

## Myth Beyond 561

### Chapter 561 Arrogantly Convince

"Of course. You have me here."

Zhou Qingyu and others were startled for a second upon hearing this. They stared at Yun Lintian as if they saw a mentally ill person.

"You? Do you think you are Senior Xing Renyuan? What a joke!" Ji Zhiyin spoke coldly, and she even released a killing intent. Xing Renyuan in her words was the current palace master of the Star Gazing Palace. He was regarded as the most powerful formation master by mass.

"Xing Renyuan? Who is that?" Yun Lintian tilted his head slightly in confusion, causing everyone to be speechless.

"Senior Xing is the current Star Gazing Palace Master. His formation profound knowledge is vast, and people regard him as the number one formation master in this world." Lei Feifei explained briefly.

"Oh? Number one formation master?" Yun Lintian curled his lips. He lifted his chin and said arrogantly. "I don't know whether he's powerful as you said, but I am fully confident. My formation profound art isn't inferior to him."

"Shut up!" Ji Zhiyin yelled and wanted to make a move, but she was stopped by Lei Feifei's stern gaze. She could only endure and glared at Yun Lintian fiercely.

Others might feel that Yun Lintian was bragging, but Lei Feifei, Lei Jin, and Zhou Qingyu thought otherwise. Although they didn't know whether Yun Lintian was powerful, as he said, one thing that they were certain of was his perception was extremely sharp. He could even detect the concealment formation while the peak monarchs here could not.

Usually, a person with a sharp perception could progress well in the formation profound art. Hence, they were willing to believe Yun Lintian's words.

"Tell me. What materials do you need?" Zhou Qingyu asked after thinking for a moment.

Ji Zhiyin was shocked and blurted out. "Island Master Zhou! Do you really believe him? He's just an eighteen brat. Even if he is a heavenly genius, I don't think he can reach the Monarch-rank formation master at his age."

An Lang hesitated for a moment and spoke cautiously. "Island Master, I think Miss Ji is right." He turned to give an apologetic look to Yun Lintian and said further. "I mean no offense, but Little Brother Mu's age is indeed too low. It doesn't quite make sense."

Zhou Qingyu glanced An Lang briefly and turned to Ji Zhiyin. "I don't know why you are going against him so much, but I will ask you one question. Did you notice the concealment formation earlier?"

Ji Zhiyin opened her mouth, and no words came out. She suddenly remembered this. It was Yun Lintian who discovered the formation first. That would mean his perception was terrifyingly high, much better than any monarch here.

However, Ji Zhiyin still insisted on her opinion. "Even though his perception is good, it doesn't mean he's a monarch rank formation master. Island Master Zhou, I'm afraid we would waste time here because of him."

Zhou Qingyu smiled faintly. Her smile made Ji Zhiyin's heart tremble slightly. She said. "If I'm not mistaken, you have witnessed his strength before. Tell me. Which part of him isn't abnormal?"

Ji Zhiyin's tongue tied instantly. That was right. Which part of Yun Lintian wasn't abnormal? Whether it was his insane strength that surpassed several levels of his realm or his keen perception. All of them shouldn't have existed in an eighteen-year-old boy in the first place... Perhaps he was truly a monarch rank formation master?

Thinking of this, Ji Zhiyin subconsciously shook her head... Impossible!

Zhou Qingyu ignored Ji Zhiyin and turned to Yun Lintian. "Give me the list. I'll have someone prepare the materials for you."

Yun Lintian smiled and took a piece of paper out before writing down the required materials for the Seven Thunder Annihilation formation.

After receiving the list from Yun Lintian, Zhou Qingyu looked at it briefly and handed it to An Lang. "Take this to An Hua and tell her to bring the material here as soon as possible."

"Yes!" An Lang didn't dare to neglect even though he was still doubting Yun Lintian's ability and quickly rushed out.

"Senior Zhou, can you tell me about the history of this island? Perhaps we can find something out of it." Yun Lintian asked.

Zhou Qingyu nodded and began to narrate. "This island was discovered by my great-grandfather three thousand years ago. He was accidentally passed by here and found the island appeared out of nowhere in the middle of the sea. Afterward, he started to investigate the situation on this island and didn't find anything unusual except the entire island was made of Black Jade. It was until a few hundred years ago did I discover this Black Jade mine."

"So, nothing unusual happened throughout these thousands of years?" Yun Lintian asked with a weird expression.

"When we first discovered this place and tried to enter, we had encountered something similar to the current incident. At that time, I suspected something was living in this place, but due to the slow mining speed, I simply cannot figure it out until now." Zhou Qingyu said and glanced at the dark passage. "It seems my suspicion isn't wrong."

Yun Lintian touched his chin, pretending to think while communicating with Hongyue. "Hongyue, is it possible the entire island is a prison?"

"Ninety-nine percent," Hongyue replied without thinking. "To be able to design such a place, I believe this person should be someone from the Divine World, and the existence that is locking up here shouldn't be much different."

"What the hell? Why am I here, then?" Yun Lintian's face twitched slightly. He felt as if being deceived by Hongyue.

Hongyue rolled her eyes. "Your avoiding trouble thinking is not suitable to the Beyond Heaven King's successor at all. How could you progress without taking any risks? What if one day you face an incomparably powerful opponent? Are you going to run away every time?"

Yun Lintian responded in almost an instant. "Of course! Why should I confront him when I know I can't fight him? I'm not a courting death young master, alright?"

Hongyue was speechless. She felt her painstaking reminder was going down the drain.

Chapter 562 Arranging Formation

"Everything you needed is in here." Twenty minutes later, An Lang returned and handed a storage ring to Yun Lintian.

Yun Lintian checked the content inside the ring briefly and turned to Lei Feifei and Lei Jin. "Sister Lei, Elder Lei. I'll have to trouble you to condense your power into the thunder runes. Around thirty-two should be enough."

"No problem." Lei Feifei accepted the task readily.

Yun Lintian took a few high-grade formation stones out and began to inscribe the thunder runes on them before handing them to Lei Feifei and Lei Jin.

His inscription speed was breakneck and precise, making everyone who doubted him previously start to believe him now.

After finishing the thunder runes, Yun Lintian glanced around the place to check the size and said. "We will set up the formation here. Later, if we encounter anything, just lure it to this place."

Zhou Qingyu nodded in agreement. There was no other place better than here, anyway.

Yun Lintian took out a set of tables and chairs and started inscribing more complicated runes on the formation stones.

Qin Wuji looked at Yun Lintian with fascination. He couldn't be considered a full-fledged formation master, but his attainment in the formation profound art was relatively high. The way Yun Lintian inscribed the runes gave him an incredible feeling. He had never seen such a simple yet powerful inscribing method like this before.

Qin Wuji couldn't suppress his curiosity and ask. "Elder Mu, I discovered that your method is entirely different from any formation profound art I know. May I know where did you learn it from? And what is this method called?"

Yun Lintian didn't stop his hand while he was replying. "This is an ancient method my master taught me. It doesn't have a specific name."

