

## **N. Machine 391**

Chapter: 391

“...So, the remaining Poison clan and Wise clan fought against each other. There are no survivors in either clan.”

People began to mumble between themselves. With the rumor being spread out, clan leaders who stayed behind at the cult knew of what happened, but those who went outside was shocked. This was a serious incident. The Poison clan was now entirely gone, and members from the Wise clan were also killed. And among them, was the Lady Mu, wife of the Lord. Mu Jinwon turned cold.

‘My sister... is dead?’

Chapter: 392

“What?”

The Lord didn’t expect this coming and raised his eyebrows. And at that moment, Sama Yi, Yin Moha, and Huan Yi all got up from their seat and came up behind Yeowun and knelt and shouted.

“Please approve Prince Chun Yeowun as the heir to the throne!”

Chapter: 393

An heir that wasn’t related to the six clans. It wasn’t what Chun Yujong had been planning, but he decided that this too didn’t seem too bad. The Lord then nodded and decided. As he was going to speak out his decision, a sharp, hostile aura came to his senses. It wasn’t only Chun Yujong who felt this. Everyone felt the hostile energy and turned to the source.

‘F-first Elder?’

The source was the First Elder and Leader of the Wise clan, Mu Jinwon. He was glaring at Chun Yeowun with bloodshot eyes, with veins popping up over his forehead due to fury. He had been in shock ever since he heard that his family members were killed, and he didn’t care about anything else now.

Chapter: 394

Lee Hameng turned back and quickly charged at Mu Jinwon to stop, but Mu Jinwon was one stage higher in the strength.

“Don’t get in my way!”

Mu Jinwon’s left hand used the Wise Hand formation and pushed back Lee Hameng into the pillar. Mu Jinwon was at the end stage of superior master level, and Mu Jinwon was also stronger in power of formation.

Chapter: 395

[Self healing activated at the wounded area.]

Nano’s voice came in his head as his wound began to heal. It was hidden under the clothes, but the healing was quick.

‘Whew.’

Chapter: 396

With Yeowun’s body spinning up from below, blade swirled up like a tornado and Mu Jinwon’s body was swept into the force qi of blade. He shot up to the air through sharp blade qi.

‘N-no!’

Mu Jinwon tried to get out of it by using force qi over his hand, but he couldn’t even move in the prison of blade qi.

Chapter: 397

[Yes, sir.]

Lee Hameng had to speak with Marakim about Chun Yeowun anyway. He too, was the one who succeeded will of the Sword Demon.

‘This is amazing that you used this event to this extent. Prince, you have shown yourself well in front of all clan leaders.’

Chapter: 397

Chapter: 399

"?!"

As the Lord said that, everyone became confused. Four elders from four clans became concerned and turned to the Lord.

"I will now appoint my 7th son, Chun Yeowun, who have received three approvals from three elders and shown his worth, as the heir to the throne."

Chapter: 400

A servant who was taking care of Guard Jang ran out and told Yeowun. And when he heard this, Yeowun ran into the room where Guard Jang was at. Guard Jang was on the bed, in sitting position.

"Guard Jang...!"

With Yeowun's shaking voice, Guard Jang turned. He was in bad shape and had lost all of his teeth, but he was the man that Yeowun missed so much.
