

N. Machine 321

Chapter: 321

"I can't hold back any longer! I was going to wait until we finished Father's funeral, but this has gone over the line!"

Now even his son had died. There were no one who can ease Baek Munsu's anger who had lost his son. Only blood of vengeance was going to ease him.

"Wise Clan...!!!"

Chapter: 322

"I won't waste any more time talking with you."

Lady Mu's sword then began to burn with the smell of blood boiling. All warriors of the Poison Clan had poison within their blood. As Lady Mu raised white qi over her sword, the blood began to boil and let out purple steam and turned sticky.

"It's dirty."

Chapter: 323

'...He's not someone Muyeon can deal with anymore. I have to deal with him myself.'

Her face was hidden under the red veil, but her eyes glared ominously through it.

Three days passed after members from four of six clans had died. Starting with the fight between the Poison Clan and Wise Clan, there had been many incidents between six clans that turned the atmosphere around the castle of Demonic Cult to be cold. With the Lord and elders missing from their seats for a long time, all these tensions were just growing further.

Chapter: 324

"Master, you must take them in!"

They knew Chun Yeowun was careful in taking in members, but it didn't seem like smart to lose the chance to gain those approvals with such ease. But Chun Yeowun shook his head.

“No. I will choose another method.”

Chapter: 325

Hou Sangwha stated first that she too would leave the academy, followed by the other members. But Yeowun shook his head and told them to stay behind.

“No, you should stay.”

“B-but!”

Chapter: 326

“T-this is...?!”

Two men’s eyes grew large with shock and they quickly took their hands off from their swords and bowed.

“12th Elder, welcome.”

Chapter: 327

“My master is waiting for you in the guest room. He asks you to join him for tea. Please come in.”

“Thank you for greeting us at such an hour.”

And when Yeowun tried to go in with his members, guards blocked them. Yeowun narrowed his eyes and turned to Nhu Yayen.

Chapter: 328

“Long time no see, Uncle Huan. I’m Mun Ku from the Demon Dragon Clan.”

At Mun Ku’s introduction, one of the man who was sitting down with Huan Yi’s face slightly turned to look at Mun Ku. But Huan Yi who greeted himself to Yeowun looked back as if he had seen Mun Ku for first time. But the word that came after relieved Mun Ku.

“Oh! Long time no see. Was it before you entered the academy, that we met with Mun Yun? So you’ve been taking good care of it, I see.”

Chapter: 329

Mun Ku frowned. All seven Huan Yi had almost equal power and energy that was hard to differentiate one from another.

'This is too difficult.'

And the mask that Huan Yi created was too detailed that even wrinkles to the beard was exactly same that it was impossible to tell the difference.

Chapter: 330

Mun Ku's eye enlarged. Nhu Yayen, who should have been only an advisor, stood in his place and created blue force qi over his hand to block Yeowun's attack. Yeowun smiled and spoke to Nhu Yayen.

"Will you still say you are not Huan Yi?"

"...This is unexpected."
