

## Myth Beyond 801

### Chapter 801 One Sword Eternal

? "Hmph!" Seeing the sword beams coming, Liao Delun snorted coldly and let out a battle cry. The golden flames around him abruptly burned fiercer and expanded to meet the beams.

Boom! Boom!! Boom!!

Wen Yunshan's Eternal Sword Intent could turn every speck of dust and pocket of air into a sharp sword. Once one was caught by them, that meant suffering a hell of ten thousand swords, and it would continue for eternity until the opponent died.

At this moment, however, regardless of how bright or mighty these blades of sword light were, they still crumbled before Liao Delun's golden flames.

Wen Yunshan's brows tightly knitted together. Liao Delun's strength had exceeded his estimation by a large margin. Especially that golden flame. Although it could not compare to the Phoenix Flame, it could be ranked up there.

Wen Yunshan abruptly changed his posture and pointed the sword toward the sky. His pupils suddenly released a brilliant white light that was seemingly able to blind anyone instantly.

"Eternal Sword Domain!"

As Wen Yunshan's voice fell, the starry sky seemed to encompass and swallow everything, leaving Wen Yunshan in all his glowing splendor. It seemed like all the stars were floating and revolving around him, making him look as if he was a god descending to a mortal world.

"Not bad. But just a beautiful appearance is not going to defeat me. Come!" In the Eternal Sword Domain, Liao Delun seemed like an insignificant existence in front of those myriad stars. However, his

morale didn't decrease in the slightest. On the contrary, his eyes were full of fighting spirits, as if he had been looking forward to seeing this for a long time.

Wen Yunshan's movement began to exhibit a change. Almost immediately, a blinding explosion burst, and countless stars turned into sword beams, raining down upon Liao Delun.

These innumerable sword beams were sufficient to turn Liao Delun into a pile of fine dust.

"Hah!!" Liao Delun's muscles bulged as he let out a deafening cry. Instantly, his entire body lit up with a golden flame, forming into a giant tornado of flame.

"Golden Flame Domain!"

The tornado of golden flame blustered upward while expanding its size horizontally. It quickly engulfed all the sword beams and left no chance for them to renew themselves.

Wen Yunshan's expression changed drastically. His domain began to shake as Liao Delun's Golden Flame Domain grew bigger. At this rate, Wen Yunshan's domain would unquestionably crumble in the next two breaths, and the consequence would be immeasurable. His foundation could shatter, and become a cripple.

Without thinking further, Wen Yunshan bit his tongue, and blood quickly flew out of the corner of his mouth. His expression turned resolute as his lifeforce began to burn vigorously.

Ding!

It sounded as if something had shattered. After that sound rung out, Wen Yunshan's sword intent immediately filled the entire sky. He raised his long sword that emitted a brilliant white light and pointed it at the starry sky.

Instantaneously, the whole fifty kilometers area was boiling with an intense sword aura. Everyone within the area felt like having an entire mountain range pressed down on them, making them difficult to breathe and move.

Liao Delun's expression slightly sunk. A strong wave of unease washed over and struck his soul. Under the might of this sword aura, he felt like he was a leaf in the wind that had no way of controlling himself. Moreover, he had a clear sense that Wen Yunshan's next move could easily claim his life.

At this moment, everyone nearby had wholly stopped their action. They were looking toward Wen Yunshan in astonishment.

"No! Brother Shan!" Hu An shouted in horror. He knew what Wen Yunshan was doing. This was equivalently gambling his own life with this attack!

The sword in Wen Yunshan's hand greedily absorbed his lifeforce as the surrounding sword aura grew stronger. At some point, Wen Yunshan stopped. He seemed to age a few years. The gaze he looked at Liao Delun was filled with endless calmness, causing the latter's heart to skip a beat.

"One Sword Eternal!"

Wen Yunshan gently swung his sword. His movement was slow and tranquil, as though this moment would last eternal. An invisible sword blast was produced along the sword's movement and overwhelmingly descended upon Liao Delun's entire being.

Liao Delun's pupils shrank. He quickly summoned all of his defensive artifacts and every bit of his profound energy he had inside his body.

"Come! I don't believe that I can't handle this!" Liao Delun gritted his teeth and urged his Golden Flame Domain forward, charging straight into the sword blast.

**BOOM!!**

In that instant, the sword blast passed through Liao Delun's Golden Flame Domain and caused it to explode. The dull-sounding impact spread to every corner of the island, instantly sweeping away every tree and boulder nearby.

The resulting explosion lasted for only an incredibly brief instant. The tornado of golden flames was annihilated by the sword blast before it could even detonate in full, almost as if it was erased from the surface of the earth.

As the Golden Flame Domain died in almost an instant, blood could be seen splashing into the air like a fountain. The sky rained blood for a moment, and the dust cloud began dissipating, revealing a figure completely drenched in the blood, slowly climbing to his feet.

A terrifying, bloody mark could be seen on his body, stretching all the way from his left shoulder to his right rib. Blood sprayed madly out of a couple of open wounds like a leaking blood bag.

After releasing his attack, Wen Yunshan fell to the ground in a half-knelt posture while using his sword as a crutch. He spat out a mouthful of blood and looked up toward Liao Delun.

"I lose..." Wen Yunshan muttered in disappointment upon seeing Liao Delun standing still. His attack ultimately failed to eradicate Liao Delun, which meant he was the loser in this battle.

"Brother Shan!" Hu An returned to his sense and hurriedly charged toward Wen Yunshan. However, he was stopped by Liao Delun's subordinates midway, making him unable to move further.

"He... hehe... HAHAHA!! I won!" Liao Delun burst into wild laughter, causing blood to spill out more.

Chapter 802 Humiliation To Death

Wen Yunshan's movement was sluggish as he tried to lift his sword up. However, he had entirely exhausted his profound energy from the previous attack. All he could do at the moment was rely on his brute strength.

Liao Delun laughed for a while and looked at Wen Yunshan with a hideous grin. "Not bad! Not bad at all! You're worthy of being Wen Zishan's younger brother... Unfortunately, I was stronger. Hehe. Otherwise, that sword of yours would cut me in half by now."

"Shameless! You clearly relied on the artifacts!" Hu An shouted angrily while struggling to fend his enemy off.

Liao Delun glanced at several broken pieces of artifacts on the ground with pity, but he still let out laughter. "Shameless? Are you stupid? Your master didn't teach you that there's no rule stopping me from using it?"

Hu An's face flushed red, unable to refute.

Wen Yunshan managed to stand on his feet and pointed the sword at Liao Delun. "It's not done yet. Come."

Liao Delun looked at Wen Yunshan playfully. Although he was suffering heavy injuries, he still possessed a portion of profound energy. How could Wen Yunshan fight him with just brute force?

As a pirate, Liao Delun always enjoyed the process of finishing the opponent bit by bit. Despite he could kill Wen Yunshan in a second, he preferred to play with him for a while. After all, it was a rare opportunity to humiliate the four great sects' disciples. Not to mention Wen Yunshan's status wasn't ordinary.

