

Myth Beyond 1831

Chapter 1831 Laws Of Life

The first thing Yun Lintian felt was a profound connection with the environment. Whether it was an animal, tree, flower, or insect, he could feel them all. It was as if he had become one with nature.

"This is the power of life?" Yun Lintian murmured to himself as he tried to comprehend this unfamiliar sensation.

"As its name suggests, the law of life is closely related to every life form. The more you understand it, the closer you feel to them. Congratulations. You have successfully touched the edge of the laws." Lin Yitong's voice echoed in Yun Lintian's mind.

Yun Lintian came back to his senses and raised his head to discover that he was surrounded by tall trees, flowers, and grass. They didn't exist before he started comprehending the great laws. Could it be that he has been staying here for decades?

"It's only three months." Hongyue noticed Yun Lintian's doubt and quickly explained. "These plants were stimulated by your aura and grew rapidly to their current state." "You'll find the origin of this content at

Yun Lintian felt relieved when he heard this. He got up from the ground and walked out of a small forest.

"Congratulations, Big Brother Yun." Linlin and Qingqing flew into his arms.

"Thank you." Yun Lintian lovingly rubbed their heads.

"Pity. The environment here is insufficient for you to proceed further. Your only hope rests on the Tree of Life. Once it reaches maturity, it can transform the Land of Beyond Heaven into a new pure land." Lin Yitong said with a hint of disappointment.

If Yun Lintian could successfully comprehend the Great Laws of Life, Lin Yitong would benefit from it. She would be able to revive the True Wood Spirit Clan and restore it to its former glory.

"Thank you for helping me, senior. If you need me to do anything, please feel free to let me know. I will try my best." Yun Lintian spoke sincerely. Without Lin Yitong, he didn't think he would have a chance to touch the Great Laws of Life.

"I hope you can help me revive the True Wood Spirit Clan in the future." Lin Yitong said gently. "As for revenge. It is my personal matter."

"I will." Yun Lintian nodded firmly. Even if Lin Yitong hadn't told him, he already had a plan in mind. After all, Iryena and her clan members were his friends.

"Come to visit me again after your trip to the Netherworld." Lin Yitong said.

As someone who experienced the previous war, he fully understood how miserable it was for the natives of the Divine Realm. At that time, they were fortunate to have the Beyond Heaven King and the other seniors, but now... the future looked grim.

Yun Lintian furrowed his brow in concern. This was a huge problem.

He turned to look at Lin Yitong and asked. "What can I do to stop this, senior?"

"Unless you find a primordial artifact similar to the Heavenly Desolate Orb, there is nothing you can do in your current state." Lin Yitong replied calmly.

Yun Lintian's expression became solemn. "How did the Beyond Heaven King accomplish it in the past?"

Yun Yi and Hongyue glanced at each other and shook their heads, indicating they also had no idea.

"It wasn't him; it was someone else." Lin Yitong spoke. There was a subtle shift in her eyes as she appeared to ponder something.

"Someone else? Who is that?" Yun Lintian asked curiously. Could it be another Primordial God's inheritor?

"This person is very mysterious. I could only catch a glimpse of her." Lin Yitong said.

Yun Lintian and the others were stunned. Lin Yitong was a true god, but she actually failed to see through the other party. How strong was this person?

"For some reason, this person has gone missing, which has allowed the Primordial God Tribe to break through the boundaries and enter the Divine Realm." Lin Yitong further stated.

Yun Lintian felt his head growing larger once again. There were numerous mysteries surrounding the Divine Realm. Even Lin Yitong was unable to do anything about it. Let alone him.

"Could it be that this person was captured by the Primordial God Tribe?" Hongyue frowned.

Lin Yitong didn't say anything about it, as anything seemed possible. There was no way she could confirm it at the moment. However, her intuition told her that it was impossible for this person to be captured by the enemy. There should be something else...

Chapter 1832 A Shocking Discovery

Yun Lintian let out a long breath. Since he couldn't do anything now, he should focus on something he could do. The journey to the Netherworld needed to be expedited.

"By the way, senior. There is a senior whom I respect. He told me that he had accidentally entered this place once and was rescued by someone here. Was it you?" Yun Lintian suddenly remembered Master Bai's story.

"You mean the small white owl? I did indeed help him." Lin Yitong replied after a brief moment of thought. "What's wrong?"

"Perhaps you didn't see it before. He made a pact of death with the Netherworld, and his soul has been taken away. I don't know if it's possible to bring him back." Yun Lintian explained.

Lin Yitong raised her eyebrow slightly. She recalled the conversation between Yun Lintian and Jin Huian previously. The "him" in Jin Huian's words should refer to this person.

"The Pact of Death can be considered a mutual agreement. It is absolutely fair. If you want to help him, maybe you must find something similar to exchange." Lin Yitong replied. The source of this content can be linked to

Yun Lintian furrowed his brow. Wouldn't this mean he needed to find someone to replace Master Bai?