Hearing this, Qin Wuji was disappointed, but it was understandable. After all, who would tell you their secret?

Meanwhile, Lei Jin looked at the complicated runes on the formation stone in Yun Lintian's hand thoughtfully. He said. "It was said that the rune inscribing method in the ancient era was more powerful than the current era. They could shorten the runes without losing their power. Elder Mu's method should be the same as theirs."

When everyone who didn't know much about a formation profound art heard this, they looked at Yun Lintian with incredible expressions. The doubt they had on him just now was totally disappeared. Perhaps he could really arrange the Seven Thunder Annihilation formation.

On the side, Ji Zhiyin was utterly silent. She was now certain Yun Lintian indeed had the ability as he claimed.

Time passed by quickly. An hour later, Yun Lintian had prepared all the necessary runes and looked for the arrangement. He had deliberately slowed down his inscribing speed. Otherwise, it would take him only fifteen minutes at most.

Yun Lintian retrieved the thunder runes that were fully charged by Lei Jin and Lei Feifei before walking to the right corner under the lever position and placing the formation stones.

Yun Lintian felt it was necessary to have someone helping him. He turned around and asked. "Is there any formation master here?"

Qin Wuji's eyes lit up, and he stepped forward. "Although I'm not a formation master, I can still know one or two things."

Yun Lintian glanced around and didn't see anyone besides Qin Wuji. He nodded and said. "Please help me arrange it, Elder Qin."

"Alright!" Qin Wuji replied readily and took the formation stones from Yun Lintian before starting to place them around according to Yun Lintian's instruction.

Another ten minutes later, the Seven Thunder Annihilation formation appeared before everyone's sight. They could feel immense pressure envelop this place as if there was a sharp knife placed around their necks.

Lei Jin glanced around the place and nodded his head admiringly. "This formation is even better than the one in the Divine Thunder Palace."

Lei Feifei also nodded her head in agreement. Her heart was filled with shock. It could be seen how high Yun Lintian's attainment in this regard was.

Meanwhile, Zhou Qingyu and others were also no exception. They expressed their admirations one by one.

After doing the final check, Yun Lintian patted his hands and said. "We can go now."

Zhou Qingyu turned to An Shan and said. "You stay here and immediately contact An Hua if something happens. No matter what, do not let anyone approach this place."

"Understood." An Shan replied solemnly.

Lei Feifei glanced at Ji Zhiyin and said. "You stay here too."

"What!? No, Leader. I have to protect you." Ji Zhiyin hurriedly responded.

Lei Feifei shook her head. "Your recent performance disappointed me. You should stay here and reflect on yourself." Following that, she turned around and walked into the passage with Lei Jin, Yun Lintian, and Zhou Qingyu.

Ji Zhiyin's face was unsightly. Her hands clenched tightly as she gritted her teeth, looking at Lei Feifei's disappearing back.

Qin Wuji watched Ji Zhiyin's body tremble and let out a sigh. "I understand your thoughts, but do you think Elder Mu will stay with us forever?"

Ji Zhiyin turned to Qin Wuji and remained silent.

Qin Wuji shook his head. "With his talent, it's a matter of time before he leaves. The Black Wing group is too small for him. You know our leader's circumstances. Having Elder Mu on our side is good for her."

He didn't say anything further and followed everyone into the passage.

Qin Wuji's words were like a wake-up call for Ji Zhiyin. That was right. Why should she be jealous of Yun Lintian? Besides, it was impossible for Lei Feifei to fall in love with him. The status between the two was worlds apart.

Thinking of this, the fury in Ji Zhiyin's heart gradually receded. She stood on the place calmly and waited for Lei Feifei to return.

\*\*\*

Under Lei Jin's lead, everyone walked along with the dark and narrowed passage for ten minutes until they found an open space ahead of them.

They quickly scanned the place and didn't find anything else in this place except for a small altar at the center. This altar was similar to a typical sacrifice altar that could be seen everywhere.

At this moment, Yun Lintian suddenly had a bad feeling. He felt something was going to happen soon.

Chapter 563 Scarlet Soul Emperor

Before Yun Lintian could say anything, a sense of danger immediately rose in everyone's heart. At the same time, a gently swaying red light suddenly lit up on top of the altar and transformed into a human-shaped soul slightly taller than three meters in height.

Its facial features resembled a dignified middle-aged man with a hint of arrogance between its brows. Its red glowing eyes swept over everybody in this place, causing everyone's heart to skip a beat for a second.

Lei Jin was the first to react. He opened his palm, and a huge lightning barrier appeared in front of everyone. His expression turned solemn as he spoke. "Who are you?"

As a peak monarch, Lei Jin was extremely sensitive toward danger. He could perceive this red-figure in front of him was insanely powerful, far stronger than anybody here.

The red figure looked at the lightning barrier, and his illusory mouth gradually formed into a grin. "It's been a long time since someone came here." He looked at everyone one by one and then paused his

gaze on Yun Lintian before saying. "You are quite special. This emperor can feel it. Why don't you come here and offer your soul to this emperor?"

Zhou Qingyu and others glanced at Yun Lintian worriedly and subconsciously moved to Yun Lintian's front, blocking the red figure's vision.

Seeing this, Yun Lintian's heart was warm. He didn't expect these people to protect him like this. They should already know the strength of this red-figure was not low at all, yet they still did this.

Yun Lintian's mind moved. "Hongyue, do you know this guy?"

Hongyue stared at the red figure for a while and said slowly. "Scarlet Soul Emperor... How could he appear here?"

"Scarlet Soul Emperor?" Yun Lintian frowned... Emperor? Which emperor?

"I didn't expect he actually came to this world. Heh, what a greedy bastard." Hongyue snorted coldly.

"Can you stop mumbling to yourself? How can I deal with this guy?" Yun Lintian interjected.

"Simple. Look at the four corners." Hongyue said.

Yun Lintian secretly activated Eyes of Heaven and glanced at the four corners. Four formation nodes with twinkle blue lights immediately appeared in Yun Lintian's line of sight, but he didn't recognize this formation.

"It's a Starlight Seal formation, divine rank one. Judging from its current power, it won't be long before it totally wears out. All you need to do is make sure these four nodes can operate further. Handling him should be easy by then." Hongyue explained calmly.

"Starlight Seal formation?" Yun Lintian tried to recall information related to this formation, but he couldn't find anything in the end. It seemed this formation was on the later pages of the Myriad Formation Scripture.

Yun Lintian put this thought aside and secretly communicated with everyone. "Try not to damage the four corners. There are formation nodes that restrain this person over there. I can enhance its power, and we will be fine."

The expressions of Zhou Qingyu and the rest did not change in the slightest when they heard this. They simply made a small gesture to tell Yun Lintian that they understood this.

The red figure, Scarlet Soul Emperor, laughed faintly and said. "Marvelous. You can discover the Starlight Seal formation at a glance. This is getting interesting now."

Zhou Qingyu stared at Scarlet Soul Emperor and said coldly. "We didn't do anything to you. Why did you hurt my people?"

