### Chapter 821 Divine Phoenix Palace (1)

While the Northern Continent was facing a crisis, Yun Lintian was currently arranging things on the Moon Garden and prepared to leave for the Divine Phoenix Palace.

"Actually, you don't have to go." Nantian Fengyu looked at Yun Lintian and said with a serious expression.

Yun Lintian smiled faintly. "Helping them is akin to helping myself. As you can see, the Poison Valley is extending their tentacles everywhere throughout the world. There's no way I can fight them alone... I'm not trying to be a hero who saves the world, but I simply cannot avoid them since our grudge has been formed deeply. There's only one victor in the end."

Nantian Fengyu went silent for a moment and said. "Since that's the case, I will try my best to take over the palace."

Yun Lintian said. "Just do at your own pace. No need to force yourself."

"Mhm!" Nantian Fengyu nodded. "Let's go, shall we?"

"Yes." Yun Lintian nodded and followed Nantian Fengyu toward the Divine Phoenix Palace with Linlin.

With the Heavenly Cloud Profound Skyship's speed, the two had arrived at the perimeter of the Divine Phoenix City in an hour.

Looking at three majestic mountain ranges in the distance, Yun Lintian couldn't help saying. "The location here is really good. With mountains on three sides, I'm afraid anyone with ulterior motive has to think twice."

Sitting on Yun Lintian's shoulder, Linlin cast her gaze over the mountain range curiously. With her bloodline, she could perceive a strong Divine Phoenix aura coming out of it, which showed that the Divine Phoenix bloodline here was genuine.

"Let's go in." Nantian Fengyu didn't feel anything special about it. To her, this place was full of sorrow that she wanted to forget.

Yun Lintian could perceive Nantian Fengyu's low mood and stopped saying anything. He calmly followed her toward a giant city gate in the distance.

Divine Phoenix City was the divine city governed fully by the Divine Phoenix Palace. Anyone who wanted to do business here must go through a strict review by them first, which made this city one of the safest and most impartial cities in the Azure World.

The foundations of the Divine Phoenix Palace could be rivaled by that Sky Qilin Clan of the Western Continent. Their prestige was incomparably high that even the Azure Palace must give them face if they wanted to do anything here on the Southern Continent. This was also one of many reasons that the four great sects didn't dare to challenge them.

In front of the city gate, where many guards could be seen patrolling and checking the crowd, a teleportation formation that frequently lit up as people entered came into Yun Lintian's line of sight.

He looked at it with great interest as he asked. "There's even a teleportation service. How convenient. It seems the Divine Phoenix Palace is really rich."

"There's a large Profound Stone mine underneath those mountain ranges." Nantian Fengyu explained without hiding anything. "Besides, it's not free as you think."

"I see." Yun Lintian was slightly surprised. This further confirmed that the location here was indeed a golden area.

With the Profound Stone mine here, unless they were stupid enough to excavate every piece of Profound Stone, the Divine Phoenix Palace would enjoy a rich profound energy environment and hefty wealth that was almost inexhaustible for thousands of years to come.

As Yun Lintian and Nantian Fengyu approached the city gate, several guards immediately noticed them. More precisely, they noticed Nantian Fengyu's Divine Phoenix aura.

Immediately, a group captain strode forward and greeted Nantian Fengyu with the utmost respect. "Welcome back, True Inheritor. May I know if you want to go to the palace directly or walk around the city first?"

"Go to the palace." Nantian Fengyu replied coldly.

The captain glanced at Yun Lintian and hesitated slightly. According to the regulation, he must strictly check everyone that comes and goes out of the city, even if that person came with the Divine Phoenix Palace disciple. However, Nantian Fengyu's position was different. He wasn't sure whether he should perform a regular check on Yun Lintian.

"He's my Junior Brother." Nantian Fengyu looked at the captain coldly.

Her words were enough to scare the captain. He didn't dare to be neglected anymore and hurriedly opened the teleportation formation for her.

Yun Lintian followed Nantian Fengyu into the formation and bright light flared up as spatial fluctuations rocked the area before the two of them vanished from the place.

The captain heaved a sigh of relief while wiping cold sweat out of his forehead when he saw the two go away. He had long heard about the True Inheritor's personality before, but he didn't expect to meet her here one day. Thankfully, he wasn't stubborn and insisted on checking. Otherwise, he would certainly become a pile of ashes by now.

A moment later, Yun Lintian and Nantian Fengyu appeared in a beautiful garden with countless exotic flowers.

"Welcome back, True Inheritor!" As they appeared, a group of female disciples stepped forward and greeted them respectfully.

Nantian Fengyu frowned in dissatisfaction. She didn't like this kind of reception. When she was about to say something, Nantian Xuanyu's voice suddenly resounded.

"You two are here. Come to the inner hall directly."

Nantian Fengyu didn't say anything and directly led Yun Lintian to the inner hall.

Along the way, Yun Lintian carefully observed the place and found many powerful auras hiding in this place. Presumably, they were the hidden guards of the Divine Phoenix Palace.

What surprised him the most was the formations here. He recognized that all of them were extremely ancient, and some were said to be lost along the passage of time. This proved that the Divine Phoenix Palace's heritage was deeper than he had imagined.

A while later, the two arrived at a majestic hall with a phoenix image shimmering above the roof. This place was the inner hall usually prepared to welcome an esteemed guest.

Nantian Fengyu ignored a few disciples standing at the entrance and directly brought Yun Lintian to the hall.

Upon entering the hall, Yun Lintian suddenly felt a wave of burning sensation sweep over his entire body, causing him to frown slightly.

"How dare you?" Nantian Fengyu was angry as she stared coldly at an old woman sitting on a phoenix throne.

Chapter 822 Divine Phoenix Palace (2)

The old woman's hair was silvery white, reflecting her actual age. With a glance, Yun Lintian could see that her lifespan was about to reach the limit. If there was nothing wrong, she could live at most five years.

A kind smile could be seen on her wrinkled face as she looked at Yun Lintian. "I had never heard that there was a male disciple in the Misty Cloud Palace."

Hearing this, Yun Lintian's expression changed drastically. "Senior, you are...?"

How could Yun Lintian wasn't shocked? From what he knew, few people in the world knew about the Misty Cloud Palace's existence. Especially in this era. Except for Yan Qi, he had never encountered anyone so far. What was more? This old woman actually knew the regulation of the Misty Cloud Palace... Who is she? And how old is she?

"Counting the generation, your Palace Founder is my senior." The old woman sighed softly. "Alas, time flies... Senior Yun is the person I admire the most. I would seize every opportunity to follow her around the world back then."

She seemed to immerse in the past memory in her mind. Her face was full of nostalgia. It seemed she had a good relationship with the Misty Cloud Sect Founder.

Being ignored by the old woman, Nantian Fengyu gave her a fierce glare and said. "Hey! Don't ignore me, you old woman! How dare you check on my Junior Brother?"

The old woman retracted her thoughts and looked at Nantian Fengyu with a kind smile. "It's really rare that you are so close with someone. Look like you've grown up a lot during this absent period."

"Hmph! Don't change the topic!" Nantian Fengyu snorted coldly.

