Chapter 321: Flame Of Fury (1)

A cold glint flashed across Yun Lintian's eyes upon hearing Yun Meilan's report.

"What's the situation now?" Yun Lintian asked. He had prohibited his Cloud Shadow team from helping the kidnapped children in the past because he did not want to expose the team's existence too soon. After all, this place was deep, and Yun Lintian had no way of dealing with the Peng clan by himself.

Now, if the situation was urgent, as Yun Meilan said, Yun Lintian would definitely not stand aside and watch further.

"Some of them had their limbs cut off because they are not obedient." Yun Meilan replied.

Ka-cha!

The teapot in Yun Lintian's hand immediately shattered into pieces under his anger upon hearing this. His entire body was exuding boundless killing intent, causing the temperature in the room to drop significantly.

"What's wrong, junior brother? You don't like the teapot?" Nantian Fengyu tilted her head, looking at Yun Lintian curiously.

Yun Lintian took a deep breath to calm himself down and force a smile. "Nothing, fifth sister. I accidentally exerted too much strength."

Nantian Fengyu was a simple mind person. Thus, she didn't linger on this topic further and continued to look around.

"I'll be there in a while. Contact our people to keep an eye on the children's whereabouts." Yun Lintian returned sound transmission to Yun Meilan.

A while later, the food was served one by one. There were various dishes, from simple fried rice to luxurious seafood. All of them were personally cooked by Yun Lingwei.

Watching the unfamiliar food in front of her, Nantian Fengyu's eyes were full of stars, and a fine trickle of drool constantly leaked from the corner of her mouth.

"You can eat as much as you want, Fifth Sister." Yun Lintian smiled faintly while peeling a shrimp for Linlin.

"Good junior brother!" Nantian Fengyu yelled happily and quickly imitated Yun Lintian's peeling action.

After learning how to eat the seafood, Nantian Fengyu became more proficient, and her eating speed was as fast as lightning to the point her hands had turned into countless shadows. She would also shout "Good junior brother!" from time to time whenever she tried a new dish.

"Linlin, big brother has something important to do. Can you stay with Lingwei for a period?" Yun Lintian asked Linlin while feeding her.

Linlin didn't ask Yun Lintian about it and nodded her head. "Don't worry, Big Brother Yun. I'll wait for you here."

Yun Lintian stroked her head dotingly and turned to Nantian Fengyu. "Fifth Sister, I have something to do, and I'll leave for a long time. If you want anything, just tell my aunt Lingwei directly. You can also rest here for a night if you don't want to go back."

"Good junior brother!" Nantian Fengyu didn't care about Yun Lintian, as her mind was entirely occupied by the food in front of her. She simply responded to him and continued to swallow all the foods happily.

Yun Lintian left her and Linlin in the room and went to the study room on the same floor. As he opened the door and walked in, Yun Meilan had long waited for him with a small book in her hand.

Yun Lintian sat down on his chair and received the book from Yun Meilan before reading the content. The more he read, the angrier he became.

Because Principal Tian had arranged various means to suppress the Peng clan recently, it caused the latter to hurriedly sell all the captured children away.

As the Peng clan was in a hurry, a mistake had naturally occurred, and this gave some children that would rather die than become someone else's slave a chance to escape. However, they were, after all, an ordinary person without strength, all of them were caught back in the end.

This incident naturally made the persons in charge furious. They didn't hesitate to kill the chicken to scare the monkey by severing the children's legs and arms. Even though their price would drop tremendously, they could still be sold as a pill slave.

"All the boys had been sold?" Yun Lintian took a few deep breaths and asked. From the information, there were only girls left behind.

Yun Meilan explained. "A boy is easier to be sold because their constitution is stronger. They are more suitable to work in a mine. As for a girl... after being cut their limbs off, no one wants to buy them."

In this world, the labor force had always been a problem. No one wanted to work as a slave in exchange for a few dimes. Especially when they could change their life by becoming a practitioner. That was why a male slave would be sold faster than a female slave as they were urgently sought of.

As for a female slave, except for use as a servant and a tool for a man to vent his desire, they didn't seem to have other values in these beasts' eyes.

Yun Lintian leaned against the chair and closed his eyes. He tried his best to suppress the flame of fury in his heart.

Yun Lintian had never claimed himself as a good person or a saint. Otherwise, he would save all the children a long time ago. He wouldn't need to patiently wait until now. However, he could not close his eyes and wait any longer this time.

A while later, Yun Lintian opened his eyes and looked at Yun Meilan. "Where is the customer list?"

"It's here." Yun Meilan handed another small book to Yun Lintian.

All the customers that bought these children were recorded in this book. Yun Lintian looked at the name list one by one without even blinking his eyes as if he wanted to carve their names in the deepest part of his mind.

Yun Meilan calmly watched Yun Lintian on the side. Although he looked extremely calm right now, she could perceive a blazing fury radiating from him. The current Yun Lintian was akin to a volcano that was about to erupt at any moment.

Yun Lintian put the book down and said calmly. "Tell our people. Prepare for the kill."

A cold light gleamed in Yun Meilan's eyes as she made a hand seal, contacting every Cloud Shadow team member.

Chapter 322: Flame Of Fury (2)

The red-light street had occupied a large area on the northeast of the divine city, and most of the buildings here were all brothels.

At this moment, in an underground chamber of a luxury building called "Heaven Ascend," two stout men were enjoying good food and good wine while being stared at by a group of little girls that were locked behind an iron jail.

"Brother Zhang, how long do we have to stay in this place? I want to go up and enjoy my Little Tulip badly." The stout man with a long scar on his cheek said in dissatisfaction.

"Relax, Little Brother Xu. I heard our master said someone will come to get all of these brats away." Brother Zhang smiled and cast a disgusting gaze on the little girls behind the jail. His gaze caused the little girls to shiver and lowered their heads in fear.

Before this, he would undoubtedly don't mind staying in this place, but now, these little girls were either missing their legs or arms. He didn't want to see this group of disgusting brats anymore.

"Really? That's good!" Little Brother Xu was excited. His mind had already drifted away to the in-bed battle scene between him and Little Tulip.

Bang! Bang!

As Brother Zhang was about to respond to his brother, a banging sound suddenly rang out from an iron door nearby. Brother Zhang and Little Brother Xu glanced at each other and picked their weapons up before slowly walking toward the iron door.

Brother Zhang peeked through a small vent on the iron door and saw a middle-aged man in a grey robe standing calmly on the outside. This person looked like a harmless uncle, but Brother Zhang could perceive a terrifying, oppressive aura from him.

"Who are you?" Brother Zhang asked vigilantly. In fact, anyone who could come to this place was definitely someone from the Peng clan, but Brother Zhang wanted to make sure whether this person was on the same side.

