

Myth Beyond 481

Chapter 481 - Hongyue, Lanyue (2)

"No! You can't do this!" Hongyue yelled anxiously and struggled to get up.

Lanyue took one last glance at Hongyue before turning her head to look at the shrinking moon in the sky... Please protect my sister and let her live a peaceful life.

Lanyue's body gradually faded away until she disappeared completely.

"Nooo!" Hongyue screamed hysterically when she saw this scene. Her power burst out and swept everyone in the scene away before her vision turned black and fell onto the ground with two streaks of tears along her cheeks.

The old woman was crying, but she had to grit her teeth and complete the ritual. She could not let Lanyue sacrifice in vain. With a buzz, the moon seemed to absorb the purple light heartily until it shrank into a palm-size crystal ball and slowly descended from the sky.

The old woman looked at the purple crystal ball placed on the stone bed with complicated feelings.

"That... The Moon?" Yun Lintian was shocked when he saw the crystal ball. It was precisely the same as The Moon he saw in Hongyue's palm previously. He didn't expect it was created in this way.

"Please protect my sister and let her live a peaceful life." Suddenly, Lanyue's voice resounded in Yun Lintian's mind. Her voice was filled with pleading, making Yun Lintian feel guilty.

"I..." Yun Lintian didn't know what to say or feel at this moment. As much as he wanted to comply with her wish, he had no clue how to help Hongyue. She was a residual soul, after all.

Yun Lintian took a deep breath and closed his eyes, immersing himself in deep thought.

On the outside, Hongyue looked at Yun Lintian strangely as she saw the process suddenly become faster than before. A sad smile appeared on her face. She raised her head to look at the sky and murmured softly. "Sister, I'll go to your side soon."

Buzz—

All of a sudden, a fiery red ball and a purple ball shot out of Yun Lintian's body and hovering around him. Their appearance immediately attracted Hongyue's attention. She looked at these two balls in confusion.

"The Sun and The Thunder?" Hongyue said to herself in doubt.

Buzz—

This time, a blue ball followed out of Yun Lintian and went to the previous two balls' side, hovering around him. At the same time, the blue jewel on the Beyond Heaven King's Crown instantly lit up, sending a beam of blue light toward the sky.

At this moment, Hongyue could feel her moon power gradually return, causing her residual soul that was about to disappear to become stronger. Shocking was written all over her face as she looked at Yun Lintian.

"Did he... give me a portion of The Moon's power?" Hongyue uttered in confusion. She didn't understand why Yun Lintian was so generous all of a sudden. The relationship between them wasn't that close anyway.

One had to know that if Yun Lintian chose to give The Moon's power away, he would lose a huge opportunity to increase his strength. Counting that he urgently needed strength to break the siege from his enemies, he had no reason to give up on such a good opportunity.

In fact, Yun Lintian himself also had no idea about this. He only thought he wanted to help Hongyue according to Lanyue's wish, and The Moon seemed to react by itself.

Soon, the blue beam gradually disappeared, and the three balls around Yun Lintian suddenly stopped hovering before plunging into his body afterward.

Instantaneously, Yun Lintian felt a burst of power flush into his body like a broken dam. His strength that was slowly increasing abruptly soared at the highest speed. The third level, fourth level, and fifth level of the Earth Profound Realm, all the way until the fifth level of the Heaven Profound Realm, stopped completely.

Hongyue looked at him and sighed softly. "He could obviously reach the Ruler Profound Realm or even the Saint Profound Realm... Why?"

Yun Lintian didn't hear anything. Right now, there was a piece of information appearing in his mind. According to the Primordial Beyond Heaven Scripture, he had officially stepped into its second level. He had gained absolute control over the lightning, fire, and water element.

At the same time, there was also a new eyes technique, which was called Trinity Elemental Eyes. It would allow Yun Lintian to mix three incompatible elements together without contradicting each other.

Another heaven-defying skill! Yun Lintian was so excited after digesting the information. He couldn't wait to test the new ability now.

It was until the freezing energy had completely disappeared did Yun Lintian slowly open his eyes. He didn't seem to notice that his left eye was actually shining with red light, while his right eye was shining with blue light.

Yun Lintian saw Hongyue look at him with a complicated expression. He was startled for a moment and asked. "How long did I stay here?"

"One hour. Just one hour... I must say, your absorbability is the fastest one I have ever seen so far. As expected from the Beyond Heaven Profound Vein. It's as tyrannical as before." Hongyue said softly.

"As before?... So you had seen Beyond Heaven King before?" Yun Lintian picked the point out.

Hongyue slowly nodded her head. "Of course. Except for that little guy, Yan Qi, everyone had seen him before. Otherwise, do you think we would accept this task?"

"Who exactly is he? And where is he now?" Yun Lintian asked further, even though he knew Hongyue wouldn't answer him.

"That's something you have to figure out by yourself... Trust me. It will bring you a disaster if you know about it now." Hongyue replied solemnly.

Yun Lintian took a deep breath and put this matter aside for the time being. He looked at Hongyue and asked hesitantly. "Uhm... You said you are the First Princess of the Divine Moon Clan... I wonder if there's another princess?"

A strange light flashed across Hongyue's eyes. She stared at Yun Lintian and said. "What do you want to say?"

Yun Lintian went silent for a moment and said. "You have a sister named Lanyue, right?"

Chapter 482 - Hongyue's Decision

Hongyue's body shook slightly as the memory that was buried deep in the depth of her heart had emerged once again. Her eyes turned sharp, and she said. "How did you know it?"

Yun Lintian hesitated for a moment and said with a solemn expression. "I have seen everything. I don't know why The Moon shows this to me... Also, I heard your sister's prayer. She wants you to be safe and live a peaceful life."

Hongyue's expression froze as though her soul had just left her body. The scene when her sister, Lanyue, was looking at her before disappearing reappeared in her mind. She never thought that in the moment of life and death, Lanyue was still praying for her.

Yun Lintian went silent. He naturally knew how it feels when you lose someone you love. Any comfort would be useless.

After adjusting her emotion, Hongyue took a deep breath and asked. "Do you know what you did earlier by giving me a portion of power?" Seeing Yun Lintian not reply to her, Hongyue continued with a serious expression. "This will delay your progress for at least five years. Not to mention it might harm your foundation. For example, when you are trying to mix The Sun and The Moon together. It would be difficult to find the balance between them."

Hearing this, Yun Lintian shrugged his shoulders without caring much. "It doesn't matter. At best, I won't use it." Before Hongyue could say anything further, Yun Lintian changed the topic. "Let's talk about this. How can I help you? I mean, what are you going to do next? I can feel that your soul is stable now, but you probably can't leave this place. Am I right?"

Hongyue went silent. A trace of confusion and loss appeared in her eyes. Before this, she thought that she would disappear from this world after completing her mission. Now, she didn't know what to do anymore.