The old woman laughed gently and turned to Yun Lintian. "I forgot to introduce myself. My name is Nantian Xiulan, the Second Generation Divine Phoenix Palace Master."

"The Second Generation?" Yun Lintian was surprised because he could see that her lifespan was almost two thousand years. It didn't make sense at all.

"Since you have two divine bloodlines in your body, you should know one or two things about them." Nantian Xiulan said with a meaningful smile. "Each one of the divine bloodlines has its own special characteristic. Our Divine Phoenix bloodline is the ability called a nirvana rebirth."

Her words caused Nantian Fengyu and Nantian Xuanyu to look at her in surprise. The Nirvana Rebirth was considered a top secret of the Divine Phoenix Palace, yet Nantian Xiulan actually told Yun Lintian directly... Why would she trust Yun Lintian that much?

"Nirvana... I see." Yun Lintian nodded in an understanding manner. He looked at Nantian Xiulan and asked curiously. "Senior, how did you know about the Misty Cloud Palace?"

Nantian Xiulan smiled and asked. "Do you want to know why I can remember it?" Seeing Yun Lintian nodding heavily, she continued. "Because of the Nirvana Rebirth, I have retained some of my memories. That's why I can remember their existence clearly."

"As for what happened to the Misty Cloud Palace in the past, I cannot remember it because I had fallen at that time and went under the Nirvana Rebirth. When I woke up again, everything has already become what it was today. No matter how hard I tried, I was unable to find a single clue of it."

Yun Lintian frowned deeply. Looked like the clue ended here again. He thought for a moment and asked. "Does Senior knows about the Misty Cloud Sect?"

Nantian Xiulan replied. "Yes. I've been there once." She paused for a moment and said further. "Since someone tried to bury the history, I thought that I might cause harm to your sect if I showed up. Hence, I chose to leave silently and never visit your sect again."

She let out a long sigh of regret. "It was not until I learned about your existence that I discovered the Misty Cloud Sect had long disappeared."

Listening to the conversation, Nantian Xuanyu and Nantian Fengyu seemed to understand Yun Lintian's background bit by bit. However, they had never heard anything about the Misty Cloud Palace before. They were wondering what kind of existence it was.

"Junior Brother...?" Nantian Fengyu asked in doubt. She couldn't resist the curiosity in her heart.

"Well, I think it's better for Senior to answer this. In fact, I didn't know much about it myself. It was, after all, something that happened thousands of years ago." Yun Lintian replied after a short ponder.

"Second Ancestor?" Nantian Xuanyu asked cautiously.

Nantian Xiulan took a deep look at Yun Lintian and said with a smile. "That's fine as well."

She looked at Nantian Xuanyu and Nantian Fengyu before saying. "As both of you know, this world has nine palaces. However, instead of the Frozen Moon Palace in the North, it was actually the Misty Cloud Palace who reigned supreme there."

"Back then, Misty Cloud Palace was a powerful existence alongside the Azure Palace. If it wasn't because of that incident, this world should be called the Misty Cloud World instead."

Her words immediately shocked Nantian Xuanyu and Nantian Fengyu to the core. As they grew up in the era where the Azure Palace reigned supreme, they didn't quite believe there would be someone who could be more powerful than the Azure Palace... What was this Misty Cloud Palace?

Nantian Xiulan recollected the past memory and continued. "The First Generation Misty Cloud Palace Master and the Founder, Yun Wushuang, was the most powerful existence in the world back then. She possessed an unparalleled strength that even the First Generation Azure Palace Master had to make way for her."

"During the past incident where Abyssal Profound Beasts rampaged everywhere, she was the sole leader who brought everyone together and dealt with those beasts. It could be said, without her, this world would have become a playground of them by now."

Yun Wushuang... the Wushuang that means unrivaled? What a domineering name... Yun Lintian repeated the name in his heart. This was the first time he heard the name of the Misty Cloud Sect Founder. For some reason, an inexplicable feeling emerged in his heart, making him uncomfortable.

Listening to this point, Nantian Fengyu couldn't help asking. "Since she was that powerful, why didn't we hear a bit of her name before? Who could possibly erase her name from the history entirely like that?"

Nantian Xiulan shook her head gently. "I want to know as well... Such an existence could only be a divine being. That's my guess."

Chapter 823 The Origin Of Poison Valley

Yun Lintian fell into silence for a long time. He tried to connect the dots between the mysterious woman and Yun Wushuang, but he didn't think they were the same person. Otherwise, wouldn't it be better to make the Misty Cloud Palace the number one in the world instead of letting the Azure Palace occupy it?

Furthermore, if Yun Wushuang was that powerful, they wouldn't be a struggle between the Abyssal Profound Beasts and humans in the first place.

The more Yun Lintian thought about it, the more confused he became. This feeling, when he felt he could reach it, but it was blocked by a tiny stump that he couldn't take out, made him about to go crazy.

"Ruanyu, have you ever heard anything about Yun Wushuang?" Yun Lintian asked in his mind.

In the Land of Beyond Heaven, Yun Ruanyu, Yun Huanxin, Hongyue, and Lauya sat on the sofa and watched the scene calmly. When Nantian Xiulan mentioned the Misty Cloud Palace and Yun Wushuang, Yun Ruanyu and Yun Huanxin immediately looked at each other in shock.

Both of them, of course, heard about the peerless Misty Cloud Sect Founder many times, but none of them had ever known her name. This was the first time they heard it as well.

Yun Ruanyu calmed down and answered. "Unfortunately, no. You've already seen the record that the Grand Sect Master left behind. We know nothing more than that."

Yun Lintian sighed inwardly. It seemed the clue had truly ended here.

He put this matter aside and asked. "Senior, do you know the origin of those Abyssal Profound Beasts? How could they appear here all of a sudden?"

Nantian Xiulan went silent for a moment and said calmly. "They came here through a spatial tunnel."

"Spatial tunnel?" Yun Lintian repeated in doubt.

"Before the nine palaces era, this would use to have countless experts ascending to the Divine World. It was until one day the world's boundary was entirely blocked by an unknown reason, preventing practitioners from ascending." Nantian Xiulan tried to shorten the story as much as possible.

"Naturally, these powerful practitioners tried everything they could to open the sealed boundary, but no one had ever succeeded in the end... Later, a renowned powerhouse called Longevity Monarch successfully broke through the world's boundary, but the result was opposite what everyone had expected."

Nantian Xiulan's face became solemn as she continued. "Instead of opening the path to the Divine World, the spatial tunnel led to an unknown world full of Abyssal Energy. Since then, countless Abyssal Profound Beasts kept pouring into this world, wreaking havoc all over the places."

"As for Longevity Monarch, he simply fled away to the Divine World with some other monarchs and never came back again since."

Yun Lintian, Nantian Xuanyu, and Nantian Fengyu were shocked upon hearing this. Especially Nantian Xuanyu. She was the current Divine Phoenix Palace Master, but she had never known about the true history before. This information had subverted her historic knowledge entirely.

Nantian Fengyu frowned slightly. "How did it end?"

Nantian Xiulan shook her head. "After I was reborn again, I spent my time investigating this matter, and my conclusion is that Senior Yun and the others have successfully sealed the spatial tunnel. However, I am unsure about its position and who is taking care of it currently... My bet is it has something to do with the Azure Palace."