"King of the sky." The middle-aged man replied calmly and used his profound energy to project a Kun Peng's figure in the air.

The expressions of Brother Zhang and Little Brother Xu abruptly changed, and they hurriedly opened the door.

"Greetings, Senior Peng. How can I help you, sir?" Brother Zhang quickly greeted the middle-aged man with a flattering smile.

Although he didn't know the real name of this Senior Peng, counting from the secret code he displayed earlier, Brother Zhang didn't doubt his identity at all.

Senior Peng didn't say anything and calmly walked toward the jail, where all the girls were locked behind.

Brother Zhang and Little Brother Xu glanced at each other with joy. They knew they were about to be freed from this place soon. This Senior Peng must come to fetch these little brats away!

Senior Peng expressionlessly looked at the ninety odds little girls that were now squeezed together and kept shivering in fear. No one knew what he was thinking right now... However, if one looked closely, one could see the hands of this middle-aged man were visibly trembling.

Brother Zhang and Little Brother Xu didn't dare to interrupt this Senior Peng and could only stand honestly on the side.

A while later, they suddenly heard Senior Peng say. "You two. Come, open the jail for me."

Brother Zhang and Little Brother Xu were overjoyed and hurriedly stepped forward, preparing to unlock the jail door.

However, before they could do anything, their bodies suddenly turned rigid and fell onto the ground afterward with a look of horror on their faces.

The group of little girls had forgotten the fear for a moment and stared blankly at the scene in front of them. They didn't understand why these two beasts suddenly fell to the ground.

Senior Peng retracted his hands and kicked the two beasts away. He gently opened the iron door and squatted down onto the little girl's level. A moment later, his face turned blurred slightly and magically changed into a handsome young man's face.

"Hello, everyone. Big brother's name is Yun Lintian. I am here to bring all of you out of this place. No one can hurt you from now on."

That was right. This Senior Peng was actually Yun Lintian in disguise.

Since he stepped into the Spirit Profound Realm, Yun Lintian had studied the concealment profound art called "Illusory Shadow Concealment" and achieved a certain degree of it. He could now literally change his appearance at will, and no one under the Saint Profound Realm could recognize him.

As for why he knew the secret code of the Peng clan, it was a credit of the Cloud Shadow team. During these past months, they didn't stay idle without doing anything. They had gathered every possible information regarding the Peng clan and their evil acts. This secret code was nothing difficult to get at all.

Looking at the pitiful appearances of these little girls, Yun Lintian felt as if his heart was stabbed by countless sharp blades. His hands hadn't stopped trembling since the first step he walked into this place until now.

The group of little girls was stunned for a moment before hurriedly shrinking their bodies backward while crying in fear. Because they had been abused for a long time, they didn't dare to believe in humans anymore.

"Don't hurt Doudou. Doudou will be obedient!" One of the girls with severed arms cried loudly while squeezing her tiny body into other girls nearby.

Seeing this scene, Yun Lintian's heart trembled, and his eyes turned slightly red. At the same time, the flame of fury violently surged within his heart as he roared in his mind...The Peng clan! I will definitely f*cking kill all of you!

Yun Lintian took a deep breath to calm himself down and said softly. "I know you don't trust me. I'll show you a place first."

Following that, Yun Lintian stretched his arm to his right side, and the Gate of Beyond Heaven slowly emerged out of thin air under the little girls' dumbfounded gazes.

The gate slowly opened, and beautiful scenery was immediately revealed to everyone.

"The place behind this door will be your home from now on."

Chapter 323: Flame Of Fury (3)

All the little girls were staring dazedly at the beautiful scenery behind the Gate of Beyond Heaven. They could smell a faint flower's fragrance and occasionally hear a joyous conversation carried along by the gentle breeze.

Yun Lintian sent a sound transmission to Yun Qingrou and Yun Ruanyu to come out. He did explain the situation to them briefly, and they were immediately angry upon hearing it.

A moment later, Yun Qingrou and Yun Ruanyu walked out of the gate and saw the group of children. Their pitiful appearance made Yun Qingrou shed tears on the spot.

"Your name is Doudou, right? These two sisters will bring you to a place. Over there, no one will hurt you. If you want to become a practitioner, they will teach you. You can have anything as much as you want there." Yun Lintian said softly at the little girl Doudou.

"Really?" Doudou was tempted and completely forgot all the fears she had earlier.

"Of course, he didn't lie to you." Yun Qingrou squatted down and gently released a wood aura to cover everyone. All the girls were immediately relaxed, but the trace of vigilance in their eyes didn't entirely dissipate.

"Sir, may I know who you are?" At this moment, a twelve-year-old-looking girl with her legs severed crawled forward to the front as she said. Compared to other girls, she didn't seem to be afraid. Instead, her face was full of worries. She was worried that these little girls would be deceived once again.

Yun Ruanyu could not bear to see this scene. She gently lifted the girl up with her power and said. "My name is Yun Ruanyu. We come from the Misty Cloud Sect. We are on the opposite party of those people who captured you... Can you tell me your name?"

The girl nodded her head slowly and said. "My name is Shen Manjun. I come from the Shen clan of the Spring Wind Nation's Plum Village." She took a deep breath and continued. "Although I can't trust you completely, I can see you don't have any malicious intent toward us. I am willing to be your servant as long as you help all of them... I know my legs are like this, but you trust me, I will try my best to do my job well."

Yun Lintian, Yun Ruanyu, and Yun Qingrou were surprised by Shen Manjun's determination. Even though her proposal was too naïve as she wasn't in the position to bargain, the point she was willing to sacrifice herself for others was a praiseworthy thing.

Yun Ruanyu smiled and said. "Even though you didn't say anything, we are going to bring all of you out of this place anyway. So you don't have to sacrifice yourself or anything. All of you will be treated as our sect's disciples."

Shen Manjun was surprised. She hesitated briefly and turned to look at her sisters behind. When she saw other little girls look at her with expectation, she immediately decided and said firmly. "Please help us."

Yun Lintian nodded his head to Yun Ruanyu and Yun Qingrou, and the three of them quickly released their profound energy to lift all the girls up before bringing them into the Land of Beyond Heaven.

The moment they appeared in the Land of Beyond Heaven, all the girls were immediately stunned by the paradise-like scenery. They had never seen such a breathtakingly beautiful place before and did not know what to say at the moment.

"This place is called Land of Beyond Heaven. It will be your home from now on." Yun Lintian said while looking at the scenery. He hadn't come here even once during these months, and the changes in this place amazed him greatly.

First, the Heavenly Sandalwood forest and the Serene Bamboo forest were almost recovered. All the stumps that were left behind had now grown up by seventy percent. It wouldn't be long before they completely recover their original appearance at this rate.

