

N. Machine 561

Chapter: 561

“S-swords are moving!”

All the masked men became shocked.

‘What is happening?’

Chapter: 562

Mun Ku shouted with tears running down her cheek. And it wasn’t only her who was crying.

“M-Master!!! You were alive!!”

“Wah!”

Chapter: 563

It was Mun Ku. There were others who were crossing the cliff. And on the other side where they were jumping off to, more martial artists were gathering, some of whom were very dangerous. It seemed one of them was the old man that Yeowun fought at the inn. He couldn’t sense him before, but now with the supreme master level, he was able to sense the old man.

‘I have to be quick.’

But the way he used the method until now was slow. Yeowun then changed his way of climbing. It was a change in ideas.

Chapter: 564

‘He’s a fool. Trying to bluff in front of the same supreme master level warrior.’

The old man was certain that all those floating swords were just a show. It was probably Yeowun’s plan to demoralize enemies as they were outnumbered. Yeowun then spoke to the old man.

“Do you think it’s a bluff?”

Chapter: 565

“You think I’m a fool- HUH?!”

But Yeowun was no longer in the air. Yeowun knew very well that there was no way to kill the old man with rusted swords.

“Argh!”

Chapter: 566

“Ah? The S-swords stopped!”

These swords were rusted in the first place so they were already badly damaged while attacking, but after dropping to the ground, they shattered immediately.

‘It was too much..’

Chapter: 567

Yin Moha didn’t even use a sword formation in dealing with the enemies. These masked warriors were powerful, but they were no match against superior master level warriors. The old man frowned.

‘Ugh... this monster ruined everything! Who is this monster and these people?!’

He didn’t hear anything about them. Chun Yeowun’s power surely almost equaled the top five warriors of Yulin. But the old man had information about those five warriors and the Strong Nine beneath them. He had never heard of a young man like his enemy being so strong.

Chapter: 568

‘Mask?’

Yeowun became surprised. It was certain that this old man was talking about Great Guardian Marakim.

‘This is the man that Great Guardian said he fought at Jurkang castle!’

Chapter: 569

And the old man spat out a lump of blood again and dropped to the ground.

The old man didn't die from the wound. Among those 8 directional markings on the ground that shot out from Yeowun as the center, one of them was cut off in the middle. It was where the old man fell on the ground. When Yeowun used the seventh formation of the blade skill of the Blade God's skill, he controlled his power so he will not kill the man. The old man was one of leader who appeared at Jurkang Castle in the past, so it was likely that he knew more information than those spies that entered the cult.

"Aargh!"

Chapter: 570

'They were fighting that many enemies. That will buy us some time.'

That's what he thought. Suddenly, Hing Wunja heard something shooting through the air. He barely noticed this when the energy was so close. Hing Wunja quickly got down and shouted.

"Get down!"
