

Myth Beyond 571

Chapter 571 Shocking Revelation

Hongyue seemed to see through everyone's thoughts. She explained calmly. "The person who trapped him here should be Xia Nongyue. She is similar to Scarlet Soul Emperor and has her own Emperor Realm. I can safely say that she's on Beyond Heaven King's side."

Seeing Hongyue unwilling to give more information regarding Xia Nongyue, Yun Ruanyu and others didn't inquire further.

Yun Ruanyu thought for a moment and asked. "Since Scarlet Soul Emperor found a trace of Beyond Heaven King, what about others?"

This doubt had been disturbing her for a while now. According to Hongyue's words before, any Divine Emperor could easily destroy a lower world with a snap of their finger, yet how did the Azure World still be safe and sound until now?

Hongyue smiled mysteriously as she replied. "Of course, there are other Divine Emperors who know this. However, they don't dare to come here... You will understand how special this Azure World is in the near future. I won't give you a spoiler."

Yun Ruanyu wasn't annoyed by Hongyue as she believed she had reason to do this. Since there was no other question, everyone went to help Yun Lingwei arrange the formation.

On the outside of the passage entrance, Du Huanfeng was trying to open the entrance with his formation knowledge, but it was futile. He seemed to understand that the entrance was tightly blocked by something extremely powerful. The problem was, why would that person block it? Counting how powerful the enemy was, this person shouldn't fear anyone here. This made Du Huanfeng puzzled.

"Ugh..." While Du Huanfeng was thinking, Lei Feifei, Lei Jin, Zhou Qingyu, and Qin Wuji slowly regained consciousness. They looked around in confusion as they discovered they were still alive.

"Leader!"

"Island Master!"

An Hua and Black Wing's elders quickly called out when they saw this. The tension in their hearts immediately dispersed. Although the worries about the enemy were still there, they could try to deal with the enemy again as long as their leaders were fine.

"How did we get out?" Zhou Qingyu spoke while trying to recuperate.

An Lang and Ji Zhiyin hesitated. They didn't know how to start it.

"What is it? Why don't you speak?" Zhou Qingyu squinted her eyes.

At this moment, Lei Feifei discovered Yun Lintian was nowhere to be seen. Her heart instantly tightened as she hurriedly asked. "Where is Elder Mu?"

As her voice fell, the atmosphere became gloomy. An Lang and others could only glance at each other with complicated feelings.

"What's going on?" Lei Jin frowned and stared at Ji Zhiyin.

Ji Zhiyin took a deep breath and said. "It was Elder Mu who sacrificed himself to bring everyone out."

Zhou Qingyu, Lei Feifei, Lei Jin, and Qin Wuji were stunned on the spot, and grief immediately arose in their hearts.

"H-how could it be?" Qin Wuji muttered in disbelief while Lei Jin closed his eyes and let out a sorrowful sigh.

Meanwhile, Zhou Qingyu went silent and stared at the Black Jade wall in a daze.

The most shocked were naturally Lei Feifei. She was aware of Yun Lintian's potential. He could actually survive under Scarlet Soul Emperor's attack and brought everyone out safely. According to this logic, he could definitely escape by himself, yet he didn't do it.

"Why did he so foolish?" Lei Feifei's face turned unsightly. She felt suffocating, as if something was blocking her chest.

Ji Zhiyin hesitated and said. "Don't be sad, Leader. Elder Mu had fulfilled his duty. There's nothing to be sad about."

Lei Feifei's eyes turned cold instantly upon hearing this. She raised her face and stared straight into Ji Zhiyin's eyes. "Fulfilled his duty? Hehe... You must be happy deep down, didn't you?"

Ji Zhiyin became panicked and tried to explain. "No, no. Leader. Listen to me. I don't mean that...."

"Oh? What do you mean, then?" Lei Feifei sneered. "Do you know? There's no need for him to save us at all. With his strength, escaping from the place is not a problem, but he still brought us out in the end. You called this as he is fulfilling his duty? Let me ask you. What duty did he have to begin with!?"

Ji Zhiyin went silent immediately. This was the first time she had been scolded by Lei Feifei. Her hands clenched tightly and transferred the anger in her heart onto Yun Lintian. That was right. She blamed Yun Lintian for this.

"Please calm down, Leader. What we have to do right now is find the way to deal with this situation." Song Cang saw the atmosphere wasn't good and hurriedly stepped forward.

Lei Feifei took a deep breath while continuing to stare at Ji Zhiyin. Everyone could feel how furious she was. If Ji Zhiyin wasn't a Black Wing's elder, Lei Feifei would have killed her by now.

At this moment, Du Huanfeng walked to Lei Feifei and asked. "Leader Lei, can you tell us now? What did you encounter inside?"

Everyone immediately turned to Lei Feifei, waiting for her explanation.

Lei Jin suddenly opened his eyes and took the initiative to speak on Lei Feifei's behalf. "We had encountered a powerful enemy. He's in a residual soul form, but his strength is far exceeding any of us here." He paused for a moment and said with a solemn expression. "I'm afraid that is only one-tenth of his strength."

Du Huanfeng's brows raised in surprise. He didn't doubt Lei Jin's words at all because there was no need for him to lie. He thought for a moment and asked. "Could this person be a Divine Ascending Tribulation expert?"

As he asked, everyone involuntarily took a deep breath. Everyone in this place naturally knew what Divine Ascending Tribulation expert means. They couldn't believe there was actually one hiding in this place.

However, Lei Jin's answer made everyone dumbfounded. He shook his head and said. "I had met a few Divine Ascending Tribulation experts before. I can fully say that none of them could compare to this person.... My speculation is that this person didn't belong to this world."

Chapter 572 Ji Zhiyin's Jealousy

Lei Jin's words were like bombshells, making everyone's mind buzz in shock. Everyone in this place had ever heard one or two rumors about the legendary Divine World and Divine beings. It was hard to believe such an existence was buried in this place without them knowing before.

Du Huanfeng's eyes flashed with splendor. He hurriedly asked. "Why did Elder Lei think like that?"

Lei Jin could see through Du Huanfeng's thoughts, but he didn't care. What he needed right now was a powerful ally like him. With Du Huanfeng joining in, the chance of dealing with the enemy would increase dramatically.

He explained truthfully. "First of all, his soul power is higher than anybody here, and I can see this is only a tiny bit of his true power. I was fortunate to see the previous generation Azure Palace Master before. I'm not trying to disrespect him, but his strength could not be compared to this person."

"Hu..." Everyone breathed in cold air. The previous generation Azure Palace Master was well-known for his unparalleled soul power, yet he was much worse than this person in Lei Jin's eyes. Just this point alone couldn't be clearer about this person's identity. He must be someone from the world above.

Lei Jin said further. "Secondly, this person's technique isn't something that belongs to this world. At least, from my vast experiences, I have never seen someone that could morph his Spiritual Sense into an object at will as he did."

