

Myth Beyond 961

Chapter 961 Star Locking Art

Shen Liqiu's expression turned solemn as she saw Xing Renshu appear from behind. She was certain there was no one in the vicinity earlier. That was why she dared to expose her true identity.

"There's no need to be nervous. I won't do anything to you." Xing Renshu smiled faintly. His tone was leisurely, as if everything was within his palm.

"I really wonder why a dignified young miss of the Shen Clan is willing to follow a person with no background like Yun Lintian. Is it purely because of his talent?" He said further and slowly approached her.

Shen Liqiu's eyes narrowed slightly. Her aura abruptly burst forth as she rushed toward Xing Renshu and stuck out a powerful punch.

Xing Renshu shook his head slightly. "You ask for it."

The wooden fan in his hand lit up with an illusory blue light. It instantly expanded out and covered the entire area.

As he waved the fan, Shen Liqiu was immediately sent flying by an irresistible force and heavily crashed on the ground. Her complexion turned pale as she spat out a mouthful of blood.

"The Shen Clan's practitioners are good at physical strength, but their souls are too weak. Although your soul is a little stronger, it's not enough to resist my Star Locking Art." Xing Renshu laughed slightly. "Also, I'm not as stupid as Lei Jun. Fighting you head-on is probably the stupidest thing he did."

Shen Liqiu's mind spun rapidly. Xing Renshu's Star Locking Art was more powerful than she thought. Without a doubt, she wasn't his opponent at all. The only thing she could do was to escape.

It was as if he saw through her thoughts. Xing Renshu chuckled. "Thinking of the escaping talisman? Please, look around first. In my Star Locking, any instant movement is useless."

Shen Liqiu's face turned ashen upon hearing this. She didn't doubt his words in the slightest because she could feel powerful space confinement around her.

Suddenly, the golden pagoda appeared in her hand, and she didn't hesitate to activate it.

Instantaneously, the pagoda enlarged, and she quickly jumped into it. Since she couldn't escape, it was better to stay here. She didn't believe Xing Renshu could break into the pagoda.

"Oh? You actually have the Golden Pagoda with you?" Xing Renshu, of course, knew about the Golden Pagoda well. It was a divine artifact of the Shen Clan and rumored to have the ability to withstand any power.

"Let's see." As he spoke, he raised the fan in his hand and released a terrifying blue light before striking down on the pagoda.

Boom!

The pagoda shook violently, causing Shen Liqiu, who was residing inside, to be shocked. However, she heaved a sigh of relief upon seeing the pagoda was completely fine.

Xing Renshu nodded his head slightly. "It seems the rumor is not exaggerated."

"Since that's the case, I can only give up." He shook his head slightly and walked away without looking back.

Shen Liqiu couldn't believe her eyes. How could Xing Renshu give up just like that? Was it a conspiracy?

Even though Xing Renshu had disappeared from the vicinity, she didn't dare to go out. All she could do now was recuperate and wait to see the situation.

Crackle! Bang!

An ice shard shattered, followed by a golden monkey falling from the tree and landing heavily on the ground. Its face was pale in horror as it hurriedly said. "Please spare me!"

Standing in the distance, Yun Qianxue retracted her hand and calmly looked at the golden monkey.

The golden monkey didn't dare to be neglected. It quickly said further. "I know you are collecting a profound beast core. I have them here. Please take them and spare me."

It hurriedly threw a leather sack containing one hundred Saint Profound Beast Cores toward Yun Qianxue.

Yun Qianxue grabbed it and glanced at the contents inside before turning around and leaving.

"Phew..." The golden monkey wiped the cold sweat out of its forehead. Its heart was still lingering with fear. It had never met anyone so scary as her before.

However, before it could relax, Yun Qianxue suddenly came back and asked. "Can you find someone in this forest?"

The golden monkey's heart tensed up but soon relaxed after hearing this. It patted its chest and said loudly. "As long as you give me an item that contained the person's aura, I can find anyone here."

Yun Qianxue took Yun Lintian's robe out and handed it to the golden monkey. The latter looked at it briefly and closed its eyes, seemingly searching for something.

A moment later, it opened its eyes and said. "I know where he is. Follow me."

It quickly returned Yun Lintian's robe to Yun Qianxue and jumped onto the tree nearby before rushing toward the east direction.

Yun Qianxue didn't hesitate to follow it.

In the far distance, on the east side of the forest, Sun Tao had successfully brought down a giant lizard with his powerful swordsmanship.

He cut the lizard's abdomen open and dug a green profound core out before turning back toward a beautiful figure. "You can take this, Junior Sister Lin."

The beautiful figure, Lin Xinyao, shook her head and said. "You can take it."

Sun Tao didn't insist further and said. "The next one is yours."

In his heart, he couldn't help but be overjoyed. He didn't expect his luck to be this good. He actually met Lin Xinyao right away after coming here.

He recalled the first time he saw Lin Xinyao's true face, his heart had been stolen on the spot. Since then, he had determined to capture her heart with everything.

"Hmm?" Sun Tao suddenly perceived something and turned to look in that direction. Soon, he saw a familiar figure walking out of the tree shades. This person was Du Huanfeng.

"It turns out to be Young Master Sun." Du Huanfeng greeted Sun Tao with a smile and glanced at Lin Xinyao. "Fairy Lin."

Lin Xinyao frowned slightly and said nothing.

"Young Master Du." Sun Tao returned the greeting with a nod. Technically, Du Huanfeng had greater status than him, but he didn't think he was inferior. Not to mention, his grandmother, Sun Ling, was a well-known figure. Even elders from the Myriad Pill Palace had to respect her.

"I wonder if Young Master Sun and Fairy Lin are interested in cooperating with me?" Du Huanfeng smiled and asked.

Chapter 962 Strike

"Cooperating with you? What kind of cooperation, Young Master Du?" Sun Tao was surprised to hear this.

"As everyone knows, we need to collect one hundred profound beast cores as soon as possible. Wouldn't it be better to move as a group? We will share the profound cores among us. With this, the speed will be several times faster." Du Huanfeng proposed.

Sun Tao didn't think there was something wrong with this cooperation. He turned to Lin Xinyao and asked. "What do you think, Junior Sister Lin?"

Du Huanfeng looked at Lin Xinyao with a smile. He, of course, heard about her reputation before, and her beauty was indeed exaggerated as the rumor, though she was wearing a veil right now.

Lin Xinyao went silent. She could naturally see Du Huanfeng's ulterior motive.

"Kill him. I'm here behind you."

All of a sudden, Yun Qianxue's voice resounded in Lin Xinyao's mind. A cold light flashed through Lin Xinyao's eyes as her aura abruptly burst out, turning the surrounding area into an ice field.

Sun Tao and Du Huanfeng were taken aback by her action. Before they could comprehend the situation, Lin Xinyao had already launched an attack on Du Huanfeng.

Du Huanfeng's expression changed drastically. He didn't hesitate to summon the Soul Suppressing Cauldron and used it to block the incoming attack.

Ding!

