

Myth Beyond 361

Chapter 361: Seduction Art

Yun Lintian's gaze had never left Li Na's chest area as he approached her. A wretched smile on his face stretched wider when he heard her tempting words.

"Yes. Can I?" His voice was obviously expressing all the desires he had toward her.

A cold glint flashed across Li Na's eyes while a sneer emerged at the corner of her alluring lips. Her heart was full of disdain, looking down on Yun Lintian to the core.

She adjusted her posture by leaning forward slightly, exposing more of her ample breast that almost burst out of her tight robe. "Come. You can touch as much as you want~."

Yun Lintian could smell a strong fragrance emitting from Li Na's body. It immediately ignited the fire in his body. At the same time, the mental power in her voice was rising tremendously, aiming at his soul.

Unfortunately, Li Na didn't know that her opponent's soul was ridiculously powerful compared to an average practitioner. Her mental attack was basically useless against him.

Yun Lintian pretended to be dazed by Li Na's attack and stood dumbly on the spot. There was even a drool leaking from his mouth; it was as if he had turned stupid all of a sudden.

Seeing this, Li Na covered her mouth and laughed triumphantly. She believed she had already secured the win in this battle.

She drew closer to the dazed Yun Lintian while saying. "Hehe. The so-called genius is only this much. I thought you would give me some exciting fights."

Staring at Yun Lintian's handsome face, Li Na curled her lips and stretched her slender finger out to trace on his cheek. At the same time, she leaned forward gently. She used another hand to hook up his neck, drawing her face up close to his ears and licked it gently as if she was savoring the world's best delicacy.

At this moment, Yun Lintian was trying hard to suppress the fire in his body. The hot breath that blew gently against his face along with a unique flowery fragrance caused him to almost lose his mind.

Since Yun Lintian came to this world, he didn't express much about his sexual desire even though he lived with several heavenly beauties like Yun Qianxue, Yun Meilan, and Yun Ruanyu.

Later, when he met Han Bingling and Lin Xinyao, he admitted he desired to take them down, but his rationale had reminded him the romantic relationship in this world was entirely different from Earth.

Yun Lintian often saw the situation in the novels where the female lead deadly set her heart on the male lead, and it lasted forever. Although Yun Lintian hadn't personally experienced himself, it was likely to be the case from his observation. Looked at Yun Qianxue, for example.

Because of this, he didn't dare to enter the romantic relationship easily, as he wasn't ready to take responsibility for anyone. At least, not when he was still weak like this. He didn't want his partner to become his weakness.

Li Na's current action undoubtedly provoked the evil desire Yun Lintian suppressed for many years. Hearing her words, Yun Lintian sneered inwardly and vowed he would give her an 'exciting' fight she wanted soon.

Li Na slowly traced her finger down to Yun Lintian's neck and went further to his chest, abdomen until reaching his root that was currently hard as iron.

A trace of surprise appeared in Li Na's eyes when she perceived the size. She smiled charmingly and said. "I didn't expect you to have this powerful weapon. Hehe, it would be a pity to kill you like this."

Following that, she pried her hand into Yun Lintian's robe and stroked his powerful abs a few times before slowly guiding her hand down to his vital spot. Meanwhile, she stuck her tongue out and licked his cheek, passing down to his neck, and paused on that spot.

Yun Lintian's eyes gleamed with a cold light as he perceived Li Na's intention. This woman was not only proficient in the Art of Seduction but also practiced an evil profound art that used men's Yang energy to increase her own strength.

The moment Li Na started to 'molest' him, Yun Lintian could feel a strangely cold aura seeping into his body and quickly looking for his Yang energy. He knew he could no longer pretend to be dumb and had to take action now before she could draw a portion of his energy away.

Li Na was currently immersed in her own fantasy while stroking a certain part of Yun Lintian's body greedily as if she couldn't wait to pump something out. She was completely unaware of the change in Yun Lintian's hand — four silver needles had silently appeared in it.

Swoosh!

All of a sudden, Yun Lintian sent the four silver needles to catch Li Na off-guard and completely sealed her Origin Core, preventing her from utilizing her profound energy. At the same time, he swiftly turned around to stand behind Li Na and used his left hand to tear her robe away while locking her waist with his other hand.

"Ah!" Li Na immediately exclaimed in horror at the sudden change. She didn't expect this 'stupid' Yun Lintian to get rid of her seduction art. She was even more frightened after discovering her Origin Core had been sealed entirely. Without a doubt, her fate was now totally in Yun Lintian's hand.

"Tsk, ts, ts. It's quite bouncy as expected." Yun Lintian's right hand circled around Li Na's bountiful mound and squeezed it a few times.

"Bastard!" Li Na cursed with her face flushed red in anger. She was furious at Yun Lintian and herself for underestimating him greatly.

"How is it? Is it exciting enough?" Yun Lintian asked playfully while skillfully teasing Li Na's pinkish tip of the mound.

"Ah..." Li Na moaned softly but quickly gritted her teeth, unwilling to let out another sound further.

Her eyes turned cold as she said. "You better let me go. Otherwise..."

"Otherwise what? Do you think your threat is useful here?" Yun Lintian chuckled. He used his profound energy to seal Li Na's movement and slowly traced his hand that was placed on her waist, slipping into her skirt and going toward her private spot. "You've played with my little brother for all this time. Don't you think it's my turn to check on your little sister now?"

Chapter 362: Reversal Situation

Li Na's face turned pale in fright. Although she was practicing the Art of Seduction, she had never let any men touch her body before. Let alone experiencing a man and woman activity. However, the moment Yun Lintian's rough hand touched her private spot, she felt as though she were being electrocuted. She had never felt anything like this before. This feeling was strange and oddly satisfied.

Yun Lintian's hands circled on both the top and bottom parts of Li Na's body while using his Spiritual Sense to examine her. As a doctor, Yun Lintian had long discovered Li Na was still a virgin, which made him confused a little. Counting the nature of the profound art she was practicing, it was difficult to believe she could remain her virginity until now.

"I didn't expect you are still a virgin. Hehe, that's good. It seems my luck is not bad." Yun Lintian moved his face closer to her ears and whispered softly.

Feeling Yun Lintian's hot breath, Li Na felt her body was softened all over and slowly leaned backward in Yun Lintian's embrace, letting him knead freely.

"B...bastard! Let go of me!" Li Na tried her best to utter these words while panting heavily.

"Are you sure you want me to let you go? Your body clearly says otherwise." Yun Lintian grinned and slowly inserted one of his fingers into a specific passage. His sudden attack made Li Na involuntarily let out a charming moan.

Li Na's mind instantly went blank, unable to think of anything properly. Her entire focus was on the foreign experience she had never had before.

