

Chapter 246

“Sister, what do you want from me? You have to tell me quickly. I’ve got things to do.”

Yarwen Tong said as he carefully put his signature away.

Jasmine Tong held the milk tea in her hand and lowered her eyelids, although she had been thinking about how to open her mouth on the way here, she would still be a little timid when it came time to open her mouth.

“Sis, is something wrong.”

Seeing that Jasmine Tong hadn’t opened her mouth, Yarwen Tong was a little anxious.

“No,”

Jasmine Tong immediately denied it.

“So what’s going on? You and your brother-in-law had a fight.”

Jasmine Tong shook her head like a rattle.

“It’s like this, little lei, my sister’s career is on the rise right now, and this is the time to seize the opportunity, so I think”

Yarwen Tong hadn’t guessed what Jasmine Tong was going to say and listened quietly.

“I think we’ll hold off on having children for a while.”

Yarwen Tong’s brow furrowed.

“I knew it,”

Jasmine Tong grabbed Yarwen Tong’s hand.

“Actually, your brother-in-law and I were both so young and didn’t, like, particularly want to have children, and your brother-in-law was the same, he”

“You don’t have to lie to me I knew from the start that you wouldn’t want to have kids once you got into the entertainment industry”

Yarwen Tong was a little frustrated.

“Little Lei,”

“And you take it from my brother-in-law who always wanted to have kids you just for your own career”

Jasmine Tong was also helpless, and in order to coax Yarwen Tong in the first place, she made Albert Ou lie.

Now trying to tell the truth has become a lie instead.

“Sister, brother-in-law has a successful career, you can completely support you, you have a child now while you are young, and then make a comeback later ah with brother-in-law, you become famous that is not a matter of minutes.”

“Little Lei,”

“Okay, just don’t say anything, if you don’t want to have it, I won’t force you, anyway, I won’t live more than a few years.”

“Little Lei, don’t say such things.”

This was the most taboo word for Jasmine Tong.

“Sis, even if you don’t want to hear this, I’m going to say it, the doctor said I won’t live to be seventeen, I’ve lived now, I’ve earned every day I have left, and you and I both know in our hearts that I won’t live long.”

There are things that we all know, we just don’t want to talk about them.

Although Yarwen Tong’s related condition was good, because there was no way to treat it at all, his heart would sooner or later fail to support it.

“Come on, Little Lei, I just wanted to discuss this with you, nothing more, and since you don’t agree, I’ll listen to you.”

Yarwen Tong was stunned.

“You go back to your work, and I’ll be back.”

“Sis, actually, if I didn’t mean to contradict you, I just think that you and brother-in-law should have a baby now that you’re so close, brother-in-law, shouldn’t you have a baby to solidify your position in such a position?”

Jasmine Tong lost her voice laughing.

“Idiot, have you been watching too many TV shows?”

“Isn’t that so? That kind of identity, there must be a lot of good women around, brother-in-law is good to you now, but in the future who can’t say, so you need to have a child between you ah, to maintain the relationship between you, soap operas are acted like this.”

“Okay, well, go ahead and get busy, I’m going home, call if you need anything.”

The two siblings went their separate ways.

Yarwen Tong has been busy with the New Year’s Day Party recently, and it was the first time he had been involved in this kind of collective thing all.

Also with him was Mo Yi Xin.

Back at the University Student Center, Mo Yi Xin is rehearsing for the New Year’s Day party.

“Okay, this one feels especially good, let’s take a break.”

Mo Yi Xin gave the order, and everyone could finally rest.

Yarwen Tong walked up to Mo Yi Xin and touched the signature in his pocket.

Although they were in charge of the New Year’s Eve party together, there really wasn’t much chance for the two to talk, seemingly because of those three love letters.

“Mo Yi Xin.”

Yarwen Tong mustered up the courage to shout.

“Well” Mo Yi Xin also found it strange, the two of them had always not spoken.

Ever since that time when we saw Yarwen Tong with a girl in the teahouse, everyone thought that Yarwen Tong had a girlfriend, so Mo Yi Xin stopped pestering Yarwen Tong.

In the end, it's a lady of a thousand dollars and has dignity.

“What is it, Yarwen”

“I heard you like Jasmine Tong.”

“Yeah, and I've got a global support group for Jasmine Tong, and I'm the president.”

This matter is known to everyone in the school, Yarwen Tong naturally heard about it, and because of this, Yarwen Tong decided to thank Mo Yi Xin.

Yarwen Tong pulled out the autographed photo from his pocket.

“This is for you.”

Mo Yi Xin stared at the autographed photo.

“For me.”

“Yeah.”

“Thanks.” Mo Yi Xin picked up that autographed photo.

After that, the two men fell silent.

“That, Yarwen Tong, I heard you have a girlfriend.”

In the end, Mo Yi Xin is still bold enough to ask such a direct question.

Although last time, Lin Zhihang had already asked the answer for her, but she was still a little unrelenting, she had to hear Yarwen Tong say it herself.

Yarwen Tong hesitated for a moment.

“Yes, I have a girlfriend.”

At that instant, Mo Yi Xin only felt like his ears were ringing and he couldn't hear anything.

He actually has a girlfriend.

Mo Yi Xin laughed awkwardly.

"It's the girl you ate with at the tea restaurant the other day, isn't it?"

Mo Yi Xin pretended to be fine and smiled brightly.

Yarwen Tong nodded.

"Oh, I didn't know you had a girlfriend before, so, that's why I wrote you the love letter, I must have caused you a lot of trouble, I'm so sorry."

Mo Yi Xin apologized generously.

"It's okay, but we can still be friends."

"Well." Mo Yi Xin nodded, "Then I'm going to rehearse."

The moment he turned around, the smile on Mo Yi Xin's face immediately disappeared.

It's okay to still be friends.

Yarwen Tong looked at the back of Mo Yi Xin's departure and felt very uncomfortable.

At this age, what boy wouldn't want to fall in love?

But he knew that he couldn't.

Jasmine Tong sat in the car on the way home.

She was originally trying to convince Yarwen Tong to tell him not to be so eager to be an uncle.

But who knew Yarwen Tong's attitude was still very determined.

Take your time.

She'd better have a good talk with Albert Ou first.

Just at that moment, her phone suddenly rang.

It was an unfamiliar number.

Jasmine Tong hung up straight away.

As a celebrity, you can't just take calls from strange numbers.

But the number continued to call.

After thinking about it, Jasmine Tong still picked up.

"Hello, is this Miss Jasmine Tong?"

"Something wrong?"

"We here at the Downtown Women's Union are responsible for investigating the causes of abortion and recovery in our city, and you had an abortion some time ago, correct?"

Chapter 247

The other party spoke very slowly, as if because Jasmine Tong couldn't hear clearly.

Jasmine Tong heard her clearly, but she was in the clouds.

"Sorry, you have the wrong number, I didn't have an abortion."

She said Jasmine Tong was ready to hang up the phone.

"Wait a minute, please, aren't you Miss Jasmine Tong?"

"I'm Jasmine Tong, but I didn't have an abortion, you're mistaken, maybe the same name."

"That's impossible, the information on our federation's list is submitted by all the major hospitals, if you're Jasmine Tong, there's no mistaking it, how about we compare the information"

"There's no need for that, I haven't had the surgery, have I?"

Although Jasmine Tong felt that it was nonsense, the other party read out her information.

“Name Jasmine Tong, marital status married, husband Albert Ou, education university graduate, ID number on September 25 in z.y hospital for abortion surgery, the surgical procedure bleeding heavily”

Jasmine Tong stared fiercely.

They know everything about themselves. They’re right about everything.

Let’s say that only a handful of people knew about his marriage to Albert Ou, and the fact that the other party could even know about it meant that the department was real.

Eighty percent they only knew she was married when they pulled the file from the Civil Affairs Bureau.

“Miss Tong, am I right in what I’m saying?”

“Right, but I was indeed at Z.Y. Hospital on September 25th, only I didn’t have an abortion, I just had a little flesh wound.”

“There’s no mistake, we have this list that was reported from all the major hospitals, and if you didn’t have an abortion, that z.y hospital is not going to report it. You don’t have to be afraid, we just want to understand what caused the miscarriage and how to recover.”

“It’s absolutely impossible.” How could she have had an abortion?

“Let’s say, or maybe it’s a mistake over at Z.Y. Hospital, you go over to the hospital, take another look, and inquire as to what’s going on with them, and anyway, our list over here shows that you did have an abortion.”

“Good.”

Hanging up the phone, Jasmine Tong felt her hands trembling.

What is this all about?

The other side just said it’s possible that Z.Y Hospital got it wrong, but Jasmine Tong knows that it’s impossible for Z.Y Hospital to get her wrong.

Who doesn't know she's the owner of Z.Y. Hospital?

"Old Chen, go to Z.Y Hospital."

"Yes, ma'am."

The car immediately turned around and drove towards the z.y hospital.

Why are you holding the phone and reassuring yourself that it's probably a mistake?

If she did have an abortion, how could Albert Ou not tell her?

Besides, she's never been pregnant, so how could she have an abortion?

Jasmine Tong's head feels like it's about to explode.

She turned around and thought about how many strange things had happened during her stay in the hospital, and if she hadn't gotten the call today, she might never have suspected anything, and now she did think there was a lot of suspicion.

She did wake up that morning with some nausea and queasiness, and was too busy to care.

Menstruation seems to be delayed, almost two months.

When she woke up in the hospital, Albert Ou told her that she was on her period.

could it be that...?

Jasmine Tong didn't dare to think about it.

The car arrived at the z.y hospital.

As she has been in and out of the hospital several times, Jasmine Tong has become familiar with the hospital.

She went directly to the hospital room she had previously occupied, which was Albert Ou's own exclusive room that no one was allowed to stay in.

So there's no one here at this time of day, but, just for good measure, the nurses' station is downstairs in this ward.

Jasmine Tong went straight down the stairs, and as soon as she did, she ran into one of the little nurses who had been in charge of taking care of her.

"Ma'am, what brings you here unwell?" the little nurse rushed over to us.

"It's nothing, I've just been pretty laid back lately, and I came by the hospital to pick up some cold medicine and stop by to see you guys."

Jasmine Tong also grew an eye, if Albert Ou tried to hide something from her in this hospital, but I'm sure all these nurses and doctors won't tell her the truth.

"Yeah, I haven't seen my wife in a long time, has she been doing any films lately?"

"Made a movie, it's almost ready for release, are you busy now? Let's go upstairs and talk."

"Well, I don't have anything going on right now."

The two of them walked up the stairs together to the ward where Jasmine Tong was staying before.

"Ma'am, you've really been getting hotter lately."

"What's the fire? – Just like that. How's your work?"

"Pretty good."

Jasmine Tong mulled over the question, pretending to be unaware of it.

"Who was the last doctor who operated on me?"

"Ah," the little nurse was stunned first, her eyes wide at Jasmine Tong.

"I'm just asking casually, I haven't been feeling very well lately, so I wanted to ask if there were any after-effects from the surgery or anything like that."

Because the last time she was hospitalized, Albert Ou ordered that no one was allowed to do anything about the abortion, saying, she was traumatized and did not need surgery.

But Jasmine Tong suddenly asked this, but the little nurse asked.

“Ma’am, you,”

Jasmine Tong looked as if she had a plan.

“I know all about it, why are you hiding it from me?”

That smile was easy and relaxed, not stressful or sad in the least.

“Oops.”

The little nurse finally breathed a sigh of relief.

“I knew that Mr. Ou loves his wife the most, such a big thing, I didn’t say it at the time, I’m sure I’ll say it later, in fact, it’s nothing for a woman to have an abortion nowadays, our hospital does it every day, dozens of them.”