Lin Xinyao's long spear collided fiercely with the cauldron, and the impact forced her to retreat.

"What do you mean by this!?" Du Huanfeng was furious. He didn't understand why Lin Xinyao suddenly attacked him.

Suddenly, he recalled the piece of information and said coldly. "It was said the Frozen Moon Palace has a close relationship with Yun Lintian. It seems to be the case."

"This..." On the side, Sun Tao was utterly confused.

Crackle!

Du Huanfeng suddenly felt a cold aura coming from behind. He didn't think about it further and quickly jumped into the cauldron.

At this moment, an ice flower appeared in his original position. It was a flower that contained a terrifying bone-freezing cold that could freeze anyone instantly.

Inside the cauldron, Du Huanfeng's face was gloomy as he saw Yun Qianxue appear in the distance.

What surprised him the most was her unbelievable strength. The power she displayed earlier could undoubtedly kill him on the spot. He didn't understand why people around Yun Lintian were all abnormally strong.

With the Misty Cloud Divine Sword in her hand, Yun Qianxue arrived above the cauldron and swung the sword down, creating a terrifying cold arc that caused the surrounding space to twist.

Boom!

Ice shards scattered everywhere, along with a huge explosion brought by the collision between the two divine artifacts.

The cauldron shook violently, and a small crack could be seen in the position where the sword touched. This scene immediately shocked Du Huanfeng to the core.

If there were any top defensive artifacts in this world, the Soul Suppressing Cauldron was definitely standing at the top among them. How could an attack from the Saint Profound Realm practitioner leave a crack on it?

Without thinking further, Du Huanfeng poured all of his profound energy into the cauldron and moved it away. The cauldron released a soul-stirring power and broke through the space, disappearing from the spot.

Yun Qianxue frowned slightly at the scene. Even though she was aware of this, the cauldron's power was beyond her reach. It was impossible for her to chase after it.

Sun Tao stared blankly at Yun Qianxue. Everything happened too fast, and he couldn't comprehend the situation. Why would Lin Xinyao and this mysterious woman attack Du Huanfeng?

Coming back to his sense, Sun Tao turned to Lin Xinyao and asked. "What's going on?"

As he finished his sentence, he was shrouded by a chilling murderous intent, causing his body to involuntarily stiffen.

Lin Xinyao said calmly. "No need to kill him. He won't dare to tell anyone about it."

Sun Tao's face turned pale when he saw Yun Qianxue stare at him with killing intent. He immediately understood she wanted to eliminate a witness.

His mind turned quickly as he hurriedly said. "Don't worry, Senior. I won't tell anyone about this."

"A dead man can't speak." Yun Qianxue said coldly. Her voice was incomparably cold, sending Sun Tao's heart into an eternal ice abyss.

Sun Tao was drenched in a cold sweat. He didn't care about his face anymore and turned to plead with Lin Xinyao. "Junior Sister Lin, please help me."

Lin Xinyao thought for a moment and said. "It doesn't matter. We are bound to get exposed when we leave this place. It is unnecessary to create another enemy."

Sun Tao nodded like a chicken pecking rice, looking at Yun Qianxue pleadingly.

Yun Qianxue retracted her sword and turned to the golden monkey, who was observing the scene on a nearby tree. "Can you find him?"

The golden monkey shook its head vigorously. "That cauldron possesses a weird power. It can completely conceal its aura and the person inside. I cannot find it."

Yun Qianxue nodded and said. "Let's go."

The golden monkey didn't dare to delay further. It immediately rushed toward Yun Lintian's direction.

Yun Qianxue turned to Lin Xinyao and asked. "What's your decision?"

Lin Xinyao shook her head. "It's not the right time to meet him."

Yun Qianxue took a deep look at her before turning around and following the golden monkey.

Sun Tao let out a sigh of relief while wiping the cold sweat out of his forehead. He looked at Lin Xinyao and asked. "Junior Sister Lin, who is she? Her strength is no inferior to any peak monarch."

Lin Xinyao glanced at him and said expressionlessly. "If you don't want to die, don't ask."

Sun Tao immediately shut up. At this moment, he didn't have any extravagant hope of getting her's heart anymore.

"Why don't you transform into a human form?" In the far distance, Yun Lintian asked while skillfully grilling a few large pieces of meat.

"We can't." Kun shook his head. "The restriction here prevents us from doing it."

"Oh?" Yun Lintian was surprised.

"Besides, not everyone likes to take a human form. Moreover, we can fully display our strength in this true form." Tong'er added while taking a sip of wine.

"So that's the case." Yun Lintian put the grilled meat on large plates before them.

Kun took a sniff and was about to pick the meat up. He suddenly frowned and looked in the west direction. "Jinlong?"

In the distance, the golden monkey poked its head out of the tree, looking at everyone curiously.

Chapter 963 Recruit

"Brother Kun? Sister Tong'er?" The golden monkey, Jinlong, was surprised to see Kun and Tong'er here. Especially since there was a human beside them.

"Why are you here?" Tong'er asked.

Jinlong smiled wryly and pointed at Yun Lintian. "Someone wants to find him."

As his voice fell, Yun Qianxue appeared in everyone's sight and walked toward Yun Lintian.

Kun and Tong'er were tensed up as they felt a dangerous breath coming from her.

"Relax. She's with me." Yun Lintian raised his hand to stop them and looked at Yun Qianxue. "You have worked hard."

Yun Qianxue came to his side and sat down. She looked at Kun and Tong'er as though she wanted to know why they were here.

"I made a deal with them." Yun Lintian then explained everything from the beginning, including Wang Jin's death.

After listening to it, Yun Qianxue thought for a moment and said. "They will undoubtedly die once the restriction disappears."

Kun, Tong'er, and Jinlong were startled. Why would she be so sure?

Yun Lintian didn't deny it. "I have thought about this issue, but we don't know how it works after taking the Heavenly Sword away. Perhaps we can control the restriction."

He turned to Kun and continued. "I will teach all of you how to hide your presence during this period. Whether you can leave here alive depends on yourself."

Kun and the others went silent for a while, and their eyes gradually became determined. In any case, they had to try it.

"Please teach us," Kun said solemnly, followed by Tong'er and Jinlong.

Yun Lintian didn't waste time further. He took three jade slips out and gave them to them.

As Kun and the others read the content inside, their faces immediately changed with a hint of excitement.

Yun Lintian smiled and said. "Practice well."

The technique he gave them was adapted from the Shadow Concealment by himself. Although it couldn't change one's appearance perfectly like the original, it was enough to hide one's bloodline, which was suitable for Kun and the others.

"Thank you." Kun bowed his head and said sincerely. He felt that he was fortunate to meet Yun Lintian. Even if he couldn't leave this place in the end, this technique was enough for him to survive in this place until the end of his lifespan.

Yun Lintian suddenly thought of something and asked. "How many friends do you have?"

Kun was surprised by the question and answered truthfully. "There are around two hundred. However, I don't know if they are still alive."

"How's their strength?" Yun Lintian asked further.

Kun thought for a moment and said. "Ten of them are on par with me, and the rest are similar."