Du San subconsciously nodded his head. He and Lei Jin could be considered the same generation. Hence, his experience was similar to the latter. Upon hearing Lei Jin's words, he pretty much agreed with his analysis.

Transforming one's Spiritual Sense into an object wasn't something new but rather difficult. In this Azure World, a handful of people could achieve this. From Lei Jin's explanation, this person could freely control it at will. It was definitely not something everyone in this world could do.

"Lastly." Lei Jin paused for a moment and said. "In front of him, I feel like I was a tiny grain of sand facing a great tide. There is no way I can do anything against him... I have never felt this way throughout my life."

Zhou Qingyu, Lei Feifei, and Qin Wuji subconsciously glanced at each other. They also had the same feelings as Lei Jin when facing the Scarlet Soul Emperor.

"I see. Then we are certainly facing someone from the world above." Du Huanfeng made a conclusion. He thought for a moment and said further. "From your words, this person doesn't have a body, right? If that's the case, maybe we still have a chance."

"Young Master?" Du San asked uncertainly.

Du Huanfeng smiled. "It's worth it."

Du San took a deep breath and said. "Understood."

Du Huanfeng didn't say anything further and took a two-meter-high golden cauldron out. This cauldron had phoenix and dragon patterns engraved on it. It gave off a soul-oppressing aura, causing everyone in this place to hold their breath.

"This... Soul Suppressing Divine Cauldron?" Lei Jin said in a deep voice. He obviously knew this cauldron.

Du Huanfeng smiled and praised. "As expected from Elder Lei. This is indeed the Soul Suppressing Divine Cauldron."

The Soul Suppressing Divine Cauldron was one of the ultimate trump cards of the Myriad Pill Palace. It had various abilities, and one of them was an absolute soul-suppressing ability. It was said even the Divine Ascending Tribulation practitioner might not be able to withstand its power.

Lei Feifei and Zhou Qingyu's faces weren't good when they saw this. They had underestimated Du Huanfeng incredibly this time. With this peerless artifact, none of them here could be Du Huanfeng's opponent.

"How are we going to open this passage?" An Lang suddenly asked. No matter how powerful a weapon was in your hand, it was impossible to hurt the enemy if they couldn't open the passage.

At this moment, Ji Zhiyin suddenly expressed her opinion. "There's Seven Thunder Annihilation formation here. Why don't we use it?"

Lei Feifei frowned and stared at Ji Zhiyin coldly.

"Oh? Is there?" Du Huanfeng was surprised as he looked around the place. He didn't even notice it.

Ji Zhiyin ignored Lei Feifei's cold gaze and continued. "It was Elder Mu's work. It was initially planned to deal with the enemy, but it seemed useless now."

"Brother Mu did it?" Du Huanfeng's eyes flashed with a strange light. Looked like Mu Chen hid a lot of secrets from him. It seemed he had underestimated him all this time.

Du Huanfeng put Yun Lintian's matter aside and said. "It's good. You can start it now."

Zhou Qingyu stared at Ji Zhiyin coldly and didn't say a word. Her expression had explained everything. Perhaps it was time to get rid of her.

Lei Feifei held the same idea as Zhou Qingyu. Ji Zhiyin's action was akin to betraying the Black Wing group. It was impossible to let her stay further.

"Do you know what you have done?" Song Cang's face was unsightly. He was trying to help Ji Zhiyin earlier, but he didn't expect she would do this.

Ji Zhiyin didn't seem to care. She turned to Lei Feifei and said. "Did I do anything wrong, Leader? Young Master Du is trying to help us. Why would we hide this formation in secret?"

Du Huanfeng looked at Ji Zhiyin and others interestingly. He could smell a trace of jealousy here. Was Ji Zhiyin envious of Mu Chen?

Lei Feifei took a deep look at Ji Zhiyin and said calmly. "Very well. Since you've decided. From today onward, you are no longer the Black Wing's elder. My group doesn't welcome someone like you."

Ji Zhiyin's face distorted in anger as soon as she heard this. She screamed hysterically. "Why!? What did I do wrong? I am obviously trying to help everyone here."

Lei Jin's eyes turned icy. "You still have the audacity to ask this?"

"Shut up!" Ji Zhiyin yelled angrily. "If it wasn't me, all of you would have died a long time ago!"

The atmosphere immediately tensed up as her voice fell.

Chapter 573 Taking The Pond Away

"Because of you? Heh, don't make me laugh, Ji Zhiyin." Zhou Qingyu laughed coldly. "It was Elder Mu who sacrificed himself. As for you, you are at most feeding us healing pills. What else did you do?"

"Him? Sacrifice? Hahaha!! It is his honor to use his wasteful life to bring all of you out. Why did you all make him like he is a saint or something?" Ji Zhiyin laughed disdainfully. "As for me? I have stayed in the Black Wing group for decades. Everyone here knows how much I sacrifice for this group. Do you think you can compare me with that bastard who joined the group a few days ago? How ridiculous!!"

Qin Wuji glared at her and said. "You should shut your mouth... Everyone here knows about your feelings for Leader Lei, and no one denies your hard work throughout the years. But... do you know what you have done now? You have betrayed Leader's trust! Do you understand that!?"

Ji Zhiyin's body visibly trembled as she seemed to regain her sense.

Qin Wuji said further. "As for your jealousy toward Elder Mu. It's actually unnecessary. As a man, I can tell that. He isn't interested in Leader at all. What's more, with his potential, it is a matter of time before he leaves us... Ji Zhiyin. Use your brain a bit and think about it."

Ji Zhiyin's face turned pale. Regrets immediately flushed into her heart like a tide. She turned to look at Lei Feifei and opened her mouth, wanting to say something, but no word came out in the end.

At this moment, Du Huanfeng interjected. "Can you stop your drama first? We have an important matter to deal with right now."

Lei Feifei and others turned to look at him, and no one spoke a word.

"Alright. Tell me, where are the formation's eyes?" Du Huanfeng didn't care about them and asked straightly.

Zhou Qingyu thought it was too late to do anything now. She thought for a moment and pointed at the wall on the left as she said. "Over there."

Du Huanfeng glanced at it and sent a signal to Du San. Immediately, Du San arrived before the formation's eyes and studied it for a moment before operating it.

Crackle!

All of a sudden, all the four walls flashed with blue lightning sparks, and all of them started to gather at the center of the room.

Du Huanfeng looked at the powerful lightning ball floating in the air with a faint smile. He had to admit Yun Lintian's formation profound art was extremely high. It was hard to believe this formation was perfectly arranged by an eighteen-year-old boy.

Everyone quickly retreated from the passage entrance and calmly watched the formation work.

After receiving a signal from Du Huanfeng, Du San quickly controlled the lightning ball to strike the Black Jade wall.

Bang!

The powerful lightning ball fiercely hit the wall and created a palm-size hole in it. Evidently, it was working well.

"Again!" Du Huanfeng commanded, and Du San didn't hesitate to do it again.

