delivered a kick to Jin Long's waist.

Bang!

Jin Long was forced to retreat after receiving the kick. He nodded in approval. "In terms of physical strength alone, no one below the God Emperor Realm can be your opponent."

Yun Lintian retracted his leg and let out a long breath. He cupped his fists and said. "Many thanks, senior. I have learned a lot from you."

Jin Long smiled and said. "It won't be long before you become stronger than me."

Yun Lintian shook his head and said. "At the moment, I can only depend on my brute strength."

Although Yun Lintian could now battle a high-level God Emperor, he was limited to one battle at a time. He would definitely have a problem in a prolonged battle. Because of this, he must use the power of the relics and bloodlines wisely.

Jin Long nodded slightly. Ordinary people typically choose to fight opponents of similar or slightly greater strength. However, all of Yun Lintian's opponents were much stronger than him. No matter how powerful he had become, his enemy would always be stronger than him.

"By the way, senior. Do you want to accompany me to the Nine Heavens Realm?" Yun Lintian asked.

Perhaps the dragon bloodline in his body made him feel close to Jin Long.

"It depends on the Saintess." Jin Long replied. It would be a lie if he didn't want to go there. However, he always respected Lan Qinghe's opinion.

Yun Lintian did not comment further on this matter. In his opinion, Lan Qinghe would definitely allow Jin Long to leave with him.

Yun Lintian looked at her with surprise. He placed a few pieces of grilled meat on Linlin and Qingqing's plates before replying. "I don't think it's suitable for you."

"Why?" Hongyue frowned.

"The power you currently possess originates from the Primordial Moon God. In fact, you should understand this better than I do." Yun Lintian responded.

"It's only a small portion," Hongyue spoke. "It won't help me reach the True God Realm."

Yun Lintian shook his head and said. "Although I don't know much about it, I can confidently say that all the inheritors of the Primordial Gods will eventually reach the True God Realm as long as they stay alive."

Hongyue frowned in puzzlement. She didn't understand why Yun Lintian was so confident.

"Right now, you might not feel it, but in the near future, you will understand what I said today." Yun Lintian said gently. "Speaking of this, you should ask Senior Yue about it. I am certain she knows a lot about the power of the Primordial Moon God."

Hongyue fell silent. She, of course, knew about it, but she simply refused to talk to Yue Hua.

Yun Lintian picked up a piece of grilled meat and placed it on Hongyue's plate before speaking. "I know that you are still angry with her. I would feel the same way as you. However, sometimes, you must consider the bigger picture. Senior Yue has her own reasons for doing this."

"Perhaps it's time for you to open up and talk to her."

Hongyue slowly took a bite of the grilled meat without saying a word.

Yun Lintian didn't say anything further and continued to feed Linlin and Qingqing.

After finishing the meal, Yun Lintian leisurely spent time with Linlin and Qingqing, helping them with their recovery. He also made sure to stay updated on the situation in the Divine Realm during this period.

According to the report, the ancient beasts had destroyed numerous stars in the middle and upper realms. However, most of these stars were the weakest. It could be said that with the help of Jin Long and Xian An's twenty divine emperors, the damage had been significantly reduced.

"Someone wants to see me?" Yun Lintian was puzzled after hearing the report.

Yue Qing nodded and said. "It's Pill Emperor Wan Mu and Yan Yin."

Yun Lintian was slightly surprised upon hearing this. Since their last meeting, the two of them seemed to vanish from the Divine Realm. Why would they come here?

Without further thought, Yun Lintian left the Land of Beyond Heaven with Linlin and Qingqing, making their way to the Divine Moon Peak.

Chapter 1812 Strange Movement

Inside the pavilion by the pond, Wan Mu and Yan Yin were sitting opposite Yue Hua.

"It's been a long time, senior." Wan Mu said with a smile. He could be considered one of the oldest in the Divine Realm, but he was still considered a junior in front of Yue Hua.

"Indeed." Yue Hua smiled faintly.

"I am fortunate to have met Little Friend Yun. Without him, I would have been buried inside the Sea of the Stars." Wan Mu sighed gently.

On the side, Yan Yin didn't say anything, but he kept his guard up all the time. He was considered a devil, after all. Even though Yue Hua had no intention of dealing with him, he didn't dare to be careless.

At this moment, Yun Lintian walked over. "Senior Wan. Senior Yan."

Wan Mu looked at Yun Lintian and smiled. "You have become stronger again."

Yan Yin stared at Yun Lintian with curiosity. He could sense that he was no longer Yun Lintian's match. It was incredible how Yun Lintian became stronger in such a short amount of time.

Yun Lintian sat down and asked. "How have you been, seniors?"

"Thanks to you. We are living well." Wan Mu replied. "We are here to inform you of something."