Liao Delun stretched his finger out and said. "Why don't you come here?"

"Bastard!" Hu An was furious when he saw this. His aura abruptly rose sharply as he released his sword intent to send his opponent flying. In that instant, his figure flashed and reappeared before Liao Delun, swinging his sword down at the latter's head.

"Scram!" Liao Delun let out a roar and punched out.

Boom!

Hu An's entire body was set alight as he was sent flying like a leaf in a hurricane. His sword intent collapsed entirely. He wasn't Liao Delun's opponent at all!

"Hu An! Ugh!" Wen Yunshan wanted to help Hu An, but his strength was insufficient. He ended up coughing a few mouthfuls of blood, and his body swayed feebly, could collapse at any moment.

Meanwhile, Liao Delun's wounds were opened further by the previous movement, but he didn't seem to care about it. He grinned and walked toward Wen Yunshan unhurriedly.

"B-brother Shan... Run..." Hu An covered his chest and spat out blood. His ribs were entirely broken by Liao Delun's punch. At this moment, he was completely aware of how terrifying Liao Delun was. It was no wonder he could defeat Wen Yunshan.

Liao Delun stopped a single step away from Wen Yunshan and said with a grin. "Didn't I tell you before that I would punch your handsome face?"

Bang!

Before Wen Yunshan could react, Liao Delun's fist had already arrived on his cheek. Accompanying by a cracking sound, Wen Yunshan flew away like a broken kite. His entire skull was deformed directly. His jaw dislocated to the side, and his cheekbones were utterly shattered.

Twenty meters away, Wen Yunshan fell to the ground and lay there motionless.

"Brother Shan!" Hu An shouted furiously. He released all of his profound energy, trying to activate his domain. Unfortunately, before his domain could form, he was utterly beaten to the ground by Liao Delun's subordinates nearby.

Liao Delun arrived beside Wen Yunshan and squatted down. He grabbed the latter's hair and looked at his deformed face with a satisfied smile. "This is a masterpiece. Hehe. Should I take a picture of you and send it to the Eternal Sword Sect?" He paused for a moment and said. "Well, it seems to be a good idea."

Afterward, he took a profound imaginary stone out and began to record Wen Yunshan's miserable appearance in relish.

"Hehehe. This could definitely sell at a high price." Liao Delun placed his foot on Wen Yunshan's head and recorded himself before putting the imaginary stone away.

"Any last word?" Liao Delun squatted down once again and pulled Wen Yunshan's head up.

Wen Yunshan's vision blurred. He couldn't hear or see anything clearly. His head was occupied by his last words... Big brother, looks like my journey ends here. Please take care of yourself.

"No? Tsk! This is not fun at all." Liao Delun clicked his tongue in dissatisfaction. He thought that Wen Yunshan would say a vicious word or swear something.

"Fine! I will send you to hell now." Liao Delun shook his head regretfully and stood up. He lifted his foot and stomped down at Wen Yunshan's right leg, shattering it into pieces.

Wen Yunshan's body twitched painfully, but he couldn't utter a single sound.

"Ah, sorry, my bad. My foot slipped." Liao Delun laughed heartily as he watched Wen Yunshan wiggle around.

"Brother Shan!" Hu An shouted hysterically and struggled to get rid of the two people beside him.

"Shut up!" One of Liao Delun's subordinates punched Hu An's stomach, causing the latter to collapse.

"Don't worry. I won't miss this time." Liao Delun glanced at Hu An briefly before returning to Wen Yunshan. He lifted his foot up again and aimed at the latter's head.

Swoosh!

Right at this moment, a sense of danger suddenly appeared in Liao Delun's heart. In that instant, he instinctively retreated with all his might.

Ding!

A sharp ice pike flew out of nowhere and went straight to Liao Delun's original position before sinking into the ground as it missed the target.

Liao Delun managed to stabilize himself several meters away and was about to look up to see the newcomer. All of a sudden, his vision was filled with a young man's handsome face and his neck being grabbed tightly.

"You...!?" Liao Delun was shocked as he was lifted into the air. Because of his injuries, he was utterly defenseless against this young man even if he wanted to.

"Look like I came in time." The young man said. He was no other than Yun Lintian!

Chapter 803 Negotiation

Yun Lintian swept his gaze over everyone at the scene and paused on Wen Yunshan briefly. The latter's injury was extremely severe. If Yun Lintian didn't have the Tree of Life, he believed it was beyond his capability to treat him.

"Who are you? Let go of captain!" Liao Delun's subordinates returned to their senses and shouted anxiously.

"Shut up, you bastards! Do you want me to die that bad!?" Liao Delun scolded angrily. His expression changed as he put a flattery smile on it. "Hehe, Little Brother. We can talk about this. Don't you think so?"

"Oh? Why did you think so?" A look of interest appeared on Yun Lintian's face.

"Cough!" Liao Delun coughed uncomfortably as he was grabbed on his neck and tried to say. "Hehe. I believe everything has a price. As long as I pay enough, I don't think Little Brother won't let me go."

"So confident?" Yun Lintian had a weird expression. "What are you going to pay for your life, then?"

"You can't, Senior Brother Yun! Ugh!" Hu An shouted anxiously, but he was punched in the face by Liao Delun's subordinate to make him shut his mouth.

Yun Lintian glanced at Hu An and didn't say anything. He was waiting for Liao Delun's offer.

A strange light flashed through Liao Delun's eyes as he said. "I know about your missing people. Precisely, I know who's behind this."

Yun Lintian motioned with his chin. "Go on."

Seeing Yun Lintian was so calm, Liao Delun cursed inwardly. He forced himself to calm down and said further. "You probably guess about it already. That's right. It's Poison Valley. However, there's another force participating in this."

Yun Lintian's expression didn't change in the slightest. "Who is it?"

Liao Delun curled his lips. "Little Brother, this is not good business conduct, isn't it? You have to give me a guarantee first before exchanging the goods." As he spoke, he glanced at his subordinates briefly as if sending signals to them.

Naturally, this action didn't escape Yun Lintian's eyes, but he didn't do anything. He asked with a smile. "What you said is correct." Liao Delun was relieved to hear this, but soon his expression changed drastically after hearing the following sentence. "However, a business negotiation normally starts with equal footings first. Do you really think you have the right to bargain with me in this situation?"

A fierce light flashed through Liao Delun's eyes as he said in a deep voice. "I guess? Look around you. Your friends are in my subordinates' hands. Isn't that enough?"

"Them?" Yun Lintian laughed coldly. "They have nothing to do with me. You can go ahead and kill them."

The expressions of Hu An and the other eight Eternal Sword Sect disciples changed entirely upon hearing this. They didn't expect Yun Lintian to say this. However, when they thought about it again, it was reasonable. After all, Yun Lintian had no relationship with them except for knowing each other names.

