

Myth Beyond 1931

Chapter 1931 Revenge (1)

Instead of being angry, Nie Weisheng smiled. "Let's not play tit for tat, shall we? Why don't you tell me your intention for coming here today?"

In fact, Nie Weisheng didn't expect Shen Huang, Zhan Xuan, and Cang Songqi to come here today. After all, they could be considered as the Beyond Heaven King's people.

However, he wasn't afraid of them causing trouble here.

All eyes were on Shen Huang as everyone awaited his response.

Shen Huang smiled faintly. "It's obvious to everyone here that you are seeking allies to go against Yun Lintian. So, I'm not going to go through the details."

"I honestly have no problem with your so-called devil-beheading alliance. It would be good if everyone in the Divine Realm were united. However, you have completely ignored one crucial point here.

Shen Huang swept his gaze over everyone and continued speaking. "I was waiting for someone to speak up, but it turned out that none of you knew what happened to Ren Yuan."

"Do you think he would simply leave the Divine Realm because of Yun Lintian?"

Ye Bai frowned. "Isn't it the case? Didn't he lose to Yun Lintian because he had underestimated him?"

The fact that Ren Yuan failed to capture Yun Lintian was known to everyone. However, Nie Weisheng and the others didn't believe it was solely because of Yun Lintian.

Perhaps Hongyue and Yun Yi played a significant role in defeating Ren Yuan. After all, no one here had witnessed the battle with their own eyes.

Although Ren Yuan was strong individually, most people believed he heavily relied on the Heavenly Desolate Orb and sneak attacks. Otherwise, he wouldn't be able to catch the Beyond Heaven King by surprise.

In the past years, no one tried to challenge Ren Yuan because it wasn't worth it. At the same time, Ren Yuan had never displayed his power again. It was normal for Ye Bai and the others to believe he wasn't as powerful as everyone had expected.

Shen Huang shook his head and said. "I can tell you that Ren Yuan was single-handedly defeated by Yun Lintian... Qin Juehai, Mo Tian, and Mo Yan as well."

Ye Bai gnashed his teeth in fury and remained silent. He was aware of this fact. It was impossible for Yun Lintian to spare him after what he did to the Beyond Heaven King in the past. It would be even worse if he broke up with Nie Weisheng here.

Nie Weisheng looked at Shen Huang coldly. "You are here to deal with us?"

Shen Huang smiled. "No. You know that I prefer to remain neutral. I came here to see if all of you can be saved. But this trip seems to be in vain."

"Heh." Nie Weisheng sneered coldly. "You just want to mock me, don't you? Counting my grudge with Yun Tian, you are fully aware that it is irreconcilable between his successor and me. Don't try to act like you are a benevolent old man."

"As I mentioned earlier, Yun Lintian isn't an unreasonable man. He may be young, but he does care about the Divine Realm. Just like the Beyond Heaven King." Shen Huang responded calmly.

"Now that the Divine Realm has lost a few god emperors, I don't think losing more will be beneficial. He must have thought the same."

He looked at Nie Weisheng and said. "Unfortunately, you are too stubborn. Forming an alliance is fine, but you actually want to frame him. It may be too late now."

"Haha!" Nie Weisheng laughed coldly. "It seems you have truly gone senile. Do you think they will let us go for the sake of the Divine Realm? I didn't expect to hear such naive thinking from you, old man."

Shen Huang took a sip of wine and offered no further explanation.

"Oh?" At this moment, Zhan Xuan suddenly noticed a spatial fluctuation above the capital city.

Buzz!

A moment later, a spatial rift appeared, and a white skyship emerged from it.

Nie Weisheng and the others furrowed their brows when they saw this. Who could possibly come here at this moment?

"All of you are here. Very good. It saved me time."

Hongyue's voice echoed throughout the entire capital city, causing Nie Weisheng and the others' expressions to change drastically...

Chapter 1932 Revenge (2)

As Hongyue's voice fell, a massive red moon appeared in the sky, casting a crimson hue over everything.

All the residents turned ghastly pale as they were enveloped in horrifying pressure. As much as they wanted to run, their bodies didn't seem to listen to their brains. They could only stare at the red moon in place.

"This... The legendary realm... She has stepped into the legendary realm!" Du Gouliang exclaimed in shock. He knew that he was doomed today.

Nie Weisheng and his accomplices were no exception. Their eyes widened in disbelief.

Hongyue stood on the skyship, gazing at the magnificent palace with a murderous intent. She couldn't wait to reduce this place to nothingness.

"Nie Weisheng! It's time to pay the price." Hongyue's voice was incomparably cold.

Her aura surged, causing the red moon to glow brighter and drown the world in a sea of red.

The entire Dark Sea God Realm seemed to have completely frozen over. A horrifying expression appeared on everyone's face. They felt as if the gate of death had appeared in front of them.