"Second Ancestor... Are we...?" Nantian Xuanyu couldn't help asking.

Nantian Xiulan nodded gently. "With the fall of Tianqi Zongwei, I'm afraid the Azure Palace would become more unrestrained in the near future. Our current strength is not enough to contend with them." She turned to Nantian Fengyu and said. "That's the reason I called you back this time."

The frown between Nantian Fengyu's eyebrows grew deeper. Even though she didn't want to have anything to do with this, it was impossible for her to avoid it.

Just as Yun Lintian was digesting the information, he suddenly received a report from Yun Meilan. "Lintian, the Northern Continent has been attacked by the profound beast tide not long ago. However, everything is in the Frozen Moon Palace's control now."

Yun Lintian's eyes turned sharply upon hearing this. The Poison Valley moved faster than he had expected. He could not waste time here now.

He raised his head and said. "Palace Master, please get into our business. I have an urgent matter to do next."

Everyone could see the change in Yun Lintian's expression, but they didn't ask anything about it.

Nantian Xuanyu looked at Nantian Xiulan and saw the latter nod her head. She turned to Yun Lintian and said. "Please come with me."

Yun Lintian nodded and said to Nantian Xiulan. "Senior, please check the news about the Northern Continent."

Afterward, he followed Nantian Xuanyu to the back of the hall.

Nantian Xiulan's brows raised slightly. "Come here."

Swoosh!

"Master." A woman in red silently appeared beside Nantian Xiulan and greeted the latter respectfully.

"Tell me about the recent situation." Nantian Xiulan closed her eyes, listening to the woman's report.

A while later, she opened her eyes, and a look of nostalgia appeared in them. "Perhaps it's time."

She looked at the woman and said. "Notify the Phoenix Parries. Let them prepare for a large-scale war... This war could decide our future."

A look of astonishment appeared on the woman's face. She responded solemnly. "Understood, Master." As she finished, her figure vanished from the spot.

Nantian Xiulan turned to look in Yun Lintian's direction and muttered to herself. "I hope he could live up to your expectation, Senior Yun."

\*\*\*

Nantian Xuanyu led Yun Lintian and Nantian Fengyu to an ancient gate embedded in a mountain wall. A majestic phoenix pattern could be seen on it, exuding a solemn aura that made anyone feel reverent.

Nantian Xuanyu didn't explain anything. She walked toward the gate and placed her hand on it. Immediately, a phoenix symbol between her brows lit up with a bright red light, and the giant gate gradually opened.

"Follow me." Nantian Xuanyu beckoned them and walked into a passage behind the gate.

Yun Lintian turned to look at Nantian Fengyu and saw the latter had a sorrowful expression on her face. "You don't have to go in if you don't want to."

Nantian Fengyu shook her head and took a deep breath. "I'm fine. It's just this place brings me bad memory... Let's go."

Yun Lintian didn't say anything further and followed Nantian Fengyu into the passage.

Chapter 824 Divine Phoenix Origin Blood (1)

The moment he stepped into the passage, Yun Lintian was hit by a wave of scorching heat, causing him to subconsciously utilize his profound energy to protect himself and Linlin.

On the side, Nantian Fengyu frowned slightly and waved her hand, instantly dispersing the heatwave.

She turned to look at Yun Lintian and asked curiously. "Junior Brother, what's your other divine bloodline aside from the White Tiger bloodline? How come the Divine Phoenix Mother Tree shows hostility toward you?"

When she heard Nantian Xiulan say something about the dual divine bloodline in Yun Lintian's body, she had always been curious about it. As far as she knew, the little guy on Yun Lintian's shoulder was the legendary White Tiger. What could another bloodline possibly be?

"Well, I'll show you." Yun Lintian thought for a moment and opened his palm. A green fireball appeared on it, emitting a gentle yet assertive aura.

"It's really the Vermilion Bird flame." Walking in the front, Nantian Xuanyu exclaimed in astonishment. "So, the rumor is true. It was said there was the Vermilion Bird legacy left behind on the Western Continent."

Nantian Fengyu stared attentively at the green fireball in Yun Lintian's palm. A hostile feeling emerged deep in her soul. It wasn't a feeling when you met a mortal enemy but a rival.

"Junior Brother, I don't like you anymore." Nantian Fengyu suddenly said with a serious expression.

"..." Yun Lintian was rendered speechless.

Seeing this scene, Nantian Xuanyu laughed gently. "According to the record, the relationships between Lord Divine Phoenix, Vermilion Bird, and Golden Crow were like friends and rivals. It seems to be true."

"Come." Nantian Xuanyu said and walked further, followed by Yun Lintian and Nantian Fengyu.

Soon, they arrived at a valley protected by several Divine Phoenix Palace experts. This place was a sealed space with a large bronze gate placed before a translucent crimson barrier.

"See the Palace Master." The guards quickly saluted upon seeing Nantian Xuanyu.

Nantian Xuanyu nodded and waved her hand. "You all step out first and wait at the entrance. No one allows to enter without my permission."

"Yes, Palace Master!" The guards immediately walked away, leaving the three behind.

Nantian Xuanyu looked at Yun Lintian and explained. "This is our Ancestral Land. Normally, we would never open it to any outsider. You are the first one to come here."

Yun Lintian observed the giant bronze gate carefully. Judging by the runes on it, Yun Lintian could roughly guess it was coming from an ancient era that didn't belong to this world.

Creak!

Nantian Xuanyu touched the gate and slowly opened it. This time, a heatwave was stronger than before, causing Yun Lintian to increase his protection.

"Come in." Nantian Xuanyu said and brought Yun Lintian and Nantian Fengyu into the gate.

As they entered, Yun Lintian discovered this was a completely different world. There was a grand mountain valley filled with exotic fiery flowers everywhere. At the center, a colossus parasol tree cloaked in blazing yet gorgeous flames could be seen standing tall, emitting an incomparably scorching heat. Just standing here, Yun Lintian felt as though he was about to be burnt alive.

"Your affinity with the fire element seems more extraordinary than I thought." Nantian Xuanyu was surprised to see Yun Lintian was fine.

"Is that the Divine Phoenix Mother Tree?" Yun Lintian asked curiously.

"Yes. This is the origin of the Divine Phoenix bloodline in our bodies." Nantian Xuanyu said calmly. "As you can see, its vitality is declining every second. I don't know whether your Tree of Life would work on it, but please help us."

Her voice was filled with genuine sincerity, making Yun Lintian feel embarrassed if he refused her.

"I'll try my best." Yun Lintian didn't dare to guarantee the result.

"Thank you. As I said before, we will stand on your side no matter what." Nantian Xuanyu said solemnly.

Yun Lintian nodded and said. "Can I go directly?"

Before Nantian Xuanyu could say anything, Nantian Fengyu suddenly grabbed Yun Lintian's hand and dragged him toward the Mother Tree. "I'll send you there."

As the two drew closer, the heat was getting stronger. However, with Nantian Fengyu's help, Yun Lintian was able to reach the Mother Tree with no difficulty in a short minute.

