

N. Machine 471

Chapter: 471

“At least Elder Huan is here with us like me.”

Hu Bong spoke and Huan Yi smiled bitterly and shook his head.

“Hmmm... there maybe different reason for that.”

Chapter: 472

Yeowun sighed and walked down to the yard and looked up at the sky. He was ready for it, but it was still too fast. He had never thought he will have to fight his father, rather than fighting six clans. All he had was bitterness for his father leaving Lady Hwa to her death.

‘...Is it fate?’

Yeowun seemed to be in deep thoughts so everyone stood silently and waited. Only one that was impatient was the guard. After long silence, Yeowun moaned and looked down and spoke to Huan Yi with determined look.

Chapter: 473

If they resist, then it was apparent that these warriors will attack. There were no choice. Hu Bong gritted his teeth in anger as Chun Yeowun was being sent into the cliff.

“I-I will go together!”

“...The order is to have Crown Prince alone. How dare you intervene at the Lord’s order.”

Chapter: 474

‘Ugh... he got us!’

He needed to move fast then. He had to stop before Chun Yeowun was put down from his spot. But Marakim also thought that maybe he should reveal that the Crown Prince was true Sky Demon in front of all clan leaders. But Marakim did not know that Chun Yeowun had left the castle due to the order.

“Then if you’ll excuse me.”

Chapter: 475

If the things went as the Lord intended, then Chun Yeowun was sure to be dethroned.

“That is...”

When Marakim tried to explain, he heard the Lord’s telepathic message.

Chapter: 476

Huan Yi then smiled and began to pull his skin up from his chin. His skin were stretched.

“W-what?!”

Surprisingly, the man wasn’t Huan Yi. It was a man who had mask of Huan Yi over his fast.

Chapter: 477

“Disobey? Wasn’t the Lord’s order to fight the enemy? Since when was the order changed to let him die?”

Huan Yi spoke sarcastically and Jukem shouted at his warriors.

“We will kill this traitor and return immediately!”

Chapter: 478

The Lord spoke authoritatively and the atmosphere became heavy. As the Lord said, what Chun YEowun did was an act of treason. Yeowun, however, looked back coldly, “I have something to ask you before that.”

“What?”

“Why are you trying to blame me for killing 2nd Elder Kingbonki in an ambush and trying to dethrone me?”

Chapter: 479

“It’s blood reversion art!!”

The body was twice as large as Kingbonki’s original body and the veins and enlarged muscles proved that he had used blood reversion art.

“The Great Guardian said the truth!”

Chapter: 480

“Crown Prince. Do you really intend to bring this to an end?”

And Chun Yeowun answered casually.

“I told you. I am here to succeed you as the next Lord.”
