

Myth Beyond 581

Chapter 581 Unexpected Guest

A week had already passed by in a blink of an eye since the Black Jade mine's incident. With Zhou Qingyu's "leaking news" operation, the current Black Jade Island was filled with various forces from all over the world, led by the Myriad Pill Palace.

During this period, Yun Lintian didn't go out much as he was aware of his own situation. As the last person that came into contact with the Scarlet Soul Emperor, he was naturally being sought out.

However, Yun Lintian knew that it won't be long before they found him. With the influence of the Myriad Pill Palace, it was difficult for Zhou Qingyu and Lei Feifei to protect him.

Knock! Knock!

While Yun Lintian was leisurely reading a book in his room, a knocking sound rang out in the door direction. He didn't think much and went to open it.

Two middle-aged men in white with oppressing auras appeared before Yun Lintian. They briefly scanned Yun Lintian from head to toe, and one of them asked. "Are you Mu Chen?"

Yun Lintian frowned slightly and asked. "Who are you?"

"You don't need to know. Come with us. Our Master wants to see you." The middle-aged man said calmly.

Even though he had expected this beforehand, Yun Lintian didn't expect these people would be so rude. He stared at them for a moment and smiled. "What if I don't go?"

Another middle-aged man with a muscular build said coldly upon hearing this. "You have no choice. Do you think Zhou Qingyu and Lei Feifei can protect you?"

Yun Lintian was puzzled inwardly as he didn't know which force these two came from. He shook his head and said. "No, I had never counted on them."

"It's good that you know. Hurry up and come with us." The strong-built middle-aged man snorted coldly.

"Big Brother Yun, I can feel the lightning energy in them." Linlin suddenly sent a sound transmission to Yun Lintian as she stared at the two middle-aged men curiously.

Hearing this, Yun Lintian seemed to guess something. Were they coming from the Divine Thunder Palace?

Seeing Yun Lintian didn't move, the strong-built middle-aged man made a grasping motion. The space around Yun Lintian immediately compressed, completely sealing him.

Yun Lintian's eyes flashed with a cold glint. Since the opposite party intended to use force, there was no need for him to be polite. An ice-blue radiance instantly burst out of Yun Lintian's body, letting him avoid the space confinement.

The eyes of the two middle-aged men narrowed slightly as they perceived an immense ice profound energy that could easily surpass any Saint Profound practitioner coming out of Yun Lintian. It was clearly impossible for a young man at the seventh level of Heaven Profound Realm to have this level of strength.

The strong-built middle-aged man stepped forward and stuck his palm covered with dazzling lightning out toward Yun Lintian. However, he soon discovered his entire arm was actually turned into an ice sculpture. No matter how hard to try to get rid of the frost, it was totally useless.

Another middle-aged man on the side seeing the situation was not good. He didn't care anymore and pointed his finger at Yun Lintian. "Lightning Blade!"

Instantly, a sharp lightning blade appeared on the tip of his finger, ruthlessly slashing toward Yun Lintian.

Seeing this scene, Yun Lintian's eyes narrowed slightly. He immediately retreated at lightning speed and stomped one foot on the formation's eyes beneath him.

In that instant, a powerful force enveloped the whole room, extending toward the hallway. The lightning blade slashing at Yun Lintian abruptly collided with an invisible wall and utterly vanished.

The two middle-aged men realized they had just made a huge mistake. They quickly reacted by charging at Yun Lintian, aiming to grab him before the latter could control the formation.

Yun Lintian made a few complicated hand-seals, and the entire room seemed to freeze instantly. The movement of the middle-aged men became sluggish. Their speed dropped by half, and Yun Lintian could easily escape their grasp.

After avoiding the middle-aged men, Yun Lintian clapped his hands together, and countless sword profound lights immediately appeared in the air, pointing their sharp points at the middle-aged men.

"Goodbye." Yun Lintian said coldly, and all the sword profound lights swiftly bombarded the middle-aged men in all directions.

Puff! Puff!

Because of the strong suppression from the formation, the two middle-aged men couldn't avoid the sword profound lights as they had imagined. Their bodies were instantly covered with deep wounds, blood gushing out like a fountain. If this continued further, they would definitely lose their life here.

As Yun Lintian was about to finish the opponents, he felt a chill running down his spine and instinctively executed the Shadow Step.

Boom!

A thick golden lightning bolt descended out of nowhere, piercing the formation, and landed on Yun Lintian's original position, leaving a massive crater in the ground.

Yun Lintian reappeared in the hallway and looked at the crater in a cold sweat. This was the first time he encountered such a powerful lightning attack. What surprised him the most was it could easily pass through his formation. What kind of strength was that?

Clap! Clap! Clap!

A loud applaud suddenly resounded from a distance, causing Yun Lintian to look in that direction, and he saw a handsome man appear at the end of the hallway. This person was clad in a luxury golden robe. His entire body exuded lightning energy that was so pure, almost similar to Linlin's.

As he moved closer, Yun Lintian could see this person's face clearly. He had a heroic, handsome face with a prominent jawline. There was a lightning symbol between his brows. Yun Lintian felt this was highly familiar, as if he had seen it somewhere before.

The man halted his track several steps away from Yun Lintian and smiled. "I didn't expect my sister's vision to be this good. You are indeed worthy of the price she paid."

Yun Lintian's brows raised slightly. "Your sister?"

The man laughed slightly and said. "Let me introduce myself. My name is Lei Zhenxiang. I am your Sister Lei's elder brother."

Yun Lintian's eyes widened open in astonishment. The person before him was no other than the current Divine Thunder Palace Master! Why did he come here personally?

Chapter 582 Lei Zhenxiang's Solution

"Your name is Mu Chen, right? Since you called Feifei a sister, you can call me Brother Lei." Lei Zhenxiang said with a friendly smile. One could see that his voice was heartfelt.

He glanced at the two miserable figures and said softly. "Go back and recuperate well."

The two middle-aged men suppressed the injuries and replied with serious expressions. "Yes, Palace Master." Following that, their figures vanished from the spot.

Lei Zhenxiang turned to Yun Lintian and said. "I'm sorry for doing this. I just want to see why my sister values you so much. I understand it now... Honestly, you are the most talented youth I have ever seen so far." He paused for a moment and patted his forehead. "Ah, my bad. Shall we find a good place to talk?"

Yun Lintian recovered from the initial shock and cupped his fists. "Greetings, Palace Master Lei."

Lei Zhenxiang waved his hand and said with a smile. "Didn't I tell you? You can call me Brother Lei."

Yun Lintian hesitated briefly and said. "Brother Lei."

Lei Zhenxiang nodded his head in satisfaction and made an inviting gesture. "Let's go."

Yun Lintian slowly followed Lei Zhenxiang out of the building while countless possibilities kept flashing in his mind. He didn't know why Lei Zhenxiang came to the island by himself. Even if he wanted to compete for the Black Jade mine, he could leave this matter to his subordinates. Perhaps it was because he cared about Lei Feifei?

