

Myth Beyond 751

Chapter 751 A Glimpse Of Divine Being

Du Jinfei released his aura to help Du Huanfeng and said. "You shouldn't scare a younger generation like that."

Bi Lingyu merely glanced at Du Jinfei and responded calmly. "You should teach him well. Even his father won't dare to mess with my descendants. Who does he think he is?"

Du Huanfeng's face turned gloomy. He was about to retort, but he heard Du Jinfei's voice. "Don't say anything. She's not someone you can mess with, and her words are true."

Du Huanfeng swallowed all the words back and kept staring at Bi Lingyu unwillingly.

"Since there's nothing here, we will take our leave first." Du Jinfei smiled faintly. He turned around and said to others. "Let's go."

Following, they immediately left the scene.

"I'm sorry to trouble you, mother." Bi Xian lowered her head slightly.

Bi Lingyu smiled and didn't care about her. She looked at Bi You and said. "You shouldn't use your power recklessly. Go back and practice more."

"Yes, grandmother." Bi You responded solemnly and flew back.

Bi Lingyu looked at the sky and muttered. "The sky is about to change soon. We should prepare well."

Bi Xian fell silent. No one knew what she was thinking.

"Second Uncle, who is she?" On the way, Du Huanfeng couldn't help asking. He didn't understand why Du Jinfei and even his father had to give Bi Lingyu some faces.

Du Jinfei went silent for a moment and began to explain. "This has to trace back to around two thousand years ago when Palace Master is still young and ignorant. As we know, his pursuit of medical profound art is too strong. He traveled to the Western Continent alone in order to find the legendary Tree of Life."

"However, he managed to offend someone from the Heavenly Fox Clan and almost got killed. Fortunately, Bi Lingyu appeared timely and spared him. Since then, Palace Master has always been grateful to her and sent an order down. Everyone in the Myriad Pill Palace should never offend the Heavenly Fox Clan. At least, during his reign."

"Just that?" Du Huanfeng's face twitched. He couldn't believe the reason was so ridiculous.

Du Jinfei looked at Du Huanfeng and said sternly. "Palace Master indeed spoils you a lot, but you shouldn't use this advantage to cause trouble for him. You've already offended an unprecedentedly talented young man and almost created an unnecessary enemy earlier. I'm afraid you would become a corpse by now if I wasn't here with you. So, let's focus on the target."

Du Huanfeng lowered his head and went silent. A trace of dissatisfaction and anger could be seen in the depth of his eyes.

Du Jinfei naturally noticed this, but he didn't say anything further. He could only sigh inwardly. How could a tiger father have a dog son? Sooner or later, the prestige that Du Xiaotian had established would be destroyed by his son if this continued.

Yun Lintian flew all the way toward the west, according to Guchang's description. A half an hour later, he arrived at a vast river that couldn't see a bottom and found Guchang, Fan, and Mu Qiuxue waiting for him on the bank.

Yun Lintian landed on the ground and asked. "Where's the Water Cave?"

"You're here." Guchang was relieved to see Yun Lintian was fine. He pointed at the river and said. "It's down there, but we need to crack the isolating formations around it first."

Yun Lintian nodded. "Leave it to me."

Afterward, he opened Eyes of Heaven and immediately saw several ancient runes floating under the river. What surprised him was these runes were actually the same as the ancient runes he used... Could it be this place was created by a Divine being?

Yun Lintian looked at the patterns for a while and jumped into the river. He enveloped himself with profound energy, allowing him to breathe under the water. He slowly moved to the rectangle rune closest to him and poked his finger in it, rewriting the rune.

As the rune changed, a small water vortex appeared a few meters away from him. Yun Lintian immediately understood this was the entrance of the Water Cave.

"Senior, please follow me." Yun Lintian sent a sound transmission to Guchang and others.

Soon, they quickly jumped into the river and followed Yun Lintian into the vortex. In the next moment, a powerful suction force pulled everyone deeper, and they quickly found themselves standing in a narrow passage full of mosses on both sides.

Guchang looked around briefly and nodded his head. "This is indeed the Water Cave. I never thought it didn't change at all after all these years. Looks like no one has ever visited here since."

"Interesting. There's a divine aura here." Hongyue's voice suddenly resounded in Yun Lintian's mind.

"Are you familiar with it?" Yun Lintian hurriedly asked.

"No. Judging from the trace of aura, this person must be around the Divine Tribulation Realm." Hongyue replied.

"Divine Tribulation Realm? That's quite high, right?" As far as Yun Lintian knew, the Divine Profound Realm was divided into 6 realms: Divine Foundation Realm, Divine Spirit Realm, Divine Tribulation Realm, Divine King Realm, Divine Sovereign Realm, and Divine Emperor Realm.

"High? Not at all. I guess this person was probably sneaking into this world and didn't dare to show himself up." Hongyue chuckled.

"Why he didn't dare to show himself? With his strength, all living beings here should be nothing more than a group of ants to him, right?" Yun Lintian was puzzled.

Hongyue said mysteriously. "You will understand later. Move your ass already. Let's find out who the person is."

Yun Lintian rolled his eyes annoyingly... This suspension again.

"The aura in this place seems to be several grades higher than those Divine Ascending Tribulation Realm powerhouses." Mu Qiuxue frowned deeply.

Guchang nodded his head. "The last time I came here, we found a small stone that released a holy aura. My grandfather said it was an aura of a divine being."

"Really? Please lead the way, Senior." Yun Lintian was interested. If he guessed correctly, the so-called stone Guchang's grandfather found should be the Divine Essence Stone. It was similar to the Profound Stone but contained Divine Energy instead.

Chapter 752 Forsaken God Tribe

"AH!" As Guchang was about to move forward, he suddenly heard Fan exclaim in fright from behind.

When everyone turned to look in Fan's direction, they immediately saw his entire right arm sinking into the wall, making them startled for a moment.

"Bastard! What are you doing?" Guchang was furious and quickly arrived beside his stupid son before pulling the latter's arm out.

"I... I just wanted to touch it. Who knows it would become like this?" Fan tried to defend himself and gave a look of innocent to his father.

"You!" Guchang was both angry and helpless. What crime did he commit in his past life to give birth to this stupid son?

"Relax, Senior Guchang. There seems to be something on the wall." Mu Qiuxue's perception was sharp. She could perceive something at the end of the hole that Fan had created.

Guchang frowned slightly and used his Spiritual Sense to check the inside. A look of surprise appeared on his face as he said. "There seems to be a button inside."

"Let me come." Yun Lintian said and walked to the wall before reaching inside and touching the button for a moment.

He looked at Guchang and others and said. "I will push it now."

"Go ahead." Guchang and Mu Qiuxue nodded and prepared themselves.

Yun Lintian gently pushed the button, and the wall promptly produced a cracking sound.

Soon, the wall beside Yun Lintian started to separate out, revealing a narrow path of one person's size. A powerful aura quickly permeated the air, causing everyone to step back.

"This..." Guchang was stunned. As someone who had been here before, he could obviously see this aura was a whole new level higher than the one inside the cave. Without a doubt, this should be the real Water Cave.

