

Myth Beyond 351

Chapter 351: Issue A Challenge

Yun Lintian stared at Wu Qingcheng with a thoughtful expression. Although he was interested in the Heavenly Sword, it wasn't to the point he needed to cause trouble for himself. He believed he would have a chance to see it as long as he was strong enough.

Therefore, Yun Lintian shook his head firmly. "No, fourth sister. I won't participate in this. It's too troublesome, and I don't want to reveal much of my strength to the outsider. It's best to retract that challenge letter."

Before Wu Qingcheng could say anything, Jiang Yingyue spoke first. "You shouldn't force him, Qingcheng. He's not stupid enough to believe in your nonsense. The resources he gave Master are more than enough to help her regain her former strength. As for the Heavenly Sword Summit. A sole Mystic Pavilion's successor like you should be clearer about the situation than anybody here. Even if he got the quota, those old monsters would never allow him to participate."

Wu Qingcheng's mouth opened and closed a few times, but no word came out in the end. She could not come up with any refutes and decided to give up.

Mystic Pavilion's successor? Yun Lintian was surprised upon hearing this. He didn't expect Wu Qingcheng's identity to be this powerful.

During these months, the Cloud Shadow team had gathered a lot of information related to the Mystic Pavilion. Through the report, Yun Lintian had a general idea about the power behind the pavilion.

The Mystic Pavilion's mysterious leader had the surname Wu and was a powerhouse that could rival the palace masters of the nine palaces. However, his origin was relatively unknown. He rose to power a thousand years ago at lightning speed, and his Mystic Pavilion was quickly recognized as another pavilion beside the Star Pavilion by masses.

Yun Lintian was curious why his successor appeared here in the Sky Throne Profound Academy. It was not only her but his other senior sisters, too. Each one of them possessed an extremely powerful background, yet they happened to choose Lin Zixuan as their master. This was too coincident, right?

Yun Lintian put these thoughts aside and went to check on Long Feiyan. Later, he discovered her condition wasn't severe as he had expected. Her physique seemed special, as though she was a body practitioner. Looked like her Golden Dragon bloodline was the reason behind this.

Yun Lintian let Jiang Yingyue feed Long Feiyan a high-grade healing pill and brought her to her residence for recovery before preparing to set off toward the Starry Mountain.

Before he left the Moonlight Peak, Wu Qingcheng approached him and asked. "Junior brother, Wang Jue had issued a challenge to you. Do you want to reject it?"

Yun Lintian's brows raised slightly. "Can I reject it? If possible, I'll have to trouble third sister to reject it on my behalf. I have no time to play with him."

Wu Qingcheng had a disappointed expression, as though she had just lost an enormous profit, but she still nodded her head in the end. "Fine. I'll reject him for you."

Yun Lintian said nothing further and walked down the mountain with Linlin.

"Brother Yun!" As Yun Lintian passed through the pathway toward the Starry Mountain, he suddenly heard Fei Mao's voice from afar.

When Yun Lintian turned around, he saw Fei Mao's fat body trotting toward him while panting heavily.

"What's wrong? Don't you attend Teacher Tie's class?" Yun Lintian asked.

Fei Mao arrived in front of Yun Lintian and gasped for a few breaths before replying. "Brother Yun, I heard you are going to fight that Wang Jue. Is it true?"

Yun Lintian was taken aback for a second and shook his head. "No. I won't play with him." At the same time, he sighed inwardly. His third sister had harmed him severely this time.

Fei Mao frowned. "Really? Right now, everyone is talking about this. I heard Wang Jue say he will let everyone see that you are nothing but trash... Erm, don't get me wrong, Brother Yun. It's not my words."

Hearing this, Yun Lintian laughed slightly as he felt it was funny. He waved his hand and said. "You should go to the class already. I have something to do."

"Oh. Okay. See you later, Brother Yun." Fei Mao nodded his head firmly and watched Yun Lintian walk away until the latter disappeared from his sight before turning around and heading to the study building.

An hour later, Yun Lintian arrived at Hong Wuya's courtyard. He entered the courtyard directly and saw Yang Chen sitting on the bed, seemingly falling in deep thought.

"You're here." Cai Xuwen immediately greeted, seeing Yun Lintian appear.

"Sorry, I was late." Yun Lintian said apologetically and turned to look at Yang Chen. "How do you feel, Brother Yang?"

Yang Chen was awoken from a daze to see Yun Lintian. He hurriedly replied. "Thank you, Brother Yun. I'm much better now."

Yun Lintian pulled a chair to the bedside and sat on it while asking. "I know you are in a hurry, but isn't this too reckless? What would happen to your sister if something happened to you? And there's your little girlfriend too. Even if you don't care about your life, you should think about them before taking a risk like this."

Yang Chen immediately lowered his head in shame. He was indeed too reckless this time. He had overestimated his strength and believed everything would be easy for him to grab because he had inherited Yan Qi's legacy. Unfortunately, the reality had proven otherwise.

"Well, I'm not your father either. I don't have a duty to teach you. This will be the last time I told you this." Yun Lintian didn't intend to reprimand Yang Chen further. He changed the topic. "Why don't you tell me what did you see in there?"

Yang Chen went silent for a while before raising his head and saying. "I met a devil. A very terrifying devil." His face was a bit pale, and a trace of fear could be heard in his voice.

Chapter 352: Yang Chen's Mission

Yun Lintian nodded his head. "I know. It's a Fire Devil, right? Previously, you had been infected by its Devil Fire. After I got rid of it, it showed itself in a spirit form resembled a devil creature."

Yang Chen slowly nodded his head. "When I entered the Devil Flame Bridge, there was a long bridge filled with intense fire in front of me. I heard everyone say that no one had ever reached the other side of the bridge before, but I actually did it with ease. Those fires couldn't harm me in the slightest."

"When I reached the end of the bridge, there was a vacant space with seven flame pillars surrounding a black creature. This creature looked like a vivid fire and was somehow suppressed by the seven flame pillars. It later tried to trick me into releasing it by using a powerful mental power."

"I was caught off guard and almost did what it wanted, but the protection that Master left in me was triggered, allowed me to get out of that place."

Yun Lintian leaned back slightly and asked. "So you don't know much about it?"

Yang Chen nodded his head. "I can't remember anything. It was as if that devil had erased my memory."

"Well, if this devil could do that, you wouldn't remember who you are by now. Also, it didn't seem to know the outside situation at all. Which means it couldn't read your memory. My guess is that it uses some sort of illusion spell on you from the moment you arrive at the end of the bridge. Everything you had seen might not be real." Yun Lintian expressed his thoughts.