"Big Brother Yun. I can feel a trace of the White Tiger bloodline from him." Linlin said while staring at Lei Zhenxiang curiously.

"What!? Are you sure?" Yun Lintian was stunned. According to the information he got, there was no connection between the Divine Thunder Palace and the White Tiger God. How could Lei Zhenxiang possess the White Tiger bloodline?

"Yes. But the bloodline in his body is extremely faint. I believe his bloodline comes from several rounds of mutations. It's diluted to the point it can't be called the White Tiger God bloodline." Linlin explained.

"I see." Yun Lintian looked at Lei Zhenxiang thoughtfully.

Soon, Lei Zhenxiang led Yun Lintian to a luxury private room in Zhou Qingyu's building. He motioned Yun Lintian to sit down and asked. "Do you want tea?"

Yun Lintian sat down and politely replied. "Thank you."

Lei Zhenxiang smiled and poured a cup of spirit tea for Yun Lintian. After taking a sip, he said. "You might wonder why I came here by myself. In fact, I'm not interested in the mysterious figure you have encountered. I simply worry about my sister. The Myriad Pill Palace has been getting more domineering in recent years. I'm afraid Feifei would face a calamity."

Yun Lintian listened calmly. He still couldn't figure out why Lei Zhenxiang came to him.

Lei Zhenxiang seemed to see through Yun Lintian's thoughts. He put the teacup down and said. "When I heard Feifei has recruited a new guest elder at a high price, I was curious about you and secretly checked your background before coming here. According to the report, you seemed to appear out of nowhere a few weeks ago. I'm afraid that Feifei might be deceived. That's why I have to see you by myself. Please understand this."

Yun Lintian nodded and smiled faintly. "I understand... Then what is Brother Lei's evaluation of me?"

"I think Feifei really got deceived." Lei Zhenxiang paused for a moment and stared straight into Yun Lintian's eyes. "Your true strength should be rivaled that of the early-level Monarchs. Am I correct?"

Yun Lintian's eyes turned sharp. He didn't shy away and stared back at Lei Zhenxiang before saying. "Brother Lei thought of me too highly. I merely borrowed the formation's power to suppress your people earlier. If I truly encountered them on the outside, I won't dare to fight them head-on."

"Come on. No need to lie to me, Little Brother Mu." Lei Zhenxiang chuckled. "Being low key is good. But as a practitioner, aren't we supposed to go against heaven and destroy everything along the path? How could you do that without exposing your true self?... Trust me. There will be a day you can no longer stay low. At that time, you will understand what I said today."

Yun Lintian's brows perked up a little. He understood Lei Zhenxiang's point, but he still believed in his own way. Naturally, he wouldn't stay low-profile throughout his life. He just wanted to ensure that he had sufficient power to protect himself and everyone around him first before exposing himself.

"I heard that this plan was proposed by you. Don't you think this will make you a target?" Lei Zhenxiang asked. Since Yun Lintian intended to stay low, why did he come up with this news leaking plan?

Yun Lintian smiled wryly. "Even if I didn't come up with this plan, being a target is inevitable. Don't forget that I was the last person who saw that scarlet man."

Lei Zhenxiang touched his chin with a thoughtful expression. Before coming here, he had a rough understanding of the whole situation. He didn't expect Yun Lintian to be the last person to see the mysterious figure. In this case, it was impossible for him to avoid becoming the center of attention.

"How about this?" Lei Zhenxiang suddenly said. "I will announce to the world that you have decided to join my palace. With this, no one dares to plot against you. Even Du Huanfeng has to think carefully."

Yun Lintian was surprised to hear this. He and Lei Zhenxiang hadn't come into contact for more than an hour, yet Lei Zhenxiang actually wanted to shelter him. It would be a lie if Yun Lintian wasn't tempted.

However, he had to think about it carefully first. There were pros and cons of tying himself with the Divine Thunder Palace. Not to mention the conflict between him and Lei Jun.

Lei Zhenxiang could guess what Yun Lintian was thinking more or less. He said with a reassuring smile. "You don't have to worry. You don't have to take any responsibility for anything related to my palace. I just want to shelter you on Feifei's behalf."

Chapter 583 Sister And Brother Face Each Other

,m Yun Lintian went silent for a long time, thinking about whether he should accept Lei Zhenxiang's proposal. It was a good deal, in fact. He didn't need to worry about being surrounded by various forces. As for the future, he would eventually return to the Northern Continent. At that time, he didn't think they would still care about him.

Yun Lintian took a deep breath, looked at Lei Zhenxiang, and said. "Thank you, Brother Lei. I will gladly accept your kindness."

"Alright. Leave it to me." Lei Zhenxiang smiled in satisfaction.

Bang!

As Lei Zhenxiang's voice fell, the door was suddenly pushed open, and Lei Feifei immediately barged into the room. Her face was full of anger as she stared at Lei Zhenxiang. "Who told you to meddle with my business?"

Facing his younger sister's wrath, Lei Zhenxiang didn't seem to mind as he smiled gently with his face filled with rare tenderness. "Long time no see, Feifei. You've grown beautiful again."

"Cut the crap!" Lei Feifei said coldly. She glanced at Yun Lintian and then at Lei Zhenxiang. "What's your purpose?"

Lei Zhenxiang stared at Lei Feifei for a moment and sighed softly. "It's my fault for coming here without telling you first. But I want you to understand my concern about you. Do you think Du Huanfeng is easy to deal with? Do you know he has already dispatched Seven Myriad Pill Guardians?"

Lei Feifei's expression changed drastically. The Seven Myriad Pill Guardians were a group of powerful experts, similar to the Thunder Guards of the Divine Thunder Palace. On a normal occasion, they would never appear to the public. It could be seen how determined Du Huanfeng was to take this island.

Nevertheless, Lei Feifei still snorted coldly and said. "It's none of your business."

Lei Zhenxiang was sad when he heard this. He let out another long sigh and said. "I know you are still angry about what happened in the past. No matter how I try to explain, you would never forgive me. However, I want to say this one last time. I was really unaware of the conspiracy against Second Mother at that time. I was burying myself in the grief of our elder sister's departure. When I came back to my sense, Second Mother had already fallen in their hands."

"Shut up!" Lei Feifei roared, and countless lightning sparks immediately appeared around the room.

Lei Zhenxiang did not faze. He stared straight at Lei Feifei and continued. "I have already killed those who harmed Second Mother back then. As for Lei Baiyu, I need more time. After all, he isn't easy. His foundation within the palace is too solid more than I had imagined.... Please believe me. I am trying my best."

Lei Feifei's brows raised slightly. She didn't expect Lei Zhenxiang was aware of Lei Baiyu. She always thought her elder brother was blind all this time.

Lei Feifei didn't want to continue this topic and said. "Why did you find him?"