Liao Delun was taken aback. He thought Yun Lintian came here to rescue Wen Yunshan and the others. Did he just miscalculate it?

His eyes narrowed slightly, and he said calmly. "Alright then. Go ahead and kill them."

As soon as his subordinates heard this, they immediately released their profound energy and prepared to kill Hu An and the others.

"Linlin, big brother will leave them to you." Yun Lintian said softly.

"Mhm!" Linlin responded readily and jumped out of Yun Lintian's shoulder into the air.

Rumble—

Under Liao Delun's puzzled gaze, countless lightning sparks flashed around Linlin's small body. In that instant, several thick golden lightning bolts abruptly descended from the night sky and went straight toward Liao Delun's subordinates.

Boom! Boom! Boom!

"What!?" Liao Delun's eyes widened in disbelief as he saw his subordinates turn into piles of ashes with no way to resist. Everything happened too fast to the point his mind went blank directly, as he couldn't comprehend the situation before him.

Hu An and the others were no exception. They stared blankly at the piles of ashes before slowly turning toward Linlin. They always thought Linlin was nothing but Yun Lintian's ordinary companion pet... Are you saying this small tiger is stronger than all of them?

Thinking about this, they couldn't help looking at Yun Lintian in awe. It was no wonder Yun Lintian didn't put these people in his eyes from the beginning to the end.

"Your bargain is gone. Do you want to tell me now?" Yun Lintian curled his lips.

Liao Delun came back to his sense and uttered. "You..." He paused for a moment and snorted. "Hmph! Just kill me then."

"Do you know what I am specialized in?" Yun Lintian suddenly asked.

Liao Delun was puzzled. He didn't understand why Yun Lintian asked this.

It was Hu An who answered. "Senior Brother Yun is a top spiritual doctor."

Liao Delun seemed to understand immediately. His expression became horror. "You!... I..."

"Yeah. I have countless ways to make you regret coming to this world. And, of course, I can heal you. Look." As Yun Lintian spoke, he injected a portion of the wood element into Liao Delun's body. The latter could obviously feel his injuries began to recover at a visible rate.

Crackle—

Just as Liao Delun was overjoyed, a cracking sound rang out, followed by a sharp pain in his left shoulder. The pain was unbearable, causing him to scream out loud. "Arghhh!"

Yun Lintian retracted his arm that had just crushed Liao Delun's left shoulder and said calmly. "See? I can do this all day, all night, you know?"

A chill ran down Liao Delun's spine, making him shudder in fear. He had tortured countless people throughout his life, yet he didn't expect there was someone that was even crueller than him in this aspect.

"Not convinced?" Yun Lintian asked.

"No... No! I'll tell you everything. Please give me a quick end!" Liao Delun hurriedly shouted.

Yun Lintian smiled brightly. "Good. I can promise you that. Now, tell me."

Looking at Yun Lintian's smile, which was akin to a devil's smile, Liao Delun couldn't help cursing himself. If he finished Wen Yunshan quickly and ran away, he wouldn't have to face this demon lord.

Chapter 804 The Backer

Liao Delun was relieved to hear this. He wasn't afraid of death but of getting tortured. "Can you let me go first?"

Yun Lintian stared straight into Liao Delun's eyes and let go of his neck.

Liao Delun gasped for a few deep breaths and said. "Have you ever been curious how we, the Red Skull pirate group, could become a giant?"

Yun Lintian nodded and waited for further explanation.

"Simply because our backer is powerful." Liao Delun said calmly. "You should know the Star Pavilion, right?"

Yun Lintian frowned slightly. "They are your backer?"

"Yes." Liao Delun replied calmly. "It's not only us. They are also backing many pirate groups out there. Most of the time, we will have to perform a mission they gave us. Mainly finding information for them. Now you should understand why we know so much."

Yun Lintian nodded gently. The Star Pavilion was rumored to be the Star Gazing Palace's subsidiary. This rumor was later confirmed by the Cloud Shadow team. Before this, Yun Lintian had always been curious about their information-gathering method. Who would have thought they actually sponsored these pirates to work for them?

In the distance, Hu An, who was feeding Wen Yunshan a healing pill, looked at Liao Delun in shock. He was, of course, familiar with the Star Pavilion and had even used their service many times in the past. It turned out they were behind the disturbance in the Southern Endless Sea for all this time.

Liao Delun seemed to see through Hu An's thoughts. He chuckled. "Your four great sects, including the Divine Phoenix Palace, are surely blind. The enemy is standing in front of you all this time, yet you know nothing about them."

Yun Lintian thought for a moment and asked. "Did you come here for a mission?"

Liao Delun nodded. "Indeed. Our goal of coming here is to learn about the four monuments at the island's center, including investigating the Poison Valley's movement."

He paused for a moment and continued. "Because the four great sects' disciples were killed by the Poison Valley's remnants, the Star Pavilion has issued a task to stop all of you from investigating this matter. However, they didn't expect the Divine Phoenix Palace to participate in this."

The frown between Yun Lintian's brows grew deeper... Why would they want to stop the four great sects from investigating this incident? Were they trying to protect the Poison Valley? If that was the case, it made sense since the Star Pavilion couldn't find any trace of the Poison Valley for all this time. More precisely, they should be hiding it from everyone.

Liao Delun didn't interrupt Yun Lintian's thoughts, and he didn't intend to find a chance to escape. As a captain of this fleet, his talent and judgment were naturally top-notch. He could see that Yun Lintian was far stronger than Wen Yunshan and himself. Basically, he had zero chance of escaping from his palm.

A moment later, he said. "I see that you are probably suspecting the Star Pavilion to have anything with the Poison Valley. Although my position in the group is not low, I am really clueless about this matter. This is what you have to find out by yourself."

"How much do you know about the Star Pavilion? For example, what method are they using to contact all of you?" Yun Lintian asked.

Liao Delun shook his head. "There are various ways. Sometimes they would contact us through a waiter at some random restaurants. Sometimes they simply dropped a letter by our ship without us knowing... Honestly, they are too mysterious for me."

Yun Lintian was slightly puzzled. Since the Star Pavilion seemed to have their own intelligence network personnel, why would they risk being exposed by backing these pirates? It didn't make sense at all. At least, he wouldn't choose to do that... Unless they were confident that no one could do anything to them even if people knew it.

"Is there anything else?" Yun Lintian asked.

Liao Delun shook his head and then seemed to think of something. "Oh, there is one thing. Before coming here, they gave me information about this island. They said this place is an artifact, and the key to controlling it is related to the four monuments in the center area. They also said the Poison Valley's goal is to occupy this island."

"I see." Yun Lintian immediately understood everything. At the same time, he was curious. How did the Star Pavilion and the Poison Valley know about this? Where did they get the information from? Could they have an existence similar to Hongyue?

"Interesting. I'm getting more curious about the mastermind behind this so-called Poison Valley. One thing that I am certain of is that this person is coming from the world above." Hongyue's voice suddenly resounded.