On the side, Jinlong rolled his eyes. This white ape was surely shameless. Clearly, he wasn't the strongest person in this forest, yet he said they were on par with him.

Yun Lintian nodded slowly and gave them his personal tokens. "When you leave this place and have nowhere to go. Take this token and go to a restaurant called Heavenly Cloud. Someone will arrange a place for you."

After seeing Kun's strength and Tong'er's bloodline, he had an idea of recruiting them. Of course, he won't let them enter the Misty Cloud Sect but formed a new faction with profound beasts.

In the future, he would let this faction stay on the Western Continent and act as his eyes and ears.

Yun Qianxue saw through Yun Lintian's intention and naturally had no objection. To her, Yun Lintian was destined to stand at the top of this world. The more helpers on his side, the better.

"Understood." Kun nodded his head and accepted the token. The same went for Tong'er and Jinlong.

"You can bring your friends together." Yun Lintian said. "Everyone practice first, and I will leave tomorrow."

"Alright." Kun immediately brought Tong'er and Jinlong to the side and started practicing.

"I have encountered Du Huanfeng, but he managed to escape." Yun Qianxue said softly.

"It's fine. We will see him later." Yun Lintian didn't think about it much. "Have you seen Liqiu?"

Yun Qianxue shook her head.

"Hopefully, nothing happened to her." Yun Lintian said and began to eat the grilled meat.

Two hours passed by after Xing Renshu left. Shen Liqiu had fully recovered from the injury to her soul. Thanked for the top-grade medicines that she stole from Yun Lintian.

"That bastard is gone for real?" She scanned the vicinity with her Spiritual Sense and didn't find any trace of Xing Renshu.

In fact, she had underestimated his decisiveness greatly. Xing Renshu was someone who did things meticulously. If he saw the chance was low, he wouldn't bother to do it and give up directly. Just like he gave up on her after discovering he couldn't break the pagoda.

While she was hesitating, a familiar figure appeared in her sight. This person was no other than Jian Feng.

Jian Feng was surprised to see the pagoda here. With his insight, he immediately recognized the true identity of the owner right away.

Seeing this, Shen Liqiu didn't hesitate and jumped out of the pagoda.

Jian Feng looked at her and didn't inquire about her identity. He asked. "What happened, Miss Li?"

Shen Liqiu answered angrily. "It was Xing Renshu."

Jian Feng nodded slightly. He didn't seem to be surprised about it.

"How many profound beast cores have you got so far?" He asked.

Shen Liqiu showed two fingers. "Two."

"How about we move together?" Jian Feng thought for a moment and asked.

"Sure." Shen Liqiu responded. With Jian Feng around, Xing Renshu would have to think twice before attacking her.

"By the way, is this your first time coming here?" She asked curiously.

Jian Feng shook his head. "This is the second time. The last time, I failed to move further in the final stage."

Suddenly, he halted his step and looked at the path ahead. The space over there twisted a few times, and a huge cauldron shot out of the rift.

If Yun Lintian was here, he would immediately recognize its identity. It was the Soul Suppressing Cauldron!

Bang!

The cauldron heavily crashed on the ground and stopped on the place.

The lid slowly opened, and Du Huanfeng jumped out of it.

"Du Huanfeng." Shen Liqiu's eyes flickered slightly. She seemed to have an idea in her mind.

Chapter 964 Extort

Du Huanfeng's expression became unsightly when he noticed Jian Feng and Shen Liqiu. However, he managed to calm down and said. "Young Master Jian."

Jian Feng nodded slightly and resumed his journey without caring about Du Huanfeng.

"Wait a minute, Young Master Jian." Shen Liqiu suddenly said, causing Du Huanfeng's heart to tense up.

She looked at Du Huanfeng and smiled. "I heard you touch our friends. Don't you think you need to compensate us?"

Du Huanfeng's face darkened. He was about to retort but was interrupted by Shen Liqiu first.

"Look like your cauldron has completely exhausted." She said as if it was nothing.

Du Huanfeng's expression froze. Without the cauldron, he would undoubtedly die here if Shen Liqiu and Jian Feng wanted to do something to him.

He took a deep breath and glanced at Jian Feng. "What is your stance, Young Master Jian?"

Jian Feng replied plainly. "You should compensate them."

Shen Liqiu was surprised to hear this. She thought that Jian Feng wouldn't interfere with it.

A cold glint flashed through Du Huanfeng's eyes as he took a storage ring out and threw it at Shen Liqiu. "Take this and leave."

Shen Liqiu skillfully caught the ring and glanced at the contents inside. Mountains of high-grade pills and Profound Stones were arranged neatly in the corner, and many other precious materials could be seen in it.

She put the ring away and looked at Du Huanfeng. "That's it?"

Du Huanfeng was so furious that he wanted to eat her alive. He glared at Jian Feng and said coldly. "I need you to guarantee that both of you will leave me alone."

Jian Feng replied calmly. "We won't attack you."

Du Huanfeng was relieved. As long as Jian Feng didn't plan to make a move, Shen Liqiu wouldn't be his opponent.

He took another storage ring out and threw it at Shen Liqiu. "This should be enough."

Shen Liqiu saw the items from the previous auction inside the ring and nodded in satisfaction. "It's barely enough."

She turned to Jian Feng and said. "Let's go."

Jian Feng didn't say anything and walked away, followed by Shen Liqiu.

Watching the two disappearing from his line of sight, Du Huanfeng heaved a sigh of relief. However, the anger on his face didn't fade in the slightest. It was even growing stronger.

He looked at the tiny crack in the cauldron and went silent.

"Look like your situation is not good, Brother Du." Suddenly, Xing Renshu appeared out of nowhere and walked toward Du Huanfeng.

Du Huanfeng frowned slightly and asked. "I thought you were hunting Yun Lintian right now."

Xing Renshu smiled faintly. "It's not the right time."

Du Huanfeng furrowed his brows, but he didn't say anything further.

"Who did you encounter?" Xing Renshu asked as he glanced at the tiny crack in the cauldron.

"It's Lin Xinyao and the woman beside Yun Lintian. Their strength cannot be underestimated." Du Huanfeng said with a hint of anger.

"Lin Xinyao?" Xing Renshu's brows raised slightly. "I got the new information this morning. The war on the Northern Continent was put to an end by a mysterious figure. Han Bingling has completely lost her profound strength and went missing."

"If I remember correctly, her two guards are coming here with Lin Xinyao. It is impossible for Lin Xinyao to not know her master's situation. I wonder why did she insist on coming here."

Du Huanfeng immediately realized there was a problem with this.

"Coincidentally, Yun Lintian appeared here right after the war ended." Xing Renshu said further.

Du Huanfeng's expression changed slightly. "You mean he was the one who forced the Northern Endless Sea Lord to retreat?"

Xing Renshu merely smiled. "Now, do you think you can handle him?"

Du Huanfeng suddenly recalled what had happened on the Western Continent. He thought that it was Tianqi Zongwei and Huoyun Yurou who defeated Jue Kong by sacrificing themselves. Looked like it wasn't the case now.

