

Her Bossy Yet Naive CEO Chapter 120 - 128

Chapter 120

As Xu Xingru said, this script is very difficult to perform.

The story begins at the age of seventeen with the first woman, Lin Sheng, and the span from a befuddled young girl to a tough and strong career woman is a big one.

The whole story is about Lin Sheng, her family, friendship and love.

On the family side, there is a scene where the mother is caught having an affair with someone and thus hangs herself, and this one is very difficult.

As for love, the first kiss and even the first night of a seventeen-year-old girl's life is difficult to perform.

This movie doesn't look like much of a scene, but there are so many details.

An actor may have acted the big scene, but handling the details is the true test of an actor's ability.

When it's well performed, there's a lot of natural shouting.

If you don't perform well, you'll really break your own job.

Therefore, Xu Xingru felt that Jasmine Tong wasn't the right person to take on such a drama right now, after all, her fan base hadn't grown to the point where she could go to battle for her.

Jasmine Tong also finally understands why director Yan Ke has never started filming for such a good book.

Casting is indeed a big challenge.

But Jasmine Tong still made a call to Yan Ke.

This phone was given to her by Albert Ou, and she couldn't understand the brand, so she kept using it, but it was easy to use, and I don't know what

method Albert Ou used, but all the data on her original phone was on this phone.

The call came through quickly.

“Director Yan, I’m Jasmine Tong.”

“Oh, it’s Mandy, I’ve been waiting for your call for days.”

“Director Yan, it’s like this, I’ve read your script, I personally like it and I also find it more difficult to perform”

Across the street was deep silence.

“But I think I can still challenge it, don’t you think?”

“Aigoo hey, Manny, you’re talking so loudly, you scared me to death young man, you should be brave enough to challenge me When I first saw you, I felt that you were the Lin Sheng I was looking for.”

“But, Director Yan, I had nothing but a bit of an accident the other day while filming, I sprained my foot, I’m afraid”

“It’s okay, I’ve waited five years, it’s not a bad day, you get well and work on the script, we can call and discuss any problems, I’ll pull a sponsorship for this movie.”

“Well, then, thank you, Yan Dao.”

“I’m the one who should be thanking you, otherwise I don’t know if I’d be able to make this film until I die.”

After hanging up the phone, Jasmine Tong was still a little excited.

Five years, Yanke has had this book in his hands for five years.

Five years ago, teenage movies were all the rage. If they had been made then, this one would have been a huge hit!

Unfortunately, I’m afraid it’s not that easy now that the youth theme is being shot badly by everyone.

As soon as we settled with director Yan Ke here, Jasmine Tong received another piece of news over there.

The Dumpster crew wants her to head to the set tomorrow to shoot those last few remaining close-ups.

Inside though, the kissing scene with Mo Yiang made her cells all over her body resist.

But she cheered at the thought of letting her out for some air as long as she wasn't under the same roof as Albert Ou.

In the evening Jasmine Tong mentioned it to Albert Ou, and Albert Ou didn't say anything, which was quite surprising to Jasmine Tong.

This night, Mo Yiang at home is also excited to insomnia ah, the thought of a kiss scene with Jasmine Tong, he called a small excitement inside.

When he woke up in the morning, Mo Yiang's dark circles were very serious, but this guy plays games and also stays up late a lot to deal with the dark circles, but he has an artifact to cover it up and go straight to Goose City.

He's finished filming his scenes over the last few days, so it's all home to stay.

Reaching Goose Town.

Only the director and cinematographer were seen, and after all, the film was basically all killed off, so that's all that was left of the close-ups.

"HELLO, DIRECTOR," Moichiro greeted easily.

"Hey, lone, what are you doing here" the director thought it was odd.

"Ha director, you really know how to joke, isn't it a close-up shot of me and Mandy kissing today? I'm not coming, can't we find a body double, huh?"

The director quirked an eyebrow.

"Last night your agent Feng Qian called me and said that you're not coming today ah, that recently, you have to maintain your image, worried about the scandal with Manny, in order to compensate the crew, so he directly found you a body double, today is a body double to film."

“What,”

Hearing this, Mo Yiang’s entire body was shocked!

We’ve got a stand-in.

Why didn’t he know about this?

Mo Yiang immediately found a corner to call Feng Qian.

“Feng Qian you f*cking explain to me what you mean by getting me a double.”

“Oh hey, my little ancestor, I’m not forced to do this,”

“What do you mean I have to wait how many days I’ve waited for this play you f*cking deliberately fix me is not”

Mo Yiang felt like his lungs were about to explode.

“It’s not that I’m screwing you on purpose, it’s the company.”

“Company”

“The company’s Dong manager called me specifically to say that you just returned from abroad, and now your image is especially important, and you must never have gossip, so I had to tell the director directly that you couldn’t shoot, and then find a replacement.”

“Even if it’s a scandal, and an artist from your own company, wouldn’t that be a good thing? This Dong Jia Nan’s brain has been kicked by a donkey.”

“The top management of the company is pressuring me, so I have no choice but to do this.”

“Who is that double?”

Mo Yiang only cares about this one question now.

“I don’t know ah, the company didn’t tell me either, they just said we don’t have to go, the double will just come back and report later, you should hurry back so you don’t have to look sad.”

“I’m not going back until I die. I want to see who this double is.”

Mo Yiang hung up the phone.

I knew nothing good would come out of signing with Star International.

Great, the k!ss scene with Jasmine Tong is ruined.

The close-ups are different from normal filming, and the k!ssing scenes are really mouth-to-mouth.

Jasmine Tong wants to k!ss a strange man.

He's his brother-in-law, so he'll put up with it, but he's got a permit.

But he can't stand other men.

Mo Yiang decided to wait right here.

Rainbow City

After breakfast, Jasmine Tong changed her clothes.

Albert Ou was working in his study early in the morning.

Jasmine Tong came over to say hello.

"Well, I'm off ah, this might not be a good shot, it might take a little longer, I don't know when I'll be back."

Jasmine Tong had to tell a small lie, the close-up shooting is not good yet and will probably take less than an hour.

She'll go out and play again. It's beautiful.

"See you later."

"Ah,"

"Goodbye," Albert Ou glanced at her.

"Okay, bye," Jasmine Tong left on her butt.

Chapter 121

Since Jasmine Tong had taken a taxi to the office by herself two days ago, Albert Ou had assigned her a separate car to pick her up and drop her off.

Today was the first day she used the car.

Once outside, Tong saw a Rolls-Royce business car.

Although Jasmine Tong doesn't know how to drive, she still recognizes the Rolls-Royce logo.

Seeing this car, Tong was stunned.

That's a bit extravagant, isn't it?

The driver immediately got out of the car.

"Hello ma'am, I'm the driver of this car, just call me Old Chen." A man in his forties bowed respectfully towards Jasmine Tong.

"Good,"

Jasmine Tong was scared to death by this car

What would people think if they saw her in such a luxurious car?

Jasmine Tong wanted to take a taxi, but when she looked at the time, it wasn't long before the appointment with the director, besides, she didn't like being late and always arrived early.

In desperation, Jasmine Tong got into the car.

The interior of this car is even more luxurious.

