

Myth Beyond 401

Chapter 401 - Death Game?

Everyone who qualified to enter this place was naturally talented. After the initial confusion, their minds turned quickly and gradually figured out what Hongyue said.

The first stage she mentioned should be the earlier battle with a profound beast. They had defeated their opponents and arrived here. As for those who were missing, they were likely to be dead by now.

Wang Jue looked at Hongyue for a while and took a step forward, clasping his fists and said politely. "May I ask a question, Senior?"

Hongyue turned to Wang Jue, and a dissatisfied expression appeared on her face. She pouted angrily. "Senior? Do I look that old?"

Wang Jue was startled for a moment and hurriedly shook his head. "No, no. Senior...erm..." He was at a loss as he didn't know how to call her. Little Sister? He didn't dare to call her that.

"Princess. Call me Princess." Hongyue said while crossing her arms before her chest. Her body exuded a lofty aura, making people feel inferior when looking at her.

Wang Jue quickly corrected his word. "Princess Hongyue, may I know what's the reward if we pass all the stages?"

Hongyue squinted her eyes, and a playful smile appeared on her lips. "You seem confident?"

Wang Jue replied confidently. "Among everyone here, I am certainly the best."

As he spoke, he glanced at Yun Lintian provocatively. He believed he did a better job than Yun Lintian as the latter had suffered an injury while he didn't.

Although Wang Jue's arrogant words made everyone dissatisfied, they didn't utter a sound. After all, no one was stupid enough to offend a young master of the Wang clan.

Hearing this, Hongyue curled her lips and said disdainfully. "You? The best? Do you know that the strength of the profound beast you had encountered earlier was adjusted according to your strength? If you are good, the profound beast would be slightly better than you. But if you are extremely powerful, your opponent would even be two or three times more powerful than you."

Hongyue sneered and continued. "You are the third to arrive here yet still have the audacity to say you are the best? How arrogant."

Wang Jue's face instantly flushed red in shame. He said that to provoke Yun Lintian and attract Hongyue's attention. He didn't expect Hongyue to state out mercilessly like this.

Though he was furious, he didn't dare to refute Hongyue in the slightest. He hurriedly bowed his head and said. "This junior has been taught."

Hongyue let out a contemptuous chuckle and turned her head toward Yun Lintian. "Since you are the first one to pass the first stage, I shall grant you a reward. Tell me, what do you want?"

Yun Lintian, who had been observing Hongyue for all this time, thought for a moment and asked. "What kind of a reward can you give me?" His voice was calm, neither polite nor disrespectful, as if he talked with a person in the same generation.

As if the entire world had completely solidified, absolute silence reigned. Everyone on the scene looked at Yun Lintian in astonishment. They didn't know if there was a hole in his brain or he was simply ignorant. The person in front of you was clearly the creator of this mythical realm, yet what was that tone?

Surprisingly, Hongyue didn't mind at all. She replied with a smile. "I can give you anything... Of course, including myself."

This time everyone turned to look at Hongyue in shock, and the men glared enviously at Yun Lintian. Hongyue might look young, but her beauty wasn't less at all. In terms of her face alone, she would become the center of attention wherever she went.

These pedophiles. Can you stop looking like that? The author still wants to write further, alright? Yun Lintian glanced at these men and shook his head slightly.

Yun Lintian's complexion did not change in the slightest while facing Hongyue's tease. He responded. "I want a high-quality lifeforce treasure."

Yun Lintian's answer was out of everyone's expectation. They thought he would either ask for the supreme treasure in this place or leave him out of the competition.

Hongyue's brows raised slightly. She stared at Yun Lintian for a while and said. "Very well. Take this."

As she flicked her wrist, a strange green leaf immediately shot toward Yun Lintian, making him urgently catch it.

The moment his hand touched the green leaf, Yun Lintian could feel a tremendous lifeforce flow into his body, causing him to startle for a moment before quickly putting it away. He would take a good look at it later.

Everything happened too fast. The crowd hadn't yet taken a clear picture of the object, but Yun Lintian had already put it away. They were curious what was the treasure he got.

"It's time now. Since no one wants to leave your last word, I shall take all of you to the next stage." Hongyue suddenly said.

Her voice immediately brought everyone's attention back to her. Their expression gradually turned serious, waiting for Hongyue's following words.

"The second stage is simple. Twenty people among you will be assigned as werewolves, ten people as a doctor, and the rest will be a villager. The werewolf will have to kill everyone without getting caught.

Meanwhile, the doctor can save anyone once a day. As for the villager, well, all of you can only run and wait until the morning comes." Hongyue explained playfully.

As her voice fell, everyone immediately looked at each other solemnly. What kind of this death game were they about to face? Would they really be dead if they got killed by the werewolf?

Hongyue continued. "Every night, the werewolf's strength will increase tremendously. You can choose to hunt people at that time or do nothing until dawn. You only need to remember that you can't expose your identity to anyone, even if the other party is a werewolf like you. Hehe, don't blame me for not reminding you this later."

"Every morning, everyone will be summoned to this place. At that time, all of you can discuss who you think are the werewolves. Suppose someone is accused, and the accusation is supported by a second person.. In that case, the accused person will get a full minute to defend yourself, and then it's put up to a vote to decide the accused person's fate."

Chapter 402 - Werewolf Party Game?

Hearing this, Yun Lintian's mind flashed... Isn't this the werewolf party game on Earth?

While everyone struggled to understand the rules, Hongyue said further. "Therefore, the villager will play a big role here. As long as you are united and keep sharing the information related to the werewolf, you will eventually win by voting in the end. Of course, the doctors are your best friends. You better hold their thighs tightly if you found one."

Wang Jue frowned and said. "Wait a minute, Princess Hongyue. Aren't the werewolves got too much advantage in this play? They could literally kill anybody at will. What about others, then? They could only wait to be killed?"

Hongyue responded quickly. "Of course not. The villagers and doctors can kill the werewolf too. However, whether they have enough strength, no one can tell it. Therefore, if you are aware of your own power, you better find your fellow villagers and form a group to resist the werewolf. Naturally, the power buff werewolf got will exist during the night. It will disperse at dawn."

Everyone slowly nodded their head in an understanding manner. They had understood the general rules now. However, the feeling of their fates being held by others made them nervous and fearful. What if they were assigned as werewolves? Did they genuinely need to kill their friends?

Their expressions gradually turned heavy when they realized this point. The looks on their faces when looking at their friends seemed to change slightly. Who knows if the person next to you would kill you in the next moment.

At this moment, Yang Mengli sent a sound transmission to Yun Lintian. "Brother Yun, do we really need to go through this? I certainly can't kill my fellow sisters."