"You've got to thank me, father!" Fan grinned stupidly as he asked for a credit.

Guchang rolled his eyes and gave his son a slap on the head. "Shut up. What if it's a trap? We would get killed by you."

Fan rubbed his head painfully and didn't dare to say a word.

Yun Lintian opened Eyes of Heaven but didn't see anything unusual. He looked at Guchang and said. "Let me lead."

Guchang and others had no objection and followed Yun Lintian into the passage. The farther they moved forward, the stronger the aura became.

It didn't take them too long before they arrived in a roughly 20-square-meter hall. At the center of the hall, a skeleton in a sitting posture quietly sat in the place. Despite no longer having the lifeforce, it constantly emitted the divine aura as though it was still alive.

"There's no formation or trap around it, but we better be careful. This is undoubtedly a divine being." Yun Lintian gave a warning and started to search the surroundings.

Guchang turned to Fan and said solemnly. "You stand here. Don't go elsewhere, understand?"

"Yes." Fan pouted and stood in the place.

"Do you know what are those runes on the skeleton?" Mu Qiuxue turned to ask Yun Lintian.

Yun Lintian shook his head while staring at the golden runes on the skeleton. "No idea. It's different from what I know."

"It's the Ancient Warrior Codex. This person was an Ancient Warrior from the Forsaken God Tribe... No wonder he didn't dare to show up. It's not because of what I thought." Hongyue suddenly said.

"Wait a second. What is Ancient Warrior and Forsaken God Tribe?" Yun Lintian asked. Who would have thought he would encounter this mysterious being because he wanted to find a place to prepare for the skyship?

"The Forsaken God Tribe is an extremely ancient tribe that existed millions of years ago. Because of their abnormally high battle prowess, the Primordial Gods in the past didn't dare to leave them behind and tried to get rid of them. Rumors said they are still existing and hiding somewhere in the Divine World. It seems the rumors are true." Hongyue gave a brief introduction.

"I see." Yun Lintian felt his head was big. This matter was too far away from him. He didn't want to care about it for now. He asked. "What to do then?"

"Bring it into the Land of Beyond Heaven and let me and Lauya study it. Maybe we can find some clues." Hongyue said with rare enthusiasm. Usually, she didn't care much about what Yun Lintian encountered, but this was the legendary Forsaken God Tribe, after all. Even the Moon Princess like her was growing up hearing about them. How could she stay calm?

"You tell me the method." Yun Lintian had no problem. It was just that he didn't know whether it was dangerous to move the skeleton.

"Just arrange a formation like usual," Hongyue said.

Yun Lintian took a deep breath and turned to Guchang. "Senior, I will arrange a formation around it first. In case there's danger."

"Mhm." Guchang and Mu Qiuxue had no objections.

Yun Lintian began to arrange a formation and pretended to search the surroundings afterward. He was thinking about how to hide the Gate of Beyond Heaven from them.

"So slow." Hongyue clicked her tongue in dissatisfaction, and her aura suddenly seeped out of Yun Lintian's body. In a split second, Guchang, Fan, and Mu Qixue were startled as if they had lost consciousness.

"Bring it in now." Hongyue's voice resounded.

Yun Lintian didn't hesitate to summon the Gate of Beyond Heaven and activated the formation before using his mind to move the skeleton into the Land of Beyond Heaven.

After the skeleton was gone, Guchang, Fan, and Mu Qixue regained their senses and looked around in confusion.

"What happened?" Guchang was puzzled.

"AH!" Fan cried out and pointed at the center of the hall.

Guchang was about to give his son a slap, but he quickly discovered the skeleton was nowhere to be seen.

"This..." He was lost for a word.

Mu Qixue frowned slightly and looked at Yun Lintian in doubt. Her intuition told her it was Yun Lintian's doing, but she couldn't find a motive behind it. If Yun Lintian truly wanted it, she and Guchang certainly wouldn't object.

Yun Lintian put on an act. "W-where is it? The formation is still here. How could it disappear without a trace?"

Chapter 753 Primordial War And Primordial Gods

Everyone looked at each other, not knowing what to say. Everything was too bizarre.

"Forget about it. Let's look around first." Since Yun Lintian didn't want everyone to know, Mu Qiuxue calmly helped him by diverting the attention.

Although Guchang was puzzled, he simply had no idea what to do about it and began to look around the hall, as Mu Qiuxue said.

Soon, they found several palm-sized stones that constantly emitted a holy aura. These stones were blue in color and possessed a complicated pattern that looked extremely ancient.

With confirmation from Hongyue, Yun Lintian immediately knew that these stones were genuinely the Divine Stones, but they were somehow damaged.

Yun Lintian looked at Guchang and Mu Qiuxue. "Seniors, you should keep them to yourself. These stones are the legendary Divine Stones. They could help you break through into the Divine Ascending Tribulation Realm in the near future."

"Divine Stone?" Guchang was surprised. His grandfather once told him this, but he was too ignorant at that time. He handed some to Yun Lintian and said. "You should take it, too. With how speedy your progress is, it won't be long before you reach the peak of the Monarch Profound Realm."

Yun Lintian shook his head and declined. "Although my progress is fast, it depends on a special condition. Who knows when I can increase my profound strength again? Senior should take it."

"Alright then." Guchang nodded and put the Divine Stones away.

Mu Qiuxue had also put them away. She asked. "What are we going to do next?"

"We will stay here for a few days. Wait until the situation outside calm down a bit. At that time, I will give everyone a surprise." Yun Lintian smiled mysteriously. "Now, you should try to break through with peace of mind... I think this hall is good for practice. You can stay here. I will check another side first."

"Be careful." Mu Qiuxue knew that Yun Lintian had something to do. She found a place to sit down and began to run her profound art.

Guchang hesitated briefly and said. "There shouldn't be dangerous over there, but it's better to be careful."

"Understood." Yun Lintian smiled and went out.

Guchang glanced at his son, who was sitting stupidly nearby, and said. "Come practice with me."

Fan groaned in a low voice and obediently went to his father's side, starting to run his profound art.

After leaving the hall, Yun Lintian went through another passage and arrived in a spacious area with a small waterfall flowing down from the ceiling. Mosses and water-based plants could be seen everywhere. The atmosphere here was serene and very suitable for practice.

Yun Lintian scanned the vicinity for a while and didn't find anything notable. It seemed this place had been cleaned thoroughly since Guchang's grandfather's arrival.

After setting up an isolating formation, he quickly entered the Land of Beyond Heaven.

When Yun Lintian stepped into the villa, he suddenly heard a cracking sound from the backyard. Drove by curiosity, he followed the sound and stared at the scene dumbfounded.

He saw Hongyue, Iryena, Yun Qingrou, Yun Ruanyu, and Lauya looking at the scattered bones on the ground carefully... How could the skeleton become like this?

Lauya noticed Yun Lintian and arrived beside him. "My King."

Yun Lintian looked at her and asked. "Are we supposed to treat the Forsaken God Tribesmen's remains like this?"