"It that's the case, I don't think we can deal with him now." Du Huanfeng said solemnly. Yun Lintian alone was already powerful, and the woman beside him couldn't be underestimated. How to deal with him, then?

"Wait for the second stage." Xing Renshu said with a mysterious smile.

Du Huanfeng frowned slightly but didn't inquire about it further. In terms of scheming, he had to admit he was inferior to Xing Renshu.

"You learned faster than I thought." Yun Lintian looked at Kun, Tong'er, and Jinlong in amazement.

Currently, the three of them could completely hide their bloodline. As long as they took a human form, they would be no different from humans.

Kun shook his head and said. "The technique you gave us is not only powerful but also easy to comprehend."

Tong'er nodded in agreement. "That's right."

"I have never seen any technique like this before. It must be very precious, right?" Jinlong asked attentively.

He had seen a lot of profound art from those humans who came here during the past years, and none of them could be compared to the one Yun Lintian gave him. This allowed him to know Yun Lintian's background must be extremely powerful.

"It is a simplified version I made up." Yun Lintian explained briefly and changed the topic. "Since there's nothing here, we will leave tomorrow. You can gather your friends and give this technique to them."

"Understood." Kun nodded firmly.

"Pay attention to the restriction. If there's any change in it, all of you should leave through the back of the mountain. Try your best to take a human form first." Yun Lintian said. "Also, if possible, don't harm ordinary people. As for those who harm you, you can do as your wish. That's my only request."

"Don't worry. We have never attacked anyone first." The three said firmly.

Yun Lintian could see that they didn't lie about it. He nodded and said. "Let's go."

"Husband!" Before Yun Lintian could move, Shen Liqiu suddenly rushed over and jumped onto him.

"I was bullied by Xing Renshu. You must avenge me." Shen Liqiu pretended to sob and said pitifully while hanging onto him like a koala.

Yun Lintian was rendered speechless.

Chapter 965 Sword Tablets

"You met Xing Renshu?" Yun Lintian slowly peeled Shen Liqiu out of his body and asked.

"Yeah," Shen Liqiu explained. "I was having fun hitting that bastard Lei Jun, but he managed to escape in the end. And Xing Renshu was hiding somewhere around there at the time. He came out and beat me."

"I see," Yun Lintian nodded gently. He looked at Jian Feng, who was walking out of the forest and said. "Thank you for taking care of her, Brother Jian."

"I didn't do anything." Jian Feng shook his head. He looked at Kun and the others in doubt. "Brother Lin, these..."

"It's like this." Yun Lintian began to explain the ins and outs of this matter. However, he decided to hide the part where he gave them the concealing technique.

Jian Feng went silent for a long time. He could understand the feelings of Kun and the others well.

In the past, he had never thought of this point before. All he knew was to kill them and collect the profound beast cores. It was indeed a miserable fate to be born in this place.

He raised his head and said. "I would like to help, but my power is limited. I can convince Supreme Elder Jian, but the rest are too difficult."

Yun Lintian nodded in an understanding manner. "It doesn't matter. At least you have a heart, Brother Jian."

Jian Feng turned to Kun and said. "If the restriction is gone, you can try to leave through the back of the mountain Brother Lin said. I will try my best to provide you with a safe route."

Kun cupped his fists. "Many thanks."

He then took another three hundred profound beast cores out and placed them in front of Jian Feng. "You can take them away. These are the cores of my fallen friends. They are useless to me."

"Thank you." Jian Feng accepted them calmly.

Shen Liqiu and Yun Qianxue had also taken their shares.

"We should go to the second stage immediately," Jian Feng said. "I have to remind everyone first. Over there, we cannot use our profound energy. As I told you, we will be automatically teleported to the final stage as long as we can comprehend all the sword tablets."

"However," He paused for a moment and said with a serious expression. "Anyone can mobilize the power of the sword tablets to attack each other. Please, be careful."

"Oh?" Yun Lintian was surprised. "Wouldn't this mean those who had been here before had the upper hand?"

Jian Feng responded. "Mhm. This is Xing Renshu, Lei Jun, and Du Huanfeng's second time. The last time, they managed to comprehend ten sword tablets."

Shen Liqiu frowned deeply. Without a doubt, they would be at a disadvantage after entering the second stage.

Seeing her worried expression, Yun Lintian smiled and said. "Don't worry. We should be the first batch to enter the second stage. We still have time to make a preparation."

Shen Liqiu nodded slowly. "We should move now."

Yun Lintian turned to Kun and handed a jade slip engraved with the appearance of Xing Renshu, Lei Jun, Du Huanfeng, and Weilan Tian. "Try to avoid these people. They can pose a threat to all of you."

Kun received the slip and said. "We know what to do."

Yun Lintian nodded and beckoned everyone to leave.

Under Jinlong's guidance, everyone arrived at a stone gate toward the second stage within two hours.

The stone gate was massive and exuded an ancient aura. On the right side of it, a sacrificial altar could be seen.

Yun Lintian scanned the surroundings and didn't see any people here. He turned to Jinlong and said. "You can go back."

"Alright." Jinlong nodded and jumped onto a nearby tree, disappearing into the forest.

Jian Feng walked to the altar and placed the one hundred profound beast cores on it.

Soon, the altar glowed with white light, and the energy inside the cores gradually dissipated until the cores were reduced into a pile of dust.

At the same time, a bright white light appeared around Jian Feng. He turned to look at Yun Lintian and said. "You can place your profound beast cores here."

Yun Lintian didn't think about it further. He repeated Jian Feng's process and was immediately shrouded with white light, the same as Jian Feng.

Yun Qianxue and Shen Liqiu followed suit. When everyone was covered with the white light, Jian Feng immediately led them into the stone gate and vanished from the place.

As they left, Xing Renshu and Du Huanfeng appeared in the vicinity.

"How could they gather the profound cores so fast?" Du Huanfeng frowned.

Xing Renshu stared at the stone gate for a while and said. "Let's go. We need to step up our speed."

As the white light faded, Yun Lintian and the others found themselves standing in a spacious area with sixty-six sword-shaped stone tablets, forming a strange formation.

The tablets stood approximately 3 meters. Strange runes were engraved all over the places, exuding an unfathomable aura.

"From my experience, these sword tablets are definitely a formation, and we need to activate them orderly." Jian Feng said and walked up to the forefront tablet.

He placed his hand on it and closed his eyes. Instantly, the tablet released a mysterious sword intent, causing Yun Lintian and the others to feel stuffy.

Jian Feng opened his eyes, and a sword mark slowly emerged on the back of his right hand.

He raised his hand toward Yun Lintian and said. "This mark will tell you how many tablets you have comprehended."

Yun Lintian nodded in an understanding manner. Earlier, he tried to invoke his profound energy, but there seemed to be something blocking his veins. He wasn't sure whether he could break it with the help of the Beyond Heaven Relics.

"You two can start first." He said to Yun Qianxue and Shen Liqiu.

The two didn't say anything and walked toward the nearby tablets, starting to comprehend the mysteries inside.

