

## Myth Beyond 591

### Chapter 591 Force To Leave

Yun Lintian didn't reply immediately but turned to ask Zhou Qingyu. "Senior Zhou. You can guard this island for several years. I believe you have something to rely on, right?... You don't have to answer me if it's inconvenient."

Zhou Qingyu didn't hesitate to answer. "Indeed, I have a trump card. However, you've overestimated me."

"Please do explain, Senior." Yun Lintian didn't quite understand.

Zhou Qingyu sighed softly and said. "The reason I can be here until this day is mainly because the Black Jade isn't valuable as you think. It's unnecessary for the giant forces like the nine palaces to haggle over this place. As for those relatively weaker forces, they cannot do anything to me."

"I see." Yun Lintian immediately understood.

It wasn't because Zhou Qingyu's force was strong, but rather the nine palaces were disdainful to take over this place. It could be said Zhou Qingyu was at their mercy. No wonder she could not go against anyone from the nine palaces from the beginning to the present.

"Don't belittle yourself. If they truly want to fight you head-on, they are not necessarily winning." Lei Feifei knew her friend the best.

Zhou Qingyu's trump card could definitely force anyone from the nine palaces to retreat or even end up killing them. However, it could only be used once. That was why Zhou Qingyu was reluctant to use it.

Although Yun Lintian didn't know what Zhou Qingyu's trump card was, he could understand something. He thought for a moment and asked. "Senior, do you want to keep this place?"

Zhou Qingyu replied almost an instant. "Yes. After all, my father has given this place to me to take care of. I am naturally unwilling to let go."

Yun Lintian nodded and turned to Lei Zhenxiang. "Brother Lei, to what extent can you help her without harming your interest?"

Lei Zhenxiang was about to answer, he suddenly perceived a fierce glare from Lei Feifei. He immediately changed his words. "It doesn't matter. I can protect this place."

"Senior Lei, you...." Zhou Qingyu was stunned.

Lei Zhenxiang waved his hand. "Since you are Feifei's best friend, you can just call me Brother Lei... In fact, even without me, they will eventually leave this place in the near future."

"Why did Brother Lei think like that?" Zhou Qingyu asked.

Lei Zhenxiang glanced at Yun Lintian and said. "According to your words, the mysterious figure had already disappeared, including the so-called treasure behind him. If that's the case, this place doesn't have much value anymore... On the contrary, as the last person who sees the mysterious figure, Little Brother Mu will be the center of the focus. So, as long as Little Brother Mu leaves this place, they will also leave here after realizing there's nothing for them to see."

Yun Lintian smiled faintly. "What Brother Lei said is correct. It's time for me to leave now."

Lei Feifei immediately became anxious. "So soon?" She somehow felt this might be the last time they saw each other.

Yun Lintian responded. "I am thinking too naively. The plan has already failed. Staying here further will only harm Senior Zhou."

Zhou Qingyu and Lei Feifei went silent. Both of them knew it was the fact.

"I will send you to the Western Continent." Lei Zhenxiang said.

Yun Lintian didn't refuse as he was aware Lei Zhenxiang came here by a Profound Skyship. He was no longer needed to travel across the Endless Sea by ship. "I'll have to trouble Brother Lei."

Lei Zhenxiang smiled and said. "Before we leave, let me do something first."

Following, Lei Zhenxiang stood up, and his figure disappeared from the room.

\*\*\*

On Du Huanfeng's side. After knowing Lei Zhenxiang was here, they weren't in a hurry to take action. They were currently thinking about how to deal with Yun Lintian under Lei Zhenxiang's nose.

"Judging from how Lei Feifei protects Mu Chen, I believe Lei Zhenxiang would also protect him. The situation is not optimistic now." Du Huanfeng expressed his thought.

Seventh Uncle snorted coldly. "Did he really dare go against us? Don't forget that he still has Lei Baiyu to take care of. How could he have the energy to protect an unknown little boy?"

Sixth Uncle quickly interjected. "You've underestimated Lei Zhenxiang's affection for his sister. Lei Feifei's mother died due to his neglect. He would do anything to make up for her."

As Du Huanfeng was about to say something, a cold voice suddenly resounded within the room. "You're right. I am willing to do anything for her."

The expressions of everyone in the room changed drastically. At this moment, a pale golden lightning human shape appeared in the room, accompanied by a majestic aura. This person was no other than Lei Zhenxiang.

Recovering from the initial shock, Du Huanfeng calmed down and said. "It turns out to be Palace Master Lei. It's my honor to meet you here."

Lei Zhenxiang swept his gaze over Du Huanfeng and others before saying. "I have accepted Mu Chen as my little brother. I hope you stop what you are doing and leave this place as soon as possible."

Du Huanfeng and others were startled for a second. Although they had expected Lei Zhenxiang to protect Yun Lintian, no one would have thought Lei Zhenxiang to treat Yun Lintian as his little brother.

Du Huanfeng's eyes narrowed as he said calmly. "I understand Palace Master Lei's point of protecting Mu Chen. However, telling us to leave is not good, right?"

Lei Zhenxiang stared coldly at Du Huanfeng and said. "It doesn't matter whether you want to leave. I will make you leave myself."

"Palace Master Lei, this lowly one hasn't seen you for a long time. Why don't we exchange some pointers?" Seventh Uncle suddenly said. His face was incomparably cold.

Lei Zhenxiang didn't say anything. He merely glanced at Seventh Uncle, and the latter's vision instantly filled with a sea of golden lightning, causing him to scream aloud.

"Arghh!" Seventh Uncle let out a shrill scream as blood gushed out of his eyes. His entire body kept spasming with pain.

"Do you want to continue?" Lei Zhenxiang said calmly. Dead silence immediately blanketed the room.

Chapter 592 Compromise

The Monarch Profound Realm was regarded as the highest realm that could be reached for a mortal. However, being at the top of the profound strength, Monarchs were also divided into different levels even though they were in the same realm.

Lei Zhenxiang could easily suppress Seventh Uncle, one of the renowned Seven Myriad Pill Guardians, with a mere glance had proven this point. Even though both of them were at the peak of the Monarch Profound Realm, their power levels were worlds apart.

Watching the strong Seventh Uncle being defeated so easily by Lei Zhenxiang, Du Huanfeng's expression became unsightly. He had long heard about how monstrous Lei Zhenxiang was, but he didn't expect to be this powerful to the point Seventh Uncle could not resist in the slightest.

Sixth Uncle, the strongest person on Du Huanfeng's side, was obviously aware of Lei Zhenxiang's power in the earlier attack. It would be a joke if he insisted on this further.

He looked at the golden figure solemnly as he said. "Please calm down, Palace Master Lei. I am apologizing to you on his behalf. Little Seventh is too young and rash. He always possesses a strong fighting spirit. Especially when he meets the strong like you. Please forgive him once."

