Chapter 1821 Mysterious Origin

Yun Lintian looked at the group of fleeing beasts in surprise. He couldn't find anything that would make them run for their lives like this.

Hongyue raised her hand, prepared to kill all of them. However, Yun Lintian stopped her first.

"Wait a moment." Yun Lintian said with a frown. He immediately activated the Eyes of Heaven and soon detected a gloomy aura in the far distance behind the beasts.

"The aura of death?" Yun Yi exclaimed with surprise.

"How did it get here?" Hongyue asked in puzzlement.

"Look at that." Jin Long suddenly spoke with a serious expression.

Everyone quickly followed his gaze and saw several black hands extending out of the void, pulling the beasts away.

Yun Lintian narrowed his eyes slightly. The aura emanating from these eerie hands was reminiscent of the aura of death within the Death Sea Realm. There was also a hint of the great laws of death in it... Where did it come from?

Numerous ancient beasts were dragged into the void, accompanied by wretched screams. No one knew what was happening behind the scenes.

Yun Lintian pointed his finger at the distant black hands. A powerful beam of white light shot out from the tip of his finger, heading straight toward them.

It was as if they had noticed this. When the white light approached, the black hands shook and quickly recoiled, retreating into the void and vanishing completely.

Yun Lintian and the others were surprised by this sight. The light energy appeared to be very fatal to those mysterious hands.

At this moment, Hongyue waved her hand, and a sharp red light flashed in the space.

Ripp—

The terrifying red light immediately tore the remaining ancient beasts apart into pieces.

Yun Lintian waved his hand and cleared the battlefield. The beast cores of these ancient beasts were highly valuable. He could use them to make some pills for Linlin later.

"It doesn't come out anymore." Yun Lintian scanned the surroundings.

He turned to Yun Yi and asked. "Is it similar to the previous war?"

Yun Lintian suspected that there was a problem with the Divine Realm's boundaries.

"My king, please allow me to go out." Suddenly, Lauya's voice echoed in his mind.

Yun Lintian didn't think much about it and opened the Gate of Beyond Heaven, allowing Lauya to come out.

Lauya looked at the verdant landscape below and said. "This is the place where the Tree of Life originated."

Yun Lintian and the others were stunned.

"Are you sure?" Yun Lintian asked.

"I can feel it," Lauya replied. "Even if it wasn't born here, it should have stayed in this place for a long period of time."

Although Lauya was the second-generation true spirit of the Tree of Life and inherited a portion of the memories from the previous one, there were many things she didn't know.

However, when she arrived at this place, she immediately felt as though she had returned to her roots.

Yun Yi frowned slightly. "My master picked up the Tree of Life from somewhere and later entrusted it to Miss Yao. That was the last time I saw it."

Yun Lintian nodded slowly. "Let's take a look."

He quickly found a city and lowered the profound ark.

The city he found was called West Wood City. Judging from the damage on the wall, it was evident that they had just experienced a war.

Yun Lintian stored the profound ark and walked into the city with everyone.

There were not many people on the streets, but Yun Lintian could see that they didn't have any worries on their faces.

"Newcomers?" Suddenly, a male voice resounded from behind.

Yun Lintian turned around and saw a friendly middle-aged man smiling at him.

"Yes, uncle. This is our first time here." Yun Lintian responded politely.

The middle-aged man sighed softly. "Unfortunately, you came at the wrong time. Everyone has just returned after escaping the war. You can visit the Green Forest Inn in the city center. It should be available."

"Many thanks." Yun Lintian cupped his fists.

The middle-aged man waved his hand. "It's just a small matter. By the way, you shouldn't walk around during this time. There are many bandits outside."

Chapter 1822 Bandits

"Bandits?" Yun Lintian responded with a strange expression.

"Yes. Many people have been coming here in the last few days. They don't appear to be locals here. They should come here to find treasures and take advantage of the opportunity to rob people." The middle-aged man said.

He paused briefly to look at Yun Lintian and everyone before continuing. "You have two children and a cute pet with you. Clearly, you cannot be a bandit. I don't want you to encounter a disaster."novelb1n

Yun Lintian glanced at Hongyue and saw the latter pout. Without a doubt, the other child besides Qingqing was Hongyue. If the uncle knew she was a genuine God Emperor, he would probably be scared witless.

"Thank you for sharing this with us." Yun Lintian replied politely.

"Although the city has just experienced the war, the security here is still good. You will be fine as long as you stay inside the city." The middle-aged man smiled and walked away.

"Those people probably thought it was a good time to come here." Yun Lintian shook his head.