"It is also possible to take him away by force." Lin Yitong further stated. "However, I don't know much about how the Netherworld operates. The risk is definitely high. You must think about it carefully."

Yun Lintian nodded slowly. There was no point in thinking about it any longer. He could only find out once he arrived there.

Lin Yitong waved her hand, and a bunch of precious plants immediately flew over. She then snapped her fingers, and the plants magically fused together, transforming into several pills.

Yun Lintian and the others were stunned by the magical scene. This was their first time seeing someone refine pills without using any fire or cauldron. Once again, it made them realize the immense power of a true god.

Lin Yitong placed the pills into a jade bottle and handed it to Yun Lintian. "These pills can help replenish your soul energy. As someone who studies the Record of Life, I believe you are familiar with their effects."

"Many thanks, senior." Yun Lintian quickly said and put the bottle away.

"The Record of Life was created by the God of Life herself. Unfortunately, a complete version has been lost during the Primordial War. The True Wood Spirit Clan managed to salvage a part of it." Lin Yitong said with a hint of sadness.

Perhaps it was because she had always considered herself a member of the True Wood Spirit Clan that her feelings for the God of Life were exceptionally deep.

Yun Lintian was surprised and took out the Record of Life. He looked at it again before handing it to Lin Yitong. "Is this the complete version?"

Lin Yitong was surprised. She quickly flipped through the book, and her eyes widened in disbelief. "Where did you get it? I clearly gave Yun Tian an incomplete version."

Twenty minutes later, she returned to the counter and said. "I really don't know how he did it. There are many long-lost profound arts here. Some of them shouldn't even exist."

She looked at the screen and asked. "Your name is Lynn, right? Do you know about this?"

"Reply to Miss Lin. I cannot answer this. There is no data in my warehouse." Lynn replied.

"What a pity." Lin Yitong sighed in disappointment.

She looked at Yun Lintian and asked. "Do you mind if I learned these arts?"

Yun Lintian shook his head. "I don't mind. I have already granted you the highest level of identity. You can learn everything here, senior."

"Thank you." Lin Yitong said softly. "With the Great Laws of Life, you can definitely comprehend the complete version of the Record of Life. Maybe you should consider studying it before venturing into the Netherworld."

Yun Lintian hesitated. He had initially planned to go there right away, but upon further consideration, he realized it would be better for him to study the Record of Life and become more familiar with the soul form first.

However, he wasn't sure how long the Divine Realm's boundaries would last. He was afraid that the delay would lead to a disaster.

Lin Yitong could sense his concerns, but she did not say anything.

"Big...brother." Suddenly, a childish voice echoed from the entrance.

Yun Lintian turned his head to look at the door and saw Zhang Yu holding Gui Xuan in her arms.

"Gui Xuan." Yun Lintian smiled gently. At the same time, he felt guilty in his heart as he didn't take care of Gui Xuan during this period.

"Senior Black Turtle God?" Lin Yitong was slightly surprised to see a descendant of the Black Turtle God here.

"He has something to talk with you." Zhang Yu looked at her "young master" with a hint of dissatisfaction.

Yun Lintian didn't mind her attitude. "Oh? What is it?"

Gui Xuan jumped out of Zhang Yu's arms and flew toward Yun Lintian. "I... want to go... to the Netherworld... with you."

Chapter 1833 Guardian Of Dead Souls

Yun Lintian was taken aback by Gui Xuan's words.

Zhang Yu looked at him and said. "He heard about you and eagerly wanted to go with you."

Yun Lintian looked at Gui Xuan with a puzzled expression. "Do you know it's dangerous there? Can you tell me why you want to go?"

Gui Xuan tilted his head cutely as he said. "Fun."

Yun Lintian was speechless.

"Do you know what people called Senior Black Turtle God in the Primordial Era?" Lin Yitong suddenly asked.

Yun Lintian shook his head. "I don't know."

"The guardian of the dead souls." Lin Yitong said calmly as she glanced at Gui Xuan. "In the past, many people believed that when people died, their souls had to cross the river of forgetfulness, where they could easily become lost and never go through reincarnation again."

"Senior Black Turtle God was known as the overlord of all rivers and seas. People believed that as long as they could gain protection from him, their souls would never get lost in the Netherworld."

Yun Lintian immediately understood. He was also slightly surprised because there wasn't any mythology like this regarding the Black Turtle. Back on Earth, the Black Turtle was considered a symbol of longevity and nothing more.

He turned to Zhang Yu and asked. "Do you know this?"The source of this content can be linked to

"Yes," Zhang Yu replied with a proud expression. "My master has helped many wandering souls in the past."

"This could be a good thing." Lin Yitong spoke. "From what I know, Senior Black Turtle God has a very high spiritual power. Although he is young, he can certainly assist you on this trip."

Yun Lintian raised his eyebrows slightly. He possessed the Black Turtle God's bloodline, but he was completely unaware of it.