Yun Lintian could perceive a dense vitality floating out of the medicine garden far away behind the villa. Looked like all the magical plants he bought last time had matured now.

As for the other places, except for the profound energy here had become richer, they hadn't changed much.

At this moment, a group of beautiful women walked toward Yun Lintian and quickly bowed their heads. "Welcome back, Headmaster."

Yun Lintian was stunned for a moment as he discovered all of them had broken through into the Earth Profound Realm now, and their current strengths were almost reached the peak level. One had to know that all the Cloud Shadow team members on the outside were only at the third level of Earth Profound Realm right now... It was, as Yun Lintian thought before, this place was still the best place for practice.

Yun Lintian waved his hand and said. "Get up. I want you to help them get familiar with this place. They will be your junior sisters from now on."

The group of beautiful women looked at the ninety-six dumbfounded girls and was surprised slightly before walking toward them and bringing them away to the residence building nearby.

Yun Lintian turned to Yun Qingrou and said. "I'll leave this matter to you. Please make sure there is no hidden injury left in them. Later, I'll come again to transform them... I want to help them reach the Saint Profound Realm and regrow their limbs."

When the practitioner reached the Saint Profound Realm, they would have the ability to regrow their organs. However, they needed to spend a portion of their lifeforce in order to do that.

The practitioner that lost their limbs would undoubtedly have the limited ceiling as their Profound Entrances on the limbs were missing. However, Yun Lintian refused to believe these pitiful girls could not reach the Saint Profound Realm with the almost unlimited resources and a high-level profound art he had in this place.

Yun Qingrou nodded her head firmly. "Leave it to me."

Yun Ruanyu suddenly asked. "Do you want me to go out?" She knew Yun Lintian was about to crash with the Peng clan soon.

Yun Lintian's eyes gleamed with killing intent as he said. "I want to do it myself."

Chapter 324: Flame Of Fury (4)

Yun Lintian stood in the underground room and coldly watched the two people he knocked out earlier. Earlier, he had destroyed their Profound Veins and woke them up by slapping their faces.

Brother Zhang and Little Brother Xu opened their eyes from the pain and looked at Yun Lintian dazedly for a moment before regaining their senses. When they discovered they had become a cripple, their faces were full of horror as they looked at Yun Lintian.

"You... You are not Senior Peng! W-who are you!?" Brother Zhang was stuttering in fear.

"Which hand did you use to her hurt them?" Yun Lintian said coldly.

"W-what are you talking about?" Little Brother Xu said while shrinking backward.

Yun Lintian looked at them for a moment before stepping forward and grabbing Brother Zhang's right arm. "This one, right?"

Puff!

Before Brother Zhang could say anything, Yun Lintian had already torn his entire arm away brutally. Blood immediately spurted out like an arrow and sprayed all over Brother Zhang and Little Brother Xu's bodies.

"A...arghhh!" Brother Zhang was stunned before screaming painfully and rolled on the ground miserably.

Crackle!

Yun Lintian lifted his foot, stomped on Brother Zhang's left leg, and bent it to an exaggerated shape. "Do you know now how it feels like when your limbs have been cut off?" He then exerted more strength on his foot and completely cut Brother Zhang's leg.

"Arghh!" Brother Zhang uttered a miserable scream again and wriggled painfully like a worm.

Yun Lintian turned his gaze on to Little Brother Xu, and the latter quickly shouted in fear. "P-please spare me! I didn't do anything to those kids!"

Yun Lintian didn't listen to him and immediately cut one of Little Brother Xu's legs off in the same manner as he did previously.

Little Brother Xu cried out miserably and clutched his thigh, trying to stop the bleeding, but it was futile. Blood of the two slowly mixed together, painting the floor into crimson color.

Looking at them for a while, Yun Lintian suddenly said. "Well, I will spare your life once." Following that, his figure slowly sank into the ground and disappeared from the spot.

Brother Zhang and Little Brother Xu stopped screaming and looked at each other in doubt. They didn't understand why Yun Lintian suddenly spared them, but it didn't matter anymore as long as they could live.

"What are we going to do now?" Little Brother Xu gritted his teeth while trying his best to stop the bleeding on his leg.

Brother Zhang was even more miserable. He didn't even have the strength to speak and could only use his eyes to convey his thought.

Little Brother Xu seemed to understand Brother Zhang. He took a deep breath to calm himself down and rummaged his pocket to find a sound transmission jade. As he took it out, he hurriedly contacted his

superior and said. "Brother Hu, we have an enemy. He came here earlier and brought all the goods away. Please help us!"

"What!? How could it happen?" A surprise voice of Brother Hu immediately rang out from the other side.

"I don't know. Please come here and help us first. We are about to die now!" Little Brother Xu yelled.

"Wait for me there. I'll make a report first." Brother Hu replied and disconnected right away.

"F*ck!" Little Brother Xu was irritated and furiously threw the transmission jade away. He was about to die soon, yet this Brother Hu still had time to make a report.

Brother Zhang breathed weakly with no movement, but the anger in his eyes was evident.

Five minutes later, a few study men quickly rushed into the room and looked around briefly.

"Brother Hu!" Little Brother Xu shouted weakly upon seeing them.

Brother Hu, who had a large machete in his hand, hurriedly walked toward Brother Zhang and Little Brother Xu. As he approached them, he immediately discovered both of them had been crippled, which meant there was no point in helping them anymore.

Brother Hu stopped his track and looked around while frowning. "What's going on here?"

Little Brother Xu was so angry when he saw Brother Hu's action. He understood this bastard hadn't intended to help him at all. However, he didn't dare to anger him and said. "I don't know. This person knew the secret code, and we thought he was Senior Peng."

"Idiot! With his status, do you think Senior Peng would come here personally?" Brother Hu cursed angrily. He shouldn't have left this place for these two idiots in the first place.

Little Brother Xu was stunned and quickly said. "It was Brother Zhang who told me!"

The half-dead Brother Zhang was furious when he heard this, but he had no strength to clarify himself and could only lie weakly on the ground.

"Hmph!" Brother Hu snorted coldly.

"What's going on here?" Before Brother Hu could curse further, a middle-aged man suddenly appeared in the room. This person had the same appearance as Yun Lintian's disguise previously, but his aura was many times stronger.

"Senior Peng." Brother Hu quickly bowed his head, but a trace of vigilance could be seen in his eyes.

"It's you! Brother Hu, he's the one who came here earlier!" Little Brother Xu shrank backward as he looked at the newcomer in fear.

Senior Peng frowned slightly and said. "What are you saying? This is the first time I have come here."

Brother Hu carefully looked at this Senior Peng and explained the situation to him.

The frown on Senior Peng's face immediately grew deeper upon hearing this. As far as he knew, there wasn't anyone capable enough to disguise himself so perfectly like that. Where the hell was this person come from?