While Du Huanfeng was trying to open the passage, inside the soul pond area, Yun Lintian regained his consciousness and looked around in a daze.

"Where is this place?" Yun Lintian asked with a groggy mind. The last scene he remembered was the Scarlet Soul Emperor approaching him.

"This place is underneath the altar." Yun Qingrou answered with a smile. She was relieved to see Yun Lintian wake up. Looked like there was no major problem with his body.

"What about him?" Yun Lintian asked while rubbing his temples.

"Him? I turned him into nothingness already." Hongyue floated to Yun Lintian's front and crossed her arms while looking at Yun Lintian in dissatisfaction. "I had told you countless times to let me out. Why don't you listen?"

Yun Lintian heaved a sigh of relief when he heard this. At least Scarlet Soul Emperor had gone now. He looked at Hongyue and said casually. "Aren't I caring about you? Besides, didn't you tell me to take a risk sometimes?"

"Care about me? Heh. Do you think I'm weaker than him?" Hongyue snorted coldly. "And I told you to take a risk. Do you understand? Take a risk, not committing suicide!"

Hearing this, Yun Lintian laughed it off and didn't bother about Hongyue. He turned to look at Linlin, who was lying unconscious beside him and hurriedly checked her condition.

"She had burned her Origin Blood. It will take time for recovering fully." Hongyue said.

Yun Lintian felt heavy in his chest. He gently hugged Linlin and whispered. "I'm sorry. It's big brother's fault."

"No, it's not Big Brother Yun's fault." Linlin opened her eyes and said weakly.

Yun Lintian was startled for a moment and hurriedly asked. "How are you? Do you feel uncomfortable somewhere?"

"Linlin is fine. Big Brother Yun doesn't have to worry about me." Linlin replied with a smile and closed her eyes, falling into slumber once again.

After confirming there was no other injury on Linlin, Yun Lintian put his heart at ease and turned to look at the bizarre pond in the distance. "Is this a soul pond?"

"That's right. It's a huge one too." Hongyue replied. "Hurry up and take it away. Those people on the outside are going to break in soon."

"Take it away? How?" Yun Lintian was puzzled. Does he need to find a water pump?

"Summon the Gate of Beyond Heaven and connect it with the transport formation here. Try it." Hongyue explained briefly.

Although Yun Lintian didn't quite understand and doubted whether it would work, he still did it in the end.

The Gate of Beyond Heaven instantly appeared beside the pond, and Yun Lintian simply used his mind to control the gate, connecting with the transport formation.

After seeing a signal from Hongyue, Yun Lingwei quickly activated the formation. The soul pond immediately trembled as it was pulled toward the Gate of Beyond Heaven.

"Quickly concentrate your mind and imagine you are pulling it into the gate." Hongyue urged impatiently.

Yun Lintian closed his eyes and wrapped his Spiritual Sense around the pond before pulling it into the gate.

With the help of the transport formation, the soul pond immediately vanished into the gate and reappeared in vacant space within the Land of Beyond Heaven!

Chapter 574 Choices

"It works?" Looking at the empty area in front of him, Yun Lintian was surprised. "Can I pull people in with this method?"

"You can simply use your Spiritual Sense to wrap around them. However, they need to be no more than a hundred meters from your location." Hongyue explained.

"Why don't you tell me earlier?" Yun Lintian clicked his tongue in dissatisfaction. With this, what else does he need to be afraid of in the future? He could pull his friends and family into the Land of Beyond Heaven at will if their life was in danger.

"Why don't you study it yourself? You have integrated with the gate for a year now, yet you didn't learn anything about it." Hongyue said in contempt.

Yun Lintian rolled his eyes annoyingly and changed the topic. "What about the people on the outside? How long it takes before they could break in?"

"Around five minutes," Hongyue replied. "They are using the formation you set up to break the wall."

"What the hell?" Yun Lintian was speechless. He had prepared the formation to deal with the Scarlet Soul Emperor, yet these people used it to open the passage? Were they so confident about dealing with the enemy?

Hongyue glanced at him and said. "Now you have two choices. The first is leaving here and going incognito. Another one is coming up with a good lie and continuing your pretentious journey with that Du boy."

Yun Qingrou and others covered their mouths and laughed gently upon hearing this. They had witnessed how pretentious Yun Lintian was when facing Du Huanfeng. Hongyue's remarks were clearly aimed at Yun Lintian, amusing everyone.

Yun Lintian's face twitched slightly. He didn't bother to care about Hongyue and began to think about the choices.

Naturally, Yun Lintian could hide in the Land of Beyond Heaven for a while before finding a suitable chance to leave this place and heading to the Western Continent by himself.

However, when he thought about it again, he found it was too troublesome to find a ship later. Hence, the second choice was much more accessible, in his opinion. As for coming up with a lie? Yun Lintian didn't care whether they would believe him. Anyway, they had no proof of whatever he would say.

Furthermore, according to Du Huanfeng's personality, he wouldn't openly try to do something to him. The chance of him forcing Yun Lintian on the spot was slim.

"It seems you have made a decision." Hongyue could see through Yun Lintian's thoughts at a glance. She turned to Yun Ruanyu and others. "Let's go back. I will show all of you how to use the soul pond properly."

Yun Ruanyu nodded and led everyone back to the Land of Beyond Heaven after exchanging a few words with Yun Lintian.

Yun Lintian looked around for a moment and hugged Linlin, jumping up to the room above before founding a place to lie down, pretending to be unconscious.

On the outside, Du Huanfeng and others were staring at the wall, waiting for it to break apart under the lightning bombard.

Bang!

The destructive power of the Seven Thunder Annihilation formation was undoubtedly terrifying. The sound of sizzling lightning continuously rang out in the air as the blue lightning around the damaged wall began to flash.

After continuing to hit the wall for a few minutes, the Black Jade wall that took a long time to break was finally crumbling, revealing the passage behind.

"Young Master, let me go first." Du San retracted his hand from the formation's eyes and quickly moved into the passage after getting Du Huanfeng's signal.

Du San spread his Spiritual Sense out and swept the whole room at the end of the passage. The scene that appeared in his vision stunned him as he saw Yun Lintian lying on the ground while hugging Linlin in his arms. There was no sign of the enemy that Zhou Qingyu and others had mentioned.

"What's wrong?" Du Huanfeng saw Du San standing in a daze.

"There's no enemy ahead." Du San came back to his sense and replied.

"Hmm?" Du Huanfeng, including everyone, glanced at each other in doubt.

"Let's take a look." Du Huanfeng said and brought the Soul-Suppressing Cauldron into the passage.

Zhou Qingyu secretly communicated with Lei Feifei and Lei Jin. "What's going on?"

Lei Feifei shook her head. She didn't have time to think about it as her mind was fully occupied by Yun Lintian's well-being. She didn't even notice that she had subconsciously utilized her profound energy to raise her pace.