He thought for a moment and asked. "Wouldn't it be risky? If his identity is exposed, it will be very dangerous. Furthermore, he cannot go with this form. I'm not sure if I can disguise him."

"It's not a problem." Lin Yitong spoke. She looked at Gui Xuan and spoke politely. "Please forgive me, senior."

She waved her hand, and Gui Xuan immediately transformed into a five-year-old boy with an adorable appearance. Moreover, he was in a spiritual form.

"This... Gui Xuan?" Hongyue asked in doubt.

"Yes." Yun Lintian quickly explained everything to her.

"I see." Hongyue nodded thoughtfully. "I have heard about it before. It seems to be true."

Normally, the Black Turtle God was the most mysterious among the divine beasts. He always stayed low-profile and rarely appeared in public. His whereabouts were often unknown, even to his closest servant Zhang Yu. If it weren't for the invasion of the Primordial God Tribe, everyone would likely have forgotten about him.

Yun Lintian said further. "I'm going to check the Everlasting Soul God Realm. I don't want to leave any hidden dangers behind."

"Let's go." Hongyue's eyes turned cold. Even after learning about the identity of Ling Yongheng, the desire for revenge did not diminish from Hongyue's heart in the slightest.

"As for the Hidden Mountain God Emperor and the other god emperors in the Southern Divine Region, I believe they wouldn't dare to take any action during this period." Yun Lintian shared his thoughts.

With Yan Yin, Jin Long, and Hongyue here, they were more than capable of handling the entire Southern Divine Region. Yun Lintian didn't worry much about it.

On the contrary, the Everlasting Soul God Emperor and the Thousand Faces God Emperor were even more dangerous. The first one was a member of the Primordial Era's clan, while the latter was always unpredictable.

There was also the Violet Thunder God Emperor. Yun Lintian didn't dare to leave them unsolved before departing for the Netherworld.

Without saying anything further, Yun Lintian opened the gate to the Moon God Realm and walked in, followed by Hongyue, Yun Yi, and Jin Long.

When they arrived at Divine Moon Peak, Yue Hua was already waiting for them.

"Senior." Yun Lintian quickly greeted her.

Yue Hua smiled and briefly glanced at Gui Xuan before speaking. "The Netherworld is a place where one's fate cannot be foreseen. No one can predict anything about that place. You have to be careful."

Yun Lintian wasn't surprised by how Yue Hua knew about his next move. "I will."

He paused briefly and then continued. "I'm planning to visit the Everlasting Soul God Realm."

Yue Hua nodded slightly and said. "The problem of the ancient beasts has been solved. Peace has returned to the Divine Realm for the time being."

"Are you telling me to spare him?" Hongyue interrupted coldly. "You should stop meddling with my business."

Chapter 1834 Strengthen Boundaries

Yue Hua shook her head and said to Hongyue. "I don't have the ability to stop you. You know it very well. However, the current situation in the Divine Realm is only temporary. When the enemy comes, we need as many people as possible..."

Before Yu Hua could finish her sentence, Hongyue interrupted her again. "I will tell you here. Ling Yongheng is not ordinary. He is a member of the Everlasting Soul Clan from the Primordial Era. His goal is likely the same as that of the people from the Primordial God Tribe.

"Do you think he will side with the Divine Realm? Aren't his past actions enough to prove it? Have you gone senile already?" The original content can be pinpointed to

Yue Hua was surprised to hear this.

"Sooner or later, we have to confront them, senior." Yun Yi took the initiative to speak. "It's true that we don't know Ling Yongheng's true motives, but we cannot ignore him either. Not to mention, he once attacked my master. I don't think he will care about the people here."

"There is also Qian Guimo. You also know that he is an unpredictable psychopath. Even though he appears to be running away now, we will never know when he will cause trouble again."

Yue Hua was naturally aware of this fact. After a brief moment of contemplation, she no longer cared about Ling Yongheng and the others.

"You can do it." She said gently.

"Hmph!" Hongyue snorted disdainfully.

"There is something unusual about the Violet Thunder God Emperor. There was a lot of movement within his realm. It seems like they are going to make a big move soon." Yue Hua said further.

Yun Yi frowned slightly. He was aware of Zi Wei's personality. This person was greedy and fearful for his life. Perhaps he was afraid of Yun Lintian and desperately tried to protect himself.

"He can't make a wave." Hongyue sneered.

Yun Lintian thought for a moment and said. "Let's check on him after we visit the Everlasting Soul God Realm."

Without hesitation, Yun Lintian took out the Fleeing Cloud Profound Ark and jumped onto it. Hongyue and the others quickly followed.

Hongyue and the others could clearly feel that the space was slowly returning to its original state. They looked at Yun Lintian with surprise.

Time passed quickly. Two days later, the spatial energy finally permeated every corner of the Divine Realm, except for the Primordial God Forsaken Land and other secret realms.

The space finally solidified and returned to its previous state.