Obviously refitted, the inside is so spacious that it can even accommodate a small table, so eating and sleeping is not a problem at all!

This extravagant man.

"Ma'am, we're still a long way from Goose Town, so you can sleep for a while." Old Chen is still very sweet.

“Thanks, but the car is just too extravagant.”

She didn't sleep well either.

“Ou likes this car so much, he usually goes out in it if he's not driving himself.”

Jasmine Tong's eyebrows furrowed, he liked it so much, he let himself go

“Oh, that old Chen, just drop me off when we get to the Yancheng side, I don't want anyone to know I'm in such a nice car”

Old Chen didn't seem surprised at all.

“Okay, all as you say, ma'am.”

This journey, Jasmine Tong are frightened, riding in such a good car, I always feel unsettled.

So, even if Mo Yiang was right and Albert Ou really liked himself, so high above the man, Jasmine Tong would only feel unsettled in her heart, right?

How could she be capable of marrying such a high and mighty man?

All the way home, Jasmine Tong was restraining herself from thinking about it, but she still couldn't stop thinking about it.

What's the way forward?

In the midst of this jumble of ideas, Goose Town was almost here.

Old Chen followed Jasmine Tong's wishes and stopped the car before it arrived.

Jasmine Tong walked in on her own with a limp, but the good news is that the swelling in her feet has gone down quite a bit in the past few days, so walking isn't as painful anymore.

It took her a while to get to the shooting location, and as soon as she passed, she saw Mo Yiang sitting in a corner of the hallway with his legs crossed.

She quietly walked over.

“Black Earth” yelled towards his ear.

Mo Yiang was shocked and rubbed his ears.

“Jasmine Tong, you want to die, don’t you?”

“Hey hey hey, you’re going to do a kissing scene with me later, aren’t you extra excited” Jasmine Tong sat next to Mo Yiang.

Mentioning this makes Mo Yiang angry.

“Don’t mention it. I’m not the one you’re kissing today.”

“Ah not you. Who’s that?”

Jasmine Tong was also blinded by the whole thing.

“Last night, that person from the company surnamed Dong called Feng Qian, the traitor, and said that it’s more important for me to maintain my image now and I can’t get out of the scandal so, he found me a replacement today.”

When it comes to the word “double”, Mo Yiang couldn’t help but bite his teeth.

When the double shows up later, he’s going to go up there and rip him to shreds.

“Substitute”

“Yeah, you’re shooting with a double today.”

“But, it’s a close-up, it’s not a telephoto, how can you use a double? The camera is pulled so close, it’ll reveal itself at a glance, and the director agrees”

“Yes, and the director agreed, I don’t know what they said, but the director agreed anyway.”

Mo Yiang is so frustrated.

Jasmine Tong cupped her chin and pondered carefully, something was wrong

Shooting close-ups is not the same as shooting telephoto, you can only get a double if you shoot telephoto, you have to be a real person to shoot close-ups.

unless

These two look very, very much alike.

Jasmine Tong was shocked.

This morning, Albert Ou said, "See you later." She was wondering if it was...

Jasmine Tong immediately covered Mo Yiang's eyes

Just look at his nose, lips and chin.

Oh, my God.

"What are you doing" Mo Yiang immediately took away Jasmine Tong's hand.

"Don't you move" Jasmine Tong covered her hand once more.

In this way, Mo Yiang's nose, lips and chin really resembled that god at home.

"What are you doing, Jasmine Tong is bullying me even you?"

Jasmine Tong gulped and put her hands on Mo Yiang's shoulders.

"Black Earth, has anyone ever told you that you and your little uncle look quite alike?"

"I told you, my family says I look like him, he looks like my aunt, and our genetics are super strong, so I'm like him."

At this point, Mo Yiang suddenly realized something, and he looked at Jasmine Tong in horror.

Jasmine Tong nodded down towards him.

"What the f*ck? I told you, who'd have the nerve to get me a double?"

Mo Yiang finally wondered.

As the two men were talking, a familiar figure had approached.

Albert Ou wore a pair of black contacts that hid his original blue eyes, so you couldn't really see his original eye color without looking closely.

He had a wry smile on his face and the corners of his mouth turned up gently in an evil curve.

Russel Cheng walked ahead and immediately went to speak to the director, "Director, this is today's double."

The director looked at Albert Ou and was shocked.

This man's entire demeanor was completely different from Mo Yiang's, Mo Yiang was sunny and brilliant with a hint of evil, while this man was noble and cold with a kind of arrogance.

But, looking at the looks, they do look alike.

The close-ups will only go below the bridge of the nose, so two more from a little further away won't be a problem at all!

Jasmine Tong and Mo Yiang had already lost their eyesight

Mo Yiang is now incomparably sure that his brother-in-law absolutely loves Jasmine Tong.

Otherwise, he eats keyboards live.

"Mandy, come and get acquainted, how may I address this gentleman."

"Coming," Jasmine Tong responded, limping over.

"Exempt your surname Ou."

Albert Ou replied softly.

"Come, come, this is Xiao Ou, this is Jasmine Tong, you two get acquainted first, so as not to shoot up awkwardly, I'll have someone start preparing right away."

After that, the director went to work.

Xiao'o

Director, director, do you know who this "Xiao Ou" is in front of you?

Albert Ou winked down towards Jasmine Tong, "Please teach me more later, Miss Tong."

He also made up three words with his mouth shape: Mrs. O's.

Chapter 122

Jasmine Tong is really in tears.

Does this man have to push her so hard?

The one who is even more tearless is Mo Yiang, who is now repentant to the point of being blue in the gut.

The first time to shoot a kissing scene, why has been ng, when the shooting is not done it's good, and Jasmine Tong's kissing opportunity is considered completely wasted.

And he had a feeling that he would never have any intimate scenes with Jasmine Tong in his life.

Because his uncle is a super double.

He really wanted to walk away, but his legs wouldn't do as he was told, and he froze to stay where he was.

Jasmine Tong couldn't care to say anything to Albert Ou, and the director's side let them go to change costumes.

When she came out of the locker room, Jasmine Tong raised her eyes and saw Albert Ou standing in front of the men's locker room.

The man was dressed in plain white, with a golden belt, a wig combed high in a ponytail, and his demonic face.

The nobility was oozing, and the more it was set off by the clothes, the higher it appeared.

"Isn't your husband's old fashioned costume handsome too hmmm" Albert Ou lifted his chin.

Jasmine Tong looked around, but luckily no one was there.

“Hey, I’m telling you, you’re going to have to follow my pace later, not too fast, but slow down.”

Jasmine Tong was also out of temper, she was already like this, what else could she do?

It’s not like Albert Ou was an actor, so she had to take him with her.

“Don’t worry, I’ve never filmed a scene, I’m still good at kissing, and no one else knows it, do you?”

“You have the nerve to tell me that you’re in the right line when you’re so eager to grind my lips every time you make out with me.”

“Oh ma’am means that my skills need to be improved then we’ll work on it together tonight and improve it together”

Albert Ou winked down with a bad smile.

Jasmine Tong glared at him, this man drives when he disagrees

The two men walked together to the location of the shoot.

The director was stunned when he saw Albert Ou Noe, there’s no one else like him!

“All right, staff get ready, Manny, Ou, you guys take your seats.”