Lauya smiled gently. "He's already dead. He left the message behind telling us to take care of his last wish, exchanging with his bones."

"His last wish? What is it? And what is the use of his bones?" Yun Lintian asked in confusion.

"It's about his tribe," Lauya explained. "He was the survival from the Primordial War. After hiding for millions of years, he and his tribe were found, and he fled to this Azure World later. Because his injury was too severe, he chose to end his life in order to leave a message behind. He wishes we could help his fellow tribesmen in the future."

"Primordial War?" Yun Lintian was even more puzzled.

Lauya went silent for a moment and replied. "The Primordial War refers to the war between Primordial Gods in the Primordial Era. According to the record, there were totally thirteen gods. No one knew exactly how they got into a conflict. They were divided into two sides equally, with one standing neutral."

"The war lasted for millions of years. Countless living beings lost their lives and lands until both sides ended with mutual destruction. Only then did the Primordial Universe become peaceful and birth to the largest realm in the universe called the Divine God Realm, later known as Divine World."

Yun Lintian touched his chin with a thoughtful expression. There was nothing complicated to understanding the history of the Primordial Universe. The only problem was, where the heck was the neutral god?

Lauya saw through Yun Lintian's thoughts and quickly explained. "The last standing god is called the Timeless God. Because the Primordial Universe had lost its balance caused by the war, the Timeless God couldn't stand idle and watch the universe vanish. He sacrificed his own power to fix the balance."

Yun Lintian frowned slightly. "He's that good?"

A strange light flashed through Lauya's eyes as she replied. "No one knows."

Yun Lintian decided to push this matter aside since it was too far away from his current situation. He asked. "You haven't answered me yet. What's the use of these bones?"

"Aside from having unprecedentedly high talent in combat that could threaten gods, the Forsaken God Tribe has also possessed a unique physique. Every part of their body could be used as weapons." Lauya explained. "My King can use these bones to craft a weapon and armor. Except for an artifact created by the Forsaken God Tribesmen's bones, nothing in the Divine God Realm could destroy it."

Yun Lintian was shocked. "Don't tell me they were hunted down for this reason, too?"

Lauya sighed softly as she replied. "Yes, My King."

Yun Lintian also let out a sigh. "I don't know whether it is a curse or blessing for them to have these abilities."

Chapter 754 Heavenly Cloud Profound Skyship

"Well, I'll leave it to all of you." Yun Lintian said and left the backyard, going straight to the newly built workshop behind the mountain.

Along the way, he saw Yun Ci sitting alone in the pavilion. She kept staring at the waterfall in a daze as if she had something in her mind.

Yun Lintian felt guilty in his heart when he saw this. Yun Ci must think about her mother all this time, and he kept forgetting about it.

He hesitated briefly and walked toward her.

"Why are you here alone?" Although Yun Lintian knew he shouldn't ask this stupid question, he couldn't think of any other words to greet her.

Yun Ci turned around. Her eyes dimmed a little as she responded weakly. "It's nothing, Headmaster."

Yun Lintian sighed and said. "It's all my fault. I keep delaying about your mother's issue."

Yun Ci shook her head with a faint smile on her face. "You don't have to blame yourself, Headmaster. I know you are working hard for everyone. I cannot be selfish and let you abandon everything just to look for my parents."

Yun Lintian thought for a moment and said. "Come with me."

Yun Ci was puzzled but still obediently followed Yun Lintian toward the workshop.

The first thing Yun Lintian and Yun Ci saw when they arrived at the workshop was a gigantic skyship that resembled ocean-faring ships in the Earth's history.

The ship's outer barrier was made of Floating Metal mixed with Water Jades, while the deck was laid with the Heavenly Sandalwoods. Two enormous wings built with Iron Essence and Snow Wind Silkworm silks protruded from the sides of the hull, providing additional lift. Because it was mixed with Water Jades, the whole skyship emitted lustrous blue light, making it easier to hide while flying in the sky.

Judging roughly by his sight, Yun Lintian believed the skyship's body was at least 700 meters long and almost 100 meters wide. This was even larger than those battleships he had seen on Earth.

Yun Lintian was directly fascinated by the ship. He quickly walked forward, followed closely by Yun Ci.

At this moment, Yun Lingwei was giving instructions to disciples she personally cultivated. She was going to lay the last protective formation.

Suddenly, she noticed someone approaching. She turned to look in Yun Lintian's direction and said. "Lintian, Ci'er?"

Yun Lintian didn't answer and quickly brought Yun Ci to the deck. He looked at the mesmerizing decoration on the deck and said. "It's much better than the Frozen Moon Profound Skyship."

"Of course. How could I make an inferior product?" Yun Lingwei curled her lips. An unconcealed pride in her eyes said everything.

"What's the speed?" Yun Lintian asked.

"At least 20,000 kilometers per hour, and the consumption is low. We only need 20 best-grade Profound Stones per hour." Yun Lingwei said proudly.

Yun Lintian was shocked. One had to know the fastest jet on Earth was around 2,000 kilometers per hour. This skyship was actually ten times faster than that. Although he knew that he couldn't use the commonsense of Earth to measure things in this Azure World, it still failed to prevent him from the shock.

Yun Lintian took a deep breath and subconsciously asked. "The ship won't fall apart, right?"

Yun Lingwei rolled her eyes and said. "Every piece of the materials on this ship contained sturdy runes that I had personally engraved. Not to mention there are nine layers of the protective formation. Do you really think it would break apart after flying at full speed?"

Yun Lintian shook his head. "Please don't take it to heart. I'm just asking out of shock."

As a formation master, he had to admit Yun Lingwei's craftsmanship was extraordinarily delicate and thoughtful. Even though he hadn't seen other skyships aside from the Frozen Moon's one, he believed this skyship was undoubtedly ranked first.

Yun Lingwei laughed slightly and beckoned Yun Lintian. "Follow me. I will take you to see the cabin."

Yun Lintian nodded and turned to Yun Ci. "Later, I will take this skyship out. You can learn how to operate it. We will look for your parents along the way."

Yun Ci's mood was lifted. She hurriedly nodded and said. "Give me two, no! One hour, Headmaster. I need one hour to learn it."

Yun Lintian smiled and found a disciple nearby to teach Yun Ci while following Yun Lingwei into the cabin.

There were at least a hundred rooms inside the cabin, and each room was decorated simply with pieces of furniture made by Serene Bamboo. All the essential facilities could be seen around the place. Whether it was a bedroom, restroom, practice room, kitchen, or living room, not a single thing was missing. This made Yun Lintian feel like it was a luxury cruise instead of a war skyship.

"How is it? I've studied those luxury cruises on Earth and adopted their decoration styles. In the future, I will also apply this style to other ships." Yun Lingwei looked around in satisfaction. Even though she had seen it many times, she still couldn't get enough of it.

"It's the best." Yun Lintian praised sincerely. "What about other functions?"