"Too young?" Lei Zhenxiang laughed coldly. "If I'm not mistaken, he's already over a thousand years old. You actually said he's too young? Don't you feel it's ridiculous to say this?"

NO v el Next. CoM

Sixth Uncle's face was cramped. He had no way to refute it, but he had to say something to get out of this predicament. "We will leave this place as Palace Master Lei said, and we will never do anything against Island Master Zhou."

"Yes, Palace Master Lei. We will leave now." No matter how unwilling Du Huanfeng was, he had no choice but to leave this island. Otherwise, he would definitely face Lei Zhenxiang's wrath.

Lei Zhenxiang stared at them while releasing an oppressing aura. "Good. I hope all of you do as you said."

Following that, his lightning figure began to blur and faded away completely.

Sixth Uncle didn't dare to stay here any longer. He quickly brought Seventh Uncle, Du Huanfeng, and Du San to the Myriad Pill Profound Skyship, which was floating in a group of clouds above the island.

After settling in the skyship, Du Huanfeng let out a long breath and said in a fury. "Hmph! I'll let you be arrogant for a while."

"What are you planning, Nephew? I've to give you a warning first. Lei Zhenxiang might look weak and emotional on the outside. He is decisive and ruthless when it comes to his enemy. We've underestimated him this time. You have to make sure before doing something." Sixth Uncle said while using his profound energy to stabilize Seventh Uncle's injury.

Du Huanfeng wasn't annoyed by Sixth Uncle's warning. He nodded his head and said with a cold smile. "Don't worry, Sixth Uncle. This time, I'm afraid he might be able to save himself."

He paused for a moment and said. "I'll have to trouble Sixth Uncle to contact Heavenly Sword Palace Master and Star Gazing Palace Master. Tell them that I have the news related to the Poison Valley in my hand."

Sixth Uncle's eyes flashed with splendor. He seemed to understand what Du Huanfeng wanted to do next. "Leave it to me."

Du Huanfeng sat down on a comfortable chair and looked at the clouds outside while muttering to himself. "Let's see how you are going to do with this... And that Mu Chen...We will meet again soon."

\*\*\*

Shortly after Du Huanfeng's group left, Lei Zhenxiang returned to the secret chamber and said to Zhou Qingyu. "I've chased them away. They won't dare to do anything to you for a long time. Let's use this chance to stabilize this place."

Zhou Qingyu was overjoyed. She hurriedly bowed. "Thank you, Brother Lei. I'll remember this kindness."

Lei Zhenxiang waved his hand dismissively. "Don't I tell you before? No need to speak these grateful words with me." He turned to Lei Feifei and smiled. "How is it? Your brother is good, right?"

Lei Feifei rolled her eyes and snorted. "Hmph! This is what you should do in the first place."

Lei Zhenxiang smirked happily upon hearing this. He felt it was the best decision for him to come here. This trip was truly worthwhile. Not only did the relationship between him and Lei Feifei improve, but he also learned about Mu Qiuxue's news.

"When do you want to leave?" Lei Zhenxiang turned to ask Yun Lintian.

Yun Lintian thought for a moment and replied. "Can I leave tomorrow? I want to help Senior Zhou set up a formation first before leaving."

Zhou Qingyu's eyes flashed with splendor. She had witnessed how powerful Yun Lintian's formation profound art was. She was certain the overall defense of the island would improve drastically with his help.

"No problem. If you need my help, just say it directly." Lei Zhenxiang said generously.

Yun Lintian nodded and began to discuss the formation layout with Zhou Qingyu. He planned to deploy two killing formations and three protective formations around the island.

After getting the final layout, Yun Lintian immediately took action with the help of Lei Zhenxiang. The latter was interested in formation art and had a profound understanding of it. Although he hadn't yet wholly entered the realm of Monarch Formation Master, his ability wasn't much inferior to one.

"This method... It should be the ancient inscribing method. Am I correct?" Lei Zhenxiang carefully studied a formation stone that was engraved with complicated runes before him.

As a palace master, he naturally could access the ancient records. The runes and the inscribing method Yun Lintian was using were similar to the record he had read before. This made his curiosity grow further, and he wondered what kind of fortuitous opportunity Mu Qiuxue encountered.

"Yes." Yun Lintian didn't hide anything. It was useless even if Lei Zhenxiang knew it. After all, the formation art he used came from something that didn't exist in this world. It was impossible for Lei Zhenxiang to study it.

Chapter 593 Found You, Junior Brother

It took ten hours for Yun Lintian and Lei Zhenxiang to set up the formations. This speed could be considered the fastest one Lei Zhenxiang had seen. He started to think it would be good if Yun Lintian was willing to teach him.

After finishing everything, it was time for Yun Lintian to leave this place. Everyone was gathering on a colossus golden profound skyship that was hiding in a group of clouds above the island. This was the exclusive profound skyship of the Divine Thunder Palace.

The Profound Skyship's interior was similar to the one from the Frozen Moon Palace that Yun Lintian had seen before. However, this one was more luxurious in terms of decoration. Every piece of furniture here was made of precious materials, easily costing a fortune that ordinary people could never earn throughout their life.

"Are you really planning to stay here?" Lei Zhenxiang looked at his younger sister with concern.

Lei Feifei replied with a low hum, unbothered to explain anything. She was planning to stay on the Black Jade Island for the time being in case some ulterior forces tried to cause trouble here.

She turned to Yun Lintian and said softly. "Do not forget to contact me if you have time. Our Black Wing group is always welcoming you."

"Thank you for taking care of me for all this time, Sister Lei." Yun Lintian replied with a smile. Although the time they were getting along was short, Yun Lintian had already regarded Lei Feifei as a friend. If the opportunity arises in the future, he would definitely help her.

"Be careful over there. The Western Continent is a very chaotic place. Do not trust anyone easily, including humans. Also, Du Huanfeng is likely to continue his journey. You will definitely meet him again." Lei Feifei gave a warning with a rare serious expression.

"Understood." A strange light flashed across Yun Lintian's eyes. As long as Du Huanfeng came, he wouldn't let him go this time.

On the side, Lei Zhenxiang felt sour in his heart. As far as he remembered, his younger sister had never expressed her concern for him. He couldn't help but become envious of Yun Lintian.

"Are you sure you want to go alone?" Lei Zhenxiang asked.

Yun Lintian nodded. "As I told Brother Lei before, moving alone is more convenient for me. Trust me. No one can catch me if I want to run."

Lei Zhenxiang and others secretly nodded their heads. They had seen Yun Lintian's bizarre movement technique before and believed they couldn't match him in terms of speed.

"Alright, we're leaving now." Lei Zhenxiang had an important matter to attend to later.

Zhou Qingyu took a deep look at Yun Lintian and said. "Good luck. Come to see me when you have time."

"Definitely." Yun Lintian smiled and watched Lei Feifei and others flying away.