Disasters were rampant in the Western and Northern Divine Regions, yet these people never ceased their pursuit of wealth in troubled times.

Yun Lintian didn't say anything else and strolled around the city. Despite the recent war, many shops in the city had already reopened.

Yun Lintian discovered that there were countless high-quality medicinal ingredients being sold here. Some of them were extremely rare, but they were actually available here.

Without hesitation, Yun Lintian purchased everything he lacked and intended to cultivate them in the Land of Beyond Heaven.

His extravagant spending habits attracted the attention of the people in the area. Among them, there was a group of four men who were dressed relatively well. These people gazed at Yun Lintian with a touch of greed.

"Should we do it?" One of them asked, using a sound transmission.

In his opinion, Yun Lintian was simply a young master from a wealthy family. No one around him looked powerful, either. They appeared to be Divine Kings at most.

"Let's wait and see first. Since he dares to flaunt his wealth so openly, he must be confident in his safety." A group leader responded.

No one said anything else, and they silently walked away.

"There are some rats over there," Qingqing spoke as she licked a lollipop.

Yun Lintian naturally noticed those people, but he didn't care. "Let them be."

The skinny man's eyes widened in shock. He quickly turned around and saw a middle-aged man smiling at him.

If Yun Lintian were here, he would immediately recognize this person. He was none other than the friendly uncle he had met before.

"You shouldn't create trouble here." The middle-aged man said.

Puff!

The skinny man's head was instantly severed. He didn't even know how he had died.

"You've killed someone again, Third Uncle."

At that moment, a young girl who looked to be about ten years old walked into the house and gazed at the bodies on the ground with a look of disgust.

The middle-aged man, San Mao, quickly waved his hand and wiped everything clean.

He turned to look at the young girl and said. "I can't be helped. These people continued to cause trouble here despite the initial warning."

The little girl rolled her eyes. "You just wanted to kill people. I know it."

San Mao smiled awkwardly and changed the topic. "Why are you here?"

"I came to see his successor." The little girl spoke as she looked in Yun Lintian's direction. "From how he treated that true spirit and the descendant of the White Tiger God, he doesn't seem so bad... Unfortunately, he is too weak."

San Mao touched his chin and said. "You are judging him too harshly. He is not even a hundred years old. He is indeed very kind, but it's understandable. Otherwise, the Tree of Life would not have recognized him."

The little girl's eyes flickered a few times. She turned to look at San Mao and said. "Do we need to test him?"

San Mao shook his head. "No more. In fact, we shouldn't have tested him from the beginning. Our lord will do it herself."

The little girl pouted in dissatisfaction. "You have changed, Third Uncle."

San Mao smiled wryly. "Let's go back."

The two of them immediately vanished from the place...

Chapter 1823 Maya Forest (1)

Yun Lintian woke up in the morning and went to have breakfast in the dining hall. He discovered that the number of people on the streets had increased overnight. It seemed that everything was back on track.

He also found that no one paid attention to him anymore. It seemed like the bandits had given up.

It was good for Yun Lintian in this way. He didn't want to kill anyone in such a cliché situation.

After finishing breakfast, Yun Lintian and the others immediately set off toward the Maya Forest, following the clue from the maple leaf.

Along the way, Yun Lintian saw numerous ruined towns and cities. Although they were slowly recovering, the severity of the war's impact was evident.

An hour later, Yun Lintian arrived at a seemingly ordinary forest. There were numerous people camping at the edge of the woods. From their appearance, it was evident that they were refugees.

Yun Lintian parked the profound ark far away before walking towards the camp. The maple leaf clearly pointed in this direction. Without a doubt, the Maya Forest must be nearby.

Yun Lintian's arrival captured everyone's attention. They could see that Yun Lintian's group was extraordinary.

"Are you here to find the Forest Fairy?" An old man stepped forward courageously. He looked at Yun Lintian cautiously and spoke. "You should go back. Do not disturb her."

Yun Lintian was taken aback. He immediately understood something when he saw the vigilance in everyone's eyes.

He clasped his hands together and spoke politely. "Please forgive us, everyone. We arrived here yesterday and learned about the Maya Forest. We just want to check it out."

Everyone frowned even more upon hearing this.

"Go back." The old man spoke. "Unless you are invited by the Forest Fairy herself, you should forget about trying to find the Maya Forest."

Hongyue frowned slightly. She swept her gaze over everyone, causing them to shudder. If it weren't for Yun Lintian, she would have sent them flying by now.

The old man and the others were sweating profusely under Hongyue's invisible pressure. They knew they were powerless to stop Yun Lintian's group, but they didn't back down.