"Can you make a guess?" Yun Lintian hurriedly asked.

"How could I guess it? There are billions of billions of stars in this universe. And those with the dark element like this are everywhere." Even though Hongyue said this, she seemed to have a particular name in her mind. It was just that she wasn't sure about it, and speaking it out might distract Yun Lintian further.

"You don't have to waste your brain thinking about it. Just focus on increasing your strength. These people will eventually show up before you by themselves at some points." Hongyue said calmly.

Yun Lintian took a deep breath and looked at Liao Delun. "Last question, where is your base?"

Liao Delun replied immediately. "If you go west around two thousand kilometers from here, you will find a small island called Red Reef Island. The Red Skull base is located under this island."

Yun Lintian looked at Liao Delun strangely. "I thought you wouldn't tell me."

Liao Delun laughed heartily. "Do you really think I am loyal to them? Nah, most of us join the group simply because of the benefits. And I am about to die soon. What's the point of protecting them?"

Yun Lintian took a deep look at Liao Delun and said. "Very good. I'll make it quick."

Before Liao Delun could say anything further, his entire body instantly froze, becoming an ice sculpture before shattering into countless ice particles...

Chapter 805 Mysterious Boy

After sending Liao Delun to the underworld, Yun Lintian went to Wen Yunshan's side and checked his condition. A moment later, he slowly injected the wood element into Wen Yunshan's body.

The wounds on his body gradually healed at a visible speed. At the same time, Yun Lintian didn't forget to replenish Wen Yunshan's lifeforce in order to treat his damaged foundation.

On the side, Hu An was shocked to the core. He was well aware of how severe Wen Yunshan's injury was. It was impossible to recover within half a year, even with all the top elixirs. Yun Lintian could actually do it within a minute! This was completely beyond Hu An's comprehension.

Swoosh!

At this moment, Nantian Lingyan and the others had arrived at the scene. They looked around briefly and saw some traces of the enemy. Evidently, they were already taken care of by Yun Lintian.

"Fairy Nantian." Hu An hurriedly greeted Nantian Lingyan.

Nantian Lingyan nodded gently. "Thankfully, Senior Brother Yun made the right decision."

When they perceived a tremor earlier, they didn't think it was coming from Wen Yunshan's group, but Yun Lintian was the one who decided to take a look in case the mysterious man in black had appeared once again.

"Ugh..." Wen Yunshan opened his eyes and looked at Yun Lintian in puzzlement. The last thing he could remember was getting humiliated by Liao Delun. How come Yun Lintian appeared here?

"Brother Shan! How are you?" Hu An hurriedly asked.

"What happened?" Wen Yunshan slowly got up to a sitting posture and asked in confusion. At the same time, he realized that his injury was completely recovered. A look of shock appeared on his face as he asked. "Wait. My injury..."

"It's Senior Brother Yun. He rescued us from those Red Skull pirates and healed your injury." Hu An replied admiringly.

Wen Yunshan was stunned and turned to look at Yun Lintian. "Senior Brother Yun..."

"No need to say anything. You had overdrawn your lifeforce. It will take several years to recover. You better save your energy for now so your foundation won't get damaged further." Yun Lintian waved his hand and threw a healing pill bottle to Wen Yunshan. "Take this."

Wen Yunshan reflexly caught the bottle and said sincerely. "Thank you."

Yun Lintian nodded and sent a sound transmission to Hu An and the other eight Eternal Sword Sect disciples. "Don't talk about what you heard earlier, understand?"

Hu An was a quick-witted person. He immediately understood Yun Lintian's intention and repeatedly warned his fellow brothers.

Yun Lintian looked at everyone and said. "From the Red Skull pirates' words, they aim for the monuments at the island's center. We will go there."

Nantian Lingyan and the others naturally had no objection. However, they were slightly puzzled about why the Red Skull pirates aimed for the monuments. What was the purpose? Did they know something that they didn't?

Yun Lintian saw this, but he had no intention of explaining anything. After taking care of Hu An and the others' injuries, he immediately set off toward the island's center.

\*\*\*

Somewhere on the island's east side, Liang Gouzhi's group had just killed a few practitioners and were in a good mood. Today's harvest was greater than they had imagined. Whether it was magical plants or artifacts, the amount they obtained was several times higher than robbing people in the past.

"Hehe. We're rich, Boss!" The chubby man laughed heartily as he looked at a pile of treasures before him.

"Hmph! You've already floated just because of this tiny profit?" Liang Gouzhi sneered, but the smile at the corner of his mouth was evident.

The chubby man chuckled. "Hehe. Too bad we are missing some chicks here. Otherwise, it would be perfect."

Liang Gouzhi curled his lips. "Wait until our captain captures those Divine Phoenix Palace girls. We can enjoy them by then."

The chubby man grinned lewdly upon hearing this. "By the way, Boss. Have you contacted Captain yet? He should have won the battle by now."

Hearing this, Liang Gouzhi frowned slightly and looked in the west direction. Earlier, he could clearly perceive that his captain, Liao Delun, was fighting with someone from the Eternal Sword Sect. Since there was no further commotion, the battle should have come to an end now.

Liang Gouzhi thought for a moment and took the transmission jade out. "Congratulations, Captain. You've won the battle again."

However, there was no response from Liao Delun after waiting for a full minute, which produced a bad premonition to appear in Liang Gouzhi's heart.

Seeing this, the chubby man couldn't help saying. "Boss, don't tell me our captain is...."

"Shut up! How could it be possible?" Liang Gouzhi cursed loudly. Even though he said this, he had to admit that there was a high chance his captain was already dead.

Liang Gouzhi hesitated for a long while and made a decision. "Leave. We will leave this place right away."

"What? It's not good, right? We will definitely get punished when we go back." The chubby man was shocked by Liang Gouzhi's decision.

"Idiot! If you want to stay here and wait for your father to kill you, then go ahead. I will leave now!" Liang Gouzhi didn't say anything further and quickly rushed in his ship's direction at full speed.

The chubby man and the others were momentarily stunned. When they came back to their sense, they hurriedly followed their boss behind.

Just as Liang Gouzhi traveled for a few kilometers, he suddenly perceived danger above his head and instinctively avoided to the side.

Boom!

A sharp aura shot out of nowhere and landed on Liang Gouzhi's original position, creating a long, deep crater on the ground.

Liang Gouzhi stabilized himself several meters away and looked at the scene in a cold sweat. If he was a split second slower, he would have been cleaved into half by now.

"Oh? You can avoid my attack?" An immature voice suddenly resounded from the sky, causing Liang Gouzhi to look upward.

What he saw was a ten or eleven-year-old boy clad in black. His face was full of childishness and innocence, but for some reason, his gaze could make a chill run down Liang Gouzhi's spine.

"I won't miss again this time." The boy giggled and waved his tiny hand, sending a sharp air blade toward Liang Gouzhi.