Lei Zhenxiang immediately told his subordinates, and the Profound Skyship gradually headed toward the Western Continent. It was estimated to take two days to reach the destination. This speed was several times faster than traveling by ship.

\*\*\*

A few hours after Yun Lintian left, a beautiful figure floated down from the sky and landed behind the Mystic Pavilion. As soon as she landed, Wu Xue hurriedly came forward and bowed her head respectfully. "Welcome, Young Miss."

"No need to be courteous. Let's go inside." The beautiful woman said calmly and walked straight into the building, followed closely by Wu Xue. If Yun Lintian was here, he would immediately recognize this woman. She was no other than his fourth sister, Wu Qingcheng!

Entering the secret room, Wu Qingcheng sat directly on a chair and asked. "Tell me what you got."

After returning to the Mystic Pavilion's headquarter, Wu Qingcheng exerted her strength to find a clue about Yun Lintian. She refused to believe Yun Lintian had died.

Later, she saw the report about the mysterious figure appearing on the Black Jade Island, coupled with the information about a young man who was now a guest elder of the Black Wing group. Wu Qingcheng could see a trace of Yun Lintian in this young man. In this world, no one could be proficient in formation art at a young age like him. That was why she came here.

Wu Xue quickly reported. "According to our investigation, this young man's name is Mu Chen. It was said he is the famous Snow Maiden, Mu Qiuxue's disciple. He first appeared on the Central Continent, Cyan Wind Town, and was later introduced to Miss Lei Feifei by Su Minghai."

"He was seen close to Du Huanfeng of the Myriad Pill Palace. However, after the incident in the Black Jade mine, they seem to get into a conflict and separate from each other... Yesterday, a fierce battle occurred at the edge of the island between three tenth-level monarchs and a man. It has been confirmed the target of the three monarchs was Mu Chen."

"Oh? What's the result?" Wu Qingcheng frowned slightly.

Wu Xue took a deep breath and said. "Because the isolating formation Mu Chen set up was too powerful, we have no way of seeing what happened inside. However, Mu Chen was seen again a few hours ago."

Hearing this, Wu Qingcheng smiled charmingly... Junior Brother, is that you? Fighting three monarchs while he was in the Heaven Profound Realm. She was certain no one in this world aside from Yun Lintian could achieve this impossible result.

Wu Xue was stunned for a moment upon seeing Wu Qingcheng's smile. She felt strange in her heart. Her Young Miss seemed to care a lot about this Mu Chen. Could it be there was a relationship between them?

"Do you have a picture of him here?" Wu Qingcheng asked.

"Yes." Wu Xue immediately handed a profound imagery stone to Wu Qingcheng.

Wu Qingcheng quickly activated it, and the image of Yun Lintian immediately appeared before her. Her heart was instantly filled with joy as she subconsciously said. "Hehe. I knew you won't die easily, Junior Brother."

Junior Brother?... Wu Xue was taken aback. This Mu Chen was actually Young Miss's Junior Brother!?

Chapter 594 Wu Qingcheng's Revelation

,m "Where's he now?" Wu Qingcheng hurriedly asked.

Wu Xue replied cautiously. "I'm sorry, Young Miss. We haven't seen him again. I'm afraid we have to ask Island Master Zhou about this."

"Then what are you waiting for?" Wu Qingcheng frowned. She waved her hand and quickly stood up. "Never mind. I'll go by myself."

"This..." Wu Xue was stunned by her young miss's attitude. Everyone in the Mystic Pavilion knew that Wu Qingcheng didn't like interacting with others much if there was no benefit. She actually took the initiative to contact Zhou Qingyu. Was the sun going to rise in the west?

Wu Qingcheng didn't care about Wu Xue and went straight to Zhou Qingyu's building. Upon Wu Qingcheng entering the building, Zhou Qingyu was notified right away, and she was puzzled why the dignified Mystic Pavilion's Young Mistress came to find her.

Zhou Qingyu didn't dare to be neglected and went to receive Wu Qingcheng personally.

"It's my honor to meet Miss Wu. May I know what business you have with me?" Zhou Qingyu led Wu Qingcheng into her office and asked after serving the latter a tea.

Wu Qingcheng didn't ask her right away but observed Lei Feifei, who was sitting on the side.

Her gaze made Lei Feifei uneasy. She felt as though being stared at by a hungry wolf.

Wu Qingcheng finally spoke. "I heard that you've recruited a guest elder recently."

Lei Feifei's eyes flashed with a strange light. Her vigilance increased drastically as her mind spun rapidly, trying to figure out Wu Qingcheng's purpose... Was she coming for the Scarlet Soul Emperor's matter?

"Yes. Why did you ask this?" Lei Feifei stared straight at Wu Qingcheng.

In terms of status, Lei Feifei wasn't inferior to Wu Qingcheng in the slightest. On the contrary, she could be considered a senior. Hence, she wasn't polite when she conversed with the latter.

Wu Qingcheng smiled faintly. "It's nothing. I've heard about his unparalleled formation talent. I want to hire him to upgrade the overall defense of my Mystic Pavilion here. As you know, there's an incident last time."

Lei Feifei and Zhou Qingyu glanced at each other. They somehow felt there was something more than this, but they couldn't figure it out. If Wu Qingcheng truly wanted to hire Yun Lintian, why did she come here herself? Couldn't she just leave it to her subordinate?

The more they thought, the more it didn't make sense. However, Lei Feifei didn't expose this flaw directly and replied. "Sorry. He's not available."

Wu Qingcheng stared into Lei Feifei's eyes for a while and nodded inwardly. It seemed Lei Feifei was not bad. At least, she protected Yun Lintian well.

Wu Qingcheng thought for a moment and turned to Zhou Qingyu. "The island's situation is not optimistic even though you have the help of Palace Master Lei. Du Huanfeng isn't someone who gives up easily. He will certainly launch another attack soon... I can offer my Mystic Pavilion's presence in exchange for Elder Mu's service."

Zhou Qingyu's brows raised in surprise. The Mystic Pavilion had always been neutral since the beginning. Why did Wu Qingcheng do this?

Lei Feifei's eyes narrowed. "Are you perhaps finding him because of the Black Jade mine's incident?"

Wu Qingcheng laughed gently. "Please do not insult me like this. Do I need to go through such a troublesome process to acquire him? Besides, the so-called mysterious figure had long gone by now. What's the use of asking him?"

Lei Feifei went silent. What Wu Qingcheng said was without reason. Although the Mystic Pavilion wasn't strong as the Star Pavilion in terms of the intelligence network, it wasn't inferior much. There was no need for her to come here personally if she truly wanted to know about the mine's incident.

"What's your purpose?" Lei Feifei decided to ask directly.

Wu Qingcheng didn't reply but asked with a meaningful smile. "Looks like the relationship between him and Miss Lei is good?"

"He is, after all, my guest elder." Lei Feifei answered without blinking.

Wu Qingcheng turned to Zhou Qingyu. "What's your decision?"