"Oh?" Yun Lintian became interested.

Yan Yin took the initiative to speak. "The Devil Ancestors made some weird movements recently. They left their hell hole and went somewhere else. I can't find their whereabouts."

The nine Devil Ancestors prolonged their lives by using the hibernation technique. The fact that they were willing to go out proved that it was very important for them.

"Going out?" Yun Lintian was surprised. "Come to think of it, I don't know much about them. Can you tell me, senior?"

"These nine old bastards have been alive since ancient times. No one knows exactly how long. Some speculate that they are survivors from the Primordial Era." Yan Yin replied.

"Are you out of your mind?" Yan Yin looked at Yun Lintian with a frown.

Yun Lintian didn't say anything. Suddenly, his eyes turned completely black, emitting a dark aura.

Yan Yin was shocked. As a devil, he naturally recognized Yun Lintian's aura. He had never seen such a pure dark aura before in his entire life. Even Mo Jiu, whom he met back then, couldn't be compared to this.

"The Dark Pearl." Wan Mu said as he thought about the recent events that had taken place in Devil Valley.

Yun Lintian smiled and raised his hands. Immediately, two orbs of light and darkness appeared around them.

"Darkness and light," Yan Yin muttered. "As expected from the Beyond Heaven King's successor."

The Beyond Heaven King was renowned as the king of elements, but he seldom displayed his dark and light powers in public, leading most people to subconsciously believe that he did not possess them.

"Why do you want to go there?" Wan Mu asked curiously. He no longer doubted Yun Lintian's survival ability in the Great Devil Realm.

"I'm planning to visit the outer realms." Yun Lintian didn't conceal anything.

"Outer realms?" Wan Mu immediately understood.

Yan Yin stared at Yun Lintian and asked. "Do you know how to leave that place for the outer realms?"

"I don't know, but Senior Yun knows." Yun Lintian answered.

"Senior Yun?" Yan Yin said in surprise. "You mean Yun Yi?"

"It's me." Suddenly, Yun Yi appeared behind Yun Lintian like a ghost.

Yan Yin's pupils shrank when he saw this. He couldn't see Yun Yi's movements at all. Clearly, Yun Yi's concealment technique was beyond his understanding.

"No wonder you can stay in the Great Devil Realm for so long without being discovered." Yan Yin said. He had recently learned about Yun Yi's deeds inside the Great Devil Realm and was surprised by his strength.

Wan Mu briefly glanced at Yun Yi before turning back to Yun Lintian. "I have another matter. A few God Emperors are interested in how you plan to deal with the current situation."

Chapter 1813 New Leader

Yun Lintian's expression turned strange upon hearing Wan Mu's words. "Why would they ask me?"

Wan Mu sighed and said. "Not everyone is supporting Ren Yuan. These people simply want to survive."

"In short, they are just a bunch of cowards." Yan Yin chuckled with disdain. "These people have no qualifications to be where they currently stand, yet they are blessed with good fortune. This is why I never believe in heavens, gods, or whatever."

"I received the news on the way here that Ren Yuan has gone missing." Wan Mu continued speaking. "I believe you should know something about this."

Yun Lintian looked at Wan Mu with a hint of surprise. He didn't expect Wan Mu to have such accurate insight.

"It seems that someone has deliberately spread my information around." Yun Lintian said.

He was certain that only a few people knew about the result of his previous battle with Ren Yuan.

Qin Juehai was one of them, but Yun Lintian didn't believe he was responsible for this. After all, there was no benefit for him in telling the world about it.

For some reason, Yun Lintian believed it was Ren Yuan's scheme. However, he couldn't understand his intentions.

"Without Ren Yuan, the Divine Realm is like a headless chicken. With the addition of the current problem, the world will soon fall into chaos. There must be a new leader." Wan Mu stated.

"They just want to take advantage." Yun Yi said calmly. "When my master was around, these people never took the initiative to do something for the Divine Realm. They made it seem like everything was his responsibility."

Wan Mu offered no comment on this matter because he knew the truth. What Yun Yi said was true. These people were rotten to the core. They simply wanted to find someone to do a "housekeeping" job for them.

He came here to inform Yun Lintian about this because he wanted him to know that these people would take advantage of him.

Yun Lintian frowned slightly and said. "I have no intention of becoming a leader. Let alone work for them."

The Beyond Heaven King might be kind and cared for the Divine Realm well, but Yun Lintian was different. He did care about the innocent people who were involved, but he would never allow these selfish powerhouses to take advantage of him without consequences.

Without Yao Huang and Ren Yuan, there were Ling Yongheng, Qian Guimo, Zi Wei, Nie Weishang, Xie Wanshen, and Qin Juehai left. Yun Lintian believed that he could deal with them.