At this moment, Yun Lintian's face was as pale as a white paper. He had simply emptied everything during the process. When everything was over, he immediately fell backward and fainted.

Linlin, Qingqing, and Hongyue quickly helped him and placed him on a bed.

"Incredible." Jin Long said in a deep voice.

According to Lin Yitong, it was clear that strengthening the boundaries of the Divine Realm was impossible without a primordial-level artifact. However, Yun Lintian actually managed to accomplish it.

Even though Jin Long was aware of Yun Lintian's heaven-defying power, he still felt amazed.

"Unfortunately, it is temporary." Yun Yi didn't want to be pessimistic, but he had to say it. He could sense that the current situation wouldn't last for long. It would be no more than five years. It was completely different from Ren Yuan's time.

Hongyue was about to say something, but she suddenly sensed a familiar aura.

Her eyes turned cold as she gazed into the empty space ahead. "Ling Yongheng."

At this moment, Ling Yongheng gradually emerged from the void. His expression was calm and composed as if he didn't hold Hongyue, Yun Yi, and Jin Long in high regard.

He glanced at Yun Lintian and said. "He is several times better than Yun Tian. No wonder Yun Tian didn't hesitate to give everything to him."

Ripp—

Suddenly, a long, red cut appeared in space before Ling Yongheng, accompanied by a terrifying force capable of tearing everything into pieces.

"Die!"

Chapter 1835 Ling Yongheng's Might

Ling Yongheng remained calm in the face of Hongyue's terrifying attack. His eyes shifted slightly, and a white barrier suddenly materialized around him.

BANG!

The red cut struck the barrier, creating a deafening sound and causing the surrounding space to ripple.

To everyone's surprise, the white barrier managed to withstand the strike and remain perfectly intact.

Hongyue's eyes narrowed slightly. In the past, Hongyue was always stronger than he was. It was impossible for her powerful attack to not break through his defense. Clearly, there was something wrong with Ling Yongheng.

"Lesser God Realm." Jin Long suddenly spoke.

Hongyue furrowed her brow in confusion. She couldn't understand how Ling Yongheng had become stronger in such a short period of time.

Ling Yongheng glanced at Jin Long and said. "It's rare to see an outsider like you taking sides with him. I have to admit that Yun Tian's influence is truly remarkable."

"However, I have to remind you of one thing. Your life will be worse than death once you choose to enter this pool of destiny... You still have a chance to withdraw."

Ling Yongheng's words had no effect on Jin Long. He remained unperturbed as he asked. "What is your ultimate goal? Restore your clan?"

Ling Yongheng was slightly surprised. "It seems that the person behind you is indeed a true god. No wonder."

He paused for a moment and then continued. "My ultimate goal? Simple. I want to restore the Primal Chaos to its former glory."

Jin Long raised his eyebrows slightly. "Then why did you target the Beyond Heaven King and his successor?"

Ling Yongheng smiled and said. "The battle between the Primordial Gods caused an irreversible damage to the Primal Chaos. The laws and orders have collapsed, and many things have disappeared. To restore it to its original state, one must possess a complete power."

He glanced at the unconscious Yun Lintian and continued speaking. "I have been observing the Divine Realm for a long time in search of a way to achieve my goal. Unfortunately, the Divine Realm has completely lost its former splendor. It should be impossible to find what I wanted."

"It wasn't until Yun Tian appeared. His extraordinary power, which should not exist in the Primal Chaos, gave me a glimmer of hope."The source of this material is

Hongyue's expression turned solemn upon hearing this. She quickly sent a sound transmission to Yun Yi and Jin Long. "Take him away. I will hold this bastard down."

Ling Yongheng barely glanced at Qingqing, and she instantly felt a piercing pain in her head.

"Ahh!" Qingqing screamed in agony as she clutched her head.

"A mere true spirit dares to be presumptuous in front of me?" Ling Yongheng laughed coldly.

Rumble—

Suddenly, numerous lightning bolts emerged from the void and surged toward Ling Yongheng. They naturally originated from Linlin.

"Heh." Ling Yongheng let out a cold hum. He didn't even move an inch, but all the lightning bolts were immediately swept away by a white flash.

Swoosh!

At this moment, several sharp, red cuts emerged in the space around Ling Yongheng, tearing everything apart.

Simultaneously, Yun Yi silently emerged behind Ling Yongheng and swung his sword at the latter's head.

The combined energy of the two peak God Emperors began to batter the barrier around Ling Yongheng like a galactic storm.

BANG!

Unexpectedly, the white barrier completely blocked Hongyue and Yun Yi's terrifying powers. Their attacks couldn't even leave a scratch on it.

"It's my turn." Ling Yongheng revealed a cold smile.

In that instant, a wave of white light swept through the entire space, hurling Hongyue and Yun Yi away. The two of them couldn't even defend themselves and were sent flying a great distance.