Zhou Qingyu immediately replied calmly. "My decision is the same as hers."

Although Wu Qingcheng's profound strength wasn't as strong as the two women in front of her, her ability to read people was relatively high. She could see that these two were genuine. They were truly good for Yun Lintian.

Wu Qingcheng took a square blue jade out of her storage ring and threw it to the ground. Instantly, a blue barrier quickly spread throughout the room, accompanied by a solid isolating power.

Zhou Qingyu and Lei Feifei were surprised by Wu Qingcheng's action and waited for the latter to explain. They knew what Wu Qingcheng was going to say next was extremely important.

Wu Qingcheng checked the surrounding once again before saying. "You two really take good care of my junior brother."

The expressions of Zhou Qingyu and Lei Feifei abruptly changed upon hearing this. They asked in unison. "Junior brother?"

Wu Qingcheng nodded her head gently. "Mu Chen is my junior brother. He's really naughty by running away without telling us sisters. I have got wind of him and come here to find him."

Lei Feifei and Zhou Qingyu glanced at each other. They still couldn't believe Wu Qingcheng's words. How did Yun Lintian become a junior brother of a person with a powerful background like this? And "us sisters" in Wu Qingcheng's words indicated he had many senior sisters. Who were these people?

Lei Feifei suddenly remembered something. She had heard about Wu Qingcheng before. It seemed she had gone to the Northern Continent in these past years. And Yun Lintian was also coming from the Northern Continent... Wasn't this obvious?

Wu Qingcheng noticed the change in Lei Feifei's expression. She seemed to guess something. Perhaps Lei Feifei knew about Yun Lintian's background?

It was as Wu Qingcheng had expected, Lei Feifei suddenly asked. "Are you returning from the Northern Continent?"

Hearing this, the smile on Wu Qingcheng's face grew wider. "Yes. I've just returned from the Northern Continent."

Her answer immediately confirmed Lei Feifei's doubt.

Chapter 595 Nine Profound Beast Clans

"Are you really his...?" Lei Feifei subconsciously asked.

Wu Qingcheng nodded. "I won't hide it from you. I am his fourth sister. There are four other sisters. Each one of them is not inferior to me in terms of status. Junior Brother Mu is the youngest one among us."

She had considered it thoroughly and decided to tell the truth. Of course, she had no intention of correcting Yun Lintian's name.

Lei Feifei and Zhou Qingyu took a deep breath upon hearing this. It was no wonder Yun Lintian was highly talented. He actually had powerful senior sisters taking care of him.

Wu Qingcheng was oblivious to Lei Feifei and Zhou Qingyu's thoughts. If she knew about it, she would immediately retort that Yun Lintian was the most talented person among them.

"Where's he now?" Wu Qingcheng asked impatiently. She felt she had said enough to let Lei Feifei and Zhou Qingyu trust her.

Lei Feifei sighed softly as she replied. "I'm afraid you are one step late. He had just left a few hours ago."

"What? Where did he go?" Wu Qingcheng was disappointed. She thought she could tell the good news to other sisters after seeing Yun Lintian.

Lei Feifei hesitated and did not reply right away.

Wu Qingcheng's eyebrows knitted together in annoyance. She pointed her finger at Lei Feifei and sent a wisp of memory to the latter.

Lei Feifei immediately saw the interaction between Yun Lintian and Wu Qingcheng. Undoubtedly, they were genuinely in a senior sister and junior brother relationship.

Seeing this, Lei Feifei didn't hesitate anymore and said. "He is heading to the Western Continent."

"What!? How could you let him go to that place? Do you know how dangerous it is?" Wu Qingcheng's voice raised several octaves, making Zhou Qingyu and Lei Feifei believe she truly cared about Yun Lintian.

Lei Feifei smiled wryly. "Although our relationship is not bad, I cannot interfere with his decision."

"Did he say about his purpose of going there?" Wu Qingcheng asked with a frown.

Actually, Lei Feifei wasn't sure herself. She had no idea whether Yun Lintian's words were valid. "He said that he wants to find a treasure that could extend one's lifespan."

"Tree of Life?" Wu Qingcheng subconsciously blurted out. Speaking about the Western Continent, there was nothing famous more than the rumor of the Tree of Life.

"Mhm." Lei Feifei confirmed.

Wu Qingcheng lowered her head slightly, pondering Yun Lintian's intention. Was he trying to get it for Master?

After a while, she raised her head and said. "I'll do as I said."

Zhou Qingyu took a deep look at Wu Qingcheng and said. "Thank you."

Wu Qingcheng turned to Lei Feifei. "I got the news before coming here. Du Huanfeng had secretly contacted the Heavenly Sword Palace and Star Gazing Palace. The content is related to the Poison Valley. I think you should contact Palace Master Lei as soon as possible."

Lei Feifei's complexion showed a deep shock. She immediately understood what Du Huanfeng's intention was. If it was as she had imagined, the Divine Thunder Palace would be in a perilous situation.

"Thank you for telling me this." Lei Feifei said solemnly.

Wu Qingcheng waved her hand and stood up, preparing to leave. "I'm merely repaying gratitude for taking care of my junior brother during this period."

\*\*\*

"You won't change your mind?" On the Profound Skyship, Lei Zhenxiang sat opposite Yun Lintian as he asked.

Yun Lintian shook his head slightly. "I won't."

Lei Zhenxiang took a deep look at Yun Lintian for a while and let out a soft sigh. "The Western Continent is dominated by profound beast clans. Humans have a miserable life there. You have to prepare yourself well. You will see a lot of cruel scenes over there. Just remember, do not offer your help out of sympathy. You have to see the situation clearly first."

Yun Lintian nodded his head and asked. "Can Brother Lei tell me about the Nine Profound Beast Palace?"

"Sure." Lei Zhenxiang explained. "As its name suggested, the Nine Profound Beast Palace is consists of nine profound beast clans, namely, Sky Qilin Clan, Great Roc Clan, Purple-Winged Tiger Clan, Netherworld Wolf Clan, Deep Sea Naga Clan, Heavenly Fox Clan, Crimson Ox Clan, Golden Python Clan, and Fire Cloud Rat Clan."

"The strongest one is undoubtedly the Sky Qilin Clan. It was said that they are inheriting a noble bloodline of the legendary Sky Qilin. I have met them a few times. Their strength is beyond doubt. You better avoid them as much as you could."

"The whole continent is divided into nine regions with the Sky Qilin Clan at the center. Normally, they didn't interfere with each other much. However, the recent news I got makes me wonder what's happening over there."

p A strange light flashed through Yun Lintian's eyes when he heard "Fire Cloud Rat Clan." According to Lei Zhenxiang, it seemed this clan was ranked bottom. This made Yun Lintian feel strange. After all, Little Flame in Yan Qi's words wasn't weak.

Yun Lintian put the Fire Cloud Rat Clan aside and asked curiously. "May I know?"