"F-Father..." Nie Wuji was frightened as he fell to the ground. He thought there would be no threat from Yun Lintian's group after establishing the alliance. He had never expected that Hongyue would show up with such terrifying power.

Nie Weisheng reacted. He immediately activated the formation and summoned the ultimate artifact of the Dark Sea God Realm, the Dark Sea Soul Lantern.

Instantly, a massive black barrier appeared above the palace.

Nie Weisheng held a black lantern tightly as he infused his energy into it. The black light within the lantern began to stir, and several shadowy figures quickly appeared around the palace, one after another.

"The Black Tide is really related to you, huh?" Hongyue curled her lips when she saw the black figures. These figures were obviously god souls created by the fortune of the territory's destiny.

The so-called Black Tide that wreaked havoc and stole fortune around the Divine Realm in the past had now been confirmed to be the work of Nie Weisheng.

Ye Bai and the others were stunned as well. They didn't expect Nie Weisheng to have such a trump card up his sleeve.

Shen Huang's eyes narrowed slightly. With the Mystic God Realm's intelligence network, he had some clues related to the Black Tide. He had long been suspected of being associated with the Dark Sea God Realm, but there was no concrete evidence.

The god souls exuded a terrifying aura of a god emperor. They obviously had the ability to confront any god emperors.

Yun Lintian closed the book and put it away along with the pen. He looked at Shen Huang and said. "Please come here, Senior."

Shen Huang regained his senses and waved his hand, sending Ling Zhu to Yun Lintian's side.

He then turned to look at Yang Hu. "Come with me."

"I... Can I?" Yang Hu didn't know how to react.

"Yes." Shen Huang turned to look at Lin Ya and Xue Ru. "You two as well."

Yang Hu, Lin Ya, and Xue Ru glanced at each other and quickly followed Shen Huang to Yun Lintian's side.

Zhan Xuan, Shui Ru, and Cang Songqi also stood up and flew to the skyship.

"W-What should we do now?" Ye Bai became panicked.

Du Gouliang, Hai Bolin, and Shan Mujin remained silent. They suddenly felt regret for coming here. Why did they mess with Yun Lintian to begin with?

"Congratulations on your breakthrough." Shen Huang looked at Hongyue with a smile.

Hongyue ignored him and continued to stare at Nie Weisheng. "Now, die!"

Ripp!

All of a sudden, a terrifying red light flashed, and the black barrier above the imperial palace immediately split apart.

All of the god emperors and Nie Weisheng felt as if thousands of blades were running through them. Their bodies shuddered violently as their minds went blank in that instant.

As their brains registered the pain, Nie Weisheng and the others hurriedly unleashed their power. Their aura covered a vast space, but it was only a brief moment before shattering into nothingness.

"Arghhh!!"

The painful screams of the god emperors echoed throughout the entire Dark Sea God Emperor, causing all the living beings within the space to shudder...

Chapter 1933 Revenge (3)

Nie Weisheng and the others could not resist Hongyue's terrifying attack. Their defense meant nothing in front of her. It fully displayed the gap between the God Emperor and the Lesser God.

Shen Huang and the others looked at the scene with a chill running down their spines. They had witnessed the power of the Primordial God Tribe before, but it was far inferior compared to Hongyue.

"S-Spare me!" Xin Guanting pleaded with difficulty. She had already given up on pursuing Yun Lintian, but Hongyue didn't spare her because of her past betrayal.

Shen Huang looked at Hongyue and said gently. "She has already repented."

Hongyue raised her brow slightly. "Are you teaching me?"

Shen Huang shook his head. "I am nothing but an old man with one foot in the grave. What I am worried about is the future of the Divine Realm."

"Heh." Hongyue sneered. "What does the future of the Divine Realm have to do with me?"

"But it is what the Beyond Heaven King tried to protect." Shen Huang said calmly.

Hongyue squinted at Nie Weisheng and the others as if she were thinking of something.

Yun Lintian could see the struggle in her heart. He stepped forward and said gently. "You can do whatever you want. I'm behind you."

Hongyue's body trembled slightly as a warm current emerged in her heart. Normally, Yun Lintian would undoubtedly try to stop her from killing these people. However, he was actually supporting her this time.

A moment later, Hongyue retracted her power, and the red moon gradually dimmed. The frightening pressure had disappeared as well.

Shen Huang and the others looked at Hongyue in surprise. They didn't expect her to spare Nie Weisheng and his accomplices.

They inadvertently glanced at Yun Lintian and seemed to perceive an inexplicable relationship between Hongyue and him.

Hongyue was indeed on the Beyond Heaven King's side in the past, but she was neither his lover nor admirer. No one could truly understand the relationship between them.

Thud!

Nie Weisheng and the others fell to the ground, their bodies covered in blood. Their faces were ghastly pale as they stood a half-step away from the gate of death.

"Thank you for sparing me." Xin Guanting said gratefully.