Chapter 806 Demon

Facing the terrifying air blade, Liang Gouzhi didn't dare to underestimate it. He executed his movement technique to the fullest, trying to avoid the incoming attack.

p In the next moment, Liang Gouzhi's expression changed drastically when he saw the air blade abruptly change direction midair and chase after him at an even faster speed.

Puff!

Liang Gouzhi didn't have time to think about it much. The only thing he could do was try his best to twist his body and hope to dodge the air blade. Unfortunately, his speed was much slower, the air blade directly cut his shoulder and severed his right arm instantly.

"Argh!" Blood arrow spurted out of the wound, accompanied by a painful scream. Liang Gouzhi managed to stabilize himself in midair and looked at his severed arm on the ground in horror.

"Ah? Still missed?" The boy was surprised to see this. He was certain that this attack could reap Liang Gouzhi's life in one shot, but the result had exceeded his expectation.

"Who are you?" Liang Gouzhi gritted his teeth, enduring the pain while staring at the boy.

"Me? Oh, oh. I forgot to introduce myself. My name is Yin Su." The boy, Yin Su, patted his head with a foolish smile. "Big brother, you're quite strong. You're the first person that could evade my attack twice in a row... I believe you must be delicious." As he spoke, he licked his lips while staring at Liang Gouzhi as though he was looking at a top delicacy.

Liang Gouzhi shivered in fright upon hearing this. This little boy was definitely a devil! He must absolutely leave this place!

"Boss!" At this moment, the chubby man and the others caught up with Liang Gouzhi. They then discovered something was not right as they saw Liang Gouzhi's arm was missing.

"Boss, you..." The chubby man was shocked and was about to ask something. He suddenly caught a glimpse of Yin Su in the sky and became confused. No matter how he looked at Yin Su, he was nothing but a mere ten-year-old brat.

"Boy, did you ambush our boss?" The chubby man asked coldly. In his mind, the only possibility was that Yin Su had caught Liang Gouzhi off-guard.

Liang Gouzhi opened his mouth and didn't say anything in the end. He secretly glanced at Yin Su and waited for the opportunity to escape.

Yin Su turned to look at the newcomers and said with an innocent smile. "Yes, big brother fatty."

"Courting death!" The chubby man was angry and sent several fire arrows toward Yin Su.

Seeing this scene, Liang Gouzhi didn't hesitate to execute his movement technique and ran away without looking back.

Yin Su let out a giggle and waved his tiny hand. Instantly, all the fire arrows disappeared without a trace, replacing them with several air blades and rushing toward the chubby man and the others.

The chubby man was stunned. Before he could react, his head had already been cut cleanly. The same went for the rest of his group.

Looking at the result, Yin Su muttered. "Huh? So weak? Sure enough. Their flesh must be unpalatable."

He shook his head slightly and turned to look at Liang Gouzhi to discover that the latter was already gone. "Ah? Where did he go?"

"Can you stop playing around, Yin Su?" At this moment, Yin Xichen appeared a few meters away from Yin Su with Liang Gouzhi's lifeless body in his hand.

Yin Su pouted and said. "I haven't come out for so long. Can't I play for a while?"

Yin Xichen didn't say anything and threw Liang Gouzhi's body at Yin Su.

Yin Su grabbed Liang Gouzhi's body and sniffed slightly before saying. "Mhm. Although it's a bit smelly, it should be delicious."

Yin Xichen knew what was about to happen next. He turned his head away and immediately heard a crunching sound, as though someone was eating something... Master, oh, master. Why did you send him here? He complained inwardly.

A while later, Yin Su licked the last bit of bloodstain on his hand and said with a satisfied smile. "Good to eat!"

Yin Xichen turned toward Yin Su, and Liang Gouzhi's body was nowhere to be seen now. He didn't want to stay here further and said. "I've found their location. They are heading toward the island's center and should reach there in two hours."

"So?" Yin Su asked.

Yin Xichen said in dissatisfaction. "Don't forget the task that Master gave you. We need a lot of sacrifices to open the vault here. I've already collected more than half of it."

"Right, right." Yin Su nodded his head innocently. "Can I fill my stomach first? You know, I didn't eat enough for all these years."

Yin Xichen was angry, but there was nothing he could do. He let out a sigh and said. "Never mind. They won't leave this place soon, anyway."

"Yay! You're so nice, Big Brother Chen." Yin Su threw his arms in the air and laughed happily like a kid.

Yin Xichen couldn't help having goosebumps all over his body when he saw Yin Su's current appearance. No one knew how many lives had been reaped underneath this innocent face.

\*\*\*

"It seems no one comes here." Xue Qianqian said while collecting some precious plants along the way.

"There's nothing in the center area, anyway." Tong Mi'er said.

The area where Yun Lintian's group stood currently was extremely quiet. No movement or a trace of life sign could be detected here. Obviously, no other practitioners had come here.

"Let's continue." Yun Lintian glanced around briefly and urged everyone to move forward.

A half an hour later, Yun Lintian's group rushed out of the forest and arrived at a spacious area without any vegetation. Four black monuments stood at the center, approximately thirty meters high. Three monuments were arranged in triangular, surrounding one in the middle.

Yun Lintian carefully observed these monuments and saw some ancient runes that he didn't understand. However, when he looked more closely, he could see symbols of the Sun, Moon, and Star on the three outer monuments. These symbols somehow gave off a familiar feeling to him, making him frown in doubt.

Chapter 807 Moon Garden

Yun Lintian retracted his gaze and said to everyone. "I'll set up a formation first. All of you try your best to stick together. We never know when that person is going to appear."

Everyone expressed their understanding and found a place nearby to settle down.

Yun Lintian began meticulously laying killing formations and protective formations around the entire island's center area. His speed was extremely fast, stunning everyone that looked at him.

"He..." Among them, Hu An opened his mouth in shock. This was the first time he felt far inferior to someone. Not only Yun Lintian's battle prowess was unparalleled, but his medical skills and formation arts were not inferior at all. Was there really such a perfect existence in this world?

Nantian Lingyan and the others were also surprised to see this. Although they knew how powerful Yun Lintian was, they had never thought he would be to this extent.

Xue Qianqian's eyes shone brightly. She curled her lips and said. "What a perfect man. I wonder if he has a wife?"

On the side, Tong Mi'er rolled her eyes and said annoyingly. "I don't think he would look at you."

"Why? Am I not big enough?" Xue Qianqian snorted and stuck her chest out, showing her proud assets.

Tong Mi'er pursed her lips and turned to look at Yun Lintian's busy figure in the distance. "I don't know whether he has a wife, but I can feel he has someone in his heart... It's just... very complicated."

The Plum Mountain Sect's profound art allowed one to be sensitive toward one's inner feelings. Coupled with Tong Mi'er's innate talent, she could feel something from Yun Lintian. It wasn't that he wasn't interested in any woman, but rather something prevented him from going further.

