

N. Machine 451

Chapter: 451

'If this man can enter the cult that easily, and also know the secret of our clans, then it must be Great High Lord.'

Kingbonki was certain that Anonymous was the former Lord and paid respects accordingly. There was the possibility that he could be wrong, but if he was right, he needed to show proper respect. Anonymous then looked down at Kingbonki for a while and spoke.

"Kingbonki. You have made a mis..."

Chapter: 452

"Why did you bring Crown Prince here?! Are you out of your mind?"

Kingbonki became furious and shouted. He had waited this moment when he was going to succeed the Twenty Four Demon Sword skill of the Sword Demon and it was now gone.

"Hah, so you were that desperate?"

Chapter: 453

'What?'

Anonymous quickly pulled out his sword and blocked the White Dragon Blade. As two swords struck against each other, the weight and power pushed Anonymous's foot into the ground. It was as if he was pushed down by a thousand tons.

'No!'

Chapter: 454

The sword formation used by Anonymous was the Twenty Four Demon Sword. It was a completely different sword formation from what Yin Moha recreated. The power of the formation was more than what Yeowun had imagined.

"Hmph!"

Yeowun let out a breath and grabbed on the White Dragon Blade. The sword formation of the Twenty Four Demon Sword used by Anonymous wasn't something that Yeowun could fight against with the Butterfly Blade Dance.

Chapter: 455

"It's... not over yet."

Yeowun did not seem to care about Anonymous' warning. Anonymous shook his head.

'He won't give up.'

Chapter: 456

Yeowun frowned. Unlike his expectation of finding Great High Lord, or one from elders of the cult, it was someone that Yeowun did not recognize. Anonymous looked like a man in his 30s and had foreign features. What was interesting was his eyes, with his right eye that was blue. He even seemed like he wasn't from the land of Jianghu. But Yeowun was not interested in his foreign look.

"Who are you?"

Anonymous became surprised. It seemed Yeowun was only interested in what Anonymous was.

Chapter: 457

"Krrrrrr... hahaha."

"Hah.. hah... do you think you can be okay even through using Blood Reversion?!"

Kingbonki's change had come from the Blood Reversion Art. Kingbonki who lost to Yin Moha had to use Blood Reversion Art.

Chapter: 458

It was Chun Yeowun. He was drenched in sweat, so it was easy to see how hard he tried in quickly trying to climb up the mountain.

'I... I'm not late.'

If he was late, then Yin Moha would have died to Kingbonki's fist. She became astounded for being saved. Kingbonki, however, became dumbfounded at Chun Yeowun who appeared.

Chapter: 459

That's when his hand that grabbed on the blade was thrown to the back.

"That's no use! You cannot harm me like that!"

"Ugh!"

Chapter: 460

Kingbonki then dropped and didn't move.

"Hah... Hah..."

As Yeowun looked at the dead Kingbonki, he panted heavily. He had to use the best of his skills to defeat the monster as he had used a lot of energy while fighting against Great Guardian Marakim.