Jasmine Tong limped into position.

Albert Ou also stood up, and put one arm around Jasmine Tong’s waist in a smooth manner, pulling Tong closer to him.

“What are you doing?”

“Isn’t that so?”

“Yes, yes, that’s good” The director was also very excited to see the stuntman getting into the mood so quickly.

Jasmine Tong took a look at the director. Director, director, he’s obviously here to eat tofu, can’t you tell?

“Be serious, Miss Tong.”

“Okay, acn” the director ordered.

Jasmine Tong hadn't reacted to the tightness of Albert Ou's hands, and Jasmine Tong was already close to his body.

He lowered his head in a smooth motion and k!ssed Jasmine Tong's lips.

That's too fast.

Jasmine Tong didn't even have time to react, only her body's instinctive reaction as she stared at her, her face reddening.

Albert Ou fought back and forth on her lips, not too fast or too slow.

Jasmine Tong could only follow his rhythm.

I thought we agreed to set the pace ourselves.

He's the one who's got the main attraction.

Mo Yiang, who watched Jasmine Tong and Albert Ou k!ssing from afar, is about to cry.

His heart felt like it was dripping blood as he watched the two of them entwine.

While knowing it was nothing more than acting.

However, Mo Yiang knew that everything that should have happened to Jasmine Tong and her own uncle had already happened.

He's just deluding himself that he doesn't want to admit it or think about it.

They have a marriage license, they are married in name only, and they do everything legally and reasonably.

On the other side, a man in a cap was observing it all.

The man in the cap was none other than Rochen.

I'm not sure if this is the case, but I'm not sure if this is the case.

He looked over at the shooting.

That man.

At this point the camera was focusing on Jasmine Tong and Albert Ou Noe, shooting 360 degrees, with a crew around them constantly scattering peach blossom petals.

Jasmine Tong seemed to have really fallen into Albert Ou's kiss, the first time he had ever kissed her so tenderly and delicately.

Like gurgling water.

Albert Ou's kiss with his eyes closed was even more forgetful and affectionate.

So this woman likes to be kissed like this, haha, I guess I'll know what to do from now on.

Jasmine Tong was immersed in the kiss when she suddenly felt Albert Ou's tongue stick out

She froze for a moment.

Director, he sticks his tongue out.

She wants to report it so badly.

However, when it comes to filming, the actress has to put up with this kind of thing when she comes across it.

"Ok very good" the director ordered, Jasmine Tong immediately pushed away Albert Ou.

"What are you sticking your tongue out at you" Jasmine Tong whispered.

"Oh my, where did you find this double ah photogenic effect so good, 360 degrees without a dead angle ah" the director could not help but exclaim.

Mo Yiang sniffled.

"I'm also 360 degrees, okay?"

Roshen fixed his eyes and it was Mo Yiang who used a double.

He came here this time to find out that there is a kissing scene between Mo Yiang and Jasmine Tong today, and today is a good time to step on the spot, maybe we can get some material, so that we will have a chance to hit Jasmine Tong later.

Who knew that a double was used.

But this double has a really good face.

The kiss scene was even a one-off, and the acting seemed good.

“Director, may I?”

“Yes, yes, very much so, get ready for the next one.”

“Ah wasn’t that the only scene” Jasmine Tong looked at the director in shock.

“I was going to make up one game, but the double is doing so well today, so make up some of the close-ups from before too, just in case, Manny, just stick with it.”

Jasmine Tong frowned, director, are you sure you’re not here to trap me?

“Jasmine Tong, you did a good job too. You just showed the shyness and surprise of a young girl’s first kiss.” The director didn’t forget to praise Jasmine Tong as well.

Jasmine Tong laughed awkwardly.

She’s not acting, she’s reflecting.

That’s pretty bad for Albert Ou.

Not only the kissing scenes in several scenes were all filled with close-ups, even the bed scene between her and Mo Yiang in the scene was also filled.

She let Albert Ou plop her down on the bed, but she still had to show a shy little expression

It was only supposed to take an hour, but I ended up spending the entire morning making up these shots.

Albert Ou is enjoying himself, though, and would love to shoot these things for the rest of his life.

It's finally over.

Albert Ou came out of the dressing room to change.

Rochen immediately came forward.

"Hello, I'm the agent for Artsin International, my name is Rochen." Rochen had a business card in his hand.

Her Bossy Yet Naive CEO Chapter 123 - 125

Chapter 123

Albert Ou scanned the man with a frown.

Rochen came together, "I know you're still an understudy, but under my package, you can definitely make it big, are you interested in signing with me?"

Jasmine Tong just happened to change out of her clothes.

Rochen kept his eyes on Albert Ou, not noticing the women's locker room at all.

As soon as Jasmine Tong went out and saw Rochen, she flashed her body back.

Albert Ou just happened to see it.

"How about the fact that you've been doing stunt doubles and must be trying to get into the circle, I can guarantee you'll be a hit at lightning speed."

Did Jasmine Tong hear it right?

He tried to poach Albert Ou.

You're just a small shrimp from Eason International, but you want to steal the boss of Star International!

Albert Ou raised an eyebrow, “How much are you paying me?”

“The price, we can negotiate.”

Albert Ou pursed his lips, “How about a hundred million?”

Rochen was stunned.

Albert Ou slanted a glance at Rochen and stole a glance at Jasmine Tong, who was hiding over there in the women’s locker room, wanting to flirt with his daughter-in-law while no one was here in the locker room.

He had to leave for a while.

“What’s the drag? It’s just a broken double? I’m looking at you, it’s your good fortune”, Rochen muttered, spitting on the ground.

Jasmine Tong shook her head silently.

If Rochen knew who this great god before him was, he would probably be so scared that he would just kowtow and kneel!

Only after Rochen left did Jasmine Tong limp out.

Luckily, she and Albert Ou weren’t seen by Rochen, otherwise, tomorrow’s headlines would probably be their own scandal!

The filming was done, the director was very pleased, and this was finally over.

There’s no one left.

Albert Ou came over, just in time to find Mo Yiang still there.

“Yea, Yi Aang is still here, how was the kissing scene with your aunt and uncle?”

Mo Yiang was already about to vomit blood when he heard this.

It’s bad enough watching them kiss, but he has to do it again.

Uncle, I’m your nephew.

Can’t you be a little merciful?

Mo Yiang is also blaming himself, he should just slink off with his tail between his legs!

Jasmine Tong happened to come over as well.

Jasmine Tong looked into Mo Yiang's sad little eyes and could probably guess what Albert Ou had said.

"Okay, Oneon, your little aunt and I will go first."

Saying that, Albert Ou walked up to Jasmine Tong and directly picked her up across the room.

"Hey, what are you doing? You were seen."

"Don't worry, I'll gouge the eyes out of anyone who sees it Don't move, be careful of your hooves" said Albert Ou, holding Jasmine Tong and sailing away.

"My hoof is the hoof, yours is the hoof."

Jasmine Tong looked at Mo Yiang and waved her hand towards him as a farewell.

Mo Yiang looked at their departing backs, his heart sore and unbearable.

He knew his little uncle wasn't putting on a show for him, but was worried about Jasmine Tong's foot injury.