Lei Zhenxiang was relieved upon hearing this. It seemed Lei Feifei didn't completely hate him. He smiled and explained. "It's like this. I'm afraid that you would be deceived by him. Hence, I have to check on him by myself. Before Lei Feifei could say anything, Lei Zhenxiang added. "Everything is fine now. I have offered him a shelter, and he already accepted it."

"You?" Lei Feifei was taken aback and turned to Yun Lintian.

Yun Lintian nodded his head gently and explained. "It's indeed the case, Sister Lei. Brother Lei will announce to the outside that I have joined the Divine Thunder Palace... It's only by a name."

Lei Feifei suddenly pointed at Yun Lintian and trembled in anger. "You!... ah... You don't know him well."

Yun Lintian gave a calm smile. "This is the best solution. I believe Sister Lei is also aware of this point."

Lei Feifei glared at Yun Lintian for a while and retracted her power. "Fine. You can do whatever you want."

Lei Zhenxiang and Yun Lintian subconsciously glanced at each other and smiled.

When Lei Feifei saw this scene, the anger about to diminish suddenly exploded out again. She felt as though someone was stealing her favorite food away. "Really good, Mu Chen! You ditched me for someone you haven't known for more than an hour! You ungrateful bastard!"

Yun Lintian was stunned for a moment. What the hell? Didn't you just say I can do whatever I want?

Lei Zhenxiang let out laughter. "Haha! You can blame us, Feifei. We are men, after all. We naturally have a better affinity."

Lei Feifei gritted her teeth as she glared fiercely at Lei Zhenxiang. She snorted coldly and said. "Since you decided to shelter him, I hope you can do your best. Don't let me find out later that you did it with your sloppy effort."

Lei Zhenxiang had a weird look on his face as he asked. "Why are you caring about Little Brother Mu so much, Feifei?... Don't tell me you are...." As he spoke to this point, a meaningful grin appeared on his face.

"Shut up!" Lei Feifei was furious. "He's an important member of my Black Wing group. In the future, he will become a powerhouse and bring the group to the peak of this world. It's normal for me to take good care of him."

Lei Zhenxiang nodded his head, but his expression said it all. He didn't believe it in the slightest. "Alright, alright. I just teased you a bit. Why are you so angry?"

"Hmph!" Lei Feifei snorted and sat down beside Yun Lintian before angrily pouring herself a cup of tea and drinking it in one go.

Seeing this, Lei Zhenxiang couldn't help smiling in a good mood. It had been a long time since he saw Lei Feifei's adorable side. He glanced at Yun Lintian and thought that Lei Feifei had changed a bit because of this young man. It seemed he had to treat Yun Lintian better in the future. Who knows? Perhaps he would become his brother-in-law in the future.

Chapter 584 Convincing Lei Zhenxiang

Lei Feifei put the teacup down with a bang. She turned to Yun Lintian and said. "Oh right. Zhiyin told me that Du Huanfeng had told her to watch your movement. He's likely to send someone to catch you soon."

Yun Lintian's expression didn't change in the slightest. He wasn't afraid of Du Huanfeng's trick. As long as he stayed in the formation, he was confident to take down whoever he sent.

Lei Zhenxiang frowned slightly. "I will arrange it as soon as possible."

Yun Lintian spoke in a calm manner. "There's no need to hurry, Brother Lei... Why don't we take this chance to catch Du Huanfeng off-guard?"

Lei Zhenxiang's eyebrows perked up slightly. "Oh? What's Little Brother Mu's plan?"

"First of all, I want to ask Brother Lei something." Yun Lintian said. "Who do you think Du Huanfeng will send over?"

Before Lei Zhenxiang could answer, Lei Feifei spoke first. "If I'm not mistaken, Du Huanfeng had never witnessed your true power once. Am I right?" Seeing Yun Lintian nodding his head, she continued. "So, he needs to gauge your strength first. However, with his cautiousness, I think he's likely to send at least two of his guards to take you away."

Lei Zhenxiang spoke in agreement. "It's likely to be the case. Aside from Du San, the other three guards are not inferior to any of Black Wing's elders."

As Lei Zhenxiang spoke halfway, he suddenly perceived a murderous glare coming from Lei Feifei, making him shut his mouth immediately.

Lei Feifei snorted coldly. "Hmph! Are you telling me that my people are weak?"

Lei Zhenxiang hurriedly shook his head. "No, no. I didn't mean that...."

"Then what do you mean?" Lei Feifei glared at her brother as if she wanted to eat him alive.

Lei Zhenxiang opened his mouth and did not know what to say. He sighed softly and gave up on clarifying.

On the side, Yun Lintian had a strange expression as he watched the siblings bickering. He could feel that Lei Feifei didn't seem to hate Lei Zhenxiang as much as he had imagined.

Lei Feifei noticed Yun Lintian's gaze. She turned to him and said. "Don't get me wrong. My hatred for him is still there. I am merely waiting to see him doing what he said."

Yun Lintian gave an imperceptible nod of his head as he didn't have a further comment regarding this matter.

A helpless smile appeared on Lei Zhenxiang's face as he said. "This matter takes time. You have to be patient."

"Hmph!" Lei Feifei didn't bother to say anything further. Her dissatisfied expression had explained everything.

Yun Lintian returned to the topic. "Presumably, Du Huanfeng did indeed send these two people over. How much impact can we cause to him if we managed to kill them?"

Lei Feifei was the first to answer. "Those two people are not important as you think, even though they are genuine tenth-level monarchs."

Lei Zhenxiang added. "Losing them won't cause much impact on Du Huanfeng. The Myriad Pill Palace doesn't lack high-level monarchs. They have countless resources to cultivate them."

"So, we probably don't get anything in return. On the contrary, this will cause a conflict between the Divine Thunder Palace and them when you announce it later." Yun Lintian said with a thoughtful expression. It seemed the initial plan he thought was useless now.

"It doesn't matter. My Divine Thunder Palace isn't afraid of anyone." Lei Zhenxiang said calmly. Yun Lintian could perceive the pride and arrogance in his voice.

Yun Lintian thought for a moment and asked. "What if he sent one of the Seven Myriad Pill Guardians over?"

"It will certainly cause a great impact not only to Du Huanfeng but also to the Myriad Pill Palace directly... However, the chance is slim. They naturally have their own pride. To make them doing this odd job is akin to insulting them." Lei Zhenxiang expressed his opinion.

This time, Lei Feifei had also nodded her head in agreement. It was almost impossible for any of the Seven Guardians to personally take action.

? Hearing this, an idea immediately formed in Yun Lintian's mind. He looked at Lei Zhenxiang and said with a mysterious smile. "Then I will have to trouble Brother Lei waiting for a while."

Lei Zhenxiang and Lei Feifei glanced at each other and seemed to guess something. Lei Feifei said with a frown. "What are you going to do?"

Yun Lintian responded. "Since they won't come out easily, I will force them."