"Where should we start first?" Yun Lintian looked at Wan Mu and asked.

"Currently, the majority of the ancient beasts are heavily concentrated in the Western and Northern Divine Regions. It will be a huge blow for them if we can cut off their path from the Western Divine Region." Wan Mu replied.

"We will depart for the Western Divine Region tomorrow." Yun Lintian immediately made a decision.

Linlin and Qingqing had almost fully recovered. Yun Lintian's strength had also consolidated well during this period. The blood origins had recovered more than half. Yun Lintian was ready to take action.

Yun Lintian looked at Yan Yin and said. "Can I trouble you to watch over the Southern Divine Region for a while, senior?"

Yan Yin chuckled softly. "Are you not afraid that I will take care of them?"

"That would be great." Yun Lintian smiled.

With Yan Yin's strength, no one from the Southern Divine Region could be his match. Yun Lintian didn't think that Nie Weisheng and the others would dare to make a move in the current situation.

"Be careful of Ling Yongheng." Wan Mu spoke solemnly. "This person has a deep mind and many tricks up his sleeve."

"I will." Yun Lintian responded with a serious expression.

From what he knew, Ling Yongheng could be considered the second strongest after Ren Yuan, and he was extremely mysterious compared to the others.

"Don't worry about him." Yue Hua suddenly said, catching everyone off guard.

She looked at everyone and began to explain. "His actual body has long departed from the Divine Realm."

Yun Lintian and the others were astonished.

"Senior means... The one here is his avatar?" Wan Mu asked with a look of confusion.

Yue Hua nodded softly. "More precisely, the identity of the Everlasting Soul God Emperor doesn't exist from the beginning."

Chapter 1814 Another Unknown Entity

"What do you mean, senior?" Wan Mu was puzzled.

"He managed to deceive everyone, including me." Yue Hua explained.

"The first Everlasting God Emperor emerged approximately three hundred thousand years ago and passed down his legacy to his descendants. Ling Yongheng is considered the third generation."

"As we know, the unique characteristic of the Everlasting Soul is its ability to last for a long time, but it is not indestructible. The deaths of the first two generations have proven this point."

"However, this is what we have been misled about. Their deaths are meant to deceive everyone in the world."

"Are you trying to say that whether it's the first, second, or Ling Yongheng, they are all the same person all along?" Yan Yin asked.

"Very likely." Yue Hua responded calmly.

Yan Yin and the others were shocked.

"But how could it be possible? I am sure that their souls are different." Wan Mu frowned. He had met Ling Yongheng's father before and was certain their souls had nothing in common.

"I didn't notice it until a few years ago either." Yue Hua replied. "Whenever I attempted to glimpse into the fate of the Divine Realm, Ling Yongheng's destiny always remained unchanged. He would disappear at the end."

"It was at that moment that I began to notice something unusual. Logically, a person's destiny is always subject to change. Although the final destination could remain the same, everything that happens along the way would definitely be different."

"It became even clearer when Lintian entered the Divine Realm. Ling Yongheng's fate still remains unchanged. I immediately knew that something was wrong."

She paused for a moment to look at everyone and then continued. "The only way for a person to have the exact same fate throughout their life is if that person doesn't exist or he is something created by someone."

Yue Hua was certain that Ling Yongheng and the previous generations of the Everlasting Soul God Emperor were mere avatars of someone. It was the main reason she didn't directly confront him whenever he appeared.

"Roar!"

Somewhere in the Wood Spirit Realm, countless ferocious beasts filled the sky, roaring and attacking everything in sight.

At the edge of a dense forest, two figures hid behind a tree, watching the tragic scene in horror. They were none other than Gu Chenlei and Bai Xue, whom Yun Lintian had met in the Sea of the Stars.

After hearing about the beast horde, they came out of the Maya Forest to look at the situation.

"What should we do, senior brother?" Bai Xue asked tremblingly. She couldn't bear to see so many people being torn apart by the ferocious beasts.

"We can't do anything." Gu Chenlei clenched his fists while speaking. His eyes filled with unwillingness as he gazed at the tragic scene in the distance.

Suddenly, a gigantic beast in the sky caught sight of Gu Chenlei and Bai Xue. It opened its mouth, and a black beam immediately shot out, rushing toward them.

"Not good!" Gu Chenlei's expression changed dramatically. He grabbed Bai Xue's arm and ran away.

BOOM—

A large portion of the forest was obliterated directly beneath the black beam.

Gu Chenlei and Bai Xue narrowly escaped from the scene and were propelled a great distance by the impact.

"Cough!" Bai Xue coughed heavily as she rose from the ground. Her body shook uncontrollably as she witnessed the devastating scene behind her. If Gu Chenlei had been a split second slower, both of them would have been obliterated by now.

