

N. Machine 431

Chapter: 431

Huan Yi spoke. Ko Wanghur and Hu Bong guessed that might be the case but didn't spoke so Chun Yeowun might not become concerned but Huan Yi didn't stop. Huan Yi was always direct in the way he spoke.

"Us Elders share the same thought with you all. Are you not?"

Huan Yi asked and Yin Moha, who was without her mask to look old, nodded simply. All three elders who sided with Yeowun were also confused by the announcement.

Chapter: 432

"What?"

The Lord that Chun Yeowun knew, was one who always acted for his own benefit. If he wanted to oppress Yeowun, then Yeowun would not have been appointed as the Crown Prince from the beginning. But he did, and the tide began to turn toward Chun Yeowun.

"He is strengthening two clans to oppose me, to make balance. The reason why he didn't announce me as a Crown Prince is..."

Chapter: 433

"Do you have a plan ready?"

Huan Yi asked and Yeowun spoke.

"He tries to keep the balance, so we will break the balance instead."

Chapter: 434

'She's still on a mask?'

Mun Yun then turned to Mun Ku. Since they were out of the academy, she was suggested to take off her mask, but she was embarrassed by her members as they did not know she was a woman and did not take off her mask yet. But she couldn't do that for too long either.

'Umm...'

Chapter: 435

'Oh, and last time I heard Elder Sama was trying to force the marriage of his daughter to my master. I hope that doesn't happen again here.'

Hu Bong heard that the leader of Demon Dragon also had a granddaughter. Mun Ku said 'he' had a twin sibling so Hu Bong thought that would be the granddaughter. As Mun Yun clapped, servants came over to pour hot tea on the tea cup.

"Then shall we..."

Chapter: 436

"Fourth Elder, Ja Kinkeng greets the Crown Prince."

Chun Mukeum was the last to bow, but he frowned as he bowed. It seemed like he was very reluctant in showing respect to Chun Yeowun. Their position had turned upside down in a few years.

"G...greetings... Crown Prince..."

Chapter: 437

"Haha, of course. I respect her decision."

They were trying to get away from the situation by giving decision to someone else. But the elders did not give up easily. Ja Kinkeng spoke.

"Good! Then why don't we call Elder Mun's granddaughter here to meet our Prince Chun? Then we will see the decision."

Chapter: 438

Bu Churyong was surprised by her identity and her beauty. Mun Ku's beauty was enough to be appointed as the new top three beautiful women in all of Yulin. If this wasn't a place to have Chun Mukeum marry, it tempted him to take her as his concubine.

'It's tempting but...'

But he wasn't a fool to follow his temptation. He was an elder, and he knew what to prioritize.

Chapter: 439

Ja Kinkeng who tried to explain also frowned. He had become angry at the 8th Elder, who was a lower rank than him, being this rude. With two powerful warriors at the superior master level unleashing their energy, the gazebo started shaking with power. Then 3rd elder Bu Churyong sighed and jumped in.

"Ugh, enough! Two of you! Put aside your anger!"

"Do you think you would put your anger aside if you heard the same?!"

Chapter: 440

'We cannot let this go on!'

That's when the Lord gave them hope. Hope that maybe there was a chance for the Crown Prince to be changed. If they were saying Chun Mukeum was their formal successor, then it meant that they were trying to make him the Crown Prince.

'So, they won't go down easily then.'