Lei Zhenxiang touched his chin and said. "The Young Miss of the Heavenly Fox Clan is about to get married to the Young Master of the Great Roc Clan. Normally, both clans don't get along well. How could they make this happen?"

Two figures immediately emerged in Yun Lintian's mind. He remembered he had seen Pei Xiewen and a beautiful woman during the auction... Is it them?

Lei Zhenxiang didn't notice anything strange on Yun Lintian's face. He said further. "Anyway, I reckon they will get busy during this period. You can take this chance to find the Tree of Life. Here is the map."

Yun Lintian received a map from Lei Zhenxiang and carefully looked at it. He soon discovered the possible Tree of Life's position was located in an area between the Sky Qilin Clan and Purple-Winged Tiger Clan. It was quite a dangerous place.

However, Yun Lintian didn't think about it much and shifted his gaze to the Fire Cloud Clan's territory. The size of their territory immediately stunned him. It was too small beyond his imagination... Could it be Little Flame's clan was truly weak?

Chapter 596 The Land Of Chaos

"The position of the Tree of Life on the map is made up of the rumors. It is not certain. You will need to find it yourself. Be careful out there." Lei Zhenxiang said solemnly. In fact, he didn't want Yun Lintian to go, as he wasn't sure whether the Tree of Life existed. However, he was aware that Yun Lintian would never give up.

"Understood." Yun Lintian nodded firmly. According to the position he got from the Sky Throne Monarch, Tian Zuo, it was likely to be the same as the one on the map. Therefore, he was certain the Tree of Life was in this location.

At this moment, a young woman walked into the room and said respectfully. "Palace Master, we have reached the limit now. It's too risky to move forward."

Lei Zhenxiang nodded gently and let the woman leave before turning to Yun Lintian. "I can only send you this far. You have to go down by yourself. It would be too troublesome if they noticed us."

Yun Lintian smiled and cupped his fists. "Thank you, Brother Lei. I'll leave first."

Lei Zhenxiang tossed a storage ring at Yun Lintian and said. "Here are Thunder Beads. It can restrain anyone under the Saint Profound Realm... Good luck."

Yun Lintian didn't refuse and left after exchanging a few words with Lei Zhenxiang.

After sending Yun Lintian away, Lei Zhenxiang stood calmly in the place and said. "I'll leave his safety to you."

The previous young woman silently appeared behind Lei Zhenxiang and bowed her head. "Leave it to me, Master." Following that, her figure blurred slightly and disappeared from the spot.

Lei Zhenxiang stared in Yun Lintian's direction for a while and turned around, walking into the room and leaving the place with the skyship.

\*\*\*

Yun Lintian, who had been floating in the midst of the clouds for a good long while, finally saw a spacious land below. This place was full of mountains and forests. A lot of activities could be seen with naked eyes.

Yun Lintian slowly descended while scanning the ground carefully. The place he was about to land was half-grasslands and half-jungle, with weeds running wild and short trees growing in a thicket.

As Yun Lintian surveyed the scenery, he could feel the presence of several living beings nearby. Compared to the Northern and Central Continent, the climate here was more humid and stuffy. The smell of the air wasn't as good as the former. It was filled with blood and a pungent stench.

Yun Lintian found an open ground to land. His brows twitched as he discovered the richness of profound energy here was relatively weaker than any place he had been to. This made him confused a bit. After all, according to Lei Zhenxiang's words, the Western Continent was seconded to the Central Continent in terms of overall strength.

At this moment, Yun Lintian's gaze shot across the jungle. In the middle of a small, clear pond, he suddenly found three women with revealing clothes playing in the water happily. With a glance, Yun Lintian immediately knew they weren't humans.

"Hmm?" The woman with the amplest breast felt Yun Lintian's presence and turned her head to look in his direction. She curled her lips and said softly. "Sisters, there's a pervert peeping us over there."

The two other women followed her gaze and saw Yun Lintian standing there, looking at them as though he was lost in his thought.

"Human?" The woman with a big bun hairstyle exclaimed in surprise.

"Why did humans appear here?" The woman with sharp eyes said in puzzlement.

"Interesting..." The woman with ample breasts licked her lips alluringly as her gaze had never left Yun Lintian.

Scree—

As the three women were about to move, they suddenly heard a sharp cry coming from the sky. Their expressions changed drastically as they exclaimed in unison. "Not good! Run!"

Without thinking further, the three of them abruptly turned around and fled at breakneck speed.

"Look above." Hongyue's voice resounded in Yun Lintian's mind, causing him to raise his head to look at the sky.

A colossal figure that resembled an eagle appeared before Yun Lintian's eyes. Its gigantic body completely blocked the sunlight, casting its shadow covering several kilometers of area.

The eagle had a fiery red color. Every time it flapped its wings, a large part of the trees and grasses below were immediately blown away. At this time, its sharp eyes were fixating on the three women as if it was looking at something delicious.

Soon, the red eagle let out an ear-piercing cry and shot down from the sky, heading straight at the three women. Its entire body carried powerful pressure that Yun Lintian almost couldn't standstill.

"Don't!" The three women's speed was extremely fast, but it was nothing in the eagle's eyes. Before they could react, the eagle had already opened its mouth and swallowed them in one fell swoop.

The scene made Yun Lintian stunned for a moment. Under his bewilderment, the eagle took off toward the sky and flew away without looking back.

"What the hell is that?" Yun Lintian's mouth gaped open. He had seen a lot of huge profound beasts but none of them capable enough to make him baffled like this. Everything that happened before him earlier seemed to be a very common thing here.

"What do you expect? This place is called the land of chaos for a reason." Hongyue said with contempt.

Yun Lintian closed his mouth and took a deep breath. Profound beasts killing each other wasn't something new to him. He was only surprised by the sudden situation. It was like a cultured shock when you went to a new place.

Yun Lintian took out the map and looked at it carefully. The position he was standing right now was within the Crimson Ox Clan's territory. It was on the easternmost side of the continent.

"Don't waste your time here. You did not come here for a holiday. Move already." Hongyue urged. She couldn't wait for Yun Lintian to collect the Tree of Life.

"Why are you so hurrying? I want to visit the Fire Cloud Rat Clan first." Finding the Tree of Life was naturally Yun Lintian's goal, but he wanted to use this chance to fulfill Little Flame's wish first.

Chapter 597 Fierce Battle

Hongyue was speechless. She, of course, knew about Yun Lintian and Little Flame, but she didn't think it was the time to be sentimental.

"It's okay. The Tree of Life has existed for thousands of years, yet no one can find it until now. We can go there later." Yun Lintian felt that if he went to find the Tree of Life first, he wouldn't have a chance to visit the Fire Cloud Rat Clan. At the same time, he wanted to know what happened to the Fire Cloud Rat Clan.

"Whatever." Hongyue rolled her eyes and stopped talking.