Meanwhile, Yun Lintian slowly walked around the tablets, trying to get a big picture of them. He wanted to see if he could find a clue about this formation.

Chapter 966 Golden Sword Mark

Through the Eyes of Heaven, Yun Lintian could see a long energy line connecting all the sword tablets together. However, something seemed to be blocking the energy from flowing between the tablets.

Without thinking further, he found the tablet in the center and placed his hand on it.

As he closed his eyes, Yun Lintian immediately found himself standing in a white space. At that moment, countless sharp blades were shooting toward him in all directions.

Yun Lintian instinctively activated the Shadow Step, but he found out he couldn't use it.

Puff!

Several blades sunk into his body, causing him to cough up a mouthful of blood.

He quickly suppressed the wounds and looked around vigilantly.

Suddenly, he caught a glimpse of a wooden sword lying on the ground behind him. He didn't hesitate to pick it up and swung it a few times. To his surprise, the sword seemed to be ridden with a mysterious power that allowed him to regain confidence. His intuition told him he could definitely deal with the earlier blade storm.

Soon, the next round of attack came. It was the same as before, countless sharp blades coming in all directions.

Yun Lintian slowly performed the Heaven Piercing Sword Art he had practiced during the past week.

The result amazed him. He could easily repel the incoming sharp blades while avoiding them. It was like he was dancing in the rain but didn't get hit by a single droplet.

As time passed, Yun Lintian's movements grew increasingly fluid. He didn't have to avoid them anymore and could effortlessly repel them one by one.

On the outside, Jian Feng looked at Yun Lintian in surprise. Though he knew how powerful Yun Lintian's comprehension was, he didn't expect him to comprehend the mystery inside the tablet this fast.

At this moment, Yun Lintian slowly opened his eyes, and the tablet was lit up with an unfathomable sword intent before disappearing. A golden sword mark gradually emerged at the back of his right hand.

Jian Feng was stunned upon seeing the mark. He had never seen a golden-colored mark before. What did it mean?

Yun Lintian glanced at the mark in surprise and then tried to invoke the sword intent in the tablet through it.

Instantly, the tablet released an incomparably sharp sword intent, making everyone in the scene involuntarily shudder.

Yun Lintian concentrated on his mind and controlled the sword intent. He soon discovered that he could handle it at will. It was as though it had become his own power.

He stopped his action, and the sword intent dispersed entirely.

"Congratulations, Brother Lin." Jian Feng walked over and said admiringly. He was thoroughly convinced by Yun Lintian's monstrous talent now.

Yun Lintian smiled and said. "Let's try it?"

Jian Feng shook his head. "From the earlier sword intent, it's obvious that I am not your opponent."

Yun Lintian didn't insist further. He thought for a moment and said. "It seems the sword tablets in this place are made for anyone who practiced the Heaven Piercing Sword Art."

Jian Feng's brows raised slightly. "Come to think of it. Those who could enter the final stage had also successfully comprehended the Heaven Piercing Sword Art before coming here. Look like it's true as you said."

As he spoke, a trace of disappointment appeared in Jian Feng's eyes. Although he had studied the Heaven Piercing Sword Art before, it was nowhere near Yun Lintian's level. It seemed his path ended here.

"Don't be discouraged, Brother Jian. How do you know if you don't try it?" Yun Lintian could see through Jian Feng's thoughts.

Jian Feng regained confidence and said. "You are right."

With that, he stepped forward and placed his hand on the sword tablet Yun Lintian had used earlier.

Yun Lintian smiled and walked to Yun Qianxue and Shen Liqiu. "How is it?"

Shen Liqiu pouted and said. "You know that this is not my thing. I don't understand it."

Meanwhile, Yun Qianxue showed a black sword mark on her hand. "The tablets on the outer ring should be the lowest level ones, and this is my limit."

Yun Lintian nodded gently and didn't force them to comprehend further. He took a set of tables and chairs out for them and went to apprehend the remaining tablets.

While Yun Lintian was busy, Du Huanfeng looked at hundreds of the Saint Profound Beast Cores beside a giant bear with a knowing expression. "No wonder they could earn the profound beast cores so fast. It turns out these beasts have it with them."

On the side, Xing Renshu was also surprised by the scene. However, he thought it made sense. After all, the profound beasts here required a lot of resources to increase their strength, and the profound beast core was the best they could find here.

"We should go." He said and waved his hand, taking one hundred profound beast cores away.

Du Huanfeng hesitated briefly and asked. "Do you really have a way to deal with him?"

Xing Renshu smiled and said. "If you are afraid, you can leave now."

Du Huanfeng's expression turned gloomy as he snorted. "Hmph! Who is afraid of him? I just want to be cautious."

Xing Renshu sneered inwardly and turned around, heading to the stone gate.

Du Huanfeng looked at Xing Renshu's back coldly but still followed him in the end.

As they arrived at the stone gate, they were surprised to see Weilan Tian here.

"Brother Tian." Xing Renshu greeted him with a smile and walked over, followed by Du Huanfeng.

Weilan Tian glanced at them and gave a nod before placing the profound cores on the altar.

"Brother Tian. Brother Jian and Lin Yun have already entered the second stage." Xing Renshu suddenly said.

There was no change in Weilan Tian's expression. He glanced at Xing Renshu and said. "I won't interfere with your business."

The smile on Xing Renshu's face grew brighter as he spoke. "Then I can be at ease."

Weilan Tian didn't say anything and entered the stone gate.

Xing Renshu's smile receded. "At least we don't have to worry about him."

Du Huanfeng frowned slightly. "As far as I know, the Azure Palace is hostile toward the Frozen Moon Palace. Since he knows that Yun Lintian has a close relationship with the latter, why would he ignore it?"

Xing Renshu shook his head. "That is because you don't understand him."

Without saying further, he stepped forward and put the profound beast cores on the altar.

Chapter 967 Fate Swallowing Star Map

"This is the thirty-fifth one. Husband, you are so good!" Shen Liqiu's eyes filled with stars as she looked at Yun Lintian, who had just finished comprehending the thirty-fifth sword tablet.

Yun Lintian was already accustomed to her performance. He ignored her and looked at the last sword tablet thoughtfully.

After comprehending the thirty-five tablets, his understanding of the Heavenly Piercing Sword Art had improved significantly. These tablets were clearly recording the missing parts of the sword art.

What he was curious about right now was the formation formed by these tablets. From the clues he got, it should be a powerful offensive formation. But what was the use of it?

As Yun Lintian was thinking, a white light flashed, and Weilan Tian appeared in the place. His appearance immediately attracted everyone's attention.

Weilan Tian glanced at Yun Lintian and gave a nod before placing his hand on the nearby tablet and closing his eyes.

"He is too fast. We should be cautious against him." Shen Liqiu whispered.

Yun Lintian shook his head slightly. "It doesn't matter. He won't be our enemy."

"Why are you so sure?" Shen Liqiu frowned slightly.

"Intuition." Yun Lintian replied with a smile.