"Your people?... Oh, you mean those ants?" Scarlet Soul Emperor crossed his arms before his chest and looked at Zhou Qingyu with a faint smile. "Honestly, their souls are too poor. They don't taste good at all."

Zhou Qingyu's eyes narrowed, and an exquisite black longbow silently appeared in her hand. She quickly pulled the string and sent a sharp black profound light toward Scarlet Soul Emperor.

Bang!

The black profound light easily passed through Scarlet Soul Emperor's illusory body and hit the wall behind him. Evidently, any physical attack was useless against him.

Scarlet Soul Emperor shook his head with a smile. "Why are you so fierce? You know, this emperor likes an obedient woman the most."

At this moment, Lei Feifei suddenly shouted and sent several thunder palm prints toward Scarlet Soul Emperor. "Go!"

Yun Lintian didn't hesitate to activate Shadow Step and arrived at the top right corner of the room. He took out a handful of the best-grade Profound Stones and directly stuffed them into the formation.

Fierce scarlet light flashed across Scarlet Soul Emperor's eyes as he waved his illusory hand, and all the incoming thunder palm prints instantly vanished. At the same time, his figure disappeared from the spot and reappeared behind Yun Lintian. He pointed his finger at Yun Lintian's head, and a scarlet beam instantly shot out.

"Watch out!" Qin Wuji seemed to expect this beforehand. His figure reappeared before Scarlet Soul Emperor at almost the same time, and a huge wind barrier quickly appeared from his palm, completely blocking the latter's attack.

BOOM!

Qin Wuji and Yun Lintian were immediately swept away by the impact and managed to stabilize themselves on the ground a few meters away.

"Thank you, Elder Qin." Yun Lintian said gratefully, even though he could avoid the attack by himself.

Qin Wuji looked at his bleeding palm with a frown and said. "Go. Do what you have to do and leave this to us."

Yun Lintian noticed Qin Wuji's bloody palm, and his expression became solemn. He didn't say a word and executed Shadow Step to the top left corner.

After his attack was blocked by Qin Wuji, Scarlet Soul Emperor frowned slightly and clicked his tongue in dissatisfaction. "This damn seal! Just you wait, Xia Nongyue! I will definitely make you pay the price after I go out of this crappy place!"

? "This emperor won't play with all of you anymore." Scarlet Soul Emperor clapped his hands together, and a powerful scarlet aura instantly burst out of his body, quickly covering the entire room.

Lei Jin and Lei Feifei reacted in almost an instant. They jointly formed a huge lightning barrier to cover everyone, including Yun Lintian, who was injecting the Profound Stones into the formation node.

In the Land of Beyond Heaven, Hongyue's eyes flashed with a strange light as she muttered. "Xia Nongyue? You also came here?"

Chapter 564 Identity Exposed

"Hurry up!" Lei Feifei gritted her teeth and urged Yun Lintian.

The lightning barrier in front of everyone started to crack under the immense pressure from Scarlet Soul Emperor's attack. It could break at any moment.

Zhou Qingyu and Qin Wuji tried their best to launch attacks on Scarlet Soul Emperor, but none of them could manage to strike him. This made them helpless and could only help Lei Feifei and Lei Jin strengthen the barrier.

Yun Lintian's complexion became solemn, and he took a bag out and stuffed a handful of best-grade Profound Stones in it before handing the bag to Linlin. "Big brother has to trouble you."

"Leave it to me." Linlin nodded her head and took the bag away, rushing toward the bottom left corner.

Meanwhile, Yun Lintian executed Shadow Step to arrive at the final formation node.

Scarlet Soul Emperor's pupils constricted as he stared at Linlin. In the next moment, he burst into wild laughter. "Hahaha! I see! I keep getting this familiar feeling coming out of you two. I understand everything now!"

Lei Feifei followed Scarlet Soul Emperor's gaze and saw Linlin was busy placing Profound Stones on the formation node. Her heart sank immediately. This Scarlet Soul Emperor must have discovered Linlin's identity!

However, before she could do anything further, the whole space suddenly trembled. Everything in this place was instantly painted into scarlet color, accompanied by deadly profound lights to mercilessly attack the lightning barrier in all directions.

Crackle! Bang!

Instantaneously, the lightning barrier was shattered. The immense pressure quickly invaded everyone's body and soul, causing them to spit out a mouthful of fresh blood and become paralyzed on the spot.

Yun Lintian's movement became sluggish as he tried his best to place the last piece of Profound Stone on the formation node.

"Hurry up and call The Thunder!" Hongyue urged anxiously. She didn't expect Scarlet Soul Emperor to have this strength left after being sealed for a long time. At this rate, Yun Lintian and the rest would definitely die here.

For the first time in their life, Lei Feifei, Zhou Qingyu, and Qin Wuji experienced what true power was. They couldn't put any resistance against Scarlet Soul Emperor for more than five seconds and fell unconscious directly.

The strongest person among this group, Lei Jin, managed to hold on to the last bit of his consciousness and used all of his power to activate Thunder Soul.

Following by rumbling thunder roarings, Lei Jin's entire body was enveloped with countless golden lightning sparks, turning him into a god of thunder. As he rushed toward Scarlet Soul Emperor, the golden staff appeared in his hand, and he swung it down at the latter with all his might.

"Die!" Lei Jin shouted loudly. The golden lightning sparks around him transformed into a golden torrent of lightning, striking down on his opponent.

"Hmph!" Scarlet Soul Emperor was surprised to see Lei Jin manage to make a move. He blamed this damn seal for restraining his power. Otherwise, how could these ants continue to waste his time like this?

His eyes shone with scarlet light as he pointed his finger at the incoming frenzied torrent of lightning. The dreadful profound light quickly shot out of the tip of his finger and instantly cut through the lightning torrent and hit Lei Jin's staff.

Boom!

The golden staff in Lei Jin's hand immediately shattered into pieces as Lei Jin flew away and heavily hit the wall, falling unconscious directly. The peak Monarch was handled by Scarlet Soul Emperor effortlessly.

After taking care of Lei Jin, Scarlet Soul Emperor turned to Yun Lintian with a grin. "It's your turn now... Beyond Heaven King's successor."

Yun Lintian's pupils shrank in shock upon hearing this... How did he know?

"You must be curious how I knew about it, right?" Scarlet Soul Emperor saw through Yun Lintian's thoughts. He chuckled and glanced at Linlin. "If I'm not mistaken, this should be Bai Xiaoyun's daughter. It is impossible for her to leave her daughter to an unknown person... Xia Nongyue, oh, Xia Nongyue. You probably wouldn't have thought that because of you, I can meet Beyond Heaven King's successor here... Hehe... Hahaha!"

"What are you waiting for, you idiot!?" Hongyue roared crazily.

Her voice quickly brought Yun Lintian back to his sense. His mind moved, and The Thunder within his body immediately responded.

Rumble—

The whole space shook violently, and countless golden lightning bolts flashed all over the place. At the same time, Linlin's body went under massive transformation and returned to her true form.

