

Myth Beyond 741

Chapter 741 The Surprise Revelation

In the Land of Beyond Heaven, Hongyue was slightly surprised when she saw the black dot slipping away. However, she had no intention of telling Yun Lintian about it. Her lips curled up. "Being cautious all his life, yet end up making such a simple mistake... That's fine as well. This will be his lesson later."

In the outside world, Huoyun Zhu frowned upon hearing Yun Lintian's words. "Are you talking about Du Huanfeng of the Myriad Pill Palace?" Seeing Yun Lintian nodding, she said further. "Although you're strong, dealing with Du Huanfeng is not a small matter. From what I heard, his father possesses a high prestige. If something happened to his son, I'm afraid your future path will be difficult."

Yun Lintian shook his head as he replied calmly. "It doesn't matter, Senior. He has repeatedly provoked and tried to kill the people around me several times. One day, I will have to kill him, anyway. Why don't I use this chance while he isn't fully aware of my power?... As for his father. No matter how powerful he is, I'm not afraid of him."

Huoyun Zhu went silent. Since Yun Lintian was determined to kill Du Huanfeng, she had no right to persuade him further.

Yun Lintian changed the topic. "We should leave here first."

He glanced at Mu Qiuxue, Guchang, and Fan, before moving his mind. A few branches quickly extended out and enveloped them. Their injuries quickly healed under the Tree of Life's power, and Yun Lintian deliberately made them lose consciousness.

After the three went unconscious, Yun Lintian looked at Iryena and said. "Bring everyone over."

"Yes, Sect Master," Iryena replied readily and quickly contacted Yavanna. Soon, Yavanna returned with Nienna and two hundred villagers.

Yun Lintian scanned everyone briefly and said calmly. "I am going to bring everyone to a place. I hope everyone can keep the secret for me."

p "Please reassured, Sect Master. I believe none of them would leave in the future." Iryena was fully aware of the Land of Beyond Heaven. With the nature of the Heavenly Wood Spirit, it was unlikely they would want to leave a place where they could live in peace.

Yun Lintian nodded and said further. "Our time together might be short, but I believe in everyone's character. I wish everyone could live harmoniously with my people." He paused for a moment and waved his hand. A giant silver gate gradually appeared out of thin air beside him and slowly opened.

He turned to Yun Qingrou and said. "Please help me bring them in."

Yun Qingrou smiled and turned to the bewildered crowd. "Everyone, please follow me." She quickly walked into the Gate of Beyond Heaven afterward.

Iryena took a deep breath and beckoned her people to follow. Soon, all the Heavenly Wood Spirit members disappeared into the gate.

Yun Lintian was about to say something. He suddenly perceived several signals from the Misty Cloud Sect's disciples, who ventured outside. He was relieved inwardly when he discovered everyone was safe and sound.

Without waiting further, he quickly responded to the signals, and all the disciples immediately appeared in the Land of Beyond Heaven, one after another.

"There's something you didn't know. In the battle earlier, it wasn't Senior Huoyun alone who sacrificed herself, but also Senior Tianqi Zongwei. Losing him means the Sky Qilin Clan no longer dominates the Nine Profound Beast Palace now. I reckon this continent will descend into chaos soon." Yun Ruanyu suddenly said.

"Tianqi Zongwei?" Yun Lintian's eyes widened open in shock. His impression of this person was someone with a highly selfish personality. How could he sacrifice himself?

A moment later, a wry smile appeared on his face. "It seems I've misunderstood him for all this time."

"We do." Huoyun Zhu added. Before this, she also held the same opinion as Yun Lintian. Otherwise, why would Tianqi Zongwei allow her clan to suffer for all these years if he were that good?

Yun Lintian sighed softly, not knowing what to say at the moment.

"Also, I believe Du Huanfeng has already contracted his father. This is not a good time to deal with him. Let's leave this continent first." Yun Ruanyu expressed her opinion.

Yun Lintian was unwilling in his heart, but he knew Yun Ruanyu was right. With his current strength, dealing with Du Huanfeng's group alone was not a problem, but it would be entirely different if they had the Divine Ascending Tribulation Realm experts with them.

The reason why Yun Lintian could kill Jue Kong was mainly coming from the Tree of Life. His previous strength was merely temporary. If he wanted to use that move again, he would need to reach at least the first level of the Divine Ascending Tribulation Realm first.

"You're right." Yun Lintian finally agreed with Yun Ruanyu's proposal. He turned to Yun Lingwei and asked. "What about the skyship?"

Yun Lingwei patted her chest and said proudly. "I've already finished it. You can take a look now. Although I've never seen all the skyships in this world, I don't think any of them can compete with our skyship."

Yun Lintian was surprised. "Really? That's good. I'll check it out later. Now, all of you go back first."

He handed Linlin to Yun Ruanyu and turned to the Tree of Life. With a wave of his hand, the Tree of Life shone brightly and transformed into a palm-sized green orb before flying into Yun Lintian's hand.

Yun Lintian glanced at the green orb and pressed it on his forehead. Immediately, the green jewel on the Beyond Heaven King's Crown in his mind lit up, indicating the Tree of Life had perfectly integrated with him.

Yun Ruanyu and others weren't surprised about this. They quickly walked into the gate, and Yun Lintian closed it afterward.

Huoyun Zhu looked at the disappearing gate and hesitated for a moment before asking. "What is that?"

Yun Lintian revealed this in front of Huoyun Zhu because he trusted her character. He didn't hide it and briefly explained. "Senior can think of it as your clan Ancestral Land. It's just that I can access it anywhere and any moment."

Huoyun Zhu's face revealed a trace of incredible. She lived for thousands of years. This was the first time she had encountered this kind of space treasure.

She sighed softly. "The world is truly vast."

While Yun Lintian and Huoyun Zhu were talking, the Land of Beyond Heaven was going through a huge transformation...

Chapter 742 Primordial Fruit Of Immortality

Inside the Land of Beyond Heaven, the surrounding fog around the living space began to retreat, revealing several thousands of kilometer squares of vacant area. Countless heavenly trees and plants began to crazily sprout.

The change accelerated the original crops and magical plants in the medicine garden behind the villa. From a few years old had become a thousand years old in a blink of an eye.

A few kilometers on the right side of the mountain, a gigantic tree that resembled the Tree of Life emerged from the ground along with a lush forest around it.

With the appearance of the Tree of Life, the atmosphere in the Land of Beyond Heaven changed dramatically. The richness of vitality and profound energy in the air had increased significantly. Estimating everyone could make a twice progress speed in this condition.

The most surprising thing was those disabled children began to feel a sign of recovery in their missing limbs. Perhaps they could regenerate their organs without reaching the Saint Profound Realm.

"This is incredible." Yun Qingrou couldn't help saying it out. As someone proficient in alchemy and medical art, she was fully aware of the significance of this environment. As long as they still had a trace of lifeforce left, they could recover no matter how severe their condition was.

Iryena looked around the place with a hint of nostalgia in her eyes as she muttered. "It's been a long time...."

Yun Qingrou accidentally heard this. She turned to Iryena and asked. "Are you perhaps been here before?"