Gu Chenlei stood up, grabbed Bai Xue's arm, and ran away without looking back.

"Roar!" The gigantic beast was enraged and commanded its followers to pursue them.

Gu Chenlei's expression turned grim as he felt the terrifying pressure from behind. He suddenly regretted his decision. He shouldn't bring Bai Xue here with him.

Several beasts rapidly closed in on Gu Chenlei. However, as they were about to catch him, thick tree roots suddenly shot out of the ground and wrapped around them...

Chapter 1815 Entering The Battlefield (1)

"Roar!" The ancient beasts roared furiously, struggling to break free from the tree roots, but their efforts were futile. The more they struggled, the tighter the restraints became.

At the same time, a stunning woman in a pale green robe appeared on the ground. She gazed at the ancient beasts and spoke. "Leave the Wood Spirit Realm."

"Senior sister!" Gu Chenlei and Bai Xue were delighted when they saw the woman. Her name was Chu Mei, the eldest disciple of their master.

Chu Mei glanced at them and said. "I will punish both of you later."

Gu Chenlei and Bai Xue immediately lowered their heads in shame.

The gigantic beast in the sky glared coldly at Chu Mei. It could feel the immense power in her body.

Suddenly, the beast opened its wings, and several black beams rained down from the sky, blocking out all the sunlight.

Chu Mei remained calm in front of the overwhelming power. She raised her hand gently, and countless tree leaves immediately soared into the sky, forming a massive barrier to cover the entire region.

Boom! Boom! Boom!

The black beams continued to bombard the green barrier made of tree leaves, producing consecutive explosions. However, none of them managed to penetrate the barrier. They were completely blocked.

The gigantic beast frowned upon witnessing this scene. Before it could take any further action, the tree leaves suddenly scattered and rushed towards all the ancient beasts in the area.

Puff!

The tree leaves were like sharp blades, cutting the targets into pieces.

The gigantic beast was startled. It immediately turned around and fled. Seeing their leader run away, the remaining beasts didn't dare to stay any longer and fled to save their lives.

Gu Chenlei and Bai Xue breathed a sigh of relief when they saw this scene. However, they didn't dare to look at Chu Mei and continued to lower their heads like a child who had made a mistake.

Chu Mei looked at the injured people in the far distance and let out a soft sigh. A green aura suddenly shot out of her body, enveloping the entire region. The wounded victims could feel the pain slowly dissipating as their injuries gradually healed.

Yun Lintian knew that he couldn't change her mind. He called Linlin and Qingqing over and left the Land of Beyond Heaven directly.

"I have already contacted those people. They will immediately launch an attack on the enemy." Wan Mu spoke as soon as he saw Yun Lintian.

When Yue Hua stepped forward, those god emperors who had been inactive in the past became active again. Especially when they learned that Ren Yuan had disappeared. Without a doubt, the era of the Heavenly Desolate God Emperor was likely coming to an end.

Yun Lintian was not surprised by it. "Good. We will leave right away."

He turned to look at Yan Yin and said. "Be careful, senior."

"Don't worry. It's just a bunch of cowards. They won't dare to come out of their caves." Yan Yin chuckled with disdain. He simply looked down on every god emperor of the Southern Divine Region. In the past, none of them dared to confront him whenever they heard his name.

Yun Lintian didn't say anything else because he knew Yan Yin wasn't careless.

"Be careful when you head north." Yue Hua said. "The situation regarding Ling Yongheng is unclear. It's better to avoid him for the time being."

"I know." Yun Lintian nodded and took out the Fleeting Cloud Profound Ark.

Yun Lintian boarded the profound ark with Linlin and Qingqing, followed by Yun Yi, Hongyue, and Jin Long. As for Wan Mu, he would return to the Heavenly Water God Realm.

Yun Lintian exchanged glances with Yue Hua and then set off. The first destination was the Heavenly Fox God Realm.

The Fleeting Cloud Profound Ark transformed into a streak of white light rushing through the starry sky.

"The aura has become richer," Hongyue said calmly.

Yun Lintian had also discovered it and figured out the reason. Millions of people must have died during this period, which meant fewer consumers. The aura was naturally becoming richer... It was a sad story rather than a happy event.

"Don't feel bad about it. People die every day. You cannot control it." Yun Yi said gently.

Yun Lintian raised his head to gaze at the beautiful yet lonely starry sky ahead without saying anything. He was not a god, but he did not want to see anyone die pointlessly like this again, if possible...

Chapter 1816 Entering The Battlefield (2)

Inside the Heavenly Fox Realm, a fierce battle raged on. A countless number of ancient beasts formed a black tide, pushing a group of practitioners back.

"Please leave, my lord." A wounded woman spoke as she did her best to kill a few ancient beasts in front of her. Her entire body was soaked in blood, and it seemed to have been like this for months.