Standing at the foot of the Mother Tree, Yun Lintian glanced upward to look at the enigmatic scene in awe. At this moment, every piece of parasol leaf crackling with flames was incomparably gigantic, yet it contained a sense of grandeur, like the legendary phoenix's feathers.

As if it perceived Yun Lintian's arrival, the Divine Phoenix Mother Tree suddenly swayed and sent several fiery leaves toward him, forming a rain of fire arrows.

However, Yun Lintian didn't feel any trace of malice or killing intent from it. Perhaps the Mother Tree wanted to test his ability.

"Leave it to me, Fifth Sister." Yun Lintian quickly stopped Nantian Fengyu, who was about to make a move and stepped forward to face the storm of fire arrows.

Yun Lintian suddenly retracted the protective barrier around him and summoned the Vermilion Bird flames. Instantly, a gigantic fiery Vermilion Bird flew out of his body and floated behind him, looking at the Mother Tree coldly.

Scree—

The Vermilion Bird released a mighty cry, followed by a vortex of greenish flames appearing before Yun Lintian. The flame vortex wholly swallowed all the fire arrows into it and abruptly rushed straight to the Mother Tree.

The flames on the Mother Tree swayed fiercely, and a majestic Divine Phoenix suddenly flew out, letting out an ear-piercing cry before sending countless fiery feathers toward the incoming vortex.

Boom!

The two mighty powers crashed violently, producing a deafening explosion reverberating throughout the entire Ancestral Land.

As the fiery feathers and the vortex disappeared, the Vermilion Bird and the Divine Phoenix stared at each other coldly, as if they wanted to eat the opposite party alive.

Yun Lintian took a step forward and said respectfully. "Greetings, Lord Divine Phoenix. This junior is Yun Lintian. I am here to help you."

The Divine Phoenix cast its sharp gaze over Yun Lintian and paused at him for a long time.

"To have two divine bloodlines in one body is really something... In the Primordial Era, there was one person who could achieve this... So, you're the Beyond Heaven King's successor?" A cold female voice suddenly resounded.

Chapter 825 Divine Phoenix Origin Blood (2)

"Beyond Heaven King's successor?" Both Nantian Xuanyu and Nantian Fengyu repeated the words while looking at Yun Lintian in doubt. They had never heard such a name before.

Yun Lintian groaned inwardly... You don't have to say it out loud, alright?

He looked at the Divine Phoenix and said calmly. "Why are you asking when you already know it, Senior?"

The Divine Phoenix narrowed her eyes slightly. "Quite bold, huh?"

As she spoke, her body radiated an intimidating forcefield to envelope the entire area.

Yun Lintian spread his arms carelessly. "I'm just telling the truth."

The Divine Phoenix kept staring coldly at Yun Lintian, making Nantian Xuanyu sweat for him. In entire history, no one had ever challenged the Divine Phoenix's authority before. Yun Lintian was the first and probably be the last one as well.

Meanwhile, Linlin glared at the Divine Phoenix angrily. This fire bird dared to threaten Big Brother Yun. It must be punished!

"Hmph!" Linlin snorted coldly, and golden lightning sparks immediately flashed throughout the space, directly crashing with the Divine Phoenix's forcefield.

"Oh?" The Divine Phoenix squinted her eyes at Linlin and began to exert more power, suffocating everyone in this place.

The Vermilion Bird behind Yun Lintian suddenly let out a deafening cry, strongly pushing the Divine Phoenix's forcefield away.

"Senior, what's the point of doing this? I am here to help you." Yun Lintian asked calmly.

"I don't need your help." The Divine Phoenix replied coldly.

"That's it." Yun Lintian shrugged his shoulders and prepared to leave. He didn't expect this Divine Phoenix to be this prideful. Since she didn't want his help, he wouldn't waste his time here further.

"Lord Divine Phoenix, please let him try." Nantian Xuanyu hurriedly stepped forward and said anxiously. "He possesses the Tree of Life. I believe he could help you."

Hearing this, Yun Lintian frowned and said coldly. "Palace Master Nantian, this Senior clearly stated that she doesn't need my help. Don't you think it's inappropriate to say this?... Let me tell you one thing. I am willing to come here, part of it is because of Fifth Sister's sake. Otherwise, I wouldn't mind watching your Divine Phoenix Palace declining."

On the side, Nantian Fengyu also had a cold expression on her face. She glared at the Divine Phoenix and grabbed Yun Lintian's hand. "Let's go, Junior Brother. We will leave this place."

Nantian Xuanyu opened her mouth a few times, but no word came out in the end. She was stuck in an awkward position and did not know what to do in this situation.

"Tree of Life? No wonder..." The Divine Phoenix was slightly surprised when she heard this. She looked at Yun Lintian and said. "I allow you to extend the Mother Tree's life, but I have one condition. You have to accept my bloodline."

Yun Lintian couldn't help laughing aloud upon hearing this. He had never met such an unreasonable person before. He smiled mockingly as he said. "Didn't you think it's a bit funny, Senior? Also, please forgive me. I don't need your bloodline at all."

"Accept it." Hongyue's voice suddenly resounded. "That's the True Divine Phoenix. Once you get her Origin Blood, your fire elemental power will leap to another level, and it will bring you an incredible benefit in the future."

Yun Lintian frowned and asked. "No matter what benefits it could bring to me, I don't want it, okay? Besides, I don't like her attitude. She makes it like I'm begging her to come here."

"Of course, there's nothing wrong with your stance. However, I have to remind you of one thing. Your Fifth Sister shares the same soul with her. Once this Divine Phoenix died, your Fifth Sister would definitely have the same ending. Also, I can tell you that this Divine Phoenix is the last one in the entire universe. The choice is in your hand." Hongyue said calmly and went silent afterward.

Yun Lintian was shocked and subconsciously glanced at Nantian Fengyu.

His movement was captured by the Divine Phoenix, and she said coldly. "You've figured it out? Hehe. I wonder how you would feel later when she dies because of your little temper."

Yun Lintian's face turned icy. He suppressed the urge to kill this fire bird and asked Nantian Fengyu. "Fifth Sister, are you perhaps sharing the same soul with it?"

He didn't call the Divine Phoenix "Senior" anymore and instead treated it as a creature.

Nantian Fengyu hesitated briefly and nodded her head. "Mhm. But you don't have to worry about it. I don't like her as well."

She then tried to drag Yun Lintian away, but the latter rooted in the place like a statue, refusing to leave.

Yun Lintian turned toward the Divine Phoenix and said coldly. "You did it on purpose."

The Divine Phoenix seemed to enjoy seeing Yun Lintian become like this. She responded with a chuckle. "So what?... I am curious. How did you manage to know it?"

Yun Lintian didn't answer her question. Instead, he said. "Let's talk about the condition. I am willing to accept your Origin Blood, and you have to accept my treatment unconditionally. If I find that you try to reject it, I will erase your Origin Blood immediately."

"Look, who is being unreasonable now?" The Divine Phoenix said in a sarcastic tone. "Come. Let's not waste our time."

Yun Lintian's figure flashed and reappeared before the Divine Phoenix Mother Tree. He raised his head to look at the Divine Phoenix and said. "I'm ready."