"Aside from basic functions, there are profound cannons that I recently developed around the ships. Even Monarchs would have to think twice before messing with us." Yun Lingwei began to introduce. "More importantly, the ship can shrink its size at will. It will be convenient for you to take it out. The only downside is that it can't do anything much in miniature form."

Yun Lintian gave a thumb up. "Superb! I don't think any profound skyship in this world can compete with us."

"That's for sure." Yun Lingwei put on an arrogant expression.

"What about the name?" Yun Lintian asked further.

"Well, I've already discussed it with everyone. They prefer to call it Heavenly Cloud Profound Skyship. What do you think?" Yun Lingwei replied.

"Sure. We will use this name." What else could Yun Lintian say? This name was his favorite.

He paused for a moment and asked. "Can I take it out now?"

To his surprise, Yun Lingwei shook her head. "Not yet. After seeing that black dragon last time, I need to enhance the defense. Otherwise, it would get destroyed in one stroke by the enemy on the same level as him."

"I see. I'm free right now. Let's do it together." Yun Lintian rolled his sleeves, preparing to work.

Chapter 755 Deal (1)

While Yun Lintian was busy with the profound skyship, the outside world was in turmoil. The news about Tianqi Zongwei had been spreading to ordinary people's ears.

More and more practitioners from various continents didn't hesitate to set sailing toward the Western Continent as they believed the Nine Profound Beast Palace was unstable right now. This was an excellent opportunity for them to seek fortunes.

Inside the Nine Profound City, several top figures were gathering in a spacious hall led by Tianqi Junlai. Except for the Great Roc Clan, the Fire Cloud Rat Clan, and the Golden Python Clan, all the representatives of the remaining nine clans were presented. Even the usually absent Crimson Ox Clan was also here.

"I believe everyone is aware of our current situation. Humans are constantly pouring into our continent. This is unacceptable. Especially the Myriad Pill Palace. They are openly challenging our authority." Tianqi Junlai said solemnly as he looked at everyone in the hall.

On his left side, a handsome young man with two majestic horns on his head turned to Tianqi Junlai and said politely. "Patriarch Tianqi, since the initiator of this incident is the young man named Mu Chen. As long as we capture him, everything will be solved. I suggest everyone send people out to look for him as soon as possible... Of course, this is only my humble opinion. I believe that Patriarch Tianqi has a solution in his heart already."

He was the eldest young master of the Crimson Ox Clan, Hongniu Wushang. He was sent to participate in this meeting showed how high his prestige was among the clan. If there was no mistake, he would definitely succeed in the patriarch position in the near future.

Tianqi Junlai nodded slightly and looked at the others. "Any opinion?"

Bi Xian glanced at Hongniu Wushang briefly and turned to Tianqi Junlai. "Since when the Nine Profound Beast Palace has to bow our head to outsiders?"

Tianqi Junlai frowned. "What do you mean, Matriarch Bi? We haven't made a decision yet."

Bi Xian smiled faintly. "Patriarch Tianqi, we have 6 representatives here. Matriarch Yu and I are the ones who surely vote against this idea. Do you really think it's necessary to ask everyone's opinion further?"

Sitting opposite her, Lang Mo said nothing. Before he came here, his father, Lang Moxie, kept reminding him to stand on Bi Xian's side, but he would rather look at the situation first.

On the side, Yu Rongxi looked at Tianqi Junlai without a word. The meaning in her eyes was clear. She agreed with Bi Xian's opinion.

"Master, are they going to deal with Brother Huoyun?" Sitting beside Yu Rongxi, Yu Jiao'er asked through a sound transmission. Last time, she chased after Yun Lintian, but her speed was too low. She could only give up and return to her master.

"The information said he's likely to possess the Tree of Life. There's no way these greedy people would let him go." Yu Rongxi replied calmly.

"Hmph! These people are too hateful." Yu Jiao'er puffed angrily.

Hongniu Wushang looked straight at Bi Xian and said with a polite smile on his face. "I understand you have some relationships with him, but we've done this for thousands of years. I believe Matriarch Bi will respect the traditional rule."

"Furthermore, my suggestion gives the most benefit for us as a whole. Not only this Mu Chen is likely to have the legendary Tree of Life with him, but his existence is also a threat to us. From the information I got, he has the ability to fight the peak of the Divine Ascending Tribulation Realm powerhouse. With this strength, I'm afraid we would end up becoming his slave later."

"That's right! Don't forget that he's a human. It's impossible for him to let us go. Also, we should expel the Fire Cloud Rat Clan from the palace since they dared to conspire with him to deceive us all." Zi Jinghu added without hesitation.

His hatred toward Huoyun Yurou didn't reduce in the slightest even though she had already passed away. If it was possible, he wanted to kill every single one of the Fire Cloud Rat clan members.

Bi Xian took a deep look at Hongniu Wushang and said nothing.

"What about you, Patriarch Lang? I heard that Senior Lang was there on the scene. I wonder what is his opinion on this matter?" Tianqi Junlai turned to look at Lang Mo.

Lang Mo glanced at everyone and said directly. "He stands on Mu Chen's side."

His words surprised everyone in the scene. If this was the case, the votes today must be equaled, and they wouldn't be able to find a conclusion today.

"I see." Tianqi Junlai said in a deep voice. He seemed to think of something and said further. "Since we cannot find a conclusion today, let's dismiss first and wait for Patriarch Jin and Patriarch Pei to come."

"Why are you so hurrying to leave?" All of a sudden, Du Huanfeng's voice resounded from the outside, and his figure slowly entered everyone's vision.

Tianqi Junlai frowned slightly and said. "You shouldn't come here."

"Why? Is this place a dragon cave or something?" Du Huanfeng said in a carefree manner, making everyone wonder where his confidence came from.

"It's been a while, Patriarch Tianqi." Du Jinfei's figure slowly appeared beside Du Huanfeng. His appearance caused Tianqi Yi and Tianqi Er to reveal themselves and stand behind Tianqi Junlai vigilantly.

"It turns out to be Senior Du." Even though he said so, Tianqi Junlai wasn't surprised about this at all. "Since Senior is here, I will speak directly. I think Senior should bring your young master back to the Central Continent immediately. What do you think?"

Du Jinfei raised his hand to prevent Du Huanfeng from speaking and said. "We're here to discuss this matter with everyone."

"Oh?" Tianqi Junlai's brows raised slightly.

Du Jinfei looked at everyone and said. "We are willing to share half of the Tree of Life with everyone here...."

"Don't you think it's a bit ridiculous, Senior?" Tianqi Junlai interrupted. "I believe we have no reason to share it with you since he's now wandering on this continent. It's a matter of time before we could capture him."

Du Jinfei chuckled and said. "Trust me, you will."

Chapter 756 Deal (2)

Du Jinfei said further. "As everyone knows, the current situation of the Western Continent is not optimistic. Countless practitioners are heading to this place. There are also people from those palaces. Once it involves the Azure Palace and others, you can imagine what will happen next."

Silence blanketed the hall. Although their strength was not weak, it was still inferior to the Azure Palace. Especially since they had just lost the leader, Tianqi Zongwei. If the Azure Palace decided to use this chance to deal with them, they would have to fight to death.