Iryena smiled faintly as she replied. "Yes. However, I cannot tell you the specific information yet. Wait until you reach the Divine Foundation Realm first."

Yun Qingrou looked at her with a thoughtful expression. The so-called Divine Foundation Realm was the lowest realm of the Divine Realm. Precisely, it was the next realm after the Divine Ascending Tribulation Realm.

She put this thought aside and introduced Iryena and the rest around.

Swoosh!

Hongyue's illusory figure suddenly appeared before the group. She looked at Iryena up and down briefly before saying. "I haven't seen you for a while. You've become a beauty now, huh?"

Iryena was shocked when she saw Hongyue. She hurriedly said. "Are you... Red Moon Princess?"

Hongyue smiled and said. "Ah... Time passed by really quickly."

Iryena was excited and bowed her head. "It's nice to see you again, Princess. I thought that you...."

"Indeed, I should be dead by now. Unfortunately, that guy didn't want me to go." Hongyue chuckled softly.

Yun Qingrou watched the scene thoughtfully. She gradually connected the dots one by one. Basically, everyone that related to the Beyond Heaven Relics was all acquaintances, and their relationships weren't shallow at all. This made her even more curious about the Beyond Heaven King... What kind of existence was he to have many outstanding people around him?

Swoosh! Swoosh! Swoosh!

All of a sudden, several figures appeared in a vacant space nearby Misty Lake. They were no other than the disciples that ventured out.

"Phew... Finally home." A petite girl patted her flat chest in relief after seeing she had returned.

Yun Tong looked around briefly and was relieved inwardly when she saw all of her fellow sisters return safely.

Yun Qingrou walked toward them and said softly. "Thankfully, everyone is fine."

"Teacher Qingrou!" Everyone quickly greeted Yun Qingrou.

"Teacher, what happened to Headmaster? We couldn't contact him a while ago." Yun Tong asked worriedly.

Yun Qingrou smiled gently. "We were facing a powerful opponent earlier. Everything is fine now." She paused for a moment and said further. "Go take a rest first and submit your experiences during this period to Principal Ruanyu later."

"Yes, teacher!" Yun Tong and others responded in unison and went back to their residences.

"They are good seedlings," Iryena said softly while watching the scene from a distance.

p Hongyue said calmly. "Just good is not enough."

Hearing this, Iryena immediately went silent. A catastrophic scene in the past flashed through her mind. It was the scene she could never forget for the rest of her life.

Yun Qingrou walked back to the group and asked softly. "May I know where you want to set up your residences?"

Iryena returned to her sense and glanced at the Tree of Life in the far distance. "We'll live over there... Don't worry. We will help everyone cultivate crops and plants."

Yun Qingrou responded with a smile. "Then I'll have to thank everyone on Lintian's behalf."

"You're too polite, Sister." Nienna chimed in. Her gaze subconsciously cast to several disabled children nearby the lake. A frown appeared between her brows as she asked. "Sister, why did they become like this?"

Yun Qingrou didn't need to turn around to understand what Nienna was talking about. She began to narrate everything that happened to those children.

Nienna was angry after listening to the narration. "Those humans are really hateful! They don't even leave children alone."

On the contrary, Iryena's face was calm. She had witnessed an even more tragic experience than this. These children were fortunate enough to meet Yun Lintian.

She looked at them and said. "Regenerate organs are simple with Lord Tree of Life here."

"Can you elaborate more?" Yun Qingrou hurriedly asked. She only saw the injury recovering ability from the Tree of Life and had no other idea about it.

"Have you seen the fruits over there?" Iryena gazed at the Tree of Life in the distance.

Yun Qingrou's Spiritual Sense immediately spread out toward the tree and immediately captured several fist-sized golden fruits hanging around the branches. She could perceive the intense vitality flowing out of them like no other thing in this world could do.

Iryena explained further. "These fruits are called Primordial Fruit of Immortality. As its name suggests, it could give one a chance to achieve immortality."

"Immortality?" Yun Qingrou was shocked. She had read countless books, and all of them always regarded immortality as unachievable. Some even said it existed only in fantasy. How could she stay calm upon hearing this?

Hongyue pursed her lips and interjected. "It's just a name. In fact, its benefits are extending one's lifespan by two hundred years and helping regenerate organs. There's also a downside that is everyone can only eat one in their lifetime. Otherwise, their bodies will explode. Even the toughest physique, like the Indestructible Physique, cannot withstand it."

Yun Qingrou immediately calmed down. "So it's the case." She took a deep breath and said. "That's already something against heaven."

Chapter 743 News Spread

"What did you say!? My father... He..." In a majestic palace, Tianqi Junlai's face was pale as a white sheet. He couldn't believe his ears when he heard the news about his father, Tianqi Zongwei.

Although he hated his father for looking down on him on many occasions, as the says go, blood thicker than water, it was his father, after all. He couldn't be indifferent.

Tianqi Yi and Tianqi Er lowered their heads in grief. Before this, they insisted on going with their old master but were stopped by him. They believed that Tianqi Zongwei might not have to sacrifice himself if they were around.

The atmosphere in the palace was heavy. All the clan elders were silent as they were hit hard by the news. Without Tianqi Zongwei, the Sky Qilin Clan's strength would plummet significantly. Even the wealth they hoarded all these years might not help them maintain the position.

"Patriarch, we need to send people to get the Tree of Life as soon as possible." An old man with shrewd eyes suddenly said. He was the Third Elder of the Sky Qilin Clan, Tianqi Mingxiang.

Tianqi Junlai glanced at him and said hoarsely. "You can arrange this matter."

A splendor light flashed through Tianqi Mingxiang's eyes. He responded readily. "Please leave it to me. I will definitely bring it back to you."

Tianqi Junlai nodded and waved his hand, sending Tianqi Mingxiang out of the palace.

"Patriarch, we need to stabilize our position first." Another old man in a green robe said. He was the clan's first elder, Tianqi Hao.

,m Tianqi Junlai motioned with his chin, telling Tianqi Hao to go on.

Tianqi Hao thought for a moment and said solemnly. "For now, the only threat is the Netherworld Wolf Clan. The Great Roc Clan and the Purple-Winged Tiger Clan are losing their leaders. They wouldn't dare to do anything. At least, for the time being."

"The Crimson Ox Clan also cannot be underestimated. From our investigations, they are secretly helping Du Huanfeng, and I believe they have something to do with the recent appearance of Abyssal Energy. They're likely to collude with Poison Valley."

Tianqi Hao took a deep breath and continued. "I just got the news. Myriad Pill Palace has already dispatched their First Guardian. Undoubtedly, their goal is the Tree of Life. With our current strength, I'm afraid it's not a good time to get into a conflict when them."

"Hmph! This is the Western Continent. No matter how powerful they are, they won't dare to act rashly." Tianqi Junlai snorted coldly. "Pay attention to Du Huanfeng's movement. As for Lang Moxie, let him come if he thinks our Sky Qilin Clan is easy to bully."

Tianqi Hao replied solemnly. "Yes, Patriarch."

Tianqi Junlai closed his eyes for a while, and when he opened them again, the trace of sadness previously had completely vanished, replaced by a great determination.

