

N. Machine 311

Chapter: 311

Kingpo shouted and Bu Yankang quickly turned around to unleash the defensive blade formation of the Blade of Illusion. But he was given no time, as Yeowun was already on his back. Yeowun's hand unleashed powerful chop movements and struck on Yankang's back.

"Ugh!"

Yankang spat blood as he was struck with a total of eight strikes over his back and was thrown away. The power difference in internal energy was too great so he couldn't defend himself with the energy barrier either.

Chapter: 312

"If I was afraid of them, I wouldn't even start this."

His eyes had no fear or hesitation. Churku bit on his lips and cursed Yeowun.

"You have made a grave mistake. The six clans will not let you live!"

Chapter: 313

'You want to have a go against that weakling then?'

'What did you say?!'

'Guk Shin, we aren't here to fight.'

Chapter: 314

"Uh... uh- what's going on?"

Jinyun figured out something was going wrong and asked, and turned back to Muyun.

"Hmph. It's good that you two are together."

Chapter: 315

'What!'

Jinyun's eye shook. These were cadets who said that they would ambush Chun Yeowun. It wasn't sure why they were found as corpses.

'What happened? Why did they die?!'

Chapter: 316

"UGH!"

Jinyun almost vomited at the sight of the body. Third body had his head half crushed, with blood and brain spilling out from it. But the top clothes of the body were pulled out, and on back of it had eight hand marks over it.

'...!!!'

Chapter: 317

"W-what is this...?!"

It was dumbfounded. The last body was Baek Churku. He was also unclothed on top part of his body, that had tracing of two formations.

'...Ha.'

Chapter: 318

As Lee Hameng tried to order instructors to arrest them, Jinyun quickly shouted.

"Chun Yeowun! I-it's him! It's his doing!"

Muyeon closed both eyes and sighed. He told Jinyun to be quiet, but Jinyun broke at the end. But Muyeon couldn't blame him either, as if he were to be expelled at the crime of killing cadets, then he was going to lose the competition anyway.

Chapter: 319

Lee Hameng spoke, and two of them became grim. They were bound to do this, but it felt weird. As two of them hesitated, Hameng became furious.

“I told you, to pay respect.”

Muyeon bit his lips and bowed.

Chapter: 320

He just thought Yeowun did it to push out Muyeon from the competition. But that wasn't the reason. Yeowun's real target was not only Chun Muyeon. If these bodies were sent to their respective clans, then each of the clans will think of the killer looking from the tracings. And for Blade and Poison Clans, they will be furious at the Wise Clan who seemed to be behind the killing of their members.

‘...No!’

The scheme that Muyeon had planned had countered and hit him back hard. With this incident, Chun Yeowun successfully removed his last rival at the competition and made all five clans fight with each other. Muyeon had never seen someone with such terrifying strategy aside from his mother, Lady Mu. This was beyond the level of just a simple scheme.