Two white lights suddenly flashed as his voice fell, revealing Xing Renshu and Du Huanfeng's figures.

Before they could do anything, the sword mark on Yun Lintian's hand lit up, and the four nearby tablets immediately released powerful sword intents, storming toward them.

A cold glint flashed through Xing Renshu's eyes. He raised his hand gently. Numerous beams of silver light shot upward, transforming into a starry sky filled with countless stars.

All the stars were slowly connected through silver lights, becoming a huge star map covering the entire sky.

At the same time, all the incoming sword intents were wholly absorbed by a powerful absorption might radiate from the star map.

Yun Lintian furrowed his brows at the scene. He was puzzled. Why could Xing Renshu use his profound energy?

"Surprised?" Xing Renshu smiled faintly. "I don't mind telling you about it. What I use is called Fate Swallowing Star Map. It requires lifespan instead of profound energy... Now you know why I can use it here."

"I didn't expect him to go to this extent." Jian Feng's expression became solemn. The Fate Swallowing Star Map is one of the three Star Gazing Palace's sacred artifacts. It could prevent everyone under the star map from using their Spiritual Sense and profound energy."

Yun Lintian's eyes narrowed. He beckoned Yun Qianxue and Shen Liqiu to come to his side as he stepped to the front of the final tablet.

Du Huanfeng grinned. "I advise you to hand the Tree of Life over. Don't worry. I will spare your life." He glanced at Yun Qianxue and Shen Liqiu and said. "As for the two... Hehe. I don't mind keeping them as my servants."

Shen Liqiu's expression turned cold. "A mere lackey like you want me to serve you? Heh."

Du Huanfeng wasn't angry. He turned to Xing Renshu and said. "Shall we start, Brother Xing?"

Xing Renshu didn't say anything. His gaze had always been on Yun Lintian since he arrived here. Judging from the latter's calm appearance, perhaps he had a trump card in his sleeve.

He raised his hand gently, and a silver light immediately shot down from the sky, heading straight to Yun Lintian.

Seeing this, Yun Lintian touched the tablet beside him, and an unfathomable sword intent instantly shot out.

Boom!

The silver light and the sword intent collided, entirely negating each other. This scene surprised Xing Renshu greatly.

"How about this?" Xing Renshu made a move. This time, more than ten silver lights beamed down at Yun Lintian.

On the side, Jian Feng quickly put his hand on the tablet before him, releasing a sword intent and controlling it to help Yun Lintian.

Meanwhile, Yun Lintian's mind moved. The twelve tablets around him instantly lit up, releasing a terrifying sword storm.

Boom! Boom! Boom!

The storm of sword intents and silver lights crashed fiercely, producing a huge impact to sweep everything below.

Yun Qianxue and Shen Liqiu tightly held the tablets before them and managed to stabilize themselves in place.

At this moment, four tablets around Xing Renshu and Du Huanfeng abruptly released terrifying sword shadows, rushing toward them.

Xing Renshu's eyes narrowed slightly. He waved his hand, and silver lights beamed down from the sky, transforming into a massive silver shield before him.

Boom!

Dust filled the air as the shield successfully blocked the sword shadows. When the dust settled, Xing Renshu stared at Yun Lintian and said. "You can actually comprehend more than half of the tablets here in such a short period. It seems the secret in your body is really something."

He chuckled and said further. "Let's see what else you got."

All of a sudden, the stars in the sky shone brightly and released countless silver beams. It was like a vast net covering the entire sky, descending upon all beings.

"Come to me." Yun Lintian shouted, and the Divine Moon Clan sword appeared in his hand.

Yun Qianxue, Shen Liqiu, and Jian Feng quickly arrived beside Yun Lintian, preparing to welcome the incoming attack.

As Yun Lintian raised the sword, all the thirty-five tablets abruptly released terrifying golden lights and gathered around the blade.

Yun Lintian made a full swing, slashing toward the incoming silver net, creating a beautiful golden arc that contained the might of the thirty-five sword intents.

Rumble—

The golden arc directly cut the silver net and exploded out. The explosion immediately swallowed the remnants of the silver net, but it couldn't stop all of them. Some silver beams continued to descend and landed all over the place.

Seeing the beams were about to hit Yun Lintian, Yun Qianxue and Shen Liqiu jumped to the front without hesitation.

Puff!

The beams hit the two directly, and huge holes could be seen in their chests. Blood splashed everywhere, causing Yun Lintian to tremble.

Xing Renshu looked at the scene with a frown between his brows. He didn't understand how Yun Lintian managed to release such a terrifying force by solely relying on these sword tablets.

Yun Lintian hurriedly stepped forward and stuffed healing pills in Yun Qianxue and Shen Liqiu's mouths.

"Why did you...?" Yun Lintian's expression turned unsightly. His lips trembled, not knowing what to say further.

"Cough!" Shen Liqiu coughed up blood and revealed a pale smile. "It's good that you're safe."

Meanwhile, Yun Qianxue continued to look at Yun Lintian's face without saying a word...

Chapter 968 A Way Out

"Don't talk." Yun Lintian took a deep breath to calm down. Although their condition was severe, it was without a way.

He turned to Jian Feng and asked. "Do you have a way to send them out?"

Jian Feng nodded. "Crush the token."

Yun Lintian hurriedly said to the two women. "Take your tokens out."

However, the two shook their heads, unwilling to leave this place.

"This is not the time to be willful. Hurry up!" Yun Lintian's face turned ashen as he rummaged through their storage rings.

Soon, the tokens appeared in his hand. He placed them on the two's palms and forced them to crush the tokens.

"Brother Xing!" Seeing this scene, Du Huanfeng urged Xing Renshu to do something. Once the two women left this place, nothing could possibly restrain Yun Lintian.

Surprisingly, Xing Renshu didn't make a move. He calmly looked at the white lights shrouding the two women before they disappeared from the place.

Yun Lintian heaved a sigh of relief. With this, they were basically saved.

He slowly stood up and looked at Xing Renshu coldly. The grip on the sword tightened up as he pointed it at Xing Renshu.

Instantly, the atmosphere became solemn. Overwhelming killing intent filled the air, causing Du Huanfeng to shudder.

Facing this scene, the token silently appeared in Du Huanfeng's hand. He was ready to leave at any moment.

All of a sudden, the thirty-five tablets shone brightly, resonating with the Divine Moon Clan sword in Yun Lintian's hand.

Clang!

Following by a sword hum, a bolt of dazzlingly bright, eye-catching lightning cut through the star map. It was so radiant that the starry sky was instantly as bright as day. The glow illuminated all the surrounding forests.

Yun Lintian swung his blade at his distant foe.

Buzz—

Du Huanfeng didn't hesitate to crush the token and quickly retreated. Before he disappeared, he glared at Xing Renshu resentfully. He thought this bastard had something to deal with Yun Lintian, but it was nothing.

As Du Huanfeng vanished from the place, a smile suddenly appeared on Xing Renshu's face. It was a relaxed smile, contrasting with the current situation he was facing.