Strange lights flashed across Lei Zhenxiang's eyes. The time he came into contact with Yun Lintian was short. He didn't expect this young man to have such big courage. This made his curiosity grow further. What kind of background did this man possess?

"This is too dangerous. Compared to the guards around Du Huanfeng, each of the Seven Myriad Pill Guardians can easily restrain Elder Lei Jin. I don't think you can handle them even with the help of the formation." Lei Zhenxiang frowned.

"That's why I need Brother Lei's help." Yun Lintian replied with a smile.

Lei Zhenxiang immediately fell into contemplation. Killing Du Huanfeng's ordinary guards and killing the Seven Myriad Pill Guardians were entirely different. He didn't think it was worthwhile to offend the Myriad Pill Palace too hard.

"You don't dare?" Lei Feifei sneered upon seeing Lei Zhenxiang's hesitation.

Lei Zhenxiang shook his head. "It's not that I don't dare, but the current situation of our palace is not suitable to get into a conflict with them. You should know that it's an entirely different matter between killing Du Huanfeng's guards and those seven old monsters."

"Just admit it that you're a coward. Why so many excuses?" Lei Feifei didn't care about Lei Zhenxiang's reason at all.

Lei Zhenxiang shook his head helplessly and turned to Yun Lintian with a serious expression. "It's not a problem to help you. However, are you sure you want to do this? This will make you become a mortal enemy with Du Huanfeng or even with the Myriad Pill Palace. At that time, it will be difficult for me to protect you."

Chapter 585 Lei Zhenxiang's Decision

Yun Lintian shrugged as he replied. "Am I not one now? Whether I do this or not, Du Huanfeng will never let me go. So, why don't we take this chance to weaken the Myriad Pill Palace? I am sure other palaces are also disliked them."

Lei Zhenxiang was naturally aware of this point, but as a palace master, he must consider many things. The reappearance of the Poison Valley was one of them. Not to mention he had to deal with Lei Baiyu. Adding the Myriad Pill Palace to the list was undoubtedly not a wise choice.

However, when Lei Zhenxiang saw his younger sister's dissatisfied gaze, he could only sigh inwardly. Looked like he couldn't refuse this.

Lei Zhenxiang thought for a moment and said. "Fine. Let's do it."

"Hmph! Wasted so much time." Lei Feifei snorted and glared at Lei Zhenxiang.

"Thank you, Brother Lei." Yun Lintian was happy. There couldn't be a better situation than this.

"Tell me your plan." Lei Zhenxiang somehow felt he had just made the worst decision in his life.

Yun Lintian nodded and began to explain his idea to Lei Zhenxiang and Lei Feifei.

In Du Huanfeng's room, two white-haired old men in white were sitting calmly opposite Du Huanfeng. They did not exude any profound energy aura, yet everyone who saw them would feel an unexplainable sense of danger.

"Sorry for interrupting your rest, Sixth Uncle, Seventh Uncle. Huanfeng is helpless against this." Du Huanfeng lowered his head politely. To be able to make Du Huanfeng treat them respectfully, the identities of these two weren't simple at all.

The old man with a pagoda-shaped symbol between his brows smiled amiably as he said. "No need to say that. Helping nephew is our duty."

Another old man with a red star-like symbol on his forehead added. "That's right. Nephew did a good job this time. Who would believe that there is a divine figure hiding in this place? Perhaps other secrets are waiting for us to unravel here."

"Speaking of this, where's the little boy you're talking about?" The old man with the pagoda symbol said. He was Sixth Uncle in Du Huanfeng's words. His other identity was one of the Seven Myriad Pill Guardians.

Another old man, Seventh Uncle, glanced at Du San and the other three elders behind Du Huanfeng and said in dissatisfaction. "Why don't you capture him yet?"

Du San and the other three elders were covered in cold sweat instantly. As Du San was about to explain, Du Huanfeng spoke first. "Please do not blame them, Seventh Uncle. This Mu Chen has a special identity waiting for us to confirm it first. What's more, Lei Feifei and Zhou Qingyu protect him like their own son. It's difficult for us to take action."

Seventh Uncle clicked his tongue in dissatisfaction as he said in contempt. "With just them? How could they dare to go against us? That Zhou Qingyu is a mere little girl with no real power. As for Lei Feifei, it's true that she's Lei Zhenxiang's younger sister, but she didn't have any support from the Divine Thunder Palace. As long as we leave a trace of lifeforce within her, no one would dare to say anything."

Du Huanfeng smiled faintly and gave no comment on this matter. His Seventh Uncle didn't have a good temper. If it was as easy as he said, why would Du Huanfeng have to call him out?

"Relax, Little Seventh. Our nephew is so smart. Do you think he didn't know about this? There must be another reason. Let's hear him out first." Sixth Uncle reprimanded Seventh Uncle slightly. He turned to Du Huanfeng and said. "Let's talk about his special status."

Du Huanfeng nodded and explained. "This Mu Chen claimed to be Mu Qiuxue's disciple. He once told me that he and Mu Qiuxue lived in Heavenly Cloud Mountain for all these years...."

"Impossible! No one can enter that place." Seventh Uncle interjected.

Meanwhile, Sixth Uncle didn't say anything, but his silence had expressed the same opinion as Seventh Uncle. Everyone in the Central Continent knew that no one had ever successfully entered Heavenly Cloud Mountain before. Why would Mu Qiuxue be different from others? He simply didn't believe it.

Du Huanfeng didn't get angry after being interrupted. He calmly said further. "I placed the order on the Star Pavilion to investigate this last week. The result surprised me greatly. According to their intelligence, there was a strange movement on the barrier around the mountain in the past ten years. There's a high chance that someone has entered the place."

Sixth Uncle and Seventh Uncle glanced at each other in surprise. They had been practicing in seclusion for the past twenty years. Hence, it was normal that they had never heard about this news before.

"Heavenly Cloud Mountain and now this place. It seems I have missed a lot of things during these years." Sixth Uncle sighed softly.

Seventh Uncle nodded his head in agreement. "Yeah... Let's tell big brother about this."

Sixth Uncle motioned with his chin, indicating that Seventh Uncle could do it. The latter took his transmission jade out and began to report the news. A while later, a dignified voice rang out from the other side. "I'll send someone to check it out. You two can stay with our nephew. Do not let him down, understand?"

Sixth Uncle and Seventh Uncle hurriedly replied in unison. "Understood, big brother!"

After putting the transmission jade away, Seventh Uncle said. "Whether he's truly a disciple of Mu Qiuxue, we will find out when he caught him." He turned to the three elders behind Du Huanfeng and said further. "You three go capture him. Kill whoever is trying to protect him. Our Myriad Pill Palace isn't afraid of offending anyone, understand?"

The three elders accepted the task readily. "We understood!" Following that, they quickly walked out of the room.

At this moment, Sixth Uncle asked. "Leave this matter to them. Now, let's talk about the divine figure. What's he look like?"