"I... I thank the Red Moon Princess for sparing me." Hai Bolin spoke with difficulty.

Everyone in the Dark Sea God Realm could hear it clearly. They glanced at each other in confusion, unsure of what to do at the moment. Most of them here had never heard about the Primordial God Tribe before.

Hongyue revealed a cold smile. "That's all you got? I thought you would come up with another trump card... Do you think everyone is as stupid as you?"

"In the past, it was the Beyond Heaven King and the other seniors who sacrificed themselves to protect the Divine Realm. However, all of you chose to betray them at the critical moment and almost turned the Divine Realm into the enemy's playground."

Her voice resonated throughout every corner of the Dark Sea God Realm, reaching even the nearby stars.

"All of you tried to conceal the truth and turned black into white. You can deceive people, but not everyone is blind." Hongyue said further. Her eyes brimmed with murderous intent.

"Nie Weisheng! The crime you committed in the past is unforgivable. Today, the Dark Sea God Realm will cease to exist."

"You dare!" Nie Weisheng roared. His aura erupted, filling the entire space.

"Die," Hongyue uttered coldly as she waved her hand.

The air suddenly turned solid. An invisible chill deeply penetrated everyone's soul, gnawing at them like countless devil claws.

The dimmed red moon shone brightly again, unleashing a horrifying pressure that enveloped the entire space. Nie Weisheng's aura was instantly subdued by the red light.

Crack!

The sound of several bones snapping rang in the air and reverberated like the sound of a mountain collapsing.

Instead of finishing Nie Weisheng in a single strike, Hongyue chose to break his bones one after another. It could be seen how deep the hatred she had for him.

"Don't worry. I will send your sons, daughters, concubines, and servants to your side later." Hongyue said coldly. Her voice was akin to that of a devil, causing everyone to tremble.

"Ugh..." Nie Weisheng struggled hard, but it was futile. He could only stare at Hongyue with hatred.

Ripp!

The red energy immediately penetrated his body, tearing everything apart.

"AHHHHH!" Nie Weisheng wailed miserably as he spasmed like a maggot.

Finally, Hongyue waved her hand again, cutting Nie Weisheng into countless pieces.

The dignified Dark Sea God Emperor had officially fallen...

Chapter 1934 Dust Settled

?Buzz—

Shan Mujin's aura erupted as his figure transformed into a shadow, rushing out in a flash.

Instead of waiting for death, he might as well try to escape. This was the only opportunity he had.

Hongyue frowned slightly. She was about to make a move, but Yun Yi spoke first.

"Let me come."

Yun Yi stepped forward and made a grasping motion towards the shadowy figure.

Suddenly, Shan Mujin felt an irresistible force around him. His entire body was restrained in place. No matter how hard he tried to move, it was all useless.

Yun Yi appeared in front of Shan Mujin like a ghost. He looked at him calmly. "Do you know how much I want to kill you?"

His voice was calm, but it made Shan Mujin's heart tremble uncontrollably.

"I have to admit that your work was neat and clean. It was to the point I couldn't find a single clue back then. However, there is no secret in the world." Yun Yi said further.

During the war, Shan Mujin had secretly sent his henchmen to assassinate the Beyond Heaven King's people. Countless people had died under their hands, and most of them were ordinary practitioners who lived in the Land of Beyond Heaven.

At that time, Yun Yi and the others were entangled in the war and had no time to take care of them. When everything was over, everyone was already gone.

Yun Yi thought that it was the work of the enemy, and he was sent to the Great Devil Realm later. It made him unable to find out the truth.

Later, when he returned to the Divine Realm, Yun Yi coincidentally found a clue that led to the assassination organization under Shan Mujin. When the truth came out, Yun Yi couldn't wait to kill everyone in the Hidden Mountain God Realm, but he held back because of the mission.

This time, he would not let the chance go anymore.

"You..." Shan Mujin wanted to refuse, but it was too late. Yun Yi had already grabbed his neck.

Shen Huang looked at Yun Yi and asked. "Can you spare Shan Mujin's descendants?"

Yun Yi slowly landed on the deck and said calmly. "I'm not as cruel as him."

Shen Huang felt relieved. "Thank you for showing mercy on them."

Although Shen Huang didn't like his daughter, Shen Yifei, who married Shan Mujin's son, she was, after all, his own blood and flesh. It would be sad to see her die.

On the side, Ling Zhu looked at Hongyue, Yun Yi, and Yun Lintian and sighed inwardly. This time, she felt how stupid her father was to become their enemy. Thankfully, Yun Lintian had no intention of exterminating her Everlasting Soul Clan.

Meanwhile, Xue Ru and Lin Ya looked at Yun Lintian curiously. It was the first time they met him. They could see the shadow of the Beyond Heaven King in him. He was indeed as powerful as the rumor said.