Each time Yun Lintian moved his finger back and forth, a portion of slippery liquid would gush out along with it, followed by Li Na's blissful moan.

"Feels good?" Yun Lintian's voice immediately brought Li Na to her sense. Her face flushed with shame and anger. She couldn't believe she actually enjoyed it a bit earlier.

At this moment, Li Na suddenly thought of the student token. Her mind quickly moved, connecting with the token and activating its return function.

With a buzz, her entire body was instantly shrouded in white light, causing Yun Lintian to let her go and move backward.

"Yun Lintian, I will definitely make you pay for this!" Li Na's furious voice resounded before her figure entirely disappeared from the place.

"Damn it. I forgot about it." Yun Lintian cursed to himself. He totally forgot about the student token. Although he had sealed Li Na's Origin Core, she could still use her Spiritual Sense as he had deliberately left her Soul Gate out in order to make her feel what he did to her.

Yun Lintian let out a sigh and looked at his hand full of slippery transparent liquid. He could smell a faint unique woman's scent lingering in the air, and it somehow provoked his desire once again, but he managed to suppress it in the end.

"Thankfully, she's not an underage girl." Yun Lintian laughed slightly and took out a bucket of water to clean his hands, as well as Li Na's scent on his body.

"Ah, I forgot to ask her how did she arrive here so fast." At this moment, Yun Lintian remembered he missed out on so many things from Li Na... Sure enough, horny never show mercy. It can turn you into an idiot.

Bang!

On the outside of the training ground, Li Na's figure appeared out of thin air and fell onto the ground heavily. Her current appearance was messy, half exposing her top, and her skirt was also lifted up, revealing her snow-white thighs.

The students that gathered nearby the entrance were dumbfounded upon seeing Li Na. Their eyes were glued on her exposed skins, unable to move elsewhere. Some of them even swallowed their saliva and greedily memorized this heavenly scene in front of them in case it might come in handy on a lonely night.

Some even went further by recording Li Na's shameful appearance with their profound imaginary stones. Perhaps they could sell this for money later.

Li Na's Origin Core was still being sealed by Yun Lintian. She couldn't use her profound energy to adjust her clothes and could only do it with her hand.

She glared at the nearby students and spat. "What are you looking at? Believe it or not, I will gauge your eyes out!?! Scram!"

The students regained their senses and hurriedly turned their heads away.

Li Na turned to look at the Forest Maze entrance, gnashing her teeth with hatred before leaving the place in a huff under the students' greedy gaze. She swore she must make Yun Lintian pay the price the next time they met!

Boom!

Somewhere in the outermost ring of the Forest Maze, a fierce battle broke out between Yang Chen and Chi Xiong.

While Yang Chen produced several sword shadows to attack Chi Xiong, the latter could easily sweep them away with his giant broadsword. This was the first time Yang Chen encountered someone on his peers who could actually repel his sword intent in this simple manner.

"Not bad. As expected from Yun Lintian's number one underling." After sweeping Yang Chen's sword shadows away, Chi Xiong rested the broadsword on his masculine shoulder. He stared at Yang Chen with an evil grin.

"So you are Wang Jue's lackey?" Yang Chen shook his sword slightly and asked. His face was solemn as he discovered the opponent wasn't easy this time. Not to mention his injuries weren't fully recovering yet.

Chi Xiong shook his head. "No, no. You've misunderstood me. I'm not his lackey. Our relationship is based on mutual benefit. He gives me the resources I need, and I offer him my hand to do some chores for him."

"Heh. Quibble." Yang Chen let out a disdain snort. "No matter how good reason you come up with, you're nothing but Wang Jue's lackey in the end."

Chi Xiong shrugged his shoulders. "Whatever." He brought his broadsword down and pointed it at Yang Chen. "Let's fight!"

Meanwhile, Yang Chen gripped his sword tightly and pointed it at Chi Xiong. "Come on!"

Chapter 363: Yang Chen's Gamble

"Hah!" Chi Xiong stomped on the ground and dashed toward Yang Chen with full force. His speed was surprisingly high despite the fact he was wielding a few hundred kilograms broadsword.

Yang Chen drew his sword close to his chest, and his aura suddenly expanded explosively along with a burst of crimson flame coming out of his body. A split second later, Yang Chen abruptly ran forward to face Chi Xiong head-on, and he sent a fierce flame slash crashing forward.

Chi Xiong's eyes narrowed as he perceived the lethality within the incoming slash. Instead of taking a defensive stance, Chi Xiong swiftly swung his broadsword down at Yang Chen. His swing carried an incomparably tyrannical power, cutting through the air and slamming down on Yang Chen's sword.

Boom!

An immense explosion ripped through the air, sending Yang Chen to fly away several meters before landing safely. His expression turned grimed as his right hand completely lost all sensation.

At this moment, Yang Chen was certain Chi Xiong was a body practitioner. He could see the latter's last attack mostly came from his brute strength. By enhancing it with profound energy, his power would be easily doubled. There was no way Yang Chen could compete with his head-on further.

"It seems your injuries haven't recovered yet. What a pity. I'd like your true power before sending you on the road." Chi Xiong waved his broadsword to shake the trace of crimson flame off while grinning at Yang Chen.

Because his injuries were mainly on his soul, Yang Chen simply could not use his spiritual sword intent. Let alone his ultimate move, Blazing Sun Spiritual Sword. This left him with some ordinary means, and they were obviously not enough to defeat Chi Xiong.

If it was Yun Lintian, he would definitely choose to run in this situation. After all, there was no trump card left to play. However, Yang Chen was different. As someone possessed Sun Overlord Profound Vein, his pride did not allow him to turn away from the battle, even if it meant his life would be over.

"You are strong." Yang Chen said sincerely. He took a deep breath, drew his sword to his front, and continued. "However, it is not enough to kill me."

All of a sudden, the surrounding temperature rose sharply. Countless flame sparks appeared in the air, turning the surrounding area into crimson. Every grass and tree nearby was instantly ignited, transforming into torches.

At the same time, Yang Chen's Spiritual Sense quickly spread out like a sharp sword storm, surrounding Chi Xiong as well as his retreat routes. His gaze firmly locked on his opponent as he uttered. "Blazing Sun Spiritual Sword!"

"Spiritual Sword Intent?" Chi Xiong's complexion turned serious for the first time.

Before coming here, he had carefully studied everyone around Yun Lintian. According to the information he got, Yang Chen was a talented sword practitioner, but no one knew which realm he had achieved. In his opinion, no matter how talented Yang Chen was, it was impossible for him to reach the Spiritual realm. After all, he was only eighteen years old.