Yun Lintian turned to look at Yang Mengli and seven girls behind her. Since the ten Frozen Moon Palace's disciples counted as the largest group to enter the mythical realm, there was a high chance for a werewolf to appear among them. What were they going to do by then?

Yun Lintian thought for a moment and replied truthfully. "The moment this Hongyue appeared, our lives have already been in her hands. We totally have no choice but to comply with her rules. So, if a werewolf really appears among your fellow sisters, you better be decisive. Even if you want to cooperate with her to find other werewolves, she will eventually die at the end of the game."

Yang Mengli's face became unsightly. In fact, she was aware of this in her heart, but she simply couldn't accept it.

"Don't worry, Sister Yang, we are willing to die if we become a werewolf." A slender woman behind Yang Mengli suddenly said when she saw Yang Mengli's expression.

"Don't you ever say something like this again. Whether anyone of you become a werewolf, we will find a way out together." Yang Mengli responded solemnly as she looked at her fellow sisters.

In the end, they looked at each other and went silent.

"There are ninety-seven people here. Taking the twenty werewolves out, we will be left with sixty-seven villagers and ten doctors. With this number, the villager's side is likely to win. Why do villagers have to fear the werewolves, then?" A tall man in the distance suddenly said.

"Idiot. Didn't you hear what Princess Hongyue said? The werewolves' strength will increase at night. As long as they managed to kill at least forty-seven villagers, they will definitely win the game." A charming girl nearby the tall man refuted.

More and more discussions occurred among the crowd. They didn't know what role they would get in the end, but it was better to find a solution first. In any case, no one wanted to die.

Lin Xinyao stared at Hongyue attentively. For some reason, she had a familiar feeling about Hongyue, but she couldn't pinpoint out... Perhaps Hongyue was someone from the Divine Moon Clan?

Sensing someone was watching her, Hongyue turned around to look at Lin Xinyao and gave a grin to the latter but did not utter any word.

Yun Lintian noticed this. He looked back and forth between Lin Xinyao and Hongyue for a moment before secretly opening Eyes of Heaven.

"You naughty boy~. How dare you peep at me?" The moment Yun Lintian's pupils turned golden, Hongyue's voice immediately rang out in his mind, along with a strange power that forcibly closed his Eyes of Heaven.

Yun Lintian was stunned and smiled awkwardly. As expected from the mythical realm's creator, her perception was entirely different from anyone he had met.

"It's time. Are you all ready?" Hongyue retracted her gaze from Yun Lintian and turned to look at the crowd.

"P-princess Hongyue, can I not participate in this?" A young girl among the crowd raised her hand timidly.

Hongyue locked her gaze on the girl and said with a grin. "Of course, you can...." As the girl was about to cheer up, Hongyue said further. "But I will have to kill you right now. Do you still want to quit?"

The girl's face froze, and she hurriedly shook her head. "No, no. I will participate in it. Please don't kill me."

Hongyue curled her lips and swept her gaze through the crowd, causing them to shudder and lowered their heads in fear.

Seeing this scene, Hongyue nodded her head in satisfaction and said. "Since everyone has no objection. Let's the game begins now."

Pah!

The moment Hongyue clapped her hands together, everyone immediately felt a powerful suction force shrouded around them. A split second later, all of them instantly vanished from the place and were sent to random locations throughout the mythical realm.

For some reason, Yun Lintian was the last one who got teleported away. As he was about to disappear, he suddenly heard Hongyue's voice. "Don't disappoint me."

Before Yun Lintian could react, he had found himself standing on an endless snowfield without a single sign of life.

"Your role is a doctor. Good luck saving people. Hehehe.." Suddenly, a playful voice resounded in Yun Lintian's mind.

Chapter 403 - Doctor? More Like A Bodyguard

"The heck?" Yun Lintian muttered when he heard his role was a doctor. It seemed he could never escape from this occupation.

"How to save people then?" A frown appeared on his face as he thought of this.

At this moment, Hongyue's voice rang out again. "Oh, I forgot to tell you. Those who got a doctor role can choose to save a person by saying that person's name in your heart. This person will be safe and sound through the night. Of course, you can also use it on yourself."

"Why don't you change it to a bodyguard role instead?" Yun Lintian was speechless. He felt this Hongyue had just learned about the werewolf game and wanted to try it.

"Shut up!" Hongyue's scolding voice immediately resounded in his mind.

Yun Lintian shook his head and decided to stop talking here. He looked around briefly and chose a random direction to go.

As he took a step forward, the transmission jade on his waist suddenly lit up. He took it out and heard Lin Xinyao's voice rang out from the other side. "I am a villager."

Yun Lintian was taken aback for a second and replied jokingly. "Well, I'm a werewolf. Where are you? Let me eat you, alright?"

The other side seemed to go silent immediately. A while later, Lin Xinyao said. "Sorry, I can't die yet."

This girl took it seriously. Yun Lintian chuckled and said. "I'm joking. I'm not a werewolf, but a villager like you." Although he trusted Lin Xinyao's character, he didn't think it was a good idea to tell her the truth about his role. What if her fellow sisters asked her?

A sigh of relief could be heard from the other side before she said. "That's good."

"Can you ask your fellow sisters about their roles?" Yun Lintian said.

Surprisingly, Lin Xinyao answered right away. "There is one doctor, and the rest are villagers."

"So lucky?" Yun Lintian did not believe it entirely.

Lin Xinyao seemed to perceive the trace of disbelief in his voice. She quickly added. "I can guarantee it's true. We have a special technique to detect the truth."

"Oh? There's such a thing?" Yun Lintian was surprised. He had never heard about this before.

"It's related to the profound art we are practicing." Lin Xinyao explained.

"Fine." Yun Lintian didn't linger on this topic further. "Since there's a doctor in your group, you should try to find her as fast as possible. She will be the key to fighting the werewolves."

Yun Lintian had pretty much figured out the plan. There were ten doctors among the players. As long as they could protect themselves well, it meant at least ten lives would be safe every night. It could be seen how important this role was.

Naturally, there was a risk that a traitor might appear among them. However, Yun Lintian didn't care much about it. Unless they wanted to die when the game ended, they could help the werewolves as much as they wanted.

What Yun Lintian had to do right now was gather information as much as possible. Once he found the werewolf, he wouldn't wait for the vote but kill it directly. Although he had no idea how powerful the werewolf became at night, he believed he could fight it.

"Also, if you find a werewolf. Just tell me directly." Yun Lintian added before randomly choosing a direction to move forward.

On the other side of the mythical realm, Wang Jue was busy contacting his people. When he discovered he was assigned as a werewolf, he became ecstatic instantly. With the night's buff, he would have a chance to kill Yun Lintian.