"Roar!" Linlin let out a thunderous roar, and the surrounding golden lightning ruthlessly bombarded Scarlet Soul Emperor in all directions.

"Hmph!" Scarlet Soul Emperor snorted coldly and clapped his hands together. His entire body was instantly shrouded in scarlet mist, and he vanished from the altar, perfectly avoiding Linlin's attack.

However, the moment he reappeared again a few meters away from the altar. He suddenly saw a virtual lightning dragon open its huge mouth wide, appearing in front of him along with Yun Lintian's figure.

Roar!

The virtual lightning dragon managed to take a bite on Scarlet Soul Emperor's shoulder, causing him to scream aloud before he retreated away, avoiding Yun Lintian's following attack.

"This... The True Dragon Fist!?" Scarlet Soul Emperor's illusory figure reappeared behind the altar and looked at Yun Lintian with a hint of shock deep in his eyes.

Linlin didn't let Scarlet Soul Emperor catch his breath. Her huge body flashed and reappeared beside the latter with a thunder claw striking down.

Scarlet Soul Emperor reacted timely as he created a layer of scarlet barrier to block Linlin's attack.

In that instant, Yun Lintian had already arrived behind Scarlet Soul Emperor with Shadow Step. His eyes shone with golden lightning sparks as he sent out another thunder dragon fist.

"How dare you!?" Scarlet Soul Emperor roared furiously. A scarlet-colored mist instantly burst out of his body, sending Yun Lintian and Linlin flying to the corner.

Bang!

Yun Lintian landed heavily on the ground and coughed up a mouthful of blood. He struggled to get up and stared at Scarlet Soul Emperor with a solemn expression... Scarlet Soul Emperor could obviously display only one-tenth of his true strength, yet Yun Lintian couldn't fight him at all, even with the help of The Thunder. Was this the gap between mortal and Divine beings?

Chapter 565 Turned The Tide

Scarlet Soul Emperor looked at Yun Lintian gloomily. "It's worthy of being the Beyond Heaven King's successor. However, your current strength is too weak. Otherwise, I'm sure not your opponent."

Yun Lintian took a deep breath and said. "Who are you?"

"Me?" Scarlet Soul Emperor chuckled. "People called me Scarlet Soul Emperor. As for why I am here. Long story short, I came here to find Beyond Heaven King, but I was ambushed by that bitch, Xia Nongyue."

"Find Beyond Heaven King?" Yun Lintian's eyes flashed with doubt... Why would Beyond Heaven King appear in this lower world? And how did the Gate of Beyond Heaven fall into father's hand?

"You don't know?" Scarlet Soul Emperor was surprised. He stared at Yun Lintian's face for a while and smiled. "I see. You don't know anything about him at all... Is he trying to protect his successor until the end? Hah, as expected from a coward like him." His face was full of mockery as he spoke to this point.

Yun Lintian was visibly confused as he heard this... What did he mean?

"Stop thinking and go all out already if you don't want to die here!" Hongyue yelled angrily.

Yun Lintian put his doubts aside and took a deep breath. Since Scarlet Soul Emperor knew his identity, there was no point in holding back further.

Yun Lintian sent a sound transmission to Linlin. "Linlin, big brother is going to summon the crown. Can you restrain him for a while?"

"No problem," Linlin responded. She turned into a golden bolt of lightning and rushed toward Scarlet Soul Emperor.

At the same time, Yun Lintian's mind moved, and the Beyond Heaven King's Crown appeared on his head. He could feel the almost out-of-control Thunder within his body immediately calm down, letting him gain complete control.

"Come out!" Yun Lintian shouted, and his whole body was immediately shrouded with golden lightning.

Rumble—

On the outside, the sky above the Black Jade Island suddenly darkened. Black clouds quickly gathered together, accompanied by thunder roarings that made the soul of everyone on the island tremble.

Du Huanfeng stood on the balcony and stared at the sky with a frown between his brows.

"What is this?" Du San had also looked at the sky in doubt. He could feel an enormous power hiding behind those black clouds, as though something terrible would be unleashed soon.

"Report, Young Master! It has been confirmed. Zhou Qingyu, Lei Feifei, Lei Jin, and two of Black Wing's elders had gone to the mine. The entrance is heavily guarded by An Hua. We are trying to investigate the situation below right now." A man in black suddenly walked into the room and knelt down on one knee behind Du Huanfeng.

"Oh?" Du Huanfeng's brows pricked up in surprise. "Can you bypass the guard?"

The man in black shook his head. "I can't, Young Master. An Hua is the most powerful general under Zhou Qingyu's command. Her strength is beyond me."

"I see." Du Huanfeng opened his jade fan and fanned gently. "It seems I have to go down personally... Let's go."

Du San sent a signal to the other three protectors and followed Du Huanfeng out of the room.

\*\*\*

Scarlet Soul Emperor kept avoiding Linlin's attacks while looking at Yun Lintian. His illusory face immediately sank when he saw the gorgeous crown with three gems shining brightly on Yun Lintian's head.

"Not good!" Scarlet Soul Emperor perceived a tremendous power brewing above the island. He instantly figured out Yun Lintian's intention and sent Linlin flying before charging at Yun Lintian.

At this moment, Yun Lintian could feel every cell on his body was brimming with enormous lightning power. It was as though every bit of lightning element in this world was under his control.

When he saw Scarlet Soul Emperor coming, Yun Lintian's figure blurred slightly and vanished from the spot, leaving behind several after images. He reappeared behind Scarlet Soul Emperor and sent out a punch covered with golden lightning sparks.

Scarlet Soul Emperor snorted coldly, and a scarlet-colored mist burst out of his body once again. However, this time, Yun Lintian's fist was actually passed through the mist easily and fiercely hit the back of Scarlet Soul Emperor.

Bang!

"Argh!" A large hole appeared in the Scarlet Soul Emperor's illusory body. He let out a grunt as he was sent away.

Linlin immediately seized this chance to catch up with Scarlet Soul Emperor and grabbed hold of the latter's body with her giant claw. Golden bolts of lightning quickly transmitted from Linlin's body to Scarlet Soul Emperor and directly shattered a large portion of the latter's body.

"Ugh!" Scarlet Soul Emperor was blasted away, but he managed to stabilize himself above the altar.

He looked at his missing body with anger before turning to Yun Lintian. "Good! You forced me to do this!"

As his voice fell, he stretched out his scarlet arm as a cluster of scarlet mist coalesced in front of him. After that, it started to pulsate like an enormous living organ.

In the Land of Beyond Heaven, Hongyue's expression changed drastically as she shouted. "Hurry up and let me out! You can't handle this!"

Before Yun Lintian could react, Scarlet Soul Emperor stretched out his finger, and the scarlet mist fiercely tore itself apart as it shot out a thousand bolts of scarlet lightning that stormed in Yun Lintian's location.

Every single bolt of scarlet lightning was as slender as a needle, but the might contained within each bolt of lightning caused all the hairs on Yun Lintian's body to stand on end as he instantly went pale.

"Don't confront it! Dodge all of them! If you are hit by any one of them, it will directly harm your soul!" Hongyue bellowed.