Yun Lintian sighed inwardly. He could understand Hongyue's current feeling a bit. It was similar to him back then. He had the will to die, and luckily he could do as he wished for. However, Hongyue was different. It would be difficult even if she wanted to die now.

Yun Lintian thought for a moment and asked. "Do you want to go out with me? You can stay in the Land of Beyond Heaven for the time being. Wait until you can reconstruct your body again, and you can do whatever you want... Your mission has been completed now. I don't think you should lock yourself in this place."

Suddenly, Yun Lintian had the idea of bringing Hongyue along with him. This was similar to a grandpa's soul in a ring plot, right? With Hongyue's knowledge, he believed the strength of his Misty Cloud Sect would definitely soar to heaven in one go.

Hongyue slowly turned to look at Yun Lintian and said. "Are you sure? Do you know what would happen if my enemy was aware of my existence? Even if you have ten lives, it won't be enough."

Yun Lintian spread his arms and said casually. "So what? It's not like I'm free from danger without you."

Hongyue took a deep look at Yun Lintian and slowly said. "Alright. I will accept this."

Yun Lintian's brows raised slightly in surprise. He didn't expect Hongyue to accept his proposal this fast.

"What? Surprised?" Hongyue smiled faintly upon seeing Yun Lintian's expression. "Since Lanyue wants me to live, I will live as her wish... Besides, I still have unfinished business." A cold glint flashed across her eyes as she said this.

Yun Lintian could feel a horrifying killing intent leaking from her, making his entire body chill.

He took a deep breath to suppress the chill in his heart and asked. "By the way, can you tell me about the realm beyond the Divine Ascending Tribulation Realm?"

Hongyue shook her head and said. "It's not the time for you to know this. Wait until you reach the Monarch Profound Realm first."

Yun Lintian clicked his tongue in dissatisfaction. "Never mind. I will find a book myself."

"Alright. I should leave now." Yun Lintian got up from the ground and patted the snow out of his butt. He looked around briefly and said. "Before going out, can you take all the treasures here out?"

Hongyue didn't say anything and waved her hand gently. Instantly, countless magical plants and stones appeared in the air above her before landing on the ground beside Yun Lintian.

Yun Lintian looked at the small mountain of precious treasures with a satisfied smile. He didn't bother to check on them and stored all of them into his Interspatial Ring right away. He then turned to look at the pagoda and asked. "What about this pagoda?"

Hongyue's mouth twitched slightly. This bastard was surely greedy.

Yun Lintian grinned and said. "You can't blame me, right? Anyway, it would be a waste to leave it here."

Hearing this, Hongyue didn't say anything and complied with Yun Lintian's wish. With a wave of her hand, the pagoda suddenly shrank into a small pagoda, floating toward Yun Lintian.

Yun Lintian carefully put the pagoda into his Interspatial Ring and said. "One last thing. Can you destroy this place?"

Hongyue pursed her lips and said. "You want to act as if you have fallen here?"

Yun Lintian snapped his fingers and said. "Bingo! How did you know it?"

Hongyue laughed slightly and said. "I have read all of your memory before. Do you think I don't know about your escaping plan?"

Yun Lintian was taken aback. "What? You have read everything?"

Hongyue nodded her head. "Of course. I even know what novels you haven't finished yet."

Yun Lintian sighed softly and said helplessly. "It can't be helped. Those authors are taking hiatus until I die... Hmph! What an irresponsible author they are."

Hongyue was speechless. She started to doubt whether it was a good decision to follow him out.. At the same time, she secretly expressed her sympathy for the previous Beyond Heaven King for having this chuunibyou guy as a successor.

Chapter 483 - Leaving The Mythical Realm

"Let's go. When you start destroying this place, I will use this spatial stone to get out of this place." Yun Lintian took a spatial stone that Principal Tian had prepared for him.

Hongyue glanced at it and nodded her head gently. "This is a middle-grade spatial stone. Although it's a common stone in the Divine World, it is extremely precious in this small world. This Tian guy is not stingy at all."

Hongyue didn't say anything further and waved her hand. Instantly, the whole realm trembled and started to fall apart.

Yun Lintian quickly summoned the Gate of Beyond Heaven and let Hongyue get in before shattering the spatial stone in his hand. His entire body was immediately enveloped with white light before disappearing from the place.

Lin Xinyao appeared at the entrance and saw several people were gathering around the place. Her appearance immediately made Yang Mengli, Hua Wanru, and the rest of Frozen Moon Palace's disciples feel relieved.

"Xinyao." Han Luo appeared beside Lin Xinyao in a ghost-like manner. Her Spiritual Sense kept sweeping over Lin Xinyao as though she wanted to see whether the latter suffered any injury.

Lin Xinyao turned to look at Han Luo and said softly. "I'm fine."

Han Luo nodded gently and sent a sound transmission to Lin Xinyao. "You have to leave this place now. The Wang clan has received the news already. They would definitely find fault in our palace. They are likely to aim at you."

A cold light emerged in Lin Xinyao's eyes as she said. "Let them come."

Han Luo's eyebrows could help crease together when she saw Lin Xinyao's current appearance. Somehow, she felt Lin Xinyao had changed, but she could not pinpoint it out.

"It's not good. You should understand our current situation. Adding the Wang clan into the enemy list is not a wise move." Han Luo said softly.

Lin Xinyao didn't say anything and turned to look at the Frozen Moon Mythical Realm entrance for a while before turning around and leaving the scene with Han Luo.

Yang Mengli and Hua Wanru glanced at each other worriedly when they saw this scene. Could it be... something happened to Yun Lintian? Why didn't he come out with Lin Xinyao?

As much as they wanted to know about this, they didn't have a chance to ask Lin Xinyao about it and could only follow behind.

Among the crowd, Xie Yuan looked at Lin Xinyao and Han Luo with cold eyes. He had personally come here after receiving the news about the abnormality in the mythical realm. Seeing that all the Frozen Moon Palace's disciples were safe and sound, he was certain they might know something in advance. Otherwise, how could they survive while the rest were gone?

He turned to look at the mythical realm's gate and muttered. "Don't tell me that brat has also died in there?... Hah, I wonder what expression Lin Zixuan would have when she knows this? Hahaha."

Rumble—

All of a sudden, the mythical realm entrance shook violently, creating a huge impact to sweep everything nearby away.

Xie Yuan frowned slightly and retreated to the far distance, looking at the crumble scene with a thoughtful expression.

Han Luo and others were suddenly stopped their tracks and turned to look at the entrance in shock. They didn't understand how the entrance could suddenly become like this.

Meanwhile, Lin Xinyao didn't seem to feel anything. She stared at the entrance that was about to fall down entirely for a while before turning around and leaving the scene.

The faces of Yang Mengli and Hua Wanru turned pale immediately upon seeing this scene. Their hands were clenched into bloodless fists, unwilling to believe Yun Lintian had fallen. Tears gradually flowed out of their eyes as their minds went blank.