Wrong! Everyone had guessed it wrong! These words echoed in Chi Xiong's mind. He hastily gripped his broadsword and rushed toward Yang Chen at full speed. All the muscles were bulged up. His entire body seemed to transform into a giant bear, releasing a brutal aura.

Yang Chen seemed to expect this move from Chi Xiong beforehand. His mind immediately moved, and the flame sparks nearby him suddenly condensed into a terrifying flame sword, storming toward Chi Xiong.

The flying flame swords were highly flexible. No matter how Chi Xiong tried to sweep them out with his sword, they nimbly avoided his swing then and there. This caused Chi Xiong to frustrate.

Puff! Puff!

Yang Chen's spiritual flame swords managed to cut Chi Xiong's flesh from time to time. Before Chi Xiong could reach Yang Chen's position, his body was already soaked in blood.

"Die!" Chi Xiong's face turned hideous as he swung his broadsword down on Yang Chen's head.

Boom!

Crimson light suddenly emerged on Yang Chen's eyes. His figure blurred slightly and vanished from the spot, causing Chi Xiong's attack to miss the target.

Yang Chen's figure reappeared in the distance, far away from Chi Xiong. His face was pale as a white sheet, and blood could be seen flowing out of his nose. This was the result of mental power overdrawn.

Yang Chen knew he could not last long, and he had to finish Chi Xiong as soon as possible. Instantaneously, he commanded all the spiritual flame swords in this area to form into a sword rain, madly bombarding Chi Xiong.

Puff! Puff!

Chi Xiong tried his best to avoid the rain of flame swords, but it seemed impossible. One after another, the flame swords ruthlessly pierced into his body and constantly burned him. Even if Chi Xiong's body was incomparably sturdy, he couldn't help scream painfully, facing this lethal attack.

"Argh!" Chi Xiong's current appearance was miserable beyond words. His body had already turned into a human torch, with the crimson flame burning vigorously.

Seeing this scene, Yang Chen didn't feel at ease. He didn't dare to underestimate Chi Xiong in the slightest. He gritted his teeth and kept controlling the flame swords to attack Chi Xiong, aiming to finish him.

"Ugh!" Unfortunately, Yang Chen's injuries were suddenly acted up at this critical moment. He coughed out fresh blood, and his mind began to blur.

This sudden change gave Chi Xiong a chance to recover. He roared furiously as he stomped on the ground before charging at Yang Chen with murderous intent.

Yang Chen shook his head vigorously, trying to regain the clarity, but his injuries were too severe. He was unable to focus properly. His consciousness started to fade into darkness.

Am I going to die here? This question popped up in Yang Chen's mind along with Yang Mengli, and Hua Wanru's silhouettes emerged in the depth of his soul.

A savage grin appeared on Chi Xiong's face when he noticed Yang Chen's condition. His confidence soared to the sky, boosting his speed further.

Rumble—

All of a sudden, the entire forest abruptly shook, and the tree walls began to move, changing their pattern...

Chapter 364: A Jumping Clown Finally Get His Attention

"No!" Chi Xiong's complexion was unsightly seeing this scene. The change of the tree walls was extremely fast and happened to separate him and Yang Chen, causing him to miss the best chance to finish his opponent.

With a bang, the tree walls completely closed the path before Chi Xiong could reach Yang Chen.

"Damn it!" Chi Xiong furiously smashed the tree wall in front of him a few times to vent his anger.

After calming down, Chi Xiong sat on the ground and examined his injuries. The more he looked at his injuries, the angrier he became. They seemed to become a symbol of shame, reminding him of his failure.

On the other side of the tree wall, Yang Chen was relieved. Looked like the goddess of luck was still on his side. He quickly used the last bit of his consciousness to contact Yun Lintian before fainting, lying motionless on the ground.

At this moment, somewhere on the second ring, Yun Lintian was leisurely following the energy flow on the ground. He didn't seem to hurry to clear this training ground at all.

Buzz—

Suddenly, the transmission jade on Yun Lintian's waist shone, and he swiftly picked it up.

"Brother Yun, I met a terrifying opponent. He's Wang Jue's underling. Please be careful." Yang Chen's voice immediately rang out from the other side as soon as he picked it up.

Yun Lintian frowned slightly. "How are you now?" Judging from Yang Chen's voice, he believed his current condition was not good. He must be badly injured by the opponent.

Waiting for a while, Yun Lintian didn't receive any response from Yang Chen. His heart gradually turned cold, and he hoped nothing terrible happened to Yang Chen.

"Wang Jue..." A cold glint flashed in Yun Lintian's eyes. Now, he wished he could meet this guy here. He didn't want to pay attention to this clown, but it seemed impossible now.

Next, Yun Lintian sent a sound transmission to his group. "Everyone pays attention to Wang Jue's whereabouts. If you see him or his people, please tell me directly... Also, please look for Yang Chen in case he hasn't left this place yet. He has been injured by Wang Jue's men earlier."

Without waiting for others to reply, Yun Lintian put the transmission jade away and directly went toward the third ring. He decided to wait for Wang Jue at the end of the training grounds.

While Yun Lintian was heading to the third ring, Qin Yiran, who had just received Yun Lintian's message, was looking at the thin man in front of her. This person was no other than Zhou Hang, another Wang Jue's people.

"You are Qin Yiran. I heard your name before. What did those trashies say about you again?" Zhou Hang deliberately made a frowning face before snapping his fingers. "That's right. I remember it now. They

regard you as the most dazzling genius in this generation. Hehe, this is so funny. You know what? To me, you are just better trash among trashes."

While he was talking, Zhou Hang had secretly set up a formation on his feet. If Yun Lintian was here, he would immediately recognize the formation Zhou Hang tried to set up right away.

This formation was a heaven-level one called Six Directions Confinement. Anyone who fell into this formation would be restricted and could only move in the direction the formation master allowed them to.

However, Zhou Hang didn't know that his movement was already under Qin Yiran's perception. As someone who had witnessed a powerful formation setup process from Yun Lintian, Zhou Hang's method was nothing but a joke in her eyes.

Naturally, Qin Yiran didn't intend to give Zhou Hang a chance to finish his formation. She swiftly shook her hand, and two spiritual sword figures immediately appeared above her head. With a flick of her hand, the two spiritual swords promptly shot straight at Zhou Hang's head at lightning speed.

Zhou Hang was slightly surprised to see Qin Yiran's spiritual sword. He didn't expect her to reach this realm at such a young age.

He snorted coldly and clasped his hands together. A thick green light barrier instantly solidified in front of him in the next second. Judging from its appearance, Qin Yiran's spiritual sword might not be able to penetrate it.

However, when Qin Yiran's spiritual swords were about to hit the barrier, they abruptly changed their direction. They dropped down, heading toward the ground beneath Zhou Hang's feet. More precisely, they aimed at the unfinished formation in that position.