The news of Tianqi Zongwei's demise spread throughout the continent, and those moles of various forces in the Central Continent also reported the news. In a few days, every continent's major forces had learned the news. Of course, for them, this was the good news.

Yun Lintian had returned to the Fire Cloud Rat Clan's Ancestral Land. The atmosphere in the Ancestral Land was full of sorrow. They had a hard time accepting the departure of their matriarch. Especially Huoyun Lingling and Huoyun Yanyan. They cried all day and night until they fainted.

Yun Lintian felt guilty about this. He tried his best to apologize to everyone, and none of them blamed him. After all, it was Huoyun Yurou's own choice. It wasn't something Yun Lintian could prevent.

"Seniors, why don't you come with me? I can take everyone out of here." In the hall, Yun Lintian asked Huoyun Zhu and other clan elders.

Huoyun Xiao shook her head slightly. "This is our Ancestral Land. We don't want to leave this place. I know you're worried about us, but as long as the natural formation is there, no one can harm us."

Huoyun Zhu interjected. "I think we should let our clansmen go with him. This place is indeed safe, but what about the future? I can't see the future if we continue to stay here."

"Great Elder, do you want to abandon our Ancestral Land?" Huoyun Rui asked in dissatisfaction.

Huoyun Zhu wasn't angry by Huoyun Rui's question. She looked at everyone and said calmly. "This is Matriarch's last will. She told me to bring every one to follow him."

Huoyun Rui and others immediately fell into silence.

Yun Lintian watched the scene and silently asked in his mind. "Hongyue, can I bring this piece of land into the Land of Beyond Heaven?"

In his opinion, there should be a way to do this similar to the time he took the Soul Pond in.

"Of course, you can." Hongyue's lazy voice resounded. "When are you going to study your cheat device thoroughly? I'm getting tired of answering your questions."

Yun Lintian's face twitched slightly. It wasn't because he didn't want to, but he simply had no spare time. He asked. "Is it the same method?"

"Yeah. Try it yourself." Hongyue replied and was unbothered to take care of Yun Lintian further.

Yun Lintian wanted to curse, but he had no right to do it. He turned to Huoyun Zhu and others. "What if I can bring this place along?"

As his voice fell, except for Huoyun Zhu, everyone turned to look at him like they were looking at an idiot.

Huoyun Xiao didn't mean to be impolite, but she couldn't help saying. "I'm sorry. How are you going to do it?"

One had to know that even the peak of the Divine Ascending Tribulation Realm experts could not move a large piece of land along with them. Destroying and bringing it away were two entirely different things.

Yun Lintian smiled faintly and didn't explain it directly. "Let's not talk about whether I can do it. I'm asking Seniors again, what if I can bring this place away? Are you going to leave with me?"

Huoyun Rui was a straightforward person. He replied right away. "If you can do it, of course, I will leave with you!"

Huoyun Xiao and others glanced at each other shortly and nodded their heads.

Yun Lintian curled his lips and said mysteriously. "Then, Seniors should prepare to move."

Chapter 744 Immortal Fruit's Effect

"Are you sure you want to bring them in?" Yun Ruanyu asked when she heard Yun Lintian wanted to bring the whole Fire Cloud Rat Clan into the Land of Beyond Heaven.

"Yes. I don't want to leave them here." In fact, Yun Lintian also hesitated about this, but he believed they were trustworthy. Not to mention he had absolute power within the Land of Beyond Heaven. He wasn't afraid they would betray him.

Yun Ruanyu went silent for a moment and said softly. "Let's do it."

"You don't have objections?" Yun Lintian asked in surprise.

Yun Ruanyu smiled gently. "It's true that I don't trust them. Especially Huoyun Jie. He tried to kill you before, and I believe he hates you even more now. However, as long as you don't let him go out again, I don't think he can do anything. And we have Iryena and Princess Hongyue inside."

Yun Lintian let out a long breath and said. "Thank you for understanding me."

Yun Ruanyu didn't say anything further. She stood up and went to notify everyone about this matter.

Yun Lintian sat on the sofa for a while and prepared to go out. Linlin suddenly rushed toward him and jumped into his embrace.

"Thankfully, you're safe, Big Brother Yun." Linlin rubbed her little head against his chest affectionately.

Yun Lintian's heart was warm. He caressed Linlin lovingly and said. "Thank you for your hard work. However, big brother doesn't allow you to risk your life again, understand?"

"Mhm!" Linlin replied crisply, but she didn't think so in her heart. She was willing to protect Yun Lintian with her life.

After confirming that Linlin had truly recovered, Yun Lintian hugged her and walked out of the villa. At this moment, Yun Qingrou walked toward him and said. "Lintian, you should check the Primordial Fruit of Immortality out. If it works, we can start treating those children right away."

Yun Lintian patted his forehead. Previously, he heard Yun Qingrou say about this heaven-defying fruit, but he was taking care of the Fire Cloud Rat Clan members during this period and completely forgot about it.

"Let's go." Yun Lintian nodded and headed toward the Tree of Life.

After a few days, the relationship between the Misty Cloud Sect's disciples and the Heavenly Wood Spirit members was becoming closer. There was no sense of unfamiliarity between them now.

In the lush forest full of countless heavenly trees and flowers, several people were busy building tree houses. Although they could use their profound techniques to make them, the Misty Cloud Sect's disciples adopted Yun Lintian's teaching by doing everything with purely physical strength. And this had also been learned by the Heavenly Wood Spirit members.

"Headmaster!" Everyone quickly greeted Yun Lintian when they saw him coming.

Yun Lintian returned with a smile and let them be busy while heading straight toward the Tree of Life.

Swoosh—

A beautiful figure suddenly appeared before the Tree of Life and greeted Yun Lintian. "My King."

Yun Lintian was taken aback by her appearance. "Lauya?"

The beautiful figure, Lauya, smiled charmingly. "In this place, I can resume my spiritual figure freely."

"That's great." Yun Lintian subconsciously stared at Lauya's smooth lips and recalled the experience he had with her.

Lauya lowered her head shyly when she noticed this.

On the side, Yun Qingrou looked at Lauya curiously. "This is..."

Yun Lintian regained his sense and quickly explained. "This is Lauya. She is the Tree of Life's Spirit."

? "I see." Yun Qingrou was surprised. "It's nice to meet you, Senior. My name is Yun Qingrou."

Lauya smiled at her and said. "You don't have to be polite. Just call me Lauya directly. We're our king's subjects, after all."

Yun Qingrou hesitated briefly and said. "I will call you Sister Lauya then."

"That's fine as well," Lauya replied. She turned to Yun Lintian and said. "Are you coming here for the fruits, My King?"

"Yes." Yun Lintian nodded and raised his head to look at the shiny golden fruits on the tree. "Can it be used on those children?"

"Yes. There's no problem. However, we need to help them digest it." Lauya explained. "In this condition, it will take one year to bear fruit. When My King gets The Earth in the near future, it will reduce to one month."

"So fast?" Yun Lintian was surprised. For this heaven-defying fruit, one year was already fast, in his opinion. Not to mention one month.