Yun Lintian observed everyone's resolute stance and sensed that it would be unwise to proceed further. He cupped his fists and said. "If that's the case, we will leave."

The old man and the others were surprised by Yun Lintian's demeanor.

Yun Lintian didn't say anything else and prepared to leave.

Yun Lintian and the others were immediately struck by an incredibly refreshing sensation. The atmosphere in this place was much better than outside. The vitality here was also stronger than in Lan Qinghe's small world.

It was unbelievable that such a pure land existed in the Divine Realm.

Yun Lintian looked around and saw a variety of flowers, trees, rivers, and mountains. It was beyond a paradise in a fairytale. Everything here seemed to be alive, exuding endless vitality.

"Did you sneak out again, Little Girl Bai?" A female voice suddenly resounded.

Yun Lintian turned to look toward the sound and saw a tall sunflower seemingly gazing back at him. He was stunned for a moment.

"What are you talking about, Auntie Yang? I went out to pick up Master's guests." Bai Xue pouted.

The sunflower shook slightly as if it were laughing. "Hehe. Don't try to fool me. Who doesn't know that you have caused a lot of trouble recently?"

"Oh? This young boy is quite handsome. Hello. My name is Yang Zi." The sunflower perked up when it saw Yun Lintian.

Yun Lintian regained his senses and quickly replied. "Hello, Sister Yang. My name is Yun Lintian. I'm sorry for disturbing you."

"Yun Lintian? What a nice name." The sunflower swayed in the breeze. "How about admiring the flowers with me here?"

"Stop!" Bai Xue hurriedly said. "Don't try to seduce Brother Yun."

"Tsk! What do you know? This is called getting to know each other." The sunflower swayed from side to side.

"Let's go, Brother Yun." Bai Xue ignored the sunflower and pulled Yun Lintian away.

"Tsk, tsk, tsk. He surely found a good successor." The sunflower whispered to itself as it watched Yun Lintian walk away.

"What did you find?" Suddenly, a small pigeon flew over and landed beside the sunflower.

"Everything is fine except for the dark aura emanating from that tall man." The sunflower replied.

"That's good. It seems that they are not bad." The pigeon heaved a sigh of relief.

"Even if they are bad, do you think they can do whatever they want here?" The sunflower "rolled" its eyes.

Chapter 1824 Maya Forest (2)

Yun Lintian walked along a narrow path paved with stones. He was greeted by numerous plants, animals, and trees along the way. It made Yun Lintian wonder if the stone beneath him was alive.

"Brother Yun." At this moment, Gu Chenlei walked over and cupped his fists, greeting Yun Lintian.

Yun Lintian nodded slightly. "We meet again."

"I haven't had the chance to thank you for helping us last time. Please allow me to take care of you here." Gu Chenlei said sincerely.

Yun Lintian smiled and said. "Then I will have to trouble you."

"Where is Master?" Bai Xue asked.

"Master is currently preparing a meal." Gu Chenlei answered. He looked at Yun Lintian and said. "Please follow me to my master's residence."

"Wow!" Bai Xue's eyes lit up. She quickly explained. "Master's culinary skills are top-notch. You are lucky, Brother Yun."

Yun Lintian smiled without saying anything.

Under Gu Chenlei's leadership, Yun Lintian's group soon arrived at a lofty tree house. It appeared ordinary, but Yun Lintian and the others could sense an invisible pressure surrounding this place. As long as they had even a hint of malicious intent, they would surely be attacked.

"Welcome to my humble abode. The successor of the Beyond Heaven King, the Red Moon Princess, the Cloud Keeper, and the descendant of the Five-Clawed Golden Dragon. Please take a seat first."

A pleasant female voice suddenly echoed in everyone's ears.

Jin Long raised his eyebrows as he spoke. "A true god?"

The expressions of Yun Lintian, Hongyue, and Yun Yi changed dramatically when they heard this. Who would have thought there was a true god living in the Divine Realm all this time?

"This way, everyone." Gu Chenlei became more reserved as he led Yun Lintian's group into the tree house.

Bai Xue was no different. The lively appearance she once had was no longer present. She had become quieter and more solemn. It could be seen how strict their master was.

The interior of the treehouse was simple. There were a few pieces of furniture made of wood and stone. It was unbelievable that this place was the residence of a true god.

Lauya looked around briefly and then spoke. "I have been here before."

Yun Lintian, Hongyue, and Jin Long also noticed it. They could feel their bodies gradually improving.

"These ingredients are on a Lower God rank. Fortunately, all of you can absorb some of their power." Lin Yitong said with a smile.

"Thank you for giving us these precious treasures." Yun Lintian spoke.