Du Jinfei knew that his words worked. He said further. "However, if everyone agrees with our condition, our Palace Master is willing to step forward and pacify the situation for you." He smiled faintly and said. "This is clearly a win-win deal."

Hongniu Wushang was the one to agree first. "What this Senior said is without reason. On the contrary, I think this is the best solution for our current situation. I agree with this deal."

Tianqi Junlai took a deep look at Du Jinfei. It would be a lie if he wasn't tempted by his offer.

He turned to look at Lang Mo and asked. "Do you want to ask your father first, Patriarch Lang?"

Lang Mo shook his head. "No need. I agree."

His answer surprised everyone. They didn't expect Lang Mo to go against his father's will so decisively like this.

Bi Xian glanced at Lang Mo and saw the latter look at her without the slightest guilt in his eyes. She remained silent, as her opinion didn't matter anymore.

Meanwhile, Yu Rongxi shook her head slightly. "I didn't expect the departure of Senior Tianqi to cause so much impact on us. Since everyone has already decided, it's pointless for me to stay here further."

She stood up and brought Yu Jiao'er away without looking back.

Seeing this, Bi Xian thought for a moment and left, too. Before walking out, she glanced at Du Jinfei and said with a faint smile. "I wish you good luck because you will need it."

Du Jinfei was indifferent toward her words. He turned to Tianqi Junlai and said. "Let's make a plan."

Tianqi Junlai nodded his head. His stance was apparent. He wanted to capture Yun Lintian as soon as possible.

While Du Jinfei was discussing the plan with Tianqi Junlai, Du Yunlie, who was now possessed by Jue Kong, made an excuse to search for Yun Lintian and secretly went to the Endless Sea.

He found a relatively remote place and performed complicated hand seals. All of a sudden, a vortex formed on the surface of the sea below him, and a black figure slowly emerged behind it.

The black figure raised his head to look at Jue Kong and asked. "May I know who you are?"

"I heard that Yin Fu is currently hiding in this sea. Just tell him, I am Jue Kong." Jue Kong said calmly.

The black figure stared at Jue Kong for a moment and said. "Please wait for a moment."

A moment later, the black figure handed a black transmission jade to Jue Kong and said. "You can contact Lord Yin directly, My Lord."

Jue Kong grabbed the transmission jade and immediately heard a cold voice resounded from the other side. "Jue Kong? You still alive, huh?"

Jue Kong curled his lips. "The same goes for you. I thought you were already dead long ago, Yin Fu."

"Was it you who caused a commotion on the Western Continent not long ago?" Yin Fu asked.

Jue Kong's face turned gloomy as he heard this. "Don't mention it."

? "Hah. Look like you have lost your face miserably. Why don't you tell me what happened?" Yin Fu laughed slightly.

"Hmph! I've underestimated him." Jue Kong snorted coldly. "His name is Yun Lintian. I will send his image through your subordinate. You can pay attention to him."

"Yun Lintian? Why do I feel this name is familiar?... Oh, I remembered it now. He's on our killing list... But wasn't he already dead?" Yin Fu said in doubt.

"Oh? You know him?" Jue Kong was surprised. He had been locked up for thousands of years and didn't understand the world's situation much. If it wasn't for Du Yunlie's memory, he wouldn't have known the existence of the Poison Valley.

"Why don't you come here?" Yin Fu asked.

Jue Kong refused. "I currently possess one of the Myriad Pill Palace's guardians. It's not suitable to go down."

"Woah. How could you manage to do it? Out of the nine palaces, the Myriad Pill Palace is the hardest one to get in. Look like your luck is very good after a disaster." Yin Fu was genuinely surprised to hear this.

"Let's not talk about this. Now tell me about this Yun Lintian." Jue Kong said.

"Well, he is the reason we cannot occupy the Northern Continent. But it doesn't matter now. They can at most delay us for a few months." Yin Fu began to explain everything about Yun Lintian.

After listening to Yin Fu, Jue Kong could roughly grasp Yun Lintian's origin. Yun Lintian's progress could be described as heaven-defying. Who would believe he was still at the Origin Profound Realm a few months ago?

Naturally, Jue Kong wasn't stupid enough to tell Yin Fu everything about Yun Lintian. He concealed Yun Lintian's secrets and exchanged other information with Yin Fu.

"I hope you can tell us about the Myriad Pill Palace's movement." Yin Fu didn't forget to remind Jue Kong.

"Sure. But you have to send someone over." Jue Kong agreed without hesitation.

"You wait first. We're short of manpower recently." Yin Fu responded.

"Oh? Are you going to attack the Northern Continent soon?" Jue Kong could guess about it more or less.

"Heh. You can wait for the news." Yin Fu chuckled slightly and hung up.

Jue Kong put the transmission jade away and glanced at the black figure. "Tell me, how many people do we have on this continent?"

Seeing the black figure didn't reply, Jue Kong said further. "I want them to find a person for me. This is his appearance." He pointed his finger at the black figure and sent Yun Lintian's image to him.

The black figure lowered his head and said. "Understood, My Lord. We will start looking for him immediately."

Chapter 757 Jiang Yingyue's Decision

On Moonlight Peak, Han Bingling was sitting opposite Lin Zixuan with a frown between her brows. Recently, the Abyssal Energy level around the Northern Continent was constantly rising. No matter how she tried to get rid of it, it would continue to appear like mushrooms.

Troubled by this situation, the Frozen Moon Palace severely lacked manpower. Han Bingling squeezed everything she had, trying her best to deploy her people around the continent even though she was aware her Frozen Moon Palace alone couldn't resist the upcoming calamity.

"What did Principal Tian say, Sister Zixuan?" Han Bingling asked.

Lin Zixuan shook her head slightly. "The Sky Throne Profound Academy cannot send people over. They don't believe us."

Hearing this, Han Bingling let out a cold laughter. "Heh. They are simply ruining the reputation of Lord Sky Throne."

Standing behind Lin Zixuan, Jiang Yingyue hesitated briefly and said. "Master, why don't I go back?"

Lin Zixuan looked at her eldest disciple and said calmly. "It's not your time to make a sacrifice."

Jiang Yingyue took a deep breath and said with determination. "Master, you should know that I have to go back sooner or later. Why don't I use this chance to ask for benefits?"

Lin Zixuan went silent immediately.

Jiang Yingyue's situation was not optimistic. A few months ago, her family sent a message telling her to go back and complete the marriage arrangement with Wang Clan's eldest young master, Wang Lin.

With the current situation of the Northern Continent and the fact that Wang Jun and Wang Jue died here, the pressure on Han Bingling was not small. She basically fought all sides right now.

Because of this, the Jiang Clan believed it was the most suitable timing to bring their runaway eldest miss back. They were constantly exerting pressure on Han Bingling and Lin Zixuan by the excuse that they were worrying about Jiang Yingyue's safety.

For the past months, Jiang Yingyue had thought it through. She couldn't simply stand aside and let her master and Han Bingling protect her any longer. She had to do something for them. That was why she came up with this proposal. In fact, she had already contacted her family and told them about her condition.