Yang Chen rubbed his temples, trying hard to recall the situation, but he couldn't think of anything.

"Don't think about it for now. You should focus on recuperating first. We will figure it out later." Yun Lintian said. "By the way, what did Senior Yan tell you? He shouldn't let you go there blindly, right?"

Yang Chen glanced at Cai Xuwen and hesitated. He didn't know whether he should say it here.

Cai Xuwen noticed this and tacitly left the room. She didn't forget to erect the isolation barrier before leaving.

Seeing this, Yang Chen felt guilty slightly. His current identity was the Starry Hall's student. Yet, he couldn't completely trust his senior sister and even treated her as an outsider.

Yun Lintian naturally saw through his thought. He said. "Being cautious is good. You did nothing wrong here. Sister Cai should understand it."

Yang Chen nodded his head slightly. He took a deep breath and said. "Master told me that he left something for me in the Devil Flame Bridge. It is something that can prove my identity as his successor. I would inevitably visit the Blazing Sun Palace and fight for the palace master's position in the future. This thing would play a crucial role."

"I see." Yun Lintian immediately understood. "But this is not something urgent. You can afford to wait, no?"

Yang Chen shook his head. "No, Brother Yun. Master told me that the current Blazing Sun Palace Master is about to reach his lifespan. He will naturally choose a new successor soon. It should be five years from now on."

"Really?" Yun Lintian was surprised slightly. If that was the case, Yang Chen indeed needed to hasten his progress.

"Five years again. What a coincidence." Yun Lintian muttered to himself. Five years later, Weilan Tianjun would completely recover and came to ask for the debt on Lin Zixuan, and now this. He didn't have time to relax at all.

After a short silence, Yun Lintian said. "Well, I'll help you get it after returning from the Frozen Moon Mythical Realm."

Yang Chen was hesitating briefly. "But it's too risky. I don't want Brother Yun to get involved in this."

"Now you know it's risky?" Yun Lintian mocked jokingly. He waved his hand dismissively. "You don't have to say anything further. I'm just curious about this devil. I must see it by myself."

Yang Chen opened his mouth, but no word came out in the end. At the same time, he was grateful in his heart and vowed he would definitely repay Yun Lintian's kindness in the future.

"Since you are fine now, I will leave first. If you are uncomfortable somewhere, you can contact me directly." Yun Lintian stood up and prepared to leave. Suddenly, he thought of something and handed the jade bottle to Yang Chen. "This is Fire Spirit pill. Your soul has been injured by that Devil Fire. This will help your soul recover faster."

"Fire Spirit pill!" Yang Chen was stunned. He, of course, knew how precious the Fire Spirit pill was.

Seeing Yang Chen was about to refuse, Yun Lintian threw the jade bottle on Yang Chen's lap and said jokingly. "Take it. I have a lot of them. You can repay me when you become the Blazing Sun Palace Master. I won't be polite by then."

Yang Chen grabbed the jade bottle and responded with a firm attitude. "Definitely."

Yun Lintian waved his hand and left the room directly with Linlin. The moment he came out, he saw Cai Xuwen, Bai Qingyi, Qin Yiran, Qin Yuyan, and Lan Shuiying standing there, as if they were waiting for him for a long time.

Looking at them, Yun Lintian greeted. "It's been a while, huh?"

"Brother Yun, I miss you~" Bai Qingyi smiled charmingly and trotted toward Yun Lintian, causing the latter to step back involuntarily.

"I know, but you don't have to come here, right?" Yun Lintian hurriedly raised his hand to stop Bai Qingyi.

Bai Qingyi paused his track and pursed his mouth aggrievedly. "Haven't seen each other for a week, and we become strangers now. How sad."

The corner of Yun Lintian's mouth twitched. He chose to ignore Bai Qingyi and turned to Qin Yiran. "What are you guys doing here?"

Lan Shuiying spoke first. "You don't know? You have become famous all over the academy right now. Wang Jue has announced that you didn't dare to fight him and called you a coward. Everyone started saying you're overrated now."

Chapter 353: Training Ground Challenge

"And they are saying you chose to enter the Moonlight Hall because you are afraid of being exposed that you're incompetent." Lan Shuiying continued.

Hearing this, Yun Lintian shrugged his shoulders carelessly. "Let them say whatever they want. I won't lose a piece of skin, anyway."

"Are you going to let them trample your reputation like that?" Lan Shuiying frowned slightly.

"Reputation? Sister Lan, you should know that I never care about it. It's best to let them forget about me sooner so I can have some peace." Yun Lintian gave a light chuckle. He then turned to Qin Yiran. "Can you defeat this Wang Jue guy?"

Qin Yiran thought for a moment and replied. "I should be able to win him as long as he doesn't use his bloodline's power."

Yun Lintian smiled faintly and asked further. "What about me? Can you defeat me?"

Qin Yiran answered in almost an instant. "I can't."

She had witnessed Yun Lintian's battle prowess before. In her opinion, it was impossible for her to beat him.

Yun Lintian curled his lips and looked at Lan Shuiying. "Now you know he's not my opponent. Why should I bother to pay attention to someone weaker than me?"

Lan Shuiying glared at Yun Lintian and said. "I didn't know before that you are this arrogant."

"No, no. You're wrong, Sister Lan. This is called self-confident, and it's not a blind one." Yun Lintian raised his index finger and shook sideways. "The real arrogant one should be this Wang Jue. He thought that he could beat me at ease, but in fact, he is just an ignorant idiot who overestimated himself... He didn't even know the depth of my strength, yet he kept jumping out like a clown. Such a person. Do you think I should waste my time with him?"

Lan Shuiying was rendered speechless. She simply couldn't refute him and went silent.

"As for the reputation of my Moonlight Hall. It has never been good, to begin with. There's nothing for me to change it unless my master told me to do." Yun Lintian said further.

"Whatever." Lan Shuiying was annoyed by Yun Lintian's carefree attitude, but it was understandable. After all, what he said wasn't wrong. It was just that she felt uncomfortable seeing Wang Jue arrogantly taunting around. If she was strong enough, she would beat him herself by now.

Yun Lintian smiled faintly and said nothing further. He naturally understood Lan Shuiying's mood, but he really didn't care about Wang Jue. His low-level taunt hadn't affected him in the slightest. It was nothing more than wasting his time paying attention to him.

Bai Qingyi saw the atmosphere become strange. He hurriedly changed the topic. "By the way, Brother Yun. Which class do you attend?"

"Forging art class." Yun Lintian replied. "What about all of you?"

Bai Qingyi exchanged a glance with others, and he replied. "We're choosing the battle class." He paused for a second and continued. "We're preparing to challenge the Maze Forest training ground. Do you want to go with us, Brother Yun?"