"It's not that precious. I have grown them in my backyard. You can take them with you when you leave." Lin Yitong said softly.

Yun Lintian nodded and continued to enjoy the meal.

After the meal, Lin Yitong signaled Gu Chenlei and Bai Xue to clear the dishes. The two cleaned the table and quietly left the tree house.

"You can ask. There are some questions that I cannot answer right now because they could impact the future. I hope you understand it." Lin Yitong said calmly.

Yun Lintian was aware of this and didn't have high expectations from the start.

He took a sip of tea and asked. "May I know how Senior arrived here?"

"This is a small world that I created. It is an independent world beyond the Divine Realm. I attached the entrance to the Wood Spirit Realm to wait for someone." Lin Yitong replied.

"Who are you waiting for? Lintian or Yun Tian?" Hongyue asked directly.

"Both of them have an inseparable bond." Lin Yitong answered without providing any further explanation.

Hongyue frowned as she asked further. "Can you tell me the true intention behind Yun Tian's series of arrangements?"

"He has one goal, just like everyone else. To become the strongest person in the Primal Chaos." Lin Yitong responded calmly. "He acknowledged his own inferiority and realized that he had no chance. Hence, he passed everything to his successor and hoped that he could achieve it."

Yun Lintian and the others felt strange about this. Especially Hongyue and Yun Yi. Both of them knew the Beyond Heaven King very well, and they knew that he wasn't someone who sought power. This reason didn't seem to align with his personality.

Lin Yitong looked at everyone and smiled. "That is what I perceived. No one knows his true purpose."

Hongyue and the others immediately calmed down.

"Is he still alive?" Jin Long suddenly asked, capturing everyone's attention.

Chapter 1825 Right Or Wrong

Lin Yitong calmly looked at everyone's expectant expressions and spoke. "No. He is dead."

"From what I know, no one has ever seen his body. Why are you so sure, senior?" Jin Long asked further.

"I know it's a bit disappointing, but I have my own way. He couldn't be more dead." Lin Yitong replied gently. "However, his legacy lives on in his successor."

Everyone fell silent upon hearing this. Lin Yitong's response was somewhat ambiguous and unsatisfying, but they could do nothing except accept it. Continue reading on NO VêLbIn

Yun Lintian thought for a moment before speaking. "We've met another senior before. She is a true god."

"Are you talking about the Orchid Immortal from the Nine Heavens Realm?" Lin Yitong responded. "If we count generations, she is three generations younger than me."

It wasn't that Lin Yitong wanted to assert her seniority but rather to make it clearer for Yun Lintian and the others.

Yun Lintian and the others were stunned. They didn't expect Lin Yitong to be significantly older than Lan Qinghe.

"She told me that I am a fate bearer. Can Senior tell me about this?" Yun Lintian asked.

"She is not wrong. You are indeed a fate bearer." Lin Yitong replied. "From the start, you were supposed to have a normal life, but something happened to Yun Tian, and now you have inherited his fate."

"He was supposed to be the one to fight for his own destiny, but due to his flaws, he had to change his ways. You happened to be the perfect inheritor for him. In short, you were pulled into this pool of destiny."

She looked at Yun Lintian and continued. "I hope you can try to understand him. He has no intention of harming you but rather giving you an opportunity to achieve your dream."

"What Yun Tian and others, like the Primordial Azure Dragon God, attempted in the past was to safeguard the Divine Realm from external threats. They did their best to uphold the stability of the Divine Realm and buy enough time for the people here."

"Ironically, they were constrained by the laws of the Divine Realm, making it difficult for them to resist any invaders. Fortunately, they managed to repel the invaders, extending a precious period of peace for everyone."

She paused briefly to look at Yun Lintian and then continued. "After Yun Tian, Ren Yuan, an inheritor of the Heavenly Desolate God, made every effort to maintain the stability of the realm."

"He was fully aware that he did not have the strength to protect the Divine Realm by himself. That was why he wanted to seize Yun Tian's inheritance."

Hongyue frowned slightly as she interrupted. "Are you suggesting he is a good person who did his best to protect the Divine Realm?"

Lin Yitong smiled as she replied. "What is good and what is evil? Everything depends on your perspective. To you, he might be perceived as a villain for killing a hero like Yun Tian. But to his people, he is a hero who saved them from oppression."

"There is no absolute right or wrong in this matter. However, his intention is clear. He wants to protect the Divine Realm from an external enemy. This intention stemmed from the Heavenly Desolate God's legacy."

Hongyue went silent for a moment and then said, "I don't care about that. The fact that he killed me and the people around me will never change."