Han Bingling raised her head gently and stared straight into Jiang Yingyue's eyes. "Have you thought about it? Once you married Wang Lin, your life would no longer be yours. They would turn you into a useless flower that could be thrown away at any moment. Do you truly wish for such a life?"

Jiang Yingyue went silent for a moment and replied calmly. "Of course, I do not wish for it... However, I don't have the ability or strength to change my fate. I could only blame myself for being weak." She turned to look at Lin Zixuan and continued. "Master has always told me that the weak have no right to choose, and the weak is me."

Lin Zixuan's cloudy eyes quivered slightly. She looked at her precious disciple and sighed. "I'm sorry that I cannot protect you."

Thud!

Jiang Yingyue suddenly knelt on the ground and kowtowed nine times. She raised her head to look at her master and revealed a grateful smile. "If it wasn't for you, I would have fallen to the Wang Clan's hand long ago. Master doesn't have to feel sorry for me. Meeting you and becoming your disciple is the greatest fortune I, Jiang Yingyue, have in my entire lifetime!"

"Unfortunately, this disciple can no longer accompany Master. If there's next life, I am willing to become a horse to serve Master... Although I cannot serve Master further, Master still has Second Sister and Third Sister by your side. I believe Master won't be lonely."

Jiang Yingyue's eyes turned resolute. "This disciple bids farewell to Master." Afterward, she stood up and turned to Han Bingling. "Palace Master Han, please allow me to go back."

Han Bingling glanced at Lin Zixuan briefly and said softly. "Muyue, send her to the Central Continent."

"Yes, Master." Han Muyue silently appeared behind Hang Bingling and made an inviting gesture to Jiang Yingyue. "Miss Jiang, please."

Jiang Yingyue took a deep breath and walked out of the hut without looking back. She was ready to embrace her unavoidable fate.

At this moment, Murong Xue and Long Feiyan stood calmly outside the hut and watched Jiang Yingyue walk out.

Jiang Yingyue glanced at them and said softly. "Take care of Master well."

"Don't worry, big sister." Long Feiyan said solemnly.

Meanwhile, Murong Xue took a deep look at Jiang Yingyue and said meaningfully. "You must hold on and wait for our Junior Brother Yun to rescue you."

Jiang Yingyue revealed a rare, gentle smile. "I wish nothing but for his safety... Take care."

Murong Xue nodded and watched Han Muyue bring Jiang Yingyue away.

"Second Sister, what do you think he is doing right now?" Long Feiyan stared at the bright sky and said in a low voice.

"Him? He's probably tossing around at the moment." Murong Xue curled her lips. From the look on her face, she seemed to know something more or less about Yun Lintian.

"Hmm?" Long Feiyan frowned slightly as she saw a white figure slowly descending from the sky. This figure was highly mesmerizing. Even the purple veil on her face could not conceal her beauty.

"Xinyao?" Murong Xue was surprised. The newcomer was no other than Lin Xinyao, who went to the Eternal Frozen Cave several months ago.

"Her strength..." Long Feiyan's pupils shrank slightly. From the aura Lin Xinyao released, she had already stepped onto the peak of the Saint Profound Realm. What kind of excessive progress speed was this?

Lin Xinyao slowly landed on the ground, and the ice particles around her dispersed. The look in her magnificent eyes seemed to go under a massive transformation. From a young girl several months ago to a mature woman.

"It's been a while, Sister Murong, Sister Long." Lin Xinyao's pleasant voice resounded. However, a trace of coldness could be heard in it.

Looking at a familiar and unfamiliar woman before them, Murong Xue and Long Feiyan felt they didn't know Lin Xinyao before. If it wasn't because of Mumu on her shoulder, they wouldn't have recognized her.

Chapter 758 Xinyao Returned

"Your progress has improved a lot. Should I start to call you Senior Sister Lin now?" Murong Xue smiled gently.

Lin Xinyao responded. "No matter what, you will be my senior sister."

Murong Xue said nothing further as she felt strange in her heart. If it was Lin Xinyao before, she would at least amuse by her tease, but the current her exuded an entirely different temperament, as though she had become another person.

"May I ask what happened to Senior Sister Jiang?" Lin Xinyao asked.

Murong Xue sighed and said. "What else? She is forced to return and married to that bastard Wang Lin."

A strange light flashed through Lin Xinyao's eyes as she nodded gently. "I see."

Murong Xue looked at Lin Xinyao for a moment and said. "Go ahead. Your Master must be worried about you during this period."

Lin Xinyao nodded and entered the hut.

"She seems....different?" Long Feiyan frowned as she watched Lin Xinyao walking away.

"Mhm. It must be related to the experiences she faced in the past months." Murong Xue looked at Lin Xinyao's back thoughtfully.

Upon entering the hut, Lin Xinyao walked to Han Bingling and Lin Zixuan. "Master, Aunty."

Han Bingling was surprised to see Lin Xinyao appear here. She looked up and down at Lin Xinyao and said. "Why don't you tell me so I can pick you up?"

Lin Xinyao shook her head gently. "I can come by myself."

Like Murong Xue and Long Feiyan, Han Bingling felt Lin Xinyao had changed. Although Lin Xinyao in the past was more mature than her peers, the current her was at least two levels higher than before. That was Han Bingling's evaluation of her.

Lin Zixuan was no exception, but she didn't think about it much. One's temperament would eventually change when one's strength reaches a certain level.

Han Bingling smiled and said. "Sit. Tell me about your experience during this period? What did Ancestor teach you?"

Lin Xinyao sat down and removed her veil, revealing her peerless face. She smiled faintly and said. "I've gained a lot from First Ancestor's teachings. However, we have to give credit to the environment inside the cave. That place is a paradise for us, water-attributed practitioners."

Han Bingling nodded slightly and asked. "Have you seen Yun Qianxue?"

Lin Xinyao thought for a moment before answering. "I did, but we never had a conversation. She was too focused on her practice."

Han Bingling couldn't help asking further. "What is her current strength?"

Lin Xinyao smiled faintly. "When the time comes, Master will definitely be surprised."

"I see. You've learned how to hide information from your master now, huh?" Han Bingling chuckled.

Lin Xinyao changed the topic. "Master, what is the current situation?... On the way here, I've discovered a lot of Abyssal Profound Beasts. Their number seems to increase drastically."

Han Bingling let out a sigh and said. "It's not optimistic. Last time, Hong Wuya sacrificed his life to obtain the crucial information. However, there are too many moles on this continent. I've exhausted every means to get rid of them, but it's too difficult. They are in the dark, after all."

"Not to mention the Peng Clan. They are getting more and more rampant now. Even Principal Tian may not be able to restrain them further... Thankfully, we got some help from a group of mysterious people. Their ability to gather information is very terrifying. To me, they are even better than the Star Pavilion... It could be said that our Northern Continent is still around because of them."

"A mysterious group?" A strange light flashed through Lin Xinyao's eyes as if she thought of something.