What he had to confirm right now was Yun Lintian's role. If he happened to be a werewolf like him, it was almost impossible to kill him. But if he was a villager or a doctor, then... Hehehe.

"What is your role, Li Na?" Wang Jue held the transmission jade and said.

Soon, Li Na's voice resounded from the other side. "I'm a werewolf. What about you, Young Master Wang?"

"Great! I'm a werewolf too." Wang Jue was delighted to hear this. Even though he wasn't afraid of Li Na's background, it didn't mean he dared to kill her. If possible, he preferred to make her an ally than an enemy.

"Have you found others?" Wang Jue asked.

"I found one and killed one. This person should be someone from the Arcane Hall." Li Na replied calmly.

"Arcane Hall? Heh, you did a good job." Wang Jue chuckled slightly. The Arcane Hall was clearly inclined toward Principal Tian and Lin Taixu. There was no point in sparing them.

"Let's notify others. Tell them to find Yun Lintian as soon as possible." Wang Jue gave out an order.

"Understood." Li Na faintly replied and cut the connection.

Wang Jue put the transmission jade away and looked around for a while before randomly walking forward.

Woosh!

All of a sudden, the sky gradually darkened, and a bright purple moon appeared among the group of clouds, lighting everything with its purple moonlight.

At this moment, Wang Jue felt a tremendous power began to surge within his body. He could clearly feel his strength rising from the peak of Origin Profound Realm to the Earth Profound Realm and stopped at the peak of the Heaven Profound Realm shortly afterward.

"Good!" Wang Jue couldn't help shout aloud excitingly while clenching his fists. With this strength, he was fully confident about killing Yun Lintian.

After performing a set of punches and kicks, trying to adapt to his newly gained power, Wang Jue suddenly laughed heartily. "Hahaha! Yun Lintian, let's see how you are going to fight me this time!"

Following that, Wang Jue glanced in the east direction, and his body immediately shot forward like a loose arrow. His eyes were brimming with excitement, as he couldn't wait to find Yun Lintian.

"Achoo!" At the endless snowfield somewhere on the east side, Yun Lintian suddenly sneezed, making him take his mask off and wipe his nose a few times.

"There must be someone talking behind my back." Yun Lintian muttered and put the mask on.

"Help!" As he was about to move further, Yun Lintian suddenly heard a shout coming from his left side, causing him to turn around in that direction.

Chapter 404 - The First Werewolf

What came to Yun Lintian's vision was a young man running with all his might toward him. Behind the man was another man clad in a blue robe, chasing after him. Judging from their speed, the man behind was obviously stronger.

"Senior Brother Yun!? Help me!" The man in the front found the person in the distance was Yun Lintian. He was immediately overjoyed and rushed toward Yun Lintian with all he had.

Yun Lintian frowned slightly. He didn't have an impression of this person at all, but since he knew his name, it meant he was the academy's student. Therefore, helping him shouldn't be a problem.

Yun Lintian quickly opened Eyes of Heaven to check on them. However, the frown between his brows instantly grew deeper as he couldn't see their energy at all... What is this? Don't tell me my Eyes of Heaven are useless here?

At this moment, Hongyue's voice suddenly resounded in his mind. "Tada! Don't be surprised. Your naughty eyes have been blocked by me. You can't cheat anymore."

"F*ck! Why don't you cripple me directly!?" Yun Lintian couldn't help curse out. This Hongyue was obviously targeting him.

"Eh? Are you sure?" Hongyue's voice rang out again.

"Of course not!" Yun Lintian retorted angrily.

The two men who ran toward Yun Lintian were confused upon hearing Yun Lintian's swear... What's wrong with him? Did he go insane?

Although he didn't understand what happened, the man in the front didn't slow down in the slightest. He raised his speed to the maximum and rushed toward Yun Lintian.

Yun Lintian let out a long breath to calm himself down and turned to look at the incoming people. His eyes flickered slightly as he observed them. The man behind seemed to be enhanced by the night's buff. That was why his speed had surpassed the Origin Profound practitioner by miles.

Shifting his gaze onto the man in the front, Yun Lintian was surprised to see his speed was slightly inferior to the man behind. This meant his strength was not low at all.

"Senior Brother Yun!" Seeing Yun Lintian didn't react, the man in the front couldn't help yelling anxiously.

A thoughtful expression appeared on Yun Lintian's face. He took a good look at them once again before stomping on the ground, and his body instantly disappeared like a ghost.

Seeing this, the face of the man in the front immediately turned pale. He didn't expect this famous Yun Lintian, who was rumored to save countless lives, to escape like this.

"Hahaha! Looks like you can't escape today, Liang San!" The man in the back laughed wildly.

Earlier, he was hesitating whether to retreat upon seeing Yun Lintian. However, when he thought of the buffed power, he didn't believe Yun Lintian could handle him. Even if he couldn't defeat Yun Lintian, escaping shouldn't be a problem. And now, seeing Yun Lintian fleeing, he couldn't help but laugh aloud.

Gritting his teeth, Liang San responded with hatred. "Don't be proud, Li Qiang! You better catch up with me first before talking!"

The man in the back, Li Qiang, curled his lips and said disdainfully. "Are you so hurrying to die? Alright, I will let you see how powerful I am now."

In the next moment, Li Qiang's body glowed with purple light, and his speed abruptly increased significantly. Shortly afterward, the distance between Liang San and him had been reduced by more than half. At this rate, Li Qiang would catch up with Liang San a few breaths later.

Liang San's face turned ghastly pale when he saw this. The speed he was proud of had become utterly useless in front of Li Qiang's buffed power... What to do now?

While Liang San was anxiously trying to think of a way, Yun Lintian's figure suddenly reappeared above Li Qiang. His feet were lit up with terrifying flames as he sent a kick at Li Qiang's head.

Li Qiang's face instantly changed into terror and incredulity as he suddenly perceived a scorching heat approaching him from above. With no time to think, he instinctively poured all of his profound energy to form a defense barrier around his head.

Bang!... Crackle!

A vibration sounded as Yun Lintian's kick met the barrier and directly shattered it. His kick did not stop at that and still moved toward Li Qiang's head.

With another bang, Li Qiang felt as though he was hit by a mountain. His ears were instantly filled with buzzing sounds, and his vision gradually turned blur as he flew away like a broken kite.

Thud!

Li Qiang landed heavily on the ground. His entire body trembled non-stop while black smoke constantly floated up from the burning wound on his head. No matter how one looked at him, he was obviously out of play now.

Hearing a commotion, Liang San stopped his track and turned around to see Li Qiang lying on the ground miserably. His mouth agape with incredulity, staring dumbly at Li Qiang.