"What should we do, Senior Peng?" Brother Hu asked carefully. Judging from his facial expression, this Senior Peng should be the real one.

Senior Peng shook his head and asked Little Brother Hu. "Why did he spare your life?"

Little Brother Xu immediately went silent, did not know how to answer. That was right. Why did Yun Lintian spare him?

As everyone was thinking, the room's temperature suddenly increased, and countless complicated runes instantly appeared on the four walls.

"This..." Senior Peng's expression changed drastically when he saw the runes and hurriedly conjured a profound defense.

Rumble—

Instantaneously, raging crimson flames shot out of every direction and furiously devoured everything in the room...

Chapter 325: Flame Of Fury (5)

At this moment, the Heaven Ascend brother was operating normally. Many customers were entering the building under the guidance of seductive women dressing revealingly.

"Sister Qian, do you feel it's getting hot here?" A seductive woman with ample breast fanned her hand before her face while asking another woman beside her. She didn't know why the temperature suddenly increased.

Sister Qian on the side had also felt the same. She looked around for a moment and noticed the trace of heat was floating up from the floor. The moment she looked down on her feet, her face immediately paled as she screamed in fright. "Ah!"

Her scream immediately attracted everyone's attention. They followed Sister Qian's gaze and saw the floor become fiery red as though it was about to melt at any moment.

"Run!" A female voice suddenly resounded throughout the building, alarming all the customers and workers and making them stop doing their business.

It was as though their instinct had kicked in; everyone could perceive a sense of danger incoming. They hurriedly ran out of the building as if their lives were on the line.

Upon everyone evacuated out of the building, several rays of flame arrow fiercely pierced out of the floor and shot straight vertically into the sky, turning the entire building into a massive pillar of fire. Black smoke gradually filled the sky, casting a blanket of shadow to cover the whole red-light street.

"What..." All the customers and workers stared at the fire pillar in front of them in horror. If they hadn't left earlier, they would have become ashes by now. Speaking of this, they had to thank the warning voice previously. They looked at each other in confusion, trying to find the person who told them to run.

Several meters away from the Heaven Ascend brothel, Yun Meilan stood beside Yun Lintian and watched the fire pillar calmly. She was the owner of the earlier warning voice. Yun Lintian had told her to do it.

As much as Yun Lintian wanted to kill the whole Peng clan, most of the workers in the Heaven Ascend were victims in the first place. He didn't want to kill them randomly, as it wasn't their responsibility in this incident. The real culprits were the top-level personnel of the Peng clan.

As for the customers related directly to the incident, Yun Lintian had already given the Cloud Shadow members the assassination task to get rid of them.

"How many victims?" Yun Lintian asked plainly.

"Including the earlier batch, there are four hundred and fifty-two in a total. They all now resting in the restaurant, and Lingwei is personally taking care of them right now." Yun Meilan replied.

The underground room under the Heaven Ascend brothel wasn't the only one that had the victims. There were many other places throughout the entire divine city. Yun Lintian and his team had acted to rescue them simultaneously, and everything went smooth-sailing.

Rumble—

At this moment, a tall building several kilometers away from the red-light street had become another fire pillar. The fire was burning fiercely. Even Yun Lintian and Yun Meilan could clearly see it from here.

Rumble! Rumble!

One after another, several buildings all over the divine city had similarly turned into fire pillars.

This incident had alarmed all the citizens as they thought the city was under attack by a powerful group of practitioners. However, when they started to connect the dots, they immediately realized that these burning buildings actually had the same owner, the Peng clan. Undoubtedly, this attack was solely aimed at them. They all wondered who did the Peng clan provoking.

Watching the building burn for a while, Yun Lintian made a gesture to Yun Meilan, and both of them had slowly sunk into the ground, entirely disappearing from the place.

Bang!

In the Peng manor, Peng Huang threw a jade cup in his hand on the ground and roared angrily. "Who did it!?"

He received the report from his subordinate earlier that several of his clan's properties were under attack at the same time. Although there was no casualty, this action of the culprit was undoubtedly provoking the Peng clan's prestige.

On the side, Peng Zheng calmly took a sip of tea with a thoughtful expression. He had carefully checked earlier and found some clues about it. All of these places were the place where they imprisoned the slaves. Without a doubt, the purpose of the group of people who did this was to rescue the slaves.

However, who were they? To be able to grasp the information of the prisons so accurately like this was too incredible. The Qin, Lin, and Bai clan or even Principal Tian might not be able to do so.

For some reason, Yun Lintian's figure appeared in Peng Zheng's mind, but he quickly denied it. It was impossible for him to do all of this alone, no matter how high his talent was. As for his people? It was even more implausible to be them.

Peng Huang panted a few times before calming down. He sat down on the chair and asked his son. "What do you think?"

Peng Zheng leaned backward against the chair and said calmly. "These people must come from the outside of the other three clans. Although the Lin clan is highly suspicious, they don't really have the gut to fall out with us. Even more so the Bai and Qin clan. As for that Old Geezer Tian, it is true that he has been trying to suppress us recently. I don't believe he will be merciful, sparing everyone like this. Father should know about that."

Peng Huang slowly nodded his head. Principal Tian might look amiable on the outside. He knew this old man was extremely cruel when he did things. If Yun Lintian hadn't intervened in the Fallen Dragon incident, Principal Tian would definitely activate the Space Collapse ability in the end without caring about the innocent life. After all, his lifespan was about to end soon. He didn't have to care about the consequence.

Therefore, the one behind this incident couldn't be Principal Tian, as there was no casualty.

"What about Han Bingling?" Peng Huang asked.

Chapter 326: Trouble

Peng Zheng thought for a moment before shaking his head. "It's unlikely to be her. If it was her, she would do it a long time ago. There's no point for her to wait for this long."

What Peng Zheng said was pretty accurate. Han Bingling didn't pay much attention to the divine city for all these years, and she had no idea about the human traffic. Counting her personality, she would already break into the Peng clan at all costs a long time ago if she really knew about it.

Peng Huang's eyebrows knitted together, and he felt his head had become bigger. He couldn't think of any suspect right now.

After a brief moment of silence, Peng Zheng suddenly said. "We should send someone to check on Yun Lintian's restaurant."

Peng Huang frowned. "Him? Do you really think he can do all of this?"

Peng Zheng shook his head. "Logically, it is impossible for him to do this, but I always have an uncomfortable feeling about him. There's no harm in checking him, right?"

Peng Huang finally agreed with his son. "Alright. I'll send someone to check on him as well as those three clans."

On the top floor of the Heavenly Cloud restaurant, Yun Lintian opened the Gate of Beyond Heaven and let Yun Lingwei and Yun Ruanyu bring all the victims to the Land of Beyond Heaven.