Han Bingling nodded. "They would occasionally send us crucial news about the Poison Valley's moles and plans. And everything they provided is absolutely accurate so far. I've tried to contact them, but it seems they don't want to show themselves."

A smile appeared on Lin Xinyao's face as Yun Lintian's figure appeared in her mind. Undoubtedly, these mysterious people were related to him. Besides Yun Lintian, she couldn't think of anyone capable of setting up an efficient intelligent network.

"Let's not talk about this. My head is about to explode." Han Bingling leaned back slightly and rubbed her temples. During this period, she had no time to rest or practice as she constantly monitored the overall situation and dealt with it timely.

"Do you want to participate in the upcoming Heavenly Sword Summit?" Han Bingling changed the topic.

Lin Xinyao thought for a moment and said. "Let's see the situation first... If it's possible, I would like to go."

Han Bingling nodded and said. "Although the situation is not good, there shouldn't be anything happening in the next few months. I'll let Muyue and Muxue accompany you to the Central Continent."

"Perfect!" Yun Lintian looked at a cloud symbol that he personally painted on the ship's body in satisfaction. In the future, everyone would tremble when they saw this symbol as it represents the absolute power of the Misty Cloud Sect.

,m "Not bad." Yun Lingwei nodded her head in agreement.

Yun Lintian washed his hands and turned to Yun Ci. "Are you ready?"

Yun Ci replied with a serious expression. "I've mastered it now, Headmaster."

"Good. I will leave this duty to you. Prepare yourself well. We will leave in an hour." Yun Lintian said.

He waved his hand, and the Heavenly Cloud Profound Skyship immediately shrank into a palm-sized one. Yun Lintian stored it away and left the Land of Beyond Heaven.

After returning to the Water Cave, Yun Lintian put away the concealing formation and went to see Guchang and others.

However, when he walked halfway, he suddenly perceived a familiar presence coming from the entrance. Yun Lintian raised his guard up and carefully looked over.

"Matriarch Bi?" Yun Lintian was surprised slightly. It turned out to be Bi Xian who came.

Bi Xian turned around to face Yun Lintian and said. "I came to tell you the news. Tianqi Junlai and the Myriad Pill Palace have joined forces to capture you. Right now, no one knows about your position. You better be careful when you go out."

Chapter 759 Departing (1)

"Thank you for the news, Matriarch Bi. Please take this." Yun Lintian said while handing a storage ring to Bi Xian.

Bi Xian checked the contents inside, and a trace of surprise appeared on her face. She looked at Yun Lintian and said. "This is too much."

Yun Lintian smiled. "Please take it." He then handed another ring to Bi Xian and said. "I'll have to trouble Matriarch Bi to give this to Senior Yu."

Bi Xian took a deep look at Yun Lintian and nodded gently. "Sure."

"If there's no mistake, I will leave this continent today. Take care, Matriarch Bi. We will meet again in the future." Yun Lintian cupped his fists.

Although Bi Xian was curious about Yun Lintian's method, she didn't inquire about it and said. "Take care."

After saying this, Bi Xian turned around and left the cave.

Yun Lintian went to see Guchang and others and saw they were currently adjusting their condition and preparing to practice.

When they saw Yun Lintian arriving, Guchang asked. "What's wrong, Little Brother Yun?"

Yun Lintian explained. "Tianqi Junlai has reached an agreement with Du Huanfeng. They are currently searching for us right now. More precisely, they are looking for the Tree of Life in my body."

Guchang's face turned cold. "Senior Tianqi is such an upright person, yet his son doesn't inherit even the slightest part of him. What a shame."

Mu Qiuxue frowned slightly and asked. "Any idea?"

"We will leave this continent right away." Yun Lintian answered.

Guchang and Mu Qiuxue were calmly waiting for Yun Lintian's explanation.

"Come with me." Yun Lintian quickly headed out and flew into the sky above the clouds, followed by Guchang, Fan, and Mu Qiuxue.

Under everyone's doubtful gaze, Yun Lintian took the miniature skyship out and threw it into a vacant space a few meters away from him.

A magical scene happened. The miniature skyship began to expand and transform into a colossal skyship.

"This..." Guchang and others were shocked.

Yun Lintian quickly entered the cabin and let Yun Ci and Yun Lingwei out before inviting Guchang and others in.

Looking at the magnificent deck, Guchang, Fang, and Mu Qiuxue were lost for a word. Especially Guchang. He had boarded the Nine Profound Beast Palace's skyship before, but it was nothing compared to this one.

As for Mu Qiuxue and Fan, with their weak background, this was their first time seeing such a huge profound skyship. They kept looking around for a long time without saying a word.

"Headmaster, we're ready to go." After checking the energy level, Yun Ci came forward to report.

Yun Lintian nodded and turned to Guchang. "Senior, do you know the Golden Python Clan's location? I have to visit them before leaving."

Guchang returned to his sense and hurriedly replied. "Yes."

Yun Ci made an inviting gesture. "Please follow me, Senior."

Guchang nodded and followed Yun Ci to the control room.

Meanwhile, Yun Lintian invited Fan and Mu Qiuxue to the lounge.

"Please sit. Don't be nervous." Yun Lintian sat on a comfortable chair made with Serene Bamboo and Snow Wind Silkworm's silk.

The ignorant Fan had no psychological pressure. He sat down and took a sip of tea that Yun Lintian poured for him. "Brother Yun, where did you buy this ship from? It's so cool."

Mu Qiuxue shook her head inwardly. If a skyship could be bought easily from the market, everyone would see them flying everywhere by now.

Yun Lintian smiled faintly. "We built it ourselves."

Fan gave a thumb up. "Cool!"

Woosh!

In the next moment, the profound skyship began to move, but everyone in the lounge didn't feel anything. The tea on the table didn't even shake, showing how smooth and stable the ship was.

Yun Lingwei checked the formations and the ship's condition while nodding her head in satisfaction. The performance of the ship was better than she thought.

In the control room, Guchang watched Yun Ci skillfully controlling the ship in the direction he pointed. He could see it was easier to handle than the Nine Profound Beast Palace's ship. He couldn't help but admire Yun Lingwei.

A few breaths later, the Heavenly Cloud Profound Skyship had arrived above a vast mountain.

Yun Lintian walked onto the deck with Guchang and looked at the seemingly ordinary mountain below. "This is the Golden Python Clan's residence?"

Guchang nodded. "Their residence is hiding under the mountain... Do you have Brother Jin's token? Otherwise, I'm afraid there would be a commotion if you go there."

"Yes, I have." Yun Lintian took the token that Jin Yang gave him out and said. "Senior Jin. I'm Huoyun Tian."

A moment later, Jin Yang's voice resounded. "Huoyun Tian? Why are you still here? Don't you know they are looking for you right now?"

During this period, Jin Yang naturally heard the news about Yun Lintian. Not only was he a human, but the rumor also said he possessed the Tree of Life. With his relationship with Huoyun Yurou, he certainly won't be angry after knowing this. He was even concerned about Yun Lintian's safety.

"I'm about to leave soon." Yun Lintian said. "Senior, how's Brother Jin?"