Standing behind her was Bi Zhelan, the Heavenly Fox God Emperor.

The Heavenly Fox God Realm was attacked by the ancient beast horde twice. The first time, Bi Zhelan barely managed to drive the enemy away but suffered heavy losses in the process.

This time, the enemy was actually weaker than before, but their numbers were greater. It wasn't something that the already weakened people, like her and her subordinates, could resist.

"Give up and join us." In the sky, a woman named Bing Li gazed coldly at Bi Zhelan. She could have ended Bi Zhelan's life at any moment, but she chose to persuade her instead.

Bi Zhelan raised her head to look at her and said. "We are different."

"Different?" Bing Li shook her head. "The Heavenly Fox Clan has existed since ancient times under the rule of the Heaven Devouring Devil God. I have allowed your clan to survive until now because I do not want it to disappear."

"But there won't be a second chance. Tell me. Do you want to see all of your people die here?"

"My lord, please leave now." The Heavenly Fox Divine Emperors turned to look at Bi Zhelan and urged her to leave. They were willing to sacrifice themselves to pave the way for her.

Bi Zhelan's hand trembled slightly as she saw her people's miserable appearances. She blamed herself for being incompetent and unable to protect everyone.

Bing Li noticed this and pursed her lips. In her opinion, Bi Zhelan would definitely bow her head.

Just as Bing Li was about to say something further, her expression suddenly changed. At this moment, a streak of white light suddenly flashed in the sky, revealing a huge profound ark.

It was the Fleeting Cloud Profound Ark.

Bing Li recognized it immediately as she had seen it before. Without hesitation, she turned around and vanished into the void.

"Where are you going?" Yun Lintian's voice suddenly echoed in Bing Li's ears, causing her body to shudder.

At the same time, a surge of terrifying power manifested behind her. Bing Li was a god emperor, and her reaction was definitely top-notch. However, she failed to react as a sharp pain suddenly rushed to her head.

Puff!

Instantly, all the beasts were cut in half without any chance to resist and died on the spot.

The Heavenly Fox Clan's people were stunned by the scene. They had been battling these beasts for a long time and were well aware of their immense power. Now, the beasts had suddenly perished. They didn't know how to react at the moment.

"Are we dreaming?" One of them murmured.

Bing Li was jolted back to reality. She looked at the scene in terror. Yun Lintian's power was beyond her understanding.

After witnessing this scene, she realized the chance of her leaving here alive was slim. A glimmer of determination flashed across her eyes as her body suddenly swelled.

She wanted to detonate her profound vein!

"Hmph!" Linlin snorted coldly and slapped Bing Li.

Pa!

In an instant, Bing Li's body was cleaved in half by Linlin's claw.

Yun Lintian looked at Bing Li's lifeless body in surprise. He had clearly sealed her profound vein. How did she manage to detonate it?

"A god emperor cannot be underestimated," Hongyue spoke. "Even if you seal her profound vein, it doesn't mean she can't detonate it."

Yun Lintian nodded slightly. It wasn't that he was careless or underestimated the enemy, but Bing Li was exceptional.

He turned to Bi Zhelan and cupped his fists. "Junior Yun Lintian greets Senior Heavenly Fox God Emperor."

Bi Zhelan took a deep breath and said. "Thank you for saving us."

Yun Lintian glanced briefly around the place and said. "Let's clean up first and find a place to talk."

Bi Zhelan had no objections. She ordered her people to clean the battlefield while guiding Yun Lintian to her residence...

Chapter 1817 Vision

"Cough!" Bi Zhelan coughed up a mouthful of blood as soon as she stepped into her courtyard.

"Let me help you, senior." Yun Lintian quickly stepped forward and sent a green vine to wrap around her arm before infusing the wood energy into her body.

Bi Zhelan was surprised to see her injury begin to visibly recover. Especially her old injury that had been bothering her for ages. It actually started to improve as well.

She took a deep look at Yun Lintian and said. "Thank you."

Bi Zhelan regained more than fifty percent of her strength a moment later. It was so fast that she wouldn't have believed it if she hadn't experienced it herself.

Yun Lintian retracted the vine and spoke. "Senior should be able to fully recover within a month."

Bi Zhelan nodded gently and invited Yun Lintian and the others to take a seat.

After pouring everyone a cup of tea, Bi Zhelan glanced at Hongyue and said. "I knew you would be fine."

Hongyue pursed her lips. "It looks like you've seen something. Why don't you tell me about it?"

The Heavenly Fox Clan's innate talent was similar to Yue Hua's power. They could catch a glimpse of the unknown future, but it was impossible to control it.

Bi Zhelan shook her head and said. "All I see is chaos."