Jasmine Tong’s heart thumped.

Could it be that she really did have an abortion and that Albert Ou didn’t let everyone tell her.

Jasmine Tong is an actress, a natural actor at this time.

“Yeah, you’re right, it’s pretty sad to know later too, what might have happened people have to move on isn’t”

“Ma’am, that’s good of you to think so, the baby will always be there.”

“I’ll ask which doctor is operating on me, I haven’t been feeling well lately, and I’ll ask her to check me out.”

“Didn’t Mr. Ou tell you that it’s the best obstetrician and gynecologist in our hospital, Director Zhong Yu Ling Zhong.”

It’s her.

I still remember that time when she went home to recuperate for a period of time, so Albert Ou asked her why she had been unable to get pregnant and brought her in for a checkup, and the one in charge of checking her body at that time was also this Zhong Yu Ling

“Which office is Dr. Chung in?”

“I’m fine now too, let me take you there.”

The little nurse stood up and took Jasmine Tong to Zhong Yu Ling’s office.

Take the man to the little nurse and leave.

Zhong Yu Ling just happened to be in the office.

Jasmine Tong knocked on the door, and Zhong Yu Ling was taken aback when she saw Jasmine Tong.

“Mrs. Au, what can I do for you?”

Chapter 248

“You’re the one responsible for my abortion.”

The little nurse had already left, and there was no need for Jasmine Tong to hide her emotions.

Zhong Yu Ling was first stunned, then laughed awkwardly.

“Mrs. Au, what are you talking about? When did you have an abortion?”

“No need to lie to me, the nurse just brought me here and already told me everything.”

Zhong Yu Ling was silent for a moment and made his way to the door.

Jasmine Tong walked in.

As Zhong Yu Ling sat at her desk, she knew that she couldn’t hide this matter.

Jasmine Tong sat across from Zhong Yu Ling.

“Dr. Chung, you’re a doctor, and doctors are responsible for their patients, and I have a right to know about everything that happens to me in the hospital.”

Zhong Yu Ling silently sighed.

“Mrs. Ou, things have been going on for so long, is there still a need to pursue the matter? get well, it seems it’s still possible to get well.”

Jasmine Tong closed her eyes in pain, trying not to let her tears fall.

“I know, he must have explained to you that he can’t say a word to me, and I’m not embarrassed, don’t worry, I won’t tell him either, you told me that I really had an abortion.”

Zhong Yu Ling nodded.

“Yes.”

“It was a few months ago.”

“It’s almost three months.”

“”

Since it’s been so long, Jasmine Tong hangs her head and she doesn’t even know that

“The cycle of pregnancy is counted from the day you had your last period, and you’re too careless to have delayed your period for so long and not even know it, by that time you should have had an early pregnancy reaction.”

Jasmine Tong held out a hand to support her head.

Yeah, she did have a reaction, she just didn’t know it.

“I was up in the morning and always felt a little nauseous, but I was too busy and had suspected I was pregnant, but I never tested.”

Jasmine Tong’s voice was choked up.

She couldn’t hold back any longer, and tears were pounding down.

Zhong Yu Ling immediately brought her a tissue.

“When I came, it was already miscarried, or, he made the decision to have an abortion.”

This is Jasmine Tong’s main concern.

Was she the one who lost the baby because of the beating, or was he the one who wanted to abort his own child?

“You were hemorrhaging when you arrived, and if, instead of being delivered in time, you would have bled to death.” Zhong Yu Ling answered truthfully.

“Why does the hemorrhage happen?”

Jasmine Tong never thought that her life was once in danger.

“I reckon that you’ve actually been showing signs of miscarriage, I know from my conversation with Ou that you’ve been taking the contraceptive soup, which is supposed to have caused your miscarriage, and the trauma, which caused the bleeding. To put it bluntly, the baby wasn’t keepable in the first place, and you’re on birth control pills for a long time, so the baby is definitely not going to be born.”

Jasmine Tong’s pupils suddenly dilated

In the end, it’s all about those birth control pills.

Why is that, exactly?

Why is God so cruel to her?

Like a walking corpse, Jasmine Tong held onto the table and stood up.

Her eyes were hollow and she headed out.

“Mrs. Ou, Mrs. Ou.”

Zhong Yu Ling kept shouting from behind, but it was as if Jasmine Tong couldn’t hear her and walked straight towards the outside.

Zhong Yu Ling was going to chase after him, but his phone rang, and she was invited over to the emergency clinic for a consultation, there was nothing she could do about it, it was her duty to treat the sick and save lives.

Jasmine Tong returned to the car in a trance.

Sitting in the car with my head full of that big pile of terms.

Miscarriages, haemorrhages, contraceptive pills

“Ma’am, are we going home now?” asked Old Chen, opening his mouth.

Jasmine Tong stayed back in her seat, her eyes dull and dull.

“Ma’am Ma’am” Old Chen shouted several times in succession, “Ma’am, are you alright?”

“To the Dark Empire.”

“Yes, ma’am.”

When she finally spoke, Old Chen received the order and immediately started the engine.

Old Chen thought to himself that maybe his wife had some kind of illness and needed to go talk to Albert Ou, but he couldn’t ask.

Jasmine Tong remained in the same position, leaning against the seat like that.

Her hand gently lifted and stroked her belly.

There was once a little life beating here.

She blinked and tears streamed down the corners of her eyes.

Unfortunately, he had disappeared before she knew he existed.

Jasmine Tong bit her lips tightly.

Think back to that time.

Jasmine Tong only felt like a heartbeat.

The child she’d always wanted, once so close to her.

At this moment, Jasmine Tong is a million times more frustrated.

Her head was so messed up, it felt like it could explode at any moment.

Everything that had happened in those days had gone through her head.

Her chest was suddenly full of anger and even hatred.

He's the one who killed their children.

That's an indisputable fact.

While he lied to her about having a baby, he ruined her body by secretly giving her a contraceptive soup pill

He's quietly being nice to her while hiding the fact that she had a miscarriage.

Jasmine Tong still can't figure out which of Albert Ou's words are true and which are not.

He said he loved her, but he killed their child with his own hands.

She shouldn't have had so much hope in him from the beginning.

"Ma'am, ma'am,"

Jasmine Tong came back to her senses and immediately wiped the tears from her face.

"Here it is."

Jasmine Tong put on her sunglasses and got out of the car straight away, entering the Dark Empire through the back door.

Taking the elevator to the door of the CEO's office, she stood in the doorway and knocked on the door several times.

There was no response and she pushed the door open.

"Madam" Russel Cheng found Jasmine Tong.

"Where's Ou?"

"Mr. Ou is in a meeting in the conference room, ma'am, wait a moment while I open the office door for you."

Russel Cheng said walking away.

“No need, tell me where the conference room is.”

“Mr. Ou just went to a meeting, I guess it’s going to be a while, so Madam should wait a while.”

Russel Cheng saw that Jasmine Tong’s tone wasn’t quite right, and thought that something was probably wrong, but naturally he didn’t dare to take her to Albert Ou at this time.

“I told you to take me to the conference room, can’t you hear me?”

Russel Cheng was also stunned, after all, Jasmine Tong had always spoken to him pleasantly, never like this.

“I’ll find it myself.”

Saying that, Jasmine Tong walked in the other direction.

“Ma’am, I’ll take you there but don’t be impulsive, okay I’ll help you call Ou out.”

Jasmine Tong didn’t say anything, and Russel Cheng took her straight to the floor of the conference room.

“Ma’am, you wait here while I go call for Ou.”

[Her Bossy Yet Naive CEO Chapter 249 - 251](#)

Chapter 249

Russel Cheng quietly walked into the conference room.

The conference room was quiet at the moment, with no sound except for the one who was giving the summary report, and Albert Ou was sitting right in the middle of the front.

As soon as Russel Cheng approached Albert Ou, the conference room began to whisper.

Because everyone saw the woman standing in the doorway.

Jasmine Tong wore wide sunglasses, and no one could recognize her.

Before Albert Ou heard what Russel Cheng said, he saw Jasmine Tong in the doorway.

Naturally, Jasmine Tong's appearance surprised and delighted him, and he ignored Russel Cheng and walked straight to the door.

"What are you doing here?"

There was no need for him to hide the fact that he was married in front of his own company's employees.

Jasmine Tong held her sunglasses upward.

"Let me ask you, I was beaten up some time ago, did you find out who did it?"

Jasmine Tong tried to calm herself down, but there was still some gas depression in her chest.

How could she be calm knowing such a big thing?

"No ah, what's wrong" Albert Ou didn't expect Jasmine Tong to come over just to ask him about this.

It's been so long. Why does she suddenly think about it?

"Is it you,"

"What isn't me."

Albert Ou didn't know what Jasmine Tong was talking about yet.

"Did you send someone to beat me up or else, with your skills why haven't you found out by now."

Albert Ou looked backwards, the conference room all staring at them.

“Let’s go out and talk and save face.”

“Say it right here, and show your employees what a tough boss they are, too.”

“You keep your voice down.”

Because the conference room was so large and the doorway was some distance from the center of the room, the two of them whispered so quietly that they couldn’t be heard inside.

“What the hell is wrong with you?”

While in the car, Tong thought a lot about it.

Why would she be assaulted for no reason and Albert Ou couldn’t even find out who it was after all this time investigating.

Could it be because Albert Ou knew she was pregnant and wanted an excuse to abort his child.

Though she couldn’t believe that the man who professed to love her could do something so cruel.

But secretly giving himself the pill and destroying his own body is the work of the man who claims to love him.

“Let me ask you, every time after we share a room, Lin Lan Lan gives me a bowl of soup, that soup is for contraception, did you make her do this thing.”

Albert Ou stared at Jasmine Tong, he didn’t know how Jasmine Tong knew about this matter

It’s been so long since Lin Lan Lan was sacked that no one is supposed to know anymore

“Answer my question,” Jasmine Tong snapped.

“Let’s go home and talk, okay you save face, so many people here.”

Albert Ou muttered under his breath.

“Just answer me yes or no.”

“Yes.” Albert Ou dropped his head, he could only admit, “But you listen”

“Pop.”

As soon as Albert Ou looked up, Jasmine Tong smacked him towards his face.

All the people in the conference room looked at the door in dismay.

Someone in the world dares to beat up Albert Ou!

Who the hell is a woman?

Is she the wife of the legendary Central European Sawano?

Albert Ou didn't expect that Jasmine Tong would slap him in full view of the public.

“You,”

Jasmine Tong quickly turned to leave, leaving Albert Ou with a stubborn back.

Her tears pounded down once more.

Really, it's all true.

Jasmine Tong felt like her heart was being crushed, and she didn't know how to put it back together.

Albert Ou was still standing in the doorway.

For the first time in my life, I was beaten by a woman in front of so many people.

“Meeting adjourned,” he bellowed and walked out the door as well.

Jasmine Tong got into the car and went straight back to Rainbow City.

It felt like the fire in her chest was trying to kill her.

She scratched hard with her hands, a few blood marks on her chest, even oozing beads of blood

She didn't know how to calm herself down and paced back and forth across the room.

divorced

That's right. She wants a divorce.

She's leaving this cold-blooded, hypocritical man.

Albert Ou returns to his office and feels disgraced as he is slapped in public

But he also wanted to know what did Jasmine Tong know?

From the few questions Jasmine Tong asked him, he didn't know exactly what Jasmine Tong knew about the content

He had to go back and ask for clarification, and sooner or later he would have to face it.

"Ching Ho, put off all my arrangements for the afternoon."

Immediately after saying that, he walked out of the office and drove his car straight back to Rainbow City.

Aunt Fang was also surprised to see Albert Ou back so early.

"Where's the wife?"