Meanwhile, Lei Jin had already used his powerful Spiritual Sense to check on the situation ahead. He was both puzzled and relieved to see Yun Lintian was still alive.

"He's fine." Lei Jin notified Lei Feifei and Zhou Qingyu while thinking about the disappearance of the Scarlet Soul Emperor.

Soon, everyone arrived at the room where Yun Lintian was. Looking at the traces around the place, everyone could see how fierce the battle was. Even the peak monarch could not leave a trail on the Black Jade wall, but there were several deep marks everywhere here.

Du Huanfeng frowned, and his gaze finally landed on Yun Lintian. His intuition told him everything that happened here was related to Yun Lintian.

Before Du Huanfeng could do anything, Lei Feifei's figure flashed and arrived beside Yun Lintian. She hurriedly checked on him and heaved a sigh of relief upon discovering he was fine. Of course, her mind was full of doubts, but she knew it wasn't the time to say anything now.

"Let me take a look at him." Du Huanfeng suddenly said. He ignored everyone and came to Yun Lintian's side before Lei Feifei could react.

Du Huanfeng used his Spiritual Sense to invade Yun Lintian's body and even tried to read his memory by his secret technique.

"What are you trying to do!?" Lei Feifei said coldly as she discovered Du Huanfeng's tiny movement. Her Spiritual Sense spread out and blocked Du Huanfeng from going further.

Du San and Lei Jin saw the situation was not right. Both of them quickly appeared beside their masters and stared at each other, ready to take action at any time.

Chapter 575 Acting Master

Time seemed to freeze, and the atmosphere became solemn. Heavy tension filled the air as the two sides faced each other.

Du Huanfeng smiled faintly and said. "I'm merely checking on him. Leader Lei, between your medical skills and mine, which is better?"

Lei Feifei snorted coldly. "Hmph! Don't think that I don't know your tricks. You are obviously trying to invade his soul. That's a taboo among us practitioners... Heh. You, a young master of Myriad Pill Palace, had actually used an unscrupulous trick on someone who couldn't defend himself. It seems Myriad Pill Palace is not righteous, as people said."

Du San's complexion turned icy. "Miss Lei, please be careful with your words. Even if you're someone from the Divine Thunder Palace, it doesn't mean you can slander us as you pleased."

Lei Feifei chuckled and responded. "You, as his elder. Not only did you not stop him from doing wrong, but you actually supported him... Marvelous! It's no wonder he could develop his arrogant habit. It's because he has an irresponsible elder watching over him."

Hearing this, Du San's aura spread out, making the entire space heavy.

Du Huanfeng suddenly raised his hand to stop Du San and turned to look at Lei Feifei. "As expected from the young miss of the Divine Thunder Palace. Your mouth is as sharp as people said.." He suddenly patted his forehead and said in an apologetic tone. "Ah, I'm sorry. I forgot that you're no longer the young miss of the Divine Thunder Palace now."

Lei Feifei's brows raised as she laughed coldly. "Do you think that can hurt me? How na?ve."

Du Huanfeng shook his head with a smile. "No, no. You've misunderstood me, Leader Lei. What I want to say is that, even if you died here, nobody from the Divine Thunder Palace would hold me an account. Would you believe it?"

Under his smile, everyone could perceive a strong killing intent coming out of Du Huanfeng. This made the atmosphere became heavier.

Lei Feifei's eyes narrowed, and golden lightning sparks emerged around her body. She was ready to make a move at any moment.

At this time, Zhou Qingyu, along with her subordinates and the Black Wing's elders, silently appeared beside Lei Feifei. Zhou Qingyu looked at Du Huanfeng coldly. "Young Master Du, are you sure you want to do this?"

Du Huanfeng glanced at Zhou Qingyu and the rest before laughing. "Hehe. You should ask yourself and your good friend this question... Are you sure you want to do this?"

As he spoke, the Soul-Suppressing Cauldron gradually rotated, releasing an oppressing aura to cover everyone.

Lei Feifei glanced at the cauldron, and an exquisite golden flute silently appeared in her hand.

When Du Huanfeng saw this, his expression immediately changed slightly. The smile on his face didn't fade away as he said. "I didn't expect the Divine Thunder Palace to leave the Thunder Flute to you. Hehe. Look like my judgment is a bit wrong. They are obviously caring about you."

Lei Feifei held the golden flute, Thunder Flute, gently and moved it up to her mouth as she asked. "Do you want to continue?"

"Young Master, this place is too narrow. We would be at a disadvantage here if the battle broke out." Du San secretly reminded.

Du Huanfeng was naturally aware of this. The appearance of the Thunder Flute had interrupted his momentum. It was impossible to coerce Lei Feifei with force now.

Just as both sides were in a deadlock, Yun Lintian slowly opened his eyes in "a daze" and looked around in confusion. When he saw Du Huanfeng and Lei Feifei were confronting each other, he couldn't help asking. "What's going on here? Why is everyone here? Are we dead already?" His expression became unsightly as he cursed further. "Shit! There are a lot of pretty sisters waiting for me. How could I end up like this?... I'm not reconciled!"

Yun Lintian's remarks immediately lessened the tension around this place. Everyone turned to look at him with weird gazes, not knowing what to say at the moment.

Yun Lintian perceived everyone's gaze and asked in doubt. "Why are you looking at me like that? I'm still young, alright? I haven't played enough yet... Alas. I'm sorry, Master. This disciple of yours can no longer return. I hope you can be safe and sound throughout your life... Don't worry. I will definitely visit you in a dream. I promise."

Lei Feifei's face twitched slightly, but she had to maintain her majestic look. She carefully asked. "Are you alright?"

"Do I look fine to you, Sister Lei?" Yun Lintian rolled his eyes while pointing at a hideous wound on his right shoulder. "I heard people say that your soul's appearance will be the same as before you died... Hah... I cannot be a handsome ghost now with this wound."

Lei Feifei and others were speechless. Even Hongyue and others in the Land of Beyond Heaven had to admit Yun Lintian's spouting nonsense, and acting skills were probably the best in this world.

Zhou Qingyu didn't want to let Yun Lintian continue with his nonsense. She quickly said. "We're not dead yet. You can try to utilize your profound energy."

"Ah!?... I-is it true?" Yun Lintian made an exaggerated exclaim and hurriedly utilized his profound energy. After seeing his profound energy was working fine, he couldn't help saying. "O my god! It's really true! I'm not dead!... Hahaha! I'm not dead!"

The whole space was filled with Yun Lintian's laughter. No one spoke a word as they watched Yun Lintian dancing around.

Du Huanfeng couldn't endure anymore. He retracted his power and asked Yun Lintian. "Brother Mu, can you stop for a while? What's going on here? Where's the enemy gone to?"

Yun Lintian suddenly "came back to his sense" and hurriedly looked around cautiously. "That's right? Where's that scarlet man?"

Du Huanfeng's eyes narrowed. His gaze firmly fixated on Yun Lintian's face as he asked. "You don't know?"