"Where is that Old Bastard Bai?" Cang Songqi suddenly asked. He didn't seem to care about the life and death of Nie Weisheng and the others.

"He is currently recuperating inside the Moon God Realm, Senior. You can visit him." Yun Lintian replied politely.

Cang Songqi took a deep look at Yun Lintian and said. "Your demeanor is similar to him."

"You are wrong." Zhan Xuan suddenly interjected. He looked at Yun Lintian and said. "You are more ruthless than him. Your strength is also stronger. I'm not surprised why he chose you."

Yun Lintian cupped his fists and said. "Junior Yun Lintian greets Senior Zhan. I would like to ask Senior a question."

"What do you want to ask me?" Zhan Xuan was curious.

"Has a person with the Void God Profound Vein ever appeared in your realm?" Yun Lintian asked.

Zhan Xuan's face changed slightly. "There is. She is my daughter, Zhan Xin. However, something happened when she was born. It caused an instability in the space, and together with her mother, they were swept into the rift. It happened around a hundred years ago."

"Do you know something?" He quickly asked.

Yun Lintian thought for a moment. He had always been curious about the origin of his third aunt, Yun Huanxin. It seemed she was indeed related to the Infinite Void God Realm.

"I'm not sure about this, but the third elder of my sect used to possess the Void God Profound Vein." Yun Lintian replied.

"Where is she now!?" Zhan Xuan hurriedly asked. He couldn't suppress the excitement.

Chapter 1935 Unification (1)

Zhan Xuan was excited. The Void God Profound Vein was unique in the world and almost impossible to replicate. He fully believed that the person Yun Lintian mentioned was his daughter.

"She is currently undergoing training inside a secret realm. It will take a year or a few years to come out." Yun Lintian explained.

"Can you show me what she looks like?" Zhan Xuan quickly asked.

Yun Lintian raised his finger and projected a picture of Yun Huanxin into Zhan Xuan's mind.

"It's her... It's definitely her." Zhan Xuan said emotionally. "She looks exactly like her mother."

"Congratulations on finding your daughter." Cang Songqi was the first to speak. As a long-time friend of Zhan Xuan, he naturally knew something about the incident.

"It's my younger sister?" Zhan Huan murmured in shock. He was present when the incident occurred. Afterward, his father spared no effort searching for them, but it was to no avail.

It was a miracle that they could see her again. More importantly, she actually had a deep relationship with Yun Lintian.

"Can you tell me about her experience over the years?" Zhan Xuan asked expectantly. He was eager to know more about his daughter.

"She is very kind, and her talent is the highest among her peers. She has become the youngest elder of my Misty Cloud Sect..." Yun Lintian slowly recounted Yun Huanxin's situation. Visit [no\(v\)eLb\(i\)n.com](http://no(v)eLb(i)n.com) for the best novel reading experience

Zhan Xuan went silent for a long time. From the look of it, his wife must have already passed away. Although she was one of his many concubines, he still had affection for her.

"Will she accept me?" Zhan Xuan asked nervously. A dignified god emperor was no different from an ordinary father at that moment.

"It's hard to say." Yun Lintian replied truthfully. "She is independent, and I can see that she doesn't care about her origin at all."

"Is that so?" Zhan Xuan sighed in sorrow.

"You can slowly interact with her. Blood is thicker than water, after all." Shen Huang comforted him. He had experienced a similar situation himself in Wu Qingcheng. Fortunately, she was easy to talk to. Otherwise, it would be impossible for her to accept him.

"I know." Zhan Xuan nodded heavily. "Even if she doesn't want to acknowledge me, I will do my best to make up for her."

"Good." Can Songqi patted his friend's shoulder.

"I will open my secret land." Yang Hu followed.

"Many thanks, seniors." Yun Lintian cupped his fists. He knew that it wasn't easy for them to make this decision. After all, it meant that their progress would be delayed.

"Leave the announcement to me." Shen Huang said. With his vast network, it was easy to spread the news.

Yun Lintian turned to Hongyue and said. "I will leave this matter to you."

Hongyue frowned. "What do you mean?"

"I need you to stay behind." Yun Lintian said gently.

Hongyue's face darkened. "Are you going alone again?"

"Well, it's easier for me to move around." Yun Lintian replied. "I will take Senior Yun with me."

Hongyue fell silent. She originally planned to leave the Divine Realm with Yun Lintian. However, she could understand his concerns. With no one staying behind, the Divine Realm could disintegrate at any moment.

Moreover, she was aware that she could go to Yun Lintian's side whenever she wanted. Hence, it was no problem for her to stay behind.

"Alright," Hongyue responded.

"Thank you." Yun Lintian felt relieved. He was afraid that Hongyue would insist on following him out.

"Are you leaving the Divine Realm?" Shen Huang asked curiously.

"Yes." Yun Lintian didn't hide anything. "To deal with the Primordial God Tribe, I must go out to learn more about them. Initially, I didn't want to tell all of you here because it would add unnecessary pressure, but I think seniors can handle it well."