"Descend!" As his voice fell, the starry sky trembled, and all the stars shone brightly, releasing powerful auras before falling down, transforming into a meteor shower.

Rumble—

The lightning shot straight toward Xing Renshu, but it somehow slowed down midway, as if it was suppressed by an invisible force.

"I have been waiting for this moment." Xing Renshu said and waved the fan in his hand gently.

Suddenly, the lightning took a turn and went straight toward Yun Lintian instead.

At the same time, countless meteors constantly fell from the sky, shattering all the nearby forests and rivers.

Boom! Boom! Boom!

Heaven and earth shook violently as massive explosions could be seen everywhere.

Yun Lintian stubbornly stood in the place and raised his sword before swinging it down on the incoming lightning.

Boom!

The lightning was directly cut in half and went straight to the ground, causing a huge explosion.

Yun Lintian raised his head to look at the incoming meteors. He didn't hesitate to borrow the power from the thirty-five tablets and stabbed his sword forward.

Bang!

The meteors were shattered instantly by a powerful sword intent. However, their number was too large. It was impossible for him to break them one by one.

Yun Lintian constantly moved back and forth to avoid the meteors and swung his sword at them repeatedly.

Although he couldn't use his movement technique, his physique was enhanced by the White Tiger God's bloodline, after all. His speed was several times better than any average practitioner's.

On the side, Jian Feng's situation was a lot worse. He tried his best to avoid and break the meteors, but compared to Yun Lintian, he was far inferior.

Soon, he was hit by the giant meteor, and several of his bones broke instantly.

Seeing this, Yun Lintian quickly came to Jian Feng's side and pulled him away.

"Leave now." Yun Lintian said while avoiding the meteors.

Jian Feng coughed up a few mouthfuls of blood, and the token silently appeared in his hand. His eyes were filled with unwillingness, but he had no choice here.

"Be careful." As he spoke, Jian Feng shattered the token and disappeared from the place.

"Do you want to leave too?" Xing Renshu curled his lips. "Sorry. I don't think you have a chance."

Xing Renshu quickly opened a scroll in his hand, and a terrifying sealing effect immediately expanded out, completely sealing off the entire space.

Yun Lintian naturally discovered the sealing effect on the surroundings. Without a doubt, the token wasn't working now.

"Come on. Show me the secret you used to defeat Yin Bei." Xing Renshu fanned the wooden fan leisurely. His confident smile indicated that everything was within his control.

Standing on the side, Weilan Tian was surprised upon hearing this. He took a deep look at Yun Lintian, waiting to see what he would do next.

Yun Lintian's mind spun rapidly. If possible, he didn't want to reveal his trump cards here, especially in front of Xing Renshu. He believed this bastard definitely had a way of leaving this place once the situation went against him.

Suddenly, his gaze landed on the thirty-sixth sword tablet in the distance... Perhaps I can try to activate the formation here?

Xing Renshu wasn't in a hurry. He believed Yun Lintian would definitely reveal his trump card soon. Otherwise, he would undoubtedly lose his life here.

However, a frown appeared on his face as he saw Yun Lintian move toward the sword tablet in the distance.

His intuition told him the situation could go wrong once he reached the tablet.

Without thinking further, he waved his hand and sent several silver lights to obstruct Yun Lintian.

Yun Lintian swiftly swung his sword to repel the incoming silver lights and took a few hits in order to move forward as soon as possible.

The next moment, he arrived before the sword tablet and placed his hand on it.

The moment he touched the tablet, the golden sword mark on the back of his right hand shone brightly as if it was communicating with the tablet.

Chapter 969 Martial Uncle

The sword mark grew stronger and projected a huge golden sword to cover Yun Lintian.

All the silver lights and meteors instantly perished upon touching the golden sword.

This scene made Xing Renshu's heart turn cold. In a short period, Yun Lintian could manage to comprehend thirty-five tablets. Once he got the last one, the consequence would be unimaginable.

In short, Xing Renshu's plan to see Yun Lintian's trump cards was ultimately failed.

Nevertheless, he didn't plan to leave or launch another attack on Yun Lintian. He wanted to see the mystery behind these thirty-six sword tablets.

At this moment, Yun Lintian's mind sunk into the tablet and appeared in a familiar white space.

This time, he saw a tall figure standing there with his hands behind his back. This person's facial features were totally blurred, making Yun Lintian unable to see his face clearly.

"Beyond Heaven King's successor? I didn't expect to see you this soon." The man's voice resounded. His voice was deep, carrying a hint of majesty. Undoubtedly, he must be someone who usually controls a high authoritative power.

"Senior, you are...?" Yun Lintian looked at the man cautiously.

The man laughed slightly. "Don't be nervous. If I want to harm you, why would I wait until now?" He paused for a second and continued, "Speaking of a seniority, I should be your Martial Uncle."

"Martial Uncle...?" Yun Lintian was puzzled by the terms.

"Yes. Martial Uncle. Because the previous Beyond Heaven Kin, that old man, is my senior brother." The man nodded gently.

"As for my name, I can't tell you for the time being. Your current strength is weak. Your life will be doomed once you know my name. Even if you hide in the Land of Beyond Heaven, you will eventually die."

He thought for a moment and said. "You can call me Fleeting Cloud Sword Emperor or Martial Uncle directly."

"Fleeting Cloud Sword Emperor?" Yun Lintian muttered to himself... What a fancy name.

The man snorted. "Do you think it's too long?"

Yun Lintian hurriedly shook his head. "No, Martial Uncle. It's a cool name."

"Isn't it? Back then, anyone who heard my name would hide in their quilt and tremble." The man said proudly.

Yun Lintian's face twitched slightly... So, this guy is a narcissist.

"Let's not talk about it further." The man looked Yun Lintian up and down before saying. "You have actually comprehended all the parts of the Heaven Piercing Sword Art that I left behind. Look like your comprehension is even stronger than my senior brother back then... No wonder he chose you."

"However," The man changed his tone. "I can see that your heart is not on the sword's path. This prevents you from entering a sword realm."

Yun Lintian admitted truthfully. "Indeed. I am not keen on this path mainly because I prefer spear and bow more."

"Hmph! Those two weapons are for a coward." The man snorted coldly. "As my senior brother's successor, how could you choose other weapons besides a sword?... Do you know what is his favorite weapon?"

Yun Lintian was taken aback. "Isn't it a sword?"

"No," The man shook his head. "His favorite weapon is a dart."

Yun Lintian's face cramped... Isn't it even worse than spear and bow?

"Even so, he still practiced a sword art in the end." The man said further. "It's because he realized how powerful and lethal a sword is."

"Have you ever heard this phrase? A single sword can make heaven and earth tremble." He asked.

Yun Lintian shook his head. He had never heard of such a thing before.

"Of course, you shouldn't hear it before. After all, I just made it up myself." The man said calmly, causing Yun Lintian's face to twitch.

What's wrong with this guy? Thought Yun Lintian.

"However, I didn't lie about it. A single sword can really make heaven and earth tremble. So, you should abandon your spear and bow and devote yourself to sword practicing from now on."