Lin Yitong offered no comment on this matter.

Yun Lintian fell into contemplation. In his opinion, the Beyond Heaven King and Ren Yuan had a huge difference in the motive behind their common goal.

The Beyond Heaven King was selfless. He didn't care about gains and losses as long as the Divine Realm was safe from the invaders.

Ren Yuan was standing opposite. He did it mostly for himself.

There was truly no absolute right or wrong here...

Chapter 1826 A Hole In History

Yun Lintian had no sympathy or accepted Ren Yuan's actions. To him, Ren Yuan was a mortal enemy whom he had to eliminate. He simply understood the motive behind his actions and nothing more.

"What does it have to do with the current situation?" Hongyue asked. She didn't see any connection between the current situation and everything Lin Yitong had mentioned earlier.

Lin Yitong returned with a question. "Do you know what Ren Yuan has been doing over the years?"

Hongyue frowned and shook her head. She had just returned to the Divine Realm. How could she have known? Not to mention, a part of her memories had been erased.

Yun Yi thought for a moment and said. "As far as I know, he has been controlling the tunnel between the Divine Realm and the Great Devil Realm over the years."

Lin Yitong smiled and patiently explained. "Ren Yuan has been using the power of the Heavenly Desolate Orb to strengthen the Divine Realm's boundaries. Now that he has left, the boundaries have naturally become weakened."

"You might already be aware of this point. In addition to the Primordial God Tribe, there are other people who seek to take over the Divine Realm. For example, the Primordial Devil Clan and the Everlasting Soul Clan."

"Wait a second. The Everlasting Soul Clan?" Yun Lintian quickly interrupted.

Lin Yitong responded. "The Everlasting Soul God Emperor in the Divine Realm is one of them. They have been infiltrating the Divine Realm for a long time."

"Did Yun Tian know about this?" Hongyue frowned deeply.

"He knew, but it was impossible to completely eliminate them." Lin Yitong replied. "Instead of forcing them to find new hosts, he simply let them be so that he would always know their movements."

Hongyue and Yun Yi glanced at each other silently.

"However, these potential invaders are nothing compared to what you are facing at the moment." Lin Yitong said further.

"The black hands you have seen before originated from the Netherworld."

"However, the Netherworld should not openly interfere with the Divine Realm like this. There must be something happening in that place."

She took a deep look at Yun Lintian and continued. "Your next target is the Netherworld."

Hongyue frowned in confusion. "Why is that?"

"Because the Tower of Fate is located there." Lin Yitong replied calmly. "Before Yun Tian left, he informed me that the Tower of Fate had been relocated to the Netherworld. Unfortunately, he was unable to retrieve it due to his lack of strength at that time. Hence, this mission falls into the hands of his successor. Perhaps we could learn everything about the Primordial War from it."

Yun Lintian furrowed his brow. Who moved the tower away? And why did he do that?

"From what I know, it is impossible to enter the Netherworld with a physical body. Is it true?" Jin Long suddenly asked.

"Yes," Replied Lin Yitong. "You need to enter the Netherworld in your soul form. Otherwise, you will be rejected and destroyed by the laws of that place."

She turned to look at Yun Lintian and said. "You have to go alone this time because you can perfectly disguise your soul as a dead soul."

"No. It's too dangerous." Hongyue quickly interjected.

"Yes. I won't allow you to go, big brother." Linlin echoed.

Meanwhile, Qingqing blinked and continued to lick her lollipop without saying anything.

"Is there other way?" Yun Yi asked.

"This is a good time to enter the Netherworld. We don't know if the tunnel between the two realms will appear again." Lin Yitong spoke. "It also means there is a possibility that you may never return."

"The choice is yours."

Chapter 1827 The Only Choice

Yun Lintian lowered his head, pondering the matter. Initially, he planned to leave the Divine Realm for the Nine Heavens Realm, but the appearance of the Netherworld made him hesitate. He wasn't sure how long the Divine Realm could withstand the pressure.

At the same time, he lacked the confidence to solve the problem. After all, the Netherworld was exceedingly mysterious. He would be no different from a blind man when he went there. You can trace the roots of this content at [n0v@lbin](#)

However, Yun Lintian appeared to have no choice here. The only way to prevent the Netherworld from invading the Divine Realm was to venture into it. If he let it continue, perhaps his people would be the next victims.

He raised his head to look at everyone and said. "I must go."

"No, you can't." Hongyue quickly interjected. "It's too dangerous. Wait until I learn to disguise my soul, and then we will go together."

Yun Lintian looked at Hongyue and spoke gently. "You know that it's impossible. As Senior Lin mentioned, I can perfectly disguise my soul with the help of the crown and relics, but you cannot."