"There are around twenty true gods behind the Primordial God Tribe. A single one of them can destroy us with a flip of their hand."

The revelation shocked everyone present. The concept of a true god was far from them, but they could understand what it was.

"Twenty true gods..." Shen Huang muttered with a solemn expression...

Chapter 1936 Unification (2)

Zhan Xuan and the others didn't know what to say at the moment. They could feel a terrifying pressure on their shoulders.

They might be god emperors, the top existence in the Divine Realm, but they couldn't be counted as an ant in front of a true god. No matter how they looked at it, they were destined to lose in this war.

"What should we do?" Ling Zhu couldn't help but ask. She couldn't see the future at all.

"While cultivating more talents, everyone at the top must strive to improve strength. I will introduce a group of people to you." Yun Lintian explained.

The group of people he mentioned was none other than Song Kang and his comrades, including Ling Musan and Mu Yan. They were avatars of true gods and shared experiences with their true selves. It wouldn't be difficult for them to teach these god emperors.

Hongyue, Yun Yi, and Jin Long were the living evidence. They had been training under Song Kang and Mu Yan in the past months, and their strength had improved significantly.

Although curious, Ling Zhu didn't ask any further questions.

"Let's do it. We have no choice anyway." Shen Huang let out a sigh.

The Divine Realm was indeed too weak. Everyone was too complacent under Ren Yuan's rule. Now that the era had changed. It was time for the Divine Realm to wake up.

After exchanging a few words, everyone boarded their respective ships and left. They would meet again in a week.

Hongyue glanced at the ruined palace below and said. "From today onward, this place will be changed to the Sky Sea God Realm. All the factions here can operate as usual. However, the original Dark Sea God's territory will be restricted for now. No one is allowed to enter."

Her voice reverberated throughout the entire realm, awakening everyone. Those people among the top factions here felt relieved upon hearing this. They thought that they would be eliminated next.

"Let's go," Hongyue said gently.

Yun Lintian didn't say anything and drove the skyship away directly.

The news about the fall of the Southern Divine Region's god emperors spread like wildfire. Everyone was dumbfounded when they learned about it. The alliance had just been established a few hours ago, yet it was gone now... What the heck happened?

At the same time, Shen Huang announced the recruitment of a group of talents. It immediately sparked a flame of ambition in everyone.

"She is surely ruthless." Inside the Rain God Palace, Kong Hui sighed upon hearing the news.

After speaking, she picked up Gui Xuan and walked towards the lake.

Yun Lintian sighed and patted Qingqing, who was sleeping soundly beside him. "Let's go."

Qingqing opened her eyes with a hint of displeasure. She reached out to hug Yun Lintian's neck and then continued sleeping.

Meanwhile, Linlin jumped onto Yun Lintian's shoulder and sat calmly.

Yun Lintian smiled faintly. He missed this feeling very much. The only regret was that he couldn't see his women before leaving.

Yun Lintian got up and summoned the gate before stepping into it.

When he arrived at the Divine Moon Peak, he immediately spotted Shen Huang and the others waiting for him.

Yun Lintian no longer hid the Land of Beyond Heaven's secret from them. It wasn't that he had become careless, but these people were no longer a threat to him.

"We have prepared the venue, and all the participants are ready." Shen Huang immediately said upon seeing Yun Lintian.

"You can do it, senior. There is no need to inform me." Yun Lintian said.

"As you know, everyone is curious about you right now. It's better to have you appear in front of them." Shen Huang said with a smile.

"Alright." Yun Lintian sighed helplessly. "I will only show up."

"Sure." Shen Huang chuckled. The Divine Realm needed a spiritual leader. Yun Lintian was undoubtedly the best candidate.

Just as Yun Lintian was about to leave with Shen Huang, the gate behind him suddenly opened, and Long Qingxuan slowly walked out.

Her appearance immediately startled Shen Huang and the others.

"We greet the Dragon Princess." Shen Huang and the others quickly said.

Long Qingxuan nodded gently in response.

She turned to Yun Lintian and said. "I will go with you."

Chapter 1937 Heavenly Mandate (1)

Yun Lintian was startled. "What do you mean?"

"You know what I mean." Long Qingxuan responded calmly.

Yun Lintian stared at her for a while and asked. "Can you tell me why?"

"I want to visit the Dragon God Realm." Long Qingxuan offered no further explanation.

Yun Lintian immediately understood. The Dragon God Realm in her words was the true ancestral land of the Dragon God mentioned by the Primordial Azure Dragon God.

"Do you know something about it?" Yun Lintian couldn't help but ask.

"No," Long Qingxuan replied calmly. "I want to learn more about our origin."

Yun Lintian thought for a moment and said. "No problem."

Long Qingxuan didn't say anything else and prepared to leave.