"I-impossible. How did Brother Yun...?" Yang Mengli uttered in disbelief.

Hearing this, Han Luo's brows knitted together. She didn't expect the person that Han Bingling valued would end up losing his life in the mythical realm. From Yang Mengli's explanation, Yun Lintian was the one who saved everyone from the werewolf game. Such a brilliant person couldn't possibly die like this, right?

As much as she wanted to believe this, the scene before her had said everything. It was impossible for Yun Lintian to survive in a space collapse.

After a while, Han Luo let out a long sigh and waved her hand, bringing the shocked Yang Mengli and Hua Wanru away. She was also thinking about how to report Han Bingling about this.

In an extremely far distance near the Extreme Ice Territory, Yun Lintian's figure appeared safely on a small hill. He looked left and right, scanning the surroundings for a while before heaving a sigh of relief. Thankfully, there was no one around here.

However, just as he was about to move, he suddenly perceived someone standing behind him. His instinct kicked in, and he executed Shadow Step to distance himself from the unknown person.

"Relax. It's me." Principal Tian smiled faintly at Yun Lintian's action. It was good for staying vigilant. With this, he believed that Yun Lintian could survive when he arrived at the Central Continent.

Yun Lintian looked at Principal Tian for a while and said. "I was scared to death, Senior."

Principal Tian stroked his beard and said with faint laughter. "Your reaction is not bad. Seeing this, I can be at ease. The Central Continent is filled with countless experts. If you are careless in a split second, you

might lose your life without knowing. When you reach there, try to stay low-profile as much as possible. Also, if it's possible, do not use your earlier movement technique."

Following that, Principal Tian threw a few jade slips at Yun Lintian and said. "These are some movement and attacking techniques. You can try to practice them."

Yun Lintian received the jade slips and read the content briefly. Although he didn't lack profound art, it didn't prevent him from feeling grateful to Principal Tian.

"Thank you, Senior. These are useful to me." Yun Lintian expressed his gratitude and slowly walked toward Principal Tian.

Principal Tian nodded his head gently and said. "Let's go. I'll bring you to see your godmother. However, as I said before, it depends on your luck."

Yun Lintian hurriedly nodded his head. "Thank you, Senior. It doesn't matter if I can't see her.. As long as I know she's safe."

Chapter 484 - Yun Lintian Is Dead?

The news of Yun Lintian's and Wang Jue's death quickly spread among everyone in the divine city. It was difficult to believe the peerless geniuses of the generation had passed away just like that. Everyone could only sigh in pity and move on. After all, it wasn't the first time that geniuses had fallen.

Naturally, there would be a concerned party. The news of Wang Jue's death didn't actually cause much impact on the Wang clan, but they couldn't simply lose their faces and let this matter go. There must be someone who took responsibility for this, and the Frozen Moon Palace was an obvious target.

In a spacious room, Wang Jun was sitting on a comfortable chair while leisurely sipping a tea. There was no agitation or sadness on his face. It was as though Wang Jue's death didn't matter to him.

Opposite him was an old man in a plain white robe. The breath that leaked from his body indicated that he was a high-level Monarch. He had an aloof expression, seemingly looking down at all the mortals.

"What's my father's view on this matter, Third Elder?" Wang Jun put the cup of tea down and asked the old man.

The Third Elder, Wang Xiangchu, smiled faintly and said. "Of course, Patriarch did not attach much attention to this. However, he said that we, the Wang clan, cannot lose our face... Young Master should understand this."

Wang Jun squinted his eyes slightly. "It's not good to make an enemy of the Frozen Moon Palace at this moment, right?"

Wang Xiangchu shook his head and said. "You're wrong, Young Master. There's no better chance than this. It is crucial for the rise of our clan."

Wang Jun frowned and asked uncertainly. "What do you mean by that, Third Elder?"

Wang Xiangchu smiled faintly and explained. "I forgot that Young Master is unaware of the incident back then... I believe you should know Lin Xinyao?"

Wang Jun nodded his head and replied. "I heard that she has a peerless appearance, but I have never seen it with my own eyes before. Why did you mention her, Third Elder?"

"Do Young Master know why the Azure Palace Master, Weilan Tianjun, got injured?" Wang Xiangchu said. Seeing Wang Jun shaking his head, he continued. "This incident occurred several years ago. It said that a woman from the Divine World suffered an injury and arrived at this world. The existence of this woman has proven that there's a world beyond our world... You should understand what is this represents."

Wang Jun's expression became serious upon hearing this. He, of course, understood this point. The Divine World had always been a myth to everyone in this world. If this woman was genuinely coming from the Divine World, all the old immortals hiding in this world would definitely try to take her away.

Wang Xiangchu continued. "Later, she had fallen in love with the youngest young master of the Lin clan and gave birth to Lin Xinyao. Back then, Weilan Tianjun forced his way here to take this woman away. However, he ended up suffering in her hand."

Listening to this point, Wang Jun seemed to understand everything. He asked. "Third Elder means that as long as we get Lin Xinyao, we will have a chance to ascend to the Divine World?"

Wang Xiangchu nodded his head while stroking his beard. "What do you think, Young Master?"

Wang Jun answered right away. "Of course, we have to do it... However, Han Bingling is not easy at all. We have to make a lot of preparation."

Wang Xiangchu smiled meaningfully and said. "I heard that the Poison Valley has been lurking around here recently?"

Hearing this, a strange light flashed across Wang Jun's eyes, and the corner of his mouth gradually curled into a grin.

"Has this matter already been confirmed?" In Yun Lintian's residence, Lin Zixuan sat calmly on the chair and asked with a solemn expression.

Sitting opposite her was Jiang Yingyue, who had just returned from the Frozen Moon Mythical Realm site. Her face was slightly pale. Evidently, the news of Yun Lintian's death was a massive blow to her.

She took a deep breath and said. "Yes, Master. I had seen it with my own eyes. The mythical realm entrance had really collapsed, and he did not make his way out."

Lin Zixuan's pupils shrank, and her hands trembled slightly before returning to her original calm state. She faltered a moment and said. "Do not tell this news to Fengyu."

Jiang Yingyue seemed to recall something and nodded her head solemnly. "Understood, Master." She went silent for a moment and asked. "What are we going to do next, Master? Besides from junior brother, Wang Jue and others were also missing. I believe the Wang clan wouldn't let this matter go easily."

Lin Zixuan leaned against the chair and closed her eyes, pondering over the matter. A while later, she opened her eyes and said. "The Wang clan would definitely do something on Frozen Moon Palace... More precisely, they will use this chance to take Xinyao away."

She looked at Jiang Yingyue and said softly. "It seems I have to reveal myself earlier than I expected."

Jiang Yingyue's expression changed slightly. "I don't think it's a good idea, Master... At best, I will go back...."