Twenty minutes later, Yun Lintian successfully laid all the necessary formations. If Yin Xichen came here later, he was confident of protecting everyone here, at least.

Yun Lintian walked toward the group and threw a bunch of the best-grade Profound Stones to Nantian Lingyan. "I'll leave the formation to you."

"Understood." Nantian Lingyan nodded.

Yun Lintian said nothing further and walked to the four monuments. As he drew closer, the familiar feeling in his heart became stronger. This was clearly the first time he saw this, but he felt like he had been here decades ago.

"Hongyue, you must know about this, right?" Looking at the imposing monuments, Yun Lintian asked silently.

Hongyue seemed to go silent for a while before replying. "Yes... At first, I was not sure about it, but when I saw these monuments. There's no mistake. This place is the Moon Garden."

"Moon Garden?" Yun Lintian repeated in doubt.

"Well, you can think of it as a private garden in your courtyard," Hongyue explained.

"I see... But who's the owner? And why do I feel like I have been here before?" Yun Lintian asked further.

Hongyue went silent for a moment and answered. "The owner is Xia Nongyue, the Divine Empress of the Immortal Ancient Xia Dynasty. As for why you felt this way, it's mainly because this place was originally created by Beyond Heaven King and gave it to her as a gift."

"Xia Nongyue? Divine Empress? Immortal Ancient Xia Dynasty?" Several questions kept popping up in Yun Lintian's mind. "She's from the Divine World?"

"Yes. You will eventually learn about her one day in the near future." Hongyue was unwilling to say anything more about Xia Nongyue.

Seeing this, Yun Lintian didn't inquire about it further. Instead, he asked. "What's the use of these monuments?"

"Of course, to control this place," Hongyue replied. "Look at the symbol on them. Have you seen something different?"

Yun Lintian raised his head to look at the monuments again and soon discovered that the Moon and the Star symbols were lit up with faint lights. Meanwhile, the Sun was black. There was nothing on it.

With a glance, Yun Lintian seemed to have an idea. He didn't hesitate to summon a portion of The Sun's power and produced a small sun above the monuments.

Omm~

Instantly, the Sun symbol on the monument lit up, creating a faint light beam to shoot toward the Moon symbol nearby, and went straight to the Star symbol before returning to itself. In the next moment, light beams shot out from each monument and went directly to the middle monument, turning into one thick light beam to shoot toward the sky.

The enigmatic scene caused everyone inside and outside the island to look at the sky in a daze.

Rumble!

The night sky suddenly brightened by a tidal wave of light. The moon and stars seemed to stimulate by it and became brighter as though they didn't want to lose. Soon, a light curtain appeared around the island, creating a gorgeous blue and red aurora, making everyone fascinated by its beauty.

At this moment, Yun Lintian's vision flashed white as he was seemingly transported to another world. It was a world with a high and vast starry sky. The mountains and rivers were so gorgeous that it felt like looking at a painting.

A mesmerizing figure stood on the tallest mountain peak, gazing at the full moon with her hands behind her back. Her neat white robe and long shiny hair were fluttered gently by a spring breeze, making her seem like an immortal that did not belong to the mortal realm.

Recovered from the initial shock, Yun Lintian stared attentively at the beautiful figure's back and refrained from uttering a word.

"From a pot of wine amid the flowers, I drink alone beneath the moonshine without a partner." A gentle yet lonely voice rang out.

"Raising my cup, I invite the moon and turn to my shadow, which makes us three."

"The moon cannot understand my enjoyable drinking, and my shadow only follows silently wherever I go."

"The moment with the moon and shadow, I take the opportunity to have a joyous time until the end of spring."

"I sing and the moonlight lingers, I dance and my shadow scattered. Sharing cheer when I am awake, separating our ways when I am drunk."

"Make our friendships out of the secular world forever; meet next time in the sky together...."

## Chapter 808 Xia Nongyue

Listen to the beautiful poem, Yun Lintian felt like he was rammed by a huge truck. The loneliness that resonated along her voice made his heart shudder violently. Tears began to flow down his cheeks involuntarily. He didn't know why he felt this way. Perhaps he, too, was a lonely man.

A moment later, a soft sigh could be heard, and the woman turned around, revealing her stunning face. It was as if everything around Yun Lintian had wholly vanished as his mind had gone blank. The only thing that presented was her celestial countenance that was more illusory than a dream.

Her loneliness-filled eyes seemed like a bottomless abyss that could swallow up anything or anyone. Her well-proportioned nose and petal-like lips were perfectly matched. It was as though nothing in this world could be more perfect than this.

The woman possessed an unmatched temperament. Her cold and aloof appearance made anyone feel inferior every time looking at her.

A faint smile appeared on her lips as she looked at Yun Lintian. "You're here."

Yun Lintian slowly regained his sense and opened his mouth. "You are..." He didn't know why he felt his heart was breaking into pieces upon looking at her like this.

"Glad to know you. I am Xia Nongyue. The one that is willing to wait for someone forever." The woman, Xia Nongyue, said gently.

"Xia Nongyue... The Divine Empress..." Yun Lintian muttered to himself. He raised his head to look straight at her and asked. "Are you... still alive?"

The smile on Xia Nongyue's lips seemed to grow deeper. "Is that matter to you?"

Yun Lintian opened his mouth a few times, but no word came out in the end. He didn't even know himself why he suddenly asked this. Obviously, he had no relationship with her. Perhaps it was because he understood thoroughly how lonely a person could be and felt she was the same as him.

Xia Nongyue said further. "What happened to you in the past is not something you should feel regret, but should appreciate instead... One day you will understand that everything in this world happens for a reason."

Her voice was calm and soothing, shaking Yun Lintian's entire soul. Suddenly, he saw silhouettes of Xia Yao, Lin Qianxue, Yang Ningchang, and Lynn around him. His lips quivered as he looked at them blankly.

Xia Nongyue's voice drifted into his ears. "Not everyone in this world has been given a second chance. Cherish everything well."

Yun Lintian snapped out of the trance, and the four silhouettes immediately disappeared. His eyes filled with a trace of loss but were soon replaced by a determination.

He looked at Xia Nongyue and asked. "What should I do now?"

Xia Nongyue stared straight into Yun Lintian's eyes for a long while and said. "It seems you've made your choice... That's good. That pair of eyes is what you should look like."

She paused for a moment and continued. "Since you show up here means that you are aiming at The Storm. After you've obtained it, I suggest that you should stop looking for other Beyond Heaven King Relics first and try to focus on your profound strength. Wait until you reach the peak of the Monarch Profound Realm before looking for the next one."

"Why?" Yun Lintian subconsciously asked. In his opinion, the faster he got, the better. Since these relics could raise his strength by leaps and bounds in a short period. It was much faster than practicing by himself.

"Ask yourself how deep your understanding of your strength is." Xia Nongyue curled her lips. "Shallow. You don't even know how terrifying your strength is if you could grasp a combination of each relic well."

