

## **N. Machine 38**

Chapter: 38

The 4th cadet was the heir of Poison clan, Chun Jongsum, and the boy in the front of the line was the 18th cadet. He had a long scar on his right eye and had heavy bruises on his face, hinting of a brutal overnight fight.

‘This is interesting.’

Lee Hameng became intrigued as he looked at everyone. Most cadets didn’t dare to attack princes who might become a Lord in the future, but the 18th cadet seemed to have the guts and power to do so.