Chapter 586 Bait Taken

Another day passed by. The atmosphere on Black Jade Island became abnormally lively as countless people kept pouring in. Various businesses flourished as they had never seen before. All the accommodations were filled up instantly. Those who came late had no way of finding a room. They could only wander around the streets and find a random place to settle in.

However, those with some insights could obviously feel the storm was brewing under this bustling atmosphere. They believed it won't be long before something big happened.

On a relatively remote beach, Yun Lintian was leisurely lying on a beach chair, basking in the sun with Linlin. He didn't seem to care about the situation he was in right now.

Yun Lintian took a sip of coconut water and sighed softly. "The coconut in this world is so delicious. Should I open a beverage business?" As he spoke this, he gently fed Linlin with it, and the latter took a sip happily.

"While everyone is busy practicing, you are actually enjoying the beach? I'm not surprised why you're so weak." Hongyue's voice suddenly resounded in Yun Lintian's mind.

Yun Lintian rolled his eyes and said. "Can't you see? I'm doing my job right now."

"Really? What a leisure job you have there." Hongyue sneered and unbothered to care about Yun Lintian further.

Yun Lintian laughed slightly and spread his Spiritual Sense out to check the surroundings. He deliberately came here to give Du Huanfeng's people a chance. However, perhaps it was too obvious. That was why no one came after him until now.

Just as Yun Lintian was about to retract his Spiritual Sense, a sense of danger suddenly arose within his heart. He had no time to think further. He instinctively picked Linlin up and executed the Shadow Step.

Boom!

In that instant, the area where Yun Lintian was there earlier abruptly exploded, creating a massive crater in the sandy ground. If Yun Lintian was a second slower, he would undoubtedly be half-dead by now.

Yun Lintian reappeared several meters away and raised his head to look at the sky. He saw three men in black clothes covering from head to toe staring at him with a trace of surprise in their eyes. They probably didn't expect Yun Lintian to have such a fast reaction.

"Who are you?" Yun Lintian pretended to ask.

The three men didn't say anything. They spread out, sealing Yun Lintian's escape route, and prepared to capture him.

Yun Lintian's face turned cold. He stomped the ground underneath him, fully activating the formation he had prepared. In the next moment, a thick blue barrier quickly formed into a large dome, covering the entire beach.

The three men in black looked at the barrier briefly and discovered it was actually an isolating barrier instead of a killing formation. They immediately understood. Yun Lintian had been waiting for them to show up all this time.

"It seems you're prepared... However, no one won't be able to help you." One of the three men, who seemed to be the group's leader, said calmly. Before coming here, they used some means to restrain Zhou Qingyu and Lei Feifei. Hence, Yun Lintian was all alone now.

Yun Lintian's face sank upon hearing this. His brows knitted together, appearing as if he was in peril.

The leader noticed the change in Yun Lintian's expression and let out a cold sneer. He sent a signal to the other two, and they immediately charged at Yun Lintian altogether.

They didn't notice that the moment they moved, the distress on Yun Lintian's face had vanished and was replaced with a cold smile.

Under the tightly locked Spiritual Sense of the monarchs, Yun Lintian tapped his right foot on the ground slightly. In that instant, a powerful aura burst out from all directions, accompanied by several terrifying bolts of lightning that struck down the three men in black.

The expressions of the three men underneath the black veils changed drastically. They hurriedly conjured profound defense around their bodies, trying their best to fend off the lightning bombards.

Yun Lintian quickly made a few complicated hand seals, and countless sharp profound lights immediately filled the space before ruthlessly shooting at the three.

"We've underestimated him!" One of the three shouted with a grimace. They were naturally aware of Yun Lintian's monstrous formation profound talent. They had carefully inspected the surroundings before making a move, but they didn't see anything except the isolating formation. How could Yun Lintian hide these killing formations from their monarch's perception!?

What they didn't know was Yun Lintian's formation profound art was entirely different from the one they knew. Whether it was the rune inscribing method or arranging method. Everything was on another level. Their perception alone might not be able to detect it if Yun Lintian wanted to conceal it completely.

The leader stared at Yun Lintian gloomily. Although these killing formations weren't enough to kill him, delaying him was inevitable. As long as Yun Lintian continued to keep them busy, Zhou Qingyu and Lei Feifei would definitely come to rescue him in time.

Thinking of this, his eyes flashed with fierceness. The surrounding air was violently torn apart as his figure shot out like lightning, straight at Yun Lintian. The profound lights and lightning bolts could not catch up with his speed.

"Die!" The leader sent out a punch at Yun Lintian's belly, aiming to cripple him.

Feeling the tremendous pressure coming toward him, Yun Lintian wasn't panicked. His body swayed slightly and disappeared from the spot, leaving an afterimage behind. With his current strength, fighting the tenth-level monarch head-on was no different from committing suicide.

At the same time, Yun Lintian's profound energy burst out, forming into four water swords around him before shooting toward the leader under his command.

Boom!

The leader punched the afterimage, causing the beach behind to explode. Perceiving the four water swords coming, he snorted coldly, and brightly red flame abruptly appeared in front of him, forming into a large shield.

The water swords directly hit the flame shield and seemed to stop on the spot. The leader sneered and was about to launch a counterattack. His pupils suddenly shrank as he saw the four water swords silently penetrate his flame shield and go straight at his chest.

Puff!

Chapter 587 Frightening Power

"What...!?" The leader trembled as he was penetrated by the four water swords. A wave of coldness quickly spread throughout his body, sealing his profound entrances one by one at lightning speed.

The leader panicked and hurriedly mobilized his profound energy, trying to get rid of the coldness. In the next moment, he discovered he couldn't even resist it... What the hell was this?

While the leader was shocked, Yun Lintian didn't let this opportunity go. He controlled the formation and sent several bolts of lightning and sword profound lights at the leader.

Bang! Bang!

With the combination of the two deadly attacks, the leader could not withstand any further. His body immediately transformed into a sieve, and blood splattered like a fountain.

At the level of Monarchs, one's body was as tough as rock, and their vitality was extremely strong as well. Even if their bodies were to be severed into several parts, they could still maintain a short period of consciousness, and their profound energy would take even longer before being slowly dispelled.

However, the leader couldn't even utilize his profound energy under the seal of the water swords. His current body was only slightly better than ordinary people. There was no way he could defend against the high-level killing formation's attacks.

Thud!

The leader fell to the ground, motionless. His consciousness gradually blurred while his eyes widely opened in incredulity. He couldn't believe he would lose his life under the Heaven Profound brat like this.

"Brother!" The other two men were shocked. They couldn't get rid of the bombard and could only watch their leader dying.

Yun Lintian always did things in a swift manner. He didn't care about the two men and came directly to the leader's side before raising his palm and smashing at the latter's head.

"Don't!" The two men were desperate. They gritted their teeth and immediately activated their domains.

Boom!

Yun Lintian successfully killed the leader and discovered the entire space trembled violently. The blazing flame gradually expanded, engulfing all the profound light and lightning bolts.