Lauya said further. "Currently, there are 2,430 pieces. Because I needed to suppress the enemy, I completely stopped the fruit-bearing progress."

Yun Lintian nodded. "It's more than enough for our people."

Currently, there were around 1,500 people here, including the newly added Heavenly Wood Spirit members. With the addition of 200 Fire Cloud Rat Clan people, these 2,430 fruits were more than enough.

Yun Lintian turned to Yun Qingrou and said. "Let's bring them here."

Yun Qingrou nodded and contacted Cang Xiao to bring the disabled children here. Soon, Cang Xiao arrived with four hundred-odd children. They looked around curiously, not knowing why Cang Xiao had brought them here.

"Ah, Big Brother Savior!" Little Girl Doudou shouted happily when she saw Yun Lintian. Because her legs were severed, otherwise she would rush to Yun Lintian by now.

Yun Lintian stepped forward and knelt on one knee to Doudou's level. He smiled kindly at her and picked her up. "Are you happy living here?"

"Mhm! There are so many delicious foods, and Doudou loves listening to sisters' music the most." Doudou replied happily. She had totally forgotten about the tragic experiences.

Yun Lintian pinched her cheek softly and said. "It seems Doudou really enjoys eating."

"Hehe." Doudou giggled without shying.

"Next, big brother will give you a delicious fruit. Do you want to eat it?" Yun Lintian said while secretly pulling one of the fruits out with his profound energy and showing it to Doudou.

"Ah?" Doudou blinked her eyes a few times as she stared at the shiny golden fruit. A drool could be seen at the corner of her lips as she replied hesitantly. "It's so beautiful. Can Doudou really eat it?"

"Of course. Here." Yun Lintian handed the fruit to Doudou.

"Thank you, Big Brother Savior." Doudou bowed her head politely before receiving the fruit. She looked at the fruit for a moment and took a bite.

"So delicious!" Doudou's eyes widened open, and she hurriedly took another bite.

At this moment, a faint layer of golden light appeared around her, and a miraculous scene slowly surfaced...

Chapter 745 Miraculous Effect

Doudou's severed legs began to grow and soon wholly recovered. This scene immediately stunned Cang Xiao and the other children. Even Yun Lintian was also surprised by this. It was truly heaven-defying.

However, Doudou didn't seem to notice this. She continued to gnaw on the Primordial Fruit of Immortality in relish. After finishing the fruit, she didn't forget to lick her tiny fingers and looked at Yun Lintian expectantly.

She hesitated for a moment and asked timidly. "B-Big Brother Savior, can I get another one?"

Yun Lintian laughed and said. "Big brother wants to give you another one, but this fruit is too powerful. It may hurt Doudou."

Doudou lowered her head in disappointment and suddenly discovered her legs. Her eyes widened open, and she exclaimed in shock. "My legs!?"

Yun Lintian smiled gently and lifted Doudou up from the wheelchair, placing her on the ground. "Can you Doudou try to walk?"

Doudou was startled for a long time. She couldn't believe that she was standing right now. A moment later, she nervously lifted her leg and took a step. One step, two steps... Everyone discovered Doudou could now walk freely like a healthy person.

Doudou began to run and jump happily before returning to Yun Lintian. "Thank you, Big Brother Savior, for giving Doudou's legs back!"

Although she was young, she wasn't entirely ignorant. She knew it must be because of the fruit she had eaten earlier.

"That's what Doudou deserves. No need to say this." Yun Lintian rubbed Doudou's head lovingly. He was genuinely happy for her to regain her legs back.

Yun Lintian waved his hand, and several fruits immediately flew toward the children. He turned to Iryena and said. "Please call others to help them digest."

Iryena accepted the task readily and called the guards over.

After giving instruction, Yun Lintian let the children eat the fruits. A few breaths later, all the children regained their limbs, and those with deaf ears, and blind eyes, had also recovered.

"Woo... I can see again!"

"I can hear your voice!"

The children began to cry in excitement. They were happily hugging each other. Although some of them might have already forgotten the past, the majority still remembered the nightmare they had gone through.

Cang Xiao wiped the tears off her eyes while looking at this scene. She was a mother herself. These children were like her own. Seeing they had recovered, she couldn't help crying with joy. From now on, they could live like normal children.

Yun Lintian let them vent for a while and said. "Everyone, listen to me first. I am going to transform your profound veins next. It may be hurt. I hope everyone can endure it. This is for your future."

"We aren't afraid of pain, Big Brother Savior!" Doudou shouted loudly with a serious expression.

"Yes, Big Brother Savior!" Other children quickly followed.

"Alright, tell me if you can't endure further." Yun Lintian took a deep breath and said.

The Crown appeared on his head, and he stretched his palm out. Instantly, golden light spread out and covered all the children, starting to transform their profound veins.

Since Yun Lintian stepped into the peak of the Ruler Profound Realm, he discovered he could use the transformation ability on 500 people a day just fine. This would be convenient for him once the members increase in the future.

Doudou and others felt their bodies had gone through an earth-shattering transformation. A sharp pain spread throughout every corner of their bodies, but they forcibly endured it. Droplets of sweat appeared on their foreheads, making everyone distressed looking at this scene.

The process lasted 10 minutes, and the children were directly slumped on the ground. Although they were tired, they could clearly feel the changes in their bodies and couldn't help but become excited. With this, they could practice several times faster than before.

"Wow! Thank you, Big Brother Savior!" Doudou happily jumped over and hugged Yun Lintian tightly.

Yun Lintian used this chance to check on her profound vein. He heaved a sigh of relief after confirming there was nothing wrong.

He stroked Doudou's head and said softly. "From now on, Doudou has to participate in the class, understand? Doudou can look at the world when you become stronger."

"Mhm!" Doudou's innocent eyes were brimming with determination. During this period, she often watched those big sisters practicing and hoped that she could be like them. Now, the opportunity had come. She couldn't wait to start right away.

"Alright, bring everyone back first. Let them rest for a few days before starting." Yun Lintian looked at Cang Xiao and said.

"Yes, Headmaster." Cang Xiao responded calmly and brought the children away.

Yun Lintian looked at the golden fruit in his hand and asked Lauya. "What would happen when a normal person consumes it? What's the benefit besides extending lifespans?"

"Although there's the immortality word in its name, it doesn't benefit ordinary people much. It could strengthen one's organs and bones. Also beautification. It can make one regain their youthful appearance." Lauya answered.

"I see." Yun Lintian was still amazed by the benefits of the fruit. With the beautification effect, this fruit would definitely become popular among women.

"The dew on the tree can allow one to experience their past life. If they could overcome it, their soul would become stronger." Lauya said further. "However, I don't recommend anyone below the Monarch Profound Realm to use it. It may be harmful instead of a boon."

Yun Lintian's face twitched slightly... Why did you give it to me back then if that was the case?

Lauya seemed to see through his thought. She said with a smile. "Of course, you're an exception, My King."

Yun Lintian didn't linger on this topic further. He waved his hand and said. "I'll leave first. Later, I will bring the Fire Cloud Rat Clan here."

Yun Qingrou said softly. "I'll notify others."