"How are they?" Yun Lintian asked Yun Qingrou, who stood beside him. He was concerned about these little girls.

Yun Qingrou replied with a trace of powerlessness. "Most of them have no major problem. However, there are a few with blind eyes. I can't do anything on this."

Yun Lintian let out a long sigh and said. "It's fine. They will definitely recover one day... You can let Cang Xiao and her group take care of them first. They are more proficient than us in this. Wait until they are fully recovered, and I will start transforming them."

Yun Qingrou nodded her head with a smile and went to help Yun Lingwei and Yun Ruanyu.

Five minutes later, all the three hundred odd children were successfully sent to the Land of Beyond Heaven. Yun Lintian gave a few further instructions to Yun Qingrou before closing the gate.

"When are you going to deal with the Peng clan? You have to bring me with you this time. I want to kill those bastards too." Yun Lingwei gashed her teeth angrily. She was so furious when she saw the pitiful appearance of the children. She couldn't wait to tear all the Peng's clansmen into pieces.

"Dealing with them as a whole clan is out of our hands right now. A lot of arrangements are needed. We cannot be hurried." Yun Lintian replied calmly. His eyes flashed with a cold light as he continued. "But it won't be long."

As Yun Lingwei was about to say something further, she suddenly perceived a strong Spiritual Sense swept over the entire restaurant building, but it was blocked by the formation.

Yun Lingwei, Yun Lintian, and Yun Meilan glanced at each other and headed out of the restaurant.

Upon they stepped out of the building, a terrifying pressure immediately bore down on them, causing them to groan slightly.

Yun Lintian's face turned cold as he swept over an old man clad in a grey robe standing in the distance. "Who are you?"

The grey-robed old man smiled disdainfully and exerted more strength, trying to push Yun Lintian down to the ground.

The onlookers quickly gathered around and watched the show with enthusiasm. They had clearly recognized the old man's identity. This person was a member of the Peng clan, Peng Lie.

Yun Lintian's aura burst forth, and the White Tiger Spear silently appeared in his hand. Judging from this Peng Lie's aura, his strength should be at the early level of the Monarch Profound Realm. Although Yun Lintian could not fight him head-on with his current strength, he was confident about injuring him one or two times.

Yun Lintian held the spear tightly, pointing at Peng Lie while releasing lightning sparkles. At the same time, Yun Lingwei had secretly activated the killing formation around the restaurant building. Instantly, a powerful pressure mixing with intense killing intent spread out and enveloped Peng Lie.

"Since you've provoked us first, don't blame us for being rude." Yun Lintian said coldly. He said this just to let everyone around here know that he wasn't the one who started this first.

"Heh, overestimated yourself." Peng Lie laughed coldly and struck his palm out, sending two big palm prints toward Yun Lintian's group.

Yun Lintian stomped his foot on the ground and thrust the spear forward, releasing virtual lightning and fire dragons. The two virtual dragons ferociously collided with Peng Lie's palm prints and, they were surprisingly fell into a stalemate.

Yun Lingwei used this chance to mobilize countless sword lights from the killing formation to charge at Peng Lie.

Peng Lie frowned slightly and clasped his hands together. His body suddenly glowed in red light before the red light instantly burst out, forming into a transparent dome around his body. In the next moment, the sword lights immediately dissipated into nothingness upon touching the red dome.

The expressions of Yun Lingwei and Yun Meilan abruptly changed drastically when they saw this scene. The killing formation Yun Lingwei had set up was the best one in the Saint-level formation. Even though it could not kill the Monarchs, it should cause some difficulties for them. Yet, this Peng Lie could easily dispel it. This was too unexpected.

Yun Lintian's brows involuntary creased together. One of his trump cards had been used during the Fallen Dragon's incident already, and he had to wait for half a year before he could burn the White Tiger God's Origin Blood again. He had to find other ways now.

Seeing their grave expressions, Peng Lie grinned wickedly. "That's it? I heard many people keep saying you are something. It turns out you are nothing but trash." Peng Lie lowered his hands and said further. "Now, let me get rid of you trash."

Peng Lie's terrifying aura slowly spread out and enveloped the entire area like a giant hand that was ready to crush anything.

Yun Lintian's face turned grimace... Looks like I have to reveal another trump card here.

Scree—

As Yun Lintian was about to move, a deafening Phoenix's cry suddenly resounded from the sky along with a huge fiery Phoenix's figure descending at Peng Lie like a meteor.

"Who dares to hurt my good junior brother!?" Nantian Fengyu thundered angrily as she floated out of the restaurant building.

Chapter 327: Divine Phoenix Bloodline

Peng Lie's facial expression changed and hurriedly to conjure a profound defense. Because Nantian Fengyu's attack was so abrupt, Peng Lie's profound defense collapsed almost instantly before it could completely form.

A terrifyingly scorching heat quickly approached Peng Lie and started to penetrate every pore on his body, causing his skin to dry in almost an instant.

At this moment, Peng Lie roared furiously, and red profound energy quickly revolved around his body. He clenched his fist tightly and punched out at the incoming fiery Phoenix figure.

Boom!

As a huge explosion shook the air, red profound energy and phoenix's fire simultaneously soared hundreds of meters into the air. The impact caused many onlookers to fly away, and several buildings nearby were damaged instantly. The ground that was built by a high-grade material had now turned into a pool of molten.

When the dust settled, Peng Lie's figure could be seen not too far away from his original position. His current appearance was so miserable as his robe was almost burned entirely — only a tiny piece of his trouser was left behind. His hair was messy, and a part of it was black as charcoal.

"Divine Phoenix bloodline. You are the descendant of the Nantian clan." Peng Lie uttered in difficulty as he stared grimacingly at Nantian Fengyu.

"Hmph! Who gives you the gut to bully my junior brother?" Nantian Fengyu snorted coldly as she stood in front of Yun Lintian with her arms crossed before her chest.

Yun Lintian stared at his childish fifth sister blankly. Several questions kept popping up in his mind... Divine Phoenix bloodline? Nantian clan? Don't tell me she comes from the Divine Phoenix Palace? No wonder Linlin didn't show any hostility toward her.

Peng Lie took a deep breath, trying to recover his strength. Although his realm was stronger than Nantian Fengyu, it was hard to tell who would come out on top at the end of the two were crashing for real. After all, the Divine Beast bloodline could not be underestimated in the slightest.

"I come here to check on him under the patriarch's command. We suspect him to be the one behind all the earlier incidents. You must give us an explanation." Peng Lie said while channeling a portion of profound energy, preparing to retreat at any time.

Yun Lintian was surprised inwardly. He didn't expect the Peng clan to have such a good nose. He frowned slightly and said. "Explanation? What explanation do you want? I have no idea at all. Old man, since you're saying I am a suspect. May I ask where the evidence is? You can't slander me like this just because you are a monarch, right? Heh, I never thought the Peng clan would be so unreasonable... Who knows how many people have been wronged by you guys in the past."