Yun Lintian looked at everyone in confusion and turned to Du Huanfeng. "Know what, Brother Du?... The last scene I remembered before fainting was that scarlet man trying to kill me. I have no idea what happened afterward."

Du Huanfeng frowned slightly. From his observation, Yun Lintian didn't seem to lie at all. He thought for a moment and said. "Can you let me check your body? Perhaps we can find some clues."

Chapter 576 Soul Pond?

Before Yun Lintian could answer, Lei Feifei jumped out first. "You haven't given up yet!?"

Yun Lintian looked at Lei Feifei in "confusion" and asked. "What's wrong, Sister Lei?"

Lei Feifei's gaze fixated on Du Huanfeng while explaining. "Earlier, he tried to invade your soul and read your memory. If I hadn't stopped him in time, you might have become an idiot by now."

Yun Lintian's brows creased together as he turned to look at Du Huanfeng. He asked gloomily. "Is it true, Brother Du? How could you do that to me?"

Du Huanfeng smiled relaxingly. "Don't listen to her nonsense. I'm merely checking your condition. I heard that the enemy is proficient in soul art. That's why I have to look at your soul in case there's an injury on that place."

Yun Lintian stared at Du Huanfeng for a while and said. "Alright. I will believe you once... As for further checking on me, there's no need for that. I'm perfectly fine."

Lei Feifei understood this was the best outcome. In fact, she didn't want to crash with Du Huanfeng here. Although she might have a high chance of winning, she would definitely pay a huge price.

She said. "Since Elder Mu is fine, this matter should end here."

Du Huanfeng took a deep look at Yun Lintian and nodded his head. "Fine. We should spread out and search for a clue."

The tension in the air quickly dispersed as everyone gradually lowered their stance. Yun Lintian gently hugged Linlin and walked to the corner, pretending to look at the formation.

All of a sudden, there was an exclaim coming from Song Cang, who was walking into the secret passage under the altar. Everyone quickly left their position and followed Song Cang into the passage.

When they arrived at the spacious room, they could perceive a trace of soul energy that somehow could nourish their soul. A wild idea immediately appeared on everyone's mind. There must be a peerless treasure here!

"This feeling..." Du Huanfeng tilted his head slightly while scanning the surroundings with his Spiritual Sense. The feeling he had right now reminded him of something, but he couldn't pinpoint out.

"It's like a soul pond." Du San said. There was a small soul pond within the Myriad Pill Palace. That was why he could recognize it.

"Yes." Du Huanfeng immediately remembered. He stared at the empty area in front of him in doubt. If there was a soul pond here, then where was it now?

The prime suspect was naturally Yun Lintian, but Du Huanfeng refused to believe that he had the ability to take the soul pond away. There was obviously something tricky here.

"Have you seen this place before?" Du Huanfeng asked Yun Lintian.

Yun Lintian shook his head with a frown. "No. But I can see that there should be something that can nourish one's soul here. Because of this thing, the scarlet man can last in this place for who knows how many years."

"Oh? Why did you think like that?" Du Huanfeng asked interestingly. Yun Lintian had lived on the mountain all his life. How could he know about this?

Yun Lintian smiled and took the Twin Souls Flower out. "I have studied medicine with my master since I was young. The aura in this place is similar to this Twin Souls Flower. So, I believe there's a soul-related treasure here. Didn't this Elder Du just say it's a soul pond?"

Du Huanfeng couldn't refute Yun Lintian's words. There was no flaw at all. He looked around for a while and could only give up.

"What if that person has escaped without us knowing?" While everyone was looking for a clue, Qin Wuji suddenly said. "With his power, I don't think anyone here could detect him if he wants to go."

"That's true." Lei Feifei agreed.

"We should go back first." Zhou Qingyu suddenly said. She looked at An Lang and An Hua. "Seal the entrance. No one allows entering this place."

"Understood." An Hua and An Lang replied in unison.

Du Huanfeng scanned the place one last time and left with his people. He didn't forget to invite Yun Lintian for a tea, but he was rejected by the latter.

"You should leave." Lei Feifei stared at Ji Zhiyin coldly.

Ji Zhiyin trembled violently. She opened her mouth, trying to say something, but was interrupted by Lei Feifei. "Throughout the years, I always treat you like a younger sister, but you've disappointed me

this time. You are blinded by unnecessary jealousy and end up betraying my trust. You've also put everyone in danger. I cannot forgive you."

Ji Zhiyin's whole body froze as if her soul had left her body. Her face was pale as a white sheet, filling with despair. She deeply regretted it now. Yun Lintian obviously had nothing to do with Lei Feifei. Why did she so jealous of him?

Yun Lintian was puzzled and inquired about this from Qin Wuji. After listening to him, he immediately understood everything. It turned out this Ji Zhiyin was secretly in love with Lei Feifei, but it was obviously impossible for them. His appearance caused dissatisfaction to her as she thought Lei Feifei was caring about him too much.

Yun Lintian thought for a moment and said. "Sister Lei, can you let me say something?"

Lei Feifei glanced at him and didn't say anything, indicating he could say as much as he wanted.

Yun Lintian smiled and turned to Ji Zhiyin. "Elder Ji, I understand your feeling, but I can tell you that there's nothing between Sister Lei and me. She is merely appreciating my talent."

Ji Zhiyin remained silent while looking at Yun Lintian.

"You might not know this, but Brother Su was the one who introduced me to Sister Lei. I was recruited into the group at a high price. I know you might think that I'm not worth the price. That's your opinion. I respect that. However, have you ever thought about why Sister Lei had to recruit me in the first place?" Yun Lintian said further.

Chapter 577 Forgiveness

"What do you want to say?" Ji Zhiyin squinted her eyes and said coldly.

Yun Lintian smiled and looked at all the Black Wing's elders in this place. "Please understand that I'm not trying to offend everyone here. I just want to state the truth... The reason why Sister Lei recruited me is that all of you are too weak."

As his voice fell, all the Black Wing's elders fell into silence. Although it was unpleasant to hear, everything Yun Lintian said was true. They knew in their hearts that they failed to help Lei Feifei get rid of the enemies. Not to mention Lei Feifei's bad fate waiting for her in the future.

Even Ji Zhiyin had also admitted what Yun Lintian said was not wrong.

Yun Lintian looked at everyone confidently. "Although I can't immediately help the Black Wing group out of the predicament, I believe I can achieve that in the near future with my potential. So, what Sister Lei did was an investment. She invested in me, in my potential."

He paused for a moment and continued. "As everyone knows, investment comes with risks. But I want to ask everyone here. If you are in Sister Lei's position, will you invest in me?"

The Black Wing's elders glanced at each other and nodded their heads in unison. To be able to save four peak monarchs by himself was already something they couldn't do if they were in Yun Lintian's shoes. They believed any force would go all out to recruit Yun Lintian after witnessing his potential.