Yun Lintian nodded and summoned the Gate of Beyond Heaven before walking out.

When he appeared in his hut, he immediately perceived Huoyun Zhu's presence outside.

He opened the door and asked. "What's the matter, Senior?"

Huoyun Zhu quickly explained. "I just got the news. The Myriad Pill Palace's people have already arrived here and are now looking for you."

A cold glint flashed through Yun Lintian's eyes as he heard this.

Chapter 746 Moving The Ancestral Land

"Their strength can't be underestimated. I believe they should be at least at the middle level of the Divine Ascending Tribulation Realm. I suggest that you stay here first." Huoyun Zhu explained further when she perceived Yun Lintian's killing intent.

Yun Lintian smiled faintly. "Don't worry, Senior. I know what to do." He changed the topic. "By the way, is everyone agree with my proposal?"

Huoyun Zhu didn't answer right away. She wanted to confirm her thought first. "Can you really bring this place away?"

Yun Lintian nodded. "Yes. However, I'll need everyone to stay in that place for the time being. Don't worry. It's absolutely safe in there. It's just that you'll lose freedom."

Huoyun Zhu shook her head slightly. "Our people have lived in this peaceful environment for a long time. There's nothing better than an absolutely safe place. You don't have to worry about it." She paused for a second and continued. "As for Huoyun Jie. Although he's like that, I can guarantee he won't dare to betray us... I will personally kill him if he did."

"I hope so," Yun Lintian said calmly. Once Huoyun Jie entered the Land of Beyond Heaven, he wasn't afraid of his betrayal at all.

Huoyun Zhu took a deep breath and said. "Everyone has agreed with your idea and is now waiting for you in the hall."

Yun Lintian thought for a moment and said. "I'll need a formation master to help me."

"No problem. I'll call Sister Xiao over." Huoyun Zhu took her transmission jade out and contacted Huoyun Xiao.

With a swoosh, Huoyun Xiao appeared beside Huoyun Zhu and asked. "What is it, Great Elder?"

"It's like this, Senior." Yun Lintian explained his idea and gave Huoyun Xiao a bunch of formation stones.

Huoyun Xiao was in doubt, but she still did according to his instruction.

Soon, the formation was complete, and Yun Lintian gathered everyone.

"As everyone knows, I will bring the Ancestral Land away. I'll put my ugly words here first. I hope everyone can live harmoniously with my people. If anyone causes trouble, I won't show mercy."

All the Fire Cloud Rat Clan members looked at Yun Lintian in confusion. They didn't quite understand his meanings. What did he mean? Living with his people?

Huoyun Jie frowned. "What do you mean? Are you going to put us in jail or something?"

Huoyun Zhu looked at him coldly and was about to say something but was interrupted by Yun Lintian first.

"You're right. I am going to put everyone in jail." Yun Lintian's words immediately caused a commotion.

He said further. "However, it can be considered as a paradise. You will understand in a minute."

Yun Lintian didn't care about their opinion and immediately summoned the Gate of Beyond Heaven. The appearance of the gate immediately silenced the crowd. They could feel an ancient aura coming out of it, causing them to become solemn.

The gate slowly opened, and Yun Lintian quickly moved his mind.

Rumble—

The entire Ancestral Land shook violently and began to shift. In the next instant, everyone felt like they had traveled through space and appeared in an unknown place.

The Ancestral Land was placed on the far left of the mountain. It was initially a vacant land where Yun Lintian planned to build workshops.

Huoyun Zhu and others quickly spread their Spiritual Senses out and discovered several heavenly treasures in the distance. Especially the Profound Spiritual Lake. They had never seen even a bucket of Profound Spiritual Liquid before. Let alone the entire lake.

"Heavenly Sandalwood? Serene Bamboo? These trees should exist in the legend only. How could they appear here?" Huoyun Xiao was relatively knowledgeable. She had read the book about Heavenly Sandalwood and Serene Bamboo before. That was why she could recognize it at a glance.

Even Huoyun Zhu, who was preparing beforehand, didn't expect this. She thought the space inside Yun Lintian's space treasure was small, but the reality was on a different level from her imagination.

"This..." She didn't know what to say at the moment. The richness of vitality and profound energy here was even more intense than the Western Continent. Without a doubt, everyone's strength would increase by leaps and bounds, practicing in such a heavenly place.

Swoosh!

Yun Ruanyu arrived at the scene. She looked at everyone briefly and said. "Welcome to the Land of Beyond Heaven. My name is Yun Ruanyu. Everyone can live here with peace of mind. Feel free to ask if you want anything."

Huoyun Rui swallowed his saliva and asked. "Can I take the Profound Spirit Liquid?"

Huoyun Zhu frowned but said nothing. This question would be asked later, anyway. It was better to make it clear first.

Yun Lintian smiled faintly. "Of course, you can, Senior. However, you must first gain a merit point by contributing something." She paused for a second and said further. "As far as I know, Senior is proficient in the battle. Why don't Senior give some pointers to my people later?"

Huoyun Rui laughed heartily. "Hahaha! No problem! I can see that these little dolls have some skills. I like to teach talented people."

Yun Ruanyu turned to Huoyun Xiao and said. "Senior can also exchange formation arts with us. I believe it will benefit both sides."

"Sure." Huoyun Xiao smiled. She had witnessed Yun Lintian's unusual formation skills before. Evidently, these people were studying high-level formation art. She couldn't wait to take a look.

"Thank you for taking us in." Huoyun Zhu suddenly said. She could obviously see that Yun Ruanyu didn't fully trust her clan members. She had to remind them later.

Yun Ruanyu loved to talk with intelligent people. She believed Huoyun Zhu understood her thoughts well.

"You don't have to thank me, Senior. Everything is based on Lintian's decision." Yun Ruanyu emphasized this in the hope they could respect Yun Lintian more and obey his words in the future.

Huoyun Zhu smiled faintly. "We understood. Yun Lintian has inherited Lord Vermilion Bird's noble bloodline. According to our ancestral teachings, we are obligated to serve him."

As she spoke, she turned to look at her clansmen, and they hurriedly expressed their understandings, including Huoyun Jie. At this moment, he seemed to fully submit to Yun Lintian.

While Huoyun Zhu and others were adapting to the new environment, Yun Lintian stood calmly in an empty land with Guchang, Fan, and Mu Qiuxue that he had just woken them up.

"Where is this?" Guchang felt like he had just woken up from a long sleep.

Chapter 747 Leaving

"You all have been sleeping for several days." Yun Lintian said.

Guchang, Fan, and Mu Qiuxue began to check themselves and discovered their injuries fully recovered. Especially Guchang and Fan. They could see their bloodline was awakened entirely now.

"Du Huanfeng has called for reinforcements, and they have already arrived here. Now, I have two choices for you to choose. The first one is staying here, but you have to hide away from them. The second is leaving this continent with me. Of course, we will come back in the future." Yun Lintian went straight to the point.

Mu Qiuxue went silent for a moment and replied. "I want to go back to the Central Continent."

Yun Lintian took a deep look at her and said. "Although you've regained your strength, I don't think it's a good choice to return. Especially in this situation. So, the best choice is to go with me."