His little uncle is really in love with Jasmine Tong.

It's just, Manny, will you fall in love with him?

The car that brought him here could even drive directly into Goose City, which has always been closed to foreign vehicles.

Even the crew's car is reported in advance, and no one is allowed in without advance notice.

Albert Ou was really good at it, just pulling out onto the road.

He stuffed Jasmine Tong into the car and got himself into it.

As soon as she got into the car, Jasmine Tong hadn't yet reacted, and Albert Ou's hot and humid breath assaulted her.

His kisses were aggressive.

Jasmine Tong tried to struggle, but Albert Ou kept his big hands directly on the back of her head, making it impossible for her to dodge.

After all, Old Chen in the front was also a man who had come over, and it was not unusual for Mr. and Mrs. to be young and bloodthirsty.

Without waiting for an order from Albert Ou, he simply lowered the bulkhead on the car so that the cockpit and the back formed two separate spaces.

Seeing that the partitions were all lowered, Jasmine Tong became even more desperate.

"Don't move, that's what I just wanted."

Albert Ou's voice was breathy, dark and low and s*x*y.

He kissed his way to Tong's neck, trending all the way down.

This is the car.

There's only one board in front of us. We can't see, but we can hear.

Her face was red to the base of her neck.

Albert Ou hadn't even touched her for the past few days because of her foot injury, and perhaps was worried that he wouldn't be able to restrain himself and move and hurt her again, so he had been holding back.

It's all kissing today. It's really turned him on.

He couldn't hold back any longer.

No. No way.

Jasmine Tong suddenly embraced Albert Ou's neck.

"Not here."

“What’s wrong,” Albert Ou asked, breathing roughly.

“I don’t want to be here. Go home, okay?”

Albert Ou gulped and looked at Jasmine Tong.

It wasn’t impossible for him to force himself on her in the car today, but the woman had always been shy about this sort of thing, too, and would certainly be reluctant to cooperate when the time came, in case she hurt her foot again.

I’d rather go home and be comfortable in a big, fat bed.

“Good,”

Albert Ou fought with Jasmine Tong’s lips for a short while longer before sitting back.

Jasmine Tong was sort of relieved.

We’ve been k!ssing for most of the day, but we haven’t k!ssed enough.

The time spent in the car is literally like years.

One expects time to pass quickly, and the other expects it to simply stop.

Both of them have a mind of their own.

Albert Ou kept telling Old Chen to speed up, and Old Chen didn’t dare to ignore it.

As soon as he arrived at Rainbow City, Albert Ou eagerly jumped out of the car, opened the door, and carried Jasmine Tong down from above.

“Hey, don’t be in such a hurry you’ve been out of work for half a day, maybe there’s something going on at the office.”

Jasmine Tong said all the way, and Albert Ou froze and ignored her.

As soon as she entered, Jasmine Tong saw Yarwen Tong sitting on the sofa eating watermelon.

I saw a savior at once.

“Little Lei,”

As soon as Yarwen Tong looked up, he saw his brother-in-law holding his sister in his arms, all the way up the stairs.

“That, sister, brother-in-law,” Yarwen Tong was just about to open his mouth.

“Little Lei, young children, do what you have to do.”

“Oh,” Yarwen Tong would immediately, continuing to sit down and eat melons, and also took an unkind glance at his sister.

Jasmine Tong’s heart was broken.

Her brother. Her own brother.

I can’t believe you’re just sitting there.

Why does she think she’s ended up in a traitorous situation since meeting Albert Ou?

Yarwen Tong is smiling, it seems his nephew is just around the corner!

Maybe there will be good news sometime, hehe.

Albert Ou carried Jasmine Tong straight into the bedroom and kicked the door shut.

Gently placing Jasmine Tong on the bed again, he reached out to undress her.

Chapter 124

Jasmine Tong immediately grabbed his hand.

“What did you just say about lesser children can you please not in front of my brother, do you know it’s not good for him”

“He’s seventeen, he doesn’t know anything don’t always treat him like a child, you’re not doing him any favors, you’re doing him harm.”

After saying that, Albert Ou tugged, and all of the buttons on Jasmine Tong’s clothes fell off.

Jasmine Tong hugged Albert Ou hard.

“You’re forgetting I have an injury on my foot.”

“I’m not going to hurt you.”

Although, Jasmine Tong tried her best, she still did not escape the fate of being punished on the spot.

However, she could clearly sense Albert Ou’s reticent restraint, perhaps worried about actually hurting her foot.

Jasmine Tong slept in the afternoon, as Albert Ou tossed her around and didn’t even eat lunch.

I woke up completely hungry this afternoon.

She woke up and was no longer in Albert Ou’s presence.

Only after changing her clothes did Jasmine Tong slowly descend the stairs.

Aunt Fang saw her coming down and immediately came up.

“Ma’am, have something to eat, Monsieur has been asking us to heat the food in the pan, would you like to eat now?”

Jasmine Tong nodded, she was supposed to be waking up hungry.

At the table, Lin Lan Lan placed a bowl of soup on the table.

Aunt Fanny was bringing up the other meals and took a glance at the bowl of soup.

Lin Langdon glared at her.

“What are you looking at, it’s what the gentleman ordered, to tonic his wife’s body”

Aunt Fanny didn’t say anything about it.

Sitting at the table, Jasmine Tong ate and drank to her heart’s content and asked Aunt Fang where Yarwen Tong had gone, and Aunt Fang said that Yarwen Tong was in the bedroom.

Jasmine Tong immediately went upstairs to settle the score with this kid.

“Xiaolei, what’s wrong with you? Why are you turning your elbow out?”

Yarwen Tong was reading a book in his bedroom and smiled when he saw Jasmine Tong come in.

“What are you laughing at?”

“Nothing.”

Jasmine Tong’s face reddened a bit.

“Don’t be too young to learn.”

“What did I say? Besides, sis, I’m seventeen, you think I really don’t know anything.”

Jasmine Tong nuzzled her mouth, Albert Ou was right, this kid really knew everything!

“By the way, how’s your volunteering going?”

“It was already reported.”

“After the application then why didn’t you even tell me what school or major you applied for?”

Jasmine Tong was immediately anxious.

That’s a big deal.

The kid hadn’t even told her anything.

“I told my brother-in-law, and besides, he’s the one who helped me reference it, so there’s no need to tell you,”

“Ha,”

“I enrolled in the College of Fine Arts, a fashion design program with a focus on wedding gown design. My brother-in-law asked around for me and said my marks were fine and that I should just wait to get my notice.”

“Isn’t that a little too far over at the Academy of Fine Arts and Art?”

“Oh, sis, don’t be long-winded, my brother-in-law has made all the arrangements for me, it’s not too far from Z.Y Hospital over there, no problem, by the way, my current medical records have been transferred to Z.Y Hospital, the director there, Dr. Zhou Licheng Zhou, happens to be a cardiologist, he changed my medication, it’s all imported, I feel pretty good after taking it.”

“Transferred,”

This news made Jasmine Tong even more shocked.

Yarwen Tong has been a patient at the city center hospital since he was a child, and also has a primary care doctor who has been in charge of Yarwen Tong since he was a child.

Patients like Yarwen Tong, naturally, the attending doctor over there knew better.