The onlookers nodded their heads in agreement and talked in a low voice while pointing at Peng Lie.

Peng Lie's expression turned gloomy, but he didn't say anything. He kept glaring at Yun Lintian as if he wanted to eat him alive.

"What are you glaring at? You better go back and tell your master don't mess around with my junior brother. Otherwise...Hmph! Hmph!" Nantian Fengyu shook her wrist slightly, and a small Phoenix shape fire immediately appeared around her, preparing to attack Peng Lie at any moment.

Peng Lie knew he was out of play now. It was better to retreat and let his patriarch take care of this himself. He snorted coldly and left the scene at lightning speed.

The onlookers realized the show had come to an end. They quickly dispersed right away afterward.

Seeing Peng Lie go away, Yun Lintian walked to Nantian Fengyu's side and said. "Thank you, fifth sister. If you didn't appear, your junior brother would be gone by now."

Nantian Fengyu put the Phoenix fire away and turned to Yun Lintian with a serious face. Suddenly, she heaved a sigh of relief and patted her chest. Cold sweat could be seen on her forehead as she said. "Thankfully, he didn't dare to make a move further. Otherwise, your fifth sister would definitely get beaten by him."

The corner of Yun Lintian's mouth twitched slightly as he looked at his cheap fifth sister. So she was a paper tiger?

"Fifth sister, are you coming from the Southern Continent's Divine Phoenix Palace?" Yun Lintian asked curiously. He didn't understand why did she had come here. Wouldn't it be better to stay in the Divine Phoenix Palace?

Nantian Fengyu's expression turned solemn as she replied. "I ran away from my home because my mother often interrupted my sleep."

Yun Lintian was rendered speechless. You've crossed the Endless Sea and came here just because of this reason?

He knew there might be another reason, and Nantian Fengyu didn't want to tell him. So Yun Lintian didn't insist on this topic further. "Let's get inside first."

Nantian Fengyu's eyes lit up. "Good junior brother! Are you going to treat your fifth sister a sumptuous meal again?"

Yun Lintian sighed inwardly as he nodded his head. "Yes. I'll let my aunt make a good dish for you."

"Hooray!" Nantian Fengyu jumped happily and skipped into the restaurant.

Yun Lintian exchanged a glance with Yun Meilan, and the latter seemed to understand his intention. She nodded and walked into the restaurant before contacting the Cloud Shadow members.

Yun Lintian let Yun Lingwei make a few dishes and went to accompany his fifth sister.

"Idiot! I told you to check on him in a secret. Why did you attack him?" In the Peng manor, Peng Huang yelled angrily at Peng Lie, who stood with his head low on the side.

"He's a mere Origin Profound Realm. I thought I could use force to subdue him directly." Peng Lie explained in a low voice.

"A mere Origin Profound Realm? Have you ever seen any Origin Profound practitioner that could easily fight a saint? If he was so easily subdued by force alone, would I still need to go through all of this? Please, use your stupid brain for f*cking once." Peng Huang was so furious to the point he started panting. "What crime did I commit in my previous life to have so many idiots born in my clan?"

Chapter 328: Moon Energy

Peng Lie lowered his head further. He was both ashamed and angry being called an idiot by Peng Huang, but he didn't dare to refute.

Meanwhile, Peng Zheng calmly took a sip of tea with a thoughtful expression. A moment later, he said. "You don't have to be angry, father. What's done is done. There's no point in lingering on this mistake further. We should think of a solution now."

Peng Huang panted a few times before completely calming down. He sat back on the chair and asked. "Do you have any idea? We have just startled Yun Lintian. If he's the real culprit, it will be difficult to take action on him again."

Peng Zheng glanced at Peng Lie and said. "Third Elder, you can go back to take care of your wound first."

Peng Lie nodded his head and left the hall right away without any complaint.

As Peng Lie went away, Peng Zheng thought for a moment and said further. "We should stop paying attention to him for the time being. Isn't grandpa saying they will send someone over soon? We can afford to wait until the person comes. Anyhow, this Yun Lintian is already on the killing list. He will be gotten rid of sooner or later, anyway."

"You're right." Peng Huang nodded his head slowly and leaned back against his chair, appearing as if thinking of something.

"Ah, my tummy is about to burst soon." In the private box, Nantian Fengyu rubbed her tummy grimacingly. Her eyes darted to the empty dishes on the table as she blamed the food for being too delicious.

"Are we going back tonight? I want to start building my residence soon." Yun Lintian calmly sipped a tea while stroking Linlin's fur. He had arranged everything he needed here already. There was no point in staying here further.

"Mhm! Let's go!" Nantian Fengyu's eyes lit up when she heard this. She suddenly became eager to see her new residence.

Without further ado, Nantian Fengyu hurriedly stood up and quickly pulled Yun Lintian out of the restaurant, heading straight to the academy.

Along the way, Yun Lintian could hear various discussions from the crowd, and the hot topic was naturally the burning incident. Most of them believed it was a battle between the four clans and started to worry whether they should leave the divine city to avoid the possible calamity for the time being.

Yun Lintian had planned everything ahead since he started rescuing the children. According to his plan, he would immediately attack the Peng clan after returning from the Frozen Moon Mythical Realm. At that time, he would have enough strength to confront them. Therefore, all the Cloud Shadow members were instructed to lay low and focus on practicing during this period.

It was already night when Yun Lintian and Nantian Fengyu arrived at the Moonlight Peak. As they climbed the mountain, Yun Lintian suddenly perceived abnormal energy began to rise along with the swaying bamboos.

Linlin raised her neck from Yun Lintian's embrace and looked around curiously. "This is Moon Energy."

"Moon Energy?" Yun Lintian's brows raised as he opened Eyes of Heaven to look around. The purple dots on the top of the bamboos were shining as though they were greedily absorbing something.

"This is a common phenomenon here. You will get used to it later." Nantian Fengyu raised her head to look at the bright moon in the sky and said softly.

"Common phenomenon?" Yun Lintian muttered and followed Nantian Fengyu's gaze into the sky.

At this moment, purple moonlight gradually cascaded down like a transparent curtain, blanketing the entire Moonlight Peak. The bamboos began to sway faster, causing a rustling sound to fill the area.

Under the Eyes of Heaven, Yun Lintian saw the purple moonlight was absorbed by all the bamboos before it was transported along the bamboo's trunk before spreading into the ground. In the next moment, the ground under the bamboos had slowly turned into purple color, brimming with the Moon Energy.

As time passed by, the purple-colored pools on the ground had spread out until they wholly covered every single piece of land, sending the Moonlight Peak to illuminate with bright purple light. This scenery was so magical and beautiful to the point Yun Lintian forgot to breathe.