Meanwhile, Jin Long did his best to block it, but the power emitted by the white light was too overwhelming. He could only manage to divert it while the impact blasted him and the Fleeing Cloud Profound Ark.

Ling Yongheng cast a sarcastic smile at Hongyue and the other two. "I really admire how ignorant all of you are. What makes you think you can handle me?"

Hongyue, Yun Yi, and Jin Long couldn't help but marvel at Ling Yongheng's overwhelming power. What should they do now!?

In a moment of despair, Little Gui Xuan raised his head to look at Ling Yongheng and said. "Fake..."

Chapter 1836 Possession

Hongyue, Yun Yi, and Jin Long turned to look at Gui Xuan in doubt. They completely failed to notice the subtle change in Ling Yongheng's eyes.

Gui Xuan tilted his head slightly and pointed to an empty space beside Yun Lintian. "Found... you. Hehe."

All of a sudden, a dark green light burst out of Gui Xuan's body and rapidly expanded, enveloping the entire space.

Hongyue and the others immediately noticed that the white barrier quickly disappeared when touched by the dark green light.

Ling Yongheng looked coldly at Gui Xuan. "A descendant of the Black Turtle God? How surprising."

As he spoke, Ling Yongheng's body began to fade before disappearing entirely in the next second.

"Illusion!" Jin Long was the first to understand the truth. He quickly turned to look at Yun Lintian and discovered "another" Ling Yongheng standing beside him. Ling Yongheng's hand firmly grasped Yun Lintian's neck. With a slight twist, Yun Lintian's head would be severed.

The expressions of Hongyue and Yun Yi changed dramatically. They wanted to take action, but it was too late.

Ling Yongheng gave Gui Xuan a cold, penetrating look and said, "Even though you disrupted my nearly perfect plan, you still failed to save him in the end."

As his voice faded, Ling Yongheng vanished from the spot with Yun Lintian, only to reappear in the far distance.

"Ling Yong... Heng!" Hongyue roared furiously but didn't move an inch, fearing that Ling Yongheng would kill Yun Lintian. This material is derived from

Ling Yongheng turned to look at her with a subtle smile. "You failed to help Yun Tian in the past and failed to help his successor this time. Heh. There is a saying that failure makes you stronger. Perhaps you will succeed next time. I hope this doesn't break your heart."

Hongyue gritted her teeth with intense hatred, but no matter how furious she was, she was completely powerless to do anything here. Everything happened due to her carelessness.

Yun Yi was not an exception. He blamed himself for being blinded by hatred, which led him to leave Yun Lintian's side.

Yun Yi and Jin Long had also moved. They broke through the void and quickly arrived beside Ling Yongheng.

However, as they prepared to launch their attacks, they suddenly discovered that Ling Yongheng had become a lifeless body devoid of a soul.

At the same time, Yun Lintian opened his eyes, but the expression in his eyes was completely different from before.

A smile slowly spread across Yun Lintian's lips. He looked at everyone and laughed. "Hahaha!"

"Big Brother Yun!" Linlin was shocked. Clearly, this person was not Yun Lintian.

"Ling Yongheng!" Hongyue roared furiously.

"No, no," Yun Lintian shook his head. "I'm Yun Lintian now. Please don't call me by my previous name. Hahaha!"

His body suddenly glowed with multicolored light as he spoke, and the surrounding space began to tremble.

Rumble...

The entire area was immediately filled with gusts of wind and sparks of thunder.

Hongyue and the others had no choice but to retreat.

Amidst the storm, Yun Lintian, now possessed by Ling Yongheng, clenched his fists with satisfaction. "Hahaha! Incredible! This power is absolutely incredible!"

Ling Yongheng had never experienced such heaven-defying power before. None of the people whose bodies he had taken over in the past could compare to this. He now fully understood why Yun Tian was abnormally powerful. With this power, ruling the Primal Chaos was no longer a dream!

"What should we do?" Hongyue had never felt so hopeless before in her life. Not even when her twin sister died.

Yun Yi's expression was grim. He had no idea either.

Surprisingly, Jin Long was unusually calm. He continued staring at "Yun Lintian" as if pondering something...

Chapter 1837 Surprise Attack

Ling Yongheng was immersed in the immense power he had just obtained. With his millions of years of experience and superb physique, reaching the True God Realm wouldn't be a problem anymore.

Ling Yongheng looked at Hongyue and smiled. "I will slowly devour his soul later. Hehe. At that time, everything that belongs to him will be mine. I heard that his women are top-notch. Hahaha!"

"Bastard!" Hongyue could only curse in this situation.

"I will make time for you. Go find Senior Lin and Senior Lan. They must have a way." Yun Yi said to Hongyue. His aura surged abruptly as he charged toward Ling Yongheng.

Yun Yi's body transformed into a mass of black clouds and vanished into the void.

Ling Yongheng curled his lips when he saw this scene. His eyes turned golden, and Yun Yi immediately appeared in his vision. Undoubtedly, it was the Eyes of Heaven technique.