Yun Lintian did not even stop to think about it. His body transformed into shadow and reappeared beside Linlin, Lei Feifei, Zhou Qingyu, Qin Wuji, and Lei Jin. He grabbed hold of them and constantly activated Shadow Step to escape to the passage at the fastest speed possible.

Chapter 566 No Way Out

Bang! Bang! Bang! Bang! Bang...

The scarlet lightning tore a thousand holes in the air before it collided against the Black Jade wall with an ear-splitting wail. At the same time, vicious currents of soul energy spilled from the scarlet lightning uncontrollably. Many Black Jade walls were scattered within the passage.

"Hmph, what a pitiful struggle!" Scarlet Soul Emperor snorted coldly, and he quickly made a hand seal. Immediately, the entrance of the passage shutting.

"Shit!" Yun Lintian's face turned pale when he saw the entrance was about to close. He gritted his teeth and decisively threw everyone except Linlin out of the passage. "Ji Zhiyin! Catch them!"

Ji Zhiyin and An Lang were pacing restlessly around the passage entrance. When they heard a massive explosion coming from the end of the passage, they wanted to rush in directly, but Lei Feifei's instruction had held them back from the impulsiveness, and they decided to wait here.

At this moment, they suddenly discovered the entrance was about to close and heard Yun Lintian's voice coming out of the passage, along with a few figures flying toward them. They instinctively caught Lei Feifei and others right before the passage closed.

Bang!

The passage entrance was tightly shut. Ji Zhiyin and An Lang were startled for a moment and hurriedly checked on Lei Feifei and others. When they discovered these people's conditions, the expressions of Ji Zhiyin and An Lang turned unsightly immediately.

"What the hell happened in there?" An Lang couldn't help saying this.

"Contact An Hua immediately!" Ji Zhiyin said while feeding healing pills to Lei Feifei and others.

An Lang hurriedly took out the transmission jade and contacted An Hua. After a while, he put it away and glanced at the Black Jade wall in front of him. "He... Will he be alright?"

Ji Zhiyin's brows raised slightly as she looked at the tightly shut passage entrance. A complicated feeling arose in her heart. She didn't know whether she should be happy to see Yun Lintian in danger or grateful for helping Lei Feifei.

She put the messy thoughts aside and contacted other elders, telling them to come here immediately. Although she didn't know who the opponent was, seeing four strong Monarchs become like this. No doubt about it, the enemy must possess unimaginable power.

\*\*\*

After throwing Lei Feifei and others away, Yun Lintian and Linlin turned around as they activated their movement techniques, darting around the place to avoid the scarlet bolts of lightning.

Because the passage was too narrow, it was impossible for Yun Lintian and Linlin to avoid them forever. They had to do something now.

Boom!!

The scarlet lightning storm engulfed Yun Lintian and Linlin like a boundless, inescapable tidal wave. In front of this wave of soul energy, Yun Lintian and Linlin felt their bodies becoming rigid, and they felt like dust in front of a tidal wave that reached heaven. They were not able to fight back with any profound art they had.

"How foolish you are. You can obviously escape by yourself." Scarlet Soul Emperor scoffed as he watched Yun Lintian and Linlin struggling in the lightning storm.

The lightning bolts caused Yun Lintian's whole body to be wracked by unbearable pain. His brows knitted together tightly as he took big gasps of breath, trying to regain his clarity. He glanced at Linlin and saw her groan in pain. His heart instantly sank to the bottom of his stomach.

"Yun Lintian, you better listen up! Use it! Use The Thunder! If you don't want to, then let me out!" Hongyue shouted loudly. She could see why Yun Lintian did not let The Thunder descend. It was because he cared about the innocent people on the island.

Yun Lintian gritted his teeth. "He's specialized in soul power. It's dangerous for you to come out."

"Idiot! Do you think I am a weakling like you? Hurry up!" Hongyue said impatiently.

Yun Lintian hesitated briefly, but he chose to ignore Hongyue in the end. Suddenly, an idea flashed across his mind. Since the last time he broke through in Primordial Beyond Heaven Scripture, he hadn't tried his newly gained ability yet.

Thinking of this, Yun Lintian's mind moved. The Sun and The Moon in his body instantly resonated as the red and blue jewels on the crown shone brightly. The surrounding fire and water element gradually formed into fiery red flame and water thread revolving around his body.

His eyes lit up with red and blue light that intertwined each other like a yin and yang symbol. Cold streams of water were flowing out on his left palm, while crimson-colored flames were burning vigorously above his right palm.

Yun Lintian divided his attention, simultaneously controlling The Sun and The Moon. His Beyond Heaven Profound Vein immediately swelled up and kept switching between red and blue colors.

p Scarlet Soul Emperor's complexion abruptly changed when he saw this scene. He immediately realized how talented this Beyond Heaven King's successor was. To be able to achieve the second level of Primordial Beyond Heaven Scripture in a short time was something that even the previous Beyond Heaven King could not do.

"Impressive. This has truly shocked this emperor! To think that a pathetically weak mortal such as yourself could achieve this level this soon... But it's such a pity because your proficiency is too low. Otherwise, this emperor would have sweat a bit by now." Scarlet Soul Emperor's eyes narrowed with a faint smile hanging on his lips.

"This time, even if you have ten more lives or even if you are ten times faster, you will disappear forever!"

As Scarlet Soul Emperor's voice fell, the scarlet lightning storm that was bombarding Yun Lintian and Linlin suddenly halted and gathered together, transforming into a huge scarlet ball.

"You shall be proud to get swallowed by this emperor." Scarlet Soul Emperor's aura abruptly grew thick and heavy. He stretched his right hand out and clenched it tightly. "Die!"

Rumble—

The scarlet ball instantly swelled and changed its shape into a gigantic mouth that stretched to both sides of the passage before charging at Yun Lintian.

Chapter 567 Eyes Of Elemental

Seeing the scarlet mouth rushing toward him, Yun Lintian urged The Sun and The Moon in his body to work harder as he slowly drew his palms to each other. His gaze was completely focused, and he even forgot to breathe.

Linlin saw this. She quickly moved to Yun Lintian's front, and countless bolts of lightning immediately gathered before her, forming a huge lightning barrier.

"Roar!" Linlin let out a deafening cry, and several golden lightning bolts instantly shot at the incoming scarlet mouth.

Boom! Boom! Boom! Boom!

The lightning bolts continued to bombard the target, but they failed to slow the scarlet mouth down. It still rushed forward unhindered.

Linlin was anxious and hurriedly utilized all of her power, trying to buy time for Yun Lintian as much as she could.

In the Land of Beyond Heaven, Hongyue stared at Yun Lintian's figure attentively. Her pupils enlarged in surprise when she saw this scene. As far as she knew, it was almost impossible for Yun Lintian's current

strength to combine two elements even though he had completely broken through the second level of Primordial Beyond Heaven Scripture.

Yun Lintian gritted his teeth and brought together both his hands with incomparable slowness. The cold breeze and heatwave gradually intertwined, and there were small fluctuations occurred from time to time. They were clearly unable to stay together.