It’s a big deal to transfer a hospital and he’s only informing himself now.

“Yeah.”Yarwen Tong didn’t think so.

“Such a big deal, how come you’re so good-natured how come you didn’t even talk to me about it Dr. Zhao’s side didn’t say anything either?”

“Sister Sister, can you calm down a little bit ah Dr. Zhao and Dr. Zhou have handed over, there is no problem, besides, it’s my brother-in-law’s hospital, they don’t dare to mess around”

“Your brother-in-law, your brother-in-law, your brother-in-law, how”

He’s my brother-in-law. Where did you put her?

“What’s wrong my brother-in-law is quite nice ah, the time you’ve been filming, it’s been my brother-in-law taking care of me ah.”

Jasmine Tong didn’t continue either.

“So have you been feeling ill lately?”

Yarwen Tong shook his head.

“All of the medicines Dr. Zhou prescribed for me are imported, and they are said to be extremely expensive, so ordinary people can’t even buy them, so I feel very good about the results I’m taking.”

“Oh,”

Hearing Yarwen Tong say that, Jasmine Tong was relieved.

“Sister, God must have seen that you’ve been taking care of me too hard, that’s why he gave you such a good man as brother-in-law, hehe, at first I didn’t think you guys flash marriage was reliable, but now it seems like I’m overthinking it.”

Seeing the contented smile on Yarwen Tong’s face, Jasmine Tong was also doubly pleased.

She hadn’t expected Albert Ou to have done so much, and all without telling her.

It seems the man is not inhumane.

surname Tong

It had been a long time since Rameen Tong had returned home, she had been living in a love nest with Ellen Ron since her engagement to him, and with her career on the rise and constant announcements, she had even less time to come back.

Just after killing the world’s favorite princess, the Yixin International side is giving her a lot of announcements, and her popularity is growing.

It was hard to make the trip home.

Duthie knew she was coming back and cooked a lot of goodies herself.

Rameen Tong sat at the dining table and saw a table of chicken, duck and fish with no appetite at all.

“Oh, Mom, I’m on a diet, I’m not eating, just have some fruit for dinner.”

“How can you do without eating? Dream Dream, this body of yours is important, you can’t just be busy with your career, you also need to quickly

open up branches and leaves for the Ron family so that you can have a place in the family.”

Rameen Tong shook her head.

“I’m still so young, my career is on the rise, what am I doing so early to have a child?” Rameen Tong but not at all feel for children, and she and Ellen Ron have never discussed this topic.

“Mengmeng, you can’t think like that, what kind of family is the Ron family, that Ron Rui and Lin Qingfeng have been looking forward to hugging their grandchildren for a long time, you, you should hold on tighter.”

Rameen Tong looked a little impatient.

“Okay, okay, got it, what do you guys call me back for ah I have an announcement tonight.”

Dusyman and Marven Tong suddenly looked at each other, both of them looking a little less than amused.

“Ermumon ah, it’s not really a big deal.”

Rameen Tong seemed to have seen what was on her parents’ minds and immediately sat up straighter.

“Mom, Dad, what’s going on? Just say what you have to say, there are no outsiders here.”

Yeah, it’s just the four of them here.

The outsiders in the family were none other than Jasmine Tong and Yarwen Tong.

Chapter 125

Simin Du gave Marven Tong a wink, wanting to save face Marven Tong still couldn’t open his mouth, Simin Du gave him a sidelong glance, so he had to open his own mouth.

“Meng Meng ah, you know the family’s winery, business has not been very good in the past few years, lately ah, the funds are a bit unable to turn around, you see.”

Tong Kee Vineyard is a winemaking recipe handed down from his ancestors, and the Tong family has always been a large family before the business was so good.

Even when Rameen Tong was small, their family was considered very wealthy.

He even moved from the township into the city, bought a villa in the city, and stepped into the ranks of the rich, which was also enviable back then.

However, in the past few years, there has been too much competition, with foreign wines slowly entering the market and domestic brands emerging.

Rameen Tong heard her parents' message.

"Dad, Mom, I've done two movies recently, and I've gotten endorsements and a lot of announcements, but I'm also on the upswing and I'm using more money."

"Mengmeng, Mom knows your difficulties, the Ron family is not easy to deal with, and you need to take care of it in every way, but, now the family is like this, you have seen it."

"Mom, you misunderstand me, I mean, I'm using the money in more ways than one, and the only thing I can get for you is five or six million."

Hearing this, Tuosmin and Marven Tong looked at each other.

Five or six million is enough for them.

"In addition, when I got engaged, I can take out all the bridal gifts and gifts and so on from my superior's family, and together, it's estimated to be over ten million."

"Ten million."

Dushman and Marven Tong were even more shocked

"Yeah, but, Dad, I think we're going to have to change our sales model, and if we keep this up, no matter how much money I put out, our family's winery is still going to lose money."

“Yes, yes, yes, let’s listen to the dream, the dream sees a wide range of knowledge” Dusyman immediately echoed.

“Montmorency, what do you have to offer” Marven Tong finally opened his mouth.

“First of all, we have to change the packaging, we Tong Kee is an old brand, but packaging unchanged, now how many people still recognize the brand ah, are to see the packaging, out to give gifts also decent, we have to play the old brand, but also let the packaging more upscale.”

“”

“In addition, we need to advertise it, aren’t people nowadays all about health then why don’t we create a concept of health wine I think middle-aged and elderly people would definitely be very beneficial.”

“Raising wine” Marven Tong frowned, “Isn’t that a lie?”

Dusyman immediately slapped Marven Tong’s thigh.

“How is this a lie? Didn’t your family’s ancestors always say that drinking your family’s wine would prolong their lives?”

“Dad, it’s just a concept, it’s not like anyone is really going to experiment on it, our wine really does nourish the body we can make up a story, let’s say a certain emperor was particularly fond of it back then and drank it to prolong his life”

“Yes, yes, yes, this is good,” Duthie responded hastily.

“Also, now the micro-business is quite hot, we can change the model, also do direct sales, if someone is willing to be an agent, special agent, level one agent, level two agent, has been downward development of the lower line, not only the agent fee can earn a, wine will also sell more, to the time the agents in order to make money, will also sell efforts to promote, we not only do not have to spend money, but also can earn a!”

Dushman immediately clapped his hands.

“Oh my, worthy of our family dream ah, just think a lot of your father and I combined can’t compare to a you ah.”

Rameen Tong smiled.

“Okay, Dad, Mom, I’ll get the money together tomorrow and have it sent over to you, and then we’ll do what I say, and we’ll definitely have no problem with the wine.”

Duthie’s smiling eyes narrowed to slits, as if she had already seen them return to the old days of scenery.

“I’ll be off then, I have work to do tonight.”

Rameen Tong stood up and picked up her bag.

“Montmorency, are you sure you won’t eat any at all?”

“No more food.”

Rameen Tong waved her hand and left, getting directly into the car assigned to her by the company.

She’s very concerned about that.

She had a different idea from Duthie, having a child was secondary, and being able to impress the officials was the main thing.

First of all, she had to become popular and become a particularly dazzling star, and secondly, her mother’s family had to become her powerful patron, never to be underestimated by the officials.