Hongyue opened her mouth, but no words came out in the end. She knew that it was impossible to change his mind at this point.

She turned to Lin Yitong and asked. "Can he return through the Gate of Beyond Heaven?"

Lin Yitong replied in a soft voice. "The Netherworld is unfathomable. Even I and the other true gods have no idea about it. Anything can happen over there."

"The Gate of Beyond Heaven was made using a portion of the Purple Void God's power. She was the most powerful spatial-related true god in the entire Primal Chaos. Her power was unparalleled. There is a possibility that the gate can be used in the Netherworld."

Hongyue and the others felt a little relieved upon hearing this. At least the chance wasn't zero. Perhaps Yun Lintian could come and go freely through the Gate of Beyond Heaven.

"Big Brother Yun..." Linlin tightly hugged Yun Lintian's neck. She didn't want to be separated from him again.

Yun Lintian gently rubbed her head and spoke softly. "I'm sorry, but I have to go."

Yun Lintian felt relieved after realizing this. He feared that his enemy would take advantage of this opportunity to seize his body. It would be a ridiculous tragedy by then.

A moment later, Yun Lintian's ethereal form flew into his physical body and merged completely.

Yun Lintian opened his eyes and felt his body once more. This was his first experience of the "out-of-body" phenomenon. It was an incredible feeling.

"How do I get to the Netherworld?" Yun Lintian asked.

"There is a gate beneath the Black Lake in the Primordial God Forsaken Land. It used to be a gateway to the Netherworld in the Primordial Era. It has been closed since the Primordial War." Lin Yitong answered.

"Now, the Netherworld has reconnected with the Divine Realm. It should be possible to open the gate. However, I must warn all of you again to stay away from it. If you accidentally enter the Netherworld with your physical body, you will be completely eliminated. Not even a soul would be spared."

"Furthermore, you should keep this secret to yourself."

"It's actually true." Yun Yi said in a deep voice. He had no doubt about his master's words, but the truth still surprised him. The Black Lake was indeed connected to the Netherworld.

Yun Yi and the others nodded in agreement.

"Show me the Tree of Life." Lin Yitong continued speaking.

Yun Lintian hesitated, but he heard Lauya's voice. "It's fine, my king. She will never hurt us."

Yun Lintian thought momentarily and then opened the Gate of Beyond Heaven. Lin Yitong was a true god. He wouldn't be able to resist her if she wanted to do something, anyway.

This also made Yun Lintian realize how careless he had been for coming here without preparation. Fortunately, Lin Yitong did not have any malicious intentions.

"Please." Yun Lintian spoke after reminding himself not to be careless again.

Lin Yitong could perceive the psychological activity in Yun Lintian's mind but didn't say anything. She calmly walked through the gate.

Chapter 1828 True Wood Spirit Clan

The Land of Beyond Heaven had expanded several times after Yun Lintian obtained the Dark Pearl. Unknowingly, its size had already surpassed that of all five continents of the Azure World combined.

There were many unused lands around the area. With the current manpower, Yun Lintian couldn't develop them at the moment. He simply let the Dragon Clan's people take care of it.

The forest territory expanded significantly as the Tree of Life grew larger. At this moment, the Tree of Life stood taller than the tallest mountain in this place.

The vitality circulated within the Land of Beyond Heaven mainly originated from the Tree of Life. All the plants and living beings here were nourished by the aura, significantly improving their quality.

"Headmaster." Iryena quickly approached and greeted Yun Lintian. Then she noticed Lin Yitong and suddenly felt an inexplicable connection between herself and Lin Yitong.

"This is Senior Lin. The Tree of Life used to be under her care." Yun Lintian explained.

Iryena was surprised. She quickly bowed her head and said. "Thank you for taking care of Lord Tree of Life." You can trace the roots of this content at n0v@lbin

Lin Yitong smiled softly. "I didn't do anything much. You don't have to be polite."

"It's growing better than I had expected." Lin Yitong turned to look at the Tree of Life in front of her with a hint of surprise in her eyes. "If it continues at this rate, it will take a few thousand years to reach the final stage."

"Final stage?" Yun Lintian was stunned. Why didn't he know anything about the stages?

"There are three stages of growth. An infant, a growing, and a fully grown stage." Lin Yitong patiently explained. "Once the Tree of Life reaches maturity, it will gain the ability to generate lifeforms. The legend said it could even bring the dead back to life."

"When I was young, I accidentally entered a spatial rift and appeared near their habitat. They didn't chase me away; instead, they chose to save my life."

