

NIGHT OF DESTINY (ANASTASIA TILLMAN)

Chapter 2807

Harmony's eyes widened. Is he asking for a breakup fee?!

"How... how much!" she had a bad feeling that this man would name a sum she could never repay in her lifetime.

"I'm quite expensive, and I treated you so well last night. The breakup fee is ten billion." As expected, a certain someone made a huge demand.

Harmony was completely stunned. "T-Ten billion?! You might as well kill me! Even if you sold me, I wouldn't be worth ten billion."

Ezekiel smirked. "Alright, I'll buy you. I can afford to pay ten billion."

Harmony was instantly overwhelmed. This man was just messing with her!

"Ezekiel, stop fooling around. Let's just talk about the breakup. You don't want to upset your mother either, do you?" Harmony said.

Ezekiel nodded. "Of course not, but my mother called earlier and said she wants to meet you again as well as reconsider the matter of you becoming her daughter-in-law."

Harmony's eyes widened. "What did you say? Your mother is willing to see me again?"

"Of course, considering how much her son loves you, she would meet you," said Ezekiel as he planted a kiss on her lips in public.

Harmony, forgetting her shyness, held his face and asked seriously. "Are you sure your mother really wants to see me again?"

Ezekiel and his mother had decided not to tell her about someone using AI technology to synthesize

her photos. After all, Harmony would definitely feel uncomfortable if she knew. So, Ezekiel certainly

wouldn't elaborate on this to her.

"I'm sure. You'll go back to Averno with me later. My mother wants to see you again, and she has other

things to say to you."

Harmony took a deep breath. As long as there was a glimmer of hope to be with him, she would not

give up. She nodded. "Okay! Let's go back and see your mother!"

At this moment, Sophia was also waiting for a message. But with the Weisses' power, she didn't have

to wait long. Soon, a message came.

Leia came over with the information. "Mrs. Weiss, we've found out. You should know this person, too."

"Who is it?"

"It's Yunna! Mr. Ezekiel's assistant. She registered this account."

Sophia gritted her teeth in anger. "I didn't expect it to be her. Now I understand why she targeted Miss

Mayo. It's because she has designs on Ezekiel. She is taking revenge on Miss Mayo."

"So, it's obvious that those photos were maliciously pieced together by her," Leia said.

"Where is she now?"

"On a flight back to Dansbury."

"Have our people bring her to the company. I won't let her off easily for this." Sophia said. Anyone who

dared to obstruct her son's happiness must pay a price.

Sophia thought of something and said, "Transfer 150 thousand to her account first. I worry she might

realize that I've seen through her plan."

“Alright, as long as we catch her, we can recover this money later.”

Meanwhile, Yunna was on the plane. She was a bit panicked, but she thought maybe the money had

just been delayed in reaching her account.

Harmony and Ezekiel returned to Averno from Delford. She was still agitated the entire journey, not

knowing what was waiting for her ahead.

Ezekiel tried to comfort her several times but couldn't get her to relax. Even when they reached

Cecelia's, Harmony was so nervous that she dared not to enter.

“Ezekiel, we... we should meet outside instead,” she suggested. Before Ezekiel could speak, a clear

female voice came. “Miss Mayo, come in!”

Harmony saw Sophia walking toward her from

the garden, her smile filled with gentle love. Harmony was stunned for a few seconds.

“Mom! You scared her. Come and comfort her!” Ezekiel said. Hearing that, Harmony quickly waved her

hands. “No, no, I'm fine.”

Naturally, Sophia felt the need to personally greet Harmony. She extended her hand and clasped

Harmony's. “Harmony, let's continue our conversation indoors!”