Yun Lintian's brows raised slightly. Before entering the academy, he was interested in these training grounds, but now he wasn't sure whether it could benefit him by clearing them.

He thought for a moment and decided to give it a try. Perhaps he could earn something unexpectedly. "Sure. You can notify me when you're ready."

Bai Qingyi was overjoyed. His purpose in seeing Yun Lintian today was to invite him to join his group. He had mentally prepared for the rejection when he asked Yun Lintian this. Surprisingly, Yun Lintian had actually accepted his invitation.

"I'm curious. Can we challenge it as a team? I thought it's individually limited." Yun Lintian asked.

Qin Yuyan was the first to reply. "We can form a team to challenge the training ground together, but the record will be individual."

"I see." Yun Lintian nodded his head slowly. He looked at everyone and said. "Well, I will leave first. Later."

Following that, Yun Lintian left the Starry Mountain and headed back to Moonlight Peak right away.

"What a frightening lightning power." After Yun Lintian left the Moonlight Peak, Han Bingling and Lin Zixuan discussed the previous battle between Yun Lintian and Long Feiyan. They were amazed by Yun Lintian's overwhelming lightning power, and they believed it was even scarier than the Divine Thunder Art of the Divine Thunder Palace.

"That tiger..." Lin Zixuan looked at Han Bingling with doubt. This was the first time she saw Linlin showing her might.

Han Bingling didn't answer directly but instead told Lin Zixuan about the Thunder Valley incident.

After listening to Han Bingling's narration, Lin Zixuan immediately figured out Linlin's possible true identity. It clearly caught her off guard as she didn't expect the legendary Divine Beast to stay near her for all this time.

"As expected from someone with Emperor Destiny. His luck is going against the sky." Lin Zixuan sighed in amazement.

"Indeed." Han Bingling nodded her head in agreement. "We need to cover him as much as we can. I reckon so many people have already set their eyes on him."

Lin Zixuan didn't say a word, but a flash of purple light in her eyes expressed everything.

"Master, I have something to report." At this moment, Murong Xue walked into the bamboo hut.

"What is it?" Lin Zixuan asked.

"Wang Jue is now slandering junior brother everywhere. Blame fourth sister for this. She's trying to push junior brother to the center of attention by sending out the challenge letter without his consent." Murong Xue explained.

Lin Zixuan didn't have any reaction. She merely responded with a light hum and said. "Since it's his problem, then let him solve it by himself."

Murong Xue was slightly surprised by Lin Zixuan's answer. Usually, her master would protect her sisters or at least show her concern, but Lin Zixuan's current reaction was entirely different from her expectation.

Sorry, junior brother. Looks like your second sister can't help you with this. Hehe. Murong Xue snickered in her heart and was looking forward to seeing how Yun Lintian would solve this problem.

Chapter 354: Peng Clan's Trouble

Another week passed by after Yun Lintian returned to Moonlight Peak. He began to resume his leisure life. He occasionally went to Tie Shan's class or visited the Heavenly Cloud restaurant to check on the Cloud Shadow team's progress.

Since the last time Yun Lintian rescued the children from the Peng clan, the assassinations carried out by the Cloud Shadow team occurred everywhere throughout the divine city. All the victims were undoubtedly the Peng clan's customers and those who committed unforgivable crimes on the captive children.

Even though these people had powerful guards around them, they would still end up dead without them knowing. They were either died by a strange and untraceable poison or a powerful yet so secretive formation that popped up out of nowhere, completely catching them off-guard.

This incident soon had spread to every corner of the divine city. Everyone could later connect the dots and figure out the relationship between the deaths and the explosion incident weeks ago. And those related to the Peng clan's underground business were completely frightened. Many of them even chose to escape from the divine city directly.

Of course, the Cloud Shadow team naturally did not let any of them go. They were later run into the traps that Yun Meilan and Yun Lingwei had personally arranged outside the city and left this world forever.

In the Peng clan's assembly hall, Peng Huang looked at the clamor between the clan elders with a gloomy expression.

The current situation wasn't in favor of his clan at all. Several long-time business partners had withdrawn decisively from the field and left the Peng clan cold. Even though losing these incomes wouldn't affect his clan's foundation, the clan's prestige was inevitably reduced a lot.

Peng Huang slammed his palm on the armrest, producing a loud clap as he bellowed. "Enough! This is not the time to quarrel. If you have the energy to come up with these useless arguments, why can't you think of any solution?"

The clan elders immediately went silent, did not dare to utter a sound. Peng Huang's prestige in the clan was extremely high. Even if he made a mistake, the clan elders didn't dare to raise any dissatisfaction with him. They confronted each other earlier because they mainly wanted to escape from the responsibility. They simply didn't want to become a scapegoat on this matter.

Peng Huang's gaze swept over everybody in the hall and said. "Now, let's talk about it. Any clue?"

An old man with a wooden crane in his hand, sitting nearby Peng Huang, raised his doubt. "Patriarch, I discovered all the deaths had strength below the Saint Profound Realm. Meanwhile, those in the Saint Profound Realm and above are safe and sound until now. I think the enemy isn't as strong as we think."

Another middle-aged man, Second Elder, who sat opposite the old man, added. "I agree with Great Elder. The enemy is obviously relying on formation and poison. Not a single case that they confront head-on. As long as we tell them to pay attention to the situation around them more, I believe the enemy won't be able to kill anyone further."

Peng Huang slowly nodded his head. He had also noticed this point, but the problem lied in the enemy's bizarre movement. They could erase their trace, disappearing from the scene like a ghost. Even the Monarch he sent to monitor could not capture them. He couldn't think of any person with such a traceless movement technique.

"Wait a minute. Traceless movement technique...." Peng Huang mumbled to himself.

Peng Zheng, who sat on the right side of Peng Huang, clearly heard his father's mumble. He immediately said. "There's one such a person who can move without a trace."

His words instantly attracted everyone's attention. Peng Zheng said slowly. "Yun Lintian."

The clan elders glanced at each other with some doubts in their eyes. Although they had heard about this youth before, they hadn't personally witnessed his strength. What was more, if they remembered correctly, this youth had power at the peak of Origin Profound Realm. It was difficult to believe he could kill all of these people at ease by himself.

Peng Huang slapped the armrest and said. "That's right. It's him!"

Great Elder stroked his beard and expressed his thoughts. "This young man possesses an unbelievable battle prowess. He could contend with the peak of the Saint Profound practitioner while he was at the Origin Profound Realm. Looking at the entire Azure World, I don't think there's another person like him. It is nothing wrong with suspecting him."