"Found you." Ling Yongheng laughed playfully. He clenched his fist and threw a punch at Yun Yi.

Roar!

A massive lightning dragon burst out of Ling Yongheng's arm, accompanied by a soul-stirring roar.

Yun Yi's expression became solemn. He brought his sword forward, and the black clouds around him quickly gathered to form a shield in front of him.

BOOM!

The lightning dragon mercilessly struck the shield, scattering the black clouds immediately. This material is rooted in

Yun Yi swung his sword at the lightning dragon. With a bang, he was sent flying. His arm was numb from the electric shock, and the sword was nowhere to be seen.

With a single strike, Ling Yongheng could easily overpower Yun Yi. It could be seen how powerful Yun Lintian's battle prowess was.

Ling Yongheng clenched his fist and said. "What a powerful fist. It's such a waste on a baby like him."

In Ling Yongheng's opinion, Yun Lintian was unworthy to have such strength. It should belong to someone like him.

Ling Yongheng glanced at Hongyue and asked. "Why are you still here? Didn't he tell you to run?"

Suddenly, Ling Yongheng's eyes widened in disbelief as he saw Yun Lintian appear next to the Dragon God.

"You...!" Ling Yongheng was at a loss for words at the moment.

He could still make himself believe it if it were the Dragon God. After all, the Dragon God was a true god and the head of all divine beasts. However, Yun Lintian was different. His soul was far from reaching the True God Realm. How could he break the seal?

Yun Lintian looked at Ling Yongheng and spoke calmly. "You don't have to be surprised. Your plan is indeed perfect. If it were me in the past, I would have become your vessel by now."

"Fortunately, my soul has improved significantly before coming here. Coupled with Senior Dragon God's power, your seal is completely useless on me."

While speaking, Yun Lintian felt relieved inwardly. He was indeed lucky this time. Without the Tree Wood Spirit Fruit he consumed before coming here, he would have had no chance against Ling Yongheng's formidable soul.

Ling Yongheng knew that he couldn't stay here any longer. Without hesitation, he abandoned everything behind and rushed out.

Scree— Roar—

All of a sudden, the Divine Phoenix, the Golden Crow, the Vermilion Bird, the White Tiger, and the Black Turtle appeared one after another, surrounding Ling Yongheng and blocking his escape route.

"Get lost!" Ling Yongheng roared, and his soul energy surged.

"Let me try." Yun Lintian suddenly stopped everyone from taking action and dashed toward Ling Yongheng.

He conjured a spear from his soul's energy. At the same time, a terrifying imperishable flame ignited around his soul spear as he thrust it toward Ling Yongheng's head.

Ling Yongheng's pupils shrank. He quickly summoned a soul energy shield to block Yun Lintian's attack.

Puff!

The soul spear ruthlessly pierced through the barrier, incinerating everything in its path as it pressed onward.

Ling Yongheng didn't expect Yun Lintian's soul power to be so high. He hastily clasped his hands, and his entire body glowed in white. "Go away!"

Suddenly, a pair of enormous white hands materialized in the air and swatted at the oncoming soul spear.

BANG!!

Chapter 1838 Conjecture

The white hands and the soul spear shattered into countless fragments, triggering a supernova-like explosion that caused the soul ocean to ripple violently.

Ling Yongheng's expression turned solemn. He now understood Yun Lintian's soul power. It was actually the level of the Lesser God Realm. It was no wonder that he could break the seal.

When his clan successfully sent him to the Divine Realm, Ling Yongheng found that his strength was constantly suppressed by the laws of this place. In order to remain here, he had to abandon his previous power and start from scratch again.

He had been plundering left and right, steadily growing for years to reach this point. Unexpectedly, Yun Lintian, a mere hundred-year-old boy, was able to reach his level in just a few years. It was ridiculously unfair.

"I have to admit that you have grown up very fast. But if you think you can deal with me, you are wrong!" Ling Yongheng said coldly.

His soul power surged violently as Ling Yongheng extended his hand. His entire body glowed white, emanating a terrifying soul-suppressing force.

Yun Lintian's expression turned solemn. He raised his hand slightly, and several soul swords appeared in the air, surrounding Ling Yongheng. With a wave of his hand, the soul swords quickly rushed toward Ling Yongheng from all directions.

"Go!" Ling Yongheng spoke, and several soul tentacles abruptly burst out from his hand. The tentacles mercilessly slapped away the oncoming swords as they smashed through the soul ocean.

"He wants to harm your soul ocean." The Dragon God said. "With your current level, you are not a match for him. Let me help you."

Yun Lintian had no objections. He was aware of this point and just wanted to test the strength of his soul.

Two azure flames ignited in the Dragon God's eyes, causing Ling Yongheng's soul figure to freeze immediately. The only thing he could move was his eyes.

Ling Yongheng glared at the Dragon God with hatred as his voice echoed through the air. "Even if you are a dragon god, you cannot do anything to me."