Mu Qiuxue frowned slightly. "Where are you heading to?"

"Southern Continent," Yun Lintian responded calmly. According to the information from Tian Zuo, The Earth was located within the Southern Continent. He wanted to get it as soon as possible before the Heavenly Sword Summit event a few months later.

Mu Qiuxue fell into deep thought. As much as she wanted to return to the Central Continent, hiding her presence from Du Huanfeng's terrifying network was unrealistic. Going with Yun Lintian for the time being seemed to be the best choice for her at the moment.

Meanwhile, Guchang was thinking hard. He didn't want to leave this continent, but it was impossible for him to take back the Crimson Ox Clan's patriarch position by himself. Not to mention he had to protect his son.

He let out a long sigh and said. "It seems I have to trouble Little Brother Yun for the period."

Yun Lintian smiled. "Don't worry, Senior. I know what you want to do. When the time comes, I will help you take back what belongs to you. You've my word."

"Thank you." Guchang cupped his fists and said gratefully.

On the side, Fan naturally had no opinion. More precisely, he had no clue about what to do next.

"But how are we going to leave here?" Mu Qiuxue asked curiously.

Yun Lintian smiled mysteriously as he replied. "I'll show something later." He glanced at the surrounding white mist that seemed to dissipate at any moment and said further. "We need to leave here first and find a relatively remote place to hide for a few days."

"I know the place." Guchang suddenly said. "There's a place called Water Cave located between the territories of the Deep Sea Naga Clan and the Heavenly Fox Clan. That place is relatively hidden. A few people know about it."

"Oh?" Yun Lintian was interested.

"My grandfather told me that place should be a resident of an old senior in the ancient era. I was fortunate enough to visit it." Guchang explained further.

Yun Lintian made a decision. "Well, we can use that place... Let's leave first. The formation here is about to worn out."

Guchang and Mu Qiuxue glanced at the white mist briefly and quickly followed Yun Lintian out.

Outside of the former Ancestral Land, an old man clad in a red robe calmly watched the white mist thoughtfully. He was one of the Myriad Pill Palace Guardians, Du Yunlie.

"I've long heard about the natural formation before. Seeing with my own eyes is truly fascinating... Hmm?" While appreciating the wonder of the Fire Cloud formation, he suddenly noticed four figures rushing out of the formation.

Du Yunlie's eyes narrowed slightly, and his figure immediately disappeared from the place.

Yun Lintian's group was heading toward the west at full speed. All of a sudden, they saw an old man appearing several meters before them. Judging by his aura, he was at least at the early level of the Divine Ascending Tribulation Realm.

Yun Lintian frowned slightly. "Myriad Pill Palace?"

"Du Yunlie." The old man, Du Yunlie, replied with a faint smile hung on his face. "You should be Mu Chen. This old man is instructed to capture you. Why don't you come with me now?"

Yun Lintian let out a soft chuckle. "It seems your master didn't tell you everything."

"Hmm?" Du Yunlie looked at Yun Lintian curiously.

Boom!

In the next instant, Du Yunlie suddenly raised his left arm up and a profound shield appeared to timely block Yun Lintian, who silently appeared beside him and gave him a punch.

"Your movement technique is indeed bizarre like Young Master said." Du Yunlie was calm and composed. "Unfortunately, you met me."

As his voice fell, the space around Yun Lintian cracked, producing a powerful suction force to restrain Yun Lintian in place.

Du Yunlie glanced at Yun Lintian, and a dangerously profound light instantly shot at him.

Yun Lintian's expression changed drastically. His profound energy burst forth and countless lightning sparks exploded out, allowing him to escape the restraint and avoid the incoming profound light timely.

"Freeze!" Mu Qiuxue sent a spiral snow tread toward Du Yunlie, but the latter simply waved his hand to dispel it. This showed the massive gap between their power.

"Die!" Guchang let out a battle cry as a crimson flame surrounding his entire body gathered in his right arm, carrying matchless might before striking toward Du Yunlie.

Seeing this, Du Yunlie raised his right hand to receive Guchang's fist.

BOOM!

With a loud explosion, the surrounding space violently collapsed within the fumbling waves of flames, as though a volcano had erupted in midair.

At the very center where the ocean of fire exploded, Du Yunlie calmly grabbed Guchang's fist and nodded his head slightly. "Not bad. As expected from the former Patriarch of the Crimson Ox Clan... Unfortunately, your strength is entirely different from the past."

Guchang was shocked by Du Yunlie's unbelievably strong physique. He clearly injected his bloodline's power into this strike, yet it couldn't hurt Du Yunlie in the slightest.

Roar!

At this moment, a virtual lightning dragon suddenly appeared behind Du Yunlie, accompanied by a deafening dragon's cry.

Du Yunlie's expression changed for the first time since he appeared as a dangerous feeling rose in his heart.

Chapter 748 Possession

Du Yunlie pulled Guchang over and swung him at the incoming lightning dragon. However, the lightning dragon cleverly avoided Guchang and went straight at Du Yunlie's chest, causing him to throw Guchang away and execute his movement technique.

Du Yunlie appeared several kilometers away with a frown between his brows. Before he could react, Yun Lintian had already appeared behind him with the White Dragon Spear in his hand.

"Imperishable Flame!" Yun Lintian thrust the spear forward, and a burst of crimson flame erupted forth, completely engulfing Du Yunlie.

Du Yunlie hurriedly created layers of profound barrier, but he failed to stop the clusters of crimson flame.

"Ugh!" Upon the flame touching his skin, Du Yunlie groaned and mobilized his profound energy to stop the flame from spreading further. However, he soon discovered the flame could not be extinguished at all. The more he exerted his profound energy, the more violent the flame became.

"You two, take Fan and go ahead first. I will follow behind. Remember, do not stop until you reach the destination." Yun Lintian quickly sent a sound transmission to Guchang and Mu Qiuxue.

Guchang and Mu Qiuxue didn't hesitate in the slightest. They swiftly pulled Fan over and rushed out.

Yun Lintian didn't stop at that. He was aware that Du Yunlie would be able to deal with the Imperishable Flame soon. Four lightning swords appeared around him, and he quickly controlled them to strike Du Yunlie.

Du Yunlie was trying to figure out how to stop the flame, but he was interrupted by the incoming lightning swords. He had no choice but to retreat and used a small brush that seemed to be a top artifact to hit them away.

Bang! Bang! Bang!

After smashing the lightning swords away, Du Yunlie injected his profound energy into the brush, and the black and white brush instantly enlarged to roughly 3 meters long. He grabbed the brush with both hands and began writing a complicated rune midair.

The next moment, the rune shone brightly and pasted onto Du Yunlie's body. At the same time, the Imperishable Flame around him started to subside.

Yun Lintian was amazed by the scene. This was the first time he saw this fighting style. Perhaps he could find time to study it later.

Seeing Du Yunlie was about to get rid of the Imperishable Flame, he quickly gathered profound energy and activated his domain. "Cloud Domain!"

Rumble—

The thick white mist gradually engulfed the entire area, followed by thunder roarings.

Du Yunlie successfully removed the Imperishable Flame from his body, but he was immediately startled by the sudden change.