He paused for a moment and said further. "However, the assassinations had occurred in various locations almost at the same time. I'm afraid, no matter how powerful he is, he couldn't possibly launch these operations by himself."

The other clan elders nodded their heads in agreement. All of them were genuine monarchs. They didn't think they could achieve what Yun Lintian did. Unless the targets had gathered together. Otherwise, it was impossible.

Peng Huang's brows knitted together. What Great Elder said seemed to make sense. Yun Lintian was a single person, after all. He couldn't possibly kill the targets at the same time. Not to mention each one of them had either been poisoned or died by the killing formation. Even if Yun Lintian prepared all of this beforehand, it was still challenging to achieve.

He turned to look at his son, waiting for his opinion.

Peng Zheng had thought about this too, but his intuition told him Yun Lintian was behind this. He leaned back with a thoughtful expression and said. "What if he wasn't alone as we thought?"

"We had clearly investigated the few people around him, but none of them seemed to have the same ability as his. Though that fat girl is a talented formation master, I don't think she could set up any saint-level formation in a short time. As for another girl with a black veil, she is certainly mysterious, but she's obviously weak. Last time, our spy had secretly invaded her place, and she didn't even notice about it." The Second Elder quickly said.

Peng Zheng's eyes narrowed and uttered. "What if all of this is just a facade?... Think about it. Yun Lintian himself is insanely powerful. Do all you really think his people are weak?"

Chapter 355: Yin Xu

The Second Elder frowned in doubt. "Is it possible? I admit that they are talented, but I don't think they can fool us as you said."

Peng Zheng smiled faintly. "Nothing is impossible. Have you ever thought there would be someone as talented as Yun Lintian?"

The Second Elder went silent immediately. That was right. He had never thought before someone could fight the opponent with two realms higher than him, and this Yun Lintian had proven him wrong.

Seeing the Second Elder was silent, Peng Zheng said further. "So, if this is true. I believe everyone should understand the consequence, right?"

Everyone in the hall glanced at each other, and their faces turned ashen. It was hard to believe the entire clan had been fooled by an Origin Profound ant for all this time.

"What should we do now?" One of the clan elders asked.

Peng Zheng pondered for a moment and said. "We should pay attention to their movement closely. I believe they should have other members hiding in the dark. As long as we can grab their tails, we can start to eradicate all of them in one fell swoop."

Peng Huang slapped the armrest and said loudly. "Arrange our best spies to stare at them. I want to know everything they did."

"Yes, Patriarch." Everyone shouted in unison and quickly left the hall, leaving Peng Zheng and Peng Huang behind.

"Are you confident, son?" After everyone left, Peng Huang turned to look at Peng Zheng.

Peng Zheng shook his head. "I'm not sure either. We have tried to investigate his background for a long time now, but we can't find any clue. Clearly, someone has covered him. I doubt Han Bingling could do this alone."

"You mean..." Peng Huang frowned.

Peng Zheng nodded. A strange light flashed across his eyes as he said. "There should be another person behind this... I'm more curious now. What secret this Yun Lintian has to make these people spare no effort to cover him."

"You're correct. There's someone secretly protecting him, and this person is not something we can handle." Suddenly, a male voice rang out from the hall entrance, and a tall figure slowly walked in.

The expressions of Peng Huang and Peng Zheng abruptly changed. They had clearly put up a powerful isolation barrier, yet this person could bypass it without them knowing. Both of them immediately released their aura, filling the entire hall with immense pressure.

The newcomer was a young man with an extraordinary bearing. His face could be described as evily handsome with narrowed eyes and sharp brows. Outwardly, he was cultured and refined, looking like a noble heir from an aristocrat clan.

He leisurely fanned a white jade fan in his hand as he walked in without even squinting his eyes under Peng Huang and Peng Zheng's aura.

"Who are you?" Peng Huang said coldly while observing this man. For some reason, he could not see through him at all.

The man didn't say anything and calmly found a chair nearby to sit on before looking at Peng Zheng with a smile. "You're not bad. However, your talent is not enough if you want to enter our core group."

Peng Zheng's brows raised slightly. "You've been sent here by the above?"

The man smiled gently. "My name is Yin Xu. I'm here to take care of the mess."

Peng Huang's complexion changed slightly, and he quickly retracted his aura. He cupped his fists and said. "Welcome, Young Master Yin, to visit my clan. Please forgive my rudeness earlier."

Yin Xu stopped fanning and replied. "It's fine. I'm not going to punish you or anything." He turned to look at Peng Zheng and asked. "Why don't you tell me more about this Yun Lintian. Honestly, before coming here, I don't believe such a talented individual exists in this world."

Peng Zheng nodded and slowly narrated everything about Yun Lintian from the first day he entered the divine city until the recent event.

Listening to Peng Zheng's narration, Yin Xu didn't even frown. Instead, he was becoming excited as if he had just discovered a peerless treasure.

"Interesting." Yin Xu said with a smile.

Peng Huang hesitated briefly and finally said. "This person has to die. With his talent, I'm afraid he will become the biggest stump to us in the near future."

Yin Xu chuckled. "Isn't it obvious? He could destroy the old lord Dragon Fallen is obvious proof of his capability. And his abnormal battle prowess isn't something people in this world can possess. I bet he is a descendant of a certain lord from the other worlds."

Peng Huang and Peng Zheng looked at each other in shock. It wasn't that they hadn't thought about it before, but rather it was difficult to believe, and they simply had no clue about how the other worlds looked like.

"Where's he now? I'll go check on him myself." Yin Xu suddenly asked.

"Young Master Yin, I'm afraid this is not a good idea." Peng Huang said with caution.

Yin Xu waved his hand. "I understand your worry, but he isn't capable enough to fight me." Following that, an overwhelmingly powerful aura slowly seeped out of his body, causing Peng Huang and Peng Zheng to suffocate.

Especially Peng Huang. At first, he thought Yin Xu was probably a high-level Monarch at most. But from the aura he had released, he believed Yin Xu was far stronger than him, who was already at the peak of the Monarch Profound Realm.

Peng Huang took a deep breath and hurriedly replied. "He's now staying in his restaurant. I'll give Young Master Yin a position now."

Yin Xu received a trace of a spiritual message from Peng Huang. He then stood up and said. "You don't have to send someone to watch him. All of you need to do right now is prevent Han Bingling from interfering with my matter. As for that old dog Tian, I'll take care of him myself."

"Understood, Young Master Yin." Peng Huang and Peng Zheng said in unison.

Yin Xu smiled and walked out of the hall while leisurely fanning the fan.