"The wife is in the bedroom, isn't she?"

Albert Ou immediately ran up the stairs.

Aunt Fang just saw Jasmine Tong also rushed back, and now she doesn't know what happened, what happened to these two people

Albert Ou pushed open the bedroom door and saw Jasmine Tong sitting on the bed with a suitcase at her feet.

Albert Ou suddenly returned, and Jasmine Tong was taken aback.

"You're back just in time, let's get a divorce, I have the divorce papers printed out, I don't want anything."

Jasmine Tong's words were cold, as was her face now.

"Why the divorce?"

Last night, weren't they all right? They've been so sweet all this time. Why the sudden divorce?

Jasmine Tong's smile was icy cold to the extreme.

"Instead you have to ask me why I divorced you ask yourself what you have done Albert Ou Nao, if you just want to find a tool to vent your desire, trouble you let me go, there are many women in the world you want to find ten or eight are no problem so why do you need to pit me alone?"

Albert Ou stepped forward.

"Jasmine, why do you always say you're a tool to let off steam you're not, I love you Jasmine, I really do."

Jasmine Tong covered her ears in pain.

"Stop saying that your love is secretly making me drink contraceptive soup and slowly destroying my body your love is aborting my child without my knowledge your love is lying to me while still paying lip service to loving me."

Jasmine Tong's tears fell indisputably.

"I'm sorry, I can't afford such love please take back your love and don't hurt me with it."

Albert Ou looked at Jasmine Tong in surprise, not expecting her to even know about the pregnancy.

"Jasmine, I didn't abort the baby, and I'm not the one who beat you, trust me, okay?"

"Even if it wasn't you, the baby was killed by your own hands if you hadn't given me all those birth control pills without my knowledge, how could I have miscarried you were the murderer of the child."

Jasmine Tong held her head and roared out

Chapter 250

That left Albert Ou speechless, and indeed, it did.

He was indeed the one who killed the child.

If he hadn't made Jasmine Tong drink so much contraceptive soup in the first place, that child might not have been dropped.

Jasmine Tong turned her head away, unwilling to face Albert Ou again.

And the tears are slowing down.

"Okay, I'm not going to bullsh!t you, I know your time is valuable, so sign it."

Jasmine Tong took the divorce agreement and walked up to Albert Ou and handed it to him.

Looking at the divorce papers, Albert Ou quickly snatched them up, tore them to shreds, and raised them upwards

"I'm not getting a divorce."

Jasmine Tong wasn't surprised at all.

"It's okay, I'll sue."

Her tone was noticeably calmer, the calm that comes after an intense grief.

"Do you have to get a divorce? You won't even listen to a word of my explanation."

Albert Ou angrily stared at Jasmine Tong, no matter how wrong she was, she couldn't be so cold-hearted, right?

"Explain explain explain what this has to do with facts over eloquence, I don't want to hear any more of your lies."

"Jasmine" Albert Ou went to grab Jasmine Tong's arm, Jasmine Tong yanked upwards and immediately shook it off.

"Don't tell me I can't afford it."

“The miscarriage was something I didn’t think about at all, and the reason I didn’t tell you about it until you were lying in the operating room was because I was worried you’d be upset.”

Jasmine Tong turned her head to look at Albert Ou.

Her eyes were plated with scarlet.

The gaze was as cold as an ice-blade, piercing Albert Ou viciously.

“Keep making me drink the birth control soup until I can’t conceive anymore, and you’re not afraid I’ll feel bad.”

“I,”

There was nothing Albert Ou could do to explain it in the first place.

“Don’t say anything else, I don’t want to hear anything.”

After saying that, Jasmine Tong picked up the suitcase on the ground, she was just about to leave when Albert Ou suddenly grabbed her arm.

“I really didn’t mean to, and I have my own hard feelings.”

Albert Ou’s voice was choked, the first time he had ever whispered so low.

“Loosen up.”

Jasmine Tong obviously didn’t have any strong tone, but these two words were as if they carried infinite power.

Albert Ou slowly released his hands.

Jasmine Tong pulled her suitcase and walked out with determination.

At that moment, Albert Ou knew that as long as Jasmine Tong walked out of this door, she might not be able to come back!

No, he mustn’t let her go.

He can’t lose her.

absolutely not

Albert Ou chased after him.

Jasmine Tong was already walking into the living room, pulling her suitcase, and Albert Ou hurried to catch up.

“Don’t you care about Lei’s feelings if Lei knows we’re divorced, have you thought about the consequences”

Hearing this, Jasmine Tong stopped in her tracks.

Albert Ou also stopped, and he stared at Jasmine Tong’s back, feeling extremely uncomfortable.

He never wanted to use Yarwen Tong, but every time he had to.

Jasmine Tong slowly turned around, and that piercing gaze, like a sword, penetrated Albert Ou’s body.

Albert Ou looked at Jasmine Tong, she had never seen her with such a fierce gaze.

“Don’t you keep using my brother Albert Ou, don’t you think you’re despicable, you think you’ve got a hold of my weaknesses and you attack me repeatedly where I’m weak, that’s what you call loving me.”

At first, Jasmine Tong was just impulsive, and she didn’t think about how Yarwen Tong was at first.

But when Albert Ou said it, she realized that there was another Yarwen Tong.

But just for a moment, it seemed like everything was free for her.

“I’ll tell him myself, tell him everything that happened between us, and I’m sure my brother has grown up. You can no longer exploit my weaknesses.”

Jasmine Tong immediately turned around after saying that.

The moment she turned, she saw the doorway and immediately froze.

Yarwen Tong.

He was standing in the doorway, watching the two men in the living room.

Albert Ou didn't expect Yarwen Tong to come back either.

"Little Lei,"

In fact, today, after Jasmine Tong went to find him, he had been wondering if something had happened between the two of them.

So he took the time to come back.

"You two had a fight."

Yarwen Tong looked at Albert Ou, looked at Jasmine Tong's crying red eyes, and saw the suitcase in Jasmine Tong's hand.

Aunt Fanny and Pearblossom, two people who had no idea what was going on between them, had been standing around and couldn't intervene.

The auspiciousness seemed to sense the owner's sadness and hid all to the side, lying silently.

"Little Lei, I,"

"In the end what happened sister, you're running away from home do not be so capricious, what can't you say it properly?"

Jasmine Tong opened her mouth and couldn't say anything.

"That, Xiaolei, where do you want to go me and your sister how to fight it your sister to travel for a period of time, this is to abandon me before crying."

Albert Ou smiled with an easy smile.

Jasmine Tong could tell that Albert Ou was relieving himself of the situation, and at the same time, he was staying behind in this way.

"Do you think I'd appreciate it if you said that?"

If it was in normal times, Jasmine Tong would definitely go along with what Albert Ou said, but this time was different.

She bit her own lips tightly and raised her head to meet Yarwen Tong's gaze.

"Lei, we're getting a divorce."

Hearing this, Yarwen Tong was completely shocked, in his eyes, these two people have always been a loving model couple.

“Sis, you, you’re kidding,”

“No joke, sis is serious, we’re getting a divorce and I know you must be upset, but I have my own reasons for being upset. I hope you can understand me a little better, okay?”

Since she had already run into it, Jasmine Tong could only accept the fact that she didn’t want to hide it any longer.

Though she hadn’t quite organized her language.

“Sister, don’t be so headstrong, okay brother-in-law treats you so well, you don’t want to lose your temper with brother-in-law because of the slightest thing, what can’t we sit down and talk about it”

These days, Albert Ou’s number to Jasmine Tong, Yarwen Tong is in the eye of the beholder.

With Albert Ou’s status, it was so valuable to be able to be obedient to Jasmine Tong.

Yarwen Tong couldn’t think of anything else except that true love could explain it.

But that’s exactly what made Jasmine Tong feel sad.

Her brother had surprisingly always thought that Albert Ou was good for him.

“What you see may not be the truth, Little Lei.”

“Sister, stop your nonsense brother-in-law, isn’t he bad for you? Ask yourself in good conscience, isn’t he bad for you?”

This was Yarwen Tong’s words that completely infuriated Jasmine Tong.

Everyone sees Albert Ou as being good to himself.

but

“Did you know I had a miscarriage?”

Chapter 251

Yarwen Tong was visibly stunned.

“The last time I was hospitalized, I had an abortion, and the brother-in-law that you have your eyes on was hiding the fact that I had been pregnant until today.”

Jasmine Tong was more or less sane.

She didn't bring up the fact that Albert Ou had secretly given herself and contraceptive soup pills, nor did she say that the miscarriage was due to anything to do with it.

If that happened, she was worried that Yarwen Tong would get sick.

She herself still felt sick to her heart when she heard this fact, not to mention Yarwen Tong.

The air froze suddenly.

Tong didn't go on about it.

“Xiaolei, what you saw may not be true, your brother-in-law he's not as good as you think, you can leave the two of us alone, I'll take care of it.”

Yarwen Tong was silent for a moment.

“I know about your miscarriage.”

Hearing this, Jasmine Tong and Albert Ou looked at Yarwen Tong at the same time.

Albert Ou was certain that Yarwen Tong would never know about this, because Jasmine Tong had an abortion while Yarwen Tong was still in the ICU.

Jasmine Tong was even more shocked.

“You said you knew.”

“Yes, I know, my brother-in-law didn’t tell you because he didn’t want you to be sad, you’ve always wanted a baby, and if you suddenly know that you don’t have one, you might as well know that it never existed.”

“”

Jasmine Tong was completely speechless.

Is that still her brother?

Why didn’t he tell himself about this big thing?

What did Albert Ou put in his head?

“And do you know why I had a miscarriage?”

“For being beaten.”Yarwen Tong took off.

“That’s what your so-called brother-in-law told you, right, and since you’re defending him so much, I’ll tell you that it’s not because of being beaten up, but because of your brother-in-law, who’s been secretly making me drink birth control soup.”

Yarwen Tong felt as if his body was completely frozen and he looked at Albert Ou.

In his eyes, Albert Ou had always been loving and caring towards Jasmine Tong.

He’s also mentioned to Albert Ou more than once that having a child is something that Albert Ou is working on.

But I didn’t expect it.

“If it wasn’t for that, Little Lei, you might be about to be an uncle now.”

“Even if that’s the case, so what,” Yarwen Tong suddenly snapped.

This is something Jasmine Tong did not expect.

Having said that, does Yarwen Tong still want to defend Albert Ou?

“Little Lei,”

“Sister, isn’t brother-in-law just don’t want to have a baby yet? Are you so sure? He’s just letting you avoid pregnancy, it’s not like he’s deliberately hurting the baby in your belly, he doesn’t know you’re pregnant.”

“Little Lei,”

Jasmine Tong looked at her brother sadly and angrily, at this time she suddenly felt that she didn’t know her own brother

Why does he still defend this man when it comes to this?

“Don’t you have any responsibility for this? why don’t you even know you’re pregnant a slap on the wrist, all things considered, two people are to blame.”

Yarwen Tong’s words were resounding.

Jasmine Tong had never heard Yarwen Tong speak so powerfully before.

His voice had always sounded a little soft before because of his childhood illness.

“Sis, I really want you to have a baby, but I’d rather you and your brother-in-law have a good life, not just have a baby because I want to be an uncle.”

“”

“I’m going to die sooner or later, you can’t keep living for me.”

“Pop.”

Yarwen Tong’s words trailed off and he received a sturdy slap from Jasmine Tong.

It was the first time since she was a child that she had hit him.

Yarwen Tong didn’t expect that Jasmine Tong would actually fight him.

Jasmine Tong was really pissed off.

How could she have never expected her brother to say such a thing?

She had lived for her brother since she was a child, but today his brother had come to question her

I'm going to die sooner or later. You can't keep living for me.