Lin Zixuan shook her head slightly and said. "You don't have to worry about me. Although I haven't returned to my peak condition yet, dealing with the Wang clan's people is not a problem. As for you going back to your clan, you should be aware of the consequence of this. Are you really willing to go back?"

Jiang Yingyue lowered her head and went silent. Of course, she didn't want to go back and marry into the Wang clan. However, she didn't want to see her master suffer either... What should I do?

Lin Zixuan turned her head to look at the outside through the window.. Her expression was calm, but her heart was the opposite. It was filled with turmoil, unable to calm down... Has he really fallen?

Chapter 485 - The Will Of Phoenix

"Master! Has Junior Brother Yun returned yet?" At this moment, Nantian Fengyu skipped into the room with a bright smile on her face. She was in a good mood after sleeping for twenty hours straight.

Just as Lin Zixuan was about to say something, Wu Qingcheng suddenly broke into the room and hurriedly asked. "Master, I heard that something happened to junior brother. Is it true?"

As her voice fell, the expressions of Jiang Yingyue and Lin Zixuan changed drastically. They quickly turned to look at Nantian Fengyu and saw the latter's eyes widen open in shock. At the same time, a spark of flame had slowly emerged around her and soon formed into wings of fire behind her.

Wu Qingcheng was shocked to see this scene. An ominous premonition appeared in her heart. She knew something terrible was about to happen.

Nantian Fengyu's previously cheerful expression gradually turned cold. She seemed to mature, transforming into an entirely different person in almost an instant.

"Repeat that again." Nantian Fengyu uttered coldly as she stared at Wu Qingcheng. An oppressive aura immediately enveloped the whole room. Her eyes were shining brightly with a burning flame. It was as though she could burn anything into nothingness with just a glance.

Wu Qingcheng trembled violently. This was the first time she faced this kind of horrible pressure. Even her father, who had been regarded as one of the most powerful persons in the world, might not necessarily have this level of aura.

A piece of information she had received a long time ago suddenly appeared in her mind. Her eyes widened open as she looked at Nantian Fengyu in terror. "You are..."

"Answer me, you lowly human!" Nantian Fengyu said coldly. As her voice fell, a flame arrow instantly shot toward Wu Qingcheng.

Lin Zixuan's pupils shrank. She could see that this seemingly ordinary flame arrow would definitely reap Wu Qingcheng's life. Her mind turned quickly, and she sent a streak of white light to intercept Nantian Fengyu's flame arrow.

Boom!

The white light and the flame arrow collided with each other, producing a massive impact to sweep everything nearby away. Yun Lintian's residence collapsed instantly. Everything was burned into ashes.

Wu Qingcheng had successfully activated her profound armor, but it was insufficient to help her standstill. She was immediately sent away several meters and landed on the ground heavily. A large part of her clothes was burned out. If it wasn't because of her armor, she would undoubtedly become ashes by now.

Nantian Fengyu slowly turned her head to Lin Zixuan and said coldly. "You should not interfere with my business."

Lin Zixuan took a deep breath and said. "Please suppress your anger, Lord Phoenix. This matter might not be true... Yun Lintian is not an ordinary person. He is destined to be the emperor of the world. How could he lose his life so easily like this?"

Standing on the side, Jiang Yingyue had also lowered her posture, expressing her respect to Nantian Fengyu.

Several years ago, there was a rumor that the Divine Phoenix Palace Master's daughter was born with a will of phoenix. In exchange for an unparalleled power from Divine Phoenix, she had suffered a strange disease, causing her to stay immature forever.

However, if she was disturbed by external factors that caused a massive impact on her emotion, her other side would wake up and take over her body. That was the secret of the Divine Phoenix Palace.

This person was no other than Nantian Fengyu...

Nantian Fengyu squinted her eyes, staring at Lin Zixuan briefly, and said. "I am not concerned about him. However, this had caused a disproportionate impact on her. I have to do something to get rid of this grief in order to wake her up again." She suddenly sighed softly and continued. "I don't understand why she is so attached to this human boy."

Lin Zixuan heaved a sigh of relief upon seeing this. Years ago, when she first met Nantian Fengyu, she actually didn't want to accept her as a disciple. After all, Nantian Fengyu was a dignified Divine Phoenix Palace's successor. Not to mention she possessed the Will of Phoenix. How could she, a mere mortal, dare to accept a pseudo-divine being as her disciple?

However, when she hesitated, this version of Nantian Fengyu suddenly appeared and introduced herself as Divine Phoenix. She told her to comply with Nantian Fengyu's wish. Lin Zixuan had no choice but to do as Divine Phoenix said. As for why Nantian Fengyu appeared here, Lin Zixuan simply had no clue about it.

"Ugh..." Wu Qingcheng slowly got up from the ground with a painful expression. She looked at 'Nantian Fengyu' in horror and said. "This junior has no intention of angering you, Lord Phoenix. Please forgive this junior."

Lin Zixuan hurriedly added. "Although sometimes she's haughty, I believe Lord Phoenix can see that she has no malicious intent. Please forgive her once."

Nantian Fengyu turned toward Wu Qingcheng and said coldly. "I naturally know about this. However, she's one of the sources of her grievances. I need to vent for her a bit."

Wu Qingcheng hurriedly bowed her head and said. "Thank you for forgiving me, Lord Phoenix. I swear I won't do anything to Fifth Sister again from now on."

Nantian Fengyu sneered. "You better be." Suddenly, she turned to look in the west direction and said. "Golden Python bloodline?... Ah, I remember it now."

At this moment, Long Feiyan and Murong Xue rushed in this direction and halted their steps upon seeing something was not right on Nantian Fengyu.

Murong Xue's face changed drastically. She immediately understood this person was not Nantian Fengyu but the Will of Phoenix.

Meanwhile, Long Feiyan could feel a strong bloodline suppression coming out of Nantian Fengyu. She quickly understood what was going on here.

Nantian Fengyu didn't bother about them further and turned to Lin Zixuan. "Tell me, what's going on with that boy?"

Lin Zixuan didn't dare to be neglected and hurriedly told everything about Yun Lintian's incident, including her doubt.

Nantian Fengyu thought for a moment and said. "What you see might not be true. There are countless ways to leave the mythical realm. For example, using a middle-grade spatial stone or a high-level teleport talisman.. As for why he did this, perhaps he is running away from something."

Chapter 486 - Straightforward Solution

Lin Zixuan's brows raised slightly. "Running?... I see." Her eyes suddenly flashed with a trace of realization. She seemed to think of something and looked toward the Sky Peak. Without a doubt, this matter must have something to do with Principal Tian.

Nantian Fengyu continued. "But that's just my opinion. He might be dead already. Who knows?"

Although Divine Phoenix was sleeping for all this time, she still had some impressions of Yun Lintian from the memory of Nantian Fengyu. In her opinion, Yun Lintian was definitely holding a big secret with him. Sadly, she didn't have a chance to check on him by herself.