"Domain?" Du Yunlie frowned and tried to spread his Spiritual Sense out. To his surprise, his Spiritual Sense could not penetrate the white mist no matter how hard he tried.

"Impossible. How could he create such a terrifying domain?" It was at this moment did Du Yunlie understand how talented Yun Lintian was. He believed this was the most powerful domain he had ever seen in his entire life.

Zzzzii...Bang!

All of a sudden, a thick purple lightning bolt struck down on Du Yunlie out of nowhere and directly shattered a profound barrier he had just conjured before going straight at his shoulder.

Puff!

Blood splashed out of Du Yunlie's shoulder, followed by a terrible burning smell. Du Yunlie's expression became ashen. At this rate, he would undoubtedly die in this domain. After all, he couldn't anticipate the incoming attack with his Spiritual Sense.

Zzzzii...Bang!

Another lightning bolt descended, and Du Yunlie couldn't avoid it once again. He spat out a mouthful of blood. His eyes turned resolute as he gathered all of his profound energy.

"Raging Storm Domain!"

It was as though time had frozen. The white mist stopped moving for a moment before getting blown away by a powerful tornado.

In the next three breaths, all the white mist had completely vanished, and Yun Lintian's figure was nowhere to be seen. He had already left since the first strike.

"Hmph!" Du Yunlie snorted coldly. His eyes were filled with killing intent. He hated himself for underestimating Yun Lintian. Otherwise, how could he become like this?

Du Yunlie slowly descended to the ground and stuffed a few healing pills into his mouth. He took a transmission jade out and prepared to contact Du Huanfeng.

At this time, a tiny black dot silently approached him. Before Du Yunlie could do anything further, his heart suddenly tightened as he perceived danger, but it was too late to do anything now.

Puff!

Du Yunlie sprayed a large amount of blood as the black dot entered his body. "You...! Ugh!"

His eyes widened open in disbelief, but he soon regained his calmness. If one was here, one would see the temperament of Du Yunlie had completely changed. If he exuded a scholar aura previously, the current he was like a savage beast from hell.

A terrifying crimson light emerged in Du Yunlie's eyes as he stared in Yun Lintian's disappearing direction with deep hatred. "Yun Lintian, right? I'll make you pay the price for harming this deity!"

Undoubtedly, this person was no longer Du Yunlie but Jue Kong instead.

"Du Yunlie" took a deep breath and retracted his killing intent. When he opened his eyes the next moment, the crimson light had vanished entirely and replaced with the original look. His temperament had also returned to a scholar-like one.

He glanced at the transmission jade in his hand and thought for a moment before saying. "Young Master, Mu Chen has escaped toward the west side. Please send our people to block him as soon as possible."

A moment later, Du Huanfeng's voice resounded. "Continue to follow him."

"Yes, Young Master." Du Yunlie, who was now Jue Kong, replied.

He put the transmission jade away and vanished from the place.

"Mother, have you heard the news?" In a spacious palace, Bi You walked in and asked her mother, Bi Xian, with a trace of anxiety on her beautiful face.

Bi Xian sighed softly. "They were chased by Du Huanfeng's people not long ago. I'm still waiting for further news."

Bi You stopped her movement and said. "I must go out."

Bi Xian wasn't surprised by her daughter's strange behavior. When she was about to say something, she suddenly heard her subordinate report.

Bi Xian's expression changed slightly, and she said. "They are heading in our direction."

Chapter 749 Light In The Darkness

Guchang, Fan, and Mu Qiuxue rushed toward the Water Cave at full speed. They tried their best to avoid profound beasts along the way. Although they were worried about Yun Lintian, they believed no one could catch up with him if he wanted to escape.

Swoosh—

All of a sudden, Bi Xian appeared in the air ahead of Guchang's group, causing them to halt their tracks.

Upon seeing it was Bi Xian, Guchang cupped his fists and greeted her. "It's been a while, Matriarch Bi."

"Indeed," Bi Xian smiled gently. She glanced at Mu Qiuxue and Fan briefly before asking. "I wonder where you are heading to, Patriarch Hongniu."

Guchang waved his hand slightly. "Please call me Guchang. I'm no longer in the position... We're planning to hide in the Water Cave for the time being."

Bi Xian responded. "Water Cave? I see. It's indeed a good place... I wonder where's Young Master Huoyun Tian, Brother Guchang?"

"He was intercepted by the Myriad Pill Palace's guardian. However, he should have arrived here soon." Guchang explained shortly.

Bi Xian nodded slightly. "I won't waste Brother Guchang's time further. Please go ahead. I will try my best to distract them."

"Many thanks." Guchang clasped his hands and rushed out with Fan and Mu Qixue under Bi Xian's thoughtful gaze.

Swoosh—

"How's it, mother?" Bi You flew over and asked concernedly.

Bi Xian shook her head. "The situation is not optimistic. The Myriad Pill Palace has dispatched their Myriad Guardians. I'm afraid the Western Continent would be shaken soon."

"Matriarch." Suddenly, a female Heavenly Fox Clan practitioner appeared before Bi Xian. She respectfully reported. "The Ancestral Land of the Fire Cloud Rat Clan has disappeared without a trace. We cannot determine what method they are using."

Bi Xian's brows raised in surprise. "You mean it's literally disappearing, including the Fire Cloud Mountain?"

"Yes, Matriarch. That area has become a vast crater. It was as if the land was dug out as a whole." The female practitioner confirmed.

Astonishment appeared on Bi Xian's face. She had never heard of or seen anyone that could move a large piece of land away before. What exactly happened?

"Are you sure no one has attacked them?" Bi Xian asked in doubt.

"This subordinate can confirm. There's no trace of the battle over there." The female practitioner responded solemnly.

Bi Xian frowned deeply. "You can go back first."

"Yes, Matriarch." The female practitioner responded and disappeared from the place.

"You'er..." When Bi Xian was about to say something to her daughter, she suddenly saw Bi You's eyes turned white, accompanied by an ethereal aura. This was the appearance when Bi You used her "**Heavenly Divination**" ability.

A short moment later, Bi You returned to her original appearance. The trace of worry she had earlier seemed to disappear completely.

Bi Xian didn't ask for the result. She expressed her concern instead. "You'er, why are you so reckless? Don't you know it will harm your foundation if you continue to use it?"

"I'm sorry to make you worry, mother." Bi You bowed her head slightly. "However, it's worth it."

Bi Xian's expression turned serious as she asked. "What did you discover?"

"There is good news and bad news. What do you want to know first?" Bi You asked with a smile.

"Bad news first." Bi Xian replied quickly.

The smile on Bi You's face reduced a bit as she said. "Chaos. I've seen chaos everywhere. The dark force will arise, turning everything into darkness."

A strange light flashed through Bi Xian's eyes. She suddenly recalled the piece of news she got from Huoyun Yurou. It was said the future that Tianqi Zongwei had seen was full of chaos and the whole world plunged into the darkness. Wasn't it the same?

"However, amidst the darkness, there's light. This light will represent everyone's hope." Bi You said further while thinking of the blurred figure she had seen in her mind earlier. That figure seemed to remind her of someone...