Zhou Hang's expression changed drastically and hurriedly controlled the barrier to cover the formation beneath his feet. Unfortunately, his action was late by a second. Qin Yiran's spiritual swords had already arrived at the target and mercilessly destroyed everything in that area.

Boom!

The explosive power instantly swept Zhou Hang away along with the unfinished formation on the ground. Followed by a violent quake, and countless cracks spread crazily.

Qin Yiran did not stop at that. Her figure flashed and reappeared nearby Zhou Hang, who hadn't even landed on the ground properly, and slashed at him with a sword in her hand.

Puff!

Zhou Hang was unable to put up a defense in time. A long, deep wound was surfaced on his chest, dragging down to his abdomen. Blood gushed out like a fountain, accompanied by Zhou Hang's miserable scream.

A frown appeared on Qin Yiran's face because she had missed Zhou Hang's vital point. When she looked closely, she immediately noticed a green armor beneath his robe. It was clearly a high-level artifact, and it was a reason she couldn't finish him off.

As Qin Yiran was about to make another move, a white light suddenly burst out and shrouded Zhou Hang. His figure started to fade.

"Bitch! You wait for me!" Zhou Hang's furious roar echoed within the forest before his entire body completely vanished from the place.

Qin Yiran stared at Zhou Hang's disappearing spot for a while and put her sword away.

Qin Yiran had never regarded Zhou Hang as a threat throughout the incident. How could she possibly care about his vicious words?

She looked around for a moment and chose a direction to move forward.

Chapter 365: The Appearance of Legendary Figure

Swoosh!

"Ugh!" White light faded, and Zhou Hang's silhouette appeared at the training ground entrance. He spat out a mouthful of blood and was grimaced in pain as he used his hand to press on the cut wound on his chest.

The surrounding students were dumbfounded once again seeing Zhou Hang's appearance. First Li Na and now him. They were confused, wasn't everyone in Wang Jue's group so arrogant earlier? How come they were beaten up and forced to leave the training ground?

Those with some brains could see the situation more clearly. Obviously, Yun Lintian's group was far stronger than Wang Jue's group. Thinking they had ridiculed Yun Lintian previously, their faces grew hot in shame and felt as if they had been slapped left and right.

Zhou Hang stuffed a few healing pills into his mouth and swallowed with difficulty while trying to stabilize his injuries. A few breaths later, the wound on his chest gradually stopped bleeding. He let out a sigh of relief and swept his gaze over the group of students in this area.

Noticing the contemptuous look on their faces, Zhou Hang snorted coldly and walked away.

The students thought Zhou Hang would leave a vicious word before leaving, counting his arrogant attitude. His silent departure left everyone surprised and did not know what to say.

Ten hours passed by since Yun Lintian entered the Forest Maze training ground. Currently, he was walking unhurriedly on the ninth ring.

From Bai Qingyi's words, the Forest Maze had a total of nine rings surrounding the final destination. Starting from the second ring, each ring would contain a lot of traps to either confuse the contenders or try to injure them.

Naturally, not everyone had a cheat-ability like Yun Lintian's Eyes of Heaven. The contenders had to rely on their perception to locate these traps and avoid them while trying to find a path leading to the next ring. It could be said this training ground was purposely made to train the contender's perception.

Over these years, not many people managed to reach the seventh ring. As for the eighth ring and ninth ring, they were even lesser. And those who cleared the Forest Maze were no more than two digits.

This statistic showed how talented Jiang Yingyue was to get first place and become a record holder.

What Yun Lintian had in his mind right now was neither how to clear the Forest Maze nor Wang Jue's whereabouts, but the origin of the energy he saw on the ground. Yun Lintian was curious about what kind of energy source to send out a steady stream of energy like this without any sign of depletion.

To Yun Lintian's knowledge, he couldn't think of anything besides the Profound Spiritual Lake he had... Don't tell me there's one here?

As his curiosity grew further, Yun Lintian subconsciously hastened his steps and finally reached the endpoint of the ninth ring twenty minutes later. Similar to the previous rings, leading to the next ring was a small path between the tree walls. There was no special characteristic other than a dense aura flowing vigorously like a raging river. Yun Lintian didn't hesitate and walked through it directly.

Through the tree walls, Yun Lintian arrived at an open garden with a circular shape stone gate that stood tall at the center of the area. Exotic flowers and a lot of magical plants could be seen everywhere in this place.

However, Yun Lintian did not care about them in the slightest, as his eyes were firmly fixated on the area beneath the stone gate. Through Eyes of Heaven, he saw a human's head-size green orb gently spinning while pulling profound energy toward it and releasing it on the other side.

What is this? Yun Lintian racked his brain up and couldn't find any information related to this orb. One thing that he was certain this orb wasn't a profound stone. It was more like something higher than that.

Yun Lintian quickly drew closer to the stone gate and squatted down on the ground nearby, carefully observing the green orb.

As if it perceived someone nearby, the green orb suddenly stopped rotating, and there was no further movement. Yun Lintian was taken aback and tried to move away from the orb. However, before he could retreat, the green orb abruptly burst into white light and formed into a human silhouette.

Yun Lintian stared at the human silhouette attentively and silently utilized his profound energy, preparing to engage at any time. He could feel an extremely ancient breath coming out of it. This was similar to the time he met Yan Qi back then.

A moment later, the white silhouette gradually solidified and formed into a plain-looking middle-aged man clad in white with his long black hair hung down freely. There was no distinct feature on his face. If he was placed in the crowd, no one would remember him.

Even so, Yun Lintian could perceive an innate majestic aura hiding behind his ordinary appearance. This person must be someone on Yan Qi's level, if not higher than that.

The middle-aged man and Yun Lintian stared at each other for a long while before the former spoke first. "You are the one." His voice was as plain as his look — neither soft nor firm, as if he had no emotion.

Yun Lintian was puzzled slightly. What is the one? Do I look like Mister Jet Li?

He clasped his hands together and said politely. "Greetings, Senior. This junior is Yun Lintian, a newly recruited student. May I know what is Senior called?"

"Yun Lintian..." The middle-aged man didn't answer Yun Lintian but muttered in a low voice, apparently talking to himself.

Yun Lintian did not say anything further and calmly waited for the middle-aged man.

A while later, the middle-aged man seemed to regain his clarity. His previously vacant eyes were now brimming with vitality as he looked at Yun Lintian.

"I have waited for you for a long time." The middle-aged man spoke. Compared to the earlier, his voice was livelier. Before Yun Lintian could react, he said further. "My name is Tian Zuo. People have known me as Lord Sky Throne."