Chapter 356: Straightforward

"Everyone did a good job this time." In the study room, Yun Lintian put down a report in his hand and said to Yun Meilan and Yun Lingwei opposite him. "Now it's time for us to stay hidden. Tell our people to stop their actions and stay low for the time being."

Yun Lingwei was puzzled. "Why? There are still a lot of them left. Are we going to let these beasts go?"

Yun Lintian shook his head. "Certainly not."

"Then you..." Yun Lingwei frowned in confusion.

Yun Meilan suddenly interjected. "The Peng clan is suspecting us now. It's too risky to continue."

Yun Lingwei looked at Yun Meilan with eyes widened open. "How? We did everything so cleanly."

Yun Lintian explained. "It's true we didn't leave any trace behind. However, you shouldn't forget that our methods are too identical. They should notice by now, we can't confront them head-on. Which means we're actually weak. So if we continued further, it might be our loss instead."

Yun Lingwei immediately realized this. That was indeed the case. If the enemy had figured this out, they would definitely make better preparation. By then, the Cloud Shadow team might suffer a severe loss.

Yun Lintian said further. "If I guess correctly, we are the prime suspects in their eyes now."

"Hmm?" Yun Lingwei was puzzled once again.

Yun Lintian leaned back and let out a sigh. "We are too high profile last time. You had shown your formation ability to the public. They should be able to connect the dots and trace them back to you. Meanwhile, that useless Old Man Tian is constantly promoting me everywhere. It would be a joke if the Peng clan didn't suspect me."

Yun Lingwei slowly nodded her head. "What should we do now?"

"Do nothing." Yun Lintian responded. "We should focus on practicing. I reckon the next battle between them and us will be the deciding battle. So it's better to raise our strength as fast as possible."

He turned to Yun Meilan and said. "I'll trouble you to distribute resources to our people."

Yun Meilan nodded her head without saying anything.

Knock! Knock!

"Headmaster, someone is looking for you." Suddenly, a knocking sound rang out in the door direction along with a female voice.

Yun Lintian glanced at Yun Lingwei and Yun Meilan before letting the woman in.

"Who is it?" Yun Lintian asked.

The woman shook her head as she replied. "I don't know, headmaster. I had never seen him before. However, his strength is extremely terrifying. I cannot see through him."

Every Cloud Shadow team member possessed a sharp perception and could roughly guess the target's strength. The woman before Yun Lintian was one of the best among them, but she had actually failed to perceive this mysterious guest's power. This showed the person wasn't ordinary and was likely to be the peak of the Monarch Profound practitioner.

Yun Lintian frowned slightly and pondered who this person was. After a while, he said to the woman. "Arrange him the VIP box and serve the best food. I'll be there in a while... Let's not send our people in. You can arrange ordinary waitresses to do this."

"Understood, Headmaster." The woman bowed her head and walked out of the room.

"What are you thinking?" Yun Lingwei asked. She couldn't guess this person's intention of coming here.

Yun Lintian thought for a moment and said. "This person should be someone from the Peng clan."

"What? They dare to send someone here?" Yun Lingwei asked in disbelief.

Yun Lintian stood up and said. "I'll see him. Lingwei, standby here. Wait for my signal, and you can activate the formation. Meilan, contact Han Bingling, inviting her here and tell her I have something to talk with her."

Yun Lingwei and Yun Meilan accepted the tasks readily and sent Yun Lintian out.

When Yun Lintian arrived at the VIP box, he immediately saw a refined-looking man leisurely sipping a tea while admiring a painting hung on the wall. This man was naturally Yin Xu.

Yun Lintian secretly opened Eyes of Heaven and was immediately shocked inwardly. The amount of energy he saw in Yin Xu was even more tremendous than Han Bingling. What was more, he didn't even hide Abyssal Energy!... So confident?

Yin Xu turned to look at Yun Lintian with a harmless smile. "I've heard about you before. You are indeed talented."

Calming himself down, Yun Lintian went to sit opposite Yin Xu and responded. "My talent shouldn't be counted as a thing in front of you... Why don't you get to the point? What's your purpose in coming here?"

Yin Xu put the teacup down and replied with a smile. "To deal with you, of course. Don't you know that you've been in our ways recently?"

Yun Lintian's heart skipped a beat. This was the first time he met the enemy in such a straightforward manner. He stared at Yin Xu for a full minute before saying. "You're wrong. It wasn't me who was in your ways, but rather your Poison Valley was in my ways. Originally, I have nothing to do with you guys at all. It was that way until your people messed with me first."

Yin Xue laughed slightly. "So you are saying there's a chance for reconciliation between us?"

"You can understand that way. However, I don't think you can afford my condition." Yun Lintian stared straight into Yin Xu's eyes fearlessly.

"Oh? Why don't you say it?" Yin Xu looked at Yun Lintian with great interest.

Yun Lintian smiled. "Get the hell out of this continent."

The smile on Yin Xu's face reduced a bit upon hearing this. He shook his head slightly. "You're right. I can't agree with this condition." He paused for a moment and continued. "I won't hide anything from you. We chose this Northern Continent because it is the weakest one out of the five continents. As long as we can occupy this place. We will have the strength to conquer other continents."

Yun Lintian calmly took a sip of tea and said. "Then, we can only meet each other on the battlefield."

Yin Xu chuckled. "I'm curious. You're clearly not someone from this world. Why are you caring about this place so much?"

Yun Lintian was extremely shocked in his heart... How did he know?

Chapter 357: Goal

Although he was shocked, Yun Lintian didn't show it outside. He didn't answer but asked a question instead. "What is your goal, then? Occupying all the resources and stood above humans?"

Yin Xu shook his head. "We don't have such a lowly ambition. However, I cannot tell you about it. At least, not now."

Both of them stared at each other silently for a while until Yin Xu spoke first. "What's your goal?"

What is my goal? Yun Lintian asked himself. When he first arrived in this world, he wanted to live a happy life with everyone in Misty Cloud Sect. However, he knew well enough that was too ideal. If he

wanted to achieve his dream, he had to first stand above everyone in this world. That was why he strived to become the best in the world.

As for whether he could go back to Earth, it was too far away.

"Live peacefully with my people." Yun Lintian replied honestly.

Yin Xu smiled. "That's quite a lofty goal." He took a sip of tea and continued. "I'm sure you understand it. Even if you become the most powerful person in this world, you would never find peace."

Yun Lintian didn't say anything. What Yin Xu said was the truth. There was no eternal peace and forever wars. He understood this truth. However, being the most powerful person in the world and making people around him stronger was still the best way to achieve his goal.

For some reason, Yun Lintian felt this Yin Xu wasn't as bad as he thought. Sadly, they stood opposite each other.

"Let's say, why are you coming here today? You said you are going to deal with me, yet you keep talking here and there." Yun Lintian said calmly.