"Junior brother..." Nantian Fengyu bit her lips. A trace of warmth appeared in her heart as she saw this. She knew that it was because of her did Yun Lintian change his mind immediately. It would be a lie if she wasn't moved.

The Divine Phoenix didn't say anything further. She glanced at Yun Lintian, and nine crimson droplets of blood instantly shot out of her forehead, rushing straight into Yun Lintian's body.

Instantaneously, all the parts of Yun Lintian's body and organs were burning vigorously, causing him to groan in pain.

Chapter 826 Divine Phoenix Origin Blood (3)

In the next moment, Yun Lintian saw the endless sea of flames, but these crimson flames were not within his vision but burning deep in his heart, mind, and soul. Slowly, the crimson flames spread endlessly and burned his Profound Vein before spreading to every cell of his body and igniting them.

Yun Lintian felt as though his body had vaporized. He could feel his existence in the slightest. All he had was the burning sensation and nothing else.

"Junior Brother!" Nantian Fengyu shouted out concernedly. She wanted to use her power to ease the pain in Yun Lintian's body, but she was sternly warned by the Divine Phoenix. She forcefully suppressed the urge in her heart, fearing something would happen to him, and watched him with her fists clenched tightly.

Meanwhile, Nantian Xuanyu looked at the scene in worry. To her understanding, there wasn't a single man who could inherit the Divine Phoenix bloodline before because of its unique characteristic. She wasn't sure whether Yun Lintian could successfully integrate with the Origin Blood.

"Both of them actually gave you their Origin Souls? Heh, they are still trusting the Beyond Heaven King this much." The Divine Phoenix looked into Yun Lintian's Origin Core with interest.

Boom!

Yun Lintian's heart and soul exploded as though lightning from heaven had struck it. The endless crimson flames shone brightly within his body like waves roaring under a storm. His Profound Vein constantly expanded rapidly, and his Essence increased sharply.

However, no matter how Yun Lintian's profound strength increased, he could not break through into the Saint Profound Realm. It was as though something was preventing him.

In the Land of Beyond Heaven, Hongyue concentrated her mind and forcefully suppressed Yun Lintian's profound strength. Because Yun Lintian hadn't obtained The Storm yet, she didn't want him to break into the next realm and cause an unstable foundation.

On the side, Yun Ruanyu and Yun Huanxin were puzzled by Hongyue's action. They didn't understand why Hongyue would do this. Wasn't it be better to let Yun Lintian break through?

Lauya seemed to see through their thoughts and explained with a gentle smile. "He's not ready yet. Once you step into the Saint Profound Realm, your current understanding of the conceptual intent and rules will transform into your Saint Foundation. And it would be very difficult if you wanted to add something to it later. That's why many Saints and Monarchs could only specialize in one or two things."

Yun Ruanyu and Yun Huanxin immediately understood this.

Lauya said further. "Everyone here is the same. It would be better to practice more varieties of elemental arts to maximize the potential of your profound veins before breaking through to the Saint Profound Realm... The more, the better."

Yun Ruanyu nodded her head in an understanding manner. Currently, most people here were at the early level of the Ruler Profound Realm. They still had some periods before attempting for the Saint Profound Realm.

On the outside, the burning sensation within Yun Lintian's body began to subside, and he could feel the existence of his body once again. At this moment, he discovered a crimson phoenix symbol on his Origin Core, sitting harmoniously beside the Vermilion Bird and the White Tiger God symbol.

What surprised Yun Lintian was that his realm was still the same, even though his profound strength had increased at least twice the former... What's going on here?

"As expected from the Beyond Heaven Profound Vein. It is indeed unreasonably powerful. If it was an ordinary person, he would explode into pieces by now." The Divine Phoenix said calmly. "Now, it's your turn to fulfill your duty."

Yun Lintian retracted his mind from his newly gained power. He reached his hand out to touch the Mother Tree and summoned the Tree of Life.

Rustle!

Instantly, several thick, lush vines emerged from Yun Lintian's body and extended out to wrap around the Divine Phoenix Mother Tree. At the same time, the entire space was slowly filled with intense vitality, thoroughly dispelling the previous scorching heat.

Standing in the distance, Nantian Xuanyu and Nantian Fengyu felt extremely comfortable. Both of them could perceive their lifeforce began to increase bit by bit.

"This is... amazing." Nantian Xuanyu couldn't help saying.

One had to know that it was almost impossible to replenish and extend one's lifeforce. In the past, countless bloodsheds had occurred just because of a tiny portion of an elixir that could extend one's lifespan for a day.

Nantian Xuanyu couldn't imagine how much bloodshed would happen if this scene were spread to the outside world.

At this moment, the Mother Tree swayed from side to side, and its previously wilted appearance began to recover visibly. The flames on top of the tree leaves grew brighter, easily blinding anyone who looked at them.

The Divine Phoenix looked at the scene calmly as though it was an ordinary matter. Her mind was occupied by the curiosity of the earlier powerful suppression from Yun Lintian's body. At first, she thought it was the Tree of Life's spirit, but later she found out this power was related to the moon's energy... It must be someone from the Divine Moon Clan.

Compared to the Divine Moon Clan, the Divine Phoenix had existed since the Primordial Era. Even though she had some impressions about the Divine Moon Clan, she didn't know much about them. That was why she had no idea about Hongyue's identity.

Several minutes later, Yun Lintian retracted his hand, and the vines wrapped around the Mother Tree immediately returned to his body. He looked at the Mother Tree for a moment and confirmed that it could exist for another tens of thousands of years with no problem.

He raised his head to look at the Divine Phoenix and said. "Done."

The Divine Phoenix suddenly asked. "What's your ultimate goal?"

Yun Lintian was taken aback for a second. Why would she suddenly ask this question out of nowhere?

"My ultimate goal?... Well, it is to live in peace with my people." Yun Lintian answered after a brief contemplation.

"Hehe. You two are carving out of the same mold." The Divine Phoenix laughed strangely. "Do you know the price of such an idealistic wish?"

Yun Lintian's brows raised slightly as he responded confidently. "I am willing to pay for it no matter what price it is."

The Divine Phoenix took a deep look at him and said in a deep voice. "I hope so."

Chapter 827 Nantian Fengyu's Decision

"You can leave." The Divine Phoenix said to Yun Lintian and turned to Nantian Fengyu. "You stay here."

"Why?" Nantian Fengyu's brows creased together as she asked in dissatisfaction.

"You will know soon." The Divine Phoenix said calmly.

Yun Lintian didn't think about anything further and walked away with Nantian Xuanyu following behind.

As they left, the Divine Phoenix glanced at Nantian Fengyu and said coldly. "The calamity is approaching. How long do you want to accept the truth that you're the other half of me?"

Nantian Fengyu's face turned icy. The hint of childishness she wore all the time had vanished entirely at this moment.

"What? You want to deceive yourself further? Heh, perhaps you don't understand what you're going to face in the near future." The Divine Phoenix laughed coldly. "Since that's the case, I will open your eyes."

As her voice fell, a streak of fire flashed, and Nantian Fengyu's vision turned dark immediately. In the next moment, a scene where countless corpses scattered all over the ground appeared in her sight. Blood pools gathered together, forming wide rivers of blood everywhere. Just by this scene, Nantian Fengyu had the urge to vomit directly.

