

N. Machine 611

Chapter: 611

Yeowun was destroying all other ships except the one that he was on. The sinking was slow however, so the pirates who tried to destroy the chain to get away became pale. Their last chance of escaping was gone.

“P-pull up the anchor!”

“Aye!”

Chapter: 612

‘And the women inside shacks...’

He decided to leave them behind. There was no way those people who hid inside shacks knew what had happened. Even the man with bamboo hat thought Yeowun and his group were from the Blade God Six Martial clan.

‘Is that it?’

Chapter: 613

The man slightly opened his eyes to check the situation and realized he was kept alive.

‘What should I do?’

He then pretended to stay passed out by closing his eyes. He couldn’t run away as he was tied by rope anyway.

Chapter: 614

‘There were sacrifices but this seems to be good. She will not try to help them.’

Was it going as the man expected? Gam Miyan glared at Yeowun and the others with vengeful eyes.

“You came because my grandmother asked you to? Then I’m sure you’re after my grandmother to make her treat someone. Isn’t that it? Isn’t that what you came here for?”

Chapter: 615

“You won’t.”

“W-what? Of course I will tell her...”

“You won’t, if you are dead.”

Chapter: 616

As he got into the village, his face revealed under the torch. He had crumpled hair with clothing made from animal leather, and he was in his mid 20s.

“Hmm?”

He became surprised when he walked into the village.

Chapter: 617

“I didn’t imagine the Forces of Justice would have such extremists among them.”

Hu Bong answered as he was dumbfounded.

“These people are crazy. I understand a world of justice and all, but killing everyone related to the Forces of Evil and the cult to even distant relatives? It’s insane.”

Chapter: 618

“And... and... Uaaaarg...”

The master then began to moan. Veins were popping up over his forehead, resulting in a severe headache.

[An overdose of truth serum seems to be affecting the target’s brain.]

Chapter: 619

Yang Danwa warned and the two of them readied with tense expressions. Soon, they heard the sound of something coming through bushes. The man appeared soon enough. He had two giant swords on his back with crumpled hair.

“Huh? Six?”

The young man’s face became weird. He thought he had sensed only two, but there were four more people, including two dead ones.

Chapter: 620

North Justice Blade Yi Mok was the leader of the Yulin clan, and the clan leader of the Justice clan. Justice clan wasn’t one of the Nine Great Clans, but historically they had many of the strongest warriors in the Forces of justice.

As for South Demon Lord, it originally addressed Chun Inji, but after defeating Alliance of Forces of Evil at Sawon Plains battle, Chun Yujong succeeded the name.

Hang Yen the West Strong King had earned the title after fighting amongst warriors of the Forces of Evil to rise on top, who was powerful but also very keen on tricks and traps.