Yun Lintian was extremely shocked, staring at Tian Zuo dumbly.

Chapter 366: Above The Monarch Profound Realm

Seeing Yun Lintian's reaction, Tian Zuo smiled faintly. "Didn't you guess it already?"

Yun Lintian regained his composure and shook his head. "Although junior had guessed Senior's identity, it could not prevent junior from shocking." He took a deep breath and asked. "Senior, this junior wants to know if Senior is the creator of this place?"

Tian Zuo's somewhat illusory figure descended to the ground and answered with an amiable smile. "Yes. I had indeed built this place." He paused for a moment, pointing at the green orb, and asked. "Do you want to what is this, right?"

Yun Lintian nodded his head. "Please enlighten me, Senior."

Instead of explaining right away, Tian Zuo asked the question. "What do you think about Profound Sky Divine City?"

Yun Lintian didn't quite understand Tian Zuo's purpose in this question. However, he suddenly recalled Linlin's words when they first arrived in this city. He replied. "Junior felt it isn't a human-made city, but rather an artifact... A Divine rank artifact."

Tian Zuo had an approval look on his face. "You are right. The whole city is a piece of the Divine rank artifact called Ancient Sky City. When it first appeared in this world, it was accompanied by a huge rounded object later known as Divine Jade. It is similar to Profound Stone we know. Instead of carrying profound energy, it contained Divine Energy."

Tian Zuo looked at Yun Lintian meaningfully as he asked. "Do you know how important Divine Energy is for the practitioners in this world?" Without waiting for Yun Lintian to reply, he continued. "When a practitioner reached the peak of the Monarch Profound Realm, he would come into contact with Divine Energy. He would vaguely feel there is a higher realm above the Monarch Profound Realm, and that realm was later discovered by a powerhouse in the past. That realm is called Divine Ascending Tribulation Realm."

Yun Lintian was, once again, shocked by the new information. "Divine Ascending Tribulation Realm?" As a novel enthusiast, he could roughly guess the meaning of this realm. It was undoubtedly a tribulation realm before ascending into the higher world.

Tian Zuo said further. "Instead of having ten levels like other realms, this realm has a total of nine levels. We called it Nine Tribulations... As long as you can pass all of these tribulations, you would have a chance to leave this world and ascend to Divine World."

Yun slowly nodded his head without a change in his expression. He thought for a moment and asked. "Then, how could Senior...."

"You want to ask why I died in the end?" Tian Zuo saw through Yun Lintian's mind at a glance. He shook his head with a trace of regret. "I wasn't talented enough."

Disbelief was written all over Yun Lintian's face. If Lord Sky Throne wasn't talented enough, then who was?

Seeing Yun Lintian's expression, Tian Zuo said with a smile. "Behind an able man, there is always another able man. You might think my existence represents the pinnacle of this world, but in fact, there are a lot of people stronger and more talented than me... For example, the first generation Azure Palace Master, Weilan Taiyuan. He had successfully passed all the nine tribulations and ascended to Divine World. There is also the first and second generation of Divine Phoenix Palace Master."

"As for me?" A self-deprecating smile appeared on Tian Zuo's face. "I can't even pass the third tribulations."

Yun Lintian did not know what to say for the time being. Several thoughts appeared in his mind at the moment. With his Beyond Heaven King's Crown, everyone in Misty Cloud Sect should be able to enter

the Divine Ascending Tribulation. At the same time, he might be able to use The Thunder to help them pass the tribulation. Wasn't this perfect?

After a while, Yun Lintian asked. "Senior, do you think there are a lot of them out there right now?"

Tian Zuo nodded. He, of course, understood Yun Lintian's worry. "Naturally. However, most of them don't care much about worldly affairs. I won't say you can be at ease, but the chance of them coming out to deal with you is slim."

Yun Lintian couldn't help feel heavy in his heart. This information had entirely changed his mind and increased his caution tremendously.

"Let's go back to the topic." Tian Zuo said. "The green orb you are seeing right now is a part of the Divine Jade back then. I managed to get a few pieces and hide them in various places in this world. In order to keep it secret, I built these training grounds and concealed its Divine Energy by converting it to profound energy."

"I see." Yun Lintian immediately understood. This was actually a good idea to hide it.

Tian Zuo suddenly let out a sigh. "Unfortunately, it's still not enough to hide it from those hungry wolves."

Yun Lintian's brows raised slightly hearing this.

"If you have free time, you can visit my descendant. He will tell you everything you needed to know." Tian Zuo's figure suddenly faded slightly before stabilizing again. He took a deep look at Yun Lintian and said. "Since you have already obtained two relics, The Sun and The Thunder, I might as well tell you the locations of the rest... Take this."

Following that, Tian Zuo pointed his finger at Yun Lintian's forehead. White light immediately shot out, drilling directly into Yun Lintian's mind.

In the next moment, the locations of the other element sources quickly appeared in Yun Lintian's mind. He instantly became excited. If it wasn't because he had to go through the Frozen Moon Mythical Realm first, he would set off toward these locations right away.

"You are a person with a great destiny. Your final destination is naturally somewhere on the top. I hope you can stay true to your heart throughout the journey." Tian Zuo said with a serious expression.

His figure began to fade as he said. "My time is up. I wish you good luck."

At this moment, Yun Lintian regained his sense and hurriedly said. "Wait! How did you know...." Sadly, Tian Zuo was wholly disappeared from the place before he could finish his sentence.

Yun Lintian stared at Tian Zuo's disappearing position and wanted to slap his face badly. How did he forget to ask the most critical question? How did Tian Zuo know about him and even say he had waited for him for a long time? Was he the same as Yan Qi?

Chapter 367: Record Breaking

Yun Lintian was helpless. Although he knew it might be something related to that mysterious woman, he was basically clueless about her. He didn't know whether Principal Tian could give him a proper explanation regarding this matter.

Looking at the fragment of Divine Jade on the ground, Yun Lintian hesitated briefly and decided not to take it away. After all, it was useless to him at this moment and he also didn't want to destroy the training ground.

Since there was nothing to do further, Yun Lintian began to reap all the magical plants and exotic flowers in this place before finding a corner to sit down, pondering about the information Tian Zuo gave him.

While Yun Lintian was digesting the information, he was completely unaware; he had caused a huge commotion on the outside world the moment he stepped into the final ring.

At this moment, a lot of students, including a few teachers, were gathering around the ranking stele beside the entrance. On the stele, Jiang Yingyue's name had been pushed down to the second place, and Yun Lintian's name appeared in the first place with the record ten hours and forty-two minutes.

Yun Lintian thought the record would be counted when he left the Forest Maze through the gate, but the fact was that it was counted the moment he arrived at the garden. Unknowingly, his name had become high profile once again.

