

N. Machine 491

Chapter: 491

The Lord even was drenched in sweat when he heard a telepathic message in his ears.

[Will you die at the hands of the betrayer? Will you truly let six clans to live who let your mother and loving wife die?]

The Lord's eyes shook at the familiar voice. Chun Yeowun was coming closer. The ominous demonic energy coming out of Yeowun made it feel as if a giant Black Dragon was coming nearer.

Chapter: 492

The Biju Sword clan was owned by the Sword clan, so Yujong told him to go join Yujing's forces, but Yi Burwi insisted on joining Yujong instead. And when the academy was almost over, Yi Burwi spoke to him again.

'Prince, when the Academy is over, you have to attack the other princes.'

'What are you talking about?'

Chapter: 493

After hearing of his mother's death and how she had spent years in suffering, Chun Yujong blamed himself for considering he had to be grateful for the Sword clan who raised him until now.

'Strike them down. That's the only way for you to survive, and also avenge your aunt.'

'But I can't fight all of them by myself.'

Chapter: 494

'No! He will be a threat in the future! You must kill him!'

Yi Burwi insisted that Chun Yujing be killed. But Chun Yujong refused and Yi Burwi pulled out his sword and tried to kill Chun Yujing instead and Chun Yujong had to stop Yi Burwi. The next day, Chun Yujong was arrested for killing the princes from the four clans and cutting the arm of Chun Yujing.

'Why! Why have you not killed him?! WHY!!!'

Chapter: 495

'Uh- uh...'

Conversations filled with jokes and laughter was something Chun Yujong had not experienced in his entire life. It was warm and happy. Chun Yujong fell in love with the woman who always smiled at him. Her every word and smile was like a bright sun light to Chun Yujong. After a few months, she was pregnant with Chun Yujong's baby and Chun Yujong proposed to marry her. Hwa Yun cried and said that it was against the law of the cult and that she would leave, but Chun Yujong did not allow her.

'No... I will protect you and my baby.'

Chapter: 496

Chun Yujong became dumbfounded at Marakim's report. It was beyond expectation that these women went so far as to make the harmless boy not learn any martial arts. But that wasn't the saddest part.

'...You did that much to save him?'

While he was at war, Hwa Yun had to make such an unfair promise in hopes of saving her own son.

Chapter: 497

'No... NO!' If I die, he will be left alone!!'

If he died here, then Chun Yeowun was going to face the six clans alone. Chun Yujong had not protected him and used him as a bait, but he had to stay alive to prevent the six clans from going too far against Chun Yeowun.

'My Lord, I have to warn you... you said that you watched some illusion for a month after using a certain martial art. You must not use it anymore. If you use it again, it is not certain if the symptom will go away like this time.'

Chapter: 498

And with the powerful electric shock, Lord Chun Yujong trembled severely. He shook his head and screamed for a long time while his hair and all of his face was burnt and soon dropped to the ground.

Everyone became dumbfounded by the sight.

'W-what?! What is this?!'

Chapter: 499

Chun Yeowun raised his eyes. He already knew that Buju Sword clan was covert operation group owned by Sword clan. But why did he sent telepathic message to make the Lord use Blood God's Reversion Art? The Lord became more confused when he heard it and went on to use it.

When Chun Yeowun entered the hall, he activated tapping mode on telepathic message to listen to all messages being made, and Yi Burwi was caught on his radar.

"Kek... L-Lord Chun Ma... why are you doing this to me?"

Chapter: 500

With electric shock coming in, Yi Burwi pushed out the hand over his head and threw punch into Yeowun's chest.

'He moved?'

Yeowun quickly jumped back and Yi Burwi also got back to get distance. When he reached the back, his clothes were ripped apart as his muscles were expanding. Veins popped up all over, making him look disgusting. What was different was that he was using Blood Reversion Art but his eyes weren't red.