"It's true that your Everlasting Soul cannot be destroyed by my current power, but suppressing you is not a problem." The Dragon God responded calmly.

Ling Yongheng was immediately surrounded by azure-colored flames, which caused him to scream.

"Argh! You will regret this when my people come over!" Ling Yongheng shouted angrily as he endured the pain.

A moment later, the azure flames began to compress and transform into an azure orb. Ling Yongheng's soul was completely sealed within. This content has its origins in

Yun Lintian frowned slightly. Just dealing with Ling Yongheng alone was already difficult. He couldn't imagine dealing with his clan members.

The Dragon God smiled gently and slowly closed his eyes, returning to a state of slumber.

Outside, Hongyue and the others could see the struggle on Yun Lintian's face.

"What's going on?" Hongyue turned to Jin Long and asked.

"Don't you find it strange from the beginning?" Jin Long said calmly. "Even though Lintian was unconscious, it didn't mean he couldn't protect himself. Especially his soul."

"You mean...?" Hongyue seemed to have grasped something.

"It should be his plan." Jin Long spoke in a deep voice. "He deliberately allowed Ling Yongheng's soul to enter his body and trap him. To ensure his safety, I attempted to resonate with Lord Dragon God's soul within his body."

"My conjecture is correct. Lord Dragon God has long been awakened."

The moment Jin Long summoned the Five-Clawed Golden Dragon God's soul, he immediately received a response from the Dragon God within Yun Lintian's body. He instantly understood everything.

Hongyue didn't say anything else. Her silhouette flickered and materialized next to Yun Lintian. She summoned her power to restrain Yun Lintian in case Ling Yongheng wanted to do something.

At this moment, Yun Lintian's vacant eyes gradually returned to their original state of calm.

He looked at Hongyue and spoke gently. "Sorry for making you worry."

Hongyue's eyes narrowed slightly. "Do you think you can fool me, Ling Yongheng?"

Yun Lintian was taken aback and quickly said. "It's really me, Yun Lintian."

Hongyue sneered. "If you are Yun Lintian, then tell me, have you slept with Qingxuan?"

"I..." Yun Lintian was speechless.

Hongyue's eyes brimmed with killing intent. "Get out of his body, Ling Yongheng!"

Yun Lintian didn't know how to answer at the moment...

Chapter 1839 Confession

Seeing that Hongyue was about to launch her attack, Yun Lintian quickly said. "No. I didn't sleep with her."

"Lie! I know you did it." Hongyue retorted angrily. "You are really Ling Yongheng!"The original source of this content is

Confronted with Hongyue's overwhelming killing intent, Yun Lintian gritted his teeth and spoke. "Alright! Alright! I did it."

"What did you do?" Hongyue pressed further.

"I slept with her." Yun Lintian let out a long breath. "Are you satisfied?"

Hongyue's murderous intent vanished instantly. She curled her lips. "I know it. You are so bold."

Yun Yi was shocked to hear this. In his eyes, Long Qingxuan was his master's woman. Yun Lintian actually slept with her!

Yun Lintian glared at Hongyue with annoyance. "Didn't you know that a long time ago?"

"So what? Can't I confirm again?" Hongyue curled her lips.

She changed the topic. "What happened?"

Yun Lintian briefly adjusted his condition and explained. "While I was exhausted and fell asleep, I remained fully aware of my surroundings. I suddenly sensed a foreign presence attempting to invade my soul ocean. I immediately knew it was Ling Yongheng."

"As we are aware of the Everlasting Soul's ability. If I protected my soul and chased Ling Yongheng away, he would definitely flee, and we might not have another chance to find him. Hence, I allowed him to enter and tried to trap him inside."

He turned to Jin Long and said. "Thank you, senior. Without the help of the Dragon God, I would undoubtedly have to expend a lot of energy to deal with him."

Jin Long nodded in response. He didn't do much and even failed to see through Ling Yongheng's tricks. Thankfully, Yun Lintian was powerful enough. If Ling Yongheng were to fully possess Yun Lintian, no one here would be his opponent.

Hongyue frowned in dissatisfaction. "It was too risky. You shouldn't do it again in the future."

Yun Lintian felt warmth in his heart. He knew that Hongyue was worried about him. He smiled and said. "I had to take a risk this time. Sorry again for causing you concern."

Hongyue pursed her lips. "I'm not worried about you."

"Big Brother Yun." Linlin and Qingqing flew over and clung to Yun Lintian's body.

"Impossible." Yun Yi refused to believe it.

He was aware of Long Qingxuan's obsession with his master. Otherwise, she wouldn't have sacrificed her soul to set up the Dragon Sealing Formation in order to protect the Azure World for him. Not to mention the "past lives" Yun Lintian told him about.

Hongyue gave him a meaningful gaze. "You shouldn't worry about it. Your master and her have no destiny. I believe that she has carefully considered it before taking action."