Yun Lintian turned to Ji Zhiyin and said calmly. "So, Elder Ji wanted to get rid of me because of jealousy. You wanted to destroy Sister Lei's investment... Have you ever asked yourself, are you worthy of Sister Lei's trust?"

Ji Zhiyin trembled and subconsciously stepped back. She felt the world spinning as her mind was a mess. Yun Lintian's worth kept echoing in her mind. That was right. Was she worthy of Lei Feifei's trust?

Yun Lintian let Ji Zhiyin think for a moment before continuing. "I certainly won't forgive someone who tried to harm me, but I know your heart isn't completely evil. Deep down, you truly love Sister Lei and are extremely loyal to the group. Because of this, I can forgive you."

Ji Zhiyin raised her head to look at Yun Lintian. Her face was full of incredulity as she uttered. "You..."

Yun Lintian nodded. "I don't blame you. There's no need to feel guilty further." He then turned to Lei Feifei and said. "Can you forgive her, Sister Lei?... See. I am still alive and kicking."

Lei Feifei stared straight into Yun Lintian's eyes with a complicated feeling. In fact, she didn't want to chase Ji Zhiyin away as she was aware of this point, too. But it was impossible for Ji Zhiyin to stay with Yun Lintian. She decisively chose Yun Lintian over Ji Zhiyin in the end.

However, with Yun Lintian's forgiveness, the situation could turn around. While she was reconsidering, Yun Lintian's voice suddenly rang out in her mind. "Sister Lei, if you let her go, she will definitely join Du Huanfeng. Won't it be better to have her on your side? Trust me, she won't dare to do it again with this lesson."

Hearing this, Lei Feifei took a deep breath and turned to Ji Zhiyin. "I can forgive you this time, counting everything you've done for me. However, you will be demoted to an ordinary member for two years. What is your choice?"

Ji Zhiyin was stunned and stared at Lei Feifei blankly. She had never thought Lei Feifei would change her mind like this. After all, she knew Lei Feifei's personality very well. She wouldn't change her decision no matter what.

"What are you looking at? Hurry up and thank Leader." Song Cang, who had a good relationship with Ji Zhiyin, urged.

Ji Zhiyin came back to her sense and hurriedly bowed her head. "Thank you, Leader. I accept your terms and am willing to serve as an ordinary member."

"Good. Let's go." Lei Feifei nodded and flicked her sleeves, leaving the mine, followed by other elders.

Before Ji Zhiyin left, she walked to Yun Lintian and bowed her head. "Thank you, Elder Mu, and I am sorry for what I did to you. You can punish me as you want. I am willing to accept everything."

Yun Lintian chuckled and said. "That's not good, right?" As he spoke, his gaze was roaming on Ji Zhiyin's good figure.

Ji Zhiyin noticed this, and her heart was immediately entangled. She didn't know whether she should accept it if Yun Lintian requested that.

Yun Lintian saw through her thoughts and laughed. "Just kidding, Elder Ji. How could I request something shameful like that?"

Ji Zhiyin heaved a sigh of relief and said. "I-I can accept anything, except for that."

Yun Lintian shook his head and sent a sound transmission. "If you really want me to punish you, I have a task for you."

Ji Zhiyin's brows raised up, waiting for Yun Lintian's explanation.

"Du Huanfeng will certainly contact you soon. You can play along with him and see what he wants to do." Yun Lintian said.

Ji Zhiyin's eyes flashed with a strange light. She immediately understood what Yun Lintian wanted to do. She asked. "Aren't you on a good term with him?"

Yun Lintian smiled and replied. "Do you believe that?"

Ji Zhiyin shook her head. Du Huanfeng had done something terrible on Yun Lintian earlier. It was impossible for Yun Lintian to get along with Du Huanfeng further.

,m "That's right. So, I will have to trouble you with this. You can report Sister Lei about it." Yun Lintian said.

"Understood." Ji Zhiyin nodded her head firmly. Her eyes turned resolute. She wanted to use this chance to redeem herself.

"Do you want to get him, Young Master?" Returning to the Jade Pavilion, Du San quickly asked.

Du Huanfeng thought for a moment and shook his head. "No need. He has suspected me now. It's difficult to do anything at the moment... Don't worry. We have a lot of time."

Du San nodded and said nothing further.

Du Huanfeng tapped on the table for a while and said. "Send someone to the Star Pavilion and let them inquire about the Heavenly Cloud Mountain. Also, contact Ji Zhiyin. Tell her I can let her join the Myriad Pill Palace."

Du San seemed to understand his young master's thought and quickly took action.

Chapter 578 Make Things Bigger

In Zhou Qingyu's secret chamber, Zhou Qingyu, Lei Feifei, Lei Jin, and Yun Lintian sat around a tea table. The whole room was covered with powerful lightning isolating barrier and was on top of another isolating barrier that Zhou Qingyu personally arranged.

"Can you tell me what exactly happened?" Lei Feifei looked at Yun Lintian and asked. Everyone in this room knew this matter wasn't simple, as Yun Lintian said.

Yun Lintian looked at everyone and smiled faintly. "Would you believe it if I tell you that he died at my hand?"

Lei Feifei, Lei Jin, and Zhou Qingyu glanced at each other and shook their heads in unison. They were aware of how scary the Scarlet Soul Emperor was. It was impossible for Yun Lintian to kill him.

"When I brought everyone out, I found a chance to activate the formation and successfully suppressed him. I seized that chance to kill him with the help of Linlin." Yun Lintian explained briefly while stroking Linlin's soft fur.

Yun Lintian's explanation might sound unbelievable, but they couldn't come up with other reasons.

Lei Jin looked at Linlin on Yun Lintian's lap with a respectful attitude. The moment he knew Linlin's true identity, it made him restless for a long time. He had never thought he could meet the legendary mythical beast, White Tiger, this close one day.

Meanwhile, Lei Feifei and Zhou Qingyu seemed to believe Yun Lintian. After all, Linlin's identity was there.

"What about the soul pond?" Zhou Qingyu suddenly asked. Seeing Yun Lintian glancing at her, she hurriedly explained. "Don't get me wrong. I just want to know whether there's really a soul pond."

Yun Lintian nodded and took three large jars filled with the liquid from the soul pond out. "Here is everyone's portion. I believe it can improve your spirit significantly."

Lei Feifei and the other two glanced at the jars in amazement. With just a sniff, they could feel their souls were improving drastically.

One had to know it was extremely difficult to make a breakthrough further when the practitioner reached the peak of the Monarch Profound Realm. Lei Feifei, Lei Jin, and Zhou Qingyu were without resources. They had spent a ton of resources, yet they couldn't even make tiny progress throughout these years. This soul liquid could actually allow them to improve instantly. It was truly unbelievable.

"This..." Zhou Qingyu did not know what to say at the moment. She inquired about the soul pond out of curiosity, but Yun Lintian gave it away without thinking. This made her feel both grateful and guilty.

"Take them at ease. You all have seen the size of the pond already. I still have a lot of it. Just tell me it's not enough." Yun Lintian said casually. He didn't mind giving them this peerless resource. In any case, they could be considered allies.