Yun Lintian didn't waste time and moved in the south direction, which was the Fire Cloud Rat Clan's position. On the way, he encountered various profound beasts in human forms. They were either killing each other or attacking him.

Yun Lintian thought he could use this chance to gather information, but who would have thought these profound beasts didn't even give him anything useful and directly blew themselves when they had no chance to survive. This made him truly helpless.

After flying for a long time, Yun Lintian was tired and decided to find a place to stay for a night. He had arrived at a forest that was not too thickly enshrouded and suddenly discovered a fierce battle ahead of him. He soundlessly approached the presence and hid behind a thick ancient tree, observing the scene.

In a dense jungle ahead, Yun Lintian spied two young men staring at each other intently as a feeling of deep enmity spread through the air. What surprised Yun Lintian the most was one of them actually human! This was the first human he had encountered so far.

? "Bastard! How dare you steal my item!?" A sturdy young man with two long horns on his head glared fiercely at his opponent.

Standing opposite the two-horned young man was a relatively skinny man with a long scar across his face. His right hand held a small axe that looked no different from an ordinary axe, while his other hand gently grabbed a yellow flower. With a glance, Yun Lintian immediately recognized this yellow flower. It was a medicinal plant called Firefly Flower, widely used to treat various diseases.

"Don't go too far, Hongniu Kangyi! I was the one who saw it first." The skinny man tightened his grasp on the axe as he stared at the two-horned man coldly.

"So what!? It doesn't matter who saw it first. As long as I see it, it is mine." The two-horned man, Hongniu Kangyi, snorted coldly. "Hmph! Don't think that I don't know you are going to use this Firefly Flower on your trash old man. A bastard like him should have died a long time ago. Just like your useless mother."

The skinny man gritted his teeth as his eyes filled with hatred. Even though he was extremely furious, he didn't make a move rashly and continued to stand on guard.

"Are you going to hand it over or not? You know the consequence when my young master arrives here." Hongniu Kangyi crossed his arms before his chest, looking at the skinny man with a disdainful grin.

The skinny man took a deep breath and said coldly. "No. Just let him come if he wants to kill me."

"Bastard! I gave you a chance to survive, yet you didn't cherish it. Then don't blame me for being ruthless." As Hongniu Kangyi's voice fell, all the muscles in his body bulged up, bursting out a frightful aura. A giant silver hammer silently appeared in his hand as he charged forward at incredible speed.

The skinny man's face sank. He clenched the axe tightly and released his profound aura, preparing to fight.

Hongniu Kangyi saw this scene. A look of extreme disdain flitted across his eyes as he laughed coldly. "This punk is looking for death!"

As he arrived before the skinny man. He swiftly swung the giant hammer at the latter's head with no mercy. The energy that was carried along the strike immediately blasted all the trees nearby away.

"Savage Strike!" The skinny man shouted and swung the small axe toward the incoming giant hammer with all his might.

Boom!

The two weapons fiercely collided with each other, producing a deafening explosion, along with two figures flying away.

The skinny man stabilized himself quickly and stomped on the ground. His figure rushed forward at breakneck speed and swung his axe at Hongniu Kangyi.

"Courting death!" Hongniu Kangyi shouted angrily. He had never thought the skinny man to be able to push him away and now even reacted faster than him. He felt extremely humiliated and didn't hesitate to release every ounce of his power.

As the skinny man's axe was about to reach Hongniu Kangyi's chest, the latter suddenly burst out with a terrifying crimson flame, causing the skinny man to retreat quickly.

However, Hongniu Kangyi instantly appeared behind the skinny man like a ghost and swung his giant hammer at the latter's back.

Boom!

The skinny man was sent flying. All the bones in his body were instantly cracking as he spurted out several mouthfuls of blood before landing heavily on the ground.

Hongniu Kangyi grinned savagely when he saw this scene. "You can't blame me. This is what you brought upon yourself." He slowly walked toward the skinny man like a victor and stomped his foot on the latter's hand that was holding the Firefly Flower.

"N...No!" Seeing the Firefly Flower was shredded into pieces under Hongniu Kangyi's foot, the skinny man cried out in a heartbroken voice. He wanted to use this flower to save his father's life, and now the hope was gone.

"Oops! My bad. I didn't see it." Hongniu Kangyi pretended to be embarrassed, but his face was full of mockery.

The skinny man's eyes turned red. He gnashed his teeth, looking at Hongniu Kangyi with hatred. That was all he could do at the moment.

"Aren't you going to meddle in their affairs?" Hongyue's voice resounded.

Yun Lintian didn't say anything and watched the scene calmly. No one knew what he was thinking at this moment.

Chapter 598 Astonishing Strength

What Yun Lintian paid attention to right now was an astonishing recovery rate on the skinny man's bones. Through the Eyes of Heaven, Yun Lintian could see countless strange runes that he had never seen before engraving all over the places on the bones. It somehow emitted a faint crimson light, healing all the injuries.

"Have you seen it? There is something on his bones." Yun Lintian asked in his mind.

Hongyue's brows raised slightly as she swept a wisp of her Divine Sense on the skinny man. A trace of surprise immediately appeared on her face when she discovered the strange runes. "This is a bloodline seal."

"Bloodline seal?" Yun Lintian was puzzled. He tried to search the relevant information in his head, but there was none related to the bloodline seal.

"It's an extremely ancient method to suppress one's bloodline. This boy's background is not ordinary. You can help him out. Perhaps you may get a thing or two in return." Hongyue briefly explained.

Yun Lintian went silent as he decided to observe further.

At this moment, Hongniu Kangyi smiled mockingly at the skinny man while asking. "Why? Unwilling? Come on! Aren't you good earlier?"

The skinny man gritted his teeth, staring at Hongniu Kangyi unwillingly. In the next moment, he suddenly felt a refreshing power spreading throughout his entire body. The pain he was experiencing earlier was wholly replaced by a highly comfortable feeling instead. At the same time, he discovered his strength gradually returning... What is going on?

Hongniu Kangyi was utterly unaware of the change in the skinny man's body. He still talked further. "It's a pity. Young Master forbids us from killing you. Otherwise, I wouldn't mind taking your life right now."

Hearing the words "Young Master," the hatred in the skinny man's eyes became intense. A powerful aura abruptly burst out as he swung the axe fiercely at Hongniu Kangyi.

Hongniu Kangyi's pupils shrank. A deep fear arose in his heart as he hurriedly retreated. However, the skinny man's attack was too swift and completely caught him off-guard. He simply could not avoid it and was heavily hit on his ribs.

Crackle—

A bone-breaking sound reverberated throughout the forest, followed by a painful scream from Hongniu Kangyi. He was sent flying several meters before directly hitting on a thick tree. Blood kept pouring out of his mouth. He felt his internal organs were thrown into disarray.

Before Hongniu Kangyi could stabilize himself, he suddenly heard an explosion resounding in the air, and the crimson figure instantly appeared in front of him, accompanied by a horrifying heat, as well as an extremely dangerous aura that caused his heart to suddenly tighten.