What Yun Lintian did right now was obviously defying the natural laws and the way of the heavens. However, with the Beyond Heaven Profound Vein and Primordial Beyond Heaven Scripture, all elements were allowed to coexist peacefully in his body. The problem was to combine them outside of his body was an entirely different story.

Blood gradually flew out of Yun Lintian's nose, mouth, and ears. He forcefully suppressed the pain and finally managed to clap his hands together. Instantly, fire and water energy fiercely collided with each other and burst into a blue flame.

"Get out of the way, Linlin!" Yun Lintian shouted, and Linlin quickly escaped behind his back.

"Go to hell!" Yun Lintian bellowed as he pushed both hands forward.

? The blue flame instantly shot forward like a raging river and went straight to the incoming scarlet mouth. The Black Jade walls on both sides immediately melted as the blue flame passed by. It could be seen how terrifyingly hot it was.

Boom!

The destructive power of the blue flame could only bite off a chunk of the scarlet mouth. This scene immediately made Yun Lintian's face turn ghastly pale.

"Haha...Hahaha!" Scarlet Soul Emperor's heart skipped a beat for a second when he saw Yun Lintian manage to complete the combination of fire and water. However, he was immediately relieved and burst into laughter upon seeing the blue flame could not do anything to his attack.

"You will still die in the end. Stop struggling and obediently let me eat you." Scarlet Soul Emperor grinned and moved the scarlet mouth forward.

"Hurry up! Let me out!" Hongyue said anxiously upon seeing Yun Lintian's effort was useless.

"Cough!" Yun Lintian spat out a mouthful of blood. The red and blue lights in his eyes began to sway. They could disappear at any time.

"Big Brother Yun!" Linlin quickly came to Yun Lintian's side and called out concernedly.

Yun Lintian did not reply to Linlin as his mind spun rapidly. In the next second, his face turned resolute as he said. "Since two are not enough. How about three?"

"Are you crazy!? Stop immediately! Your Profound Vein cannot handle it!" Hongyue almost smashed everything in the living room out of anger. She realized what Yun Lintian was going to do next.

Yun Lintian clapped his palms together, and purple light quickly lit up in Yun Lintian's eyes, intertwining with the red and blue lights.

At this moment, the dark sky on the outside was filled with thunder roarings, followed by purple lightning bolts that kept striking down from time to time, causing the people on the island to panic.

Purple sparks of lightning immediately emerged around Yun Lintian's body, and the blue flame earlier reappeared before him once again.

Scarlet Soul Emperor suddenly realized Yun Lintian's intention. His illusory face sank as he hurriedly urged the scarlet mouth to move faster.

The scarlet mouth accelerated and swallowed everything along the way toward Yun Lintian. In a span of two seconds, it had already arrived two steps away from Yun Lintian.

"Die!" Scarlet Soul Emperor rejoiced when he saw this scene. Yun Lintian was definitely dead this time!

Blood kept gushing out from Yun Lintian's nose, mouth, ears, and now his eyes. He gritted his teeth and roared loudly. "AHH! Eat this!"

In that instant, as Yun Lintian's voice fell, he sent a punch toward the blue flame, sending all the purple lightning around him into it. The previous blue flame was now surrounded by terrifying purple lightning as it moved forward, directly confronting the scarlet mouth.

BOOM!!

A massive explosion caused the entire island to shake violently. Some buildings started to collapse. Several twenty-meter high-tidal waves instantly formed on the Endless Sea and rushed toward the Black Jade island.

Within the passage, the Black Jade walls on both sides had now vanished entirely. The blue flame madly burned the scarlet mouth and completely engulfed the latter in the next breath.

"AHHH! YOU!" Scarlet Soul Emperor's illusory figure swayed violently as he struggled in pain. The more the blue flame burned, the more painful he became.

Yun Lintian felt his strength leave his body rapidly, like a leaking water bucket. He tried his best to stay conscious as he controlled the blue flame toward Scarlet Soul Emperor, aiming to finish him off.

Scarlet Soul Emperor struggled hard to avoid the incoming blue flame, but his current strength was no different from Yun Lintian. He had exhausted almost every bit of his soul power with the last attack.

"No... No!" He shouted in fear while retreating.

Just as the blue flame was about to touch him, it suddenly swayed and disappeared. At the same time, Yun Lintian fell to the ground with a loud thud. He was utterly out of strength.

"Ha... Haha... Hahaha!" Scarlet Soul Emperor was taken aback for a second and began to laugh wildly. It seemed heaven was still on his side.

## Chapter 568 Red Moon Slaughter

"Hahaha! Now what?" Scarlet Soul Emperor laughed wildly as he looked at Yun Lintian with a hideous expression. For once in his life got scared by a mortal. This made him unacceptable, and he couldn't wait to tear Yun Lintian apart to relieve this shame.

"Big Brother Yun!" Linlin was shocked and hurriedly came to Yun Lintian's side.

At this moment, Yun Lintian felt his entire body become rigid, and his vision started to blur. The consequence of power overdraft was severe. He didn't have any profound energy left in his body anymore.

"Honestly, I have to admit you had me scared for a moment." Scarlet Soul Emperor stabilized himself and slowly floated toward Yun Lintian. "Unfortunately, this is truly a meaningless struggle in the end. Perhaps if you came here two or three years later, I might not be your opponent."

Linlin was furious. She turned to Scarlet Soul Emperor, and her eyes immediately lit up with golden lightning sparks. "I'll kill you!"

As her voice fell, Linlin's White Tiger God's Origin Blood started to burn madly. Thick and dense lightning energy erupted like a raging volcano. It stormed toward Scarlet Soul Emperor and completely engulfed him in a single instant.

However, Scarlet Soul Emperor didn't seem to care about it. He merely shot a claw out toward the surrounding lightning energy and easily dissolved it as if nothing had happened before.

"Burning Origin Blood? It's a good idea, but your current strength is too weak. Heh, you should blame your mother who planted that seal on you in order to let you grow along with the Beyond Heaven King's successor." Scarlet Soul Emperor said with icy contempt and mockery.

Linlin coughed up blood and directly slumped to the ground powerlessly. Her huge body gradually shrank and reduced into her miniature form.

"Linlin..." Yun Lintian's eyes turned bloodshot. He reached out his hand to grab Linlin, trying to pull her close to him, but he simply did not have the strength left.

"What are you waiting for!?" Hongyue's voice echoed in Yun Lintian's mind. He gritted his teeth and used the last bit of his consciousness to communicate with the Gate of Beyond Heaven before he fell unconscious directly.

"Ah, what a touching scene. Don't worry. You two can continue to stay together in my body later." Scarlet Soul Emperor grinned and drew closer to Yun Lintian.

However, before he could reach Yun Lintian's location, his movement suddenly halted as he saw an ancient silver gate slowly emerge out of thin air beside Yun Lintian. He immediately recognized this. It was no other than the Gate of Beyond Heaven.

The gate slowly opened, and several figures rushed out, appearing around Yun Lintian and Linlin.