Yun Lintian landed on the ground and shook his foot slightly. "I didn't expect his head to be this hard. It seems this night's buff can enhance the werewolf's body, too."

Coming back to his sense, Liang San swallowed hard and said. "Is he dead?"

"You can check on him by yourself." Yun Lintian shrugged his shoulders without care. Even if Li Qiang wasn't dead, he would not stand up again.

Liang San hesitated briefly and walked toward Li Qiang cautiously. When he arrived beside the latter, he discovered Li Qiang was in a half-dead state. His skull was obviously shattered, making his entire head twist into an exaggerated shape. It wasn't wrong to say it was a miracle that Li Qiang could still have a breath left in him.

After confirming this, Liang San heaved a sigh of relief and said mockingly. "How is it, Li Qiang? Who's going to die now?"

Li Qiang struggled as if he wanted to retort, but he didn't have enough strength to even utter a word now. His heart was filled with regret. He should have run away as soon as he saw Yun Lintian...

Chapter 405 - The Advantage Of The Werewolf

"I'll send you to the underworld now." Liang San looked at the miserable Li Qiang and raised his foot, intending to crush the latter's head.

Li Qiang's deformed face was full of terror. He didn't want to die and started to struggle. Unfortunately, he didn't have an ounce of strength left in him and could only wait for Liang San's foot to stomp down in despair.

"Hold on." Yun Lintian released profound energy to prevent Liang San from killing Li Qiang. His power was enough to push Liang San away several meters.

Liang San's expression was unsightly as he landed on the ground. He looked at Yun Lintian questioningly and said. "Why stop me, Senior Brother Yun?"

Yun Lintian glanced at Liang San and said. "I don't care what grudge you two have, but here I'm in charge. Understand?"

Yun Lintian ignored Liang San's resentful gaze and squatted down beside Li Qiang. "Do you want to live?"

Li Qiang couldn't say a word, but the meaning in his eyes was evident — he wanted to live.

Yun Lintian said nothing further and took a few silver needles out before treating Li Qiang.

When Liang San saw this, a trace of hatred flashed across his eyes, but it quickly disappeared. He stood up and walked toward Yun Lintian cautiously.

"S-senior Brother Yun, why are you saving him?" Liang San asked with a bit of confusion.

"Because he's a werewolf." Yun Lintian replied without giving further explanation. He glanced at Liang San and asked. "What's your role?"

"Me? I'm a villager." Liang San hurriedly replied.

Yun Lintian stared at him for a moment and turned his attention to Li Qiang. Ten minutes later, Li Qiang's deformed head gradually recovered by half, and he regained the ability to talk.

Li Qiang struggled to get up and said. "Thank you."

Yun Lintian retrieved all the silver needles back and said calmly. "You don't have to thank me. You will definitely hate me later."

Li Qiang's complexion turned pale immediately. He naturally understood the meaning behind Yun Lintian's words, but what could he do? His life was pretty much in Yun Lintian's hand now.

"Answer me. Have you contacted other werewolves?" Yun Lintian stood up and asked.

Li Qiang shook his head. "The moment I knew I was a werewolf, I happened to see Liang San and chased after him right away."

Yun Lintian turned to look at Liang San and saw the latter nod his head, confirming it was indeed the case.

Yun Lintian thought for a moment and asked. "Is there a special ability for a werewolf? For example, an ability or a method to contact other werewolves."

Li Qiang thought for a moment and said. "I don't know if this is the ability you said, but I seem to feel the existence of other werewolves now."

"Liar!" Liang San interjected. "Senior Brother Yun, don't believe him. He just wants to add value to himself so that you can spare him."

"Shut up! I have my own consideration." Yun Lintian said coldly, causing Liang San to shut his mouth tightly.

Li Qiang heaved a sigh of relief when he saw this. He believed Yun Lintian wouldn't kill him as long as he was useful. Without waiting for Yun Lintian to ask, he explained. "It's like this, Brother Yun. When I gained the power earlier, I faintly felt a connection between me and the other nineteen existences. Because I was focused on Liang San, I didn't pay attention to it. Now, I can clearly feel it." He then pointed in the north direction and continued. "There's one person coming toward us. His speed is not low at all."

Yun Lintian frowned slightly and spread his Spiritual Sense out. However, he didn't find any sign of life in that direction.

Noticing this, Li Qiang hurriedly said. "This person is still far away. I don't know the exact number, but it should be no less than three hundred kilometers."

Yun Lintian went silent for a moment. Judging from Li Qiang's expression, he was quite sure Li Qiang did not lie to him... If this was the case, then the werewolf got so much advantage. They didn't have to worry whether they got the wrong person. Meanwhile, the villagers and doctors had no way to detect the other party's identity... This Hongyue clearly wanted to see a bloodbath.

Thinking of this, Yun Lintian made a decision. "I'll let you go, but you have to work for me. Help me locate other werewolves."

Li Qiang had a complicated expression. Helping Yun Lintian was akin to suicide, but he had no choice at this moment. He could only accept Yun Lintian's task and look for a solution later. "I will try my best."

On the side, Liang San immediately became anxious when he heard this. "You can't do this, Senior Brother Yun. What if he leads other werewolves to us?"

Yun Lintian looked at him with a cold expression. "I said I have my consideration. You can go away if you don't want to stay here."

Liang San's face changed a few times. Finally, he gritted his teeth and said. "I-I will stay." Leaving Yun Lintian? That was no different from suicide.

Yun Lintian paid no further attention to Liang San and turned to Li Qiang. "I have given you a deadly poison, and I am the only one who can get rid of it. I hope you won't disappoint me... You may think you will die in the end anyway, but if you trust me, I have a way to let everyone live."

Li Qiang's eyes flickered hesitantly. He had no idea whether Yun Lintian could do as he said, but he chose to believe. "I believe in you, Brother Yun."

Yun Lintian threw a transmission jade to Li Qiang and motioned with his chin. "I'll contact you through this. Go."

Li Qiang carefully put the transmission jade away and gave the nod to Yun Lintian. "Then, I'll leave first." Afterward, he slowly walked toward the north.

Yun Lintian turned to look at Liang San and said calmly.. "Introduce yourself."

Chapter 406 - Miserable Encounter

Although Liang San was dissatisfied with the way Yun Lintian handled this, he didn't dare to confront him. He took a deep breath and said. "My name is Liang San, a Mystery Hall student. The person earlier is Li Qiang. He's a student of the Starlight Hall. He and I have an old grudge about a woman since the recruitment day six years ago."

Yun Lintian had a thoughtful expression on his face. "Mystery Hall? Your Master is Hall Master Nangong?"

Liang San nodded his head. "That's right. Before coming here, Master has told us to assist Senior Brother Yun as much as possible. I didn't expect to meet you here this soon."