"Why are you so hurry?" Yin Xu laughed slightly. "Shouldn't you wait for Han Bingling to come first?"

Yun Lintian's brows raised in surprise but soon relaxed. Since Yin Xu came here, he was naturally confident in his own strength. As for how he knew about Han Bingling, it wasn't difficult to guess.

"It seems you're confident. I'm starting to curious now what position you are holding in Poison Valley." Yun Lintian secretly placed his hand on the jade transmission on his waist, preparing to send a signal to Yun Lingwei.

Yin Xu gave a meaningful smile, refusing to answer the question.

At this moment, a bone-chilling aura suddenly covered the entire building, along with Han Bingling's figure appearing within the VIP box.

Yin Xu tilted his head slightly to look at Han Bingling and said. "It's been a while, Palace Master Han."

"Yin Xu." Han Bingling uttered coldly.

Judging from their conversation, the two of them definitely knew each other. Yun Lintian's curiosity toward Yin Xu had multiplied.

"Have a seat?" Ignoring Han Bingling's aura, Yin Xu made an inviting gesture.

Han Bingling stared at Yin Xu for a while before sitting beside Yun Lintian without retracting her aura.

"This Peng clan is certainly not a good thing. They can't even do their tasks properly. It is no wonder why they keep failing lately." Yin Xu poured himself another cup of tea while speaking in a low voice as if he was talking to himself.

"Looks like your master couldn't stand still anymore." Han Bingling said with a cold smile.

Yin Xu sipped the tea and said. "You're correct. Who would have expected a wild factor like Little Brother Yun to appear out of nowhere." He chuckled and motioned his chin toward Yun Lintian. "You have to thank him. Otherwise, your Northern Continent would have been occupied by us now."

Han Bingling did not refute and poured herself a cup of tea. No one knew what she was thinking at the moment.

Suddenly, the door was opened, and a few waitresses walked in with various delicacies in their hands. They placed all of them on the table and respectfully left the room.

Yun Lintian looked at Yin Xu and said. "Do you want to try our delicacies?"

"Sure." Yin Xu smiled and picked chopsticks up, starting to eat.

Yun Lintian and Han Bingling didn't stand idle and picked their chopsticks up.

The atmosphere in the room was strangely calm. However, everyone knew this was the calm before the storm.

After eating heartily, Yin Xu put the chopsticks down and said. "Good meal."

Yun Lintian drank a mouthful of tea and said. "Shall we do exercise after a meal?"

Yin Xu glanced at Han Bingling with a grin and said. "Sure."

Buzz—

All of a sudden, the formation's barrier instantly covered the entire building, and countless sword lights gradually appeared in the air, pointing at Yin Xu.

Yin Xu glanced upward and said. "Good formation." His eyes narrowed slightly. "But it's not enough to hold me."

Instantaneously, a powerful aura burst out of Yin Xu's body, and the sword lights around the building entirely dissipated as if nothing had happened before.

On the outside, Yun Lingwei and Yun Meilan glanced at each other with solemn expressions as they saw this scene. Yin Xu was undoubtedly the most powerful enemy they had ever encountered.

As they were about to move, Yun Lintian's voice suddenly rang out in their minds. "Don't move further. He won't do anything to us today."

Yun Lingwei looked at Yun Meilan in confusion. "What did he mean?"

Underneath the black veil, a frown appeared on Yun Meilan's face. She didn't understand this as well.

In the room, Han Bingling's aura had also burst out, instantly turning everything into an ice field.

"You shouldn't come here." Han Bingling uttered before waving her hand. Her eyes immediately glowed in blue ice light, and a moon shape symbol suddenly emerged between her brows.

Yin Xu laughed and responded. "Relax. It's not the time for us to fight." He turned to look at Yun Lintian and said. "We'll meet again." Following that, his figure started to blur and blended into the environment as if he was about to disappear.

"Who let you go!?" Han Bingling thundered. Her piercing cold aura seemed to form into a sharp ice lance, shooting toward Yin Xu mercilessly.

A playful grin appeared at the corner of Yin Xu's mouth. His figure had entirely disappeared from the spot, causing Han Bingling's attack to miss the target and directly blasted the wall away.

Chapter 358: Shadow Demon

"Hmph!" Han Bingling snorted coldly and was about to chase after Yin Xu. However, she was stopped by Yun Lintian's hand.

"No need to follow him. He came prepared. You won't be able to catch him no matter what." Yun Lintian expressed his thoughts.

Although this was the first time he met Yin Xu, Yin Xu's strength and boundless confidence gave Yun Lintian a general idea about him. This person was extremely clever. It would be a joke if he was easily caught by Han Bingling after showing himself openly like this.

Han Bingling retracted her aura, and the frosts in the room gradually disappeared, leaving a trace of water behind.

"Listen to you earlier. You seem familiar with him?" Yun Lintian asked.

A killing intent flashed across Han Bingling's eyes as she said. "He's a beloved disciple of Shadow Sovereign, one of the four generals of Poison Valley."

"Shadow Sovereign? Four generals?" Yun Lintian repeated with curiosity.

"In fact, I don't know much about them. It was Principal Tian who told me." Han Bingling said. "Poison Valley has a hierarchy similar to a sect. Poison Valley Master is standing on the top, and below him are two lords and four generals. The true identity of Poison Valley Master and two lords are still unknown to us until now."

"How did Principal Tian know about it?" Yun Lintian pointed out.

"From the record passed down by Lord Sky Throne." Han Bingling replied.

Yun Lintian touched his chin with a thoughtful expression. This was the first time he came into contact with the upper echelons of Poison Valley and felt he had been underestimated them for all this time. His current preparation was clearly not enough. It seemed he had to find a way to speed up the overall strength of Misty Cloud Sect soon.

"Let's talk about Yin Xu. What is he?" Yun Lintian didn't understand how Yin Xue left under Han Bingling's aura so easily. Although he was far stronger than Han Bingling, he should at least be affected by Han Bingling's pressure.

"He's a shadow demon." Han Bingling said. A trace of hatred could be heard in her voice.

"Shadow demon..." Yun Lintian searched for the relevant information related to Shadow Demon in his mind, but he couldn't find anything.

"It's kind of profound beast that proficient in a shadow movement." Han Bingling said as she looked at Yun Lintian. "Speaking of this. His movement is similar to yours."

Yun Lintian frowned and recalled Yin Xu's action earlier. He was certain the principle between his Shadow Step and Yin Xu's shadow movement was entirely different. While Shadow Step relied solely on a shadow and was an instant movement technique, Yin Xu's action was more similar to a chameleon's disguise technique.