Yun Lintian thought for a moment and felt what she said make sense. In fact, he had never tried to understand his power properly from the beginning to this point. All he knew was to summon the relics directly or use its affinities with elements to aid in practicing other profound arts.

"Do you know why he built The Library?" Xia Nongyue asked.

p Yun Lintian answered in doubt. "Maybe he just wants to keep those profound arts as a collection?"

He always believed that Beyond Heaven King was either like to collect profound arts or use them to teach his people.

"It's one of the reasons... What if I said he used them as references?" Xia Nongyue said with a faint smile.

"Using those profound arts as references?..." An idea suddenly flashed through Yun Lintian's mind as he blurted out. "He was trying to create a new profound art?"

Xia Nongyue responded. "Correct. Beyond Heaven King Relics are the origins of elemental sources. Instead of using them to practice the existing arts, wouldn't it be better to create new ones yourself?"

Yun Lintian immediately enlightened. It was no wonder the second layer of the Primordial Beyond Heaven Scripture's skill, Trinity Elemental Eyes, was all about mixing the elements.

"The Eyes of Heaven allow me to see the energy flow, and the Trinity Elemental Eyes allow me to mix three incompatible elements without contradicting each other. Everything is for creating new profound arts..." Yun Lintian said to himself. It was as if a new path he had never thought of opened before him.

At the same time, Yun Lintian's Soul realm increased drastically as he realized this. It had already broken through to the Saint Profound Realm and went all the way to the peak level. As long as his Body and Essence realms achieved the next breakthrough, there would be no bottleneck for him until he reached the peak of the Saint Profound Realm.

Xia Nongyue smiled in satisfaction. "You're correct. Because he reckoned that your strength would be very weak at this stage, he chose to prevent you from using more than three elements at once. As your strength increases, the number of elements you could handle at the same time would also increase."

She paused for a moment and said further. "Do you know why he was called the Beyond Heaven King?... It's because he could achieve something that even heaven could only wish for." There was a hint of pride in her voice.

Yun Lintian was momentarily stunned upon hearing this. He didn't expect the origin of the title would be this grand.

Chapter 809 Disruption (1)

Xia Nongyue took a deep look at Yun Lintian and said. "I want you to bring this garden away. Even though it cannot be compared to your Land of Beyond Heaven, it will be handy for you and your people in the near future... You can't rely on the Land of Beyond Heaven all the time, right?"

Yun Lintian nodded in agreement. "How do I take it away?"

"Simple. This garden originally belonged to the Beyond Heaven King. His imprint is still around. You can concentrate your mind to locate it." Xia Nongyue paused for a second and said. "It's time. You should leave now."

"Wait!" Yun Lintian hurriedly shouted. "Are we going to meet again in the future?"

Yun Lintian didn't know why he had an impulse to ask this question. Perhaps it was because he could feel the similar breath coming out of her. It was as though they had been through difficult situations together before.

Xia Nongyue smiled charmingly. It was a breathtaking smile that Yun Lintian would never forget for the rest of his life. Her lips parted gently. "We will."

As her voice fell, Yun Lintian's vision immediately turned white.

\*\*\*

On the outside, Nantian Lingyan and the others looked at Yun Lintian worriedly. They didn't know what had happened to him at the moment. He went blank and stood still on the spot from the moment the monument lit up.

"How is he, Sister Tong?" Xue Qianqian asked concernedly.

Tong Mi'er carefully checked Yun Lintian's condition, but she didn't find anything wrong. She said with a frown. "Perhaps he's in the enlightening state. If there's nothing wrong, he should wake up later."

Nantian Lingyan and Wen Yunshan, who were calmly recovering their strength, looked at Yun Lintian and said nothing. They fully believed he would be fine.

"Hehe. So many delicious-looking people here." All of a sudden, a childish voice resounded from the sky, causing everyone to turn to look in the direction.

The expressions of Nantian Lingyan and the others changed drastically when they saw Yin Xichen.

"Oi, oi. Don't ignore me." The boy, Yin Su, pouted in dissatisfaction as he saw everyone look at Yin Xichen.

Yin Xichen ignored everyone and glanced at Yun Lintian. A strange light flashed through his eyes as he seemed to think of something.

He turned to Yin Su and said. "I'll leave them to you. You can eat as much as you want."

"Okay!" Yin Su responded happily. He licked his lips and muttered. "Which one should I start with?"

He swept his gaze on everyone and finally landed on Linlin. "Huh? This little guy...."

Yin Xichen had also noticed something. He looked at Linlin carefully and said in surprise. "Its bloodline... Divine Beast!?"

Yin Su was taken aback and then laughed happily. "Hahaha! I didn't expect to encounter such a heavenly delicacy here."

Just as Yin Su was about to attack, he was interrupted by Yin Xichen first. "Leave it alone. It will be useful for us."

"What?" Yin Su was dissatisfied.

"You should know the significance of Divine Beast blood to us." Yin Xichen said coldly.

Yin Su pouted and reluctantly gave up. "Alright, alright. I won't eat it, okay? What about that man?"

Yin Xichen grinned. "He's mine."

"Hmph!" Yin Su snorted and shifted his gaze onto Nantian Lingyan. "You, then."

As he spoke, he waved his hand and sent a sharp wind blade toward her.

"Sisters!" Xue Qianqian shouted, and her fellow sisters quickly conjured an ice barrier above everyone.

Boom!

The wind blade fiercely collided with the ice barrier, but could not penetrate it further, which surprised Yin Su slightly. "Hmm? Not bad... How about this?"

Yin Su waved his hand again, and this time, a wave of tempest erupted, storming toward the ice barrier.

,m Tong Mi'er and Ding Hui saw the situation was not good. They hurriedly stepped forward and created layers of barriers behind the ice barrier.

Boom! Boom! Boom!

The tempest instantly destroyed the ice barrier and went straight to the earth barrier before stopping at that.

Yin Su's expression turned icy when he saw this. He was annoyed by these ants' struggles. "Very well. I planned to give a good time for all of you, but it seems unnecessary now."

Yin Su made a grasping gesture, and a few tornadoes quickly formed around the place before rushing toward Nantian Lingyan's group in all directions. It was impossible for them to defend themselves simply with barriers this time.

Nantian Lingyan, whose gaze focused on Yin Xichen all this time, immediately moved. She stomped her foot on the ground, and a layer of golden barrier promptly appeared around them.

Rumble—

The tornadoes ruthlessly crashed into the golden barrier for a while and thoroughly disappeared in the next moment.

Yin Su's face became unsightly by the scene. The boiling anger in his heart rose sharply. It was fine to be blocked twice, but the third time was unacceptable.

"Do you need my help?" Yin Xichen asked with a smile. This was the first time he saw Yin Su's deflated appearance and couldn't help laughing inwardly.

"No need!" Yin Su roared angrily.