"Is that so?... Have you contacted others?" Yun Lintian asked.

Liang San smiled wryly. "As you see, I haven't done anything but run from Li Qiang."

"Contact them now and ask about their roles." Yun Lintian said and took out a chair to sit down.

Liang San quickly took out his transmission jade and started contacting other Mystery Hall members.

"What are we going to do now, Big Sister Yang?" Far away in the south direction, Hua Wanru ran alongside Yang Mengli. As she said, she would occasionally turn her head back. They were obviously escaping from something.

On her side, Yang Mengli wore a solemn expression. She tightly held a blue sword in her hand and said. "You try to contact Brother Yun. I'll hold them back."

Hua Wanru hurriedly refused. "No, Big Sister Yang. We have to escape together."

As Yang Mengli was about to say something, wild laughter suddenly resounded from behind.

"Hahaha! Where are you going, two Frozen Moon fairies?" A sturdy man with a long spear grinned as he stared at Hua Wanru and Yang Mengli lasciviously.

Behind him was a thin man holding a longbow, aiming at the two women. His eyes were filled with lust. "We are so lucky to meet two high-quality chicks at the same time. Hehe. I heard that the Frozen Moon Palace's women taste so good. Let's see if it's true as they said."

As he finished his sentence, he let loose two sharp arrows toward Hua Wanru and Yang Mengli. The arrows were covered with powerful wind power, cutting through the air and mercilessly shot at the two women's backs.

Yang Mengli and Hua Wanru swiftly spun around and released their profound energy to form defensive barriers before them.

At the same time, a blue glow suddenly appeared around Yang Mengli's body. When the bluish light gradually turned thick and somewhat blinding, a large amount of ice particles winked into existence and danced wildly around her.

Seeing this, the sturdy man's expression changed slightly. "Not good!" As he said this, he swiftly retreated along with the thin man while releasing all of their energy, preparing to defend the upcoming attack.

"Die!" Yang Mengli shouted, and the surrounding temperature that was already below zero had dropped further. The ice particles around her immediately shot forward, sweeping the two arrows away, and charged at the two men at lightning speed.

The two men realized they could not outpace Yang Mengli's attack. They hurriedly let out loud cries and launched their powerful attacks toward the ice storm.

Bang!

Yang Mengli's ice storm ruthlessly swept the two men away, but it did not harm them much. After all, the strength of the two men had increased dramatically by the night's buff.

Yang Mengli was aware of this. She seized this chance to forcefully increase her speed and fled in the northeast direction.

"Damn it!" The sturdy man stood up from the ground to discover his prey had escaped. He couldn't help curse out loud and prepared to chase after.

At this moment, the thin man raised his hand to stop the sturdy man and said. "Hold on, Brother Qiao. Did you feel something in that direction?"

The sturdy man, Qiao Fan, frowned slightly and concentrated on his perception. A moment later, he said in surprise. "What is this? It's another werewolf?"

The thin man nodded his head. "I believe we can locate other werewolves. See, I can feel your presence here."

Qiao Fan looked at the thin man and said. "You're right... Isn't this mean we can easily win the game?"

The thin man smirked. "That's right. Hehe. It seems that Princess Hongyue is favoring us."

Qiao Fan laughed heartily and said. "Haha. Let's go in that direction. Perhaps we can cooperate with that person to subdue these chicks." Following that, the two of them quickly moved in Yang Mengli's direction.

"Are you alright, Big Sister Yang?" Hua Wanru asked worriedly when she saw Yang Mengli panting heavily.

Yang Mengli shook her head. "Try to contact Brother Yun now. He's the only hope we have."

Hua Wanru did not dare to delay anymore. She took out the transmission jade that Yun Lintian gave her and tried to contact him.

A moment later, Yun Lintian responded. "Where are you two?"

Hua Wanru and Yang Mengli were overjoyed. They quickly answered. "We are in the south area and running toward the north-east direction right now."

"South? I am on the east side right now. I will move in your direction." Yun Lintian's voice rang out from the other side.

As the Frozen Moon Palace's disciples, Yang Mengli and Hua Wanru naturally had a map in their hands and knew the position in the mythical realm well. When they heard Yun Lintian was nearby, they were elated and increased their speed in his direction.

Bang!

However, before they could react, two flame swords suddenly appeared out of nowhere and stuck on their backs, sending them away like cannonballs.

Because the two were caught entirely off-guard, they couldn't put any defense in time, causing them to suffer serious injuries instantly.

Yang Mengli's back was completely soaked with blood as a deep wound appeared on it. The first thing she did wasn't stabilize her injuries but check on Hua Wanru beside her.

Hua Wanru's injuries were not much different from Yang Mengli's. A large hole appeared on her back, and blood gushed out non-stop. She looked extremely miserable.

"Woah.. I caught two big fishes here." At this moment, a male voice resounded from afar along with a tall figure slowly walking toward Yang Mengli and Hua Wanru...

Chapter 407 - Frozen Moon Vs Werewolves

The tall man wearing a white robe retracted his sword and took a glance at Hua Wanru, and Yang Mengli with a proud smile hung on his lips. His name was Zhao Yebai, one of the direct disciples of the White Feather Sect Master.

He had been hiding in this place, waiting for a prey to pass by, and did not expect the first prey he saw would be the Frozen Moon Palace's disciples. This made him ecstatic, and he couldn't wait to lay a hand on them.

Yang Mengli tried to suppress her injuries and turned to look at Zhao Yebai vigilantly. "You're Zhao Yebai of the White Feather Sect."

The smile on Zhao Yebai grew wider as he slowly approached Yang Mengli. "It's my honor to be known by Fairy Yang... Do you need my help? Hehe."

Yang Mengli stared at him coldly. "You're not afraid to implicate your sect by doing this to us?"

Naturally, Yang Mengli knew Zhao Yebai wasn't afraid of this. She just wanted to buy time as much as she could and prayed for Yun Lintian to reach this place in time.

Hearing this, Zhao Yebai sneered. "Fairy Yang, what are you trying to do? Do you think your little trick is useful?"

He didn't believe Yang Mengli would be stupid enough to say something useless like that. She must have a hidden card on her sleeve. Hence, he stopped his track and raised his guard up.

Yang Mengli's eyes narrowed and smiled coldly. "Why are you stopping?"

Zhao Yebai curled his lips and said nothing. He carefully used his Spiritual Sense to check on the surrounding, including Yang Mengli and Hua Wanru's bodies. When he found nothing, his brows sunk slightly, and an uncertain appeared on his face.

As he was thinking whether he should attack Yang Mengli again, he suddenly discovered a presence of two existences rushing toward him. Although he knew these two were werewolves, it didn't make him relax his vigilance in the slightest.