The skinny man that was currently shrouding with a crimson flame didn't hesitate to swing the axe down on Hongniu Kangyi's head. The latter instinctively moved his head away while extending his arm to protect himself.

Puff!

"Argh!" Hongniu Kangyi's hand was mercilessly chopped, and the crimson flamed axe traveled further, sinking onto his shoulder, causing his entire body to shiver in pain.

"I'll kill you!" The skinny man roared madly and swiftly sent a kick toward Hongniu Kangyi's face.

Bang!

Hongniu Kangyi's head was ruthlessly kicked, pushing it deep into the ancient tree. His body spasmed like a dying worm a few times before completely stopped. He could not be dead more than this.

The skinny man stared at Hongniu Kangyi's corpse blankly. He didn't know what had happened and couldn't believe himself.

"What....?" The crimson flame around him gradually died down, revealing his naked body. He regained his sense and discovered all the injuries on his body, including the bones, were fully recovered as though nothing had happened before. This made him utterly confused.

In the distance, Yun Lintian watched the scene unfold in a surprise. He was certain the skinny man's strength was only at the peak of the Heaven Profound Realm, but the earlier burst of power was unmistakably equal to the peak of the Ruler Profound Realm... Did he just meet a protagonist?

In the next moment, a frown appeared on Yun Lintian's face as he turned in the north direction. A few figures were flying in his direction at breakneck speed. Judging from their aura, they were all at least the early level of the Ruler Profound Realm.

The skinny man was still standing in confusion. He was completely unaware of the incoming group of people. Yun Lintian had no choice but to remind him a bit. "Run. There are people coming."

Yun Lintian's voice startled the skinny man, making him look around, and he discovered the group of people flying toward him. His expression abruptly changed, and he hurriedly rushed out with all his might.

Seeing the skinny man running away, Yun Lintian turned to look at the incoming group of people and pointed his finger at the empty space behind him. A powerful flame arrow shot out of the tip of his finger, destroying everything in its path before exploding.

The commotion immediately attracted the incoming people's attention. They didn't hesitate to change the direction toward the explosion.

Yun Lintian smiled faintly, and his body turned into a shadow. He reappeared beside Hongniu Kangyi's lifeless body and reached out to grab him before disappearing from the spot.

The group of four people landed on the explosion site and looked at the scene with frowns. These people had a similar appearance to Hongniu Kangyi, with two horns on their heads and muscular type of bodies.

"What the hell is going on here? Where is Kangyi?" The leading man said while spreading his Spiritual Sense out. Soon, his figure flashed and reappeared beside the position where Hongniu Kangyi was located earlier.

Looking at the trace of battle, the leading man's eyes turned cold. He could figure it out immediately. Hongniu Kangyi must encounter a mishap.

"Didn't he say he's chasing after that bastard?" Another man standing behind said.

A cold glint flashed through the leading man's eyes as he looked around briefly and said. "Let's find him. I'm afraid Kangyi has already fallen in his hand."

"How could it be possible? We all know that bastard is as weak as an ant." Another man said in disbelief.

The leading man didn't say anything further and shot into the sky, flying in the skinny man's direction, followed by the other three.

Chapter 599 An Illegitimate Lineage

The skinny man panted heavily as he ran. His profound energy was depleted, making him unable to accelerate. It won't be long before the four men can catch up with him with his current speed.

"No, I can't go on like this." He muttered to himself and scanned the surroundings, trying to find something to replenish his energy.

"Take this." At this moment, Yun Lintian's voice resounded in his mind, and the skinny man caught a glimpse of an object flying toward him. He instinctively grabbed the object and discovered it was a jade bottle.

"W-who are you? What do you want?" The skinny man looked around vigilantly. He didn't even look at the content inside the jade bottle.

Swoosh!

Yun Lintian's figure appeared two steps ahead of the skinny man and said. "Take it. It's the Energy Replenish Pill."

The skinny man took a few steps back in fright. Yun Lintian could actually appear around him without him knowing. He couldn't help but raise his guard up to the maximum.

"Who are you? Why did you help me?" The skinny man calmed down a little and remembered Yun Lintian's voice. This person must be the one who gave him the warning earlier.

"My name is Mu Chen, a busybody." Yun Lintian responded with a smile. "It's fine to be vigilant, but if I want to take your life, I don't think you can do anything about that. Take the pill and leave here first. Those people are coming in this way."

The skinny man nodded his head slightly. It was true, as Yun Lintian said, killing him in this state was as easy as killing a chicken. There was no point for Yun Lintian to deceive him.

Thinking of this, he poured a few pills out of the jade bottle and stuffed them into his mouth directly. In the next moment, a warm current immediately flowed to every corner of his body. This was the first time in his life to experience such a high-end pill.

After knowing the quality of the pill, the skinny man looked at Yun Lintian in a complicated mood. "This... I don't have anything to pay you."

Yun Lintian waved his hand and said. "Let's leave here first. Those people should already know it was you who killed that two-horned man, if I'm not mistaken. You can lead the way. "

The skinny man's complexion turned unsightly upon hearing this. He hesitated for a moment and gritted his teeth. "Follow me."

Yun Lintian didn't say anything further and followed the skinny man behind.

Along the way, Yun Lintian had learned the skinny man's name was Fan. He didn't have a surname because his bloodline was inheriting an illegitimate descendant of the Crimson Ox Clan. As for Hongniu Kangyi and those four people trailing behind, they were coming from the Crimson Ox Clan.

Yun Lintian felt strange upon learning this. He could obviously see that Fan's bloodline was far stronger than Hongniu Kangyi's one. How could the bloodline of the illegitimate lineage be purer than the direct lineage?

At the same time, he had learned that the so-called Young Master in Hongniu Kangyi's words was no other than the third son of the current clan's head. His name was Hongniu Jing. He was a typical young master who often bullied Fan's lineage.

"Interesting. I think you've encountered a bloody drama plot now." Hongyue, who was listening to everything, laughed amusingly.

"Do you have too much free time recently?" Yun Lintian rolled his eyes. Hongyue must read a lot of novels during this time.

A while later, a small village appeared in Yun Lintian's line of sight. Judging by its appearance, there seemed to be around a hundred households.

"This is my village, called Autumn Leaf Village." Fan introduced. His heart began to throb unceasingly. He wasn't sure whether it was the right decision to come back here.

The two entered the village directly after greetings a few guards. Along the way, Yun Lintian discovered that people's strength here varied between Earth Profound Realm and Ruler Profound Realm. Furthermore, everyone one of them was human and also had the same strange runes as Fan.

Under Fan's guidance, they quickly arrived at a shabby wooden house at the back of the village. Fan directly opened the door and hurriedly walked in.