The words were like a sword in her heart.

All these years, how much she had suffered for him, how much pain she had endured, and not only did he not appreciate it, he even said such things

Jasmine Tong walked out angrily.

Albert Ou wanted to chase after him, but Yarwen Tong stopped him.

"Brother-in-law, just let her calm down."

Albert Ou looked at Yarwen Tong's red and swollen face.

"All right,"

"Brother-in-law, is what my sister said true?"

Albert Ou lowered his eyelids, and he didn't want to deceive the naive boy.

"Yes."

Yarwen Tong's clenched fist finally loosened.

"But why is that?"

"Because I don't want to have children, I have my own reasons that I have to do, but your sister she's actually doing it all for you."

Albert Ou also knew that Yarwen Tong's words today had really hurt Jasmine Tong.

"I know my sister did it for me."

Yarwen Tong sighed deeply, but how could he choose? If he had taken Jasmine Tong's side, these two people would really be finished.

"Brother-in-law, do you still love her?"

"Sure."

This is an indisputable fact.

“Then even if I didn’t help you wrongly, that’s all I can help you with, just coax her, I know my sister, she’ll come back, as long as I don’t agree to your separation, she’ll never divorce you even if she’s aggrieved.”

Albert Ou looked at Yarwen Tong in dismay, no wonder he would say that, he wanted them to be together.

“Are you still going back to school today?”

“Back.”

“I’ll give you a ride, then.”

“Good.”

The two men walked out the door together.

The atmosphere in the compartment was also frozen to the extreme, each of the two men with their own thoughts.

“My sister is a person who is prone to getting into trouble when she thinks, so let her calm down and she’ll come back when she figures it out.”

“Well.”

“Ever since my sister broke up with Ellen Ron, she didn’t want to fall in love anymore, and when she told me that she and you had flashed, her heart was dead, but when I saw you with my sister, I realized that you really liked her. Brother-in-law, do you know why I want to help you?”

Albert Ou was not aware of it.

How could he ask Yarwen Tong to turn his back on his sister to help him?

“Because I know you love her very much, when my sister and Ellen Ron were together, Ellen Ron always hated me for sticking to my sister, he never even looked me in the eye, but you’re different.”

“”

“At least you’ll actually look me in the eye as your brother-in-law. At the very least, it proves that you are a good person.”

Albert Ou's mouth felt like it was filled with lead.

Both of these siblings are because they have been hurt so much that people are just kind and good to them if they don't hurt them.

Her Bossy Yet Naive CEO Chapter 252 - 254

Chapter 252

"Brother-in-law, will you divorce my sister?"

"It won't."

Yarwen Tong would smile.

"That's good, then I'm relieved. In the future, you and my sister will discuss the matter of having a child, without considering me, this is between the two of you.

After sending Yarwen Tong back to the Academy of Fine Arts, Albert Ou immediately turned around and returned to Rainbow City.

It was always dark early in the winter, and just after six o'clock darkness began to fall and envelop the city.

As soon as he stepped into the house, Albert Ou asked very eagerly, "Has the wife returned yet?"

"No." Pearblossom, who was preparing dinner, answered the door.

She's been out for two hours.

It was about to get completely dark, Albert Ou was still a little worried, he immediately pulled out his cell phone to call Jasmine Tong.

The first time the phone rang, it was disconnected after a few rings.

When Albert Ou called the phone again, he was alerted that the other person had turned off his phone.

Because Jasmine Tong wouldn't let him install a tracking system on his cell phone this time.

This caused Albert Ou to panic a bit.

"Sir, let's eat first, Madam is not one to play petty games, she's out to cool off and she'll be back."

Aunt Fanny said in an aside.

"At this point, both of us need to calm down."

Albert Ou sighed silently and sat down at the table.

But picking up the chopsticks, he didn't have much of an appetite.

After barely eating a few bites, he went back to the bedroom, taking Tong's suitcase back with him on the way.

In his room, he was also having trouble sitting still and made several calls to Jasmine Tong, all of which were off.

He couldn't sit still any longer and just walked out.

"If the wife comes back, call and tell me."

Leaving that behind, Albert Ou drove out.

Slivestopol is so big, and Albert Ou doesn't know where to find Jasmine Tong.

Just driving aimlessly down the street and going anywhere.

All this evening, he was walking around the city.

It was almost two laps around the city.

Before you knew it, it was dawn, and Albert Ou returned to Rainbow City.

Aunt Fang, who had gotten up early, began to prepare breakfast and saw Albert Ou returning in a breeze.

"Is the wife back yet?"

Aunt Fanny shook her head, “No.”

Albert Ou’s heart thudded.

She didn’t come back all night. I wonder what happened to her.

Albert Ou quickly turned away.

He immediately called Russel Cheng and told him to assemble his men and search for Jasmine Tong immediately.

After thinking about it, I called John again.

“You contact Xu Xingru immediately and ask her if she has seen Jasmine.”

“What’s going on? You lost your wife? You had a fight?”

John said jokingly on the other end of the phone.

“Now is not the time to joke, Manny knows about the miscarriage, we had a fight, he didn’t come back all night last night, do what I told you to do right away, and think about where else she can go”

“Okay, I got it.”

After hanging up the phone, Albert Ou hesitated for a moment and called Mo Yiang again.

The phone rang a lot before it was picked up.

“Who’s sick? You’re disturbing my sleep.”

“Get up,” Albert Ou snapped.

Mo Yiang sobered up quite a bit.

“Little Uncle, what do you want to see me about so early?”

“Has Jasmine been at your place and has she contacted you.”

“No. It’s been a long time since we’ve both been in touch.”

He should dare to contact Jasmine Tong.

“If you tell a lie, you know the consequences.”

“I really haven’t been in touch with her I played the game all night last night, what happened to her”

“I’m asking you if there’s any place Jasmine likes to go that you’ll make a list of and send it to me right away.”

Luo Yang didn’t know what had happened, but he could probably guess what it was, so he guessed Jasmine Tong had lost it.

He didn’t dare to slow down in the slightest, immediately got up and sent all the places Jasmine Tong had been to Albert Ou.

Soon, John’s call came.

“I’ve asked for you, Xu Xingru hasn’t contacted Jasmine Tong for many days, she doesn’t have a work schedule lately.”

“Sure?”

“Very sure, and Xu Xingru asked me what had happened.”

“I know.”

Receiving several addresses from Mo Yiang, Albert Ou went looking for them one by one.

Unfortunately, all these addresses turned up nothing, and no trace of Jasmine Tong was found.

Albert Ou panicked even more, where could Jasmine Tong go?

He shouldn’t have listened to them yesterday, what with being cool and calm, he should have just kept following her and not let him disappear into his vision

Because Jasmine Tong is a public figure, this can’t be made public yet, so we have to go quietly.

Albert Ou even used the traffic system and asked them to look up all the surveillance locations from that afternoon until now to find which street Jasmine Tong had gone to.

Albert Ou was still driving the car and searching the road.

It was already the third day that Jasmine Tong had left.

For three days, three whole days, he hadn't heard from her.

The phone suddenly rang, and Albert Ou immediately answered the call.

"Found it,"

"No, O."

Bad news again.

"Bunch of losers. What do I need you for if I can't find anyone? I'm telling you, if you can't find your wife, you're all out of here."

In the past three days, I can't remember how many times this was the first time Albert Ou lost his temper.

"Mr. Ou, we've been looking, but, Slivestopol is so big, the streets are so small, it's not that easy, I'm now wondering if Mrs. will go to another city"

Yes, three days, and if she wanted to leave the country, she must have been there by now.

"Go to the train station, the airport, the bus station, and check if there is any record of Mrs.'s ticket purchases in the last three days."

"Okay, I'll check right away."

"Why haven't we heard from the transportation system?"

"There's just too much surveillance at all the major intersections, and it's going to take a long time to go through them one by one, and they're already deploying extra staff there."

"Tell them to hurry."

"Yes,"

Albert Ou held the phone, his eyes were a black and blue, he hadn't closed his eyes for three days and nights, and he had even just taken a few sips of water.

"Jasmine, where the hell are you."

For the first time, he felt like he was about to lose her.

He'd never panicked like he was now, and yes, it was a panic.

An unprecedented panic, a helpless panic.

Albert Ou was lying on the steering wheel, his phone ringing once more.

Hearing his phone ring, he immediately answered the call as if it was full of blood.

"There's news,"

"Mr. Ou, there was a call from the traffic system saying that they spotted Mrs. and the last time they spotted her was on Lover's Street and there's only one direction to go on Valentine's Day and that's Lover's Sea."

Chapter 253

"When did you find out?"

"The time shows it was a day ago, and the people over at the traffic system have been monitoring the various intersections coming out of the Lover's Sea, and there's been no sign of the wife."

Albert Ou understood Russel Cheng's meaning.

"Mr. Ou, you should be prepared."

What does it mean when a woman goes to the Sea of Lovers and doesn't come out for a day and a night?

Albert Ou hung up the phone directly.

Jump into the sea and kill yourself.

Albert Ou's head was all filled with bad thoughts.

He quickly investigated the steering wheel and drove towards the sea of lovers.

Although everyone said that Jasmine Tong was an independent and strong girl, Albert Ou knew that all of Jasmine Tong's independence and strength were all an act, and she was actually a very fragile girl.

If she gets in over her head.

The more Albert Ou thought about it, the more scared he became and pushed the gas pedal to the floor.

The car barreled down the road, drawing a lot of discontent.

Albert Ou couldn't care less, he just wanted to reach the Sea of Lovers right away.

The Sea of Lovers is a famous scenic spot in Slivestopol, and it's always crowded with tourists when summer comes, but now that it's winter, there aren't many tourists.

Albert Ou arrived at the Lover's Sea and immediately got out of the car.

It's high tide today and all the beaches in the Lover's Sea are closed to visitors, only the part above the perimeter dike is open.

All along the perimeter dike is the famous Lover's Bridge, a very pretty white bridge that curves around and continues into the Lover's Sea.

The best place to view the Lover's Sea is at the end of the bridge.

High tide can be observed in advance and today's high tide was not high enough to keep this side of the Lovers Bridge open.

There were just people going back and forth all the time, reminding everyone to be safe.

Albert Ou searched the crowd for Jasmine Tong's figure.

Originally there are not many tourists in the winter, and with today's high tide, the beach at the Lover's Sea is closed, so there are only a few scattered visitors.

A little more crowded is the Lovers' Bridge, where some people have set up their cameras to capture the spectacular moment of high tide.

Albert Ou suddenly saw a white figure.

"Jasmine,"

At that moment, he didn't look around to see if there was anyone around, ready to walk towards the white figure, only to hear a thud

Suddenly someone grabbed Albert Ou's arm.

"What's the matter with you, man? Have you got eyes? You knocked my camera off?"

On the floor was a camera that had been broken.

In that split second, Albert Ou went back to look for the white figure that was gone, and he looked around, still not there.

"Talking to you how you this person how the ah I this camera very expensive, today specifically to see the high tide now high tide can not see, the camera also broken."

Albert Ou touched his pocket, he didn't have his wallet with him.

"I'll compensate you, you give me your contact information and I'll have my secretary double your compensation."

Albert Ou tried to leave, and the man caught him once again

The man looked Albert Ou up and down and couldn't help but smirk.

"Secretary on you, and secretary's, I tell you, you must pay, or you don't leave today you when I'm stupid ah, I let you go back where I'll find you."

Three days and three nights, no food, no sleep Albert Ou, a face tired, and even some bearded, how do you look like a big boss ah!

Albert Ou looked at his phone, no, he couldn't hand it over, what if Jasmine Tong called him for something.