Zhao Yebai held his sword tightly and looked in the south direction, preparing to engage at any moment.

Soon, two figures emerged behind a snow curtain, and they immediately slowed down as they saw Zhao Yebai standing in the distance.

"Gui Zu? Qiao Fan?" Zhao Yebai was surprised to see them. These newcomers were actually his fellow junior brothers.

"Senior Brother Zhao?" The sturdy man, Gui Zu, and Qiao Fan exclaimed in surprise. Their expressions quickly turned into excitement, and they rushed toward Zhao Yebai.

As they arrived beside Zhao Yebai, the two noticed Yang Mengli and Hua Wanru in the distance. Seeing the girls suffering injuries, they couldn't hide their joys and said. "Awesome! Senior Brother Zhao. You can subdue them so easily."

Zhao Yebai chuckled and said. "I didn't expect you two to be werewolves. Looks like our luck is good."

Gui Zu grinned and said. "What are we going to do with them, senior brother?" His eyes were full of greed when he looked at Yang Mengli and Hua Wanru.

Zhao Yebai laughed slightly. "You kid can't wait now, huh?" He glanced at the two girls and said. "Go get them."

Gui Zu and Qiao Fan glanced at each other and immediately rushed toward Yang Mengli and Hua Wanru. Because they were too hurry to get them, they hadn't aware of the cold smile on Zhao Yebai's face.

The expressions of Yang Mengli and Hua Wanru turned grave. One Zhao Yebai was enough to render them helpless and now added two more. How could they resist this?

"Sorry, I have to make sure you can't move. Hehehe. Don't worry, I make you feel good later." Gui Zu grinned and sent out a punch at Yang Mengli's stomach.

Siuu—

Before Gui Zu's fist could hit the target, a terrifying arrow appeared out of nowhere, completely catching him off-guard. He couldn't put up any resistance in time and was directly sent away several meters.

Meanwhile, Qiao Fan was a bit slower than Gui Zu. Before he could reach Hua Wanru's position, he saw this arrow coming from afar and managed to avoid it timely.

Hua Wanru and Yang Mengli glanced at each other and looked in the direction of the arrow coming. Immediately, they became overjoyed upon recognizing the newcomer's identity.

"Senior Sister Lin!" Hua Wanru shouted excitedly, staring at the purple figure in the distance.

Lin Xinyao pulled her longbow down and glanced at Zhao Yebai before uttering. "Scram."

Zhao Yebai's pupils shrank slightly, and a trace of fear appeared in his heart. However, when he thought of his current power, the worry on his face instantly disappeared and was replaced with confidence.

"It turns out to be Fairy Lin." Zhao Yebai said with a smile. "I admit I am not your opponent before, but now it's different. I think it should be you who needs to scam in this situation. Otherwise, don't blame me for being ruthless."

As he spoke, he secretly sent a sound transmission to Gui Zu and Qiao Fan, telling them to look for an opportunity to capture Hua Wanru and Yang Mengli.

Lin Xinyao's cold gaze fixated on Zhao Yebai and then turned to Gui Zu and Qiao Fan. Instantaneously, she raised her longbow and shot out two arrows at them.

"Now!" Zhao Yebai reacted quickly. His body suddenly blurred and disappeared from the spot before reappearing midair, trying to intercept Lin Xinyao's arrows.

Meanwhile, Gui Zu and Qiao Fan were also swiftly charging at the two girls. They knew this wasn't the time to hold back and exerted everything they had to increase their speed to the limit.

At this moment, Yang Mengli hastily grabbed Hua Wanru's arm and threw her away into the distance. Following that, she pointed her sword at Gui Zu and Qiao Fan. Her eyes glowed with purple light and the snow nearby immediately floated into the air, forming into a cyclone around her body.

"Freezing Storm!"

Instantaneously, the snow cyclone fiercely swept toward Gui Zu and Qian Fan while carrying all the snow on the path along.

"Naïve!" Gui Zu sneered and stabbed his spear forward at the snow cyclone.. His spear carried a blazing flame that instantly melted all the snow in front of it.

Chapter 408 - Doctor's Ability

Because Yang Mengli had spent a massive amount of her profound energy on the previous attack, her Freezing Storm wasn't strong enough to resist Gui Zu's flame spear. In a split second, the snow cyclone was unable to go against the flame spear and thoroughly dispersed into a mist.

In that instant, Gui Zu's spear cut through the mist and arrived before Yang Mengli's chest with terrifying momentum.

"Big Sister Yang!" Hua Wanru, who was landing on the ground, shouted desperately upon seeing this scene.

Her voice immediately attracted Lin Xinyao's attention. She quickly glanced at Yang Mengli and saw the flame spear was about to pierce the latter's chest. All of a sudden, a powerful aura burst out of her body and immediately sent Zhao Yebai away before she rushed toward Yang Mengli with all her might.

Feeling the scorching heat up close, Yang Mengli knew this might be her last moment in this world. She gently closed his eyes, waiting for the death to come... Sorry, Chen'er. Sister has let you down. I hope you can live well for the rest of your life.

A smug look appeared on Gui Zu's face. Although it was a pity to hurt a beauty like this, he had no choice but to do it, even if it meant leaving an ugly wound on her body.

"Die!" Gui Zu sneered and ruthlessly pushed his spear forward.

"No!" Lin Xinyao was desperately rushing at Yang Mengli, but she was a few seconds late. There was no way she could save Yang Mengli.

Bang!

The moment Gui Zu's spear was about to penetrate Yang Mengli's chest, a green barrier suddenly appeared between them and ultimately repelled the spear, making it unable to move further.

Gui Zu was utterly shocked by the sudden appearance of the green barrier. Under heaven shaking booming sound, his entire body had been jolted apart by an enormous force and lost the balance, tumbling backward and rolling several rounds on the ground.

At this moment, everyone abruptly stopped their action and stared at the green barrier before Yang Mengli blankly.

Yang Mengli slowly opened her eyes in confusion. She was waiting for the pain to come, but where did it go now? When she saw the green barrier in front of her, she was stunned and could not comprehend the situation.

A moment later, the green barrier slowly faded away. Lin Xinyao was the first to regain her sense. She quickly grabbed Yang Mengli and retreated toward Hua Wanru at full speed.

Zhao Yebai stabilized himself on the ground and glanced at the dazed Gui Zu and Qiao Fan while scolding them for being useless inwardly. Afterward, he turned to look at Lin Xinyao's group and frowned.

He had no idea what was the green barrier earlier. Was it an artifact? However, judging from Yang Mengli's resigning appearance previously, she didn't seem to know about it before. Hence, this shouldn't be her doing. The only possibility was that Lin Xinyao had used some defensive techniques.