Yun Lintian followed behind, and a wisp of medicinal smell immediately attacked his nostrils. He gazed and saw a middle-aged man with a pale complexion lying on a wooden bed. With a glance, Yun Lintian could tell this person's vitality was decreasing rapidly, like a leaking water bucket.

"Father!" Fan quickly went to the middle-aged man's side and checked on the latter's body. His face became increasingly ugly when he discovered his father's body was deteriorating faster than before.

"You're back, son?" The middle-aged man opened his eyes and looked at his son with relief.

"Yes. I'm back." Fan nodded his head firmly. He hesitated briefly and took the pill that Yun Lintian gave him out before feeding his father. "Father, take this pill first."

Fan's father smiled faintly and didn't refuse his son's kindness. The next moment he swallowed the pill, his expression changed drastically. He looked at his son and asked solemnly. "Son, where did you get this pill?"

Fan rejoiced upon seeing his father's face become rosy. He hurriedly looked at Yun Lintian and said. "This is benefactor Mu. I got it from him."

It was at this moment did Fan's father noticed Yun Lintian. He observed Yun Lintian carefully, and a trace of surprise appeared in his eyes as he said. "Thank you for your kindness. This pill must be expensive. I have nothing to give you in return. Please receive a kowtow from this old man."

Following that, he struggled to get up but was interrupted by Yun Lintian's gentle profound energy.

Yun Lintian smiled and said. "No need to do this, Senior. I'm merely passing by and offering a little help to Brother Fan."

While Yun Lintian was speaking this, he was a bit shocked in his heart because he discovered this middle-aged man's strength was actually at the peak of the Monarch Profound Realm!

Chapter 600 Doubt

Even though the strength of Fan's father had regressed a lot, Yun Lintian could still perceive a trace of a tyrannical power hiding deep inside of his body. Undoubtedly, Fan's father was once an expert who stood at the pinnacle among the powerhouses in this world.

"I'll remember this kindness." Fan's father took a deep look at Yun Lintian. "My name is Guchang. Welcome to our humble village."

Yun Lintian cupped his fists and said politely. "Greetings, Senior Guchang. My name is Mu Chen... However, before we talk about this, we need to deal with the incoming trouble first."

Guchang frowned slightly and turned to his son. "What's going on?"

Fan lowered his head in guilt and did not dare to say.

Yun Lintian took this chance to explain. "It's like this, Senior. Brother Fan was robbed by a person named Hongniu Kangyi, and he accidentally killed him. Now, four people are coming in this way. If I'm not mistaken, they should be Hongniu Kangyi's comrades."

A trace of surprise flashed through Guchang's eyes as he glanced at Fan. He took a deep breath and said. "No need to feel guilty. You didn't do anything wrong."

Fan raised his head and said with a worried expression. "But I have caused trouble for everyone...."

Guchang waved his hand weakly. "It's fine. With me here, they don't dare to do anything excessively. You go clean up first."

Fan hesitated briefly and obediently walked into the bathroom.

Guchang snapped his finger gently, and an isolating barrier immediately covered the room. He looked at Yun Lintian coldly. "What do you want by approaching him?" As he spoke, powerful pressure gradually filled the entire room.

Under pressure, Yun Lintian didn't have the slightest change in his expression. He smiled faintly and responded. "This junior has no ill intention. As I said before, I was merely passing by and happened to encounter Brother Fan... I won't hide anything from Senior Guchang. I just arrived in the Western Continent a while ago, and I thought I could find some information by following Brother Fan."

Guchang stared straight into Yun Lintian's eyes for a long time before retracting the pressure, as he couldn't find any flaw in Yun Lintian's statement. He asked sternly. "Why did you come here? Could it be you're here for the Tree of Life?"

Yun Lintian showed a surprised expression. It seemed the majority of humans that came to this continent were after the Tree of Life.

Guchang saw Yun Lintian's surprised expression. He couldn't help but let out a chuckle. "Throughout the years, one after another has come to find the Tree of Life, but none of them could succeed. They ended up losing their lives instead... I advise you to go back now. Don't be delusional like them."

Yun Lintian smiled faintly and replied. "Thank you for your concern, Senior. Since I dare to come here, I certainly have my own judgment."

Guchang looked at Yun Lintian for a while and waved his hand. "Forget it. You can do whatever you want. I've already given you a warning."

Yun Lintian changed the topic. "Senior, this junior knows a little of medical profound art. If I'm not mistaken, Senior should be inflicted by poison that directly attacks the soul."

The expression on Guchang's face changed slightly. "You can see it?" He couldn't help reevaluating this young man. From the first time he noticed Yun Lintian, his intuition told him this Heaven Profound Realm junior wasn't ordinary. He seemed to shroud in a mysterious aura that made him unable to see through.

Yun Lintian shook his head. "It's just my guess. If Senior doesn't mind, I can perform an in-depth examination."

Guchang went silent. It wasn't because he was being cautious toward a stranger, but rather he was aware of his condition. It was almost impossible to cure it.

"Father, please let Senior Mu check it." At this moment, Fan walked into the room. He accidentally heard Yun Lintian's words and had an inexplicable feeling that Yun Lintian might be able to treat his father.

Seeing his son's concerned expression, Guchang sighed softly and said to Yun Lintian. "You can try."

Yun Lintian took a step forward and grabbed Guchang's wrist. His pupils shone with golden light as he used his Spiritual Sense to check on Guchang's body. Instantly, Guchang's internal organs came into his vision, and Yun Lintian discovered everything inside was rapidly eroding by a strange black substance.

After seeing this, Yun Lintian closed his eyes and searched the relevant information in his head. Several poisons could produce this effect, but most could not harm the monarch's body.

Soon, Yun Lintian came with two names. The first one was the Deep Sea Poison that Hong Wuya had experienced, and the second one was a hideous poison called Life Eroding Poison. Certainly, the poison in Guchang's body wasn't the Deep Sea Poison.

Yun Lintian opened his eyes and asked. "Senior, how did you get this Life Eroding Poison?"

Guchang was genuinely surprised this time. "You know it?" Seeing Yun Lintian nodding, he said further. "Long story short. I got it while trying to protect my wife."

Hearing his father mentioning this, Fan lowered his head in sadness.

Yun Lintian retracted his hand and thought for a moment before saying. "I have a way to get rid of it, but the poison has clearly spread to every corner of Senior's body. It will take at least a month to expel all of it."

Guchang and Fan looked at Yun Lintian in astonishment. They couldn't believe what they had just heard. However, seeing Yun Lintian's serious expression, they knew he wasn't joking.

"Senior Mu, can you really get rid of this poison?" Fan reacted quickly as he looked at Yun Lintian with hope.

Yun Lintian nodded. "I have no reason to lie to both of you. Although Life Eroding Poison is powerful, it's nothing if you understand its nature. The only difficult thing is it requires a lot of precious herbs."

Fan became excited and hurriedly asked. "What herbs? Can you tell me, Senior Mu? I will find it right away."