"Roar!"

Deafening roars and cries echoed in all directions, diverting Nantian Fengyu's attention and making her look over. She could see innumerable Abyssal Profound Beasts smashing and slaughtering humans everywhere.

All of a sudden, she caught a glimpse of a familiar figure standing in the middle of the beast's horde. From time to time, he would kill some profound beasts with a majestic white spear in his right hand and a peerless sword in his left hand. His strength was obviously stronger than anybody here. Even so, he was unable to take care of unnumbered opponents that kept swarming toward him like a giant tide.

"That..." Nantian Fengyu opened her mouth, staring at the man in a daze.

Swoosh!

At this moment, a terrifying black claw suddenly appeared behind the man, completely catching him off-guard and successfully tearing the man's back, causing his blood to splash out like a fountain.

"Junior Brother!!" Nantian Fengyu cried out in shock and hurriedly rushed forward. She didn't hesitate to summon Phoenix Flame, aiming to kill all the Abyssal Beasts around the man.

That was right. The man she was trying to rescue was no other than Yun Lintian. However, compared to his usually youthful appearance, this Yun Lintian was more mature, and his face was filled with vicissitudes. Evidently, he had gone through numerous painful experiences to reach this point.

Nantian Fengyu's Phoenix Flame slammed on the Abyssal Beasts around Yun Lintian, but the flame simply passed through them like nothing had happened.

Nantian Fengyu's body froze on the spot. Her mind spun rapidly as she quickly launched another move. However, a similar scene had repeated again. She was unable to hit the target.

"What's going on?" Nantian Fengyu said anxiously. She tried another few times, but it was to no avail. All she could do was watch Yun Lintian being sieged by the enemies.

All of a sudden, Yun Lintian roared and floated into the air. A brilliant crown appeared on his head, followed by multi-colored lights radiating the entire space.

Rumble—

It was as though heaven had crumbled. Heavy rain fell, followed by countless lightning bolts, and tornadoes rampaged everywhere while the earth kept trembling, producing terrifying earthquakes.

The space was instantly filled with shrilling screams from the Abyssal Beasts as they were mercilessly slaughtered by the power of nature.

The scene continued for a full minute before everything disappeared, leaving Yun Lintian's figure behind.

Yun Lintian slowly descended to the ground and scanned the surrounding cautiously. His face was pale, resulting from overdrawing power.

Just as Yun Lintian was about to take a short rest, the terrifying black claw once again appeared behind him, and this time it directly pierced into his body from the back all the way to the front.

"Lintian!!" Nantian Fengyu shouted in horror and rushed over, trying to catch him, but her body simply passed through the latter as her flame did.

"No! This is not true!" Nantian Fengyu turned around and saw Yun Lintian fall to the ground with his vitality leaking out. His eyes began to blur, and his breathing gradually slowed down.

"No!" Nantian Fengyu squatted down beside Yun Lintian and madly grabbed him. Her mind was in a mess, and streaks of tears kept falling down her cheeks.

"Wake up." The Divine Phoenix's voice suddenly resounded, and the scene in front of Nantian Fengyu vanished entirely. She immediately found herself kneeling on the ground before the Mother Tree.

Nantian Fengyu raised her head and looked at the Divine Phoenix with tear-filled eyes. "What is that...?"

"You can understand it as a divination." The Divine Phoenix replied calmly. "It could happen or never. No one knows."

She glanced at Nantian Fengyu and asked. "Do you understand now? What lies await you ahead is not something that the current you can do anything with. In the past few years, I didn't stop you from playing around because I think you deserved it. Now, whether you want to continue your willful action or obediently practice with me here. It's up to you to decide."

Nantian Fengyu lowered her head and fell into silence for a long time. The previous scene where Yun Lintian was soaking in blood kept replaying in her mind. The heart-gripped pain she experienced earlier was still lingering in her heart. She couldn't imagine what she would feel if something truly happened to Yun Lintian.

A moment later, she raised her head up. Her eyes were full of determination as she said. "Tell me, what should I do?"

The Divine Phoenix was satisfied with Nantian Fengyu's decision. She said calmly. "The Phoenix's Burning Heaven Record that everyone here practicing is a merely simplified version I gave them. Since you've determined to become stronger, I shall grant you the true Burning Heaven Record... As long as you master the first three layers, no one in this world could be your opponent!"

As her voice fell, a streak of flame shot out from her wing and went straight into Nantian Fengyu's forehead...

#### Chapter 828 Defying-Heaven Tree Of Life

"Have you prepared the thing I requested?" On the way out of the Ancestral Land, Yun Lintian asked.

Nantian Xuanyu took a jade slip out and handed it over. "Here."

Yun Lintian took the jade slip and scanned it briefly before putting it away. "I don't think I have any further business here. I will leave right away."

Hearing this, Nantian Xuanyu hesitated for a moment and said. "I know I am asking too much, but can you help Second Ancestor?"

Yun Lintian raised his brows slightly. Since he was disturbed by the Divine Phoenix, he had no mood to stay here any longer. Let alone help the Divine Phoenix Palace again.

However, considering that Nantian Xiulan was the peak of the Divine Ascending Tribulation Realm expert, she could become a great helper in the battle with the Poison Valley. Besides, he didn't have to sacrifice anything except for a portion of energy.

After thinking for a while, Yun Lintian said. "Lead the way."

Nantian Xuanyu was overjoyed. She hurriedly said. "Thank you. You're our savior."

Under Nantian Xuanyu's guidance, the two quickly arrived at Nantian Xiulan's private residence.

"Second Ancestor." Nantian Xuanyu called out, and the door gradually opened, letting her and Yun Lintian in.

Walking into the room, the two saw Nantian Xiulan sit cross-legged on a flat platform, seemingly meditating. She slowly opened her eyes and asked. "I can feel the vitality of the Mother Tree has become stronger. It seems you have succeeded."

Nantian Xuanyu responded. "Indeed. Little Friend Yun is our Divine Phoenix Palace's savior this time."

Nantian Xiulan looked at Yun Lintian and said sincerely. "I appreciate what you've done to us. Please feel free to tell us if you want something. We will try our best to satisfy your request."

Yun Lintian shook his head. "I don't need anything in return. As I said before, helping the Divine Phoenix Palace is akin to helping myself. I hope you will go all out in the upcoming war with the Poison Valley."

"That's natural." Nantian Xiulan nodded gently. She paused for a second and asked. "Are there other matters?"

"I am here to extend your lifespan, Senior." Yun Lintian went straight to the point. He took the Primordial Fruit of Immortality out. Immediately, the whole room was filled with rich vitality, causing Nantian Xiulan and Nantian Xuanyu to look straight at the golden fruit in astonishment.

"This is..." Nantian Xiulan's heart trembled. Her intuition told her this fruit could extend her life for many years.

"It's called the Primordial Fruit of Immortality. It can extend one's lifespan for two hundred years as well as strengthen tendons and bones. It also has a beautification benefit. A person can only take one." Yun Lintian gave a brief explanation and handed the fruit to Nantian Xiulan. "Please take it."