"What are we going to do now, Senior Brother Zhao?" Qiao Fan arrived beside Zhao Yebai, followed by Gui Zu.

Zhao Yebai didn't answer as he pondered how to deal with them. Even though their strength had been enhanced tremendously, it was still troublesome dealing with an abnormally powerful individual like Lin Xinyao. If Lin Xinyao decided to go all out, it might take a long time to bring her down. This wasn't a good thing for him. Who knows if her ally was nearby?

In fact, Zhao Yebai's analysis was on point because Yun Lintian was currently rushing to Yang Mengli. The earlier green barrier was also his doing. In order to play it safe, he used the doctor role's life-saving chance on Yang Mengli.

Lin Xinyao landed on the ground with Yang Mengli and checked on her. Soon, she discovered that the wound on Yang Mengli's back had completely healed, which puzzled her.

Yang Mengli had also noticed this. Her brows involuntarily creased together as she didn't understand what had happened.

"Are you alright, Big Sister Yang?" Hua Wanru asked concernedly while suppressing her own injuries.

Yang Mengli put the thought aside and turned to check on Hua Wanru's injury. She gently circulated her last portion of profound energy to close Hua Wanru's wound and said. "You should try to recover first."

Hua Wanru nodded and quickly mobilized her profound energy, aiming to recuperate.

"Thank you, Senior Sister Lin." Yang Mengli said with gratitude.

Lin Xinyao gave the nod and said. "We should leave here. I can't handle the three of them at the same time."

Yang Mengli glanced at Zhao Yebai's group and said. "I had contacted Brother Yun earlier. I guess he is rushing here now. Are we going to leave?"

Yang Mengli fully believed Yun Lintian could deal with these three werewolves. She didn't want to waste this chance to eliminate them.

Lin Xinyao was surprised to hear Yun Lintian was nearby. She thought for a moment and said. "This Zhao Yebai isn't ordinary. As long as we retreat, he will definitely retreat as well. It's also difficult to restrain them here with their current strength."

Yang Mengli frowned. If that was the case, she didn't have a good idea at the moment.

After a while, Zhao Yebai came to a decision. Looking at Lin Xinyao's appearance, he was fully believed there was her ally nearby, or perhaps they were already rushing here. Therefore, the best way for him right now was to retreat.

Zhao Yebai secretly told Gui Zu and Qiao Fan about his decision before turning to Lin Xinyao. "It's an honor to meet Fairy Lin here. However, I suddenly have an urgent task to take care of. So I will excuse myself first... I hope you don't take it to heart."

Following that, he executed his movement technique and disappeared into the curtain of snow along with Gui Zu and Qiao Fan.

No matter how unwilling she was, Yang Mengli had to let them go. She sighed and said. "He's not ordinary as you said, Senior Sister Lin."

First, Zhao Yebai could conceal his presence extremely well and completely caught Yang Mengli and Hua Wanru off-guard. And now, he had shown how powerful his acute awareness was.. He was indeed worthy of being the White Feather Sect Master's direct disciple.

Chapter 409 - A Huge Disadvantage

Yun Lintian constantly activated Shadow Step, rushing toward Yang Mengli. His speed was too fast, leaving Liang San, who was proud of his speed, in the dust.

A few minutes later, Yun Lintian's Spiritual Sense suddenly captured three women moving in his direction. When he looked at them carefully, he immediately recognized their identities.

"Yun Lintian?" Lin Xinyao said cautiously. She seemed to perceive Yun Lintian's presence as well, but she couldn't see his appearance clearly.

Yun Lintian was surprised slightly seeing Lin Xinyao here with Yang Mengli and Hua Wanru. With a few flashes, he arrived before Lin Xinyao's group and said. "Where are the enemies?"

"Brother Yun!" Hua Wanru was relieved upon seeing Yun Lintian. She didn't have to worry about Zhao Yebai's pursuit anymore.

"They had retreated." Yang Mengli said.

"Retreat? Who are they?" Yun Lintian was puzzled. The enemies had been enhanced by the night's buff, and Lin Xinyao shouldn't be their opponents, yet why did they choose to retreat?

"Their leader is Zhao Yebai from the White Feather Sect. He's famous for his meticulous personality. When he saw we didn't flee right away after we distanced from them, he immediately called for a retreat." Lin Xinyao explained.

"I see. He probably guesses that there are your people nearby." Yun Lintian nodded his head. "Have all of you known the werewolves can feel each other's presence?"

The three girls glanced at each other and shook their heads.

Yang Mengli suddenly said. "This means us, the villagers, are at a terrible disadvantage. It doesn't matter if we can vote for one of them. As long as the werewolves are united, they can win by killing all of us in the end."

Yun Lintian added. "Originally, the advantage of the villager is that a werewolf cannot easily identify its fellow werewolf. They can make a mistake by voting for the fellow werewolf. But this ability has ruined

everything and gives the werewolf's side a huge advantage instead. More importantly, we can't simply gather the villagers and doctors, as I reckon we will be sent to a random location in the next round. So, if we continue to focus on this, we will never win the game."

Silence descended, and the four of them fell into deep thoughts. It seemed the only way to win this game was to kill the werewolf during the night, but how was that possible?

Letting Li Qiang go was a good decision for Yun Lintian. He wasn't afraid Li Qiang would betray him because he had left a concealing silver needle in the latter's body. This allowed Yun Lintian to locate Li Qiang at any time. As long as Li Qiang met other werewolves, he would immediately track them down and kill them.

"What should we do now?" Hua Wanru asked helplessly. She couldn't come up with any solution.

Everyone involuntarily looked at Yun Lintian, waiting for his idea.

Yun Lintian shook his head. "It's difficult to tell at the moment. We have to experience the first trial first. I am confident the werewolves would either vote for Miss Lin or me. We can get some information at that time. Right now, we have to find other villagers and doctors to prevent them from dying under the werewolves' hands. At the same time, we can use this chance to get rid of the werewolves."

"I know where others are." Lin Xinyao suddenly said. Before this, she had contacted all the Frozen Moon Palace's disciples and roughly knew their locations.

Yun Lintian was about to say something. He suddenly perceived Liang San's presence and quickly sent a sound transmission to the girls. "Someone is coming. His name is Liang San. He claims to be a villager, but I don't believe him. Just be careful."

The girls nodded their heads and turned to look at the newcomer, who was running toward them.

Liang San slowed down as he approached Yun Lintian's group. His face was filled with incredibility when he saw Lin Xinyao standing among the group. When he arrived a few steps away from the group, he stopped his track and cautiously introduced himself. "Hello, Frozen Moon fairies. My name is Liang San

from the Mystery Hall. Senior Brother Yun had rescued me earlier, and I wanted to follow him. Please take care of me."

