

N. Machine 291

Chapter: 291

“N-no...”

“How can that be!”

All places that poison touched went dark, as it was burnt. Everyone frowned and looked away. That poison was enough to burn anyone even to its bones.

Chapter: 292

“Whew.”

When the poison unleashed upon him, Yeowun for the first time, used the energy barrier around himself. Even if Nano could heal him, there was nothing he could do if the poison melted him away entirely so fast. But Baek Oh’s poison was so powerful that it penetrated through his energy barrier and began to melt his skins. It was a terrifying poison that might have killed him if it wasn’t for Nano that blocked poison and healed his skins. And there was one thing Yeowun learned. It was the power of White Dragon Blade.

‘I didn’t think it can push out poison.’

Chapter: 293

Yeowun narrowed his eyes. Baek Oh wasn’t a target he could deal with by using the Butterfly Blade Dance. Yeowun then placed down his blade and Baek Oh became excited.

‘No one can defeat the Poison Man!’

As Baek Oh stepped one step forward to finish it, Yeowun then brought the White Dragon Blade up in the air. The blade then shined with blue force qi.

Chapter: 294

‘It’s not there yet.’

But Yeowun wasn’t too satisfied. He was able to test himself through today’s duel.

'I have to... become more powerful.'

Chapter: 295

His members, who almost shouted with excitement from such an outstanding feat, quickly followed Chun Muyeonn out from the training ground. And just like everyone else, Lee Hameng was also astounded.

'He cut the head off from Elder Baek with his Poison Man state...'

Lee Hameng wasn't sure he himself would be able to do that. It was only four years. A mere boy without any knowledge of martial arts now had become so powerful that he was now on top five ranks of the cult.

Chapter: 296

And unlike Chak's expectation, Sama Yi was smiling.

[I am proud of you, my son.]

[Huh?]

Chapter: 297

'...So he knew.'

He had used the Sword Force of the Sky Demon in front of everyone two times when he fought Hou Jinchang and when he fought the criminal from the evil force. That was the only sword skill he had that he can defeat his enemy at the time, and was sure no one will recognize it.

"I am not sure what you are talking about."

Chapter: 298

"..."

"The Sword Art of the Sky Demon that every Lord learns is not the real sword skill left by Father Chun Ma."

“...!!!”

Chapter: 299

“It was after three years when the Sword Demon came out of the cave.”

After three years, Sword Demon had added his own understanding over the Sword Force of the Sky Demon and created new Sword Art of the Sky Demon. This was also very powerful that didn't fall too far behind from the lost sword skill of the Lord, so every elder at the time agreed to teach it to the daughter of dead Lord.

‘Ah... so the current Sword Art of the Sky Demon was created by Sky Demon then...’

Chapter: 300

‘Oh, so that's why there were counter sword skills!’

So, tracings were left by Sword Demon to train himself so he can fight against the Blade God. But what's still a mystery was that all sword movements that made up of counter sword skill was comprised of ordinary sword movements, which was not understandable just by listening to Lee Hameng's story.

“Sword Demon's guess was accurate.”