When Yun Lintian's name appeared on the top of the stele, golden light immediately shot out of it toward the sky, alarming everyone in the academy. This golden light indicated someone had broken the training ground's record.

A few minutes later, more and more students and teachers came to the Forest Maze training ground to check out who was this record breaker. Among them was Wu Qingcheng, who paid attention to Yun Lintian's movement for all this time.

When she knew Yun Lintian had entered the Forest Maze, she quickly opened the betting table and now she came here to confirm the result.

A satisfied grin appeared on Wu Qingcheng's face upon seeing Yun Lintian's name on the stele. This time, she gained a lot. Almost every better had bet against Yun Lintian. They didn't believe he could break the record. Now, their faces were filled with incredulity, unable to accept the fact before them.

"It's him." In the crowd, a tall youth clad in green staring at the stele with a serious expression. His name was Tian Ming, a prince of the Sky Fall Nation's royal clan and a direct disciple of the Violent Gale Sect's sect master.

Since the end of the survival test, Yun Lintian's reputation was resounded throughout the entire divine city and Tian Ming was looking forward to meeting him in the third test. However, Yun Lintian didn't participate in it in the end.

When Tian Ming heard Wang Jue slandering Yun Lintian, he didn't believe in it in the slightest. Although he didn't know Yun Lintian's true strength, Yun Lintian was definitely a real deal. Not a coward as Wang Jue said.

Now, seeing Yun Lintian's name on the stele, Tian Ming was brimming with fighting spirit. He must ask Yun Lintian for a duel when he came out.

"He's so incredible." Standing among the crowd, Lin Rui looked at the stele with an admiring expression.

Besides him, Lin Ling'er also had the same expression on her face. "This time Aunt Zixuan has picked up a good seedling again."

Lin Rui turned to look at his sister and said. "Do you want to visit her? We haven't seen her for a long time now."

Lin Ling'er nodded her head. "Good."

"Ten hours. He used ten hours to reach the end of the maze. This is not something ordinary people can achieve. He's indeed worthy of Principal Tian's praise." Said an old man sitting in a small pavilion far away from the training grounds. His name was Gu Yi, the Arcane Hall Master.

Opposite him were Nangong Xi and Hong Wuya. Compared to Gu Yi, both of them didn't have much reaction on their faces as Yun Lintian broke the record was within their expectation.

"I heard he's also a talented doctor, is it true?" Gu Yi retracted his gaze and turned to Hong Wuya.

The Arcane Hall was mainly focusing on the alchemy and the art of healing. Because of this, Gu Yi was particularly interested in Yun Lintian after knowing he was the one who cured Hong Wuya's poison.

"I say, Old Gu. Are you trying to snatch him away?" Nangong Xi could see Gu Yi's intention at a glance.

"Do you think it's possible?" Gu Yi shook his head with a smile. "Even if I have ten lives, I wouldn't dare to snatch someone from Hall Master Lin. I'm just curious about him. As the two of you know, such a prodigy who proficient in both art of formation and healing to this extent has never appeared before. Not to mention his abnormal high battle prowess. Tell me, you aren't curious at all?"

Nangong Xi pursed her lips and turned to look at Hong Wuya. Her expression was clear as day; she wanted to know about Yun Lintian as well.

Facing their gazes, Hong Wuya responded irritably. "Don't look at me like that. I don't know him well. Yes, he is a skillful doctor. As for how did he practice and where is his origin. Do you think he would tell me?"

Gu Yi was disappointed. He let out a sigh and said. "Do you think Principal Tian knows about this?"

Nangong Xi shook her head. "I guess he also doesn't know much." She paused for a moment and changed the topic by asking Hong Wuya. "Right. Are you sure you want to go out again?"

Hong Wuya nodded firmly. Intense hatred appeared in his eyes as he said. "I must kill him this time."

A week ago, Han Bingling came to him and asked him to investigate Northern Sea Lord. Hong Wuya naturally accepted the task readily. After all, he had a deep grudge with the latter. If it wasn't because he wanted to stabilize his Starry Hall first, he would visit the Northern Endless Sea by now.

Chapter 368: Sentiment

Nangong Xi went silent for a while before saying. "Don't worry. I'll help you take care of Starry Hall."

Hong Wuya took a deep look at Nangong Xi and said sincerely. "Thank you." He wanted to say more, but he knew it was unnecessary.

On the side, Gu Yi looked at the two and chose to remain silent. Outsiders might not know, but he was well aware of the sentiments between them.

In the past, Nangong Xi, Hong Wuya, and his wife were good friends growing up together. They went through a lot of hardships, and the bonds between them weren't something ordinary people could understand.

Later, it was said both Nangong Xi and Hong Wuya's wife had fallen for Hong Wuya at the same time. In the end, Hong Wuya got together with his wife. Although polygamy was common in this world, Hong Wuya did not intend to make Nangong Xi his other wife as he felt it was half-hearted by doing so.

Despite being left out, Nangong Xi didn't get angry and even gave them a blessing. Their relationships didn't change much, and they remained good friends until the day Hong Wuya's wife died under the Northern Sea Lord's hand.

Since then, Hong Wuya was immersed in a path of revenge, and he repeatedly rejected help from Nangong Xi. This made their relationship stiff as if there was an invisible wall separating them.

Seeing the atmosphere turned heavy for a period, Gu Yi finally spoke. "By the way, why hasn't Yun Lintian come out yet? Shouldn't he leave the maze by now?"

A frown appeared on Nangong Xi and Hong Wuya's faces. They glanced toward the training ground entrance and didn't see any spatial activity on the gate.

"What is this brat doing there?" Hong Wuya said.

Nangong Xi shrugged her shoulders slightly. "Maybe he's waiting for Wang Jue."

She didn't know that her speculation was on point. Yun Lintian was currently sitting nearby the stone gate and looked around from time to time, waiting for Wang Jue to show up.

However, he had forgotten that Wang Jue didn't have Eyes of Heaven like him. It was impossible for him to reach here this fast.

"How come my brain doesn't work well now?" Yun Lintian patted his forehead. He then took out the transmission jade and contacted others.

"Brother Yun, I found Brother Yang here. He seems to overdraw his mental power." Chu Heng's voice rang out from the other side.

"Really? Well, at least he's still alive." Yun Lintian was relieved hearing this. "Can you send him out? It's okay if you don't want to leave this place for now. However, I can't guarantee you won't meet Wang Jue's men. Before Yang Chen disappeared, he told me his opponent was powerful."

"Then... I will leave right away with Little Mi." Chu Heng thought for a moment and said. To him, it didn't matter whether he could clear this maze. It didn't affect his growth much.