Yun Qingrou quickly checked Yun Lintian and heaved a sigh of relief. "He's exhausted from overdrawing his profound energy. There's no major injury."

Yun Ruanyu, Yun Meilan, Yun Huanxin, and Yun Lingwei also felt at ease after hearing this.

"Lingwei, go strengthen the entrance. I'm afraid people on the outside will come in at any time. Huanxin, protect them. Meilan and I will deal with this man." Yun Ruanyu immediately sent a command.

Yun Lingwei immediately rushed to the passage entrance and started arranging a formation. Meanwhile, Yun Huanxin stood calmly before Yun Lintian and Linlin with several sword profound lights floating around her.

"All of you must be his subjects." Scarlet Soul Emperor's eyes narrowed slightly, with a faint smile hung on his lips. "Not bad. It is truly heaven itself that has favored this emperor by sending all of you directly into my palm like this. Hehe, this emperor shall receive this gift then."

Scarlet Soul Emperor stretched his hand out and clenched it. A scarlet mist immediately appeared around him and billowed crazily as it transformed into a giant wave of soul energy and surged toward everyone.

Yun Ruanyu and Yun Meilan quickly released their power. However, before they could make a move, they suddenly heard Hongyue's voice. "You two stay back. Let me handle this."

At this moment, Hongyue's illusory figure slowly stepped out of the Gate of Beyond Heaven and pointed her finger at the incoming soul energy wave. Extremely dense red light shot out of the tip of her finger and quickly engulfed the wave before disappearing altogether.

Scarlet Soul Emperor startled for a moment. When his gaze landed on Hongyue, his illusory body was shaken violently. His eyes widened open as he stammered. "R... Red Moon Slaughter! You... How could you...?"

Hongyue, the First Princess of the Divine Moon Clan, was well-known as a Red Moon Slaughter. She was the most ruthless and terrifying killer of the Divine World. No one knew the exact number of people who died under her hand throughout these years, but their blood could definitely form a sea across the world.

The rumor said she had fallen thousands of years ago, Scarlet Soul Emperor couldn't believe his eyes that she would appear here.

"It's been a while. You are still arrogant as before." Hongyue smiled coldly.

Scarlet Soul Emperor returned to his senses and discovered that Hongyue was in a residual soul form. This discovery made him regain his confidence. He grinned and said. "All of you really know how to scare me. I might be afraid of you if it was you in a true form, but now... Hehe."

"So confident? Why don't you try?" Hongyue curled her lips. She didn't seem to take Scarlet Soul Emperor's words to heart.

Scarlet Soul Emperor chuckled and said. "So, you didn't die back then but followed Beyond Heaven King to this world?... Really. This truly surprised me, I must say. An arrogant, proud daughter of heaven like you is actually serving that coward. If this matter reaches the ears of everyone in the Divine World, I'm afraid no one would believe it. Hehe."

Hongyue's eyes suddenly turned sharp. "Don't think that I don't know you are trying to stall the time. Since you don't make a move, I will."

As she spoke that, she pointed her finger at Scarlet Soul Emperor and the similar dense red light quickly shot toward the latter.

Chapter 569 Red Moon In The Sky

Scarlet Soul Emperor wasn't panicked as he released scarlet mist to protect himself.

Boom!

The thick red light immediately exploded upon touching the scarlet mist, causing the entire mine to tremble.

Hongyue didn't stop at that. Her figure suddenly appeared beside Scarlet Soul Emperor, and her eyes lit up with scary red lights as she stuck her hand out. In that instant, an immeasurably frenzied vortex of energy appeared around Scarlet Soul Emperor and engulfed him completely.

Scarlet Soul Emperor's expression abruptly changed upon seeing this. He hurriedly released thick scarlet mist to shroud himself. At the same time, he also secretly sent several soul tentacles toward Yun Ruanyu and others through the ground.

"Na?ve." Hongyue sneered. She naturally saw this. She waved her hand gently, and all the soul tentacles in the ground were immediately swallowed by the energy vortex.

Scarlet Soul Emperor gritted his teeth, staring at Hongyue with hatred. He knew that he couldn't continue like this. There was no need to restrain himself anymore.

Scarlet Soul Emperor's illusory face distorted as he chanted. "Scarlet... Devouring... Soul!!"

As he chanted those words in a voice filled with enough hate to encompass the universe. A boundless scarlet curtain descended from above. It instantly plunged everyone in the mine into a quagmire of the scarlet world as that terrifying devouring power immediately assaulted both everyone's body and soul.

Yun Ruanyu, Yun Meilan, and Yun Huanxin hurriedly formed a profound barrier to cover everyone, but it seemed to be futile as they felt every cell in their bodies seemed to be swarmed by countless sinister hands which tried to drag them toward the abyss of death.

Hongyue's brows raised slightly. She thought Scarlet Soul Emperor was already at the end of his rope. She didn't expect him to have enough energy to release his ultimate trump card.

Nevertheless, Hongyue didn't think about it much. Her eyes narrowed slightly as she pointed her finger toward the ceiling, more precisely, toward the sky.

On the outside, the black clouds and thunder roarings gradually dissipated as Yun Lintian fell unconscious. Before people on the island could rejoice, the sky suddenly darkened. It was even darker than before.

In the midst of darkness, a bright red moon lit up, painting the dark world into red color as though everything was dyed with blood.

Du Huanfeng, who was heading toward the Black Jade mine, stopped his track and looked at the sky in shock. He was always proud of his knowledge, but this red moon wasn't something he could comprehend.

"This... Is this a domain?" Du San created a profound defense around Du Huanfeng and started at the red moon in doubt.

Du Huanfeng stared at the sky for a while and turned to Du San. "Quick. We have to enter the mine now."

Du San nodded, and everyone rushed toward the mine.

"What...?" At the passage entrance, An Lang exclaimed in shock when the space was covered with red light.

Ji Zhiyin, who was treating Lei Feifei, stopped her movement and hurriedly erected a profound defense before saying. "It should come from inside."

An Lang turned to look at the Black Jade wall that once became the passage entrance and did not know what to do.

"What happened here?... How could Island Master become like this?" At this moment, An Hua appeared and hurriedly checked on the unconscious Zhou Qingyu.

An Lang quickly explained. "They are likely to encounter a powerful enemy behind this wall. It was Elder Mu who sent them out."

"Elder Mu?" An Hua frowned. "Where is he now?"

An Lang opened his mouth, but no words came out. He was quite sure that Yun Lintian was already dead. A mere fifth level of Heaven Profound practitioner couldn't possibly survive under the enemy that even a peak monarch couldn't do anything about.

An Hua's complexion became solemn when she saw An Lang's reaction. A complicated feeling arose in her heart. From An Lang's words earlier, it should be easy for Yun Lintian to escape alone, but he actually sacrificed himself in order to save everyone.

She took a deep breath and asked. "Have you tried to reopen it?"

An Lang nodded. "I did try, but it seems impossible to open it again."