Lin Xinyao didn't say anything while Yang Mengli and Hua Wanru simply gave the nod.

Yun Lintian turned to Liang San and asked. "How's your side?"

Liang San hurriedly replied. "Including me, the Mystery Hall students are villagers."

"Oh?" Yun Lintian's brows raised slightly, looking at Liang San with disbelief on his face.

Liang San knew it was too unbelievable. He tried to explain further. "Among the ten Mystery Hall students, three of them died on the first stage, leaving seven of us. I can only say we are lucky to be on the same side."

Yun Lintian took a deep look at Liang San for a moment and said. "Do you know where they are?"

Liang San shook his head. "They are scattering all over the mythical realm. I'm not sure where they are now since they keep moving all the time." He paused for a second and added. "The nearest one is on the southern side. I believe he's running toward the west."

Yun Lintian thought for a moment and said. "Then we can go west."

Since the other four had no objection, the group immediately set off toward the west direction. They maintained a moderate speed while searching the vicinity along the path.

While they were threading along the snowfield, the moon in the sky had gradually faded away, replaced by a bright sun. The change in the sky was extremely fast, no different from turning a light switch on and off.

Following that, Hongyue's voice immediately resounded within everyone's mind.

"Time up. Everyone will return to the square in the next five seconds."

Yun Lintian's group stopped their movement and glanced at each other.

"Try to gather information as much as you can.." Yun Lintian reminded them before shrouding with white light and disappearing from the place.

Chapter 410 - First Round Of Voting

A split second later, Yun Lintian found himself standing in the exact position he previously had around the pagoda.

One after another, several figures gradually appeared in the square. Compared to the last time they met, around twenty people had gone missing. Undoubtedly, they had been killed by the werewolves.

A worried expression appeared on Yang Mengli as she looked. Soon, she heaved a sigh of relief upon seeing all of her fellow sisters had returned safely.

Yun Lintian swept his gaze through the seventy-odd people in this place and discovered Wang Jue staring at him with a malicious grin. Yun Lintian didn't have to use his brain to know Wang Jue was definitely a werewolf.

He stopped at Wang Jue for a moment and turned to Li Na on the latter's side. Surprisingly, Li Na didn't have an angry expression like before. She merely gave Yun Lintian a cold stare and nothing more.

Yun Lintian paid no attention to her further and moved to Zhao Yebai in the distance. He didn't know who this person was, but he noticed the latter kept glancing in Lin Xinyao's direction since everyone had returned to this place.

"He's Zhao Yebai." Lin Xinyao's voice rang out in his mind.

Yun Lintian's brows raised slightly as he took a deep look at Zhao Yebai.

As if he could perceive Yun Lintian's gaze, Zhao Yebai retracted his gaze from Lin Xinyao and turned to look at him. According to the information he got, Yun Lintian was another abnormally powerful individual, not inferior to Lin Xinyao in the slightest. Therefore, he needed to get rid of him first.

Zhao Yebai was calm on the outside, but he constantly exchanged words with Wang Jue through a sound transmission. They were discussing how to get rid of Yun Lintian and Lin Xinyao.

At this moment, Hongyue glanced at the crowd and grinned in satisfaction. "Not bad. At least twenty people have died on the first night. Come on, werewolves. I hope all of you can do a better job next time."

She then waved her hand, and a tall pole with a long robe hanging down appeared before the pagoda. The appearance of this lynching pole caused everyone to feel afraid, and none of them dared to utter a sound. Without any explanation, they understood what the use of it was.

Hongyue said. "As you can see, I have a robe here. Anyone who got a guilty vote will be executed on the spot. So all of you better think carefully before making a final vote. Before going to the next phrase, I will explain a few rules first."

"Anyone can send out a person's name that you're thinking he or she is a werewolf. The most voted one will be selected to enter a trial. After this person gives a defensive speech, everyone will have to make a final vote again... Remember, all of you have only one chance. No matter what the result is, all of you will be sent out and start a second round."

Yun Lintian listened to Hongyue's words carefully and felt something was missing. He suddenly asked. "Princess Hongyue, how are we going to vote?"

Hongyue turned to look at Yun Lintian and said with a playful smile. "Are you trying to find information through this? Sorry, you have to be disappointed again." She turned her head to look at the crowd and said. "Everyone can just think of a person's name and appearance in your mind and make a confirmation to vote."

Yun Lintian stared at Hongyue attentively. His mind wasn't focused on the voting system but on how Hongyue knew everyone's thoughts. Before this, he had muttered out, and there was nothing wrong with Hongyue could hear it. However, when he thought of it again, it seemed Hongyue had read his mind directly instead of hearing his complaint.

Even if she was the mythical realm's owner, she couldn't possibly read people's minds, right? Yan Qi and even Bai Xiaoyun, the Primordial White Tiger God, could not do that. Was Hongyue an existence above the White Tiger God? Yun Lintian doubted that.

The crowd glanced at each other and nodded their head, expressing their understanding.

Hongyue suddenly clapped her hands and said loudly. "Since everyone understood the rules now. Let the vote begin!"

Immediately, Yun Lintian contacted Li Qiang through a sound transmission. "Have you met other werewolves?"

Hearing this, Li Qiang's face kept changing a few times before replying. "I have met one." He then took a glance at a tall woman from the Arcane Hall on his left side and said. "Her name is Ji Yu."

Yun Lintian followed Li Qiang's gaze and saw the tall woman who happened to look at him. She was clearly nervous as if she was hiding something.

Yun Lintian shifted his gaze back to Li Qiang and said coldly. "I hope you didn't lie to me. Trust me, I have countless ways to make you regret later."

Li Qiang immediately felt a chill running down his spine. His entire body was drenched in cold sweat instantly. He hurriedly replied. "I swear what I said is true! There's no point in me to lie at all."

Yun Lintian said nothing further and secretly sent a sound transmission to the woman, Ji Yu. "Are you a werewolf?"

Ji Yu visibly shuddered under Yun Lintian's question, but instead of being nervous like before, her face was replaced with confusion as she responded. "No, Senior Brother Yun. I'm not a werewolf."

Judging from her reaction, Yun Lintian was certain she didn't lie to him. But why did Li Qiang choose to flame her? Clearly, there were other better targets to select from.

Ji Yu saw Yun Lintian had no reaction. She bit her lips and sent another sound transmission to him. "I-I know who is a werewolf. It's Li Qiang from the Starlight Hall. I have seen him chasing after Liang San."

Hearing this, Yun Lintian suddenly found it interesting.. He asked her directly. "Do you have an enmity with him?"