"Every night, our Moonlight Peak will become like this. The Moon Essence in this place will greatly help us in practice." Nantian Fengyu said. She turned to Yun Lintian and continued. "Too bad you are a man. The Moon Essence has no effect on you."

"It's exclusive to females?" Yun Lintian seemed to understand something. According to common knowledge, the Moon represented the Yin energy while the Sun represented the Yang energy. Therefore, it was understandable why this Moon Energy had no effect on a man.

Suddenly, Yun Lintian thought of Lin Xinyao's Divine Moon Profound Vein. To his knowledge, the Divine Moon clan consisted of both males and females. It must be because of the existence of the Divine Moon Profound Vein that allows the male clansmen to absorb the Moon Energy... What about his Beyond Heaven Profound Vein, then?

Thinking of this, Yun Lintian silently opened his Profound Entrances and drew the Moon Energy into his body according to the Primordial Beyond Heaven Scripture's method.

Woosh—

All of a sudden, the surrounding Moon Energy had turned into a small cyclone around Yun Lintian's body, letting Yun Lintian crazily absorb it.

Nantian Fengyu's mouth was agape in shock. Her eyes were full of incredulity as he witnessed Yun Lintian absorb the Moon Energy... My junior brother is a woman!? I have a junior sister all along!?

Yun Lintian didn't know that he had become a woman in his fifth sister's eyes already. Currently, his mind was fully occupied by the wonderful feeling. He could clearly feel his body become lighter, and his strength began to soar.

No! I can't break through now! Yun Lintian regained his composure and stopped the absorption directly. He still needed to suppress his strength at the Origin Profound Realm in order to enter the Frozen Moon Mythical Realm.

"J-junior sister?" Nantian Fengyu called out uncertainly.

"Hmm?" Yun Lintian looked at Nantian Fengyu in puzzlement. Who did she call a junior sister?

"Hmph! It turns out you are a junior sister. You dare to deceive your fifth sister for all this time? Let's see how I beat you up." Nantian Fengyu crossed her arms and said in dissatisfaction.

Yun Lintian: "???"

Chapter 329: Common Terms

"Erm... I'm not a woman, fifth sister." Yun Lintian covered his forehead helplessly.

Nantian Fengyu looked at Yun Lintian suspiciously. "Really? But you obviously absorbed the Moon Essence earlier."

"My profound art is a bit special. That's why I can absorb it." Yun Lintian explained briefly.

"Are you really not a woman?" Nantian Fengyu was uncertain. Seeing Yun Lintian nod firmly, she heaved a sigh of relief while patting her chest. "Phew, that's good. I thought I would have another sister. That will be too boring."

Yun Lintian was speechless at her reaction. He turned to look around the enigmatic scenery and asked curiously. "By the way, fifth sister. This place should be the best training ground in the academy, right? Why does no one covet it?"

"Who said there's no one? Those bastards from the Supreme Hall keep harassing us all the time, but they don't dare to do it excessively. After all, Principal Tian is standing behind our master." Nantian Fengyu was angry as she spoke.

"So that useless old man... ahem, Principal Tian, is our backer? Why is that?" Yun Lintian was curious. He wanted to know the relationship between Principal Tian and Lin Zixuan.

Nantian Fengyu grinned and said. "Of course, he just doesn't dare to make us unhappy."

"Hmm?" Yun Lintian was even more puzzled now.

Seeing his puzzled expression, Nantian Fengyu waved her hand and said. "You will know it later. Let's go. I want to build a new house now."

Yun Lintian had no choice and put this matter aside first.

The two walked for a few minutes until they reached their residences. At this moment, Murong Xue and Jiang Yingyue were standing nearby the stream, seemingly immersed in their practice.

"Big sister and second sister are practicing. We shouldn't interrupt them." Nantian Fengyu sent a sound transmission to Yun Lintian and walked into his hut.

Yun Lintian didn't say anything but looked at Nantian Fengyu helplessly. Why did she enter his house?

"Wow. Where did you get this bed, junior brother? Can you give it to your lovely fifth sister?" When Yun Lintian entered his house, he immediately saw Nantian Fengyu jump up and down on his bed happily.

Yun Lintian sighed inwardly and said. "I have a lot of them. I can give you one."

"Really? Good junior brother!" Nantian Fengyu's eyes were full of stars. She immediately ran to Yun Lintian and gave him a hug.

"Ugh!" Yun Lintian felt as though his bones were about to break. He struggled hard for a while before Nantian Fengyu let him go.

"What's wrong, junior brother? Look, your face is so red. Don't tell me you are shy? Hehe." Nantian Fengyu giggled amusingly.

Shy your head! Yun Lintian roared in his heart and decided to stay away from this brute girl.

"What are you two talking about?" Suddenly, Murong Xue opened the door and walked in. She glanced at Yun Lintian's bed and was surprised slightly. "This bed is made by Snow Wind Silkworm, right?"

Yun Lintian nodded. "Yes. Do you want one, second sister? I have a lot of it."

Murong Xue curled her lips. "Really? I won't be polite then."

Yun Lintian waved his hands, and three Snow Wind Silkworm beds appeared on the ground. He said. "I'll give another one to Big Sister Yingyue... Third sister and fourth sister aren't returned yet?"

Murong Xue shook her head. "The two of them rarely come back to this place. You should walk around the academy more if you want to see them. Your fourth sister should be somewhere nearby the arena. As for your third sister, it's a bit difficult to find her. She will show up herself when she wants to."

"Second sister, you don't know. Our junior brother can absorb the Moon Essence." Nantian Fengyu hugged the bed tightly while saying.

A flash of surprise appeared in Murong Xue's eyes. She looked at Yun Lintian and asked. "Is it true?"

Thankfully, I lied to her in the first place. Yun Lintian thought inwardly. It seemed he couldn't let his cheap mouth fifth sister know about his secret in the future. Otherwise, she would definitely leak everything.

Yun Lintian nodded and performed an absorbing action while explaining. "My profound art is quite special. I can absorb this Moon Energy with no problem."

"Moon Energy?" Murong Xue tilted her head slightly in puzzlement.

"Yes. The so-called Moon Essence is actually Moon Energy. It represents Yin energy, and it is compatible with any water-attribute profound art and profound vein." Yun Lintian explained with a smile.

"I see. We always called it Moon Essence all along... But how do you know about this?" Murong Xue asked curiously.

She, of course, knew about Yun Lintian's background from Jiang Yingyue. She felt it was incomprehensible how a small place like Heavenly Fortune Nation could produce such a dazzling genius like Yun Lintian. Was Misty Cloud Sect had a longer legacy than the nine palaces? The answer was impossible! Then, where did he get all of this knowledge from?