Hongyue frowned slightly. "Chaos?"

Bi Zhelan took a sip of tea and explained. "I believe Senior Yue should have already told you a thing or two. What we are facing right now is merely a trivial matter. The real deal should arrive soon. At that time, the Divine Realm will be bathed in blood."

"What exactly is going to happen?" Yun Lintian asked.

"Honestly, I can't explain it well. It is exactly what I saw with my vision." Bi Zhelan answered. "However, if this incident truly occurred, it would be several times more severe than the previous war with the Primordial God Tribe."

Yun Yi frowned deeply upon hearing this. He was one of the many who participated in the previous war. It was already tragic enough at that time. He couldn't imagine how much worse it was in Bi Zhelan's vision.

As a profound beast, Bi Zhelan naturally harbored a prejudice against humans. She had witnessed numerous tragic scenes in which human practitioners deceived profound beasts and used them as tools.

Linlin's identity was not simple. She was a true descendant of a divine beast. Even though Yun Lintian was the successor of the Beyond Heaven King, Bi Zhelan couldn't relax and leave Linlin in his care.

"You should visit the Wood Spirit Realm." Bi Zhelan suddenly spoke. "Perhaps you will find something."

Yun Lintian raised his eyebrows slightly. He couldn't understand the meaning of Bi Zhelan's words. What would he find there?

He suddenly thought of Bai Xue, the Snow Flower girl he met in the Sea of the Stars. She gave him a maple leaf to guide him to the Maya Forest. Perhaps it had something to do with this.

"I will take a look at it." Yun Lintian responded.

"Let's go." Hongyue stood up and spoke.

She didn't want to waste her time since there was nothing else to do here.

Yun Lintian looked at Hongyue with a look of doubt. He didn't know why she seemed to have something against Bi Zhelan.

"They had an unpleasant encounter in the past. Bi Zhelan prevented her from killing her target. She has always held a grudge since then. I thought she would have forgotten it by now." Yao Yi sent a sound transmission to Yun Lintian.

Yun Lintian was speechless upon hearing this but wasn't very surprised. He was familiar with Hongyue's personality. It was normal for her.

Yun Lintian handed his personal transmission jade to Bi Zhelan and said. "We will leave first, senior. You can contact me at any time."

Bi Zhelan took the jade and said. "If possible, you should check the tunnel connecting the two realms. There should be something happening."

"I will." Yun Lintian nodded.

He stood up and called the profound ark over and set off immediately.

Bi Zhelan watched as the Fleeting Cloud Profound Ark flew away before turning to the battlefield. She sighed softly. "I hope it was just a dream."

Chapter 1818 Revive

After leaving the Heavenly Fox God Realm, Yun Lintian continued eliminating as many ancient beasts as possible. However, many ancient beasts began fleeing south as if they knew about his arrival.

Yun Lintian didn't visit the other god realms and headed straight to the former White Tiger God Realm.

A few days later, the Fleeting Cloud Profound Ark gradually approached a desolate star at the center of the Western Divine Region.

Hongyue looked at the solitary star in the distance and sighed softly. The once glorious White Tiger God Realm had become a dimmed star without any light.

"The White Tiger God Realm completely depleted its power in order to repel the invaders." Yun Yi spoke.

Yun Lintian silently gazed at the desolate star in front of him. He could easily imagine the prosperity of the White Tiger God Realm in the past. Seeing it in this condition, he suddenly felt a pang of heartache.

Linlin stared at her hometown, her eyes growing hazy. Although the White Tiger God Realm had been reduced to this state, she could still feel a connection to it. She was undoubtedly born here.

Yun Lintian gently hugged Linlin. "Let's take a look."

"Mhm," Linlin responded softly.

Yun Lintian piloted the profound ark toward the desolate star in the distance.

Upon entering the White Tiger God Realm, the first thing they encountered was not a desolate landscape but a horde of profound beasts.

Yun Lintian's eyes turned cold instantly. This place had completely lost its aura, yet these beasts still came here.

"Let me do it," Linlin said coldly, jumping out of Yun Lintian's embrace.

Linlin transformed back to her true form and opened her mouth, unleashing a deafening roar.

Roar—

Instantly, the sky churned violently, followed by raging thunderbolts descending upon the profound beasts below.

BOOM! BOOM! BOOM!!

It seemed as though a god of thunder was furious. All the profound beasts under the sky were mercilessly killed by the thunderbolts.

She glanced at Yun Yi and asked. "You really have no idea about this?"

Yun Yi shook his head. "My master must have erased that part of my memory. I have been trying to figure out Lintian's abnormality, but in the end, I couldn't find anything."

"Since Master has decided to do this, it means that this secret cannot be leaked no matter what."

Hongyue was surprised to learn that a portion of Yun Yi's memories had also been erased. "What on earth is he hiding from us?"