"How is your injury?" Yun Lintian asked after a brief hesitation.

Long Qingxuan paused her steps and replied without turning back. "It's good now."

With that, she pushed open the gate and walked through it.

Yun Lintian stared at her disappearing back momentarily and sighed inwardly. He still had no idea how to approach her. After that "incident," Yun Lintian often thought about her, but he always believed that she was the Beyond Heaven King's woman.

Shen Huang and the others looked at Yun Lintian with a strange expression. They were fully aware of Long Qingxuan's obsession with the Beyond Heaven King. Anyone who tried to approach her would be turned away violently. It was rare to see her speak patiently with Yun Lintian.

Yun Lintian turned to look at Shen Huang and said. "Let's go, seniors."

Everyone immediately set off.

The grand event was set in the Heavenly Mandate Realm to ensure absolute fairness.

When Yun Lintian arrived, he was surprised by the bustling scene. Every spot was filled with people. It was as if all the beings in the Divine Realm had assembled here.

"This should be your first time coming here." Shen Huang said while stroking his beard.

Suddenly, a loud and clear sound of profound lights could be heard from midair. As everyone instinctively lifted their heads, they saw brilliant multicolored lights intertwined and dancing around the sky.

At this moment, Shen Huang stood up and spoke in a clear voice. "This old one is the Mystic God Emperor. I am glad to meet all the outstanding talents today. I represent the upper echelons of the Divine Realm to express gratitude to everyone for attending and participating in the most significant event of the Divine Realm."

"Before starting the competition, I would like to invite Yun Lintian, the successor of the Beyond Heaven King, to deliver an opening speech."

Yun Lintian sighed helplessly when he heard this. He reluctantly stood up and prepared to speak.

Immediately, his appearance was broadcast to every corner of the Heavenly Mandate Realm. Everyone could finally see the face of the legendary successor to the Beyond Heaven King.

"Hello, everyone. I truly appreciate everyone's enthusiasm for today's event. As we know, our Divine Realm is currently facing a crisis...." Yun Lintian proceeded to give a long speech about the ins and outs of today's event.

"Now, let me announce the prize for the competition." Yun Lintian spoke further.

"The top hundred individuals will receive the finest resources and teachings directly from senior god emperors themselves."

"Woah!"

The moment the prize was announced, the entire audience immediately erupted into an uproar.

"The top five hundred will have the right to enter the secret realm..."

Yun Lintian slowly announced the prizes one after another. In short, there would be a total of five thousand winners today.

Everyone's enthusiasm immediately broke the ceiling when Yun Lintian finished the announcement.

"Now, participants called upon by the officers, please come up immediately for profound strength assessment and drawing of lot numbers." Yun Lintian said and passed the duty to the officers.

Yun Lintian chose to stay behind and watch the competition for a few hours before sneaking away.

"Finally, I can be free." Yun Lintian let out a long sigh after leaving the arena. He didn't forget to put on a disguise.

"Let's find something delicious," Qingqing said while drooling.

"Alright." Yun Lintian chuckled.

As he was about to walk further, an aged voice suddenly resounded in his mind. "You have finally arrived here, the inheritor of the God of Fate."

Chapter 1938 Heavenly Mandate (2)

Yun Lintian was stunned for a moment and quickly replied. "Are you the Heavenly Mandate Spirit?"

"Yes." The aged voice resounded. "More precisely, I am merely a residual soul of the original Heavenly Mandate Spirit."

Yun Lintian found a nearby teahouse and entered. After entering a private booth, he asked. "What do you want to talk about with me?"

"Nothing. I want to remind you of an upcoming danger." The Heavenly Mandate Spirit responded.

"Are you referring to the Primordial God Tribe or the threat from the forsaken land?" Yun Lintian poured Qingqing and Linlin cups of tea as he asked.

He suddenly thought of Qin Chan, the Heavenly Mandate Realm practitioner he had met in the Primordial God Forsaken Realm. She seemed to talk about the threat from the forsaken land.

"Yes," The Heavenly Mandate Spirit explained. "I can feel my aura from you. Presumably, you must have met one of my disciples over there."

"The Heavenly Mandate Realm originally belonged to Tian Yu, the Diviner of Heaven's Will. As his title suggested, he was a true god under the God of Heaven."

"At the end of the Primordial War, he left a prophecy behind, and it has been passed down to the Heavenly Mandate Spirit."

"However, the Heavenly Mandate Spirit was severely injured at that time and could barely survive. Most of its power and memories had long disappeared. What I have left in my mind is a fragment of a prophecy."

"Stars may glitter, a celestial feast, but hunger grows within the beast. That is the phrase of the prophecy."

"Stars may glitter... a celestial feast... but hunger grow within the beast? What does it mean?" Yun Lintian repeated the sentence with a frown.

"Unfortunately, I don't understand it as well." The Heavenly Mandate Spirit replied.