Yun Lintian thought for a moment and took out a few books from his interspatial ring before handing them to Murong Xue. These books contained the common knowledge and terms of all the energies in this world.

Murong Xue quickly flipped through the books, and her brows immediately raised in surprise. "So it's not the Abyssal Poison but Abyssal Energy, and it is actually categorized as a dark attribute." She closed the books and said took a deep look at Yun Lintian. "Do you know how impactful these books could be if they were revealed to the world?"

Yun Lintian replied calmly. "It will change the world entirely. Humans will have a higher chance of defeating the Poison Valley. However, it can also be the opposite."

Murong Xue stared at Yun Lintian for a while and nodded her head slowly. "You know it well. Why did you give them to me then?"

Yun Lintian smiled and said. "It might sound naïve, but I can tell that you're not a bad person."

"Oh?" Murong Xue curled her lips and looked at Yun Lintian playfully as if she didn't believe in his words

Seeing this, Yun Lintian had no choice but to add more explanation. "Although I am not proficient in profound painting, I still know one or two things about it. A profound painter could never break through to the Saint Profound Realm without a good heart. That's the minimum requirement."

Chapter 330: You Are Not Fat Enough

Murong Xue didn't agree or deny Yun Lintian's statement and continued to look at him.

Yun Lintian explained further. "Also, I think painting shouldn't be a second sister's primary art, right? My guess is that you are a full-fledged music sorcerer."

"My gosh! How did you know, junior brother?" Nantian Fengyu covered her mouth, staring at Yun Lintian in amazement.

Yun Lintian was speechless at her exaggerating reaction. He didn't answer her but looked toward Murong Xue instead. "Am I correct, second sister?"

Murong Xue chuckled slightly as she replied. "You are correct...But do you really believe that a profound painter needs to have a good heart?"

Yun Lintian shrugged his shoulders. "That's what I've read."

Murong Xue didn't linger on this topic further and said. "I'll take these books then. You don't mind, right, my good junior brother?"

Nantian Fengyu pouted as she interjected. "You are bad, second sister. Only I can call our junior brother a good junior brother."

Yun Lintian smiled. "Of course not. You can give them to anyone as you please. I don't mind about it."

"Alright, I will take my leave first." Murong Xue waved her hand and walked out of the hut with the books in her arms. She also didn't forget to bring the bed with her using profound energy.

"Let's build it now, shall we?" Yun Lintian turned to Nantian Fengyu and asked.

Nantian Fengyu jumped happily and quickly ran out of the hut toward her house.

Yun Lintian shook his head helplessly and followed her behind.

A week passed by in a blink of an eye and today was the opening day of the new semester. That was right. A semester. When Yun Lintian first heard about this, he felt a little incredulity because the Sky Throne Profound Academy was highly similar to a school on Earth. Except for the year classification, there was a semester, mid-year exam, and end-year exam. All the students had to pass these exams. Otherwise, they would be kicked out of the academy.

During this week, Yun Lintian had completely rebuilt all the bamboo huts for his senior sisters and was dragged around the city by Nantian Fengyu. With the help of Jiang Yingyue, he finally got rid of the clingy fifth sister and came to this place.

Currently, Yun Lintian was walking along with several newly recruited students on a small pathway toward the study building's direction. A lot of exciting discussions could be heard from the crowd. They seemed unable to wait for the class to start any longer.

At the same time, Yun Lintian had also heard a discussion about him. Some of them were curious how many arms and legs Yun Lintian had, and some were looking down on him, saying it was just a hype created by the academy. Thankfully, these people didn't seem to recognize Yun Lintian. They didn't know that the 'celebrity' in their discussions was walking beside them right now.

"Hey, brother. Which dorm are you living in?" At this moment, a slightly chubby youth on the side slapped Yun Lintian's shoulder and asked. His face was full of enthusiasm.

Yun Lintian looked at him and asked. "Dorm?" He shook his head and continued. "I don't live in a dorm."

"Eh?" The chubby youth was taken aback for a moment before his eyes lit up. "I see. You are living in the hotel, right? Tsk, tsk, tsk. Brother, I didn't expect you are so rich."

Yun Lintian only smiled in reply without offering any explanation.

"Right, my name is Fei Mao. What's your name, brother?" The chubby youth, Fei Mao, asked friendly.

"Fat Cat[1]? Your name is fat cat?" Yun Lintian looked at Fei Mao with a trace of sympathy. Fei Mao's parents must really hate him to name him this.

Fei Mao scratched his head embarrassingly. He knew his name was a bit weird, but it couldn't be helped. He had argued with his parents several times, but they didn't allow him to change the name.

"Well, my name is Yun Lintian." Seeing Fei Mao's embarrassment, Yun Lintian chuckled and introduced himself.

"Yun Lintian? Wait a second! Are you that Yun Lintian?" Fei Mao's eyes widened open, looking at Yun Lintian in amazement.

Yun Lintian shrugged his shoulders in reply. He had considered telling Fei Mao a fake name, but it would be exposed in the end, anyway.

Fei Mao became excited immediately and hurriedly asked. "C-can we be friends, brother? No, no, can you accept me as your little brother, Great God Yun?"

Yun Lintian was speechless. How did he become a great god now? He took a deep look at Fei Mao from head to toe, causing the latter to be nervous before shaking his head. "No, I don't plan to accept any little brother. We are all students the same, right? Why do you want to be someone's little brother?"

Fei Mao was disappointed upon hearing this.

"Besides..." Yun Lintian dragged his word while looking at Fei Mao's belly.

"Besides what?" Fei Mao was puzzled.

Yun Lintian's face turned serious as he said solemnly. "Besides, you are not fat enough. You can't be my friend." Following that, he turned around and walked away.

Fei Mao's mouth opened and closed several times, but no word came out in the end. He wanted to ask how did his fat relate to this, but Yun Lintian had already disappeared from his sight.

After leaving Fei Mao, Yun Lintian turned right at the end of the pathway and entered a spacious avenue. In this place, there were a lot of battle arenas arranged neatly on one side, and they were crowded with several students at this moment.

Seeing a few people were fighting in the arenas, Yun Lintian's interest was piqued, and he didn't hesitate to walk toward them. Anyway, he still had spare time before the class started.

"Come, come, anyone who wants to get rich, just place your bet with me. Come first, get rich first." A loud female voice was immediately attracted everyone nearby, including Yun Lintian, who had just arrived here.

When Yun Lintian turned to look in the voice's direction, he immediately saw a pretty short-hair woman standing behind a long table with a lot of Profound Stones on it. This woman had a slightly rounded face, curved brows, and sharp eyes. An evil grin could be seen at the corner of her mouth, making her appear extremely shrewd.

The first word that came to Yun Lintian's mind was 'profiteer.' This person was definitely a profiteer!