"Then we will accept this. Thank you." Lei Feifei nodded and took one jar away, followed by Zhou Qingyu and Lei Jin.

After putting the jar away, Lei Feifei asked. "What's your plan?"

Yun Lintian took a sip of tea and turned to Zhou Qingyu. "I'm afraid it won't be long before Du Huanfeng contacts his Myriad Pill Palace. At that time, countless people will flock over. It's difficult for Senior Zhou alone to block them... So, why don't we take the initiative to leak this news?"

"You mean..." Zhou Qingyu seemed to guess something.

Yun Lintian nodded. "You should know that it's impossible for you to keep the Black Jade mine. Instead of giving the Myriad Pill Palace a free pass, we better let everyone join the fun."

Zhou Qingyu took a deep breath and said in a deep voice. "I understand."

Yun Lintian knew it was difficult for Zhou Qingyu to make a decision. After all, Black Jade Island was a legacy of her family. What he asked Zhou Qingyu to do was akin to abandoning this place. However, everyone in this room was aware that it was impossible for Zhou Qingyu to go against the Myriad Pill Palace when they were determined to get this island.

Lei Feifei touched her best friend's shoulder and comforted her. "It's okay. At most, we can travel together like we used to do."

Zhou Qingyu felt warm in heart. She smiled and said softly. "I'm fine. It doesn't matter. One day, I will take this place back."

"We will." Lei Feifei nodded solemnly.

Since Yun Lintian had a conflict with Du Huanfeng at the moment, he couldn't continue to stay in the Jade Pavilion further. Zhou Qingyu arranged a relatively secretive place for him.

After putting on an isolating formation, Yun Lintian quickly went to the Land of Beyond Heaven with Linlin.

The moment he stepped into the Land of Beyond Heaven, Yun Lintian could feel a noticeable change in the atmosphere here. The richness of profound energy in this place did not increase, but Yun Lintian could feel his mind become clearer just by simply breathing.

Yun Lintian looked around briefly and discovered a large pond appeared behind the Serene Bamboo forest. He immediately recognized it was no other than the newly acquired soul pond.

At this moment, several disciples were gathering around the pond, looking at it curiously. They had seen a lot of strange scenes appearing in this place. Hence, they weren't surprised by the soul pond's sudden appearance. They were merely curious about its usage.

When everyone saw Yun Lintian walk over, they hurriedly greeted him. "Greetings, Headmaster."

Yun Lintian said with a smile. "This is called the soul pond. It can help all of you promote your soul. Later, I will ask Qingrou to arrange it for you."

"Thank you, Headmaster." All the disciples quickly bowed their heads and said in unison.

Yun Lintian waved his hand dismissively and said. "Let me test a bit."

As he said, Yun Lintian quickly jumped into the soul pond with Linlin. Before they could do anything, the souls of Yun Lintian and Linlin were immediately flushed with an overwhelming comfortable feeling, making them involuntarily close their eyes, enjoying the benefits given by the soul pond.

Chapter 579 Incredible Breakthrough

After lying in the pond for a few minutes, Yun Lintian suddenly felt the barrier between his realm loosen. Without thinking further, he quickly circulated his profound energy according to the Primordial Beyond Heaven Scripture.

A small cyclone of profound energy gradually formed around Yun Lintian and continued to expand its size as time passed. A few breaths later, it became a twenty-meter-high cyclone, revolving at fast speed and madly gathering profound energy from all directions.

The commotion immediately alarmed Hongyue and others. They quickly appeared by the soul pond one by one and looked at Yun Lintian in surprise.

"His breakthrough has always been this violent." Yun Lingwei said.

Yun Qingrou raised her head to look at the sky and said. "Almost every bit of profound energy is gathering here."

Yun Ruanyu turned to Hongyue and asked. "Will it be a problem?"

Hongyue shook her head gently. "There won't be a problem for now. This place can keep up with his current power. However, it is impossible for him to make a breakthrough further when he reaches the Ruler Profound Realm. The amount of energy here will be insufficient for him."

"What can we do about this?" Yun Meilan asked.

Hongyue glanced at her and said. "You can't do anything. This is his duty. As long as he continues to collect the Beyond Heaven Relics, his strength will grow exponentially, and this place will also become better."

"There's no other way?" Yun Huanxin asked with a frown. She felt everyone here, including herself, was useless. They couldn't help sharing Yun Lintian's burden.

Hongyue replied. "No other way." She paused for a moment and looked at everyone present. "If all of you really want to help him, you can do this by practicing harder. Trust me. The day he needs your strength won't be that far."

Yun Ruanyu and other disciples could perceive the seriousness in Hongyue's voice. They couldn't help but wonder what awaited them in the near future.

At this moment, Yun Lintian was fully immersed in a state of enlightenment. He was not aware of the changes in his body. His soul was currently going under a massive transformation as a sheen of golden color appeared on it.

A trace of surprise flashed across Hongyue's eyes. She didn't expect Yun Lintian's soul would come this far in a short period. It seemed it won't be too long before he could break through to the Ruler Profound Realm.

The profound strength in Yun Lintian continued to increase at a fast rate. In the next moment, Yun Lintian finally broke through to the sixth level of Heaven Profound Realm, and the momentum didn't seem to stop at this. It was still rising further as Yun Lintian's profound strength approached the seventh level's barrier.

Bang!

The chaotic energy cyclone around Yun Lintian suddenly exploded. At the same time, a golden, blue, and red radiance glittered within his profound vein. Subsequently, waves of incomparably thick profound aura roiled from deep within his profound vein, rushing rapidly to every tendon of his body like a flood.

Yun Lintian's Beyond Heaven Profound Vein started to rapidly stretch, and his meridians began to shrink and expand from the excess profound aura as if they were dancing in excitement.

"Incredible." Yun Qingrou muttered in disbelief. Not only did Yun Lintian break through in essence, but his body and soul had also made progress. This was the first time she saw someone that could break through in three ways: Essence, Body, and Soul at the same time.

Meanwhile, Hongyue didn't feel anything much after the initial surprise. In her opinion, everything should be like this, to begin with.

With another bang, Yun Lintian had successfully broken through to the seventh level of Heaven Profound Realm. The momentum gradually decreased until the energy cyclone around Yun Lintian thoroughly disappeared.

Yun Lintian regained his sense and discovered the profound aura in his body was extremely dense. It was entirely different from the fifth level of Heaven Profound Realm. This startled him for a second before he gradually accepted this fact.

Yun Lintian slowly opened his eyes. As he moved, every joint of his body started to produce a cracking sound out of excitement.

"This feeling..." Yun Lintian couldn't help letting out a delightful laugh.

He utilized profound energy, and a golden ball of energy immediately appeared in his palm. When he shook his palm a little, the golden ball instantly changed into a blue-colored one, a red one, and a purple one afterward. This movement allowed Yun Lintian to switch the attribute of his profound energy at will without relying on the Sun, The Moon, and The Thunder.