She looked at Iryena and said softly. "I grew up under their care and was fortunate enough to inherit their legacy. Everything I have today came from their kindness."

As she spoke, she bowed her head toward Iryena.

Yun Lintian and the others were stunned by her sudden action. She was a true god, but she humbled herself before others.

Iryena was taken aback and hurriedly helped Lin Yitong up. "Please don't do this, senior. The people who helped you were my ancestors. I don't deserve this."

Lin Yitong smiled and spoke softly. "Since the moment they saved my life, I have always considered myself a member of the True Wood Spirit Clan. Due to the circumstances at that time, I couldn't let everyone stay with me, so I had to send everyone to the Azure World. Please forgive me."

Iryena quickly waved her hand. "Everything is fine now, senior. You don't have to worry about things in the past. Without it, we wouldn't have met our headmaster."

"Please allow me to atone for my sin. I hope that you can send your people over. I will do my best to pass down the legacy of the True Wood Spirit Clan to all of you." Lin Yitong said firmly.

Iryena subconsciously looked at Yun Lintian, seeking his opinion.

Yun Lintian quickly said. "You can decide for yourself. You have every right to inherit your clan's legacy."

Iryena fell into deep thought. In fact, she had been troubled by the fact that she couldn't do anything to help Yun Lintian. Now that an opportunity had appeared in front of her, there was no reason for her to reject it.

She took a deep breath and bowed to Lin Yitong. "Please take care of us."

A smile blossomed on Lin Yitong's face. She finally had a chance to make up for her regret...

Chapter 1829 Organization

After her wish was granted, Lin Yitong turned to Yun Lintian and said. "I can see that you have grasped a hint of the great laws of life and death, but you are restricted by the environment."

"The Primal Chaos has been declining significantly since the Primordial War. Pure lands that contained both great laws have gradually disappeared one after another. The last place I visited was the land of the True Wood Spirit Clan. Unfortunately, it was later destroyed by the Primordial God Tribe."

"The Primordial God Tribe?" Yun Lintian's expression became solemn as he asked. "Does Senior know which Primordial God they serve?"

"No one," Lin Yitong replied calmly. "The Primordial God Tribe did not exist from the beginning. Although they use the term 'tribe,' they are more of an organization."

"After the Primordial War, many true gods who survived decided to gather together and form the Primordial God Tribe under the banner of restoring the orders of the Primal Chaos. As far as I know, there are at least twenty true gods behind it."

Yun Lintian and the others were shocked. They had already overestimated the Primordial God Tribe, but the reality was several times greater than that.

What was the concept of the twenty true gods? Although they had not personally experienced the full power of a god, they believed that their numbers were sufficient to dominate the Primal Chaos.

"However, they are not as united as I thought." Lin Yitong further stated. "I have met three of them. While they were cooperating on the surface, each had their own idea."

"Among the three, one is known as the Night God. He is a true god under the God of Darkness. However, he respected the True Wood Spirit Clan and stood up against the others. Even though he couldn't prevent the destruction of the True Wood Spirit Clan, he managed to send me and the young children away." You can trace the roots of this content at n0v@lbin

"Without him, we wouldn't have survived, and the True Wood Spirit Clan would have become extinct."

Yun Lintian nodded slowly. It was normal for such a large organization with several big shots to experience ideological conflicts.

Lin Yitong looked at Yun Lintian and said. "Although my place cannot be compared to the True Wood Spirit Clan's land, it contains a trace of the Great Laws of Life. You can try to understand it. It will be very helpful during your trip to the Netherworld."

"Many thanks, senior." Yun Lintian expressed his gratitude.

The first thing Yun Lintian saw when he arrived at the destination was a towering tree no smaller than the Tree of Life. It also emitted a strong vitality. By breathing in this abundant aura, Yun Lintian and the others could feel their physical condition improving.

"This is the True Wood Spirit Tree. It is the symbol of the True Wood Spirit Clan, bestowed by the God of Life. It has similar characteristics to the Tree of Life but is much inferior in every aspect." Lin Yitong explained.

Yun Lintian raised his head to look at the golden fruits on the tree and asked. "Is it similar to the Fruit of Immortality?"

"Yes, but it is focused on the soul. A single piece of fruit can nourish the soul as much as a thousand years of practice. However, it can only be taken once in a hundred thousand years." Lin Yitong answered.

"Due to the current state of Primal Chaos, it cannot be compared to its former glory. At that time, a single fruit could elevate one's soul for a million years."

Yun Lintian and the others were shocked. What kind of heaven-defying fruit was that?

Lin Yitong waved her hand, and six golden fruits immediately flew over. She handed them to Yun Lintian and the others. "You can take them first."