He pulled his car keys out of his pocket and threw them right at the man.

The person who ended up with the car keys, looked at the car keys in his hand and his eyes widened.

“Ferrari,”

“You can have the car. I’ll pay for it later.”

Albert Ou said and then rushed to find the white figure.

He remembered that when Jasmine Tong came out of her house, she was wearing a white down jacket

Just at this moment, I suddenly heard someone shout.

“Someone’s jumped overboard.”

Everyone looked over towards the source of the sound.

For just that moment, Albert Ou was in just the right position to see the end of the Lover’s Bridge.

He saw a white figure, jumping off the bridge.

“Jasmine,”

Albert Ou ran like a madman towards the end of Lovers’ Bridge.

This side of Lover’s Bridge was chaos at this time.

The tide has now started to rise, the water is turbulent, the waves are huge, and with the Lover’s Bridge so high, everyone is overwhelmed.

Someone immediately reported the person in charge of the scenery.

Albert Ou ran to the end of the Lovers’ Bridge, and the waves of unity rose and fell in a streak of white.

Without a word, he plunged into the sea.

“Another one jumped.”

Someone in the crowd screamed.

Scenic staff, immediately arrived on the scene.

It's high tide time. No one would dare jump in. One wave could kill you.

There was nothing they could do and they immediately called the police.

"Jasmine,"

When Albert Ou jumped into the sea, he couldn't find the white figure.

He plunged in with a plunge, searched for a moment in the turbulent water, and showed his head again.

"Jasmine," Albert Ou shouted like crazy.

The higher the seas rise, the harder it is to find people.

A wave came in and Albert Ou was hit far, far away and he tried to swim back.

Everyone was standing on the bridge watching the fun.

The police haven't arrived yet.

"What can I do about this? The man who just jumped into the sea seems to be rescuing people, and seems to know the woman you just jumped into the sea with."

"I guess I know him too, the guy seems to have been calling the girl's name something like Jasmine."

There was a lot of talk in the crowd.

"Jasmine" was another heartbreaking yell.

Albert Ou plunged another slam into the ocean.

Although his strength and speed were much stronger than that of an ordinary man, in the end nature was more powerful.

The waves rolled one after the other and grew in strength.

Albert Ou's stamina was clearly a bit low, and he himself hadn't eaten in three days and nights.

“Jasmine,”

But he didn't want to give up, even though he wasn't sure if that person was Jasmine Tong but what if she was?

He couldn't allow that to happen in case it did.

Albert Ou plunged another plunge into the ocean, and he was constantly being taken away by the action of the water.

Finally he saw the white figure and quickly swam over to it.

He took the white figure in his arms.

But the water-soaked down jacket was very heavy, and he was already running out of energy, and it was too hard to hold the woman in the down jacket.

He'd die to get her out today.

Chapter 254

A woman wearing a mask and a white down jacket slowly made her way through the crowd.

She kept hearing people shouting her name, and I noticed a lot of people watching the place, so I came over.

“What happened” Tong asked the man next to her.

“Just now someone jumped into the sea, just someone went down to save it, you say it's high tide now, the sea is so fast, how can we save it? the person who jumped in is simply a fool.”

An older woman around me said.

“But I think these two know each other, that guy keeps calling that girl Jasmine, how would you know that girl's name is Jasmine if you don't know her”

Another lady next to me said.

Jasmine Tong immediately looked down at the sea.

I saw that Albert Ou was dragging the girl with the white figure Nudi with a slide.

The sea continued to wash over him, the waves hit and he fell back into the water

Looking at the white figure he's dragging.

It's the same color as the clothes you're wearing.

He probably thought he was the one who jumped into the sea, so he jumped in to save her.

Watching Albert Ou strain to drag that figure...

Jasmine Tong's eyes were moist.

She suddenly felt that she was becoming less and less able to see clearly, Albert Ou as a person.

He'd give his life for himself.

Why won't you give yourself a child?

Albert Ou, what are you thinking?

In the ocean, Albert Ou tried to hold on to the white figure, still struggling to do battle with the water

"Save my husband."

Jasmine Tong suddenly shouted.

"Save my husband, that man is my husband, please save him."

Until this moment, Jasmine Tong realized that her love for Albert Ou had gone deep into the marrow.

She hated him for making her drink the contraceptive soup without her knowledge, for causing her to have a miscarriage, and for hiding the fact that she had a miscarriage

But she doesn't want him to die in this life or death situation.

Tong pleaded with the people around her, but none of them would go down, and she herself couldn't swim.

"The first thing you need to do is to take a look at the newest version of the newest version of the oldest version.

"Yeah, that girl who just jumped in is a mistress, right, your husband would even risk his life for a mistress, why do you care about him so much"

The uncle next to me was also a little under the weather.

Everyone was talking about it, but no one wanted to go down.

"No, it's not,"

It's a waste of time trying to explain this whole thing away.

Jasmine Tong didn't know how to explain it.

It was while she was in a state of confusion that the police finally arrived.

The people in charge of the scenic area also got more specialized rescue equipment and rescued Albert Ou, along with the girl in the white down jacket.

Jasmine Tong made her way through the crowd to the spot where the rescue came up.

The ambulance arrived early and transported the two men together in the ambulance, and Jasmine Tong immediately followed Albert Ou's one.

With the help of the paramedics, Albert Ou vomited several times, coughed violently, and then lay down, breathing heavily the entire time.

He was exhausted.

Honestly, if the rescuers had been a minute late, he might have run out of energy and sunk to the bottom of the ocean with the girl.

Because the paramedics had been doing resuscitation work, Jasmine Tong was unable to come forward.

A nurse was about to give him an IV and the needle was about to touch the back of his hand.

Albert Ou pushed the medics away.

“Where’s Jasmine?”

“Hey, don’t move.”

“I’m here.” Jasmine Tong echoed.

Albert Ou immediately sat up like a spring and saw Jasmine Tong as soon as he raised his eyes.

The two of them looked at each other, all stunned.

“What’s the matter with you man? Lay down.”

Albert Ou didn’t lie down, and the nurse didn’t insist on giving him an IV when she saw that everything seemed normal.

“Do you feel sick anywhere?” the doctor asked.

“No. Can I get off now?”

“It’s better to go to the hospital and get checked out.” Jasmine Tong said.

“Good.” Albert Ou agreed without saying a word.

The ambulance kept taking them to the hospital.

The doctor and surgical nurse prepare to wheel Albert Ou to the examination room.

Albert Ou, however, pulled Jasmine Tong’s hand.

“You’re coming in with me.”

The doctor next to him immediately laughed.

“Why are you still scared? You have to be accompanied by your wife to get in.”

“No one else is allowed inside, I’ll wait for you outside.”

“No.” Like a child, Albert Ou was determined to have Jasmine Tong go in with him.

It was at this moment that Russel Cheng arrived.

Jasmine Tong looked at Russel Cheng.

“Isn’t this where Secretary Cheng is? He’ll be watching me, I’m not leaving.”

Jasmine Tong knew that Albert Ou was worried about something.

Only then did Albert Ou feel comfortable entering the examination room.

“Ma’am, sit outside for a moment.”

Russel Cheng pointed to the bench.

The two men sat together in a chair.

“Ma’am, O has not closed his eyes for three days and nights and hasn’t even eaten a bite.”

Jasmine Tong opened her mouth, stunned and unable to say a word.

This man.

“Mr. Ou he really loves Mrs. In the past three days, he has lost his temper countless times his whole heart and soul is exhausted, as if he is crazy.”

Russel Cheng continued.

“I know.”

“Is the wife for the miscarriage?”

Jasmine Tong didn’t say anything, which was a tacit admission.

“Mr. Ou was also sad when he knew that his wife had a miscarriage, the child is the two of you, you are sad, he also felt bad, besides, the person who beat his wife that time, there is really no clue to check, there isn’t even a

surveillance in that vicinity, and the other party is a veteran, he had already prepared in advance.”

“”

“Madam, I’m not going to lie to you, last time I told you that Ou had been in contact with Qin Liyuan, and that Ou had a few confidants, Madam should understand that it was all because Ou told me to tell you that, in fact there was no such thing at all.”

“What,”

“I didn’t want to hide anything from you, but I didn’t dare disobey Ou’s orders, and during that time, Ou was in a bad temper and made me give him lots and lots of work, and I think he deliberately ignored the wife.”

“Why did you deliberately ignore me?”

Some time ago, Albert Ou seemed to have suddenly stopped contacting her, and until now Jasmine Tong hadn’t understood what Albert Ou was pumping during that time.

“I’ve been following Mr. Ou for so many years, but I’ve been doing all the hidden things, including finding an old Chinese medicine practitioner to prescribe contraceptive soup for Mrs. I think Mr. Ou has some hard feelings, he can’t have children now, but she’s always wanted to have children, she’s probably afraid of delaying Mrs. Ou, so she’s deliberately snubbing her.”

[Her Bossy Yet Naive CEO Chapter 255 - 257](#)

Chapter 255

Jasmine Tong looked at Russel Cheng in surprise.

So there was so much going on that she didn’t even know about.

Although she couldn’t figure out why Albert Ou didn’t want a child, it was clear from that alone that Albert Ou really loved her.

“Ma’am, Mr. Ou he really loves you.”

“Which one is the patient’s family member Li Qinqin in? “A nurse came out. In response she was met with an air of silence.

The nurse walked directly towards Jasmine Tong.

“Didn’t you guys come here together and you don’t know the girl?”

“I don’t know.”

“That girl is awake and making a lot of noise about seeing the man who just saved her, one of you go and see.”

In the middle of the conversation, Albert Ou walked out of the examination room.

His inspection of everything was kept simple, which is why it was over so quickly.

“Go home.”

The nurse rushed to stop Albert Ou.

“Look at the girl you saved, making a racket to see you.”

“Missing.” Albert Ou was very unhappy.

Can he see her just because he wants to? He’s risking his life for that girl.

Jasmine Tong held him back.

“You fought so hard to get her out of there, and if she seeks death again, wouldn’t it be a waste of your efforts to go and see her.”

Without saying a word, Albert Ou followed the nurse into another examination room.

In the examination room, the girl was pale, her lips frozen and bloodless.

“Say what you have to say quickly.”

He wouldn't have come if Jasmine Tong hadn't asked him to come over

"You saved me," the girl smiled brightly at him.

"Yes."

"Thanks."

"You're welcome, can I go now?"

"Don't you have anything to say to me?"

Albert Ou thought about it.

"Don't wear white down jackets anymore."

After saying that, Albert Ou turned around and left.

Russel Cheng drove and returned Albert Ou and Jasmine Tong to Rainbow City.

Albert Ou's clothes were still wet.

The two men didn't say a word in the car.

Back home, it was getting late.

Seeing the two people back, Aunt Fang and Pear Blossom were not to mention how happy they were.

But they both didn't say anything as they watched the two men look bad.

"Aunt Fang, please make some chicken porridge."

"Okay, I'll go boil it right away" Aunt Fang immediately turned around and went to the kitchen.

Jasmine Tong walked straight up the stairs, and Albert Ou followed behind.

Jasmine Tong completely ignored Albert Ou and walked straight into the bathroom and began to run the bath water for Albert Ou.

Albert Ou was standing right behind her, watching her silently without saying a word.

Luckily, she's back.

Jasmine Tong put the bath water on her side and turned to the checkroom to find a thicker nightgown for Albert Ou.

Albert Ou just kept following her.

He couldn't even blink his eyes, worried that if he did, Jasmine Tong would disappear like that.

"You shower."

"Good."

Tonto got ready and walked out of the bathroom.

Albert Ou was still good enough to get out of his wet clothes and into the tub.