A trace of hesitation appeared in the depth of Nantian Xiulan's cloudy eyes. She didn't have anything to exchange for it. Even if she emptied her treasury, it could not cope with the value of this priceless fruit.

"Take it, Senior. There's no need to feel a burden." Yun Lintian encouraged.

Nantian Xiulan took a deep breath to calm her trembling heart, which had been devoid of any emotion for ages. "Alright then."

She carefully took the golden fruit from Yun Lintian's hand and observed it carefully. Just touching it, she could feel a powerful vitality current seep into her body.

Without thinking further, she took a bite of it, and a warm current immediately flushed into her body, making every cell tremble with joy. Nantian Xiulan's eyes lit up, and she quickly swallowed the rest in one go.

In the next moment, her body shook violently. The warm current quickly spread to every corner of her body, allowing everything to regenerate itself. At the same time, Nantian Xiulan's wrinkled skin began to recover as though her age had gone backward, ushered the second spring of life.

Her white hair gradually turned black, emitting long-lost lusters. Everything slowly reverted back to her youthful day, whether it was her eyes, nose, or lips.

"Second Ancestor..." Nantian Xuanyu exclaimed in shock upon seeing this scene.

p Meanwhile, Yun Lintian used this chance to observe the change in Nantian Xiulan. This was the first time he saw the beautification effect of the fruit. It seemed everything worked well in an orderly manner. There was no side effect appearing.

Soon, Nantian Xiulan's appearance had gone under earth-shattering transformation. From the old woman who was about to reach her end to a mature woman in her prime. If this scene were to spread to the outside world, everyone's jaw would drop to the floor directly upon witnessing this.

Nantian Xiulan's beauty was no less than Nantian Xuanyu's. In Yun Lintian's opinion, she was even more charming than the latter. Especially her superb figure. Nantian Xuanyu couldn't even come close to her in this aspect.

Nantian Xiulan slowly stood up from the platform and looked at herself in amazement. She had never thought one day she would return to her younger self once again.

She clenched her fists a few times, trying to feel the newly gained power. At this moment, she was full of vitality and thought she could fight anyone in this world without resting for a whole month.

"I cannot find anything word to express my gratitude to you besides thank you... You can have my word. I will stand on your side and fight with the Poison Valley until the end." Nantian Xiulan looked at Yun Lintian and said solemnly.

"Senior, stretch your hand out." Yun Lintian suddenly said, and Nantian Xiulan quickly complied.

Yun Lintian summoned the Tree of Life's vines and wrapped them around Nantian Xiulan's entire arm before injecting a portion of vitality into her body.

Unlike the fruit, what Yun Lintian injected into her was the purest vitality that could easily extend one's lifespan for a hundred years in two seconds.

A while later, Yun Lintian retracted the vines and said. "This is the limit I can help you. If there's no mistake, Senior could live for another thousand years without a problem."

On the side, Nantian Xuanyu sucked in a cold breath when she heard this. Just a casual move from Yun Lintian could actually extend one's lifespan for a thousand years. The Tree of Life was indeed against heaven, as the legend said...

Chapter 829 Real Goal?

"Since my business here is done, I'll take my leave first." Yun Lintian didn't waste time here further and prepared to leave.

"Send the benefactor off." Nantian Xiulan didn't intend to stop Yun Lintian here.

Nantian Xuanyu recovered from the shock and quickly followed Yun Lintian out.

"Where do you want to go? Let me send you there." Nantian Xuanyu caught up with Yun Lintian and asked.

Yun Lintian shook his head and said. "No need, Palace Master Nantian. I can go by myself."

As he finished speaking, Yun Lintian glanced at the sky briefly. Nantian Xuanyu was puzzled and followed Yun Lintian's gaze toward the sky. In the next moment, she saw a huge skyship slowly emerge from the group of clouds. This scene alarmed the entire Divine Phoenix Palace instantly.

Nantian Xuanyu's brows involuntarily creased together. She observed the skyship carefully and saw a cloud symbol, which didn't seem to belong to any force she knew. However, she suddenly thought of something and turned to Yun Lintian. "This skyship...."

Yun Lintian nodded slightly. "It's my Misty Cloud Sect's skyship. I'll leave first."

Instantaneously, Yun Lintian shot into the sky and landed on the deck before the skyship gradually moved away, disappearing into the clouds.

Nantian Xuanyu was stunned and muttered. "He actually has a skyship."

"It's normal. He could come up with many heaven-defying things. Why couldn't he have a skyship?" Nantian Xiulan slowly walked into the yard and glanced in Yun Lintian's disappearing direction with a faint smile on her lips. Her mind seemed to return to the past when the Misty Cloud Palace dominated the world.

Nantian Xuanyu slowly calmed down. It was true, as Nantian Xiulan said, what Yun Lintian showed her today brought her a great shock one after another. Compared to them, having the skyship seemed to be an ordinary matter.

"Second Ancestor, what's our next plan?" Nantian Xuanyu asked.

"The Poison Valley is currently trying to overtake the Northern Continent. However, I don't think it's as simple as it appears. From my experience against them, they are more cunning than you could think of. I believe this could be a smokescreen. Their true intention should be on elsewhere." Nantian Xiulan replied calmly.

She paused for a moment and looked at Nantian Xuanyu. "What if I say their real target is the weakened Western Continent?"

Nantian Xuanyu's expression became heavy immediately. "The Western Continent consists of countless profound beasts. Once the Poison Valley successfully takes over, it will transform into a true behemoth. We might not be their opponents even if we combined every continent together."

Just thinking of it, Nantian Xuanyu couldn't help getting terrified by the potential danger.

Nantian Xiulan went silent for a moment and said with a soft sigh. "Perhaps the history would repeat itself once again. We have to prepare for the worst scenario." She turned to look at Nantian Xuanyu. "Notify the eight masters. We will have a meeting in an hour."

"Yes, Second Ancestor." Nantian Xuanyu responded with a heavy heart.

Nantian Xiulan glanced in Yun Lintian's direction once again and muttered. "Maybe he could achieve what Senior Yun did."

\*\*\*

On the skyship, Yun Lintian calmly read the content on the jade slip with Linlin on his lap.

"So, no one had ever successfully entered the city since it became like this." A while later, Yun Lintian put the jade slip down and said to himself.

The Skymist Ancient City was once regarded as the most prosperous city in the Southern Continent. Its prosperity and prestige far exceeded the Divine Phoenix City by a large margin. It even stated that the

Divine Phoenix Palace had to ask for permission if they wanted to use a venue in the city. This showed how terrifying the forces that resided in the city were.

The city was governed by the Skymist Ancient Clan, which originated from the ancient era. They had existed even before the current nine palaces.

However, they were completely caught off guard and were unfortunately swept away by the sudden appearance of the violent gale. It was said if they were still existing today, their strength was not inferior to the Azure Palace in the slightest.

This was the reason why so many people risked their lives in order to enter the Ancient City. They believed that the Skymist Ancient Clan's treasury was still there.

Unfortunately, none of them had ever succeeded. They either became meat paste or vanished from the world completely without a single trace left behind.