His aura burst forth, and there was a sound of breaking space, followed by a condensed but absolutely deadly storm flew toward the golden barrier.

"Die!" Yin Su's eyes were filled with killing intent as he growled.

Nantian Lingyan's expression turned solemn. She quickly poured a portion of Profound Stones into the formation's eyes to raise the barrier's power.

Bang!

A deafening explosion resounded through space as the storm met the golden barrier head-on. The moment the two came into contact with each other, the space in that area exploded and fractured in an exaggerated fashion. It was unbelievable this was the attack from the peak of the Ruler Profound Realm practitioner.

While the storm collided with the barrier, Nantian Lingyan seized this opportunity and activated the killing formation.

Instantaneously, countless sword lights appeared in the sky and bombarded Yin Su and Yin Xichen.

Yin Xichen's eyes narrowed slightly. He waved his hand to create several spatial rifts above his head before they sucked the incoming sword lights into them.

Chapter 810 Disruption (2)

Nantian Lingyan was helpless when she saw this scene. Yin Xichen's spatial technique was too omnipotent. He could simply nullify any attack that came toward him.

"Monarch-level formations?" Yin Xichen said with a grin. "Unfortunately for you, it is restricted here."

"Sisters?" Xue Qianqian couldn't help asking everyone for opinions. Although the formation could defend against Yin Su and Yin Xichen, it was a matter of time before they could break in. They must find a way to deal with this situation as soon as possible.

Wen Yunshan glanced at Yun Lintian and then said to everyone. "We must buy time for him."

As he spoke, the long sword silently appeared in his hand.

"Brother Shan, you shouldn't...." Hu An hurriedly stopped Wen Yunshan when he saw this.

Wen Yunshan smiled faintly. "It's fine. My injury has already recovered. It's just that my profound energy is a bit weak. Fighting under the formation shouldn't be a problem.

Hu An hesitated briefly and took his sword out. "Let us go first."

The eight Eternal Sword Sect disciples behind had also drawn their swords out and stepped forward.

Tong Mi'er turned to Ding Hui and said. "I'll leave his safety to you."

Ding Hui nodded heavily and led his fellow brothers to surround Yun Lintian.

"Sisters, let's go." Tong Mi'er looked at her fellow sisters and stepped forward, preparing to fight.

Seeing this, Yin Xichen glanced at Yin Su and said playfully. "What now? Still stubborn?"

Yin Su gnashed his teeth in anger and said. "You win."

Yin Xichen burst into laughter. "Alright. I will open the barrier, and you do the rest."

Yin Su snorted coldly in response.

Nantian Lingyan glanced at the four Divine Phoenix Palace disciples behind her and said softly. "Trying your best to intercept his attack. His goal is definitely Senior Brother Yun."

"Understood, Senior Sister Yan." The four nodded solemnly.

Nantian Lingyan didn't say anything further. She quickly mobilized another round of attack, sending countless sword lights toward Yin Su and Yin Xichen.

A similar scene was repeated. Yin Xichen casually created spatial rifts to deal with the incoming attack. At the same time, he locked on the corner of the golden barrier, and the space around there was suddenly distorted by his power, creating a small hole in it.

Seeing this, Yin Su didn't hesitate to condense a few air bullets to slip through the hole and went straight to Nantian Lingyan.

Everything happened in a split second, but Xue Qianqian and the others' reactions were not slow. They quickly formed a profound defense to intercept the air bullets while Hu An and his fellow brothers combined their power and sent a thick, sharp sword beam toward Yin Su.

"Hmph!" Yin Su spread his arms out, and a curtain of raging wind appeared before him, completely blocking the incoming sword beam.

"That's it?" Yin Xichen sneered and began to create more holes in the golden barrier, allowing Yin Su to attack the opponents in all directions.

Nantian Lingyan didn't stand still. She decisively poured all the best-grade Profound Stones that Yun Lintian gave her into the formation's eyes and urged the barrier to reconstruct itself. The recovery speed was fast, but it couldn't prevent all Yin Su's air bullets from entering.

Bang! Bang! Bang!

The ice barriers were shattered one by one by the air bullets. Xue Qianqian and her fellow sisters couldn't avoid them completely. They were sent flying into the distance in the next moment.

Seeing this scene, Tong Mi'er's brows tightened. She released her aura to create a pedal storm to deal with the rest of the air bullets.

Puff! Puff! Puff!

The pedal storm quickly swept the air bullets away, but Yin Su didn't give Tong Mi'er and the others a chance. He continued to condense more air bullets and blades, continuing to bombard the opponents. This time, their penetration and killing power were definitely capable of piercing any profound defense Tong Mi'er created.

"Watch out!" Ding Hui shouted anxiously when he saw the blades and bullets penetrating the pedal storm and went straight at Tong Mi'er and the others.

A giant hammer appeared in Ding Hui's hand, and he swiftly smashed it down on the ground, creating a colossal earth fissure to block the incoming attacks.

"Ah! So annoying! Can't you destroy the barrier already?" Yin Su's patience was at the limit. These people were not a threat to him, but their struggles to defend against his attacks were incredibly annoying.

Yin Xichen rolled his eyes and said. "Do you think it's easy? That's Monarch-level formation, you know? Not to mention they have best-grade Profound Stones as the fuel."

"I don't care. You better hurry up." Yin Su threw a tantrum while continuing to attack.

Yin Xichen frowned slightly and swept his gaze over everyone below. The next moment, an idea flashed through his mind, and he quickly performed it.

Yin Xichen concentrated his spatial power to create one huge spatial rift underneath the ground. Instantly, Nantian Lingyan and the others felt like they had fallen into quicksand, unable to stand properly.

The expressions of Nantian Lingyan and the others changed drastically. They hurriedly gathered their profound energy and created a temporary floor to block the suction force underneath their feet.

Rumble—

The protective barrier shook violently, and several cracks could be seen. At this rate, it would definitely crumble in the next minute.

Nantian Lingyan gritted her teeth, trying her best to stabilize the formation nodes. Unfortunately, Yin Xichen's spatial force was too strong, and the outer formation nodes began to snap one by one, revealing a large hole in the barrier.

Yin Su's eyes lit up. He rushed forward in one step and appeared inside of the barrier. A playful grin emerged on his lips as he said. "Hehe! It's feast time!"

As his voice fell, a windstorm instantly appeared, entirely trapping everyone inside before slowly shrinking in.

At this moment, Wen Yunshan, who was waiting for this moment, pointed his sword toward the sky, and his aura erupted. The air immediately filled with his sword intent as he swung the sword down at full force.

**BOOM!!**

An extremely sharp sword beam flashed vertically, splitting the surrounding windstorm into two separate explosions.

However, Yin Su seemed to predict this ahead of time. Before Wen Yunshan's sword beam came out, he had already condensed another layer of a windstorm on the outside, rendering Wen Yunshan's attack useless.

"Hehehe. Do you think you can fool me again?" Yin Su giggled happily.