Yun Yi said calmly. "It doesn't matter. All I need to do is follow his instructions."

Hongyue pursed her lips. She wasn't Yun Tian's servant. Following his instructions wasn't her thing. However, she knew that she wouldn't be able to find any information about this secret.

Perhaps only Yun Lintian could solve this mystery.

Jin Long listened to their conversation silently.

He had so many doubts from the moment he first saw Yun Lintian. Based on his knowledge, no individual or entity was capable of making all the energies coexist harmoniously within their body as Yun Lintian and Yun Tian did in the Primal Chaos. Especially a divine beast's bloodline.

As a descendant of a divine beast himself, Jin Long's understanding of the bloodline was definitely higher than anyone here. It was nearly impossible for an ordinary mortal to inherit a divine beast's bloodline. Mainly, it was because their body was too fragile.

In the past, many humans successfully refined the divine beast's bloodline, but in reality, it was just a tiny amount of diluted bloodline that couldn't even be counted as one.

On the contrary, Yun Lintian could easily refine the blood origin of the most powerful divine beasts, such as the Primordial Azure Dragon God and the White Tiger God, without side effects.

One had to know that even a direct descendant of the divine beasts themselves might be unable to refine it as Yun Lintian did.

Perhaps Jin Long would never find the answer in his lifetime.

After a while, Yun Lintian retracted the vines and took a deep breath. Although tired, the lush scenery in front of him was worth the effort. The once barren wasteland was now transforming into a landscape filled with forests, rivers, and mountains.

"Thank you, big brother." Linlin couldn't help but say it again.

Yun Lintian smiled and said. "We will stay here tonight."

"I just received the news. Something strange is happening within the forsaken land." Hongyue suddenly spoke. Her words immediately ruined the mood...

Chapter 1819 Eerie Event

"What happened?" Yun Lintian asked curiously as he set up a table and chairs.

"A large group of ancient beasts continued to pour into the Primordial God Forsaken Land during this period for unknown reasons. This caused the already unstable space within the area to become even more chaotic." Hongyue replied.

"Earlier, our people have detected an anomaly within that location. Everything suddenly became stable, and the chaotic space has solidified once more."

"Oh?" Yun Lintian was surprised.

A space was similar to a single room. As more people entered, the situation became increasingly unstable. The only way to restore stability in the space was to evacuate the people.

Yun Lintian suspected that something had happened to those ancient beasts. Perhaps they were killed by other formidable entities within that place.

"No clue?" Yun Yi asked with a frown.

Hongyue shook her head. "I suppose we'll have to check it ourselves."

Yun Lintian thought for a moment and said. "Let it be first. We couldn't find anything in a short time anyway."

Upon saying this, Yun Lintian began building a house with the help of Qingqing and Linlin.

Hongyue and Yun Yi glanced at each other and remained silent.

"Bastard Ren Yuan! How dare you run away!?" Inside the gray space, Qian Guimo, who had resumed the appearance of a young man, cursed angrily. Judging by his appearance, it seemed like he had recently been in a battle.

After Ren Yuan disappeared from the Divine Realm, Qian Guimo knew he would become Yun Lintian's next target. Although he could disguise himself and hide among the lower realm stars, he didn't dare to take the risk.

Who could guarantee that Yun Lintian didn't have the ability to locate him?

Qian Guimo was shocked to the core. He didn't hesitate to use a forbidden technique to escape, but he soon discovered it was futile. The black hand had already wrapped around him and pulled him toward the rift.

"No!" Qian Guimo screamed in horror. He had never felt so powerless before. The power emanating from the giant hand wasn't something he could resist.

The next moment, Qian Guimo was pulled into the rift and completely vanished. The disturbance in the space quickly subsided and disappeared as if nothing had occurred.

A similar scene unfolded throughout the Primordial God Forsaken Land. Many ancient beasts were forcefully dragged into spatial rifts by eerie black hands that seemed to emerge from the depths of hell...

Yun Lintian wiped the sweat off his forehead and looked at the simple wooden house in front of him with satisfaction. Although it wasn't comparable to his villa, it was more than sufficient for living.

This house would be the first step in reviving the White Tiger God Realm.

Hongyue looked at him and said. "I thought you were in a hurry."

"Of course." Yun Lintian chuckled. "But no matter how urgent the situation is, I won't be able to solve it immediately. Especially given the current situation."

He turned to look at Hongyue and said further. "Based on Senior Bi's words, I am certain that something has occurred on the tunnel leading to the Great Devil Realm. Do you think Ren Yuan will leave it open for us?"

Hongyue fell silent instantly.

Yun Lintian sighed and continued. "I was prepared to engage in a deadly battle upon reaching the Divine Sovereign Realm. Who would have thought that Ren Yuan and the others chose to escape immediately?"