"Little Brother Yun, I think you need to think about it carefully. This is too dangerous." Sitting on the side, Guchang said concernedly after reading the content on the jade slip.

"That's right, Brother Yun. I know you're strong, but this doesn't seem to have anything to do with strength." Fan echoed. For some reason, he had become smart lately and spoke more fluently.

Meanwhile, Mu Qiuxue calmly sat there without a word. She knew her opinion was useless if Yun Lintian had decided something. However, deep down, she also held the same opinion as Fan.

Yun Lintian smiled and said. "I know. I won't make a joke with my life." He paused for a second and continued. "But this is something I need to go through. It is important to me."

Guchang and Fan went silent immediately. Although they spent a short period with Yun Lintian, they could understand some of his secrets.

Yun Lintian had mastered at least three elements, and this horrible tempest around the Ancient City could be related to the wind element. Perhaps there was something that could grant Yun Lintian an affinity with the wind element.

It was at this moment did Yun Lintian noticed Fan's strength. He said. "Your strength has improved greatly in a few days. Look like this place is suitable for you to practice."

Hearing this, Fan revealed a proud smile and said. "Hehe. It all thanks to Brother Yun for providing me with the resources."

Guchang snorted coldly. "You are complacent with this tiny bit of strength?"

Fan immediately shrank his neck back and did not dare to look at his father.

Yun Lintian laughed slightly and asked. "I'll stroll around the town below first. Perhaps I could gain some information. What about all of you?"

Guchang glanced at Fan and Mu Qiuxue before saying. "We will go with you."

Chapter 830 Tang Huifang, Jia Qiu

Evergreen Town was located a few hundred kilometers away from the Skymist Ancient City. Because of its picturesque location, surrounded by mountains and forests, the town had become one of the most popular towns on the Southern Continent.

At this moment, Yun Lintian, Guchang, Fan, and Mu Qiuxue were walking along a bustling street, looking for a place to settle down.

The scale of the town was quite large. It could even be treated as a city. Several stores and restaurants could be seen everywhere, and all of them were almost fully occupied.

"So many people," Fan exclaimed as he looked around with great interest. As someone who had lived in a remote village for his entire life, he was excited to see such a bustling atmosphere.

"Excuse me, Sir. Are you looking for a place to stay?"

Just as everyone looked around, they suddenly heard a crisp voice of a young girl from behind.

Yun Lintian's group turned around and saw a ten or eleven-year-old girl standing there, looking at them with a polite smile. Her eyes were filled with expectation as she stared at everyone.

The girl was dressed in an old but clean robe, indicating her financial situation wasn't good.

Yun Lintian smiled and responded. "Yes. We're indeed looking for a place to stay."

The girl's eyes lit up, and she hurriedly said. "I can recommend a place for you, Sir. Are you interested?... Don't worry. The place may look old, but it's absolutely clean, and the price is really low. Twenty silver a night."

Just as Yun Lintian was about to reply, a fifteen-year-old boy suddenly walked up and said with a sneer. "Are you trying to deceive people again, Tang Huifang?"

The little girl, Tang Huifang, turned around and glared at the boy angrily. "What are you talking about, Jia Qiu!? I'm not trying to deceive anyone!"

"Hmph! Everyone here knows how dilapidated your inn is. You're still quibbling about it?" The boy, Jia Qiu, snorted and ignored Tang Huifang. He turned to Yun Lintian and said. "Dear brothers and sisters, please come to my Jia Inn. Although my place is not the most luxurious inn here, I can guarantee it will be a hundred times better than her place. The price is also reasonable. It's only fifty silver a night."

"You!" Tang Huifang was furious to the point she didn't know what to say.

"You what? Go away! No one here will choose to stay in your ghostly place unless they have problems with their brains." Jia Qiu said disdainfully.

Tang Huifang gnashed her teeth in anger, but she couldn't refute it. After all, her inn was indeed a bit dilapidated.

A moment later, she sighed and turned to Yun Lintian. "He's right, Sir. My place is not suitable for noble ones like you. I am sorry for wasting your time."

As she said that, she turned around and prepared to leave.

"Wait. I haven't made a decision yet. Why are you leaving?" Yun Lintian stopped Tang Huifang.

She turned around to look at Yun Lintian in confusion. "What do you mean, Sir?"

Yun Lintian smiled and said. "What I mean is, I am going to stay in your place. How about you lead the way?"

Both Tang Huifang and Jia Qiu were stunned. They couldn't believe what they had just heard.

"Sir, you mean....?" Tang Huifang couldn't help asking again in case she heard it wrong.

"Come on. Don't you want us to stay in your inn? Let's go." Yun Lintian chuckled at Tang Huifang's cute appearance.

"Ah!? Y-yes! This way, please!" Tang Huifang was overjoyed and quickly spread her tiny arm, inviting Yun Lintian's group.

Standing on the side, Jia Qiu couldn't help interjecting. "Dear brothers and sisters, you might not know this. Her place is one of the town's oldest and least popular inns. Their food is also one of the worst. I suggest you consider it carefully before making a decision."

He paused for a moment and continued. "Besides my place, there are plenty of inns out there with several times better condition. You can choose one of them instead of going to such a shabby place."

Hearing this, Tang Huifang immediately woke up from the ecstasy state. She bit her lips and looked at Yun Lintian anxiously. She didn't know whether Yun Lintian just wanted to help her out or genuinely wanted to go to her inn.

"Hey, little boy. My Brother Yun has already stated that he chose this little sister's inn. Why are you still saying this?" Fan said in dissatisfaction. He felt this Jia Qiu was too nosy.

Jia Qiu glanced at Fan and shrugged his shoulders. "Of course, it's your right to choose wherever you want to stay. I'm just stating the truth here."

Yun Lintian looked at Jia Qiu curiously. He could see that this guy definitely had something to rely on. Otherwise, he wouldn't dare to talk like this in front of his group.

He chuckled and said. "I thank this little brother for the information. However, we're still choosing her inn to stay." He turned to Tang Huifang. "Let's go."

"Ah? Oh. This way, Sir." Tang Huifang jolted awake and hurriedly led Yun Lintian away.

"Crazy! Wait until you see her ghostly place first. All of you will regret it." Watching Yun Lintian's group leave, Jiu Qiu couldn't help cursing in a low voice.

Under Tang Huifang's guidance, Yun Lintian's group finally arrived at an old-looking building situated in a relatively remote place. It could be considered the outermost ring of the town.

A dilapidated signboard with the words "Tang Inn" engraved on it could be seen in front of the building. Without a doubt, this place was Tang Huifang's inn.

"No wonder that Jia Qiu said this place is a ghostly place." Fan subconsciously muttered.

Tang Huifang's face turned red in embarrassment upon hearing this.

Pa!

Guchang slapped Fan's head and scolded him. "Watch your mouth!"

Fan rubbed his head painfully and hurriedly said. "I'm sorry, little sister."

Tang Huifang waved her hand. "It's okay, Sir. My place is indeed like Jia Qiu said. I'm sorry. You can change the place if you want."

"Why should we change it? We don't like a bustling sound, and this place is perfect for us." Yun Lintian smiled. "Let's go in."

"Yes!" Tang Huifang nodded heavily and quickly brought everyone into the building.