Jasmine Tong sat on the bed in her bedroom.

"Jasmine,"

There was a sudden shout from the bathroom from Albert Ou.

"What is it?"

"Nothing."

After a while.

"Jasmine," Albert Ou shouted again.

"What is it?"

"Nothing."

Every now and then, Albert Ou would call out to Jasmine Tong, and this went back and forth seven or eight times, and every time it was fine.

Jasmine Tong didn't know what was wrong with Albert Ou.

“Jasmine,”

After a few more minutes, Albert Ou called out, but this time he didn't hear an answer from Jasmine Tong.

“Jasmine,” he raised his voice and continued to shout again.

Still no answer.

Albert Ou quickly got out of the bathtub and opened the bathroom door, only to find that there was no Jasmine Tong in the bedroom.

“Jasmine,”

Just at that moment, the door opened with a bang.

Jasmine Tong held a bowl of ginger soup in her hand.

Once inside, Jasmine Tong was also shocked to see Albert Ou standing naked in the middle of the bedroom.

They all froze in that moment.

Albert Ou reacted and quickly ran back into the bathroom.

Luckily, it was a false alarm.

But he had also been unsteady in the shower, so he hurriedly finished washing, put on the clothes Jasmine Tong had prepared, and walked out of the bathroom.

Seeing Albert Ou come out, Jasmine Tong immediately greeted him.

“Drink the ginger soup.”

There was no warmth in her voice.

Although she had seen with her own eyes, Albert Ou had struggled to make it in the ocean, and had learned many things from Russel Cheng that she did not know.

For the fact that he had secretly given himself birth control soup pills and concealed the miscarriage, Jasmine Tong was still messianic.

She hadn't been able to accept that for a moment.

Albert Ou picked up the bowl of ginger soup and drank it all in one gulp.

Jasmine Tong went downstairs again, and Albert Ou followed her.

Aunt Fanny cooked up the chicken porridge.

"Have some chicken porridge."

"You drink too."

She hadn't been home for three days and three nights, and she hadn't eaten properly out there, either, eighty percent of the time.

Jasmine Tong nodded her head at this thought.

The two men were sitting in the restaurant drinking chicken porridge.

No one spoke.

After the drink, they went back to the bedroom together, still not speaking.

Jasmine Tong is not going to say.

Albert Ou is not sure what to say.

He really doesn't know what to say. Apologize and explain.

It seems to be pointless to say anything.

Jasmine Tong also took a shower, and then, went to bed.

"Go to sleep."

"Well, good night."

The two men said goodnight to each other like they normally did, but it was always like something was between them.

Jasmine Tong's silence about the previous incident also made Albert Ou a little preoccupied.

But he was so tired, he hadn't eaten or slept for three days and nights, and with all that tossing and turning in the sea, he was already exhausted.

He lay down on the bed, and in a few moments, he fell asleep.

But Jasmine Tong couldn't sleep.

Her hand unconsciously caressed her belly.

Yes, this is the place that once had a little life jumping around in it.

Thinking of this, Jasmine Tong's tears fell once again.

Before she even knew he existed was, she was gone.

It used to always feel like having a baby was about a mission, about fulfilling Lei's wishes.

But now she knew that she had been pregnant, that she had once had a life in her belly, and her heart trembled.

She couldn't figure out why Albert Ou would even give up his life for her, but wouldn't even give her a child.

Why is that, exactly?

Jasmine Tong clung to the blanket, worried that she might cry out.

She finally couldn't resist so she got up and got out of bed.

In his sleep, Albert Ou faintly heard the sound of crying.

He was tired and sleepy, but in the end, he was worried about Jasmine Tong and didn't sleep that deeply.

As soon as he felt the side of the bed was empty, he got up and sat up.

"Jasmine,"

Albert Ou immediately got up and got out of bed, he couldn't straighten up anymore.

Chapter 256

Albert Ou scrambled to get up and was about to go out immediately, but found that the crying was coming from the bathroom.

He returned immediately and opened the bathroom door.

Jasmine Tong just sat on the floor, her body curled into a ball, hugging herself so tightly that she was already in tears.

She was heartbroken when she thought of the child she'd lost before she knew it.

"Jasmine,"

Albert Ou hurried over and crouched down.

"What's wrong" Albert Ou gently removed the unruly hair from Jasmine Tong's face.

"Our children,"

Albert Ou's heart was in his throat.

In any case, the boy is not coming back.

No matter how good he is, there's no way he can turn back time and do it all over again.

"Don't feel bad,"

Albert Ou didn't know how to comfort Jasmine Tong.

"Why is it that you're willing to risk your life for me, but can't accommodate our child?"

Jasmine Tong questioned as she cried.

"I I don't at all"

In that moment, Albert Ou was almost about to blurt out that he wasn't really human, but just a combination of a sealed human and a vampire.

So he can't have children.

However, Albert Ou didn't say the words out loud.

Their relationship is no longer able to withstand the test.

He was afraid.

Still afraid that if he told the truth and let Jasmine Tong know who he was, the two of them would no longer be possible.

"Sorry."

Albert Ou really didn't know what else to say except that he was sorry.

As soon as Jasmine Tong closed her eyes, her tears swished down again.

"Let's have a baby, okay?"

Jasmine Tong had never longed for a child as much as she did now, not for Yarwen Tong, but for herself.

If she hadn't once lost a child, she probably wouldn't have the expectations and desires she has now.

"Good."

Hearing Albert Ou's words, Jasmine Tong was stunned and looked up at Albert Ou, somewhat at a loss for words.

Albert Ou stroked Jasmine Tong's face with his hand, gently wiping away her tears.

"Let's have a baby and stop crying, okay?"

Jasmine Tong sobbed twice.

"Are you serious?"

"Really, no lie."

At that moment, the two men gazed into each other's eyes.

Albert Ou stroked Jasmine Tong's head, these three days were too torturous for him.

He gently cupped Jasmine Tong's tear-stained face and kissed it.

Jasmine Tong didn't hide, letting him kiss her.

Her lips were cold.

His lips were also cold.

Albert Ou left Jasmine Tong's cold lips and picked her up, returning to the bedroom and placing her gently on the bed.

He held her gently, nibbling her lips back and forth, and Jasmine Tong hugged his waist with great cooperation.

The two cold lips slowly began to heat up, returning to their previous temperature.

This temperature is conducted from the lips to the heart.

The night was quiet and peaceful.

When she woke up the next day, Jasmine Tong felt a little unable to open her eyes.

It took several tries, but she finally managed to open her eyes.

Last night was wonderful.

As soon as she raised her eyes, she saw Albert Ou's brilliant smile.

Usually, Albert Ou woke up long ago, he has never had much sleep, basically every time Jasmine Tong woke up, Albert Ou was already long gone.

"You how,"

Albert Ou gently leaned in and embraced Jasmine Tong in his arms.

"Did it hurt you last night?"

Jasmine Tong knew in her heart that last night Albert Ou was light as can be.

Should be the most gentle he's ever been.

“No.”

Albert Ou kissed Jasmine Tong on the lips.

Jasmine Tong snuggled into Albert Ou’s arms.

“Why aren’t you at work?”

“Wanted to stay home with you.”

“You haven’t been to work in three days, is that okay? Don’t worry, I won’t run out again.”

Jasmine Tong knew that Albert Ou must be worried about running away again, so that’s why he didn’t stay home.

“It’s okay, I just want to stay home with you.” Albert Ou’s voice was very, very soft.

Jasmine Tong propped up her face to look at Albert Ou.

“Was it true what you said last night that you really agreed to have a baby?”

“Well, agreed.”

Jasmine Tong immediately smiled brightly.

Albert Ou looked at her and stuck out his little finger.

“Need to pull the hook?”

Jasmine Tong grabbed Albert Ou’s little finger and shook her head.

“I believe you.”

Albert Ou smiled and took Jasmine Tong into his arms again.

His hand also involuntarily caressed Jasmine Tong’s stomach.

“Jasmine, you know what actually I already regret this.”

“Regret what?”

“I regret everything, but when the doctor came out and told me you had a miscarriage, I was shocked at first, then sad.”

He never thought he would one day become a father, and in that one moment, he passed over the identity of a father.

It hurts inside too.

Jasmine Tong was stunned.

If Albert Ou didn't want her to have a baby, then she should be happy to hear that she had a miscarriage, so why would she be sad?

“I really didn't mean to, and those people who hurt you were definitely not sent there by me, the reason I couldn't find out”

Jasmine Tong covered Albert Ou's mouth.

“I know, Secretary Cheng told me.”

Jasmine Tong slowly lowered her hand.

“I've thought long and hard about giving you the contraceptive tonic, and the person who prescribed it said that it's very mild, but it's also harmful to a woman's body if taken for a long time. So then, I don't even touch you very much, because if I don't touch you once, you have to drink once.”

Jasmine Tong just remembered that there had indeed been a time when Albert Ou seemed to have turned a corner, and the number of times he touched himself had decreased significantly, while each time it took several times before it ended, as if he was saving up.

Turns out, he still cares about himself.

“But why don't you want to have kids with me?”

Albert Ou looked to Jasmine Tong.

“It's not that I don't want to have a baby with you, not in any other way.”

“Why isn't it something to do with your parents?”

Jasmine Tong thought that even if Albert Ou didn't want to have a child, he wouldn't make her drink the contraceptive soup behind her back ah.

And she'd never heard Albert Ou mention his parents, so she could only take a wild guess.

"Don't ask, okay when the day comes when I can tell you, I'll tell you."

Jasmine Tong didn't want to force anyone's hand.

"But you really wouldn't be embarrassed if we had a baby?"

Albert Ou stroked Jasmine Tong's head.

"No."

Jasmine Tong was still a little worried.

"If it's really hard, be sure to let me know and we can talk about it."

"Good."

In the end, though, there was no question of clarity, but Jasmine Tong had never been more down to earth.

"Jasmine, don't ever leave me again, okay?"

Chapter 257

"Well."

"Where the hell have you been for the past three days now that I think about it I'm scared."

"Actually, I was just walking down the street by myself, just feeling sad, and then I wanted to go to the beach and spend a day and a night at the beach."

Albert Ou hugged Jasmine Tong even tighter.

"Jasmine, let me put a tracking system on your phone, I promise to never look at your private content, at least not even when I can find out where you are. The thing I regret most is that I shouldn't have listened to you when I didn't have a tracking system for your phone."

“Well, you can pretend all you want, but I also have demands.”

“I’ll say yes to anything you say.”

Albert Ou’s tone was very calm.

Yes, no matter what Jasmine Tong asked, he would grant it, now and then.

“You’re going to quit smoking and drinking, I’m going to have a healthy baby and start conditioning my body from now on, and then you’re going to take me to the gym and we’re going to get our bodies great together, okay?”

“Good.”

As they held each other and slept again, Albert Ou’s phone rang.

The call was from John.

“Did you find your wife?”

For the past few days, John has also been calling him to ask questions.

“Found it.”

“Oh, I’m relieved then.”

Albert Ou just hung up and tossed the phone away.

John had wanted to say more, but he was directly hung up on by Albert Ou.

He’d been thinking about a lot of things the last few days.

Why would Jasmine Tong suddenly know about the miscarriage? Albert Ou is a meticulous person, but anyone who knew about it would have already been sealed off.

Besides those people in the hospital, he was the only one who knew about Jasmine Tong’s miscarriage, and he only told Qin Jianliang.

Although he was reluctant to doubt the friend he had grown up with, John Quan had to be suspicious of Qin Tianran.

He thought about it, but he still had an appointment with Qin Liyuan.

In the Milo Sunshine booth, John looked pale.

Although he believed very much in Qin Yanyan's character, women were irrational when it came to emotional problems.