Nantian Fengyu glanced at Lin Zixuan and asked. "What's your plan?"

At first, she was surprised to see Lin Zixuan recover her strength, but she soon understood everything when looking into Nantian Fengyu's memory. This made her curiosity toward Yun Lintian grow further.

Lin Zixuan thought for a moment and replied helplessly. "Exposing myself seems to be the only way I can think of it right now."

"The Wang clan. I still have some impressions of them. The so-called King bloodline they have inherits from a man claimed to be the Mortal Overlord. In fact, he's nothing but a mere lucky man who has his bloodline mutated during his tribulation." Nantian Fengyu's voice was filled with contempt as she spoke.

She turned to look at Long Feiyan and continued. "Although your Golden Python bloodline is not good, it is enough to deal with their bloodline power... Unfortunately, you are too weak now."

Long Feiyan's hands involuntarily clenched into fists. Her face was filled with unwillingness as she stared at Nantian Fengyu. It wasn't because she resented her, but she hated herself for being too weak, as she said.

Nantian Fengyu looked at everyone one by one and finally stopped at Lin Zixuan. "Since she cares a lot about all of you, then I will help out a bit."

Lin Zixuan's expression changed and hurriedly asked. "Lord Phoenix means...."

A disdainful smile appeared on Nantian Fengyu's face as she said. "Of course, I will kill them first before they could act... However, this body cannot bear my power for too long. At most, I can only kill some monarch trashes in this place. So you have to prepare for the upcoming consequence."

Before Lin Zixuan could say anything, Nantian Fengyu's figure suddenly covered with an intense flame and disappeared from the spot.

Jiang Yingyue turned to look at her master and asked concernedly. "Master, this..."

Lin Zixuan sighed softly. "What else we can do? Anyway, the battle between the Frozen Moon Palace and the Wang clan is inevitable. This might be a good decision."

Murong Xue, Long Feiyan, and Wu Qingcheng looked in the Supreme Hall's direction, waiting for something to happen.

At this moment, Wang Jun and Wang Xiangchu were discussing their plan attentively. Suddenly, both of them could feel a powerful Spiritual Sense swept over them, causing their expressions to change drastically.

Wang Xiangchu stood up and said solemnly. "I don't know which senior has visited our humble abode. Can you please show your esteemed self so that this Junior can invite you for a tea?"

Wang Jun's complexion turned heavy upon hearing this. In his opinion, aside from Principal Tian and Han Bingling, there shouldn't be anyone that could make Wang Xiangchu lower his posture... Who the hell is this person?

"Inviting this Lord for a tea? How bold!" Nantian Fengyu's voice resounded in Wang Jun's and Wang Xiangchu's minds, making their bodies stiff.

Wang Xiangchu's eyes narrowed and sent a sound transmission to Wang Jun. "Young Master, I'll create a chance for you to escape. Remember, you must go back to our clan right away."

Wang Jun was shocked. "She...?"

Wang Xiangchu revealed a grave expression as he said. "I'm afraid this person is even stronger than Patriarch."

"Have you finished your last word?" Nantian Fengyu's voice resounded once again.

Wang Xiangchu raised his head to look at the ceiling, more precisely, at the woman floating above the hall and said. "I don't know how my Wang clan has offended you. However, if Senior thinks we are easy to bully, then I can only say that Senior is wrong."

Wang Xiangchu's aura rose sharply, and his body instantly appeared in the sky above the hall. His eyes narrowed, flashing with a dangerous glint as he stared at the young woman before him.

It was at this moment did Wang Jun could see the woman's appearance clearly. His mouth opened wide, staring at the woman in shock. "Nantian Fengyu...?"

Nantian Fengyu glanced at Wang Jun and said coldly. "So it's you that keeps bullying her for all this time... Very good."

A streak of flame arrow instantly shot toward Wang Jun as her voice fell. It was extremely fast as a lightning bolt. There was no way Wang Jun could avoid it.

Wang Xiangchu had anticipated this already when he heard Nantian Fengyu's words. He quickly moved and appeared before Wang Jun. Several layers of a profound barrier immediately appeared in front of him. With just this speed, he was genuinely worthy of being the Third Elder of the Wang clan.

Bang! Bang! Bang!

The flame arrow didn't seem to have a problem facing Wang Xiangchu's defense at all. It could easily penetrate all the layers within a split second and directly send Wang Xiangchu and Wang Jun away.

Wang Xiangchu managed to stabilize himself in almost an instant and swiftly rushed to Wang Jun's side before thundering. "Go!"

Following that, he shattered an escape talisman that silently appeared in his hand and stuck it at Wang Jun's back. Instantaneously, Wang Jun was enveloped with white light and disappeared from the place.

Nantian Fengyu frowned slightly and glanced in the south direction. A contemptuous smile appeared on her face as she said. "Do you think he can escape? How naïve."

She raised her slender finger to point in the south direction, and a phoenix-shaped flame immediately shot out of the tip of her finger before flapping its wings in that direction.

Wang Xiangchu's face abruptly changed.. He released all of his power at once and tried to intercept Nantian Fengyu's attack.

Chapter 487 - Righteous Idiot

"Arghhh!" Unfortunately, before Wang Xiangchu could move, his entire body was already covered with intense flames, causing him to let out a shrill scream.

Every practitioner knew how sturdy the Monarch Profound practitioner's body was, yet Nantian Fengyu's Phoenix Flame could easily burn Wang Xiangchu like burning useless grass. It could be seen how terrifying her power was.

Wang Xiangchu's scream immediately alarmed everyone in the academy. Except for Peng Haoye, all the Hall Masters quickly arrived at the scene one after another and looked at the scene in shock.

Lin Taixu looked at Wang Xiangchu, who was becoming a human torch, for a moment and turned to look at Nantian Fengyu. His brows locked together in confusion. "You are... Student Nantian Fengyu from the Moonlight Hall? What's going on here?"

Nantian Fengyu glanced at Lin Taixu and continued to watch Wang Xiangchu burning without care.

Her attitude caused dissatisfaction to the Hall Masters from Peng Haoye's side. Especially to Xie Yuan. He obviously knew Wang Xiangchu's identity. If something happened to Wang Xiangchu here, he wouldn't be able to escape the blame.

Xie Yuan glared at Nantian Fengyu coldly and said. "Are you deaf!? Don't you hear Vice-Principal Lin's question?"

A cold light flashed across Nantian Fengyu's eyes upon hearing this. Her gaze landed on Xie Yuan, and she said. "If you want to die so much, then I can help you."

"Insolence!!" Xie Yuan became angry and bellowed. He gathered his profound energy and was ready to teach this little brat a lesson.

Because everyone believed Nantian Fengyu was a student, that was why no one checked on her carefully. They failed to perceive Nangong Fengyu's current strength.