Yun Lintian felt helpless when he thought about this. It seemed as though he had been bullied for a long time, but when he finally wanted to fight back, the bullies simply fled, leaving him punching the air. It was really uncomfortable.

However, he knew this was the reality. It wasn't a typical novel where a villain waited for the protagonist to kill them after leveling up. Whether Ren Yuan or Yao Huang, both of them were extremely smart. How could they do nothing?

"Let's stay for a night. We will leave for the Wood Spirit Realm tomorrow.

Chapter 1820 Desperate

"We have just received the report. Yun Lintian is currently clearing out the ancient beasts in the Western Divine Region. His next target should be the Northern Divine Region. What should we do, my lord?"

Inside the Violet Thunder Palace, Zi Yunlei reported to Zi Wei. His expression wasn't good after learning about Yun Lintian's current strength. It would only be a matter of time before Yun Lintian arrived here.

Zi Wei was not much different. His expression was extremely gloomy. At first, he believed that a confrontation between Ren Yuan and Yun Lintian would happen. Unexpectedly, Ren Yuan packed his bags and left the Divine Realm directly.

Furthermore, Qian Guimo and the others had also gone into hiding. As much as he wanted to run, Zi Wei didn't know where he could go.

"What about Ling Yongheng and Nie Weisheng?" Zi Wei asked.

Zi Yunlei smiled wryly. "The Everlasting Soul God Emperor remains silent on this matter. From the look of it, he clearly doesn't want to be Yun Lintian's enemy."

"As for the Dark Sea God Emperor, he said his injury has not yet recovered. So, he won't do anything."

Zi Yunlei paused for a moment and sighed. "I also received news that Yan Yin has appeared in the Southern Divine Region. Clearly, he is keeping an eye on everyone there. In short, no one in the Southern Divine Region dares to come out."

Unlike Zi Wei, who directly stabbed the Beyond Heaven King in the back, Nie Weisheng and the other god emperors in the Southern Divine Region didn't do much. They could say Ren Yuan forced them to attack the Beyond Heaven King.

These people must have hoped that Yun Lintian wouldn't care about them.

Zi Wei's heart grew cold upon hearing this. No one could help him now.

Silence descended. Not even a breath could be heard.

A while later, Zi Wei raised his head to look at Zi Yunlei and asked. "Do we have a chance if we surrender?"

Zi Yunlei's eyes widened in shock. He didn't expect Zi Wei to have this idea.

He quickly calmed down and spoke solemnly. "The chance is very slim, my lord. Even if Yun Lintian doesn't care, the Red Moon Princess will not let this matter go."

Zi Wei let out a long sigh. He actually knew the result but wanted to confirm it. Perhaps he just tried to alleviate the pressure in his heart.

"You don't have to feel bad for him. My master had never considered him to be his disciple. He also knew that Zi Wei wasn't a good person. He taught him a few things because he wanted to elevate the strength of the Eastern Divine Region." Yun Yi said calmly.

Yun Lintian nodded slowly. Evidently, the Beyond Heaven King knew that the Azure World would eventually shift to the Eastern Divine Region. He tried to enhance Zi Wei's and the others' strength for this.

"Losing the Violet Thunder God Emperor will weaken the Eastern Divine Region." Yun Lintian frowned slightly.

"Simple. You can push the Heavenhold Realm up." Hongyue spoke.

Yun Lintian's eyes brightened. Although Tian Yuhan's current strength was not up to par, she had great potential to become a god emperor.

"What about Qin Juehai?" Yun Lintian asked further.

"There has been no movement so far. Perhaps he has already escaped." Hongyue said coldly.

Yun Lintian fed Linlin and Qingqing the grilled fish while pondering. He now understood why Ren Yuan had kept everything neutral from the beginning. Basically, he wanted to preserve the power balance within the Divine Realm.

In the event of a future invasion by a foreign enemy, such as the Primordial God Tribe, the Divine Realm would still have a chance to resist.

Yun Yi and Hongyue naturally understood Yun Lintian's concerns. Losing a god emperor without a backup wasn't a small matter.

Yun Lintian let out a long breath and said. "Well. I will leave this problem to Senior Yue."

He took out a transmission jade and contacted Bi Zhelan, asking her to send people over.

After finishing the meal, Yun Lintian cleaned up everything and set off for the Wood Spirit Realm.

"We will come back later." Yun Lintian gently patted Linlin's head when he saw the reluctance in her eyes.

"Mhm," Linlin responded softly and buried her head in Yun Lintian's chest.

"Roar!"

When Yun Lintian's group left the White Tiger God Realm, they immediately encountered a massive horde of ancient beasts. They seemed to be fleeing from something...