"It's the domains." Hongyue's voice rang out. "Hehe. Good luck."

Yun Lintian looked at the scene calmly. Usually, monarchs rarely used their domains because it required a lot of profound energy. If they couldn't finish the enemy, they would be in danger instead.

Two flame domains finally filled the space, turning the area inside the isolating formation into hell. Yun Lintian was immediately surrounded by intense scorching heat. He could feel the heat invading his body through his pores.

"I will kill you!" The two men in black exuded immense killing intents. They waved their hands, and the flame around them quickly rolled up into fire dragons, charging at Yun Lintian.

"Freeze!" Yun Lintian didn't hesitate further and utilized The Moon's power.

Crack! Crack!

Blue light spread amidst the sounds of ice congealing as it slowly sealed away the surrounding flames in ice. When the sound of ice congealing had stopped, the entire world seemed to have gone quiet in an instant.

p The two men in black stared at their domains, becoming a frozen world in deep shock. Their mouth widely opened, the same went with their eyes. They couldn't believe such a power existed in this world.

"You...What are you!?" One of them looked at Yun Lintian in horror. Throughout his life, he had never seen anything like this before. Even the renowned Frozen Moon Palace Master, Han Bingling, might not have such exaggerated strength.

Yun Lintian didn't say a word. His figure blurred and reappeared beside the man before sending out the Dragon Fist. A deep blue-ice virtual dragon instantly appeared, followed by a deafening dragon's cry, and went straight at the target.

Boom!

Although the man in black was shocked, he was still a genuine tenth-level monarch. His reaction was extremely fast and conjured profound defense to block the ice dragon timely.

However, before he could make a move, Yun Lintian had appeared behind him in a ghost-like manner and sent out another punch at his head. This time, a virtual lightning dragon appeared, opened its mouth wide, and took a bite at the man's neck.

The man's face was ghastly pale as he saw the lightning dragon's mouth drawing closer. His mind was in a mess because of the discovery. Yun Lintian was a dual attribute practitioner!

Another man saw this scene. His mind was immediately blown away by the shock. He couldn't believe his eyes that Yun Lintian was proficient in both ice and lightning attributes. When he returned to his senses, his comrade had already been bitten by the lightning dragon.

"Arghh!" The man bitten by the lightning dragon let out a shrill scream as his entire body was electrocuted by golden bolts of lightning. His flesh and skins gradually turned black as a pungent burning smell filled the air.

Yun Lintian didn't let this chance go. He created two water swords and stabbed directly in the man's head and abdomen area.

Puff!

Blood gushed out of the man's body and turned into bloody smoke by the extremely high voltage lightning. The man struggled a few times before his entire body drooped down and fell from the sky.

Yun Lintian didn't even take a look at the lifeless body. He turned to the last man, who was floating in the air and looking at him stupidly. "It's your turn next."

The last man came back to his sense. His face was pale as a white sheet, filling with terror. A long crimson spear quickly appeared in his hand as he pointed it at Yun Lintian, and he shouted. "Go to hell!"

The crimson spear was suddenly covered with a crimson flame. The crimson aura around the man's body intensely surged. Every ounce of energy coming from his profound vein gathered on his two arms as he thrust the spear toward Yun Lintian.

Yun Lintian was instantly surrounded by immense pressure, making him unable to move. His face sank as the White Dragon Spear silently appeared in his hand. He had no choice but to take his weapon out now!

Chapter 588 Linlin's Move

The instant the White Dragon Spear appeared in Yun Lintian's hand, his temperament changed drastically. His entire body exuded a dragon's might, causing the man in black to startle for a moment.

"AHH!!!" The man loudly roared as if he was venting out, to the point where his throat had instantly turned hoarse. He refused to believe he couldn't kill Yun Lintian with this ultimate move.

The man grabbed the spear tightly. His face was darkened, looking like a ferocious beast which had been completely enraged as he charged toward Yun Lintian with a wild roar. The crimson flame around him twisted, forming into nine colossus flame pythons, opening their mouths wide at Yun Lintian.

Yun Lintian's complexion turned solemn. The flame pythons were emitting an unbearable scorching heat, making him feel as though every moisture in his body had vaporized instantly. He quickly released blue-ice profound energy as his eyes lit up with deep blue light.

However, before Yun Lintian could make a move, Linlin suddenly jumped out of his shoulder and rolled a few times in the air before transforming into her true form.

"Leave it to me, Big Brother Yun!" Linlin said. Countless golden lighting sparks were revolving around her, causing the nine flame pythons to slow down.

Although the man in black was shocked, he didn't stop charging at Yun Lintian. He firmly believed this giant tiger was nothing more than a slightly above-average profound beast. Incomparably rich crimson light burst out, instantly swallowed the space, and completely engulfed Yun Lintian and Linlin within.

"Hmph!" Linlin snorted coldly. Several thick bolts of lightning instantly struck the man in all directions.

? The man in black didn't care about the lightning bolts. Within two breaths, he had already arrived before Yun Lintian and lunged his spear toward the latter along with nine flame pythons. "Die!"

Zzzz...Bang!

As the man's crimson spear was about to touch Yun Lintian, the golden lightning bolts descended in a flash. With a booming noise, the crimson spear instantly shattered into pieces as the man's eyes wide opened in extremely shocked... His spear was by no means an ordinary spear. That was the Monarch-rank artifact! But these lightning bolts could actually destroy it so simply.

"Argh!" The man screamed out. The blood vessels in his arms erupted and blood arrows scattered in the air. His body which was leaning forward, was sent flying away.

Linlin didn't let this chance go. Her figure disappeared from the spot and reappeared beside the man. She used her paw to smack the man into the ground before roaring toward the sky as countless thick golden bolts of lightning mercilessly struck down at him.

The man didn't even have time to scream. His monarch body which was extremely robust, immediately turned into ashes with no way to resist it.

Yun Lintian looked at the scene in astonishment. He could clearly see Linlin's attack was far stronger than the Seven Thunder Annihilation formation. Even he, with the help of The Thunder, might not necessarily be comparable to this.

"This is the power of the laws. In this universe, the laws stood above all. You will get a glimpse of it when you enter the Ruler Profound Realm. So, hurry up and practice already." Hongyue's voice resounded.

"Power of laws...." Yun Lintian muttered to himself. He had studied about this before, but he hadn't yet perceived it by himself.

Linlin reverted to her miniature form and jumped onto Yun Lintian's shoulder, looking at him eagerly as though she was waiting for the compliment.

Yun Lintian put the thoughts aside and rubbed Linlin's head. He said jokingly. "Linlin is so strong. Looks like big brother doesn't have to work hard anymore."

Linlin laughed happily and intimately rubbed her face against Yun Lintian's cheek. She was happy to be able to share Yun Lintian's burden.

Yun Lintian put the White Dragon Spear away and looked at the destructive scene for a moment. The isolating barrier had completely blocked everything from the outside world. Hence, even though people perceived the commotion here, they wouldn't be able to see what was happening inside.