Among the Hall Masters, Nangong Xi was the first who noticed Nantian Fengyu's abnormality. She stared at Nantian Fengyu for a moment, and her expression changed drastically afterward... How could it be possible? How could she become so strong?

Poor Xie Yuan. He had no clue that his current action was going to be a ticket to hell for him. He raised his palm and made a grasping motion toward Nantian Fengyu. A second later, he suddenly noticed something was not right. How could Nantian Fengyu still look at him like nothing had happened?

"That's it?" Nantian Fengyu sneered. In her eyes, Xie Yuan was nothing but a jumping clown. At first, she didn't bother to care about him, but since he tried to attack her. It was impossible to let him go.

It was at this moment did Lin Taixu and other Hall Masters realize that Nantian Fengyu's strength was unreasonably high.

Nantian Fengyu pointed her finger at Xie Yuan, and the latter immediately felt as though he was surrounded by terrifying magma. He could feel the smell of death coming, making him shiver involuntarily.

"Please stop your hand." Lin Taixu stepped forward and said solemnly. Although Xie Yuan was siding with the opposite faction, as the academy's vice-principal, he could not let any Hall Master die in front of him.

Nantian Fengyu glanced at him and said. "Are you sure you want to stop me? Don't think that I won't kill you because you are a member of the Lin clan."

Lin Taixu didn't back down and shook his head slightly. "I don't doubt about it. However, it is my duty to protect the academy's interest. Hall Master Xie might offend you earlier, but I don't think he deserves to die."

Nantian Fengyu suddenly burst into laughter. "Hahaha! Now I know why you were played by your enemy all the time. With this stupid righteous trait you have, you are bound to suffer in the enemy's hands forever."

She stared straight into Lin Taixu's eyes and said. "Protecting the academy's interest? This person is obviously your enemy and gives no benefit to the academy, yet you still want to protect him? Hah, how laughable!"

Lin Taixu's brows knitted together. He stared at Nantian Fengyu for a moment and said solemnly. "Since that's the case, I can only offend you."

Not good! Nangong Xi's expression changed. She hurriedly stepped forward. "Vice-Principal Lin, please stop your action. I think what she said is right."

Lin Taixu turned to look at Nangong Xi and said. "I know there's nothing wrong with her statement, but this is my duty."

Nangong Xi opened her mouth, and no word came out. In the end, she let out a helpless sigh and chose to stand aside.

Nantian Fengyu's brows raised slightly. "Alright, if you say so. This lord doesn't mind killing more."

As her voice fell, two burning flames immediately lit up in her eyes. A horrifying aura instantly covered the entire space, causing everyone in the academy to suffocate.

Lin Taixu had also released his power. However, in front of Nantian Fengyu's overwhelming aura, his power was like a small candle in a storm and was engulfed by it in almost an instant.

"Arghhh!" Xie Yuan suddenly let out a painful scream as his body burned fiercely with an intense flame. As much as he wanted to resist, he was powerless to do so and could only let the flame invade his body... He regretted it now. He shouldn't try to be a busybody. Sadly, there was no medicine for regret in this world.

Seeing this, Lin Taixu gritted his teeth and pushed all of his power to the maximum. Unfortunately, no matter how he tried, he was still suppressed entirely by Nantian Fengyu's aura.

Soon, Wang Xiangchu and Xie Yuan were reduced to ashes and scattered in the air, leaving nothing behind.

This scene made everyone's heart chill. They looked at Nantian Fengyu in horror and kept distancing themselves from her.

"You!" Lin Taixu was angry, but he was helpless.

At this moment, Lin Zixuan appeared in the scene by Jiang Yingyue's escort. She seemed to blindly glance in Lin Taixu's direction and said. "Stop your struggle and apologize to her."

Lin Taixu glanced at Lin Zixuan but was still unwilling to back down.

"If you want to die alone, then go ahead. Don't drag the entire Lin clan with you." Lin Zixuan said further.

Her words were like a giant bell ringing in Lin Taixu's mind, making him sober up instantly... That was right. What if this Nantian Fengyu vents the anger on his clan?

Chapter 488 - Reaction

Lin Taixu's heart skipped a beat. If he insisted on his principle further, undoubtedly, it would implicate his clan. Judging from Nantian Fengyu's strength, there was no way the Lin clan could resist her... Was it worth it?

Lin Zixuan didn't say anything further. To her, coming here to say this was already giving enough kindness to the Lin clan. It was up to Lin Taixu to decide.

Seeing Lin Taixu's tangled expression, Nangong Xi tried to persuade. "Vice-Principal Lin. Since Hall Master Xie had already gone, I don't see any benefit in insisting further. I believe Principal Tian would definitely understand it."

Lin Taixu looked at Nantian Fengyu with an unsightly expression. He lowered his head slightly and said. "Please raise your hand. I won't pursue this matter further."

"Heh. I thought you have some guts." Nantian Fengyu laughed disdainfully and retracted her power.

Lin Taixu's face flushed red in embarrassment. He had lost his face today. From now on, these Hall Masters probably won't give him as much respect as before.

Nangong Xi shook her head and sighed softly. She felt nothing wrong about why Lin Taixu was completely lost to Peng Haoye. Lin Taixu might be a good person, but he was too careless about many things. He could at best serve as a good soldier, totally unsuitable for a leadership position.

She turned her head to look at Lin Zixuan and felt regret in her heart. If Lin Zixuan still had her former strength, she would be the best candidate for the next principal position.

Nantian Fengyu didn't care about Lin Taixu further. She looked in the direction Wang Jun had escaped to and smiled faintly.

At this moment, Wang Jun appeared thousands of kilometers away from the divine city. His head grew heavy, unable to comprehend the situation. How could Nantian Fengyu possess such a high strength? What the hell was going on here?

"I have to go now." Wang Jun knew this was not the time to think about this matter. He had to escape from the Northern Continent as fast as he could.

Scree—

Just as Wang Jun was about to contact his family, an ear-piercing cry suddenly rang out from a distance, causing him to involuntarily turn around.

What he saw was a huge phoenix flapping its wings toward him, accompanied by a scorching heat that he had never experienced before. Its terrifying eyes stared at him, making him petrified on the spot.

"Phoenix..." Wang Jun suddenly recalled the piece of information about the Divine Phoenix Palace and understood everything at this moment.

Unfortunately, he couldn't even have a chance to utter a word, and his body was entirely burned into ashes in almost an instant. The proud second young master of the Wang clan died just like that.

Upon seeing this, Nantian Fengyu turned to Lin Zixuan and said. "It's done. I'll go back now." Following that, her figure vanished into thin air.

Lin Taixu looked at the position that Xie Yuan and Wang Xiangchu disappeared for a moment and turned toward Lin Zixuan. "Shouldn't you give me an explanation about this?"