He shook his head. "I don't think so."

Han Bingling nodded her head slowly and said. "If you want to know more. Just go visit Principal Tian... Yin Xu's appearance reminds us that Poison Valley is about to make a new move. And this time, it will be something bigger than before. My Frozen Moon Palace might not be able to resist it alone."

Yun Lintian went silent for a moment before asking. "Have you ever thought, what is the real purpose of Poison Valley?"

Han Bingling's eyebrows creased together. "What did he say to you?"

Yun Lintian shook his head. "Nothing. I feel like their purpose is not simply as stomping us, humans."

Han Bingling took a deep look at Yun Lintian and said. "No matter what purpose they have, we cannot live with them."

Yun Lintian didn't react to her word and decided to keep this matter to himself for now.

"Right, my people had discovered a strange spatial fluctuation on the Frozen Moon Mythical Realm's entrance. It is likely to open earlier than before. You should prepare yourself to enter at any time." Han Bingling changed the topic.

"Really? That's good." Yun Lintian was overjoyed. He couldn't wait to enter anymore.

"I'll leave first. There are a lot of things I need to prepare... Be careful of Yin Xu." Han Bingling said before disappearing from the room.

Afterward, Yun Lintian quickly called Yun Lingwei and Yun Meilan in. "From today onward, we will focus on training. I'll send you back to the Land of Beyond Heaven later."

Yun Lingwei and Yun Meilan nodded solemnly. They had witnessed Yin Xu's might earlier and realized how weak they were.

"I leave this place for you." Yun Lintian said to Yun Lingwei and went to the study room to pick Linlin before heading back to Moonlight Peak.

Another week passed by quickly. During this week, Yun Lintian was paying attention to Yin Xu's whereabouts and his true purpose in coming here. However, Yin Xu seemed to disappear from this world since they met. This made Yun Lintian curious about what exactly Yin Xu wanted to do.

Naturally, Yin Xu's appearance had alarmed Principal Tian and the other three clans. They seemed to foresee the upcoming fierce battle and started to prepare for the worst.

Instantly, the atmosphere within the divine city turned strange. Everyone could feel invisible pressure cover the entire city like a morning haze. Those who possessed a sharp perception and connection seemed to be aware something was about to happen. They decisively left the divine city without looking back.

At this moment, Yun Lintian was standing calmly in front of the Forest Maze training ground's entrance and looked at several students discussing the strategy.

"Brother Yun. We are ready now." Bai Qingyi walked to Yun Lintian's side and said.

Yun Lintian turned to look at Bai Qingyi and glanced toward a group of people behind him. Currently, Qin Yiran, Qin Yuyan, Chu Heng, Chu Mi, Lan Shuiying, Yang Chen, and Ye Xiaolong were checking their equipment carefully for one last time before entering the training ground.

Yun Lintian nodded and said. "Alright, let's go."

Following that, Yun Lintian walked toward the stone gate under the gaze of other students nearby. Thanks to Wang Jue's rampantly slandering Yun Lintian, now, everyone could recognize him at a glance. They were looking forward to seeing Yun Lintian's performance.

Chapter 359: Forest Maze Training Ground (1)

"Isn't that Yun Lintian who is famous recently?"

"Famous? Yeah, famous for being a coward. Hehe."

As Yun Lintian passed by, he could clearly hear mocking discussions among the students, but he couldn't care less about them.

However, it didn't mean people around Yun Lintian could endure it. Especially Yang Chen. He looked at the group of students coldly and said. "All of you should shut your mouth."

Yang Chen's aura was extremely sharp, causing the students to shudder. However, after discovering Yang Chen was only at the fifth level of Origin Profound Realm, they became confident again and even started to mock him.

"What is this? Trying to protect your master?"

"Haha. Where can I find such a loyal dog like this?"

Yang Chen was so angry and was about to make a move, but he was stopped by Yun Lintian.

"They are not worthy of our attention." Yun Lintian said. His gaze swept over the students who were speaking earlier as though he wanted to remember their faces. Afterward, he walked straight to the Forest Maze entrance with his group.

Arriving before the stone gate, Yun Lintian glanced at Yang Chen and asked. "Are you sure you want to go in?"

Yang Chen replied firmly. "Don't worry, Brother Yun. Although my injuries aren't fully recovering yet, going through this training ground shouldn't be a problem. Moreover, I heard there's no danger in this training ground."

Yun Lintian didn't insist further. After exchanging a few words with his group, Yun Lintian took out his student token and pressed it against a rectangle plate on the stone gate. In the next moment, the stone gate slowly opened, revealing a light blue spatial swirl behind it.

The entrance was similar to the mythical realm entrance Yun Lintian had seen before. However, this one, he could feel a steady stream of spatial elements flowing without any sign of collapsing halfway. Which meant this entrance was highly stable, and there shouldn't be any danger going through it.

Seeing this, Yun Lintian didn't hesitate to step forward, vanishing into the blue light swirl. Yang Chen and others were also quickly followed in.

After Yun Lintian's group entered, Wang Jue's figure slowly walked into the training ground area with a few people followed behind. His appearance immediately caused a commotion among the students. They were looking forward to seeing a good show.

"Did he just enter?" Wang Jue stopped his track and asked a male student nearby the entrance.

The male student, of course, knew who was 'he' Wang Jue was talking about. He hurriedly replied. "He had entered with his group earlier."

Wang Jue curled his lips and said to a masculine man with a giant broadsword beside him. "Look like we are going to have a great time soon."

The masculine man grinned evilly. His name was Chi Xiong, a talented youngster that chose to follow Wang Jue because the latter could give him the resources he needed.

On the side, a seductive woman wearing a shoulder-revealed fiery red robe smiled charmingly. Her ample breast was attracted many young men around here, preventing them from looking elsewhere. She pursed her lips while fanning an exquisite jade fan in her hand and said. "I really want to see this person. To make Young Master Wang paying attention to him, he should be extraordinary, right?"

"Extraordinary? Hah, if he's truly extraordinary, as you said, he won't keep hiding like a street rat until now. I say, Li Na, are you sure you aren't fascinated by his appearance?" Behind them, a thin man with a weird symbol on his forehead sneered disdainfully. His name was Zhou Hang, a talented formation master under Wang Jue's wings.

The seductive woman, Li Na, licked her lips and said. "Come to think of it. It might be so. Hehe."

Wang Jue waved his hand impatiently. "Don't underestimate him. He's more than what you think. Let's go." Following that, he quickly entered the Forest Maze training ground.

The other three glanced at each other and followed behind.

After the blue light faded from Yun Lintian's vision, he immediately found himself standing in a dense forest with countless towering ancient trees forming into a giant wall surrounding him.