An Hua didn't say anything but took her short sword out and slashed at the Black Jade wall. With a bang, there was only a small trace left on the wall, while the wall itself didn't even budge an inch.

Seeing this, An Hua quickly made a decision. "Bring everyone back first. I have already notified everyone. We will enter the highest alert level and wait for Island Master to regain her consciousness."

An Lang nodded and turned to Ji Zhiyin. "Elder Ji?"

Ji Zhiyin thought for a moment and said. "Let's go."

In fact, if it was possible, she wanted to leave this island right away. However, counting the relationship between Lei Feifei and Zhou Qingyu, she would definitely get punished by Lei Feifei if she did that.

Just as they were about to move, Du Huanfeng's group and Black Wing's elder group suddenly walked toward them.

Du Huanfeng glanced at the unconscious four in surprise and asked curiously. "What's going on here?"

An Lang kept glancing at An Hua, waiting for her decision.

An Hua thought briefly and explained everything she heard. Although Du Huanfeng was dangerous, she believed he wouldn't do anything reckless here. After all, Lei Feifei's status was still there.

Du Huanfeng frowned and said in doubt. "You mean, there was a powerful figure behind this wall, and Mu Chen was the one who brought everyone out?... That's not right. How could he still be fine while these monarchs become like this?"

It was at this moment did An Hua, An Lang, and Ji Zhiyin became aware of this matter. As Du Huanfeng said. Even the strong, like Zhou Qingyu and others, had fallen unconscious. It was impossible for a weakling like Yun Lintian to stay fine.

Countless possibilities flashed across Du Huanfeng's mind as he stared at the Black Jade wall. A moment later, the corner of his mouth curved up into a smile as he said. "Interesting..."

Chapter 570 The End Of Divine Emperor

The tremendous pressure released by Hongyue immediately swallowed all the scarlet curtains. Scarlet Soul Emperor was shocked as he stammered. "You... How could you? Do you want to perish with me?"

In his opinion, Hongyue released this move was akin to committing suicide. After all, she was a mere residual soul right now. It was impossible for her to bear the enormous energy expense.

Hongyue curled her lips, looking at Scarlet Soul Emperor with contempt. "You are thinking of yourself too highly. Do I need to perish together with you?"

Scarlet Soul Emperor was about to retort, but he suddenly discovered Hongyue's illusory figure was highly stable as if she didn't spend any single bit of energy by releasing this move.

Instantly, Scarlet Soul Emperor seemed to realize something and hurriedly turned to look at Yun Lintian before returning to Hongyue with his eyes widened open. "Did he...?"

"Surprised?" Hongyue laughed gently. "I was surprised as well when he gave me a portion of The Moon's power."

Scarlet Soul Emperor immediately lost his mind as he scolded. "Idiot! Did he know the consequence of doing this?"

Hongyue glanced at the unconscious Yun Lintian briefly and said. "Of course. He knows."

Scarlet Soul Emperor went silent. He didn't know what to say or do at the moment.

Hongyue retracted her gaze and said. "It's time for you to go on the road... Really. It's your misfortune to meet him here."

No matter how unwilling Scarlet Soul Emperor was, he knew it was useless to do anything now. He didn't even have a bit of soul energy left. Even if Hongyue let him go, he would disappear in a while.

The sudden sorrow hit Scarlet Soul Emperor. All the memories from his birth and all the glory days he went through flashed past his mind like a movie. The more he saw it, the more unwilling to leave this world he was.

His expression abruptly turned hideous as his soul swelled as if he was about to explode. "I'll drag all of you to hell with me!"

"Na?ve," Hongyue had expected this already. She gently moved her hand, and a red moon immediately surrounded Scarlet Soul Emperor, successfully preventing him from detonating himself.

"Goodbye." Hongyue smiled coldly and made a crushing gesture.

"No!" Scarlet Soul Emperor shouted in horror before the red moon suddenly shrank and exploded.

Bang!

The explosion wasn't intense. It merely shaved off the ground surface and blew a cloud of dust everywhere. When the dust settled, Scarlet Soul Emperor was no longer there. The generation Divine Emperor, one of the most powerful emperors in the Divine World, had fallen just like that.

Hongyue stared at the place where Scarlet Soul Emperor disappeared for a while before sweeping the area with her Divine Sense. In the next moment, her gaze paused on the small altar at the center of the room, and she moved her hand gently.

With a bang, the altar was blasted away, revealing a hidden passage beneath it.

Hongyue turned to Yun Ruanyu and said. "Let's go down. There's a good thing down there."

Yun Ruanyu and others quickly followed Hongyue behind.

Under Hongyue's lead, everyone had arrived at a spacious space with a gloomy aura lingering in the air. In front of them was a huge pond, approximately two hundred square meters. The liquid within the pond had a translucent gray color, releasing cold energy that made everyone involuntarily shiver.

"This..." Yun Qingrou seemed to recognize the identity of this pond, but she wasn't sure about it.

"I didn't expect there would be a soul pond of this size hiding here. I thought it would be two or three square meters pond at most." Hongyue was surprised upon seeing this pond. It was no wonder Scarlet Soul Emperor could last until now.

"It's really a soul pond!" Yun Qingrou was startled for a moment and became excited. The Soul Pond not only helps nourish one's soul but it can also be used as an ingredient to make a soul-related pill. In short, owning a soul pond would bring endless benefits to everyone.

"But how do we take them away?" Yun Lingwei suddenly asked.

Hongyue replied. "Simple. Arrange a transport formation and wake him up."

Yun Lingwei thought for a moment and immediately took action. Meanwhile, Yun Qingrou tried to treat Yun Lintian and waited for him to wake up.

Yun Ruanyu looked at Hongyue and asked. "Princess Hongyue, who is that person earlier? And why did he appear here?"

Hongyue went silent for a moment before saying. "Never mind. All of you will eventually know it one day. Remember, do not let Lintian know what I will say next."

Everyone turned to Hongyue and waited for the explanation.

"All of you should be aware that Lintian has a special identity. That's the successor of the Beyond Heaven King. I won't speak about his origin because it's not the time for you to know it. Trust me, it will harm all of you." Hongyue explained.

"Beyond Heaven King was the most powerful person in the Divine World. Because of this, he naturally attracted jealousy from all directions. Countless enemies were trying to bring him down, and Scarlet Soul Emperor you saw earlier was one of them."

"In the past, the Divine World had thirty-two emperor realms, and Scarlet Soul Emperor was the divine emperor of the Emperor Realm called Scarlet Divine Emperor Realm. As you can see, he could be the divine emperor means his talent is above trillions of practitioners. He was regarded as the top ten strongest Divine Emperor during his prime. What you see earlier was only one-tenth of his true power."

"He was the same as other greedy bastards. He followed Beyond Heaven King's trail and tried to kill him countless times, but none of them had ever succeeded. Later, when Beyond Heaven King had fallen, he crazily chased after his legacy to this Azure World."

After listening to Hongyue, Yun Ruanyu and others had a lot of new questions in their minds. At the same time, they were curious about who was the person that could trap such a powerful figure like Scarlet Soul Emperor in this place.