Yun Lintian thought for a moment and shook his head. "It's fine to practice a sword, but I won't abandon my favorite weapons."

The man stared at Yun Lintian for a long while and sighed. "I know it will be like this. You two are truly carved from the same mold."

"Never mind," He waved his hand. "Since you are here, I shall teach you the last part of the Heaven Piercing Sword Art. Are you ready?"

"Yes, Martial Uncle." Yun Lintian nodded firmly.

"Keep your eyes open." As the man spoke, a long sword appeared in his hand, and he began to move.

Each time he stabbed the sword out, the entire space trembled violently.

Yun Lintian couldn't help but be amazed by such a profound and powerful movement. He could see that the man didn't even use ten percent of his power. What if he used all of his strength? Wouldn't the whole world shatter directly?

The man continued to dance with the sword. His mood was relatively calm, but there was a hint of sorrow lingering around him.

Yun Lintian could see that he was a man with a story. Though he didn't know what kind of tragic experience he had gone through, it must be something similar or even worse than what he had experienced on Earth.

Yun Lintian continued to memorize the profound movements and began to imitate along.

Soon, he entered a state of enlightenment and forgot everything around him. He didn't even notice that the man had already stopped and looked at him in amazement.

"Senior brother, what kind of monster you found? This little guy is several times scarier than you back then. I'm afraid he will die very quickly once he is discovered by those old monsters." The man said to himself in a low voice.

Rumble—

Yun Lintian's momentum grew stronger. Each time he stabbed his sword, everything around him shook violently, as if heaven and earth were about to fall.

This scene shocked the man to the core. "He... actually comprehended it thoroughly. What the hell is he?"

If one saw this scene, one would see Yun Lintian's movement was even more fluid than the man's.

Chapter 970 Spiritual Realm Measurement

On the outside world, Xing Renshu and Weilan Tian could see Yun Lintian's momentum rise rapidly. It was as though he was about to make a breakthrough.

Xing Renshu frowned deeply. Even though he knew he had failed badly and there was no way to deal with Yun Lintian now, he had to do something.

With a wave of his hand, the stars in the sky trembled and shot out countless terrifying silver beams toward Yun Lintian.

Rumble—

The golden sword aura around Yun Lintian abruptly expanded and swept all the incoming silver beams in one go.

This scene directly rendered Xing Renshu powerless.

"Don't waste your energy. He has already entered the realm." Weilan Tian looked at Yun Lintian with a complicated feeling.

Back then, when Yun Lintian successfully subdued the Divine Moon Clan sword, he didn't feel anything much. After all, he believed he could do it if given time.

However, Yun Lintian displayed his talent to the fullest here. This made him realize how shallow his talent was compared to his.

In front of Yun Lintian, the talent and status he was proud of were nothing worth mentioning.

Xing Renshu stared at Yun Lintian for a long time and waved his hand, calling the star map back.

He turned to Weilan Tian and said. "Do you know that he has a grudge against your Azure Palace? Are you sure you are going to watch and do nothing?"

He paused for a moment and said in a deep voice. "Once he is allowed to grow further, your Azure Palace will face a monstrous enemy. Don't blame me for not warning you at that time."

Weilan Tian shook his head and said calmly. "The world has been peaceful for too long. It's time to change."

Xing Renshu furrowed his brows. "Are these your words or your master's?"

Weilan Tian didn't say anything and continued to watch Yun Lintian.

Xing Renshu took a deep look at Weilan Tian and said. "One day, you will find your decision today is the stupidest thing you have made."

With that, he flickered his hand and crushed the token, vanishing from the place.

Weilan Tian made a sideways glance and muttered. "The one who is going to regret it should be you."

In the white space, Yun Lintian's sword glowed in a golden light. As he swung the sword around, it produced beautiful curves and arcs shredding the surrounding space.

His profound strength gradually rose as time passed by. From the first level to the second level, third, fourth, and stopped at the fifth level of the Saint Profound Realm.

Afterward, his momentum slowly declined as later he returned to an idle state.

When he opened his eyes, a golden light flashed, and his temperament had gone under an earth-shattering transformation. If he was a calm one before, the current him was like a sharp edge, giving unfathomable oppression to anyone who saw him.

"..." The man looked at Yun Lintian speechlessly.

He had never seen anyone this exaggerated before. Imagine spending a few minutes to comprehend a Supreme rank profound art. He didn't think there was anyone who could achieve this feat throughout the entire universe.

"Martial Uncle?" Yun Lintian asked attentively upon seeing the man remain silent.

The man let out a sigh. "How is your feeling right now?"

Yun Lintian touched his chin, thinking for a moment, and answered. "Apart from the joy brought by the breakthrough, I feel like I have entered an unknown realm I had never experienced before."

p His brows involuntarily creased together as he continued. "What should I say? It's like everything around me has become less significant to me."

"It's called a detaching realm." The man spoke. "When your soul reaches a certain realm, your awareness will increase tremendously, and you will feel like everything around you doesn't bother you as much as before."

"It is the next step of a mortal realm. " He explained. "Of course, we are not talking about the profound or physical realm. It is a spiritual realm."

"I don't know if you have ever read a book related to a spiritual realm. I will roughly tell you about it. You can go to the Library and study further."

The man paused for a moment and continued. "The spiritual realm is a realm related to a practitioner's soul. Normally, you must reach the Divine Emperor Realm first to come into contact with it."

"It's divided into three realms: Mortal, Detaching, and Unmatched. All the practitioners in this small world, including some low-rank divine worlds, usually stay in the Mortal Realm until the end of their lifespans. Only a handful of practitioners could enter the Detaching Realm like you."

"As for the Unmatched Realm. It was said to exist in the legend... According to the information I got from my senior brother, if you want to step into the legendary realm called God Realm, which is above the Divine Emperor Realm, your soul has to enter the Unmatched Realm first."

The man spread his arms and said. "So far, I have never seen anyone achieve it. Even my senior brother."

Yun Lintian digested the information calmly. He roughly understood the concept of the spiritual realm.

If the profound realm was used to measure one's essence and the body profound realm was for one's physique, the spiritual realm was naturally for one's soul.

Before this, Yun Lintian always used the profound realm to measure all the essence, body, and soul. This new knowledge allowed him to understand everything more clearly. In the future, he would use this standard to track his strength.

"I seem to understand now." Yun Lintian said gently. He looked at the man and asked. "By the way, Martial Uncle. Are you still alive?"

The man seemed to expect this question already. He laughed and said. "Of course I am. This is a mere residual soul I left behind for you."

"Then what about the Beyond Heaven King?" Yun Lintian asked further. He had always been curious about this.

"It depends on how you view it." The man replied mysteriously. "He can be alive or dead."

Yun Lintian's mouth twitched... Why did all these old monsters love speaking in riddles so much?

"I believe someone has already told you this. Unless you are strong enough, do not seek an answer to these questions." The man seemed to see through Yun Lintian's thoughts. "You will understand how terrifying a Divine Emperor is later. Just by speaking their name unintentionally, you will die without knowing."