"Alright. Thank you." Yun Lintian responded.

After exchanging the information with his group, Yun Lintian took a bed out, preparing to take a nap. He felt he had spent too much of his mental power trying to maintain Eyes of Heaven for all this time, and it somehow affected his thinking ability.

Afterward, Yun Lintian set a few formations up and slept directly.

While Yun Lintian was sleeping, Wang Jue was currently wandering around the eighth ring. He would constantly glance at an exquisite compass in his hand as he walked. This compass seemed to have the ability to perceive the direction of energy flow.

This compass was personally made by his brother, Wang Jun. Because of it, he had reached this place within a short time.

"Found it." A while later, Wang Jue had arrived before a path toward the ninth ring. He decided to take a rest and contacted his group.

However, except for Chi Xiong, he couldn't contact Zhou Hang and Li Na. It seemed both of them had already left this place.

"Trash!" Wang Jue cursed. He didn't expect his underlings would be this weak.

After calming down, he put the transmission jade away and moved through the path, officially entering the ninth ring.

Compared to Yun Lintian, Wang Jue's luck was relatively bad. The moment he stepped into the ninth ring, a powerful killing trap was immediately activated. Countless sharp lights hovered in the air and shot toward him madly.

A long sword instantly appeared in Wang Jue's hand. He snorted coldly and waved his sword toward the incoming attack.

A red light flashed and formed a defensive barrier around Wang Jue's body. When the sharp rays touched the red barrier, they had instantly disappeared as if nothing had happened before.

Wang Jue glanced at the compass and estimated the trap's source before rushing toward it. He swiftly destroyed the trap's source and looked around for a while to confirm there were no other traps here.

"What a pity. I didn't meet Yun Lintian here." Wang Jue was disappointed thinking of this. He came here for two purposes — clearing this place and killing Yun Lintian. Looked like he couldn't achieve the second purpose.

"Never mind. Better take the first place first." Wang Jue quickly followed in the direction the compass pointed at.

An hour later, Wang Jue managed to reach the end of the ninth ring. A smirk appeared on his face as he said. "Hehe. Jiang Yingyue oh Jiang Yingyue. I'm going to break your record now."

Unlike Yun Lintian, Wang Jue was well aware the record would be counted when he reached the final ring. With his current record, he could already imagine how people would react. His fame would definitely soar to heaven in one go.

Suppressing the excitement in his heart, Wang Jue firmly passed through the path toward the final destination. A while later, he faintly saw a spacious space at the end of the path. He couldn't help increase his pace and step into the garden.

At this moment, Yun Lintian suddenly opened his eyes. He turned his head toward the direction alarm formation signaled him. When he saw Wang Jue's figure appear in the garden, the corner of his mouth curled up into an evil grin.

Chapter 369: Embarrassing Moment

A frown appeared on Wang Jue's face as he glanced at the garden before him. He remembered his brother telling him this place was full of magical plants. Where were they now?

He moved forward doubtfully. Suddenly, he caught a glimpse of a human figure in the distance. When he saw the other party's face clearly, his pupils constricted with surprise. "Yun Lintian!?"

Wang Jue's mind went blank for a moment as he didn't expect Yun Lintian to arrive here. What was more, he was even faster than himself, who had the guiding compass in his possession... How could he come here this quick?

Yun Lintian's lips curled up as he walked toward Wang Jue slowly. "Surprise?... Well, I'm actually surprised too. It seems your brother gave you something."

Recovering from the initial shock, Wang Jue responded calmly. "Looks like that bitch Jiang Yingyue also gave you something." While speaking, he cautiously observed the surrounding in case there was a formation in this place. Even though he kept belittling Yun Lintian for all this time, he was well aware of his formation's ability.

Seeing Wang Jue's vigilant behavior, Yun Lintian felt it was funny. Did he really think his formation was easy to find just by looking around?

"You don't have to look elsewhere. You've been in my formation since the first step you took into this place." Yun Lintian stopped his track and said with a grin.

Following that, Yun Lintian stomped on the ground, and a translucent blue barrier quickly surrounded the garden, releasing a cold killing intent toward Wang Jue.

Wang Jue's pupils shrank in fear. An idea of leaving this place popped up in his mind, and he was about to transform it into action.

"Go ahead. Run with your tail between your legs. You won't get a record by then." Yun Lintian chuckled. He knew it was impossible to bind anybody here as long as they chose to leave with the token. He could only hope Wang Jue would be stupid enough to fight him here after getting insulted.

Wang Jue suddenly paused his movement upon hearing this. A ridiculed smile appeared on his face as he burst into laughter. "Hahaha!"

Yun Lintian's brows raised in confusion. Why did he suddenly laugh? Has he turned idiot because of fear?

Wang Jue laughed for a while and said. "You said my record won't count if I leave here? Hahaha! Don't you know that the record will be counted the moment you pass through the ninth ring to this place? I thought you were smart. Turns out you are this stupid."

Yun Lintian was shocked by the revelation... F*ck! Wouldn't it mean I have broken Big Sister Yingyue's record now? My record was probably causing a huge sensation out there by now, right?

Thinking of his words earlier, Yun Lintian's face grew hot from the embarrassment. It turned out the clown was actually me. He didn't expect he would have such an embarrassing day, too.

Without further ado, Yun Lintian quickly activated the formation, and several sword lights immediately shot towards Wang Jue at lightning speed.

Wang Jue didn't fear in the slightest. He executed his movement technique to retreat and gave Yun Lintian a mocking smile. "I'll wait for you on the outside."

Afterward, his mind moved, and his entire body was immediately covered with white light before disappearing from the spot.

Staring at the disappearing Wang Jue, Yun Lintian touched his cheek and smiled wryly. "What an embarrassing moment. I blame Lord Sky Throne for not telling me."

He shook his head with a sigh and contacted everyone in his group. "Everyone, I will leave first. Wang Jue has already left this place. You can continue at ease."

Following that, Yun Lintian walked toward the stone gate. He glanced at the fragment of Divine Jade beneath it for one last time before vanishing into the blue light swirl.

After Yun Lintian left, a heavenly voice suddenly rang out in everyone's ears.

"Congratulations to the contender Yun Lintian for clearing the Forest Maze! All the remaining contenders will be sent out in one minute. The Forest Maze will be closed for one week. The contender can challenge the Forest Maze afterward."

A minute later, one after another, had been sent out of the training ground.

Woosh!

On the outside, Wang Jue's figure appeared before the entrance unharmed and immediately became the center of attention.

Before this, everyone was surprised to see Wang Jue's name appear in second place. Although he was slower by Yun Lintian, it couldn't deny how impressive his record was. They started to question whether there was something wrong with the Forest Maze. Had it become easier?