Noticing Bi You's strange expression, Bi Xian asked. "Have you seen the person clearly?"

Bi You shook her head slightly. "It's too faint... but his outline and aura gave me a familiar feeling."

"Familiar feeling? Could it be this person is someone you know?" Bi Xiao felt it was unrealistic, but she didn't say it directly. How could her daughter know such a powerful person?

Bi You was about to speak, but her expression changed slightly as she perceived a familiar aura rushing toward her direction.

Bi Xian turned to look at the newcomer and frowned slightly. This person was a young human. She didn't understand why he rushed in her direction despite knowing she was there.

Bi Xian released her aura and was about to stop the young man. She was interrupted by Bi You first. "Mother, we know him."

"We know him?" Bi Xian was confused.

Bi You nodded gently. "He's Young Master Huoyun Tian. Of course, it should be a false name."

Bi Xian was surprised to hear this. She retrained her aura and calmly waited for the young man.

The young man was no other than Yun Lintian. He had long discovered Bi Xian and Bi You and decided to greet them, by the way. That was why he didn't intend to use Shadow Step to avoid their Spiritual Sense.

A moment later, Yun Lintian arrived a few meters away from Bi Xian and Bi You. He clasped his hands and said politely. "Junior Yun Lintian greets Matriarch Bi and Young Miss Bi. In case you don't know, I am Huoyun Tian."

"Is this your real name? It's not another false name, right?" Bi Xian teased.

Yun Lintian chuckled. "This is my true name. Please forgive me for deceiving both of you back then. I had no choice in that situation."

Bi Xian smiled and said. "I understand. No need to explain... By the way, are you heading to the Water Cave?"

Yun Lintian's brows raised slightly. "Did Senior Guchang pass by here?"

Bi Xian nodded. "Yes. You should go now. I heard that the Myriad Pill Palace's people are currently heading in this direction."

Chapter 750 Figures In The Past

Yun Lintian frowned slightly. Du Huanfeng surely reacted fast. He looked at Bi Xian and asked concernedly. "Matriarch Bi can let them pass. We can handle them ourselves."

Bi Xian revealed a dissatisfied expression. "What? Are you looking down on me?"

Yun Lintian hurriedly explained. "I don't want to implicate you and your clan, Matriarch Bi. As you are aware of how powerful the Myriad Pill Palace is. With the departure of Senior Tianqi, I'm afraid there's no one could control them."

Bi Xian curled her lips. "Then you've underestimated the Nine Profound Beast Palace greatly. We may look disunited, but when it comes to the outsiders, we will become one. You don't have to worry about it... Also," A mysterious smile appeared on her face as she said further. "I have the past with the Myriad Pill Palace. They won't dare to do anything on me."

Yun Lintian went silent for a short moment and said. "I understand. Take care."

After finishing his sentence, Yun Lintian prepared to leave, but he heard Bi You say. "Please wait for a moment, Young Master Yun."

Yun Lintian turned to look at her in confusion.

Bi You reached her slender hand out and handed a pink transmission jade to Yun Lintian. "This is my personal transmission jade. I believe we will meet again in the near future."

Yun Lintian received the jade and took a deep look at Bi You. This woman was indeed beautiful, and her figure could be considered first-class. Since she took the initiative to give him this, he naturally won't refuse.

"If Young Miss Bi has something that I could help. Feel free to contact me at any time." Yun Lintian stored the jade away and gave a smile. "I'll leave first."

Afterward, his figure blurred slightly and disappeared from the spot.

"I guess he has misunderstood your intention." Bi Xian nudged her daughter with her elbow and teased.

A rare smile appeared on Bi You's face as she spoke. "Mother, now I know why the person in my divination gave off a familiar feeling."

Bi Xian's expression changed drastically when she heard this. "You mean he is...."

Without speaking further, Bi Xian immediately understood everything. The person in Bi You's divination was no other than the young man earlier!

Bi Xian took a deep breath and said in a low voice. "It's really unbelievable."

At first, she thought Yun Lintian was a highly talented young man at most. Even though Bi You had told her he was more than that, she didn't fully believe it. After living for so many years, what kind of so-called geniuses had she never seen before? Who would have thought that he would become the hope of everyone in the future?... Of course, on the premise, he could stay alive until then.

"You made the right decision." Bi Xian praised her daughter. As long as there was a connection with Yun Lintian, even if it was faint, it would bring a ton of benefits to them in the future.

Bi You smiled and said nothing. The meaning in her eyes seemed to say there was more than her mother thinking.

"Oh? It seems our guests have arrived." Bi Xian suddenly perceived powerful auras heading toward her.

Five figures could be seen flying in her direction when she looked over. Du Huanfeng was naturally in the center, surrounded by Du San, Du Shi, and another guard. There was an addition of a majestic old man clad in white. With a glance, Bi Xian could see this person was at the high level of the Divine Ascending Tribulation Realm.

"It turns out to be Matriarch Bi and Miss Bi." Du Huanfeng greeted after arriving a few meters away from Bi Xian.

"What brings you here, Young Master Du?" Bi Xian smiled faintly.

"Matriarch Bi really doesn't know about it?" Du Huanfeng chuckled slightly. "I believe you should have seen a group of people passing by this place. I wonder where are they heading to?"

"A group of people?" Bi Xian put a frown on her face. "I don't understand who you are referring to. As far as I see, Young Master Du is the first group to come here."

Du Huanfeng's eyes narrowed slightly. "Really? I'll give Matriarch Bi time to think about it again."

Bi Xian shook her head. "No need. I really haven't seen anyone. If Young Master Du didn't believe me, you could check it yourself." A cold smile emerged on her lips as she spoke further. "Of course, I hope you don't go too far as entering my clan."

Du Huanfeng took a deep look at Bi Xian and said coldly. "Do you think I won't dare to do anything to you?"

Bi Xian didn't reply to Du Huanfeng. She turned to the old man in white and clasped her hands. "Junior Bi Xian greets Senior Du Jinfei. It's been a long time since I saw you. It seems Senior's strength has improved greatly during this period."

The old man, Du Jinfei, stroked his beard and said calmly. "It's been a long time indeed. How's your mother doing?"

Before Bi Xian could reply, an old female voice resounded far away. "Du Jinfei? What brings you here?"

A figure of an old woman in white slowly appeared beside Bi Xian. This woman might look old, but her beauty was still there. Evidently, she was gorgeous when she was young.

"Mother, Grandmother." Bi Xian and Bi You quickly greeted the old woman.

Du Huanfeng frowned deeply as the old woman appeared. He could perceive her aura was no inferior to Du Jinfei's. The situation seemed to be entirely different from what he thought.

"So the rumors aren't true. Look like you still have several years left, Bi Lingyu." Du Jinfei stroked his beard while looking at the old woman.

The old woman, Bi Lingyu, didn't reply. She glanced at Du Huanfeng, causing the latter to feel as though he were thrown into an abyss of ice. "During this period, I've heard a few things about the heir of Du Xiaotian. You're indeed arrogant, as people said."

Horrible pressure immediately enveloped Du Huanfeng, making him break into a cold sweat.