Yun Yi knew that it wasn't his business. Long Qingxuan had every right to her life. It was just that he felt uncomfortable as if she was cheating on his master.

"Alas... Perhaps this is fate." Yun Yi sighed and stopped worrying about it.

"Right. Since you have stayed in the Great Devil Realm for a long time, have you seen any lesser gods from the outside world?" Hongyue suddenly asked.

"I have seen a few, but none of them can stay there for too long. For some reason, they are afraid of the dark energy." Yun Yi responded with uncertainty.

"The dark energy can corrupt one's mind. Maybe they are sensitive to it." Hongyue said with a frown. It was quite strange indeed.

The two fell silent for a long time before Hongyue spoke. "Forget it. We should strive to improve our strength during this period. It would be great if we could make a breakthrough."

The encounter with Ling Yongheng today made Hongyue realize even more how weak she was.

Yun Yi nodded in agreement.

At this moment, Gui Xuan slowly walked over and looked at the two with a cute expression before saying. "Food."

Hongyue and Yun Yi were speechless.

Inside the Everlasting Soul God Realm, several figures gathered in a spacious hall. Everyone wore solemn expressions. Their master had been gone for a long time, but there had been no news. Even if they didn't want to believe it, they knew deep down that something might happen to him.

"What did Master say?" An old man named Ling Gang asked.

Everyone quickly turned to look at a white-haired old man in the front seat. This person was Ling Fu, the supreme elder.

Ling Fu's expression turned solemn. "We are in trouble now."

Chapter 1840 Disband

Ling Fu's words immediately chilled everyone's hearts.

"What do you mean, Supreme Elder?" Ling Gang asked with a displeased expression. "Did something happen to our master?"

Ling Fu took a deep breath and said. "Before Master left, he told me that if he didn't come back within half a day, we must run immediately. Yun Lintian will definitely come."

"No! How is it possible? How could our master lose?" Ling Gang worshipped Ling Yongheng as his deity. He refused to believe it.

"This is the truth." Ling Fu said and took out an imaginary stone. "You can take a look at it."

Ling Gang quickly activated the imaginary stone, and Ling Yongheng's image soon appeared in the hall.

Ling Yongheng looked at everyone and said. "Since you have activated this stone, it means I have fallen into Yun Lintian's hands. From now on, the Everlasting Soul God Realm will be disbanded. All of you should take your resources and leave."

"Master!" Ling Gang cried anxiously.

Ling Yongheng continued. "Don't judge Yun Lintian based on his age. He is, in fact, ruthless when it comes to dealing with his enemies. He will never spare anyone. Go. Leave now before it's too late and wait for my return."

The record ended, and silence enveloped the hall.

"I won't leave!" Ling Gang said with a crazed expression. "I will kill Yun Lintian."

Ling Fu looked at him and said. "You will just be sending yourself to your death."

"Even if I die, I will avenge Master." Ling Gang shouted loudly and rushed out. No one stopped him.

Ling Fu swept his gaze over everyone and finally landed on a beautiful woman to his right. "Young miss, we should leave now."

The woman was Ling Yongheng's one and only daughter, Ling Zhu. Due to her frail body at birth, she rarely appeared in public. Not even Hongyue knew about her existence.

Ling Zhu turned to look at Ling Fu and said with a smile. "You asked me if I believed in my intuition. What if I tell you that we will be fine?"

Ling Fu opened his eyes and looked at her with surprise. He then shook his head. "I have been covertly observing Yun Lintian since he first entered the Divine Realm. He may appear kind and seemingly inexperienced, but he is definitely a ruthless man."

"Although Master wasn't the main reason for the Beyond Heaven King's demise, we cannot deny that he was involved. Yun Lintian will certainly avenge his master."

"And even if he doesn't do it, there are vengeful individuals like the Red Moon Princess and the Beyond Heaven King's most loyal servant, Yun Yi. I can't see any hope."

Ling Zhu smiled but said nothing.

Two days later, the Fleeing Cloud Profound Ark finally arrived outside the Everlasting Soul God Realm.

Hongyue frowned as she looked at the distant white star. "Unexpectedly, they actually escaped."

She couldn't sense the aura of a peak Divine Emperor within. Clearly, those people had already fled.

"They are just a bunch of cowards." Yun Yi shook his head in disappointment. He had expected a battle but ended up with none.

"Let's take a look first." Yun Lintian spoke as he steered the profound ark toward the star.

The first thing they saw was a vibrant atmosphere. People were coming and going everywhere. They were completely unaware that their Realm King had already gone.

Yun Lintian didn't have high expectations when he saw this scene. He probably won't gain anything at this rate.

With no further ado, he swiftly steered the profound ark towards the Everlasting Soul Palace.

When they arrived at the palace, Yun Lintian and the others were surprised to see a beautiful woman and an old man waiting for them.

"Junior Ling Zhu greets all the seniors." "Trace the roots of this material