Chin turned up late.

"John, looking for me for something so urgent, you have to speak quickly, I've been very busy lately."

Qin Liyuan is indeed very busy lately, the entire Star King International, the best resources are in her hands, she wants to spit at her fingertips.

Ever since she found out about Albert Ou and Jasmine Tong's relationship, her entire body had become busy.

Qin turned to look at John Quan and sat next to him.

"What's wrong? You don't look so good."

"Then suddenly, there's something that you have to answer me honestly."

"What's the matter" Qin turned around and didn't even know what John Quan was talking about.

"Mandy knows about the abortion she had before, it's something only I know about except for the hospital, the hospital is Asawa's, there's no way anyone there would betray their boss, and I only told you."

Qin turned around and stared at John Quan with wide eyes.

"You mean, you suspect that I told Jasmine Tong."

"Because there's really no one else to turn to suddenly, he's never done anything perfectly, you should know that, you and I are the only ones who know about this."

Qin Yan's face immediately sank.

"I didn't do this, I'm not that despicable as Qin Liyuan, you can also ask, I've been very busy lately, I really don't have the heart to care about these messy things, if I want to compete, I will definitely compete with Jasmine Tong squarely"

Qin turned around and spoke powerfully.

Now it was John's turn to be confused.

"It really wasn't you,"

"Of course not."

"That's strange, then who is it" John was also a bit confused.

"John Quan, is it you who suspects me, or is it Azawa who suspects me" this was very important to Qin Liyuan.

"Then suddenly, you, don't take it personally, I'm just guessing, after all, it's just the two of us who know about it, and he didn't mention it to me, Asawa."

Now John was a little embarrassed.

"Mandy she knows about the surgery she had, then what."

"People are lost."

"Lost,"

"Well don't worry, it's all right now, and Asawa has gotten him back."

"Oh," Chin's heart suddenly sank again, "Then the two of them won't be fighting."

"How could it not be a fight? It's because of the fight, that's why Manny ran away from home, alas these two ah, can't say."

"It's so okay, I'm not going to tell you, I have work to do."

Then Qin turned around and left straight away.

"Who could it be?" muttered John.

Albert Ou had planned to stay at home with Jasmine Tong for the entire day, but in the end, he was unable to do so, and Russel Cheng's phone call came once again.

Jasmine Tong was still somewhat awake.

“No need to stay home with me, you go to the office.”

“Well, there’s been a lot going on lately, and I’ve been delayed another three days, so I can’t get out of it.”

Albert Ou still insisted, and accompanied Jasmine Tong for breakfast.

After breakfast, when she returned to her room, Jasmine Tong looked in the mirror and realized that her eyes had swollen into walnuts.

It’s really ugly.

God, she was the one talking to Albert Ou this morning with two walnut-sized eyes.

Albert Ou didn’t even laugh at her.

Normally, this guy would have laughed her to death.

For a whole day, Jasmine Tong hadn’t left the house.

With eyes swollen like that, you can’t go out.

Not even out of the bedroom.

Aunt Fanny and Pearly will probably laugh too.

In the evening Albert Ou came back, and as soon as he entered, Aunt Fang came up to him.

“Sir, go and see to your wife, she doesn’t know what’s going on and hasn’t been coming down to dinner.”

As soon as he heard this, Albert Ou quickly went upstairs, this woman should not have something she can’t think of again.

Push open the bedroom door.

Jasmine Tong quickly pulled up the blanket and covered herself.

Albert Ou stepped forward quickly.

“What’s the matter, is Jasmine sick anywhere?”

“No.” Tong’s voice was channelled through the blanket.

“So what happened to you,”

Albert Ou tried to pull the blanket away, but Jasmine Tong held on to it tightly.

“Don’t pull me I’m so ugly, I don’t want to see anyone with swollen eyes, why didn’t you tell me this morning?”

Albert Ou was so relieved that he didn’t want to see anyone because his eyes were swollen and he didn’t look good.

“I saw it all this morning.”

That’s when Jasmine Tong lifted the blanket.

“Then why didn’t you tell me to go out and make a fool of myself?”

Albert Ou smoothed out Jasmine Tong’s hair.

“What’s wrong with that?”

“What do you think? It’s all ugly, don’t you think?”

Albert Ou giggled.

“It’s pretty ugly.”

Her Bossy Yet Naive CEO Chapter 258 - 260

Chapter 258

Jasmine Tong immediately slathered her face.

At this point, shouldn’t a man say something like, “Not at all ugly, you’ll always be the most beautiful in my heart”?

Although Jasmine Tong herself knew that this look was ugly, she still couldn’t accept being told by Albert Ou.

“And you gloat about it all thanks to you.”

Jasmine really hates this man.

The smile on Albert Ou’s face immediately disappeared and gently took Jasmine Tong in his arms.

“Jasmine, I’ll never make you cry again, I swear.”

Every time he saw Jasmine Tong shed tears, his heart twitched.

Jasmine Tong didn’t say anything, she shouldn’t have said that just now.

“All right, all right, this is over.”

Jasmine Tong is someone who doesn’t want to live in the past.

“It’s actually good so that no one covets your beauty.”

Albert Ou said looking at Jasmine Tong’s swollen eyes.

“I should be the one worried that someone might covet your beauty.”

He’s so evil-looking, I’m really worried he’ll be taken away from me one day.

The two men laughed in unison.

The days are back to what they were, and they seem to be even sweeter than before.

When the swelling in her eyes subsided, Jasmine Tong went to the office and met with Xu Xingru.

“Manny, what happened to you some time ago when Quan called me and asked me, it wasn’t too clear.”

“Oh, it’s okay, it’s over.”

“I’m glad it’s okay, you’ve been off for quite a while, what’s next for you?”

Xu Xingru didn’t want to ask too much about Jasmine Tong’s personal life.

“Sister Starru, I’d like to take a break for a while and cut back on some work until this time at the end of the year, my health hasn’t been very good lately.”

The first thing you need to do is to tell Xu Xingru, but then think about it, don’t say anything yet, wait until she really is pregnant, then tell Xu Xingru.

“Well, you’ve been working on one film after another for the past six months, and it’s true that you haven’t taken a break, but now that it’s nearing the end of the year, it’s unlikely that you’ll be able to go out and make a film, and I haven’t found a script that’s too suitable for you right now.”

Hearing Xu Xingru say that, Jasmine Tong was relieved.

“But the work still has to be taken more or less, that romantic journey you just made is probably going to be released in the Chinese New Year, you always have to maintain a certain level of exposure, the notices I’ll see to it that you get some, and there’s another thing, the New Year’s Eve New Year’s Eve New Year’s Eve party on TV.”

Every year, the Chinese New Year Gala is held by China Central Television on the evening of the 30th day of the Lunar New Year.

All the major TV stations will then broadcast live as required.

Other TV stations will naturally choose another time for the evening to avoid conflicts and for ratings.

And every year, the city of Z chooses the night of the 25th day of the lunar month, New Year’s Eve, to hold it.

It’s an annual event that every celebrity takes very seriously and it’s an honor to be invited.

“The TV station has invited you to the gala this time, and this time it’s you and Mo Yiang together, so that the two of you can put on a show.”

“Black Earth again.”

Why do they always have to be tied together? Who told them to make that movie together, word of mouth and box office fly together?

“Is there a problem?”

“No no.”

“Before, when you first debuted, I didn’t want to be tied to Mo Yiang because I was worried that it would ruin you, but now it’s different, you’re also a movie queen now, and being tied to him would be beneficial to both of you, and that’s what the company meant.”

It’s just that I’m not afraid of anything else, but I’m afraid that the person I’m talking to is jealous.

“The specific program arrangements, you and Mo Yiang just go and discuss it, go back to the TV station, and it’s fine if you talk to the director.”

“Okay.”

From the company, Jasmine Tong didn’t waste a minute and went straight to Mo Yiang.

That night, John asked Albert Ou to meet him at Miro Sunshine.

He had actually been asking Albert Ou out for days, which was something Albert Ou always put off, the reason always being that he had to go home to his wife.

If it wasn’t for tonight, Jasmine Tong had gone to discuss the evening program with Mo Yiang, he wouldn’t have had time to come out.

In Milo Sunshine’s private room, John Quan had prepared a good wine dish and took a bottle of wine from the store’s collection.

As soon as Albert Ou entered, John immediately poured the red wine.

“Come on, come on, come on, it’s been a long time since we’ve had a drink, brothers.”

Albert Ou looked at the red wine glass.

“No drinking, I’m quitting.”

“What,”

John looked at Albert Ou Noe incredulously, did his ears mishear him saying that he had quit drinking?

“I quit drinking.”

“What the f*ck is wrong with you? You’re a grown man trying to quit drinking.”

John Quan said as he picked up the cigarette on the table and just held it in his mouth, Albert Ou hurriedly snatched it away.

“I quit smoking too, don’t smoke in front of me.”

“sh!t,”

John Quan cursed again.

“The sun is coming out of the west, what the hell are you doing quitting smoking and drinking.”

“Quitting is quitting.”

Albert Ou said very impatiently.

“Then don’t stop me from smoking even if you quit drinking. I didn’t quit.”

“Not even second-hand smoke,” Albert Ou didn’t have much to say.

Not to mention in front of his face, even smoking was now prohibited in the Dark Empire’s buildings.

John Quan stared at Albert Ou and didn’t say anything for half a day.

“I said what’s the matter with you?”

“Jasmine and I are getting ready to have a baby.”

“What what?”

John immediately pulled out his ear with his finger, was it blocked by too much earwax

“What did you just say?”

Albert Ou glanced at John.

“I said I was going to have a baby with Manny.”

“Asawa, are you crazy? You know you are.”

Albert Ou’s eyes were incredibly determined and torchy.

“I’m not crazy Man-Man wants anything, I’ll give it to her.”

It wasn’t as if he was saying this to John Quan, but rather to himself.

John Quan opened his mouth and was too stunned to say anything.

“At first, I didn’t know if I could, get Manny pregnant, but now I know that she can get pregnant. Then why don’t I have children.”

“But don’t forget that you yourself are sealed, a bond, you and Mandy.”

Naturally, John Quan wanted to persuade Albert Ou that this was too risky after all.

“Even if I had a monster, I’d admit it.”

Without waiting for John to finish his sentence, Albert Ou took off.

Yes, he had made his decision, even if he had to give birth to a monster, he would admit it.

“Besides, maybe we could have a normal child, it’s all a matter of saying no, my child, as per normal, might be even better than me, after all, he only has the blood of 14 vampires.”

Chapter 259

That’s true, though, because there’s no precedent and no one knows what will happen.

After all, he was a sealed combination of a human and a vampire, sealed because he wanted to punish those people for breaking the rules.

He himself is a crystallized punishment, of which his descendants have no way of knowing.

“Asawa, you need to think about this matter carefully, once you two have landed your child, any problems will be obvious to Manny, and then you won’t even be able to hide an identity.”

“If you can’t hide it, you can’t hide it, she’ll find out sooner or later.”

John Quan was even more surprised as he looked at Albert Ou.

“You’re ready to tell her about your life.”

“Not yet, but it’s sooner rather than later.”

Albert Ou wasn’t ready for that.

“It’s just too risky for you.”

“I’ll take the risk, heaven forbid, for Jasmine.”

Just at that moment, Albert Ou’s phone rang.

Albert Ou looked at his phone screen, it was a message from Jasmine Tong.

Her side had already finished discussing with Mo Yiang.

“Okay, I’m done with your bullsh!t, I’m going to pick up Jasmine.”

“Asawa, do you do things without thinking about the consequences of being impulsive.”

“I’m cool.”

Albert Ou’s eyes suddenly rested on John Quan.

