

## **N. Machine 681**

Chapter: 681

[Help me? How?]

[Actually, there is still a spy remaining within your forces here besides that Yuking.]

“What! Y...”

Chapter: 682

[Great. Hope we have a great time while we go then.]

‘Huh?’

Zhu Taikhan frowned. He couldn’t think of this when he accepted. The two of them had to stay together for the remainder of the trip.

Chapter: 683

All of these eunuchs learned martial arts, with their leader at the superior master level.

It is quite often considered that the Moorim and eunuchs were unrelated. Some were even under the impression that the eunuchs don’t learn martial arts. However, as the Imperial family underwent a change in power, they appeared to be a group of guards trained in martial arts.

In the Daemyeong Empire, there were said to be four groups of well-trained martial arts users: Alumni, Seochang, Internal Haengchang, and the Imperial Guards, or the Emperor’s guards. These were the official names given to distinguish one organization from another, but they are entirely under the eunuchs.

Chapter: 684

‘Bloody eunuch bastard...’

Yon Namgun couldn’t hide his displeasure. They were all considered to be the arms of the King and had the Guards under them. Blocking their mouths in such a way was no different from showing them that their authority ends there. However, the man that they were serving said it himself, they couldn’t enter, therefore, they had no say.

“Men, return to the envoy.”

Chapter: 685

‘His martial arts doesn’t seem that great’

Yoon Baek Ho’s gold suit made him a first-class master but without it, he is nothing. He was one of the two Golden Guards who wandered outside the halls, so there must be something he was hiding. Upon arriving at the residence, Baek Ho spoke to the nine Golden Guards.

“You have worked hard all this time escorting His Majesty. Yun Namgun has said that he will suspend the watching duty for four days, so try and enjoy yourselves.”

Chapter: 686

Those who acted in secret within the Imperial Palace were most likely members of the Blade God Six Martial clan. He managed to find them faster than he imagined. Following Yoon Baek Ho, he entered the innermost part of the warehouse, there were about twenty people who were covered in long black clothes.

‘Is he the boss?’

It was easy to guess since the person was seated on the innermost rice bag. While the rest were all standing as if they were escorts.

Chapter: 687

When Chun Yeowun flicked his finger, a strong gust of air pressure got generated and pushed back the three bodies at the same time.

-Thud!

“No!”

Chapter: 688

In an instant, the boss got captured by Chun Yeowun. As his throat was tightly grabbed, in a low voice Chun Yeowun asked.

“Even if you know that I’m a spy, what can you do?”

“Kuak! Kuak!”

Chapter: 689

“...”

At the silence of Yoon Baek Ho, Chun Yeowun waved his hand. That was when Yoo Baek Ho’s right wrist, which was placed on the ground got bent back, allowing the bone in the elbow to pierce through the skin.

Crack! Crack!

Chapter: 690

“Huh? We-well...”

Thud!

Even before Yoon Baek Ho could say anything his neck was snapped.