Wang Jue glanced at the crowd with an arrogant expression. Even though he knew the first place was Yun Lintian, it couldn't prevent him from being proud.

"Congratulations, Young Master Wang. As expected, form an extraordinary person like you." A few students nearby started to flatter Wang Jue. They knew as long as Wang Jue took them under his wings, they wouldn't have to struggle anymore.

Wang Jue didn't take them seriously. He turned his head to look at the stele, and his facial complexion immediately turned rigid seeing Yun Lintian's record. He was faster than him by a few hours. He didn't understand how did Yun Lintian manage to achieve it.

"You're too slow." At this moment, Wang Jun's voice suddenly rang out in Wang Jue's mind, causing the latter to shudder slightly.

Wang Jue tried to calm himself down and returned a sound transmission to his brother. "It can't be helped, Second Brother. I don't know what tricks did he used to reach the final ring in a short time. Jiang Yingyue must give him something."

"Have you met him?" Wang Jun asked.

"Yes. He's waiting for me at the final ring and even prepared a killing formation. Before he could do anything to me, I chose to leave first." Wang Jue replied calmly.

"You made the right decision... Your people, Chi Xiong, had injured Yang Chen badly. When Yun Lintian comes out later, he will certainly find you. Just don't promise him anything." Wang Jun said after a brief moment of silence.

Chapter 370: Nonsense Master

Wang Jue frowned in dissatisfaction. "Why, Second Brother?"

"It's not that I'm looking down on you, but you are really not his opponent." Wang Jun said without giving further explanation.

Wang Jue was frustrated hearing this. He didn't understand why his brother kept saying this, but he didn't dare to refute him. "Understood."

Woosh!

At this moment, Yun Lintian appeared nearby the training ground entrance. When he saw the crowd look at him with various expressions, a wry smile emerged on his face.

"Thank you, junior brother. I've earned a lot because of you." In a flash, Wu Qingcheng arrived beside Yun Lintian and gave him a thumb up.

"Fourth Sister." Yun Lintian greeted and turned to look at his record on the stele. Seeing his name on top with almost eleven hours, he let out a helpless sigh, did not know what to say anymore.

"Why are you unhappy? Isn't it worth celebrating? You broke the record, you know?" Wu Qingcheng asked. She pointed at the students nearby and said further. "Look at them. Do you know how many of them want to be like you?"

Yun Lintian shook his head and said nothing. It would be a lie if he didn't have a sense of accomplishment after breaking the record. It was just that he didn't want to become a center of attention like this. It would be better if he could choose not to show his record on the stele.

"Congratulations, Brother Yun." At this moment, Chu Heng, Chu Mi, and Yang Chen walked toward Yun Lintian.

Yun Lintian smiled faintly in reply and looked at Yang Chen. "Are you alright now?"

Yang Chen's face was still pale, but there was no danger to his life now. He nodded his head. "I'm fine now."

Yun Lintian nodded and turned to look at Wang Jue in the distance. Coincidentally, Wang Jue was also looking at him. Their gazes met, and everyone could clearly perceive an intense hostility between them. They believed the fight would break out soon.

"Fourth Sister, is there a life and death duel here? I would like to ask him for it." Yun Lintian said. He deliberately raised his voice to let everyone here.

Wu Qingcheng's eyes lit up. The opportunity to earn money had come again. However, she shook her head sadly in the next moment. "The academy prevents students from killing each other. There's no something like that."

"I see. What a pity. Then there's no point in fighting with him. I don't get anything from defeating him, anyway." Yun Lintian said regretfully.

The crowd glanced at each other and turned toward Wang Jue. They wanted to see how Wang Jue reacted to this.

Wang Jue was pissed by Yun Lintian's words. This was simply insulting him. He stared at Yun Lintian coldly and said. "Heh, aren't you the one who keeps avoiding me for all this time? And now you have the audacity to say this? Don't you think it's ridiculous?"

The students couldn't help but agree with Wang Jue.

Yun Lintian responded with a smile. "First of all, I'm not avoiding you, but rather I don't want to waste my time playing a childish game with you. I don't see what I can get from this... Just because you want to fight me, I have to obediently accept it? Now, this is what it called ridiculous."

Everyone subconsciously nodded their head along with Yun Lintian's words. They suddenly realized Yun Lintian did nothing wrong regarding this matter, and he shouldn't be labeled a coward. In any case, it was his right to accept or decline the challenge.

Yun Lintian said further. "Secondly, I don't remember I have ever interacted with you before. Why did you keep provoking me?"

Wang Jue snorted and responded. "Why? Isn't it because Principal Tian keeps mentioning your good deeds? I just want to know if it's true as he said. I believe everyone here also has the same doubt as mine."

Yun Lintian spread his arms. "Why don't you go ask Principal Tian then? I, too, am curious whether I have such a great power as he said." He looked at the crowd and continued. "Since I entered this academy, I had only met Principal Tian once during the end of the second test. I don't know why he speaks about me as if I was a world savior... Ask yourself, do you believe I have such an ability?"

The crowd glanced at each other speechlessly. That was right. Did he truly as powerful as Principal Tian said? Wasn't it too exaggerated?

"Are you trying to say Principal Tian lies to us?" A student with sharp eyes asked.

Yun Lintian could see this student was one of Wang Jue's lackeys with a glance. He shrugged his shoulders. "That's what you said yourself. I didn't say that."

Without giving this student a chance to say further, Yun Lintian quickly changed the topic. "It's fine if some of you believe I have that kind of ability. But you, Wang Jue. As a young master from the mighty Wang clan of the Central Continent, how could you believe in this?"

"Isn't because of this that I want to challenge you? I don't believe you have such an ability. Do you dare to prove it?" Wang Jue retorted in almost an instant.

Yun Lintian hurriedly responded as if he feared Wang Jue would retract his words. "Alright then. Let's go to the arena now."

Wang Jue and everyone were stunned, looking at Yun Lintian dumbly. How come he accepted the challenge now? And he responded so fast. Was this really someone who didn't want to fight with Wang Jue for all this time?

"Idiot!" Wang Jun immediately scolded his younger brother. It was obviously a trap Yun Lintian set up for Wang Jue to jump in. After all of this nonsense, Yun Lintian was clearly waiting for Wang Jue to bring the challenging matter up again.

Hearing his brother's voice, Wang Jue immediately realized the mistake he had just made. Now, if he refused to fight with Yun Lintian, he would become a coward instead.

"Junior brother, I must say. Your spouting nonsense ability is really impressive! This Wang Jue didn't even know when he fell into your trap." Wu Qingcheng gave Yun Lintian another thumb up.

"Thank you for your compliment." Yun Lintian chuckled.