In this way, her position in the superior’s family would become more stable.

Tong Siu Man, we’ll see.

The next day, Rameen Tong gave all her savings of more than 10 million to Marven Tong, and hired two people with direct sales experience to guide Marven Tong, as well as hired a designer to redesign the wine’s packaging.

Jasmine Tong is also oddly bored at home, remembering what Xu Xingru said, she needs to post more blogs and interact with her fans lately.

Albert Ou was busy in the study, Yarwen Tong had run out to play again, and she was the only one who was free.

Rudra crouched at her feet and stared at her with her tongue spat out by Hajime.

“Ruyi, it looks like you’ll be the only one to keep me company.”

After looking at Ruyi, Jasmine Tong suddenly got an idea, and she held Ruyi and took several pictures, all of which were imitating Ruyi’s expression.

This Ruyi is also clever, as if she knows how to take pictures of herself, her expressions are more and more strange.

Jasmine Tong couldn’t help but laugh at those pictures.

She immediately put together a nine-palace grid with the message: “Ruyi, Ruyi, according to my heart, manifest yourself quickly!

When this nine-pager came out, a large number of fans immediately appeared.

A fan asked: the dog’s name is Ruyi.

Jasmine Tong replied: yes, his name is Ruyi, and he is my dog smash.

The newest member of the team, who is also a member of the team, is a former member of the team.

This back and forth, it really makes fans laugh, and then look at that nine on the dog and Jasmine Tong, two people’s expressions as the same, it really is a new round of emoji to come!

It’s not just a matter of time, it’s also a matter of time.

As we all know Jasmine Tong and Mo Yiang have just finished filming Dumping City and inadvertently helped promote it.

Because the two had a collaboration, people thought it was a normal interaction and didn’t think much of the relationship between the two.

Instead, the dog, named Rudolph, became instantly popular.

In one night, Jasmine Tong discovered that her fans had increased by 200,000.

Yuyi's popularity is even higher than her own.

It's a good idea to use a little bit of the same old "I don't know what to say," she said.

It's all underneath the comments: begging for new emoticons for Ruyi.

Since we all like it, then Jasmine Tong is just handing it out.

Her Bossy Yet Naive CEO Chapter 126 - 128

Chapter 126

That day just Jasmine Tong to change her foot medicine, the foot wrapped in thick gauze, Ruyi has been frowning at Jasmine Tong's foot.

In the end, seeing Jasmine Tong's efforts in unwinding the gauze, it took the gauze directly into its mouth and ran far away.

Jasmine Tong immediately recorded the precious footage and posted it to Weibo.

"Your friend the gauze unraveling gadgeteer is online."

And a recorded video is attached.

This video came out and quickly topped the charts again.

"Ruyi can really do what you want, so hurry up and reveal your spirit."

"It's like Rudra and Sash have a grudge against each other, it's hilarious."

Also, an attentive fan asked, "Manny, did you hurt your foot?"

"Mandy take care of your health oh and don't work too hard."

This makes Jasmine Tong feel that there is true love in the world.

The first time I saw her was when she was in the hospital, and the second time I saw her was when she was in the hospital, and the third time I saw her was when she was in the hospital.

In addition to Rameen Tong, there is another actress who has been active recently, and that is Qin Jianlian.

Last time, Xu Xingru also told Jasmine Tong that Qin Tianliang had gotten almost all the good resources of Star Huang International, and her popularity is now back to the peak period.

These days, the news is all about Qin Liyuan, attending brand events, endorsing new products, taking on big budget movies, and even the movie she made during her previous trough, which was nearly aborted, was immediately released due to her rising popularity.

But if you think about it, you can't do anything except post on Weibo and maintain your popularity through Ruyi.

Director Yankel is waiting for him, but will he really wait forever?

It's not certain when this foot will be ready.

These days, Jasmine Tong has not been in a good mood, and the biggest taboo for an actress on the rise in her career is not appearing in the public eye for a long time for whatever reason.

There are already a number of stars who have learned from our mistakes.

This evening, Jasmine Tong was brushing her friend circle, and many of her former classmates had begun to pop up, but she herself had been

Suddenly, "Tong Kee Health Wine" suddenly appeared in my circle of friends.

Jasmine Tong frowned, their family's wine was never any kind of nourishing wine ah

She took a closer look at what else there was to join, and Tong Kee had changed her packaging.

Oh, my God.

This scared Jasmine Tong to death. Isn't this a lie?

The next day, Jasmine Tong immediately went home.

The new packaging and the new concept of “health maintenance wine” have just come out, and the sales volume of Tongji immediately came up.

“I say Dafu, at this rate, our family will soon be able to change houses and cars,” Dusmin laughed with a mouthful of laughter.

Marven Tong smiled goofily and was also pleased.

“When the time comes, I’ll buy diamond rings, jewelry, and beautiful clothes. Our daughter has helped us so much. We can’t lose face to her.”

“Yes, yes, yes, this time it’s all thanks to Dreams.”

As she was saying, Jasmine Tong walked into the room and saw Marven Tong and Dossier holding a calculator, and realized what was happening.

“Dad, Tongji’s wine has changed packaging and started going micro-business for direct sales isn’t it.”

She hadn’t seen Marven Tong and Dusyman since the last time Rameen Tong was engaged, and she still had a vivid memory of the last incident and didn’t want to have a conflict with Dusyman.

Marven Tong’s face was slightly ugly, after all, his own daughter had used such a questioning tone towards him.

“Yes, it’s none of your business.”

“Have you forgotten what Grandpa said before his death? Tong Ji absolutely must be serious business, never engage in those messy things what health care wine, that is not a lie?”

Upon hearing this, Duskyton stood up like a fighting chicken with fighting spirit.

“You dead girl home is almost uncovered, but also dead to that set of what use is this time thanks to our dream dream, the family’s winery is hard to get a little bit of improvement, but you come to say something, what qualifications do you have.”

Jasmine Tong didn’t want to pay attention to Duthie.

“Dad, I’m from the Tong family, and Grandpa said on his deathbed that I had a twenty percent stake in the family’s winery, so I’m afraid I’m more entitled than some of the people who don’t have shares.”

When I mentioned it, Dusyman was just plain angry.

At that time, Marven Tong’s father was quite a discerning man, he did not like the daughter-in-law of Simin Du, to be frank, Simin Du is a third child, a third child can teach what good children to it so, along with the dislike of Rameen Tong and Rameen Qi.

So he divided the shares of the winery before his death, with Marven Tong holding 60 percent, Jasmine Tong 20 percent, and Yarwen Tong also 20 percent.

And Duthumi and her children have nothing.

To that end, Duthie was a good deal of trouble.

“Good you stinky girl saw the winery business is improving, you’re back to ask for money aren’t you” Simin Du forked her waist, her eyes hating to stare out.

“I’m not here to ask for money, I’m just reminding you that doing business is all about propriety, and those five-minded things may make you money for a while, but not for long, especially with this kind of false marketing, and then it won’t be about money, it’ll be about jail time.”

Although Jasmine Tong hated Duthie, her father was still her father after all.

That was the man her mother had loved her whole life.

Jasmine Tong’s mother also told Jasmine Tong before her death that in the future, her father should be filial to him when he grows old.