"Wow! It looks delicious." Qingqing's eyes sparkled with excitement. She immediately snatched one of the fruits from Yun Lintian's hand and took a big bite.

Suddenly, a strange scene unfolded. Qingqing's body suddenly emitted a bright green light, and her strength began to increase.

Normally, Qingqing's strength was linked to Yun Lintian's strength. The stronger he grew, the more powerful Qingqing could become. However, the fruit immediately boosted her strength to a whole new level without any limitations. It was indeed heaven-defying.

Hongyue, Yun Yi, and Jin Long glanced at each other and then swallowed the fruits.

A similar scene occurred. Their bodies emitted a green light, and their souls began to undergo significant improvement.

Hongyue could see that all the injuries to her soul had been washed away, and her strength gradually climbed back to its peak.

Meanwhile, Yun Yi and Jin Long felt as if they were on the brink of breaking through to the Lesser God Realm. Unfortunately, they ultimately stopped at the half-step Lesser God Realm...

Chapter 1830 The Fate Bearer

Yun Lintian and Linlin didn't hesitate to take the fruits.

When Yun Lintian put the fruit in his mouth, it instantly melted into a liquid and was absorbed directly into his body. The next moment, Yun Lintian felt a warm current spreading to every corner of his body, reaching even his soul.

At this moment, Yun Lintian felt as if he were lying in a bathtub filled with warm water, listening to his favorite music. His entire body, heart, and soul were extremely relaxed.

While his divine strength didn't improve much, his soul had undergone a significant transformation and successfully ascended to the Lesser God Realm.

Yun Lintian immediately discovered that his perception had increased several times over. If he were to extend his spiritual sense right now, it would definitely cover the entire Maya Forest. You can trace the roots of this content at n0v@lbin

Lin Yitong looked at Yun Lintian with surprise. In her opinion, the fruit shouldn't have much of an effect on his soul. There was something wrong here.

On the side, Linlin's strength rapidly soared. Initially, she was at the Divine Tribulation Realm. Now, she had completely broken through to the Divine Transformation Realm and was approaching the Divine King Realm.

The process lasted for an hour. When everyone opened their eyes again, they could clearly feel the changes in their bodies.

"Thank you," Hongyue said sincerely. Initially, it would take her a long time to recover, and she could forget about returning to her peak. Now, she didn't have to worry about it anymore.

Lin Yitong smiled and said. "All of you can try to understand the Great Laws of Life here. Perhaps you can learn it."

Hongyue and the others were slightly surprised but had no objections.

Yun Lintian skipped expressing his gratitude and asked. "How do we start?"

"Sit down and focus your mind." Lin Yitong said.

She paused briefly to take a deep look at Lin Yitong and asked with doubt. "You really don't know about this?"

progress further on the profound path?

Lin Yitong shook her head. "Even though I am a true god, I am not omnipotent. There are many things that I don't know. His origin is one of them."

"When Yun Tian found me, he only said that his successor would appear one day, and I would immediately understand why he chose him."

She looked at Yun Lintian and continued speaking. "I understand it now. He does indeed have greater potential than Yun Tian. There is a very high chance of him becoming one of the most powerful true gods... No. He will be as long as he can stay alive to the very end."

"Senior. What are my master's flaws exactly?" Yun Yi had been waiting a long time to ask this question. To him, Yun Tian was perfect in every way. Why couldn't he progress further on the profound path?

Lin Yitong fell silent for a moment before responding. "It's difficult to explain in words. It's more like a curse that has shackled him from moving forward, and he has no way to get rid of it. I can only say that passing his inheritance to someone else could be considered an effort to rid himself of the curse."

"A curse?" Yun Yi frowned deeply. He suddenly thought about the cycle of reincarnation that his master had experienced. Could it be this?

"It's not something I can say casually. All of you will eventually come to know it in the near future... Trust me. It won't be that far." Lin Yitong said calmly.

Hongyue and Yun Yi frowned deeply when they heard this. They truly wanted to understand the whole story.

"The fate bearer..." Jin Long muttered to himself. He seemed to grasp the crux of it.

The Beyond Heaven King passed down his legacy to Yun Lintian, allowing him to inherit everything, including his destiny and goal. It was no surprise that Lin Yitong and Lan Qinghe called Yun Lintian the fate bearer.

He glanced at Yun Lintian and felt sorry for him. In his opinion, this move from the Beyond Heaven King was unfair to Yun Lintian.

Another month had passed, and Yun Lintian's eyelids began to flutter. A moment later, he opened his eyes and felt that the world had changed...