His first impression was this place didn't look like a forest but rather a fortress. However, he could see a few long pathways leading to the unknown when he looked closely. It was at this time he understood why this place was called Forest Maze.

Yun Lintian looked upward, but he didn't see the sky as it was completely blocked out by the trees. He started to wonder how Jiang Yingyue cleared this place within two days and five hours.

As Yun Lintian was about to use his Eyes of Heaven to check on it, the transmission jade on his waist was shining, and he quickly picked it up.

"Brother Yun, beware of Wang Jue's team. I just met one of them earlier." Bai Qingyi's voice rang out from the other side.

Yun Lintian frowned and asked. "Are you alright?"

"I'm fine. Luckily, the maze had changed its pattern timely when I was about to fight with him." Bai Qingyi said with relief. The person he met earlier was Chi Xiong. He was certain this Chi Xiong wasn't ordinary, judging by his aura. He couldn't guarantee the outcome if the battle broke out.

"That's good... What do you mean? Changing the pattern?" Yun Lintian asked curiously.

"The forest here will keep changing its pattern every five minutes. Right now, we are standing in the outermost circle. Brother Yun has to find a way to enter the second circle as fast as you can. When you reach there, the pattern changing will be slower. It will be on every ten minutes, and this will continue to increase as long as you enter the further circle." Bai Qingyi explained.

"I see." Yun Lintian looked around and saw the trees were actually moving all the time. It was just that he didn't notice before.

Chapter 360: Forest Maze Training Ground (2)

Yun Lintian put this matter aside and asked. "By the way, can we kill someone here? Is there any punishment when going out?"

Bai Qingyi replied. "It is almost impossible to kill someone here. The moment we entered this place, our vital signs were already bound with our tokens. As long as we face a life-threatening danger, we would be sent out right away just by communicating with the token. So, unless Brother Yun can kill the enemy in one shot without them knowing. It shouldn't be a problem. There was this case happened before."

Yun Lintian took out the student token and looked at it carefully. He soon discovered a trace of a spatial element on it, and it seemed to be bound with his life sign, as Bai Qingyi said.

"Interesting." An idea suddenly flashed across Yun Lintian's mind... What if I make this kind of token for the Cloud Shadow team? In the future, they could use it to escape into the Land of Beyond Heaven whenever they are in danger. Certainly, I need to prevent others from using them.

Yun Lintian put the token away and said to Bai Qingyi. "Thank you for telling me this. Please notify everyone to be careful. Tell them to leave this place right away when encountering Wang Jue's people. There's no need to take the risk."

"Understood." Bai Qingyi responded and hung up the connection.

Yun Lintian looked around briefly and opened Eyes of Heaven. Immediately, he saw tremendous energy traveling on the floor. More precisely, on the bottom of the trees. It was like a tidal wave, coming from time to time. And when it was rising, the trees would start to move. If one hadn't paid attention to the trees closely, one wouldn't notice any movement of them.

A moment later, Yun Lintian actually saw a few formation nodes hiding beneath the trees. When he looked closely, the runes on these formation nodes were extremely ancient. If he remembered correctly, this inscribing method was trendy three thousand years ago, as he had seen it within the Blazing Sun Mythical Realm.

Therefore, Yun Lintian concluded that this place should be created along with the academy. Whether it was Lord Sky Throne who made it as people said, Yun Lintian wasn't sure about it.

Yun Lintian stared at the energy flow on the ground while walking around for a long time. A smile slowly appeared on his face as he seemed to figure out the secret behind this place.

The energy would always flow in one direction, and this direction should lead to the center area, which was the final goal. Yun Lintian believed this was why Jiang Yingyue could clear this training ground so fast. After all, her perception was extremely keen. Perceiving the energy flow was easy for her.

Realizing this, Yun Lintian waited for the tree's pattern to change before moving along the energy flow in the ground.

An hour later, Yun Lintian arrived safely at the second ring without effort. There was nothing different from the outermost ring here. Except for a few noticeable traps, everything was exactly the same.

"Everyone, be careful when you reach the second ring. There are a lot of traps here. However, they aren't that dangerous. I believe all of you can deal with them with no problem." Yun Lintian sent a message to his group and moved toward the third ring.

Under the Eyes of Heaven, these small traps were rendered useless. Yun Lintian could travel freely without care.

"My, my. Look at who I found." All of a sudden, a charming female voice resounded from behind Yun Lintian, causing him to abruptly turn around and raise his guard up.

The owner of this voice was no other than Li Na, who had just arrived at the second ring. Her appearance made Yun Lintian frown slightly and wondered how did she make it here this fast. Her speed wasn't inferior to him, who possessed Eyes of Heaven... Were there other secrets I didn't know?

Li Na fanned her fan leisurely and walked toward Yun Lintian. Her walking posture was exceptionally charming as her hips swayed sideways, showing her glamorous curves. If it wasn't because Yun Lintian discovered a trace of mental power leaking from her body, he would definitely enjoy this feast of eyes without worry by now.

"Greetings, Handsome Brother Yun. This girl is Li Na. I wonder, will I have a chance to make an in-depth exchange with you?" Li Na's voice was unusually seductive, making Yun Lintian's body heat up slightly.

Yun Lintian saw through her attack with a glance, but he didn't intend to expose her. A wretch grin immediately appeared at the corner of his mouth as he said. "Tsk, tsk, tsk. I didn't expect to meet such a quality girl in this place. What did you say again? You want to perform an in-depth exchange with me? Hehe, come on, girl. Let's start it now."

Seeing Yun Lintian's eyes were full of lust, Li Na smiled contemptuously inwardly. She didn't expect the so-called heaven-defying genius Yun Lintian would be so easy to manipulate.

Li Na was proficient in the Art of Seduction as she was born in a famous dancing hall in the Central Continent, Red Lotus Dancing Hall. Perhaps because she was born over there, she was always looking down on everyone in the Northern Continent. If it was on the modern Earth, she would be similar to someone who looked down on the countryside men.

Li Na licked her lips as she approached Yun Lintian. A strong mental power was constantly emitting from her body, entirely shrouding around Yun Lintian. "Hehe, why are you so hurry, Handsome Brother Yun? We have all the time here."

Yun Lintian didn't say a word and strode forward impatiently. His face was full of lust while he stared at Li Na's snow-white ample breast as if he couldn't wait to tear her robe down and grope on that mound.

The smile on Li Na's lips grew wider when she saw this scene. Now, she was certain Yun Lintian had fallen entirely into her spell. She noticed his gaze and slowly put her arms around her breast, highlighting their shape, and said. "Want to touch it?"