“You go back and warn Qin Liyuan about what to do and what not to do, and think it over for yourself.”

John Quan’s heart thudded, that was why he had come to see Albert Ou today, he had guessed that Albert Ou would definitely suspect Qin Yanyan.

“You really misunderstood suddenly about this matter, I asked, it’s not her, she’s had a particularly busy work schedule lately, so how could she have time to count on Manny”

John Quan was just worried that there would be a disagreement between Albert Ou and Qin Liyuan, so he specifically called on Albert Ou to explain.

Albert Ou couldn't help but let out a "grunt" through his nostrils.

"It better not be her, this isn't over, I'll look into it myself. If the investigation turns out to be her, I'm sorry."

"Then suddenly she's not like that, at least we've been friends for years, she would never do such a thing, wait until you get solid evidence before you question her, otherwise it will hurt the peace."

"I have a point."

After saying this, Albert Ou left.

John Quan looked at the table of good food that he had prepared and didn't touch a single bite, and was also distressed.

He was also now finally aware of the fact that Albert Ou had completely changed.

He was already starting to regret whether he should have let Albert Ou fall into a whirlpool of emotions, if he hadn't proposed to arrange a woman for Albert Ou, Albert Ou and Jasmine Tong wouldn't have met and none of this would have happened.

John Quan sighed in frustration.

Slivestopol TV

Jasmine Tong and Mo Yiang came to the TV station together, to discuss the New Year's Eve party program with the director.

The chief director was very busy because he had to prepare for the New Year's Eve party, so Jasmine Tong and Mo Yiang came over and were taken straight to the lounge.

On the way, he ran into an old acquaintance, Qin Yianran.

When they passed by, Jasmine Tong was going to say hello, but then Qin turned his gaze on her and it didn't fall on her.

From that moment, Jasmine Tong knew that she and Qin Jianlian could not be friends anymore.

Inevitably, she was a little sad, but she was actually still grateful to Qin Yanyan, who had helped her so much in the beginning.

“She’s been very, very busy lately.” Mo Yiang suddenly opened his mouth.

“You said suddenly, sister,”

“Right, otherwise who else now in the entire Star King International, which resources she wants can be taken over, she is now transformed into a desperate woman, what movies and TV dramas are accepted, all kinds of announcements, reality shows.”

“Oh,”

In the end it should be because of myself, I guess, emotionally wounded and at work to make up for it.

“A while back, she went on that reality show of ours as a guest and was particularly good at sparring, rolling right into a mud pit, and it scared me silly. But it worked so well that it went straight to number one in the hot search.”

Jasmine Tong was still a little heartbroken over Qin Tianran.

“Her popularity is back, but the fact that it took so much exposure to earn her popularity back shows that her popularity is also gone.”

Jasmine Tong didn’t say anything and took out her phone and started playing games.

Mo Yiang immediately came together.

“The last time I saw you play it was only at 123. You’ve only been playing for a few days. It’s only 200.”

Jasmine Tong ignored him and continued to play her own game.

After watching Jasmine Tong play the game for a while, Mo Yiang finally found the end.

“This game is not the same as mine ah why do you still have a walkthrough it comes with a walkthrough, where to download”

At this point, Jasmine Tong revealed a proud look.

“But no, my little uncle designed the game, how can anyone else create a walkthrough and still download it directly to the game itself, it’s impossible”

“This is my exclusive strategy, Jasmine Tong’s own personal.”

As she said that, Jasmine Tong raised her eyebrows towards Mo Yiang.

“f*ck.”

Who else is going to give her an exclusive walkthrough and who else is going to install the walkthrough on her game?

The creator of this game, of course.

These two don’t get along, but they both live to stuff him with a handful of dog food and are convinced

“I’ll tell you what, a show of affection is quick to split.”

“You call that envy and jealousy.”

“I’m just envious and jealous of how after that, my little brother-in-law is really worthy of two couples, always in front of me this single dog show love appropriate? every day so that you stuffed dog food I also eat not eat.”

Mo Yiang felt stuffed up.

“Wasn’t it just this one time and the last time I asked for an emoji, it only added up to two.”

“My little uncle and, okay, my little uncle called me into the office just to download emojis from my phone and pissed me off.”

“So he got all his emoticons from you. I mean, lately he’s been giving out emoticons. I’m so happy.”

Mo Yiang felt even more stuffed.

The emoji he worked so hard to save up ended up being a wedding dress for someone else.

He stood up straight away, ready to walk out.

“Where are you going?”

“Eating too much dog food and going out to take the edge off.” Mo Yiang didn’t return.

Jasmine Tong continued to play her game.

In another room, there was the director of another show, who was discussing the content of the show to be recorded later with Qin Liyuan.

After the discussion, the director left, and Chin turned around and started making up.

When he saw Jasmine Tong just now, Qin turned around and felt very uncomfortable.

She’s already lost her man. She’s going to lose her career?

“Then suddenly, suddenly, suddenly, we haven’t seen each other for a long time.”

When Qin suddenly looked up, he saw a familiar figure in the mirror of the dressing room.

Chapter 260

Yao Xiangyun, the director of Slivestopol TV, is also Mo Yiang’s mother.

Yao Xiangyun was graceful and walked in with a decent TV station uniform.

Qin turned around immediately.

“Director Yao Tai.”

After all, he was the station manager, and Qin turned around and had to give a few points of face.

“Oh, you’re welcome, you’re welcome, we don’t need to be so polite between us.”

Yao Xiangyun walked over and sat on the chair next to Qin Tianlian.

Qin turned around and pursed his lips and smiled slightly.

“Station Manager, what can I do for you? I’m about to put on my makeup for a recording.”

Qin Liyuan had met Yao Xiangyun a few times before, and each time he was very familiar with her.

Naturally, Qin Yanyan also knew that it was because Yao Xiangyun had seen herself with Albert Ou and thought that they were lovers.

Yao Xiangyun also seemed to have heard Qin Yangyang’s somewhat cold attitude towards her.

“It’s actually nothing, it’s not going to be New Year’s soon, isn’t it? New Year’s you’re going to take a vacation and rest after all, why don’t you follow our Little Wild over for a visit and get acquainted with your family.”

A few of Albert Ou’s friends call Albert Ou Asawa, but the elder members of the family call Albert Ou Ono just like Muranui.

“It’s not appropriate,”

“Nothing inappropriate, you and Ono have been together for quite a while, it’s about time for this almost wedding”

There was a flash of embarrassment on Chin’s face, but she had expected it.

She was still smiling gracefully.

“Yao stage manager, I think you’re mistaken, Ou and I, we are not boyfriend and girlfriend.”

“Ah” Yao Xiangyun was directly stunned by this.

“Please don’t say anything else in the future, lest we both be embarrassed, and besides, I can tell you that Ou, has had his heart set on it.”

Throughout the whole time, Qin turned around and maintained a faint smile, neither humble nor overbearing.

This caused Yao Xiangyun to be at a loss for words.

These two guys broke up.

Obviously, only some time ago, Albert Ou spent 3 billion to acquire Star Huang International for Qin Yanyan, and now that Qin Yanyan can get so many good resources, it must have been ordered by Albert Ou as well.

So soon? They broke up.

Yao Xiangyun was not stupid, she looked at Qin Liyuan's expression and the way he spoke, she more or less felt that there was something going on.

"Then suddenly, what is this all about ah you two have been quite good haven't two people quarreled very usual, there is no need to break up because of a little spat right"

"There are some things you can't ask me about, so you might as well ask the one in the next room."

"The next room" Yao Xiangyun frowned.

"Director Yao, I have to record a show later, I can't afford to lose time, so I won't talk with you."

After saying that Qin turned around and let the makeup artist continue to apply his makeup.

Yao Xiangyun is asking for trouble, but the fact that Albert Ou and Qin Liyuan broke up makes her very curious.

From what Qin Yan Yan said, it seems that this matter is because of Albert Ou. Could it be that there is a third party interfering?

Yao Xiangyun had nothing to do now, so he was ready to go to the next room.

The next room was the lounge, where Jasmine Tong was sitting playing games.

Just standing at the door and seeing Jasmine Tong, Yao Xiangyun seemed to understand at once.

Isn't this Jasmine Tong, who's always been close to her son?

Naturally, Yao Xiangyun is very concerned about her son and knows that he has recently become close to Jasmine Tong, the two of whom have previously made a movie and interacted frequently on Weibo.

She immediately sauntered in.

"The dog food is digested."

Jasmine Tong heard footsteps and immediately raised her head, but it turned out that it wasn't Mo Yiang.

Seeing Yao Xiangyun, Jasmine Tong immediately stood up, who doesn't know the TV station director?

"Greetings, Yao Taiji."

Yao Xiangyun snorted and looked Jasmine Tong up and down.

"A girl like you, I've seen more than my share of girls who think that they've become phoenixes by flying up the branch, but in reality, a sparrow is a sparrow and can never fly a phoenix."

That said Jasmine Tong was blinded.

She didn't understand what Yao Xiangyun meant.

Yao Xiangyun sat on the chair, Jasmine Tong remained standing.

"Do you know the fundamental difference between a sparrow and a phoenix? This phoenix is a phoenix even if it lands in a turkey nest, but if this sparrow wants to fly up a branch and become a phoenix, it has to disguise itself, just like you just did."

"Director Yao, I don't understand what you're talking about."

Jasmine Tong seemed to have understood that Yao Xiangyun was being sarcastic.

“Don’t try to pretend to understand, a girl like you knows best what she wants, it’s not just to get into the entertainment industry and meet more rich people and then marry into a big family and become a rich wife.”

“”

“Let me tell you, the doors of the Ou family are not that easy to enter, and if you want to marry Albert Ou, you have to ask us Mo family members if we agree.”

Jasmine Tong heard clearly that Yao Xiangyun probably knew about her relationship with Albert Ou

When Qin Tianliang passed by with his makeup on, he saw Jasmine Tong standing, while Yao Xiangyun was standing with her legs crossed and a cold face.

She took one look and left in a hurry.

Jasmine Tong didn’t want to contradict Yao Xiangyun, firstly, Yao Xiangyun was the director of a TV station and she couldn’t afford to offend him, secondly, Yao Xiangyun was Mo Yiang’s mother, and thirdly, Yao Xiangyun was Ou Zeno’s cousin’s sister-in-law.

From any point of view, she’s not a good person to clash with.

Jasmine Tong was just about to say something, to explain, when the phone rang.

The call was from Mo Yiang.

“Come to the fifth floor right away, 502, the director is out.”

“Okay, I’ll be right over.”

Hanging up the phone, Jasmine Tong smiled towards Yao Xiangyun.

“Yao stage manager, I’m really sorry, I have something else to do so I’ll leave first.”

“Miss Jasmine, I come to tell you one thing, you have to remember for me, in this world, what is yours is yours, and what is not yours, you can’t ask for it no

matter how much you want it, especially the kind of things that you can snatch with dirty tricks, it won't last long."

Jasmine Tong couldn't care less about the theory with Yao Xiangyun, so she left in a hurry.

Arriving on the fifth floor, the two men discussed, together with the director, the evening's program.

The director was very pleased with the two men's creativity and told them to hurry up and rehearse without saying much.

Saying goodbye to the director, the two men walked together to the entrance of the TV station.

"Alright, Mandy, you can go home then, we've agreed on the rehearsal."

"Well, won't you go back?"

"My mom's here today, so I'll just see my mom."

Jasmine Tong was tempted to say that she had just seen Yao Xiangyun and was accused by Yao Xiangyun of being a third child.

But she didn't say it.

"Well, go on then, I'm going home."

Jasmine Tong got in her car and left.

Mo Yiang went straight to the station manager's office.