"Congratulations. You've become a little stronger." Hongyue's figure appeared before Yun Lintian and said casually.

"Thank you." Yun Lintian was still immersed in a happy mood. He didn't care about Hongyue's sarcastic remark at all.

Yun Ruanyu and others quickly appeared and congratulated him one by one. They were affected by Yun Lintian's joy, too.

Bang!

Just as everyone was talking, a loud energy explosion occurred on the side, causing everyone to look in that direction and see Linlin was breaking through.

Compared to Yun Lintian, Linlin's breakthrough was simpler. Extremely dense lightning energy was gathering around her as she crazily absorbed it. In the next breath, Linlin's body had gone through an incredible transformation.

Linlin's white fur grew longer as well as her body became bigger. It was even larger than her previous true form. A lightning symbol slowly appeared between her brows, and everyone could feel a powerful oppressing aura emitting from her, making everyone have the urge to fall on their knees.

"Roar!" Linlin suddenly opened her eyes, and a spark of golden lightning flashed out. She raised her head toward the sky and let out a deafening roar.

The bright sky in the Land of Beyond Heaven suddenly darkened as a group of black clouds appeared out of nowhere, accompanied by thunder roarings. This state lasted for a full minute before the black clouds dissipated, and everything returned to its original calm.

Linlin lowered her head to look at Yun Lintian and said joyfully. "Big Brother Yun! I've broken through to the Ruler Profound Realm now!" Chapter 580 Testing A New Ability

"Congratulations. Big brother will rely on Linlin in the future." Yun Lintian looked at Linlin with a delightful smile.

Linlin patted her chest and said domineeringly. "Leave it to me!"

Hongyue observed Linlin briefly and nodded her head. "Not bad. Your bloodline has awakened around ten percent now. You should be able to grasp a glimpse of the laws of thunder."

Linlin heard this, she raised her paw slightly, and the sky immediately filled with thunder roarings with countless thunders flashing from time to time. Evidently, she had a certain amount of thunder control.

"Amazing." Yun Lintian looked at the sky in amazement. After integrating with The Thunder, he was extremely sensitive toward the lightning element. He could feel an immense power similar to the time he summoned The Thunder coming out of Linlin.

Linlin retracted her power and shrank her body into a miniature form before throwing herself onto Yun Lintian and laughing happily.

Yun Lintian rubbed Linlin's head in a good mood and turned to Yun Ruanyu. "I'll have to trouble you to arrange for everyone to soak in this pond. Especially those children."

"No problem." Yun Ruanyu accepted the task readily and went to make a schedule.

? Yun Lintian climbed up to the shore and said to Yun Meilan. "Let's have a spar. I think I have a new ability."

Yun Meilan didn't say anything and went to a platform on the Misty Lake, followed by Yun Lintian and others.

After handing Linlin to Yun Huanxin, Yun Lintian hopped onto the platform and asked. "Are you ready?"

Yun Meilan nodded, and her figure began to blur, disappearing from the place.

Yun Lintian's Spiritual Sense spread out, covering the entire platform, but he could find a trace of Yun Meilan. To be able to conceal her presence to this extent, it was truly worthy of the Shadow God Art.

In the next moment, Yun Meilan's shadow silently emerged beneath Yun Lintian. She stuck her palm out, sending a black palm print toward Yun Lintian's legs. Her movement was extremely quick. Everything happened in a split second.

In everyone's eyes, Yun Lintian didn't seem to notice this, as he didn't even move an inch. Even if he did discover, it was already too late for him to do anything.

However, when everyone thought Yun Lintian would get struck by the black palm print. In that instant, he abruptly lowered his head to look at Yun Meilan's shadow. His pupils glowed with an intense red light that was like a burning flame.

At this moment, Yun Meilan perceived a severe danger looming around her. She didn't hesitate to execute Shadow Step and retreated to the distance.

The moment Yun Meilan fled away, a crimson flame suddenly burst out on her previous position, causing the platform on that area to reduce into ashes in almost an instant.

Yun Lintian didn't stop at that. He quickly turned his gaze toward Yun Meilan. This time, a deep blue light shone brightly in his eyes, and Yun Meilan could feel the temperature around her had plummeted significantly.

Crackle!

An ethereal ice-blue profound radiance shined, followed by a violent windstorm blowing toward Yun Meilan. The clear sounds of something freezing were instantly heard. One breath later, the air around Yun Meilan was completely sealed by ice and remained in place, turning into a tornado-shaped ice sculpture.

As everyone believed Yun Meilan was entirely sealed by Yun Lintian, her figure within the ice sculpture began to blur and vanished. Yun Lintian and everyone immediately realized this was actually her afterimage.

All of a sudden, no less than ten shadowy figures appeared around Yun Lintian and struck their palms out, surrounding Yun Lintian in all directions.

Yun Lintian stood rooted to the ground and didn't move at all, as though he had been struck dumb with shock. However, in that instant, before the black palm prints could reach him, his eyes glowed with

purple light, and purple lightning sparks immediately surrounded his body, forming into a violent lightning barrier.

Bang! Bang! Bang!

All the palm prints were shattered right away upon touching the lightning barrier. Yun Meilan knew she couldn't stay here further and hurriedly executed Shadow Step to retreat. However, before she could react, she suddenly discovered her entire body was tightly bound by several purple lightning ropes that appeared out of nowhere.

"Got you." Yun Lintian said calmly and pointed his finger at Yun Meilan, sending a flame arrow at her.

As the flame arrow swiftly approached Yun Meilan, a gloomy black aura abruptly burst out of her body. She seemed to transform into a complete shadow figure and disappeared from the place.

Yun Lintian suddenly felt a powerful force coming behind, but this attack was too fast. He couldn't even have time to react and was struck heavily, sending him flying away before landing on the ground.

When Yun Lintian raised his head and tried to get up, he discovered a sharp, cold blade was already placed around his neck as he heard Yun Meilan's stern voice. "Got you."

A wry smile appeared on Yun Lintian's face, and he raised both arms. "I surrender."

Yun Meilan retracted her blade and pulled Yun Lintian up. "What kind of your new ability?"

Yun Lintian patted the dust out of his clothes while replying. "Since the last time I tried to combine The Sun, The Moon, and The Thunder together, I suddenly got inspiration about this. Instead of utilizing profound energy and transforming it into any attributed energy as everyone does, why don't I use my eye's ability to convert it directly? At the same time, I can also use other techniques by utilizing profound energy normally with my hands."

Yun Meilan thought for a moment and nodded her head. "This is really convenient and more effective."

At this moment, Hongyue's voice rang out from a distance. "What are you proud of? It's an ordinary ability that comes with the second level of Primordial Beyond Heaven Scripture. You should have realized this a long time ago."

Yun Lintian's face twitched slightly. Why didn't he know about this before? There was nothing written in the scripture.