"I have accumulated my power for millions of years and spent it on divination. What I see is the forsaken land growing larger and starting to consume the Divine Realm, including the entire Primal Chaos."

"There is another phrase that appeared during the divination. When the celestial lotus withers and dies, a serpent's venom taints the skies."

"When the celestial lotus withers and dies... A serpent's venom taint the skies?" Yun Lintian furrowed his brow deeply. It was too cryptic and vague that he had no way to understand.

"You can feel it?" Yun Lintian was surprised.

"I have been monitoring him since he had obtained the inheritance. He is very similar to the God of Heaven in the memory fragment. Ambitious, resolute, and confident. It isn't difficult to guess his plan." The Heavenly Mandate Spirit explained.

"I see." Yun Lintian nodded slowly.

"The Nine Heavens Realm used to be a part of the God of Heaven's territory. It was located in a relatively remote place, which allowed it to survive the destruction of the war. It is one of the few places among the vast Primal Chaos that managed to survive." The Heavenly Mandate Spirit said further.

"In order to achieve his ambition, he must restore the Heavenly Court and reclaim the God of Heaven's legacy... I would like to request one thing from you. Please stop him."

"Why?" Yun Lintian was puzzled. Logically, this should be beneficial for the Heavenly Mandate Spirit. After all, it was considered a subordinate of the God of Heaven.

"It's my intuition. He doesn't deserve to inherit my lord's legacy." The Heavenly Mandate Spirit replied.

"Your intuition?" Yun Lintian felt strange.

He thought for a moment and said. "We are mortal enemies. We are destined to destroy each other. Even if you don't tell me, I will still kill him."

Compared to the others, Ren Yuan was the main culprit behind the downfall of the Beyond Heaven King, including Hongyue, Xia Nongyue, and Cai Xieren. It was impossible for Yun Lintian to spare him.

"You must remember my words today. Do not show mercy on him." The Heavenly Mandate Spirit said solemnly.

Yun Lintian frowned slightly. He felt that there was something more behind this. However, he didn't ask about it.

He drank a mouthful of tea and said. "Don't worry. I will never show mercy on him."

"If there is nothing further, I shall excuse myself now."

"I wish you good luck." The Heavenly Mandate Spirit spoke and then disappeared.

Yun Lintian looked at Qingqing and Linlin. "Let's go. We will walk around the city and then leave."

Chapter 1939 Departure

"Stars may glitter, a celestial feast, but hunger grows within the beast." Yue Hua repeated the sentence to herself.

After returning from the Heavenly Mandate Realm, Yun Lintian went directly to the Tower of Fate and shared the information he had received from the Heavenly Mandate Spirit with Yue Hua and the others.

"Found it." Lin Yitong said as she flipped through an ancient book.

"The Diviner of the Heaven's Will, Tian Zhi, is a unique being under the God of Heaven. He has the ability to glimpse into the future, but it comes at the cost of his five senses and seven emotions. Every time he uses the power, he will slowly lose one of them."

"This record stated that he had warned the God of Heaven about the potential of the Primordial War, but it was ignored. When the war happened, it was too late to reverse."

"After he died, one of his closest subordinates buried his remains inside the God Tomb."

"The God Tomb..." Yun Lintian spoke in a low voice.

It was quite a coincidence that the God Tomb was his next destination. Everything seemed to point to this place at the moment.

"It looks like the prophecy is referring to someone with immense ambition. Especially the hunger grows within the beast part." Lan Qinghe expressed her thoughts. "Perhaps it referred to the God of Mortal?"

"From what I read, the God of Mortal, Fan Ren, was benevolent and generous. Over the years, he took care of ordinary mortals attentively. Everyone lived a good life under his rule." Lin Yitong stated.

"If we didn't know the truth, we would have also believed it. After all, he didn't seem to be a person who committed such a hideous action."

In every book that Lin Yitong found, the God of Mortal was described as a benevolent figure and held a very high prestige among living beings. It was normal for people to believe him rather than a mysterious figure like the God of Death.

"It doesn't matter now." Yun Lintian said gently. "No matter what the truth may be, we are now aware of the enemy. At the end of the day, we have to face them."

"It's good that you can think like this." Lan Qinghe looked at Yun Lintian with a meaningful smile.

Yun Lintian sighed. "The previous experience taught me well. No matter how cautious I am, it will be useless in an unknown circumstance. Instead of wasting time trying to uncover all the truths, I should focus on enhancing my strength as soon as possible."

After experiencing an unknown entity, such as the Hell Asura, Yun Lintian began to reflect on himself. He thought that everything was within his control, but unexpected situations kept happening in the end. All the efforts and plans he made had become futile.

"I know." Yun Lintian responded with a serious expression.

"Don't worry about your women. They will be able to catch up with you soon. It's all thanks to the heaven-defying profound veins they have." Lan Qinghe said gently.