“You cursed the family for not earning enough money, and cursed your father to go to jail. I think you just owe me a beating.”

Simin Du looked to Marven Tong, “Dafu, look at the good daughter you raised she has spoken such treacherous words, you still haven’t used the family law isn’t it”

“Manny you don’t know what’s wrong with the family just got better, what are you running around making trouble for if it wasn’t for the idea of the dream, our family would probably be drinking the northwest wind”

“You mean this idea came from Rameen Tong.”

“Of course it was my family’s dreamy dream that came up with the idea, my dreamy dream is the future daughter-in-law of the Ron family, she started helping the family as soon as she climbed up the ladder, unlike you white wolf I pooh.”

When she and Ellen Ron fell in love, Ellen Ron was only still in school, and the family’s properties were all powerless, so she couldn’t help at all.

There was a crisis in the family’s winery a few years back, and it was Jasmine Tong who was slapped several times by Lin Qingfeng before the Ron family came up with the money to help the Tong family survive the crisis.

They’ve forgotten all about it. Who’s the wolf?

While Jasmine Tong and the Tong family were arguing, the Rainbow City side was about to explode.

Chapter 127

Albert Ou has been a bit busy these days, and he felt that Jasmine Tong was not in a good mood, so when he finished his work and was ready to accompany her, he couldn’t find her anywhere.

The two new maids, the older one is Aunt Fanny and the younger one is Pearly.

Neither Lin Lan Lan nor Pear Blossom knew where Jasmine Tong had gone, and Aunt Fang had gone out to buy food again.

It so happened that when Jasmine Tong went out, she only saw Aunt Fang and told her that she had to go back to the Tong family, but no one else knew.

“How do you do things when you lose a living person right under your noses?”

Albert Ou’s voice echoed throughout the villa.

Lin Lan Lan and Pear Blossom kept their heads down, not daring to breathe.

Albert Ou has called Jasmine Tong more than a dozen times, at first he didn't answer, then he just turned off his phone.

Can he not be anxious?

Yarwen Tong got up late in the morning and didn't see Jasmine Tong, and was getting anxious at the moment.

"Sir, we really didn't see Mrs. We were still there at breakfast this morning." Pearly eyes filled with tears.

Instead, Lin Lan Lan didn't say a word, she wished Jasmine Tong had died outside.

"If anything happens to your wife, none of you will escape."

After Albert Ou finished speaking, he called Russel Cheng and told him to gather his people and get ready to go find someone.

As I was saying, Aunt Fang came back from buying food and saw Pear Blossom crying, not knowing what had happened.

"Sir, what's going on here is that Pear has done something wrong."

Being older, Aunt Fang was quite calm and composed.

"The wife is missing." Pearly said as she sobbed.

"Isn't the wife home?"

Albert Ou looked to Aunt Fang, "What do you mean go home to which house"

"Back to Tong's, and when I left, my wife told me that she had something to go back to." Aunt Fanny replied.

Albert Ou's mind immediately recalled Jasmine Tong's battered and bruised appearance in the hotel that day

Yarwen Tong became even more anxious.

"Brother-in-law, come over to our house, that stepmother of mine is very powerful, my sister gets beaten eight times out of ten times when she comes home, and her foot is still hurting."

Albert Ou took a long step to go out, and Yarwen Tong followed behind.

“You can’t go.”

“Just let me go, I’m too grown up to let my sister get bullied again.”

Albert Ou tapped Yarwen Tong on the head.

“I’m here, who dares to bully her, wait honestly at home, if anything happens to you, won’t it kill your sister?”

Yarwen Tong gritted his teeth and hung his head.

“Okay, so if you hear from my sister, call me quickly.”

“Well.” Albert Ou answered the door and immediately left the house.

Russel Cheng had already brought someone with him and was waiting for instructions from Albert Ou, so a large group of people immediately rushed to the Tong family.

Albert Ou’s fingers were white in their grip and his face was livid.

The last time Jasmine was beaten vividly, this time, Jasmine’s foot is still injured, she can’t even run away, or she came to the door herself!

I wonder what kind of beating she’ll get.

“Drive faster for me,” Albert Ou growled at the driver in front of him.

The driver slammed on the gas pedal.

Soon, the car drove to the Tong family’s neighborhood.

This is an older villa area, pushed up a decade or two, and is considered the downtown area, but with the development of the city, this side of the prosperity has not caught up with the new development areas, and has become the edge of the downtown area.

Albert Ou didn’t even have time to change, and was still wearing his housecoat.

A group of people rushed into the Tong’s house in a big way.

The two of them, Simin Du and Marven Tong, were arguing when suddenly a group of people burst through the door, startling both of them.

Seeing the fierce group of people, Duthie was terrified.

Marven Tong boldly asked, "Who are you people how can you trespass on people's houses"

Albert Ou looked around and didn't see Jasmine Tong.

The eyes were fixed on Marven Tong.

"Where's Jasmine Tong?"

"Jasmine Tong,"

Marven Tong and Duskyman looked at each other, neither of them knowing what was going on.

"That dead girl is long gone."

Albert Ou's eyes burned, "Who are you calling a dead girl?"

"I I I mean Jasmine Tong is gone."

Duthie was too frightened to breathe, looking at the exuberant man in front of her, the sapphire in his left ear glowing with a demonic light.

"Search"

When Albert Ou gave the order, a large number of men and horses immediately spread out to search the villa.

There were also two people who had direct control over Marven Tong and Duskyman.

Where have Marven Tong and Simin Du seen such a battle, they were about to be scared silly.

Russel Cheng returned with a man.

"No."

In the meantime, could it be that Jasmine Tong has really left?

He turned around and walked out.

Russel Cheng and his men also came out.

“O, we’re just leaving.”

“Give it to me,”

“Yes,”

Russel Cheng went back with his men, and the villa immediately banged and rumbled.

“What are you doing? You can’t break this.”

“Oh my God, don’t smash it, don’t smash it.”

Duthie kept wailing.

Albert Ou went straight back to the car.

Here, Jasmine Tong has returned home, she has already suffered a loss once, plus she has an injury on her foot, and when she sees the theory, she immediately leaves.

Once inside the door, Yarwen Tong came running over.

“Sis, are you okay?”

“What could I have to do with it,” Jasmine Tong felt oddly surprised.

“Where’s brother-in-law?”

Jasmine Tong raised her eyes to the study.

“Working in the study,”

“Oh my brother-in-law did not receive you? this can be bad brother-in-law came out today and saw you missing, are about to put him in a hurry, then Auntie Fang came back and said you went home, brother-in-law was worried that you were beaten, immediately took people to”

“Ah,”

Jasmine Tong hadn't expected so much to have happened in just two hours.

“Hurry up and call your brother-in-law and tell him to come back, he's dying of anxiety.”

“Oh,”

Jasmine Tong immediately pulled her phone out of her bag, only to find that her phone had automatically turned off when her battery ran out.

Yarwen Tong immediately handed his phone to Jasmine Tong and dialed Albert Ou's number.

The call came through quickly.

“That's me, I'm coming back you you you, come back, don't, don't make a scene.”

The phone hung up.

Jasmine Tong handed the phone to Yarwen Tong.