"There's nothing to talk about. Let's go, Yingyue." Lin Zixuan didn't bother to explain anything and turned around, preparing to leave.

"You..." Lin Taixu was angry, but he didn't dare to do anything to her. First, she was, after all, his niece. Secondly, he feared that Nantian Fengyu would return and give him a beating for harming her master. His eyes grew dark, and he almost spat out a mouthful of blood.

On the side, Nangong Xi and Gu Yi glanced at each other with a trace of worry on their faces. They could feel something big was going to happen soon.

"I-Impossible! I don't believe it! How could Brother Yun die!?" In Hong Wuya's residence, Yang Chen yelled aloud. He refused to believe Yun Lintian had fallen.

Bai Qingyi, Qin Yiran, Qin Yuyan, Lan Shuiying, Tian Jiuyi, Chu Heng, Chu Mi, Cai Xuwen, and Ye Xiaolong were all gathering together after receiving the news of Yun Lintian's death. All of them had heavy expressions on their faces and did not know what to say at this moment. This news was too heavy for them.

"Maybe he has escaped in time and was sent to somewhere?" Ye Xiaolong expressed his thought. However, he was aware in his heart that the chance of this happening was close to zero.

Tian Jiuyi shook his head and said. "I hate to say this, but I've tried to contact him before, and it couldn't connect to his transmission jade. There's only one possibility... I believe everyone should understand it."

Everyone in this room was not a fool. They, of course, knew what this meant. Yun Lintian's transmission jade was definitely broken, making Tian Jiuyi unable to contact him, which could also mean he had already gone.

The present scene had become blanketed in dead silence, and everyone lowered their heads. As much as they were unwilling to believe this, the fact that he did not make it out of the mythical realm was still there. They couldn't deny it.

Cai Xuwen closed her eyes for a moment and opened them again before saying with a soft sigh. "I know it's hard to believe this. Since it has already happened, we can only try our best to move on. I believe Junior Brother Yun doesn't want to see all of you become like this."

"No! I refuse to believe it!" Yang Chen stood up and stormed out of the room.

Everyone looked at him, and no one tried to stop him. Among them, Yang Chen had the closest relationship with Yun Lintian. It was normal for him to be this emotional.

Bai Qingyi raised his head to look at everyone. He took a deep breath and said solemnly. "I'll go find that bitch Li Na. It is impossible for her to survive while Brother Yun couldn't make it. I think there might be something tricky here."

Hearing this, Tian Jiuyi hurriedly said. "Her background is not ordinary. I don't think it's a good idea to find her."

"So what? Are we going to do nothing and let this matter pass? Don't forget that he saved all of you many times back then... We naturally can't bring him to life, but at least, we can try to do something, for example, avenge him." Lan Shuiying retorted. Although she had some grudges against Yun Lintian for deceiving her back then, all of them had vanished entirely now. At this moment, she wanted to know how did he die.

Tian Jiuyi immediately went silent, did not know what to say further.

Chapter 489 - Eternal Frozen Cave

Clang!

A hammer in Fei Mao's hand fell on the ground as he received the news of Yun Lintian's death. His face was pale as a white sheet with disbelief was written all over it.

"Is... is it true, Teacher Tie?" Fei Mao asked in difficulty. His voice was hoarse as he was on the verge of crying.

Tie Shan let out a long sigh and said. "It has been confirmed that he didn't make it out before the mythical realm entrance exploded... Haah... heaven is jealous of a genius."

Thud!

Fei Mao slumped on the ground and started sobbing. He and Yun Lintian might know each other for a short period. He had always regarded Yun Lintian as his good brother. How could he not be sad?

"I should stop him... I..." Fei Mao blamed himself. If he prevented Yun Lintian from going back then, this would not happen at all.

Tie Shan comforted. "This is not your fault... Everyone has their own fate. You cannot interfere with it." Tie Shan let Fei Mao cry for a while and added. "I'll give you a few days of rest. Come back when you are ready."

Tie Shan took a deep look at Fei Mao and prepared to leave. However, Fei Mao suddenly stopped crying and got up from the ground. His eyes turned resolute as he said. "No, Teacher. I won't take a rest."

Tie Shan was surprised and waited for Fei Mao's following sentence.

Fei Mao clenched his fists and said solemnly. "Brother Yun once told me that I will certainly become a top forging master in the future. I don't want to let him down."

An appreciative smile appeared on Tie Shan's face. He patted Fei Mao's shoulder and said. "Good! Do you want to worship me as your master?"

Fei Mao was stunned for a moment and hurriedly knelt, kowtowing three times, and said. "Disciple Fei Mao greets Master."

Nantian Fengyu appeared in her residence that Yun Lintian built for her. She sighed softly and muttered to herself. "I did everything I could now. You should come out and face reality."

A moment later, her expression gradually changed. The earlier cold and domineering temperament had become the usual immature, on the verge of crying.

She threw herself onto the bed and covered her head with a blanket, sobbing loudly. "Wuuuu... Junior brother, why did you leave your Fifth Sister alone?"

On the outside, Murong Xue, Long Feiyan, and Wu Qingcheng glanced at each other and heaved a sigh of relief at the same time. If Divine Phoenix continued to show up, they didn't know how to get along with her further.

Murong Xue looked at Wu Qingcheng and said with a serious expression. "Remember. Don't provoke her again. Otherwise, I could only send your body back to your father."

Wu Qingcheng pouted in dissatisfaction. "You are really good, Second Sister. Did you know about this for all this time?... If I know about this, I won't dare to mess with her even if I have ten lives."

Murong Xue shook her head slightly. "I only heard about it before, but I didn't expect it to be true."

"She is too strong. My grandfather is not her opponent at all." Long Feiyan suddenly said.

Murong Xue and Wu Qingcheng looked at her in surprise. Long Feiyan had always regarded her grandfather as the strongest person in this world and refused to believe anyone could fight him. It was rare to see her admit it honestly like this. It seemed she was totally convinced by Divine Phoenix now.

Wu Qingcheng glanced at Murong Xue and asked. "Second Sister, what do you think about our junior brother?"

"He's still alive." Murong Xue's answer surprised Wu Qingcheng and Long Feiyan. She seemed to be full of confidence as she spoke.

"Why are you so sure?" Wu Qingcheng asked curiously.

Murong Xue smiled faintly and replied. "I can feel the token I gave him... In fact, I was hurriedly to see Master because I wanted to tell her about this, but I didn't dare to say it in front of Lord Phoenix."

The expressions of Long Feiyan and Wu Qingcheng gradually relaxed upon hearing this. It was good to know Yun Lintian was still alive and kicking.

"Don't be relaxed too soon. We still have the Wang clan's matter waiting for us." Murong Xue gave them a reminder.

A hesitation appeared on Wu Qingcheng's face. It remained like that until she let out a long sigh and said. "Worst case. I can ask my father for help."