Yun Lintian found the three men's storage rings and destroyed their remains before leaving the scene silently.

After Yun Lintian left, several figures appeared at the scene. They were no other than Zhou Qingyu, Lei Feifei, and some onlookers.

The isolating barrier had vanished, revealing the battle scene before everyone's eyes. Looking at the destructive scene, they could easily imagine how fierce the battle was.

"To think that someone dares to cause trouble under my nose." Zhou Qingyu said with an icy expression. The onlookers could see she was extremely furious.

Lei Feifei pretended to look at the scene solemnly while she was relieved inwardly. Before this, she tried her best to persuade Yun Lintian as going against a monarch alone was too risky. The result caused a deep shock to her. It was beyond her expectation that Yun Lintian could deal with three tenth-level monarchs without getting injured... What kind of monster is he?

Zhou Qingyu turned to An Hua on the side and said solemnly. "Find out who is behind this."

"Yes, Island Master!" An Hua accepted the task readily and sealed the battle scene before investigating it.

Zhou Qingyu and Lei Feifei looked around for a moment and left the scene.

"They all dead?" In the room, Du Huanfeng said in surprise. He didn't seem to have any grief upon hearing his guards were dead. On the contrary, he was curious about how Yun Lintian managed to kill them. He didn't believe that Yun Lintian simply relied on the formation. After all, they were genuine tenth-level monarchs we were talking about.

"No matter how powerful his formation art is, it's impossible to kill three monarchs at once. We have underestimated Zhou Qingyu and Lei Feifei this time." Sixth Uncle said with a hint of surprise. He firmly believed Zhou Qingyu and Lei Feifei had secretly made an arrangement to help Yun Lintian.

"Hmph! This trash." Seventh Uncle snorted coldly. Three monarchs died under a junior Heaven Profound Realm's hands. The Myriad Pill Palace would undoubtedly lose its face if this matter spread out.

Chapter 589 Complicated Lie

While the two believed it was an arrangement of Zhou Qingyu and Lei Feifei, Du Huanfeng thought otherwise. Coupled with the fact that Yun Lintian could survive under the Scarlet Soul Emperor while other peak monarchs couldn't, there was a high chance that Yun Lintian did everything alone.

Thinking of this, Du Huanfeng gradually felt the horror of Yun Lintian. He always thought this young man was naive. It turned out it was him that was naive instead.

While he was thinking, a man in black walked into the room and knelt down before Du Huanfeng. "Report, Young Master, our people have confirmed there is indeed a movement on Heavenly Cloud

Mountain. The barrier around that place gradually weakens. From their estimation, it would take another year before it completely disappears."

A trace of surprise appeared on Du Huanfeng's face. After receiving the information from the Star Pavilion, he had sent a group of people to check Heavenly Cloud Mountain. The result had indeed surprised him. Looked like what Yun Lintian said was likely to be true. Perhaps he had lived in that place with Mu Qiuxue before.

"Tell them to pay attention to it closely and report me as soon as possible if there's a movement." Du Huanfeng said.

The man in black accepted the task readily and walked out of the room.

"Nephew, what's your plan?" Sixth Uncle asked. He seemed to see that Du Huanfeng had a different opinion.

Seventh Uncle suddenly said. "Let me go. It's a waste of time if we keep sending others."

Du Huanfeng shook his head and said. "It's not a good idea, Seventh Uncle. We need to investigate this matter first. I'm afraid it's not simple as we thought."

Seventh Uncle frowned in dissatisfaction. "Since when you become so timid, Nephew? This is not like you."

Du Huanfeng smiled faintly. "Think about it, Seventh Uncle. Zhou Qingyu had deliberately leaked the news to the outside world. What's her intention?" He paused for a moment and continued. "Simple. She wants to attract the attention of other palaces. Our Myriad Pill Palace has indeed been gaining momentum recently. However, it doesn't prevent other palaces from competing with us."

Sixth Uncle nodded in agreement. "Nephew is right... I didn't expect the little girl Zhou to be this resolute. It seems she has prepared to lose this island."

"Zhou Qingyu is not simple. Otherwise, she would lose this island a long time ago. What I am curious about right now is what her next plan is. Surely, Heavenly Sword Palace isn't available since they are preparing for the Heavenly Sword Summit... As for Star Gazing Palace, I believe they have already sent people over." Du Huanfeng expressed his opinion.

He looked at the two uncles and said calmly. "It's likely that Lei Zhenxiang is behind this."

"Lei Zhenxiang? He should be busy guarding against Lei Baiyu right now. I don't think he has the energy to pay attention to this. Furthermore, since Lei Feifei left, he had never been in contact with her again. Otherwise, those pirate groups would have been wiped out by him long ago." Seventh Uncle responded.

"It's not necessary. On the surface, Lei Zhenxiang didn't seem to care about his younger sister, but I know that he loves her dearly. This time, it involves several forces. I don't think he would stand still and watch her suffer." Du Huanfeng explained.

"Even so, he shouldn't come here by himself, right? Maybe he sent some Thunder Guards here." Sixth Uncle said in doubt.

"The only way we can find out is to ask Lei Baiyu directly." Du Huanfeng smiled meaningfully. The infighting among the Divine Thunder Palace was not a secret to him. Even though his Myriad Pill Palace had no intention of intervening in this matter, it didn't mean they couldn't befriend Lei Baiyu.

"Let me do this." Sixth Uncle nodded thoughtfully and took his transmission jade out, contacting someone.

The commotion earlier was like a wake-up call to everyone on the island. It was further confirmed that something big was about to happen soon. Those who unintentionally came to the Black Jade Island couldn't help but consider whether they should leave now. Staying here might not be a good choice.

In Zhou Qingyu's secret chamber, Yun Lintian was leisurely sipping coconut water under the gazes of Zhou Qingyu, Lei Feifei, Lei Jin, and Lei Zhenxiang.

He put the coconut down and asked. "Why does everyone look at me like that?"

Lei Feifei couldn't help asking. "Are you human?"

Yun Lintian was puzzled as he replied. "What do you mean by that, Sister Lei?"

"Didn't you kill the enemies alone?" Lei Feifei saw Yun Lintian nodding his head. She continued. "That's why I'm asking, are you really human?"

Yun Lintian immediately understood what Lei Feifei wanted to say. He shook his head and answered. "I was lucky. They obviously underestimated me. That allowed me to catch them off-guard. If they were more cautious, I would have to run."

"Cut it! Do you think I would believe it?" Lei Feifei said with dissatisfaction.

Yun Lintian shrugged his shoulders, unbothered to explain further. He knew his performance was too unbelievable, and it was difficult to explain.

"I'm curious. Where did you learn the formation art from? Even my Spiritual Sense cannot penetrate your isolating formation." Lei Zhenxiang asked curiously. He was deeply amazed by Yun Lintian's powerful formation art.