“What did brother-in-law say?”

Jasmine Tong shook her head, “didn't say anything, grunted and just hung up.”

“Brother-in-law must be pissed that you didn't even tell him you were going out.”

“Is that necessary” Jasmine Tong scratched her head, wasn't she just going out for a trip

“How no brother-in-law how much you miss you ah you foot injury, he can not miss it, and so he came back, you coax him, he had a big temper today.”

Jasmine Tong looked at Yarwen Tong in surprise.

Whose brother is this boy?

Why does it feel like my brother-in-law is turning into a brother-in-law?

I'm not sure if I'm going to be able to do that, but I'm not sure if I'm going to be able to do that.

Chapter 128

Jasmine Tong went upstairs and sat on the bed in her bedroom, thinking hard about what to do when Albert Ou came back later.

This guy is moody and really hard to deal with.

No, she couldn't just sit around and die, she had to find a place where she could escape at any time.

Thinking this way, Jasmine Tong went downstairs, and as soon as she got downstairs, the door opened.

Albert Ou walked in with a hostile air.

As soon as he saw Jasmine Tong, he walked over and directly carried her up.

"Hey hey hey, let's talk about it, what are you doing?"

She's not a sack. Why do you always have to carry her?

Yarwen Tong laughed at the situation and ignored it.

Albert Ou kept bringing Jasmine Tong back to the room, put her directly on the bed, and then, started undressing her.

What kind of pace is that?

Why does he want to go to bed as soon as he gets back?

"Don't you do that" Jasmine Tong immediately shielded herself tightly.

Albert Ou stripped Jasmine Tong to the bone, carefully, up and down, left and right, completely turning her over several times as if she were a piece of meat.

Finally, a pair of eyes fixed on her face.

"Does it hurt anywhere?" is not as gentle as it sounds.

The first thing you need to do is to take a look at the body of the person you're looking for.

"No." Jasmine Tong immediately quietly pulled the blanket over the bed to cover her naked body.

Albert Ou's face darkened.

From a look of anxiety just now, it turned into a look of anger.

"Jasmine Tong you f*cking cripple running blind what"

Cripple, cripple, call her a cripple again.

"I'm just going home" Jasmine Tong's voice couldn't be any lower.

"Why go home and get beaten up?"

"

She's sick. Go home and get beaten up.

"I'm just bored, it's just right."

Not waiting for Jasmine Tong to finish her sentence, Albert Ou interrupted her again.

"If you're bored, go to the door and get beaten up."

The actual time of the day, you'll be able to find the best way to get the most out of your time.

Albert Ou glared at Jasmine Tong and began to look around for her.

"What are you looking for" Jasmine Tong suddenly had an ominous feeling, this man's eyes like looking for a guy thing, that will not open a beating it

"Get a guy, break your other leg and see how you're still running around."

"Don't don't don't don't don't" Jasmine Tong, in a rush, couldn't care about her naked body and immediately hugged Albert Ou.

"I'm not running away yet I'm just going back for something, I won't next time."

Albert Ou's heart was suddenly startled by the sudden embrace, the key being that it still carried the delicate touch and warmth of skin.

"Don't you dare next time."

"I don't dare, I don't dare, I don't dare." Jasmine Tong hurriedly begged for mercy.

"Know if it's wrong."

"Wrong, wrong, wrong."

Albert Ou's lips couldn't help but gently rise, turning around to get a glimpse of Jasmine Tong's white and smooth body.

Because he had just pushed her down on the bed and stripped her, and now her hair was spread out and draped messily over her smooth shoulders.

She's extremely s*xy that way.

His Adam's apple rolled up and down for a moment.

Jasmine Tong spotted the small flame of his gaze and immediately went to pull the blanket, but Albert Ou just tossed it aside.

Lips attached to Jasmine Tong's soft lips.

"N-no,"

"Wrongdoing should be punished."

Albert Ou directly pressed Jasmine Tong underneath him.

In the space of ten minutes, from the beginning of worry plus tenderness, then anger and now rage

The man's face hadn't become too quick.

"Hiss,"

Albert Ou paused.

"What?"

“Feet hurt.”

Albert Ou immediately got up and went to check on Jasmine Tong’s foot, moving it carefully, the gauze had come loose.

“Deserved it” Albert Ou snapped at Jasmine Tong and got up to get dressed and walked out.

After a while, new gauze and salve were brought in and she was rebandaged.

Wrapped up and didn’t continue what he had just done.

Jasmine Tong breathed a deep sigh of relief, having finally escaped.

This matter is considered to be over, but on the way back from Tong’s house, Jasmine Tong always felt that someone was following her.

It seemed like a shadow of some sort, and when she turned around it immediately disappeared.

Maybe I’m overreacting.

She suddenly remembered that day when the accident happened on the mountain, when she came back, she was worried about Bebe and gave her a call, but Bebe was fidgeting on the phone and didn’t say anything.

That day, wasn’t it an accident, someone trying to hurt him?

I don’t know what’s going on, but Jasmine Tong was probably having a real nervous breakdown that day in the mountains.

The phone that was charging suddenly rang, disrupting Jasmine Tong’s thoughts.

It’s Dulcimer calling.

Jasmine Tong frowned, but answered.

“Jasmine Tong you kill a thousand knives of the little bitch hoof you’re a white wolf even if it is, watching the family get better, the heart is not comfortable is not also called to the home to smash a good you Jasmine Tong.”

Duthie was panting on the phone, clearly exasperated.

"I said Mrs. Du, don't put everything on me, okay? It's not like your health wine drank someone into an accident and they came looking for revenge, I've said."

"Bullsh!t you still dare to say it's not the person you're looking for the other side of the mouth to find you I tell you, Jasmine Tong, you dead girl wait for me don't let me see you."

Duthie hung up the phone after she roared on the phone.

Jasmine Tong suddenly realized that Albert Ou went to his house, could it be that he smashed up Tong's house?

She banged her phone on her head. How could she do that?

As soon as Albert Ou entered, he saw Jasmine Tong knocking himself on the head with her cell phone.

"Jasmine Tong, do you have masochistic tendencies?"

"Ah no, no ah" Jasmine Tong immediately put her phone away, "that, what were you doing at my house"

"Smash up your house."

So it was him.

Jasmine Tong is really in tears.

"Why do you have an opinion have an opinion reserve it for me the last time I wanted to do this at the engagement ceremony you didn't come home today and I can't remember this"

In other words, Jasmine Tong herself is still to blame for all this.

Jasmine Tong smiled two silly smiles towards Albert Ou.

Now was not the time to be theorizing with him either.

It's better to smash it up, at least they're too busy with the family puddle to worry about raising the liquor, so smashing up the house is better than going to jail, right?

But it'll last for a while, not a lifetime.

Jasmine Tong sighed, what should be said, she has also said, whether they listen to them or not is up to them.

Albert Ou raised a hand to tap on Jasmine Tong's head.

"What's on your mind again?"

"Oh, nothing,"

"I'll take you out on a date tomorrow."

"Ah,"

"Not bored at home?"

"Ah,"

Jasmine Tong was in a trance.

Go out on a date.

But Jasmine Tong could never have imagined what would happen to her.