Murong Xue's brows raised in surprise as she asked. "I'm surprised that you are willing to do this. Did your brain turn upside down because of Lord Phoenix's attack?"

Wu Qingcheng smiled wryly and said. "It can't be helped. This is the one and only way I can do for us." She changed the topic and asked. "Should we tell Fifth Sister about it?"

Murong Xue thought for a moment and patted Wu Qingcheng's shoulder. "I'll leave this duty to you." Afterward, she turned around and walked toward her residence.

Wu Qingcheng was stunned for a second and turned to look at Long Feiyan as though she was asking for help.

Long Feiyan gave a rare smile and raised her fist. "Fighting!" Following that, she quickly got into her residence, leaving Wu Qingcheng stood dumbly behind.

While everyone was in sorrow, the person in their concern was currently standing in front of an enormous cave's entrance that was tightly shut by countless ice crystals.

"This is the Eternal Frozen cave." Principal Tian said calmly. His beard was swayed violently by a fierce blizzard around him.

"We can't enter?" Yun Lintian looked at the various shaped ice crystals in disappointment. It seemed he had no chance to see Yun Qianxue before leaving.

"Don't worry. If she could enter the cave, it meant she was accepted by the cave guardian. There's no danger for her." Principal Tian said and glanced at Yun Lintian. A surprise appeared on his face upon seeing he was fine without using his profound energy.

Yun Lintian's mind was full of Yun Qianxue's wellbeing at the moment. He was completely unaware of his unusual cold resistance. He didn't need to use profound energy to resist the blizzard at all.

It was at this moment did Principal Tian notice Yun Lintian's strength.. A trace of doubt flashed across his eyes briefly and disappeared in the next moment.

Chapter 490 - The Cave Guardian

"By the way, who is the cave guardian, Senior?" Yun Lintian asked after adjusting his mood.

"I'm not too sure myself. She could be the first generation Frozen Moon Palace Master or existence beyond that." Principal Tian answered while looking at the cave entrance with curiosity.

He came here a few times in the past, but he had never seen or perceived any existence in this place. However, he knew that something was guarding this place. Otherwise, it would be long gone by now.

Yun Lintian frowned slightly, trying to use his Spiritual Sense to check on the cave, but nothing could be found in the end. He sighed helplessly and gave up, preparing to leave. Anyway, he planned to come back within five years. At that time, Yun Qianxue should have come out already.

Yun Lintian turned to Principal Tian and said. "I'll have to trouble Senior monitoring this place once in a while. If she came out, please tell her about me so that she doesn't have to worry about me."

Principal Tian smiled. "No problem... Go now?"

Yun Lintian took one last glance at the Eternal Frozen Cave and prepared to leave. However, the moment was about to tell Principal Tian, a mysterious female voice suddenly resounded in his mind.

"Another one with the highest aptitude? How come there are so many talented individuals popping up one after another recently... Looks like I've been cooping in this place for too long." The voice's owner seemed to mutter to herself.

A curious expression appeared on Yun Lintian's face as he asked attentively. "Who are you?"

Hearing this, Principal Tian was puzzled and scanned the place with his powerful Spiritual Sense. After confirming there was no single sign of life around here besides him and Yun Lintian, Principal Tian looked at Yun Lintian and asked. "Who are you talking with?"

Yun Lintian shook his head and explained in puzzlement. "I heard a female voice earlier. Senior didn't hear it?"

Principal Tian's brows knitted together and stared at the cave while saying. "I didn't hear anything. Could it be the cave guardian?"

After a while, Yun Lintian didn't hear any reply from the mysterious voice owner. He drew closer to the cave entrance and asked again. "Are you the cave guardian?"

"Cave guardian? I see. Everyone has forgotten about me already, huh?" The female voice rang out once again. This time, Principal Tian could also hear it clearly.

The expression of Principal Tian turned respectful. He lowered his posture slightly and asked. "Are you, perhaps, the First Generation Frozen Moon Palace Master, Senior?"

"Oh? You recognized me?... Hmm? Why did you look somewhat familiar?... This aura... Are you a descendant of Tian Zuo?" The First Generation Frozen Moon Palace Master said.

Hearing this, Principal Tian had become even more respectful as he replied. "Yes. This Junior is indeed a descendant of Ancestor Tian Zuo."

According to the record he got, The First Generation Frozen Moon Palace Master had existed since five thousand years ago. It could be seen how powerful she was to be alive until now. Even if she was just a residual soul, she was still a respectable figure.

"Not bad. Although your foundation is lacking, your essence is solid. In this era, your strength should be ranked among the top brasses... Is the little guy beside you your student?" The First Generation Frozen Moon Palace Master said with a hint of praise.

Principal Tian replied. "Yes, he has just entered the academy for a while... Today, this Junior brought him here to see his godmother. This Junior discovered that she had entered the cave not long ago."

"I see." The First Generation Frozen Moon Palace Master immediately understood. She went silent for a moment and said to Yun Lintian. "She's currently in a crucial state. I'm afraid I have to disappoint you. She won't be able to leave for a few years. However, you don't have to worry about her. She's safe here with me."

Yun Lintian was relieved to hear this, but he still had some concern in his heart. After all, he didn't see Yun Qianxue with his own eyes. It was difficult to get rid of this uneasy feeling.

He hesitated briefly and asked cautiously. "Uhm... Senior, is her personality going to change after a year of practicing? For example, losing memory or cutting all the emotions."

Yun Lintian couldn't help asking this because he had read too many novels where the female lead completely changed after a year of practice under an old hag's guidance.

"Of course, she would." The First Generation Frozen Moon Palace Master's answer made Yun Lintian's body stiffen. She added. "Her aptitude is one of the best I've ever seen so far. She is comparable to the Misty Cloud Palace's founder back then. I have estimated that she would soon become the world's number one practitioner. At that time, do you think her personality wouldn't change? As for losing memory and emotions, where did you hear about it from?"

Yun Lintian heaved a sigh of relief upon hearing this. It seemed that cliché plot wasn't going to happen. He hurriedly said. "This Junior thanks Senior for taking care of her... This Junior would like to trouble Senior to tell her that I will come back to see her within five years. Please do not find me and wait for me here."

"Sure. I'll tell her when she woke up." The First Generation Frozen Moon Palace Master replied generously. "You said she's your godmother? I wonder why did your aptitude be even better than her?... I can also perceive a similarity between your Profound Vein and hers. But... it looks as though her Profound Vein was coming from you."

Yun Lintian's heart shook slightly. As expected from someone who lived for a long time. She could tell about his and Yun Qianxue's Profound Veins to this extent. This woman was not easy at all.

Before Yun Lintian could reply, her voice resounded once again. "Never mind. I won't pry into your secret further... I can see that you have your own way, so I won't try to keep you here.." She paused for a moment and asked Principal Tian. "How's the situation outside?"