Yun Lintian's purpose for coming here was to see Jin Mingzhe. Last time, he had to leave in a hurry, leaving Jin Mingzhe in a bad state. Several months passed, and he wasn't sure whether Jin Mingzhe was still alive.

The other side went silent for a moment, and a sigh could be heard. "Not good. We've exhausted everything, but his condition is getting worse."

"Senior, I am right above your clan now. Please find a way for me to get in without alarming everyone. I have a way to save Brother Jin." Yun Lintian quickly said.

When Jin Yang thought of the Tree of Life, he quickly became excited. "Wait for a moment."

Soon, there was a movement below the mountain. Jin Yang silently flew to the sky and was stunned when he saw the Heavenly Cloud Profound Skyship.

Yun Lintian quickly flew out and greeted him. "It's been a while, Senior."

"You are... Huoyun Tian?... No, I should call you Mu Chen." Jin Yang was slightly surprised by Yun Lintian's appearance.

Yun Lintian smiled and said. "My true name is Yun Lintian. Please lead the way, Senior."

"Oh...Yes. Follow me." Jin Yang hurriedly led Yun Lintian back to the clan through a secret passage.

Chapter 760 Departing (2)

In a bedroom that was full of medicinal smell, Jin Mingzhe was lying half dead on the bed. The wound on his chest had become worse. Dead skins and flesh could be seen clearly. He was still alive today, mainly because of the medicines that Jin Yang emptied the treasury to buy.

Looking at Jin Mingzhe's pale face, Yun Lintian sighed softly and turned to Jin Yang. "Sorry for letting Senior wait. I'll treat him now."

Yun Lintian stepped forward and grabbed Jin Mingzhe's wrist, trying to check his condition first.

Jin Yang said nothing but watch Yun Lintian performing with high hope.

Jin Mingzhe's internal organs had deteriorated to the point they couldn't work anymore. If Yun Lintian was late for another day, Jin Mingzhe would undoubtedly die.

Without thinking further, Yun Lintian's eyes shone with a green light, and a few tree branches immediately crawled out along his arms, wrapping Jin Mingzhe's body.

An intense current of vitality flushed into Jin Mingzhe, and the opened wound on his chest began to close at a visible rate.

On the side, Jin Yang was shocked to the core. The vitality aura emitted from Yun Lintian wasn't something he had ever seen or even dreamed of. It was so dense and pure. By breathing alone, Jin Yang could feel his lifespan increasing bit by bit.

Jin Mingzhe's complexion got better in a blink of an eye. His wound, organs, and profound vein, everything recovered fully, as though nothing had happened before.

Yun Lintian didn't stop at that. He quickly pinned all the silver needles on Jin Mingzhe's body after deciding to open all of Jin Mingzhe's profound entrances, letting him become a peerless talent.

Standing on the side, Jin Yang couldn't be clearer. He saw his son's profound entrances opening one after another, causing him to look at Yun Lintian in awe.

A few breaths later, Yun Lintian retracted his hand and took the silver needles back. He performed the final check on Jin Mingzhe's body and said after seeing there was no problem. "Everything is fine now,

Senior. The problem is Brother Jin has to start from the beginning all over again. However, you don't have to worry. His progress should be several times faster than before."

"Thank you. Please accept this bow." Jin Yang was so excited and bowed deeply at Yun Lintian.

Yun Lintian hurriedly helped Jin Yang up and said. "Don't do this, Senior. This is what I should do."

Jin Yang took a deep breath and said. "No matter what, I will stand by your side. If you want me to do anything in the future, you can tell me directly. I will definitely satisfy your request."

Yun Lintian smiled and handed a storage ring to Jin Yang. "Please accept this, Senior."

Jin Yang glanced at the contents inside, and his eyes widened in shock. In there, tens of millions of best-grade Profound Stones lying neatly at the corner, and countless magical plants could be seen everywhere. Even though he knew Yun Lintian was rich, he didn't expect him to be this generous.

Before Jin Yang could say anything, Yun Lintian interrupted him first. "Don't refuse, Senior. You and your clan will need them for the incoming upheaval."

Jin Yang nodded heavily. "Thank you. You are our clan savior."

"This word is too heavy." Yun Lintian shook his head. "I will leave first. Brother Jin should wake up soon."

Jin Yang didn't stop Yun Lintian. He quickly sent him through the secret passage and watched the skyship fly away.

"Father...?" After returning to the room, Jin Yang heard his son's voice and hurriedly rushed to the bedside.

"Son, how are you? Do you feel uncomfortable somewhere?" Jin Yang asked concernedly.

Jin Mingzhe shook his head while looking at his body in confusion. "This...What happened, father?"

Jin Yang let out a sigh of relief and said. "It's your Brother Huoyun who treated you. In the future, you have to repay his kindness, understand?"

"Brother Huoyun? Where is he now?" Jing Mingzhe was surprised and hurriedly asked.

"He already left... Many things happened during this period. You take a rest first, and I will slowly tell you." Jin Yang helped Jin Mingzhe lay down and called a maid to take care of his son.

"It's invisible?" Standing on the deck, Guchang glanced at several profound beasts flying in the sky and discovered they didn't seem to notice the skyship.

Yun Lingwei explained. "This skyship can achieve an absolute invisible as long as we don't take the initiative to reveal ourselves."

"Impressive." Guchang praised sincerely.

"Let's go inside. It will take a few hours to reach the Southern Continent." Yun Lingwei said and entered the cabin, followed by Guchang.

In the lounge area, Yun Lintian was listening to Yun Meilan's report with a serious expression.

"According to the report, the Poison Valley has successfully surrounded the Northern Continent. It is a matter of time before they launch an attack." Yun Meilan said calmly. No one could see her expression underneath her black veil.

On the side, Mu Qiuxue looked at Yun Meilan curiously. She didn't understand how Yun Meilan and Yun Lingwei kept appearing and disappearing from time to time, but she naturally won't inquire about it.

Guchang also held the same doubt, but he knew what he should or shouldn't ask. If Yun Lintian wanted to tell him, he would say it long ago.

Sitting beside Yun Lintian, Yun Ruanyu asked. "Do you want to go back first?"

Yun Lintian stroked Linlin's fur while pondering over the matter. When he saw Yun Lingwei walking in, he asked. "How long does it take to reach the Northern Continent from the Southern Continent?"

"One day at most." Yun Lingwei answered while sitting down beside Yun Ruanyu.

Yun Lintian turned to Yun Meilan and said. "Tell our people to contact us immediately if there's a movement. Also, tell them to keep in touch with Han Bingling and Master if possible. It doesn't matter if they reveal their identities."

"Yes." Yun Meilan said and made complicated hand seals. A black-light lit up around her and disappeared shortly afterward.

Yun Lintian leaned against the chair comfortably and said. "We need to finish the business as soon as possible. Tell the second team to prepare themselves. I will send them out when we reach there."

Yun Meilan said nothing and walked toward the backroom while Yun Lintian secretly summoned the Gate of Beyond Heaven for her.