"Thank you for taking care of them, Senior." Yun Lintian said gratefully.

"Go. Good luck." Lan Qinghe spoke.

Yun Lintian bowed his head gently. "I will leave first."

As he finished speaking, he turned around and left.

"Looks like he has been hiding something from us." Lan Qinghe said after Yun Lintian left.

Lin Yitong looked at the list of names of the Primordial Gods and paused her gaze on the God of Fate. Except for him, everyone had more or less records. "I am aware that they are not simple, but I never expected it to be to this extent."

Lan Qinghe and Yue Hua looked silently at Lin Yitong.

Lin Yitong closed the book and said. "We have to prepare ourselves well."

"You must come here often," Hongyue said with a serious expression as she stared at Yun Lintian.

"I will." Yun Lintian said with a smile.

"Go, go." Hongyue waved her hand dismissively.

"Alright." Yun Lintian nodded and jumped onto the skyship.

Yun Yi, Zhang Yu, Linlin, Qingqing, Gui Xuan, Hei Shou, and Long Qingxuan accompanied him on this trip. The lineup was bigger than Yun Lintian had expected, but there was nothing he could do.

Yun Lintian took a deep look at everyone below and decisively steered the skyship away...

Chapter 1940 The Great Expanse (1)

A few hours later, the Fleeting Cloud Profound Skyship gradually arrived at the westernmost side of the Divine Realm, where the tunnel leading to the Great Devil Realm was located.

Yun Yi and Yun Lintian jumped off the ship and arrived at the invisible wall.

"Try to locate the entrance. I will help you pry it open." Yun Yi said.

Yun Lintian reached out to touch the wall and concentrate his mind. A moment later, he discovered a spatial fluctuation and signaled to Yun Yi.

Buzz—

Yun Yi's aura erupted, causing the wall to shake. Together with Yun Lintian, the two forcibly pried the wall open, revealing a spatial tunnel behind it.

Yun Yi carefully checked the tunnel and said. "There is no danger. We can go."

"Let's go." Yun Lintian waved his hand and put the skyship away before flying into the tunnel with everyone.

After passing through spatial turbulence, Yun Lintian's group finally arrived in a world enveloped by black energy.

Everything in front of them was completely black and filled with a sinister aura that made one suffocate. Fortunately, everyone here was familiar with the dark energy, so they didn't feel much oppressed.

The air was gloomy and hazy as if it had existed since time immemorial.

Yun Lintian was familiar with the world in front of him. Although there was a significant difference between the present Great Devil Realm and the Primordial Devil Realm he had encountered in Yun Tian's past, they were unquestionably the exact location.

Yun Yi looked around with a frown. Logically, there should be someone monitoring this area.

"It's too quiet." He said in a low voice.

Yun Lintian opened the Eyes of Heaven and scanned the surroundings. To his surprise, there wasn't a single sign of any living beings here. It was indeed strange.

According to these devils, the Great Devil Realm had undergone a huge change following the arrival of Yao Huang. They became more united and strictly restricted in the central region. It was said that they were currently training hard.

Yun Lintian immediately understood that Yao Huang must know everything. It was obvious that he was preparing for the impending war with the Primordial God Tribe.

Yun Lintian jumped off the ship and searched for the weakest point in the wall of the realm before him.

A moment later, Yun Lintian and Yun Yi jointly pried the wall open. This time, it was more difficult. Yun Lintian had to borrow the power of the Light Pole and the Spatial Wheel.

With the addition of Long Qingxuan and Zhang Yu, a small tunnel finally emerged on the wall.

Without hesitation, Yun Lintian enveloped everyone with his power and dashed into the tunnel.

After he left, the tunnel quickly closed, returning to its original state as if nothing had happened.

Inside the spatial passage, Yun Lintian did his best to shield everyone from the spatial turbulence. If it weren't for the Spatial Wheel's power, Yun Lintian believed everyone would be shredded into pieces by now.

Yun Lintian exerted his strength and moved forward at full speed. A few minutes later, Yun Lintian's group emerged from the spatial turbulence and arrived in a vast and serene starry sky.

Yun Lintian turned to look at the rapidly shrinking spatial turbulence behind him. "Fortunately, I became a divine emperor before leaving."

"Big brother, look." Qingqing pointed her little finger into the distance ahead.

Yun Lintian turned to look at it and saw a flow of light resembling a star river. He then looked around and discovered numerous stars scattered across the vast sky. It was more beautiful than any place he had ever been to.

"This is the Great Expanse." Yun Yi said. "It is a path to other realms."

He turned around and looked back at the Great Devil Realm. "Look."

Everyone looked back and saw a massive black sphere behind the dissipated spatial turbulence. It was extremely massive.

"I see." Yun Lintian nodded slowly. This was the first time he had looked at a great realm from the outside.

"Let's go." He took out the skyship and quickly steered it away. The destination was naturally the Nine Heavens Realm...