"From my master." Yun Lintian replied calmly.

"Your master?" Lei Zhenxiang asked in doubt. He had never heard about Yun Lintian's master before since there was no information from his investigation.

"My master is Mu Qiuxue. The one that everyone knows as a Snow Maiden." Yun Lintian responded. His answer made Lei Feifei and Zhou Qingyu roll their eyes as they knew it was a lie.

Lei Zhenxiang was oblivious to this. A trace of surprise appeared on his face as he asked. "Snow Maiden Mu? She's still alive?"

Yun Lintian nodded. "Yes."

Lei Zhenxiang took a deep breath and said. "That's good. I didn't expect you to be her disciple. This is truly coincident."

Yun Lintian was confused slightly by Lei Zhenxiang's words.

Lei Feifei seemed to think of something, and a playful smile appeared on her face as she looked at Yun Lintian, waiting to see a good show.

Lei Zhenxiang saw Yun Lintian's confused expression. He explained. "It's like this. Qiuxue is my good friend. I am really sorry for her. I couldn't protect her back then... Seriously, I didn't know before she's a formation master."

Yun Lintian was taken aback... Oh, shit! The lie has become more complicated now.

Chapter 590 Failed Plan

Lei Feifei and Zhou Qingyu snickered as they watched Yun Lintian. However, they had to admit this eighteen-year-old boy was truly a master of acting. Despite facing an unexpected situation, he could still be calm and composed. There was no slight change in his expression at all.

Yun Lintian smiled and replied. "I'm not sure myself. Master has never talked about her past. When I was picked up by her, she had already mastered the formation art."

Perhaps it was because Lei Zhenxiang was overwhelmed with guilt for not saving Mu Qiuxue timely in the past. He didn't doubt Yun Lintian's words in the slightest. He hurriedly asked. "Where's your master now? Is she living well?"

Yun Lintian glanced at Lei Feifei, Lei Jin, and Zhou Qingyu briefly, as if he was trying to warn them not to expose his lie before saying. "My master is currently living on Heavenly Cloud Mountain."

As his words came out, the faces of Lei Feifei, Lei Jin, and Zhou Qingyu couldn't help twitching slightly. They obviously knew about Heavenly Cloud Mountain and felt Yun Lintian's lie was so easy to get exposed.

Heavenly Cloud Mountain was well-known as one of the four mysterious zones on the Central Continent. Throughout thousands of years of history, no one had ever entered that place before. How could Yun Lintian dare to say this?

However, Lei Zhenxiang's words immediately made everyone stunned. "So that's the case. I just got the report a few days ago. The barrier around Heavenly Cloud Mountain is loosening. It's estimated to be completely disappeared in a year... To think that Qiuxue has escaped to that place. It seems heaven did not abandon her."

Everyone except Lei Zhenxiang was speechless as they glanced at each other with incredulity. Wouldn't this be a perfect cover-up for Yun Lintian?

Lei Feifei, Zhou Qingyu, and Lei Jin looked at Yun Lintian weirdly. They began to doubt whether Yun Lintian knew about this beforehand.

The one who shocked the most was naturally Yun Lintian. It was too confident, right? He felt the situation was getting more out of control. It was as the old saying goes, if you lied once, you have to come up with another thousand lies.

Lei Zhenxiang took Yun Lintian's startling appearance as he was worried about his master. He quickly said. "You should contact her and tell her to leave the place as soon as possible. I will try my best to send her to the Northern Continent. She should be safe over there."

Yun Lintian's lips twitched slightly... Contact what? Everything was a lie!

He thought for a moment and said with a frown. "I cannot contact Master right now. I'm afraid it will take several months before I can go back."

Lei Zhenxiang's eyebrows perked up as he asked. "What happened? Did she encounter a difficult situation?"

Yun Lintian put up his powerful acting. He let out a long sigh. "Master has an old, severe wound that affects her vitality. She doesn't have much time left now. I came out this time not only experiencing the world but also looking for a precious treasure that can extend one's lifespan... I heard the rumors about Tree of Life and decided to go to the Western Continent."

The frown between Lei Zhenxiang's brows grew deeper. Mu Qiuxue's situation was worse than he had imagined. He couldn't help but get angry. This Du Huanfeng was too hateful. If he hadn't gone into seclusion back then, Mu Qiuxue wouldn't have ended up like this.

"Unfortunately, my Divine Thunder Palace doesn't have such a treasure." Lei Zhenxiang sighed helplessly.

In this world, a treasure that could extend one's lifespan was scarce. It could be said it was the most sought-after treasure. After all, those old monsters whose lifespan was about to end would do everything they could to get a hand on it. This also included the ancestors of the Divine Thunder Palace. It was impossible for Lei Zhenxiang to have it.

Yun Lintian smiled faintly. "I have to thank Brother Lei on my master's behalf. It's fine. I'll try my luck on the Western Continent."

"I'll send someone to go with you." Lei Zhenxiang suddenly said.

Yun Lintian shook his head. "Thank you for your concern, Brother Lei. I prefer to act alone more. As you can see, I have the ability to take care of myself."

Lei Zhenxiang took a deep look at Yun Lintian and went silent for a moment before saying. "Fine." He then took a circular golden jade out and placed it before Yun Lintian. "This is my personal sound transmission jade. You can contact me directly if you encounter a problem that you can't deal with."

Lei Feifei and Lei Jin were surprised upon seeing this scene. In their memories, Lei Zhenxiang rarely gave anyone his personal sound transmission jade unless that person was highly valued by him. They had to admit Yun Lintian's lie had played a significant role here. It was obviously because of Mu Qiuxue's name.

They wondered what would happen if Lei Zhenxiang knew the truth later.

Yun Lintian hesitated briefly, as he was afraid Lei Zhenxiang would kill him after knowing the truth. However, he still took it in the end. "Thank you, Brother Lei."

Lei Zhenxiang waved his hand dismissively. "Stop thanking me already. Since you called me Brother Lei, you can be considered my Lei Zhenxiang's little brother. Not to mention you are Qiuxue's disciple. Saying these gratitude words makes me feel like we are too distant."

"Alright." Yun Lintian nodded gently.

Lei Zhenxiang was about to say something. He suddenly frowned, and his expression turned cold immediately afterward.

"What happened?" Lei Feifei noticed this and hurriedly asked.

Lei Zhenxiang sighed softly. "As expected from Du Huanfeng. He's really cautious." He paused for a moment, looking at everyone, and said further. "He had contacted Lei Baiyu to ask my whereabouts. I'm afraid he has already guessed that I am here. Looks like Little Brother Mu's plan is not working now."

Hearing this, Lei Feifei laughed coldly. "Hehe. This bastard Lei Baiyu is truly shameless."

Lei Zhenxiang had no comment on this matter. He was well aware of Lei Baiyu's cunningness. It was normal for him to do this.

He looked at Yun Lintian and asked. "What's your thought?"
